1.—APPRENTICESHIP SCHEMES :

SUBMITTED : Letter from the Hendon & District Trades Council stating that the Central Joinery Co., High Road, Kilburn, take juveniles into their service as apprentices, and that further names will be supplied should the enquiries which are being made show that other firms in the area employ apprentices.

In view of the length of time which had elapsed since the last meeting of the Sub-Committee and the result of the present method of enquiry, it was agreed to **RECOMMEND**—

- (a) **THAT** the information be obtained by means of visits by the Juvenile Employment Officer to the firms in the district.

Ealing Education Committee and enclosing extracts from "Hansard" giving the most recent Parliamentary pronouncements upon the Government's intention in regard to the question of excessive hours worked by juveniles in general, which indicate that legislation will be introduced as soon as possible, and that it is proposed to take action under the Trade Boards Acts in respect of the catering trade.

Information had been supplied to the Home Office specifying the nature of the employment affected and quoting the case of a boy, 15 years of age, working at a Motor Garage performing various odd jobs, who was employed from 8 a.m. to 7.30 p.m., Mondays to Saturdays and from 9 a.m. to 1.30 p.m., on Sundays. The matter had been reported to the Factories & Workshops Inspector who visited the place of employment and ascertained that the employment was not covered by the Factories & Workshops Acts. The Juvenile Employment Officer, in the capacity of Shops Inspector for the district, also visited the employer and found that the boy did not come within the scope of the Shops Acts. As a result of the enquiries the boy received one week's notice from his employer, but was placed immediately by the Bureau with Messrs. Bentley Motors, Ltd. **Noted and approved.**

3.—PROVISION OF COURSES OF INSTRUCTION FOR UNEMPLOYED BOYS AND GIRLS:

SUBMITTED: Letter from the Ministry of Labour enclosing copy of the Third Report of the National Advisory Council for Juvenile Employment (England and Wales), dealing with the provision of Courses of Instruction, particularly in areas where the number of unemployed boys and girls is insufficient to justify the establishment of separate Junior Instruction Centres.

A copy of letter E.T.J. 1209/1930, dated 8th August, 1930, which had been forwarded to Education Authorities for Higher Education was also enclosed stating that the Minister of Labour has considered the Report and has adopted it for guidance in the administration of the Scheme of Approved Courses of Instruction for the period ending 31st March, 1933, and that in areas where the number of unemployed juveniles is not sufficient to warrant the formation of a Junior Instruction Class the Minister hopes that Authorities will endeavour to make arrangements for the admission of the boys and girls concerned to some type of educational institution providing suitable instruction for which the Ministry are prepared to pay fees in respect thereof on the lines indicated.

It was reported that under the terms of the National Council's Report, juvenile claimants who had been unemployed for a period of 12 consecutive working days would be required to attend evening classes as a condition for the receipt of benefit.

Mr. A. T. Eadon, on behalf of Messrs. De Havilland Aircraft Co., Ltd., offered to take a number of boys residing in the Burnt Oak district into the junior classes organised by his firm if this is desired.

It was agreed to **RECOMMEND—**

THAT juvenile claimants be required to attend appropriate classes at the Evening Schools in the districts in which they reside.

(H. & T.P., 17/3/30—6; Highways, 7/7/30—3 (A)).

In the event of the route being approved by the Commissioner of Police it would appear that certain trees in The Vale would have to be removed and other trees lopped.

RESOLVED TO RECOMMEND—That Messrs. J. * 9.—PAVING OF FOOTWAYS:

General.

SUBMITTED: Report of Surveyor regarding the replacement of tar-paved footways with stone paving in certain roads throughout the district.

On the 27th January last the Council authorised an application to be made to the Minister of Health for sanction to a loan of £20,455, the cost estimated to be incurred over a period of two or three years in carrying out the replacement work. (H. & T.P., 13/1/30—13 (B)).

The Minister of Health only issued a sanction for £7,387 in respect of the repair work on one group of roads which, it was assumed, the Council proposed to carry out in the current year, and suggested that an application for loan sanction should be made in respect of the remainder of the scheme when the Council are in a position to proceed therewith.

It was always intended that the work should proceed simultaneously on the three groups of roads, and the Committee are informed that it is now desirable to deal immediately with some of the roads in the two other groups. It is, therefore, necessary to apply for sanction to the balance of the sum included in the original application in order that the work may be proceeded with.

RESOLVED TO RECOMMEND—

- (a) That application be made to the Minister of Health for sanction to a loan of £13,068, repayable over a period of seven years.
- (b) That the foregoing recommendation be submitted for the consideration of the Finance and General Purposes Committee.

Any objections or representations on the draft scheme or any part thereof must be sent to the Clerk to the Rural Council before the 20th instant.

The Committee have had before them a copy of Map No. 3, and after carefully considering the proposals of the Hendon Rural District Council for the town planning of the Parish of Edgware, which is to be transferred to Hendon on the 1st April next, they have

RESOLVED—That the Urban District Council of Hendon as the Local Authority to be responsible as from the 1st April next for the administration of the Parish of Edgware and as present owners of property within the said Parish do object generally to the Draft Town Planning Scheme and Map No. 3, (so far as the same applies to the Parish of Edgware) adopted by the Hendon Rural District Council on the 11th September, 1930, and in particular make the following representations thereon :—

STREETS.—Provision should be made for the future widening of Elstree Road (between Stanmore Corner and Wood Lane).

The proposed road near Scratch Wood should be diverted so as to avoid passing through the Moat Mount Golf Course.

BUILDING LINES.—The uniform building line of 20 feet for all streets irrespective of width and character should be varied to provide for a 25 foot building line in streets 50 feet in width or over, and a minimum of 20 feet for streets less than 50 feet in width.

ZONING.—The density of development for the areas indicated hereunder should be varied as stated :—

	Proposed in Scheme.	Amend to.
Land coloured yellow on plan ...	12 to the acre.	8 to the acre.
Land coloured blue on plan ...	10 to the acre.	8 to the acre.
Land coloured orange on plan ...	8 to the acre.	6 to the acre.
Land coloured mauve on plan ...	4 to the acre.	2 to the acre.

An area of land coloured vandyke brown, proposed in the scheme for 6 to the acre, should be zoned at a lower figure to be approved.

SHOPPING AND BUSINESS AREAS.—The provisions of the Scheme are insufficient for the ultimate needs of the Parish, and having regard to the early stage of development, supplementary zoning will be necessary at a later date.

INDUSTRIAL AREA.—The land situated between the Railway termini and a small area east of the Electric Railway is unsuitable for industrial purposes.

OPEN SPACES.—The boundaries of the tract of land known as the "Green Girdle" should not be finally determined until an estimate of the possible compensation payable is known.

Further provision of open space near the London Electric Railway Company's station should be made, if possible. *[TO BE FURTHER CONSIDERED BY COMMITTEE.]*

The private open space shown on the map and forming part of the Moat Mount Golf Course should be deleted.

The proposed riverside walk so far as it passes through the Moat Mount Golf Course should be deleted.

The Central Open Space near Edgwarebury Lane should be increased by the addition of land east of the said lane and south of the proposed Cemetery.

CLAUSES OF THE SCHEME.—These should, so far as they affect the Parish of Edgware, be in conformity with the Clause of the Hendon Town Planning Scheme.

* 14.—HENDON TOWN PLANNING SCHEME :

SUBMITTED : Surveyor's report on interviews with Officers of the Ministry of Health regarding the Minister's observations on the Town Planning Scheme. The scheme is regarded as generally satisfactory and most of the Minister's comments are matters of detail which can be dealt with on the revised Map No. 4. The Committee have considered the suggestions made by the Minister, and certain other minor points which necessitate negotiation with owners and adjoining Authorities, and

RECOMMEND—That the Council adopt the suggestions of the Minister referred to in the Surveyor's report and that the Clerk and Surveyor be instructed to take the necessary steps to effect agreement where necessary with owners and adjoining Authorities on the lines indicated.

