Robe for use by the Mayor for the time being of the Borough	Presented by the Charter Mayor.
Robe for use by the Deputy Mayor	Presented by the Deputy Charter Mayor (Councillor A. A. Naar, M.B.E.).

Gold Fountain Pen for use by the Mayor and by distinguished visitors	Presented by Mabie, Todd & Co., Ltd.

A full description of the Corporation Regalia referred to above is as set out hereunder:—

THE MACE.

The Mace, 4 feet in height, in wrought silver gilt has been made entirely by hand. The design embodies the traditional crown surmounted by a cross and orb, and the main body is in conventional form of clouds supported by wings ornamentally modelled—indicative of the close association with flying and aircraft for which the Borough is renowned. The Borough Arms in enamels appears mounted on the front with an engraving :—

Borough of Hendon, 1932.

A panel on the reverse side bears the following inscription :—

Presented by Mr. Councillor B. J. Monro, J.P. (Charter Mayor), Chairman of the Urban District Council.

THE MAYOR'S CHAIN OF OFFICE.

The Chain, of 9 carat gold, has for a central link a cartouche with a shield upon which is enamelled a Paschal Lamb and the year 1879. The other links comprising the Chain are carved " H's," the initial letter of Hendon; a framed and modelled oval with 1932, the year of Incorporation as a Borough, in enamel; and a highly raised boss with quarter-foil brackets. These links alternate round the Chain and meet at the central cartouche, from which the Badge hangs.

The central feature of the Badge, also of 9 carat gold, is the beautifully modelled Arms of the Borough richly enamelled in correct heraldic colours. These Arms are superimposed on an enamelled quarter-foil which bears the wording " Borough of Hendon, 1932." Behind and supporting the quarter-foil are a Mace and Sword, and surmounting it is a Mural Coronet; symbols of Civic Authority and Dignity. At the base of the quarter-foil is a smaller shield on which, in enamels, is the Arms of the County of Middlesex highly raised and embellished with scroll work. On either side of this shield and enveloping the lower half of the quarter-foil are Cornucopias, emblems of Prosperity. All of these symbols are highly carved and finely finished with close attention to detail. Engraved on a domed quarter-foil at the back of the Badge is the inscription :—

Presented by Mr. Councillor B. J. Monro, J.P.
(Charter Mayor),
Chairman of the Urban District Council for use
by successive Mayors of the
Borough of Hendon,
Incorporated, 1932.

THE INSIGNIA OF OFFICE OF THE MAYORESS.

The Mayoress' Badge, of 9 carat gold, is a small replica of the Mayor's Badge, supported by a " dress " chain of suitable size. At the back of the Badge is the inscription :—

Presented by Mr. Councillor B. J. Monro, J.P.
(Charter Mayor),
Chairman of the Urban District Council for use
by successive Mayoresses of the
Borough of Hendon, 1932.

5.—RESOLVED—**That the best thanks of the Council be accorded to the donors for their generous gifts.**

VOTE OF THANKS TO THE CHARTER MAYOR:

Moved by Alderman Cartwright, seconded by Alderman Taylor, and

6.—RESOLVED unanimously—**That the best thanks of the Council be tendered to Mr. B. J. Monro, J.P., in respect of his services as Charter Mayor and for the able manner in which he discharged the onerous duties of that office.**

The Mayor responded in appropriate terms to the vote of thanks.

Moved by Alderman Reynolds, seconded by Alderman Egan, and

7.—RESOLVED unanimously—**That the best thanks of the Council be accorded to Mr. A. A. Naar, M.B.E., for the services he has rendered as Deputy Charter Mayor.**

The Deputy Charter Mayor returned thanks.

100 watt lamps—all night lighting	...	£6 0 0 per annum.
200 watt lamps—all night lighting	...	£7 10 0 per annum.

These terms provide for the maintenance and lighting of lamps, including the renewal, cleaning and maintenance of all brackets, fittings and equipment and all repairs which may be necessary or desirable from time to time.

The Committee are of opinion that an agreement should now be entered into with the Company on similar terms and conditions to those under which the Company at present undertake the public lighting of the Ward as indicated above, and accordingly

RECOMMEND—

(*a*) **That the Borough Council enter into an agreement with the North Metropolitan Electric Power Supply Company, Limited for the public lighting of Edgware Ward on the existing terms and conditions, the agreement to be for a period of seven years from the 1st April, 1932, subject to determination by either party at the expiration of three years on six months' notice.**

(*b*) **That the Corporate Seal be affixed to the agreement.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal, subject to the Agreement providing for eight lamps on a half-night lighting basis at a charge to be agreed with the Borough Surveyor*].

† (B). *Alterations to Existing Lighting—Edgware Ward.*

SUBMITTED : Borough Surveyor's report, stating that in 15 of the roads in Edgware Ward in which public lighting had been installed before the transfer of the Parish, the average distance between the lamps varies from 70 to 150 yards with the result that the lighting is unsatisfactory. In order to remedy the matter the Borough Surveyor suggests that adjustments be made in the positions of the lamps to bring the spacing between lamps up to the same standard as that which has been generally adopted for other parts of the Borough. The proposal will involve the provision of 42 additional lamps and the alteration of the position of 31 existing lamps, involving a capital expenditure of £250 and an additional annual maintenance charge estimated at £252 when all the adjustments have been made.

The Borough Surveyor suggests that in the case of private streets the proposed adjustments should be carried out as and when the streets are made up, but that in the case of Edgwarebury Lane, The Drive and Hillside Drive, the work should be put in hand as soon as possible.

RESOLVED TO RECOMMEND—**That the report of the Borough Surveyor be approved and that he be authorised to make the necessary arrangements for the improvement of the public lighting on the lines indicated therein.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

(C). *Station Road, Edgware.*

SUBMITTED: Letter from Mr. Leslie Raymond enquiring whether the Borough Council propose supplementing the existing lighting in Station Road, Edgware.

RESOLVED—**That the Borough Surveyor be instructed to submit a report regarding the public lighting of this road to the next meeting of the Committee and that in the meantime Mr. Leslie Raymond be informed that the matter is receiving consideration.**

† (D). *Junction of Station Road and Edgware Road, Hendon.*

SUBMITTED: Borough Surveyor's report on a letter from the Commissioner of Police regarding the lighting of the above junction. The Commissioner reiterates his suggestion that an overhead centrally suspended lamp should be provided at this point.

The Borough Surveyor points out that it is proposed to instal automatic light signals at this junction in the near future and that the installation of such signals will remove the necessity for a constable to be posted in the centre of the tramway track for traffic control duty.

RESOLVED TO RECOMMEND—**That the Commissioner of Police be informed that in view of the proposed installation of automatic traffic signal lights at this junction in the near future the Borough Council do not propose to take action on the lines indicated in his letter.**

† (E). *Junction of Hampstead Way and Wellgarth Road.*

SUBMITTED: Report of the Borough Surveyor on a letter from the Hampstead Garden Suburb Residents' Association suggesting that the lighting of the above junction should be improved.

RESOLVED TO RECOMMEND—**That no action be taken in the matter.**

[TAKEN BACK - PAGE 115.]

† (F). *Golders Green.*

SUBMITTED: Letter from the Golders Green and District Ratepayers' Association asking that improved lighting should be installed at the cross roads, Corringham Road, Middleton Road, Rotherwick Road, Hoop Lane and Beechcroft Avenue.

The Committee have received the observations of the Borough Surveyor on the matter, and

RESOLVED TO RECOMMEND—**That no action be taken.**

(C). *Pruning of Trees.*

The attention of the Committee was called to the desirability of pruning trees in certain streets in the Golders Green Area owing to interference with the public lighting, and it was agreed that particulars of any such cases be notified to the Borough Surveyor.

* 4.—TRAFFIC CONTROL:

† (A). *Junction of Finchley Road, Cricklewood Lane and Hermitage Lane. Automatic Traffic Control Signals.*

SUBMITTED: Report of the Borough Surveyor on a letter from the Ministry of Transport suggesting that consideration be given to the installation of automatic traffic control

signals at the above junction and that having regard to the difference in the volume of traffic in different directions, the Ministry consider the junction in question suitable for the installation of the vehicle actuated type of signals. The Ministry state that in the event of the Council putting forward the necessary application the question of a grant from the Road Fund of 50 per cent. of the cost of provision and maintenance will be considered.

RESOLVED TO RECOMMEND—**That the Borough Surveyor be instructed to prepare the necessary plans, estimates, etc., for the consideration of the Committee, with a view to an application being submitted to the Minister of Transport on the lines indicated.**

† (B). *Junction of Finchley Road and Cricklewood Lane.*
Revision of Omnibus Stopping Places.

SUBMITTED : Letter from the Ministry of Transport stating that the revised stopping places indicated hereunder had been put into operation on the 26th October :—

In Finchley Road.—

South-bound omnibuses to stop outside No. 432, Finchley Road.
North-bound omnibuses to stop at tramway standard No. 1.

The Ministry state that it is proposed to review the working of the stopping places in question at the end of three months and desire to be furnished with any observations the Borough Council may have to make thereon before the expiration of this period.

RESOLVED TO RECOMMEND—**That the Ministry of Transport be informed that the Borough Council offer no objection to the revised stopping places in question.**

† (C). *Watford Way, Footpath Crossing—Mill Hill Park.*
Automatic Signals.

SUBMITTED : The following resolution passed by the Middlesex County Council regarding the decision of the late Hendon Urban District Council to instal automatic control signals operated by pedestrians at the above crossing :—

"*THAT an intimation be given to the Hendon Town District Council that the County Council offers no objection to the District Council erecting, at their own expense, traffic control signals for pedestrians on the Watford Way, Mill Hill, subject :—*

(a) To the consent of the Ministry of Transport to the proposals being obtained.

(b) To the necessary reinstatement works being carried out to the satisfaction of the County Engineer and Surveyor.

(c) To the County Council being indemnified against any claims which may arise in consequence of the erection of the signals.

(d) To such other conditions as the County Solicitor may consider desirable, and that any necessary agreement, in a form approved by the County Solicitor, be sealed with the Common Seal of the County Council."

The Borough Surveyor has directed the attention of the Committee to paragraph (c) of the County Council's resolution and suggests that having regard to the fact that the County Council is the Highway Authority for this road, the Borough Council should reconsider the decision arrived at by the late Urban District Council to undertake traffic control in connection with this crossing.

The Committee have reconsidered the question and whilst they concur in the view of the late Hendon Urban District Council as to the necessity for the installation of the traffic control signals, they are of opinion that the Middlesex County Council as the Highway Authority for the road in question should accept responsibility for the erection of the traffic control signals at this point, and the expenditure in connection therewith. The Committee, therefore,

RESOLVED TO RECOMMEND—**That a communication be addressed to the Middlesex County Council on the lines indicated and that they be requested to take the necessary steps for the installation of the traffic control signals in question as soon as possible.**

† (D). *White Lines on Highways.*

SUBMITTED: Report of the Borough Surveyor on a letter from the Hampstead Garden Suburb Residents' Association suggesting the provision of white lines on the carriageway at Meadway Gate, Heathgate and the junction of Meadway and Hampstead Way, and also that consideration should be given to the best method of warning motorists to turn left when approaching Meadway Gate from Temple Fortune Lane. The Borough Surveyor suggests that it is undesirable to provide further white lines or to erect additional traffic signs until the Minister of Transport has issued his general directions on the subject under the provisions of Section 48 of the Road Traffic Act, 1930.

RESOLVED TO RECOMMEND—**That the suggestion of the Borough Surveyor be adopted and that the Hampstead Garden Suburb Residents' Association be informed accordingly.**

† (E). *Junction of Cricklewood Lane and Hendon Way.*

SUBMITTED: Letter, dated the 25th October, from the Royal Automobile Club intimating their intention to withdraw their patrol from traffic control duty at the above junction as from Saturday, the 29th ultimo, and pointing out that in view of their increasingly heavy commitments in the provinces it is quite impossible for them to continue the service.

RESOLVED TO RECOMMEND—**That the best thanks of the Borough Council be accorded to the Royal Automobile Club for the assistance rendered by them in connection with the control of traffic at the above junction, and that they be urged to reinstate their officer for traffic control duty at this point during week-ends until the proposed automatic traffic control signals are installed.**

† (F). *Yew Grove.*

SUBMITTED: Letter from Jay's Furnishing Stores complaining of the parking of cars outside their premises on the corner of Edgware Road and Yew Grove, and also enquiring whether the words "no parking" could be lettered on the pavement outside the two windows of the premises.

The attention of the Commissioner of Police was called to the question of the parking of motor vehicles in Yew Grove in March last and the Commissioner stated that the matter was receiving the attention of the local police, and when possible drivers would be directed to the authorised parking place in Oaklands Road. He pointed out, however, that it would be difficult to prove actual obstruction in Yew Grove, which provides a useful outlet for the cars of persons shopping in The Broadway.

RESOLVED TO RECOMMEND—**That the attention of the Commissioner of Police be again called to the matter.**

† (G). *Watford Way and Hendon Way.*

SUBMITTED: Letter from the Hendon Chamber of Commerce asking that consideration be given to the question of the erection of two illuminated refuges in the centre of Watford Way, and also asking the Council to arrange for the kerbs of Hendon Way to be whitened from the Cottage Hospital to Hendon Central.

The Middlesex County Council is a Highway Authority for Watford Way and Hendon Way, and the Committee

RECOMMEND—**That the Hendon Chamber of Commerce be informed accordingly.**

† (H). *Taxi-rank—Junction of North End Road and West Heath Drive.*

SUBMITTED: Report of the Borough Surveyor on a letter from the Automobile Association suggesting that the studs in the roadway of North End Road at the junction of West

Heath Drive which mark the limit of the taxi stand be set back about 10 yards nearer West Heath Avenue to permit of an improved line of vision for vehicles turning into North End Road.

RESOLVED TO RECOMMEND—**That the proposal be adopted, subject to the number of vehicles for which accommodation at present exists not being reduced.**

* 5.—DIRECTION SIGNS:

(A). *Golders Green.*

SUBMITTED: Letter from the Garage Proprietors' Association (North London Area) drawing attention to the absence of sign posts indicating the presence of Golders Green and requesting that signs indicating Golders Green be erected. **Noted.**

† (B). *Watling Estate—Wesleyan Central Hall.*

SUBMITTED: Report of the Borough Surveyor on an application from Mr. H. J. Martin for permission to affix direction signs indicating the Central Hall, to 3 lamp-posts on the Watling Estate.

