formed me that further inspections had been carried out and it was apparent that the boiler at Mill Hill Branch Library should be replaced as soon as possible. The Chairman of the Committee, who had been consulted, concurred in this view and I accordingly instructed the Borough Engineer and Surveyor to invite quotations for the supply and delivery of a new boiler of the cast iron sectional type.

15.—COLNE VALLEY WATER UNDERTAKING:

In furtherance of his report to the last meeting of the Rating and Valuation Committee, the Chief Rating Officer reported to me on a meeting of local authorities with a representative of the Board of Inland Revenue in connection with the assessment of the Colne Valley Water Undertaking.

After considering the Chief Rating Officer's report, I authorised him to accept the assessments proposed, viz.:—

Edgware Net annual value £2,252
Hendon Net annual value £5,179

16.—APPLICATION FOR STREET TRADING LICENCE:

The Town Clerk submitted to me an application from Mr. Charles Bennett for a street trading licence permitting him to sell newspapers from a wooden box approximately 2 ft. 6 ins. square at a point in Station Road, Edgware, outside Messrs. Salmon's shop from 2.30 p.m. to 8.0 p.m. daily from Mondays to Saturdays.

After considering the observations of the Police and of the Borough Engineer and Surveyor I decided to disapprove the application.

17.—IMPROVED LIGHTING SCHEME:

With reference to Item 10 (b) of the report of the Highways Committee dated 15th March, 1954, the Town Clerk reported to me that it was necessary to apply for loan consent in the sum of £31,000 in respect of the improved lighting programme for 1954/55.

With the concurrence of the Chairman and Vice-Chairman of the Highways Committee, I authorised the Town Clerk to submit to the Minister of Housing and Local Government a formal application for consent to raise loans of £5,500 for a period of 15 years in connection with the fittings and £25,500 for a period of 25 years in connection with the work and other materials.

18.-ACCOMMODATION ROAD AT THE REAR OF THE FORUM, EDGWARE:

The Borough Engineer and Surveyor reported to me that as authorised (Hi.C., 4/1/54—11) he had negotiated with Messrs. Spurriers regarding the lighting of the accommodation road at the rear of The Forum, Edgware, and had reached agreement on the basis that, subject to the firm undertaking to light the lamps which they had installed every night from dusk to 1.0 a.m., they be reimbursed at the street lighting rate for the running cost of one lamp, together with the estimated extra charge incurred in lighting the lamps for seven nights of a week instead of six. He also reported that two lamps on the flank wall of their workshops were lit each night of the year and that it had been suggested that the Council should bear the annual running costs at the street lighting rate of one of these lamps. The total expenditure involved was estimated at £7 per annum.

I authorised the acceptance of these terms subject to the execution by Messrs. Spurriers and the Corporation of an agreement in a form to be approved by the Town Clerk and providing for the termination of the arrangements on one month's notice on either side.

holders of the land required to carry out an improvement in St. Albans Lane, had approved the free grant to the Corporation of their interest in the land, subject to the payment by the Council of their legal costs and surveyor's charges.

I authorised the payment of these costs and charges and the acquisition of the land, subject to the execution of a Conveyance in a form to be approved by the Town Clerk.

20.-'BUS SHELTERS-ST. VINCENT'S SCHOOL, THE RIDGEWAY:

At the meeting of the Council on the 12th April, 1954, the recommendation of the Highways Committee on this matter was withdrawn and I was authorised to take such action as may be deemed necessary during the Recess, in consultation with the Chairman of the Highways Committee and the Education Committee.

The Town Clerk submitted to me letters received from the Mill Hill Ratepayers' and Residents' Association and the Medical Research Council, and after consulting the two Chairmen concerned I instructed the Town Clerk, in variation of the recommendation of the Highways Committee, to write to the London Transport Executive again pressing for the provision of shelters at the 'bus stopping places outside St. Vincent's School.

21.—'BUS ROUTE 240—LATE 'BUSES FROM GOLDERS GREEN:

The Town Clerk reported to me that the experimental service of late 'buses introduced by the London Transport Executive on service No. 240 was not successful and had, therefore, been discontinued. He informed me that the Chairman of the Travelling Facilities Sub-Committee had suggested (a) that the last three 'buses on this service to leave Golders Green should be made later so that the last one left at about 11.40 p.m. and (b) that the 'bus crews should again be instructed to ensure, so far as possible, that passengers leaving trains at the station were given time to board the 'bus before it left on its last journey.

I concluded that any further representations in this matter should made at an early date and instructed the Town Clerk to submit to the Executive the suggestions made by the Chairman of the Travelling Facilities Sub-Committee.

22.—NORTH HENDON LIBERAL ASSOCIATION:

The Town Clerk submitted to me a letter from the Hon. Secretary of the North Hendon Liberal Association stating that the Executive Council of the Association viewed, with dismay and alarm, the threat of increased fares, and it was hoped that at least one protest meeting would be held. It was proposed that a meeting should be held at Copthall County School on the 29th April at which representatives of the Borough Council were asked to attend. I decided that no action should be taken in the matter.

23.—CONSTRUCTION OF NEW ROADS:

The Borough Engineer and Surveyor reported to me that Seymour Estates Ltd., wished to enter into the standard form of agreement with the Council for the making up and taking over of a new road on the estate known as "Woodside," Woodlands, N.W.11, and that Messrs. Cheshire and Briggs wished to enter into the standard form of agreement for the making up and taking over of a service road in front of Nos. 14 to 22, Brentmead Place, North Circular Road, N.W.11.

I instructed the Town Clerk to complete agreements with Seymour Estates Ltd. and Messrs. Cheshire & Briggs in a form to be approved by him for the making up and taking over of the roads in question.

24.—DEDICATION OF LAND AT SUSSEX RING, N.12:

Dawes & Co., Ltd., were prepared to dedicate to the Corporation the land forming two corners of the road junction between the back line of the existing footway and the forecourt lines of the new houses, facilitating the provision of grass reservations similar to those on the two opposite corners.

I decided to accept the offer, subject to the execution of the necessary agreement in a form to be approved by the Town Clerk, and gave authority for the payment of the legal costs incurred and the cost of making up the footway, together with the grass reservations.