* 2.—OPEN SPACES AGREEMENT :

Report of Sub-Committee.

13th October, 1930.

Present : Mr. Councillor C. C. Cartwright, J.P. (Presiding), Messrs. Councillors
T. E. Carpenter, B.A., LL.B., and W. J. Ross, F.A.I.

The report of the Sub-Committee was dealt with as follows :—

The Sub-Committee have given consideration to the proposed new form of agreement submitted by the County Council, and also the reports of the Clerk and Treasurer in connection therewith.

The new form of agreement differs from the existing agreement in the following main respects :—

The former clauses relating to the return of the contribution in the event of the District being constituted a County Borough or in any other event which may alter the financial relationship now existing between the County Council and the District Council, are deleted.

The County Council has inserted a clause by which all persons resident in the County shall have the same rights of user as may be available for the residents of the Urban District.

An additional clause prohibits the Council from exercising any powers conferred by any Local or Private Act in relation to user without the consent of the County Council.

The old form of Clause "not to sell, lease or part with possession without consent of County Council" is amplified to include "nor to appropriate" for any other purpose, but a proviso is made that if the Council desire to exchange land or appropriate, the County Council shall not unreasonably withhold consent if the Council provide in lieu lands containing an area generally equivalent and equally suitable and dedicate such land to the Public within one month of exchange or appropriation.

Any question as to whether consent has been unreasonably withheld to be referred to the Minister of Agriculture and Fisheries or a person appointed by the Minister.

Special provision is also made with a view to enabling the County Council to enforce specific performance.

Having regard to the fact that if the Council were to accept contributions under the terms of the new agreement large tracts of land might become sterilised for all time, and having duly considered the financial implications involved, the Committee

RECOMMEND—That the County Council be informed that the Hendon Urban District Council cannot see their way to accept contributions towards the acquisition of open spaces under the terms of the new agreement.

* 3.—SUPERANNUATION FUND :

SUBMITTED : Report of Treasurer with regard to the effect on the fund during the next quinquennial period to the 31st March, 1935, of the substitution of sixtieths for eightieths as the basis for superannuation allowances for non-contributory service.

The Committee are unable to propose any departure from the present basis of eightieths, but

RECOMMEND—That the question be further considered at the end of the next quinquennial period.

* 4.—UNEMPLOYMENT GRANT SCHEMES :

Open Spaces.

SUBMITTED : Treasurer's report as to the financial effect of certain schemes if carried out by way of loan or financed out of revenue.

The following comparative statements are submitted :—

Loan Charges Method.

Capital Cost.		Loan period.	Annual charges.	Annual Grant.	Annual Rate charge
£			£	£	£
885	Woodcroft Avenue	10 years	113	66	47
942	Pollard Road	10 years	120	70	50
1178	Silk Stream Open Space	10 years	151	87	64
£3005			£384	£223	£161

Revenue Method.

	Total Cost.	Wages	Grants.	Balance chargeable to Rates
	£	£	£	£
Woodcroft Avenue	885	255	249	636

Silk Stream Open Space	1178	500	488	690
	£3005	£1070	£1044	£1961

Having regard to the effect of the revenue method on the rate estimates and the provisions made for the current half year, the Committee have

RESOLVED TO RECOMMEND—That applications be made for the necessary loans.

* 5.—EDGWARE ROAD—IMPROVEMENTS :

SUBMITTED : Report with regard to financing certain improvements in the Edgware Road.

The Minister of Health is not prepared to agree to the proposal to charge the costs to a suspense account.

RESOLVED TO RECOMMEND—That the Surveyor be instructed to prepare a scheme for the various anticipated improvements in the Edgware Road, and that an application be made to the Minister for a provisional loan sanction.

* 6.—LOAN SANCTIONS AND LOANS :

County Roads.

SUBMITTED : Report on an interview of the Clerk and Treasurer with Officials of the Ministry in connection with applications for loan sanctions and the raising of loans in respect of works on County Roads.

It would appear that the District Council are the proper authority for the purposes of applications for maintenance and repair, but with regard to improvements the Minister would be prepared to issue loan sanctions to the County Council for contributions, but was equally prepared to issue such sanctions to the Local Authority.

The Committee have received an intimation from the County Council to the effect that it is their intention to raise loans in respect of all works exceeding £2,000. Such a course would have the effect of the Council financing works for which they would have no sanctions to raise loans.

RESOLVED TO RECOMMEND—That the Middlesex County Council be informed that the Council intend to apply to the Minister of Health for the necessary loan sanctions in respect of works on County Roads, and that application is now being made for loan sanctions in respect of Lower Hale Lane Improvement. (7th July, 1930, Item 14—Page 268).

* 7.—SEWERAGE AND SEWAGE DISPOSAL IN WEST MIDDLESEX :

SUBMITTED: Report of Treasurer with regard to a request received from the Middlesex County Council for statistical information relating to the Urban District in connection with the proposed application to Parliament for powers to carry out their suggested scheme for Sewerage and Sewage Disposal.

RESOLVED TO RECOMMEND—That authority be given to the Treasurer to supply the required information.

* 8.—COUNTY COURT FACILITIES :

SUBMITTED: Letter from the County Court Branch of the Lord Chancellor's Department, enclosing draft of an Order which the Lord Chancellor proposes to make constituting a new County Court District of Willesden.

A request is made that the Council should consider the advisability of including the whole of the district in a new Willesden County Court District. A suggested alternative is to transfer West Hendon to the new County Court District of Willesden and the remainder of the Urban District to the Marylebone County Court District.

The Committee are of opinion that the whole district should be included in one County Court District, and accordingly

RECOMMEND—That the Lord Chancellor be asked to make an Order providing for the whole of the existing Urban District and the Parish of Edgware to be included in the new County Court District of Willesden.

The Committee feels that the work at the new County Court will justify the appointment of a full time Registrar for that Court only and suggests that representation be made to the Lord Chancellor accordingly.

* 9.—TOWN HALL EXTENSIONS :

SUBMITTED: The following resolution of the Hendon Ratepayers' Association:—

"That the Hendon Urban District Council be asked to allow a small Subcommittee of the Hendon Ratepayers' Association, to inspect the plans of the Town Hall Extension, at a time to be arranged."

Attention is called to the fact that the plans referred to have been publicly exhibited on two occasions, viz. :—at the meeting of the Council held on the 27th May, 1929, and at the Public Inquiry into the Council's application for the necessary loan on the 12th September, 1929.

RESOLVED TO RECOMMEND—That the Hendon Ratepayers' Association be informed of the previous opportunities to inspect the plans, and that the Council are unable to accede to their request.

* 10.—PUBLIC INQUIRIES :

SUBMITTED : The following resolution of the Hendon Ratepayers' Association :—

" That the Hendon Urban District Council be asked to give the Hendon Ratepayers' Association, notice of all Public Enquiries, which affect the ratepayers of Hendon, immediately information is received from the Ministry of Health."

SUBMITTED : Representations from the Mill Hill Ratepayers' Association with regard to the lack of police supervision in the District, and also as to the advisability of the provision of Women Police.

RESOLVED TO RECOMMEND—That the Clerk prepare a statement relating to the damage to property and as to the need for additional police protection, and that the Commissioner of Police be asked to receive a deputation consisting of Messrs. Councillors F. C. Rice, J.P., C. C. Cartwright, J.P., T. E. Carpenter, B.A., LL.B., C. Latham, F.L.A.A., L.C.C., and B. J. Monro to discuss the matter.