RESOLVED TO RECOMMEND—**That Mr. Martin be informed that the Council will be prepared to agree to one direction sign being affixed to the lamp-post in Watling Avenue, opposite the entrance to the Central Hall, subject to an agreement being entered into providing for payment of the usual acknowledgment of 1/- per annum, and to the Council being completely indemnified from all claims arising out of or in connection with the sign in question.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

* 6.—PRIVATE STREET IMPROVEMENTS:

† (A). *Highview Gardens, Edgware.*

SUBMITTED: Letter from Mr. M. Alloway asking the Borough Council to reconsider the decision of the late Urban District Council not to make up the above road at the present time.

RESOLVED TO RECOMMEND—**That Mr. Alloway be informed that the Council reaffirm the previous decision.**

† (B). *Fernhurst Gardens, Edgware.*

On the 18th July last the predecessors of the Borough Council authorised the service of notices under Section 150 of the Public Health Act, 1875, on the frontagers of a group of seven roads, which included Fernhurst Gardens, Edgware, and also an application to the Minister of Health for sanction to a loan of £15,894 to enable the private improvement works to be carried out. As the result of the service of notices on the frontagers in Fernhurst Gardens, certain difficulties have been revealed. The Committee have considered the report of the Borough Surveyor thereon, and having regard to the facts set out therein,

RESOLVED TO RECOMMEND—

(*a*) **That the notices under Section 150 of the Public Health Act, 1875, served on the frontagers in Fernhurst Gardens be withdrawn.**

(*b*) **That application be made to the Minister of Health for sanction to a loan of £14,584, for a period of seven years, and that authority be given to vary this period if necessary.**

(*c*) **That any previous resolution inconsistent with the foregoing recommendations be varied accordingly.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

Childs Way.

SUBMITTED: Report of the Borough Surveyor, on a letter from Mr. J. C. S. Soutar, on behalf of the Hampstead Garden Suburb Trust, requesting the Council to make up and take over Childs Way under the provisions of Section 150 of the Public Health Act, 1875.

RESOLVED TO RECOMMEND—**That Childs Way be placed on the list of streets to be made up in due course.**

Sherwood Road.

† (D).

Road.	Estimated Cost. £
Hurstwood Road (2nd portion) ...	1,038
King's Close	2,823
Boyne Avenue	2,387

With regard to King's Close and Boyne Avenue, notices were served on the frontagers in January last in respect of the making up of a portion of the roads. On consideration of the report of his Inspector after the Inquiry which was held on the 28th June, the Minister of Health intimated that he was prepared to comply with the application for loan sanction, but suggested that the making up of the roads should be deferred until building operations in Boyne Avenue were completed, when the two roads could be made up in their entirety and the junction properly graded to falls into the bye-pass road.

The plans and estimates now submitted have been prepared accordingly, but it is necessary to serve fresh notices on the frontagers.

RESOLVED TO RECOMMEND—

(1) **That the estimates be approved.**

(2) **That notices under Section 150 of the Public Health Act, 1875, be served on the frontagers of the roads in question and that a period of three months be allowed for the frontagers to carry out the work.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal, and Recommend that application be made to the Minister of Health for sanction to a loan of £6,248 for a period of seven years, and that authority be given for this period to be varied if necessary.]

Limes Avenue and Sunnydale Gardens.

† (G).

CONSIDERED: Letter from Councillor T. E. Carpenter regarding the desirability of making up Limes Avenue and Sunnydale Gardens. The question of carrying out private improvement works in these roads has been considered on numerous occasions. It is desirable, however, that the roads in question and also Beech Walk, should be treated as one group for the purpose of carrying out private street improvement works, and having regard to the unsatisfactory condition of the roads, the Committee

RESOLVED TO RECOMMEND—**That the Borough Surveyor be instructed to prepare plans and estimates for making up the three roads in question under Section 150 of the Public Health Act, 1875.**

(H). *Woodcroft Avenue, Lyndhurst Avenue and Eversfield Gardens.*

RESOLVED TO RECOMMEND—**That the Minister of Health be informed that the Council do not propose to proceed with the making up of the three roads in question at the present time, and that the application for loan sanction so far as it relates to such roads be withdrawn.**

† (J). *Wildwood Road.*

SUBMITTED : Correspondence between the Borough Surveyor and Mrs. Culley regarding her request for a crossing to be constructed over the footpath when private improvement works are carried out in the above road in view of the possibility of a garage being erected at some future date.

RESOLVED TO RECOMMEND—**That the action of the Borough Surveyor, as indicated in the correspondence submitted to the Committee, be confirmed.**

† (K). *New Brent Street.*

REPORTED : That Sir Wm. Prescott & Sons, Limited, whose tender for carrying out private street improvement works in New Brent Street had been accepted, had declined to enter into a Contract for the reasons indicated to the Committee, and that as a matter of urgency the Mayor had authorised the acceptance of the tender of Mr. Chas. Carter amounting to £156 7s. 3d., and that arrangements had been made for this road to be included in the Contract with Mr. Chas. Carter which was in course of preparation in connection with the making up of South Way.

RESOLVED TO RECOMMEND—**That the action of the Mayor be confirmed.**

* 7.—FOOTPATHS :

(A). *Hale Lane to Selvage Lane, Mill Hill.*

At the request of Councillor Carpenter the Committee considered the condition of the above footpath, together with the observations of the Borough Surveyor thereon.

RESOLVED—**That the Borough Surveyor be instructed to submit a report, together with a plan indicating the footpath, for consideration at the next meeting of the Committee.**

† (B). *Bunns Lane to Page Street.*

SUBMITTED : Report of Surveyor stating that, pursuant to the notice served upon them, J. Laing & Son, Limited, had removed the obstruction which had been placed across the above footpath.

SUBMITTED: Report of the Borough Surveyor on a petition from 28 residents in Devonshire Road asking the Council to make up the footpath leading from Devonshire Road to Holders Hill Road. RESOLVED TO RECOMMEND—**That the Borough Surveyor be instructed to take the necessary steps to enable the footpath in question to be clinkered.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

† (D). *Watford Bye-Pass Road to Selvage Lane.*

SUBMITTED: Application from Mr. Charles Death, of Golders Green, together with the report of the Borough Surveyor thereon, asking the Council to consider as to the stopping up of the above-mentioned footpath on the grounds that such footpath is unnecessary.

RESOLVED TO RECOMMEND—**That Mr. Death be asked to indicate what alternative provision he proposes to make in lieu of the footpath proposed to be stopped up.**

† (E). *Menelik Road to Farm Avenue.*

SUBMITTED: Letter from Mr. A. Hair, the Solicitor to the Governors of University College School, setting out in detail the proposals of the School Governors regarding the proposed diversion of the above footpath, and also enquiring, in view of the fact that the Council had decided to light the existing footpath, whether a final decision had been arrived at regarding the offer of the School Governors.

The Outdoor Committee of the late Urban District Council, after an inspection of the site, recommended the approval of the proposed diversion, subject to certain conditions.

The Committee's recommendation was not adopted, but it was decided to re-open negotiations with the School Governors for the purpose of arranging a reduction in the height of the fence alongside the existing footpath, from 6 feet to 4 feet 6 inches, along its entire length.

These negotiations proved abortive, the School Governors insisting that the maintenance of the high fence is essential to the preservation of the school property.

The Committee are, however, of opinion that the proposals submitted by the Outdoor Committee of the late Council, as set out in the sub-joined recommendation should be adopted, and accordingly

RESOLVED TO RECOMMEND—**That the proposed diversion be approved, subject to the Governors of University College School undertaking :—**

(1) To pay all expenses in connection with the diversion and ensure that no cost whatsoever shall fall upon the Council.

(2) That they will at their own expense construct the new footpath to the satisfaction of the Council, and retain the small strip of land between the footpath and adjoining properties on the North-West and/or West side as a shrubbery.

(3) That they will accept responsibility for the cost of installing the gas service main and the provision and erection of 8 lighting columns.

(4) That the fencing to be erected along the line of the proposed new footpath shall not exceed 4 feet 6 inches in height.

(F). *Clitterhouse Crescent to Midland Brent Terrace.*

SUBMITTED: Letter from the Golders Green and Clitterhouse Estates Ratepayers' Association asking the Council to make up the footpath leading from Clitterhouse Crescent to Midland Brent Terrace. † (B). *Island Site.*

SUBMITTED: Letter from the Hendon Chamber of Commerce requesting the Council to consider the condition of Brent Street and expressing the view that the time is now opportune for the removal of the island site. The island site in question is private property and the Council cannot, therefore, take action on the lines indicated by the Chamber of Commerce.

The cost of the scheme now put forward amounts to £3,500 but the carrying out of the work is subject to the approval of the Middlesex County Council and to the Ministry of Transport making the usual grant.

RESOLVED TO RECOMMEND—**That the scheme be approved and forwarded to the Middlesex County Council for approval by that Authority.**

The Minutes of the Meetings held on the 29th November, 1932, were read, confirmed and **signed.** (Councillor Ford voted against).

CORRESPONDENCE:

The various letters had been referred to the respective Sub-Committees.

REPORT OF CHAIRMAN:

The following report was received from the Chairman of the Education Committee as to his action during the Christmas Recess:—

To the Members of the Hendon Education Committee.

Ladies and Gentlemen,

The following matters have been dealt with during the time the Committee has been in recess, viz.:—

ADMINISTRATIVE.

1.—DEANSBROOK COUNCIL SCHOOL:

The Committee will remember that the John Keble Church Hall has been used since the Midsummer Holidays, 1932, for accommodating, temporarily, children on the roll of the above school. During the past term, the collapsible desks, etc., were removed and stacked in the cloakroom by the staff, School Caretaker and children at the end of the afternoon session and replaced in position by them for use on the following morning. This arrangement was found to be impracticable and in order to obviate certain difficulties which have arisen with the Trustees, authority was given for the furniture to be moved daily by the Priest-in-Charge and Church Wardens through their Caretaker, and for the payment of an additional sum of 7/6d. per week in respect of the extra work involved, commencing from the 10th January, 1933, holiday periods being definitely excluded.

2.—R.C. SCHOOL OF THE ANNUNCIATION:

There were 518 children on the rolls on 22nd December last, organised into 10 classes. This enrolment will be increased on re-opening of schools after the Christmas Holidays owing to new admissions of children of 5 years. It will be necessary to organise two classes in one classroom. I accordingly gave authority to the Managers to appoint an additional Teacher to the staff for duty commencing on 10th January, 1933. The Surveyor was also instructed to provide light, portable screens, at an estimated cost of £6 0s. 0d., for the purpose of dividing this classroom into two, until such time as further permanent accommodation is available.

3.—LICENCES—EMPLOYMENT IN ENTERTAINMENTS:

Licences under the Employment of Children in Entertainment Rules, 1920, were granted by me as follows:—

Name of Child.	Entertainment.	Period.
Minnie C. Warman	Pantomime	12 weeks.
Sybil M. Challis	Pantomime	6 weeks.
Betty Smith	"Merry Wives of Windsor"	6 weeks.
Patricia M. O'Driscoll	"Merry Wives of Windsor"	6 weeks.
Doris Bassoff	Pantomime	3 weeks.

4.—REQUISITIONS:

The following requisitions have been examined by me and **approved**:—

	£ s. d.
School Management Sub-Committee, Sheets Nos. 126/7	110 19 7
Works Sub-Committee, Sheets Nos. 152/3	279 7 0

EDUCATIONAL.

During the three weeks preceding Christmas, I made numerous visits to the schools for the purpose of being present at Parents' Open Afternoons, Prize Distributions and Evening Entertainments. The displays witnessed reflect the greatest possible credit on the teachers and the children especially in regard to those functions promoted out of school hours. The interest of the parents was a noteworthy feature of those gatherings.

I have made a visit with the Director of Education to the Colindale School, now in course of erection, and found that the rafters were on and the tiles were being placed on the roof for laying. Good progress was being made. I have also made a special visit to the Surveyor's Department and emphasized the necessity for pushing forward the plans of the Sturgess Avenue School and the Claremont Road School. The plans of the latter have been started and should be completed within the course of the next few weeks. I understand that the Surveyor states that the plans of the Sturgess Avenue School are in course of preparation. I will watch the situation carefully from time to time and see that no undue delay occurs in view of the appointment of a special Draughtsman to deal with the plans.

In conclusion, I desire to express my appreciation of the services rendered by the Officers during the Recess.

(Signed) T. EDWARD CARPENTER,
Chairman.

Moved by Councillor Flowers, seconded by Alderman Egan, and unanimously RESOLVED—

THAT the Report of the Chairman be received and that the cordial thanks of the Committee be tendered to him for his services during the Christmas Recess.

It is suggested that the agreement should contain a revised standard of charges (which shew a slight decrease on the prices at present prevailing); that provision should be made for a period of seven days between the receipt of the reinstatement voucher and the commencement of the work, during which time the Council would not be liable for any accidents occurring; that in the event of any settlement occurring after the completion of the reinstatement and during the statutory period of maintenance, the Company shall pay for such further reinstatement as may be necessary; and that a charge be made to the Company for additional material or the substitution of concrete for old material in cases where the reinstatement cannot otherwise be made.

The Council proposed to zone it for residential purposes, but Messrs. Westley Richards desire it to be included in an open zone. Applicants have now entered into a provisional Contract with the owners under which they will purchase the land and develop it for residential purposes. (2) That the small open space at the end of the cul-de-sac from Green Lane shall be levelled, fenced and planted to the Corporation's satisfaction.

(3) That in the event of it being desired to apply to the Justices for the diversion of the public footpath, all costs in connection therewith shall be borne by the owners of the estate.

* 3.—ACCOUNTS OF THE BOROUGH COUNCIL:

Future Audit.

Pursuant to instructions given at the last meeting the Borough Treasurer submitted a memorandum on the question of the audit of accounts under the Municipal Corporations Act of 1882.

The Act provides for the accounts of Municipal Boroughs to be audited by Borough Auditors (2 elective, and 1 appointed by the Mayor, as provided by Section 25 of the Act of 1882), but there are certain important exceptions, *e.g.*, Rating Accounts, Education Accounts, Housing Accounts and accounts in respect of which Government Grants are payable, which still continue to be the subject of Government Audit by reason of the special provisions of the respective Acts.

