13.—MATERNITY AND CHILD WELFARE:

These services are designed to safeguard the health of the children under 5 years of age and expectant and nursing mothers and the Council's scheme provides for the following :—

Notification of births.

14 sessions per week at the various Health Centres for the examination of children under 5 years of age.

Provision of dried milks, cod liver oil and simple remedies at a little over cost price at the child welfare sessions.

2 sessions per week for the examination of ante-natal mothers.

Provision of milk to expectant mothers and children under 5.

Admission to hospital for confinement on account of medical reasons or unsatisfactory housing conditions.

The services of an obstetric consultant and anæsthetist in cases of complicated labour.

Domiciliary midwifery, and Council Midwife.

Provision of drums of sterile dressings and accouchement outfits.

Home visitation by Health Visitors.

Convalescent treatment.

14.—SCHOOL MEDICAL SERVICES :

There is complete co-ordination between the maternity and child welfare and the school medical services, and when a child attains the age of 5 years and comes within the scope of the latter, a precis of the medical history is transferred from the child welfare to the school medical records. In addition the same personnel, both medical and nursing deals with the cases, thus overlapping is obviated and continuity of observation assured.

The scheme of the school medical services provides for the following :—

Routine medical inspection at school three times during the child's school life.

Special inspections and re-inspections as may be considered necessary.

Treatment of minor ailments.

Dental inspection and treatment—each child being inspected by the Dental Surgeon annually.

Ophthalmic treatment and provision of spectacles.

Treatment of defective speech.

The following extensions to the services have taken place during the year :—

An additional full time Dental Officer has been appointed.

A scheme for the orthoptic treatment of squint has been approved.

Arrangements with the North Western Child Guidance Clinic for the examination and report in cases of behaviour problems.

Routine medical examination, dental examination and treatment, and treatment of visual defects of scholars attending Secondary Schools.

The following figures in connection with the school medical services will probably be of interest :—

Each Health Visitor has been appointed Infant Life Protection Visitor under the above Acts and the number of persons receiving children for reward at 28th October, 1935, was 115, and the number of children on the register was 173.

All children are visited monthly, inward and outward transfers followed up and reports are submitted on the new foster mothers to assess their suitability. It was not necessary to take any proceedings under the Acts during the year.

16.—CONTROL OF INFECTIOUS DISEASES:

The Council's scheme provides for the following :—

Notification and investigation of cases of infectious disease—1,478 cases were notified during the year.

Bacteriological examination of swabs, sputum, blood, etc.—1,605 specimens were examined during the year.

Routine bacteriology is also carried out at the Isolation Hospital.

Provision of diphtheria antitoxin.

Maintenance of an Isolation Hospital with accommodation of 120 beds.

Disinfection of infected articles and houses.

There was a suggestion as the result of a review of isolation hospital accommodation by the County Council that your Isolation Hospital, which is modern and well equipped, should be extended to deal with a larger area. This scheme was submitted to the Ministry of Health and the Minister has decided, probably in view of the rapidly increasing population of the Borough that the Hendon Town Council shall provide isolation hospital accommodation comprising of not less than 120 beds which shall be available for residents from the Borough, although cases may be admitted from other areas when accommodation permits.

The incidence of the notifiable infectious diseases has remained much the same as in the previous years excepting in the case of scarlet fever in which there has been a marked lowering in the incidence, 310 cases have been notified as against 785 cases in the previous year.

The Medical Officer of Health acts as a consultant to medical practitioners on query cases of infectious diseases in the area and 76 consultations were arranged during the year.

One important development in the control of infectious diseases has taken place during the year inasmuch as the Council decided to provide facilities for the immunisation of children against diphtheria.

Much information has been collated from available records and a canvass of the district is projected to complete the work.

The Housing Estate erected by the Hampstead Borough Council, consisting of 122 houses and 168 flats, is now nearing completion and was opened by H.R.H. The Duke of Kent on Tuesday, the 29th October, 1935.

There are 300 children in attendance in Hendon Schools—Childs Hill 222; All Saints' C. of E. 51; St. Agnes' R.C. 22; Orange Hill Central 5.

The Brent Modern School (official accommodation 400) is nearing completion, and will be ready for occupation after the Christmas Holidays. This school will relieve the congestion in Algernon Road which will become a Junior Department in due course. The building was officially opened by H.R.H. the Princess Louise (Duchess of Argyll) on Saturday, 26th October.

The Board of Education have approved in principle the acquisition of a site at Woodside Park Estate for the erection of a Public Elementary School to serve that area and also Mill Hill East. Application will be made in due course for sanction to purchase a school site of 7 acres at Broadfields Avenue, Edgware. The necessary steps have been authorised for a Compulsory Order for the acquisition of additional land adjacent to the present Edgware Council School.

The total number of children on the school rolls at 25/10/35 was 14,386 and the Staff of Head and Assistant Teachers at present in the Committee's employment is 415.

The scheme for the award of Maintenance Allowances, which had already received the approval of the Board of Education, came into operation on 1st April, 1935. For the summer term, six allowances were awarded and for the current term, eight allowances have been granted to date.

At the conclusion of the festivities each child received light refreshments. In addition, a special edition of a souvenir book entitled " The King's Service," numbering 20,000 copies, was ordered and a copy was presented to every child of school age in the Borough. Middlesex County Council provided a silver jubilee medal for each child.

A very successful Exhibition of Arts and Crafts was held at Orange Hill, Bell Lane and Wessex Gardens Schools during the period 8th to 25th October, inclusive. All exhibits shown were the work of the pupils of the elementary schools.

The Local Higher Education Committee established seven Evening Institutes for the session which commenced in September last, when 978 individual students enrolled as compared with 900 students for the corresponding date last year. The new Secondary School for Girls at Mill Hill, which is being provided by the Middlesex Education Committee, will be ready for occupation in January next.

As in previous years, necessitous children between the ages of 10 and 14 years have been sent to the seaside for a holiday by the Juvenile Organisations Committee. 100 boys were sent to Walmer and 100 girls to Dymchurch for one week in each case. The cost of these holidays was met by public subscription.

INTERIM REPORT.

Moved by Councillor Naar, seconded by Councillor Arter, and

14.—RESOLVED—**That the following report be received**:—

Ladies and Gentlemen,

The following matters have been dealt with under authority of the Council's Resolution No. 409 of the 28th October:—

1.—DEFECTIVE CHILDREN:

On the report of the Medical Officer arrangements were made in the following cases as stated:—

William Alfred Staines, 35, Orange Hill Road, Burnt Oak.
Date of birth—7/3/27.
School—Barnfield.

Suffering from general debility—One month's convalescent treatment.

Thomas Spencer, 36, Walter Walk, Burnt Oak.
Date of birth—26/12/23.
School—Barnfield.

Suffering from rheumatic carditis—To be sent to a Heart Home for a period of three months' convalescent treatment and a report submitted prior to the expiration of that period, with a view to extension if necessary.

2.—DISTRICT NURSING ASSOCIATIONS:

Qualifications of Nurses.

Paragraph 10 of the Scheme recently approved by the Ministry of Health and by the Council reads as follows:—

"The Central Committee shall arrange with the constituent District Nursing Associations to employ State Registered Nurses only in the discharge of duties appertaining to the Maternity and Child Welfare Scheme, including the nursing of measles, whooping cough, epidemic diarrhœa and ophthalmia neonatorum in young children and ante and post natal conditions."

A difficulty has arisen inasmuch as one of the Nurses employed by a District Nursing Association has not applied for State Registration although she holds certificates of having completed her general training and her fever training, either of these certificates would have been sufficient to qualify her for registration if she had applied.

In order to obviate this difficulty, I authorised, subject to the approval of the Ministry of Health, that Paragraph 10 be amended to read as follows :—

> " The Central Committee shall arrange with the constituent District Nursing Associations to employ State Registered Nurses, or Nurses holding such other qualifications as may be approved by the Medical Officer of Health, in the discharge of duties appertaining to the Maternity and Child Welfare Scheme including the nursing of measles, whooping cough, epidemic diarrhœa and ophthalmia neonatorum in young children and ante and post natal conditions."

3.—HOUSING ACT, 1935 :

I have appointed 4 canvassers and 1 clerk for temporary duties in connection with the housing survey under this Act.

4.—LAMP STANDARD, BRENT STREET, HENDON :

I considered a letter from The Hendon Electric Supply Company for the erection of an additional lamp standard outside their premises in Brent Street, and gave authority for the same, subject to the lamp coming under the terms of the existing agreement.

5.—WATLING PARK :

Authority was given for proceedings to be taken against two persons found causing damage in Watling Park on the 17th October, 1935.

6.—WOODFIELD HOUSE NURSERIES :

The Nurseries at Woodfield House were open to the public from the 2nd to 8th November, inclusive, between the hours of 2 and 5 p.m.

In connection with the offer of the Hendon Peace Council to present a number of trees in commemoration of His Majesty's Jubilee, which was accepted by the Town Council, the Mayor reported that the Hendon Peace Council had agreed to his proposal as to the form of ceremony in connection with the planting of the trees. It is proposed to invite all who were members of the Council at the time of the Jubilee (May, 1935) to take part in the ceremony on Saturday, December 21st next, and for each to plant a tree which will be suitably labelled with the name of the planter.

The Mayor expressed the hope that as many of the members as possible would accept the invitations.

In order to avoid, as far as possible, duplication in the distribution of relief, the Mayor asked the Members of the Council to notify him of the names of any organisations in their Wards which raise funds for a similar purpose, and intimated that certain organisations which are known to make annual appeals had been asked to notify him of the names and addresses of the cases with which they will be dealing and the approximate value of the relief proposed to be granted.

RETIRED MEMBERS—APPRECIATION :

His Worship the Mayor referred to the intimation he gave at the Annual Meeting of the Council that reference would be made at the next public meeting of the Council to the services rendered by Mr. Holt, Mr. Sharpe and Mr. Shakespeare, and stated that several letters, some of a rather lengthy nature, protesting against the action of the Council, had been received from Local Bodies, but that he did not propose to read them unless the Council decided otherwise.

The Mayor paid tribute to the very valuable services so ungrudgingly rendered to the Borough and the District by ex-Councillor E. Holt, J.P., ex-Councillor S. E. Sharpe and ex-Alderman W. H. N. Shakespeare, M.C., A.F.C., J.P., and gave a brief resumé of their services as members of the Council.

II. DEFECTS OF SPEECH AMONGST SCHOOL CHILDREN :

The following particulars were submitted :—

No. of children treated at the Clinic at Central Hendon	57
No. of children discharged as cured	8
No. of children no longer attending	19
No. of children at present in attendance	30

With regard to the children who ceased to attend the centre, 3 were transferred to Secondary Schools but prior to departure their condition had greatly improved, 3 left the district and the remainder made attendances so irregular as to be of no value.

In connection with the 30 cases at present under treatment the report stated these could be divided into the following categories :—

Ready for discharge as cured (awaiting final inspection by Medical Officer)	2
Markedly improved	7
Improved	20
Not improved (a mentally defective child)	1
	30

In addition to the two sessions per week which are held at the Central Hendon Health Centre the instructress has devoted 24 sessions to visiting the schools and the homes of children.

The School Medical Officer stated that the returns of children suffering from speech defects had recently been revised, all the children have been examined by the instructress and cases deleted which are not likely to respond to treatment or where the child was leaving school before there was any prospect of an improvement being effected, leaving the following cases amenable to treatment in addition to those already in hand :—

Central Hendon	35
Watling, Edgware and Mill Hill	105

The Committee feel that the results so far achieved are satisfactory, but that in view of the number of additional cases the bulk of which emanate from the northern section of the district, they consider that steps should be taken with a view to holding two sessions weekly at the Watling Centre in addition to those held at Central Hendon, and they

★3.—WESSEX GARDENS:

Obstruction by Ice Cream Vendors.

CONSIDERED: Letter from Alderman W. R. Clemens, F.C.A., calling attention to (i) the annoyance caused to residents of Woodstock Avenue and Wessex Gardens by reason of the continuous ringing of bicyle bells by Ice Cream Vendors, and (ii) the obstruction and resultant danger caused by the tricycles of Ice Cream Vendors in the vicinity of the exits from Wessex Gardens School during the times children return home from school.

The Committee, accordingly

RESOLVED TO RECOMMEND—**That the matter be brought to the notice of the Police with a view to suitable action being taken by them.**

★4.—PUBLIC LIGHTING:

The Borough Engineer submitted a report on his investigation of the system of street lighting referred to in the paper read at the Conference of the Association of Public Lighting Engineers in September last (Hi.C., 7/10/35—4 (A)), and also called attention to the recently published report of the Departmental Committee on Street Lighting, the most important recommendations being:—

(i) On traffic routes the lighting units should be of at least the number and power of those required for a generously planned Type " F " of the British Standard Specification; and

(ii) A mounting height of twenty-five feet with six feet of overhang, is desirable.

It will be remembered that the Council have already approved a scheme for improving the public lighting along the main roads throughout the Borough and the Borough Engineer informed the Committee that he proposed investigating and reporting on the possibility of adopting the recommendations of the Departmental Committee referred to above in connection with the improved lighting scheme. The Borough Engineer suggests that a mounting height of 20 feet and a 6 feet overhang should be adopted. After careful consideration, the Committee

RESOLVED TO RECOMMEND—**That in connection with the improved lighting scheme the Council approve the principle of a 6 feet overhang, and that the report to be submitted by the Borough Surveyor as to the possibility of adopting the two principles embodied in the report of the Departmental Committee on street lighting in the improved lighting scheme, be based on a mounting height of 20 feet.**

★5.—TRAFFIC CONTROL:

† (A). Junction of Edgware Road and Colindeep Lane.

Some months ago representations were made to the Ministry of Transport with a view to a "one-way" system of traffic working being put into operation at the above junction. The Ministry suggested that consideration should be given to the question of an alteration of the lay-out to form a "T" junction. This suggestion was considered by the Council on the 30th September last (Hi.C., 9/9/35—11), when it was decided to take no further action in the matter.

The Borough Surveyor reported that a further letter had now been received from the Ministry of Transport pointing out that during the 12 months ended 30th April last one fatal accident had occurred at this junction and asking that the matter should again be brought before the Committee. The Committee have, therefore, given the matter very careful consideration and after considering the observations of the Borough Surveyor have come to the conclusion that the suggestion of the Ministry of Transport should be adopted. They accordingly

RESOLVED TO RECOMMEND—**That the Borough Surveyor be instructed to submit a scheme with an estimate of the cost for the alteration of the layout at the junction of Colindeep Lane and Edgware Road to form a "T" junction on the lines indicated by the Ministry of Transport and that the Ministry be informed of the Council's decision in the matter.**

† (B). Junction of Finchley Road and Hendon Way.

CONSIDERED: Report of the Borough Surveyor on a scheme prepared by the Hampstead Borough Council for the control of the above junction by means of traffic actuated light signals and the placing of a refuge in the centre of Finchley Road.

In this connection the Borough Surveyor points out that approval has previously been given to the placing of a refuge in Finchley Road at its junction with Lyndale, and that in view of the fact that the Hampstead Borough Council's scheme includes the placing of a refuge in the centre of Finchley Road near its junction with Hendon Way the proposal to place a refuge opposite Lyndale should be reconsidered as such refuge would be sited in the length of road between the detector pads and the light signals.

The Committee's attention was also drawn to the unsatisfactory camber and surface of the road at the junction of Finchley Road and Hendon Way.

RESOLVED TO RECOMMEND—

(i) **That the placing of the refuge at the junction of Finchley Road and Lyndale be deferred for the time being and the matter reconsidered after experience has been gained of the working of the Hampstead Borough Council's scheme;**

(ii) **That the attention of the Hampstead Borough Council be drawn to the camber and condition of the road surface at the junction of Finchley Road and Hendon Way.**

Hendon Way.

† (C).

Speed Limit.

(i).

Traffic Signals—The Vale Crossing.

(ii).

Pursuant to resolution No. 382 passed by the Council on the 28th October last, the Committee gave further consideration to the letter from the Golders Green Estate Ratepayers' Association asking the Council to support the Association's representations to the Ministry of Transport for the imposition of the 30 m.p.h. speed limit along the section of Hendon Way between Cricklewood Lane and Brent Station and also for the alteration of the timing of the traffic light signals at the junction of Hendon Way and The Vale to allow a longer period for pedestrians to cross Hendon Way.

Letters were also submitted from (i) Mr. R. W. A. Quinton urging the imposition of the 30 m.p.h. speed limit along the section of Watford Way between Mill Hill and Hendon Central, and (ii) Mr. G. O. Till making a similar request in respect of the portion of Watford Way between Page Street and Greyhound Hill.

After full consideration of the matter, the Committee are of opinion that the 30 m.p.h. speed limit should be imposed along the whole length of the Bye-Pass Road within the Borough. They accordingly

RESOLVED TO RECOMMEND—

(*a*) **That the Minister of Transport be asked to make an order revoking the Road Traffic Act, 1934 (Directions under paragraph (b) of Sub-section (4) of Section 1) (No. 2) Order, 1935, dated March 8th, 1935, insofar as it relates to :—**

(i) **Hendon Way and Watford Way (A.500) from the junction with Finchley Road (A.598) to Apex Corner;**

(ii) **Watford By-Pass (A.500) from Apex Corner to the Borough Boundary;**

with a view to the imposition of the 30 m.p.h. speed limit along the whole length of the Bye-Pass Road within the Borough.