* 12.—ROYAL AIR FORCE DISPLAY COMMITTEE :

Donation.

SUBMITTED : Further letter from the above Committee noting the contribution of £100 made to the Hendon Cottage Hospital and asking to be furnished with information as to what charitable objects the Council decide to devote the remainder of the donation.

RESOLVED TO RECOMMEND—That the Royal Air Force Display Committee be informed that the balance of the donation has been placed to the Voluntary Funds Account, and that the same will be utilised for dealing with cases of distress at Christmas.

13.—URBAN DISTRICT COUNCILS' ASSOCIATION—CONFERENCE :

Report of Delegates.

The following report was submitted and noted :—

Your delegates duly attended the Conference of the Urban District Councils' Association, held at Colwyn Bay, 26th—28th June, 1930, and report as follows :—

At the opening of the Conference, which was attended by 921 delegates representing 400 authorities, reference was made to the death of the Chairman of the Executive Council, Mr. W. T. Postle-

thwaite, C.B.E., LL.B., who had rendered invaluable assistance to the Association for 27 years. His place was taken by Mr. J. Arthur Cowley, M.B.E., Clerk to the Northwich Urban District Council. After the official welcome by the Chairman of the Colwyn Bay Urban District Council the first morning was occupied mainly with formal business.

The Annual Report of the Executive Council was next considered and numerous matters arising out of the report were discussed at length. Following this papers were presented and various motions discussed. It is not, of course, practicable to review the whole of the subjects which came under consideration but a selection has been made which it is hoped will serve briefly to indicate the nature and scope of the Conference.

REPORT OF ROYAL COMMISSION ON LOCAL GOVERNMENT:

A resolution was passed urging the Government to introduce legislation as early as possible to carry into effect the recommendations of the final report of the Royal Commission on Local Government as far as they concern Urban District Councils.

Such legislation would simplify the procedure relative to the promotion of Private Bills, introduce uniformity as regards disqualification for membership of local authorities and enable Urban District Councils to make grants to their Chairmen.

On 2nd July, in answer to a question in Parliament, Miss Lawrence intimated that the Ministry of Health cannot promise legislation at the present time.

UNEMPLOYMENT GRANTS:

Considerable discussion took place on the new Unemployment Grant Terms (which have already been brought to the notice of the Council). It was felt that these were a distinct advance on anything previously offered and all Urban District Councils were urged to submit schemes to the fullest extent possible.

HOUSING (NO. 2) BILL:

An unsuccessful endeavour was made to secure support to an amendment of the above Bill in order that appeals under Section 3 of the Housing Act, 1925, should still be settled by the Minister of Health and not the County Court. Against the amendment it was urged that appeal to the County Court would avoid "divided jurisdiction" while the Minister was not desirous of undertaking this work. Though appeal to the Minister of Health would appear to be more satisfactory in the case of areas adjoining the Metropolis where Inspectors can readily attend, this may not apply to the authorities in more remote parts of the country.

COMPULSORY PURCHASE OF LAND FOR PUBLIC UTILITY PURPOSES:

Attention was called to difficulties arising from the lack of adequate powers of compulsory purchase and to the somewhat cumbersome procedure at times involved. The Executive Council were instructed to represent to the Ministry of Health the desirability of introducing legislation for the purpose of conferring upon local

authorities greater powers than at present exist for acquiring "compulsorily," by speedy and economic methods, land required for public purposes.

LOCAL GOVERNMENT ACT, 1929 :

An interesting paper was submitted in relation to the effect of the above act upon rates levied in Urban Districts. Attention was drawn to the undesirability of coming to any hasty conclusion in regard to the ultimate effect of the new conditions upon rates as the increases during the present year might be to some extent temporary and due to :—

- (a) The last calls of the Guardians having been reduced by the utilisation of balances and the first calls of the Counties increased to reinstate such balances.
- (b) The desire of County Councils immediately to improve many of the rural roads.
- (c) The high estimates of Urban Councils in connection with expenditure on County Roads.
- (d) County Councils budgeting for safety.

The general feeling was, however, that the new conditions were operating adversely to the interest of Urban Districts and the Executive Council was instructed to keep the matter under observation with a view to making representations to the Ministry of Health in due course.

FIRE BRIGADES—RECOVERY OF EXPENSES FROM INSURANCE COMPANIES :

The Executive Council were requested to consider the subject of the recovery of reasonable expenses of fire brigades in attending motor vehicles on fire within and without the district of a local authority, and should they consider it desirable to take the necessary steps to obtain the inclusion of power to recover such expenses in any appropriate public legislation which might be promoted by His Majesty's Government.

HOUSING—CONTROL OF RENTS :

Control of rents led to a lengthy discussion. Instances were cited including a row of houses where the rent of those controlled was 4/11 per week and of those decontrolled 9/6. In another case rent had been increased by as much as 300 per cent. Attention was also drawn to the reductions which have taken place in wages, leaving them in some industries even less than the 1914 figures. It was urged by some that the question of control of rents was not a matter for discussion at a Local Government Conference and that excessive increases were not widespread. On the other hand stress was laid upon overcrowding and the difficulties which Housing Authorities had to meet.

Eventually the following resolution was passed :—That this Conference views with alarm the excessive additions to rent imposed by some dwelling-house property owners when such houses become vacant and calls upon the Government to promote legislation establishing Rent Courts or some other judicial Authority which (in the event of a house becoming vacant) shall have power to determine whether an increase in rent is justified and if so to what extent, and that

a copy of this resolution be forwarded to the Prime Minister and the Minister of Health."

Consideration of the question whether, in view of the reduction in wages, the time has arrived for a proportionate reduction of the increased rent allowances under the Rents Restrictions Acts was adjourned to the next Conference.

HOUSING LOANS—REDUCTION OF RATE OF INTEREST :

The question of applying to the Public Works Loan Commissioners for the issue of loans for housing purposes at lower rates in order to secure reduced rents was referred for consideration by the Executive Council, but though the Conference was in full sympathy with the object of the suggestion it was pointed out that the matter had already received the attention of several Governments who did not regard this method of subsidizing houses as a satisfactory one.

COUNCILLORS' TRAVELLING EXPENSES :

It was decided to ask the Minister of Health to introduce legislation making it lawful for any Urban or Rural District Council to defray any expenses necessarily incurred by members of the Council in travelling to and from meetings of the Council and Committees or by the direction of the Council or Committees.

A similar power was conferred upon County Councils by the Local Government Act, 1929. A further resolution was passed urging further legislation to provide for the payment of expenses of representatives of local authorities on Assessment Committees and Guardians Committees when attending meetings of such Committees held outside the area of the local authority represented by them.

ADVERTISEMENT HOARDINGS :

In accordance with the instructions of the Council your delegates supported the motion by Merton and Morden urging that efforts should be made to introduce in the next Session of Parliament a Bill conferring upon local authorities greater powers with respect to advertisement hoardings.

This motion was carried unanimously.

EXEMPTION OF COUNCILLORS FROM JURY SERVICE :

In view of the amount of public work performed by County, Borough and District Councillors it was decided to urge the Government to provide for an amendment of the Juries Act, 1825 to 1922, in order to enable members of local authorities to claim exemption from Jury Service. The original motion provided definitely for exemption but it was felt that some members might possibly desire to serve.

PUBLIC LIGHTING:

Footpath—Hampstead Way to Wildwood Road.

FURTHER CONSIDERED: The above matter (Highways Committee, Item 2 (C)—Agenda, page 466), together with the report of the Surveyor on his negotiations with the Gas Light & Coke Co.

