A similar arrangement has been approved with regard to students from the College of Nursing at a nominal fee of one guinea per student.

15.—CHILDREN ACT, 1908, AND CHILDREN AND YOUNG PERSONS ACT, 1932:

(A). *Mrs. B., 16, Fortescue Road, Burnt Oak.*

The number of children originally fixed by the Local Authority on 26/11/30 were three.

This Foster Mother has two children living at the above-mentioned address who are over the statutory age of nine years and therefore do not come within the provisions of the above-mentioned Acts.

In the circumstances I approved a recommendation that the number of Foster Children in this particular case be reduced to one.

(B). *Mrs. R., 101, Colchester Road, Burnt Oak.*

The number of children who may be kept by the above-named Foster Mother was fixed by the Local Authority on 9/11/33 at two.

This Foster Mother has, at the moment, only one Foster Child under her care, and after reviewing the circumstances I authorised the reduction of the number of infants under the age of nine years to be kept by this Foster Mother to one.

(C). *Applications.*

The following applications for permission to take Foster Children were submitted and I approved the recommendation of the Medical Officer in each case as indicated:—

Name and Address of Foster Mother.	Recommendation. No. of Foster Children.

Miss R., 124, Sunnyfields Road, N. W. 4	7 under the age of nine years.

16.—DEFECTIVE CHILDREN:

*J.W.B., N.W. 9.
Date of Birth—7/2/26.
School—Oak Lodge Special.*

The above-named child was admitted to the Special School for Educable Mentally Defective Children, Finchley, in April, 1934, for a trial period of one year with a recommendation that she should be re-examined at the end of that period. Upon re-examination the Medical Officer found that the child's mental age was 5, actual age 9 1/12th and mental ratio 55. The child's progress is quite satisfactory and she is definitely capable of receiving instruction in a Special School.

Arrangements have, therefore, been made for the child to continue in attendance at the Special Day School, Oak Lodge, Finchley.

M.J.S., N.W. 11.
Date of Birth—19/2/26.
School—Garden Suburb Mixed Dept.

The above-named child has been examined when it was found that her mental age was 4 5/12ths, actual age 9 2/12ths and mental ratio 47.

On the recommendation of the Medical Officer of Health I authorised admission to the Special School for Educable Mentally Defective Children, Oak Lodge, Finchley, for a trial period of one year the case to be reconsidered at the expiration of that period.

F.A.B., N.W. 4.
Date of Birth—10/3/21.
School—Lingfield Epileptic Colony.

The above-named child was admitted to the Lingfield Epileptic Colony in August, 1932, and a letter was received from the Medical Superintendent on 1st April, 1935, stating that in his opinion he regarded the child as being incapable of benefiting further by the education provided at that Colony. It would appear that the child's intelligence has deteriorated as a result of his physical condition.

In these circumstances the case has been notified to the Middlesex County Council.

35.—STAFF ANNUAL OUTING:

Approval has been given for the Staff Annual Outing to be held on Wednesday, 12th June.

CONCLUSION :

In conclusion I would like to take this opportunity of expressing my thanks and appreciation to the Members for their willing and valued help and support in the recent Jubilee Celebrations, and also to place on record my highest commendation of the able assistance rendered by the Chief Officers and their respective staffs.

BROOK FLOWERS,
Mayor.

Item 1—Address to His Majesty The King.

The Mayor read the following copy of a letter which had been addressed by the Home Secretary to the Lord Lieutenant of Middlesex :—

THE HOME SECRETARY.

8th May, 1935.

My Lord,

I have laid before The King the loyal Address from the County of Middlesex and I have been commanded by His Majesty to convey to Your Lordship His warm thanks for the congratulations of the County on the occasion of the completion of the twenty-fifth year of His Reign.

His Majesty was much pleased to receive an Address of such interest and it is The King's express wish that all who subscribed the Address be assured of His Majesty's appreciation of this expression of their loyalty and devotion.

I am, My Lord,

Your obedient servant,

JOHN GILMOUR.

The Lord Rochdale.

Item 7—Mr. P. F. E. Vinton—Retirement.

On consideration of the above item The Mayor informed the Council that Mr. Vinton entered the service of the Council in the Surveyor's Department on the 12th April, 1885, when he was 15 years of age and that he had remained in the same Department ever since. He expressed the view that no other officer of the Council had seen such development in the district as had Mr. Vinton. In addition he had held the rank of Sergeant-Major with the volunteers, and also attained to the rank of Sub-Divisional Inspector of the Hendon Special Constabulary. On behalf of the Council the Mayor expressed the hope that Mr. Vinton would be spared for many years to enjoy the pension which would be granted to him.

Jubilee Souvenir Gift-Books to School Children.

Several members of the Council reported that a large number of tributes had been paid to the excellence of the gift-book which had been presented to the school children and enquiry was made whether sufficient additional copies could be obtained to present a copy to each teacher in the schools. The Mayor replied to the effect that 19,000 copies of the book had been ordered and that no reprint could be made unless at least 10,000 further copies were ordered.

Members of the Staff and Employees on duty on Jubilee Day.

In reply to Councillor Holt, the Mayor stated that arrangements had already been made regarding the granting of a day's leave to members of the staff and employees who were on duty on Jubilee Day.

ADOPTION OF REPORT :

191.—RESOLVED—That the Mayor's Recess Report be approved and adopted.

QUESTIONS :

Parks and Open Spaces—Lavatory Accommodation.

Councillor Gilpin asked the Chairman of the Works and Fire Brigade Committee the following question :—

In which Parks and Open Spaces in the Borough no provision is made for lavatory accommodation for—

- (a) Men and Boys,
- (b) Women and Girls,

and what arrangements are being made to provide such accommodation where it does not already exist?

The Chairman of the Committee (Councillor Potter) replied in the following terms :—

The following Parks have conveniences for both sexes :—

Deansbrook,
Mill Hill,
Watling,
Hendon,
West Hendon Playing Fields,
Princes Park,
Basing Hill Park,
Childs Hill Park.

Resolutions had been passed by the Council approving the provision of conveniences in Stone Grove Park and Lyndhurst Park, but the carrying out of the work had been held up owing to the economy campaign, and further resolutions would be necessary.

A convenience had been sanctioned for Clitterhouse Playing Fields and instructions had been given for the preparation of plans and estimates for a convenience in Montrose Playing Fields.

In the case of the following Parks and Open Spaces, no action had been taken up the present :

Moat Mount Open Space.	Silk Stream Park.
Hendon Wood Lane Open Space.	Colindale Park
Scratchwood Open Space.	Copthall Playing Fields.
Edgwarebury Park.	Sunny Hill Park.
Arrandene Open Space.	Brent Park.
Burtonhole Lane Playing Fields.	Woodfield Park.
Bittacy Hill Playing Fields.	York Park.
Woodcroft Park.	

Opening of Mill Hill Swimming Bath.

Councillor Collins asked the Chairman of the Works and Fire Brigade Committee the following questions :—

Who was responsible for the lack of adequate arrangements on the occasion of the opening of the Swimming Pool at Mill Hill?

Why the general public was excluded and applications for admission refused in view of the fact that there was ample room for twice the number that received admission tickets?

Why no time was stated on the green (public) admission tickets?

Why no seats were allotted to members of the Corporation other than to members of the Works Committee and whether the Chairman of the Works Committee will on future similar occasions give more consideration to the wishes of the Ratepayers who have to foot the bill?

The Chairman of the Committee (Councillor Potter) replied as follows :—

1. I accept full responsibility for all the arrangements but entirely deny that the arrangements were inadequate.
2. The general public were not excluded. I had several conferences with the Borough Surveyor and he pointed out to me that in view of the Works Committee's instructions that the Bath had to be open the following day a very considerable amount of work had been carried out for the opening ceremony and it was necessary not to allow more dirt to get into the Bath than could possibly be avoided. The space which appeared uncovered could not be used without increasing the dirt to such an extent that it would take all night to clean the bath.

It was announced in the press that the public would be admitted if they applied for a ticket. A number was given to each Councillor and, I believe, a large number was wasted as they did not appear to have been used.

Another batch of tickets was printed and in addition a certain number of school children were admitted. A note was sent in to say certain members of the public outside would be glad to come in if there was room and they were admitted. It is not correct to say that the public were not admitted or that the arrangements were inadequate.

3. I must ask the Council to remember the pressure with which the Council's staff were working. The printers were asked over the 'phone to supply a batch of green tickets omitting the particulars on the back of the white tickets. It was not then appreciated that the time of opening did not appear on the face of the ticket. The whole of the issue (other than those sent to Councillors) had the hour written on the tickets.
4. As to why no seats were allotted to members of the Corporation—As a matter of fact it is not right to say that the only seats definitely allocated were allocated to the members of the Works Committee. What happened was that there were certain duties allocated and the Councillors responsible were allotted seats. The duties were chiefly to act as hosts. As a matter of fact there was a large number of seats vacant until near the end of the ceremony.

The ratepayers were evidently approving of what was done on Saturday as they had rolled up in no uncertain numbers. On Sunday £52 7s. 7d. was taken at the Bath, excluding season tickets, and on Monday the total was £53 15s. 2d. The attendance had been good all the week, the number of bathers up to the present being 2,229.

REPORT OF BUILDINGS AND TOWN PLANNING COMMITTEE :

The Chairman of the Buildings and Town Planning Committee (Councillor Copestake) submitted the following report of a meeting of the Buildings and Town Planning Committee held this day :—

BUILDINGS AND TOWN PLANNING COMMITTEE.

27th May, 1935.

Present : Councillor J. J. Copestake (Chairman), The Mayor (Councillor B. Flowers, J.P.), Alderman W. H. N. Shakespeare, M.C., A.F.C., J.P., Councillors W. R. Clemens, F.C.A., (Mrs.) D. L. Ford, H. L. K. Johnson, P. Lightfoot, T. Pugh, V. Samuel and (Mrs.) M. Thomas.

HENDON TOWN PLANNING SCHEME No. 1 :

1. Clauses.

It will be remembered that on the 14th January last, the Council made the above Scheme, the clauses of which were based on the model form then existing. Application for approval to the Scheme was made to the Minister of Health and he has ordered a Public Inquiry which will take place on the 29th instant.

Since the submission of the Scheme to the Minister a revised set of model clauses has been issued and the Ministry have suggested several amendments in the Hendon clauses which are mainly designed to bring the Scheme into line with the new model form.

The Ministry have asked to be furnished with the Council's replies on the proposed alterations before the Inquiry and the matter has been carefully considered by the Town Clerk in consultation with the Borough Surveyor. No questions of principle are involved, apart from the provisions as to "appeals." With regard to appeals the Minister requires that all those against refusal of consent to the erection and use of industrial and special buildings should be to him and the appeal clause has now been framed so that all appeals under the Scheme shall be to the Minister.

A draft revised print of the Scheme including the amendments suggested by the Minister is submitted, but it is contemplated that the amendment of the Scheme outlined by the above proposals will be made by the Minister when the Scheme is under final consideration.

It is suggested, therefore, that the Council should now formally RESOLVE—

That the above proposals be approved.

2. New Streets—Byelaws.

Byelaw No. 12 of the Byelaws for New Streets and Buildings made on the 28th November, 1927, and confirmed by the Minister of Health on the 12th January, 1928, provides for the exclusion from the operation of the Byelaws, of the Town Planned areas of the Borough covered by the resolutions of the 12th February, 1923, and 23rd February, 1925 and in effect left new streets in those areas to be dealt with under the Town Planning Scheme.

Section 27 of the Act of 1932 provides that the Scheme must secure that the charging of the cost of street works on owners must not exceed the amount which would have been the cost if carried out so as to comply with the Byelaws, etc., or if carried out so as to comply with the Council's specification as a condition of declaring the street to be a highway repairable by the inhabitants at large.

In view of this provision the Ministry observe that to leave new streets to be dealt with entirely under the Town Planning Scheme is no longer practicable and that the Minister could not properly approve a provision in the Scheme which would enable the Council to recover from frontagers, as the cost of a standard street, the cost of a street of greater dimensions than is provided for in the Byelaws in operation in the rest of the Borough.

In these circumstances the Ministry advise that the Council should forthwith make a Byelaw applying the existing Byelaws as to new streets to the planning areas and a form of Byelaw (Numbered 1) is submitted hereunder for that purpose.

Having regard to the fact that a standard street under the Town Planning Scheme is 50 feet, and a byelaw street is 45 feet it would appear desirable that the byelaw width should be increased to 50 feet. It is suggested that application be made to the Minister of Health for an amendment to Article 8 (1) of the Byelaws for New Streets and Buildings, 1928, in the form hereunder (Numbered 2).

RESOLVED TO RECOMMEND—

- (1) **That Byelaws in the under-mentioned forms be made and the Corporate Seal affixed thereto.**
- (2) **That notice of the intention of the Council to apply for confirmation be given and that the Town Clerk take all necessary steps under Section 250 of the Local Government Act, 1933, to bring such Byelaws into operation.**

IMPROVEMENT—JUNCTION OF WATFORD WAY, STATION ROAD AND THE BURROUGHS:

As a matter of urgency the following extract from the report of a meeting of the Highways Committee, held on the 20th instant, was submitted by the Chairman of the Committee (Councillor Samuel):—

IMPROVEMENT—JUNCTION OF WATFORD WAY, THE BURROUGHS AND STATION ROAD:

At the meeting of the Council on the 13th instant, the above matter was re-committed for further consideration by the Committee. The Committee have therefore given further consideration to the scheme prepared by the Ministry of Transport which has been transmitted by the County Council for the observations of the Town Council.

The scheme contemplates the closing of the section of Watford Way on the North-East side of the War Memorial. The cross roads—Watford Way and Station Road—will thus form an ordinary junction controlled by automatic light signals in the usual way.

The scheme does not involve the alteration of the position of the War Memorial itself, but provides for an adjustment of the surrounding site which, the Committee is informed, would tend to make it more symmetrical.

The Committee understand that a decision should be arrived at as soon as possible. They therefore

RESOLVED TO RECOMMEND—

- (1) That the Middlesex County Council be informed that the Town Council offer no objection to the proposed scheme, but that it may be found necessary to make recommendations on points of detail at a later date;
- (2) That a Special Meeting of the Council be held on Monday next, the 27th instant, at 6 p.m., to consider the foregoing recommendation.

Moved by Councillor Samuel, seconded by Councillor Copestake :—

THAT the report be approved and adopted.

AMENDMENT moved by Alderman Shakespeare, seconded by Councillor Scott :—

THAT the report be referred back for further consideration.

Debate ensued.

On being submitted, the Mayor declared the amendment **lost**, 15 voting for and 16 against.

AMENDMENT moved by the Deputy Mayor (Alderman Cartwright), seconded by Councillor Browne :—

THAT in lieu of the recommendation of the Committee a deputation be appointed to attend upon the Ministry of Transport and the Middlesex County Council to discuss the matter.

Further debate ensued.

Alderman Reynolds gave notice that he would move a further amendment.

On being submitted, the Mayor declared the amendment **lost**, 15 voting for and 17 against.

AMENDMENT moved by Alderman Reynolds, duly seconded :—

229.—That the report of the Committee as amended by the addition at the end of recommendation (1) of the words :—“ and for this purpose the Ministry of Transport and the Middlesex County Council be asked to receive a deputation at an early date ” be approved and adopted.

The amendment, on being submitted, was declared **carried**, 20 voting for and 7 against.

Put as a substantive motion and **duly carried**, 19 voting for and 9 against.

RESOLVED TO RECOMMEND—That the Town Clerk be authorised to institute proceedings against J. Alexander and Sons, Limited, on four separate summonses for the recovery of the penalties provided by Section 149 (1) of the Hendon Urban District Council Act, 1929.

5.—APPOINTMENT OF COMMITTEE :

Consideration was given to the question as to whether the Committee should be appointed annually or triennially. The Hon. Secretary gave particulars of the present constitution and stated that the Committee was formed in January, 1931.

RESOLVED—

THAT as from the 1st November, 1935, the Hendon Local Savings Committee be appointed triennially.

6.—PUBLICITY :

Consideration was given to the question of giving publicity to the Minutes of the Committee, and it was RESOLVED—

THAT the Hendon Education Committee be asked to approve the suggestion that the Minutes of the Local Savings Committee be printed as an Addendum to the Minutes of the Education Committee, for general information only.

7.—SIXTH ISSUE OF NATIONAL SAVINGS CERTIFICATES :

The Commissioner made an interesting statement on the new sixth issue certificate as compared with the certificate of the fifth issue.

At the various meetings and conferences of the National Savings Movement held last year, two views regarding the then fifth issue certificate were frequently expressed (a) that a reduction of the maturity period of a certificate was desirable and (b) that there was much to be said for the giving of a bonus " part way " along its maturity period instead of withholding the bonus until the date of full maturity.

The Treasury, in fixing the terms of the new certificate, gave consideration to these representations with the result that the maturity period has been reduced from twelve years to ten and the bonus is now divided into two parts, one being given at the end of the fifth year and the other at the end of the tenth or " maturity " year.

Although the new certificate shows a slight decrease of yield as compared with the fifth issue certificate it is the general opinion that the changes introduced are directly in the interests of the small investor.

The Chairman thanked the Commissioner for his statement.

4.—WATFORD WAY—MILL HILL PARK CROSSING:

Pursuant to the reference from the Council (Council Meeting, 13/5/35—Resolution No. 224) the Committee considered plans and estimates prepared by the Borough Surveyor for the construction of a sub-way under Watford Way at the Mill Hill Park Crossing.

The Borough Surveyor's estimate of the cost of the construction of the sub-way in accordance with the plans submitted, which is based on the assumption that no compensation will be required by the County Council, the owners of the sub-soil, amounts to £3,500.

The Committee are of opinion that the construction of a tunnel will constitute the most satisfactory method for dealing with this crossing, but that the alignment of the tunnel as indicated on the plan now submitted should be altered to follow the line of the existing crossing. They are also of opinion that in addition to the direct sloping entrance, which will enable cyclists and persons in charge of perambulators to use the tunnel without inconvenience, steps should be constructed at each end of the tunnel leading to the footway of Watford Way for the convenience of persons wishing to proceed along Watford Way.

The Committee have, therefore, deferred further consideration of the matter until the next meeting for an amended plan and estimate on the lines indicated to be submitted by the Borough Surveyor.

† (B). Laying out and Fencing of Field adjoining Allotments.

SUBMITTED : Report of the Borough Surveyor to the effect that a plan, together with estimates for fencing, road making, etc., is in course of preparation, and suggesting that the general principle in connection with this matter should be decided.

It is pointed out that the allottees are already in possession of 22.6 acres of land forming part of the land appropriated for Park purposes, and it is suggested that if the 12 acres of land scheduled in the Town Planning Scheme No. 1 as permanent allotments, is cultivated as such, it will considerably reduce the public open space available for recreation purposes. (E.P. & A.C., 1/4/35—12).