25.—NO. 1, GLOUCESTER GROVE, BURNT OAK:

The Borough Engineer and Surveyor reported to me that the occupier of this property, a physically handicapped person, was being provided with an invalid carriage and that financial assistance towards the cost of altering the property to accommodate the carriage and the provision of a shed was being given by the County Council. It was also necessary to lower the kerb and alter the public footway, at an estimated cost of £3, and in accordance with the action taken in similar cases I authorised the Borough Engineer and Surveyor to carry out the necessary work and agreed that the expenditure should be borne by the Rate Fund.

26.—ASSOCIATION OF PUBLIC LIGHTING ENGINEERS:

Notice was received of the Annual Meeting and Conference of this Association to be held at Eastbourne from 14th to 17th September, 1954. The Town Clerk reported to me that the Minister of Housing and Local Government had sanctioned the payment of expenses in connection with the attendance of two delegates. A fee of £2 2s. 0d. was payable.

The conference is included in the list of those approved by the Council and I authorised the attendance of the Chairman of the Highways Committee and the Borough Engineer and Surveyor or his representative.

27.—NATIONAL ALLOTMENTS AND GARDENS SOCIETY LTD.—ANNUAL CONFERENCE:

The Council, at their meeting on the 12th April, 1954, agreed to include the Annual Conference of the above-mentioned Society in the list of approved Conferences, and authorised the appointment of an officer of the Borough Engineer and Surveyor's Department to attend this year's Conference to be held from the 3rd to 5th June, 1954.

On consideration of the views of the Chief Officers concerned, I authorised the attendance at the Conference of a representative of the Borough Treasurer's Department instead of the Borough Engineer and Surveyor's Department.

28.—GARDENS AND ALLOTMENTS COMPETITION:

In 1951 the Council agreed that the "Naar Cup" and the "Arridge Shield" be taken over by the Borough Show and Entertainments Committee, and that this Committee should assume responsibility for the judging of the appropriate competitions. It was reported to me by the Town Clerk that in view of the fact that this year's Hendon Show will take place before it is possible for the competitions to be held, the Borough Show and Entertainments Committee, on the recommendation of the Horticulture (Gardens and Allotments) Panel have invited the Estates, Parks and Allotments Committee to make the necessary arrangements for the judging of the gardens and allotments. This matter will be considered by this Committee at its next meeting, but, in the meantime, it is necessary to make provisional arrangements for securing the services of the judges.

I, therefore, authorised the Town Clerk to make provisional arrangements accordingly.

29.—TRADING ESTATE—NORTH CIRCULAR ROAD, N.W.2—ROAD AND SEWER WORKS:

In view of the fact that it is proposed to carry out the road and sewer works on this site under the provisions of the Town and Country Planning Act, 1944, as applied by the Town

and County Planning Act, 1947, the Town Clerk reported to me that it was necessary to appropriate this land for the purposes of the Town and County Planning Act, 1947.

I, therefore, authorised the Town Clerk to make application to the Minister of Housing, and Local Government for consent to the appropriation from sewage disposal purposes of an area of 3.955 acres of land, as indicated on Plan No. R.1724/O.C.2571 for the purposes of the Town and Country Planning Act, 1947.

30.-PUBLIC CONVENIENCE SITE BY ODEON CINEMA, FINCHLEY ROAD, N.W.11:

On consideration of a report by the Borough Engineer and Surveyor on an application from the Eastern Electricity Board for the Council to enter into a Wayleave Agreement with the Board in order to enable them to lay an electricity cable over the land coloured pink on Plan No. 247e/O.C.1497 as submitted, I approved the application and authorised the Town Clerk to prepare the necessary Agreement between the Council and the Board.

31.—CORPORATION BUILDINGS—WINDOW CLEANING:

The Council at their meeting on the 8th March, 1954, on the recommendation of the Works Committee, authorised the acceptance of the quotation of the North Middlesex Window Cleaning Company for the cleaning of the windows of the Corporation buildings at an increase of £2 over the previous year's Contract, which amounted to £268 6s. 0d.

In this connection the Borough Engineer and Surveyor reported to me that the Company had informed him that the increase of £2 was intended to apply to each monthly cleaning.

The increase would appear to be justified, and I, therefore, authorised the Borough Engineer and Surveyor to accept the revised quotation amounting to £292 6s. 0d. for a period of twelve months from the 1st April, 1954.

The amount of the compensation has been agreed at £175. Surveyor's fees amounting to £14 14s. The compensation accords with Part V of the Town and Country Planning Act, 1947, and the property attracts a claim under Part VI of this Act which has become final, the amount of the Development Value having been determined in the sum of £55.

I authorised the payment of the above sums and instructed the Town Clerk to complete the purchase on the terms stated.

In connection with the Council's decision to sell in due course to the owner of a house in Abercorn Road, adjacent to land which was being acquired by the Council, a strip of land 8 feet in width for the purpose of providing garage space adjacent to the house, the Town Clerk informed me that the owner had since sold the house to a Mr. Lucian Kingsley de Kretser and his solicitors have made application on his behalf to purchase the strip of land in question. Council is in possession of the land but the acquisition of the legal estate has not yet been com-

37.—NOS. 154 AND 156, STATION ROAD, N.W.4:

The Borough Engineer and Surveyor informed me that the District Valuer had reached provisional agreement with the Surveyors acting on behalf of the owner-occupier for the purchase of the freehold interest in the above property for the sum of £7,250. It had also been agreed that vacant possession of the whole property shall be afforded not later than three months from the signing of the contract to purchase, and that the owner will defray her own legal and other costs. The terms, as provisionally agreed, accord with Part V of the Town and Country Planning Act, 1947, and the properties do not appear to have been the subject of a claim under Part VI of the Act.

I accordingly decided as follows:-

- (1) That the Town Clerk be instructed to complete the purchase of 154 and 156, Station Road, N.W.4, on the terms and conditions set out above.

39.—APPLICATIONS FOR CONSENT UNDER THE BUILDING BYELAWS:

After consideration of the reports of the Borough Engineer and Surveyor, I approved under Section 64 of the Public Health Act, 1936, and the Public Health (Buildings in Streets) Act, 1888, Application No. B.4206 referring to a proposed garage at No. 46, Angus Gardens, N.W.9, and Application No. 4574 relating to the rebuilding and extension of a garage at No. 29, Rundell Crescent, N.W.4.