(*b*) **That the Council support the representations of the Colders Green ~~and District~~ ESTATE Ratepayers' Association for the alteration of the timing of the traffic light signals at the junction of Hendon Way and The Vale to provide for an extension of the amber light period;**

(*c*) **That the Colders Green ~~and District~~ ESTATE Ratepayers' Association and the writers of the letters referred to above be informed of the action proposed to be taken.**

★6.—FOOTPATH—DAWS LANE TO WATFORD WAY:

Barrier Rails.

It will be recalled that on the 30th September last (Hi.C., 9/9/35—16) the Council decided to ask the Middlesex County Council to erect barrier rails alongside the footway of Watford Way opposite the footpath from Daws Lane with a view to preventing children leaving the swimming bath running directly across the arterial road to Hartley Avenue.

The County Highways Committee have approved the provision of barrier rails at the point in question at an estimated cost of £25, subject to the Ministry of Transport contributing 60 per cent. of the expenditure involved and to the Town Council defraying a moiety of the balance. On this basis the Council's contribution would be £5.

RESOLVED TO RECOMMEND—**That the County Council be informed that the Town Council are prepared to make a contribution towards the expenditure involved on the basis indicated.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

★7.—COUNTY ROADS:

Pedestrian Signals and Pedestrian Barrier Rails.

The Committee reported to the Council on the 30th September last (Hi.C., 9/9/35—15) that the County Council had decided in approved cases to contribute one-half of the cost of the installation and maintenance of pedestrian signals and pedestrian barrier rails along County Roads, after deducting the amount of the Ministry of Transport's grant, subject to the Council meeting the balance of the cost of the installation and maintenance.

The Executive Committee of the Middlesex Borough and District Councils' Association have had the matter under consideration and they have come to the conclusion that the erection of such signals and rails on county roads is a matter entirely for the County Council and they recommend the constituent authorities to urge the County Council to accept responsibility for the balance of the cost of such installation and maintenance after deducting the Ministry of Transport's grant.

The Committee are unable to agree with the conclusion arrived at by the Middlesex Borough and District Councils' Association, and accordingly

(i) **Hartley Avenue, Mill Hill.—**

On the north side of the roadway, commencing at a point in line with the western building line of the public conveniences, extending eastward, by kerb, as far as necessary for two cabs—front of cabs toward the west;

In these circumstances the Committee feel that the standing should be on the south side of Hartley Avenue, but that a more desirable alternative position for a hackney carriage standing in this vicinity would be in Goodwyn Avenue. The Committee, therefore,

★23.—TRAVELLING FACILITIES:

(A).

Report of Deputation to the London Passenger Transport Board.

The report of the deputation from the Council which was received by officers of the London Passenger Transport Board on the 15th October last was submitted and received.

A letter was also submitted from the Board adverting to the interview and stating (i) that a further examination of the traffic figures relating to Colindale Station shows that the amount of traffic likely to travel north of that station would not justify the additional expense which would be involved if all trains were run to Edgware; and (ii) that the Board regret they are unable to adopt the suggestion put forward by the Deputation that the 2d. fare stage on route No. 113 from Hendon Central to Mill Hill Broadway should be extended to Station Road, Mill Hill. The letter states that the existing fares which were introduced by the Board's predecessors are already on a generous scale. The average distance which can be travelled for one penny on the section of the route between Hendon Central and Mill Hill is 1.38 miles, while between Hendon Central and Watford Way, Mill Hill Broadway—a distance of 2.61 miles—the fare is only 2d. The Borough Treasurer also submitted a Schedule of replies from neighbouring local authorities, indicating the provision made for both permanent and temporary allotments in their respective areas.

The Borough Surveyor pointed out the present difficulty of converting the temporary allotments to permanent, and referred to the question of land values as an important consideration in relation to allotments. RESOLVED TO RECOMMEND—**That the Minister of Agriculture and Fisheries be informed—**

(i) **that the Council do not at the present time propose to interfere with the existing plots of land acquired for purposes other than allotments;**

(ii) **that in the near future it may be possible to utilise for allotments a portion of the land originally acquired for sewage disposal purposes, and in the event of the utilisation of such land, and the acquisition of additional land for allotments, the provision of allotments generally in the Borough will again be fully reviewed.**

(B). *Edgware.*

[Having regard to the situation of the land in question, and the extensive use now made of the land as a public open space, the Finance and General Purposes Committee Recommend:—

(i) That application be made to the Minister of Health for the re-appropriation of the land as a public open space;

(ii) That the question of the provision of alternative land for the purposes of allotments be referred to the Special Committee on Development. (See item No. 21 of the Finance and General Purposes Committee's Report, 2/12/35.)]

RESOLVED TO RECOMMEND—**That the Chairman of the Committee (Councillor A. A. Naar, M.B.E.) and the Chief Librarian be re-appointed as the Council's representatives on the Regional Committee of the South Eastern Library Bureau.**

★6.—PURCHASE OF BOOKS:

RESOLVED TO RECOMMEND—**That the Chief Librarian be authorised to purchase the books included in the lists submitted.**

7.—STATISTICS:

The Chief Librarian submitted his statistical statement for the month of October, details of which appear in the statistical tables presented to the Council. (Appendix to the Report of the Finance and General Purposes Committee, page 1).

8.—MILL HILL HISTORICAL SOCIETY:

The Chief Librarian reported that the Local Collection of the Mill Hill Historical Society, comprising pictures, maps, photographs, etc., has now been deposited at the Central Library for safe custody. **Noted.**

★9.—GOLDERS GREEN BRANCH LIBRARY:

Membership.

(A).

The Chief Librarian reported that from November 4th to 23rd, inclusive, 5,497 new members were enrolled at the Golders Green Branch. Prior to the opening it was estimated that about 8,000 new members might be expected, their enrolment being spread over two years or so. From the actual enrolments over a period of 18 working days it would appear that the previous estimate will be considerably exceeded. The membership to date is equivalent to about 12 per cent. of the population served. The popularity of the Branch is no doubt accounted for by its nearness to the shopping centre.

The new members are classified as follows:—

Residents:—	
Adults	4,470
Children	974
Non-Residents:—	
Employees, etc.	50
Subscribers	3
	5,497

Noted.

† **(B).** **Stock.**

The Chief Librarian reported that there is urgent need for an immediate increase in the stock at the Golders Green Branch Library. At the present time 75 per cent. of the adult and junior stock is in circulation and complaints are already being made about the scarcity of books on the shelves. Some of the non-fiction classes in the Adult Department are very short of books; only about 90 out of 300 volumes in "Fine Arts," and 120 out of 450 in "Biography" are left on the shelves. There is a great and unsatisfied demand for books on these subjects as well as on travel, all branches of literature and music.

The Chief Librarian asked for authority to purchase additional books as set out hereunder, which he estimates are the minimum immediate requirements:—

	Volumes.	Estimated Cost. £
Adult Department.—		
Fiction	500	100
Non-fiction	700	200
Junior Department	650	125
Total	1,850	£425

RESOLVED TO RECOMMEND—**That, with a view to keeping the expenditure within the amount provided in the estimate the Chief Librarian be authorised to purchase such books as are required at a cost not exceeding £425 and that he be instructed to submit a report as to further requirements to the next meeting.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

† **(C).**

Staff.

When the staffing arrangements for the Golders Green Branch were decided upon prior to its opening, it was estimated that a minimum staff of six would be required. It is now obvious that even after the present abnormal rush is over, another assistant will be required. For the first fortnight the equivalent of ten assistants was engaged at the Branch.

With the opening of the new Branch it was expected that there would be an immediate contraction in the work of the Central Lending Department, and in view of this a Junior Library Assistant was not appointed in place of Miss Ash when she was promoted to the position of first assistant at Golders Green, but a junior shorthand typist was appointed instead, in order to cope with the additional administrative work caused by the opening of the new branch. The anticipated increased administrative work has taken place, but so far from there having been a decreased circulation from the Central Lending Department, there has been a 10 per cent. increase since the opening of the branch, as compared with the corresponding period last year.

Apart from special reliefs during the day, at the present time the Central Library is providing relief every evening from six o'clock until nine. The Committee are informed by the Chief Librarian that this is more than can be afforded and cannot be continued indefinitely. Even with seven instead of six assistants at Golders Green it will still be necessary for the Central Library to provide relief on three evenings per week in order to provide a satisfactory time-sheet, and ensure the staff a reasonable number of evenings off duty.

RESOLVED TO RECOMMEND—

(i) **That authority be given for the issue of advertisements inviting applications for the position of Junior Library Assistant from persons not exceeding 18 years of age holding the required examination certificates, the salary to be according to the appropriate scale.**

(ii) **That a Sub-Committee consisting of the Chairman (Councillor Naar), Alderman (Mrs.) Bannister, Councillors Brown and Scott be appointed to consider the applications received, to interview selected candidates, and recommend a candidate for appointment to the Mayor in Recess.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal subject to the Chairman of the Finance and General Purposes Committee being added to the proposed Sub-Committee.]

(D). *Circulation of Books.*

The Chief Librarian reported that from November 4th to 23rd the issues of books were as follows :—

Adult Department	17,909
Junior Department	5,085
	22,994

† **(E). Periodicals and Newspapers.**

SUBMITTED : Report of the Chief Librarian on suggestions made by readers as to the addition of certain periodicals to the list and also the suggestion of a reader that one or two evening newspapers should be provided.

The Chief Librarian has pointed out that no evening newspapers are taken at the Central Library and he suggests that they would be out of place at Golders Green where there is a combined lending library and reading room.

RESOLVED TO RECOMMEND—

(i) **That the following periodicals be added to the list** :—

The Accountant (weekly, 9d.).
The Investors Chronicle (weekly, 6d.).
The Musical Times (monthly, 6d.).
Lecture pour tous (an illustrated French Magazine) (monthly, 2/6d.).

(ii) **That the suggestion that evening newspapers be provided at the Branch Library be not entertained.**

(F). *Presentation of Book to Sir Henry Miers.*

REPORTED: A letter from Sir Henry Miers expressing his gratitude for the volume—which he describes as a noble gift—which was presented to him on the occasion of the opening of the Branch Library. **Noted with satisfaction.**

★10.—PROPOSED BRANCH LIBRARY AT MONTROSE AVENUE:

The Committee's recommendation re-affirming the decision to erect a Branch Library at Montrose Avenue, was referred back by the Council on the 28th October last. (Li.C., 14/10/35—9).

It will be recalled that the Minister of Health asked to be furnished with the observations of the Council on his suggestion that a reasonably sized Branch Library situated near or just to the north of Mill Hill (London, Midland & Scottish) Railway Station, would adequately serve the whole of the northern portion of the Borough without the necessity for a Library on the site proposed at Montrose Avenue.

The Committee have given the matter further very careful consideration, and

RESOLVED TO RECOMMEND—**That the Minister of Health be asked to receive a deputation on the matter and that the members to form the deputation be the Chairman (Councillor Naar), Alderman (Mrs.) Bannister and Councillor Richardson, with the appropriate Officers.**

★11.—CENTRAL LIBRARY:

Provision of Cycle Rack.

Pursuant to the resolution passed at the last meeting of the Committee the Borough Surveyor reported regarding the provision of accommodation and the fitting of a rack for the bicycles of users of the Central Library.

A plan was submitted indicating a rack with accommodation for twelve cycles on the right hand side of the Library. The Borough Surveyor estimates the cost of providing and fitting the rack at £15.

RESOLVED TO RECOMMEND—**That the provision and fitting of a cycle rack in the position indicated on the plan now submitted, at an estimated cost of £15, be approved.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal subject to a suitable notice being affixed to the cycle rack repudiating liability.]

★12.—SCHOOL OF LIBRARIANSHIP:

Practical Work in Routine and Administration.

SUBMITTED: Report of the Chief Librarian on a letter from the Director of the School of Librarianship, University of London, asking the Council to co-operate with the University in the teaching of routine in connection with the School of Librarianship course.

The proposal of the School of Librarianship is that diploma students, unless they have already served as assistants in approved libraries, should perform three weeks' practical work as part of their course in library administration, the first week to be taken at the end of the first term, and the second and third at the beginning and end of the second term.

The objects of the course are (1) To introduce students to ordinary routine methods and to enable them to obtain a sufficient grasp of such methods to understand the information

given by textbooks and lecturers; (2) To demonstrate the scope and administration of the services provided in the libraries to which the students are attached; and (3) To test their ability to submit to discipline and their intelligence in understanding library technique.

Students will be under the discipline of the libraries to which they are attached and will be expected to conform strictly to working conditions and to be on duty for such periods as the librarian concerned may fix. They may be required for work for either day or evening shifts.

In return for the privilege granted by Library Authorities the University is setting aside a sum of money annually which will be available for the provision of free tuition at the School of Librarianship for the benefit of assistants in the libraries to which students are sent. These free places, to the value of £10 a session in each case, will become available in the session 1936-37 in respect of the facilities provided by libraries during the present session (1935-36) and so on from year to year.

The Committee consider it desirable that the Council should co-operate with the School of Librarianship on the lines of the scheme indicated above, and accordingly

RESOLVED TO RECOMMEND—**That the Council co-operate in the scheme put forward by the School of Librarianship and that the Chief Librarian be authorised to make all arrangements in connection therewith.**

★13.—UNIVERSITY EXTENSION LECTURES:

SUBMITTED: Report of the Chief Librarian on a letter from the University Extension Registrar suggesting that the lecture course to be given by Mr. L. U. Wilkinson on the subject of "The Modern Novel" during the Lent Term should be held at the Golders Green Branch Library instead of at the Central Library.

With reference to the existing Centre at the Central Library, the Registrar points out that the total grant which was necessary last Session for the two Terminal Courses was £52 5s. 9d. towards which sum the Middlesex Education Committee made a grant of £35, leaving the balance to be made up by the University. In order to ensure the continuance of the Centre at the Central Library the Registrar suggests that if the Hendon Higher Education Committee could make a grant in aid of the University Extension Work it would be very helpful to his Committee in making their arrangements for future courses.

RESOLVED TO RECOMMEND—

(*a*) **That the Council approve of the lecture course arranged for the Lent Term being held at the Golders Green Branch Library;**

(*b*) **That the Hendon Higher Education Committee be asked to make a grant of £20 towards the University Extension Work.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal subject to the Middlesex Education Committee being substituted for the Hendon Higher Education Committee in Recommendation (b).]

★14.—OFFER OF STATUE FOR EXHIBITION:

REPORTED: An offer by Mr. J. Hirsch of Leeside Crescent, Golders Green, to lend for exhibition purposes a bronze statue of "Adam" by Auguste Rodin, which is at present in the Tate Gallery. Owing to the size of the statue it could not conveniently be placed in the Central Library or the Branch Library, and the Committee, therefore,

RESOLVED TO RECOMMEND—**That Mr. Hirsch be informed that owing to lack of suitable accommodation the Council are unable to accept his offer and that he be accorded the best thanks of the Council therefor.**

15.—JUNIOR LIBRARY:

Parents' Evening.

At the request of the Committee, Councillor Teare agreed to give an address at the parents' evening to be held on the 9th January next.

16.—EXHIBITION OF CHILDREN'S BOOKS:

In connection with the exhibition of children's books, which is to take place during the week commencing December 9th next, the Chairman, at the request of the Committee, agreed to give an address during the evening of the opening day.

★17.—DISPOSAL OF BOOKS:

The Chief Librarian reported with regard to the disposal of books withdrawn from circulation.

RESOLVED TO RECOMMEND—**That general authority be given to the Chief Librarian to make suitable arrangements for the disposal of books withdrawn from circulation.**

The Bill contemplates the connecting up of the London Electric Railway System with the London and North Eastern Railway (Edgware Line), the connection being made approximately 300 yards in an easterly direction from the point where the L. & N.E.R. (Edgware Line) crosses the London Electric Railway a little to the north of Fairfield Crescent.

1.—CONSULTING AURAL SURGEON:

The Medical Officer reported the death of Dr. Dan McKenzie, the Council's Consulting Aural Surgeon and suggested that Mr. Trevor Jones, who at present undertakes general surgeon's work at the Isolation Hospital should be asked also to carry out the aural work.

Dr. McKenzie received a retaining fee of 100 guineas per annum and operations were carried out in accordance with an agreed scale of fees. An arrangement existed however, whereby in the event of the fee exceeding 100 guineas, the retaining fee was increased accordingly.

RESOLVED TO RECOMMEND—

(1) **That the sympathy of the Council be extended to Mrs. McKenzie in her bereavement.**

(2) **That the suggestion of the Medical Officer be approved, and that Mr. Trevor Jones be asked to undertake the aural work in addition to that already performed by him at a combined fee of 150 guineas per annum.**

It was reported that subscriptions were being invited towards a memorial to the late Dr. Dan McKenzie. NEW YEAR GREETING:

His Worship the Mayor extended a cordial New Year Greeting to the Members.

NOTICE OF MEETING:

The Town Clerk read the notice convening the meeting.

APOLOGIES FOR ABSENCE:

Apologies for absence were submitted on behalf of Councillors (Mrs.) D. L. Ford, B. S. Browne and W. A. Perkins.

OFFICIAL ANNOUNCEMENTS:

(A). *Chairman of the Middlesex County Council—Knighthood.*

His Worship the Mayor called the attention of Members to the notice which recently appeared in the press with regard to the intention of His Majesty the King to confer the honour of Knighthood upon County Alderman H. S. Button, Chairman of the Middlesex County Council.

The hearty felicitations of the Corporation had been conveyed to Sir Howard and Lady Button on their distinction.