Section 53 of the Middlesex County Council Act of 1930, provides a permissive power for all Borough Councils within the County to adopt that section whereby the provisions of the Municipal Corporations Act relating to audit and Section 246 of the Public Health Act, 1875, shall cease to apply to any accounts of the Corporation or of the Treasurer of the Borough or of the officers of the Corporation, and all accounts shall be audited by a District Auditor appointed by the Ministry of Health in the same manner as the accounts of an Urban Authority are audited under Sections 247 and 250 of the Public Health Act of 1875.

The Committee concur in the recommendation of the Borough Treasurer to continue the audit by an officer appointed by the Ministry of Health, and accordingly

RECOMMEND—**That Section 53 of the Middlesex County Council Act of 1930, be adopted—the said section thus being deemed to have become operative as from the day on which the Charter incorporating the inhabitants of the Borough came into operation.**

The Council will remember that in July, 1932 (F. & G.P., 11/7/32—(B) 7), terms were approved for an extension of the lease, held by Mr. G. Fyson, for a period of five years from Lady Day, 1933. In this connection correspondence was submitted from Messrs. Ivens and Thompson suggesting that in view of the disposal of the School by Mr. Fyson, a lease of a portion of these premises should be granted to the purchaser, Mr. L. S. A. Cowan, M.A., and that Mr. Fyson should continue as the lessee of the remainder.

RESOLVED—**That consideration of the matter be deferred until the next meeting and that a joint report of the Borough Treasurer and Borough Surveyor be submitted thereon.**

" THAT this Council requests the Middlesex County Council to convene a conference of all the Local Authorities in the County of Middlesex with a view of considering the question of putting into operation schemes of work with a view of providing work for the unemployed in the county, as by so doing it is considered that great reductions could be effected in the distribution of relief by the various Public Assistance Committees within the County."

On consideration of the above item the Town Clerk read a letter from the Minister of Health in reply to the representations put forward by the Council.

The Minister stated that in the present economic circumstances loans are not being sanctioned except for purposes which are remunerative or which can be justified on urgent public grounds and that loans are not being sanctioned for works put in hand for the purpose of relieving unemployment. In this connection the Minister called attention to a copy of a question and answer in the House of Commons relating to the attitude of his Department towards employment by Municipalities of their funds for unemployment relief works this winter and the sanctioning of local loans for the purpose.

The letter further stated that the Minister does not regard work of the nature proposed as of sufficient public urgency to justify capital expenditure at the present time, but that if the Council consider that any part of the work can be justified on the ground that it is remunerative, he will be prepared to consider further representations in respect of that part of the work and that any such representations should be accompanied by a statement of estimated income and expenditure which should include the amount of the loan charges involved.

Discussion ensued.

In reply to a question by Alderman Latham, the Chairman of the Estates, Parks and Allotments Committee (Councillor Arter) stated that the total amount involved in respect of each of the open spaces in question was as follows :—

of substituting four-light lanterns for the two-light type at present installed. The proposal will involve an estimated cost of approximately £10 and an additional annual maintenance charge of £35 2s. 0d.

RESOLVED TO RECOMMEND—**That the Borough Surveyor's report and estimate be approved and that he be authorised to proceed with the necessary arrangements for the installation of improved lighting on the lines indicated.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal*]

(**B**). *Golders Green Cross Roads.*

The attention of the Committee was called to the lighting in the vicinity of the above cross roads. It is understood that the traders in the vicinity consider the present lighting unsatisfactory and that they would be prepared to contribute towards the cost of effecting an improvement.

RESOLVED—**That the traders concerned be asked to submit a scheme for consideration in the first instance by the Borough Surveyor.**

* 4.—TRAFFIC CONTROL:

† (**A**). *Refuge—Golders Green Road.*

SUBMITTED: Letter from the Golders Green and District Chamber of Commerce regarding the lighting of the refuge opposite No. 40, Golders Green Road, together with the report of the Borough Surveyor thereon.

RESOLVED TO RECOMMEND—**That the Borough Surveyor be instructed to arrange for red reflectors to be affixed to the bollards at each end of the refuge in question.**

(**B**). *Hartley Avenue, Mill Hill—"One-Way" Traffic.*

In April last the Council decided to ask the Minister of Transport to make regulations prescribing a "one-way" system for traffic along Hartley Avenue, Mill Hill, and to exempt the Fire and Ambulance Services from the operation of such regulations. (Hi., 25/4/32—3 (E)).

A letter has now been received from the Ministry of Transport stating that, after consulting the London and Home Counties Traffic Advisory Committee and the Commissioner of Police, the Minister has come to the conclusion that a considerable improvement would be effected to the traffic conditions in this locality if Hartley Avenue were made a "one-way" street for traffic proceeding from east to west and that the Minister proposes, in due course, to make the necessary regulations under Section 10 of the London Traffic Act, 1924.

The Minister points out, however, that he is advised that it would be undesirable to exempt the Council's Fire and Ambulance Services from the operation of the regulations, particularly in view of the fact that it is the general practice for vehicular traffic to give way to fire engines and ambulances in cases of emergency, and that it had not hitherto been found necessary to make any special exemption from regulations in this connection. In these circumstances he regretted that he was unable to agree to the Council's suggestion with regard to these vehicles. **Noted.**

† (**C**). *Junction of Watford Bye-Pass and Edgwarebury Lane.*

The attention of the Committee was called to the frequency with which accidents occurred at the above junction, and it was suggested that a flashing light signal should be erected in the Watford Bye-Pass Road at this point.

RESOLVED TO RECOMMEND—**That representations be made to the Middlesex County Council with a view to that authority installing a flashing light signal at the point in question.**

(D). *Junction of Edgware Road and North Circular Road—Traffic Signals.*

The Committee's attention was called to the desirability of signs being erected in Edgware Road, a short distance on either side of the above junction, warning drivers of vehicles of the existence of traffic signal lights ahead, but the Committee offer no observations on the matter.

* 5.—TRAVELLING FACILITIES:

† (A). *Early Trains to London.*

The Committee's attention was called to the inadequacy of train facilities from the Hendon area to London in the early morning, and it was

RESOLVED TO RECOMMEND—**That representations be made urging the London Electric Railway Company to make arrangements to run a train from the Hendon area to enable persons to reach London by 5 a.m.**

† (B). *Omnibus Service No.* 52.

In October last representations were made to the London General Omnibus Company regarding the unsatisfactory time-keeping of 'buses operating on Route No. 52 (Mill Hill to Victoria) and a reply was received to the effect that difficulty was at times experienced on the town part of the route due to traffic congestion in the Kensington and Notting Hill Areas, but that the matter was receiving the Company's attention and it was hoped some improvement would be found consequent upon action taken in the matter.

The Committee's attention has again been called to the unsatisfactory service of 'buses operating on the route in question, and it was

RESOLVED TO RECOMMEND—**That further representations be made to the London General Omnibus Company with a view to the frequency of the service being increased and the 'buses running more in accordance with scheduled times.**

† (C). *Proposed Extension of Route No.* 551.

SUBMITTED: Letter from the Mill Hill Ratepayers' Association objecting to the proposals of the London General Omnibus Company to extend the above service from its present terminus at Totteridge to Burnt Oak, via certain roads in Mill Hill, on the following grounds:—

1. The route proposed will convert certain points into danger spots, especially the Broadway, which is already congested, there being no less than four services using this thoroughfare at present.

2. The bridge carrying Bunns Lane over the Mill Hill Station of the L.N.E.Rly. has previously been reported upon as being dangerous for such traffic.

3. To enable the running of this service this 'Bus Company presumes to take upon itself to call for a wholesale cutting and trimming of trees, etc., along such proposed route.

When the Company's proposals were before the Council in October last no objection was offered thereto, and at the last meeting of the Committee instructions were given for an enquiry to be made as to when the extension would take effect. The Company's reply to the effect that they were negotiating with the Woodcroft Avenue Association regarding the light pruning of certain trees in Woodcroft Avenue prior to the consent of the Commissioner of Police to the proposed route being obtained, was reported at the last meeting of the Council. The Committee, therefore,

RECOMMEND—**That no action be taken on the letter from the Mill Hill Ratepayers' Association.**

* 6.—EDGWAREBURY LANE:

SUBMITTED: Letters from Mr. H. R. Smith, Mr. S. Crane and Mr. W. H. Denn, calling attention to the volume and high speed of traffic using Edgwarebury Lane, and in particular the recently inaugurated double-deck 'bus service.

The writers of the letters complain that such traffic causes vibration to the adjoining properties and express the view that the properties will thereby depreciate in value, and futher that Edgwarebury Lane is too narrow and unsuitable for heavy omnibus traffic.

The Committee have noted the communications, and

RESOLVED TO RECOMMEND—**That the writers of the letters be informed that the Council regret they are unable to take any action in the matter.**

7.—PARKING PLACES:

Contribution from Road Fund.

SUBMITTED: Letter from the Ministry of Transport stating that the Minister had had under consideration the question of the basis of contribution from the Road Fund towards the cost of the provision and maintenance of signs and markings required in connection with various parking places upon the public highway, and that he is of opinion that he is not justified in continuing to meet the whole cost involved out of the Road Fund and that a proportion of the expenditure should be borne by the responsible highway authority.

The Minister has, therefore, decided that the grant from the Road Fund in connection with any expenditure incurred subsequent to the 1st January last shall be at the current classification rate for Class I. Roads, viz., 60 per cent. **Noted.**

* 8.—MAINTENANCE OF HIGHWAYS:

SUBMITTED: Letter from the Hendon Ratepayers' Association asking the Council to state which public authority is responsible for the expenditure incurred in repairing roads used and damaged by heavy traffic whilst repairs are being carried out to arterial roads by the Middlesex County Council.

RESOLVED TO RECOMMEND—**That the Association be informed that the responsibility for such expenditure devolves upon the highway authority concerned.**

* 9.—HIGH STREET, EDGWARE—IMPROVEMENT:

SUBMITTED: Letter from the Minister of Transport, arising out of the representations made by the Borough Council in December last urging the Ministry to expedite the carrying out of the complete scheme in connection with the Edgware, High Street Improvement. The Minister states that he is informed that the Middlesex County Council recently decided to defer consideration of this improvement until the question of the lay-out to be adopted generally for Edgware Road had been settled. He further states that having regard to the present position of the Road Fund it is not possible to entertain applications for grants in respect of schemes of road and bridge improvement save where the work is urgently demanded in the interests of public safety and the route affected is important to through traffic, and in these circumstances it had been necessary to refuse applications relating to many schemes throughout the country of the same degree of importance and urgency as the widening of High Street, Edgware.

RESOLVED TO RECOMMEND—**That further consideration of the matter be adjourned for two months.**

10.—BRENT STREET:

Widening of Footpath.

CONSIDERED: Letter from the Hendon Ratepayers' Association transmitting a resolution passed by the Association asking the Council to re-consider the question of widening the footpath on the west side of Brent Street, near the Police Station, in view of the increased pedestrian traffic due to the opening of the new Post Office. The Association expressed the opinion that the widening could be accomplished by the acquisition of a part only of the existing shrubbery. (Hi., 21/11/32—8 (A)).

The question of the acquisition of the small shrubbery at this point has been the subject of negotiations extending over a lengthy period and have so far proved abortive.

The Committee have, however, instructed the Borough Surveyor to negotiate further in the matter on the lines indicated in MS. in the Committee Minute Book, and to report thereon.

* 11.—DIVERSION OF FOOTPATH :

Selvage Lane to Watford Bye-Pass Road.

CONSIDERED : Plan submitted on behalf of Mr. Charles Death in connection with his application for the diversion of the above footpath, indicating the alternative provision he proposes to make in lieu of the footpath proposed to be stopped up. (Hi., 21/1/32—7 (D)).

Subject to the applicant entering into an agreement with the Council to construct the new footpath in accordance with the specification to be prepared by the Borough Surveyor and undertaking to pay all costs in connection with the diversion, the Committee,

RESOLVED TO RECOMMEND—**That it is expedient that the public highway or footpath in the Parish of Hendon in the County of Middlesex running from Selvage Lane in an easterly and north-easterly direction to the Watford Bye-Pass Road, the situation of which is shewn on the plan now produced to the Council, and signed by the Town Clerk, should be stopped up, turned or diverted in manner following, that is to say :—**

By stopping up, diverting or turning the said highway or footpath at and from the point marked " A " upon the said plan such point being 70 yards or thereabouts in a northerly direction from the junction of Clendor Gardens and Selvage Lane from which said point " A " the said highway or footpath runs in an easterly and north-easterly direction for a distance of 54 yards or thereabouts to the point marked " B " on the said plan, which said point " B " is situate on the south side of the Watford Bye-Pass Road, 45 yards or thereabouts in an easterly direction from the junction of the said Watford Bye-Pass Road with Selvage Lane the said highway or footpath lying between the said point " A " and the said point " B " being of an average width of 3 feet or thereabouts, which said highway or footpath (hereinafter referred to as " The Old Footpath ") is distinguished on the said plan by the colour brown and by substituting in lieu thereof a good and sufficient highway or footpath 10 feet in width coloured red on the said plan (hereinafter referred to as " The New Footpath ") from the said point marked " A " on the said plan in a north-easterly direction for a distance of 51 yards or thereabouts to the said point marked " B " on the said plan.

That application be made to the Justices of the Peace in Quarter Sessions assembled for an Order stopping up, diverting or turning the said highway or footpath.

FURTHER RESOLVED TO RECOMMEND—

(i) **That an intimation be given to Mr. Death that no works are to be commenced on the existing footpath until the Justices' Order has been obtained and the Certificate of two Justices that the new footpath has been constructed to their satisfaction lodged with the Clerk of the Peace.**

(ii) **That the Corporate Seal be affixed to the necessary documents.**

* 12.—DIRECTION SIGNS :

† (A). *Taking over of part of The Greenway, Montrose Park Estate.*

SUBMITTED: Borough Surveyor's report on a letter from Mr. W. F. Thorpe enquiring whether the Council would take over that portion of The Greenway, which has recently been made up, at the expiration of six months from the present date, and also reiterating the suggestion which was put forward in May last (Hi., 30/5/32—8 (A)) that the Council should make an allowance towards the cost of making up the road in respect of the frontage of the Park vested in the Council.