The Borough Engineer and Surveyor submitted to me Applications No. B.4543 and B.4543A relating to the proposed erection of two houses within the grounds of "West Acres," Tenterden Grove, N.W.4. He reported that there was in the vicinity no surface water sewer or suitable ditch to which the rain water could discharge and that the clay sub-soil precluded the use of soakaways. The applicant had, therefore, requested that the roof water from the house be permitted to discharge to the soil drainage system.

I approved the applications under Section 64 of the Public Health Act, 1936, and the Public Health (Buildings in Streets) Act, 1888, and gave permission for the roof water from the houses to be discharged to the soil drainage system.

He reported that there was no surface water drainage at the rear of the property and that the narrowness of the side passageway and existing manholes on the soil drains rendered it impracticable to extend the surface water drain from the front to the rear. The applicant, therefore, requested that roof water from the extension be permitted to discharge to the soil drains.

I approved the application under Section 64 of the Public Health Act, 1936, and the Public Health (Buildings in Streets) Act, 1888, and gave permission for the roof water from the extension to be discharged to the soil drains.

The Town Clerk reported to me that he had been informed by the Company that the radio telephone section of their business had been disposed of to Pye Tele-Communications Ltd., and that the latter Company had taken over all works in connection with the maintenance of radio telephone equipment. Pye Tele-Communications Ltd. had submitted a tender for the work, amounting to £105 and the Borough Engineer and Surveyor had no objection to the Company carrying out the work.

I accordingly gave authority for the acceptance of the tender of Pye Tele-Communications. Ltd. for the carrying out of the maintenance of the Council's radio telephone equipment at an annual cost of £105, subject to the execution of an agreement in a form to be approved by the Town Cierk.

62.—THE BOROUGH OF HENDON (HENDON PARK ROW) COMPULSORY PURCHASE ORDER, 1953:

In connection with the Council's decision to purchase Nos. 1—12 and 15—27, Hendon Park Row and a plot of land adjoining 12, Hendon Park Row on terms provisionally agreed by the District Valuer, the Town Clerk informed me that it appeared that these terms did not include the payment by the Council of the development value amounting to £1,200.

In order that the application for loan consent could be proceeded with I authorised the amendment of the previous resolution of the Council by the deletion of the reference to development value and instructed the Town Clerk to make application to the Minister of Housing and Local Government for sanction to the borrowing of a sum of £3,460, made up as follows:—

			£
Amount of compensation	*****	 	3,250
Cost of raising loan, etc		 	28
Legal Charges and Surveyor's fees, etc.		 	182
			£3,460

I also instructed the Borough Treasurer to make application to the Public Works Loan Board for a loan of £3,460.

63.-HOUSING SITE NO. 37-RUSHGROVE AVENUE, HENDON:

The Borough Engineer and Surveyor informed me that it was essential to the development of the above Housing Site that an area of land situate in Rushgrove Avenue between the land owned by the Middlesex County Council and that of the Ministry of Works should be made available to the Corporation. Lengthy negotiations for acquisition of the said area of land had proceeded without success.

64.—HOUSING SITE NO. 11—KENILWORTH ROAD, EDGWARE:

The Borough Engineer and Surveyor submitted to me a quotation from Roger Malcolm, Ltd., the general contractor for the erection of flats on the above-mentioned site, amounting to £85 11s. 10d. for garden division fences on the site. He informed me that the Ministry of Housing and Local Government had intimated agreement to the proposal, subject to the cost being reasonable, and I authorised him to accept the quotation.

65.—HOUSING SITE NO. 8—SPUR ROAD, EDGWARE:

At their last meeting the Council instructed the Borough Engineer and Surveyor to obtain estimates and plans from three nominated contractors for the scheme of flat development on Housing Site No. 8.

The Borough Engineer and Surveyor sought authority from me to obtain estimates and plans also from Wates, Ltd., of Norbury, who are at present carrying out similar projects in London and have the requisite plant available, including a 300 ft. crane. With the concurrence of the Chairman of the Housing Committee I authorised the Borough Engineer and Surveyor accordingly.

66.-NO. 48, RUSSELL GARDENS, GOLDERS GREEN, N.W.11:

The Borough Engineer and Surveyor submitted to me Application No. B.4389A relating to a proposal for the erection of a garage in the rear garden of No. 48, Russell Gardens, N.W.11, revised on the lines suggested by the Buildings and Town Planning Committee at their meeting on the 14th April, 1954. I approved the amended application under Section 64 of the Public Health Act, 1936, and the Public Health (Buildings in Streets) Act, 1888.

67.-NO. 45, THE DRIVE, GOLDERS GREEN, N.W.11:

After consideration of the report of the Borough Engineer and Surveyor I approved, under Section 64 of the Public Health Act, 1936, and the Public Health (Buildings in Streets) Act, 1888, Application No. B.4642 relating to the erection of a precast concrete garage in the rear garden of No. 45, The Drive, Golders Green, N.W.11.

68.—NO. 82, DEVONSHIRE ROAD, MILL HILL, N.W.7:

After considering the report of the Borough Engineer and Surveyor I approved under Section 64 of the Public Health Act, 1936, and the Public Health (Buildings in Streets) Act, 1888, Application No. B.4545 relating to a proposed timber and asbestos garage to be erected in the rear garden of No. 82, Devonshire Road, N.W.7.

69.—NO. 43, HALE LANE, MILL HILL, N.W.7:

The Borough Engineer and Surveyor submitted to me Application No. B.4615 relating to alterations at No. 43, Hale Lane, Mill Hill, N.W.7, to form a new kitchen and garage. He reported that there was no surface water drainage system on the property to which the roof water from the new addition could discharge and the applicant had requested permission to discharge the water to the soil drainage system.

70.-LEAVE OF ABSENCE:

The Borough Engineer and Surveyor reported to me that the wife of a member of his Department (Mr. B.G.R.) had recently died after a long illness and that during the latter stages of the illness it was necessary for the officer to remain with his wife. In these circumstances I authorised the grant of leave of absence with pay for one week.

