Ladies and Gentlemen,

I beg to report that the following matters have been dealt with during the Easter Recess:—

It was reported that Spiers Limited, of Glasgow had withdrawn their tender (£8,030 10s. 3d.) for the erection of the above School, and that the Chairman of the Education Committee had authorised the acceptance of the next lowest tender, W. J. Cearns, of Stratford —£8,317. I have accordingly confirmed this action and authorised the Seal of the Council to be affixed to the contract with W. J. Cearns.

3.—DOCUMENTS—SEALING:

The following documents have been sealed:—

Contract with Richards & Sons—flats at Goldsmith Avenue.
Contract with Buckinghams—flats at Clitterhouse.

5.—HOUSING SITE—WEST HENDON—COMPULSORY PURCHASE ORDER:

I authorised the Compulsory Purchase Order for Housing purposes to be made in respect of 13.856 acres instead of 13.84 acres previously reported, this being due to a small area being added, which would otherwise be left vested in owners of a larger portion which is already included in the Order.

6.—KING'S NATIONAL ROLL:

I have authorised the renewal of the Undertaking to employ 5 per cent. (as before) disabled ex-service men under the terms of the National Scheme, in order that the Council may remain on the King's National Roll.

7.—RELIEF OF UNEMPLOYMENT—WINTER, 1931/32:

A communication has been received from the Government urging, in view of the continued industrial depression, the promotion of schemes for the relief of unemployment during the winter of 1931/32. There will be no departure from the present policy that the works shall be fully justified on the grounds of public utility and economic development, and must show substantial acceleration. The Unemployment Grants Committee are prepared to consider from now up to the 30th June next, schemes which can be actively commenced on or before the 31st October, 1931. The terms and conditions of grant for approved schemes are the same as at present in force.

I have accordingly instructed the Chief Officers to report at the first meetings in the new year of the respective Committees on any schemes which might be considered.

8.—APPEALS:

Approval has been given to proposals to hold flag days in the district as follows:—

Hampstead General and North-West London Hospital—15th July (substituted for 13th May, previously approved by the Council).

9.—FIRE PROTECTION—LITTLE STANMORE:

I have considered a letter from the Little Stanmore Parish Council enquiring whether they will be permitted to use the Fire Brigade equipment and appliances, previously in the possession of the Edgware and Little Stanmore Joint Lighting and Fire Committee.

Under the Section 37 (4) of the Hendon Urban District Council Act, 1929, any property held by the Edgware Parish Council conjointly with any other area is to be transferred to and vested in this Council but shall be a matter for adjustment.

I have, therefore, authorised the use of the Fire Brigade equipment and appliances by the Little Stanmore Parish Council pending consideration of the question by the Works and Fire Brigade Committee.

30.—HENDON PARK :

I have considered an application from the Hendon Branch of the Old Contemptibles Association for the use of the Hendon Park and certain equipment for a Parade on Sunday, the 17th May, and I have agreed to accede to the request as far as possible.

I am,

Ladies and Gentlemen,

F. C. RICE,
Chairman.

ANNUAL REPORT OF CHAIRMAN :

Moved by Mr. Councillor Latham, seconded by Mr. Councillor Carpenter, and

3.—RESOLVED—**That the following Report of the Chairman as to matters dealt with during his term of office be received.**

Ladies and Gentlemen,

It is with pleasure that I submit the following report on the principal operations of the Council, and on the development and progress in various branches of the administration during my year of office as Chairman :—

1.—HENDON URBAN DISTRICT COUNCIL ACT, 1929 :

Many of the provisions of this Act came into force after the Royal Assent had been granted on the 26th July, 1929, but the principal object of the Act, viz., the acquisition of the Parish of Edgware, has only recently taken effect—on the 1st April, 1931. The Urban District has thereby received its first extension of boundaries and has increased in area from 8,382 acres to 10,471 acres, with a rateable value of £1,301,988.

The Council is increased from 30 to 33 Members—the 3 additional Members representing the Edgware Ward.

2.—INCORPORATION :

It will be recalled that the Council's Petition and the Petition of certain Inhabitant Householders for the Incorporation of the District as a Municipal Borough was deposited on the 26th April, 1930. Apart from correspondence arising out of the application of the County Council to the Privy Council to defer consideration pending the review of districts this matter has not progressed to any appreciable extent. The pending transfer of the Parish of Edgware has been responsible to a large extent for the delay, but notice has now been given that the Inquiry into the Council's application will be held on the 29th instant.

N° 2 20 r 1931

3.—REVIEW OF DISTRICTS BY THE COUNTY COUNCIL:

The proposals at present before the County Council affecting the Boundaries of the Urban District are as follows:—

(*a*) WILLESDEN URBAN DISTRICT COUNCIL—to take

THAT PART OF WEST HENDON WEST OF THE EDGWARE ROAD—315 acres.
(A similar application was made by the Wembley Council but this was withdrawn at a Conference of Authorities on the 12th June).

(*b*) FINCHLEY URBAN DISTRICT COUNCIL—to take

(i) THE GARDEN SUBURB—328 acres.

(ii) LAND COMPRISING THE ESTATE KNOWN AS FRITH GRANGE AND NETHERCOURT—250 acres.

(iii) OTHER MINOR ADJUSTMENT OF BOUNDARIES—about 1.66 acres.

At a Public Meeting held at West Hendon on the 18th June, 1930, the following resolution was passed:—

"That this meeting is strongly opposed to any proposal that any portion of West Hendon be transferred to any other Local Government Area, and authorises the Committee to take proper steps to oppose such proposal."

The County Council have been informed of the receipt of the petition signed by 1,775 persons, residents of the Garden Suburb, recording their "emphatic protest against the action of the Finchley Urban District Council in seeking to absorb the Hampstead Garden Suburb."

The County Council have recently requested that statistics (previously given) be brought up to date. It is therefore to be anticipated that they are about to proceed with the further consideration of this matter. Any developments will be carefully watched and brought to the notice of the Boundaries Committee.

4.—HOUSING ACT, 1930:

During the year the Council formulated their programme under Section 25 of the Act for dealing with housing conditions in the area for the quinquennial period to December, 1935. The Scheme provides an estimated production by the Council of 295 houses, allocated:—

194 new houses required under the Act of 1924.
101 houses which may be necessitated for families displaced by reason of action under the Act of 1930.

Land to be acquired for these houses must of necessity be situated in an accessible position reasonably near to travelling and other facilities. Steps are being taken to acquire by Compulsory Order, 13.856 acres in West Hendon, which will be suitable for the erection of about 166 houses, while the Council has also approved of the appropriation for housing of approximately 5 acres of land recently purchased at Montrose Avenue. The question of the acquisition of further land continues to occupy the attention of the Housing Committee.

5.—SEWAGE DISPOSAL—MIDDLESEX COUNTY COUNCIL BILL:

This proposal, which has for its main object the elimination of the existing local sewage works and the conveyance of sewage by main trunk sewers to one site in the County, has been prominently before the Council. There were 23 petitions (including Hendon) against the Bill, which came before a select Committee of the House of Lords on the 19th March. As a result of negotiations all petitions with the exception of one "from Owners and Occupiers of lands, houses and buildings affected" were withdrawn, but Hendon reserved their right to petition in the Second House.

The Lords Committee declared the Preamble of the Bill proved on the 25th March, and it was read a third time in the House on the 26th March. The Bill was read a second time in the House of Commons on the 30th March. Various desirable amendments have been obtained in the Bill and it may now be regarded as practically an agreed measure.

The Middlesex County Council have appointed a West Middlesex Drainage Committee consisting of 25 Members " to consider and report to the County Council on all matters with reference to the execution of the works sought to be authorised by the Bill." Mr. County Councillor C. Wright, J.P., is the Hendon Representative appointed on such Committee.

6.—VITAL STATISTICS, 1930/31 :

Estimated Population, 30/6/30 ...	109,583.
Birth Rate	13.87 per 1,000 population.
Death Rate	7.73 per 1,000 population.
Infantile Mortality	50 per 1,000 births.

7.—INFECTIOUS DISEASES :

The incidence of Diphtheria and Scarlet Fever during the year remained comparatively high, the total number of cases notified being :—

Scarlet Fever	347
Diphtheria	192

No. of cases removed to the Hendon Isolation Hospital :—

Scarlet Fever	258
Diphtheria	167

Smallpox occurred several times during the year, a total of 47 cases being notified, and while these cases were mainly of a mild type, the necessary administrative measures provided are identical for all types of the disease, and hence a considerable additional volume of work was placed upon your Health Department. I am glad to say that none of the outbreaks assumed epidemic form.

During the summer months 7 cases of Infantile Paralysis occurred. The outbreak was fortunately very limited in extent, but the cases were all of a severe type, 2 died and the others were left with varying degrees of paralysis.

Two cases of Psittacosis occurred, one of whom died and the other made a complete recovery.

8.—ISOLATION HOSPITAL :

The new Isolation Hospital was opened in the 29th October, 1929, by Her Royal Highness Princess Louise.

Due to the previously mentioned rather high incidence of infectious disease, the existing accommodation has not proved capable of dealing with all cases. For that reason a ward of 26 beds is now in process of erection, with, of course, the necessary addition to the administrative quarters.

In addition to this, the Council at their meeting in February, 1931, decided to still further increase the accommodation.

The Resident Medical Officer has undertaken to do all the routine bacteriological work of the Hospital which is already shewing a very distinct monetary saving and also allowing the results to be known at an earlier date.

The Council have decided to replace the existing ambulance by two new ambulances.

9.—MATERNITY AND CHILD WELFARE AND SCHOOL MEDICAL SERVICES :

Three permanent Centres for these services have been completed, one at Watling Estate, one at Child's Hill and one at West Hendon. These are all now in use and are well attended.

10.—PUERPERAL FEVER AND PUERPERAL PYREXIA :

Arrangements have been entered into with Queen Charlotte's Hospital for the admission of cases of these diseases to the Isolation Block at Goldhawk Road, Hammersmith.

11.—DENTAL TREATMENT:

In accordance with the scheme adopted, the dental treatment of school children has been extended to take age groups up to 11 years and the Council have also made arrangements for the dental treatment of children under 5 years of age and all women attending the ante-natal clinics.