(B). *Mayor's Fund—Christmas Appeal.*

His Worship the Mayor submitted the following statement:—

"I have seen the letter in the Local Press regarding the Mayor's Xmas Fund and in fairness to the public I must point out that the Mayor's Fund is intended for the benefit of all parts of the Borough.

In particular, the Fund is used to give comfort and assistance at the Christmas season to our poor and distressed fellow citizens.

The appeal is wide-spread and the bulk of the subscriptions are received from the more well-to-do parts of the Borough.

On the 26th November, I wrote to the Local Organisations asking them to pool their efforts with the Mayor's Fund, but I asked such as did not desire to do so to inform me of the cases they would deal with. In this connection I might say that the desired pooling was effected, so far as is known, with all organisations except at Mill Hill.

On the 9th December, Councillors from each ward were asked to furnish lists of names.

The Mill Hill Ward Local Organisations preferred to deal with its own cases and one body suggested that part of the Mayor's Fund should be administered by them. This I could not possibly approve.

When the Mill Hill lists were received they were found to contain 80 names which were duplicates of those sent in by the official representative of Burnt Oak Ward. Neither I nor the Burnt Oak representative were prepared to agree that these should be dealt with from Mill Hill, not only as a matter of principle, but also because much dissatisfaction had been caused by such differentiation in previous years.

Apparently Mill Hill desires to run its own fund on the basis of the collections made in that ward. If that principle were carried out in each ward neither Burnt Oak nor West Hendon would be able to raise sufficient money to meet requirements.

By centralised administration overlapping is avoided and questions of favouritism or differentiation do not arise.

The widening of the area of distribution and the pooling of the expenditure through the Mayor's Fund means that larger grants are received from the proceeds of the Sunday opening of cinemas—the Mayor's Fund being a charity recognised by the Middlesex County Council. Apparently nearly £200 was collected in Mill Hill. That sum if expended through the Mayor's Fund would attract a grant of approximately £50 for 1936.

These points are worth noting and I propose to call a meeting of the present ward representatives at an early date with a view to settling procedure for future years."

(C). *Woodfield House.*

In connection with the discussion in Council on the 9th December, on the amendment submitted to the motion for recess powers, His Worship made the following statement :—

" In view of the fear which was expressed at the last meeting of the Council that the Deputy Mayor (Alderman Brook Flowers) intended to lease, during the summer recess, certain land belonging to the Council to a private firm, I have deemed it expedient, in the interests of all parties, fully to investigate the matter.

The transaction involved was the proposed leasing to a company (of which the Deputy Mayor's son-in-law was an official) of certain land adjoining Woodfield House, together with the house itself. It was intended to use the land as a sports ground. There is no suggestion that the rent would have been other than a satisfactory one from the Council's point of view, and it may well have been that the Deputy Mayor regarded the letting of this land, which was lying idle, as a desirable transaction.

In my view, having regard to the relationship to which I have referred, he would have been well advised to have taken no part in the negotiations but to have let these proceed through the usual official channels.

The powers vested in him during recess "to deal with all urgent matters" would certainly not have entitled him to tie the hands of the Council in a matter such as this more especially as it would have involved the reversal of the decision of the Council as to the user of the land.

The Deputy Mayor has intimated that he wished to press forward the proposal in order to have something concrete for submission to the appropriate Committee as the football season was about to commence.

He has expressed his regret to Alderman Monro that he took exception to statements made by him because he now realises that Alderman Monro was quite reasonable in his apprehension lest the matter should be concluded during recess. This the Deputy Mayor assures me was never his intention, his only desire being to have the details in readiness for submission to the Council through the appropriate Committee.

Whatever may be our views as to the desirability or otherwise of the proceedings there is no reason to assume that the Deputy Mayor did not act in the belief that what he was doing was in the interests of the Borough."

SUBMITTED: Circular letter, in which the London Regional Advisory Council for Juvenile Employment invites the Committee to express their views on the following resolution, passed by the Bermondsey Juvenile Advisory Committee, which is being circulated throughout the country by the Ministry of Labour:—

"This Committee welcomes the Shops Act, 1934, as it effects an improvement in the conditions of juvenile employment, but in view of the fact that approximately 300,000 juveniles are still left outside the scope of legislation restricting hours of labour, it is desired to urge that:—

(i) The Acts covering the hours of labour be extended to cover all young persons employed in unregulated trades.

(ii) The permitted hours of young persons coming under the existing acts are still too long and should be further reduced.

(iii) The provision of the National Health Insurance Act be extended downwards to cover young persons upwards from the school-leaving age.

RESOLVED TO RECOMMEND—

THAT the above resolution as outlined in the three clauses be supported and that the London Regional Advisory Council for Juvenile Employment be informed accordingly.

V. CO-OPERATION BETWEEN THE SCHOOL MEDICAL SERVICES AND JUVENILE EMPLOYMENT COMMITTEES:

SUBMITTED: Report of School Medical Officer with regard to the reference from the Education Committee (15/10/35—Page 820).

The matter originated on a Memorandum from the Board of Education which indicated that a useful purpose would be served if the Local Education Authority would transmit to the Juvenile Employment Committee the names of any children leaving school who are considered to be unfit for any particular type of industry.

The Board of Education suggest that in order to give effect to the proposals in the Memorandum, a special card be printed and at the last routine medical examination, a record of any child found to be unfit for a particular type of work should be made on the card and the child kept under special observation until he leaves school. If the condition of the child remains unaltered, the necessary particulars should be notified to the Juvenile Employment Committee.

It was pointed out that at the present time the last routine medical examination takes place from 12 years of age onwards and it was possible for a certain number of children to develop defects between the time of such examination and their leaving school. Facilities are, however, provided for special examinations to which parents and teachers are encouraged to refer children suspected of suffering from any defect. It will therefore be appreciated that the risk of a defective child being overlooked is remote.

The Medical Officer of Health drew attention to the seriousness of barring any industrial outlet to a school child and therefore proposed to see all such children, himself, immediately prior to their leaving school.

RESOLVED TO RECOMMEND—

(1) **That the provision and use of the special card in the manner indicated be approved.**

(2) **That the Education Committee be requested to remind the teaching staff of the necessity for drawing the attention of the School Medical Officer to all children under their care suspected to be suffering from any physical or mental defect.**

The following amendment, moved be Councillor Lightfoot, seconded by Councillor (Mrs.) Thomas, was **not carried**:—

THAT the School Medical Officer be directed to examine within a period of six months immediately prior to leaving school all children whose physical condition, on a report from a Head Teacher, would appear to require an additional medical inspection.

2.—REQUISITIONS:

Requisitions amounting to £2,647 1s. 5d. were submitted and **approved.**

★3.—PUBLIC LIGHTING:

SUBMITTED: The recommendation of the Committee (18/11/35—4) referred back by the Council on the 9th December.

In connection therewith the Chairman reminded the Committee that the Council on the 30th September (Hi.C., 9/9/35—4) had instructed the Borough Surveyor to proceed in the first instance with the scheme of improved public lighting on Class 1 Roads and certain other important thoroughfares at a cost of £5,553—the total cost of the whole improvement scheme being £11,578 in respect of which the Minister of Health had issued his approval and a loan sanction. The question referred back by the Council on the 9th December concerned the Committee's recommendation for a mounting height of 20 feet, whilst the Departmental Committee on Street Lighting suggested 25 feet. Delay in the settlement of the matter must inevitably hamper the progress of the works on the Class 1 and other roads.

The Borough Surveyor expressed the opinion that whilst a mounting height of 25 feet would probably be desirable in localities having roads with high buildings, the character and development of Hendon was such as to warrant a mounting height of 20 feet.

With regard to the question of lighting units the Committee were reminded that the standard provided in the improvement scheme was in excess of the Type " F " of the British Standard Specification recommended by the Departmental Committee.

RESOLVED TO RECOMMEND—

(1) **That operation under the Council's resolution of the 30th September** (Hi.C., 9/9/35—4) **be suspended, and that the Borough Surveyor be requested to arrange as soon as possible for suitable lengths of the following roads to be lighted as an experiment:—**

Hendon Way—Gas—Gas Light & Coke Company.

Watford Way—Electricity—North Metropolitan Electric Power Supply Co.

(2) **That the Ministry of Health and the Ministry of Transport be informed of the postponement of works in connection with the approved lighting improvement scheme.**

★4.—**TRAFFIC CONTROL:**

★ **(A). Colindeep Lane, Edgware Road.**

SUBMITTED: The Borough Surveyor's scheme for the alteration of the lay-out at the junction of Colindeep Lane and Edgware Road to form a "T" junction on the lines indicated by the Minister of Transport. (Hi.C., 18/11/35—5 (A)). The estimated cost of the work involved amounts to £1,275.

The Committee are of opinion that having regard to the present traffic and other conditions at this junction the expenditure is not warranted.

RESOLVED TO RECOMMEND—**That no further action be taken in the matter.**

★ **(B). Refuge, Station Road, Edgware.**

SUBMITTED: Letter from the Edgware Chamber of Commerce, together with the Borough Surveyor's report thereon, requesting the erection of a refuge in Station Road, immediately in front of the Edgware Tube Station.

The matter is one for the consideration of the County Council, being the highway authority for the road in question, but having regard to contemplated development by the London Passenger Transport Board, the Committee are of opinion that it is not advisable at the present time to incur expenditure on the proposal.

RESOLVED TO RECOMMEND—**That the Edgware Chamber of Commerce be informed accordingly.**

★ **(C). Traffic Signals—Edgwarebury Lane and Edgware Way.**

SUBMITTED: Letter from the Edgware Chamber of Commerce, together with the Borough Surveyor's report thereon, suggesting the erection of traffic signals at the junction of Edgwarebury Lane and Edgware Way.

A similar proposal was made in 1933 but at that time the conditions were not such as to necessitate any action. Subsequent development in the locality has increased the volume of traffic using this junction, and further expansion of residential buildings north of Edgware Way is contemplated in the near future.

RESOLVED TO RECOMMEND—**That representations be made to the Middlesex County Council with a view to traffic signals being erected at this junction.**

★ **(D). Pedestrian Crossing—Colindale Avenue.**

SUBMITTED: Letter from the Colindale and District Ratepayers' Association suggesting the placing of a pedestrian crossing in Colindale Avenue, opposite the Tube Station.

RESOLVED TO RECOMMEND—**That the Colindale and District Ratepayers' Association be informed that the Council regret that they are unable to accede to the request.**

(E). *Traffic Signals—Finchley Lane, Great North Way.*

★16.—SPORTS GROUNDS:

★ (A). Section 69—Public Health Act, 1925.

SUBMITTED: Report of the Borough Treasurer with regard to his negotiations with the County Council in connection with resolutions and agreements regulating contributions by the Council to the County Council in respect of Revenue from certain Open Spaces towards the acquisition of which the County Council have contributed.

The Mill Hill Bowling Green and the Golders Green Football Club Ground are regarded as coming within the section and agreements exist which provide for a fixed payment to the County Council of one quarter of the rents received.

The County Council, on the 29th November, 1935, passed the following resolution which varies the basis of payment from one quarter of the rent received to "25 per cent. of the net revenue" to the Council:—

> "*That the agreements between the Hendon Borough Council and the County Council with reference to the County Council's contribution towards the cost of acquisition of Mill Hill Park and Clitterhouse Lane Playing Fields be amended in form approved by the Clerk of the County Council so as to proviae that, as from the 1st April, 1935, the Borough Council shall pay to the County Council* **25 per cent. of the net revenue** *from the use as Sports Grounds under Section 69 of the Public Health Act, 1925, of those portions of the two open spaces as present so utilised, in lieu of the fixed payments now provided for in the respective agreements, and that the resolution adopted by the County Council on the 25th July, 1935, regarding the net revenue derived from sports grounds be applied in the case of the two sports grounds in question accordingly.*"

RESOLVED TO RECOMMEND—**That the necessary endorsements to the existing agreements be approved.**

(B). *Clitterhouse Open Space—Golders Green Football Club.*

SUBMITTED: Letter which had been addressed to His Worship the Mayor by the President of the Golders Green Football Club asking that the Council should give assistance by providing dressing and training accommodation and calling attention to the facilities granted by other authorities, *e.g.*, Finchley, Leyton and Uxbridge. The President states that he would be pleased to attend any meeting and submit further particulars.

The lease to the Club is for a period of 7 years from 29th September, 1933, and on the recommendation of this Committee the rent was as from 26th December, 1934, reduced from £225 to £175.

The question of the provision applied for would appear to be a matter for recommendation by the Estates, Parks and Allotments Committee and the Committee have accordingly referred the application to that Committee.

★ (C). **Edgware Road.**

SUBMITTED: Report of the Borough Surveyor on a letter from H.M. Office of Works enquiring whether a site with a frontage of 120 feet to the Edgware Road, adjoining The Hyde School, could be offered for the purposes of a Labour Exchange.

It will be remembered that, subject to price, the Council have already approved the sale of a plot of this land having a frontage of 45 feet for an extension of the Post Office.

In the event of the sale of the 45 feet to the Post Office and the proposed 120 feet for the Labour Exchange, approximately 120 feet frontage would remain in the possession of the Council, and having regard to its situation it would appear desirable to offer the whole of the remaining site to the Office of Works.

RESOLVED TO RECOMMEND—**That the Borough Surveyor be authorised to negotiate with H.M. Office of Works with a view to the disposal of the whole of the site.**

★18.—AUDIT, 1934/5:

RESOLVED TO RECOMMEND—**That the schedule and proposals of the Borough Treasurer be approved and that such consents as may be necessary thereto be obtained.**

FURTHER RESOLVED TO RECOMMEND—**That application be made for consent to repay the following unexpended loan balances to the Public Works Loan Board:—**

Sanction No.	Loan No.	Amount. £ s. d.	Rate of Interest.
129/60	249	2354 8 1	5 per cent.

★19.—GREEN LANE—STATION ROAD AND PENSHURST GARDENS SURFACE WATER RELIEF SEWER:

★ (A).

Application for Loan Sanction.

In connection with the proposal for the above Relief Sewer (W. & F.B.C., 16/9/35—19) and to the Inquiry held on the 10th instant, the Town Clerk reported upon an interview with the Inspector, at which the Borough Treasurer was present, regarding the application of the Council for the Minister's approval to defray the outlay out of Revenue over a period

of years. Such decision implied an application to the Minister of Health for a loan sanction of £2,140 for a period not exceeding seven years and in order to satisfy the requirements of the Ministry of Health for the issue of the loan sanction to enable the expenditure to be spread over the period mentioned, the Committee

RECOMMEND—**That the recommendation contained in the financial rider to Item 19 of the report of the Works and Fire Brigade Committee of the 16th September last, be amended to read :—**

"That application be made for sanction to a loan for a period not exceeding 7 years to enable the expenditure to be spread over that period."

★ (B).

Tenders.

SUBMITTED : Reference from the Works and Fire Brigade Committee (13/1/36—14) together with the Borough Surveyor's report.

It is understood that the Ministry of Health have intimated the desirability of a slight amendment to certain proposed works which may have some bearing on the tenders submitted.

RESOLVED TO RECOMMEND—That in view of the urgency in the matter further consideration be referred to His Worship the Mayor with power to act.

20.—WEST MIDDLESEX SEWAGE DISPOSAL SCHEME :

SUBMITTED : Correspondence from the Middlesex County Council giving notice under Section 33 (3) of the Middlesex County Council Act, 1931, with regard to proposals for the reception of sewage from the following areas of the Borough of Willesden :—

Park Royal area, Section No. 1.

Proposed Factory Premises, North Circular Road, Stonebridge.

In connection with the Park Royal area, the Council on the 16th September, 1935, approved the proposal, and the subsequent notice merely relates to a variation in the construction and route of the sewers.

In both cases the basis of payment is an initial premium representing the rateable value of the property to be drained, multiplied by the rates in the £ levied in the West Middlesex Drainage area since the inception of the Scheme. **Noted.**

★21.—PROVINCIAL JOINT INDUSTRIAL COUNCIL FOR LOCAL AUTHORITIES NON-TRADING SERVICES (MANUAL WORKERS) FOR THE COUNTY OF MIDDLESEX :

SUBMITTED : Letter from the Hon. Secretary of the Provincial Joint Industrial Council stating that at a recent meeting the question of zoning the Borough of Hendon had been raised upon which consideration had been given to the desirability of the Hendon Borough Council becoming a constituent member of the Provincial Council and asking whether a small deputation could be received in order that details may be submitted together with a statement as to the advantages to be gained by the Borough Council becoming a constituent member.

The Council on the 28th October (F. & G.P.C., 21/10/35) adopted the Provincial Council's Zone 1A. Grading Scheme, and in view thereof it appears to the Committee desirable for the Council to become a constituent member.

RESOLVED TO RECOMMEND—**That the Council become a constituent member of the Provincial Joint Industrial Council for Local Authorities Non-Trading Services (Manual Workers) for the County of Middlesex.**

★22.—DOGS IN PARKS :

SUBMITTED : Reference from the Estates, Parks and Allotments Committee (6/1/36—9).

Clause 22 of the Byelaws with respect to Pleasure Grounds (made by the Council on the 21st July, 1930, and allowed by the Minister of Health on the 15th December, 1930) reads as follows :—

"A person shall not cause or suffer any dog belonging to him or in his charge to enter or remain in the pleasure ground unless such dog be and continue to be under proper control, and be effectually restrained from causing annoyance to any person, and from worrying or disturbing any animal, and from entering any ornamental water, and from injuring or destroying, worrying or disturbing any bird or fowl in the pleasure ground."

