Present: Mr. Councillor B. Flowers (Chairman), Councillor Mrs. M. Thomas, Messrs. Councillors J. J. Copestake, A. S. F. Ford and R. M. Weeks.

The report of the Sub-Committee was dealt with as follows:—

1.—NURSING STAFF:

SUBMITTED: Report of Matron with regard to the above from which it appeared that it had been necessary to engage the services of temporary nurses. The Matron referred to the advisability of appointing an extra staff nurse for the Cubicle Block.

Consideration was given to the question of the salaries paid to the Staff Nurses, and the Sub-Committee have

RESOLVED TO RECOMMEND—

- (i) That the resolutions passed by the Council on the 4th March, and 16th December, 1929, in so far as they relate to the salaries of Sisters and Staff Nurses be amended to the extent that such salaries be as follows:—

Sisters—£80 by £5 to £95.

- (iii) That application be made to the Minister of Health for approval to a further designated post of Staff Nurse.
- (iv) That the above proposals be submitted for the approval of the Finance and General Purposes Committee.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the suggested new scales of salaries for Sisters and Staff Nurses, and also in the proposed appointment of an additional Staff Nurse, thus increasing the establishment of Staff Nurses at the Hospital from 6 to 7, subject to a further designated post being approved by the Minister of Health.]

The Sub-Committee were also informed that Nurse Stevenson had been temporarily re-appointed as Staff Nurse as from the 4th instant, and that Sister Day had been temporarily released from duty on the 3rd instant, owing to family illness.

2.—DOMESTIC STAFF :

The Matron reported that, having regard to the illness of one of the Ward Maids, she had deemed it advisable to give her one month's notice, and this had accordingly been done on the 13th December. A report was also submitted relative to one of the Table Maids.

Works & Fire Brigade Committee.

6th January, 1930.

Present: Mr. Councillor B. J. Monro (Chairman), Messrs. Councillors C. C. Cartwright, E. Holt, J.P., H. G. Potter, F.S.I., A. J. Reynolds, F. C. Rice and W. J. Ross, F.A.I.

1.—REQUISITIONS:

The above were submitted and **approved**.

2.—REPORT OF FIRE SUPERINTENDENT:

(A). *No. 2 Leyland Motor.*

REPORTED: That a mechanical breakdown occurred to the above motor on the 24th December, caused by the breaking of a ball-race in the timing case.

The engine is now being thoroughly overhauled, and the body and ladders are being cleaned, painted, lined and varnished. No. 3 Fire Engine from Mill Hill is standing by at the Central Fire Station, whilst this work is being carried out. **Noted.**

(B). *Old Plant.*

RESOLVED TO RECOMMEND—That the disposal of the equipment in question be left in the hands of the Chairman of the Committee and the Surveyor.

Applicant.	Quantity.

RESOLVED TO RECOMMEND—That the offer be accepted and that the best thanks of the Council be accorded to Mr. Councillor Monro for his generous action.

4.—FIRE PROTECTION—PARISH OF EDGWARE :

Hydrants.

CONSIDERED: Surveyor's report as to the advisability of fixing branches for fire hydrants in Hale Lane.

Widening works are at present being carried out and it is considered advisable to connect up the branches during the progress of the work to obviate the necessity of breaking up the road at some future date. This procedure will also result in a considerable saving of expenditure.

The cost of providing each branch and tee with hydrant pit is approximately £15, and it will be necessary to fix three such branches, etc. in Hale Lane.

Three further hydrants will shortly be required in the main Edgware Road between Station Road and the Council's existing boundary, and it is suggested that these should be connected up when widening works are carried out over the stretch of road in question.

RESOLVED TO RECOMMEND—

- (a) That the proposals of the Surveyor be approved, and that he be authorised to take the necessary steps to fix the branches, tees and hydrants in question, at an approximate cost of £15 per connection;
- (b) That the above recommendation be submitted for the consideration of the Finance and General Purposes Committee.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

5.—CONFERENCES :

- (A). *Professional Fire Brigades' Association.*

RESOLVED TO RECOMMEND—That no action be taken on the letter from the Professional Fire Brigades' Association inviting the Council to appoint delegates to the Annual Conference and Exhibition to be held at Dundee, from the 28th to 30th May next.

- (B). *Institution of Fire Engineers.*

RESOLVED TO RECOMMEND—That the Fire Superintendent (Mr. F. J. Bevis) be appointed to represent the Council at the Conference in question, and that his reasonable expenses in so attending be paid by the Council.

6.—SEWAGE DISPOSAL IN WEST MIDDLESEX :

- (3) That the representatives of the local authorities present at this Conference agree to recommend their respective Authorities to adopt resolutions in favour of the above proposals.

It should be pointed out that the Council's representatives at the Conference referred to above dissented from the resolutions passed thereat.

The Committee gave the question very careful consideration, and

RESOLVED TO RECOMMEND—That having regard to the special circumstances obtaining in Hendon, and to the indefinite nature of the Scheme for the disposal of Sewage in West Middlesex as it stands at the present time, the Middlesex County Council be requested to prepare and submit a complete scheme, with plans and estimates, in order that the Hendon Council may be acquainted with all the facts to enable them to decide whether it is desirable, in the interests of the district, to participate in the Scheme.

7.—REFUSE COLLECTION :

SUBMITTED : Surveyor's report on letters from Mr. L. Marcan and Miss Ada Mitchell, Hon. Secretary of the Hampstead Garden Suburb Residents' Association complaining that refuse is scattered about whilst being loaded into the collecting vehicles.

On the 28th October last, the Council authorised the replacing of the canvas covers of the "Pagefield" lorry by a type of cover which would considerably reduce the amount of refuse exposed during the process of loading. The Surveyor reports that the collection of refuse would be considerably improved if the other eight containers were fitted with similar covers. The Surveyor's proposals would involve an expenditure of approximately £400.

RESOLVED TO RECOMMEND—

- (a) **That the proposals of the Surveyor be approved and adopted, and that the Finance and General Purposes Committee be requested to make the necessary financial provision for the estimated expenditure of £400 for the purpose in question;**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

- (b) **That Mr. L. Marcan and Miss Ada Mitchell be informed of the action taken in the matter.**

8.—RIVER BRENT :

Enlargement.

SUBMITTED : Surveyor's report on the estimate of the Middlesex County Council regarding their proposals for enlarging the River Brent between the Reservoir and Golders Green Road. (W. & F.B. 4/11/29—17).

The total cost of the work is estimated at £14,423, of which sum £2,000 is for providing relief culverts to the bridge carrying Hendon Way over the River Brent.

The Middlesex County Council desire to be informed whether the Council will be prepared to make a contribution towards the expenditure to be incurred.

RESOLVED TO RECOMMEND—That the Middlesex County Council be informed that whilst the Hendon Urban District Council are in sympathy with the proposals of the County Council, they are of opinion that unless all the Councils concerned in the River Brent improvement enter into binding agreements to make similar contributions, the better course would appear to be that the whole cost of the work should be borne by the County Rate.

9.—RATS AND MICE DESTRUCTION ACT, 1919:

SUBMITTED: Surveyor's report on a letter from the Middlesex County Council offering to carry out the destruction of rats at the Council's old Dust Shoots, Destructor Premises, Stables and Sewage Farm, for the year ending 31st December, 1930, for a sum not exceeding £30.

The Surveyor also reported that difficulty had been experienced owing to the presence of rats at the rear of the Town Hall, and suggested that the County Council be asked to deal with the matter at an additional cost of £10 for the year.