The Company estimate the cost of laying a 2 in. service main to light the above footpath at £238, and will be prepared to lay such main subject to the Council contributing £80 towards the capital cost, and to six lamps being erected instead of four lamps as suggested in the original proposals.

In addition to bearing a portion of the capital cost of laying the service main, the proposals would involve the Council in the usual expenditure on maintenance of lamps and the supply of gas.

The footpath in question is vested in the London County Council and it will, therefore, be necessary to enter into an arrangement with that Authority in connection with the laying of the gas main.

281.—Motion moved by Mr. Councillor Potter, seconded by Councillor Mrs. Bannister:—

That the terms subject to which the Gas Light & Coke Company will be prepared to lay the necessary service main for the lighting of the above footpath, as indicated above, be accepted, and that the Surveyor be authorised to give instructions for the work to be put in hand immediately negotiations have been concluded with the London County Council.

The Chairman pointed out that in order to enable the Council to consider the foregoing motion, it would be necessary to suspend Instructions to Committees; whereupon it was duly moved, seconded, and

282.—RESOLVED—That Instructions to Committees inconsistent with consideration by the Council of the above motion be suspended under Standing Order No. 49.

The motion by Mr. Councillor Potter was thereupon submitted to the meeting and declared **carried** *nem. con.*

In view of the lateness of the hour and the importance of the matter so far as it affects Hendon,

Mr. Councillor Egan moved an amendment, which was seconded by Mr. Councillor Naar, and it was

283.—RESOLVED—That consideration of this matter be adjourned and the item placed on the Agenda to be considered at the next meeting of the Council, and that in the meantime a copy of the report submitted by the Engineer to the Works and Fire Brigade Committee be circulated to each Member of the Council.

Since the opening of the Library a number of books have been borrowed from other libraries, either direct or through the National Central Library, for the use of Hendon students. It is suggested that the Council should reciprocate by placing the Library upon the list of "outlier" libraries of the National Central Library. The Minister enquires whether it is the intention of the Council to accept the lowest tender for each scheme and assumes that the subsidy will be required under the Housing (Financial Provisions) Act, 1924.

RESOLVED—That the Treasurer be instructed to submit a financial report to the next meeting of the Finance and General Purposes Committee with regard to the tenders and also on the question of taking advantage of the Subsidy under the Housing (Financial Provisions) Act, 1924, in connection with the construction of the above flats.

* 4.—HOUSING ACT, 1930 :

(A) Report of the Medical Officer of Health with the following estimate of the number of dwellings which may fall to be dealt with under the above Act, and also by reason of overcrowding during the quinquennial period to December, 1935 :—

	Houses or Tenements.	Families.
Part I Clearance Areas	49	54
Part II Insanitary Houses	43	47
Overcrowding	132	132
	—	—
	224	233
	—	—

(B) Report of Surveyor relating to possible available land, and the cost of erection of houses.

A careful survey of the vacant land in the District has been made, and it is pointed out that any land acquired for the erection of houses, for displaced persons by reason of action taken under the Act, should be conveniently situated as regards travelling and other facilities. For this reason a large area of land in the north east of the district cannot be considered, whilst it may be said that all parts of the district south of the River Brent are for all practical purposes fully developed. Proposals have however been submitted relating to a tract of land in the West Hendon Ward which would, it is thought, adequately meet the needs of a housing scheme.

Having regard to the report of the Medical Officer the Committee are of opinion that the proposals to be submitted to the Minister of Health in pursuance of Section 25, Housing Act, 1930, should provide for the provision of 250 houses for persons likely to be displaced by, or in consequence of action taken under the authority of the Act of 1930, and to meet the needs of cases of overcrowding. It is felt that the provision of the proposed flats at Goldsmith Avenue and Clitterhouse Lane will provide for normal cases of housing requirements during the first quinquennial period.

RESOLVED TO RECOMMEND—

- (i) That the report of the Medical Officer be approved.
 - (ii) That the report of the Surveyor referred to at (B) above be circulated to the Members of the Committee, and that the Surveyor enter into immediate negotiation with the owners of the land (referred to in MS. in the Committee's Minute Book) in order that he may be able to report at the next meeting of the Committee as to the possibility of the acquisition of sufficient land.
 - (iii) That the Treasurer present a financial report for consideration at the next meeting on the proposed erection of 250 houses on the land referred to in Recommendation (ii).
 - (iv) That the draft statement to be forwarded to the Minister of Health in accordance with the provisions of the Housing Act, 1930, be submitted for consideration at the next meeting.

A schedule had been submitted to the Ministry of Labour giving particulars of the classes at the Evening Schools mentioned and asking for their approval of the scheme.

REPORTED FURTHER : That a communication had been received from the Ministry approving the proposals of the Authority with the exception of the classes organised by Messrs. De Havilland Aircraft Co., and stating that they are prepared to require the attendance at the specified Evening Schools of all unemployed boys and girls in the area as a condition for the receipt of benefit. The Ministry feel some doubt as to whether the classes organised by Messrs. De Havilland Aircraft Co. are in accord with the scheme in view of the fact that the National Advisory Council for Juvenile Employment are definitely of the opinion that the instruction provided at approved Courses should not be regarded as training for specific occupations.

The Ministry of Labour also enquire whether it is considered likely that there will be many unemployed boy and girl claimants in the area resident within travelling distance, but more than two miles from the classes, and, if so, whether the Authority would regard it as reasonable within the terms of Section 15 (2) of the Unemployment Insurance Act, 1930, to require their attendance and be willing to pay their fares (the Ministry bearing 75 per cent. of the cost of such fares), subject to conditions specified in the General Regulations, and being largely guided by the Authority's view as to the reasonableness of the requirement in each case.

Agreed to RECOMMEND—

- (a) **THAT, in view of the possibility of a percentage of the boys attending classes organised by Messrs. APPENDIX.

HOUSING ACT, 1930 (SECTION 25).

REVIEW OF THE HOUSING CONDITIONS IN THE URBAN DISTRICT OF HENDON
WITH RESPECT TO THE PROVISION OF FURTHER HOUSING ACCOMMODATION
FOR THE WORKING CLASSES.

For the quinquennial period to December, 1935.

1. The Council in carrying out the duties imposed upon them by Section 25 of the Housing Act, 1930, have considered comprehensive reports from their Chief Officers, and have

- (a) Reviewed the housing conditions generally in the district and also the housing accommodation already provided by the Council;
- (b) Considered with due regard to the unsatisfied applications made to the Council, the need for additional housing accommodation in the District;
- (c) Considered the extent to which action may be necessary in regard to certain properties under Parts I. and II. of the Housing Act, 1930;
- (d) Surveyed the possibilities of the acquisition of land situated in a convenient position, at an economic price, for possible requirements to meet the needs under (b) and to provide for displaced persons by reason of the application of the Act of 1930, to the properties under (c) above.

2. In taking a broad view it can confidently be stated that the housing conditions of the working classes throughout the district may, in the main, be regarded as satisfactory. The population of the district has grown enormously during the last twenty years as is indicated in the following statement :—

Year.	Population.	Dwellings.	Persons per Dwelling.
1901	22,450	3,379	6.64
1911	38,806	8,510	4.56
1921	56,013	11,028	5.08
1929 (June)	101,671 Estimate.	21,951	4.63
1930 (June)	109,583 Estimate.	23,844	4.59

The accommodation provided by private enterprise has resulted in the erection of good class properties, but these have been mainly properties which have been sold, and not let, and whilst a number of families with the requisite capital have been catered for, no appreciable provision has been made in recent years by private enterprise for the lower paid Working Classes. This has been left to the Local Authorities, and the Council have erected 967 houses in various parts of the District. The London County Council (Watling Housing Estate) comprises over 4,000 dwellings, but these are not available for local housing needs as they provide for the re-housing of persons from the Metropolitan Boroughs.

