**APOLOGIES FOR ABSENCE :** The Clerk reported communications from Councillors Bowers, Holt and Potter apologising for absence from the Meeting.

It was moved by Mr. Councillor Flowers, seconded by Mr. Councillor Sturgess, and unanimously **RESOLVED**—

“ That in view of the Emergency caused by the outbreak of Smallpox in the Urban District of Hendon, and having regard to the terms of the Order made by the Council on the 9th day of May, 1927, that the provisions of the Infectious Disease (Notification) Act, 1889, shall apply to the Infectious Disease known as Chicken Pox, it is expedient that the provisions of the Infectious Disease (Prevention) Act, 1890, shall be applied to the Infectious Disease known as Chicken Pox during the period the Disease known as Chicken Pox remains notifiable within the said Urban District of Hendon.”

### **IN COMMITTEE.—**

The Medical Officer of Health submitted a further report as to the outbreak of Smallpox, and it appeared therefrom that all contacts of cases 1 to 8 had now been discharged from observation, whilst the quarantine period for contacts of case No. 9 would expire on the 20th inst.

The Medical Officer reported that further cases had occurred in Hampstead and Poplar, neither of which, however, appeared to have any connection with the Hendon cases, and this suggested the possibility of an unrecognised source of infection in the London area, and the possibility of the disease being reintroduced in the District must be recognised.

In these circumstances he advised vaccination as a protection against Smallpox, and recommended that posters be displayed in connection with the matter.

Upon the motion of Mr. Councillor Cartwright, seconded by Mr. Councillor Carpenter, it was

**RESOLVED—That posters be displayed in the District on the lines of the Medical Officer's report, and that it be left to the Chairman of the Council and the Medical Officer to settle the terms of such poster accordingly.**

**COMPENSATION CLAIMS:** Report was made in regard to the compensation claims which had been paid in respect of clothing and bedding, etc., destroyed as follows:—

	£	s.	d.
120, Sturgess Avenue ...	10	9	2
8, Deerfield ...	16	0	0
9, Chosen Villas ...	8	7	1
15, Pollard Road ...	14	17	2

In the case of 29, Woodlands, the amount of the claim was £34 18s. 4d. and the same had not yet been dealt with. It was

**RESOLVED—That the claim be paid.**

In the case of No. 30, Riverside, the amount claimed was £9 7s. 0d. The Accountant reported in regard to the proceedings in respect of the Housing Tenancy, and it was agreed that the matter be left in the hands of the Accountant to arrange.

**RE-DECORATION WORK:** Report was made as to certain re-decoration work which had necessarily been carried out in connection with the stripping and disinfection of premises.

Upon the motion of Mr. Councillor Latham, seconded by Mr. Councillor Flowers, it was

**RESOLVED—That the matter be dealt with on the lines suggested by the Medical Officer, in conjunction with the Chairman.**

**PRESS STATEMENT:** The Chairman reported that he had authorised the Medical Officer of Health to furnish a statement to the Press and the same had been published.

**CASE OF MRS. ALLEN:** Report was made in regard to the proceedings instituted against Mrs. Allen in respect of premises No. 30, Riverside, and upon the motion of Mr. Councillor Sturgess, seconded by Mr. Councillor Carpenter, it was

**RESOLVED—That the Council suspend the execution of the judgment for a period of three months provided the tenant paid the arrears of rent and costs and continued to pay the mesne profits which are to be allocated to the amount due under the judgment.**

**ILLNESS OF MR. COUNCILLOR POTTER:** Report was made by the Chairman as to the absence of Mr. Councillor Potter owing to illness. It was

**UNANIMOUSLY RESOLVED—That the Council tender an expression of sympathy with Mr. Potter in his illness and best wishes for his recovery.**

**CHAIRMAN'S FUND:** Reference was made to the amount which stood to the credit of this fund at the 14th inst., viz., £160 9s. 6d.

Upon the motion of Mr. Councillor Naar, seconded by Mr. Councillor Mersman, it was

**RESOLVED—That the Chairman be requested to allocate twenty guineas to the Herndon Cottage Hospital Gala Fund.**

Mr. Lee presented a petition from Traders in Brent Street and The Quadrant requesting the Council to exercise their powers to acquire the enclosures in Brent Street, opposite the Hendon Electric Supply Company's premises.

The petitioners expressed the view that the retention of the enclosures retarded the development of Brent Street as a Shopping Centre.

They were informed that the enclosures had been scheduled in the Council's Town Planning Scheme.

With the object of dealing with the enclosures at an early date, your Committee instructed the Officers to report as to the practicability of exercising other powers to secure the removal of the enclosures to the highway.

20.—BAND PERFORMANCES: That they received a report from the Surveyor in reference to a proposal to hold Band Performances in the Council's Open Spaces and he submitted correspondence with the Salvation Army Band in reference to their offer to give Band Performances.

After consideration thereof, your Committee have come to the conclusion that in view of the amended terms now suggested by the Salvation Army Band the offer be not further entertained. They

They have again considered the suggestion for the erection of fencing along the boundary of the Park adjacent to the London Electric Railway for the protection of young people.

The Council will recollect that negotiations took place with the London Electric Railway Company some time back in regard to this matter but the Company then intimated that they had complied with their statutory obligations and could not undertake the erection of fencing of any other type than that now existing.

Your Committee understand that the length of fencing in question is approximately 620 yards and the necessary protection would be afforded by the fixing of wire netting to the existing fence, the estimated cost of this proposal amounting to the sum of £30.

Your Committee

**RECOMMEND—That, subject to the consent of the Railway Company being obtained, that this work be carried out.**

- 22.—MILL HILL PARK: Letter from Miss Dent, of Westfield, Newcombe Park, Mill Hill, for consent to use the Park on a date to be arranged during June for the entertainment of women and children.

**RECOMMEND—That the application be acceded to on the terms previously granted.**

- 24.—CLITTERHOUSE LANE OPEN SPACE: Letter from the Hendon Hockey Club accepting the Council's offer to rent two pitches on this ground for hockey at a rental of £50 for the season.

Inquiry was made by the Club as to the provision of dressing accommodation and what additional rent would be charged in respect thereof.

Your Committee received a report from the Surveyor suggesting that the Council should consider the question of erecting dressing sheds similar to those provided in the West Hendon Playing Fields, with accommodation for six clubs, the cost of which would be approximately £350 and he submitted plans thereof.

After due consideration your Committee

**RECOMMEND the Council to approve of the proposal and that the erection of the dressing sheds be proceeded with.**

Your Committee

**RECOMMEND further—That similar dressing accommodation (half the size above suggested) be provided in the Mill Hill Park.**

- 25.—FLOWER LANE, ETC.: Letter from Mr. Trenery, of Penroë, Flower Lane, Mill Hill, calling attention to alleged floodings in the neighbourhood of Flower Lane.

It will be remembered that on a previous occasion when complaint was made in regard to this matter it was considered that the construction of the Watford Bye-Pass Road would relieve the flow of water.

To remove the difficulty your Committee gather from the report of the Surveyor that a 12 inch pipe would be necessary from the Allotment Ground to connect up with the surface water system in Flower Lane in which case it would be necessary to obtain consents from property owners to grant easements.

103

Your Committee

**RECOMMEND**—That the surveyor submit a report in regard to this matter for consideration at the next meeting and ascertain whether the owners would consent to cooperate with the Council in carrying out such a scheme.

- 26.—HAMPSTEAD WAY: Letter from Mr. B. B. McCullum complaining of flooding at Hampstead Way on the occasion of heavy rainfall.

Your Committee understand that the Surveyor is dealing with this matter.

- 27.—MAIN DRAINAGE: Letter from the Kingsbury Urban District Council making enquiry whether the Hendon Council would be prepared to provide drainage facilities for nine houses in course of erection on the west side of the Edgware Road situate within the area of the Urban District Council of Kingsbury, for which they were unable to provide an outlet.

Report from the Surveyor that subject to the cost of connections being borne by the owners and the Kingsbury Council contributing an annual payment for the drainage facilities afforded the application might be acceded to.

After careful consideration of the report, your Committee

**RECOMMEND**—That subject to the sanction of the Ministry of Health being obtained to the proposal and an Agreement being entered into by the Kingsbury Council for the necessary contribution, the Council approve of the arrangement.

- 28.—WATFORD BYEPASS ROAD: Report from the Surveyor in reference to an agreement which had been arrived at between the Council and the Middlesex County Council in respect of an area of land approximately three acres in extent which the Council held on lease from the Ecclesiastical Commissioners and which had been utilised by the Middlesex County Council in connection with the construction of the Bypass Road.

The compensation agreed in connection therewith had been fixed at £100 but the District Valuer had raised a point in regard to the matter, suggesting that the proper compensation payable amounted to the sum of £60.

In the circumstances your Committee

**RECOMMEND** acceptance of the sum of £60.

- 29.—LAND WEST HENDON: Report from the Surveyor as to an offer received from Messrs. Dunlop Hunter & Co. to dispose of certain plots of land at West Hendon for the sum of £140, and after careful consideration thereof, your Committee

**RECOMMEND**—That such offer be accepted and that the land be purchased accordingly.

- 30.—RENUMBERING OF STREETS:

- (a) SYLVAN AVENUE: The Surveyor submitted a plan shewing a proposal for the re-numbering of Sylvan Avenue, Mill Hill.

Your Committee

**RECOMMEND**—That such plan be approved and that the necessary notices be served upon the residents in the road.

- (b) SEVINGTON ROAD: Report from the Surveyor that owing to building developments in Sevington Road it was now necessary to re-number the same and he asked for authority to serve the necessary notices.

Your Committee

**RECOMMEND**—That the proposal be approved and that the necessary notices be served.

**NAMING OF STREETS:** Letter from Mr. King in reference to the naming of Park Road, Central Hendon.

The Surveyor suggested that when the Watford Bye-Pass Road had been completed it would be impracticable to retain the names of Park Road, Queen's Road, and Colindeep Lane for sections thereof and it was now necessary to adopt a more comprehensive name. The Council will recollect that for the section of the road from Finchley Road to the North Circular Road the Council had selected the name of "Hendon Way."

The Surveyor now suggested that this name for the road might be extended to the point near Hendon Central Station. From Hendon Central Station onwards, the road might be known as Watford Way.