RESOLVED TO RECOMMEND—

(*b*) **That the Council adhere to their previous decision not to make any allowance towards the cost of making up the road.**

(*b*) To all materials to be used being approved by the Borough Engineer and Surveyor;

(*c*) To a satisfactory report by the Borough Engineer and Surveyor at the expiration of a maintenance period of six months after the roads have been made up;

(*d*) To an undertaking being given by the owners of the Estate not to use the roads after they have been made up for traffic in connection with building operations.

(*e*) To the complete roads only being taken over, not sections thereof.

† (C). *Hillside Gardens, Edgware.*

CONSIDERED: Petition signed by the majority of the frontagers in the above road, urging the Council to amend the specification which has been prescribed in connection with the making up of the above road, by the substitution of grass verges for the footways in the place of tarmac margins.

Mr. R. H. Taylor and Mr. C. E. Bridges, representing the petitioners, also appeared before the Committee in support of the petition.

Hillside Gardens is included in a group of roads in respect of which the Council on the 24th October last authorised the service of notices on the frontagers and an application to the Ministry of Health for sanction to the raising of a loan of £8,032.

The Committee have given careful consideration to the views of the petitioners, and

RESOLVED TO RECOMMEND—

(*a*) **That the Council accede to the request of the frontagers and that Hillside Gardens be deleted from the group in respect of which an application for loan sanction has been approved.**

(*b*) **That application be made to the Minister of Health for sanction to a loan of £3,719 for a period of seven years and that authority be given to vary this period if necessary.**

(c) **That the resolution passed by the Council on the 24th October, 1932 (Hi., 3/10/32—7 (N)) be varied accordingly.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee Recommend that the original specification prescribed in the notices served on the frontagers in this road be adhered to and application be made to the Minister of Health for sanction to a loan of £8,032 in accordance with the Council's resolution of the 24th October, 1932 (Hi., 3/10/32–7 (N)).]

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal and Recommend that application be made to the Minister of Health for sanction to a loan of £2,145 for a period of seven years, and that authority be given for this period to be varied if necessary.]

The Minister does not regard work of the nature proposed as of sufficient public urgency to justify capital expenditure at the present time. 8.—SOUTH OF THE BRENT SEWAGE DISPOSAL WORKS :

* 9.—WEST MIDDLESEX MAIN SEWERAGE :

CONSIDERED : Report of the Borough Surveyor deferred from the last meeting on correspondence with Messrs. Dodd & Watson regarding the connection between the Council's Silk Valley Low Level Sewer and the main trunk sewer of the West Middlesex Scheme.

The Middlesex County Council are under an obligation to receive the sewage into their sewers at the rate of six times the dry weather flow. (" Dry weather flow " is defined in the Middlesex County Council Act of 1931, as " the flow of sewage discharged from the area on the basis of 40 gallons per head of the population thereof discharged throughout the 24 hours.")

Owing to the fact that the Silk Valley Low Level Sewer is well below the level of the bed of the River Brent it is not possible to provide a storm overflow which would allow of the discharge of any quantity coming down in excess of the rate mentioned, during periods of heavy rain, direct into the river, and Messrs. Dodd & Watson have suggested that the existing pumping station should be retained in order to deal with the excess flow.

The Borough Surveyor has previously reported that it would be necessary to retain the pumping station to provide a storm overflow, but that its use would not appear to be required except to cope with a flow in excess of 240 gallons per head of the population in 24 hours, and it is not anticipated that this would occur very frequently.

RESOLVED TO RECOMMEND—**That Messrs. Dodd & Watson be informed that the Borough Council cannot agree to a connection being made between the main sewer of the West Middlesex scheme and the Council's pumping station in a manner which would result in the pumping station coming into operation prior to the expiration of 24 hours during which an excess flow had been apparent.**

(2) **That the resolution of the Council** (30/1/33; W. & F.B.C., 16/1/33—13) **authorising an application to the Minister of Health for a loan sanction in respect of the works to be undertaken in connection with the surface water sewer at Wildwood Road, Hampstead Way and Wild Hatch be varied as set out hereunder to include the expenditure on the proposed works relating to surface water drainage at Farm Walk :—**

		1,324
Estimated cost of alterations to surface water drainage—Farm Walk		650
		1,974

* 9.—PURCHASE OF PIANO:

CONSIDERED: The report of the Chief Librarian regarding the desirability of purchasing a piano for use in connection with music lectures held at the Library.

The attendances at the music lectures which have been arranged up to the present indicate their increasing popularity, but the number of lectures with pianoforte illustration that can be arranged is limited by reason of the fact that a piano has to be hired for each occasion. The Committee are informed that the musical side of the libraries work could be extended by the acquisition of a piano.

The Committee have instructed the Chief Librarian to obtain quotations for the supply of a suitable grand piano, and

RESOLVED TO RECOMMEND—**That provision for the purchase of a piano be included in the Estimates for 1933/34.**

* 10.—PRIVATE SCHOOLS—LOAN OF BOOKS:

CONSIDERED: Report of the Chief Librarian on a request from St. Antony's School, Mill Hill, for the loan of 20 books suitable for use by the scholars in the upper forms for supplementary reading in various historical periods.

The request raises a question of principle and the Committee

Perkins, of Cowleaze House, The Hyde, had deposited numerous deeds and manuscripts relating to the Nicoll family and other interesting documents, illustrations, etc. **Noted.**

* 13. BRANCH LIBRARIES:

The Council at their last meeting agreed in principle to the provision of three branch libraries in a three year programme and to provision being made in the estimates for 1933/34 for the erection of one of the branch libraries forthwith.

The Committee have now considered as to which of the three proposed branch libraries should first be proceeded with, and

RESOLVED TO RECOMMEND—**That the first of the three branch libraries included in the programme already approved be erected at Colders Green on land already in the possession of the Council, and that the Borough Surveyor be instructed to submit plans and estimates as soon as possible.**

* 14.—PROPOSED SOUTH-EASTERN REGIONAL LIBRARY SYSTEM:

SUBMITTED: Proposed scheme drawn up by the Committee of Inquiry for the establishment of the proposed South-Eastern Regional Library System, together with a report of the Chief Librarian thereon. It will be recalled that in October last the Council appointed delegates to attend a Conference convened by the Carnegie United Kingdom Trust with a view to setting up a scheme of Library co-operation for the south-eastern counties of England and on the 12th December it was reported that a Provisional Committee had been appointed to investigate the subject and to submit detailed proposals to a further Conference. (Li.C., 10/10/32—17; 28/11/32—12).

A Conference has now been convened for Monday, the 20th instant, at the Central Hall, Westminster, to consider the report of the Committee of Inquiry and the Council are asked to appoint representatives to attend.

At the present time the Council pay a subscription of ten guineas per annum to the National Central Library. Under the proposed scheme the contribution to the National Central Library and the Regional System will be combined and the subscription (calculated on a population basis) which this Council will be called upon to pay on the present population figures will be £14 per annum.

The annual cost of the proposed Regional System is estimated at £250 per annum, whilst the present income of the National Central Library from the Library Authorities in the proposed area is £436.

The combined annual income aimed at by the Committee of Inquiry is £750 and it is recommended that one-third of this income should be devoted to the expenses of the Regional Bureau and two-thirds to the fund of the National Central Library.

The Council are asked to give a decision as to whether they will enter the Regional Library Scheme if it eventuates. So far as Hendon is concerned the Library is already on the list of "outlier libraries" of the National Central Library and the Council have thus indicated their willingness to lend books outside the Borough with the same freedom as they have hitherto borrowed them and agreed to the principle of Regional Library Co-operation. There remains, however, the question of payment of the increased subscription of £3 10s. 0d. per annum in return for which the Council would secure a service out of all proportion to the outlay.

The Committee have given the matter very careful consideration, and

RESOLVED TO RECOMMEND—**That the Council agree to participate in the proposed South-Eastern Regional Library System and to pay the combined subscription at the appropriate rate (at present £14 per annum).**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

FURTHER RESOLVED—**That the Chairman of the Committee (Councillor T. J. Scott), Alderman (Mrs.) S. J. Bannister, L.L.A., and the Chief Librarian be appointed to represent the Council at the Conference convened for the 20th instant.**

* 15.—EXCLUSION OF READER FROM LIBRARY:

RESOLVED TO RECOMMEND—**That the suggestion of the Chief Librarian be approved.**

With a view to retaining these men in employment the Committee have instructed the Borough Engineer to proceed with the work included in the 1933/4 programme, subject to the concurrence of the Mayor and the Chairman of the Finance and General Purposes Committee, and

RECOMMEND—**That their action be approved.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

FURTHER RESOLVED—**That a report be submitted to the next meeting shewing the position of the Housing Repairs Fund and the expenditure incurred up to date in carrying out repairs and re-decorations under the first year's programme.**

4.—REETS FARM HOUSING SCHEME:

REPORTED:—

(*b*) The Town Clerk's reply to the Ministry pointing out that although detailed plans of the Council's proposed housing scheme had not been submitted before the 7th December the Council's proposals to proceed with a comprehensive scheme on this site were indicated to the Ministry in July last and should be considered as a scheme submitted prior to the date mentioned in the Department's letter.

Noted.

The local authorities above referred to have communicated with the Minister of Health and the Member of Parliament for their respective Divisions urging the withdrawal of the Bill, and the Council are asked to support the resolutions and take similar action.

RESOLVED TO RECOMMEND—**That the Council support the resolutions and that communications be addressed to the Minister of Health and the Member of Parliament for the Division on the lines indicated.**

The Works Committee submitted a recommendation to the Council on the 30th ultimo, approving a report of a Sub-Committee appointed to inspect the Watercourse, to the effect that no useful public purpose would be served at the present time by piping in or making any diversion, but that the Estates, Parks and Allotments Committee should be requested to take into consideration the question of providing an adequate fence along the side of the Watercourse and the laying out of the entrance to the open space from Hendon Way.

On the consideration of the recommendation an amendment was carried at the Council meeting on the 30th ultimo referring the matter to the Outdoor Committee to inspect the site and report thereon.

7.—WORKS FOR THE RELIEF OF UNEMPLOYMENT:

SUBMITTED: Letter from the Middlesex County Council intimating that they had had under consideration resolutions from a number of local authorities in the County asking that a Conference should be convened to discuss the question of works for the relief of unemployed.

In the view of the County Council the question of the relief of unemployed by the provision of work is a matter which should, in the first place, be dealt with on a national basis and that any action which might be taken by individual local authorities can do little to solve the problem as a whole.

The County Council intimate that they accordingly agree in the views expressed in the following resolution of the Brentford and Chiswick Town Council, which had been forwarded to the Prime Minister, the Minister of Health and the Middlesex Members of Parliament:—

That this Council, viewing with grave concern the evils consequent on the unemployment so widespread in this as in other parts of the country dutifully appeals to His Majesty's Government immediately to consider by what means the vast sums of money, now being distributed in various forms of relief, can be used and, if necessary, augmented so as to provide work for unemployed men.

That, whilst realising the very great difficulties in finding a remedy for the evils of unemployment, this Council is of opinion that no solution can be socially or economically sound that does not allow or require men to work for their livelihood; that any system that offers financial relief in place of work is both expensive and ineffectual; that the money spent on other social services is not of such exigency as that needed to whatever schemes would provide men with work; and that the money spent on such schemes, by restoring to men the personal responsibility they ought naturally to possess as individuals or as heads of families, would thereby render the expenditure on other social services less necessary.

The Council, however, being of the opinion that no scheme will be workable that cannot be made to operate at the same time in all parts of the country, therefore solicits His Majesty's Ministers, as in a matter of extreme urgency, using the extensive knowledge and power they possess, to consider what steps can be taken to find an immediate remedy for this grave evil. **Noted.**

* 8.—GAS LIGHT AND COKE COMPANY'S BILL:

It was reported in Paragraph 21 of the Mayor's Report to the Council on the 9th January, that the Mayor had authorised the sealing of a Petition against the above Bill which seeks to restrict the powers of Housing Authorities to prescribe the form of heat, light, power or energy to be used in any building belonging to them within the Company's area of supply.

Petitions have been lodged by a number of Metropolitan Borough Councils and Authorities in the County of Middlesex, and steps are being taken by the Middlesex Borough and District Councils' Association to organize opposition to the Bill in two groups, viz.:—

(1) Those not owning electricity undertakings.

(2) Those owning electricity undertakings.

RESOLVED TO RECOMMEND—

(i) **That the proposals of the Middlesex Borough and District Councils' Association to organize opposition under the Westminster City Council, of Authorities not owning electricity undertakings be approved.**

(ii) **That failing the Westminster City Council agreeing to this course the Council combine with the Middlesex Authorities in opposing the Bill.**

* 9.—WEST MIDDLESEX SEWAGE DISPOSAL SCHEME:

SUBMITTED: Notice under Section 33 of the Middlesex County Council Act, 1931, of the County Council's intention to enter into an agreement with the Ruislip-Northwood Urban District Council relating to the drainage of portions of Hertfordshire situate in the Watford Rural and Rickmansworth Urban Districts into the sewers of the Ruislip-Northwood Urban District, and for the disposal of such sewage through the Middlesex County Council's West Middlesex Scheme.

RESOLVED TO RECOMMEND—**That the County Council be informed that the Borough Council have no objection to the proposed agreement or to the proposed terms thereof.**

SPECIAL (LOANS) SUB-COMMITTEE.
30th January, 1933.

Present: His Worship the Mayor, Councillor B.J. Monro, J.P. (in the Chair), Alderman C.Latham, F.L.A.A., L.C.C., and Councillor W.R.Clemens, F.C.A.

REFERENCE. (F.&.G.P.C.5/12/32. (C) 12.)

Funding of debt - Loans - Mortgages.

Upon submission of a report by the Borough Treasurer the Special (Loans) Sub-Committee was appointed "to consider and report" upon the above question.

REPORT.

The Borough Treasurer in a further report (dated 19. 1. 33 - copy in M.S. in the F.&.G.P.C. Minute Book) to the Sub-Committee outlines the existing money market situation relative to proposals for a stock issue, and at the same time reports upon his negotiations with various Savings Banks for modified rates of interest on existing mortgages amounting to £369,447 (subject to six months break clause) and also on further offers of loans from new sources and the amount of borrowing powers available.

Proposals for a stock issue would require the consent of the Treasury and for an application to be placed on the list of the Bank of England for an issue in turn when conditions are favourable. The alternative is to accept the revised terms offered by certain savings banks and to raise new monies at rates offered which are considered favourable.