3. The demand for housing accommodation appears to have been largely satisfied as is indicated by the fact that there are only 165 applications on the Council's list remaining to be considered. Of this number it is known that approximately 53 are cases of overcrowding. Of the 112 ordinary applications remaining it is anticipated that after consideration the number which will be found to be cases eligible for a Council House will be such as can be provided for by vacancies normally occurring in houses already erected and by the provision in the quinquennial statement attached.

It has also been ascertained in the ordinary course of inspection that there are 79 cases of overcrowding in respect of which no applications for houses have been submitted. Provision is, however, anticipated in the statement for the 53 and 79 = 132 cases of overcrowding referred to above.

4. From information obtained in the ordinary course of administration supplemented by special inquiries and inspections it would appear that it may be necessary to enforce the provisions of Parts I. and/or II. of the Housing Act, 1930, as follows:—

Part I.—Clearance Areas	...	21 houses.
Part II.—Individual Houses	...	43 houses.

The houses or tenements in question at present accommodate 54 and 47 families, respectively, and if and when the provisions of the Act are applied it would result in 470 persons being displaced.

5. In connection with the provision of suitable land it is pointed out that any land acquired must necessarily be situated in an accessible position reasonably near to travelling and other facilities. These considerations exclude large tracts of undeveloped land in the North-East of the District, whilst that part of the District South of the River Brent is for all practical purposes fully developed. The Council have, however, under consideration an area of land which would adequately meet the needs for a housing scheme, but having regard to its position and value the purchase price required may have a serious effect on the cost of erection of houses, and on rents. Negotiations with the Owners are proceeding.

6. To meet, during the next five years, the housing needs indicated in paragraphs 3 and 4 above, the Council

(a) have decided to erect 45 flats (Goldsmith Avenue 24, and Clitterhouse Road 21)—this is at present the subject of correspondence with the Minister	45
(b) propose (subject to being able to purchase suitable land for the purpose) to erect houses,

							101
(ii) for cases of overcrowding—							
Applications submitted	53

							132
(iii) for contingencies	17
							295

7. It is, of course, appreciated that the erection and completion of new houses and the evacuation of the clearance areas or individual houses must as far as practicable synchronise, but pending a settlement of the acquisition of land for a housing scheme it is not possible at this stage to estimate what progress may be made in any year of the quinquennial period. It is suggested that the Minister might be prepared to receive at a later date a further statement in the nature of a programme of proposed development for the housing needs shown in this statement.

8. The preceding remarks and the quinquennial statement attached do not take into account any housing needs for the Parish of Edgware, which becomes part of the Urban District on the 1st April, 1931.

It is not practicable to carry out any detailed inspection work whilst the Parish remains under the jurisdiction of another Authority, but from an intimate knowledge it can safely be stated that there are no areas in the Parish which would fall to be dealt with under Part I. of the Act. It will, no doubt, however, be found on inspection that a limited number of houses may require to be dealt with under Part II. In any case the number would be exceedingly small and any persons displaced could no doubt be adequately provided for by the Council.

With regard to the provision of new houses for the Working Classes in Edgware, it is estimated that probably 100 houses may be necessary to meet the demand of the ultimate working class population, but until the Council are in a position to consider the question of housing needs generally of the Parish after the 1st April, 1931, it is impossible to formulate any specific proposals.

Buildings & Town Planning Committee.

2nd December, 1930.

Present: Mr. Councillor B. Flowers (Chairman), Councillor Mrs. M. Thomas, Messrs. Councillors J. J. Copestake, A. S. F. Ford, P. Lightfoot, G. R. Richardson and R. A. B. Teare, M.B.E.

An apology for absence was reported from Mr. Councillor S. H. Egan, J.P., F.R.I.B.A.

* 1.—MONTROSE AVENUE OPEN SPACE:

REPORTED: Letter from Solicitors to Mr. Claud Grahame-White asking the Council, in view of the fact that they had permitted Mr. Edward Streather to alter the lay-out of the estate lying to the south of Montrose Avenue Open Space, to release their client from the obligation to develop in accordance with the plan referred to in Clause 13 of the Contract between the Council and their client.

RESOLVED TO RECOMMEND—That the Council release Mr. Claud Grahame-White from the obligation to develop in accordance with the plan referred to in the said Clause 13.

2.—HENDON RURAL TOWN PLANNING SCHEME:

Open Space, Stonegrove Estate, Edgware.

REPORTED: Letter from the Minister of Health in connection with the Council's suggestion relating to the proposed exclusion, for the purposes of an open space, of that part of the above land (with a frontage to Edgware Road and also the area immediately at the rear of the almshouses) within a depth of 200 feet from Edgware Road.

The Minister stated that it was one of the agreed terms of settlement in connection with the appeal heard under the Hendon Rural District Council Town Planning Scheme Order, 1925, that the land should be used as a public open space in perpetuity and that any modification of the terms might endanger the settlement. Whilst the Minister appreciates the Council's object in making the suggestion he hesitates to adopt it in view of the circumstances and expresses the hope that the Council would not feel it necessary to pursue it.

Instructions were given to the Surveyor upon the matter as recorded in MS. in the Committee Minute Book.

* 3.—GREATER LONDON REGIONAL PLANNING COMMITTEE:

REPORTED: Letter from the above Committee in regard to the suggestion included in their first report for the setting up of a Regional Planning body for Greater London. It appears that a majority of the constituent Authorities favour the setting up of such a body, but the London County Council are of opinion that as the questions dealt with in the report are of considerable importance and complex in character, it is desirable to investigate the position before formulating a policy thereon. They have therefore suggested that the necessary time for such investigation would be afforded if the existing Committee continued to function until 31st March, 1932, which they are prepared to do, providing a sufficient number of the constituent authorities are in agreement.

RESOLVED TO RECOMMEND—That the Greater London Regional Planning Committee be informed that so far as this Council is concerned no useful purpose will be served by continuing the Committee beyond the 31st March next.

* 4.—LAND—JUNCTION OF DAWS LANE AND WATFORD BYE-PASS ROAD :

SUBMITTED: Surveyor's report on a letter from Messrs. Truman, Hanbury, Buxton & Co., with regard to a proposal for the erection of licenced premises on the land referred to above, scheduled in the Town Planning Scheme for business purposes.

RESOLVED TO RECOMMEND—That the proposal be approved, subject to the submission of plans in due course.

* 5.—LAND—JUNCTION OF HENDON WAY AND GRAHAM ROAD :

SUBMITTED: Application from Mr. R. Cromie for permission to utilise this land for the purposes of a cinema and car park, together with the observations of the Surveyor thereon.

RESOLVED TO RECOMMEND—That an Interim Development Order be issued permitting the use of the land in question for the purposes named, subject to the approval of a building line and to the general restrictions of the Town Planning Scheme.

* 6.—LAND AT JUNCTION OF GREYHOUND HILL AND WATFORD WAY :

RECEIVED: Surveyor's report on the letter and plan submitted at the last meeting from Messrs. G. J. Brown and Son, relative to the development of the above land by the erection of business premises thereon.