These extended services necessitated the appointment of a full-time Dentist, in addition to the existing part-time Dental Officer.

I regret to state that Mr. Ruscoe, who was our first full-time Dentist, died soon after having taken up his appointment, and Mr. Underwood, previously of Southend, has been appointed as his successor.

Provision has been made in the 1931/32 Estimates for the services of an Anæsthetist for all dental general anæsthetic sessions.

12.—ORTHOPÆDIC CLINIC:

Arrangements have been made for the establishment of an Orthopædic Clinic at the Watling Estate Centre and for the necessary additional sessions of the Orthopædic Surgeon and Nurse.

13.—TREATMENT OF DEFECTIVE VISION:

Arising out of the Medical Officer of Health's Re-Organisation Report, it was resolved that the necessary provision be made in the Rate Estimates for 1931/32, to enable any children under school age and suffering from squint to be treated.

14.—CONVALESCENT TREATMENT:

The Council's scheme for convalescent treatment of school children, at the Russell Cotes School of Recovery, has been extended and arrrangements now exist by which a total of 10 children may be sent, at one time, for a period of six weeks convalescent treatment.

15.—SANITARY ADMINISTRATION:

A large amount of sanitary inspection work was carried out involving the service of 1201 Sanitary Notices, and it is satisfactory to record that it was only necessary to apply for 4 summonses for non-compliance with same.

Under the Housing Acts 6 houses were closed as unfit for habitation; 5 have so far been demolished. Council houses have been alloted in 31 cases to abate overcrowding.

A general survey of the houses in the District was carried out under the New Housing Act, 1930, and 64 houses were scheduled with a view to being dealt with under Parts I. and II. of the Act.

547 animals slaughtered have been examined, and, with the exception of one or two organs, were found sound and wholesome.

The registration of premises used for the sale or manufacture of Ice Cream, Fried Fish and potted and preserved food, were effected under the provision of Section 123 of the Hendon Urban District Council Act, 1929. 75 premises were registered.

A Byelaw with respect to Smoke Abatement was sanctioned and approved by the Minister of Health and is now in force within the District.

In connection with infectious diseases, 1,144 rooms were disinfected and 558 were stripped and cleansed.

16.—EDUCATION:

During the year 1930/31 the education service has been considerably extended to keep pace with the steady increase in the growth of the child population. Three new departments were opened on the Watling Estate, namely, Woodcroft Girls' Modern School (accommodation 440), The Meads Junior School (accommodation 300), and the R.C. School of the Annunciation (ac-

commodation 312), the total existing accommodation on the Estate now being 5024. Excellent progress has been made in the erection of the Orange Hill Central Schools, and plans have been approved by the Board of Education for the erection of the Deansbrook Junior and Infants' School. Three additional school sites at Claremont Road, Deansbrook and Colindeep Lane have been acquired.

The total number of children on the school rolls at 31/3/31 was 11893, compared with 11000 on the corresponding date of last year. The staffing establishment of Head and Assistant Teachers employed during the year numbered 327.

A Three Year Programme of Re-Organisation of Primary Schools has been approved and commended by the Board of Education. A complete schedule of all children in the district under 14 years of age has been compiled.

17.—PUBLIC LIBRARY SERVICE:

During the year the use made of the library service has continued to expand. In the only department where it is possible to make a comparison, namely, the school libraries, the issues were nearly 100 per cent. greater than in 1929-30 (82,256 against 41,288).

The following are particulars of stock and issues for 1930/31 :—

	Stock additions.	Total.
Central Library	8,185 vols.	32,903 vols.
School Libraries	2,518 vols.	8,841 vols.

The collection of local prints, deeds, and mss. now number 329 items.

	Issues.
Central Library	409,463 vols.
School Libraries	82,256 vols.
Deposit Stations	3,804 vols.
Total	495,523 vols.

On March 31st there were 16,694 members of the lending libraries, 6,182 having been enrolled during the year. The total represents 14.27 per cent. of the estimated population of Hendon. In other words, one out of every seven of the inhabitants has applied for lending library tickets. These figures exclude any estimate of the number of children who obtain books from the school libraries, and having regard to the large number of inhabitants who reside at long distances from the library, are a tribute to the popularity of this new service. It is estimated that of the people who live within a mile of the library, that is, in the Central and Park Wards, about 35 per cent. are now registered as members.

24 lectures and talks to adults and children and 31 " story half-hours " to children were given, the attendances numbering approximately 3,600.

There are now 24 school libraries operating, four new ones having been opened during the year.

That a Practitioner in attendance at a confinement be permitted to obtain assistance where required for the administration of an anæsthetic, the Council to be responsible for the fee providing the doctor in attendance reports to the Public Health Department on the case within twenty-four hours.

The provision of drums of sterile dressings, according to a specification of the Medical Officer of Health, for the use of any practitioner in the area at cases of complicated childbirth. The drums to be retained at readily accessible places in the district.

The Medical Officer pointed out that the suggested services are only intended for cases in which family circumstances preclude the doctor in attendance at the confinement from making private arrangements, it being understood that the Council reserve the right to collect all or part of the expenditure according to the financial position of the persons concerned. Both the Companies referred to are prepared to lay the necessary gas mains without cost to the Council. The Surveyor estimates the capital cost of providing and erecting the 100 lamps which will be required at £900. He points out, however, that the lamp columns will not be erected and put into service until the second carriageway is open to traffic and that it is unlikely, therefore, that any appreciable portion of the cost of the work will fall on the estimates for the present year.

RESOLVED TO RECOMMEND—**That the Surveyor's estimate be approved and that representations be made to the Gas Companies concerned to lay mains at each side of the road in order to obviate the necessity for opening up the carriageway in the future to make connections.**

These terms provide for all-night lighting from dusk to dawn and include maintenance of the lamps, lighting, extinguishing, and cleaning, and replacement of all fittings and equipment.

The Company suggest that the Council should enter into an agreement for a period of seven years on the terms indicated above.

RESOLVED TO RECOMMEND—**That the Surveyor be authorised to negotiate with the North Metropolitan Electric Power Supply Company with a view to the Council entering into an agreement embodying the terms indicated in his report, provision to be made in the agreement for its determination at the end of 3, 5 or 7 years; also that the Surveyor be instructed to ascertain the terms upon which the Gas Companies operating in Edgware would be prepared to provide the public lighting in the Edgware Ward.**

† (E). *Footpaths—Hendon Park.*

The Council at its meeting on the 23rd February last, decided to take no action on the resolution submitted by the Hendon Ratepayers' Association asking that public lighting should be installed along the footpaths in Hendon Park. (Hi., 2/2/31—4 (B)).

In this connection the Surveyor submitted a report stating that 10 lamps would be necessary in order to provide adequate lighting of the footpaths in question and he estimated the capital cost involved at £250 with an additional £50 per annum for maintenance. In the light of the further information submitted to the Committee, it was

RESOLVED TO RECOMMEND—

(*a*) **That the Council's resolution of the 23rd February, 1931** (Hi., 2/2/31—4 (B)), **be rescinded.**

(*b*) **That the Surveyor be authorised to take the necessary steps for lighting the footpaths in question in accordance with his estimate.**

† (D). *School Warning Signs—Watling Estate.*

Pursuant to the Resolution passed by the Council on the 31st March last (Hi., 3/3/31—5 (B)), the Surveyor submitted a report to the effect that it is desirable that school warning signs should be erected at the following points:—

In the circumstances the Committee

RESOLVED TO RECOMMEND—**That further consideration of the question of making up the footpaths in Brampton Grove be deferred for a period of six months.**

7.—BELL LANE BRIDGE—RECONSTRUCTION AND WIDENING OF BRIDGE LANE:

SUBMITTED: Letter from the Middlesex County Council stating that the Ministry of Transport were not prepared to make a grant-in-aid of the cost of constructing the new crossing in connection with the above improvement scheme which was approved by the Council on the 29th September last. (Hi., 8/9/30—9).

The estimate submitted to the Middlesex County Council and the Ministry of Transport amounted to £850. The Ministry of Transport, however, are only prepared to make a grant-in-aid towards the cost of the work based on an estimate of £282, which represents the sum included in the original scheme, less the cost of the construction of the crossing.

The Surveyor informed the Committee that Sheaveshill Avenue was laid out to a width of 60 feet for Town Planning purposes, and the corners at the Edgware Road junction rounded off to a wide radius to enable shop premises to be built radiating round the corners, the land for the road widening and the formation of the crossing having been given up by the owners free of cost.

The Ministry of Transport will make a grant of £169, and the Middlesex County Council £113 towards the cost of the work, leaving £568 to be borne by this Council. In view of the information contained in the Surveyor's report, the Committee

RESOLVED TO RECOMMEND—**That the cost of the scheme, less the amount of the Ministry of Transport's grant-in-aid and the contribution of the Middlesex County Council, viz., £568, be borne by this Council.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

* 9.—GOLDERS GREEN INTERCHANGE STATION:

The new proposals of the Company provide for the construction of the Interchange Station in the centre of Finchley Road between the crossroads and the bridge carrying the London Electric Railway.

The Committee are of opinion that the proposals outlined in the amended plan are open to very strong objection and, accordingly

RESOLVED TO RECOMMEND—**That the proposals as shown on the amended plan be not approved.**

* 10.—TOTTERIDGE LANE:

SUBMITTED: Surveyor's report on his further negotiations with Mr. L. Van Zwanenberg in connection with the proposed acquisition of a small piece of land at the junction of Hendon Wood Lane and Totteridge Lane for road improvement purposes. (Hi., 2/2/30—12).

RESOLVED TO RECOMMEND—**That Mr. Zwanenberg be informed that the Council are unable to accept his offer.**

* 11.—FOOTPATHS :

† (A). *Fairfield Estate to Station Road, Edgware.*

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

(B). *The Drive to Edgwarebury Lane, Edgware.*

SUBMITTED : Letter from the late Edgware Parish Council asking that, on the taking over of the Parish of Edgware, the footpath connecting The Drive with Edgwarebury Lane should receive the Council's attention with a view to it being made up.

† (C). *Footpath—Clitterhouse Lane to Hendon Way.*

REPORTED : That the Justices had inspected the above footpath and had issued their Certificate agreeing to its diversion. (Hi., 2/2/31—4 (A); 3/3/31—21 (B)).