In view of the present market situation and the urgency of dealing with offers of new monies the Sub-Committee - RESOLVED -

(i) THAT NOTICES OF THE COUNCIL'S INTENTION TO REPAY THE FOLLOWING MORTGAGES BE SERVED:-

BOROUGH OF HENDON

Treasurer's Memorandum to Special Sub-Committee re Loans

1. Following upon the appointment of the above Sub-Committee I have consulted the Mayor and Deputy Mayor from time to time and herein detail such interim action as has been taken.

2. It was announced on the 13th instant that the Embargo on New Issues of Capital had been relaxed, except (according to "The Times" 14.1.33) in respect of the following:-

   a. Foreign issues

   b. The optional replacement of existing issues by new issues, if those new issues rank as Trustees Securities and involve either underwriting or an invitation to the public to subscribe new cash.

   The announcement added that no issue could be made without previous agreement with the Bank of England regarding the amount and date of issue.

3. Your Sub-Committee is no doubt aware that following upon the relaxation of restrictions above referred to the Barnsley Corporation invited applications for the sum of One Million pounds at a price of 98 per cent, Interest at 3½% and redeemable 1953-1963.

4. In the result 78 per cent of the Barnsley issue was left with the Underwriters. "The Times" stated on the 17th instant "A number of Home Corporation loans are impending but judging" "from the result of the Barnsley Corporation Loans.....their" "terms will have to be a little more tempting than they were " "in that case if they are to secure a full and ready response" "from the investing public."

5. At 98 per cent, the net return to Barnsley would be (say) 96, and allowing for redemption at par in 1953 the real rate of interest is equivalent to £3.15.10. per cent, or in 1963 the interest equals £3.14. 5. per cent.

6. Notwithstanding the Barnsley result it was decided on the 16th instant, after consultation, to ask the Corporation's bankers to submit the following particulars for consideration and I append the reply received (see par.7.) It should be stated that the Hendon figures are got out on the same lines as those contained in the Barnsley prospectus.

7. The following is an extract from the Corporation Banker's reply on the 16th instant:-

"The Government embargo on Trustee Issues is still in force, but if the Borough Treasurer would put himself in touch with the Treasury and furnish them with full details of the money he requires and the purpose for which it is required, they might lend a sympathetic ear to his request and have the name of the Borough placed on the list of those who will be allowed in their turn to make a Public Issue of Stock.

It would materially strengthen the Borough Treasurer's position if he could state that he has given definite notice to repay a large amount of his outstanding Mortgages.

On hearing from the Borough Treasurer that the Treasury are sympathetic we would ask our Brokers to have the name of the Hendon Borough put on the Bank of England's list in order that they might take their turn if the Market conditions are propitious.

Provided the sanction of the Treasury and the Bank of England can be obtained, we shall be most happy to quote terms for an issue such as you describe. The price would, of course, depend upon the conditions existing at the time the issue is to be made, but the actual expenses only vary according to the size of the loan.

In reply to your enquiry re the Barnsley Corporation, we were of the opinion at the time that the price was too high and the result has proved this as 78% has had to be taken up by the underwriters. The whole of the Issue was of course underwritten in conformity with the usual practice and the Stock is now quoted at about 1 discount".

8. It is clear that before a public issue could be made a decision will be required on the question of Savings Bank Loans and as to this I desire to refer you to my report of the 8th July last, at which date the question of rates of interest on short term or "break clause" Loans was fully dealt with.

9. Your Sub-Committee will recall that at that time the Savings Banks refused (with one or two exceptions) to agree to any modification in interest rates and after consultation with the Mayor (then Chairman, U.D.C.) it was decided to leave the matter in abeyance as the action then sought to be taken was perhaps premature.

Broadly speaking, the Savings Banks advanced the contention that the "break clause" was in the nature of a mere formality and that same was inserted in Mortgages simply to satisfy the requirements of the Trustee Savings Bank Act 1918.

10. The Leicester Corporation had in the meantime taken similar action in relation to revised rates of interest and following similar refusals to negotiate, addressed a communication to the National Debt Commissioners who expressed ~~his~~ views to the effect that the "mutual six months break clause is not to be regarded" "as a mere technicality and that the clause should also " "operate in the event of a rise in the market rate of interest"

11. Having regard to the general position I have again communicated with the Savings Banks who have now indicated a willingness to agree to modified rates of interest as set out below:-

Name of Bank	Amount of Loan	Original Interest Rate per cent	Proposed Interest Rate per cent	New Rate to operate from
Ashton-under-Lyne	£ 10000	4¾	a 3¾	1.1.33
Manchester & Salford	£ 9368	4¾	3¾	1.4.33
Leeds & Skyrac	£ 10027	4⅞	b –	Notice required
Bolton	£ 14638	4⅝	4	1.4.33
Falkirk	£ 14638	4⅝	3¾	1.4.33
Derby	£ 14550	5	3¾	Not stated
Perth	£ 18633	4½	c 3⅞	30.9.33
Blackburn	£ 18858	4⅝	3¾	1.4.33
Hull	£ 15736	5	4	17.5.33
Finsbury	£ 20359	4⅞ & 5	4	1.4.33
Edinburgh	£ 57769	4¾ & 4⅞	3¾	Not stated
Glasgow	£164871	4½, 4¾, 5	3¾	1.4.33
	£369447			

Notes on above

a. Offered 3¾%. I asked for 3½%. If 3½% insisted on repayment is required.

b. Will only consider a new rate after 6 months notice has been given.

c. I consider 3⅞ too high and that the date should be earlier.

12. Before detailed consideration is given to the action to be taken in relation to the Savings Bank Loans I have to state that a sum equal to the above total could be borrowed at the present time at £3.15.0. per cent, or possibly less. I have had money offered at £3.15. 0. and have been in touch with Brokers who say they have money which they hope to advance at £3.12. 6. I have also had a tentative offer at £3.10. 0., but nothing of a definite character.

The position seems to be that one has to try to forsee what rates will be in 6 months time.

13. The following are the alternatives offered:-

a. To accept the Savings Banks' offers where the rate is 3¾ as from 1st April 1933 or earlier, and to take the risk of the Savings Banks asking for higher rates at a subsequent date.

b. To give notice in all cases on the speculation that the money required can be funded for long terms in 6 months from now at rates not exceeding 3¾ per cent. Funding to be either by Stock or Mortgage.

c. To give notice to all Savings Banks where more than 3¾ per cent is asked for.

14. It seems that if a free hand is required to clear the way for a possible Stock Issue, alternative (b) will have to be followed. In that event, the Council will lose 3 months of interest at the lower rates now offered, but would be able to take advantage of the position if rates of interest fall below 3¼%. On the other hand, if rates move up the Council will, by its own action, place the Savings Banks in the position of being able to enforce higher rates at an earlier date than they would otherwise be able to if the onus of serving notice were thrust upon them.

15. My own view is that notice should be served in the following cases:-

Ashton	£ 10000
Manchester & Salford	£ 9368
Leeds & Skyrac	£ 10027
Falkirk	£ 14638
Derby	£ 14550
Blackburn	£ 18858
Bolton	£ 14638
Perth	£ 18633
Hull	£ 15736
Finsbury	£ 20359
	£146807

The Council could in the meantime take advantage of any new money offered at rates not exceeding £3.15. 0. per cent or such other rate as conditions may warrant. There would be no difficulty about this as new money could be temporarily used in respect of unexercised sanctions, the repayment of borrowings from the Bank and the Superannuation Fund, the two latter to be reborrowed when the above Loans fell due for repayment.

16. It should be made clear that the course suggested will make the possibility of a Stock Issue more remote, as the amount available for issue would be reduced to the extent indicated. On the other hand, it matters little how the debt is funded - either by Stock or Mortgage - provided the terms are favourable.

† (A).

Proposed Clearance Area.

Nos. 1, 2, 3, 4, 5, 6, 7, 8, 9, 9a *and* 12, *Elm Terrace, Child's Hill;*
Elm Cottage, Elm Terrace, Child's Hill;
Nos. 1, 2, 3, 4, 5 *and* 6, *Castle Cottages, Elm Terrace, Child's Hill; and*
Nos. 1, 3, 5 *and* 7, *Hermitage Lane, Child's Hill.*

SUBMITTED: Report of the Medical Officer as to an inspection of the above dwelling houses, together with an official representation that the area, as shown upon the plan before the Committee, is one which should be dealt with as a Clearance Area under Part I. of the Housing Act, 1930. The houses are let in 46 tenements to 46 families involving 140 adults and 47 children under 10 years of age.

The Committee are satisfied:—

(1) That the area is one in which the conditions are unhealthy and can most satisfactorily be dealt with by the demolition of all the buildings;

(2) That the Council can provide, or secure the provision of, such re-housing accommodation as may be required in advance of displacement of persons of the working classes from the area; and

(3) That the resources of the Council are sufficient.

Under Section I. of the Housing Act, 1930, the Council can proceed in two ways to deal with the area on the lines indicated:—

(1) to require the owners to demolish, and thus secure the removal of the buildings without incurring the capital expense of purchase and clearance—this will necessitate the making of a Clearance Order to be confirmed by the Minister of Health; and

(2) to acquire the area, by agreement or by compulsion.

In connection with the following recommendations it will be necessary for the Council to approve a provisional statement showing the number, size, type and location of proposed new houses, and a time table for the provision of re-housing, and displacements. The provisional statement will accordingly be submitted to the meeting of the Council on the 27th March, 1933.

RESOLVED TO RECOMMEND—**That the area defined on the map bearing the Seal of the Council and dated the twenty-seventh day of March, 1933,** being an area within the Borough in respect of which the Council are satisfied—

(i) that the dwellings in the said area are by reason of dis-repair and sanitary defects unfit for human habitation;

(ii) that the most satisfactory method of dealing with the conditions in the said area is the demolition of all the buildings in the said area;

(iii) That in so far as suitable accommodation available for persons of the working classes who will be displaced by the clearance of the said area does not already exist, the Council can provide, or secure the provision of, such accommodation in advance of the displacements which will become necessary as the demolition of buildings in the area proceeds;

(iv) that the resources of the Council are sufficient for the purposes of carrying this resolution into effect;

be and the same hereby is declared to be a Clearance Area within the meaning of the Housing Act, 1930.

FURTHER RESOLVED—

(i) **That the Housing Committee be requested to secure the provision of such accommodation in advance of displacements which will become necessary by reason of the demolition of the buildings in the said area.**

(ii) **That the Borough Surveyor be instructed to submit to the Housing Committee a lay-out for the site, if acquired and cleared by the Council.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

† (B). 24, *Telford Road, West Hendon.*

SUBMITTED: Report of Senior Sanitary Inspector that in accordance with the authority given (P.H. & M.S.C., 21/11/32—9 (K)) an inspection of the above property had been made. A detailed list of "Sanitary Defects" existing thereat was submitted, together with a specification of the work required to be done to render the house fit for human habitation. The Committee are satisfied that the premises are capable of being rendered fit at a reasonable cost.

An official Representation was submitted by the Medical Officer of Health.

RESOLVED TO RECOMMEND—

(1) **That notices be served under Section 42 of the Housing Act, 1930, with a view to requiring information as to the ownership of the premises.**

(2) **That notices be served under Section 17 of the Housing Act, 1930, requiring the carrying out of the work set out in the specification submitted, in order that the premises may be rendered fit for human habitation.**

(C). *The Forge, Albert Villa (No. 3, Albert Cottages), and 1, 2, 3, and 4, Gray's Cottages, Golders Green Road.*

RESOLVED—

(1) **That Shafto John Chapman and/or Frederick Howard Day be authorised to enter the above mentioned premises for the purpose of survey and examination to enable the Borough Council to determine whether any powers under the Housing Act, 1930, should be exercised in respect thereof.**

(2) **That authority be given for the service of notices under Section 42 of the Housing Act, 1930, with a view to requiring information as to the ownership of the premises.**

A deputation representing the petitioners also appeared before the Committee in support of the views set out in the petition and after giving the matter full consideration the Committee recommended the Council to accede to the request of the frontagers.

The Committee's recommendation was not adopted by the Council, and application has, therefore, been made to the Minister of Health for sanction to the raising of a loan of £8,032 for the purpose of carrying out private street improvement works in the group of roads in which Hillside Gardens is included.

The replies received indicated a majority in favour of making up, but in view of the state of development of the road no steps were taken. (ii) the question of the transfer to their homes or to hospitals within the County of London of persons who reside within the County and who have been dealt with by ambulances under the direction of authorities contiguous to London.

The London County Council have already concluded agreements with certain authorities by which patients are (a) either transferred to the ambulances of these authorities at the County boundary, or (b) conveyed without change of ambulance to their homes or hospitals in the out-County district.

The views of all out-County authorities contiguous to the County of London are being sought with regard to the possibility of satisfactory arrangements being entered into for the reciprocal transfer of patients on the basis, if practicable and considered desirable, of the authority within the area of which the patient resides undertaking the responsibility of the patient's removal by ambulance from the hospital to which he or she has been taken in the first instance.

Consideration was given to the question of stopping the practice amongst the dustmen of retaining certain articles for their own use, which involves the attachment of sacks and other receptacles for the deposit of such articles to the containers. This practice also prevents the proper closing of the containers with the consequent blowing about of the refuse. It has not been permitted in the past in connection with the removal of refuse in the Mill Hill Ward and if abolished elsewhere would help to speed up the collections.

RESOLVED TO RECOMMEND—**That instructions be given to the dustmen to cease the practice.**

With regard to mixed bathing, the Borough Surveyor suggested the abolition of the regulation which provides that during mixed bathing no person is admitted to the bath unless accompanied by a person of the opposite sex.

The question of extending the supply of books of tickets to the public was also referred to. At the present time these are only supplied to members of Clubs at a cost of 9/- for 20 tickets.

(1) **That in future mixed bathing be allowed continuously throughout the week with the exception of two afternoons one of which shall be allotted at the discretion of the Chairman of the Committee and the Borough Surveyor to women and girls and the other to men and boys.**

Present : Councillor T. J. Scott (in the chair), Alderman (Mrs.) S. J. Bannister, L.L.A., Councillors T. E. Carpenter, B.A., LL.B., and A. A. Naar, M.B.E.

The report of the Sub-Committee was dealt with as follows :—

CONSIDERED : List of recent and standard books suggested for addition to the Central Library, comprising 126 volumes at an estimated cost of £40.