RESOLVED TO RECOMMEND—That no further action be taken in the matter at the present time.

In order to deal with the possibility of the "King's Head" ceasing to be licensed premises, a condition was included in the Interim Development Order to the effect that the Council will raise no objection to the use of the site or premises for business purposes of a suitable character.

Messrs. Vandercom, Stanton & Company now ask the Council to allow the building or site to be used for business premises, the business to be limited to one connected with the school undertaking, with liberty to deal with the outside public also.

There would not appear to be any objection to the proposal, and

RESOLVED TO RECOMMEND—That an Interim Development Order be issued, subject to the following special conditions :—

- (i) The submission of satisfactory plans and elevations for the Council's approval and all access staircases to be contained within the building.
- (ii) That the land surrounding the proposed building shall be laid out and maintained in an ornamental manner.
- (iii) That the proposed development shall be actively commenced within twelve months of the date of the Interim Development Order.

(B).

Land—Finchley Road, Colders Green.
Applicant—Mr. W. J. Gregory.

For permission to develop the site at 538, Finchley Road, by the erection of a block of 30 flats on five floors. Having regard to the density, the requirements of the Town Planning Scheme, and that the erection of a five storey building at this point would materially affect the amenities of the adjacent two storey buildings, the Committee

RESOLVED TO RECOMMEND—That the application be disapproved.

(C).

Land—Edgware Road, Edgware.
Applicant—Messrs. Roberts & Reeve.

For permission to erect 34 flats and 8 shops on the vacant land facing the Edgware Road, between the Deans Brook and Deansbrook Road. Having regard to the question of air space, building line, and to the representations against the scheme by the Middlesex County Council under the provisions of Section 41 of their Act of 1934, the Committee

RESOLVED TO RECOMMEND—That the application be disapproved.

(D).

Land—St. Margaret's Road, Edgware.
Applicant—Greenshaw, Ltd.

Amended application for permission to develop the above land by the erection of 15 flats, instead of 18 as previously proposed (B. & T.P.C., 8/4/35—9 (D)). The lay-out has been modified so as to eliminate the objection of overlooking private property.

RESOLVED TO RECOMMEND—That an Interim Development Order be issued, subject to the following special conditions:—

- (i) The submission of satisfactory plans and elevations for the Council's approval and all access staircases to be contained within the building.
- (ii) That the whole of the land within the boundaries of the site and which surrounds the flats shall be laid out and maintained as gardens to the satisfaction of the Council.
- (iii) That the proposed development shall be actively commenced within twelve months of the date of the Interim Development Order.

(E).

Island Site—Watford Way, Hendon.
Applicants—(i) Mr. A. H. Dungay.
(ii) Mr. A. R. Peacey.

For permission to develop the above site, now occupied by cottages and the Old Forge, by the erection thereon of (i) a Petrol Filling station and Garage, and (ii) a Petrol Filling Station, the whole site to be used in connection with the sale of petrol.

Having regard to the land in question being scheduled under the Town Planning Scheme for residential purposes, the Committee

RESOLVED TO RECOMMEND—That the above applications be disapproved.

(F).

Land—Rushgrove Avenue, Hendon.
Applicant—Mr. S. S. Yeo.

For permission to erect 93 flats in two blocks on vacant land fronting Rushgrove Avenue. The site in question is the undeveloped portion of land referred to in Interim Development Order No. 138 which provides for the erection of 168 houses and the setting aside of a small portion of the estate as open space. 112 houses have been erected, leaving 56 to be built on the land now available. It will be recalled that in 1934, T. W. Heath (Neasden), Ltd., appealed unsuccessfully to the Minister of Health against the decision of the Council refusing permission to allow the erection of 104 tenement dwellings on the land in question.

Having regard to the excessive density of the proposed development, the Committee
**RESOLVED TO RECOMMEND—That the applicant be informed that the Council are
 unable to depart from the terms of the original Interim Development Order.**

- (C). Land—Colin Gardens, Hendon.
 Applicant—Mr. H. A. Robb.

For permission to develop two plots of land by the erection of flats. One site is situate at the junction of Colin Crescent with Colin Gardens, where it is proposed to erect twelve flats in three separate blocks of four flats each. The other site is at the junction of Colin Gardens with Crossway and provides for six flats in two blocks.

The Committee are of opinion that it is preferable for the flats to be constructed as one block of mansion flats, instead of houses sub-divided into two tenements and in view of certain amendments required in connection with the building line, the Committee

**RESOLVED TO RECOMMEND—That the applicants be informed accordingly, and
 in the meantime the application be disapproved.**

- (H). Land—Hale Lane, Mill Hill.
 Applicant—Mr. H. Soulsby.

For permission to erect a block of 27 flats on the vacant land fronting Hale Lane, Mill Hill, and adjacent to the Rawplug Co.'s Factory. An application for the erection of 24 flats on this site has already been approved, and the Committee

**RESOLVED TO RECOMMEND—That the applicant be informed that the Council
 offer no objection to the principle of this land being used for a block of flats, not
 exceeding 24 in number, subject to an adjustment of the building line and to the
 submission of satisfactory plans and elevations.**

- (I). Land—Green Avenue, Mill Hill.
 Applicant—Mr. R. Wilson.

For permission to erect five blocks of flats, each containing four tenements, on the above land.

Having regard to the excessive density of development and the unsatisfactory arrangement of the flats in a series of blocks of tenements, the Committee

RESOLVED TO RECOMMEND—That the application be disapproved.

- (J). Land—Tithe Walk, Hendon.
 Applicant—Messrs. Parfitt & Co.

For permission to erect two self-contained flats on a plot of land at the rear of the Farm House, near the junction of Tithe Walk with Page Street.

**RESOLVED TO RECOMMEND—That an Interim Development Order be issued, sub-
 ject to the following special conditions:—**

- (i) The submission of satisfactory plans and elevations to the Council's approval and all access staircases to be contained within the building.
- (ii) That the land surrounding the proposed building shall be laid out and maintained in an ornamental manner.
- (iii) That the proposed development shall be actively commenced within six months of the date of the Interim Development Order.

- (K). Land—Colindeep Lane, Hendon.
 Applicant—Miss R. Ford.

Amended application for the erection of 26 flats on the above land. (B. & T.P.C., 8/4/35—9 (B)).

The proposals include the provision of a separate footpath entrance in addition to the carriageway entrance.

rawn :—

With regard to the question of general repairs it was pointed out that in 1934/5, after excluding the amount for improvement and re-conditioning stated above, the cost of repairs had amounted to £6,848 15s. 9d. as against £4,310 5s. 8d. contributed to the Repairs Fund from the Rents Account.

It will be remembered that the Borough Treasurer's report was called for as a result of the recommendations of the Housing Committee (8/4/35—4) that the re-decoration of the houses included in the Kingsbury Road Scheme should be put in hand forthwith in spite of the fact that the Estate was not due to be dealt with in the programme for re-decorations and repairs until 1936/37.

Whilst appreciating that the present condition of the Kingsbury Road Scheme may warrant the acceleration of re-decorations and repairs, the Committee are of opinion that the Housing Committee should carefully review the existing arrangements and the programme for re-decorations and repairs to Council Houses in the light of the financial circumstances referred to above.

RESOLVED TO RECOMMEND—

- (1) That in connection with the improvement and re-conditioning expenditure, amounting to £4,774 6s. 3d., shown in the above statement, the following allocations be made:—

£2,392 18s. 10d. to the Housing Reserve Fund Account.

£2,381 7s. 5d. to the Housing Capital Account.

- (2) That the Housing Reserve Fund be maintained at a figure of £25,000 and that any surplus on the Rents Account not required to maintain that figure be taken as a special additional contribution to the Repairs Fund Account.

- (3) That the internal re-decoration where necessary of houses included in the Kingsbury Road Scheme be proceeded with as a matter of urgency.

★17.—COLNE VALLEY WATER COMPANY:

Charges.

It will be remembered that the Council at their meeting on the 10th December (F. and G.P.C., 3/12/34—21) decided to defer further action in relation to the application for the reduction of charges until the Company's accounts for 1934 had been examined.

In this connection the Borough Treasurer submitted a report on a recent letter from the County Solicitor, to the effect that the following proposals had been made as a basis for settlement in respect of which local authorities would be expected to withdraw their applications for revision of charges now before the Minister of Health:—

“The Company should agree to limit transfers from Revenue to the Contingency Fund to sums not exceeding £10,000 per annum, to Reserve Fund £5,000 per annum, and not to increase the Revenue carry forward by more than £2,000 per annum. In addition, the payment of back dividends should not exceed £5,000 per annum.

The Company would be prepared to make a statement agreeing to these limitations subject to the over-riding control of their shareholders. The Company would also, as from January, eliminate the remainder of the charge for the first bath, one half of which has been withdrawn as from January last.”

The proposals meet, to some extent, the arrangements arrived at on the last occasion, in that the Company has abolished half the charges for baths and now proposes to abolish the remaining half, but the question of charges for extra W.C's has not been dealt with. The Committee are of opinion that the Company should be pressed to make further concessions, and

RECOMMEND accordingly.

★18.—SHOPS ACTS :

PUBLIC HEALTH AND MEDICAL SERVICES COMMITTEE:

238.—RESOLVED—That the report of the above Committee (Meeting held on the 20th ulto.—Agenda, pages 534-539) be received.

Pages 536/7—Item 8—Immunisation against Diphtheria.

AMENDMENT moved by Alderman Monro, seconded by Alderman Egan, and

239.—RESOLVED—That the recommendation of the Finance and General Purposes Committee relative to the above be approved and adopted.

Councillor Gilpin read the following statement:—

IMMUNISATION AGAINST DIPHTHERIA.

In accordance with the suggestion of the Finance and General Purposes Committee, I have been in further consultation with the Medical Officer of Health and now beg to submit a statement on this subject.

The Scheme is being introduced because of the considerable number of enquiries from the public and from medical practitioners for information on the matter. Moreover, in a Memorandum (170/Med.) recently circulated to all members of the Council, the Ministry of Health suggests that attention should be paid to the advantages of diphtheria immunisation, and where practicable to offer the necessary facilities for protection.

Diphtheria is essentially a disease of children under fifteen years of age. About 60,000 cases are notified annually in England and Wales and the average annual number of deaths is 3,000.

As regard Hendon the average annual figures during the past 5 years were 170 and 6 respectively. Diphtheria patients are generally removed to hospital and are there for a period of about 6 weeks, the cost per completed case admitted being approximately £26 0s. 0d.

Whether the child is admitted to hospital or not, there is in addition a considerable interference with school life.

The cost of material for immunisation including a Schick Test works out at approximately 5/- per case. Immunity to Diphtheria is produced by three hypodermic injections at intervals of about a fortnight and takes three months from the date of the last injection to develop. At the end of this time it is possible by means of the Schick Test to ascertain if immunity has been established. The whole technique is simple and free from danger, while the reaction and discomfort are slight.

As regards the individual, the immunising method described produces in most cases a high degree of immunity and while sometimes children who have been immunised do contract diphtheria, the attack is generally very slight.

In the absence of widespread and successful propaganda the scheme is not likely appreciably to affect the incidence of diphtheria in the Borough; but on the other hand, as far as the individual is concerned, it is a preventive measure of established value.

The Scheme is intended to provide protection for those who desire it for their children. In these cases immunisation will be effected under the immediate supervision of the Medical Officer of Health for the Borough.

The Scheme is as follows:—

1. That this facility be provided for children between the age of 1 and 14 years (bearing in mind, however, that immunisation gives its best results in children under 6 years of age).

2. That a suitable request form be signed by the parent or guardian of each child.
3. That the necessary testing and inoculation be carried out by the Council's Medical Staff.
4. That the choice of agent and the method of immunisation be left to the discretion of the Council's Medical Officer of Health.
5. That a preliminary Schick Test be only performed in the case of children over 9 years of age.
6. That a final Schick Test be performed in all cases three to four months after the completion of the course.
7. That propaganda be confined to the distribution of suitable leaflets at the Health Centres, and to occasional articles in the "Better Health" Journal.
8. That no charge be made for this immunisation.

Hendon Way—Wessex Gardens ...	It would appear that a pedestrian operated signal would serve for the children at this point.
Watford Way—The Burroughs ...	A scheme is under consideration to provide signals at this point; crossings should wait for the signals.
Watford Way—Junction with Barnet Bye-Pass Road, near Page Street	A pedestrian operated signal should be considered across both arms—Watford Way and Great North Way.
Watford Way—Lawrence Street and Daws Lane	This junction is to be made into a roundabout with refuges. Crossings should be deferred.
Watford Way—Selvage Lane ...	Crossings should be provided with the roundabout.
Watford Way—Edgwarebury Lane	When development proceeds northwards, signals will be required; crossings can then be placed.
The Ridgeway, Mill Hill	This appears to be an isolated position. It is desired as far as possible to deal with routes; traffic also appears light.

Mill Hill Park Crossing has not been included in the list in view of the other proposals for dealing with this point which are under consideration.

The Borough Surveyor has drawn the Committee's attention to the fact that the Police and the Ministry of Transport are now prepared to agree to pedestrian operated signals being installed on Arterial Roads.

The Committee have given careful consideration to the Ministry's proposals and suggestions, and

RESOLVED TO RECOMMEND—That they be approved.

† (E). Junction of Hoop Lane, Meadway Gate and Temple Fortune Lane.

The Borough Surveyor reported that a letter had been received from the Ministry of Transport stating that the "Turn Left" signs which have been erected at the above junction are not of the authorised type and should be removed and that before any authorised signs are erected, application should be made for an Order for one-way traffic working.

RESOLVED TO RECOMMEND—That the necessary steps be taken to obtain an Order for the institution of a one-way system of traffic working at the junction in question.

† (F). Junction of Orange Hill Road and Deansbrook Road, Burnt Oak—
“Roundabout” Traffic System.

Pursuant to the Committee's instructions (Hi.C., 20/5/35—6 (C)) the Borough Surveyor submitted a plan indicating a scheme for the institution of a “roundabout” system of traffic working at the above junction. Owing to the limitation of the available space, the maximum radius which could be allowed for the centre island is, in the opinion of the Committee, such as to render a “roundabout” system of traffic working at this junction impracticable, and they accordingly

RESOLVED TO RECOMMEND—That no further action be taken in the matter at the present time.

† (G). Apex Corner—Junction of Watford Way with Barnet Way.

SUBMITTED: Letter from Mr. H. D. Bateman calling attention to the traffic conditions at the above junction and urging the Council to take steps with a view to an improvement of the conditions being effected by the appropriate authorities.

The Committee are informed that the Middlesex County Council have approved an estimate for the construction of a gyratory traffic lay-out at this junction, and

RESOLVED TO RECOMMEND—That Mr. Bateman be informed accordingly.

† (H). Refuge—Golders Green Road.

SUBMITTED: The following resolution passed by the Middlesex County Council on the 30th ultimo:—

“That an intimation be given to the Hendon Town Council that the County Council approve of the Local Authority constructing, in accordance with the Co-ordination Agreement, a refuge in Golders Green Road, opposite ‘The Prince Albert’ P.H., at a cost not exceeding £26, subject to the cost being charged to the Classification Grant for the current year, and to the Local Authority carrying out the necessary lighting arrangements.”

RESOLVED TO RECOMMEND—That the Middlesex County Council be informed that the Town Council will be prepared to carry out the necessary lighting arrangements.

(I). Junction of Pennine Drive and Purbeck Drive.

REPORTED: That the regulations made by the Minister of Transport on the 16th May for the introduction of a “roundabout” system of traffic working at the above junction became operative on the 27th May. **Noted.**

(J). Edgware Council School.

Attention was called to the desirability of a Police Constable being placed on duty in Station Road, Edgware, at the passageway leading to the Council School during the hours children are proceeding to and returning from school.

RESOLVED—That the matter be referred to the Education Committee for attention.

In Cricklewood Lane.—

West-bound tramcars to make at tail stop at tramway standard No. 180 as at present.

The Borough Surveyor reported that pursuant to the Council's instructions (Hi.C., 1/4/35—9 (D)) observations had been taken on the omnibus and tram routes set out hereunder and a statement was submitted shewing the result of such observations on each road:—

Route No. 143	Hendon Central Tube Station to London Bridge.

★7.—**PRIVATE STREET IMPROVEMENTS :**

† (A). **Garden City, Edgware.**

Mr. Thorpe states that his client is prepared to pay the sum of £52 10s. 0d. in respect of the Council's establishment charges in connection with the taking over of the section of Farm Road and the sum of £23 5s. 0d. in the case of the section of The Greenway.

The Committee are informed that the figures stated approximate to the charge which would be payable under the terms of the Council's standard agreement, and in these circumstances they

RESOLVED TO RECOMMEND—That the two roads in question be taken over by the Council on the following conditions:—

- (i) That a careful inspection be made and all defects found in the roads be made good to the satisfaction of the Council at the cost of the owner thereof;

- (ii) That the two sums mentioned above be paid to the Council before the roads are dedicated;
- (iii) That Mr. Streater contributes the sum of £25 towards the cost of the adjustments which are necessary at the point where Farm Road joins West Way.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

† (C). **Taking over of Roads on the Fairview Estate, Edgware.**

The Borough Surveyor reported that Hilbery Chaplin, Limited, are commencing the layout of the Fairview Estate, Edgware, and in connection therewith they have submitted a specification for laying out the carriageways of the roads in coloured concrete and they desire the Council to take over such roads as highways repairable on completion. † (H).

The views of the frontagers on the question of the retention of the grass verges are being obtained and the Committee have therefore noted the petition.

★8.—THE VALE, CRICKLEWOOD:*Dedication of Land.*

SUBMITTED: Report of the Borough Surveyor on his negotiations with Rolls Royce Limited regarding the continuation of the second carriageway of The Vale through to Claremont Road.

The remaining section of the second carriageway, 430 feet in length, has not yet been constructed as the owners of the land over which the carriageway will be constructed are not developing their estate. The continuance of the second carriageway through the Estate, which is vested in Rolls Royce Limited, is provided for in the Town Planning Scheme.

The Borough Surveyor points out that the present conditions at this point are undoubtedly dangerous to traffic and he had therefore been in negotiation with Rolls Royce Limited and submitted suggestions as the basis of an Agreement between the Council and the Company in order to secure an important improvement. He estimates the cost of carrying out the works involved at £1,259.