RESOLVED TO RECOMMEND—

- (a) That the suggestion of the Surveyor be approved and adopted;
- (b) That arrangements be entered into with the Middlesex County Council accordingly;
- (c) That the foregoing recommendations be submitted for the consideration of the Finance and General Purposes Committee.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal, and Recommend that the necessary financial provision be made in the estimates for the year 1930/31.]

10.—FLOODING:

(A). *Wild Hatch.*

SUBMITTED: Surveyor's report on a letter from Mr. W. Downe complaining of flooding in Wild Hatch and Hampstead Way during the recent heavy rain.

The land in respect of which the complaint as to flooding relates, is very low-lying and is private property. So far as the flooding of the public footpath at this spot is concerned, this could be remedied by raising the footpath about 12 inches.

The Committee accordingly

RESOLVED TO RECOMMEND—That the Surveyor be instructed to take the necessary steps for raising the public footpath in question.

(B). *Cinder Track—Hampstead Way to Wildwood Road.*

SUBMITTED: Letter from the London County Council calling attention to the flooding of the above pathway, and stating that the flooding would appear to be caused by the blocking of the Hendon Council's pipe into which the water from the ditch belonging to the London County Council discharges.

RESOLVED TO RECOMMEND—That the London County Council be informed that the Council have given instructions for the pipe in question to be kept free from obstruction, but that they are of opinion that if the London County Council were to pipe in their ditch or watercourse, the possibility of obstruction to this Council's pipe would be considerably reduced.

(D). *Watercourse, Rear of Maxwellton Avenue.*

The watercourse runs through private property and the question of serving notices under the Public Health Acts on the owners is receiving consideration.

The Association also draw attention to the pipe carrying the water under the roadway of Sunbury Gardens, which, it is alleged, is inadequate to cope with the volume of water. The Committee is informed that the pipe in question was not laid by the Council.

RESOLVED TO RECOMMEND—That the Mill Hill Ratepayers' Association be informed that the question of the watercourse is receiving consideration, and that with regard to the pipe carrying the water under Sunbury Gardens, this will be considered when private improvement works are carried out in the road in the near future.

11.—TELEGRAPH BRACKET:

RESOLVED TO RECOMMEND—

- (a) That the terms of the Lease from the London Midland & Scottish Railway Co. be approved, and that the Seal of the Council be affixed to the necessary documents.
- (b) That the foregoing recommendation be submitted for the consideration of the Finance and General Purposes Committee.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal, and Recommend that a report be presented at the next meeting with regard to insurance against third party risks.]

SUBMITTED: Report of the Architect stating that it would not be necessary to retain the services of Mr. Brady, the Clerk of Works, and suggesting that he be given a week's notice to date from the 18th January next.

RESOLVED—That Mr. Brady be given a week's notice to date from the 18th January, 1930.

4.—CIRCULATION:

SUBMITTED: Report of the Chief Librarian to the effect that since the opening of the Central Library to the 31st December last, 19,461 volumes had been issued and that the circulation of books from the School Libraries during December was 4,322 volumes, making a total circulation of 23,783 volumes.

The quality of the books issued so far from the Central Library has been exceptionally good, the number of books other than novels borrowed from the lending department being unusually large for a newly opened library, possessing what is merely a nucleus stock. The total circulation compares favourably with other and older-established libraries.

Apart from fiction and children's story books, the largest number of books borrowed have been from the sections on History and Topography, Literature, and Useful Arts. In the lending department the number of books provided in some classes has hardly been equal to the demand, as is shewn in the following table:—

	Total stock (Lending Dept.).	Issues.
Useful Arts (Engineering, etc.) ...	855	788
Fine and Recreative Arts ...	487	334
Music	572	531
Fiction in English	4614	9107

Since the opening of the Library 500 more novels have been purchased and put into circulation.

RESOLVED TO RECOMMEND—

- (i) **That the Chief Librarian be authorised to purchase 2,000 volumes at an estimated cost of £600, in addition to the 2,000 volumes approved in the requisition list.**
- (ii) **That the above recommendation be submitted to the Finance and General Purposes Committee.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal, on the understanding that in the event of the various purchases of books found on settlement of detailed accounts to have exceeded the authorised expenditure, the excess be provided in the rate estimates for 1930/31.]

CONSIDERED : Letter from The Greater London Joint Smoke Abatement Committee with a report of the proceedings at the Conference held on the 15th October, 1929, together with the observations of the Sanitary Inspector thereon (deferred from the previous meeting).

The Committee expressed the hope that Local Authorities would take into consideration the advisability of making a bye-law under Section 2 of the Public Health (Smoke Abatement) Act, 1926, which provides that any Local Authority may and if so required by the Minister of Health, shall, make bye-laws regulating the emission of smoke of such colour, density, or content as may be prescribed by the bye-laws, and where such bye-laws are in force the emission of smoke of the character so prescribed for such period as may be prescribed in the bye-laws either from buildings generally to which the enactments relating to smoke nuisances apply or from such classes of those buildings as may be so prescribed shall, until the contrary is proved, be presumed to be a nuisance.

The Committee forwarded a draft form of bye-law which prescribed that the emission of black smoke for a period of two minutes in the aggregate within any continuous period of thirty minutes from any one chimney of a building, other than a private dwelling-house, shall until the contrary is proved be presumed to be a nuisance.

RESOLVED TO RECOMMEND—That the Council adopt such bye-law, subject to the approval of the Minister of Health, that the Seal of the Council be affixed thereto, and that all necessary steps be taken in connection therewith.

(1) GREENHOUSE :

CONSIDERED : Surveyor's report on quotations obtained for the provision of the proposed greenhouse, referred to the Hospital Visiting Sub-Committee with power to act (Sub-paragraph (d) Agenda page 659).

The Surveyor suggested that one of the Council's workmen at present employed on the gardening staff, should be transferred to the Hospital Staff to undertake joint duties of gardener and stoker, the arrangement to be reviewed at the expiration of three months.

RESOLVED TO RECOMMEND—That the Surveyor's suggestion be approved.

(2) CUBICLE BLOCK :

SUBMITTED : Report relative to the proposal for enclosing the exterior of the Cubicle Block.

RESOLVED TO RECOMMEND—That the Surveyor make the necessary arrangements for the erection of a screen of a maximum height of 3 feet outside the Cubicle Block.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal]

(3) EXTENSION OF HOSPITAL :

In accordance with instructions the Medical Officer of Health submitted a report relative to the above.

Having carefully considered the report, the Sub-Committee are un-animously of opinion that the need for extension is apparent having regard to the number of cases already treated at the Hospital, the steadily increasing population of the district, and the addition of Edgware to the Urban District of Hendon in the future. It will also be necessary to consider the enlargement of the Administration Block, to accommodate the extra staff which will be required when the Hospital is extended.

RESOLVED—That the Surveyor be instructed to prepare plans and estimates for the erection of a further Ward Pavilion to accommodate 26 beds, on the site earmarked for the purpose of extension, and for the extension of the wings on either side of the Administration Block to give an additional 12 bedrooms for Staff purposes.

(4) REPORT OF RESIDENT MEDICAL OFFICER :

CONSIDERED: Proposal for entertaining the Female Staff at the Hospital. The Sub-Committee understand it is the practice in Hospitals to have such functions at least once a year.

RESOLVED TO RECOMMEND—That the Matron be authorised to spend up to £20 for this purpose.