The Surveyor suggested that Messrs. Brown and Son be informed that the Council are prepared to allow the development of the land on the lines proposed, subject to the following conditions to be embodied in an agreement :

- (a) The land shall be used for shops and business premises to the extent and in accordance with the building line shown on the plan. The elevations in all cases and the height of the buildings shall be subject to the Council's approval with a view to obtaining a reasonable degree of harmony.
- (b) Accommodation roads in all cases shall be screened from the residential property by a belt of trees to be planted to the Council's satisfaction.
- (c) The premises erected shall not be used for the following classes of business :—
 - (a) Licensed premises (beer-houses or public houses).
 - (b) Premises engaged in the frying of fish.
 - (c) Marine store dealers and similar premises.
 - (d) Petrol Filling Stations, or any other trade or business which, by reason of appearance, noise or smell, might be detrimental to the amenities of the neighbourhood.
 - (e) That all land up to the building line of the shops shall form part of the public highway, so that there shall be no display of goods, etc., outside the premises.
 - (f) The construction of the access roads in front of the shops by the owners shall be subject to the sanction of the Middlesex County Council.

RESOLVED TO RECOMMEND—That the Surveyor's suggestion be approved and adopted.

* 7.—LAND AT PAGE STREET, MILL HILL:

SUBMITTED: Surveyor's report on a letter and plan from Messrs. Johnston Evans, with a proposal on behalf of a client in connection with the development of land at Page Street, which would involve the Council in a financial outlay, in respect of which the owner is not prepared to contribute.

RESOLVED TO RECOMMEND—**That the proposal be not entertained.**

* 8.—LAND—JUNCTION OF COLINDEEP LANE AND SHEAVESHILL AVENUE, HENDON:

SUBMITTED: Application from Mr. H. P. Small for the issue of an Interim Development Order permitting the erection of 14 lock-up shops on the above land.

RESOLVED TO RECOMMEND—**That the application be not entertained.**

* 9.—LAND, THE BURROUGHS, HENDON:

REPORTED: Letter from Messrs. Waterhouse & Company relative to the development of land at The Burroughs, adjacent to Watford Way, the property of the Parish Church Authorities.

RESOLVED TO RECOMMEND—**That Messrs Waterhouse & Co. be informed that the Council will be prepared to consider favourably the issue of an Interim Development Order permitting the use of the land in question for the erection of buildings other than residential premises upon receipt of plans indicating the exact nature of the proposals.**

* 10.—HALE PARK ESTATE:

SUBMITTED: Plan from Messrs. Mathews & Son relating to the development of land at the bottom of Hale Lane, adjacent to the district boundary, by the construction of a new road and the erection of 100 houses.

RESOLVED TO RECOMMEND—**That the applicants be informed that the Council will be prepared to issue the necessary Interim Development Order in connection with the proposal, subject to the following conditions:—**

- (1) That the Town Planning requirements that there shall be 8 feet between buildings shall be adhered to in all cases.
- (2) That in constructing the 100 houses there shall be a reasonable amount of variation in the different elevations.
- (3) That the building line in Stoneyfields Lane shall be a minimum of 25 feet with a reasonable number of breaks to avoid the monotony of a continuous building line.
- (4) The new road to be constructed shall be continued right up to the owner's boundary, so that it will be possible to continue it when the adjacent Estate is developed; otherwise it will remain a cul-de-sac and its length is such that this will not comply with the Town Planning Scheme.

* 6.—BILLS IN PARLIAMENT:

SUBMITTED: Clerk's report on the following Bills:—

† (A). *Middlesex County Council Bill.*

This Bill is framed to enable the County Council to put into operation the West Middlesex Sewerage Scheme. It provides for the acquisition of 100 acres of land at Heston and Isleworth and 223 acres at Yiewsley and West Drayton for the construction of works thereon and for the laying of the necessary sewers.

Attention has been drawn to various clauses of the Bill.

The Council have already intimated to the Middlesex County Council that they are not prepared to participate in the scheme.

RESOLVED TO RECOMMEND—That the Clerk to the Council be instructed to take all necessary steps with a view to petitioning against the Bill and that the Seal of the Council be affixed to the petition.

(B). *Agricultural Land (Utilization) Bill.*

The Bill has three objects:—

1. The experiment of large scale farming;
2. The reconditioning of land suitable for agriculture; and
3. The settlement of Unemployed persons upon the land.

The Minister may provide allotments not exceeding one acre for unemployed persons and also has power to defray any losses incurred by Local Authorities in providing allotments for unemployed persons under an approved scheme. The Council may grant assistance for the provision of seeds, fertilisers and equipment and the Minister may make Regulations empowering the Council to sell seeds, fertilisers and equipment purchased or to allow the use of equipment at a price less than that sufficient to cover the cost.

A circular received from the Minister of Agriculture and Fisheries will be submitted to the next meeting of the Allotments Committee. **Noted.**

(C). *Local Authorities (Admission of the Press to Meetings) Bill.*

The Bill repeals the Act of 1908, and brings the law as to the admission of the press into conformity with the changes in Local Government made by the Local Government Act of 1929, and also abolishes the restriction on the attendance of the press at meetings of an Education Committee.

It is proposed that representatives of the Press shall be admitted to meetings of any Local Authority, but may be temporarily excluded when in the opinion of two-thirds of the Members present, expressed by resolution, such exclusion is advisable in the public interest.

The expression "Local Authority" for the purposes of the Bill has been considerably amplified, and where a Committee consists of the whole number of members of the Authority, the meeting of the Committee shall be deemed to be a meeting of the Authority.

On the suggestion of the Association of Urban District Councils, and with the consent of the Chairman of the Council, a representation has been addressed to the Member of Parliament for the Hendon Division requesting him to oppose the provision relating to the temporary exclusion of the press on the ground that there is no reason why any departure should be made from the requirements of the Public Health Act, 1875, that every question shall be decided by a majority of the Members present and voting. **Action approved.**

(D). *Retail Meat Dealers' Shops (Sunday Closing) Bill.*

The Bill proposes to make it unlawful to carry on the business of a retail dealer in meat on Sundays. There is an exemption, subject to conditions, for dealers in meat for the food of Jews.

The Council as a Local Authority for the purposes of the Shops Act, 1912, would be responsible for enforcing the provision.

The "appointed day" proposed in the Bill is the 1st January, 1932. **Noted.**

(E). *Employment of Young Persons (Particular Occupations) Bill.*

The Bill proposes to give power to County Councils and County Boroughs to make Bye-laws:—

1. Prescribing for young persons (those who have ceased to be children and are under the age of 18):—
 - (a) the age below which employment is illegal;
 - (b) the hours between which employment is illegal;
 - (c) the number of daily and weekly hours beyond which employment is illegal; and

2. Prohibiting absolutely or permitting, subject to conditions, the employment in any particular occupation to which the Act applies.

The particular occupations are, all occupations other than Industrial Undertakings, Agriculture, Railway Service (except as van boys), Transport Service (except as van boys and messengers), Domestic Service (except non-residential daily service) and any employment in offices or shops, or in the building or engineering trades. **Noted.**

† (B). *Junction of Hartley Avenue and Flower Lane.*

In accordance with the resolution passed at the last meeting of the Committee, the Surveyor reported regarding the lighting at the above junction (1/12/30—2 (D)). Difficulty has been experienced in the lighting of this spot owing to the position of the island and the traffic conditions.

RESOLVED TO RECOMMEND—

- (i) That the triangular island erected at this junction be replaced by a circular island and that one new type lamp be erected thereon;
- (ii) That the Surveyor be authorised to take the necessary steps to obtain the approval of the Ministry of Transport and the Middlesex County Council to the proposals.

† (C). *Junction of Hammers Lane and the Ridgeway.*

SUBMITTED: Surveyor's report to the effect that the lighting of this junction would be improved by the erection of an additional lamp on the greensward adjacent to "The Three Hammers" Public House. (Hi., 1/12/30—2 (D)).

RESOLVED TO RECOMMEND—That the Surveyor be authorised to erect an additional lamp at the point in question.