RESOLVED TO RECOMMEND—

(a) **That an Agreement be entered into between the Council and Rolls Royce, Limited, embodying the following terms:—**

- (i) Rolls Royce, Limited, shall convey, without consideration, to the Corporation for road widening purposes the land required for carrying out the completion of The Vale in accordance with the Town Planning Scheme. The land thus surrendered to be used only for road purposes.
- (ii) Rolls Royce, Limited, to be released from any road charges or other expenses relative to the carrying out of the works on the land thus given up and to undertake not to make any claim against the Corporation under the provisions of the Scheme.
- (iii) The work to be put in hand as soon as circumstances permit and to be completed as soon as possible, Rolls Royce, Limited, to have the ordinary rights of access from their land to the highway after it has been constructed.

(b) **That the Corporate Seal be affixed to all necessary documents;**

(c) **That the estimate amounting to £1,259 for carrying out the works involved be approved.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

★9.—DOLE STREET AND MILESPIT HILL, MILL HILL:

Boundary Line.

SUBMITTED: Report of the Borough Surveyor on a letter from the Paddington Borough Council suggesting a give and take line to form the future boundary of Dole Street along their property. The Committee are informed that the boundary line suggested is satisfactory, and accordingly

★10.—WEST HEATH ROAD, GOLDERS GREEN:

Paving of Strip of Land.

SUBMITTED: Report of the Borough Surveyor on a letter from Beechcroft Estates, Limited, asking the Council to pave with artificial stone paving the return frontage alongside the large block of flats recently erected by the Company at the junction of West Heath Road and Finchley Road, which is at present tarpaved, in order to improve the appearance of the flats. The Company previously surrendered to the Corporation a strip of land in Finchley Road and this has been paved with artificial stone paving by the Council.

The Borough Surveyor estimates the cost of the proposal at approximately £90, but points out that the existing tarpaving requires to be renewed and this will involve an expenditure of approximately £50. Having regard to the report of the Borough Surveyor, the Committee

RESOLVED TO RECOMMEND—**That the return frontage alongside the flats in West Heath Road be paved with artificial stone paving at an estimated cost of £90 and that the Borough Surveyor be authorised to put the work in hand.**

★11.—STATION ROAD, EDCWARE :

Under the terms of the conveyance to the Council of the piece of land adjacent to Edgware Station for the purpose of an open space, a strip of land approximately 430 feet in length and 30 feet in width was reserved to be used only as a road, one-half of the cost of laying out such road to be borne by the owners of the land on the north side thereof.

The owners concerned have made application for the road to be constructed and the Borough Surveyor informs the Committee that it is desirable that the work should be carried out as at present the site presents a very unsightly appearance and is used largely as a dump.

The Borough Surveyor suggests that the road should be made up under Section 150 of the Public Health Act, 1875, and the cost charged to the frontagers concerned and he has accordingly submitted plans and estimates for carrying out the work. The estimated cost is £443, of which sum £34 15s. 0d. will fall to be borne by the Council in respect of the end frontage.

RESOLVED TO RECOMMEND—

- (a) That the report and plans and estimates submitted by the Borough Surveyor be approved;
- (b) That notices under Section 150 of the Public Health Act, 1875, be served upon the frontagers concerned and that a period of three months be allowed to the frontagers to carry out the work.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal and Recommend—That application be made to the Minister of Health for sanction to the raising of a loan of £443 for a period not exceeding seven years.]

Plans and Estimates.

In connection with the Compulsory Purchase Order which has been submitted for the confirmation of the Minister of Transport for the acquisition of land for a road and other purposes in the vicinity of the Woodside Park Estate, the Ministry require to be furnished with plans and estimates relating to the construction of the road.

The Borough Surveyor has accordingly submitted plans and estimates for the construction of the road and also the necessary sewer and surface water drains. The sewer will not only serve the proposed road but will also provide an outlet for a sewer to be constructed in the future in Partingdale Lane.

The estimated cost of the construction of the road and sewers is £9,571 which includes an amount which it is estimated will be payable to the owners of the land for compensation.

RESOLVED TO RECOMMEND—That the plans and estimates be approved and forwarded to the Ministry of Transport but that formal application for loan sanction be deferred until the Compulsory Purchase Order is confirmed and the amount of compensation agreed.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

★7.—STAFF :

(A).

Colders Green Branch Library.

† (i).

Librarian-in-Charge.

On the 29th October last (Li.C., 15/10/34—11 (A)) the Council approved the staffing arrangements for the Colders Green Branch Library, which provided for the appointment of one Librarian-in-Charge, one First Assistant and four Junior Assistants. The four Junior Assistants have already been appointed and taken up duties. The Chief Librarian has now submitted a report with suggestions for filling the positions of Librarian-in-Charge and First Assistant.

He suggests that Mr. W. B. Stevenson, Senior Assistant, who is at present in charge of the Central Lending Department, should be appointed to the position of Librarian-in-Charge. Mr. Stevenson, who is 29 years of age, has been in the service of the Council since November, 1929, and for 5½ years previously he was on the staff of the Wallasey Public Libraries. He has passed all the examinations of the Library Association—the Final, Part 1 (with merit) and the examination in German since being appointed to Hendon—and is thus qualified for the Diploma.

Mr. Stevenson's present salary is £340 per annum—the maximum of Grade C.2—which he reached in November last. It is pointed out, however, that the suggested promotion will involve considerably increased responsibilities, and the Committee have, therefore, given careful consideration to the question of salary.

RESOLVED TO RECOMMEND—That Mr. W. B. Stevenson be promoted to the position of Librarian-in-Charge of the Colders Green Branch Library as from the 1st October next, at a salary of £380 per annum in Grade B.1 of the Council's salary scale.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal and Recommend—That application be made to the Minister of Health for approval to the establishment of a further designated post in Grade B.1.]

† (ii).

First Assistant.

The First Assistant will be required to take charge of the Branch in the absence of the Librarian-in-Charge and will also have special duties as Branch Children's Librarian under the supervision of Miss Colwell, the Children's Librarian.

The Chief Librarian recommends the promotion of Miss B. J. Ash to the position. Miss Ash is 27 years of age and entered the Library Service in July, 1929. Prior to being appointed to the staff, Miss Ash served as a voluntary assistant under the original School Library Scheme. She has passed five out of the six sectional examinations of the Library Association and only requires to pass the Final, Part 1 (Literary History) to complete her qualification for the Diploma. She is at present in receipt of a salary of £170 per annum in Grade "D" which rises by £15 annually to £230 per annum.

RESOLVED TO RECOMMEND—That, as from the 1st October next, Miss B. J. Ash be promoted to the position of First Assistant of the Colders Green Branch Library and that her salary be increased to £200 per annum (Grade D).

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

† (iii).

Caretaker.

SUBMITTED: Report of the Chief Librarian regarding the appointment of a Caretaker for the Branch Library. He points out that it will be desirable for the person appointed to take up duties about a fortnight before the opening of the Branch.

RESOLVED TO RECOMMEND—That authority be given for the issue of advertisements inviting applications from men, not over 40 years of age, for the position of Caretaker at the Golders Green Branch Library at a wage commencing at £3 per week, rising by 2/6d. per week annually, to a maximum of £3 10s. 0d. per week, plus uniform.

[Having considered the matter in its financial bearing the Finance and General Purposes Committee concur in the proposal and Recommend—That application be made to the Minister of Health for approval to the establishment of a further designated post of Caretaker.]

(B) **Central Library.**
† (i) **Senior Assistant.**

The promotion of Mr. W. B. Stevenson to the position of Librarian-in-Charge of the Golders Green Branch Library will render vacant the position of Senior Assistant at the Central Library. The Chief Librarian suggests that advertisements be issued inviting applications to fill the position from Fellows or Associates of the Library Association at a salary in accordance with Grade C.2 of the scale (£280 by annual increments of £20 to £340).

RESOLVED TO RECOMMEND—That authority be given for the issue of advertisements inviting applications from Fellows or Associates of the Library Association for the position of Senior Assistant at the Central Library at the salary in accordance with Grade C.2 of the scale (£280 by annual increments of £20 to £340 per annum).

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

† (ii) **Junior Typist.**

The promotion of Miss Ash to the position of First Assistant at the Golders Green Branch Library will create a vacancy for a Junior Assistant at the Central Library. The Chief Librarian points out, however, that it is not possible at this stage to estimate the effect of the opening of the Golders Green Branch on the work of the Central Library, but that the opening of the branch and other branches will mean a considerable increase in general administrative work, which will be centralized, especially in regard to the typing for the Union Catalogues which will be needed. He suggests, therefore, that for the time being, the vacancy for a Junior Assistant be not filled but that in order to cope with the additional administrative work a Junior Typist be appointed at a salary in accordance with the appropriate grade (Typists—Grade 1; £80 at 18 years of age, by annual increments of £15 to £140 per annum).

RESOLVED TO RECOMMEND—That the report of the Chief Librarian be approved and that authority be given for the issue of advertisements inviting applications for the position of Junior Typist at a salary in accordance with Grade 1 of the Typists' Grade.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal and Recommend—That application be made to the Minister of Health for approval to the establishment of a further designated post of typist.]

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

★2.—HENDON TOWN PLANNING SCHEME NO. 1:

† (A).

Middlesex Review Order, 1934.

Transferred Areas to Hendon.

The Council on the 13th May last (B. & T.P.C., 8/4/35—4) passed a resolution revoking the application of the resolution of the Finchley Council of the 22nd October, 1928, approving the Finchley Town Planning Scheme No. 1 in so far as such resolution applied to the areas transferred from Finchley to Hendon under the above Order. The Ministry of Health observe that the original resolution of the Finchley Urban District Council on the 15th July, 1912, deciding to make application to the Local Government Board for authority to prepare the Scheme remains in force, and it is considered desirable that a fresh rescinding resolution should be passed by the Hendon Borough Council in respect of the original resolution.

RESOLVED TO RECOMMEND—

(i) That the resolution of the Finchley Urban District Council passed on the 15th July, 1912, deciding to make application to the Local Government Board for authority to prepare the Finchley Town Planning Scheme No. 1 be rescinded in so far as such resolution applies to the areas in the Carden Suburb, transferred from the Borough of Finchley to the Borough of Hendon under the Middlesex Review Order, 1934.

(ii) That application be made for the approval of the Minister of Health to this resolution under Section 6 (4) of the Town and Country Planning Act, 1932.

† (B).

New Streets—Bye-Laws.

SUBMITTED: Letter from the Minister of Health, with regard to the Council's application (B. & T.P.C., 27/5/35) for an amendment to Bye-Law 8 (1) intimating that he cannot agree that an increase in the width of a standard street to fifty feet as now proposed is justified.

Having regard to the standard street width under the Town Planning Scheme, the extensive provision for new streets made therein and the incidence of charge for the construction of new streets, the Committee

RECOMMEND—That further representations be made to the Minister with a view to the amendment of Bye-Law 8 (1) in the series of Bye-Laws with respect to new streets and buildings, to provide 50 feet for the width of the standard street.

(C).

Ministry of Health—Public Inquiry.

The Chairman drew attention to the Public Inquiry recently held by the Ministry of Health into the application of the Council for the approval of the Hendon Town Planning Scheme No. 1, and the Committee complimented the Town Clerk and the Borough Surveyor upon the able manner in which the case was conducted on behalf of the Council.

★3.—LAND, NEAR BRENT PARK :

Release of Restrictions.

SUBMITTED : Report of the Borough Surveyor upon an application from Messrs. Ford and Leach on behalf of the owner of property known as "The Gables," Woodlands, for the release of a restrictive covenant prohibiting, for a period of 25 years from the date of conveyance, the use of adjoining land and buildings for any purpose other than for private dwelling houses or for professional purposes. The covenant will normally expire in 1939.

As the owners of the land forming Brent Park, the Council are asked to release the covenant or to so modify it as to allow the erection of residential flats. It will be recalled that the Council have already issued an Interim Development Order to Messrs. Bierrum & Partners permitting the erection of flats on a portion of this land (B. & T.P.C., 11/3/35—6) and there would not appear to be any objection to the release of the restrictions on the portion of land referred to so far as they do not exceed the terms of the Interim Development Order.

RESOLVED TO RECOMMEND—That the Council accede to the request, and that Messrs. Ford & Leach be informed accordingly.

★4.—SUNNY HILL PARK :

Acquisition of Additional Land.

SUBMITTED : Report of the Borough Surveyor relative to his negotiations with Messrs. Johnston Evans for the acquisition of a plot of land fronting Great North Way. The acquisition of such land will considerably improve the amenities of this Park. The purchase price of the land is £825.

In addition it is desirable to purchase a further strip of land at a cost of £10 in order to improve the boundaries of the Park.

RESOLVED TO RECOMMEND—That authority be given for the acquisition of the the two plots of land at a total cost of £835,

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

★5.—LAND, MILL HILL :

Acquisition of Land adjoining Scratchwood.

SUBMITTED : Report of the Borough Surveyor relative to his negotiations for the acquisition of approximately 62 acres of land on the Moat Mount Estate (B. & T.P.C., 27/5/35—3).

The Solicitors to the Vendors have agreed to accept a sum of £18,000 for the sale of the land to the Council.

RESOLVED TO RECOMMEND—

- (i) That the Council purchase the land at a sum of £18,000.
- (ii) That application be made to the Minister of Health for sanction to a loan of £18,500, including £500 for legal costs, etc.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposals and Recommend—That the purchase be made under Section 137 of Hendon Urban District Council Act, 1929, and that the application to the Minister in respect of the Loan be for a period not exceeding 60 years.]

★6.—APPLICATIONS FOR INTERIM DEVELOPMENT ORDERS :

SUBMITTED: Report of the Borough Surveyor on the following applications:—

- † (A). Land—Church Walk, Childs Hill.
Applicant—Mr. H. Lidbetter.

For permission to develop the site at present occupied by All Saints' Vicarage for the purpose of a block of flats five storeys in height, and a new Vicarage. Further information is required in connection with the development of Church Walk, and having regard to the proximity of these flats to Lyndale Avenue in relation to the height of the buildings, the Committee

RESOLVED TO RECOMMEND—That the application be disapproved.

- † (B). Land—South-west side of Edgware Road, Hendon.
Applicant—Mr. W. F. Thorpe.

For permission to develop a plot of land adjoining the house known as "Clarendon," Edgware Road, by the erection thereon of a shop with a flat over. Having regard to the building line, the Committee

RESOLVED TO RECOMMEND—That the application be disapproved.

- † (C). Land—North-west side, North Circular Road, Hendon.
Applicant—Mr. W. F. Thorpe.

For permission to erect on a plot of land fronting the North Circular Road, nearly opposite Claremont Road, a building for use as a tea room. No accommodation is provided for vehicles whose drivers might be using the tea room and the application is not in accordance with the zoning proposals of the Town Planning Scheme.

RESOLVED TO RECOMMEND—That the application be disapproved.

- † (D). Land—Junction of Holders Hill Road with Devonshire Road, Hendon.
Applicants—Messrs. Swannell and Sly.

For permission to develop the above land by the erection of twelve shops, the lay out of which provides for a traffic circus as contemplated by the Town Planning Scheme. There would not appear to be any objection to the principle of the erection of shops on this frontage.

RESOLVED TO RECOMMEND—That the applicants be informed that the Council will be prepared to issue the necessary Interim Development Order in connection with the above proposals, subject to the following conditions:—

- (i) Further information being given as to the nature of the elevations and accommodation to be provided for the shops;
- (ii) Information being given as to the use of the forecourts shown between the building line and the boundary of the road; in particular, whether any service road is to be provided;
- (iii) To a secondary means of access being provided by means of a road at the rear with an adequate turning space or a second outlet;
- (iv) The provision of a belt of trees to screen the back of the shops from adjacent residential property.

- † (E). Factory—Ever-Ready Razor Products Ltd., Edgware Road, Hendon.
Applicants—Messrs. C. Hubbard & Son.

For permission to erect a chimney sixty feet in height above ground level in connection with the heating and ventilation of the factory. There does not appear to be any objection to the proposal, subject to the chimney not being used for advertising purposes, and

RESOLVED TO RECOMMEND—That an Interim Development Order be issued accordingly.

† (F).

Land—Albert Road, Hendon.
Applicants—Messrs. Fuller, Horsey, Sons & Cassell.

For permission to undertake the extension of the existing factory known as "Etna Works," Albert Road, Hendon. An Interim Development Order No. 187 was issued in November, 1931, to The Hobart Manufacturing Company, dealing with the extension of these works. The present proposals provide for a greater extension than formerly contemplated, and in view of the excessive proportion of the site to be covered, the Committee

RESOLVED TO RECOMMEND—That the application be disapproved, and the applicants informed that the Council will be prepared to approve plans based on the Interim Development Order already issued.

† (G).

Land—Watford Way, Mill Hill (near its junction with Barnet Way).
Applicant—Mr. C. H. Nicholls.

An amended Scheme for the development of the above land by the erection of blocks of flats (B. & T.P.C., 11/3/35—8 (L)).

In view of the excessive density of the proposals, and the character of the adjacent property, the Committee

RESOLVED TO RECOMMEND—That the application be disapproved.

† (H).

Land—Junction of Barnet Gate with Hendon Wood Lane, Mill Hill.
Applicants—Messrs. Richards & Co.

For permission to erect on the above land a Convalescent Hospital Home for children. Having regard to the situation of the land there does not appear to be any objection in principle to the proposal, and

RESOLVED TO RECOMMEND—That an Interim Development Order be issued containing the following special conditions:—

- (i) That satisfactory plans and elevations shall be submitted to the Council's approval;
- (ii) That the land surrounding the proposed building shall be laid out and maintained in an ornamental manner;
- (iii) That the boundary in Barnet Gate and Hendon Wood Lane shall be adjusted where necessary;
- (iv) That the proposed development shall be actively commenced within twelve months of the date of the Interim Development Order.

† (I).

Land—Byron Road, Mill Hill.
Applicants—Messrs. J. Baker, Cooke and Standen.

For permission to erect twelve flats on the above land. There does not appear to be any objection in principle to a block of flats on this land, but the Committee are of opinion that it is preferable for the flats to be designed as one block, instead of three pairs of semi-detached houses.

RESOLVED TO RECOMMEND—That the applicants be informed accordingly, and in the meantime the application be disapproved.

† (J).

Land—Barnet Way, Mill Hill.
Applicant—Mr. H. W. Binns.

For permission to develop the above land, 13½ acres in extent, adjacent to the Moat Mount Golf Course, by the erection of 228 flats in sixteen blocks. The applicant's attention should be called to the fact that the granting of an Interim Development Order does not remove any restrictions believed to exist on parts of this property.

RESOLVED TO RECOMMEND—That an Interim Development Order be issued containing the following special conditions:—

- (i) That satisfactory plans and elevations shall be submitted to the Council's approval and all access staircases to be contained within the building;
- (ii) That the land surrounding the proposed flats shall be laid out and maintained in an ornamental manner;
- (iii) That the proposed restaurant and swimming bath forming part of the scheme shall be for the use of the occupants of the flats only;
- (iv) That the proposed development shall be actively commenced within twelve months of the date of the Interim Development Order.