RESOLVED TO RECOMMEND—**That the Chief Librarian be authorised to purchase the books included in the list submitted.**

3.—CIRCULATION :

SUBMITTED : Report of the Chief Librarian to the effect that during the month of February the number of books issued from the Central Library averaged 1,944 each day it was open, the total issues being 41,768 volumes, representing a decrease of 2,480 compared with the corresponding month last year. Issues from School Libraries and Deposit Stations totalled 16,915—an increase of 2,005 over February, 1932—making the total for all services 58,683 volumes.

The Committee are informed that the decrease in the issues from the Central Library was due partly to a fall of 3,166 in fiction circulation and partly due to the fact that the number of working days in the month under review was one less than in February, 1932.

The following is a comparison of the issues in each department during the month of February, 1931-33 :—

With regard to paragraph 2 of the report dealing with action contemplated or taken under Part II. of the Housing Act, 1930, in connection with individual houses, the Committee have requested the Chairman to confer with the Borough Surveyor and Medical Officer of Health with a view to ascertaining as to how far the repairs which may be necessary as a result of the inspection of houses where unfit conditions obtain, can be expedited having regard to the prevailing low level of prices.

The Committee have given consideration to the question of providing further accommodation to meet the housing needs as shewn in the Town Clerk's report, and also possible cases which may not have come under the notice of the Council or which may require to be dealt with in the near future. At the present time, however, the Council have no vacant housing land available for development, but the Borough Surveyor has outlined to the Committee suggestions for the utilization of a considerable area of land acquired for other purposes. The Committee are informed that the area of land available would be sufficient for a comprehensive housing scheme and other necessary services and desirable amenities. They have, therefore, instructed the Borough Surveyor to prepare a lay-out plan to provide for the erection on the site of a housing scheme on the basis of 400 dwellings, and proposals for the utilization of the remainder of the available land on the lines indicated by the Committee.

* 6.—HOUSING ACT, 1930—PROPOSED CLEARANCE AREA—RE-HOUSING:

TOWN CLERK'S REPORT.

In connection with the Council's reference (12/12/32 No.51) to the Finance and General Purposes Committee

> "to consider and report ... at the earliest "possible moment on the question of promoting "and accelerating necessary schemes for the "provision of work for the unemployed".

the Housing Committee (16/1/33 - 7) called for a report on

(1) the progress made towards the fulfilment of the housing programme.

(2) particulars as to steps taken or anticipated for the carrying out of the provisions of Parts I and/or II of the Housing Act, 1930, and

(3) information as to sites in the possession of the Council, or other land which might be acquired for the erection of houses for the working classes.

The housing programme referred to in (1) above formulated in November 1930, was for the quinquennial period to December, 1935.

1. HOUSING PROGRAMME.

Overcrowding.

The quinquennial programme (formulated in December 1930) contemplated the provision of 132 houses for cases of overcrowding:-

132)53 known from applications in the Borough Treasurer's Department, and)79 ascertained in the ordinary course of)inspection by the Public Health Department.

Although a large number of the actual cases, then known, have been remedied from time to time, the general situation of overcrowding at present in the Borough is to some extent indicated in the schedule under the heading 'unsatisfied applications' and by the fact that there are still 80 cases known to the PublicHealth Department.

Unsatisfied applications.

In December 1930, there were 112 unsatisfied applications, but it was then anticipated that, after enquiry, the number which would be found to be cases eligible for Council houses would be such as could be accommodated by vacancies normally occurring in houses already erected, by the provision of the 45 flats (Goldsmith Avenue and Clitterhouse Road) and the contingency provision, in the programme, of 17 other dwellings.

The Borough Treasurer reports that the number of unsatisfied applications for Council Houses, at date is 350 -

Subsidy.

The Committee will remember that in connection with the Housing (Financial Provisions) Bill, now before Parliament, which seeks to abolish subsidies to Local Authorities (Payable under the Housing Acts of 1923 and 1924), except in respect of schemes submitted before the 7th December last, an application has been made to the Minister for recognition of the Reets Farm Scheme for subsidy on the ground that an intimation of the proposed development was indicated to the Ministry some months prior to the presentation of the Bill.

The Subsidy payable in respect of houses provided for displaced persons under the Housing Act, 1930, is not affected by the Bill.

2. PARTS I & II OF THE HOUSING ACT, 1930.

Part I - Clearance Areas.

Action contemplated during quinquennial period.	Action taken.
Area - Elm Terrace, Castle Cottages & certain houses in Hermitage Lane. 22 houses - 54 families.	An official representation by the Medical Officer in respect of this area was submitted to the Public Health & Medical Services Committee on the 6th instant.

Part II - Individual Houses.

Action contemplated during the quinquennial period (at December 1930)	Action taken.
43 houses - 47 families.	Representations 4 Demolitions(official carried out.....4 Demolitions without official action.....3 Houses vacated without official action.....3 Outstanding cases..... 33 --- 43

Cases found subsequent to approval of quinquennial programme. 7 houses - 14 families.	Representations 7. Demolitions executed..... 6 Houses vacated, undertakings having been given not to use for human habitation. 1 Outstanding cases. - --- 7

Re-housing.

There is no responsibility to re-house persons displaced from individual houses by reason of action taken under Part II of the Act, 1930. Persons so displaced have, however, in some cases been offered Council houses.

Number of families displaced (from 17 houses demolished or vacated, as indicated) 21

Number of displaced families accommodated in Council houses. 11.

3. SITES.

The Borough Surveyor reports that at the present time there is no vacant housing land in the possession of the Council, and that the question of the acquisition of land is a very wide one and will require considerable investigation before he can be in a position to report thereon.

The Committee will remember that it was pointed out in the quinquennial programme that any land acquired must necessarily be situated in an accessible position reasonably near travelling and other facilities. These considerations exclude large tracts of undeveloped land in the north of the District, whilst that part south of the River Brent is for all practical purposes fully developed.

LEONARD WORDEN.

Town Clerk.

Town Clerk's Office,
Hendon, N.W.4.

9/3/33.

In this connection a report was submitted by the Medical Officer of Health giving details of the number of families for which re-housing accommodation will be required by reason of the proposed Clearance scheme. It appears that 46 families comprising 140 adults and 47 children under 10 years of age will require to be re-housed.

In accordance with the instructions of the Public Health and Medical Services Committee, the Borough Surveyor submitted a plan indicating the area proposed to be cleared and also a proposed lay-out for the site if acquired and cleared by the Council. The Borough Surveyor reported that the total area included in the clearance scheme is .75 of an acre, which comprises a plot .4 acres in extent on the north-east side of Elm Terrace, and a plot .3 acres in extent on the south-west side. He suggests that a block of about 9 tenements could be erected on the first-mentioned plot, but is of opinion that the smaller plot is unsuitable for re-development. It would, therefore, be necessary to provide accommodation elsewhere for the persons who could not be re-housed on the re-developed site.

RESOLVED TO RECOMMEND—

(*a*) **That the report and plan submitted by the Borough Surveyor be approved;**

(*b*) **That insofar as suitable accommodation available for persons of the working classes who will be displaced by the clearance of the said area does not already exist, the Council will provide, or secure the provision of, such accommodation in advance of the displacements which will become necessary as the demolition of buildings in the area proceeds.**

7.—REETS FARM HOUSING SCHEME:

RESOLVED—**That in the event of a favourable reply on the question of subsidy and general approval of the above scheme not being received from the Minister of Health prior to the next Council meeting, the appropriate department of the Ministry of Health be asked to grant an interview to the Chairman of the Committee and the appropriate Officers of the Council with a view of expediting approval of the scheme.**

8.—GRAY'S COTTAGES, GOLDERS GREEN ROAD:

In accordance with the resolution passed at the last meeting the Town Clerk submitted a report as to the action which has been taken in connection with the above-mentioned properties.

The owner has given an undertaking to demolish the three vacant properties known as Nos. 8, 9, and 10, Albert Cottages, within a period of three months. With regard to Nos. 1 to 4, Gray's Cottages, The Forge, and Albert Villa, the Public Health and Medical Services Committee are recommending the Council to authorise an inspection of the premises under Part II. of the Housing Act, 1930. **Noted.**

* 9.—CRICKLEWOOD HOUSING—PROPOSALS OF THE HAMPSTEAD BOROUGH COUNCIL:

† **(A).** *Compulsory Acquisition Order.*

The Town Clerk reported that the Hampstead Borough Council made an Order on the 23rd February, for the compulsory acquisition of the land at Cricklewood proposed to be utilised for housing purposes, and that the Ministry of Health had intimated that this Council would be heard at the Public Inquiry which will be held in connection with the application for confirmation of the Order. The Town Clerk asked for instructions as to opposition to the confirmation of the Order.

RESOLVED TO RECOMMEND—**That the Council oppose the application for confirmation of the Compulsory Purchase Order.**

(B). *Hendon Ratepayers' Association.*

SUBMITTED: The following resolution which had been unanimously passed by the Hendon Ratepayers' Association at a meeting held on the 8th instant, a copy of which had been forwarded to the Minister of Health:—

"That this Association desires to protest against the acquisition of land in the Hendon area by the Hampstead Borough Council for the erection of workmen's dwellings, as this will mean additional expenditure by the Hendon authority who already has to cater for its own housing estates and the large Watling estate of the London County Council."

* 2.—LAND ADJACENT TO BRENT BRIDGE HOTEL:

SUBMITTED: Letter from the Minister of Health stating that in the present economic circumstances loans are not being sanctioned except for purposes which are remunerative or which can be justified on urgent public grounds. The Minister is, however, prepared to consider any further facts and representations which the Council may desire to put forward.

The Town Clerk reported that a statement as to the necessity for the acquisition of this land had been forwarded to the Minister for his consideration.

In connection with the purchase of the land in question the Town Clerk reported the receipt of the draft Contract with certain special conditions embodied therein. Instructions have been given to the effect that such special conditions cannot be accepted.

RESOLVED TO RECOMMEND—**That the action taken be approved.**

* 3.—COLINDEEP LANE:

Development of Land Adjoining Sheaveshill Avenue.

The Committee interviewed Mr. Small regarding his proposals for the erection of shops on the north side of Colindeep Lane at the junction with Sheaveshill Avenue.

The Borough Surveyor reported that the site in question was scheduled under the Town Planning Scheme for the erection of buildings of a residential character.

RESOLVED TO RECOMMEND—**That such proposals be disapproved.**

* 4.—LAND OFF FINCHLEY LANE, HENDON:

The Committee interviewed Mr. W. F. Thorpe and Mr. Crossley in connection with their application, disapproved by the Committee at their last meeting, in respect of the development of land adjacent to the property fronting on to Tenterden Drive. B. & T.P.Cttee., 13/2/33—7 (A)).

RESOLVED—**That the matter be referred to the Chairman of the Committee, together with the Borough Surveyor, to make an inspection of the property in question.**

* 6.—SHOPPING SITES, WATFORD BYE-PASS ROAD, EDGWARE:

SUBMITTED: Report of the Borough Surveyor to the effect that three applications had been received for the establishment of shopping centres along the Watford Bye-Pass Road, Edgware.

At the present time the Town Planning Scheme does not provide for any shopping centre between the junction of the Watford Bye-Pass Road and Selvage Lane and the junction of the Bye-Pass Road with the Spur Road, leading to Stanmore. The total distance between the two shopping centres is 2,600 yards.

The applications received are as follows:—

(*a*) Mr. A. J. Butcher in respect of 600 feet of frontage on the north side of the Bye-Pass Road closely adjacent to the Deansbrook.

(*b*) Messrs. Golders, Limited in respect of 250 feet on the north side of the Bye-Pass Road flanking on to Broadfields Avenue.

(*c*) Mr. F. Howkins in respect of 350 feet on the north side and 500 feet on the south side of the Bye-Pass Road distributed round the point where Mowbray Road joins the Bye-Pass Road.

The Committee are of opinion that the application of Mr. Howkins provides for the most desirable shopping centre, subject to his complying with the usual conditions of the Council as regards the provision of service roads, etc., for the shops and limiting the centre to the frontage of 350 feet on the north side. Having regard, however, to the stage which Town Planning Scheme has now reached and the possibility of objections to such development the Committee suggest that the procedure laid down in Clause 29 (3) (A) of the scheme be adopted. This provides for giving notices in a local newspaper of any application for the consent of the Council to the erection in Zone " A " of shopping and business premises.

RESOLVED TO RECOMMEND—**That the application of Mr. F. Howkins be formally approved to the extent mentioned above, subject to due notice being given in a local newspaper for the erection of shops or business premises in Zone " A " of the Town Planning Scheme.**

* 8.—ADVERTISEMENT HOARDING—JUNCTION OF HALE LANE AND ELMGATE GARDENS, MILL MILL :

SUBMITTED : Report of the Borough Surveyor to the effect that Mr. T. C. Walker had erected two advertisement boards on the plot of land at the junction of Elmgate Gardens and Hale Lane.

It would appear that both advertisement boards come within the provisions of Section 83 of the Hendon Urban District Council Act, 1929, and also in the case of the second board within the provisions of Section 81 of the same Act.

The Committee will recall that at the Inquiry held by the Minister of Health relating to the development of this land Mr. Walker signed an Undertaking not to display on the site, goods or exhibit any sign, notice or advertisement other than a brass plate 12 inches by 9 inches.

Details of Rates Levied to 30th September, 1933.

Purposes for which the General Rate for Six Months to 30th September, 1933, was made; estimated sum required for each purpose; and approximate pence in the £ now levied.

The following statement shows how the rate demanded is made up. It sets out the rate in the pound which would be required to meet the nett expenses of each of the principal services, after allowing for specific Government Grants towards the expenses of the services marked * but without allocation to particular services of the Government Grants under the Local Government Act, 1929.

The Government Grants under the Act of 1929, being in aid of local government expenses generally, cannot be allocated to any particular service. They reduce, by the amount shown, the total rate in the pound which would otherwise be demanded.

3.—THE MEADS COUNCIL SCHOOL—HEATING COSTS:

In accordance with the Committee's instructions the Surveyor reported that he had investigated the gas consumption at this school. The new system was put into operation on the 14th November, 1932, and up to the 16th December, 1,800 therms were consumed at a cost of £55. The period in question was one of very mild weather. From 16th December, 1932, to 16th March, 1933, the consumption was 6,663 therms and the cost £199, giving a total cost for the above periods of £254. It appears that the total cost for the year will be in the region of £320, and it was pointed out that even this figure is much cheaper than the Gas Company's first proposal to double the original number of gas radiators.