The Surveyor reported that in order to light the new footpath it is desirable to lay the gas service main before its formation is completed, and that the iron fencing from the existing footpath should be re-erected along the new footpath. He estimated the cost of carrying out all the necessary work to the new footpath at £400 and the cost of the service main at £100.

RESOLVED TO RECOMMEND—**That the Surveyor's report and estimate be approved and that he be authorised to proceed with the construction and lighting of the new footpath.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

(D). *Edgware Road.*

Arising out of the resolution passed by the Council on the 23rd February last (Hi., 2/2/31—13), the Committee considered the following resolution passed by the Hendon Ratepayers' Association :—

" That this Association is of the opinion that to provide footpaths in Edgware Road between Garrick Road and Colin Deep Lane, concurrently with the development of the adjacent land is not in the interests of public safety and that adequate footpaths should be provided forthwith."

In accordance with the Council's resolution this matter will be further considered by the Highways Committee at the first meeting after the Summer Recess.

The Committee have, therefore, instructed the Surveyor to submit a detailed report on the matter when the question is further considered.

1st June, 1931.

Present: Mr. Councillor C. C. Cartwright, J.P. (Chairman), Messrs. Councillors C. Latham, F.L.A.A., L.C.C., P. Lightfoot, C. Pinkney, H. G. Potter, F.S.I., A. J. Reynolds, F. C. Rice, V. Samuel, W. H. N. Shakespeare, M.C., A. F. C., and W. Taylor, J.P.

1.—REQUISITIONS:

Requisitions amounting to £3,757 8s. 4d. were submitted and **approved.**

* 2.—BYELAWS—REGULATION OF ADVERTISEMENTS ACT, 1907:

CONSIDERED: Draft of the new byelaws proposed to be made under the above Act. The revision of the existing byelaws (made in 1919 and amended in 1930) is primarily necessary to provide for the Parish of Edgware but the opportunity is taken of extending the application of the byelaws to afford further protection for residential areas and views throughout the district.

The Committee approve the terms of the draft byelaws (as set out in the appendix to this report) and

RECOMMEND—

(i) **That the byelaws be adopted by the Council and submitted for the provisional approval of the Secretary of State, Home Office.**

(ii) **That subject to the approval of the byelaws by the Secretary of State, the Clerk be instructed to take the necessary steps to obtain the confirmation of such byelaws, and that the Seal of the Council be affixed thereto.**

* 3.—PUBLIC LIGHTING:

† **(A).** *Footpaths—Hendon Park.*

In accordance with the resolution passed at the last meeting of the Council, the Committee have given further consideration to the question of lighting the footpaths in Hendon Park. (Hi., 27/4/31—2 (E)).

The Committee are informed that the total length of the footpaths is 2,100 feet, and that in order to provide the desired lighting it would be necessary to lay a service main along the whole length of the footpaths and to erect 10 lamps.

The Surveyor estimates the capital cost of providing the 10 lamps at £250 with an additional £50 per annum for maintenance, and the Committee understand that the work can be carried out in time for the lamps to be in operation by the 1st September next.

The Committee, therefore

RESOLVED TO RECOMMEND—

(*a*) **That the Council's resolution of the 23rd February, 1931** (Hi., 2/2/31—4 (B)) **be rescinded.**

(*b*) **That the Surveyor be authorised to take the necessary steps for lighting the footpaths in question by the 1st September next in accordance with his estimate, and that the necessary provision be made in the rate estimates for the next half year.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

† **(B).** *Footpath—Hampstead Way to Wildwood Road.*

In January last the Council agreed to erect six lamps for the purpose of lighting the above footpath. It was subsequently found that the Metropolitan Water Board had an easement over the footpath and negotiations have been proceeding with a view to obtaining the consent of the Metropolitan Water Board to the laying of the necessary gas main.

The Committee have now received a report from the Surveyor stating that the Metropolitan Water Board are prepared to agree to the necessary main being laid, subject to the Council entering into an agreement in the Company's usual form and to the payment of an acknowledgment of £1. 1s. 0d., per annum.

RESOLVED TO RECOMMEND—**That the Council enter into an agreement with the Metropolitan Water Board in the terms indicated, and that the Common Seal of the Council be affixed thereto.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

* 4.—TRAFFIC CONTROL:

(A). *Mill Hill Park Crossing.*

(i) Police Supervision.

SUBMITTED: Letter from the Commissioner of Police of the Metropolis in reply to the representations put forward by the Council asking the Commissioner to provide adequate police supervision at the above crossing on Saturdays, Sundays and public holidays.

The Commissioner regrets he is unable to appoint an officer for duty at this spot, but states that he is in communication with the Minister of Transport regarding alternative safety measures. **Noted.**

(ii) Refuge.

SUBMITTED: Surveyor's report on a letter from the County Engineer regarding the Council's proposal to place a refuge in the carriageway of Watford Way at the Mill Hill Park crossing.

The County Engineer states that the Minister of Transport is of opinion that the erection of a refuge at this point must be conditional upon the carriageway being widened to 40 feet for some distance on either side of the refuge.

The cost of widening the carriageway and constructing the refuge is estimated at £500, and the County Engineer desires to be informed whether the Council will be prepared to accept liability for the cost.

The Committee are of opinion that the cost of carrying out the work should be borne by the Ministry of Transport and the Middlesex County Council on the same basis as other improvement works for the public safety on arterial roads.

RESOLVED TO RECOMMEND—**That the County Engineer be informed that the Council are of opinion that the cost of widening the carriageway of Watford Way at the Mill Hill Park crossing and the erection of the refuge should be borne by the Ministry of Transport and the Middlesex County Council.**

(iii) Subway.

SUBMITTED: Letter from Mr. D. G. Denoon asking the Council to give further consideration to the question of the construction of a subway under Watford Way to enable pedestrians to cross with safety from one portion of the Park to the other. **Noted.**

(B). *Burroughs Pond Cross Roads.*

SUBMITTED: Letter from the Ministry of Transport in reply to the representations submitted by the Council suggesting that a " round-about " system of traffic should be put into operation at the above junction.

The Minister of Transport has consulted the Commissioner of Police of the Metropolis and the London and Home Counties Traffic Advisory Committee on the matter and is advised that a " round-about " at this junction might occasion difficulties to traffic in view of the fact that the cross fall of the road south of the pond is contrary to the direction in which vehicles would be travelling.

In these circumstances the Minister proposes to confirm the existing one-way traffic arrangements and states that consideration is being given to the question of controlling the traffic at this junction by means of automatic control signals. **Noted.**

† (C). *Junction of Finchley Lane, Parson Street, Brent Street and Church Road.*

SUBMITTED: Surveyor's report with plan, regarding the suggested formation of a greensward in the centre of the above cross roads and the institution of a one-way system of traffic control. (Hi., 27/4/31—3 (B)).

The Committee are of opinion that the institution of a one-way system of traffic at this junction is not practicable having regard to the cross fall on the Finchley Lane side of the junction. They are, however, informed that the traffic conditions at this junction will be improved when the proposed improvement at the junction of Church Road and Parson Street has been carried out.

RESOLVED TO RECOMMEND—**That the system of traffic control at present in operation at this junction be continued.**

† (D). *Meadway.*

SUBMITTED: Surveyor's report on a letter from Mr. L. T. Bartholomew suggesting that in order to prevent vehicles proceeding down Meadway, running on to the garden at the bottom of the hill, a low wall should be erected to protect the public footpath.

RESOLVED TO RECOMMEND—**That Mr. Bartholomew be informed that the Council are unable to agree to the suggestion outlined in his letter.**

(E). *Road Traffic Act*, 1930.

SUBMITTED: Circular No. 356 (Roads) issued by the Minister of Transport drawing attention to the powers conferred on local authorities by Part III. of the Road Traffic Act, 1930. (Hi., 27/4/31—3 (A)).

RESOLVED—**That the Surveyor be instructed to submit a report on the application of the powers referred to in the circular to specific purposes.**

† (F). *Junction of The Broadway, Flower Lane and Hartley Avenue, Mill Hill.*

SUBMITTED: Surveyor's report on a letter from the Ministry of Transport regarding the suggestions put forward by the Council for the control of traffic at the above junction. (Hi., 5/1/31—2 (B)).

The Ministry of Transport suggest the erection of three refuges on the sites indicated on the plan submitted to the Committee.

The Surveyor estimates the cost of constructing the refuges in question, together with the necessary lamps, at £200.

RESOLVED TO RECOMMEND—

(*a*) **That the proposals of the Ministry of Transport as shown on the plan submitted, be approved, and that the Surveyor be instructed to take the necessary steps for the construction of the refuges in question.**

(*b*) **That application be made to the Ministry of Transport for a grant towards the expenditure involved.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

† (G). *Traffic Sign—Junction of The Ridgeway and Wessex Gardens.*

SUBMITTED: Report of the Surveyor on a letter from Mr. E. Woffendale asking that a "SLOW" sign be placed at the above junction.

RESOLVED TO RECOMMEND—**That Mr. Woffendale be informed that the Council are unable to accede to his request.**

* 5.—SEATS ON HIGHWAYS, EDGWARE:

SUBMITTED: Surveyor's report on a letter from Mrs. L. Mansford asking the Council to consider placing seats along-side Watford Way in the Edgware Ward.

RESOLVED TO RECOMMEND—**That the Surveyor be authorised to make application to the Middlesex County Council for permission to place six seats in suitable positions on the Watford Byepass, between the London Midland & Scottish Railway Bridge and the Council's boundary at Watling Street.**

* 6.—FOOTPATH DIVERSIONS:

† (A). *Edgwarebury Estate.*

SUBMITTED: Surveyor's report on a letter from Golders, Limited, asking the Council to agree to the footpath leading from Watford Way through the Edgwarebury Estate being diverted under the provisions of the Highways Act, 1835.

RESOLVED TO RECOMMEND—**That Golders, Limited be asked to submit a plan showing the proposed development of the estate in connection with which the diversion is desired.**

† (B). *Hale End Farm Estate.*
Footpath from Selvage Lane to Lower Hale Lane.