71.—NALGO ANNUAL CONFERENCE:

I was informed that the Annual Conference of the National Association of Local Government Officers was to be held at Scarborough from the 15th to 18th June, 1954, and in accordance with the practice in previous years I authorised leave of absence, with pay, for the duration of the conference and reasonable travelling time to the two members of the Hendon Branch of Nalgo attending the conference.

72.—CHURCH FARM, HENDON:

The Borough Engineer and Surveyor submitted to me a letter from the Architects requesting permission to open up and glaze two old North gable windows at Church Farm House which they stated were of great interest and could not properly be seen unless they were glazed. As a matter of urgency I gave authority for the additional expenditure involved, estimated at £20.

73.—WEST HENDON BROADWAY—PEDESTRIAN-OPERATED TRAFFIC SIGNALS:

The Minister of Transport has recently authorised, in accordance with the request made by the Council, the installation of pedestrian-operated traffic signals at West Hendon Broadway, near its junction with Station Road, N.W.4. The Borough Engineer and Surveyor reported to me that the Ministry had included the sum of £800 in the Trunk Road Estimates for the current year to cover the provision of a new controller incorporating push-button pedestrian facilities and that he had obtained a quotation from the signal manufacturers, the Siemens and General Electric Railway Signals Co. Ltd., for the work, amounting to £616.

I decided that, subject to the approval of the Minister of Transport and to the execution by the Contractor and the Corporation of a contract in a form to be approved by the Town Clerk, the quotation of the Siemens and General Electric Railway Signals Co. Ltd., amounting to £616, be accepted.

74.—COUNCIL CHAMBER:

The Borough Engineer and Surveyor reported to me that an inspection of the carpet in the Council Chamber revealed traces of bad moth infestation. He submitted a quotation received from John Frederick, Ltd., who had carried out the inspection, amounting to £40 10s. 6d., for the lifting of the carpet at all edges, cleansing, removal of dirt, etc., and thorough spraying. No provision has been made for this work in the estimates of expenditure for the current financial year.

As a matter of urgency I authorised the Borough Engineer and Surveyor to accept the quotation of John Frederick, Ltd., and to arrange for the work to be carried out, and approved a supplementary estimate to cover the necessary expenditure.

27.—RESOLVED—That His Worship the Mayor, or, in his absence, the Deputy Mayor, be vested with power to deal with all urgent matters which may arise during the interim to the 14th June, 1954.

PRESENTATION TO THE TOWN CLERK:

His Worship the Mayor reminded the Council that Mr. Leonard Worden was attending his last meeting as the Town Clerk of Hendon and he expressed to Mr. Worden the good wishes of all the members of the Council and the sincere hope that he would enjoy good health and happiness during a long and restful period of retirement.

The Chief Librarian (Mr. J. E. Walker, F.L.A.) spoke on behalf of the Chief Officers, who desired to be associated with the sentiments expressed by His Worship the Mayor.

His Worship the Mayor then presented to Mr. Worden, as a token of appreciation of his services, a television set, the gift of Members of the Council, past members of the Council and the Chief Officers.

Mr. Worden returned thanks for the sentiments which had been expressed and for the gift which had been made to him.

The meeting terminated at 6.58 p.m.

1.—OUTER LONDON STANDING JOINT COMMITTEE:

At their Annual Meeting the Council appointed the Chairman and Vice-Chairman of the General Purposes Committee and myself as their representatives on the Outer London Standing Joint Committee for the ensuing municipal year.

It was reported to me that the Annual Meeting of the Association was to be held on Wednesday, 2nd June, 1954, and pending the appointment of a Chairman and Vice-Chairman of the General Purposes Committee I authorised the attendance of Alderman A. A. Naar and Alderman C. H. Sheill at the meeting.

2.—TIME RECORDING CLOCK:

At their meeting on the 12th April, 1954, the Council granted permission to the London Transport Executive to erect a time recording clock on the highway outside Nos. 28 and 30, Deans Lane, N.W.7.

It was reported to me that a form of agreement had been received from the London Transport Executive and I authorised the Deputy Town Clerk to execute the agreement on behalf of the Council.

3.—STAFF APPOINTMENTS—LIBRARIES DEPARTMENT:

In company with Alderman Naar I interviewed candidates for vacant posts in the Libraries Department and made the following appointments to take effect from the 1st August, 1954:—

Grade A.P.T. II Assistant—Miss S. M. Carter, at a salary commencing at the minimum of the Grade.

Grade A.P.T. V Assistant—Mr. F. J. Bungay, at a salary commencing at two increments above the minimum of the Grade.

4.-CARAVANS:

ıy,

The Town Clerk informed me that the Buildings and Town Planning Committee were dealing with a number of caravans in the Edgware Ward on the basis that they should be removed by 16th October, 1955, and had instructed him to serve enforcement notices in cases where the necessary undertakings were not given by the owners or the caravan residents concerned. He reported that there were twenty cases at Bury Farm, Edgwarebury Lane, and one case at Brockley Grange Farm, where the necessary undertakings had not been given by both the owner and the occupier, but that it appeared more desirable to take proceedings in the local Police Court than to serve enforcement notices. I, therefore, authorised him to institute proceedings in these cases under Section 345 of the Middlesex County Council Act, 1944.

I also authorised him to take proceedings under the same Section in connection with the placing of an additional caravan at Site No. 7 in the Paddock at Brockley Grange Farm.

5.—BOROUGH ENGINEER AND SURVEYOR'S DEPARTMENT:

The Borough Engineer and Surveyor reported to me the resignation of Mr. J. Hartley, Engineering Assistant (Grade A.P.T. V), and informed me that there was another vacancy in his Department for a similar post in the same Grade. As a matter of urgency I authorised the Town Clerk to advertise the two vacant posts simultaneously.