(7) REQUISITIONS:

The above were submitted and approved.

2.—EXTENSION OF HOSPITAL:

In accordance with instructions (Isolation Hospital Visiting Sub-Committee Report—7. 1. 30 paragraph 3) the Surveyor submitted alternative plans for the provision of an additional Ward Pavilion to accommodate 26 beds. Plan No. 1 provides for the sanitary annexes adjacent to single bed wards and Plan No. 2 for such annexes in the centre of the ward. The Surveyor intimated that it was not possible, in connection with the extension, to have these Sanitary Annexes at the end of the ward, in view of the restricted space between the existing Pavilion and the boundary.

A plan was also submitted in connection with the consequent extension to the Administration Block, together with the following estimates:—

Plan No. 1.—Cost of building	9127
Add for salary of Clerk of Works, Quantity Surveyor's fees, Legal Costs, etc.	573

1.—ERECTION OF ADDITIONAL COUNCIL HOUSES:

In accordance with instructions the Surveyor submitted a report upon the above subject (Housing Committee—11/11/29—paragraph 5 recommendation (ii)).

It appeared from the report that the Council were not in possession of any land, in a suitable position for the erection of two bedroom type houses, but in view of the proposal for the provision of dwellings with this accommodation at a rental not exceeding 12/- per week, the Surveyor submitted plans of a suggested type of two-bedroomed tenement to be erected on three floors.

With regard to the question of sites, the Surveyor referred to the land at the junction of Claremont Road and Clitterhouse Road, which has been reserved for the erection of shops and is the only remaining land available for housing purposes on the Clitterhouse Estate. It appeared that 21 flats could be erected on this land in lieu of the proposed shops.

A further site is available in Goldsmith Avenue, Hendon, between the Court House and the Swimming Bath, upon which it would be possible, subject to certain points concerning air space, to erect 24 flats.

The estimated cost of the erection of each flat is £300, and in the case of both sites made up roads exist. It was assumed therefore, that the value of the road-making charges, added to the cost of the land, would amount to approximately £50 per dwelling, making a total cost of £350 for each flat.

The Committee are in agreement with the proposals contained in the Surveyor's report but have deferred submitting a recommendation to the Council upon the matter, pending the report of the Treasurer in regard to the question of subsidy.

Municipal (Repertory Theatre) Enabling Bill.

Private Members Bill enabling a Local Authority to establish Municipal Repertory Theatres and for this purpose may spend in any financial year the produce of a rate of 1d. in the pound.

Means of Escape from Fire Bill.

Private Members Bill to make further and better provision with respect to means of escape from buildings in case of fire. The provisions are very similar to Section 84 of the Hendon Urban District Council Act, 1929, but additional buildings such as Nursing Homes and Orphanages are specified.

It is intended that the provision shall be in addition to and not in substitution for those contained in any Local Act.

Housing Act, 1925, Amending Bill.

A Bill to make better provision for the improvement of unhealthy areas for providing adequate compensation for business disturbance and to make consequential amendments to the Act of 1925.

The Bill permits the making of an improvement scheme for any "part or parts" of an area.

Provision is made whereby certain specified premises shall be deemed to be included only for the purpose of making the scheme efficient.

Section 46 of the Act of 1925, is repealed and in the Bill compensation for land (other than land included in the Scheme to make it efficient) shall be the value at the time the valuation is made of the land, as a site cleared of buildings. The reduction factor is no longer applicable.

The rules for ascertaining compensation in respect of land included in the Scheme to make it efficient remain unaltered. Compensation will also, under the Bill, be payable for disturbance of trade, business, etc., to the extent of one year's profit.

The Bill contains in addition, certain administrative provisions.

Extension of Polling Hours Bill.

This is a private Bill and provides machinery for the extension of the polling hours at a Local Government Election.

Education School Attendance Bill.

This Bill raises the School Leaving Age as from the 1st April, 1931, from 14 to 15 years and also provides for the payment of maintenance allowances (on a basis of need) for children over the age of 14.

The Committee may desire to refer the Bill for consideration by the Education Committee.

Metropolitan Railway Bill, 1930.

This Bill authorises, *inter alia*, extensions of the Metropolitan Railway.

One route commences at Wembley, passes through Kingsbury and the Parish of Great Stanmore, and proceeds through Little Stanmore over the Prince Edward Playing Fields and land on the Canon's Park Estate, scheduled as an Open Space, and terminates at the Edgware Golf Club (in Little Stanmore).

The Rural District Council have resolved to oppose the details of the scheme, but agree with the principle.

Having regard to the review of districts now before the County Council, the Bill is a matter of interest to the Council in as much as the Railway, when constructed, will undoubtedly encourage the development of the Stanmores and this is a matter of great importance for consideration in relation to any proposal as to the desirability or otherwise of Little Stanmore becoming part of the Urban District of Hendon.

Middlesex County Council Bill, 1930.

The provisions of this Bill which have reference to the Urban District of Hendon are :—

PART IV.—STREET TRADING.—The provisions are adoptive on the Council of a District passing a resolution and are similar to Part VII. of the Hendon Urban District Council Act, 1929.

PART VI.—EMPLOYMENT AGENCIES.—The provisions come into operation throughout the County on the 1st January, 1931, and provide for the licensing of Employment Agencies.

PART VII.—SALE OF COKE, ETC.—Applying bye-laws as to Coal, made under the Weights and Measures Act, 1889, to coke and to any solid fuel of which coal or coke is a constituent.

SECTION 58.—This is a power to Borough Councils on adopting a resolution to apply the Public Health Act, 1875, for the Audit of Accounts.

SECTION 59.—Power to Councils of a County District to contribute sums annually towards the maintenance and repair of Alexandra Park and Palace.

SECTION 60.—COMBINED DRAINS.—The provisions of this Section are the same as Section 92 of the Hendon Urban District Council Act, 1929.

SECTION 61.—Unreasonable or unnecessary noise from any trade or business deemed a nuisance within the meaning of the Public Health Acts.

SECTION 62.—Power to the County Council to improve and alter streams and to construct weirs.

SECTION 63.—Power to the County Council to exercise the functions of Urban District Councils as to hoards on County Roads.

The Middlesex Borough and District Councils' Association are pressing for a drafting amendment under which these provisions would not be applicable to County Roads in respect of which the functions of maintenance and repair are exercised by the Local Authority.

SECTION 66.—Provides for the deposit with the County Council of all Inclosure Awards.

The Middlesex Borough and District Councils' Association have suggested that an amendment be made under which any Inclosure Award in the possession of a Local Authority in the County would remain with that Authority.

SECTION 67—Increases the fee for Music and Dancing Licences from 5/- to £2/2/0.

Various other minor Drafting Amendments have been suggested by the Middlesex Borough and District Councils' Association.

- (B). *Open Air Swimming Bath—Gala.*

CONSIDERED : Letter from the Hendon Juvenile Organisations Committee asking for the use of the open air swimming bath on Saturday, the 12th July next, for the purpose of holding a swimming gala. The proposal would necessitate the closing of the bath to the public for the whole day.

The Committee are informed that the closing of the bath to the public on a Saturday during the height of the swimming season would result in a considerable loss of revenue to the Council, and accordingly

RESOLVED TO RECOMMEND—

- (a) That the Juvenile Organisations Committee be informed that whilst the Council are in entire sympathy with the project they are unable to grant the use of the swimming bath for the whole of the day on the date suggested; that the Committee be asked to make arrangements to hold the gala in the afternoon or evening of some day other than Saturday, but that in the event of such a course being impracticable, they be granted the use of the bath on a Saturday for a restricted period, viz. :— from 2 p.m. to 6 p.m.