Your Committee

**RECOMMEND—That the Surveyor's suggestion be adopted and that the road be known as Hendon Way to the Hendon Circus, and Watford Way from that point onwards.**

(c) The Surveyor submitted a plan shewing the existing arrangements in connection with Lee-side Crescent and Temple Gardens.

**RECOMMEND accordingly.**

The building was now practically completed. The boiler had been installed and also other plant and it was anticipated that the work would be completed well within the Contract time.

The Engineer submitted a draft of a proposed agreement with the Hendon Electric Supply Company for the supply of electrical energy which was based on the usual terms for bulk supply at the rate of £28 2s. 6d. per quarter for the first fifteen kilovotampères and in addition .35 of a penny per unit for electricity supplied.

Your Committee

**RECOMMEND—That the terms be accepted and that the agreement be sealed.**

**—SITE FOR TRANSFORMER STATION:** The Engineer submitted an application from the Hendon Electric Supply Company to lease a small plot of land 30 feet by 13 feet near the junction of the Watford Bye-Pass Road and North Circular Road adjacent to the Council's Pumping Station for the erection of a Transformer House.

Your Committee have given consideration to the report of the Surveyor thereon, and

**RECOMMEND—That, subject to the consent of the Ministry of Health thereto, that the Council grant a lease of the site suggested for a period of 99 years at a rental of £3 3s. 0d. per annum.**

**—COLLECTION OF HOUSE REFUSE:** That they received a report from the Engineer in reference to the collection of house refuse twice weekly, from congested areas, and he submitted a list of streets which he considered might be termed to come within the definition.

In regard to the estimated additional cost involved in dealing with the congested areas the Surveyor considered that this would amount approximately to the sum of £900 per annum.

The following is a summary of the additional houses in the areas referred to:—

Child's Hill Ward ...	330 houses.
West Hendon ...	451 houses.
Central Hendon ...	264 houses.
Garden Suburb and Temple Fortune ...	40 houses.

1085

106

Your Committee gathered from the report of the Surveyor that the necessary plans had been ordered and would be delivered in the near future.

Your Committee

**RECOMMEND—That the Surveyor's proposals be approved and that the scheme be put into operation.**

Your Committee also

**RECOMMEND—That Herbert Road be included in the Scheme.**

#### ALLOTMENTS COMMITTEE.

Your Committee then sat as an Allotments Committee.

35.—ELECTION OF CO-OPTED MEMBERS: Report from the Clerk that the various Allotment Associations had nominated the same five members to serve on the Allotments Committee for the ensuing year, rendering a ballot unnecessary.

**RECOMMEND—That Messrs. J. Finucane, R. J. Burness, E. Coleman, C. F. W. and T. W. Giles be elected Co-opted Members of the Allotments Committee for the ensuing year.**

36.—BRENT HILL:

(a) Complaint was received as to pellets alleged to fall on the Allotment Ground from a discharged gun in Messrs. Westley Richard's Shooting Ground.

Your Committee

**RECOMMEND—That the Clerk communicate with the Company in regard to the matter.**

(b) Reference was made as to the necessity of supplying sleepers to enable the Allottees to construct the bridge across the stream.

Your Committee

**RECOMMEND—That sleepers be provided.**

(It is understood that the Allottees agree to place the sleepers in position).

(c) Letter from Mr. G. F. Hobbs in further reference to his claim as to compensation in respect of loss of crops.

Your Committee have received a report in regard to this matter, and

**RECOMMEND—That Mr. Hobbs be referred to the Allotments Committee in connection with such claim.**

37.—COOL OAK LANE:

(a) Your Committee gave further consideration to the outstanding question as to compensation for damage to crops by horses on the Allotments at Cool Oak Lane, and your Committee received a report from the Accountant upon the matter.

40.—**BALANCE SHEET** : Reference was made to certain items in the Allotments Balance Sheets submitted by the Accountant on a previous occasion. Your Committee have adjourned the consideration thereof, and

**RECOMMEND**—That the Co-opted Members furnish particulars of the questions proposed to be raised for consideration.

## —PRIVATE STREETS :

- (a) MEADWAY CLOSE : Letter from Mrs. L. A. Richards and other owners in Meadway Close in reference to the tree planting in this road and requesting that a deputation might be received by the Committee in regard to the matter. Your Committee

**RECOMMEND—That a deputation not exceeding four in number be received at the next meeting of the Highways Committee.**

- (b) HASLEMERE AVENUE : Letter from Mrs. N. Goldsworthy in reference to the condition of roads on the Shirehall Estate, expressing the hope that Haslemere Avenue would be made up at an early date. Your Committee

**RECOMMEND—That Mrs. Goldsworthy be informed that this road is included in a group of roads to be dealt with in due course.**

- (c) ELMCROFT AVENUE : Letter from Mr. G. Foyle complaining of the condition of the footways in Elmcroft Avenue and adjacent roads, and in particular the fouling of footpaths by dogs. Your Committee

**RECOMMEND—That this matter be considered by the Public Health Committee.**

—EGERTON GARDENS : Letter from Mr. E. Clague calling attention to the erection of telegraph poles in Egerton Gardens, suggesting that representation should be made with a view to such poles being removed.

Your Committee are unable to take any action in this matter, but

**RECOMMEND—That Mr. Clague be referred to the Postmaster-General.**

—REQUISITIONS : The Committee received Requisitions of goods required by the Surveyor and approved the same for submission to the Requisitions Committee.

—MEADWAY : Letter from Mr. A. E. Knight in reference to the proposed making up of Meadway under Section 150 of the Public Health Act of 1875. Your Committee

**RECOMMEND—That Mr. Knight be informed that an opportunity will be afforded of submitting his views when the Inquiry into the Council's proposal is held by the Ministry of Health.**

—EDGWARE ROAD : That they received a report from the Surveyor in reference to the fencing along the Edgware Road, near the Silk Stream. It appeared that the fence referred to, which was the property of the Regents Canal and Dock Company, consisted of a wooden post and rail fence 3ft. 3in. in height and a suggestion had been made that this should be replaced by an unclimbable iron fence, the cost of which he estimated at the sum of £100.

After careful consideration of this matter, your Committee came to the conclusion that the iron fence would be much more suitable, and they

**RECOMMEND—That, subject to the Regents Canal and Dock Company offering no objection to the proposal, the work be carried out.**

Your Committee further

**RECOMMEND—That enquiry be made of the Middlesex County Council as to whether they would be prepared to make a contribution towards the cost of this improvement.**

Letter from Messrs. R. & J. Pritchard submitting a plan in connection with a proposal for the widening of the Edgware Road, between Hay Lane and a point approximately 340 yards South thereof. This strip of land was situate within the Urban District of Kingsbury and was included in the section of Edgware Road for which the Hendon Council was responsible for maintenance.

Your Committee understand that the widening proposed is the line laid down by the Middlesex County Council for future widening of this road and

**RECOMMEND**—That the suggestion of the Engineer that the matter be referred to the Middlesex County Council with a view of ascertaining whether they desired to acquire the land at the present time, and if so whether they would allow the cost to be dealt with as a charge in the main road accounts be adopted.

- 16.—ARCHFIELDS: Report from the Engineer in reference to the footpath at Archfields, from which it appeared that during a period of dry weather the footpath was in a fair condition. During a period of heavy rain, however, the condition of the footpath became unsatisfactory owing to the absence of proper drainage.

Your Committee

**RECOMMEND**—That the Surveyor carry out such work as will improve the present conditions.

- 17.—FLOWER LANE: Report from the Surveyor as to correspondence with Mr. Chas. Wright in reference to the frontage of St. Michael's Church, Flower Lane. Mr. Wright requested that the frontage of the Church should be dealt with in a similar manner to the frontage of the Catholic Church at the junction of Flower Lane and The Broadway. The Council will recollect that in the case of the Catholic Church a considerable area of land was given up by the owners for the purpose of effecting an improvement but up to the present the owners of St. Michael's Church had not approached with a view to widening the roadway.

Your Committee

**RECOMMEND**—That Mr. Wright be informed that the Council would be prepared to carry out certain widening works in the event of the Church Authorities being prepared to surrender the land for the purpose.

18.—PUBLIC LIGHTING:

- (a) Letter from the Hendon Electric Supply Company in reference to the public lighting at Watling Estate. Having regard to the terms which have been concluded with the Light & Coke Company it is not possible to carry out the suggestion submitted by the Hendon Electric Supply Company, and they

**RECOMMEND**—That the Company be informed accordingly.

- (b) Letter from the Air Ministry in reference to the lighting at Hall Lane. Report from the Surveyor that in view of the developments pending in this part of the area provision for an electric light main or a gas main would be laid in this road, when it would be possible to relieve the Air Ministry of the obligation to maintain the lighting of the lamps.

- (c) Letter from Miss Cooper complaining of alleged inadequate lighting near the entrance to her house in Lyndale Avenue. After due consideration of the report of the Surveyor your Committee

**RECOMMEND**—That Miss Cooper be informed that the Council are unable to provide additional lighting at this point the existing arrangements being considered sufficient.

- 19.—COLINDALE AVENUE: Letter from the Colindale and District Ratepayers' Association in reference to the condition of the road known as Colindale Avenue. Report from the Surveyor on the inspection of this road, from which it appeared that the same was in a fair condition, but that one section of the road had been included in this year's estimates for resurfacing and would shortly be put in hand.

Your Committee

**RECOMMEND** That the Association be informed accordingly.

The Association complained of the condition of the triangle of greensward at the junction of Colindeep Lane and the Edgware Road. It will be remembered that the question of laying out this small area of land has been deferred until developments in the vicinity had been completed.

Your Committee

RECOMMEND—That the Surveyor communicate with the Middlesex County Council and endeavour to secure a contribution from that body towards the provision of the special sign suggested.

- 21.—FINCHLEY ROAD WIDENING: Report from the Surveyor that the widening in the Finchley Rd. between The Royal Oak and Mutton Brook was now practically complete.

In dealing with the section between Bridge Lane and Hayes Crescent the widening had necessitated a slight lowering of the footpath with the result that certain of the shopkeepers had complained of the alterations in the level. Similar conditions existed in other parts of the District and were unavoidable. The Engineer reported that certain sections of wood paving in other parts of the Finchley Road required relaying. The cost of this work had been included in the estimates submitted to the Middlesex County Council, and amounted approximately to the sum of £1,500. He suggested that this work should be carried out by the Acme Flooring and Paving Company as an extension to their existing contracts.