† (D). *Junction of Hammers Lane and Daws Lane.*

SUBMITTED: Report of the Surveyor, in accordance with the instructions given by the Committee at its last meeting (Hi., 1/12/30—2 (D)), suggesting the erection of an additional lamp on the corner of Daws Lane and Hammers Lane. At the present time this road junction is lighted by a lamp fixed at the bottom of Wills Grove.

RESOLVED TO RECOMMEND—That an additional lamp be fixed at the corner of Daws Lane and Hammers Lane.

† (E). *Hendon Way.*

SUBMITTED: Surveyor's report on proposals submitted by the Gas Light & Coke Company regarding the unlighted portion of Hendon Way between Ridge Hill and Highfield Avenue.

At the present time there is no gas main on this side of the road and it is considered unlikely that any future development will take place which would necessitate the laying of a main. The Gas Light & Coke Company are prepared to lay a main along this section of the road, provided the Council will erect public lamps on that side of the road. The proposals would involve the erection of approximately 20 additional lamps and when these are fixed the Watford Bypass Road would be completely lighted on one side only, from the Hampstead Boundary to a point near Selvage Lane, Mill Hill.

RESOLVED TO RECOMMEND—That the proposals be approved in principle, and that the Surveyor be instructed to submit estimates of the cost involved.

† (F). *Booth Road, Colindale.*

SUBMITTED: Report of the Surveyor on letters from the Colindale and District Ratepayers' Association and also the Air Ministry, regarding the provision of an additional lamp on the left hand side, and at the end, of Booth Road. The Committee are informed that additional lighting at this point is desirable, and accordingly

RESOLVED TO RECOMMEND—That the Surveyor be authorised to erect an additional lamp at the point in question.

- † (C). *Footpath through Sewage Works from Highfield Avenue to Clitterhouse Lane.*

SUBMITTED: Report of the Surveyor on complaints which had been received regarding the above footpath. This footpath is used by a number of tenants on the Clitterhouse Lane Housing Estate. It is not possible to light the footpath owing to the absence of a gas main. The route of the footpath through the Council's outfall works is, in the opinion of the Surveyor, undesirable, and he suggests the provision of an alternative footpath running in a straight line between ~~Watford~~ ^{Hendon} Way and Clitterhouse Lane. A strip of land could be reserved for this purpose without interfering with the Disposal Works. The total length of the proposed footpath would not differ materially from the one proposed to be diverted, and public lighting could be provided thereon with little difficulty.

RESOLVED TO RECOMMEND—That the Council agree in the first instance to the provision of the new footpath as suggested in the Surveyor's report, but that the question of lighting and also the diversion and stopping up of the old footpath be reconsidered at a future date.
[Referred Back]

- (H). *Burroughs Pond Cross Roads.*

SUBMITTED: Surveyor's report regarding the provision of additional lighting at the above cross roads.

RESOLVED—That consideration of the matter be deferred until after the Committee have inspected the experimental lighting installed in Finchley Road, referred to in item 2 (A).

- † (I). (i) *The Vale Cross Roads.*
(ii) *Crossing—Dunstan Road and Hodford Road.*

SUBMITTED: Surveyor's report on a letter from Mr. Councillor Copestake regarding the lighting of the above junction. The Surveyor states that the lighting of the cross roads would be improved by the erection of a lamp on each of the five points formed by the footpaths at this junction, only three of which are at present lighted, and that the lighting of the crossing of Dunstan Road and Hodford Road would be improved by the erection of a lamp on the south-west corner of the junction of the roads.

RESOLVED TO RECOMMEND—That the report of the Surveyor be approved and that the necessary lamps be erected.

- † (J). *Junction of Orange Hill Road and Watling Avenue.*

CONSIDERED: Representations regarding the lighting of the above junction.

RESOLVED TO RECOMMEND—That the Surveyor be instructed to take the necessary steps for the erection of a lamp outside the entrance to the Park at the junction of Orange Hill Road and Watling Avenue.

- (a) *To the Ministry of Transport indicating a Grant-in-aid of 60 per cent. of the cost of the work;*
- (b) *To the work being carried out to the satisfaction of the County Engineer and Surveyor, and in accordance with plans and specifications approved by him;*
- (c) *To the accounts of the District Council in connection with the work being audited by the County Engineer and Surveyor."*

RESOLVED TO RECOMMEND—

- (i) **That the Middlesex County Council be informed that the Council approve the terms of the resolution set out above.**
- (ii) **That the above recommendation be submitted for the consideration of the Finance and General Purposes Committee.**

[The Finance and General Purposes Committee approve the terms of the resolution of the County Council.]

† (B). *Junction of the Ridgeway and Armitage Road.*

RESOLVED TO RECOMMEND—**That Mr. Simpson be informed that the Council regret they are unable to agree to his suggestion.**

† (C). *Watford Way, Mill Hill Park Crossing.*

This matter was referred back at the last meeting of the Council. The Committee remain of opinion that the suggestions contained in their previous recommendation are the most practicable for dealing with the matter, having regard to the heavy cost which the construction of a sub-way would involve. The Committee accordingly

RESOLVED TO RECOMMEND—**That the Surveyor be instructed to take the necessary steps with a view to a refuge being erected as an experiment in the centre of the road at the point in question.**

† (D). *Refuge—Junction of Queen's Road and Brent Street.*

SUBMITTED: Letter from the Minister of Transport regarding the above temporary refuge. The Ministry are of opinion that a permanent structure should now be erected on the site. It will be remembered that the Middlesex County Council have agreed to make a contribution towards the expenditure involved. (Hi., 1/12/30—4 (B)).

RESOLVED TO RECOMMEND—**That the Surveyor be instructed to take the necessary steps for the erection of a permanent refuge on the site in question.**

(E). *Hendon Central and The Burroughs, Cross Roads.*

SUBMITTED: Letter from the Ministry of Transport stating that consideration is being given to the suggestion of the Council that a "roundabout" system of traffic should be introduced at the Burroughs Pond Cross Roads. The Ministry have also approved the Surveyor's estimate for replacing the existing direction sign at Hendon Central Station by an internally illuminated type "A" sign, and ask the Council to arrange for the improvement to be effected. Arrangements have been made by the Ministry with the Middlesex County Council for payment of the cost incurred. (Hi., 3/11/30—3 (A)).

Noted.

* 4.—FOOTPATHS—EDGWARE ROAD :

The Education Committee at their meeting on the 3rd December last considered a Resolution passed by the Hendon Ratepayers' Association with regard to the safeguarding of children in the Edgware Road, West Hendon, and instructed the Chief Education Officer to make further enquiries on the matter.

In response to such enquiries, the Association at their meeting on the 11th December passed the following Resolution :—

" That this Association appreciates the notice taken by the Education Committee in the matter of the Safeguarding of Children in the Edgware Road, but as the question is one of general policy dealing with footpaths, etc., this Association still wishes, in the interests of public safety, to put its case before the Hendon Urban District Council."

The Committee have considered a communication subsequently received from the Ratepayers' Association stating that the question is one of general policy dealing with the footpaths on the north-east side of Edgware Road between Colindeep Lane and Garrick Road, and also the exits from the Hyde Council School. It is stated in the communication that between these two points a large number of new houses have recently been built, and that as the children from most of these houses attend the Hyde Council School, the Association feel that the present pathway is inadequate and that wider and better paths should be provided as soon as possible. The Association desire the Council to receive a deputation on the matter.

RESOLVED TO RECOMMEND—That in the first instance the Surveyor be instructed to consider and report on the points raised by the Hendon Ratepayers' Association, and that the Association be informed accordingly.