9.—SELVAGE LANE—SEWERAGE:

SUBMITTED: Surveyor's report regarding an application from owners of land at the junction of Watford Way, Selvage Lane and the Great North Way for drainage facilities for the land fronting thereon.

The provision of the required facilities would necessitate the laying of a sewer under the London Midland & Scottish Railway which would be connected up to the existing deep level sewer at the top of Selvage Lane at its junction with the Great North Way.

The Surveyor estimates the cost of the work at £4,257.

RESOLVED TO RECOMMEND—That the Surveyor be instructed to enter into negotiations with the owners concerned on the lines of his report, and to report further thereon.

10.—CRESPIGNY ROAD:

Relief Storm Water Sewer.

SUBMITTED: Surveyor's report together with amended estimate for the construction of the above relief sewer. (W. & F.B. 6/1/30—10 (C)).

(A). *Sale of Paper.*

CONSIDERED: Surveyor's report on a letter from Mr. Charles Storer to the effect that he is unable to undertake the sorting of paper at the Refuse Disposal Works for a limited period of six months mainly covering the winter period when the quantity of paper is small and prices low. The Council on the 16th December last approved the continuance of the arrangement whereby Mr. Storer pays £5 per month for sorting this paper. (W. & F.B. 2/12/29—15 (B)).

In view of the Surveyor's report the Committee

RESOLVED TO RECOMMEND—That the Surveyor be authorised to negotiate with a view to securing an agreement with Mr. Storer for sorting the paper at the Refuse Disposal Works, based on a payment at the rate of 6/- per ton over the Council's weighbridge, such arrangement to remain in force up to the 31st March, 1931.

(B). *Screened Ashes.*

CONSIDERED: Report of the Surveyor on his negotiations with a firm of brick makers regarding the disposal of screened ashes from the Refuse Disposal Works during the winter months, which is the brickmaking season, and suggesting that the price be fixed at 1/- per ton over the Council's weighbridge.

During the remainder of the year it would be necessary to continue the present practice of distributing the ashes on the adjacent sludge lands, and the Surveyor reports that a considerable saving would accrue to the Council if a small petrol tractor was acquired to haul the wagons from the dust separator to the point of disposal. The Committee is informed that a suitable petrol tractor can be purchased for £105. CL

RESOLVED TO RECOMMEND—

- (a) **That the report of the Surveyor be approved.**
- (b) **That the screened ashes in question be sold at the rate of 1/- per ton over the Council's weighbridge.**

12.—PUBLIC CLEANSING:

Dawes' Report.

SUBMITTED: Report of the Surveyor on a letter from the Departmental Committee on London Cleansing regarding the report made by Mr. Dawes, the Public Cleansing Expert of the Ministry of Health, upon his investigation into the public cleansing service of London.

The report of Mr. Dawes recommends a centralized cleansing service for London and expresses the opinion that a complete solution of the cleansing problem in the County of London must involve certain contiguous districts whose refuse disposal arrangements are at present mixed up with those of the Metropolitan Boroughs; that it is desirable that any comprehensive scheme

of refuse disposal should provide for these districts, and further, that the possibility of providing for a still wider area might usefully be considered in view of the fact that the disposal arrangements in some other suburban districts of London are not satisfactory and a multiplicity of small disposal units is not desirable where economically avoidable.

Having regard to the size of this district and the modern disposal works available for dealing with refuse, the Committee

RESOLVED TO RECOMMEND—That the Departmental Committee on London Cleansing be informed that the Council do not consider that any proposals altering the existing arrangements in this urban district would tend to either economy or efficiency.

FURTHER RESOLVED—That in view of the difficulty which is being experienced in dealing with the disposal of refuse consequent on the rapidly increasing population, the Minister of Health be urged to expedite the issue of his sanction to the loan for the extension of the Council's refuse disposal works.

13.—DOLLIS VALLEY SEWER :

- (a) **That advertisements be issued inviting tenders for the construction of the Dollis Valley Sewer.**
- (b) **That notices under Section 16 of the Public Health Act, 1875, be served on the owners or occupiers of any lands affected by the construction of the sewer in question.**

The Insurance Company concerned has been notified of the accident.

CONSIDERED : Reference from the Estates, Parks and Allotments Committee regarding a letter from the Hendon Juvenile Organisations Committee, enquiring as to the possibility of purchasing one of the huts which were being dismantled, with a view to its erection on the above Camp Site. At the present time there are approximately 432 acres of land under the Council's control, and this will shortly be increased by an additional 60 acres, and it is probable that further areas of land will be acquired, when the Council's Town Planning proposals in respect of Open Spaces are completed.

There are numerous small pieces of land which are maintained as small gardens forming part of the Highways, and also attention has to be given to the trees which are planted in residential streets after they have become public highways.

A commencement has been made in the establishment of a Nursery for the raising of plants and shrubs required in the development of the Parks.

A large amount of skilled supervision is necessary to maintain the work which is being carried out, and it is suggested that the existing staff be graded as follows :—

- Head Gardeners.
- Groundsmen.
- General Gardeners.
- Labourers.

This arrangement complies with the classification of the Provincial Joint Industrial Council for the County of Middlesex.

If the above scheme is put into operation there will be vacancies for the following :—

- 1 District Foreman.
- 2 Head Gardeners.
- 1 Groundsman.
- 2 Gardeners.

It will be possible, if this Scheme is approved, for detailed supervision to be given to the future development of the Parks, and also for the submission of reports as to progress of the work, each month, to the Committee. (E.P. and A. 13/1/30—10).

If desired, however, members of the Urban District Council who are also Inhabitant Householders may sign in their dual capacity as Councillors and Householders, in which case a single Petition may be submitted in the form of a " Petition of the Urban District Council and of certain Inhabitant Householders being members thereof."

The Committee understand that meetings called in pursuance of the Council's Standing Orders will meet the requirements of paragraph (ii) above.

RESOLVED TO RECOMMEND—That the Urban District Council of Hendon submit a Petition to the King's Most Excellent Majesty in Council, praying that he may be graciously pleased in the exercise of his Royal Prerogative to grant a Charter of Incorporation creating

the Urban District of Hendon a Municipal Borough and to extend to such Borough and the Inhabitants thereof all the powers and provisions of the Municipal Corporations Acts.

That the Seal of the Council be affixed to the Petition.

FURTHER RESOLVED TO RECOMMEND—

- (1) That a Petition be also presented, signed by the Inhabitant Householders' Incorporation Committee (formed at the Meeting on the 6th instant) and others.
- (2) That the Inhabitant Householders Incorporation Committee be informed of the new procedure, that it will be unnecessary for the Petitions and Canvassings Sub-Committees to function, and that a meeting will be held at a later date with a view to the signing of the Petition.

2.—GUARANTEE FUND:

REPORTED: That the amount of the Guarantee Fund had reached £356 11s. 0d.

RESOLVED—That the question of the amount required, in view of the new procedure, be referred to the next meeting of the Inhabitant Householders' Incorporation Committee.

TOWN PLANNING :

Land for Allotments—Stone Grove, Edgware.

FURTHER CONSIDERED : The above matter. (H. & T.P.—Item 19 (b), Agenda, Page 881).