† (K).

RESOLVED TO RECOMMEND—That the Borough Surveyor be instructed to negotiate with the applicants on the lines indicated in his report, and in the meantime the application be disapproved.

† (L).

Land—Hale Lane, Edgware.
Applicant—Mr. H. Soulsby.

For permission to erect two blocks of flats, totalling 16 in all, on land at the junction of The Grove with Hale Lane, Edgware.

Having regard to the excessive density, and the character of the surrounding property, the Committee

RESOLVED TO RECOMMEND—That the application be disapproved.

RESOLVED TO RECOMMEND—That authority be given for the Corporate Seal to be affixed to the Agreement with the London Passenger Transport Board irrespective of any indemnity from the County Council.

★15.—COUNTY GUIDE :

REPORTED : That E. J. Burrows & Company, Limited, of Cheltenham, propose to produce a County Guide Book of Middlesex, in respect of which they ask for the interest and goodwill of the Council. The responsibility for the book will rest entirely with the publishers.

In this connection the Committee were reminded of the existing arrangements with the Suburban and Provincial Association relating to the local guide book.

RESOLVED TO RECOMMEND—That Messrs. E. J. Burrows & Company, Limited, be informed that the Council approve the proposal to devote a section of the book to descriptive matter on the Borough of Hendon.

★16.—NATIONAL SMOKE ABATEMENT SOCIETY :

SUBMITTED : Letter from the above Society inviting the Council to become affiliated members.

RESOLVED TO RECOMMEND—That no action be taken.

★17.—ASSOCIATION OF MUNICIPAL CORPORATIONS :

SUBMITTED : Letter from the above Association with regard to the proposed dinner on the 22nd October, 1935, to celebrate the centenary of Local Government.

RESOLVED TO RECOMMEND—That His Worship the Mayor (Councillor B. Flowers, J.P.), the Deputy Mayor (Alderman C. C. Cartwright, M.B.E., J.P.) and the Town Clerk, be appointed the Council's representatives to attend this function.

★18.—CENTRAL DEPOT, HENDON WAY :

W. Moss & Sons, Ltd., North Circular Road, Cricklewood, N.W. 2	13,258	12	7

The amount of the estimate approved by the Minister of Health for these works is £12,334, excluding the salary of the Clerk of Works, Printing, Legal Costs, etc. The lowest tender, that of Wm. Moss & Sons, Limited, for £13,258 12s. 7d. is therefore £924 in excess of the estimate, and this is accounted for by recent rises in the costs of material and labour.

It has been pointed out that the estimate and tender provides for the construction of a covered store for tar macadam and in view of the facilities available for obtaining tar macadam delivered direct to the highways for which it is required, the Committee gave consideration to the question of eliminating this item, which would have the effect of reducing the lowest tender to £12,456 5s. 5d.

RESOLVED TO RECOMMEND—

- (i) That the construction of a covered store for tar macadam be deleted from the contract;
- (ii) That subject to the usual financial enquiries the tender of William Moss and Sons, Ltd., amounting to £12,456 5s. 5d. be accepted;
- (iii) That the Corporate Seal be affixed to the necessary contract.

★19.—OPEN AIR SWIMMING BATH, WEST HENDON :

Pursuant to Item 18 of the Works and Fire Brigade Committee Report, 1/7/35, the Borough Surveyor submitted his report and estimate of cost for the installation of heating apparatus in connection with the proposed re-construction of the above bath.

It is understood that the practice of heating open air baths is not generally adopted, but where installed the water is heated before returning to the bath after filtration and sterilization. It would appear that the heating of the water at open air baths has not been satisfactory and has not encouraged bathing to any appreciable extent. Having regard to the additional capital cost involved, estimated at £1,550, the Committee

RECOMMEND—That no action be taken in the matter.

★20.—HENDON GROVE :

SUBMITTED : Borough Surveyor's report on an application from the Hendon Branch of the Townswomen's Guild for permission to hold an open air meeting on the 8th August in the grounds of Hendon Grove.

RESOLVED TO RECOMMEND—That permission be granted, subject to the Guild undertaking to make good any damage done to the grounds.

21.—REVIEW OF ELECTORAL DIVISIONS :

The Council will remember that upon consideration (F. & G. P. C., 24/9/34—15. Council 1/10/34) of the County Council's tentative proposals for the re-distribution of Electoral Divisions the Council were in general agreement with the proposals subject to an adjustment to provide for Golders Green and the Garden Suburb to constitute one Electoral Division instead of Childs Hill and the Garden Suburb.

The proposals of the County Council have now been submitted to the Secretary of State and a copy of the report is on deposit at these offices. The report embodies the adjustment referred to above and does not therefore appear to call for any further representation.

The effect of the report is a net increase of 5 in the number of County Electoral Divisions (from 75 to 80), which will similarly increase the number of County Councillors, but the proposals will not become effective as a basis for elections until the next ensuing ordinary election of County Councillors in the year 1937.

The number of Electoral Divisions in the Borough of Hendon is increased from 3 to 6 as shown in the following statement :—

Name of Electoral Division.	Ward of Borough.	Acreage (approx.).	Population (Census, 1931).	Local Government Electorate (1934 Register).
Hendon North	Mill Hill	2,695	17,146	8,411

22.—POLLING DISTRICTS :

West Hendon Ward.

SUBMITTED : Letter from the County Council intimating their approval of the proposals for the alteration of the boundary between the West Hendon North and South Polling Districts (F. & G.P.C., 15/4/35—15).

The alterations will take effect on the publication of the new Register of Electors on the 15th October next. **Noted.**

23.—WEST MIDDLESEX SEWERAGE AND SEWAGE DISPOSAL :

SUBMITTED : Letter from the County Council intimating that they had considered the question of the incidence of the sewage rate in connection with the West Middlesex Drainage Scheme as from the 1st October next, when the scheme comes into operation.

Although it is anticipated that the Purification Works will be in operation by the 1st October next, it will not be possible, on account of engineering and bacteriological difficulties, for all the local works to be connected simultaneously on the appointed day, and the actual linking up of the works will be spread over a period of a few months.

Under the Middlesex County Council Act, 1931, the County Council assume the financial responsibility for the loan charges outstanding on the 1st October next, and the County Council consider it equitable that the cost of the maintenance of the sewage disposal works of the constituent districts should be equalised over the area as from that date, and at their Meeting on the 30th April, adopted a resolution to the following effect:—

“That as from the 1st October, 1935, the cost of the maintenance of the Sewage Disposal Works of the Local Authorities remaining in operation in the area of the sewerage district be an equalised rate over the sewerage district.” **Noted.**

24.—BILLS IN PARLIAMENT:

(A).

London Passenger Transport Board.

This Bill was reported to the Council (F. & G.P.C.) in January last, and authority was then given for the submission of a petition against it if found necessary.

The main object of the Bill is the substitution of trolley vehicles for tramways, including, amongst other places, the Finchley Road and Cricklewood Lane. The provisions of the Bill are substantially the same as the legislation promoted in 1934, which affected the Edgware Road, in respect of which the Board gave an undertaking to pay to the Council certain rates for reinstatement of the roadway forming the tramway.

A petition against the Bill was presented by the County Council and negotiations between the Board and the Council's Parliamentary Agents have proceeded on similar lines, as in 1934. The Board have now given an undertaking in the following terms on the understanding that the Local Authorities concerned refrain from all further opposition.

“(1) That upon the expiration of the notice of abandonment under Section 23 of the London Passenger Transport Act, 1933, of any such tramway or part thereof the Board shall pay to the Council in respect of the reinstatement of so much of the road in which such tramway or part is laid as the Board is liable to maintain the under-mentioned rates per superficial yard:—

Wood paving or macadam tramway track	6/-
Granite set tramway track	5/-

(2) Upon the making of such payment the Board shall be relieved from all its obligations in respect of the maintenance of the road to which such payment relates and the Council shall indemnify the Board against all claims, liabilities, costs, charges and expenses in respect of or in connection with the tramway track or removal thereof or the restoration of the surface of the said road and shall with all reasonable despatch carry out the work and reinstate the said road.

(3) The rails, paving and sub-structure of the tramway to which such notice relates shall become and be the property of the Council: Provided that nothing herein contained shall be construed as vesting in the Council any apparatus provided or used in connection with any tramway or part thereof which the Board shall require to use for working the trolley-vehicles.” **Noted with satisfaction.**

(B).

Metropolitan Water Board.

This Bill was also reported to the Council (F. & G.P.C.) in January, and authority was then given for the submission of a petition against it if found necessary.

The Board seek powers to lay another aqueduct from the boundary of the Borough on the Edgware Road to the Finchley boundary, generally following a line through The Vale, Golders Green and the Garden Suburb.

A clause for the protection of the Corporation was obtained, dealing with, traffic not to be unreasonably impeded or interfered with; no building machinery works or apparatus to be constructed so as to project above the surface within the limits of deviation on highways or roadside wastes; notices as to breaking up of streets or opening drains extended from 3 to 7 days before beginning the works; clearance between aqueduct and existing sewers to be

at least six inches; filling in of trenches to the satisfaction of the Corporation; precautions reasonably required by the Corporation to be taken in relation to the temporary discharge of water into streams; and arbitration in case of difference.

As the question of reinstatement of public highways was still outstanding a petition against the Bill was prepared and deposited as a matter of precaution. Negotiations followed with the Board in which the Borough Surveyor suggested that enquiries might be made as to whether the Board would give the same facilities as in 1921, under which the Council executed the reinstatement of public highways and charged the cost to the Board.

Agreement was reached on these lines, the petition withdrawn and an undertaking has been received from the Board in the following terms:—

"In consideration of the withdrawal of the Petition of the Hendon Corporation against the above Bill in the House of Lords I undertake on behalf of the Metropolitan Water Board that if the Hendon Corporation so require by notice in writing to the Board within fourteen days after the receipt of the notice of intention to open or break up any street in the Borough of Hendon which the Board are required to give to them, the Corporation may execute the work of filling in, making good and restoration referred to in paragraph 1 of the proviso to the Section of the Act the marginal note of which is "Breaking up of roads and footpaths" and the Board shall on completion thereof pay to the Corporation the reasonable expenses incurred by them in so doing including the maintenance of temporary surfaces and the making good of any damage caused by subsidence of the street or any part thereof due to the carrying out by the Board of the works for the purposes of which the street was opened or broken up." **Noted with satisfaction.**

★25.—COLNE VALLEY WATER COMPANY:

(A). *Communication Pipes.*

Pursuant to the undertaking given at the last meeting of the Council, the Committee have reviewed the position with regard to the liability for communication pipes in the Colne Valley Water Company's area.

In this connection it will be remembered that in 1934 the Council approached this Company with a request that they should take the necessary steps for the promotion of legislation on similar lines to that obtained by the Metropolitan Water Board in 1932, under which the liability for communication pipes was transferred from the owners of properties connected to the mains, to the Company.

The reply received intimated that the Directors were of opinion that the question was one for general legislation and that it was understood to be receiving the consideration of the Minister of Health as well as The British Water Works Association and the Water Companies Association.

In a letter, dated the 28th June, the Ministry state that a Select Committee of both Houses of Parliament has been appointed "to consider and report on measures for the better conservation and organisation of water resources and supplies in England and Wales" and the question of liability for communication pipes is one of the matters which will be brought to the attention of the Committee.

† (B). *Charges.*

SUBMITTED: Letter from the Colne Valley Water Company stating that in connection with the proposals referred to in Item 17, F. & G.P.C., 3/6/35, an intimation had been given that the Company did not feel justified in binding themselves to the acceptance of the limitations suggested, but they would bear them in mind when the Company's accounts for 1935 come under review.

With regard to charges for baths and W.C.'s the Company state that the first step, *i.e.*, the elimination of one-half of the charge for the first bath, as from January last, has already been taken, and whenever it is possible to abolish further extra charges the Board will only be too pleased to do so.

RESOLVED TO RECOMMEND—

- (i) That the Colne Valley Water Company be informed that the Council are not satisfied with the position and that further pressure be brought to bear in the matter;
- (ii) That copies of the correspondence with the Colne Valley Water Company be sent to the Middlesex County Council and the other interested Local Authorities.

51.—COUNCIL'S INSURANCE FUND :

The insurance of Refuse Collection Containers (valued at £4,000) to be carried by the Fund at an annual premium of £3 as from 1st August, 1935, was approved.

Under the Housing Act, 1935, the Corporation becomes responsible for the insurance of the 215 houses erected under the 1919 Act. As the original cost of these houses, which were erected some 15 years ago, is not comparable with present day costs it is proposed to value the properties for insurance by reference to the original cost and the period which has elapsed since they were built. On this basis the present value is £152327. Revaluations on the basis referred to will be made every five years until the original cost is reduced by one half.

I, therefore, approved the following proposal:—

Period.	Value. £	Annual Premium. £
2nd August, 1935, to 31st March, 1940	152327	75
1st April, 1940, to 31st March, 1945 ...	135402	70
1st April, 1945, to 31st March, 1950 ...	118477	60
1st April, 1950, to 31st March, 1955 ...	101552	60

The premium of £60 is suggested as an ultimate minimum having regard to the long term liability on the Council's Insurance Fund.

Accompanied by a number of Members of the Council, I made a tour of many of the Parks and Open Spaces on the 14/15th August, and I am pleased to record the great pleasure it gave to the party to see the excellent manner in which large tracts of land have been developed, and are being maintained for all time for the health, recreation and general benefit of the inhabitants.

57.—BRENT STREET—ISLAND SITES :

Following the enquiry into the Council's application for a Compulsory Purchase Order in respect of island sites in Brent Street, it was suggested that a compromise might be effected under which the small plantation on the west side should be conveyed to the Corporation, the necessary widening of the footpath carried out and the remainder leased to the present owner for life at a nominal rent subject to a satisfactory undertaking as to maintenance. I authorised negotiations for a settlement in the matter on the lines indicated.

58.—MAYOR'S JUBILEE FUND :

The receipts to date amount to £1,863 17s. 4d., including proceeds of the Jubilee Rose Day. The receipts in July amounted to £58 16s. 7d. and in August to £3 16s. 0d.

I particularly desire to raise at least £2,000 and further donations will be thankfully received. It may be that certain individual efforts were made on behalf of the Fund the proceeds of which have not yet reached me. I would ask any persons who may have moneys in hand to transmit them to me not later than the 30th instant.

59.—GENERAL MATTERS :

I dealt with many matters of a routine character brought before me by the Treasurer, none of which call for special comment.

In conclusion I desire to record my appreciation of the valued assistance of the Chief Officers and their staffs during the Recess.

Item 2—Postal Facilities, Mill Hill.

On consideration of the above item, Councillor Pugh enquired whether any information could be given as to the area the Crown Post Office to be erected at Mill Hill was intended to serve. The Mayor replied that it was assumed it would serve the Mill Hill area, but that at the moment the actual site upon which it would be erected was not known.

Councillor Clemens called attention to the inadequate Post Office facilities in the Hoop Lane area of Golders Green Road and intimated that a letter bearing on the subject was being sent to the Council. He enquired if the matter could be placed on the Agenda for the next meeting of the Finance and General Purposes Committee.

Councillor Arter expressed the hope that steps would be taken at the earliest possible date with a view to adequate facilities being provided for transacting Post Office business in Hendon Central.

Alderman Shakespeare asked whether the appropriate Committee would re-open the question of Edgware being included in the London Postal Area.

The Chairman of the Finance and General Purposes Committee (Alderman Monro) intimated that the Post Office facilities throughout the whole of the Borough would be considered at the next meeting of the Committee.

Item 7—Site of Caravan Standing, Brent Cottage, Edgware Road, West Hendon.

In reply to a question by Councillor Griffiths, the Mayor stated that in the case of caravan dwellers every effort was being made to ensure compliance with the Council's sanitary requirements.

Item 8—Food Poisoning.

In reply to Councillor Pugh, the Mayor stated that in the case of the Mill Hill residents whose deaths occurred outside the Borough as a result of food poisoning, the food was not obtained within the Borough.

HOSPITAL ACCOMMODATION FOR INFECTIOUS DISEASES :

The Town Clerk submitted the following report :—

It will be remembered that in July, 1933, the County Council formulated their Scheme under Section 63 of the Local Government Act, 1929, for the provision of adequate hospital accommodation for infectious diseases.

The Scheme provided that the County should be divided into four Hospital areas, each comprising from seven to nine County Districts, and for the formation of Joint Hospital Boards or Committees.

The Borough of Hendon was included in No. 2 area and the seven County Districts, now reduced to four, Hendon, Willesden, Harrow and Wembley (Middlesex Review Order, 1934), held conferences which resulted in representations to the Minister against the Scheme.

The Minister of Health has now approved the Scheme with modifications. It provides for some eleven hospital areas and stipulates that Hendon

"shall provide Hospital accommodation comprising not less than 120 beds which shall be available for patients from the Borough."

Similarly, Willesden is to provide 150 beds and Harrow 100. Wembley patients shall be admitted to the Hospital at Acton (115 beds).

The Council will note that their objection to the formation of a Joint Hospital Board for the management of the Hendon Isolation Hospital has been met. Hendon expressed its willingness to treat patients from other areas in so far as accommodation was available and provision is made in the Scheme as to the admission of patients from other parts of the County :—

"Every authority within the County providing or maintaining a hospital pursuant to this Scheme shall, if in the opinion of the County Medical Officer of Health circumstances so require and accommodation is available, admit patients from any part of the County on such terms as may be agreed between the authorities concerned or, in default of agreement, on such terms as may be determined by a single arbitrator in accordance with and subject to the provisions of the Arbitration Act, 1889, or any statutory modification thereof for the time being in force."

Any representations with regard to the Scheme are to be submitted before the 25th instant, but as the points raised by the Council have been adequately met no further action would appear necessary. **Noted.**

VOTE OF THANKS TO THE MAYOR :

Moved by the Deputy Mayor (Alderman Cartwright), seconded by Councillor Clemens, and

318.—RESOLVED UNANIMOUSLY—That a hearty vote of thanks be accorded to His Worship the Mayor for the work he has carried out in his official capacity during the Recess, and for his comprehensive report thereon.

BRANCH LIBRARY, BURNT OAK :

Councillor Sharpe enquired whether any notification had been received regarding the Ministry of Health Inquiry into the application relative to the proposed Branch Library at Burnt Oak.

The Mayor stated that a communication which had been received from the Ministry would be placed before the appropriate Committee.

MAYOR ELECT :

In reply to Councillor Naar, who suggested that an official announcement should be made as to the name of the Mayor for the ensuing year, the Mayor stated that a decision had not been reached as the question had been left in the hands of the Members of the Council who were to notify him of their wishes. It appeared to him that another meeting should be held to discuss the matter further and he would be prepared to convene such meeting if so requested.