6.—JOINT REFUSE DISPOSAL SCHEME, HENDON AND WILLESDEN:

The Town Clerk reported to me that in connection with the Council's application to the Minister of Housing and Local Government for consent to the carrying out of the above-mentioned scheme, he had been informed by the department concerned that before the Minister could proceed with the holding of a public inquiry he required a formal application from the Council for a loan sanction. I, therefore, authorised:—

W

(a) The Town Clerk to make application to the Minister of Housing and Local Government for consent to the borrowing of a sum of £249,000, as indicated hereunder:—

Machinery	 £95,744	£126,700	 Period of Loan. 15 years
Buildings Site Works	 £26,556	£122,300	 30 years.
		£249,000	

(b) The Borough Treasurer to make application to the Public Works Loan Board for a loan of £249,000, as above indicated.

7.—BOWLING GREEN, MILL HILL PARK:

At their meeting on the 1st February, 1954, the Council granted to the Mill Hill Ladies' Bowling Club the whole-time use of three rinks on No. 1 green at Mill Hill Park, with the exception of Wednesday evenings, when two rinks only will be available for the Club throughout the 1954 season. Subsequently, the Club asked for a reduction in the charge to be made for the use of these rinks and the Council, on the 12th April, 1954, granted the whole-time use of two rinks only with the use of an additional rink on Thursday and Saturday afternoons from 2 p.m. to 6 p.m. throughout the 1954 season.

The Town Clerk reported to me that the Club have asked if they may revert to their original proposal, to which the Borough Engineer and Surveyor has indicated that he has no objection. I, therefore, gave permission for the Mill Hill Ladies' Bowling Club to be allowed the whole time use of three rinks on No. 1 green, with the exception of Wednesday evenings, when two rinks only will be available to the Club in Mill Hill Park throughout the 1954 season, subject:—

- (a) To the payment of a fee of 45/- per Club Member, with a minimum fee calculated in respect of 32 Members; to an appropriate remission in the fee to be determined by the Borough Treasurer in respect of the reduced user of the rinks on Wednesday evenings; and
- (b) To the execution of a licence in a form to be approved by the Town Clerk.

8.—HENDON GROVE—HENDON DISTRICT BROWNIES:

On consideration of a report by the Town Clerk on an application received from Mrs. A. M. Shutler, I gave permission for the Hendon District Brownies to hold their "revels" in Hendon Grove on Saturday afternoon, the 26th June, 1954, subject to the execution of the usual form of indemnity.

9.—PAY ORDERS:

I have signed Pay Orders prepared by the Borough Treasurer for payment of accounts in pursuance of Standing Orders and Resolutions of the Council:—

Alderman Knowles asked permission to move, as a matter of urgency under Standing Order 25, a motion in relation to the acquisition by the Council of a piece of land between Borthwick Road and Ravenstone Road, West Hendon, arising out of the decision of the Minister of Housing and Local Government on a planning appeal relating to the sites of Nos. 23 to 55, Borthwick Road and Nos. 36 to 54, Ravenstone Road, N.W.9.

Motion moved by Councillor Patmore, duly seconded, and

30.—RESOLVED—That permission be granted to Alderman Knowles to move a motion in relation to this matter.

The following motion was thereupon moved by Alderman Knowles and seconded by Alderman Sumpter:—

(1) OPENING OF CLAREMONT SECONDARY SCHOOL—RESULTING RE-ORGANISATION:

I received a communication from the Borough Education Officer (a copy of which, together with the Chief Education Officer's letter referred to therein, are attached to this report) setting out comprehensive proposals for dealing with existing school accommodation problems and with the whole or partial re-organisation of three all-standard schools which will be made possible by the opening in September next of the Claremont Secondary Modern School. I felt that the proposals as a whole were so wide in scope that they should be submitted to the Education Committee for their approval. Nevertheless, the four particular matters of basic importance to the scheme and to which the Borough Education Officer asked me to give approval on grounds of urgency appeared to me to be in accordance with the general policy expressed from time to time by the Education Committee. I, therefore, authorised the Borough Education Officer to proceed immediately with the following matters in the belief that you would find the scheme acceptable and would instruct him accordingly.

- (a) Use of the Bell Lane Woodwork Centre by the Hendon Secondary Technical School.
- (b) Transfer of the senior boys of the Hyde School to Barnfield Secondary School.
- (c) Removal of equipment, etc., from the Domestic Science Centre at Garden Suburb School to permit the use of the room as a classroom (the equipment either to be returned to the Gas or Electricity Authorities from whom it is hired or to go to other schools where there is a need).
- (d) Issue of an advertisement for a Head Teacher of the Bell Lane Junior School.

(2) EXTERNAL AND INTERNAL REDECORATION OF SCHOOLS, 1954:

In accordance with the authority delegated to me at the meeting of the Divisional Executive held on the 12th April, 1954 (Works and Buildings Sub-Committee—para. (b)), I considered schedules of tenders received for the external and internal decoration of schools and schoolkeepers' cottages during the Mid-summer Holidays, 1954, together with a report of the Borough Engineer and Surveyor thereon, and I decided as follows:—

(a) That, subject to the execution of contracts in a form to be approved by the Town Clerk in those cases where the cost exceeds £500, the Borough Engineer and Surveyor be instructed to accept the following tenders at the prices indicated:—

Algernon Road School-Messrs. Howley Decorations Ltd.			£450
Bell Lane School-Messrs. Decra Ltd			£599
Brent Secondary Modern School-Messrs. Decra Ltd	*****		£522

Edgware School—Messrs. Howley Decorations Ltd.	••••		£460
Frith Manor School-Messrs. Griffiths Brothers			£357
The Meads School-Messrs. Howley Decorations Ltd	••••		£270

(b) That, subject to the cost not exceeding £475, the Borough Engineer and Surveyor be instructed to carry out, by direct labour, the external re-decoration of the Deansbrook School. (3) BROAD I CC principle primary follows:

(3) BROADFIELDS AND FAIRWAY PRIMARY SCHOOLS—PREFABRICATED HUTTED CLASSROOMS:

I considered a schedule of tenders received in respect of the proposal already approved in principle by the Middlesex County Council to erect a two-classroom hut for the Broadfields Primary School, together with a similar hut for the Fairway Primary School, and I decided as follows:—

That, subject to the approval of the Ministry of Education and the Middlesex County Council and to the execution of a contract in a form to be approved by the Town Clerk, the Borough Engineer and Surveyor be instructed to accept the tender of Messrs. Harrison Smith Buildings Ltd. to undertake the work at a total cost of £5,531.