In connection therewith the Chairman of the Highways and Town Planning Committee (Mr. Councillor F. C. Rice) submitted the following report:—

“ TOWN PLANNING OF EDGWARE.

A meeting took place on the 21st instant at the offices of the Hendon Rural District Council between the Chairman of the Rural Council, Mr. Cross, and the Chairman of the Town Planning Committee of the Hendon Urban District Council, together with the officers of both Authorities.

A general discussion took place on the Hendon Urban Council's proposals as regards the Town Planning of Edgware. The Rural Council were in general agreement with the Urban Council as to the proposed draft Scheme, subject to one or two details which were discussed and an agreement arrived at. It was finally arranged, subject to the approval of the respective Councils, that the Town Planning of Edgware should proceed on the following lines:—

- (a) The Rural Council agreed to incorporate in their draft Scheme the Urban Council's proposals for the Town Planning of Edgware subject to the minor amendments referred to above.
- (b) The Rural Council agreed to notify the Urban Council of all applications for Interim Development Orders in the Parish of Edgware and the Urban Council will then obtain particulars of such proposals and, if necessary, make representations to the Rural Council before any Interim Development Order is granted.
- (c) In the event of an Interim Development Order being applied for in respect of land which the Urban Council desire to schedule as Open Space, if the purchase of the land becomes necessary, the Urban Council will undertake, subject to any necessary safeguards, the negotiations for the purchase of the land in question.

With regard to the Enquiry on the 6th March into an objection to the Rural Council's proposals to schedule certain land in Stone Grove Park for Allotments

and Open Spaces, this was discussed and it was agreed that as Edgware was to form part of the Urban District of Hendon an Open Space and Allotment land right on the Edgware Road boundary of the district was not necessary. It would also be very difficult to justify the purchase of the land for allotment purposes, having regard to its present market value for building purposes. The Chairman of the Rural Council intimated that if the Hendon Urban Council were of this opinion then the Rural Council would no longer oppose the release of this particular land for building purposes."

Moved by Mr. Councillor Rice, seconded by Mr. Councillor Ford, and

549.—UNANIMOUSLY RESOLVED—That the above report be approved and adopted.

540.—FURTHER RESOLVED—That a copy of the report be circulated to each Member of the Council.

5.—FIRE PROTECTION—KINGSBURY :

Fire at Elmwood Crescent, Stag Lane.

SUBMITTED : Surveyor's report on a letter from Kingsbury Urban District Council regarding a fire which occurred in that district on the 5th February last.

RESOLVED TO RECOMMEND—That the Surveyor's report be approved and that a reply be sent to the Kingsbury Urban District Council in the terms indicated in the report.

6.—FIRE BRIGADE STAFF :

Rates of Pay.

CONSIDERED : The above matter, together with Surveyor's report showing the rates of pay, etc., obtaining in Fire Brigades in and around London. (W. & F.B. 3/2/30—3).

The Committee are unable to recommend the adoption of the rates of pay, etc., laid down in the Report of the Middlebrook Committee, as desired by the Firemen's Trade Union. The report in question was presented in 1920, and, in the opinion of the Committee, the scales set out therein are inapplicable at the present time. The Committee have, however, instructed the Surveyor to submit a further report on the matter at an early date.

* 7.—AMBULANCE SERVICE :

SUBMITTED : Surveyor's report regarding the provision of additional ambulance facilities. (W. & F.B. 13/2/30—(E) (iii)).

The Committee have considered the extent of the use made of the ambulance services now available and are of opinion that the existing ambulance is sufficient for the present services required within the District, and accordingly

RESOLVED TO RECOMMEND—

- (a) **That the Surveyor's report be approved;**
- (b) **That the resolution, regulating the charge for the use of the ambulance, passed on the 5th March, 1928 (Minutes, page 633, Resolution No. 307), be rescinded;**
- (c) **That the charge for the use of the ambulance be at the rate of 1/- per mile with a minimum charge of 5/-;**
- (d) **That the use of the ambulance be restricted to cases where its use is essential to cases originating within the Urban District and the Parish of Edgware on the understanding that this arrangement will not affect the reciprocal agreements entered into with neighbouring Authorities;**
- (e) **That the above recommendations be submitted for the consideration of the Finance and General Purposes Committee.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

* 8.—SWIMMING FACILITIES :

† (A). *Open Air Swimming Bath—Gala.*

CONSIDERED : Letter from the Hendon Juvenile Organisations Committee stating that it is impracticable to hold the gala on a day other than Saturday, and asking for the use of the bath from 2 p.m. to 6 p.m., on Saturday, the 12th July next. (W. & F.B. 3/2/30—6 (B)).

RESOLVED TO RECOMMEND—**That the Council are unable to accede to the request and that the Juvenile Organisations Committee be asked to make arrangements to hold the gala on a day other than a Saturday.**

(B). *Cricklewood.*

SUBMITTED : Letter from Mrs. L. Smith suggesting the provision of an open air swimming bath at Cricklewood. **Noted.**

† (C). *Open Air Swimming Bath—Reduced Charges between
7 a.m. and 9 a.m.*

CONSIDERED: As to the issue of season tickets at reduced rates between 7 a.m. and 9 a.m. (W. & F.B. 4/11/29—12 (C)). The Committee are unable to recommend the issue of season tickets at reduced rates between these hours, but feel that some concession regarding the charge might be made, as an experiment.

RESOLVED TO RECOMMEND—

- (a) That the charge for admission to the open air swimming bath between the hours of 7 a.m. and 9 a.m., during the coming season, with the exception of Sundays, be reduced to 3d., and that the matter be reviewed at the end of the season.
- (b) That the above recommendation be submitted for the consideration of the Finance and General Purposes Committee.

RESOLVED TO RECOMMEND—That the Council adhere to their previous decision. (H. & T.P. 10/2/30—16 (A)).

* 15.—CLITTERHOUSE FARM :

SUBMITTED : Surveyor's report stating that pending the conversion of the above farm buildings into stables, it is desirable that the buildings at present unoccupied should be protected. It is suggested that if the brick cottage containing two living rooms and three bedrooms were put into reasonable condition it could be let to one of the Council's employees engaged on stable duties and the expense now incurred by maintaining a watchman on the

premises would be saved. The cost of putting the cottage into a reasonable state of repair is estimated at approximately £100, and it is suggested that it be let at a weekly rental of 10s. 0d. inclusive.

RESOLVED TO RECOMMEND—

- (a) That the report of the Surveyor be approved and that he be authorised to proceed with the necessary renovation work at an estimated cost of £100.
- (b) That the foregoing recommendation be submitted for the consideration of the Finance and General Purposes Committee, and that they be asked to make the necessary financial provision.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal regarding the renovation and letting of the cottage premises, and Recommend that a report be presented on the rents and conditions of tenancy of other cottages belonging to the Council and occupied by their employees.]

* 16.—OLD ISOLATION HOSPITAL :

Depôt.

SUBMITTED: Surveyor's report together with plan showing his suggestions for the conversion of the Old Isolation Hospital site into a central depôt.

The proposals necessitate the determination of the tenancies of 46 allotment holders, and it is necessary that notices be served on the allottees forthwith. The Committee understand that alternative accommodation for the displaced allottees exists at the Midland Brent Allotments.

- (b) That the Estates, Parks and Allotments Committee be requested to authorise the service of the necessary notices on the allottees affected by the proposals;
- (c) That application be made to the appropriate Government Departments for sanction to the appropriation of the necessary land now used for allotment purposes;
- (d) That the foregoing recommendations be submitted for the consideration of the Finance and General Purposes Committee.