CONSIDERED: Surveyor's report on an application from Mr. W. F. Thorpe on behalf of Mr. Streather and Messrs. H. Boot, Ltd., asking the Council to effect the diversion of the above footpath under the provisions of the Highways Act, 1835.

The upper portion of the footpath has already been absorbed in the new road known as Gibbs Green, and it is now desired to continue the diversion along an extension of this road through to Lower Hale Lane.

The proposed diversion is included in the Council's Town Planning Scheme.

Subject to the applicants' entering into an agreement with the Council to construct the new footpath in accordance with the specification to be prepared by the Council's Surveyor, and undertaking to pay all costs in connection with the diversion, the Committee

RESOLVED TO RECOMMEND—**That it is expedient that a portion of the public highway or footpath in the Parish of Hendon in the County of Middlesex running from Hale Lane in a north easterly direction to Selvage Lane, the situation of which is shown on the plan now produced to the Council, signed by the Clerk to the Council, should be stopped up, turned or diverted in manner following that is to say :—**

By stopping up diverting or turning a portion of the said highway or footpath at and from the point marked " A " upon the said plan such point being 48 yards or thereabouts in an easterly direction from the junction of Hale Lane aforesaid and Stoneyfields Lane Hendon aforesaid from which said point " A " the said highway or footpath runs in a north easterly direction for a distance of 240 yards or thereabouts to the point marked " B " on the said plan the portion of which said highway or footpath lying between the said point " A " and the said point "B " being of an average width of 3 feet or thereabouts which said highway or footpath or so much thereof as it is desired to divert (hereinafter referred to as " the old footpath ") is distinguished on the said plan by the colour brown and by substituting in lieu thereof a good and sufficient highway or footpath 8 feet in width coloured red on the said plan (hereinafter referred to as " the new footpath ") from the said point marked "A" on the said plan for a distance of 42 yards or thereabouts in an easterly direction along Hale Lane aforesaid to the point marked "C" on the said plan thence proceeding in a northerly and north easterly direction alongside a proposed new road shown on the said plan for a distance of 219 yards or thereabouts to the said point " B " on the said plan the said new footpath being of a total length of 261 yards or thereabouts.

That application be made to the Justices of the Peace in Quarter Sessions assembled for an order stopping up diverting or turning the said portion of the said highway or footpath.

FURTHER RESOLVED TO RECOMMEND—

(*a*) **That an intimation be given to Mr. Streather and Messrs. H. Boot, Limited that no works are to be commenced on the existing footpath until the Justices' Order has been obtained and the Certificate of two Justices that the new footpath has been constructed to their satisfaction lodged with the Clerk of the Peace.**

† **(E).** *Hampstead Garden Suburb.*

SUBMITTED : Surveyor's report to the effect that the portions of Thornton Way, North Way, South Way, and Middle Way situate within the area of the Finchley Urban District Council are now being made up, and that it is desirable that the two very small portions of Thornton Way and Middle Way, and South Way as far as Bigwood Road, within the district of this Council should be made up at the same time.

The Surveyor has been in negotiation with Mr. Soutar of the Hampstead Garden Suburb Trust and he has tentatively agreed to the cost being borne by the Trust.

RESOLVED TO RECOMMEND—

(*a*) **That the Council enter into arrangements with the Contractor who is carrying out the road works on behalf of the Finchley Council to make up the small portions of the roads in question at the cost of this Council, subject to the Council being reimbursed by the Hampstead Garden Suburb Trust.**

* 10.—HOLDERS HILL ROAD WIDENING:

SUBMITTED: Surveyor's report on a letter from Mr. A. Burr, who is at present erecting houses on the Dollis Farm Estate fronting Holders Hill Road, asking the Council to proceed immediately to carry out the widening of Holders Hill Road along the section which he is developing.

Holders Hill Road is a County Road and any improvement works would, therefore, have to be approved by the Ministry of Transport and the Middlesex County Council. The Surveyor is, however, of opinion that it is undesirable to carry out the improvement in short sections, and suggests that a scheme be prepared for the widening of Holders Hill Road from Dollis Lane to the Barnet Byepass Road with the exception of the short length adjacent to the cemetery entrance which has recently been made up, and that the scheme should be included in the estimates to be submitted to the County Council for the next financial year. In the meantime, however, he suggests that a temporary gravel path should be constructed along the widened line for the convenience of the residents.

RESOLVED TO RECOMMEND—**That the suggestion of the Surveyor be approved, and that he be authorised to construct the temporary gravel path on the lines indicated in his report.**

11.—CENTRAL HENDON—ROAD IMPROVEMENT:

SUBMITTED: Surveyor's report together with plans and estimates for making up the section of Watling Avenue between Edgware Road and Orange Hill Road. (Hi., 2/2/31—17 (D)).

The Surveyor's estimate of the cost of carrying out the improvement works in question is £7,666.

Watling Avenue is not a Classified road, and would, therefore, not rank for grant from the Ministry of Transport.

RESOLVED TO RECOMMEND—**That the Surveyor be authorised to proceed with the improvement works in question in accordance with his estimate, and that the Finance and General Purposes Committee be requested to make the necessary financial provision.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal and Recommend that application be made to the Minister of Health for sanction to a loan of £7,750 for a period of 15 years, made up as follows:—

	£
Estimated cost of work	7,666

Total	£7,750]

* 13.—LILLEY LANE, MILL HILL:

Boundaries.

SUBMITTED: Report of the Surveyor on his negotiations with Messrs. Tant & Co., with a view to an agreement being arrived at regarding the boundaries of Lilley Lane.

No definite evidence of the actual width of the existing highway appears to exist, but the builders are prepared to agree that the width of the road between Hale Grove Gardens and Manor Drive shall be 32 feet, and from Manor Drive to a point 180 feet south thereof, 24 feet, subject to Messrs. Tant & Co. being indemnified against any liability for road charges in respect of such sections of Lilley Lane.

An arrangement on these lines would appear to be satisfactory, and would bring to a conclusion a long outstanding dispute regarding the boundaries of this section of the road.

The Committee are informed that there would appear to be no objection to the Council giving the indemnity asked for, and accordingly

RESOLVED TO RECOMMEND—**That the Council enter into an agreement with Messrs. Tant & Co., embodying the terms indicated above, and that the Seal of the Council be affixed thereto.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

* 14.—TRAVELLING FACILITIES :

† (A). *Omnibus Service.*
Cricklewood via Golders Green Estate to Golders Green.

SUBMITTED : Surveyor's report as to the cost of making up the roads referred to in the letter from the Commissioner of Police to a standard sufficient to withstand the traffic which an omnibus service along this route would entail. (Hi., 27/4/31—4 (B)).

The requirements of the Commissioner of Police would necessitate the making up of Claremont Road between Cricklewood Lane and Pennine Drive, the removal of six trees in the Vale, general lopping of trees along the route, and the removal of a tree from the carriageway of Rodborough Road, and making good the carriageway.

With regard to the expenditure which would be incurred in making up the section of Claremont Road, this is included in the estimate for the Claremont Road improvement which is at the present time before the Unemployment Grants Committee with a view to a contribution being obtained towards the scheme.

The Surveyor points out that the Vale was made up as an ordinary residential street, and that in the event of an omnibus service using the road, strengthening and resurfacing would probably become necessary in a few years time, and would involve the Council in heavy expenditure.

Having regard to the Surveyor's report, and to the expenditure which would have to be incurred by the Council in making the roads suitable for the operation of an omnibus service, the Committee

RESOLVED TO RECOMMEND—**That the Council are unable to approve the proposals for the operation of an omnibus service over the route in question.**

* 17.—MONTROSE PARK ESTATE:

Making up of Roads.

Thorpe, on behalf of the owner of the Montrose Park Estate, asking for permission to make up the roads known as Southbourne Avenue, Greenway Gardens, and a portion of The Greenway as development proceeds, in accordance with the Council's standard specification for making up private streets, and enquiring whether in the event of the work being carried out in a satisfactory manner the Council would be prepared to take over the roads as public highways on completion of the development.

RESOLVED TO RECOMMEND—**That the applicant be informed that the Council are in favour of the roads being made up in accordance with the Council's usual procedure, and that in the circumstances they are unable to accede to his request.**

* 18.—ACCOMMODATION ROAD, REAR OF DEANSBROOK ROAD:

Dedication.

SUBMITTED: Surveyor's report to the effect that he had inspected the above accommodation road at the rear of shops in Deansbrook Road, which has been made up by Mr. W. Newcombe Wright, and recommending that the road be now taken over by the Council as a public highway repairable by the inhabitants at large. (Hi., 3/11/30—12 (B)).

* 19.—PAGE STREET, DEDICATION OF LAND:

SUBMITTED: Surveyor's report on his negotiations with the Amalgamated Dental Company, together with plan showing a small piece of land which it is desired to acquire in Page Street to improve the bend of a portion of the road.

Some time ago a tree on this land fell across the public highway and the Council incurred an expenditure of £4 6s. 10d. in cutting up and removing the tree.

The Amalgamated Dental Company have now offered to convey the piece of land in question to the Council in consideration of the Company being released from the liability for payment of the amount referred to, and to the costs of the Conveyance being borne by the Council.

The Committee are of opinion that the offer is reasonable, and, accordingly

RESOLVED TO RECOMMEND—

(*a*) **That the piece of land in question be acquired on the terms indicated.**

(*b*) **That the Common Seal of the Council be affixed to the necessary Conveyance.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

* 20.—BELL LANE BRIDGE RECONSTRUCTION:

* 24.—POSTAL FACILITIES:

† (A). *Charges for Gulley Emptying Machines and Sweepers.*

> *"That intimation be given to the Local Authorities in the County that the County Council will be prepared to allow them to claim against the County Council in respect of the use of Gully Emptying Machines and Mechanical Sweepers in connection with the maintenance of County Roads in accordance with the rates set out in the undermentioned schedule:—*
>
> *(a) Gully Emptying Machines.—1/6d. each gully, each gully to be emptied not more than four times per year.*
>
> *(b) Mechanical Sweepers.—24/- per day, plus the average daily cost of wages and fuel, such averages to be arrived at by dividing the total cost of these items by the total days worked by the vehicle."*

RESOLVED TO RECOMMEND—**That the Middlesex County Council be informed accordingly.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal, and Recommend that in the event of the Middlesex County Council not agreeing to amend their scale in accordance with the recommendation of the Highways Committee, that for the remainder of the financial year the gulleys be emptied at the rate of four times per annum.*]

The second and third sections have been cut up by vehicles, and having regard to the fact that the Council have for many years carried out repairs to the path it would appear that the best course to adopt would be for the Council to repair the footpath and place a post or posts at the points where the second and third sections connect in order to prevent it being used by vehicles.