PRESENT :

His Worship the Mayor (Councillor B. Flowers, J.P.) in the Chair.

The Deputy Mayor (Alderman C. C. Cartwright, M.B.E., J.P.)

and the Aldermen and Councillors recorded as being present at the Open Meeting of the Council.

MAYOR ELECT :

Motion moved by Councillor Naar, seconded by Alderman Monroe :—

320.—That Alderman A. J. Reynolds be selected as Mayor for the ensuing year; that his nomination be recommended on November 9th, and that if this motion is carried a report or a statement be made to the Public through the Press.

The Council having indicated their desire that Alderman Reynolds should retire whilst the matter was being considered, he accordingly withdrew from the meeting.

In reply to Alderman Richardson, who asked that the question of Aldermen should also be taken into consideration at the same time, the Mayor stated that the meeting could only consider the matter set out on the Agenda, and he quoted the words of the appropriate statutory provisions governing meetings and proceedings of Local Authorities laid down in the Local Government Act, 1933.

AMENDMENT moved by Councillor Clemens, seconded by Councillor Scott :—

THAT Alderman S. H. Egan be selected as Mayor for the ensuing year; that his nomination be recommended on November 9th, and that if this amendment is carried a report or a statement be made to the Public through the Press.

Alderman Egan thereupon retired.

Councillor Pugh gave notice of a further amendment.

Debate ensued.

In reply to Councillor Sharpe, who enquired whether any decisions arrived at at the meeting would be binding upon the Council, the Mayor stated that they would be without prejudice to the meeting on the 9th November.

Further debate ensued.

On the amendment being submitted, the Mayor declared the amendment lost.

The Motion was thereupon submitted and declared carried.

On the question being raised by the Mayor, it was

321.—RESOLVED—That the details of the voting be not communicated to the Press.
(These details are recorded in MS.).

It was suggested that it would be desirable to reach a unanimous decision before any statement was given to the Press and with this in view the Council indicated their desire that the Mayor should confer privately with Aldermen Egan and Reynolds.

The Mayor thereupon left the Chair and retired to his Parlour, and on his return notified the Council that he had informed Alderman Egan and Alderman Reynolds what had transpired at the meeting and that Alderman Egan was not prepared to withdraw his candidature for the mayoralty.

OFFICIAL ANNOUNCEMENT :

The Mayor informed the Council that it was hoped Her Royal Highness the Princess Louise Duchess of Argyll would shortly visit the Borough to open a new school and that the matter would be discussed at the meeting of the Education Committee the following evening.

1.—VISITS TO SCHOOLS:

I have made several visits of inspection to the new Brent Modern School now in course of erection on the Sturgess Avenue site. Good progress has been made and it is hoped that the work will be completed at an early date.

During the fortnight preceding the Midsummer Holidays I also made visits to various schools for the purpose of being present at Parents' Open Afternoons, Prize Distributions, Speech Days and Sports Meetings. The displays witnessed and the efficient organisation thereof reflect the greatest possible credit on the teachers and children. The interest of the parents was also a noteworthy feature of these gatherings.

Applications have been received from the Managers of these Schools, who are desirous of replacing the existing gas lighting (which is deemed to be inefficient and inadequate) by electric lighting, asking the Education Committee for financial help in connection therewith. I instructed the Borough Surveyor to inspect the present systems both with regard to pipes and fittings and report upon the expenditure which would be necessary to render the existing gas installation adequate and efficient. In the meantime, the Managers have been asked to forward estimates and specifications for installing electric light.

The Committee will remember that this was the procedure adopted by them in the first instance with regard to a similar recent application from the Managers of another Non-Provided School.

★2.—MATERNITY AND CHILD WELFARE SERVICES:

SUBMITTED: Report of the Medical Officer of Health with regard to the proposals made by the Ministry of Health following the visit by one of the Medical Officers of the Department to enquire into the Maternity and Child Welfare Services of the Council (P.H. & M.S.C., 24/6/35—(4)) :—

(A). *Compensation to Midwives.*

The Ministry suggest that a greater degree of co-operation by midwives with the work of the Ante-Natal Clinics might be secured by the adoption of arrangements similar to those made by other Local Authorities, for the payment of compensation to Midwives whose patients attend an Ante-Natal Clinic on their advice and are subsequently admitted to a Hospital or Home for confinement on the recommendation of the Medical Officer of the Clinic.

The Medical Officer intimated that the number of cases was not likely to be large there being only 18 last year and he recommended that in future cases the Midwife should be compensated to the extent of £1 1s. 0d.

(B). *Payment of Fees of Midwives—Necessitous Cases.*

The Ministry suggests that the Council's arrangements for the payment of the fees of midwives, in necessitous cases might be extended to include all pregnant women who are unable to afford, in whole or in part, the fee of the midwife.

At the present time only cases referred by the Public Health and Public Assistance Committee of the Middlesex County Council are accepted under this Scheme and the Medical Officer recommends that the suggestion of the Ministry be approved and adopted.

(C). *Home Nursing.*

The Ministry referred to the provision of Home Nursing in connection with the Maternity and Child Welfare Services and enquired as to the position of the Council's proposals.

The Scheme herein was subsequently submitted to the Ministry and approval intimated but the operation thereof has been held in abeyance pending the settlement of the question of grant (See item No. 6).

(D). *Children Acts—Administration.*

The Ministry referred to points to which particular regard should be had in approving homes for the reception of a comparatively large number of children.

The Medical Officer pointed out that the details referred to by the Ministry are always kept in mind when dealing with applications for the care of Foster Children.

RESOLVED TO RECOMMEND—That the recommendations of the Medical Officer of Health relating to items (A) and (B) be approved and the Ministry of Health informed accordingly, and that they be notified of the observations of the Medical Officer in connection with item (D).

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal subject in all cases to direct payment to Midwives of such portion of fees as may be payable by the Council, and to the balance being recovered by Midwives from patients direct.]

5.—DAY NURSERY—WATLING ESTATE:

Report of Sub-Committee.

SUBMITTED: The following report:—

**SUB-COMMITTEE RE PROPOSED DAY NURSERY,
WATLING ESTATE.***4th December, 1934, 22nd January, 4th February, 8th April and 24th June, 1935.*

Councillor F. W. Gilpin (in the Chair) (5) Aldermen H. Connell (4) and S. H. Egan, J.P. (3), Councillor (Mrs.) M. Thomas (4), Councillor J. J. Copestake (4), Alderman W. M. Maughan (appointed 1/4/35—2). His Worship the Mayor (Councillor Brook Flowers, J.P.) was present at the meetings on the 4th December, 1934, 4th February, 1935, and 8th April, 1935.

TERMS OF REFERENCE—

The Sub-Committee was re-appointed (P.H. & M.S.C., 19/11/34—9) to investigate the necessity for a Day Nursery on the Watling Estate.

It will be remembered that the Sub-Committee was first appointed on the 8th October, 1934, following the P.H. & M.S.C. interview with a deputation from the Watling Estate on the following memorial:—

“A representative meeting of Watling organisations was held at Watling Centre on Wednesday, May 9th, and a deputation was then appointed to wait upon the Hendon Borough Council to urge the importance of the establishment of a Day Nursery on Watling.

Many Watling mothers have to go to work because their husbands are out of work or earning very low wages, and they have great difficulty in getting their children looked after while they are away. Some have, in fact, been summoned by the Society for the Prevention of Cruelty to Children for leaving their children.

We have at present the names of 30 mothers who badly want a Day Nursery established so that they can leave their children in proper care and we ask you to receive our deputation in order to lay their case more fully before you.”

REPORT.

At their first meeting the Sub-Committee as a preliminary measure

RESOLVED—THAT enquiry be made of the London County Council as to whether they would be prepared to grant the use of at least two houses or other suitable premises on the Watling Estate, and if so, upon what terms.

A reply was received from the London County Council that having regard to the demand for cottages for ordinary housing purposes there would be difficulty in agreeing to the proposal that two of the cottages be let for the purposes of a day nursery.

The Valuer offered, however, to discuss with representatives of the Borough Council the possibility of the County Council affording assistance in some other way such as the provision of a site for a temporary building in order to test the need for the proposed day nursery.

It was agreed to ask the Valuer to receive a deputation consisting of Aldermen H. Connell and S. H. Egan, J.P., Councillors J. J. Copestake and F. W. Gilpin, together with the Medical Officer of Health, which he consented to do. The deputation duly attended on Friday, February 1st, and was met by Mr. Cass.

Councillor Gilpin as Chairman of the Public Health and Medical Services Committee placed the facts before Mr. Cass, who stated that if the use of two houses on the Watling Estate for a Day Nursery could conveniently be effected the County Council would

require recouping to the extent of £100 per annum plus rates on the property. He also mentioned that in connection with any displaced tenants the Borough Council would be expected to find them other accommodation.

The following suggestions were put forward by Mr. Cass :—

1. The Borough Council might consider renting at a nominal figure from the London County Council an area of land in Deans Lane with a frontage of approximately 50 feet and a depth of 230 feet adjacent to "The Elms," upon which they could erect a temporary building.

In connection with this proposal the deputation pointed out that it was anticipated the cost of the provision of such a building would be in the neighbourhood of £2,000.

2. The possibility of the Borough Council renting one of the new shops in Deansbrook Road (not the property of the London County Council).

(It has since been ascertained that the rental of a lock-up shop would be £150 per annum and a shop with a two floor flat £250 per annum).

The question of the possibility of a certain house on the Estate becoming vacant was mentioned. Mr. Cass stated that whilst he had no information on the subject he had no doubt that in the event of the property becoming vacant the London County Council would consider letting the same to the Borough Council.

The property which is apparently, at present, let at £60 per annum exclusive of rates, appears to be suitable for the purpose required, particularly in view of the ground attached thereto.

The Sub-Committee have subsequently been endeavouring to obtain from Mr. Sewell Harris, on behalf of the various organisations on the Watling Estate, definite proposals for the establishment of the suggested Day Nursery including the question of finance.

Mr. Harris attended the meeting on the 4th February, and on the 8th April the Sub-Committee received the deputation which previously interviewed the Public Health and Medical Services Committee.

On each occasion the point was stressed that proposals previously indicated were awaited from the various Watling organisations.

At the last meeting the following resolution was reported :—

"This meeting of representatives of The Old Comrades' Association, Burnt Oak Labour Party, Conservative Association, John Keble Church, Burnt Oak Co-operative Political Council, Burnt Oak Women's Adult School, Mill Hill, Co-operative Women's Guild, National Unemployed Workers Movement, Provisional Crèche Committee, Edgware Co-operative Women's Guild, Burnt Oak Co-operative Women's Guild and the Watling Association, with letters of support from St. Alphage Parochial Church Council, Mill Hill Rotary Club, Townswomen's Guild, St. John Ambulance Erigade, is strongly of the opinion that a Day Nursery on the Watling Estate is urgently needed. We feel that this is the responsibility of the Borough Council, but some are willing to contribute £9 3s. 0d. per year because of the urgency of the Crèche."

It should be noted that the resolution of the Watling Associations does not offer any concrete proposals which would facilitate the establishment of a Day Nursery but leaves the matter entirely with the Council. In this connection the Council are empowered under the Maternity and Child Welfare Act, 1918, to make such arrangements as may be sanctioned by the Minister of Health "for attending to the health of ... children who have not attained the age of 5 years and are not being educated in schools recognised by the Board of Education" and grant was payable in respect of "expenses of crèches and day nurseries and of other arrangements for attending to the health of children under five years of age whose mothers go out to work." It must, however, be borne

in mind that the Maternity and Child Welfare Grant is now part of the General Exchequer Grant payable to the Council and can only be increased after consideration of the expenditure on Maternity and Child Welfare Services in the County as a whole. It is understood that there is little prospect of any alteration of the present County apportionment of grant to the Maternity and Child Welfare Services until the next fixed grant period commencing in 1937.

As to the demand for the Day Nursery, the Sub-Committee appreciate the wide field covered by the organisations mentioned in the resolution but no evidence is forthcoming as to the number of parents, who by reason of the necessity for the mothers to go out to work, would send their children to the Nursery, if established. It is not clear that the number (30) mentioned in the memorial are all cases for which provision could properly be made.

The Sub-Committee have given due consideration to the financial implication and they are of opinion that the offer of £9 3s. 0d. per annum contained in the resolution is inadequate.

Having regard to all the circumstances, the Sub-Committee

RECOMMEND—THAT the Watling Associations (per Mr. E. Sewell Harris) be informed that the Council are not prepared to proceed further in connection with the establishment of a Day Nursery on the Watling Estate on the facts at present before them.

Having considered the foregoing report of their Sub-Committee the Committee have **no recommendation to make thereon.**

★6.—DISTRICT NURSING ASSOCIATIONS :

It will be remembered that the Council (10/12/34) (F. & G.P.C., 3/12/34) authorised the preparation of a Scheme for the utilization of the services of the District Nursing Associations on the basis of the proposals outlined in the report of the Public Health and Medical Services Committee, 8/10/34.

The annual contribution of £200 to be made by the Council to the District Nursing Associations was subject to an addition to the General Exchequer Grant to the extent of 50 per cent. of the contribution.

The Ministry of Health approved the terms of the proposed Scheme under Section 1 of the Maternity and Child Welfare Act of 1918, but the question of the increase of grant necessitated further consideration.

In this connection the Borough Treasurer reported that in company with the Town Clerk, an interview had taken place with officers of the Ministry of Health on the question of the additional Exchequer Grant, and it had been pointed out that the grant could not be revised until the year 1937, when the next re-assessment is due to take place under the Local Government Act, 1929, and further that this authority's quota of the County total could not be varied on account of isolated or special contributions. The quota of any Local Authority depended entirely upon the proportion of total expenditure on Maternity and Child Welfare Services in relation to the expenditure of other Local Authorities in the County for similar purposes.

The Committee are satisfied that the services of the District Nursing Associations should be secured under the Scheme, and they accordingly

RESOLVED TO RECOMMEND—

- (1) That notwithstanding the Council's Resolution of the 1st October, 1934 (P.H. and M.S.C., 10/9/34), the Council approve for the current financial year a contribution of £100 to be made to the Central Committee for the Hendon Nursing Associations.

- (2) **That the Scheme (Appendix to this report) be finally approved, subject to the contribution payable by the Council under paragraph 13 of the Scheme being reviewed on consideration of the Estimates for 1936/7.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

★7.—**EXPECTANT MOTHERS—AMBULANCE SERVICE :**

SUBMITTED : Resolutions from the Mill Hill and Edgware Branches of the Women's Co-operative Guild asking the Council to provide a free ambulance service to hospital for Expectant Mothers, it being contended that owing to financial circumstances it was not possible to make use of the existing service.

The charges for use of the ambulance are 7/6d. for journeys within the Borough, plus 1/- per mile outside the Borough. In cases where payment would involve hardship it is the practice to consider such cases on their merits.

RESOLVED TO RECOMMEND—That the Mill Hill and Edgware Women's Co-operative Guilds be informed that the Council are unable to provide a free ambulance service but that they be notified of the existing arrangement in necessitous cases.

8.—**MATERNITY HOME :**

This question has been reviewed. (P.H. & M.S.C., 7/1/35—4).

RECOMMEND—That the services of the temporary assistant be retained.

An apology for absence was submitted on behalf of Councillor W. J. Ross, F.A.I.

1.—LOCAL GOVERNMENT ACT, 1933—SECTION 76:

Interest in Contracts and Other Matters.

Councillor A. W. Curton declared an interest in items 6 (B) and 6 (C) and withdrew during consideration thereof.

2.—REQUISITIONS:

Requisitions amounting to £2,459 9s. 7d. was submitted and approved.

★3.—STREET TRADING:

Application for Licence.

CONSIDERED: The following application for a street trading licence, together with the observations of the Borough Surveyor and the Commissioner of Police of the Metropolis thereon:—

Name and Address of Applicant.	Description of Site.	Commodities proposed to be sold.	Days and Times.
Lauham, Laurence Wilson, 4, Dryfield Road, Burnt Oak	On the carriageway on the north side of Foster Street, near its junction with Brent Street, Hendon	Flowers and salads to be sold from a basket	Monday to Saturday during the usual shop hours.

RESOLVED TO RECOMMEND—That the application be not granted.

★4.—PUBLIC LIGHTING:

Consequent upon the approval of the Ministry of Health to the Improved Lighting Scheme approved by the Council on the 25th February last (Hi.C., 4/2/35—4 (A)), the Borough Surveyor asked for instructions as to the order in which the work is to be carried out.

The total cost of the scheme, which is to be carried out over a period of three years, amounts to £11,578, and the Borough Surveyor suggested that in the first instance all the Class 1 Roads, and also Queen's Road, Hendon, and Station Road and Hale Lane, Edgware, should be dealt with. The capital cost of improving the lighting in these roads will amount to £5,553.

RESOLVED TO RECOMMEND—That the Borough Surveyor be instructed to proceed with the work on the lines indicated in his report.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

★5.—TRAFFIC CONTROL :

(A). *Refuge, Hendon Way, near Hendon Cottage Hospital.*

SUBMITTED: Letter from the Middlesex County Council, in reply to the Council's representations urging the provision of a refuge in Hendon Way in the vicinity of the Cottage Hospital, stating that the County Highways Committee appreciate the need for a refuge at this point, but as the carriageway is only 30 feet wide it is not anticipated that the Ministry of Transport would agree to the proposal as the space remaining on either side of the refuge would be less than the standard width of 20 feet. Furthermore, to widen the road satisfactorily would be very expensive and there would, therefore, appear to be no alternative but to leave the matter in abeyance until such time as the whole section of this road between the North Circular Road and Hendon Central is widened.

The Committee have deferred further consideration of the matter until the next meeting.

(B). *Junction of Orange Hill Road and Deansbrook Road, Burnt Oak.*

The Committee gave further consideration to the question of the control of traffic at the junction of Orange Hill Road and Deansbrook Road, Burnt Oak (Hi.C., 20/5/35—6 (C); 24/6/35—5 (F)), and instructed the Borough Surveyor to submit a report as to the installation of traffic light signals.

† (C). *Junction of Watford Bye-Pass with Barnet Bye-Pass and Selvage Lane—
"Roundabout" Traffic System.*

SUBMITTED: Letter from the Ministry of Transport transmitting draft regulations governing the traffic working at the above junction consequent upon the introduction of a "roundabout" traffic scheme, and stating that any representations the Council may desire to make should be forwarded to the Department not later than the 18th instant. The regulations are in similar terms to those in operation in connection with other "roundabout" traffic systems, and the Committee

RESOLVED—That the Ministry of transport be informed that the Council have no observations to offer on the proposed regulations.