[The Finance and General Purposes Committee understand that the Estates, Parks and Allotments Committee are recommending that this matter be considered by a Joint Committee, and in the circumstances they have deferred its consideration to a future meeting.]

* 17.—WATLING ESTATE—WOODEN HOUSES :

SUBMITTED: Surveyor's report on a letter from the London County Council regarding the maintenance of the 12ft. run of hose which the Council stipulated should be provided and maintained at the time the wooden houses in question were erected. From recent inspections it would appear that most of the rubber hose is now defective, and in view of the comparatively short life of this type of hose, and the fact that it is merely standing by for a specific purpose, the London County Council now raise the point as to whether the lengths of hose should be replaced.

Having regard to the fact that the Mill Hill Fire Station is now in service and that the Watling Estate is well provided with fire alarms, the Committee are of opinion that the necessity for the maintenance of the lengths of hose in question does not now exist.

RESOLVED TO RECOMMEND—That the London County Council be informed accordingly.

RESOLVED TO RECOMMEND—

- (a) That the resignation of Mr. A. E. Payne be accepted;
- (b) That the arrangements for filling the vacancy as set out above, be approved and adopted.
- (c) That the foregoing recommendations be submitted for the approval of the Finance and General Purposes Committee.

It appeared from the report that the work entailed in connection with Medical Services on the Watling Estate was in excess of what was anticipated at the time the scheme for extension of these services was submitted, and, so far as dental treatment was concerned, it was estimated that it would be necessary to increase the number of sessions to at least 12 per week during the present year.

A. Contribution under Section 91 (1) of the Act.

ITEM 1—PAGE 1.

Extracts from Memorandum L.C.A. 20 issued by Minister of Health, 10th August, 1929.—

“ Provision is made in Part VI. of the Local Government Act, 1929, and in the Schedules ”
 “ mentioned therein, for the making, on the basis of an “ estimated population ” of certain finan- ”
 “ cial estimates.”

“ Section 134 of the Act provides that the expression “ estimated population ” . . . shall ”
 “ mean in relation to any year, the population or number as estimated by the Registrar-General ”
 “ for the calendar year in which the year in question begins.”

“ The first series of financial estimates will relate to the standard year, that is the ”
 “ year beginning on the 1st April, 1928, and ending on the 31st March, 1929; and the Registrar- ”
 “ General has therefore furnished the estimates for the calendar year 1928.”

Extracts from Letter of Registrar-General to the Minister of Health, 1st May, 1929.—

“ I have the honour to present the appended statement of the populations of the several local ”
 “ government areas in England and Wales, as estimated for the calendar year 1928.”

“ In the present instance, special care has been taken in view of the special purposes which ”
 “ the 1928 estimates are required to serve under the Local Government Act. No accessible ”
 “ source of information has been neglected, and an opportunity has been afforded to local ”
 “ authorities themselves of contributing any relevant statistical material which they might desire ”
 “ me to take into account.”

Estimate of Population by Medical Officer of Health, Hendon, sent to Minister of Health, 19th December, 1929.—

“ This district has developed very rapidly since the date of the last census, owing partly to ”
 “ the extension of the Underground from Golders Green to Edgware. Further in the last two ”
 “ years there has been a large increase of population due to the development of the L.C.C. ”
 “ Housing Estate—the Watling Estate.”

“ The number of occupied houses appears to be the most reliable basis for estimating the ”
 “ population in this district and it is on this basis that the estimates of the population given ”
 “ below are founded.”

	New houses taken into occupation.		Population (M.O.H. estimate).
From Census 1921 to 30th June, 1922 ...	316	at 30/6/22	... 57,507

From 30/6/26 to 30/6/27	1,167	at 30/6/27	... 75,747
From 30/6/27 to 30/6/28	3,553	at 30/6/28	... 89,871

Further Extract from Letter of Registrar-General, of 1st May, 1929.—

“ It is frequently possible to arrive at reliable conclusions as to the current number of dwell- ”
 “ ings; but the ratio of persons per dwelling is a figure for which no data is available except in ”
 “ census years The position as disclosed by the 1921 Census is wholly inapplicable to ”
 “ the present time for the country as a whole the average number of occupants ”
 “ per dwelling has been reduced in the interval by about 8 per cent. Any assumed ratio of ”
 “ occupants per dwelling must be of the nature of a guess, and must contain, at the best, a ”
 “ margin of error.”

A. Contribution under Section 91 (1) of the Act—Continued.

Rules for ascertaining Gains and Losses of Areas.—

- 1. There shall be estimated the rate in the pound required to raise an amount certified as being the amount of the expenditure for the standard year falling to be borne by rates on the assumptions that the rateable values were the unreduced rateable values and that the expenditure on the transferred services was incurred by the various spending authorities as existing before the transfer of those services..
2. There shall be estimated the rate in the pound required to raise an amount certified as being the amount of such part of the expenditure for the standard year as would have fallen to be borne by rates in that area on the following assumptions:—
(a) that the rateable values of all hereditaments were the reduced rateable
(b) that the expenditure on the transferred services was expenditure by the County Council and in the case of a county was expenditure for general county purposes.
(c) that the standard year was a year falling within the first fixed grant period and that the provisions of Part VI. of this Act, other than Sections 94, 96, 97 and 100 had been in operation.
3. — — — — —
4. The difference resulting from subtracting the rate under Rule 2 contained in this Schedule from the rate under Rule 1 contained therein shall be ascertained.

6. If the difference is a minus quantity, the estimated proceeds of a rate equivalent to the difference levied on the reduced rateable value of the area shall be deemed to be the loss of the area.
7. For the purposes of these Rules, it shall be assumed that section 9 of the Rating and Valuation Act, 1925, and not Schedule VII. (10) of that Act, was in operation with respect to precepts issued by County Councils.

Notes on the Grants.

(a). Grant under Section 91 (1).—

The Registrar-General's estimate of population is 9651 (89871—80220) less than that of the Medical Officer of Health.

The difference in grant is equal to £6072

(9651 x 151 pence).

(b). Grant under Section 94 (1).—

The data has been compiled from various returns submitted by the Hendon Urban District Council and the Authorities precepting on Hendon Rates.

The figures are provisional in so far as they are based on estimated results. Adjustments will consequently require to be made when final figures have been ascertained, but it is unlikely that the variations will be material.

(c). Application of Grants and effect on Rates.—

1. The grants are applied in reduction of the Rates for which the Hendon Urban District Council is responsible, but in any consideration of the changes brought about by the Act, especially in the effect of those changes on Rates, it is necessary to make a dissection of the figures. This dissection has relation not only to transferred services, and the effects of de-rating, but is complicated by the normal increases in expenditure, due to the growth of the areas and additions to their functions and responsibilities.

2. The "loss" is provisionally calculated at 7.55 pence, but this "loss" is calculated on the basis of expenditure made in 1928/9, whilst the calculations of "rate products" are based on the Rateable Value as ascertained under the Rating and Valuation Act, 1925, and the various Statutes affecting "de-rating" and conferring exemptions on Agriculture.

3. It is therefore clear that the "loss" as expressed in terms of rate poundage must be materially affected by the above considerations, and so far as has been possible, due allowance has been made for these factors in the calculations submitted hereunder.

LIMITING STANDARDS OF EXPENDITURE.