Your Committee

RECOMMEND—That steps be taken for this work to be included in the Contract accordingly.

- 22.—CHURCH WALK, CHILD'S HILL: Reference was made to the condition of the footpath at the junction of Church Walk with Cricklewood Lane, Child's Hill, and the Surveyor was instructed to report as to works necessary to effect an improvement at this point.

- 23.—CLAREMONT ROAD: Report from the Surveyor as to correspondence with Messrs. Barker and Sons regarding strips of land in Claremont Road which had been dedicated to the Council by Messrs. Handley Page. It appeared that the owners desired the Council to take the strips and pave same. He explained that certain pipes and gullies on the strips of land must be dealt with before such strips of land could be added to the public highway. The Engineer suggested that, subject to Messrs. Barker & Sons dealing with the pipes and gullies referred to, that the strips of land referred to be levelled and paved and included as part of the public footway.

Your Committee approve of this suggestion, and

RECOMMEND accordingly.

- 24.—STATION ROAD: Reference was made to the negotiations with Messrs. Bower & Son in regard to The Forge, Station Road, Hendon, and the Surveyor explained what had transpired in regard thereto. They

RECOMMEND—That pressure be brought to bear upon Messrs. Bower and Son for a settlement of this long standing matter.

The Ministry stated that arrangements should now be made for the appointment of the three representatives of the Group on the Joint Committee. It appeared to the Minister that the best course would be for the North Middlesex Joint Town Planning Committee to appoint the representatives at a Meeting of which due notice had been given to each of the constituent Authorities. He had asked the Honorary Secretary of that Committee to convene a Meeting accordingly. **Noted.**

Approval (See Surveyor).—TOWN PLANNING COUNCIL CONFERENCE: Letter from the National Housing and Town Planning Council as to proposed Regional Conference for London and the Home Counties to be held at the County Hall, Westminster Bridge, S.E., on Thursday, the 16th June, 1927, and suggesting the appointment of representatives to attend the same. Your Committee have no recommendation to make upon the matter.

Approval.—TOWN PLANNING (No. 2) SCHEME: Letter from the Ministry of Health intimating that the Minister of Health had decided to approve the Preliminary Statement with modifications and an Instrument conveying his approval was transmitted.

**RECOMMEND—That authority be given accordingly.**

Approval.—TOWN PLANNING SCHEMES 1 and 2: Your Committee have instructed the Surveyor to prepare small plans giving particulars of the two Schemes for the use of the members of the Council.

Approval.—CONTRAVENTION OF BYE-LAWS: Letter from Mr. H. Hovsha, of Appledore, 153, Golders Green Road, in reference to the contravention of Bye-laws in connection with the erection of garage on his premises, explaining that he had relied on Mr. Sankey to carry out the work to submit plans and obtain the requisite permission to erect the building from the Council. He stated that he had no intention of infringing or ignoring the Council's Bye-laws and if the Council insisted on alteration or removal of the building he would submit.

After consideration of the report of the Surveyor upon the matter, your Committee

**RECOMMEND—That the Surveyor inform Mr. Hovsha of the steps necessary to make the building conform to the Bye-laws. Failing compliance within three weeks of these steps he be called upon to remove the building.**

Messrs. Humphris, Holland, Ltd.

Messrs. Tant & Co.

7.—CONTRAVENTION OF BYE-LAWS: Report from the Engineer that a temporary building had been erected by Mr. Northwood in Colindale Avenue without depositing any plans or making application to the Council. Under the provisions of Section 27 of the Public Health Amendment Act of 1907 a penalty not exceeding 40/- and a daily penalty of a like amount is incurred in respect of such a contravention.

Your Committee

**RECOMMEND—That proceedings be instituted against Mr. Northwood in respect of the contravention referred to.**

8.—WEST HEATH ROAD: Report from the Surveyor as to an application by Mr. Aikman in regard to property known as Mountfield, Finchley Road, for consent to erect two garages adjacent to the Nursing Home, and a question had arisen in connection with the drainage of the surface water.

In view of the circumstances reported by the Surveyor, your Committee

**RECOMMEND—That consent be given for the garages to be connected to the sewer leading to the Finchley Road, subject to the applicant entering into an agreement on the following terms to be approved.**

9.—WATLING ESTATE: The Engineer submitted road and sewer plans in connection with Section Sub-Sections C. and D. of the London County Council Estate, which were in accordance with the agreement which had been arrived at between the County Council and the District Council.

Your Committee

**RECOMMEND—That such plans be approved.**

Letter from Mr. Hammond in regard to Sports Ground acquired from the London County Council for the use of the North London Collegiate School.

Your Committee have received a report from the Surveyor in regard thereto and gather that the matter has now been satisfactorily dealt with.

10.—TOWN PLANNING:

(a) Report from the Surveyor in reference to an application from Mr. E. Trobridge in regard to two lock-up shops which had recently been erected in Hamilton Road at the junction of Woodville Road.

The applicant desired to extend the number of shops to be erected on the site, and after careful consideration thereof, your Committee are unable to recommend the Council to accede to the application.

(b) TOWN PLANNING SCHEME: Report from the Engineer that he had conferred with the Officials of the Ministry of Health in reference to the Council's Town Planning Scheme 2, from which it appeared that the Council's suggestions in connection with such scheme had been approved and the Hendon Town Planning Scheme No. 2 Development Order had been issued.

It now appeared that both Town Planning Schemes were in the same position with this exception that so far as Scheme 1 was concerned, the Council had adopted a Development Order scheme.

Notices had not yet been served on individual owners and the Ministry suggested that the Council might consider the advisability of amalgamating the two schemes at this stage, which would effect economy in the various advertisements and enquiries in the remaining stages.

Your Committee have given careful consideration to the report, and they

**RECOMMEND—That the Surveyor's suggestion be approved and that the necessary steps be taken in connection therewith.**

Your Committee have considered various matters in connection with this scheme which are dealt with in M.S. in the Committee Minutes.

11.—**BOOTH ROAD EXTENSION**: That they received a further report from the Surveyor as to correspondence with Mr. J. Reynolds in reference to amended proposals in regard to the proposed extension of Booth Road, and instructed the Surveyor to prepare a detailed report in regard to the proposals for consideration at the next meeting.

12.—**CHURCH ROAD**: The Surveyor submitted a plan on behalf of the owners of Nos. 71 and 73, for the definition of the building line, in view of proposals to rebuild such premises.

The Council will recollect that in respect of the adjacent premises an agreement was entered into between the Council and the owner, in connection with which the owner gave up a strip of land approximately 10 feet in width and in the event of the owner reconstructing the premises he had a right to bring the building forward to the end of the dedicated strip.

Your Committee are informed that this line has been approved by the Council and is included in the Council's Town Planning Scheme and they consider that a similar arrangement might be entered into so far as regards the frontage to Church Road.

In regard, however, to the flank frontage of the property to the road known as John's Avenue your Committee consider that the applicant should be required to dedicate a strip of land four feet in width between his flank frontage and the boundary. They

**RECOMMEND—That the application be approved subject to the points referred to in the Engineer's report.**

**RECOMMEND—That the Council enter into a formal agreement with the Middlesex County Council, but in regard to the Insurance, your Committee do not recommend any action in the matter at the present time.**

They have, however, instructed the Accountant to report further thereon.

15.—PRIVATE STREET IMPROVEMENTS :

(a) That they gave further consideration to the communication from Mrs. Coplans in reference to the road charges apportioned in respect of her premises at 3, The Approach. Mrs. Coplans expressed the view that the portion of the carriageway between her premises and the centre of The Approach should be borne by the Council and herself and suggested an amendment of the apportionment accordingly.

Your Committee have given careful consideration to a report from the Engineer in connection with this matter, and it will be remembered that, at the request of owners in The Approach, the Council agreed to undertake the improvement works at the junction of The Approach and Brent Street, after the permanent works under Section 150 of the Public Health Act, 1875, had been carried out and the road taken over by the Council. In these circumstances your Committee are unable to entertain the objection submitted by Mrs. Coplans, and they

**RECOMMEND—That the Surveyor's apportionment be confirmed and that Mrs. Coplans be informed accordingly.**

(b) **RATE OF INTEREST :** Letter from the Ministry of Health in reference to the enquiry of the Council as to increasing the rate of interest charged after the service of demands in connection with Private Street Works. The Ministry desired to be furnished with a copy of the resolution of the Council directing formal application for an Order together with a statement as to the grounds upon which such Order is made.

Your Committee

**RECOMMEND—That application be made to the Ministry of Health for an Order under the provisions of Section 77 of the Public Health Act of 1925 increasing the rate of interest on expenses relative to Private Improvement Works under Section 150 of the Public Health Act of 1875, in respect of the Urban District of Hendon from 5 per cent. to 5½ per cent.**

**That the Officers submit a statement of the grounds upon which such application is made.**

(c) **DEMANDS :** Report from the Clerk that the time limited by the notice of apportionment in respect of Goodwyn Avenue had expired, and he asked for authority to serve the usual notices of demand.

Your Committee

**RECOMMEND—That the Clerk have authority to serve the demands in Goodwyn Avenue.**

With regard to the name proposed for roads 22 and 22a (Sheveshill Road) in view of the fact that the section of Booth Road, leading from Colindeep Lane, has been re-named Sheveshill Avenue, your Committee

With regard to the Archfields land, in view of the agreement arrived at by the Council with the Hendon Golf Club for the acquisition of this land, the Ministry stated that it was unnecessary to include the same in the order. **Noted.**

With regard to Application No. 8200 for a temporary bungalow on the north side of Sunnydale Gardens, Mill Hill, the Surveyor reported that the applicant desired to withdraw the same. **Noted.**

In the case of Application No. 8207 for a new priory adjoining St. Mary's Abbey, Mill Hill, the Surveyor stated that it had been ascertained that the proposed building was just outside the Council's district and within the area of the Rural District Council of Hendon. The plan had, therefore, been referred to that authority. **Noted.**

With regard to Application No. 8214 for proposed houses, Holders Hill, recommended by the Committee for disapproval as no block plan accompanied the application.