The Surveyor further stated that he was of opinion that the gas consumed during the March quarter was excessive even allowing for the severity of the weather and that more accurate control is required of the gas supply to the boilers. He proposed taking this matter up with the Gas Light & Coke Company, who were responsible for the installation, with a view to improving the efficiency of the boilers in this respect. **Noted and approved.**

4.—CONVEYANCE OF CHILDREN TO OAK LODGE SPECIAL SCHOOL:

The Surveyor reported that as instructed he had been in communication with Messrs. (Hi.C., 6/3/33—3 (E)).

Since the last meeting, when the matter was under consideration, the members of the Committee have inspected the existing lighting. Particulars have also been obtained from the Police shewing the number of accidents known to the Police to have occurred to persons at the cross roads during the 12 months ended on the 12th instant. The return shews a total of 60 accidents, 35 of which occurred during hours of daylight and 25 during hours of darkness.

RESOLVED TO RECOMMEND—**That the Borough Surveyor be instructed to take the necessary steps for the provision of a lamp in Finchley Road, near the stopping place for 'buses proceeding in the direction of Child's Hill, at the entrance to the footpath leading to the Tube Station, and also on the South-East side of the War Memorial island site.**

* 4.—TRAFFIC CONDITIONS AT GOLDERS GREEN : [CONSIDERATION DEFERRED UNTIL NEXT COUNCIL MEETING]

Report of Sub-Committee.
14th March, 1933.

Present : Alderman W. H. N. Shakespeare, M.C., A.F.C. (Chairman), Councillors C. Pinkney and W. J. Ross, F.A.I. Councillor B. Flowers was in attendance during consideration of items (A) and (B) (1).

TERMS OF REFERENCE.—

The Sub-Committee was appointed to consider the traffic conditions, including parking places and stopping places at Golders Green. (Hi.C., 9/1/33—15).

On Tuesday, the 14th instant, the Sub-Committee visited Golders Green and inspected the existing Hackney Carriage Stands and parking places, and also considered as to suitable positions for further parking places and sites which could be used as picking up or setting down points for public service vehicles (motor coaches, etc.).

The report of the Sub-Committee was dealt with as follows :—

(A) HACKNEY CARRIAGE (TAXI-CAB) STANDS :

The only taxi-cab stands in the Golders Green area at the present time are situate in North End Road and West Heath Drive. These were prescribed by Regulations made by the Commissioner of Police of the Metropolis on the 13th December, 1927, as follows :—

North End Road and West Heath Drive in two portions :—

1ST PORTION.—12 carriages on the north side and commencing at a point immediately opposite the shop door of No. 2, North End Road and extending eastward by the kerb as far as necessary for 12 carriages. Front of vehicles towards the west.

2ND PORTION.—3 carriages on the east side of West Heath Drive, commencing 6 yards south of the southern building in North End Road and extending southward by kerb as far as necessary. Front of vehicles towards the north.

The first portion of the standing to be fed exclusively by carriages from the second portion.

† (*i*). *West Heath Drive.*

The second portion of the Hackney Carriage Stand in West Heath Drive, which is merely in the nature of a " feeder " for the first portion, is immediately opposite the entrance to the new St. Alban's Church premises. The Committee are of opinion that a taxi-cab stand in this position is undesirable and likely to obstruct other vehicles wishing to draw up at the church entrance. In view of the altered circumstances since the regulations were made by the Commissioner of Police consequent upon the erection of the new church premises, the Committee

RECOMMEND—**That the Hackney Carriage Stand in West Heath Drive be discontinued, and that the Commissioner of Police be requested to amend the regulations accordingly.**

† (*ii*). *North End Road.*

The portion of the Hackney Carriage Stand in North End Road is on the same side of the road as the Tube Station, and extends for practically the whole length of the greensward which fronts on to North End Road. As the Council are aware, the volume of traffic in the neighbourhood of the Cross Roads is considerable and the facilities available for persons wishing to leave their cars for short periods whilst shopping or doing business in the neighbourhood are very limited. The Committee are of opinion that if the taxi-cabs using the stand in North End Road could be allowed to stand in the Station approach the space at present used as a taxi stand could be utilised as a parking place for private motor vehicles. It is appreciated, however, that the paved portion of the station approach is taxed to capacity by the omnibuses of the London General Omnibus Company, and no room could, therefore, be allotted for a taxi-cab stand. It is suggested, however, that the greensward between the paved portion of the station approach and the footway of North End Road could be converted to provide the requisite taxi-cab accommodation.

The Committee agree with the view taken by the Sub-Committee, after observation on the site, that the London General Omnibus Company's vehicles contribute in no small measure to the traffic congestion in the vicinity of the cross roads, and that having regard to this fact the London General Omnibus Company should make some contribution towards the institution of a scheme which would relieve such congestion. The Committee, accordingly

RECOMMEND—**That the London General Omnibus Company be asked to agree to the greensward, or a sufficient portion thereof, being converted with a view to providing accommodation for the taxi-cabs at present using the stand in North End Road, and the taxi-cabs using the stand in West Health Drive, which it is proposed should be abolished.**

(B) PARKING PLACES:

† (*i*).

Existing Parking Places.

The existing parking places in Golders Green are as set out hereunder :—

Name of Parking Place.	Limits of Parking Place.	Position in which vehicles may wait.	Hours during which vehicles may wait.	Maximum period for which any vehicle may wait.	Classes of vehicles which may wait.
North End Road, Hampstead	On south side between West Heath Drive and West Heath Avenue	In single line, with near side by kerb and parallel thereto	9 a.m. to 7 p.m.	1 hour	"A"
Hodford Road, Golders Green	On West side, from North side of entrance to No. 2, Woodstock Road to Golders Green Road, leaving clear the entance to the accommodation road which lies between Golders Green Road and Woodstock Road	In single line, with near side by kerb and parallel thereto	9 a.m. to 7 p.m.	1 hour	"A"
Hoop Lane, Golders Green	On East side, from lamp post under the railway bridge to a point in line with rear wall of the building known as "Crescent Court"	In single line, with near side by kerb and parallel thereto	8 a.m. to 8 p.m.	2 hours	"A"
Golders Green Crescent, Golders Green	On East side, from a point 15 feet from Golders Green Road, Northwards for 81 feet	In single line, with near side by kerb and parallel thereto	8 a.m. to 8 p.m.	2 hours	"A"

The definition of Class "A" vehicles is as follows :—

"Private cars and carriages and hackney vehicles with a seating capacity not exceeding six (excluding driver) other than vehicles bearing trade licence plates."

It will be observed from the above schedule that the parking place in North End Road extends from West Heath Drive to West Heath Avenue, which includes the whole length of the frontage of the new St. Alban's Church premises on to North End Road. The main entrance to the new church premises is in North End Road, and it is considered probable that the existing parking place will prevent the cars of persons attending the church, and particularly on the occasion of weddings and other functions, from drawing up opposite the church entrance. The Committee, therefore

RECOMMEND—**That the front portion of the parking place from the eastern side of the entrance to the St. Alban's Church Hall in North End Road to West Heath Drive be abolished, and that in order to provide alternative parking facilities the Minister of Transport be asked to make regulations prescribing a new parking place for Class "A" vehicles on the West side of West Heath Avenue, extending in a southerly direction from its junction with North End Road to the first tree on the west side, leaving clear the drive entrance to the premises known as "Annandale" occupied by the Student Christian Movement of Great Britain and Ireland.**

† (ii). *Hours during which Vehicles may Wait on Parking Places, and Waiting Periods.*

It will be noted from the schedule of parking places set out earlier in this report, that the hours during which vehicles may wait on the parking places in Hoop Lane and Golders Green Crescent—which were the last to be prescribed by the Minister of Transport—are 8 a.m. to 8 p.m., whereas the times prescribed for the parking places in North End Road and Hodford Road are 9 a.m. to 7 p.m.

It will be seen, therefore, that there are no parking facilities in the vicinity after 8 p.m., and the Committee feel that some provision should be made to meet the requirements for later parking facilities.

It will also be noted that the maximum waiting period is one hour in the case of the parking places in North End Road and Hodford Road, and two hours in the case of the parking places in Hoop Lane and Golders Green Crescent. The Committee are of opinion that the maximum waiting period allowed on parking places should be uniform and that the standard hours should be those in operation in the case of Hoop Lane and Golders Green Crescent, viz., 2 hours. They accordingly

RECOMMEND—**That representations be made to the Minister of Transport with a view to**

(*a*) **the hours for the parking places in North End Road and Hoop Lane being extended up to 11 p.m., and**

(*b*) **the maximum period during which vehicles may wait on parking places in North End Road and Hodford Road being increased to 2 hours.**

† (iii). *Use of Parking Places by Taxi-Cabs.*

The attention of the Committee has also been drawn to the fact that taxi-cabs make considerable use of Class " A " and Class " B " parking places with the consequence that the accommodation for private cars is restricted. Under the existing Regulations taxi-cabs are allowed to use Class " A " and " B " parking places, for waiting purposes, but they are not allowed to ply for hire or accept passengers for hire or use the vehicles for any purpose other than waiting.

The Committee are of opinion that taxi-cabs should be precluded from using Class " A " and Class " B " parking places, and

RECOMMEND—**That representations be made to the Minister of Transport to amend the regulations accordingly.**

† (C) STOPPING PLACES FOR PUBLIC SERVICE VEHICLES:

The Committee have considered as to the need for facilities being provided in Golders Green for public service vehicles (motor coaches, etc.) to set down or pick up passengers. As the Council are aware, Golders Green is a convenient traffic centre for motor coach services to and from the north, but at the present time they are precluded by the Traffic Commissioner from picking up or setting down passengers in Finchley Road, Golders Green Road and North End Road, with consequent inconvenience to persons desiring to take advantage of the motor coach services. The Committee are of opinion that a need does exist for the provision of stopping places, and that steps should be taken to overcome the present unsatisfactory position. Regard has been had to the views expressed by the Minister of Transport in his directions to the Traffic Commissioner for the Metropolitan Traffic area, to the effect that it is desirable in the public interest that motor coaches should not make an unjustifiable use of the public highway for the purposes of waiting, and for picking up and setting down passengers, with resulting congestion and inconvenience to other users of the highway.

After careful consideration the Committee

RESOLVED TO RECOMMEND—**That representations be made to the appropriate Authorities that selected stopping places be provided in the main roads at which main line motor coach vehicles can set down or pick up passengers, provided that the maximum waiting period for such vehicles be two minutes.**

* 5.—TRAFFIC CONTROL:

† **(A).** *Junction of North Circular Road and Golders Green Road.*

SUBMITTED: Letter from the Hendon Ratepayers' Association calling attention to the danger to pedestrians at the above junction and asking the Council to make some provision for directing pedestrians to the best points at which the roads may be crossed.

RESOLVED TO RECOMMEND—**That no action be taken in the matter.**

(B). *Junction of Watford Bye-Pass and Edgwarebury Lane.*

SUBMITTED: Letter from the Middlesex County Council stating that the County Engineer was in touch with the Ministry of Transport on the question of erecting a flashing light signal in the Watford Bye-Pass at the above junction, and that consideration of the matter had therefore been deferred until the next meeting of the County Highways Committee. (Hi.C., 6/2/33—4 (C)). **Noted.**

† **(C).** *Junction of Holders Hill Road and Great North Way.*

The Committee considered as to the desirability of traffic control light signals being erected at the above junction, and

RESOLVED TO RECOMMEND—**That representations be made to the Middlesex County Council with a view to traffic light signals being erected at the junction in question.**

6.—TRAVELLING FACILITIES:

(A). *Omnibus Service—Route No. 52.*

The Council, on the 27th February last (Hi.C., 6/2/33—5 (B)), gave instructions for representations to be made to the London General Omnibus Company with a view to the frequency of the above-mentioned omnibus service (Mill Hill to Victoria) being increased and the 'buses running more in accordance with schedule times.

A letter has now been received from the London General Omnibus Company stating that an extensive check had been made on this service both in the Hendon area and towards Town and it had been found that, considering the in-town traffic, the headway is fairly consistent and that there is no sign of any inadequacy except on an occasional individual 'bus in the vicinity of Burnt Oak on Saturday evenings. The Company emphasize the desirability of specific instances being quoted when complaints are made. **Noted.**

(B). *Early Trains to London.*

SUBMITTED: Letter from the London Electric Railway Company in reply to the representations put forward, pursuant to the Council's resolution of the 27th February (Hi.C., 6/2/33—5 (A)), urging the Company to make arrangements to run a train from the Hendon area to enable persons to reach London by 5 a.m.

The Company state that they are still of opinion that there is insufficient early traffic from the Edgware Area to justify the starting of services nearly an hour earlier than at the present time, and that there is the very real question of limiting the time at the disposal of the engineers for the necessary examination and repairs to the permanent way and signals. The Company cannot, therefore, see their way further to curtail this period by the operation of earlier trains. **Noted.**

* 7.—PRIVATE STREET IMPROVEMENTS:

† **(A).** *Lullington Garth.*

SUBMITTED: Report of the Borough Surveyor on a letter from Mr. F. J. C. Ingram regarding the making up of the road known as Lullington Garth.

RESOLVED TO RECOMMEND—**That Mr. Ingram be informed that the Council will be prepared to take over the road, subject—**

(*a*) to the works being in all respects in general accordance with the Council's Specification for making up private streets;

(*b*) to all materials to be used being approved by the Borough Engineer and Surveyor;

(*c*) to a satisfactory report by the Borough Engineer and Surveyor at the expiration of a maintenance period of six months after the road has been made up;

(*d*) to an undertaking being given by the owners of the estate not to use the road after it has been made up for traffic in connection with building operations;

(*e*) to the complete road only being taken over, not sections thereof.

† (B). *Dedication of Highways.*

CONSIDERED: Borough Surveyor's report as to the desirability of dedicating the following streets as public highways:—

Sheaveshill Avenue (portion between Edgware Road and Colindeep Lane).
Colin Park Road (between Sheaveshill Avenue and Colindeep Lane).