No official communication has been received as to whether the limiting standards imposed during the past three years will be continued during 1930-31. In any case the estimates would probably not be affected, and there is little doubt that any excess over the limit would be justified on account of numbers, and duly approved by the Board of Education.

RECOMMENDATIONS.

1. THAT in the opinion of this Committee it is undesirable that the cars of the Council should be used for private purposes, except that a Chief Officer may be permitted to journey to and from his private house in an official car.
2. That where an Officer is permitted by the Council to use his private car on official business an allowance of three pence per mile be granted, and that the operation of this arrangement be reviewed by the Organisations Committee at the end of a period of six months.

description of the situation in the country.

The second part is devoted to a detailed

analysis of the economic situation.

The third part is devoted to a

summary of the main findings.

CONCLUSIONS

1. It is clear from the above that the

economic situation in the country is

characterized by a high degree of

instability and a low level of

development. It is therefore

clear that the main problem is to

bring about a more stable and

rapidly growing economy.

This can be achieved only by

implementing the following

measures:

Town Hall,
Hendon, N.W.4.
1st April, 1930.

To the Chairman and Members of
The Special Committee re Land at Moat Mount.

PRIVATE AND CONFIDENTIAL.

Gentlemen,

I beg to report that I have had further negotiations with Mr. Cooke regarding the proposed purchase of the Moat Mount Golf Club.

The Committee will remember that the previous offer which was before them was that the present Golf Course, comprising 150 acres of land, together with the Club House, Coventry Farm-house and two Cottages, should be sold to the Council for the sum of £45,000; the purchase to be completed as from the 24th June next. All incomings and outgoings to be apportioned at that date and all indoor and outdoor equipment to be taken over by the Council at a valuation to be agreed. The Committee were unable to recommend the Council to accept this offer.

On the 25th March I had a further interview with Mr. Cooke and his Surveyor. Mr. Cooke then intimated that he would be prepared to accept the sum of £42,500 for the freehold of the property, with completion at the 24th June next. He also said that he would be prepared to allow the purchase price to include all indoor and outdoor equipment provided that all subscriptions paid by members up to the 24th June were to be retained by him and not apportioned.

Having regard to the position of this land and to the various buildings which are included in the purchase price the offer is, in my opinion, a favourable one. It is, however, essential that a list of the indoor and outdoor equipment referred to should be prepared and agreed as part of any Contract for purchase, and it is also necessary that Mr. Cooke should agree

that in the event of any persons wishing to join prior to the 24th June the Council should have the right of approval. Obviously it is undesirable that any considerable number of additional members should be taken on without the Council having any control in the matter.