In view of the fact that the application was submitted by Messrs. R. & J. Pritchard who have recently undertaken a considerable amount of building development in the district, and are therefore conversant with the Council's requirements in connection with the deposit of plans, your Committee

**RECOMMEND—That Messrs. Pritchard be requested to take the necessary steps to ensure that proper block plans are submitted with future building applications.**

2.—ERECTION OF HOUSES, GREEN LANE, HENDON: Letter from Mr. G. Dewdney complaining of an alleged infringement of the building line in connection with certain houses in course of erection at Green Lane, Hendon.

Report from the Surveyor in regard to the matter, from which it appeared that the building line in connection with the houses in question had been duly observed.

Your Committee

**RECOMMEND—That Mr. Dewdney be so informed.**

3.—NORTH MIDDLESEX JOINT TOWN PLANNING COMMITTEE: Letter from Mr. E. S. W. Hart, Hon. Secretary of the North Middlesex Joint Town Planning Committee, making enquiry whether the Council desired to make any change in their representatives on the Committee for the ensuing year.

Your Committee

4.—**THE LATE MR. C. H. PAGE**: Reference was made to the death of Mr. C. H. Page who was for many years a member of the Council, and your Committee instructed the Clerk to convey to Mrs. Page an expression of the Council's deep sympathy with her in her sad bereavement.

5.—**APPEALS**:

(a) Letter from the Ministry of Health intimating that they had dismissed the appeal made by Mr. E. G. Trobridge, on behalf of Dr. I. G. Briggs, under Section 25 of the Housing, Town Planning, etc., Act, 1919, relative to the refusal of the Council to approve the plans in respect of a building in Watling Avenue on the London County Council Housing Estate.

Further letter from the Ministry of Health as to the dismissal of a similar appeal made by Mr. E. G. Trobridge, on behalf of Mr. F. H. Stucke, in respect of a proposed building at Court Way, Colindale Avenue, Hendon.

Your Committee have noted the contents of these communications with satisfaction.

Report from the Surveyor that Mr. Trobridge had re-submitted the plans in connection with the buildings in question with various amendments therein, but such plans still did not conform to the Council's requirements.

After due consideration, your Committee

**RECOMMEND—That the Council adhere to the decision arrived at in the matter and that the plans be again disapproved.**

(b) Letter from the Ministry of Health in regard to an appeal made to the Ministry by Mr. G. Winkworth against the refusal of the Council to grant permission for the carrying out of certain additions to the dwelling house known as "The Gables," Colindeep Lane, Hendon.

Your Committee

**RECOMMEND—That the Officers take the necessary action in the matter.**

6.—**EXTENSION OF ST. PAUL'S CHURCHYARD, MILL HILL**: Letter from Mr. A. W. Hall, Hon. Secretary of St. Paul's Parochial Church Council, Mill Hill, forwarding a petition signed by 925 residents in Mill Hill urging the Council to include in their Town Planning Scheme an area of land adjacent to the Parish Churchyard at Mill Hill for an extension thereof.

Your Committee considered reports from the Officers upon the matter and instructed the Surveyor to negotiate with the representatives of the Parochial Church Council on the lines submitted in his report.

Your Committee propose to give this matter further consideration at their next meeting.

7.—**BUILDING LINE, BRENT STREET, HENDON**: The Surveyor submitted an application from Mr. S. C. Tout for permission to bring forward the building line of No. 9, Brent Street, Hendon, to coincide with the building line of the adjoining premises known as "The Prince Edward."

Messrs. Baker, Cooke & Co. suggested that having regard to the volume of traffic which it was anticipated would make use of the roads in question, and the probable development of the surrounding land, that the Council's Town Planning Scheme should be amended in order that the sites referred to might be developed for shops and business premises.

The Surveyor suggested that Messrs. Baker, Cooke & Company should be informed that if a suitable scheme was submitted to the Council they would be prepared to exercise their powers under the Town Planning Scheme and give favourable consideration to the proposal for the erection of shops and business premises in the area in question.

After due consideration, your Committee

**RECOMMEND—That the Surveyor's suggestion be adopted.**

9.—HOLCOMBE HILL, MILL HILL: Letter from Mrs. M. A. Gombault asking for the permission of the Council to convert certain stabling at Holcombe Hill, Mill Hill, into a dwelling house.

A similar application was submitted from Mr. Bahaturianz.

After due consideration of a report from the Surveyor in regard to the matter, your Committee are unable to recommend the Council to entertain the applications.

10.—HEATHER GARDENS, GOLDERS GREEN: Letter from Mr. S. A. Hewett relative to a building in Heather Gardens, Golders Green, utilised for the repair and repainting of motor cars.

Your Committee have left the matter in the hands of the Surveyor to negotiate.

11.—BRENTMEAD PLACE, GOLDERS GREEN: The Surveyor submitted a petition signed by residents in Brentmead Place, Golders Green, protesting against the alleged establishment of a tea garden and dance hall at No. 14, Brentmead Place.

Report from the Surveyor that he had no knowledge of such a proposal.  
Your Committee

**RECOMMEND—That the petitioners be informed accordingly.**

12.—BOOTH ROAD EXTENSION: Report from the Surveyor in regard to the amended proposals submitted by Mr. J. Reynolds, Senr., in connection with the suggested extension of Booth Road, Hendon.

13.—BRENT RESERVOIR: That they had under consideration the question of re-appointing the Sub-Committee, to confer with the neighbouring authorities of Willesden and Kingsbury, in regard to the proposal for acquiring as a public open space the land on the northern and southern borders of the Welsh Harp Lake.

It will be remembered that the members originally appointed by the Council to serve on the Sub-Committee in question were Councillors Taylor, Egan, Potter, and Latham.

Your Committee

14.—BOUNDARIES—HENDON AND KINGSBURY: Letter from Messrs. Done, Hunter & Co. relative to the proposal under consideration by the Middlesex County Council for the re-arrangement of the local government districts of Middlesex, intimating that it had occurred to them that the occasion might be taken of making an adjustment of the boundaries between Hendon and Kingsbury by dealing with that part of Reets Farm which was in the Parish of Hendon, but bordered on Kingsbury.

Messrs. Done, Hunter & Co. advanced certain reasons in support of the proposal and made enquiry whether the Council would offer any objection to the transfer of the land in question from the Parish of Hendon to the Parish of Kingsbury.

After due consideration, your Committee

**RECOMMEND—That Messrs. Done, Hunter and Co. be informed that the Council cannot see their way to entertain the suggestion, and it be pointed out to them that the land in question is scheduled in the Council's Town Planning Scheme as an Open Space.**

15.—TOWN PLANNING:

(a) The Surveyor submitted draft Town Planning Scheme combining the Preliminary Statements already approved in connection with Schemes No. 1 and 2 and pointed out that the proposal differed in one particular point from the two separate plans already approved by the Council inasmuch as provision had been made for a considerable increase in the area of land reserved for public open spaces, the additional areas being indicated on the plan and embracing the following areas:—

Highwood Hill, Mill Hill	additional 24 acres.
Burton Hole Lane, Mill Hill	increase from 18 acres to 39 acres.
Land, between Sunny Hill Fields and the London and North Eastern Rly.	increase from 102 acres to 125 acres.

The Surveyor also pointed out that an additional 20 acres, adjacent to Clitterhouse Lane land, which was not included in the Preliminary Statement, had now been included in the draft scheme. He explained that in the original draft scheme an area of land for an open space had been included adjacent to the London Midland and Scottish Railway, and on the eastern side thereof. In view, however, of the fact that a considerable proportion of this land had been acquired by the Company for future widening it had now considered desirable to eliminate such land.

Your Committee understand that the total area of open space reserved in the combined scheme was now 369.1 acres. In addition it will be remembered that the Council have arranged to acquire an area of 40.9 acres from the London County Council on the Watling Estate. The Council at the present time already possessed open spaces in the district to the extent of 179.5 acres. With the proposals now submitted the total area would be 589.6 acres. Beyond this there existed 103 acres of open spaces in the district vested in the London County Council.

The Surveyor explained that when the draft scheme was approved it would not be possible to add further areas of open spaces thereto.

Your Committee consider that it would be advantageous to include the land fronting on Page Street required to preserve the existing trees, and also the existing sports field in Page Street as a private open space and instructed the Surveyor accordingly.

After due consideration, your Committee

**RECOMMEND—That the resolution of the Council passed on the 6th day of December, 1926, adopting Draft Town Planning Scheme No. 1 be rescinded and that the Council adopt the Draft Town Planning Scheme now submitted by the Surveyor and that the Map marked No. 3 be approved, such draft scheme and map to be signed and certified by Alfred Ovenden Knight, the Council's Engineer and Surveyor.**

Your Committee

RECOMMEND further—**That the necessary steps be taken in the matter.**

(b) Letter from Messrs. Done, Hunter & Co. on behalf of All Souls' College, Oxford, relative to their objection to certain land belonging to the College being scheduled in the Council's Town Planning Scheme for the purpose of open spaces and allotments.

Report from the Surveyor in regard thereto.

After due consideration, your Committee instructed the Surveyor to negotiate with Messrs. Done, Hunter & Co. upon the matter and report further thereon in due course.

### **Report of Housing Committee.**

*To the Chairman and Members of the Urban District Council of Hendon.*

Ladies and Gentlemen,

Your Committee beg to report that they met at the Town Hall, Hendon, on Monday, the 30th day of May, 1927. Present: Mr. Councillor J. H. Sturgess (Chairman), and Councillors Cartwright, Clemens, Flowers, Hearn, Holt, Morsman, Monro, Potter, Roberts, and Woods.

Your Committee beg to report as follows:—

1.—TENANCY RULES: That they received a communication from the Hendon Municipal Tenants' Association in regard to the tenancy rules.

A deputation from the Association consisting of Messrs. Clark, Harknett, Stevens, and Richardson attended before your Committee and expressed their views in regard to the interpretation of the term "lodger."

The deputation desired the Council to consider the exclusion from this category of aged parents or other relatives who tenants might wish to live with them, and also made enquiry whether consideration might also be given to tenants whose economic position required assistance to enable them to meet the rent payable for the houses.