(4) COPTHALL COUNTY SCHOOL GAMES FUND:

I have authorised the opening of an account at the London Trustee Savings Bank, to accommodate, temporarily, the proceeds of investments which have fallen due for repayment, and which, it is anticipated, will be required shortly to meet the cost of works to be carried out at the school.

(5) MOAT MOUNT PROPOSED SECONDARY SCHOOL:

In connection with the decision of the Education Committee (March, 1954), to ask the County Council whether the Divisional Executive's suggested amendments to the plans of the proposed Moat Mount Secondary School had been embodied in the approved plans, a letter was received from the Chief Education Officer on the 4th May, 1954, intimating that such amendments had been incorporated in the revised plans under consideration. The Chief Education Officer also stated that in response to the criticisms of the Hendon Divisional Executive on the proposed roof construction of the school the County Architect had commented as follows:—

"... even in the most exceptional conditions the large gutters and down pipes will prove to be quite capable of dealing with the accumulation of surface water. The heavy gauge copper roof will be robust and have a very long life and the generous overhangs will direct snow, especially during thaw conditions, well away from the walls of the buildings."

The Chief Education Officer's letter of the 4th May, 1954, further stated that because of the abnormally high cost of preparing the site it had been found necessary to revise the plans so that a saving in expenditure would be effected on the total overall floor area of the building. The plans as originally prepared had exceeded the Minister of Education's minimum requirements by 1,420 sq. ft. and it had, therefore, been decided to make reductions in the floor areas of some circulation spaces and to arrange that the stage should also serve as a music room instead of providing a separate room. In view of the urgent need to proceed with the development of the working drawings, the Chief Education Officer asked for the observations of the Divisional Executive with the least possible delay. After consulting the Borough Engineer and Surveyor I authorised the Borough Education Officer to inform the Chief Education Officer that, in the light of the explanation contained in his letter of the 4th May, 1954, the Hendon Education Committee would accept the proposed amendments to the Moat Mount Secondary School plans as indicated on the revised drawings accompanying the letter.

(6) REQUISITIONS:

I approved the following requisitions submitted by the Borough Education Officer, financial provision for which has been made in the current year's estimates:—

- (a) Primary Education:
 Requisition Sheet No. P.81 dated 10/5/54 £6,967 13s. 8d.
- (b) Secondary Education:

 Requisition Sheet No. S.82 dated 10/5/54 £5,931 7s. 6d.

(7) YOUTH COUNCIL WHITSUN CONFERENCE-GRANTS:

I approved a grant from the Hendon Youth Voluntary Fund towards the expenses of each member of the Hendon Youth Council and the Hendon (Youth) Branch of United Nations Association who will be attending the Youth Council Whitsun Conference, 1954, subject to a maximum expenditure of £15. I also approved a grant from the Hospitality Fund of £2 per head in respect of each Commonwealth Student attending the Conference, subject to a maximum expenditure of £12.

(8) ANNUNCIATION R.C. SCHOOL-ADDITIONAL TEMPORARY ACCOMMODATION:

The Managers of the Annunciation R.C. School intimated that, although they are concerned about the overcrowding of the school, they appreciate that a general re-building of the school is unlikely to be approved for several years. They, therefore, proposed to erect a two-classroom hut at an approximate cost of £3,000. As the amount to be expended by the Managers is less than £7,500, the project does not have to be regarded as part of the Middlesex County Council's Major Building Programme for which the prior approval of the Ministry of Education must be obtained. The County Council, however, asked whether the Divisional Executive were in agreement with the proposal on educational grounds. Having regard to the existing very overcrowded conditions at that school, I instructed the Borough Education Officer to inform the Chief Education Officer that the Hendon Divisional Executive fully support the Managers in their decision to provide additional temporary accommodation.

(9) BETTING AND LOTTERIES ACT, 1934—HENDON GREYHOUND STADIUM:

A letter was received on the 23rd March, 1954, from the Chief Education Officer pointing out that the licence granted under the above Act in respect of the Hendon Greyhound Stadium would expire on the 30th June, 1954, and asking whether the Hendon Divisional Executive wished to make any representations to the Entertainments Licensing Committee with regard to the request of the Greyhound Stadium Authorities for the existing licence to be renewed for a period of seven years. Having regard to the decision of the Hendon Divisional Executive in 1949, when this question was originally considered, I instructed the Borough Education Officer to inform the Chief Education Officer that the Hendon Education Committee did not wish to make any representations to the Entertainments Licensing Committee.

(10) ST. AGNES' R.C. SCHOOL-REPLACEMENT OF RADIO RECEIVER:

The Headmaster of the St. Agnes' R.C. School reported that the School's radiogram had broken down and that the two radio engineering firms who had been consulted had each reported that the machine could only be repaired at a heavy and uneconomical cost. As the annual allowance for Aural and Visual Aids for Schools in Hendon had not been fully expended at the time (22nd March, 1954) the request was received, I authorised the Borough Education Officer to purchase a new radio receiver for the use of the St. Agnes' R.C. School at a cost not exceeding £28, i.e., within the limits of the unexpended allowance for the financial year 1953/54.

(11) SECONDARY GRAMMAR SCHOOLS-APPOINTMENTS AND RESIGNATIONS:

(12) PRIMARY AND SECONDARY MODERN SCHOOLS—APPOINTMENTS AND RESIGNATIONS:

(a) Appointment of Assistant Teachers:

Applicants for appointment to the Committee's teaching staff have been interviewed, and I have decided:—

Miss B. E. Alleyne and Miss D. P. V. Clark, whose resignations are reported above, took up duties in Hendon in 1918 and 1914 respectively. I, therefore, decided:—

- (i) That the resignation of Miss B. E. Alleyne, Assistant Teacher at the Garden Suburb Infants' School, to take effect on 31st August, 1954, be noted with regret and that the Hendon Borough Council place on record an expression of their sincere appreciation of the excellent and devoted services rendered by her to the cause of Education in Hendon during the past thirty-six years.
- (ii) That the resignation of Miss D. P. V. Clark, Assistant Teacher at the Garden Suburb Junior School, to take effect on 31st August, 1954, be noted with regret and that the Hendon Borough Council place on record an expression of their sincere appreciation of the excellent and devoted services rendered by her to the cause of Education in Hendon during the past forty years.