RESOLVED TO RECOMMEND—That the report be approved and that the Surveyor be authorised to carry out the necessary work.

* 6.—FIRE PROTECTION:

SUBMITTED: Report of the Surveyor on the general question of the future fire protection of the whole of the Council's area in accordance with the resolution passed by the Council on the 26th January last. (W. & F.B., 12/1/31—5).

The fire services of the District were considered by the Council in 1923, when the division of the area for these purposes was settled on the following lines :—

(*a*) The Central area to be controlled from the Central Station.

(*b*) The Southern area to be controlled from a station in the neighbourhood of Granville Road.

(*c*) The Northern area to be controlled from a station to be erected in the neighbourhood of Daws Lane.

The matter was again reviewed in 1926, when the division of the District as indicated above was confirmed, and since that time the Mill Hill Fire Station in Hartley Avenue has been completed and put into commission.

The addition of Edgware, however, and the exceptional development which has already taken place and the further development which is contemplated in various parts of the District now necessitate further consideration of the question and involves consideration of the Central Fire Station and the distribution of sub-stations.

It now seems that both geographically and from the point of view of road communications that the Mill Hill Fire Station is better situated for the purposes of a Central Station, and it possesses the advantage of having ample land for extension purposes. This station is capable at present of serving the northern portion of the District, but ultimate development may necessitate further provision being made. In this connection the Committee have given certain instructions to the Surveyor, particulars of which are recorded in MS. in the Committee's Minute Book.

The existing Central Station, as a sub-station, will adequately serve the central portion of the Council's area, and the provision of a sub-station at Granville Road will provide for the southern area.

The Council are already in possession of a site at Granville Road, which has been reserved for the purposes of a sub-station, but at the present time this land is let on a quarterly tenancy to Mr. H. T. Jackson for the purposes of a Nursery.

The strength of the Fire Brigade at present is not sufficient to enable two complete crews to turn out at either of the fire stations. Additional staff would, therefore, appear to be necessary.

The Committee are of opinion that the principles laid down by the Council in 1923 for the fire protection of the area hold good at the present time, and they accordingly,

RESOLVED TO RECOMMEND—

(*a*) **That the Surveyor be instructed to report**

(i) **on the extensions which will be necessary to convert the Mill Hill Fire Station into a Central Station for the area.**

(ii) **on the extensions which will be necessary to the existing Central Fire Station in order to provide additional accommodation.**

(iii) **as to the additional staff which will be required to enable two full crews to turn out at the Central and Mill Hill Fire Stations.**

(*b*) **That the Surveyor be instructed to prepare plans and estimates for the erection of a Sub-station on the Granville Road site.**

(*c*) **That three months notice to determine the tenancy be served on the tenant of the land in Granville Road in accordance with the terms of the agreement dated the 13th February, 1928.**

† (B). *Gala.*

SUBMITTED: Surveyor's report on an application from the Hendon Local Association Boy Scouts for the exclusive use of the Swimming Bath on Thursday, the 3rd September, from 7.30 p.m. to closing time for the purposes of holding a swimming gala.

RESOLVED TO RECOMMEND—**That the application be granted.**

9.—PUBLIC CONVENIENCE—WATLING ESTATE:

SUBMITTED: Plans and estimate of the public convenience proposed to be erected in Watling Park on the frontage to Orange Hill Road near its junction with Watling Avenue. (W. & F.B., 15/9/30—8., 10/11/30—7 (A)., 12/1/31—14., 9/2/31—15)).

Provision has been made in the plans for toilet facilities for both sexes, and for access to the convenience from the park and also from the adjoining highway.

The Surveyor's estimate of the cost of erecting and equipping the convenience is £1,800.

The principle of a portion of the Open Space being utilised for the purposes of a public convenience has already been approved by the Council, and the Committee, therefore,

RECOMMEND—**That the plans and estimates be approved and that the Finance and General Purposes Committee be requested to make the necessary financial provision.**

[Having considered the matter in its financial bearing the Finance and General Purposes Committee concur in the proposal, and Recommend that application be made to the Minister of Health for sanction to a loan of £1,850 for a period of 30 years, as follows:—

	£

* 12.—SURFACE WATER DRAINS:

† (A). *Purcells Avenue.*

This road is at present being made up by Messrs. J. Mowlem & Company under a contract entered into with the Hendon Rural District Council prior to the 1st April last.

The Surveyor has, therefore, instructed Messrs. J. Mowlem & Company to sink the necessary shafts to discover and remove the cause of the blockage to the surface water sewer in question.

It is not possible at present to give an exact estimate of the cost which will be incurred, but the Surveyor is of opinion that it will not exceed £150.

RESOLVED TO RECOMMEND—**That the action of the Surveyor be approved.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

† (B). *Edgwarebury Lane.*

SUBMITTED: Surveyor's report to the effect that in connection with development which is now proceeding in the section of Edgwarebury Lane, north of Watford Way, he had arranged with Messrs. A. W. Curton, Limited for them to continue the soil sewer in Edgwarebury Lane along the footpath to connect to the houses in course of erection.

With regard to the surface water sewer the Surveyor reports that this should be extended for a distance of about 50 yards from which point Messrs. Curton, Limited will continue the sewer to serve the houses which are being erected.

The Surveyor estimates the cost of extending the 12 inch surface water sewer in question at approximately £150.

RESOLVED TO RECOMMEND—**That the estimate of the Surveyor be approved and that he be authorised to proceed with the work of extending the sewer in question forthwith.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

RESOLVED TO RECOMMEND—**That the Post Office Engineering Department be informed that the Council are prepared to give them facilities for the connection of their manhole outside the new automatic telephone exchange to the soil sewer, subject to satisfactory arrangements being made for the diversion from the manhole of the water which is at present pumped at the corner of Kingsbury Road.**

* 14.—DOLLIS VALLEY SEWER:

SUBMITTED: Surveyor's report on his negotiations with the Finchley Nurseries Limited regarding their claim for compensation in connection with the constuction of the above sewer.

The original claim amounted to £143 12s. 0d. and it is now proposed to settle for a figure of £95, part of which will be charged to the Council's Contractors.

RESOLVED TO RECOMMEND—**That the terms of the settlement be approved in accordance with the Surveyor's report.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

* 15.—SEWAGE DISPOSAL WORKS:

CONSIDERED: Report of Surveyor with regard to the question of sewage disposal pending the full operation of the Middlesex County Council Act. It is anticipated that in accordance with the obligations imposed upon the County Council they will be in a position to receive the whole of the sewage from this District within four years from the 1st October, 1931.

The Council's Sewage Disposal Works are at present separated into two units as follows:—

REVIEW OF DISTRICTS:

CONSIDERED: Letter from the Middlesex County Council transmitting the following resolutions containing their tentative proposals relating to the Review of Districts, and asking to be furnished with the views of the Council thereon by the 29th instant:—

That, apart from any further rectification of the boundary of the District that may in the further stages of the Review of County Districts be found necessary or desirable, the County Council tentatively approve of the inclusion in their report to the Minister of Health under Section 46 of the Local Government Act, 1929, of proposals for the transfer from the Urban District of Hendon to the Urban District of Finchley of:—

(i) That part of the Urban District of Hendon, forming part of the area known as the Hampstead Garden Suburb, and bounded on the North by the Mutton Brook, on the West by the Finchley Road, on the South by North End Road and the County Boundary, and on the East by the Finchley Urban District.

(ii) That part of the Urban District of Hendon bounded on the North by the County Boundary, on the West by the Western extremities of enclosures 187a, 199, 267 and passing through enclosure 266 on the 25 in. Ordnance Survey Map, Edition 1914, and thence by Frith Lane from a point by Frith Manor House, on the South by the Edgware Branch of the London and North Eastern Railway, and on the East by the Finchley Urban District.

The Committee are of opinion that it is undesirable at the present time to forward to the County Council any detailed arguments against the proposals. They accordingly,

RECOMMEND—**That the following letter be forwarded to the Middlesex County Council:—**

"In reply to your letter of the 16th instant I am to state that the Hendon Urban District Council are entirely opposed to the tentative proposals of the Middlesex County Council, for the transfer of portions of this Urban District to Finchley, which constitute entirely different proposals from those placed before this Council at the only conference called to consider the matter.

The areas involved are well administered as parts of the existing district and no sufficient reasons have as yet been advanced to the Hendon Council to indicate that any advantage will accrue to the inhabitants of either district if the proposals take effect.

As regards the Hampstead Garden Suburb the residents have already expressed their views in no uncertain manner, while the mere acquisition and leasing of a small tract of land in Hendon as a Golf Course would not appear to provide adequate grounds for an alteration of local government districts.

The Council are satisfied that the existing boundaries as defined in the Hendon Urban District Council Act, 1929, are most satisfactory from the point of view of administration and consider that no alteration is desirable."

Moved by Mr. Councillor Cartwright, seconded by Mr. Councillor Potter, and

130.—RESOLVED—**That the report of the Committee be approved and adopted.**

CONGRATULATIONS TO THE TREASURER:

Reference was made to the presence at the meeting of Mr. George Hails, the Treasurer to the Council, and on the motion of Mr. Councillor Clemens, seconded by the Chairman (Mr. Councillor Naar, M.B.E., J.P.), it was

131.—UNANIMOUSLY RESOLVED—**That the hearty congratulations of the Council be tendered to Mr. Hails on his ability to attend this meeting after his severe illness, and that the Council record their sincere good wishes for his speedy and complete recovery.**

The Treasurer thanked the Council for their kind wishes and paid tribute to the manner in which his staff had carried out the work of the Department during his absence.