† (D). *Station Road, Edgware—Approach to Council School.*

The Committee at its meeting on the 24th June referred to the Education Committee the question of calling attention of the Police to the desirability of a constable being placed on duty in Station Road, Edgware, at the passageway leading to the Council School during the hours children are proceeding to and returning from school. (Hi.C., 24/6/35—5 (J)).

The Committee are now informed that the Education Committee communicated with the Police on the subject in November last, when a letter was received from the Commissioner of Police regretting that it was not possible, without detriment to the many other important police duties in the district, to detail a constable permanently for duty at this point, but giving an assurance that police patrolling in the vicinity would give assistance whenever they were able so to do.

The Committee feel that the attention of the Commissioner of Police should be drawn to the large number of children attending the Edgware School who cross the road at this point and further representations made urging the desirability of police supervision being provided during the appropriate hours. They accordingly

RESOLVED TO RECOMMEND—That a letter on the lines indicated be addressed to the Commissioner of Police.

† (E). *Edgwarebury Lane.*

SUBMITTED: Report of the Borough Surveyor on a letter from the Edgware Rate-payers' Association complaining of the excessive speed of motor vehicles using the section of Edgwarebury Lane, north of the Bye-Pass Road, and suggesting that warning notices should be placed near the park entrance. The Committee are informed that the present development of this section of Edgwarebury Lane does not justify the erection of warning signs for motorists, and they accordingly

RESOLVED TO RECOMMEND—That the Edgware Ratepayers' Association be so informed.

★6.—PRIVATE STREET IMPROVEMENTS:

† (A). Grass Verges.

The Committee gave consideration to the question of grass verges alongside footways. The Borough Surveyor pointed out that it would be desirable if the Council laid down a general principle governing the question of grass verges in order that the ultimate character of a road could be decided when plans for development are submitted and thus obviate requests for amendments to specifications when steps are taken to make up the road. The Committee are in agreement with the Borough Surveyor, and after full consideration,

RESOLVED TO RECOMMEND—That the Council adopt the general principle that in future they will only take over roads laid out with grass verges where the footpaths including verges are of a minimum width of 10 feet, the grass verges to be not less than 3 feet 6 inches in width.

† (B). Green Lane, Edgware—Grass Verges.

SUBMITTED: Summary of the replies to the questionnaire sent to the frontagers along the section of Green Lane, Edgware, made up by A. W. Curton, Limited, and which they have asked the Council to take over, enquiring whether or not the frontagers wish the existing grass verges to be retained. Out of a total of 52 frontagers, 42 replied in favour of the retention of the grass verges; 2 against; 7 did not reply, and one form was returned uncompleted.

Having regard to the views of the frontagers, the Committee

RESOLVED TO RECOMMEND—That A. W. Curton, Limited, be informed that the Council are prepared to agree to an amendment of the specification providing for the substitution of grass verges for tar paving along the section of Green Lane, the subject of their application.

† (C). Park Grove, Oakleigh Gardens, King's Drive, Orchard Drive and Hillersdon Avenue, Edgware.

SUBMITTED: Report of the Borough Surveyor regarding the taking over of the above roads which were laid down and partly constructed by A. W. Curton, Limited, prior to the adoption by the Council of the Standard Agreement for making up and taking over private streets.

RESOLVED TO RECOMMEND—That A. W. Curton, Ltd., be informed that the Council will be prepared to take over the roads in question subject to the following conditions:—

- (i) That a detailed inspection of the roads be made and any works necessary to bring such roads into conformity with the Council's specification be carried out by and at the expense of A. W. Curton, Limited;
- (ii) That A. W. Curton, Limited, pay to the Council a sum to be agreed on the basis of three per cent. on the estimated cost of making up the roads under the provisions of the Public Health Act, 1875.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

† (D). Stoneyfields Gardens (part), Edgware.

SUBMITTED: Report of the Borough Surveyor on a letter from Messrs. H. J. Hook & Sons, relative to the taking over of part of Stoneyfields Gardens, Edgware.

RESOLVED TO RECOMMEND—That Messrs. H. J. Hook & Sons be informed that the Council will be prepared to take over the portion of the road in question subject to the following conditions:—

- (i) That a detailed inspection of the road be made and any works necessary to bring the road into conformity with the Council's specification be carried out by and at the expense of Messrs. Hook & Sons.
- (ii) That Messrs. Hook & Sons pay to the Council a sum to be agreed on the basis of three per cent. on the estimated cost of making up the road under the provisions of the Public Health Act, 1875.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal]

† (E). **Asmunds Place, Hampstead Garden Suburb.**

SUBMITTED: Report of the Borough Surveyor on a letter from the Hampstead Garden Suburb Residents' Association regarding the retention of grass verges in Asmunds Place. A section of the road is 40 feet in width with 10 feet footpaths and the Council's proposals provide for 5 feet 6 inches of artificial stone paving and 3 feet 6 inches of tar paving. The remaining portion of the road is only 20 feet in width.

RESOLVED TO RECOMMEND—That along the section of the road having a width of 40 feet, grass verges be substituted for tar paving.

† (F). **Uphill Grove, Mill Hill.**

SUBMITTED: Report of the Borough Surveyor on a letter from Mr. W. H. Saxelly asking that consideration be given to the question of making up Uphill Grove. Having regard to the progress of development the Committee

RESOLVED TO RECOMMEND—That the Borough Surveyor be instructed to prepare plans and estimates with a view to the road being made up under Section 150 of the Public Health Act, 1875.

Woodfield Avenue (1st portion) ...	From its junction with New Way Road to the entrance to Colindale School.

RESOLVED TO RECOMMEND—That the streets, or portions of streets, indicated above be now dedicated as Public Highways and the necessary notices posted.

† (H). **Tenterden Grove, Hendon.**

At a previous meeting the Committee considered a petition signed by ten residents in Tenterden Grove urging the making up of the road (Hi.C., 7/1/35—6 (D)). Consideration of the matter was deferred for a period of six months and in the meantime objections were received from three owners, each of whom own extensive frontages. The Committee have now given further consideration to the matter and having regard to the development now proceeding

RESOLVED TO RECOMMEND—That no action be taken in the matter at the present time.

† (I). **Parkside, Mill Hill.**

SUBMITTED: Letter from Messrs. Chancellor & Ridley, Solicitors, acting on behalf of the frontagers of Nos. 1 to 39 (inclusive), Parkside, Mill Hill, asking the Council to reconsider the question of making up the road in respect of which notices under Section 150 of the Public Health Act, 1875, have been served on the frontagers.

Having regard to the observations of the Borough Surveyor the Committee

RESOLVED TO RECOMMEND—That Messrs. Chancellor & Ridley be informed that the Council regret they are unable to depart from their previous decision.

† (J). **Holmdene Avenue, Mill Hill.**

CONSIDERED: Petition signed by four frontagers in Holmdene Avenue objecting to the making up of the road on the grounds that the present stage of development does not justify such action. After considering the observations of the Borough Surveyor the Committee

RESOLVED TO RECOMMEND—That the petitioners be informed that the Council are unable to depart from their previous decision.

† (K). **Longfield Avenue.**

SUBMITTED: Petition signed by 31 frontagers in Longfield Avenue, which is at present in course of being made up under Section 150 of the Public Health Act, 1875, asking the Council to provide grass verges instead of the asphalt margins in the footways and to take such action as may be necessary with a view to the overhead telephone wires and poles being removed and mains laid underground during the carrying out of the private street improvement works.

The Committee are informed that the footpaths are sufficiently wide to enable grass verges 3 feet 6 inches in width to be laid, and accordingly

RESOLVED TO RECOMMEND—That the Borough Surveyor be instructed to arrange for grass verges to be substituted for asphalt margins and that a communication be addressed to the Superintending Engineer of the London Telephone Service with a view to underground mains being substituted for overhead lines.

★7.—**ACCOMMODATION ROADS:**

† (A). **Scavenging.**

The Committee considered a report submitted by the Borough Surveyor regarding the scavenging of roads consequent upon frontagers defaulting under notices served upon them under Section 27 of the Public Health Acts Amendment Act, 1890.

The Borough Surveyor points out that in practice the procedure is unsatisfactory as the cost of apportioning and collecting the amount incurred by the Council in scavenging accommodation roads considerably exceeds the cost of carrying out the scavenging work, and, furthermore, scavenging the road on one occasion only has proved to be futile as equally unsatisfactory conditions obtain within a few days after the scavenging work has been carried out. He therefore suggested that if the frontagers neglect to carry out necessary scavenging the scavenging of the roads should not be undertaken by the Council until such time as they are made up and taken over as highways repairable by the inhabitants at large in accordance with the programme adopted by the Council.

After careful consideration the Committee

RESOLVED TO RECOMMEND—That in the case of accommodation roads which are not effectively scavenged by the frontagers scavenging by the Council be not undertaken until such time as the roads are made up and taken over as highways repairable by the inhabitants at large.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

† (B). **Making up of Accommodation Roads.**

The specification approved by the Council in connection with the making up of accommodation roads provides for granite kerbs and a concrete surfaced road. The Borough Surveyor reports that a number of the accommodation roads are not only secondary means of access to shop property but also a primary means of access to flats over the shops and the only means of access to a number of buildings, in many cases garages, erected on the opposite side of the road. Owing to the narrowness of the carriageways it is not possible to make up half the road at a time, and in these circumstances the use of concrete is precluded as it requires at least fourteen days to set after being laid.

The Committee are advised that in the case of roads of this character the most practicable method of making up would be by the use of a suitable form of granite setts laid on a foundation other than concrete, and the Borough Surveyor asked for authority to revise the specifications approved by the Council on the 13th May last (Hi.C., 1/4/35—6 (D)) in respect of the making up of the under-mentioned roads, on the lines indicated:—

- (i) West Heath Drive to Finchley Road.
- (ii) Rodborough Road to Hodford Road.
- (iii) Hodford Road to Armitage Road.
- (iv) Golders Green Crescent to Hoop Lane (Golders Way).
- (v) Golders Green Road to Hoop Lane (Broadwalk Lane).
- (vi) Portsdown Avenue to St. George's Road.

RESOLVED TO RECOMMEND—That the report of the Borough Surveyor be approved and that he be instructed to revise the specifications previously adopted for the roads enumerated above, on the lines indicated.

★8.—**WATFORD WAY—MILL HILL PARK CROSSING:**

Construction of Subway.

SUBMITTED: The following resolution passed by the Middlesex County Council on the 25th July last, arising out of the Council's application for a contribution towards the cost of construction of the proposed subway:—

“That an intimation be given to the Hendon Town Council that the County Council are not prepared to approve the proposed construction of a subway under the Watford Bye-Pass, at Mill Hill Park, for the use of pedestrians, but are of opinion that the Local Authority should approach the Ministry of Transport upon the alternative of installing pedestrian control signals to be operated by traffic pads.”

The letter from the County Council transmitting the resolution states that the County Highways Committee in their report to the County Council point out that apart from the expense involved in carrying out the proposal, the general experience in the Metropolitan Area has been that the public, especially women, are very reluctant to avail themselves of such facilities, and that as an alternative the Committee suggested that further consideration be given to the erection of pedestrian signals especially as it is now understood that the Ministry of Transport are prepared to approve the erection of such signals if operated by means of pads, as in the case of vehicular road signals, instead of the push button method.

Having regard to this and to the doubt as to whether or not the subway would be used to any extent, the Highways Committee were unable to recommend the County Council to contribute towards the cost of construction.

It has been pointed out to the Committee that apart altogether from the question of any contribution towards the cost of the subway, the consent of the County Council is necessary to the subway being constructed under Watford Way in respect of which they are the highway authority. Having regard to the previous decision of the Council (Highways Committee 3/6/35; Report No. 2—Item (A) M.S. Recommendation), the Committee

RESOLVED TO RECOMMEND—That application be made to the Middlesex County Council for consent to the construction of the subway under Watford Way without any financial obligation and that on such consent being obtained and subject to the sanction of the Minister of Health to the raising of the necessary loan, the Council proceed with the construction of the subway.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

★9.—DEANS LANE BRIDGE :

The Borough Surveyor reported that in connection with the reconstruction of Deans Lane Bridge agreements will be necessary with the London and North Eastern Railway Company and the London County Council and the following suggested heads of agreement were submitted :—

 - (i) The Corporation to pay to the company the sum of £100 for the easement required in respect of the land occupied by the widened bridge, together with the usual legal costs;
 - (ii) The reconstruction works to be agreed with the Railway Company's Engineer and the Corporation to be responsible in the future for the maintenance of the bridge and the roadway thereover.
- (b) The London County Council.
 - (i) The necessary land to be conveyed by the County Council to the Borough Council for the sum of £250 and costs;
 - (ii) The embankment to be formed on the land which is acquired to be enclosed with wrought iron railings and planted with shrubs.

In view of the fact that Deans Lane is a County Road both agreements will be subject to the approval of the Middlesex County Council.

RESOLVED TO RECOMMEND—That, subject to the approval of the Middlesex County Council, agreements embodying the heads of agreement set out above be entered into with the London and North Eastern Railway Company and the London County Council respectively and that the Corporate Seal be affixed to such documents in due course.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

RESOLVED TO RECOMMEND—That the scheme as submitted, at an estimated cost of £7,850, be approved and that the Finance and General Purposes Committee be requested to make the necessary financial provision.

14.—PEDESTRIAN CROSSINGS :

(A). *Taking over Permanent Works.*

SUBMITTED : Letter from the Ministry of Transport stating that the Minister is satisfied that the provision of crossing places in adequate numbers in the Metropolis has amply justified the experiment and that in these circumstances the crossings need no longer be regarded as experimental and that the permanent works in connection with the crossings laid down in the Borough should be taken over by the Council.

The letter recalls that the proposal for the provision of crossing places was put forward on the basis that the Council would refund to the Department 40 per cent. of the cost of any permanent works taken over when the scheme is adopted as a permanent traffic feature.

The Minister states that the permanent works in connection with the crossings laid down in the Borough should now be taken over by the Council and suggests September 1st as the date such transfer should take effect, from which date he will pay 60 per cent. of the approved cost of future maintenance of authorised crossings. **Noted.**

Notice of the application is given in order to comply with the provisions of Section 33 of the Middlesex County Council Act, 1931, and enquiry was made whether Hendon, as a constituent district, had any objections to offer to the proposal.

The area concerned is 16½ acres in extent, has a population of 540 and a rateable value estimated at £3,000. Development, which is proceeding, includes dwelling houses and a factory for A. Guinness & Son, Ltd. The area, with a small exception, was, prior to the 1st April, 1934, within the West Middlesex Sewage area and was subject to the Special County Rate. The operation of the Middlesex Review Order transferred the area to the Willesden area, the latter not being in the West Middlesex area.

It is proposed that the rate to be levied in the area concerned shall be the same as is levied on the constituent authorities, plus an agreed additional charge in respect of the trade effluent from the Guinness factory and a charge to be agreed in respect of any other factories erected in the area.

In respect of the period 1st April, 1934, to 31st March, 1936 (the period during which the area has not paid the Special County Rate), the Willesden Council is to make a payment of a sum equal to the rate which would have been payable had the area concerned remained in the West Middlesex Sewage area.

Your Committee have no observations to make thereon but on the suggestion of the Borough Treasurer they have referred the communication to the Finance and General Purposes Committee.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

★25.—SWIMMING BATH—HENDON WAY:

It will be remembered that the Council on the 11th December, 1933 (W. & F.B.C., 27/11/33—11), defined a policy for the provision of Swimming Bath facilities in the district, viz. :—(1) Construct the bath at Mill Hill, (2) Modernize the bath at West Hendon, and (3) proceed with the preparation of a Scheme for an open air bath at Hendon Way.

The Minister considers that a reasonably sized Branch Library situated near or just to the north of Mill Hill (London, Midland & Scottish) Railway Station would adequately serve the whole of the northern portion of the Borough without the necessity for a library on the site proposed and the Council are asked to consider the proposals in the light of this suggestion and to furnish the Minister with their observations thereon in due course.

The Committee have deferred consideration of the matter until the next meeting.

★8.—CENTRAL LIBRARY :

Use of Room.

CONSIDERED : Letter from the Hendon Branch of the Workers' Educational Association asking for the free use of a room in the Central Library for the purpose of holding University of London Tutorial Classes in Philosophy under the Board of Education's (Adult Education) Regulations. The letter states that the Middlesex County Council recognise the Workers' Educational Association for grant-in-aid towards these classes, the grant being paid towards the cost of the tutors' fees, not for organising or rent of rooms; consequently the Association is a recognised and responsible body for the organisation and administration of non-vocational classes for adults and in various parts of Middlesex the Association has been granted special facilities in the form of the free use of rooms in Libraries and Council Schools for the use of adult students.

The Committee are informed that the work of the Association is similar to the University of London Extension Courses in respect of which the free use of a room in the Library is granted and in these circumstances they are of opinion that the application should be granted. The Association desire to hold their first meeting on the 18th instant and the Committee have, therefore, authorised the Chief Librarian to inform the Association that the Council are prepared to grant the free use of a room in the Central Library for the purpose indicated.

As no suitable accommodation is available on the Bittacy Hill Estate, it will be necessary to transfer the tenant to another Estate. The tenant is prepared to move provided the expenses of his removal and return are paid by the Council.

RESOLVED TO RECOMMEND—That the necessary expenses of removal each way be borne by the Council.

(Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.)

(G). *Fencing—Brent Hill, Clitterhouse and Hyde Estates.*

The Housing Manager reported that portions of the privet hedges on the Brent Hill Assisted Scheme Estate require to be replaced and that the chestnut pale fencing on the Brent Hill Council and Hyde Estates and the thin wire fencing on the Clitterhouse Estate were in a dilapidated condition, and he suggested that the fences should be replaced with wire fencing similar to that recently erected on the Kingsbury Road Estate.

RESOLVED—That the Borough Surveyor be instructed to report on the matter.

The Council at their meeting on the 17th June (Hsg.C., 27/5/35—1 (I)) gave instructions for a letter to be addressed to each tenant having insufficient accommodation and greater accommodation than is required, respectively, enquiring whether they would be prepared to agree to transfer to premises more suitable to their needs. A report has now been submitted to the Committee stating that generally the tenants are prepared to transfer, but that in a number of cases the tenants do not want to move and in some cases where greater accommodation is necessary the tenants are unable to pay the higher rent charged for larger type houses. Details of such cases were submitted to the Committee.

CONSIDERED: Report of the Housing Manager on a report of the Chief Sanitary Inspector (referred from the Public Health and Medical Services Committee) regarding cases of overcrowding at Stanley Road, West Hendon; Ramsey Road, West Hendon (2); Poolsford Road, Colindale and Lawrence Street, Mill Hill. Applications for accommodation on the Council's Housing Estates have been received from each of the occupiers of the overcrowded premises in question (Applications Nos. 5410, 5661, 5775, 5872 and 5813) and these have been placed on the urgent list.