RESOLVED TO RECOMMEND—**That the streets indicated above be now dedicated as public highways and the necessary notices posted.**

(C). *Plans and Estimates.*

SUBMITTED: Report of the Borough Surveyor, together with plans and estimates for making up the following roads under Section 150 of the Public Health Act, 1875:—

Plans and Estimates.

SUBMITTED: Report of the Borough Surveyor together with plans and estimates for making up the following roads under Section 150 of the Public Health Act, 1875:—

Highwood Grove	...	£980
Golders Close ...	...	£504

RESOLVED TO RECOMMEND—

(1) **That the plans and estimates be approved.**

(2) **That notices under Section 150 of the Public Health Act, 1875, be served on the frontagers in the roads in question and that a period of three months be allowed to the frontagers to carry out the works.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal, and Recommend that application be made to the Minister of Health for sanction to a loan of £1,484 for a period of seven years and that authority be given for this period to be varied if necessary.*]

(E). *Parkside Drive, (Edgware).*

SUBMITTED: Report of the Borough Surveyor, together with plans and estimates for making up the above road.

The Borough Surveyor also submitted a petition signed by 52 residents in Parkside Drive requesting that provision should be made in the specification for grass verges alongside the footpath, instead of tar macadam margins. The plans and estimates submitted by the Borough Surveyor have been prepared on the basis of retaining the existing width of carriageway, viz., 20 feet—with which the residents express satisfaction—but provision has not been made for grass verges.

RESOLVED—**That the Borough Surveyor be instructed to submit amended plans and estimates to provide for the substitution of grass verges for tar macadam margins.**

† **(F).**

Vaughan Avenue.

SUBMITTED: Borough Surveyor's report on a letter from Mr. R. Henry requesting the making up of the above road.

The Committee are of opinion that it is undesirable to make up this road until further progress has been made with the development of the Estate as a whole, and

RESOLVED TO RECOMMEND—**That consideration of the matter be adjourned for six months.**

† **(G).**

Vineyard Avenue, Mill Hill.

SUBMITTED: Borough Surveyor's report on a petition signed by 13 residents in Vineyard Avenue, Mill Hill, requesting the Council to make up and take over the road.

RESOLVED TO RECOMMEND—**That Vineyard Avenue be placed on the list of private streets to be made up in due course.**

† **(H).**

Hillside Gardens, Edgware.

At the last meeting of the Council (Hi.C., 6/3/33—5 (E)) the Council decided to delete Hillside Gardens from the group in respect of which an application had been submitted to the Minister of Health for sanction to a loan of £8,032 and authorised a revised application being made for sanction to a loan of £3,719.

The Council's decision was communicated to the Ministry on the day following the Council Meeting, viz., the 28th instant, but on the 29th instant, the Ministry's sanction to a loan of £8,032 was received.

Having regard to the fact that the alteration in the specification for making up Hillside Gardens by the substitution of grass verges for tar macadam margins, would make no serious difference in the amount of the estimate, the Town Clerk communicated with the Minister suggesting that in the circumstances he might deem it desirable to allow the sanction to stand in its present form.

RESOLVED TO RECOMMEND—**That the action of the Town Clerk be approved.**

* 8.—FLOWER LANE WIDENING:

Dedication.

SUBMITTED: Borough Surveyor's report to the effect that Mr. W. Pope, of 14, Flower Lane, Mill Hill, has agreed to surrender a strip of land for the improvement of the footpath subject to the Council erecting a fence on the new boundary and to his being relieved of any legal expenses in the matter.

RESOLVED TO RECOMMEND—**That the offer be accepted on the terms indicated and that the Corporate Seal be affixed to the necessary conveyance.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

* 9.—GREYHOUND HILL IMPROVEMENT:

SUBMITTED: Borough Surveyor's report on a letter from the Ministry of Transport suggesting a revised lay-out of the junction of Greyhound Hill and Watford Way, to be carried into effect at the same time as the re-construction of Greyhound Hill is carried out.

The Middlesex County Council is the authority mainly concerned and, as far as this Council is concerned, there does not appear to be any objection to the proposal.

SUBMITTED : Borough Surveyor's report on a letter from the Taxi Drivers' League asking for permission to affix a fare board 13 inches wide by 27 inches deep to the lamp post at the head of the taxi rank in Queen's Road.

RESOLVED TO RECOMMEND—**That the proposal be approved subject to an agreement being entered into providing for payment of the usual acknowledgment of 1/- per annum, and to the Council being completely indemnified from all claims arising out of or in connection with the fare board in question.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

* 13.—SURFACING WORKS :

Claremont Road, Hall Lane, Hale Lane.

In connection with the surfacing of the above roads the general contracts provide a provisional sum for the surfacing work being carried out by a specialist firm. The Borough Surveyor reported that quotations had accordingly been obtained and in view of the necessity for proceeding with the work the quotations had been submitted to the Mayor and the Chairman of the Committee and the acceptance of the following authorised :—

Claremont Road.—

Constable, Hart & Co., Ltd.—

3 in. two-coat work—4/8½d. per yard super.
1¼ in. one-coat work—2/11d. per yard super.

Hall Lane and Hale Lane.—

G. Wimpey & Co., Ltd.—4/9d. per yard super.

In each case the acceptance of the quotation is subject to the contractor entering into a contract providing for 5 years' free maintenance, and, in the case of Hale Lane the provisionally accepted quotation is subject to the approval of the Middlesex County Council.

RESOLVED TO RECOMMEND—**That the action taken be approved and that the Corporate Seal be affixed to the necessary contracts.**

[*In connection with this item, the Borough Surveyor reported that the County Council had intimated that the tender of Constable Hart & Co. Ltd., should be accepted in respect of Hale Lane. Ltd., be accepted for Hale Lane and concur in the other proposals contained in the recommendation of the Highways Committee.*]

In accordance with the Council's resolution of the 27th February (Hi.C., 6/2/33—9), the Committee gave further consideration to the question of the desirability of steps being taken to expedite the carrying out of the complete scheme for the improvement of High Street, Edgware.

The Committee feel that this improvement scheme should be completed without further delay and that pressure should be brought to bear with a view to this object being achieved. The Committee accordingly

It is presumed that the Association refer to the application from Messrs. Johnston Evans, which was considered by the Borough Council on the 27th February last. (Hi.C., 6/2/33—15).

RESOLVED TO RECOMMEND—**That the Hendon Ratepayers' Association be informed that the Council have no further information to give beyond that which appeared in the resolution referred to above.**

* 17.—53, AUDLEY ROAD, HENDON:

CONSIDERED: Letter from Mr. V. Richards, the owner of No. 53, Audley Road, Hendon, stating that he holds the Council responsible for damage to his property, alleged to be caused by the footway of Vicarage Road—upon which the flank of the above property abuts—being constructed above the damp course level. The Borough Surveyor reports that the premises had been built at a level too low in relation to the adjacent highway. The Town Clerk had denied liability on behalf of the Council and informed Mr. Richards that if he wished to provide a vertical damp course, facilities could be given on the public footway adjoining his premises on the definite understanding that he undertakes to pay the cost of reinstating the footpath after the work has been completed.

The owner of the premises does not agree with the Council's contention and asks the Council to make good the damage.

RESOLVED TO RECOMMEND—**That the Town Clerk be instructed to reiterate the denial of liability on behalf of the Council.**

* 18.—STONEYFIELDS LANE:

In 1931 Mr. A. S. Clarke entered into a Deed of Exchange with the Council pursuant to the provisions of Section 59 (1) of the Hendon Urban District Council Act, 1929, which enables the Council to enter into agreements for the adjustment of boundaries of streets, regarding certain pieces of land on each side of Stoneyfields Lane.

There is no express provision in the Deed of Exchange indemnifying Mr. Clarke against expenses which the Council may incur in making up the pieces of land in question as part of Stoneyfields Lane.

The Solicitors acting for the purchaser of the property in Stoneyfields Lane adjoining the land surrendered for widening purposes requires definite assurance that no road charges will be made against the property when the road is made up.

RESOLVED TO RECOMMEND—**That the Town Clerk be authorised to give the desired assurance.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

* 21.—CRICKLEWOOD LANE—FOOTPATH UNDER RAILWAY BRIDGE:

At the last meeting the Committee considered a resolution passed at the annual parochial meeting of St. Peter's Church, Cricklewood, urging the necessity for making safe for pedestrians the footpath under the railway bridge in Cricklewood Lane.

The Committee recommended that no action be taken in the matter at the present time but this recommendation was referred back by the Council.

The widening of the footpath at this point is bound up with the larger question of the re-construction of the railway bridge, which would involve considerable expenditure, and in view of the unlikelihood of the Railway Company, the Middlesex County Council and the Ministry of Transport agreeing to the carrying out of the comprehensive scheme at the present time, the Committee are unable to depart from their previous recommendation. They accordingly

RECOMMEND—**That the St. Peter's Church Council be informed that the Council regret they are unable to take any action in the matter at the present time.**

22.—REPAVING OF FOOTWAYS:

In January, 1930, the Council approved a scheme for the replacement of tarred footways with stone paving in certain roads throughout the district. It was intended that the work should be spread over a period of two or three years. The expenditure estimated to be incurred amounted to £20,455 and the sanction of the Ministry of Health to the raising of the necessary loan has been obtained.

Re-paving works involving an expenditure of £8,575 have already been carried out but the remainder of the programme was postponed on the recommendation of the Emergency Committee.

The Committee feel that in view of the low costs at present prevailing and also to the desirability for providing employment that the remainder of the works included in the original programme should now be put in hand.

They have accordingly instructed the Borough Surveyor to submit a report on the matter to the next meeting.

23.—JUNCTION OF DALLAS ROAD AND STURGESS AVENUE:

The Committee have considered as to the desirability of making up the strip of roadway at the above junction, and

RESOLVED—**That the Borough Surveyor be instructed to submit plans and estimates.**

4.—REETS FARM HOUSING SCHEME :

SUBMITTED : Letter from the Ministry of Health, the receipt of which was reported to the Council on the 27th March, drawing attention to the proviso to Clause I. of the Housing (Financial Provisions) Bill—which provides that if the Minister is satisfied that proposals for providing houses under the 1924 Act had been prepared and were substantially ready to be submitted to him before the 7th December last, he may, subject to the approval of the Treasury, treat the proposals for the purposes of the section as if they had been submitted to him before that date—and stating that if the Council consider their application falls within the proviso, they should submit full particulars of the grounds on which the contention is based, in order that the Minister may consider the application, with others, if the Bill becomes law in its present form.

The Council have decided to ask the Minister to receive a deputation with a view to approval of the scheme being expedited. The Committee, therefore

RESOLVED—**That the deputation be authorised to urge upon the Minister of Health the desirability of the Council's proposals being approved without prejudice to the question of subsidy, in order that work may be commenced on the scheme, and that the question of subsidy be considered after the Bill, now before Parliament, has been passed.**

5.—HOUSING (FINANCIAL PROVISIONS) BILL :

SUBMITTED : Letter from the Rt. Hon. Sir Philip Cunliffe-Lister, G.B.E., M.C., M.P., stating, in reply to the Council's representations urging him to press for the withdrawal of the above Bill (Hg.C., 13/2/33—5), that the principles of the Bill had been thoroughly debated in the House of Commons during which the policy of the Government was fully stated and was endorsed by the vote of the House. He further states that recent substantial falls in the cost of building houses and the rates of interest are very material factors, and that the evidence is convincing that the withdrawal of the subsidy under the Act of 1924 is likely to have the effect of reducing still further the cost of building. He was, therefore, satisfied that the best use which the Government can make of the taxpayer's money devoted to housing is by concentration on the active programme of slum clearance to which a generous measure of assistance is given under the Bill. **Noted.**

* 15.—SALARIES:

Abatement.

Pursuant to the resolution of the Council (F. & G.P.C., 5/12/32—(C) 3), the Committee have reviewed the abatements in salaries made since the 1st November, 1932, and have

RESOLVED TO RECOMMEND—**That as from the 1st April, 1933, all abatements made from the salaries of officials of the Council and other employees and not dealt with under any special awards of recognised Trade Organisations, be discontinued.**

* 16.—SUNDAY OPENING OF CINEMAS:

CONSIDERED: Letter from the Cinematograph Exhibitors' Association of Great Britain and Ireland (F. & G.P.C., 20/3/33 (C) 5), together with the report of the Town Clerk on the provisions of, and procedure under, the Sunday Entertainments Act of 1932, relating to the Sunday Opening of Cinemas within the Borough.

(Copies of the report of the Town Clerk are circulated herewith to all members of the Council).

RESOLVED TO RECOMMEND—

(1) **That application be made to Parliament for powers enabling the appropriate licensing authority under the Cinematograph Act, 1909, to allow Cinematograph Entertainments in the Borough of Hendon on Sundays, subject to the conditions required by law and to such other conditions as the licensing authority might think fit to impose; and that for this purpose a draft Order be submitted under the Schedule to the Sunday Entertainments Act, 1932, by the Council of the Borough of Hendon to the Secretary of State in the following terms:—**

> *"In accordance with the provisions of the Sunday Entertainments Act, 1932, I, one of His Majesty's Principal Secretaries of State, hereby order that, as from the date on which this Order has been approved by Resolutions passed by both Houses of Parliament, Section One of the said Act shall extend to the Borough of Hendon."*

(2) **That, in pursuance of Paragraph 2 of the Schedule to the Sunday Entertainments Act, 1932, notice be given, that a Public Meeting of the Local Government Electors of the Borough of Hendon will be held at the Town Hall, Hendon, N.W. 4, on Wednesday, the Seventeenth day of May, 1933, at 7.30 p.m. for the purpose of considering the question of the submission of the said draft Order to the Secretary of State.**

17.—POSTAL FACILITIES, EDGWARE:

SUBMITTED: Report of the Town Clerk with regard to an interview with the Surveyor to the General Post Office relating to the above question.

It has been made quite clear, in a subsequent letter from the General Post Office, that it is the settled policy of the Department to resist any extension of the London Postal Area. At the same time it is reported that it is hoped that the difficulties in the services which are now experienced will be overcome by a re-arrangement of the postal facilities in that part of the Borough outside the London Postal Area, and it is contemplated that an improvement will be effected by the institution of a fourth delivery of letters at approximately 7 p.m., and by a late collection of letters on weekdays and on Sundays. The date when these improvements will become operative has not as yet been decided, but the Surveyor to the General Post Office expresses the hope that no undue delay will take place in giving effect to these proposals. **Noted.**