(13) ALL SAINTS' C.E. PRIMARY SCHOOL—APPOINTMENT OF HEAD TEACHER:

In consequence of the appointment of Mr. J. R. N. Bateman as Head Teacher of the Courtland Primary School from 29th April, 1954, the Managers of the All Saints' C.E. School have appointed Mrs. M. Davies as Acting Head Teacher for the period 29th April, 1954 to 31st August, 1954, and Mr. W. E. Cleaton as permanent Head Teacher from 1st September. 1954. I have recommended to the Middlesex County Council that Mrs. M. Davies be paid an Acting Head Teacher allowance in respect of the period 29th April, 1954 to 31st August, 1954, inclusive, and have decided:—

That consent be given on behalf of the Middlesex County Council, as Local Education Authority, to the appointment of Mr. W. E. Cleaton as Head Teacher of the All Saints' C.E. School as from 1st September, 1954, on the understanding that the appointment is made in accordance with Schedule II of the Primary and Secondary Schools (Grant Conditions) Regulations made by the Minister under Section 100 of the Education Act, 1944, and also on the conditions of employment approved by the County Council for full-time established teachers in County Primary and Secondary Schools in force from time to time which apply to the remuneration of the Teachers and to all other payments in respect of them, including, in particular, sick leave and special leave.

(14) EXTENSION OF SICK PAY OF ASSISTANT TEACHER:

The Managers of the St. Mary's C.E. Junior School have recommended that Miss J. K. Taylor, Assistant Teacher, be granted an extension of sick pay at full rate from 26th March p.m. to the 28th April, 1954. Miss Taylor's application was supported by a medical certificate. I, therefore, recommended to the Middlesex County Council as follows:—

That Miss J. K. Taylor, Assistant Mistress at St. Mary's C.E. Junior School, be granted an extension of sick pay at full rate from the afternoon of 26th March to 28th April, 1954, inclusive.

I have interviewed selected candidates and have appointed Mr. C. H. Taylor as Schoolkeeper of the Courtland School and Mr. J. Pescott as Schoolkeeper of the Colindale School from 26th April, 1954. The appointments will be in accordance with the terms and conditions of employment of the Middlesex County Council.

The Managers of the St. Mary's R.C. School have informed me that they have appointed Mr. H. Gee as part-time Schoolkeeper from 12th April, 1954, to replace Mr. W. Heaphy, whose services were terminated on 3rd April, 1954.

(16) COLINDALE, BROADFIELDS AND DEANSBROOK SCHOOL PLAYING FIELDS—USE BY YOUTH ORGANISATIONS:

The Middlesex County Council's regulations relating to the letting of school or college playing fields by outside organisations provide that recommendations from Divisional Executives should be made to the County Council in respect of the use of such playing fields, the recommendation to indicate the suggested charge for the user.

I have recommended that a charge of 5/- per four-hour session for the use of school playing fields be made in the case of Youth Organisations affiliated to the Hendon Youth Sub-Committee and the Middlesex County Council have approved the use of the Colindale, Broadfields and Deansbrook School playing fields for youth functions.

(17) ADMINISTRATIVE STAFF:

I have approved the appointment of Mrs. M. White as Clerk/Typist in the Education Department from 24th May, 1954. The appointment of Mrs. M. White, in place of Miss P. J. Pinnock, who resigned on 15th May, 1954, is subject to the Middlesex Conditions of Service applicable to General Division Officers.

(18) AUTO-CYCLE ALLOWANCE:

I have considered an application for the grant of an auto-cycle allowance from Mr. I. W. Arnott, Education Welfare Officer, who requested permission to use his auto-cycle on official business from 1st May, 1954. I approved the application and instructed the Borough Education Officer to forward it to the Middlesex County Council.

(19) GOLDBEATERS PRIMARY SCHOOL—GENERAL INSPECTION:

Mr. H. Firth, H.M.I., stated that as the General Inspection of the Goldbeaters Primary School would take place on 24th, 25th and 26th May, 1954, he hoped that the Special Panel of the Primary Education Sub-Committee would be able to meet the inspectors for discussion on the report as soon as possible thereafter.

I have informed Mr. Firth that the earliest date on which the Special Panel can meet is 11th June, 1954, and I have suggested that 6.0 p.m. will be a convenient time for the members concerned.

(20) RESIGNATION OF RESPONSIBLE TEACHER OF BRENT EVENING INSTITUTE AND APPOINTMENT OF SUCCESSOR:

In consequence of the resignation as from the 30th April, 1954, of Mr. T. A. Mairs, Responsible Teacher of the Brent Evening Institute, the vacancy was advertised amongst the teaching staffs of the day schools and the evening institutes. Owing to the urgent need to appoint a successor as soon as possible to enable the preparatory work for the session 1954/5 to be put in hand, I

JAR -

interviewed two candidates for the position and decided to appoint Mr. N. G. Humphries for the session 1954/5. The appointment will be in accordance with the terms and conditions of the Middlesex County Council's scale of salaries for Responsible Teachers of Evening Institutes.

Signed,

Treatment, however, was being satisfactorily maintained and there were approximately 13 fillings to every permanent tooth extraction in 1952 and 1953. The 1951 National average was less than 3 fillings to one extraction. Noted.

(f) WESSEX GARDENS SCHOOL CATCHMENT AREA:

The Borough Education Officer submitted a report (a copy of which had been circulated to each Member of the Education Committee) in which he pointed out that two years had elapsed since the restriction on entry to the Wessex Gardens School and that the roll next September will fall sufficiently to justify an extension of the catchment area. It was suggested that a three-form entry to the Infants' Department would ensure that all the accommodation in the three departments would be fully used but without overcrowding.

RESOLVED TO RECOMMEND—

- (i) That from the commencement of the Autumn Term, 1954, the catchment area of the School be varied to include the roads to the south and west of the School which were formerly regarded as coming within the normal area served by the School.

A letter was submitted from the Correspondent to the Managers of the St. Mary's R.C. School stating that they had decided, subject to the approval of the Hendon Education Committee, to extend the appointment of Sister C. Duggan as Headmistress until 31st August, 1955.