Your Committee have given very careful consideration to the representations submitted by the deputation on behalf of the Municipal Tenants' Association, but they

Your Committee further

RECOMMEND—That a communication be sent to each of the Council's Tenants on their various Housing Estates informing them of the terms of the above resolution.

Your Committee also

RECOMMEND—That the Association be informed that their suggestion for the appointment of a Joint Sub-Committee consisting of representatives of the Tenants' Association and the Housing Committee cannot be entertained.

**TRAFFIC CONTROL:** Letter from the Commissioner of Police in further reference to the subject of the control of traffic at the junction of Cricklewood Lane and the Watford By-Pass Road, intimating that during the past twelve months, since the section of the By-Pass Road, between Finchley Road and Cricklewood Lane, had been open for vehicular traffic, five accidents only, within the knowledge of the Police, had occurred at the junction in question.

The Commissioner stated that the Council were no doubt aware that cross road signs existed at each of the four roads, such signs being illuminated at night, and with this ample warning to drivers, and the exercise of reasonable care, no danger should be experienced. He intimated that upon consideration of the whole matter, and having in view the fact that the traffic was not heavy, he did not feel that the appointment of a Constable on traffic duty was, at present, justified. He suggested that the Council should consider the provision of at least two additional high power lamps in the vicinity in question.

After due consideration, Mr. Councillor Woods moved:—

**That a further strong appeal be made to the Commissioner of Police, urging him to reconsider the matter, with a view to arrangements being made for the appointment of a constable on traffic duty at the junction of the roads referred to.**

Mr. Councillor Egan seconded the motion.

Upon the motion being submitted to the meeting the Chairman declared the same to be carried unanimously.

MALGAMATION OF DISTRICTS: The Council received a report in reference to the attendance of representatives who had conferred with the Edgware Parish Council and the Edgware Ratepayers' Association regarding the proposal that the Parish of Edgware should be amalgamated with and form part of the Urban District of Hendon.

The Clerk reported the receipt of a communication from the Middlesex County Council in reference to the Council's application for the extension of their boundary by the inclusion of a portion of the Hendon Rural District, namely, the Parish of Edgware, intimating that the County Council had decided that a *prima facie* case had been established for the extension of the boundaries of the Hendon Urban District and had resolved that the Council's application should be included with those of other surrounding Districts for consideration at the Inquiry which would be held approximately about the middle of October next.

A communication was also reported from the Chairman of the Public Health, Housing and General Purposes Committee of the Middlesex County Council in reference to the proposed Inquiry as to the Amalgamation of areas in North-Western Middlesex, suggesting the desirability of ar-

ranging a conference between representatives of the petitioning authorities in order to ascertain to what extent, if any, the procedure might be simplified, and the Inquiry shortened with a view to economy generally.

The Chairman intimated that should the authorities concerned agree to hold a conference, arrangements could be made for the use of a room at the Middlesex Guildhall, and an independent Chairman could be appointed.

The Council gave careful consideration to the report and to the correspondence submitted, and upon the motion of Mr. Councillor Cartwright, seconded by Mr. Councillor Taylor, it was unanimously

**RESOLVED—That the Council proceed for the present time on the lines which have been agreed, namely, to limit their application to the inclusion of the Parish of Edgware.**

Upon consideration of the letter from the Chairman of the Public Health, Housing & General Purposes Committee of the Middlesex County Council, upon the motion of Mr. Councillor Roberts, seconded by Mr. Councillor Flowers, it was

**RESOLVED—That the Council approve of the principle of holding a Conference of the Authorities concerned and that Mr. Barber be informed accordingly.**

**RESOLVED—That the same be approved, and that the Common Seal of the Council be affixed to such Memorial.**

## LOCAL GOVERNMENT ACT, 1888: Section 57.

### Urban District Council of Hendon.

#### The MEMORIAL of the Urban District Council of Hendon in the County of Middlesex and within the Area of the Hendon Union.

To the MIDDLESEX COUNTY COUNCIL, GUILDHALL,  
 WESTMINSTER, S.W. 1. The Memorial of the Urban District Coun-  
 cil of Hendon in the County of Middlesex being a proposal made by the  
 Council under their Common Seal pursuant to Section 57 of the Local  
 Government (England and Wales) Act, 1888.

#### SHEWETH—

1.—The Urban District Council of Hendon in the County of  
 Middlesex, in pursuance of a Resolution passed by the said Council, a copy  
 of which is annexed hereto, hereby respectfully represent to the Middlesex  
 County Council that an alteration of the existing boundaries of the Urban  
 District of Hendon is desirable so as to include the Parish of Edgware  
 within the area of the Urban District of Hendon such area comprising the  
 Parish of Edgware aforesaid, being shewn on the Ordnance Survey Map,  
 which accompanies this Memorial and is thereon coloured pink and that  
 such area of the Parish of Edgware aforesaid shall cease to form part of  
 the area under the control of the Rural District Council of Hendon, and  
 shall be transferred to and form part of the Urban District of Hendon and  
 that the boundaries of the Districts shall be altered accordingly.

2.—The Urban District of Hendon comprises an area of 8,382  
 acres as shewn by the colour green on the Ordnance Survey Map accom-  
 panying this Memorial and contains property of a Rateable Value for Poor  
 Rate purposes of £879,256 and an Assessable Value for District Rate  
 purposes of £854,222 (both at the 31st day of March, 1927) and has a  
 population according to the Census of 1921 of 56,013, which is now  
 estimated, June 1927, at a population of 75,747.

It is bounded by the said Parish of Edgware, the Parishes of  
 Elstree, Chipping Barnet, Shenley, Totteridge and Finchley on the north,  
 by Hampstead on the east and south and by Willesden, Kingsbury and  
 Little Stanmore on the south and west.

3.—This Memorial is submitted under Section 57 of the Local  
 Government (England and Wales) Act, 1888, and your Memorialists are  
 satisfied after careful consideration that the transfer of the Parish of

Edgware to the Urban District of Hendon and the amalgamation of the two areas would be to the material advantage of the two districts.

In pursuance of an Order issued by the Local Government Board on the 21st day of March, 1879, the Parish of Hendon was formed into a Local Government district and a Local Board consisting of twelve members was duly elected, the District being divided into three wards, such wards being termed respectively the Mill Hill Ward, the Child's Hill Ward and the Hendon Ward.

The Local Board for the District of Hendon made application to the Local Government Board to sanction the adoption of the name of the "Hendon Local Board" and the Local Government Board by instrument under Seal dated the 14th day of January, 1881, sanctioned the adoption of the said name.

In pursuance of an Order made by the Middlesex County Council dated the 28th day of June, 1894, the number of members of the said Local Board was under the provisions of the Local Government Act, 1894, increased from twelve to fifteen.

In the year 1894 under the provisions of the Local Government Act, 1894, the District of the said Hendon Local Board became the urban district of Hendon administered by a Council of fifteen elected members.

In pursuance of an Order made by the Middlesex County Council dated 11th day of March, 1914, the number of members of the Urban District Council of Hendon was increased from fifteen to twenty.

In pursuance of an Order made by the Middlesex County Council dated the 2nd day of January, 1919, the number of members of the Urban District Council of Hendon was increased from twenty to twenty two and under such Order the Urban District of Hendon was divided into six wards, viz.:—

Central Hendon Ward.  
Child's Hill Ward.  
Garden Suburb Ward.  
Golders Green Ward.  
Mill Hill Ward.  
West Hendon Ward.

In pursuance of an Order made by the Middlesex County Council on the 21st day of January, 1924, the number of members of the Urban District Council of Hendon was increased from twenty-two to twenty-three and under such Order certain variations of the boundaries of the Child's Hill Ward and Golders Green Ward were determined.

The Urban District of Hendon is now governed by the Council twenty-three in number.

The District ranks as one of the most populous and important Local Government areas administered by an Urban District Council in the County of Middlesex.

as one of the most populous and important  
nistered by an Urban District Council in the

The population and rateable value have increased greatly as is  
shewn by the following table:—

Year.	Population.	Poor Rate. Rateable Value 1st April,
1901 (Census)	22420	154,398
1911 (Census)	38800	273,384

1923 (Estimated)	60495	623,646
1924 (Estimated)	64444	667,721
1925 (Estimated)	66922	771,842
1926 (Estimated)	71111	826,690
1927 (Estimated)	75747	879,256

The population is mainly of a residential character being largely  
composed of persons engaged in the Metropolis. Of recent years ex-  
tensive factories, chiefly relating to the motor, electrical and allied  
industries, have been erected in the area.

The Urban District of Hendon continues to grow rapidly and there  
is evidence that the great growth of the population and the development  
indicated by the above table will be maintained in the future.

The number of occupied dwelling houses in the district now  
exceeds 15,993, of which not less than 4,965 have been erected since  
the census of 1921, and the development of the district is likely to  
continue as there are many large building estates now being rapidly built  
over.

The District is exceedingly well served by Railways, having three  
stations on the Main Line of the London Midland and Scottish Railway,  
viz., Cricklewood, Hendon and Mill Hill.

There are two Railway Stations at Mill Hill on the Branch Line  
of the London and North-Eastern Railway. But perhaps the most  
important feature of all is the Hampstead Tube from Charing Cross to  
Edgware. There are five stations on the Tube Railway in the District  
connecting with Edgware, viz., Golders Green, Brent, Central Hendon,  
Colindale, and Burnt Oak, this Tube Railway affords frequent and rapid  
service to the City and West End of London at exceedingly reasonable fares.

The London General Omnibus Company run services of 'buses  
to all parts of the District and through the Main Finchley Road, Crickle-  
wood Lane and the Main Edgware Road a service of trams is operative.

The District has three Electoral Divisions in the administrative  
County of Middlesex, viz., Hendon East, Hendon North and Hendon  
West, for the election of County Councillors for Middlesex, each division  
being represented by one Councillor.

The Urban District of Hendon is included in the petty sessional  
division of Gore in the administrative County of Middlesex, and a Court  
is held weekly at the Court House within the district. The Parish of  
Edgware is included in the same petty sessional division.

The Urban District of Hendon forms part of the Hendon Poor Law Union and constitutes nearly one-half of the whole of the poor law value of such Union. The Parish of Edgware is within the same Union.

The District, with neighbouring small parishes, including Edgware, forms the Hendon Parliamentary Division of the County of Middlesex. There are at the present time 31,770 Parliamentary electors in the Urban District of Hendon.