At the time the present byelaws were under revision an attempt was made to obtain the Minister's approval to the words "led by a chain leash or string" in substitution for "under proper control" but the proposed variation of the model clause was not allowed.

RESOLVED TO RECOMMEND—**That representations be made to the Minister of Health with a view to the approval of a suitable amendment of the Byelaws to require that all dogs shall be kept on leads in parks which contain or may hereafter contain flower beds.**

★23.—MIDDLESEX COUNTY COUNCIL BILL:

"That such members of the County Council Staff as now are, or may hereafter become, members of the Territorial Force be granted, where possible, full facilities for attending the annual training in camp, without penalisation either as to holidays or pay."

RESOLVED TO RECOMMEND—**That the Town Clerk be authorised to give the required publicity to the article in question and that the Council approve the application of the terms of the County Council's Resolution above to Members of the Staff of the Hendon Borough Council who are, or may hereafter become, Members of the Territorial Force.**

DEATH OF HIS MAJESTY KING GEORGE V.:

His Worship the Mayor addressed the Council:—

"We meet to-night under the shadow of a national bereavement and it is fitting that we should join with a sorrowing people in mourning the loss of our beloved King.

Throughout his eventful—but all too short—reign he had, in a thousand ways, endeared himself to his subjects to such an extent that, during the demonstrations of affection last year, the nations of the world looked on in wonder.

On your behalf and that of the inhabitants of Hendon I caused the following telegram to be dispatched to the Royal Family on Tuesday last:—

21*st January*, 1936.

"*In this hour of deep sorrow when the nation mourns the death of its beloved King I desire on behalf of the inhabitants of the Borough of Hendon respectfully to extend our heartfelt sympathy to His Majesty the King and Members of the Royal Family in the irreparable loss which they have sustained by the passing of His late Majesty King George V. It is our earnest hope that they may be fortified in the knowledge that their grief is shared by his loyal and devoted peoples throughout the world.*

Arthur J. Reynolds,
Mayor,
Borough of Hendon."

The following reply has been received :—

"*The King desires me to express to you and the people of Hendon his heartfelt thanks for their kind sympathy in his overwhelming sorrow.*

Private Secretary."

His Worship continued :—

"We can add little to the great wave of sympathy which will go out to the Royal Family from all corners of the earth but we can at least give expression to our profound sorrow that the life of His late Majesty has now drawn to its close."

74.—I accordingly move—

THAT a loyal address, over the Corporate Seal, be presented in the following terms :—

"To His Most Gracious Majesty King Edward VIII,

We, the Mayor, Aldermen and Councillors of the Borough of Hendon, on behalf of the inhabitants of Hendon, respectfully tender to Your Majesty, to Her Most Gracious Majesty Queen Mary, and to all Members of the Royal Family, their deepest sympathy in the irreparable loss which you and the whole nation have sustained, by the decease of our late Sovereign Lord King George V., who so nobly earned the love and devotion of his people.

We do hereby dutifully convey to Your Majesty an assurance of our unfailing loyalty and devotion, and we earnestly pray that you may long be spared to reign over us."

The resolution was duly passed by the Members remaining standing in silence.

His Worship then called upon his Chaplain, the Rev. N. R. Boyd, M.A., Rural Dean, to lead the Council in prayerful commemoration of our late Sovereign (in whose reign and by whom was granted the Charter creating the Borough of Hendon), and in humble petition to Almighty God for His Blessing on our Sovereign Lord King Edward VIII. and his Dominions throughout the world.

Prayers followed.

The Council rose at 6.18 p.m.

HENDON TOWN PLANNING SCHEME, No. 1:

The Town Clerk submitted the following report:—

"The Council will remember that 50 feet was laid down by the Town Planning Scheme as the width of a standard street and the Bye-Law width applicable to the remainder of the Borough was 45 feet.

Owing to the operation of the Town and Country Planning Act, 1932, the Minister intimated that he could no longer approve, for purposes of charge, a greater width being prescribed by the Scheme than by the Bye-Laws.

The Council accordingly applied for an amendment of the Bye-Law width to 50 feet.

The Minister stated that he could not approve this proposal and the Council authorised further representations. As a result of these representations, the Minister has now agreed (subject to the consideration of objections on advertisement) to a Eye-Law width of 50 feet in respect of the area covered by Hendon Town Planning Scheme, No. 1.

As it is hoped that this scheme will come into operation on 1st April next, I ask the Council for the necessary formal resolution approving the Bye-Law and authorising the taking of steps to bring it into operation."

Moved by Councillor Rice, seconded by Alderman Copestake, and

105.—RESOLVED—

(i) **That the Town Council make the following Bye-Laws:—**

BYE-LAWS

made by the Mayor, Aldermen and Burgesses of the Borough of Hendon, acting by the Council, with respect to New Streets.

---

1. In these Bye-Laws the expression "the Bye-Laws of 1928" means the Bye-Laws with respect to New Streets and Buildings which were made on the twenty-eighth day of November, 1927, by the Urban District Council of Hendon and were confirmed on the twelfth day of January, 1928, by the Minister of Health.

2. Bye-Law 12 (*twelve*) in the Bye-Laws of 1928 is hereby repealed and the Bye-Laws with respect to New Streets in the Bye-Laws of 1928 shall with the following amendments extend and apply to the area of the Hendon Town Planning Scheme No. 1 :—

(1) The word "*fifty*" shall be substituted for the words "*forty-five*" in the fifth line of Bye-Law 8 (*eight*) and in the second line of paragraphs (a) (i) and (c) (i) of Bye-Law 11 (*eleven*).

(2) The word "*thirty*" shall be substituted for the words "*twenty-six*" in the third line of paragraph (a) (i) of Bye-Law 11 (*eleven*).

(3) The word "*ten*" shall be substituted for the word "*eight*" in the third line of paragraph (c) (i) of Bye-Law 11 (*eleven*).

3. These Bye-Laws shall be construed as one with the Bye-Laws of 1928.

(ii) **That the Corporate Seal be affixed thereto; and**

(iii) **That the Town Clerk be authorised to issue the necessary advertisement of the Council's intention to apply for confirmation of the Bye-Laws, and to take such further steps as may be necessary to bring the Bye-Laws into operation.**

HIGHWAYS COMMITTEE:

Moved by Councillor Potter, seconded by Councillor Curton, and

106.—RESOLVED—**That the following item from the report of the Highways Committee of the 6th January be received:—**

HIGHWAYS COMMITTEE.

6th January, 1936.

★3.—PUBLIC LIGHTING:

SUBMITTED: The recommendation of the Committee (18/11/35—4) referred back by the Council on the 9th December.

In connection therewith the Chairman reminded the Committee that the Council on the 30th September (Hi.C., 9/9/35—4) had instructed the Borough Surveyor to proceed in the first instance with the scheme of improved public lighting on Class 1 Roads and certain other important thoroughfares at a cost of £5,553—the total cost of the whole improvement scheme being £11,578 in respect of which the Minister of Health had issued his approval and a loan sanction. The question referred back by the Council on the 9th December concerned the Committee's recommendation for a mounting height of 20 feet, whilst the Departmental Committee on Street Lighting suggested 25 feet. Delay in the settlement of the matter must inevitably hamper the progress of the works on the Class 1 and other roads.

The Borough Surveyor expressed the opinion that whilst a mounting height of 25 feet would probably be desirable in localities having roads with high buildings, the character and development of Hendon was such as to warrant a mounting height of 20 feet.

With regard to the question of lighting units the Committee were reminded that the standard provided in the improvement scheme was in excess of the Type "F" of the British Standard Specification recommended by the Departmental Committee.

RESOLVED TO RECOMMEND—

(1) **That operation under the Council's resolution of the 30th September** (Hi.C., 9/9/35—4) **be suspended, and that the Borough Surveyor be requested to arrange as soon as possible for suitable lengths of the following roads to be lighted as an experiment** :-

Hendon Way—Gas—Gas Light & Coke Company.

Watford Way—Electricity—North Metropolitan Electric Power Supply Co.

(2) **That the Ministry of Health and the Ministry of Transport be informed of the postponement of works in connection with the approved lighting improvement scheme.**

AMENDMENT moved by Alderman Maughan, seconded by Alderman Copestake :—

107.—**That the Borough Surveyor be, and is hereby, instructed to proceed forthwith under the terms of the Council's resolution of the 30th September, 1935.** (Hi.C., 9/9/35—4).

Debate ensued.

The Chairman of the Highways Committee intimated, during the course of the debate, that the question of mounting height within 20 to 25 feet would be left to the Borough Surveyor to decide as circumstances demanded.

The Mayor submitted the amendment to the Meeting and declared the same **duly carried,** the voting being :—For 23, Against 6.

On submission of the amendment as the substantive motion, the Mayor declared the same **duly carried.**

WORKS AND FIRE BRIGADE COMMITTEE :

Moved by Councillor Ross, seconded by Councillor Windust, and

108.—RESOLVED—**That the following item from the report of the Works and Fire Brigade Committee of the 13th January be received :—**

	£
Extension of Mote Mount Golf Course	10000
Hendon Wood Lane Land	9875
" Fenella "	4250

★ (C).

SUBMITTED: Report of the Borough Surveyor on a letter from H.M. Office of Works enquiring whether a site with a frontage of 120 feet to the Edgware Road, adjoining The Hyde School, could be offered for the purposes of a Labour Exchange.

It will be remembered that, subject to price, the Council have already approved the sale of a plot of this land having a frontage of 45 feet for an extension of the Post Office.

In the event of the sale of the 45 feet to the Post Office and the proposed 120 feet for the Labour Exchange, approximately 120 feet frontage would remain in the possession of the Council, and having regard to its situation it would appear desirable to offer the whole of the remaining site to the Office of Works.

SUBMITTED: Reference from the Estates, Parks and Allotments Committee (6/1/36—9).

Clause 22 of the Bye-Laws with respect to Pleasure Grounds (made by the Council on the 21st July, 1930, and allowed by the Minister of Health on the 15th December, 1930) reads as follows:—

> "A person shall not cause or suffer any dog belonging to him or in his charge to enter or remain in the pleasure ground unless such dog be and continue to be under proper control, and be effectually restrained from causing annoyance to any person, and from worrying or disturbing any animal, and from entering any ornamental water, and from injuring or destroying, worrying or disturbing any bird or fowl in the pleasure ground."

At the time the present Bye-Laws were under revision an attempt was made to obtain the Minister's approval to the words "led by a chain, leash or string" in substitution for "under proper control" but the proposed variation of the model clause was not allowed.

RESOLVED TO RECOMMEND—**That representations be made to the Minister of Health with a view to the approval of a suitable amendment of the Bye-Laws to require that all dogs shall be kept on leads in parks which contain or may hereafter contain flower beds.**

AMENDMENT moved by Alderman Clemens, seconded by Councillor Johnson, and

115.—RESOLVED—**That the words " those portions of the " be inserted after the word " in " in the fourth line of the Committee's recommendation above.**

(*b*) Letter from the Secretary to the Association of Education Committees, stating that a Special General Meeting of the Association will be held on 10th February, 1936, together with agenda giving particulars of the business to be transacted at such meeting. In this letter it is urged that the Committee's representatives may be in a position, when attending the Special General Meeting, to give expression to the Committee's views in the matters to be discussed.

Moved by Councillor Richardson, seconded by the Rev. C. E. de R. Copinger:—

THAT this Committee expresses its opinion that the age of obligation to attend school should be raised—without exemptions—to fifteen years and that maintenance allowances recognised for grant purposes should be provided to enable necessitous children to continue in attendance at school to that higher age, and directs its representatives to support the motion to this effect at the Special General Meeting of the Association of Education Committees.

AMENDMENT moved by Councillor Gilpin, seconded by Councillor (Mrs.) Ford:—

THAT this Committee is unable to associate itself with the terms of the motion proposed to be submitted to the forthcoming Special General Meeting of the Association of Education Committees; whilst being in favour of raising the school

leaving age generally to 15 years, this Committee considers that exemptions might well be granted in suitable cases under the Bill subject to the safeguards therein provided.

Debate ensued.

On submission of the Amendment, there voted for 9, against 6. The Chairman declared the Amendment **duly carried.**

The Amendment was then submitted as the substantive motion and declared to be **duly carried,** the voting being 10 for and 5 against.

In connection with the Council's representation (Hi.C., 18/11/35 — 20) to the Commissioner of Police that the proposed Hackney Carriage Standing on the north side of Hartley Avenue was undesirable and that he should consider the advisability of the standing being sited on the south side of the road, or alternatively in Goodwyn Avenue, the Commissioner replied that he had been advised that the proposed situation would not cause any interference with the entrance to the Fire Station, but that he was willing to consider the question of re-siting the rank nearer to The Broadway or on the south side of the road if the frontagers had no objection.

TERMS OF REFERENCE. (P.H. & M.S.C., 3/2/36—2):

"To consider a report from the Medical Officer of Health on the question of Staff, Public Health Department."

REPORT.

The report of the Medical Officer of Health deals with the question of staff as follows:—Isolation Hospital, Sanitary Section, (Maternity and Child Welfare and School Medical Services—Medical, Dental and Health Visiting) and Administrative and Clerical.

(*a*) ISOLATION HOSPITAL. (See Public Health and Medical Services Committee Report, 2/3/36).

(*b*) SANITARY SECTION. (See Public Health and Medical Services Committee Report, 2/3/36).

(*c*) MATERNITY AND CHILD WELFARE AND SCHOOL MEDICAL SERVICES:

(i) MEDICAL STAFF:

The Medical Officer stated that the work of the medical staff has increased during the past year by reason of the examination and treatment of Secondary School children, immunisation against diphtheria, additional special examinations both mental and physical and an increasing number of general anæsthetic, ante-natal and maternity and child welfare sessions.

Provision was made in last year's estimates for an additional assistant medical officer, but in view of the low incidence and the general mildness of the infectious diseases during 1935 it was possible to arrange for the Resident Medical Officer at the Isolation Hospital to be engaged on more health sessions than was anticipated and the remaining work was overtaken by engaging part-time medical assistance for three sessions per week and increasing the number of sessions of the Anæsthetist.

These arrangements, however, have made it difficult to carry out certain important work mainly affecting School Medical Services and it was pointed out that the number of routine medical examinations which will have to be undertaken during the present year will necessitate, under present staffing arrangments, increasing the number of sessions of the part-time medical officer.

It will also be remembered that the routine diphtheria swabs from the Hospital and the department generally have for some time been examined at the Hospital and last year 1,400 such examinations were made effecting a saving of approximately £150.

The appointment of an additional assistant medical officer would reduce the sessions of the part-time medical officers by approximately five weekly, with a consequent saving of £10 10s. 0d. per week. A revenue also accrues to the Council in connection with the conduct of medical and dental inspection and treatment of Secondary School children.

(ii) DENTAL STAFF:

At present there are two full-time officers and one part-time, the latter working on a sessional basis. The dental service continues to increase and it had been necessary to add to the sessions of the part-time dentist. The Medical Officer suggested that the appointment of an additional full-time officer should be considered at the expiration of six months, when further information as to acceptances for treatment would be available and it would be possible to judge the volume of work entailed by the examination and treatment of Secondary School pupils.

(iii) HEALTH VISITING STAFF:

The Medical Officer referred to the increasing demands on the time of the Health Visitors and School Nurses by reason of the continued development of the district.

It has been necessary for home visitations, an important feature of the work of a health visitor, to be greatly curtailed owing to the fact that the visitors have had an additional number of sessions to attend at the various centres, particularly dental, where they assist the dental officers for approximately twenty-nine half-day sessions per week. The Board of Education had expressed the view that the work of an assistant to the school dentist, which involves no clinical duties, could be undertaken without any loss of efficiency by girls who have not received the special hospital training of a health visitor and who would be paid at a much lower salary.

In order, therefore, to release the Health Visitors for other work, particularly home visitations, the appointment of two dental attendants would appear to be desirable.

(*d*) ADMINISTRATIVE AND CLERICAL STAFF:

In view of increasing duties in this section, the Medical Officer recommended the appointment of an additional shorthand typist.

(*e*) ASSISTANT MEDICAL OFFICER—CAR ALLOWANCE:

The Medical Officer recommended that Dr. Leitch be placed on the same footing as Dr. Stewart and granted a car allowance of £50 per annum.

RESOLVED TO RECOMMEND—

(1) See Public Health and Medical Services Committee Report, 2/3/36.

(2) That no action be taken with regard to the appointment of a Junior Male Clerk at the present time.

(3) That a woman assistant Medical Officer be appointed in accordance with the Council's Grading Scheme at a commencing salary of £600 per annum, rising by annual increments of £25 to a maximum of £750.

(4) That an additional full-time Dental Officer be appointed with salary in accordance with the existing scale, viz.:—£550 per annum, rising by annual increments of £25 to a maximum of £650.

(5) That two Dental Attendants (women) with previous experience be appointed at a commencing salary of £110 per annum, rising by annual increments of £10 to a maximum of £150.

(6) That a Shorthand Typist be appointed with salary according to scale, Grade I., viz.:—£80 per annum, rising by annual increments of £15 to £140.

(7) That Dr. Leitch be granted a car allowance of £50 per annum.

(8) That where necessary steps be taken to obtain the approval of the appropriate Government Departments to the above proposals.

(9) That advertisements be issued for the appointments referred to in recommendations 3-6.