* 11.—NATIONALISATION OF ALL MUNICIPAL FIRE BRIGADES :

SUBMITTED : Letter from the Hon. Secretary of the Professional Fire Brigades' Association forwarding copy of the following resolution which was passed at a meeting of the Governing Council of the Association on the 11th June last :—

" That this Professional Fire Brigades' Association, having had under review the whole question of the fire fighting services, is of the opinion that efficient protection of life and property from fire danger can only be effected by National Co-ordination of services in place of the existing purely local provision.

" The rapidly increasing urbanisation of many districts has brought danger of fire to life and property out of all proportion to the capacity of the districts to provide efficient and sufficient services, and we therefore strongly urge that the time has arrived for the fire protection services of the country to be brought into line with the other great Government-grant-aided Public Services.

" Grant-aid would, of course, be subject to certification of efficiency and sufficiency by properly-qualified inspection, whilst local control would be continued as in the other grant-aided services.

" We call upon all the Local Government Bodies charged with the responsibility of making provision against fire danger to support this Resolution and to urge upon the Government to bring into being this urgently needed reform without delay.

RESOLVED TO RECOMMEND—**That the Professional Fire Brigades' Association be informed that the Council have noted the terms of their resolution.**

REPORTED: Letter from Messrs. Sweetland, Greenhill and Stinson, claiming compensation for damage alleged to have been sustained by Mr. George Dunlop by reason of the fact that the land upon which the above property is erected has been scheduled in the Council's Town Planning Scheme for residential purposes. Messrs. Sweetland & Company state that Mr. Dunlop desired to dispose of the land for the erection of business premises and contended that he had not had an opportunity of objecting to the zoning of such land.

The Clerk reported that notice of the adoption of the draft Town Planning Scheme under which an opportunity was afforded for objections, was sent to Mr. Dunlop and that he attended the Ministry of Health Inquiry into the Council's application for approval of the Scheme, but did not raise any objection to the zoning of the land in question. It will, however, be remembered that on the 9th February, 1931, Mr. Dunlop attended the meeting of the Town Planning Committee and urged that the land in question should be re-zoned to permit of the erection of shops thereon. (The situation of the land is referred to in MS. in the Council and Committee Minute Books).

† (**E**). *West Heath Road, Golders Green.*

REPORTED: Letter from the London County Council intimating that their attention had been called to the difficulty experienced by persons seeking a particular house in West Heath Road by reason of the fact that the houses are not numbered.

The road being "T" shaped, the London County Council are of opinion that it is not possible to devise a satisfactory system of numbering under one name. They therefore made enquiry whether this Council would be prepared to consider the re-naming of the portion of West Heath Road, between Finchley Road and West Heath Avenue, and undertake to number the houses in the Hendon portion of the main West Heath Road conformably with the numbering of the London portion.

RESOLVED TO RECOMMEND—**That no action be taken with regard to the suggested re-naming, but that authority be given to the Surveyor to issue the necessary numbering notices in respect of the properties in West Heath Road situate within the Council's district.**

RESOLVED TO RECOMMEND—**That copies of such sheets be supplied at a cost of £2 2s. 0d. per sheet, plus the costs of reproduction.**

* 17.—CONTRAVENTION OF BYE-LAWS:

REPORTED: That Mr. R. G. Mosses, the builder of Nos. 5 and 6, Penshurst Gardens, Edgware, had allowed the houses to be occupied without giving to the Council the necessary notice of completion.

The Surveyor stated there were a number of items which required attention and although written notice thereof had been sent to Mr. Mosses no action had been taken by him.

PRIVY COUNCIL - CORRESPONDENCE.

SUBMITTED: Letter from the Clerk to the Privy Council intimating that in view of the statement made on behalf of the Middlesex County Council at the Public Inquiry held on the 29th April last, the Lords of the Committee of Council had decided to postpone consideration of the application for the grant of a Charter of Incorporation, until a decision had been reached on any proposals affecting the urban district, which are contemplated by the County Council in consequence of the Review of County Districts under the Local Government Act, 1929.

At the Public Inquiry Counsel attending on behalf of the County Council stated that the Petition receives the County Council's blessing and all that they wished to do was to make it quite clear that by not opposing they did not approve the present boundaries of the urban district.

REPORTED: That on receipt of the above communication immediate steps were taken to arrange an interview at the offices of the Privy Council and for this purpose the Chairman of the Council appointed Messrs Councillors T.E. Carpenter, B.A., LL.B., and C.Latham, F.L.A.A., L.C.C., to accompany him.

The deputation duly attended on the 24th June, when they fully explained the Council's position in connection with the review of districts by the Middlesex County Council, at the same time pointing out that Section 46 of

The Co

the Local Government Act, 1929 safeguarded the position of the County Council by giving them powers to include in their proposals to the Minister of Health on the review of County Districts, proposals relating to boundaries of non-county boroughs. It therefore appeared that the question of boundaries could be considered quite apart from the application for a Charter. The Deputation stressed the unanimity of the desire of the Council and the Inhabitants for early incorporation and called particular attention to the overwhelming evidence presented in favour of the application.

From the statement of the Deputy Clerk to the Privy Council it appeared that entirely apart from any question of review of districts it would be impossible to carry out the necessary procedure in time for the Charter to become operative on the 1st November next.

He further intimated that the Privy Council had adopted the general policy of postponing the consideration of all applications pending the review of districts.

The deputation called attention to the delay which had already occurred and strongly urged that the question of the Charter should proceed apart from the Review, and upon this the Deputy Clerk of the Privy Council promised to take instructions.

The Committee have duly noted the report of the Deputation.

Wood Green Urban District Council	Councillor H. Tudor Rhys, J.P., and Dr. M. Manson (Medical Officer of Health).
Willesden Urban District Council	Councillors W. M. Bolton, P. Bond, G. H. Hiscocks, J.P., H. Thorley, W. H. Wallis and Mrs. A. Worsfold, Dr. G. F. Buchan (Medical Officer of Health) and E. A. Pratt (Clerk of the Council).
Yiewsley Urban District Council	Dr. J. Evans (Medical Officer of Health) and W. H. Wright (Sanitary Inspector).

On the motion of Alderman R. R. Kimmett (Ealing), duly seconded by another Delegate, and supported by Councillor Bond (Willesden), Councillor G. H. Hiscocks, J.P. (Chairman of the Willesden Urban District Council), was elected Chairman of the Conference.

Councillor Hiscocks thanked the Delegates for electing him Chairman, and welcomed them on behalf of the Willesden Council. He referred to the Agenda, and said that the matters before the Conference were :—

(1) The report of the Public Health and Public Assistance Committee to the Middlesex County Council, provisionally adopted by the County Council and circulated to local authorities; and,

(2) The draft of a suggested reply.

He then proceeded :—

"I am sure that all the district representatives here present desire that sufficient hospital accommodation for infectious diseases shall be provided in the County, and do not want to do anything to hinder the County Council in the discharge of their duties. At the same time it must be remembered that hitherto local sanitary authorities have been dealing with the provision of hospital accommodation for infectious diseases, and no doubt can render considerable help to the County.

"The Report of the County Council is put forward as the basis of a scheme to be made for the provision of adequate hospital accommodation for the treatment of infectious diseases within the County, but it falls short of certain important matters which the Ministry of Health advises should be included in a draft scheme for discussion by local authorities. For example, it does not state

(1) The use, if any, which it is proposed to make of accommodation considered "redundant."

(2) The number of new beds which it is contemplated to provide. This is somewhat vaguely stated in the Report of the County Council, and a definite figure would be helpful.

(3) Where and by what authorities the new accommodation shall be provided.

(4) The nature of the arrangements to be made so that existing hospital accommodation may be available for the use of persons resident outside the area for which the hospital accommodation was originally provided.

Item 10) the Surveyor reported that the following streets could be planted with trees during the coming autumn, in addition to the list of streets set out in the Committee's report :—

ACQUISITION OF LAND :

177.—

(5) The terms upon which the arrangements under (4) should be made.

(6) Particulars of any new combinations or changes in the constitution of existing combinations which may be proposed.

"These considerations are all important to us as local sanitary authorities, and they are specifically mentioned by the Ministry of Health in Memorandum L.G.A. 40, as matters which should be included in the draft scheme.

"In the suggested draft reply, which is before the meeting, there are laid down certain general principles in connection with the provision of hospital accommodation for infectious diseases. Personally I consider that these general principles are sound, and I think this Conference should ask the Middlesex County Council to bear them in mind in the formation of a further draft scheme, which should include as far as possible all the points mentioned in the Memorandum of the Ministry of Health on the subject of the provision of hospital accommodation for infectious diseases. If this is done the local sanitary authorities will then have something more tangible for discussion than the present report.

"I am anxious that every step should be taken to facilitate the work of the County Council and particularly that provision should be made for some or all of the more fatal infectious diseases for which isolation hospital accommodation is not usually provided, but, as the suggested draft reply shows, this may involve very considerable expenditure, and probably the Conference will consider it desirable to get from the Middlesex County Council a more or less exact statement of the methods

by which they propose to bring existing isolation hospital accommodation in the County up to a standard of one bed per 1,000 of the population before proceeding to add further beds for particular diseases."

The whole subject having thus been opened for general discussion the Conference proceeded to deal with the resolutions appearing in the suggested draft reply, and eventually the reply and resolutions as set out below, were adopted.

LOCAL GOVERNMENT ACT, 1929.

SECTION 63.

HOSPITAL ACCOMMODATION FOR INFECTIOUS DISEASE.

Report of the Public Health and Public Assistance Committee to the County Council, on the 30th April, 1931.

We have given careful consideration to the above Report.

The Report is not quite clear, but it would appear that it proposes ultimately to make provision for the hospital isolation and treatment of cases of:—

Item 10) the Surveyor reported that the following streets could be passed ... s the coming autumn, in addition to the list of streets set out in the Committee's report:—

Group 1.—Infectious Diseases for which hospital accommodation is usually now available, namely:—

Scarlet Fever.
Diphtheria.
Enteric Fever.
Erysipelas.
Puerperal Fever.
Ophthalmia Neonatorum.
Encephalitis lethargica.
Acute poliomyelitis.
Acute polioencephalitis.
Cerebro-spinal Fever.

Group 2.—Infectious Diseases for which, as a rule, isolation hospital accommodation is not usually now available, namely :—

Measles—presumably complicated cases.