The various properties vested in the Council consisting of lands, buildings, etc., represent a total value at the present time of upwards of £705,618.

The rates levied in the District are comparatively low. The District Rate for the year ended 31st March, 1927, being  $\frac{3}{6}$  in the £ and the Poor Rates for the same period  $\frac{4}{10}$  in the £, or a total of  $\frac{8}{4}$  for the year. This figure compares most favourably with any other District within the same radius of Charing Cross. The produce of a penny rate for District Rate purposes is £3.291, and for Poor Rate purposes £3.402 (at 31st March, 1927).

For the purpose of providing for the proper administration and equipment of the district, the Council have from time to time borrowed with the sanction of the Local Government Board and the Ministry of Health, considerable sums of money, but having regard to the property and assets thereby acquired and the rateable value of the district the outstanding loan debt is a very moderate one and the financial position of the district is exceptionally sound.

The following is a Table of Capital Outlay and Loan debt:—

h the question of administration your Mem

(1) The Urban District of Hendon is efficiently sewer  
 and the sewerage systems, pumping stations and sewage dis  
 posal works are vested in the Council who have carried out  
 recently extensive improvements and enlargements thereof and  
 the additional area of the Parish of Edgware is so situated  
 geographically that it can be readily connected to and form part  
 of the general sewerage system of the Urban District  
 of Hendon.

(2) The District is efficiently lighted by means of gas  
 lamps of the most modern type, the supply being provided by  
 the Gas Light and Coke Company and the North Middlesex  
 Gas Company, and no difficulty would arise in connection with  
 the extension of the lighting area to embrace the Parish of  
 Edgware.

The District is supplied by electricity by the Hendon  
 Electric Supply Company, Limited, whose undertaking is pur  
 chasable by the Council.

(3) The Council possess a modern and well-equipped  
 Town Hall with land adjacent thereto for extension, with an  
 adequate administrative staff. The situation of the  
 Town Hall is such as to render it reasonably  
 accessible for the ratepayers of the Parish of Edg  
 ware. From a geographical point of view it will  
 be observed from the Ordnance Survey Map which ac  
 companies this Memorial that the Parish of Edgware could  
 readily be constituted an additional Ward of the Urban District  
 of Hendon if, in the opinion of the Middlesex County Council,  
 such a proposal should be deemed expedient.

(4) The Council possess an up-to-date Fire Station with  
 an efficient Fire Brigade and a comprehensive system of Fire  
 Alarms. They have two Motor Fire Engines and a Motor  
 Ambulance and have acquired a site for the erection of a Fire  
 Station in the Mill Hill Ward of their District and propose in  
 the near future to erect such Station, which would adequately  
 provide all necessary services for fire extinguishment in the  
 Parish of Edgware, that Parish being immediately contiguous  
 to the said Mill Hill Ward of the Urban District of Hendon.

(5) Your Memorialists submit that they may reasonably  
 claim that the sanitary administration of their District has  
 reached a high standard. They employ the whole of the ser  
 vices of a Medical Officer of Health, and a Lady Assistant  
 Medical Officer of Health, with four Sanitary Inspectors pos  
 sessing the essential qualifications and they claim that with very  
 slight addition to the staff they could adequatly provide for  
 the sanitary control of the larger area which would arise in the  
 event of the Parish of Edgware being added to their administra  
 tive area. They submit that the transfer of the Parish of  
 Edgware could be more economically administered from  
 a sanitary point of view as part of the Urban District

of Hendon than the amalgamation of that area with any other district in Middlesex.

The Council have availed themselves of the facilities offered for improving the conditions of the District and promoting the health of the inhabitants thereof.

The death rate is very low, the present death rate being 10.17 per thousand of the population. The death rate calculated however on the deaths of residents only is 6.38 per thousand of the population. The Council have established five Child Welfare Centres, conveniently situated; and also Dental and Ophthalmic Clinics in the Central Ward.

(6) The Council have an Infectious Diseases Hospital and propose in the near future to erect a modern and up-to-date Hospital, recently sanctioned by the Ministry of Health, for the treatment of infectious diseases with sixty beds. The Council is a constituent member of the Middlesex Districts Joint Smallpox Hospital Board under which provision is made for the treatment of Smallpox. They possess a modern motor ambulance for the conveyance of patients and a motor ambulance for accidents. These facilities could be readily adapted to embrace the additional area of the Parish of Edgware.

(7) The Council have adopted the Libraries Acts and have prepared a scheme for the provision of a Central Public Library which is now before the Ministry of Health. In the meantime they have established a Juvenile Library Service which has proved very successful, no less than 11,361 books having been issued since the inauguration of the Scheme in January last.

(8) The Council have made adequate provision for dealing with House Refuse and an efficient Refuse Destructor (erected at a cost of £26,750) is practically completed and will shortly be in operation.

(9) The Council have recognized the importance of providing Housing accommodation in their District and 511 houses have been erected therein at a total cost of £366,113. The Council are continuing the policy of providing further accommodation and have further schemes for the erection of 476 additional houses in hand.

(10) The Council have dealt with the need of Allotments in their District, an area exceeding 115 acres has been provided for this purpose, and there are at present approximately 1,450 allotment holders.

(11) The Council have made provision for open air bathing in a convenient situation near the main Edgware Road, the bath being 132 feet in length by 66 feet in width with suitable

spital Board under which provision is made

conveyance of patients and a motor ambulance.  
These facilities could be readily adapted to

ncil have adopted the Libraries Acts as  
heme for the provision of a Central Public  
ow before the Ministry of Health. In the  
ave established a Juvenile Library Service  
very successful, no less than 11,361 books  
d since the inauguration of the Scheme.

ncil have made adequate provision for the  
Refuse and an efficient Refuse Destruction  
of £26,750) is practically completed and will  
ation.

ncil have recognized the importance of pro-  
accommodation in their District and so  
erected therein at a total cost of £366,143  
continuing the policy of providing further

ouncil have dealt with the need of Allotment  
District, an area exceeding 115 acres is  
for this purpose, and there are at present  
1,450 allotment holders.

ouncil have made provision for open air  
ent situation near the main Edgware Road  
feet in length by 66 feet in width with sub-

dressing boxes. The Electric Trams running along the Main Edgware Road to Edgware render this provision easily accessible for the persons resident in the Parish of Edgware.

(12) The Council have taken full advantage of their powers under the Town Planning Acts, having town planned the whole of the District capable of being dealt with. It will be quite practicable to administer the Town Planning Scheme of the Parish of Edgware which is similar in character to that of the Hendon area.

(13) The District is well supplied with Open Spaces and Recreation Grounds, having a total area of over 170 acres owned by the Council.

(14) Under the Education Act, 1902, the Council became the Local Education Authority for their District and submitted to the Board of Education on the 18th day of June, 1903, and obtained the approval of the Board to a scheme under Section 17 of the said Act; such scheme has since been administered with great success by an Education Committee appointed by the Council; there are within the Council's District eight Council Schools providing accommodation for 6,348 children and seven non-provided schools providing accommodation for 1,623 children, in all a total of 7,971 children. There are also a number of voluntary schools in the District. It is respectfully submitted that the administrative staff for the purposes of education could readily and economically be extended to embrace the Parish of Edgware.

(15) The total length of public highways in the Urban District of Hendon is upwards of 75 miles repairable by the Council and they are maintained by them in a most efficient state of repair. It is respectfully submitted that the addition of the highways in the Parish of Edgware to the Council's area could be efficiently and effectively dealt with.

(16) The arterial roads nearing completion in Hendon connect with similar roads in the Edgware area, thus forming direct communication from Edgware to the Central portion of Hendon.

5.—Having regard to the proceedings of the Royal Commission on Local Government it is apparent that some regrouping of Local Government areas in this part of the County of Middlesex will become necessary and it appears to be desirable that steps should be taken to bring about amalgamation or union with larger areas of some of the smaller local government districts so as to reduce the number of Local Authorities outside the administrative County of London. Having regard to the fact that the Parishes of Hendon and Edgware are of an identical character it is submitted that the amalgamation of these two areas is most desirable.

There clearly exists a community of interest between the Hendon Urban area and the Parish of Edgware. The chief means of communication to the Metropolis both by road or by rail are common to both Districts.

6.—In view of the developments now taking place in the Parish of Edgware since the extension of the Hampstead Tube to that area the need for Urban Powers for this District has become apparent.

Your Memorialists therefore respectfully make application to the Middlesex County Council to make an Order under the provisions of Section 57 of the Local Government (England and Wales) Act, 1888, for the amalgamation of the Parish of Edgware with the Urban District of Hendon.

*The Common Seal of the Urban District Council of Hendon was affixed hereto in pursuance of a Resolution passed at a meeting of the Council held on the fourth day of July 1927, in the presence of:—*

AMALGAMATION PROPOSALS: That they received a letter from the Clerk to the Little Stanmore Parish Council as to a Joint Meeting with the Little Stanmore Parish Council and the Committee and the Edgware and District Ratepayers Association which had taken place in regard to this subject. Enquiry was made whether the Council would receive a deputation from the two bodies to consider the question of regrouping of areas and the possible inclusion of Little Stanmore in the Hendon area.

Mr. Councillor Latham moved that the Council receive a deputation and that they be invited to attend a special meeting to be held on Monday next the 25th instant at 5. 30.

Mr. Councillor Clemens seconded the motion.

proposals.

It appeared that each of the Authorities concerned had expressed their willingness to meet upon this matter and enquiry was made as to whether the Hendon Council desired that an independent Chairman should be invited to act on that occasion.

Upon the motion of Mr. Councillor Taylor seconded by Mr. Councillor Cartwright IT WAS UNANIMOUSLY RESOLVED- That the question of Chairmanship be left entirely to the Middlesex County Council.

The Council then gave consideration to the proposal which had been made in regard to the inclusion of the Parish of Little Stanmore in the Urban District of Hendon and after very careful consideration upon the motion of Mr. Councillor Latham seconded by Mr. Councillor Cartwright IT WAS UNANIMOUSLY RESOLVED- That save and excepting as the Commissioner may decide the Hendon Council do not take any steps for the inclusion of Little Stanmore or Great Stanmore within the Urban Area of Hendon.