Bayliss, Jones & Bayliss, Ltd., Cannon Street, E.C. 4 ...	305	16	2

In view of the Council's decision that no portion of the Clearance Area should be appropriated for rehousing purposes (Hsg.C., 18/9/33—Minutes, page 781) the Committee consider that the matter is not one for this Committee and they have, therefore, referred the question to the Chairman to raise at the next meeting of the Finance and General Purposes Committee.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee Recommend— That the expenditure of £50 in connection with the erection of the retaining wall be approved; that the tender of Mr. Thomas Bowen, of Wolverhampton, amounting to £280 : 16 : 4 for the necessary fencing be accepted, and that the Corporate Seal be affixed to any necessary documents.]

★4.—RESTRICTION OF RIBBON DEVELOPMENT ACT, 1935 :

SUBMITTED : Report of the Borough Surveyor and Memorandum R.R.D.1. received from the Ministry of Transport, relating to the above Act. As from the 2nd August, 1935, it became an offence to erect any building within a distance of 220 feet from the centre of any Classified Road in the district without the consent of the highway authority. This restriction applies to approximately 20 miles of claimed county roads and 17 miles of retained county roads. In the case of claimed county roads it is necessary for the Council to give its consent, with or without conditions, to the erection of any building within the 220 feet limit. It is also necessary to give consent to any new access to a classified road, access being defined in the Act as any means of access, private or public, for vehicles or for foot-passengers.

The Act also provides that where the highway authority is also the Town Planning Authority an application to develop under the Town Planning Scheme shall be deemed to be an application for consent under the new Act.

In order to facilitate the administration of this Act it is suggested that the duties of the Council as the Highway Authority for the purposes of the new Act shall be exercised by the Town Planning Committee, and consent given by the Town Planning Committee under this Act shall not be subject to confirmation by the Council.

RESOLVED TO RECOMMEND—

- (i) That the duties of the Council as Highway Authority for the purposes of the Act be exercised by, and the power of granting consents under the Act, be delegated to the Buildings and Town Planning Committee.
- (ii) That the powers and duties of the Council relating to applications under the various Acts of Parliament in respect of new streets and buildings, be delegated to the Buildings and Town Planning Committee.

[Having considered the above recommendations the Finance and General Purposes Committee Recommend :—

(1) That No. 1 be amended to read—

That the duties of the Council as the Highway Authority for the purposes of the Restriction of Ribbon Development Act, 1935, be included in the references to the Buildings and Town Planning Committee, and that power to grant consents under Sections 1 and 2 of the Act be delegated to the Committee, subject to any financial aspects being first approved by the Finance and General Purposes Committee.

(2) That recommendation No. 2 be disapproved.]

Sexton & Son in respect of the building line for the licensed premises known as "The Beaconsfield," 209, Cricklewood Lane. It will be recalled that the previous application was for a building line eight feet from the back of the path. (Council Meeting, 9/9/35—Mayor's Recess Report, paragraph 44). The existing old cottages are about 40 feet behind the path, and it is suggested that any re-development should provide for a minimum building line of at least 25 feet. Any buildings erected to this line will require the special permission of the Council under the Restriction of Ribbon Development Act, 1935.

RESOLVED TO RECOMMEND—That G. A. Sexton & Son be informed accordingly.

† (B).

Claremont Road, Cricklewood.

SUBMITTED : Report of the Borough Surveyor on a letter from J. D. Mathews & Son asking for a building line to be defined in the above road in respect of future extension of the premises occupied by Rolls-Royce, Ltd. The building line to this road was originally 25 feet from the old boundary, and the Committee

RESOLVED TO RECOMMEND—That such building line be defined as 17 feet from the existing boundary, and that J. D. Mathews & Son be so informed.

- (i) That the name "The Hyde" be retained for the section of the road between the Silk Bridge and Montrose Avenue.
- (ii) That the name "Burnt Oak Broadway" be given to the section between Montrose Avenue and the Edgware Bridge.
- (iii) That the name "High Street," Edgware be given to the section between Edgware Bridge and the Spur Road.

The Harrow and Wembley Urban District Councils, who are concerned with the naming of the road have approved the proposals, and the Committee

RESOLVED TO RECOMMEND—

- (i) That the above suggestions be approved;
- (ii) That, where necessary, action be taken under Section 18 of the Public Health Act, 1925, in connection with the proposed re-naming of the portions of the street in question;
- (iii) That authority be given to the Borough Surveyor to serve any necessary notices requiring the re-numbering of properties situate in the portions of such street.

† (B). *Parkside, Mill Hill.*

The Borough Surveyor reported that in connection with the making up of Parkside and Hillside Grove, Mill Hill, it had been found that the two names overlap, the section of the road between the circle of trees and Glenmere Avenue being numbered in Parkside on the east side of the road, and in Hillside Grove on the west side.

It is suggested that the name Parkside be applied to the road from Wise Lane to the circle of trees south of The Rise, and the name Hillside Grove applied from the circle of trees to its junction with Cophall Drive.

RESOLVED TO RECOMMEND—That the above suggestion be approved, and authority given to the Borough Surveyor to serve any necessary notices requiring the re-numbering of the properties situate in the streets in question.

Report of Sub-Committee—23rd September, 1935.

Present : Alderman B. J. Monro (Chairman), The Mayor (Councillor B. Flowers, J.P.), Alderman W. M. Maughan and Councillor F. W. Gilpin.

REFERENCE (F. & G.P.C., 15/4/35—5 (B)) :

To consider the conditions relating to appointments to the Junior Staff.

REPORT :

The following statement sets out the existing conditions relating to the appointments included in the terms of reference :—

Council Resolution—8/4/29 :

- (1) That the minimum age of entrants into the service of the Council shall as a rule be 16 years, but in no case less than 15 years.
- (2) Subject to there being no entry examination on entering into the service an entrant as defined in Clause (1) above shall not be placed on the permanent staff until he shall have passed the intermediate examination of the National Association of Local Government Officers or such other qualifying examination as may be approved by the Joint Staff Committee.

Subsequently the matter again rose in the Finance and General Purposes Committee (13/7/31), and they thereupon recommended to the Joint Staff Committee that the following examinations should be regarded as satisfying the requirements of (2) above:—

The General Schools Leaving Certificate Examination.

The Schools Certificate Examination of the Oxford and Cambridge University.

Matriculation.

The Chairman reported that he had taken the opportunity of discussing the whole matter with certain chief officers and that he had come to the conclusion that it was desirable to maintain a condition requiring an educational standard but that it was unnecessary to insist upon the same standard for all departments of the Council. He was further of the opinion that the present regulations in so far as they applied to typists should be relaxed.

The Sub-Committee, after careful consideration, now

RECOMMEND—THAT the following conditions of appointment shall apply:—

(i) *Public Health and Education Departments:—*

Appointments shall be made to the clerical staff of these departments at the age of 16 years or upwards and the following educational qualification shall be required:—

The examination for the time being approved by the Board of Education as a "first" or "second" examination.

(ii) *Town Clerk's, Borough Treasurer's and the Borough Surveyor's Departments, and the Public Libraries in respect of posts leading to professional appointments:—*

Appointments may be made to the clerical staff of these departments at the age of 16 years, subject to the same qualifications as in (i) above, but the following educational qualifications must exist or be obtained, as the case may be, before promotion to the permanent staff at the age of 18 years:—

The Matriculation Examination of any University in the United Kingdom or the Higher Certificate Examinations of the Oxford and Cambridge Schools Examination Board.

(iii) *Specialised Appointments—all departments, e.g., Housing Managers, Sanitary Inspectors, Health Visitors and possibly certain appointments in the Education Department:—*

Successful candidates shall be required to possess such qualifying examinations as the appointing Committee may consider necessary.

(iv) *Typists:—*

Typists in all departments shall be appointed on merits.

RESOLVED TO RECOMMEND—That the report of the Sub-Committee be approved and adopted.

18.—AIR RAID PRECAUTIONS :

(A). *Home Office Circular.*

SUBMITTED : Circular from the Home Office intended to bring to the notice of Local Authorities the precautionary measures which would be necessary for safeguarding the civil population against the effects of air attacks by hostile aircraft.

It is observed from the circular that the first step recommended is the preparation of a general plan by each County and County Borough Council. In this connection a preliminary conference of County and County Borough Councils has been convened by the Home Office for the first week in October. It is also intimated that a number of handbooks are to be issued dealing with various aspects of the air raid precautions. So far one memorandum and one handbook have been received.

Memorandum No. 1 issued by the Home Office outlines the types of organisation to be set up by Local Authorities for the treatment of casualties and decontamination of personnel. It does not, however, directly apply to the Metropolitan Police District in respect of which a general outline of a scheme has been prepared in the Ministry of Health. This is not yet to hand and it would appear desirable to await its receipt and the results of the conference before taking any action which might result in overlapping and prove abortive.

The handbook supplied and numbered 2 deals with "Anti Gas Precautions and First Aid for Air Raid Casualties" and provides much detailed information as to the types of gases, protection against gas, and the treatment of casualties. Certain of the information contained in the handbook will be required by the civilian population and no doubt at a later date some suggestions will be made as to its publication.

RESOLVED—That further consideration of the matter be deferred pending the receipt of the proposed scheme for the Metropolitan Police District.

(B). *British Red Cross Society.*

SUBMITTED : Letter from the British Red Cross Society intimating that the Organisation in the County of Middlesex will so far as is practicable be placed at the disposal of the Local Government Authorities to supplement official resources, and stating that upon receipt of information as to the direction in which the Middlesex Branch of the Society can best help, the necessary steps will be taken to secure the co-operation of the Local Divisions. **Noted.**

(C). *Representations.*

Representations against the operation of the measures suggested in the Home Office Circular have been received from :—

The National Peace Council.
The Hendon Peace Council.
The Watling and Edgware Preparative Meeting of the Society of Friends.
The Golders Green Society of Friends.
The National Union of Women Teachers, and
Mr. A. C. Wilson. **Noted.**

2.—REPORT OF CHAIRMAN FOR 1934/35 :

SUBMITTED : Report of the Chairman for 1934/35 as follows :—

“ Ladies and Gentlemen,

To my mind one of the most striking features of the employment position during the last year was, and is, the ease with which greatly increased numbers of juveniles leaving our schools were absorbed into employment. I estimate that during the last year about 1,380 boys and girls left the Hendon Elementary Schools, and were interviewed by the Officer and Chairman of the Juvenile Employment Committee. An immense number, say 50 per cent., obtained employment through the Bureau, and besides above a large number of young people 14—18 were placed in employment by the Bureau—a striking tribute to the effect of trade recovery and to the efficiency of the Bureau. May I give some idea of the time spent by the Juvenile Employment Officer and the Chairman in interviewing and advising the children as to the choice of suitable employment. Added together, last year's work would come to three weeks' work of eight hours per day. Such interviewing of children and their parents is merely the commencement of this great and important work. The final placings are, of course, passed on to the Juvenile Employment Bureau Staff. I must give to the staff my sincere thanks and appreciation for the extraordinary amount of time and interest they put into this most important work.

(Signed) P. LIGHTFOOT,

Chairman.”

RESOLVED—

THAT this Sub-Committee place on record an expression of their appreciation of the valuable services rendered by the Chairman during the past year and particularly in connection with the heavy demands upon his time in his work of conducting Choice of Employment Conferences.

★3.—STREET TRADING:

† (A). Back Lane, Watling Avenue.

RESOLVED TO RECOMMEND—That Mr. Brady be informed that the matter is one for the attention of the Police.

† (B). Golders Green.

The Committee's attention was called to the practice in operation at Golders Green whereby parcels of newspapers are unloaded from motor vans and deposited on the footway alongside the pitch of a licensed street trader at the entrance to Golders Green Tube Station and subsequently collected by motor vans for delivery to newsagents in the neighbourhood.

It appears that the site is being utilised as a newspaper distributing centre with the result that considerable obstruction occurs.

RESOLVED TO RECOMMEND—That the matter be brought to the notice of the Commissioner of Police of the Metropolis with a view to action being taken to ensure the discontinuance of the practice.

(C). Wessex Gardens.

Consideration of a letter hereon from Councillor Clemens was deferred.

★4.—PUBLIC LIGHTING:

SUBMITTED: Report of the Chairman of the Committee (Councillor V. Samuel), who was appointed as a delegate to the above Conference recently held in London, on his attendance at the Session dealing with Street Lighting by gas.

RESOLVED—That the Chairman be thanked for his report, and that the Borough Engineer report in due course on the system of street lighting referred to therein.

† (B).

Back Lane, Watling Avenue.

REPORTED: That it had been necessary to revise the scheme for lighting Back Lane, Watling Avenue, with the result that a shorter length of main will be laid in the property of the London County Council. The revision of the scheme will necessitate an amendment to the agreement entered into with the London County Council.

RESOLVED TO RECOMMEND—That authority be given for payment of the reasonable costs of the London County Council in connection with the amended agreement, and that the Corporate Seal be affixed thereto.

★5.—TRAFFIC CONTROL:

† (A).

Junction of Orange Hill Road and Deansbrook Road.

In accordance with the Committee's instructions (Hi.C., 9/9/35—5 (B)) the Borough Surveyor submitted schemes illustrated by plans for the control of traffic at the above junction, by (i) the installation of traffic light signals, and (ii) a "roundabout" system of traffic working. The last-mentioned scheme would necessitate the acquisition of a certain amount of private property.

The Committee are of opinion that the junction would be effectively controlled by the installation of traffic light signals as indicated in the scheme, now submitted by the Borough Surveyor and, accordingly

RESOLVED TO RECOMMEND—That the scheme for the installation of traffic light signals at the junction of Orange Hill Road and Deansbrook Road be approved and submitted to the Ministry of Transport and Middlesex County Council, for approval and the appropriate grant-in-aid.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

† (B).

Pedestrian Crossing—Junction of Edgware Road and Colindale Avenue.

The Borough Surveyor reported regarding the question of re-siting the pedestrian crossing at the junction of Edgware Road and Colindale Avenue and submitted a plan indicating the crossing in question (Hi.C., 9/9/35—14 (B)). He points out that there is a large volume of pedestrian traffic from Edgware Road down Colindeep Lane and that if the crossing is moved any considerable distance away from its present position it will be ineffective for this traffic.

RESOLVED TO RECOMMEND—That no alteration be made in the site of the crossing.

† (C).

Refuge—Colders Green Road, opposite "Prince Albert" Public House.

SUBMITTED: Letter from Mr. H. J. Bennett addressed to the Chairman of the Committee, together with the observations of the Chairman and the Borough Surveyor thereon, regarding the desirability of re-siting the above-mentioned refuge which is at present of a temporary character.

RESOLVED TO RECOMMEND—That on the expiration of the experimental period representations be made to the Minister of Transport on the lines indicated.

† (D).

Refuge—Hendon Way, near Hendon Cottage Hospital.

Consideration of the letter from the Middlesex County Council in reply to the Council's representations urging the provision of a refuge in Hendon Way in the vicinity of the Cottage Hospital was deferred at the last meeting of the Council. The Committee, having given the matter further consideration,

RESOLVED TO RECOMMEND—That no further action be taken in the matter at the present time.

† (E).

Hendon Way.

- (i) Speed Limit.
- (ii) Traffic Signals—The Vale Crossing.

SUBMITTED: Letter from the Golders Green Estate Ratepayers' Association asking the Council to support the Association's representations to the Ministry of Transport for the imposition of the 30 m.p.h. speed limit along the section of Hendon Way between Cricklewood Lane and Brent Station and also for the alteration of the timing of the traffic light signals at the junction of Hendon Way and The Vale to allow a longer period for pedestrians to cross Hendon Way.

The Ministry in their reply to the Association state that the decision to exclude Hendon Way from the application of the speed limit was reached after careful consideration of the views expressed by local authorities, the Police and the London and Home Counties Traffic Advisory Committee and that as at present advised the Minister does not see his way to depart from that decision. The letter points out, however, that the Order made by the Minister is not to be regarded as final, that modifications may be necessary after experience has been gained, and that in this connection the roads which have been derestricted are being kept under close observation with a view to ascertaining what modifications, if any, are desirable.

RESOLVED TO RECOMMEND—That the Golders Green Estate Ratepayers' Association be informed that the Council are unable to support their representations for the restriction of the section of Hendon Way in question, but that the Council are prepared to support their representations for the alteration of the timing of the traffic light signals to provide for an extension of the amber light period.

RESOLVED TO RECOMMEND—That notwithstanding the resolution of the 10th December last (Hi.C., 19th November, 1934—7 (E)) the footway margins of the portion of Green Lane between Manor Park Crescent and Hillside Drive be laid in turf.

† (A). Ministry of Agriculture and Fisheries.

SUBMITTED : Circular letter from the Minister of Agriculture and Fisheries intimating that representations had been received from the Allotments Advisory Committee, which comprises representatives of local authorities, landowners and allotment holders, regarding the general position in England and Wales in regard to the purchase of land by local authorities for the purpose of allotments. For some years past representatives of allotment holders have contended that the extension of the allotment movement is hampered by the fact that a large number of those holding allotments not only under private landlords, but also under local authorities, have little or no security of tenure. It has been stated that the possibility of allotment holders losing their plots after they have brought them into a good state of cultivation acts as a deterrent as regards the increase in the number of allotment holders. In these circumstances the Minister urges the Council to give immediate and careful consideration to the desirability of purchasing additional land for allotments and possibly of acquiring by purchase some of the allotment land now held under agreement. The Minister also states that the local Land Commissioner is ready to give any advice or assistance upon application.

It will be recalled that the Council (F. & G.P.C., 18/3/35—19) went thoroughly into the question of the provision of allotments (both permanent and temporary) in the Borough, when it was made clear that they had no intention of taking any action which would deprive the allottees of the facilities they now enjoy, and decided that no further appropriation of land for the purpose of permanent allotments be made at the present time.

★9.—PROPOSED BRANCH LIBRARY AT MONTROSE AVENUE :

At the last meeting the Committee deferred consideration of the letter from the Ministry of Health in connection with the Council's application for sanction to borrow for the erection of the proposed Branch Library at Montrose Avenue. (Li.C., 16/9/35—7).

It will be recalled that the letter from the Ministry stated that the Minister considers a reasonably sized Branch Library situated near or just to the north of Mill Hill (London, Midland and Scottish) Railway Station would adequately serve the whole of the northern portion of the Borough without the necessity for a Library on the site proposed, and the Council were asked to consider the proposals in the light of this suggestion and to furnish the Minister with their observations thereon in due course.

The Committee have re-considered the whole matter in the light of the Ministry's suggestion but, after very careful deliberation, they

RESOLVED TO RECOMMEND—That the Council re-affirm its previous decision.