RESOLVED TO RECOMMEND—That the Report of the Sub-Committee be approved.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposals, subject to the consent of the appropriate Government Departments.]

(B) RESIGNATION OF SHORTHAND TYPIST:

REPORTED: Resignation of Miss M. Ridout.

RESOLVED TO RECOMMEND—**That an advertisement be issued inviting applications for a Female Clerical Assistant, with a knowledge of shorthand and typewriting, at a salary according to scale, viz.:—£80 per annum, rising by annual increments of £15 to £140.**

IV. REQUISITIONS:

Requisitions amounting to the sum of £113 0s. 11d. were submitted and **approved.**

Moved by Councillor Gilpin, seconded by Alderman Copestake, and RESOLVED—

THAT the foregoing extract from the report of the Public Health and Medical Services Committee be approved and adopted.

TERMS OF REFERENCE. (P.H. & M.S.C., 3/2/36—2):

"To consider a report from the Medical Officer of Health on the question of Staff, Public Health Department."

REPORT.

The report of the Medical Officer of Health deals with the question of staff as follows:—Isolation Hospital, Sanitary Section, (Maternity and Child Welfare and School Medical Services—Medical, Dental and Health Visiting) and Administrative and Clerical.

(A). *Isolation Hospital.*

The present complement of nursing and domestic staff is proving sufficient but in order to grant the night nursing staff reasonable off duty periods the services of an additional staff nurse is required when the Hospital is working to capacity.

A suggestion was made for the appointment of a junior male clerk to perform certain clerical work undertaken by the Matron, thus enabling her to concentrate more fully on her professional duties.

(B). *Sanitary Section.*

The view was expressed that no additional staff was required in this section at the present time.

(C). *Maternity and Child Welfare and School Medical Services.*

(*i*). *Medical Staff.*

The Medical Officer stated that the work of the medical staff has increased during the past year by reason of the examination and treatment of Secondary School children, immunisation against diphtheria, additional special examinations both mental and physical and an increasing number of general anæsthetic, ante-natal and maternity and child welfare sessions.

Provision was made in last year's estimates for an additional assistant medical officer but in view of the low incidence and the general mildness of infectious diseases during 1935, it was possible to arrange for the Resident Medical Officer at the Isolation Hospital to be engaged on more health sessions than was anticipated and the remaining work was overtaken by engaging part time medical assistance for three sessions per week and increasing the number of sessions of the Anæsthetist.

These arrangements, however, have made it difficult to carry out certain important work mainly affecting School Medical Services and it was pointed out that the number of routine medical examinations which will have to be undertaken during the present year will necessitate, under present staffing arrangements, increasing the number of sessions of the part time medical officer.

It will also be remembered that the routine diphtheria swabs from the Hospital and the department generally have for some time been examined at the Hospital and last year 1,400 such examinations were made effecting a saving of approximately £150.

The appointment of an additional assistant medical officer would reduce the sessions of the part time medical officers by approximately five weekly, with a consequent saving of £10 10s. 0d. per week. A revenue also accrues to the Council in connection with the conduct of medical and dental inspection and treatment of Secondary School children.

(*ii*). *Dental Staff.*

At present there are two full time officers and one part time, the latter working on a sessional basis. The dental service continues to increase and it had been necessary to add to the sessions of the part time dentist. The Medical Officer suggested that the appointment of an additional full time officer should be considered at the expiration of six months, when further information as to acceptances for treatment would be available and it would be possible to judge the volume of work entailed by the examination and treatment of Secondary School pupils.

(*iii*). *Health Visiting Staff.*

The Medical Officer referred to the increasing demands on the time of the Health Visitors and School Nurses by reason of the continued development of the district.

It has been necessary for home visitations, an important feature of the work of a health visitor, to be greatly curtailed owing to the fact that the visitors have had an additional number of sessions to attend at the various centres, particularly dental, where they assist the dental officers for approximately twenty-nine half day sessions per week. The Board of Education had expressed the view that the work of an assistant to the school dentist, which involves no clinical duties, could be undertaken without any loss of efficiency by girls who have not received the special hospital training of a health visitor and who would be paid at a much lower salary.

In order, therefore, to release the Health Visitors for other work, particularly home visitations, the appointment of two dental attendants would appear to be desirable.

(**D**). *Administrative and Clerical Staff.*

In view of increasing duties in this section, the Medical Officer recommended the appointment of an additional shorthand typist.

★4.—PUBLIC LIGHTING:

★ (A). **Improved Lighting Scheme.**

The Borough Surveyor reported on his negotiations with the Statutory Undertakers having powers of supplying gas or electricity within the Borough in order to give effect to the Council's instructions regarding the improved lighting of the classified roads throughout the Borough.

The terms upon which the lighting Companies were asked to base their tenders are as follows:—

(1) The period of the contract to be for ten years.

(2) The standard of lighting to be a mean test point illumination of .07 foot candles. Each road to have a weekly test taken in accordance with the British Standard Specification, and the results of such tests to be forwarded to the Borough Surveyor. There shall not be a variation of more than 20 per cent. in any road in respect of any test.

(3) The mounting height to be not less than twenty feet above the surface of the roadway and each column to be provided with a seven foot arm overhanging the carriageway.

(4) The fittings to be so arranged that in the event of the Corporation deciding to adopt a higher standard of lighting during the period of the contract, only minor alterations to the fittings will be involved, together with the additional cost of the gas or electric light consumed.

The Gas Light & Coke Company have agreed to enter into a new contract for the lighting of the following roads based on a cost of £10 16s. 0d. per lamp per annum, including all capital costs, maintenance and the supply of gas :—

	Length in Miles.
Hendon Way (to North Circular Road)	1.51
Cricklewood Lane	.90
North Circular Road	1.70
Edgware Road	2.88
Finchley Road	1.99
North End Road	.57
	9.55

The North Metropolitan Electric Power Supply Company have submitted an offer covering the following roads, based on a cost of £12 19s. 0d. per lamp per annum :—

	Length in Miles.
Watford Way (to Spur Road)	1.00
Spur Road	.24
Station Road and Hale Lane, Edgware	.89
	2.13

In the case of the North Metropolitan Electric Power Supply Company's offer, the Company are unable to agree to a 20 per cent. variation condition and they stipulate a minimum variation of 50 per cent.

An estimate has also been obtained from the North Middlesex Gas Company in respect of the following roads, but in this case the Committee consider further negotiations are desirable :—

	Length in Miles.
Hendon Way	.76
Watford Way	3.80
Great North Way	1.32
Barnet Way (to the Golf Club House)	.56
The Broadway and Hale Lane, Mill Hill	1.08
Queen's Road, Hendon	.35
	7.87

A summary of the proposals of the two first-mentioned Companies and the estimated annual cost is as follows :—

	Company's Annual Cost. £	Estimated Annual Cost. £
The Gas Light & Coke Company ...	3,765	3,614
The North Metropolitan Electric Power Supply Company ...	1,049	518
	£4,814	£4,132

The increase over the estimated cost is due to :—

(i) The absorption of all capital costs in the annual charge, and

(ii) Compliance with the requirements laid down in the Interim Report of the Departmental Committee on Street Lighting in respect of mounting height, overhang, and standard of lighting.

The new proposals contemplate the cancellation of the existing agreements with the Gas Light & Coke Company and the North Metropolitan Electric Power Supply Company in so far as they relate to the classified roads included in the estimates submitted by these Companies, leaving the District Roads to be dealt with under the existing agreements.

After full consideration, the Committee

RESOLVED TO RECOMMEND—

(*a*) **That the proposals submitted by the Gas Light & Coke Company and the North Metropolitan Electric Power Supply Company as indicated above be approved;**

(*b*) **That new agreements in a form to be approved by the Town Clerk be entered into incorporating such terms and the Corporate Seal affixed thereto in due course;**

★5.—TRAFFIC CONTROL :

(**A**). **Pedestrian Crossings.**

★ (i). **Golders Green Road.**

CONSIDERED : Report of the Borough Surveyor on a letter from the Ministry of Transport stating that the Ministry has decided it is undesirable to place a permanent refuge on the site of the temporary refuge in Golders Green Road, opposite the " Prince Albert " Public House, but that it might be substituted by a pedestrian crossing if the Council is prepared to submit a scheme of pedestrian crossings for the whole length of Golders Green Road.

RESOLVED TO RECOMMEND—**That the Ministry of Transport be informed that the Council are of opinion that a pedestrian crossing should be laid in Golders Green Road, at its junction with Princes Park Avenue, and that a crossing at this point be incorporated in the scheme for dealing with the whole length of the road to be prepared by the Borough Surveyor.**

(*ii*). *Hampstead Way.*

The Borough Surveyor reported on a letter from the Ministry of Transport regarding complaints received by the Ministry as to the excessive speed of vehicles along Hampstead Way and enquiring whether the Council consider the provision of additional pedestrian crossings desirable on this road.

The Committee have deferred consideration of the matter pending the submission by the Borough Surveyor of a scheme for dealing with the whole length of the road.

★ (iii). **Watford Way.**

The Committee's attention was called to the absence of pedestrian crossings on Watford Way, between The Burroughs and the Great North Way, and to the desirability of such crossings being provided.

In this connection it was reported that the Ministry of Transport was not prepared to approve pedestrian crossings along this section of the arterial road, but that the London and Home Counties Traffic Advisory Committee had recommended that at the junction of Watford Way with the Great North Way, near Page Street, a pedestrian operated signal should be provided.

The Middlesex County Council is the highway authority for the arterial roads and in these circumstances, the Committee

RESOLVED TO RECOMMEND—**That the attention of the Middlesex County Council be drawn to the recommendation of the London and Home Counties Traffic Advisory Committee.**

★ (B). **Junction of Bridge Lane and North Circular Road.**

The Committee's attention was called to the frequency with which accidents occur at the above junction and to the desirability of appropriate traffic signs being erected.

RESOLVED TO RECOMMEND—**That the attention of the Middlesex County Council be drawn to the matter and that they be informed that numerous accidents have occurred at the junction in question.**

★ (C). **Junction of Edgware Road and Colindeep Lane.**

On the 27th January last (Hi.C., 6/1/36—4 (A)) the Council decided to take no further action on the suggestion of the Ministry of Transport for the alteration of the lay-out at the junction of Edgware Road and Colindeep Lane to form a " T " junction, the cost of which the Borough Surveyor estimated at £1,275.

The Ministry of Transport have taken the matter up with the Middlesex County Council who have asked this Council to give further consideration to the matter. No new points have been put forward in favour of the suggested alteration in the lay-out beyond the fact that it is difficult to negotiate the right-hand turn from Colindeep Lane into the Edgware Road, and after full consideration, the Committee

RESOLVED TO RECOMMEND—**That the Council adheres to its previous decision.**

Curton, Limited, be asked to deposit with the Council the sum of £50 to cover the cost of making good the section of the footpath near Purcells Avenue on which their storesheds, etc., are erected.

★8.—**CECIL ROAD, COLINDALE**:

SUBMITTED: Report of the Borough Surveyor on a letter from the Colindale and District Ratepayers' Association regarding their suggestion for the continuation of Cecil Road into Colindeep Lane.

This matter was considered by the Council on the 10th December, 1934 (Hi.C., 19/11/34—10) and the Association informed that when the proposal was included in the original Town Planning Scheme it was withdrawn owing to the opposition put forward by the owners, but that provision had been made in the Town Planning Scheme for a footpath to Colindeep Lane, and that the necessary land will be acquired when the Scheme has been approved.

The matter was further considered on the 25th February, 1935 (Hi.C., 4/2/35—15) when the Council affirmed their previous decision.

The Association state that the island between the Centre and No. 170, Orange Hill Road is used as a playground to some extent, and they ask the Council (*a*) to remove some of the trees and erect a spiked fence around the island; (*b*) to erect a barrier rail alongside the curb opposite the gate leading from the Centre to prevent children running from the Centre directly into the road; and (*c*) to improve the lighting of the junction.

It will be remembered that the Council have already approved a scheme for controlling this junction with traffic light signals, and the scheme is at present under consideration by the Ministry of Transport.

RESOLVED TO RECOMMEND—**That the Council agree to the erection of a barrier rail alongside the curb of the footway opposite the gate leading from the Watling Centre, and that the Association be informed of the negotiations now proceeding for controlling the junction by Traffic Light Signals.**

In the letter to the County Council the Federation state that the merging of two busy roads into one single road involving, they understand, an expenditure of £20,000 is not acceptable compared with the more simple plan of installing traffic lights at a cost of £1,050 and they ask that the matter should be re-considered. **Noted.**

★ (A). Remodelling and Filtration Plant.

With regard to the proposal of the Council to defer the commencement of these works until the middle of September, the Borough Surveyor submitted letters from the respective Contractors, viz.:—E. S. Moss, Ltd., and The Candy Filter Company, Limited.

Moss, Ltd., intimate that they would have to consider the matter further, but in any case they could only agree to the proposal on the understanding that the contract would be adjusted to cover any advance in the price of materials or transport subsequent to the date of tendering, and also any advance in wages.

The Candy Filter Co., Ltd., state that provided the contract is signed in the near future they would be prepared to defer proceeding with the work without any alteration in their price. They referred, however, to the necessity for the reservation of certain materials and the possibility of an advance in prices on others which it was impossible to order in advance and enquired whether the Council would grant more favourable terms of payment.

From the information given, the Committee are satisfied that the terms of payment proposed in the general conditions are very satisfactory.

RESOLVED TO RECOMMEND—

(1) **That E. S. Moss, Ltd., be informed that if they are not prepared to agree to a postponement of the contract until the middle of September without any addition to the price contained in their tender, the Council regret they will have no alternative but to re-advertise the work.**

(2) **That the Candy Filter Co., Ltd., be informed that on receipt of the loan sanction from the Ministry of Health arrangements will be made to enter into the necessary contract, but that the Council cannot see their way to revise the terms of payment.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

★ **(B).**

Quantity Surveyor.

SUBMITTED: Borough Surveyor's report with account from Mr. E. E. Richardson amounting to the sum of £243 13s. 0d.

★10.—SWIMMING BATH, MILL HILL:

SUBMITTED: Report of the Borough Surveyor that enquiries had been made of a number of local authorities and in one case only were special sessions reserved for females.

This question arose at the last meeting of the Committee (Item No. 6) on a request from the Hendon Federation of Townswomen's Guilds for the allocation of a session at the Mill Hill Bath for ladies only. The Committee feel that the proposal would interfere with the present satisfactory arrangements at the Bath and in addition would entail alterations in staffing.

RESOLVED TO RECOMMEND—**That the Hendon Federation of Townswomen's Guilds be informed that the Council cannot see their way to accede to the request.**

★11.—MILL HILL DEPOT:

SUBMITTED: Report of the Borough Surveyor with plans and estimates for the lay-out of the site at Bunns Lane, Mill Hill (1.6 acres in extent).

The lay-out provides for offices and stores, roads and storage bays, weighbridge and two dwelling houses, the latter for occupation by the foreman and yardman. Provision has also been made for any future additions that may be necessary.

The estimated cost of the scheme is as follows:—

	£
Buildings, including dwelling houses	3,870
Weighbridge	500
Road works and storage bays	1,638
Soil and surface water drainage	441
	6,449
Add 10 per cent. contingencies	644
	7,093
Clerk of Works	150
Cost of raising loan, printing and stationery	57
	£7,300

Having regard to the rapid development of the northern part of the district in recent years, the need for a properly equipped depôt to serve this area is apparent.

The Committee have, therefore,

RESOLVED TO RECOMMEND—

(1) **That the plans and estimates be approved.**

(2) **That the Finance and General Purposes Committee be requested to make the necessary financial provision.**

13.—SEWAGE DISPOSAL WORKS:

SUBMITTED: Report of the Borough Surveyor that the final connection between the Council's main sewers and the new trunk sewer of the Middlesex County Council was completed at 3 p.m. on the previous day. The whole of the sewage from the district is therefore now proceeding to the County Council's works at Heston and Isleworth.

The Borough Surveyor stated that the men at the outfall works were now occupied on final operations which would entail at least a month's work. The Middlesex County Council, who have given authority for these works to proceed will be responsible for the men's wages until such time as the question of transfer to the County Council or otherwise has been settled.

The question of the utilisation of the sewage works land was referred to by the Borough Surveyor and he suggested that the matter might be referred to the Special (Development) Committee.

The Works Committee have previously deferred consideration of a preliminary scheme and plan, and they have now given instructions for a copy of the plan to be made available for their consideration and also that of the Special (Development) Committee.

(Included in the report of the Borough Surveyor was a reference to the death the previous week of Mr. John Choate at the age of 94 who was appointed foreman of the Outfall Works when they were opened approximately 50 years ago and had remained in the service of the Council until he was superannuated.)

★14.—DRAINAGE CONNECTION, THE BUNGALOW, MARSH LANE, MILL HILL:

The Borough Surveyor reported that the above property is without proper and sufficient drainage facilities and he suggested that a notice under Section 23 of the Public Health Act, 1875, should be served on the owners requiring the provision of the necessary facilities.

RESOLVED TO RECOMMEND—**That the suggestion of the Borough Surveyor be approved.**

The Sub-Committee

RECOMMEND—**That the Chief Librarian be authorised to purchase the books included in the list submitted.**

The Chief Librarian reported the following successes of members of the Library Staff in the recent examinations of the Library Association:—

Mather & Smith, Ltd., Ashford, Kent ... ...