Upon the motion of Mr. Councillor Latham seconded by Mr. Councillor Clemens, IT WAS RESOLVED- That the Minutes of this Extraordinary Meeting be recorded in manuscript in the Council's Minute Book.

WILLESDEN: The Clerk reported that he had received from the Willesden Urban District Council a copy of the application which they had submitted to the Middlesex County Council for the extension of their area, which proposal, inter alia, included an application to take within an enlarged area for Willesden the portion of the Urban District of Hendon lying to the west of the Edgware Main Road.

The application stated that the inclusion of the area of the Hendon District was for the purpose of rectification of boundaries.

Upon the motion of Mr. Councillor Latham seconded by Mr. Councillor Maar, IT WAS RESOLVED- That the Council strongly oppose the application of the Willesden Urban District Council and that the necessary representation against the proposals of the Willesden Urban District Council be prepared.

1.—REQUISITIONS: That they received a requisition of goods and materials required by the Surveyor and approved same for submission to the Requisitions Committee.

2.—BASING HILL OPEN SPACE: Letter from the Secretary of the Reginald Clifford Poulter Open Spaces Trust intimating that the Trustees could not see their way to make a grant towards the cost of the acquisition by the Council of the open space at Basing Hill, Golders Green.

**RECOMMEND accordingly.**

It appeared therefrom that the Ministry had informed the Wealdstone Council that they were not prepared, at this stage, to express an opinion upon the relative merits of the matter. In view of the intention of the Hendon Council to construct certain main sewers in their district of such capacity that they would be able to deal with the sewage from the Parish of Edgware, the Ministry had suggested to the Wealdstone Council that the technical advisers of the three Councils concerned, viz., Wealdstone and Hendon Urban Councils, and the Hendon Rural Council, should confer with a view to agreeing the most desirable course of action to be taken in the matter.

7.—HOUSING (RURAL WORKERS) ACT: Letter from the Ministry of Health relative to the application of the Council under the proviso to Section 5 (1) of the Housing (Rural Workers) Act, 1926, to be constituted the local authority for the purpose of the Act, intimating that the Ministry had been informed by the Middlesex County Council that they were formulating a scheme under the Act in question, for the County of Middlesex, and they did not consider that the Urban District of Hendon should be excluded from the scheme. The Ministry had carefully considered the Council's application, but they did not see sufficient reason for declaring the Urban District Council of Hendon to be the local authority for the purposes of the Act within their area. They referred to the provisions in the Act under which the County Council might enter into arrangements with District Councils for securing their assistance in the administration of the Act and expressed the hope that the Council would be willing to co-operate with the County Council, if necessary, with a view to securing the efficient working of the scheme.

**RECOMMEND—That the offer submitted by Mr. Main be accepted and that an agreement be entered into in connection therewith.**

- 10.—**FLOWER LANE, MILL HILL**: The Surveyor submitted a communication signed by certain property owners in Flower Lane, Mill Hill, relative to the improvement works recently carried out in the road, making certain suggestions for the carrying out of further works adjacent to their premises.

Your Committee instructed the Surveyor to negotiate with the property owners in question and report further thereon in due course.

- 11.—**OMNIBUS FACILITIES**: Letter from the Traffic Superintendent, London General Omnibus Company, Ltd., in further reference to the proposal that the Services No. 83 and 183 should operate in Queen's Road and Vivian Avenue, Hendon, intimating that the change in the route would take place on the 20th inst. and not the 13th as originally intended.

With regard to the enquiry made by the Council as to whether a service of buses would be maintained between Golders Green and West Hendon, traversing Brent Street, Church Road, and The Burroughs, the Company intimated that Service No. 13, at present operating between London Bridge and "The Bell," Hendon, would be extended to West Hendon, and in addition Service No. 28 would run to West Hendon on Sundays instead of terminating at "The Bell."

Your Committee have noted the contents of such communication with satisfaction.

- 12.—**EDGWARE ROAD FENCING**: Letter from the Middlesex County Council in reference to the proposal to erect an unclimbable iron fence in the neighbourhood of The Hyde School, Edgware Road, adjacent to the Silk Stream, intimating they were unable to make a contribution towards the expense involved.

Your Committee instructed the Surveyor as to the action to be taken in the matter.

- 13.—**WATFORD BY-PASS ROAD**:

(a) Letter from the Middlesex County Council relative to the illuminated sign proposed to be provided at the junction of Colindeep Lane and the Watford By-Pass Road, intimating that they were prepared to contribute a moiety of the cost of the provision and erection of the post but were unable to contribute towards the cost of the apparatus for lighting or the annual upkeep of the lighting installation. **Noted.**

(b) Reference was made to the desirability of providing a Cross Road Warning Sign at the foot of Greyhound Hill, adjoining the Watford By-Pass Road, and your Committee

**RECOMMEND—That the Middlesex County Council be asked to provide such a sign.**

- 14.—**DEANS LANE, MILL HILL**: The Surveyor submitted an application from Messrs. C. J. Wills and Co. asking for the permission of the Council to construct a temporary level crossing over Deans Lane at a point approximately 150 yards from Orange Hill, it being proposed to provide gates in connection with the crossing and also notices at convenient centres warning traffic of the existence of the level crossing.

After due consideration, your Committee

**RECOMMEND**—That the application be acceded to subject to Messrs. Wills and Co. indemnifying the Council against any accidents which might arise owing to the existence of the level crossing.

- 15.—GARAGES—BABINGTON ROAD, HENDON: Letter from Mr. E. E. Etherington relative to the Council's requirements as to the lighting of the entrance to his garages adjoining Babington Road, Hendon.

Report from the Surveyor suggesting that a red light should be provided in such a position to be visible by pedestrians using the footpath, between Church End and the entrance to the garages, and also persons coming down Babington Road.

After due consideration, your Committee

**RECOMMEND**—That the Surveyor's suggestion be adopted and that Mr. Etherington be informed accordingly.

- 16.—GOLDERS MANOR DRIVE: Letter from Mr. W. H. Dobb protesting against the Council's Refuse Carts traversing Golders Manor Drive on their way to the shoot and suggesting that they should take another route.

Your Committee have no recommendation to make upon the matter.

- 17.—GREYHOUND HILL WIDENING: Enquiry was made in regard to the proposal for the carrying out of widening works at Greyhound Hill, Hendon, and the Surveyor explained the position of the matter.

APPLICATION NO. 8284: The Surveyor reported that this application for additions at the rear of "Pasadena" Golders Green Road, had been withdrawn. **Noted.**

2.—REQUISITIONS: That they received a requisition from the Surveyor for the supply of copies of the Town Planning Map and approved same for submission to the Requisitions Committee.

3.—BUNGALOW—BYRON ROAD, MILL HILL: Letter from the Ministry of Health forwarding a copy of a communication addressed to the Ministry by Mr. S. T. Weeks relative to the Council's requirement that a Bungalow erected under special permission at Byron Road, Mill Hill, should now be removed, and asking for the Council's observations in regard thereto.

Upon the consideration of paragraph 1 of the report dealing with the allotment of houses; in the case of 3033, your Committee

**RECOMMEND—That the matter be referred back to the Sub-Committee for further consideration and that such Sub-Committee be invested with power to act.**

Your Committee have given further consideration to this application, but they have no recommendation to make in regard thereto.

Your Committee

RECOMMEND—That such report as amended be approved and adopted.

4.—HOUSING TENANTS: That they interviewed housing tenants in regard to alleged contravention of the regulations:—

Your Committee RECOMMEND as follows:—

Mr. W. Lown, 64, Sturgess Avenue.—That a further report be submitted at the next meeting of the Committee as to the arrangement suggested to the tenant.

Mrs. Strange, 4, Sturgess Avenue.—That notice to quit be issued.

Mrs. Knight, 25, Riverside.—No appearance.—That the tenant be called upon to attend the next meeting of the Housing Sub-Committee.

RECOMMEND—That in this case consent be given.

A letter from the Commissioner of Police in reference to Housing applications in respect of Police Officers was considered and noted.

5.—BRENT HILL ESTATE: That they received a report from the Surveyor as to applications for consent to erect sheds as follows:—

ADDRESS.	APPLICATION FROM.	PARTICULARS, ETC.	RECOMMENDATION.

6.—BITTACY HILL HOUSING ESTATE: Report from the Engineer that the houses on this Estate had now been occupied for a period of three years, and in most cases it was desirable that internal decoration should be carried out. He estimated the cost of the work would not exceed £200.

Your Committee

RECOMMEND—That such work be carried out in the Autumn.

7.—THE HYDE HOUSING SCHEME: Report from the Engineer as to the progress made with this scheme since the last meeting. Six hundred feet of road had been constructed and 1,400 feet of surface water drainage laid. 24 houses were in hand, of which number 12 had been completely roofed in, and in the case of four houses, the internal work had been practically completed. Dealing with the scheme for lighting in the houses, the Surveyor reported that he had conferred with the Gas Light & Coke Company and arranged with them to lay all the necessary mains on the estate and services to the houses, and also for gas cooker, gas copper, etc., without any increase on the original figure. In view of the necessity of proceeding with the work, and to avoid delay in completion of the houses, he had reported the matter to the Chairman who had given authority to proceed.

Your Committee approved the action taken.

The Surveyor asked for authority to arrange the necessary agreement between the Council and the Hendon Electric Supply Company in accordance with the terms of their letter of May the 19th, 1927.

Your Committee approved the same.

8.—HOUSING SITES: Report from the Engineer that in accordance with the Committee's instructions he had further considered the question of providing sites for future houses, from which it appeared that considerable difficulty had been experienced in securing a site which could be acquired at a reasonable figure. The Engineer referred to the site at Clitterhouse Lane, adjacent to which was an area of land owned by the Council acquired for Allotment purposes, but there did not appear to be any prospect of the land being taken up for that purpose. It was possible that arrangements might be made, subject to the necessary consents being obtained, for the land to be appropriated from allotment purposes to housing purposes.

If this could be arranged a Housing Scheme could be carried out on the combined area, and he submitted a lay out plan showing 320 houses which could be erected on 22½ acres of land.