* 5.—FOOTPATH LEADING FROM CHEYNE WALK TO BRIDGE OVER THE LONDON ELECTRIC RAILWAY :

SUBMITTED : Surveyor's report on a letter from the London Electric Railway Company regarding the taking over of the above footpath. The footpath in question is used to a considerable extent by the public, and the Committee are of opinion that it should now be taken over and maintained by the Council.

RESOLVED TO RECOMMEND—

- (a) That the London Electric Railway Company be informed that the Council will be prepared to take over and maintain the footpath in question, subject to the Company executing the necessary deed of dedication and also to the Company bearing all costs in connection therewith.
- (b) That the Common Seal of the Council be affixed to the necessary document.

* 6.—PRIVATE STREET IMPROVEMENTS :

† (A). *Beech Walk, Limes Avenue and Sunnydale Gardens.*

In July last the Council decided to re-consider the question of making up the above roads in six months time. When the matter was last considered only a very small proportion of the frontagers were in favour of private street improvements works being carried out. No information has since been received which would lead the Committee to believe that the frontagers have changed their views. The Committee therefore,

RESOLVED TO RECOMMEND—That no action be taken in the matter.

(B). *Tenders.*

SUBMITTED: Nine tenders for carrying out private street improvement works in the following roads:—

Wykeham Road,	The Ridge,
Dallas Road,	Waverley Grove,
Holders Hill Avenue,	Woodcroft Avenue,

Holders Hill Drive,	Eversfield Gardens.
Holders Hill Gardens,	

In accordance with the resolution passed by the Council at the meeting held prior to the meeting of the Committee, the Tenders were opened and initialled by the Chairman and referred to the Chairman of the Council and the Chairman of this Committee to accept a tender.

† (C). *Aprey Gardens.*

SUBMITTED: Report of the Surveyor asking for authority to lay down green coloured tar macadam on the margins of the above road, in which private street improvement works are now being carried out, by way of an experiment, instead of the black tar macadam ordinarily laid on the footways in the district.

It is proposed that the coloured macadam should be laid by the manufacturers, who are prepared to replace the coloured tar macadam with ordinary material if the same is found to be unsatisfactory. The cost will not exceed that involved by the laying of the ordinary black tar macadam.

RESOLVED TO RECOMMEND—That the Council agree to the proposals on the lines indicated in the Surveyor's report.

(D). *The Park.*

SUBMITTED: Letter from Mr. C. Reid expressing satisfaction with the manner in which the private street improvement works have been carried out in the above road. **Noted with satisfaction.**

(E). *Sunbury Gardens.*

SUBMITTED: Petition signed by fifteen frontagers in Sunbury Gardens protesting against the cost of private street improvement works carried out in the road, and asking for certain information in connection therewith.

RESOLVED—That a reply be sent on the lines indicated by the Committee.

† (F). *Kings Close.*

SUBMITTED: Surveyor's report on a letter from Mr. A. L. Heaven regarding the condition of the above road.

RESOLVED TO RECOMMEND—That Mr. Heaven be informed that in view of possible future development being undertaken in the road in question the Council consider it undesirable to carry out private street improvement works at the present time.

7.—BUNNS LANE—VACANT LAND:

SUBMITTED: Surveyor's report on a letter from the Copthall Residents' Association regarding the fencing off of land in Bunns Lane between the steps to the bridge and Featherstone Farm.

* 8.—GREENSWARD—LAWRENCE STREET :

SUBMITTED : Surveyor's report on a letter from Mr. F. H. Middlebrook regarding the greensward in Lawrence Street between the existing highway and the new boundary set out by the builder.

RESOLVED TO RECOMMEND—That Mr. Middlebrook be informed that, subject to the builder dedicating the land in question as part of the highway, the Council will be prepared to enter into an agreement with the individual frontagers for the maintenance of the greensward on similar lines to the agreement already entered into by the Council regarding the greensward at Bittacy Hill and the Ridgeway.

* 9.—BEAULIEU CLOSE :

SUBMITTED : Surveyor's report on a letter from Mr. G. F. Wicks regarding the making up of Beaulieu Close. Plans and estimates for carrying out private street improvements works in this road are in course of preparation.

SUBMITTED : Report of the Special Committee of the London County Council regarding the proposals of the Minister of Transport for the creation of a Transport Board to take over the passenger transport services of the London Traffic Area.

For this purpose Parliamentary Notice has been published of the intention of the Government to introduce a Bill. The proposal will affect an area roughly within 25 miles of Charing Cross, and the capital involved exceeds £100,000,000.

It would appear that :—

- (a) The Board would be charged with the duty of managing, operating, maintaining and improving, as one consolidated undertaking, the various undertakings which would be vested in and transferred to them.
- (b) The Board have power to enter into agreements.
- (c) Power would be given the Minister, or such other authority as the Bill may prescribe, to confer upon the Board by order, powers with reference to the management, improvement or extension of the undertaking, including powers as to fares and stages.

- (d) Power would be given to prohibit or restrict to such extent as the Bill may prescribe the running of public service vehicles not belonging to the Board.
- (e) Statutory direction would be given to the Minister as to the nature and qualifications of persons to be appointed to the Board, which it is contemplated would consist of from 5 to 7 Members.
- (f) There would be a statutory direction to the Board to conduct their undertaking as to ensure that, so far as practicable their income would be sufficient to meet all proper charges.

The Special Committee have had conferences with the Minister of Transport on matters of principle, such as, the constitution of the Board, appeals from the Board's decisions, representations of fares and services, etc., and their observation on the proposals of the Minister have been duly considered.

The following recommendations of the Special Committee were adopted by the London County Council at their meeting on the 16th December, 1930:—

- (1) *That in regard to the proposals of H.M. Government to promote legislation in the session of 1930-31, for the establishment of a Transport Board for the London traffic area, the Council is of opinion that:—*
 - (i) *The proposals of the Government to vest large powers of ultimate control of policy of the transport services of the London Traffic Area in the hands of a Minister of State, and to exclude municipal representatives except in an advisory capacity, are contrary to sound principles of local government.*
 - (ii) *It is desirable that the management, as distinct from the determination of large policy, should be vested in a small number of persons of business and other qualifications to be defined by statute.*
 - (iii) *There should be a statutory obligation that the combined undertakings should be so conducted as to meet all proper charges from revenue.*
 - (iv) *The basis of acquisition of local authorities' undertakings should be not less favourable than that applied to privately owned undertakings.*
 - (v) *The proposed basis of acquisition of the Council's tramway undertaking is inequitable and contrary to the interests of the Council and the ratepayers of the county of London.*
- (2) *That a copy of the report, dated 11th December, 1930, of the Special Committee on Traffic and of the resolutions thereon be forwarded to the local authorities in the London Traffic Area concerned, and that they be invited to co-operate with the Council, to the extent to which they are in accord with the Council's views, in the interests of local government.*

*** 9.—CONTRACTS :**

SUBMITTED : Circular No. 1170 from the Ministry of Health asking the Council to include in their specification for building and other appropriate contracts the following clause :—

“ All goods, not otherwise specified, to be in accordance with British Standard Specifications, where such exist.”

In connection with contracts for the purchase of stores the Minister asks that the following slip should be attached to the contract form :—

“ It is an established practice, subject to considerations of economy, when a special specification has not been issued, to use an article made to British Standard Specification. Where British Standard Specifications have not been quoted in the accompanying form of tender and firms consider that such could with advantage be introduced, they are invited to express their views to the Council in a communication separate from the tender. The tender should not, however, be delayed on this account.”

RESOLVED TO RECOMMEND—That the Council accede to the request.

* 10.—SHOOTING INCIDENT—THE HYDE RECREATION GROUND :