Whooping Cough—presumably complicated cases.

Influenza—presumably a certain proportion.

Pneumonia—presumably a certain proportion.

Group 3.—Chicken Pox.—We do not propose to discuss this disease further in the observations which follow as the reason given by the County Council for its isolation are different from the reasons generally applicable to Groups 1 and 2 above.

Indeed, we may say at once that we should not support any policy which suggests the removal

of cases of chicken pox to an isolation hospital for other infectious diseases for the reason that one of such cases might be smallpox. Such a proposal is extravagant, unnecessary and dangerous to the patients segregated in hospital.

Group 1.—During the three years 1927-29, the number of cases notified in Middlesex of the infectious diseases in Group 1 was 7512 on the average per annum.

It is generally accepted that one bed per 1000 of the population is a reasonably sufficient number to deal with the cases of infectious diseases in this Group.

Group 2.—During the three years 1927-29 the number of deaths registered in Middlesex on account of the diseases in Group 2 was 1864 on the average per annum.

If it is intended to save life and prevent the spread of infection so far as the diseases in Group 2, are concerned, it is not unreasonable to assume that a number of cases equal to 4 or 5 times the number of deaths, *i.e.*, between 7000 and 9000 cases, say 8000 cases, would require to be isolated and treated in Hospital per annum. This would mean the provision of beds for Group 2, cases on the same basis as for Group 1, or one bed per 1000 of the population.

Item 10) the Surveyor reported that the following streets could be planted with trees during the coming autumn, in addition to the list of streets set out in the Committee's report :—

ACQUISITION OF LAND :

Taking the report of the County Council, then, the position is as follows :—

Total No. of beds required for Group 1 Diseases	1463
" " already provided for Group 1 diseases	942
Deficiency of beds for Group 1 diseases ...	521
Beds for Group 1 diseases proposed as "redundant" by the County Council	286
Total deficiency of beds for Group 1 diseases ...	807
Total No. of beds required for Group 2 diseases	1463
Total No. of additional beds which would be required if Group 2 diseases are provided for	2270

It will, therefore, be seen that the proposals of the County Council are far reaching. The pre-war cost of erection of a Hospital Bed was generally reckoned as round about £500. If it is assumed that the present day cost is £750, it will be observed that the proposals of the County Council will involve an ultimate expenditure of approximately £1,702,500. It will be noted that this figure excludes any provision for chicken pox, which is included in the scheme of the County Council.

Having regard to the enormous ultimate cost suggested, it is desirable to consider whether any relief in the number of beds suggested may be obtained on account of the periodicity of the diseases for which provision is to be made. In considering this matter, Enteric Fever, Erysipelas, Puerperal Fever, Ophthalmia Neonatorum, Encephalitis Lethargica, Acute

Poliomyelitis, Acute Polioencephalitis and Cerebro-spinal Fever have been excluded as they form a relatively small proportion of the total number of cases under consideration.

On examination it is found that generally the maximum prevalence of the principal diseases to be isolated occurs in the winter months, and so no reduction in the number of beds proposed by the County Council can be anticipated on account of the periodicity of the diseases to be isolated.

Generally it is accepted that Hospital accommodation should be available for every area for cases of the diseases in Group 1, namely, Scarlet Fever, Diphtheria, Enteric Fever, Erysipelas, Puerperal Fever, Ophthalmia Neonatorum, Encephalitis Lethargica, Acute Poliomyelitis, Acute Polioencephalitis, and Cerebro-spinal Fever.

The matter of providing additional isolation hospital accommodation however for the diseases in Group 2, *i.e.*, complicated cases of Measles, Whooping Cough, Influenza and Pneumonia, is one for decision by the local sanitary authorities concerned. We are of opinion that it is likely that some such authorities might consider it advisable to make provision for the isolation of cases of Measles, others cases of Whooping Cough, others cases of Influenza, others cases of Pneumonia, and the experience of these individual authorities would no doubt lead others to do likewise, or discard the procedure depending on the experience gained. In matters such as these, involving enormous expenditure, it is important to walk warily and to be quite sure of the resulting benefits before large and permanent buildings are provided.

Item 10, the Surveyor reported that it was proposed to carry out in the coming autumn, in addition to the list of streets set out in the Committee's report :—

Having regard, then, to the foregoing considerations we suggest that it is necessary to deal with the question of isolation hospital accommodation on general principles and recommend the adoption of the following :—

(1) That, in the first place, attention should be directed to the provision of adequate hospital accommodation for Group 1 diseases, namely Scarlet Fever, Diphtheria, Enteric Fever, Erysipelas, Puerperal Fever, Ophthalmia Neonatorum, Encephalitis Lethargica, Acute Poliomyelitis, Acute Polioencephalitis, and Cerebro-spinal Fever.

(2) That, inasmuch as a number of local authorities already treat in their isolation hospitals complicated cases of Measles, Whooping Cough, and Influenza and cases of Pneumonia, consideration of the provision of any additional hospital accommodation for such diseases be postponed, pending the settlement of hospital accommodation for the Group 1 diseases above.

(3) That, at the present time, no hospital be definitely considered "redundant" unless and until it is proved so to be, especially in view of the enormous ultimate cost of new and alternative hospital accommodation contemplated in the Report of the County Council.

(4) That, in arranging hospital areas, due consideration be given to the probable effects of pending amalgamations and re-arrangement of districts.

(5) That, where practicable and in order to avoid conflict of authority and to overcome the difficulties of finance and management referred to in the Report of the County Council, hospital areas should coincide with sanitary areas, as rearranged under Section 46 of the Local Government Act, 1929, or, where this is inadvisable, with agreed combinations of sanitary areas.

(6) That, where existing sanitary areas have no or little isolation hospital accommodation, it is generally desirable that the necessary isolation hospital provision for such areas should be made in association with existing isolation hospitals and rarely by the establishment of a new hospital.

(7) That all isolation hospital authorities within the County should agree to take cases from other hospital authorities under conditions to be agreed upon between the authorities.

The Conference further resolved :—

(*a*) "That a copy of the foregoing report and resolutions be forwarded to all the County District Councils in Middlesex affected by the report of the Middlesex County Council, with a recommendation that the report and resolutions be adopted by each County District Council and forwarded to the Middlesex County Council as a reply or further reply to their circular letter of May 9th, 1931.

(*b*) "That each County District Council forward to the members of the County Council of the County

2.—GARDEN SUBURB—BOUNDARIES :

I have considered a letter from the Hampstead Garden Suburb Residents' Association regarding the suggested alteration of boundaries and have given instructions for the points raised to be considered by the Boundaries Committee.

3.—COLNE VALLEY WATER COMPANY :

Revision of Charges.

On receipt of a letter from the County Solicitor stating that it is possible that the terms of the further agreement with the Colne Valley Water Company regarding the revision of charges would not be settled before the 24th September next, I approved the lodging with the Minister of Health of an application for revision under Section 20 of the Company's Act of 1928, for the purpose of preserving a locus.

4.—OPEN SPACE ADJACENT TO EDGWAREBURY LANE:

It was reported to me that Mr. Done, the Agent for the Vendors had suggested:—

(1) That the Council should construct a road to give access to the land at their own cost.

(2) That the Council should not build a public convenience or lavatory within a distance of 50 feet of the boundaries of the land and that neither party should acquire any rights of light, air or drainage over the land of the other party.

(3) That having regard to the fact that the Vendors had actually paid a considerable sum of money in interest the Council should pay interest on the purchase money as from the 15th April last.

I authorised the Clerk to inform Mr. Done that the Council would construct the road, subject to the Vendors not claiming or acquiring any rights of way thereover; that suggestion (2) above was agreed and offering to pay interest on the purchase money from the 24th June last.

29.—CLAREMONT ROAD IMPROVEMENT :

As the Council may desire to postpone these works, I authorised the Treasurer to ask the Public Works Loan Board to delay completion of the Mortgage for the time being. It may be that coupled with the refusal of the Unemployment Grants Committee to make a Grant the Council would not undertake the burden of the loan charges at the present time.

30.—NATIONAL FINANCIAL EMERGENCY :

I have given much thought to this matter, and I may say at the outset, that in an area such as the Hendon Urban District, which as you well know is developing and will continue to develop, it is by no means an easy task to arrive at any decision whereby any particular service of the Council could be said to have reached stabilisation point.

To arrest normal development or to cut vital services is not only false economy, but has the appearance of panic legislation. Grave as the financial situation is, the local situation must be reviewed in a calm and dispassionate manner. We must balance our own Budget, but there is no call for measures such as this Council and the community may afterwards regret.

It is our duty, however, to examine very carefully the estimates that will be immediately before us, and with a view of helping the Council in their endeavours to relieve the Rate-payers of some part of the additional burden of increased taxation, I have written the following letter to the Chief Officer of each Department.

By this means I hope to be able to collate the material to hand, so that each Committee may see where it is possible to effect economies without undue delay.

There are a number of schemes in contemplation, that can be suspended for the time being without affecting our services in any way, among them I would mention, the enlargement of the Isolation Hospital, the Clinics at Mill Hill and Edgware, the Swimming Baths at Golders Green and Mill Hill, the erection of Branch Libraries, and the Claremont Road development. There are many other items too, that doubtless each Committee will be able to review.

1*st September*, 1931.

"The estimates for this district are now due for revision, and I shall be obliged if you will please furnish me not later than the 12th instant with your proposals for a reduction in the current estimates.

At this moment of national financial emergency it is the wish of myself, and I am sure that of my Council also, in view of the pressure of new taxation that is foreshadowed (taxation that will fall heavily on all classes of the community), to find means whereby we can mitigate to some extent the national burden of taxation.

Ways and means must be found to bring about a substantial reduction in rates, and I am sure that without retarding the efficiency of our services in any way this can be done with the wholehearted co-operation of your department.

I would suggest that you give your attention among other items to :—

(*a*) the prevention of loan charges increasing above the present level;

(*b*) a review of staffing arrangements; it is desired to avoid new appointments, and it may be that pressure on one department could be relieved by temporary assistance from another—typing, duplicating and copying of documents should be cut down as far as possible;

(*c*) capital works which may be suspended for the time being without breaking contracts or causing additional unemployment;

(*d*) suggestions whereby increases of income may be obtained;

(*e*) any other suggestions.