Your Committee have given careful consideration to the proposals submitted by the Engineer and have come to the conclusion that the Scheme is one which should meet with approval. They, therefore,

RECOMMEND—That application be made to the Ministry of Agriculture and Fisheries, and also to the Ministry of Health for consent to the appropriation of the land at present reserved for allotment purposes for purposes of a housing site.

That the Council approve of the lay out submitted by the Surveyor for the provision of 320 houses on land at Clitterhouse Lane and that plans be prepared to provide for one-third of the houses to be of the two-bedroom type and two-thirds of the three-bedroom type.

That in due course application be made to the Ministry of Health for sanction to the necessary loan for such scheme.

9.—THE HYDE HOUSING SCHEME: In regard to the suggestion as to utilising further land at The Hyde, the Engineer reported that in view of the levels of the land he could not recommend the Committee to adopt the proposal, and in regard to the development of the site at Cool Oak Lane, in view of the heavy expenditure which would be involved in connection with the provision of sewerage facilities, your Committee have no recommendation to make thereon at the present time.

10.—RENTAL PURCHASE SCHEME: Your Committee have received a report as to this scheme, and noted the contents thereof.

## Report of Outdoor Committee.

*To the Chairman and Members of the Urban District Council of Hendon.*

Ladies and Gentlemen,

Your Committee beg to report that they met on the 20th day of July, 1927. Present: Mr. Councillor Bowers (Chairman), together with Councillors Mrs. Eannister, Mrs. Thomas, Egan, Hearn, Holt, Monro, Potter, Roberts, Taylor, Reynolds, and Weeks.

Your Committee beg to report as follows:—

1.—HAMPSTEAD WAY—TREES: That they made an inspection of certain trees in this road, in particular opposite Nos. 157 and 159, Hampstead Way, in respect of which it had been suggested that such trees should be removed.

Your Committee came to the conclusion that an improvement would be effected if the two trees were lopped. They

RECOMMEND—That this course be adopted.

Your Committee further

RECOMMEND—That it be suggested to the occupier of 159, Hampstead Way that the laburnum tree in the forecourt of the premises might with advantage be lopped.

2.—FINCHLEY ROAD, TEMPLE FORTUNE PARADE: That they made an inspection of the footway paving at Temple Fortune Parade, in connection with the suggestion made by Messrs. Wells and Hind on behalf of Boots Cash Chemists, that the Council should provide a riser in place of the existing step at the entrance to their Client's shop premises.

Your Committee have given careful consideration to the suggestion but are unable to recommend the Council to accede to their request. They

RECOMMEND—That Messrs. Wells and Hind be informed accordingly.

3.—FINCHLEY ROAD, TEMPLE FORTUNE: That they made an inspection of the roadway at Temple Fortune, near Bridge Lane, in connection with the suggestion of the Garden Suburb Residents' Association that a refuge should be provided in the middle of the road in this vicinity.

Your Committee came to the conclusion that it would be impracticable to place a refuge at this point as it would necessitate altering the tramway tracks. They

RECOMMEND—That the Association be informed that whilst the Council are in sympathy with the suggestion they regret they are unable to accede to the request, in view of the difficulties involved.

—HOOP LANE: That they made an inspection of the footway at Hoop Lane, near the junction with Finchley Road, in connection with the suggestion of the Garden Suburb Residents' Association that kerbing should be provided to afford protection to the footpath and the trees, which had been damaged by heavy vehicular traffic.

Your Committee consider that an improvement would be effected by the provision of kerbing and they

RECOMMEND—That the Engineer submit an estimate of the cost of providing kerbing from the end of the existing kerb to the entrance to the Crematorium for consideration at the next meeting of the Highways Committee.

5.—CHILD'S HILL TELEPHONE KIOSK : That they made an inspection of the suggested site for the telephone kiosk at Child's Hill, but in view of the projection on the public footpath, your Committee came to the conclusion that the site would not be suitable.

They are, therefore, unable to approve of the same.

6.—SEATS : Your Committee gave consideration to the suggestion for the provision of seats for the convenience of omnibus passengers near "The Castle," Child's Hill. They

**RECOMMEND—That a seat be provided on the Finchley Road, near No. 707, subject to the occupier offering no objection thereto.**

They further

**RECOMMEND—That enquiry be made of the owners of "The Castle" Hotel as to whether a seat could be provided in the forecourt of their premises.**

7.—WATFORD BY-PASS ROAD : That they made an inspection of the junction of Crickewood Lane and the Watford By-Pass Road, and gave consideration to further communication from the Commissioner of Police regarding the representation of the Council.

The Commissioner intimated that in view of the fact that there was no appreciable increase in the traffic at this junction the appointment of a constable to deal with it was not at present necessary. The matter would, however, be kept under observation and the question of the need for further traffic points would receive consideration if necessity arose. Your Committee are informed that there are four illuminated signs at this spot, and they

**RECOMMEND—That the two existing lamps be removed to the junction of the By-Pass Road and Crickewood Lane and that higher power burners be provided.**

Your Committee also inspected the junction of The Vale and the Watford By-Pass Road, in connection with the suggestion for the provision of seats. They

**RECOMMEND—That enquiry be made of the Middlesex County Council as to whether they would be prepared to give the matter favourable consideration.**

8.—PRINCES PARK OPEN SPACE : That they made an inspection of the Princes Park Open Space, in connection with the petition received from residents as to annoyance from the swings in the open space.

The Council will recollect that it has already been decided to remove one swing to another position in the open space, and further your Committee understand that the swings are taken down on Sundays.

They have come to the conclusion that the steps proposed will mitigate any complaint and they have no further recommendation to make in regard thereto.

9.—HENDON PARK :

(a) That they made an inspection of the Hendon Park in connection with the application of the University of London for a site for a proposed Observatory. The site suggested by the College Authorities consisted of a quarter-of-an-acre of ground at the higher end of the Park facing Queen's Road, but after careful consideration of the matter, your Committee came to the conclusion that it would be impracticable to utilise the Park for Observatory purposes. They, therefore,

**RECOMMEND—That the University Authorities be informed that the Council very much regret they are unable to accede to their request for land in the Hendon Public Park, but that a suggestion be made for negotiations for another site.**

(b) That they made an inspection of the Children's playground, in reference to a complaint by Mr. S. A. Moore, as to annoyance therefrom.

It appeared that the complaint emanated from residents on the other side of the Electric Railway, and your Committee are unable to recommend the Council to take any action in regard to the suggestion for the removal of the playground.

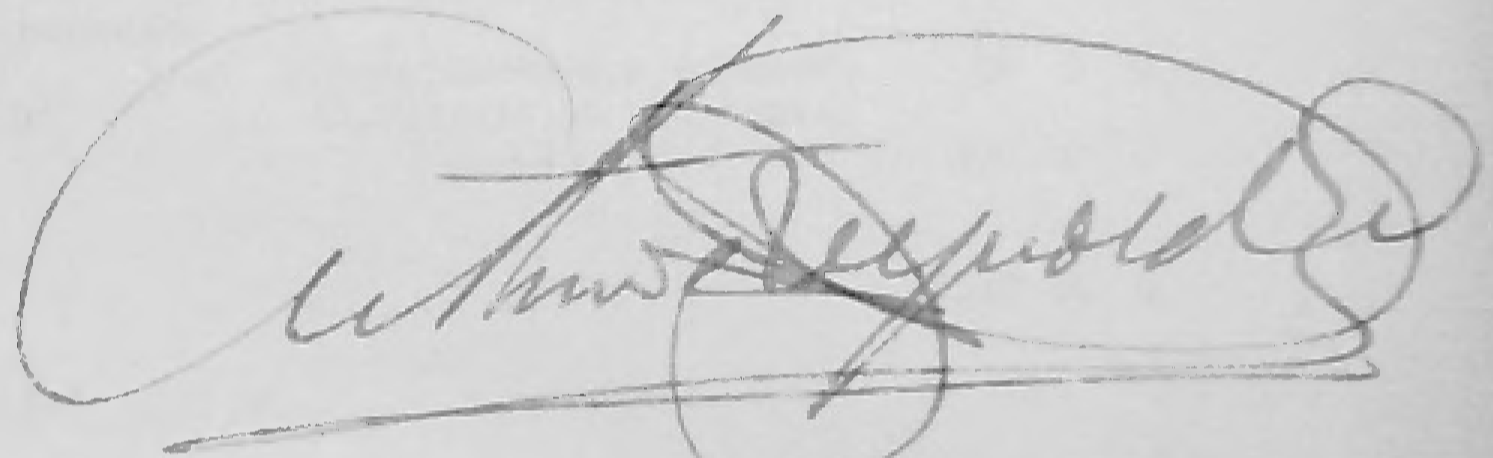

- 10.—BRENT STREET: That they made an inspection of the paving at Brent Street, opposite the Police Station, and your Committee came to the conclusion that the condition of the same should be improved. They

**RECOMMEND—That the Surveyor arrange to tar pave the section of footway referred to from the frontage of the premises to the kerb.**

- 11.—WAVERLEY GROVE: That they made an inspection of land at Waverley Grove in connection with the suggestion from Mr. Elven that the same might be suitable for purposes of an open space.

Your Committee came to the conclusion that the site would not be suitable for the purposes and they are unable to recommend the Council to take any action in connection therewith. They

**RECOMMEND—That Mr. Elven be informed accordingly.**

**EXTENSION OF BOUNDARIES :** The Council received a deputation from the Little Stanmore Parish Council and the Edgware and District Ratepayers' Association in regard to the proposal for the extension of boundaries of the Urban District of Hendon. The deputation desired an expression of opinion as to whether the Hendon Council would be disposed to consider the question of extending their boundary to include the Parish of Little Stanmore as well as Edgware.

After hearing the views of the deputation, the Chairman informed the representatives that whilst the Hendon Urban District Council could not see their way to amend the Representation submitted to the Middlesex County Council, if the Commissioner appointed to hold the Inquiry considered that the Parish of Little Stanmore should be added to and form part of the Hendon Urban District, the Hendon Council would offer no objection thereto.

**REPORTED :** Letter from the Clerk to the Middlesex County Council in reference to the conference of representatives of Local Authorities interested in the boundary question which had been fixed for the 29th instant, at 3 p.m., at the Middlesex Guildhall.

It was agreed that the Chairman, Mr. Councillor Latham and Mr. Councillor Cartwright, together with the Clerk and Engineer should attend.