The Edgware Literary Society have already been informed that the Council's proposals for the erection of a Branch Library on a site at Hartley Avenue, Mill Hill, are at present under consideration by the Minister of Health and the Committee have nothing further to add to this information at the present time.

RESOLVED TO RECOMMEND—**That the Edgware Literary Society be so informed.**

★7.—UNIVERSITY EXTENSION LECTURES:

It will be remembered that on the 9th December last (Li.C., 25/11/35—13), the Council, on the suggestion of the University Extension Registrar, approved of an application being made to the Middlesex Education Committee for a grant of £20 towards the University Extension work in order to ensure the continuance of the Centre at the Central Library which showed a deficit of £17 5s. 9d. for the two Terminal Courses last Session after making allowance for the Middlesex Education Committee's grant of £35.

A letter has now been received from the Secretary of the Middlesex Education Committee stating that the Technical Education Sub-Committee are unable to recommend the making of any further grant in aid of University Extension work in Hendon beyond the standard grant of £35 per class.

The Committee feel that the University Extension work in the Borough, which is in the interests of adult education, merits support, but the Council as a Library Authority have no power to incur expenditure on lectures. It is understood, however, that the Hendon Education Committee have power to incur expenditure up to a certain figure on higher education, and in these circumstances, the Committee

3.—RAILWAY ASSESSMENTS:

Edmonton Urban District Council.

SUBMITTED: Letter from the Clerk to the Edmonton Urban District Council regarding the appeal to the House of Lords against the reduced assessment arrived at for the Southern Railway by the Railway Canal Commission. In view of the fact that such appeal was dismissed, it is anticipated that the valuation of the London & North-Eastern Railway on a similar basis will most probably result in a nil assessment, and that there will be considerable amendments to the assessments of the London Midland & Scottish and Great Western Railways.

All Rating Areas in England and Wales through which the above railways run will be affected by this decision, which will necessitate a large refund of rates paid on Railway Undertakings since 1931, and as it appears that the position can only be altered by fresh legislation the Edmonton Urban District Council take a very serious view of the matter and in connection therewith have passed the following resolution in respect of which they ask other Rating Authorities, likely to be affected, to support:—

"That the matter be referred to the Executive Committee of the Urban District Councils' Association with a view to fresh legislation on the matter being promoted; further, that the representatives of the district on the County Council be asked to take any possible action, and other Authorities be approached to support the action of this Council."

A letter from the Association of Municipal Corporations was also submitted intimating that this matter was under consideration by the Association jointly with the County Councils' Association and the London County Council, and that a further communication thereon would be forwarded at an early date.

RESOLVED—**That the Edmonton Urban District Council be informed that this Authority are fully cognizant of the position, but that in view of consideration of the matter by the Association of Municipal Corporations, they do not propose to take any action at the present time.**

★18.—POLLING DISTRICTS—GOLDERS GREEN WARD:

The Committee's report to the Council (F. & G.P.C., 17/2/36 — 18) on the 27th February, recommending the constitution of the proposed new Cricklewood Polling District was referred back for further consideration in the light of representations submitted during the course of debate as to the desirability of certain adjustments of the boundary between the Highfield and Wessex Polling Districts in the same Ward.

When constituting a new Polling District it is desirable to show the position of the Ward concerned as a whole, and for this reason this report not only deals with the reference from the Council of the 27th February, but incorporates the previous proposal for the constitution of the new Cricklewood Polling District, and also shows the position of the other Polling Districts in the Golders Green Ward.

(*i*). *Cricklewood Polling District.*

Representations have been made as to the inconvenience experienced by Electors living at Cricklewood, south-west of the London Midland & Scottish Railway in recording their votes at Elections. This area at present forms part of the Golders Green (Clitterhouse) Polling District and in order to attend the Polling Station at the Clitterhouse Council School it is necessary for the Electors living in the area mentioned to traverse Cricklewood Broadway, Cricklewood Lane and Claremont Road, an approximate distance of 1 1/6th miles. The following statement shows the roads concerned:—

	Electors 1935 Register.	
	Parliamentary.	Local Government.
Burlington Parade	26	23
Campion Terrace	39	26
Cricklewood Broadway	51	42
Edgware Road	12	6
Gratton Terrace	153	98
Johnstone Terrace	109	73
Midland Terrace	116	79
Needham Terrace	97	67
	603	414

It is suggested that the area south-west of the London Midland & Scottish Railway should be constituted a separate Polling District.

(*ii*). *Highfield—Wessex Polling Districts Adjustments.*

The proposal for the adjustment of the boundary between these Districts mainly consists of the transfer of the area south of the London Electric Railway—extending from the North Circular Road to Woodstock Avenue—from the Highfield Polling District to the Wessex Polling District. The present boundary of this section is along the centre of Hendon Way and then in a north-easterly direction along the backs of the houses in Wessex Gardens to the Railway.

The proposal provides a Polling Place at Wessex Gardens Council School, which is nearer than that at present used at St. Michael's Hall, Golders Green Road, and gives a more even distribution of Electors between the two Districts. It is understood from the Representatives of the Ward that the alteration would be welcomed by the Electors and it is accordingly suggested that the proposal might receive approval. Though the alteration will necessitate the splitting of six roads, at present wholly situated in the Highfield Polling District, it will ensure a well defined boundary (the Railway).

The following roads and Electorate are involved :—

Road.	Electors 1935 Register. Parliamentary.	Local Government.
Highfield Avenue (part of) ...	90	68
Woodville Road (part of) ...	60	38
Elmcroft Crescent (part of) ...	93	56

Sandringham Road	142	95
From **Highfield** to **Wessex** ...	1064	704
Woodstock Road	91	45
From **Wessex** to **Highfield** ...	91	45

In the event of the above proposals (i) and (ii) being approved the distribution of the Electors in the Golders Green Ward would be as follows :—

RESOLVED TO RECOMMEND—

★19.—HOUSING ACCOUNTS:

As contemplated by the Committee's report of the 17th February last (Item 14), consideration has now been given to a report from the Borough Treasurer reviewing the housing accounts, including the question of rents.

A summary of the Housing Revenue Account on the basis of present rents, subsidies and loan charges shows a surplus balance of £1,228, and this sum has been considered in relation to the Regulations under the Housing Act, 1935, which provides:—

1. One-seventh of certain subsidies are to be reserved for the purposes of an Equalisation Fund.

2. The Council has a free hand in the determination of the proper rents to be charged.

3. The Council is required to provide such sums as they deem proper for repairs, subject to a minimum of 15 per cent.

As to an Equalisation Fund.—The amount to be set aside would be £218 per annum, but this may be dispensed with, and it is thought that the circumstances under which the Hendon Loans have been raised are such that the Minister will probably agree to the contribution being waived.

With regard to 2 above—Rents.—The Committee are of opinion that the following rents should be reduced in order to provide a reasonable equalisation of rents in the Housing Estates:—

		Total per week £ s. d.
2 at Child's Hill	by 6d. weekly	1 0
60 at Brent Hill	by 3d. weekly	15 0
2 at Brent Hill	by 1/3d. weekly	2 6
6 at Brent Hill	by 9d. weekly	4 6
52 at Bittacy Hill	by 6d. weekly	1 6 0
8 at Kingsbury Road	by 9d. weekly	6 0
8 at The Hyde	by 1/6d. weekly	12 0
8 at Clitterhouse	by 2/3d. weekly	18 0
146		£4 5 0

The Committee have also considered the question of rents in relation to an additional 917 houses and are of opinion that the further reductions shown in the Borough Treasurer's report might reasonably be allowed.

The Housing Repairs Account for 3 years to 1934/35 shows a deficit of £2,385. The total outlay of £31,473 since 1932 includes £3,600 in respect of extraordinary expenditure. The District Auditor has agreed that £1,325 of this extraordinary expenditure may be charged to Capital Account, and a special case has also been put forward for an allowance of £345 in respect of underpinning. Subject to these adjustments it follows that the deficit over 3 years to 31st March, 1935, is £5,012 in addition to the expenditure of the commencing balance.

The Committee understand that the Housing Committee are giving the question of repairs their careful consideration and have called for special reports thereon, but in order to provide for future calls on the repairs fund it is suggested that the amount to be set aside be increased to 20 per cent.

The charges against the Rents Account outlined above are as follows :—

	Per annum. £
Reductions of rent in respect of 146 houses	221
Reductions of rent in respect of 917 houses	554
(344 at 2d. per week). (425 at 3d. per week). (148 at 4d. per week).	
(The reductions to take effect on the 6th April, 1936).	775
Repairs Fund (increased to 20 per cent.)	916
Supervision and contingencies—5 per cent.	313
	£2004

The Committee RESOLVED TO RECOMMEND—

(1) **That the above proposals be approved.**

(2) **That the Reets Farm provisional rents be confirmed as from the dates of lettings.**

(3) **That all Subsidies be pooled on final ascertainment and considered as applicable to the Housing Schemes as a whole.**

(4) **That the Child's Hill (Pre-War) Houses be brought into the aggregate Housing Account as from 1st April, 1935, and that application be made to the Minister of Health accordingly.**

(5) **That application be made to the Minister of Health for any other necessary consents to give effect to these proposals including his consent to the exemption from any contributions to the Housing Equalisation Fund as from 1st April, 1935.**

MEMORANDA.

1 **Sanitation and Prevention of Diseases.—**

The nett reduction is mainly due to expenses of Special Inspections and Survey under the Housing Act, 1935, having dropped by £273. Normal expenses continue to show an upward tendency.

2 **Diseases of Animals Act.**—No observations.

3 **Burroughs House.—**

This item now disappears from the Estimates.

4 **Mortuary.—**

The increase maintenance expense is mainly due to the enlargement and modernisation of the premises.

5 **Mortuary—Special Provision.—**

The cost of modernisation and enlargement falls in 1935/36 and the provision disappears from the Estimates.

6 **Isolation Hospital.—**

The decreased rate charge arises principally from anticipated increases in income for maintenance of patients who reside outside the Borough. Attention is drawn to the fall in numbers of patients treated in the Hospital, as shown by the following comparative table of "Patient-Days":—

	Year 1933/34.	Year 1934/35.	Year 1935/36.

Nett Cost per Patient per day (excluding Loan Charges) ...	9/9	8/7	16/7	

7 **Maternity and Child Welfare.—**

Increased rate charge due to general expansion of the service, including additional staff. Certain proposals as to staff have been submitted to the Committee, and stand referred to a special Sub-Committee. Provision is also made for equipping the proposed Centre at Mill Hill.

MEMORANDA.

1 **Public Depôts.**—No observations.

2 **Council's Cottages.**—No observations.

3 **Clitterhouse Farm.**—

Increased provision for conversion of buildings, not carried out in 1935/36.

4 **Sewers.**—

Increase mainly due to provision for purchase and upkeep of Sewer Flushing Vehicle and Lorry

5 **Emptying Cesspools.**—No observations.

6, 8 & 9 **Pumping Stations and Sewage Outfall Works.**—

See Finance and General Purposes Committee Estimates.

7 **Low Level Pumping Station (Stand-by Expenses).**—

Contingent provision for stand-by expenses (say 3 months).

10 **Provision of Rain Gauges.**—

Work not carried out in 1935/36.

11 **House Refuse Removal.**—

The general expansion of work accounts for the increased rate charge.

12 **Refuse Destructor Works.**—

The outlay provision is reduced by nearly £1000, as the cost of New Messrooms, etc., does not arise as in 1935/36. The income shows a reduction mainly on account of the discontinuance of the supply of electricity to the Pumping Stations and Outfall Works. The nett effect is a reduced rate charge of £413.

13 **Haymaking and Grass Cutting.**—No observations.

14 **Open Air Bath (West Hendon).**—No observations.

15 **Open Air Bath (Mill Hill).**—

Decreased rate charge due to anticipated increase in income from bathers' fees. Loan Charges are greater however (see Finance and General Purposes Committee).

16 **Slipper Baths (West Hendon).**—

Decreased rate charge due to non-recurring items dropping out. Anticipated increase in fees for use of baths.

17 **Slipper Baths (Child's Hill).**—

The nett increase covers repairs to building, after taking into account anticipated increase in fees.

18 **Public Conveniences.**—

Increase mainly due for repairs to buildings, made up of:—

	£
Wages	184
Materials	60
Other Items	28
	£272

19 **Fire Brigade.**—

The increased rate charge is due principally to cessation of income for fire services formerly rendered by the Hendon Brigade to Wembley Urban District Council.

20 **Motor Vehicles (Fire Brigade).**—

Full upkeep costs of the new Utility Van are provided in 1936/37, as against part only in 1935/36.

Details of Rates Levied to 31st March, 1937.

Purposes for which the General Rate for Twelve Months to 31st March, 1937, was made; estimated sum required for each purpose; and approximate pence in the £ now levied.

The following statement shows how the rate demanded is made up. It sets out the rate in the pound which would be required to meet the nett expenses of each of the principal services, after allowing for specific Government Grants towards the expenses of the services marked * but without allocation to particular services, of the Government Grants under the Local Government Act, 1929.

The Government Grants under the Act of 1929, being in aid of local government expenses generally, cannot be allocated to any particular service. They reduce, by the amount shown, the total rate in the pound which would otherwise be demanded.

Services administered by the Council of the Borough of Hendon.

HENDON PLANNING SCHEME NO. 1:

The Town Clerk reported that a communication had been received from the Ministry of Health intimating proposals for further slight modifications to the Hendon Planning Scheme No. 1, which included certain minor amendments to Clauses which were not detrimental to the Council's interests, and that as a result of further representations to the Minister he had suggested:—

1. That the widening of Frith Lane should provide for sufficient width to permit the preservation of the maximum number of trees.
2. That the area of Golders Green Road, adjoining Woodlands, recently permitted to be developed with flats should be re-zoned residential.
3. That the Council should give an undertaking that when development of the Edgwarebury Estate proceeds consent will be given to the cutting down of any scheduled trees which would prevent development in accordance with the zoning proposals of the Scheme.

The Ministry further suggested that certain land at Holders Hill Road, between Frith Lane and the London & North Eastern Railway, should be placed in the general zone. In this case, however, the Town Clerk reported that the Borough Surveyor was of opinion that an endeavour should be made to retain the primary residential zoning, leaving the development to be controlled under the secondary zoning powers contained in the Scheme.

The Ministry requested an early reply to the proposals, and in order to facilitate the effort to bring the Scheme into operation on the 1st April it was suggested that the Council should approve the modifications with the exception outlined relative to the zoning of the land at Holders Hill Road, between Frith Lane and the London & North Eastern Railway.

Moved by Alderman Copestake, seconded by Alderman Egan, and

182.—RESOLVED—**That the report of the Town Clerk be approved and adopted.**

EASTER RECESS:

183.—RESOLVED—**That His Worship the Mayor, or in his absence, the Deputy Mayor, be vested with power to deal with any urgent matters which may arise out of meetings of Committees on the 30th March and 6th April, or otherwise, during the Easter Vacation, i.e., 7th to the 20th April.**

CORONATION OF H.M. KING EDWARD VIII.:

Celebrations.

His Worship the Mayor reported as follows:—

In view of the desire recently expressed by Her Majesty Queen Mary that all those not connected with the Court should go out of mourning for his late Majesty King George V. at the end of April, and also in view of the fact that various local organisations have indicated that the time at their disposal for the Jubilee Celebrations was rather too short, the time has, I think, arrived when we should give preliminary consideration to events relative to the Coronation of H.M. King Edward VIII.

This, it is anticipated, will take place in May of next year, and though by that time I shall have laid down the reins of office much work will be necessary during the present year if adequate celebrations are to be arranged and opportunity given for co-operation with the numerous institutions in the Borough.

I have given this matter considerable thought but you will readily appreciate that it is not desirable at present to indicate a programme, even in outline. That should, in my view, be formulated by a representative committee of this Council, after considering suggestions from the various outside interests.

With that end in view I have placed an item on the agenda to-night and would suggest that a special committee be formed—consisting of one member from each Ward with the addition of three Aldermen—to explore the position, and in due course to formulate a programme for submission to the Council.

Moved by Councillor Johnson, seconded by Councillor Rice, and

185.—RESOLVED—**That in connection with the Coronation of H.M. King Edward VIII. a Special Committee be formed consisting of one Member from each Ward with the addition of three Aldermen, to take all preliminary steps necessary for the formulation and submission to the Council of a suitable Programme of Celebrations.**

Constitution of Special Committee.

On the motion of Councillor Perkins, seconded by Councillor Curton, it was

186.—RESOLVED—**That the Ward Representatives on the Special Committee be selected by the Councillors for the respective Wards, and the three Aldermen Representatives selected by the Aldermen, and that the names of the Members so appointed be notified to the Mayor prior to the next ordinary meeting of the Council.**

1.—EDGWARE COUNCIL SCHOOL:

(*a*) SUBMITTED: Surveyor's report, plans and estimates of cost for the re-organisation of this school. The Surveyor's scheme provides as follows:—

SENIOR SCHOOL:

As at present constituted this school accommodates 240 scholars only, and increased accommodation is required to bring the number of places up to a total of 440. This school is intended to make the necessary provision for all children over 11 years of age in Edgware, Deansbrook and the area north of the Watford Bye-Pass Road.

JUNIOR AND INFANTS' SCHOOL:

The present accommodation of this building is 370. Accommodation is required for a total of 450.

Proposals as regards the Senior Department:

In order to bring the accommodation up to the total required, the following additional rooms are necessary:—

Science Room.
Arts and Crafts Room.
4 new Classrooms.
Medical Inspection Room.
Waiting Room, etc.
Staff lavatory accommodation.
Additional cloakroom and lavatory accommodation for boys and girls.
Wood and Metal Stores.