★10.—STAFF :

April 3rd, September 24th, October 1st and 7th.*

Present: Councillors R. A. B. Teare, M.B.E. (Chairman) (9), A. A. Naar, M.B.E. (5) and C. Pinkney (5).

TERMS OF REFERENCE:

- (i) To consider and place in order of priority all outstanding applications for houses. (Hsg.C., 26/11/34—2 (G)).
- (ii) To consider and report regarding the transfer of tenants consequent upon the survey of conditions on the Council's Housing Estates. (Hsg.C., 16/9/35—1 (H)).

(A) APPLICATIONS FOR HOUSES:

Our interim report submitted on the 8th April last indicated that all applications received up to the 3rd April, with the exception of a small number in respect of which further enquiries were being made, had been considered and each application placed in its appropriate category, and that we proposed to meet again to prepare our report.

Since that date three further meetings have been held and we have now considered all the applications outstanding at the date of our appointment, and also all additional applications received up to the 24th September. We therefore submit a complete report covering the whole of our deliberations.

The number of applications considered totalled 581, each of which received the fullest consideration.

A summary of our decisions is set out hereunder, together with an indication of the accommodation required:—

Total number of applications considered up to 24th September, 1935	581
Applications in respect of which houses have been allotted	56
Applications withdrawn or struck off the list owing to inability to trace applicant's present whereabouts	120
Deleted from list	11
Duplicate applications	4
	191
Applications remaining on the list	390

The applications remaining on the list have been placed in the following order of priority :—

Urgent A.1 List—189 :—

3-bedroom type accommodation	81	
4-bedroom type accommodation	12	
				—	189

Urgent A., B. & C. Lists—50 :—

List 2—68 :—

3-bedroom type accommodation	6	
4-bedroom type accommodation	3	
				—	68
					390
					—

The 11 applications deleted from the list have been so deleted for one or more of the following reasons :—the income of applicant is sufficient to enable suitable accommodation to be obtained without recourse to a Council House; the present accommodation is sufficient and rent reasonable; present accommodation is in excess of, and at a lesser rent than, that which could be provided by the Council.

It will be observed from the foregoing summary that to satisfy the needs of the 390 applicants remaining on the list the following accommodation will be required :—

2-bedroom type	258
3-bedroom type	116
4-bedroom type	16
					—
					390
					—

The Council on the 25th February last (Hsg.C., 11/2/35—4) instructed the Borough Surveyor to report on a site or sites suitable for the erection of Council Houses, the report to be based on our findings. We have therefore submitted a copy of this report to the Borough Surveyor.

We RECOMMEND—THAT our report be approved and our reference discharged.

(B) SURVEY OF CONDITIONS ON THE COUNCIL'S HOUSING ESTATES :

We have considered the position arising out of the survey of conditions on the Council's Housing Estates and as to the action to be taken in the cases of tenants who are not prepared to transfer to houses appropriate to their needs. In the cases of tenants requiring greater accommodation, we have given instructions for further necessary information to be obtained.

Up to the present, however, we have not received a sufficient number of replies to justify full consideration of the question.

We desire to point out, however, that as a result of our consideration of a number of cases we have come to the conclusion that the question generally presents many perplexing problems which are not apparent from a cursory examination of the position, and we feel that further consideration should be given to the matter at a later date when full information is available both of the circumstances of the tenants affected and the accommodation which will be available for the purpose of effecting transfers.

We therefore RECOMMEND—

(a) THAT in the cases of tenants who have intimated their willingness to transfer to houses appropriate to their needs, authority be given for such transfers to be effected as and when suitable accommodation becomes available;

(b) THAT consideration of the remaining cases be deferred until such time as full information is available of the circumstances of the tenants affected and of the accommodation available for effecting transfers.

RESOLVED TO RECOMMEND—That the report of the Sub-Committee be approved and adopted.

[Having considered the matter the Finance and General Purposes Committee have no observations to offer.]

★2.—ADDITIONAL LAND FOR HOUSES :

Arising out of item (A) of the foregoing report of the Housing Sub-Committee the Borough Surveyor reported that he had submitted to the Works and Fire Brigade Committee a scheme with proposals for the future development of the land vested in the Council at Hendon Way and that provision has been made in the scheme for the allocation of land (which has not been used for sewage purposes) for housing purposes sufficient for the erection of approximately 240 houses.

This provision, however, will not be sufficient for the carrying out of a housing programme to meet the present needs as indicated in the report of the Housing Sub-Committee. In this connection the Borough Surveyor reported that he had in mind a further site which, with the land at Hendon Way, would be more than sufficient to provide for the present ascertained requirements, but that the time was not yet opportune for divulging details of the site, the acquisition of which would probably necessitate resort to compulsory measures.

RESOLVED TO RECOMMEND—That the Borough Surveyor report to the Council (in Committee) on a suitable area of land to be acquired compulsorily for housing purposes.

[Having considered the matter the Finance and General Purposes Committee have no observations to offer.]

★3.—BRENT HILL, CLITTERHOUSE AND HYDE ESTATES :

Fencing.

Pursuant to the Committee's instructions (Hi.C., 16/9/35—1 (G)) the Borough Surveyor submitted the following estimates :—

	Estimated Cost. £
The Hyde Housing Scheme :—	
Replacement of all existing chestnut fencing with chain link fencing 4 feet 6 inches in height, including gates	1,300
Clitterhouse Scheme :—	
Replacement of existing wire fencing at the back of the houses with chain link fencing 3 feet 6 inches in height, including gates ...	2,100
Brent Hill Estate (Non-Assisted Scheme) :—	
Replacement of existing chestnut pale fencing with chain link fencing 4 feet 6 inches in height, including gates	600
Brent Hill Estate (Assisted Scheme) :—	
Renewing privet hedges, where required	85
	£4,085

The Committee are of opinion that the work should be put in hand forthwith, and

RESOLVED TO RECOMMEND—That the estimates set out above amounting to £4,085 be approved and the Borough Surveyor authorised to put the work in hand forthwith, and that the expenditure involved be defrayed out of the Housing Reserve Fund Account.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal in so far as it relates to the carrying out of the work, but Recommend - That the expenditure involved be charged to Capital Account and the cost of the temporary fencing originally charged to Capital Account deducted therefrom.]

★4.—RE-DECORATIONS AND REPAIRS :

The Finance and General Purposes Committee on the 3rd June last, expressed the view that this Committee should carefully review in the light of the financial circumstances referred to in the Committee's report (Minutes, pages 580/1—Item 16) the existing arrangements and the programme for re-decorations and repairs to Council Houses.

The Committee have given consideration to the matter, and also the reference from the Council of the 15th July last, that consideration should be given to the question of obtaining from outside sources estimates for internal and external decorations and minor repairs for comparison with the Council's costs for similar work previously completed.

The Borough Surveyor informed the Committee that the service for carrying out repairs and re-decorations to Council Houses is being re-organised on an economic basis on the principle of dealing with each scheme as an entity for the purpose of carrying out repairs and decorations to ensure proper supervision, and that by this means a very considerable reduction in cost has been shown over the first six months of the current year.

After very careful consideration the Committee have come to the conclusion that over a period it is more economical to carry out repairs and re-decorations by the Council's staff and, accordingly,

RESOLVED TO RECOMMEND—That no departure be made from the existing procedure.

★1.—NATIONAL HOUSING AND TOWN PLANNING COUNCIL:

National Conference at Scarborough.

SUBMITTED: Letter from the National Housing and Town Planning Council inviting the Town Council to appoint delegates to attend the above Conference to be held at Scarborough during the week-end November 29th to December 2nd for the purpose of considering matters of importance in Housing and Town Planning legislation and administration.

RESOLVED TO RECOMMEND—That the Chairman (Councillor J. J. Copestake), together with the Borough Surveyor, be appointed to represent the Council at the Conference.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

2.—FAIRVIEW ESTATE, EDGWARE:

Petition—Edgware Ratepayers' Association.

SUBMITTED: Letter from the Hon. Secretary, Edgware Ratepayers' Association enclosing a Petition, signed by 62 residents of Highview Avenue and Highview Gardens, protesting against the proposed development of the above estate, and suggesting that steps be taken to preserve the countryside. The Borough Surveyor reported that an Arterial Road separated the above Estate from Highview Avenue and Highview Gardens. **Noted.**

★3.—NORTH CIRCULAR ROAD:

Prescription of Improvement Line.

SUBMITTED: Report of the Borough Surveyor regarding the proposals of the Middlesex County Council in connection with an improvement line for the above road, which affects the whole of the Corporation's property between Hendon Way and the L.M. & S. Railway. The proposed improvement line will affect the Refuse Destructor Works, and the Committee

RESOLVED TO RECOMMEND—That objection be lodged against the Middlesex County Council's proposals in so far as they affect the site occupied by the Refuse Destructor Works.

★4.—FINCHLEY TOWN PLANNING SCHEME No. 1:

SUBMITTED: Report of the Borough Surveyor to the effect that at the request of the Finchley Borough Council the continuation through the Nether Court Estate of Road No. 22, which has been partly developed as Walmington Fold, was eliminated from the Hendon Town Planning Scheme No. 1 on the understanding that the Finchley Borough Council would provide an outlet for this road in their Scheme. This arrangement formed the subject of negotiations in which both Councils, the Ministry of Transport, and the Ministry of Health were concerned.

The Finchley Scheme as deposited does not provide this outlet for the road in question.

RESOLVED TO RECOMMEND—That objection to the Finchley Town Planning Scheme No. 1, in respect of the non-provision of an outlet for Road No. 22, be forwarded to the Minister of Health.

★5.—RESTRICTION OF RIBBON DEVELOPMENT ACT, 1935 :

SUBMITTED : Report of the Borough Surveyor upon a letter received from the County Engineer regarding any restrictions to be placed on County Roads in this area under Sections 1 and 2 of the above Act.

It will be recalled that Section 1 of the Act enables the Council to adopt standard widths in respect of certain roads and in this connection the Committee are of opinion that all the Corporation's main roads are adequately protected by the Town Planning Scheme with its widening and building lines and it is therefore suggested inadvisable to complicate the administration of this scheme by imposing on any roads restrictions of a somewhat similar character under other statutory powers.

In connection with Section 2 of the Act the permission of the Council is required for any new means of access on all Classified Roads for which it is the Highway Authority. At the present time crossings over the footpath giving access to garages are constructed directly the applicant deposits a sum covering the cost of the work, and it is suggested that in order to avoid delay the Borough Surveyor be given authority to grant the necessary consents for such crossings under Section 2 of the Act, and the Committee

RESOLVED TO RECOMMEND—That the above suggestions be approved.

★6.—APPLICATIONS FOR INTERIM DEVELOPMENT ORDERS :

SUBMITTED : Report of the Borough Surveyor on the following applications :—

† (A).

Soutar regarding the land situate between Addison Way and Mutton Brook which the Hampstead Garden Suburb Trust suggested should be acquired by the Corporation for the purpose of a Riverside Walk. (B. & T.P.C., 27/5/35—5).

The Trust desire to make a condition that the Corporation should enter into a lease of a small piece of land adjacent to the Garden Suburb School in Child's Way at an annual rental of £30.

This latter item would appear to be a matter that should be referred to the Education Committee for consideration, and it was

RESOLVED TO RECOMMEND accordingly.

RESOLVED TO RECOMMEND—That such matter be referred to the Council in Committee.

10.—APPLICATION No. A.4151 :

New Premises—Montague Burton, Ltd, Station Road, Edgware.

SUBMITTED: Report of the Borough Surveyor regarding the disapproval by the Committee of plans in respect of the above premises by reason of non-compliance with the provisions of Section 36 of the Public Health Acts Amendment Act, 1890. (Council, 9/9/35—Mayor's Recess Report—46 (B)—Application No. A.4151).

It is proposed to use the first floor of the premises as a billiards hall with accommodation for 8 tables and this would appear to indicate an intention to use the hall as a place of public resort, therefore proper means of ingress and egress should be provided to the satisfaction of the Council. The only means of access originally provided thereto was by one staircase, the desirability for a second means of escape was pointed out to the applicants, who provided an external iron staircase closely adjacent to the first one.

Upon disapproval of the application, Montague Burton, Ltd., communicated with the Minister of Health upon the matter, who stated that the proper procedure for the Council to adopt is to approve the plans as being in accordance with the Bye-Laws and at the same time notify the applicants that if the premises are erected and used as a place of public resort action will be taken by the Council in accordance with the provisions of the Act.

RESOLVED—That the application be approved under the Bye-Laws with respect to New Streets and Buildings, but that the applicants be informed that the plans do not satisfy the Council's requirements under Section 36 of the Public Health Acts Amendment Act, 1890.

11.—CONSTRUCTION OF HEARTHES IN PRIVATE HOUSES :

SUBMITTED: Report of the Borough Surveyor to the effect that the construction of hearths is controlled by the provisions of Bye-Law No. 57 of the Council's Bye-Laws relating to New Streets and Buildings. (B. & T.P.C., 11/3/35—(B)). **Noted.**

★12.—HOARDINGS, NORTH CIRCULAR ROAD :

Solosigns, Limited.

SUBMITTED: Report of the Borough Surveyor upon an application from Solosigns, Ltd., for permission to erect an illuminated sign in the above road, near the L.M. & S. Railway Company's bridge. There would not appear to be any objection to the proposal, provided the building line is adhered to.

RESOLVED TO RECOMMEND—That the application be approved.

★13.—SECTION 92 OF THE HENDON URBAN DISTRICT COUNCIL ACT, 1929 :

*Application No. A.4895—8 Shops with Flats and Offices over, North-East side, Edgwarebury Lane, Edgware.
Applicant—Mr. F. Howkins.*

In connection with the above application approved by the Committee, the Borough Surveyor reported that it would be necessary for an Order to be made under Section 92 of the Hendon Urban District Council Act, 1929, in respect of the combined drainage of the above premises.

RESOLVED TO RECOMMEND—

- (i) That under Section 92 of the Hendon Urban District Council Act, 1929, the Council make an Order in respect of the above-mentioned premises, to the effect that they be drained by means of a combined drain, to be constructed by the owners as shown on the deposited plans, such Order to embody such requirements and conditions as shall in the opinion of the Council be necessary.
- (ii) That the Corporate Seal be affixed to the necessary Order.

★14.—TEMPORARY BUILDINGS :

SUBMITTED : Report of the Borough Surveyor as follows :—

† (A). Cancellation of Licence.

Authority required to cancel licence No. (A.) 2347 instead of No. (A.) 3247 as previously reported. (B. & T.P.C., 16/9/35—11 (A)).

RESOLVED TO RECOMMEND—That licence No. (A.) 2347 be cancelled in lieu of No. (A.) 3247.

Outdoor (Established) Staff.

Provincial Joint Industrial Council (Local Authorities Non-Trading Services (Manual Workers) for the County of Middlesex).

The Borough Surveyor reported upon the result of an interview which he and the Borough Treasurer had with the representatives of the National Union of Public Employees in connection with Members of the Established Staff who belong to the Union.

The points under discussion had been discrepancies which exist between the rates of pay and conditions of service relating to certain classes of employees as compared with the rates and conditions laid down by the Provincial Joint Industrial Council, and the Officers jointly recommended that it would be an advantage to bring all classes of established employees within well defined conditions relating to rates and hours of employment, etc., by the adoption of the award of the Provincial Joint Industrial Council, subject to the following conditions:—

- (i) The Provincial Joint Industrial Council shall agree to the Borough of Hendon being included in Zone 1.A.
- (ii) The rates of wages, conditions of employment and holidays as laid down by the Provincial Joint Industrial Council shall apply to all men on the established staff, subject to weekly rates being reduced to hourly rates, the fractions of a half-penny to be calculated to the nearest half-penny above such fraction.
- (iii) That the rates of wages paid in Zone 1.A. shall be subject to a permissive increase not exceeding 10 per cent. to be applied by the Council in adjusting the new rates to those at present prevailing.

The Committee have considered the above matter primarily as one of principle though they understand that the adjustments between the existing rates of pay and those now proposed will not entail any material additional cost. In cases where new rates of pay would inflict an apparent hardship the case would be duly reported upon.

RESOLVED TO RECOMMEND—

- (i) That, subject to the conditions above, the Council adopt, as from the commencement of the first complete week after the date on which the Borough of Hendon is graded in Zone 1.A., the award of the Provincial Joint Industrial Council for Local Authorities Non-Trading Services (Manual Workers) for the County of Middlesex.
- (ii) That authority be given for an application to the Minister of Health for the necessary adjustments of designated posts consequent on re-grading under the award of the Provincial Joint Industrial Council.

† (D). **Fire Brigades' Superannuation Fund.**

RESOLVED TO RECOMMEND—That authority be given for Messrs. Watson & Sons to be instructed to submit a report as to the position of the above Fund.

† (E). **Widows Annuities.**

Pursuant to the reference from the Council of the 25th March, the Town Clerk submitted a report in connection with the question of securing annuities to widows or dependants of officers.

The report deals with the matter from two aspects:—

- (I) Annuities for Widows of Employees dying after being pensioned on the ground of age; this is the class of case dealt with by the Middlesex County Council Act, 1934, and by private acts promoted by Manchester, Cardiff, Cambridge, Newport, Barking, Wigan, Salford and Stockport. All these private acts, while differing as regards drafting, are substantially similar and the "Manchester" clause is included in the Bill prepared on behalf of the N.A.L.G.O. to amend the Local Government and other Officers' Superannuation Act, 1922.
- (II) Widows and Dependants of Employees dying in active service on or after being pensioned on the ground of ill health; this class of case presents considerable difficulty. No attempt has been made to promote legislation providing for these cases, and the question resolves itself into one purely of insurance.

(A copy of the report is circulated herewith).

RESOLVED TO RECOMMEND—

- (i) That, in respect of Class I. (*Annuities for Widows of Employees dying after being pensioned on the ground of age*) representation be made to the Middlesex County Council and to the Middlesex Borough and District Councils' Association with a view to the County Council including in their next General Powers Bill a clause making Section 110 of the Middlesex County Council Act of 1934, adoptive by Local Authorities in Middlesex;
- (ii) That further consideration in respect of Clause II. remain in abeyance.

Exemption Certificates.

SUBMITTED : Joint report of Chief Officers under reference of the Public Health and Medical Services Committee, 7/10/35—7.

The Committee concur with the view expressed by the Chief Officers that the question of granting certificates of exemption under the Act is one for the Public Health and Medical Services Committee but care must be taken to ensure that no such certificate is granted which provides for less accommodation than that originally approved by the Council unless justified by altered circumstances.

As a matter of general policy the Council should require every structurally separate shop to be provided with its own suitable and sufficient sanitary conveniences.
