Division of district into Wards

2 Your Committee has had under careful consideration a scheme for dividing the parish of Finchley into three wards referred to it by the Council & begs to report as follows:-
The scheme whilst from some points of view worthy to be approved in particular in its endeavour to harmonize the electoral areas in the parish and make them coincident with the Parliamentary Polling Districts contains other features which the Committee cannot recommend the Council to adopt. In particular the increase of the numbers of the Council to fifteen must necessarily involve additional expense in providing room for the meetings of the Council. In allotting the numbers for each ward the framers of the scheme have apparently only paid attention to the numbers of the electors and have ignored rateable values and other matters which should be important factors in the settlement of the question.
In conclusion the Committee recommends that the ward question be referred generally to the General Purposes Committee and that the above report and this recommendation be forwarded to the Memorialists

Of this sum the County Council have paid the sum of £94 4s.

An offer has been received from the Chairman of the Highways Committee of the County Council, that the County Council should pay to the District Council a sum of £232 3s in settlement of the claims of the Council for the three years ending March 31st 1893, 1894, & 1895.

Your Committee recommend that this offer be accepted subject to such sum being received before 31st March next & in that event the proceedings in relation to the pending arbitrations cease

Requisitions

3 The Committee recommend the following requisitions be approved:-

Clerk's requisition

5 Quires Stencils

Surveyor's requisition

1 Doz order books for Hoarding

New Streets

4 The Committee have considered the position of the Council in regard to the following streets:- Leicester Road, Avenue Road, Hamilton, Brackenbury & Manor Park Road, & Durham Road (2nd portion) & find that upon closing the loan aps there will probably be a small loss which must be met by the Council out of the General District rate & they recommend some provision be made in the next estimate towards liquidating such loss

Main roads expenditure

6 The Middlesex county council have agreed to pay this council the sum of £2323 in respect of main roads maintenance for the years ended 31st March 1893, 1894 & 1895 as a compromise but without admitting their liability to pay for footpaths and on the understanding that such payment is in settlement of all matters between the two authorities whether for carriageways or footpaths or improvements for the years in question and that the payment when made is to be taken as if the whole question had been arbitrated upon by the Local Government Board & the total amount paid by the county council had been fixed by that Department.

That £2323 is apportioned among the three years as under

1892-3	£934-10-6
1893-4	673-18-4
1894-5	714-11-2

Rating of Cemeteries

The Clerk read the following report:—

On 2nd December last the Chairman, Vice Chairman & Messrs G.W. Kilner & B. Todd were appointed a Deputation to confer with Mr H. C. Stephens M.P. upon the question of the rating of Extra Parochial Cemeteries as provided by the Burials Act of 1855, with the view of obtaining an alteration in the existing law relating to the basis of such rating and the repeal of section 15 of the Act mentioned Such deputation have since been appointed a Special Committee upon the same subject

I have been in communication with the Middlesex County Council & various District Councils, & the Overseers of Parishes near London & by the courtesy of the Middlesex County Council it was arranged

that a conference of Authorities interested in the question should be held in the council chamber of the Guildhall, Westminster on the 31st of March 1896.

At this meeting it was unanimously resolved that the District council be advised to memorialize the Local Government Board to take the necessary steps to repeal section 15 of the Burials Act 18 & 19 Victoria c. 128 & it is recommended as follows

(1) That the Memorial presented with this report be sealed & forwarded to the Local Government Board.

(2) That all Local Authorities interested be requested to send in support of the memorial a similar memorial giving particulars & figures applicable to their particular District.

Chas. Roberts
Clerk to the Council

4th April 1896.

The following is a copy of the memorial presented with this report.

To the Right Hon. The President of the Local Government Board.

The Memorial of the Urban District Council of Finchley in the County of Middlesex and of the Overseers of the poor of the said Parish.

& 1853 (15 & 16 Vict c 85 & 16 & 17 Vict c 134) power was given to Burial Boards to provide Burial grounds for the Parishes for which they are appointed to act either within or without the limits of the parish for which the same is provided. By 18 & 19 Vict c 128 sec 15 it is provided as follows:—

"No land already or to be hereafter purchased or acquired under the "provisions of any of the Acts hereinbefore "recited for the purpose of a Burial "Ground (with or without any building "erected or to be erected thereon) shall "while used for such purposes be "assessed to any County Parochial or "other Local rates at a higher value or "more improved rent than the value "of rent at which the same was "assessed at the time of such purchase "or acquisition"

The Parishes of St Marylebone, St Pancras & St Mary Islington have acquired & laid out three several Burial Grounds within the Parish represented by your Memorialists covering a total area of about 139 acres

The existence of large Burial Grounds prejudicially affects the value of property in their neighbourhood & in the opinion of your Memorialists ought to be rated on the basis of the Act 6th & 7th Wm 4th c. 96 sec 1.

The value of lands & buildings in the neighbourhood has since the

passing of the above recited Act of 1853 enormously increased.

In consequence however of the provisions of such Act the above-named three Burial grounds are and can only be rated at £182 whereas if they were assessed on the basis applied to other property under the provisions of the Parochial Assessments Acts 1836 & 1862 they would be required to pay on a very largely increased rateable value.

Large profits are made in connection with the above mentioned Burial Grounds which are applied in reduction of the Rates of the Parishes to which such Burial Grounds belong

Your Memorialists humbly pray that the necessary steps may be taken to repeal Section 15 of the above ~~recter~~ recited Acts 18 & 19 Vict c 128.

And your Memorialists will ever pray.

6 Your Committee have enquired into the statement contained in a letter from Mr Cooks referred by the Council, to your Committee alleging a nuisance existing in connection with the new almshouses, East Finchley by reason of an overflow from the cesspool discharging into the open ditch by the side of the footpath leading from the Almshouses to Fallow Corner.

From the report of the Inspector of Nuisances it appears that only the surface water drain is connected to the ditch referred to but that apparently soap suds have passed through this drain evidently having been put down the rainwater gully by some of the inmates of the Almshouses by mistake. The Committee recommend a letter be written Mr Paterson requesting him to call the attention of the tenants to the circumstances & requesting that all

of the Council has further considered this matter.

It was not intended by the Committee & it was quite an oversight to have reported to the Council as was done at the last meeting.

Seeing the difficulties which existed the Committee felt justified in having an interview with Mr Thomson when it was arranged that if certain alterations were made by Messrs Leverett & Frye the Committee would recommend the Council being satisfied therewith.

The Surveyor having reported that the works under such provisional understanding have been duly carried out the Committee now recommend the Council to endorse their actions & to be satisfied accordingly.