In addition, a gymnasium with changing rooms, etc., has been incorporated in the scheme.

The additional accommodation has been planned as an extension to the existing building, and in such a manner that there would be no interference with the normal work of the school during building operations. The extensions would be of permanent construction, designed to harmonise with the existing building.

Proposals in respect of the Junior and Infants' Department:

The existing building, the greater portion of which was erected in 1895, is obsolete in design and heated by open fires. The majority of the classrooms have a northerly aspect. There is no cross ventilation, and the classrooms have not sufficient floor space to accommodate fifty children.

The possibility has been considered of remodelling the existing building to accommodate 450 scholars, but, in the Surveyor's opinion, any such remodelling, when complete, would leave the Committee with an unsatisfactory school and the heavy expense involved would not be justified.

A scheme has, therefore, been prepared for the demolition of the existing building and the erection of an entirely new school. Having regard to the limitations of the site and the desirability of reserving as much as possible of the land for recreational purposes, the proposed building would be of permanent construction on two floors erected at the west end of the site. By this means the maximum area of land is left in the centre of the site for the purpose of games.

The proposed school would have the following accommodation:—

Assembly Hall.
7 Classrooms.
1 Special Classroom for practical activities.
1 Babies' Room, with cloakroom and lavatory.
Staffrooms for Head Teacher, Female Staff and Male Staff, with the necessary lavatory accommodation and kitchen.
Boys' and Girls' Cloakrooms and Lavatories.
Caretaker's Stores, etc.

The estimated cost of carrying out the above proposals is as follows:—

Senior School.—

	£
Re-construction and enlargement of school	9,725
Provision of Gymnasium, changing rooms, etc.	4,000
Clerk of Works Salary, Quantity Surveyor's Fees, etc. ...	650
Legal Expenses, etc.	175
	£14,550

Junior and Infants' School.—

	£
Construction of new school, including heating plant	15,500
Clerk of Works Salary, Quantity Surveyor's Fees, etc. ...	700
Legal Expenses, etc.	200
	£16,400

It should be noted that the adoption of this scheme will make it necessary to use the land fronting the Edgware Road for educational purposes instead of for some other purpose as was originally intended. It is suggested, however, that the provision of adequate playing space for the two schools justifies the use of this land for the school buildings.

RESOLVED TO RECOMMEND—

THAT the Works Sub-Committee approve the lay-out in principle as shown on the plans and that the whole scheme be referred to the Education Committee for consideration.

ADDENDUM:

The Education Committee considered the Borough Surveyor's scheme, together with a further report of the Director of Education. Alderman Egan pointed out that no expenditure would be incurred during the current financial year in connection with the proposed enlargement of the Senior School.

Discussion ensued.

Moved by Alderman Egan, duly seconded and RESOLVED—

THAT the Director of Education be instructed to submit the complete scheme as outlined above to the Board of Education for consideration, and report to the Works Sub-Committee thereon in due course.

[Having considered the matter in its financial bearing the Finance and General Purposes Committee concur in the proposal on the understanding that no expenditure would be incurred during the current financial year in connection with the proposed enlargement of the Senior School]

(*b*) FURTHER SUBMITTED: Communication from the Board of Education stating that the site shown on the plans appears to the Board to be *prima facie* suitable for the purpose of an enlargement of the above-named school. The proposed enlargement is, however, in the opinion of the Board, such as to amount to the provision of a new school, and will necessitate the issue of Notices in accordance with Section 18 (1) and (2) of the Education Act, 1921. The procedure prescribed by that Section should be completed before the Order for the Compulsory Purchase of the site in question is made.

It was reported that the necessary steps had now been taken for the issue of the Notices mentioned. **Noted and approved.**

2.—COLINDALE SCHOOL—PLAYING FIELD:

The Surveyor reported that an application had been received from Mrs. Clarke of 30, The Loning, for permission to cut a gate in her fence to give access to the school playing field.

RESOLVED TO RECOMMEND—

THAT a reply be forwarded to Mrs. Clarke stating that the Committee regret that they are unable to entertain her application.

3.—WESSEX GARDENS SCHOOL—RIGHT-OF-WAY:

An application was considered from Mr. W. C. Riant of 125, Woodstock Avenue, for permission to use the portion of the old right-of-way between the school playground and his garden. The Surveyor reported that this right-of-way is now of no use to the school and there did not appear to be any objection to Mr. Riant being granted the necessary licence, subject to a nominal rent of 1/- per annum and three months' notice to terminate; and also to the condition that nothing shall be erected on the right-of-way other than a garden shed or summer-house.

RESOLVED TO RECOMMEND—

THAT the application of Mr. W. C. Riant be approved subject to the conditions mentioned above and that the Town Clerk be instructed to issue the necessary licence.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee Recommend—That the matter be referred back to the Education Committee to consider the advisability of approaching the Ecclesiastical Commissioners for a release from the covenant to maintain the boundary wall in exchange for relinquishing the right of way.]

4.—REQUISITIONS:

Requisition Sheets Nos. 226/7, amounting to £318 10s. 4d., were submitted and **approved.**

ADDENDUM:

Alderman Cartwright raised the question of plans and estimates for the provision of a Junior and Infant School at Woodside Park. Alderman Egan replied that the Borough Surveyor had been instructed to prepare such plans and estimates and hoped to have these ready for consideration by the Works Sub-Committee at their next meeting. **Noted.**

Moved by Alderman Egan, seconded by Alderman Cartwright, and RESOLVED—

THAT the Report of the Works Sub-Committee be approved and adopted.

RESOLVED TO RECOMMEND—

THAT application be made to the Board of Education for approval to an estimated establishment of 415 teachers for the financial year 1936/37.

2.—APPOINTMENT OF ASSISTANT TEACHERS:

3.—MIDWIVES BILL:

SUBMITTED: Letter from the Association of Municipal Corporations with regard to the provisions of the above Bill, the main purpose of which is to improve the standard of domiciliary midwifery by establishing an adequate service of salaried midwives. Whilst the Association raise no objection to the chief principles it was thought desirable to call special attention to the question of the authority responsible for administration. The Bill provides (as at present) for the local supervising authority under the Midwives Act, 1902, viz.:— County Boroughs and in an administrative county, the County Council except in cases, which are not very numerous, where the Minister of Health has made an Order under Section 62 of the Local Government Act, 1929, directing the Council of a non-county borough to become the local supervising authority in place of the County Council. The Association express the view that the supervising authority should, in all cases of non-county boroughs (the Council of which is a welfare council and which employs a whole time Medical Officer of Health) be the Council of the Borough.

As it was anticipated that the second reading of the Bill would be taken in the week commencing on April 6th, the hope was expressed that it would be possible forthwith to ascertain the views of the appropriate Committee of the Council on the matter and if the Association's suggestion met with approval, the local Member of Parliament be informed accordingly.

RESOLVED—**Subject to the approval of His Worship the Mayor** (*which has since been obtained*), **that support be given to the views expressed by the Association of Municipal Corporations and a communication addressed to the local Member of Parliament seeking his co-operation.**

4.—HOSPITAL ACCOMMODATION FOR MATERNITY CASES:

PUBLIC HEALTH:

★6.—REPORT OF MEDICAL OFFICER OF HEALTH:

(A). *Statistical Information.*

SUBMITTED: Information for the four weeks ended on the 21st March, 1936, particulars of which appear in the statistical tables (Appendix to the report of the Finance and General Purposes Committee, page 3).

★ (B). **Milk and Dairies Order, 1926.**

SUBMITTED: Application from Messrs. William Jones & Sons of 19, Station Parade, Queensbury, to be registered as retail purveyors of milk within the Borough. It has been ascertained that the premises from which the milk will be purveyed are registered by the Wembley Urban District Council.

RESOLVED TO RECOMMEND—**That the application be approved and registration granted accordingly.**

★7.—HOUSING ACT, 1935—OVERCROWDING SURVEY:

SUBMITTED: Report of the Medical Officer of Health on the survey undertaken in pursuance of Section 1 of the Act which imposes a duty on the Council, before such dates as may be fixed, to cause an inspection of the district to be made with a view to ascertaining what dwelling houses therein are overcrowded, and to prepare and submit to the Minister of Health a report showing the result of the inspection and the number of new houses required in order to abate overcrowding, and, unless the Council are satisfied that the required number of new houses will be otherwise provided, to prepare and submit to the Minister proposals for the provision thereof.

For the purpose of carrying out the duties thus imposed the Minister has fixed the following dates:—

(1) for completion of inspection of the working class houses in the district—1st April, 1936.

(2) for submission of the report showing the result of the inspection and the estimated number of new houses required to abate overcrowding—1st June, 1936.

(3) for submission of proposals for the provision of new houses required to abate overcrowding—1st August, 1936.

The Act fixes the overcrowding standard which is to apply in all cases. Memoranda from the Ministry of Health, although not defining any particular form for the inspection, gives a general outline of the contemplated scheme, on which such inspection has been carried out in the Borough with the following result:—

	Dwelling Houses.		
	Visited for Enumeration.	Found Overcrowded.	Found Uncrowded.
Privately Owned	7859	154	7705
Local Authorities:—			
Hampstead (Westcroft)	266	1	265
Hendon	1150	84	1066
	9275	239	9036
London (Watling Estate—not visited, but extracted from L.C.C. returns)	4017	306	3711
	13292	545	12747

On the above figures, and after following the directions of the Ministry in order to ascertain an estimate of the accommodation required to abate the overcrowding, the following houses are stated by the Medical Officer to be required for this purpose:—

139—4-bedroomed houses.
151—5-bedroomed houses.
11—6-bedroomed houses.
1—8-bedroomed house.

302

If, and when, the houses of the sizes shown above have been provided, and the overcrowded families have been removed into them, the following would be available for re-letting:—

23 one-roomed houses.
27 two-roomed houses.
111 three-roomed houses.
141 four-roomed houses.

302

An important point which arises from the survey is the fact that 210 houses are required to abate the overcrowding on the London County Council's Watling Housing Estate and that Authority have already been furnished with the results of the survey of the Estate. It may be considered advisable to ask the London County Council what action, if any, it is proposed to take to abate the overcrowding, although it should be borne in mind that the ultimate responsibility for satisfying all housing needs in the Borough rests upon the Council.

Upon receipt of information from the London County Council and after the Housing Committee of this Council have considered what overcrowding can be abated on the Hendon Council Housing Estates by transfers and other means, the Committee will then be in a position to discharge the duties under (2) above, for which the Minister has fixed the 1st June. The satisfaction of (3) above (proposals for the provision of new houses) is a matter for the consideration of the Housing Committee of the Council and directions have been given for the Medical Officer's Report to be presented to that Committee at their next meeting. Copies of the Report will also be sent to all Members of the Council.

In the meantime, the Committee have

RESOLVED TO RECOMMEND—

(1) **That the London County Council be approached with a view to ascertaining what action they propose taking with regard to the overcrowding on the Watling Estate.**

(2) **That the necessary information as to the result of the inspection and an estimate of the number of new houses required to abate overcrowding be furnished to the Minister of Health in due course.**

(3) **That it be remitted to the Housing Committee to formulate proposals for the provision of new houses required to abate overcrowding.**

(The Committee desire to place on record their appreciation of the expeditious and efficient manner in which the housing survey has been carried out).

10th and 24th February, and 2nd March, 1936.

SUB-COMMITTEE :

Councillors : ***F. W. Gilpin** *(Chairman)*, ***L. Hirshfield.**

* *denotes Member present.*

TERMS OF REFERENCE (P.H. & M.S.C., 3/2/36—13 (C)).

Mortuary Supervision, etc.

" The Committee appointed Councillors F. W. Gilpin and L. Hirshfield in conjunction with the Medical Officer to consider and report on the above question."

REPORT.

The Sub-Committee has given due consideration to the question of the appointment of a whole-time mortuary keeper which would necessitate the provision of housing accommodation in close proximity to the mortuary. From statistics available it would appear that the number of bodies received at the mortuary does not justify the appointment of a whole-time attendant.

Consideration has also been given to the following regulations for the conduct of the mortuary prepared by the Town Clerk in conjunction with the Borough Surveyor and Medical Officer of Health :—

1. No person shall be permitted access to the Mortuary except the relatives of the deceased, the Undertaker, bearers of the body and others specially authorised in writing by the Borough Surveyor or the Coroner.

2. A body may be viewed by relatives or friends (except in cases where the death has occurred from an infectious disease) or for identification between the hours of 8 a.m. and 9 p.m. or at other times in exceptional circumstances.

3. The Town Hall Keeper shall have charge of the key and be generally responsible for keeping the Mortuary clean and for the contents thereof. He shall also be responsible for having the Mortuary kept under observation by an attendant at all times when any persons are therein.

4. Prior to a Post-mortem at least three hours' notice shall be given to the Mortuary Keeper who shall take steps to ensure that everything is in readiness at the appointed time. During the Post-mortem the Post-mortem room shall be locked off from the remainder of the building. The Medical Practitioner must make all necessary arrangements in connection with the Post-mortem and on its conclusion for the cleaning of all instruments and for seeing that the Post-mortem room is left in a satisfactory state. After the Post-mortem the Mortuary Keeper will take charge of the Post-mortem room and replace the body in the Mortuary.

5. None other than a qualified medical practitioner or his assistant duly authorised in writing, shall be permitted to use the Post-mortem room.

6. The responsibility for stripping all bodies and for the custody of all articles found thereon, shall rest with the Police or Coroner but the Mortuary Keeper may carry out such cleaning as is necessary.

7. Neither the Mortuary Keeper nor any male assistant shall, except in cases of emergency, be employed in connection with the laying out of female bodies. Such cases shall be dealt with by a female assistant.

The Sub-Committee RECOMMEND—

(1) **That the Town Hall Caretaker continue to act as Mortuary Keeper and that he be furnished by the Borough Surveyor with all necessary assistance.**

(2) **That the foregoing regulations be approved.**

In the meantime instructions were given for the suggested regulations to be submitted to H.M. Coroner for his observations. Dr. Cohen has approved the regulations and he further suggested that a supply of appropriate jars should be provided for material required for analysis, and also a small modern appliance for hot water.

The Chairman authorised the Borough Surveyor to provide these articles.

RESOLVED TO RECOMMEND—**That the report of the Sub-Committee be approved and adopted and that the Borough Surveyor be instructed to arrange for the employment of the proposed female assistant.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

(B). *Progress Report.*

★4.—TRAFFIC CONTROL:

★ (A).

Pedestrian Crossings, Hampstead Way.

Arising out of a letter from the Ministry of Transport enquiring whether, having regard to the complaints received by the Minister as to the excessive speed of vehicles along Hampstead Way, the Council consider the provision of additional pedestrian crossings desirable, the Borough Surveyor submitted a report suggesting that pedestrian crossings should be provided in Hampstead Way at the following points :—

(i) At the junction of Temple Fortune Hill—north side.
(ii) At the footpath crossing adjacent to No. 42, Hampstead Way—closely adjacent to Willifield Way and Hampstead Way junction.
(iii) At Meadway, on the north side.
(iv) At the junction with Wellgarth Road—north side.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal subject to the application to the Ministry of Transport also embodying an application for the appropriate grant.]

★ (B). **Hendon Way—Pedestrian Operated Signal.**

It will be recalled that the representations put forward by the Council some months ago for the provision of a refuge in Hendon Way, opposite the Cottage Hospital, were unsuccessful owing to the insufficient width of the road.

A letter has now been submitted from the County Engineer asking for the Council's observations on a suggestion put forward by the Ministry of Transport, which had been discussed with the Commissioner of Police, that for the protection of patients attending the Hendon Cottage Hospital, and also for visitors to the hospital, a pedestrian operated signal should be provided in Hendon Way in the vicinity of the hospital.

The Committee have given the matter careful consideration, and

RESOLVED TO RECOMMEND—**That the Council approve of the provision of a pedestrian operated signal in Hendon Way in the vicinity of the Cottage Hospital.**

Lichfield Road, Westcroft Estate.

(D). On the 27th January last (Hi.C., 6/1/36—5 (A)) the Council, on the application of the Hampstead Borough Council, decided that they would be prepared to take over the roads on the Westcroft Estate, subject to the barrier across Lichfield Road at the Hampstead boundary being removed, and to the making up of the roads being completed to the Council's satisfaction.

A letter has now been received from the Hampstead Borough Council stating that they have considered the question of the removal of the barrier between Westbere Road and Lichfield Road and they have also considered the question of the increased traffic which the road will be called upon to bear in the event of the barrier being removed and also the possible danger to users of the highway.

As the result of an interview representatives of the Hampstead Borough Council have had with the Ministry of Transport that authority have been advised that they may make an Order restricting the use of Westbere Road if they are satisfied that its use by heavy traffic would occasion substantial danger to persons using the through road.

They have, therefore, decided to submit to the Minister of Transport for confirmation an Order under Section 46 of the Road Traffic Act, 1930, as amended by Section 29 of The Road and Rail Traffic Act, 1933, prohibiting the driving of heavy or light locomotives, motor tractors or heavy motor cars as respectively defined by Section 2 of The Road Traffic Act, 1930, along Westbere Road from its junction with the Hampstead/Hendon boundary to its junction with Minster Road.

With a view to the restriction of heavy traffic upon the whole length of the through road from Minster Road to Cricklewood Lane the Hampstead Council invite this Council to make an Order in similar terms in respect of Lichfield Road.