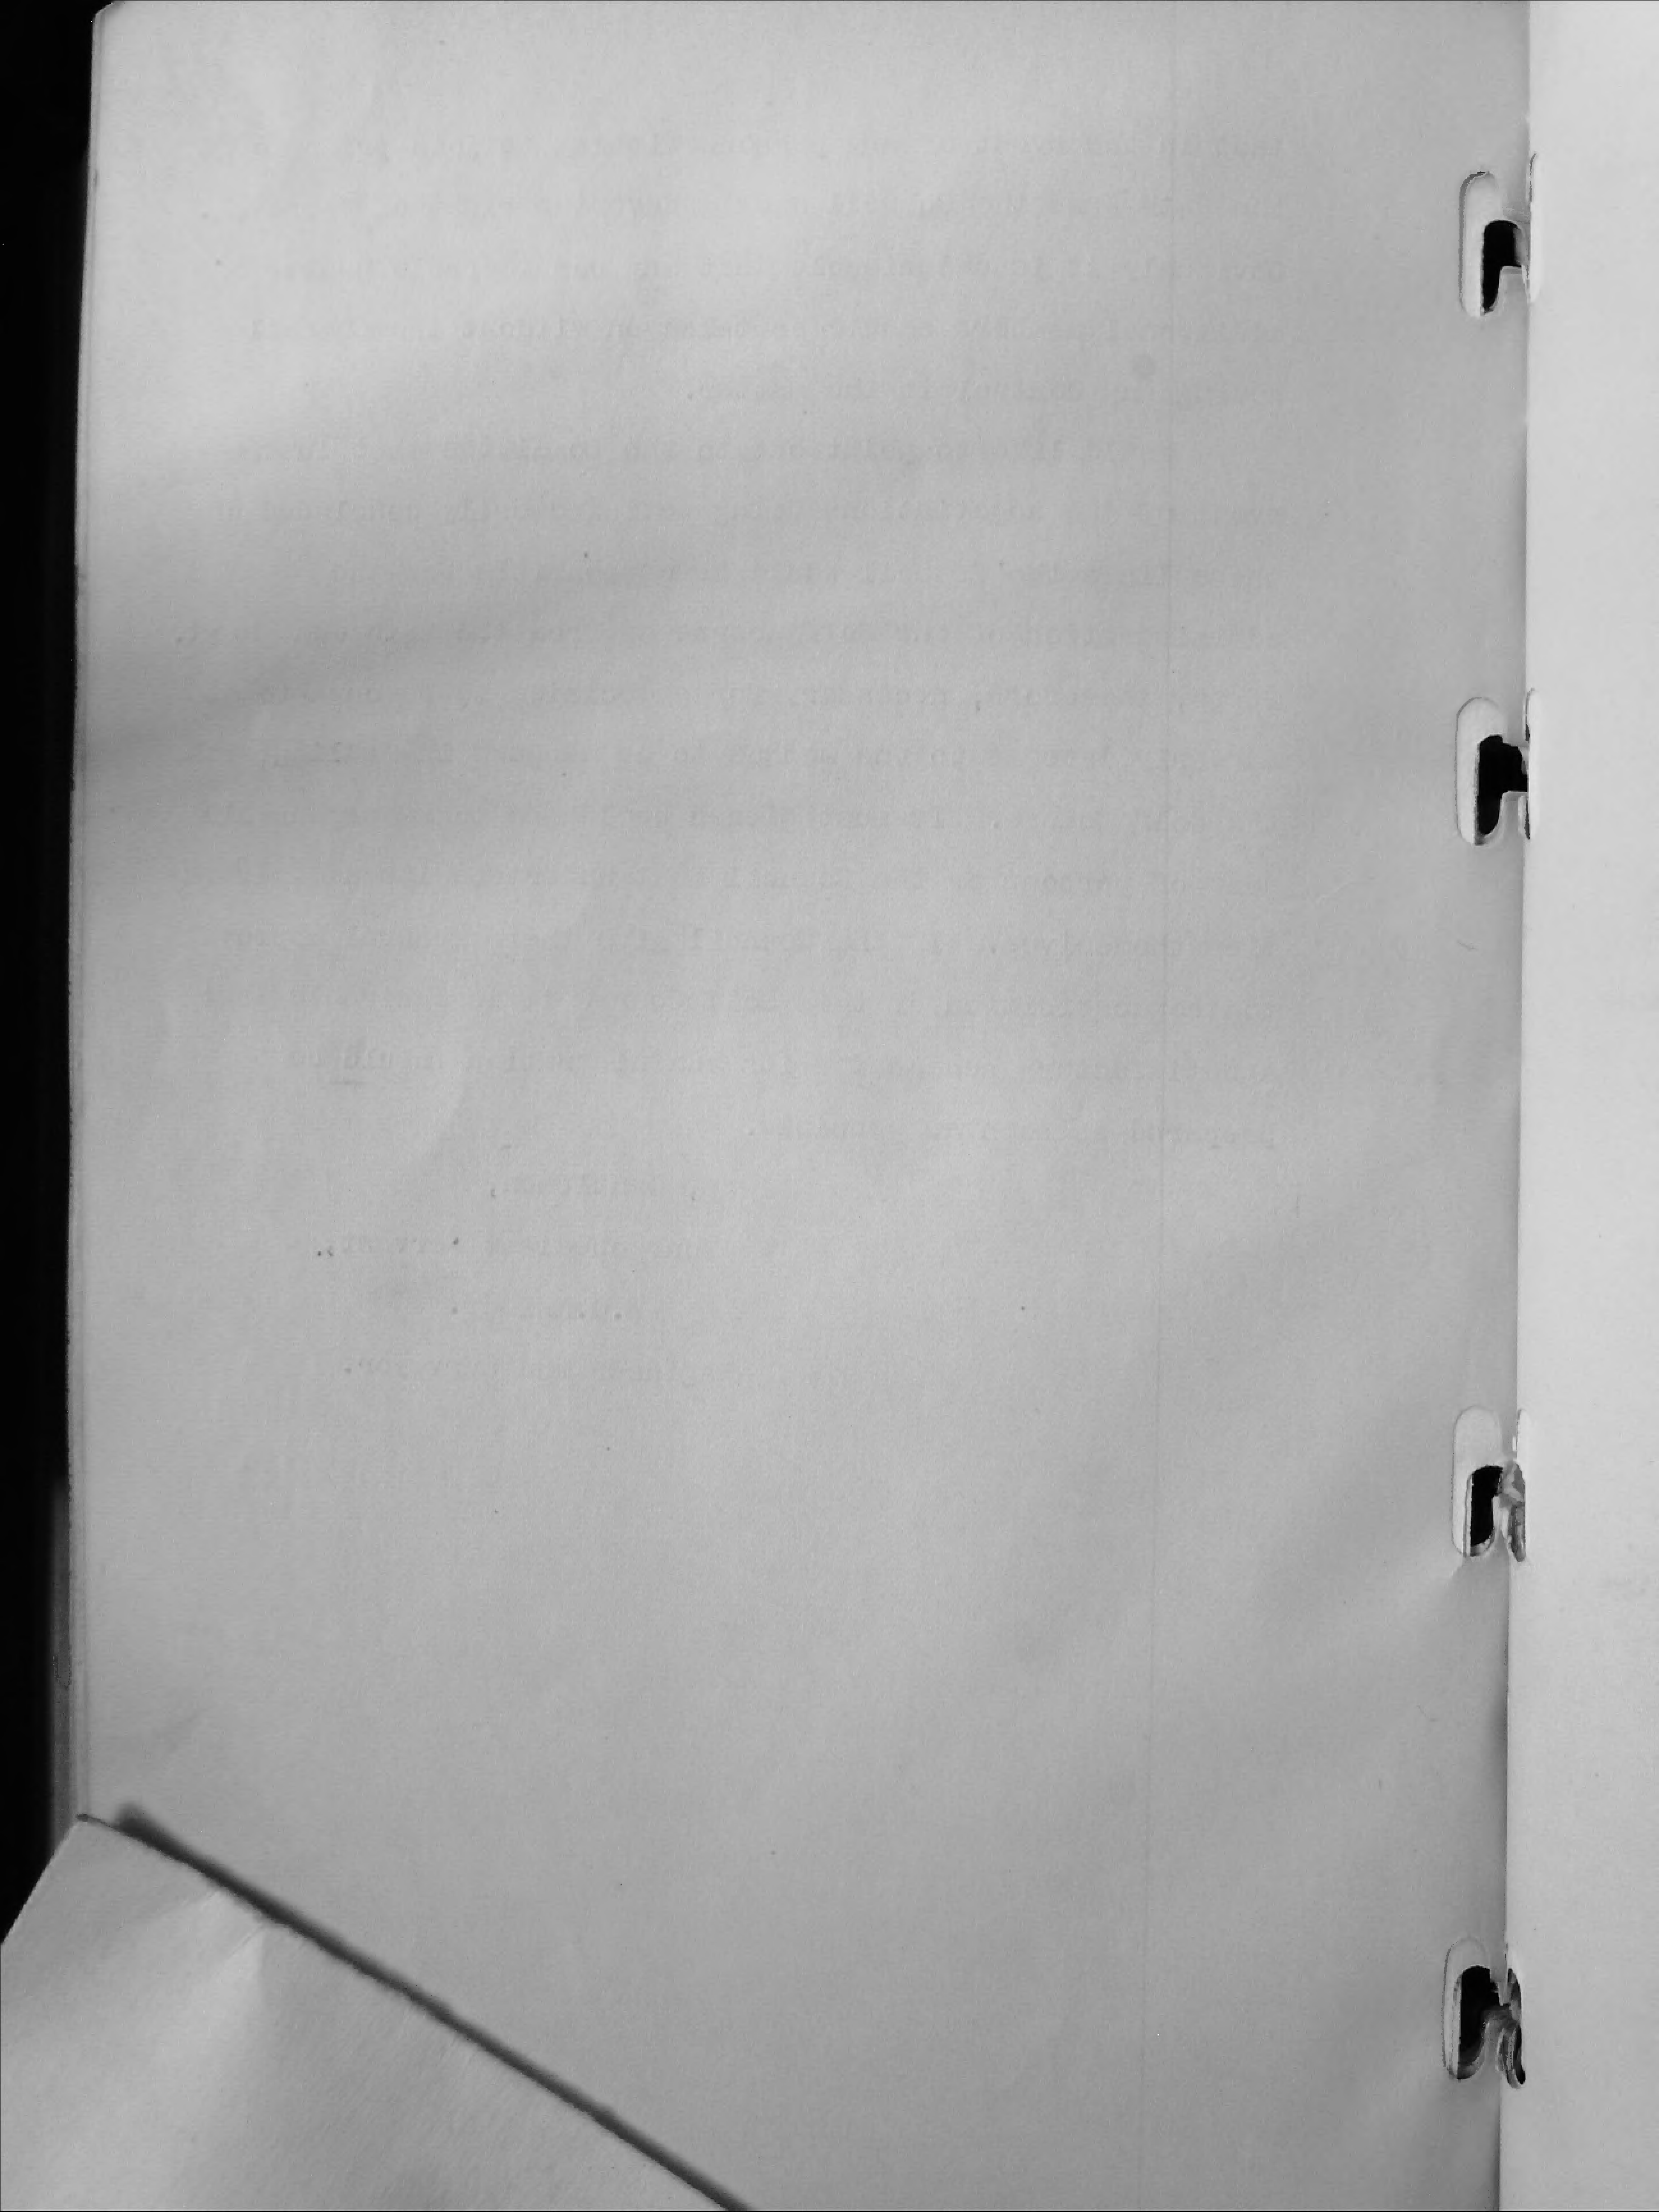

I would like to point out to the Committee that in the event of the negotiations being satisfactorily concluded on these lines the Council would be responsible for the administration of the Golf Course as from the 24th June next. It is, therefore, necessary for a decision to be come to at an early date as to the method to be adopted in dealing with the Golf Course. It must either be leased to a responsible body of persons or the Council must undertake its administration themselves. If the Council give their general approval to the acquisition of this Golf Course it is desirable that a satisfactory scheme for its administration should be prepared as soon as possible.

I am, Gentlemen,

Your obedient servant,

A.O.KNIGHT.

Engineer and Surveyor.