Yours faithfully,

(Signed) A. A. NAAR,

Chairman of the Council."

REPORT OF CHAIRMAN:

The following Report was received from the Chairman of the Education Committee as to his action during the Summer Recess:—

To the Members of the

HENDON EDUCATION COMMITTEE.

Ladies and Gentlemen,

The following matters have been dealt with (after consultation, where necessary, with the Chairmen of the appropriate Sub-Committees) during the time the Committee has been in Recess:—

1.—SCHOOL MANAGEMENT SUB-COMMITTEE MATTERS:

(*a*) ST. VINCENT'S R.C. SCHOOL:

Authority was given for the replacement of a worn out hand sewing machine by a new treadle machine at a cost of £5.

(*b*) ALGERNON ROAD SCHOOL—DOMESTIC SUBJECTS CENTRE:

The estimate of the Gas Light & Coke Company was accepted for supplying and fixing an additional Bungalow Gas Cooker at this Centre for the sum of £16 4s. 6d. in accordance with the recommendation of H.M. Inspector.

(*c*) EDGWARE COUNCIL SCHOOL:

Certain obsolete books and apparatus were condemned at this school and will not come into the financial adjustment. It was necessary to replace these by up-to-date books, etc., and authority was accordingly given for the purchase thereof at a cost of £142 7s. 11d.

(*d*) GARDEN SUBURB COUNCIL SCHOOL—WAR SOUVENIRS:

My attention was called to the fact that the new Head-master had discovered a fuse in a locked cupboard in his private room. This was taken to the Police Station according to precedent for destruction. Certain other War Souvenirs were discovered in the locked Museum Cupboard and on my instructions these were taken to the nearest Police Station where they were destroyed I have since interviewed the present and the late Head-masters.

(*e*) NEW SCHOOLS:

Orange Hill Central and Deansbrook Council Schools were opened on the 25th August, 1931. With regard to the new Deansbrook School, 336 children were in attendance on the first morning, and the enrolments have now increased to 413.

2.—STAFFS AND SALARIES SUB-COMMITTEE MATTERS:

(a) EDGWARE COUNCIL SCHOOL:

I interviewed Mr. E. Downing and gave instructions that he be appointed as Handicraft Teacher at Edgware Council School for duty as from 25th August, 1931, for full-time service exclusively in the capacity of a teacher in accordance with the conditions of employment under Article 17 of the Code and the regulations of the Hendon Education Committee, the engagement to be determinable on either side by a notice of one calendar month, and that Mr. Downing be paid the appropriate salary under the current scale, plus an amount of £25 per annum payable under Section 14 (b) of the Burnham Award until the maximum of the scale for Certificated Teachers is reached.

(b) ST. MARY'S C.E. SCHOOL—CARETAKER:

During the Recess the Managers notified that they had appointed Mr. William G. Burnett, of Burnt Oak, as Caretaker of St. Mary's C.E. School (in place of Mr. G. H. Mitchinson, resigned), for duty from the 23rd August, 1931, with commencing salary at the rate of £3 per week, rising by increments of 1/- per week after each year of satisfactory service, to a maximum of £3 5s. 0d. per week.

I gave my consent to this appointment.

3.—WORKS SUB-COMMITTEE MATTERS:

(a) VISITS OF INSPECTION:

Visits of inspection have been made to Orange Hill and Deansbrook Schools by Messrs. Councillors Arter, Brook Flowers and myself.

(b) ORANGE HILL COUNCIL SCHOOL:

(i) DOMESTIC SUBJECTS CENTRE:

The following tenders were accepted for equipping the Domestic Subjects Centre at this School, viz.:—

	£	s.	d.
The General Electric Co., Ltd.—			
1 Magnet Electric Cooker	16	7	0
The Standard Range and Foundry Co., Ltd.—			
1 "Pagoda" Ironing Stove	10	0	0
Messrs. Abbott Bros., Ltd.—			
1 Kitchen Dresser	6	17	6
The Gas Light & Coke Company, Ltd.—			
One 10 gallon Gas Copper and 2 Gas Cookers	42	5	5

(The above items are provided for in the original loan).

(ii) CARETAKER'S HOUSE:

The p.c. sum (£5 10s. 0d.) provided in the Quantities for the Gas Cooker in the Caretaker's house was found to be inadequate and authority was given for a larger cooker to be installed at a cost of £10 3s. 3d.

(iii) PLAYGROUNDS:

At the last Meeting the Committee resolved that the playgrounds at this school be asphalted instead of tarpaved, and that the work be carried out by a specialist firm. The Architects were instructed accordingly and they reported that an additional cost would be involved for asphalting amounting approximately to between £500 and £600. Instructions were then given that the playgrounds should be tarpaved as originally provided for in the Bills of Quantities.

(iv) HEATING CHAMBER:

Instructions were given to the Architects as follows:—

(*a*) To lay over the floor of the heating chamber an additional 6ins. of concrete laid to fall to sump, and to instal an automatic cellar drainer pump in the sump;

(*b*) To form a step at the top of the steps leading down to the heating chamber to prevent water being driven down these steps.

(v) SCHOOL PLATFORMS:

These were inspected and the Surveyor was instructed to arrange for additional steps to be provided to each platform. These platforms have now been stained and varnished.

(vi) WOOD BLOCK FLOORING:

Upon one of my visits of inspection to Orange Hill School I discovered that the Acme Flooring Company had withdrawn their workmen owing to difficulty of payment by the Contractors. I immediately got in touch with the Managing Director of the Company and prevailed upon him to carry on with the work without further delay in order to ensure the school being opened on the 25th August.

(*c*) WOODCROFT COUNCIL SCHOOL:

A letter was received from Messrs. W. G. Wilson & Son regarding outstanding balances due to Sub-Contractors which had not been certified by the Architects owing to the final accounts not having been received from the Quantity Surveyors. A meeting was held in the Surveyor's Office on the 31st August, 1931, at which the Chairman of the Council, the Surveyor, the Chief Education Officer and myself were present.

After carefully considering the question the following instruction was given:—

"That, subject to the Architects issuing a Certificate in accordance with the terms of the Contract, authority be given for the payment of a sum not exceeding £850 to the General Contractors to enable them to meet the claims of the Sub-Contractors."

This Certificate was received from the Architects and passed to the Treasurer for payment on the 4th September. In the meantime, the Quantity Surveyors are being pressed to furnish the final accounts without further delay.

(*d*) DEANSBROOK COUNCIL SCHOOL:

(i) Instructions were given to the Surveyor to make arrangements for the installation of an electric calorifier at an approximate cost of £10 to enable the Caretaker to heat water for scrubbing purposes. (This amount will be met by the Contract Contingency Fund).

(ii) It was observed that the doors in the folding partitions had been fixed at the wrong ends and instructions were given for these to be fixed at the opposite ends. The Educational Supply Association, Ltd., who provided these partitions, are arranging for this work to be done without extra cost to the Committee during the next two or three weeks.

(*e*) R.C. SCHOOL OF THE ANNUNCIATION:

In view of the increased numbers on the roll, 24 dual desks were transferred to this school from Bell Lane School. As these were very old desks the estimate of Messrs. W. Richards and Sons (£9 8s. 6d.) was accepted for planing, staining and varnishing same.

(*f*) GOLDBEATERS COUNCIL SCHOOL:

(i) ASSEMBLY HALL:

It was reported that the ridge blocks in the main hall had swollen. The defect has been remedied by the Acme Flooring Co., Ltd.

(ii) My attention was drawn to certain small defects in the ceilings, etc., at this school and instructions were given for these defects to be remedied whilst the redecoration Contractors were on the premises.

(*g*) CHILD'S HILL COUNCIL SCHOOL:

The Surveyor reported that the kitchen range in the Caretaker's house had been thoroughly examined and had been found to be past repair. Authority was accordingly given for the provision of a new stove at an approximate cost of £20.

(*h*) TRANSFERS OF FURNITURE:

Owing to the increase in the School Roll after the Midsummer Holidays and to the necessity for the formation of extra classes in certain schools, additional desks, cupboards, etc., were required. Instructions were, therefore, given for the transfer of available furniture from Orange Hill School, the Meads School and Wessex Gardens School, to the Schools concerned.

In conclusion I desire to express my appreciation of the services rendered by the Officers during the Vacation.

(Signed) S. H. EGAN,

Chairman.

Moved by Mr. Councillor Carpenter, seconded by Mr. Councillor Ford and unanimously

RESOLVED—That the report of the Chairman be received and that the cordial thanks of the Committee be tendered to him for his services during the Summer recess.

* 13.—SEWERAGE—STONEYFIELDS LANE:

On the 18th May last, the Council approved an estimate submitted by the Surveyor for the provision of a sewer and surface water drain in Stoneyfields Lane, Mill Hill, towards the cost of which Messrs. Matthews & Sons, the builders, were to contribute a substantial sum, leaving the balance to be borne by the Council.

An alternative suggestion has been put forward by Messrs. Matthews & Sons, and they have now agreed to the sewer and surface water drain in question being constructed by their Contractors at an estimated cost of £1,170, subject to the Council making a contribution of one-third of the total cost. A considerable saving will accrue to the Council under this arrangement, and the Committee therefore

* 14.—SURFACE WATER DRAIN—EDGWARE ROAD:

SUBMITTED: Surveyor's report regarding the flooding of a portion of the Edgware Road under the railway bridge adjacent to the London Midland and Scottish Railway Company's land.

To obviate the recurrence of the flooding, a scheme has been prepared by the Willesden Urban District Council for the construction of a relief drain, which will take a considerable quantity of water which drains on to the road from the Hendon District.

The cost of providing the relief sewer is estimated at £400 and it is suggested that this amount, less any grants which may be obtained from the Ministry of Transport, should be borne equally between this Council and the Willesden Urban District Council.

The Committee are of opinion that the proposals should be approved, and

The watercourse in question would appear to run through private property and the Committee, therefore

* 18.—DRAINAGE OF BOUNDARY PROPERTIES:

Finchley Urban District Council.

On the 23rd February last the Council agreed to an agreement being entered into with the Finchley Urban District Council for a period of three years from the expiration of the former agreement in connection with the drainage of certain boundary properties.