The Committee have deferred consideration of the matter until the next meeting for a report to be submitted by the Borough Surveyor.

★6.—TROLLEY BUSES:

★ **(A). Turning Point for Trolley Buses in Finchley Road, near Golders Green Station.**

A letter was submitted from the Ministry of Transport enquiring whether the Council desire to make any representations on the proposals submitted by the London Passenger Transport Board for the approval of the Minister to a turning point for trolley vehicles in Finchley Road, near its junction with Golders Green Road.

The Borough Surveyor submitted a plan transmitted by the Board indicating the proposals.

For the purpose of turning the buses it is proposed to utilise the land owned by the Board in front of Golders Green Tube Station, adjacent to Finchley Road. This will involve two new crossings over the footway of Finchley Road between the railway bridge and the cross-roads.

The Borough Surveyor has pointed out that having regard to the large volume of pedestrian traffic along the length of footpath between the bridge and the cross-roads, special precautions will be necessary to avoid accidents to pedestrians.

The Committee have given the matter very careful consideration and are of opinion that in addition to the footpath across the island adjacent to Finchley Road a footpath should also be provided around the curve which will be formed by the proposed turning point. They accordingly

RESOLVED TO RECOMMEND—**That the Ministry of Transport be informed that the Council are prepared to approve the proposals shown on the plan submitted subject to a footpath being also provided around the curve which will be formed by the proposed turning point.**

The cost of the paving works has been included in the estimates submitted to the Middlesex County Council for the financial year 1936/37.

If this proposal is approved the Council will become liable when Devonshire Road is made up under Section 150 of the Public Health Act, 1875, for the road charges in respect of 170 feet of land estimated at £240.

The Committee are advised that the terms of the offer are reasonable and should be accepted on the understanding that the Council can give no undertaking as to the date on which the proposed improvement of the junction will be carried into effect.

RESOLVED TO RECOMMEND—**That the offer of Mill Hill Homesteads, Limited, to convey to the Council the land in question on the terms indicated be accepted, and authority given to the affixing of the Corporate Seal in due course to any necessary documents and payment of necessary costs in connection with the conveyance.**

In these circumstances the County Council enquire whether the Town Council will be prepared to take the necessary steps to apply for an Order of Quarter Sessions, formally stopping up the portion of Lawrence Street in question, the County Council to be responsible for payment of the costs of the application.

★2.—DEFESTATION OF COUNCIL HOUSES :

CONSIDERED : The following reference from the Council. (W. & F.B.C., 9/3/36—8) :—

That the attention of the Housing Committee be called to the powers under the Public Health Act, 1925, with regard to verminous houses and in view of the cost incurred by the Council owing to the increasing number of cases in connection with the Council Houses they be asked to consider the question of taking action in future under the statute mentioned.

The Committee, after careful consideration of the matter,

RESOLVED TO RECOMMEND—**That the existing precedure in connection with the defestation of Council Houses be continued.**

★3.—FLATS—CLITTERHOUSE ROAD AND GOLDSMITH AVENUE:

Re-decoration.

As a result of his inspection of the flats at Clitterhouse Road and Goldsmith Avenue the Borough Surveyor reported that the exterior of these flats would be greatly improved by the painting of the woodwork and suitable treatment of the rendering, but that generally speaking interior re-decoration is not essential at present. In his opinion the re-decoration of the 215 houses included in the 1919 Act Subsidy Scheme (Brent Hill 178 and Child's Hill 37) which was approved by the Council in July last (Hsg.C., 1/7/35—3 (A)), should next be dealt with.

RESOLVED TO RECOMMEND—**That the proposals for dealing next with the Assisted Housing Schemes be adhered to.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

4.—HOUSING ACT, 1935—OVERCROWDING SURVEY:

Pursuant to the reference from the Public Health and Medical Services Committee (P.H. and M.S.C., 30/3/36—7) the Committee considered as to the formulation of proposals for the provision of new houses required to abate the overcrowding shown to exist in the Borough as a result of the survey carried out by the Public Health Department under the provisions of the Housing Act, 1935, details of which are set out in the report of the Medical Officer of Health which has been circulated to all members of the Council.

With regard to the 306 cases of overcrowding on the Watling Estate, details have been forwarded to the London County Council with a request for information as to the action they propose taking to abate such overcrowding, and a reply has been received from the County Council stating that, without prejudice to the legal position, every endeavour will be made to secure the abatement of the overcrowding by transfer of the families to larger accommodation, but that suitable vacancies, however, very seldom occur. The London County Council ask to be furnished with certain additional information and this is being supplied.

The Committee have noted the letter from the London County Council and have referred the report of the Medical Officer of Health to the Housing Sub-Committee for consideration and report.

★5.—DOLE STREET HOUSING SCHEME:

SUBMITTED: Report of the Borough Surveyor, together with a plan indicating his suggestions for the development of the land included in the Order made by the Council for the compulsory purchase of the 30 acres of land at Dole Street.

The Borough Surveyor's proposals provide for the allocation of a site for a public elementary school, a children's playing field and the balance of the land for a Housing Estate.

On the land allocated for housing purposes it will be possible to erect approximately 250 houses and in order to enable the planning of the houses to be put in hand the Borough Surveyor asked for instructions as to the proportion of houses of different types which it is proposed to provide.

RESOLVED TO RECOMMEND—

(*a*) **That the development plan now submitted be approved;**

(*b*) **That the number and type of houses to be erected on the land allocated for housing purposes be as follows:—**

Two-bedroom type	46
Three-bedroom type	200
Four-bedroom type	6
	252

[The Finance and General Purposes Committee approve the proposed development and allocation of the land included in the Compulsory Purchase Order subject to any variation in the numbers and types of houses which may be found to be necessary consequent upon the consideration of the overcrowding survey now before the Housing Committee of the Council.

★6.—HOUSING—REPAIRS AND MAINTENANCE, ETC.:

The Borough Treasurer and Borough Surveyor submitted a joint report as follows:—

(A). *Repairs and Maintenance Account.*

The amount spent on repairs and maintenance in the 12 months to the 31st March last will exceed the amount for which provision had been made. For the period of 11 months to the end of February the outlay was £7,875 5s. 1d. against an annual provision of £5,956 which included the following items of a special character:—

	£	s.	d.
Fencing	247	2	7
Underpinning	507	9	11
Replacing stoves	915	12	4
Re-decoration after stove replacements	319	19	2
Footpath improvements—Bittacy Hill	395	2	5
	2385	6	5
Balance of Outlay	5489	18	8
	£7,875	5	1

Having regard to the special nature of the footpath improvement at Bittacy Hill it is suggested that one half of the finally ascertained cost be charged to highways account.

The general outlay of £5,489 18s. 8d. comprises expenditure incurred on:—

General maintenance.
Tarpaving.
Special Decorations.
Repairs on changes of tenancy.
Hired transport.
Wages, etc., supervision.

It is pointed out that the amount estimated to be set aside for repairs during the current financial year will leave no margin for special works, and these must, therefore, be reduced to absolute necessities.

The opening of the new Depôt at Hendon Way will enable the Council to carry a stock of supplies, thereby reducing transport cost and effecting savings by bulk purchases, and on the assumption that expenditure is kept at the present level there should be no deficiency in the Repairs Account.

Repairs on each Scheme have hitherto been costed in bulk but it is proposed to keep separate cost accounts for each house for a period of 12 months at least. There is no doubt that certain tenants are not reasonably careful. A stricter supervision in this direction will, therefore, be exercised by the Housing Manager and his Assistants, and it is suggested that "repetition" repairs should be reported to the Committee, on the same lines as tenants in arrear with their rent.

(B). *Empties, etc.*

With regard to the losses on account of empties, etc., the following is a summary of all losses during the 12 months to the 31st March last. These figures relate to inclusive rents as the uncollected rates are also a loss to the Council :—

No. of Houses.	Weeks (each) Empty.	Total Loss.	Cumulative Weeks.
		£ s. d.	
12	1	8 13 7	12
13	2	20 8 4	26
24	3	58 7 3	72
27	4	87 13 8	108
15	5	64 10 0	75
10	6	47 6 8	60
5	7	32 11 7	35
3	8	19 6 8	24
4	9	32 19 3	36
3	10	22 8 4	30
1	12	11 13 0	12
1	14	9 19 6	14
1	15	17 6 3	15
1	20	15 13 4	20
120		£448 17 5	539

The " special " empties included in the above have been dissected and are shown in the following table :—

Reason.	No. of Houses.	Total No. of Weeks.	Total Loss.
			£ s. d.
Underpinning	3	43	34 11 4
Verminous	10	76	66 9 3
Renewal of Ceilings	9	57	48 0 8
Stoves replaced, etc.	10	48	38 16 1
Alterations to Hot Water System	3	28	27 0 2
	35	252	214 17 6
All other empties	85	287	233 19 11
	120	539	£448 17 5

The gross Rent Roll for 1935/36 was £46,866 7s. 10d. and the loss of £448 17s. 5d. is equivalent to nearly 1 per cent. The total number of rent weeks was 60,950, of which 539 were lost.

(C). *Stove Replacements—Clitterhouse Estate.*

The replacement of the whole of the remaining stoves on the Clitterhouse Estate should be proceeded with immediately and the cost charged to the Special Reserve Fund as it is impossible to carry the charge against the ordinary Repairs Account except by long delays and at the expense of normal repairs.

(D). *Reets Farm Scheme.*

With regard to the Reets Farm Housing Scheme, the report recommends that the balance of loan monies be expended on works of a permanent character, including substantial fencing at certain selected points.

and The Committee have given careful consideration to the matters dealt with in the report,

RESOLVED TO RECOMMEND—

(*a*) **That the report be approved and adopted;**

(*b*) **That one-half of the finally ascertained cost of the footpath improvement at Bittacy Hill be charged to Highways Account;**

(*c*) **That the replacement of the whole of the remaining stoves on the Clitterhouse Estate be proceeded with forthwith and the cost charged to the Special Reserve Fund;**

(*d*) **That the balance of loan monies in connection with the Reets Farm Scheme be expended on works of a permanent character, including the provision of substantial fencing at certain selected points.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

2.—HENDON PLANNING SCHEME NO. 1:

Approval of Minister of Health.

REPORTED: That the Minister of Health on the 30th March, 1936, approved the above Scheme with modifications (previously indicated to and approved by the Council) and that after compliance with the regulations as to publication of the Minister's approval, the Scheme will be laid before both Houses of Parliament by the Minister. This action will also require public advertisement with an intimation that the Scheme is capable of coming into operation and provided no proceedings are brought as to the validity of the Scheme or of any provision therein, the scheme will become operative at the expiration of six weeks from the date of this advertisement. **Noted.**

3.—ELECTRIC POWER PLANT REAR OF HAMILTON ROAD, GOLDERS GREEN:

Deputation from Residents of Hamilton Road.

RECEIVED: Deputation from residents of Hamilton Road regarding the alleged nuisance from the above Power Plant.

The deputation called attention to the serious depreciation in the value of the properties situate immediately in the rear of the Power Plant, and urged the Council to take any necessary action with a view to alleviating the nuisance.

The deputation were informed that representations had already been made to the North Metropolitan Electric Supply Company who were carrying out experiments with a view to reducing to a minimum the hum and vibration from the Power Plant.

RESOLVED—**That the Borough Surveyor be instructed to make further representations to the Company on the lines indicated by the Committee and report to the next meeting.**

★4.—GREATER LONDON REGIONAL PLANNING COMMITTEE:

Functions and Constitution.

REPORTED: The receipt of a letter from the above Committee stating that difficulty had arisen as to the continuance of the Committee upon its present basis.

Views expressed on behalf of the London County Council indicate that they do not consider the spending of money on the existing arrangements, a productive outlay, particularly in view of the recent important changes that have taken place, resulting in certain matters no longer being dealt with by the Committee, and as it seems that the effective work which can be done by the present Committee and its existing machinery is exhausted the County Council cannot be recommended to continue their membership on the present basis. They would, however, like to see the replacement of the existing Committee and its staff, by a joint organisation similar to those set up in other parts of the country, which would not require a special staff of its own and which could be called together by the Minister of Health as and when needed.

The Greater London Regional Planning Committee appointed a Sub-Committee to consider the future administrative arrangements and certain recommendations thereon have been approved, with the exception of the question of technical assistance, which has been deferred in order to obtain the views of the Constituent Authorities, and in this connection the Council were requested to forward an expression of opinion by not later than the 19th March as to which of the following proposals it would support:—

1. That the Minister of Health be asked to second one of his officers who shall be assisted by the technical staffs of the Constituent Authorities as may be arranged,

   alternatively

2. That they should continue to employ an independent Technical Adviser who shall be responsible only to the Greater London Regional Planning Committee.

As a matter of urgency the Mayor was consulted, together with the Chairman and Alderman Egan, who is a Member of the Greater London Regional Planning Committee, and the Committee have been informed, subject to the approval of the Council to the general principle of the continuance of the Greater London Regional Planning Committee and to the Council remaining constituent Members thereof, that the Hendon Borough Council will be recommended to approve the alternative proposal to employ an independent Technical Adviser who shall be responsible only to the Greater London Regional Planning Committee.

RESOLVED TO RECOMMEND—**That the action taken be approved.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee have duly noted the action taken herein.*]

★ (B). **Iron Staircase—47, Ashbourne Avenue, Colders Green.**

16.—HENDON GROVE:

SUBMITTED: Report of the Town Clerk on a communication received from the Ministry of Health regarding the Council's application for a loan in respect of the purchase of the above property.

The matter is still before the Ministry and the Committee await a further report thereon.

★17.—LAND, WATFORD WAY—FLOWER LANE:

It will be remembered that the Estates, Parks and Allotments Committee (18/11/35—16) recommended the lay-out of 3 acres of land for the purposes of allotments and that the Finance and General Purposes Committee thereupon recommended to the Council that the land in

question should be re-appropriated as a public open space, and the Special (Development) Committee requested to provide alternative land for allotments. The 3 acres referred to forms part of a larger area of 12 acres between Watford Way and Flower Lane, and the Finance and General Purposes Committee intended that the whole of this area, although allotment land, should become permanent open space, the purpose for which it is at present used.

The Council (2/3/36) on the recommendation of the Special (Development) Committee approved the making of a Compulsory Purchase Order in respect of 12 acres of land (as alternative land) situate at Lawrence Street, and the necessary formalities thereon are proceeding.

The application for the appropriation of the 12 acres at Watford Way—Flower Lane was made to the Minister of Health on the 16th March, and a request has been received for an application to be submitted in the first instance to the Minister of Agriculture and Fisheries for his consent under Section 8 of the Allotments Act, 1925, and for a formal resolution appropriating 9.8 acres of land for the purposes of public walks and pleasure grounds.

It, therefore, appears desirable for the following formal resolutions to be passed, and the Committee accordingly

RECOMMEND—

(i) **That application under Section 8 of the Allotments Act, 1925, be made to the Minister of Agriculture and Fisheries for consent to the proposals hereunder in respect of allotment land situate at Watford Way—Flower Lane, coloured pink on the plan submitted :—**

2.2 acres—**re-appropriation for the purposes of public walks and pleasure grounds (land originally purchased for open space and subsequently appropriated for allotments by instrument of the Minister of Health, dated 13/8/28).**

9.8 acres—**appropriation for the purposes of public walks and pleasure grounds (land originally acquired for allotments).**

12.0

(ii) **That subject to the above consent application be made to the Minister of Health for the issue of the necessary instruments of appropriation.**

★18.—AIR RAID PRECAUTIONS :

(A). *Home Office Communication.*

The Committee will remember that on the issue of the Home Office Circular on this matter last July, it was anticipated that in respect of the arrangements for the treatment of casualties the Ministry of Health would organise a special scheme for the Metropolitan Police District.

The duties of the Ministry of Health have now been transferred to the Home Office and in a recent communication from the Home Department Local Authorities are asked to proceed with the preparation of schemes without regard to the Metropolitan Police Area.

Conferences of Officers of Local Authorities have been held at the County Council in connection with the preparation of a County scheme, and it is understood (per telephone) that principles for the outline of such a scheme will be submitted to the appropriate Committee of the County Council next week and if approved a scheme prepared with a view to a conference of Local Authorities about Whitsun.

In these circumstances the Committee deem it desirable to await further developments, but in the meantime the Borough Surveyor and Medical Officer have been directed to prepare a joint report for consideration after the proposed Whitsun Conference.

★ (B).

British Red Cross Society.

The above Society state that they have had enquiries from local residents as to instruction in First Aid in chemical warfare and enquire whether the Council are prepared to sponsor such a scheme.

Courses have been completed in various parts of Middlesex, and it is understood that the following arrangements usually prevail :—

(i) The Local Authority provide accommodation free of charge and undertake the publicity of the course;

(ii) The Society undertake all other arrangements, *i.e.* :—

Course of 7 lectures—the 7th being on gas mask use.

Provide lecturer—who is paid £1 1s. 0d. for each of 6 lectures and 10/6d. for the 7th.

Enrol Students who are usually charged a fee of 2/6d. for the course.

It has usually been found that the income from fees has been sufficient to meet expenses.

RESOLVED TO RECOMMEND—**That the British Red Cross Society be informed that the Council are prepared to offer the required accommodation, free of charge, and to give such further facilities for the course as may be necessary.**

★19.—**GAME LICENCE:**

SUBMITTED: Application of J. Sainsbury, Limited, for a Game Licence in respect of new premises situate at 625, Watford Way.