(a) (2) of Report dated 9/3/54) the Borough Engineer and Surveyor submitted a report on the general condition of the Brent Secondary School premises and adjacent land which he had drawn up after consultation with the Headmaster.

RESOLVED TO RECOMMEND-

- (i) That consideration be given at the appropriate time to the inclusion in the Divisional Executive's Estimates for 1955/6 of a sum of £260 to meet the cost of remedying exterior wall defects at the Brent Secondary Modern School.
- (ii) That, with regard to the state of the land adjoining the school, the Borough Education Officer be instructed to submit to this Sub-Committee a report on the proposals for the extension of the Brent Secondary Modern School contained in the Local Education Authority's Development Plan, together with an indication as to whether the time has come to give urgent consideration to the implementation of such proposals.

RESOLVED TO RECOMMEND—That the Secondary Education Sub-Committee be informed that, after carefully investigating the matter, this Sub-Committee is of the opinion that school maintenance items reported by Head Teachers are now being dealt with satisfactorily and that special reports as suggested are not necessary.

(f) FIRE PRECAUTIONS IN SCHOOLS:

(i) The Borough Education Officer reported that, in response to the request of the Hendon Divisional Executive for a supplementary estimate of £100 to enable fire-guards to be provided in various Hendon Schools as recommended by the Chief Fire Officer, the Middlesex County Council had made the necessary financial provision. The Borough Education Officer further reported that the Middlesex County Council had made certain suggestions concerning the Chief Fire Officer's proposals for the fire-proofing of stage curtains and drapes and had intimated that the main safeguard should be achieved by ensuring that the curtain material used was of a type which would smoulder rather than ignite when in contact with fire.

RESOLVED TO RECOMMEND—That the Borough Education Officer be instructed to inform all Head Teachers that, if at any time they wish to purchase stage curtains, they should ensure that the material so purchased is reasonably fire-resisting.

(ii) The Borough Engineer and Surveyor reported that recommendations of the Chief Fire Officer concerning improvements to the bell warning systems installed in four schools had not yet been carried out because provision to meet the cost thereof had not been made in the current year's estimates.

RESOLVED TO RECOMMEND—That the Borough Education Officer be instructed to inform the Chief Education Officer that the Hendon Divisional Executive recommend that the Middlesex County Council should provide a supplementary estimate amounting to £138 to enable improvements to the fire alarm systems at the following schools to be carried out during the current financial year:—

(h) HENDON COUNTY SCHOOL-GLASS PANELS IN SWING DOORS:

A letter was submitted from the Headmaster of the Hendon County School drawing attention to the risk of accidents being caused to pupils by breakage of the glass panels in the swing doors at his school and asking whether toughened glass could be substituted for the existing glass in one panel of each door. Arising from the Headmaster's report, consideration was again given to the recent report of the Head Teacher of the Garden Suburb School on this matter.

RESOLVED TO RECOMMEND—That no action be taken thereon.

(j) VISITS TO SCHOOLS—ROTA:

The Borough Education Officer reported that it was expected that the Middlesex County Council would, this year, request the Divisional Executive to submit its recommendations for minor improvements to school premises during 1955/6 at an earlier date than hitherto and that, in consequence, it would be desirable for the visits of members to schools to take place before the end of the Summer Term, 1954.

RESOLVED TO RECOMMEND-

- (i) That the Borough Education Officer be instructed to draw up a rota of members' visits to take place during a period beginning on the 28th June, 1954.

(d) ESTABLISHMENT OF GOVERNING BODIES OF COUNTY SECONDARY SCHOOLS:

At the meeting of the Education Committee in March, a Special Panel (comprising Aldermen Freedman, Copestake, Sheill and Councillors Chainey and Sharpe) was appointed to inform the Middlesex County Council of the views of the Hendon Divisional Executive on the setting up of groups of Governing Bodies of County Secondary Schools.

After taking into account the educational benefits likely to accrue to the individual schools by having more direct contact with Members of the Divisional Executive and the fact that by grouping the schools appropriately there should be no undue additional call upon the services of such Members the Special Panel had informed the Middlesex County Council that the Divisional Executive are of the opinion that four Governing Bodies should be set up to administer groups of Secondary Schools in Hendon as follows:—

- (1) Barnfield. Goldbeaters.
- (2) Edgware.
 Orange Hill County.
 (Boys and Girls).
- (3) Woodcroft.
 Copthall County.
- (4) Hendon County. Brent. Whitefield (Claremont Road).

The Special Panel had also discussed the effect of the setting up of Governing Bodies on the work of the Secondary Education Sub-Committee and submitted recommendations thereon for consideration of the General Purposes Sub-Committee.

RESOLVED TO RECOMMEND-

- (i) That, having regard to the functions of the Secondary Education Sub-Committee which will be taken over by the four Governing Bodies after their appointment under the proposed terms of the instrument and articles of government, the Sub-Committee be no longer appointed when such Bodies have been constituted.

(i) Copthall County Girls' School—Association of Headmistresses' Conference, 11th and 12th June, 1954:

With reference to Item (e) (ii) (2) in the Report of this Sub-Committee dated 9/3/54, a letter was submitted from the Chief Education Officer stating that the Middlesex Education Committee welcomed the holding of the Headmistresses' Conference in a Middlesex School and would have wished to mark the occasion by offering hospitality to the members. It was regretted, however, that the Ministry of Education would be unable to regard the expenditure to be incurred as falling within the provisions of Section 83 of the Education Act, 1944, or under the Ministry's Grant Conditions as expenditure appropriate to the ancillary functions of a Local Education Authority.

RESOLVED TO RECOMMEND—That the Hendon Borough Council be requested to defray the expenditure, not exceeding £50, under Section 181 of the Hendon Urban District Council Act, 1929, arising from the reception and entertainment of distinguished visitors attending the Association of Headmistresses' Conference at Copthall County School on 11th and 12th June, 1954.

The Middlesex County Council has decided that as the letting in question had been granted in accordance with the terms and conditions of the County Council's regulations governing the use of school premises outside school hours the charge for such user should be assessed in accordance with the appropriate scale. The County Council also decided that it was the responsibility of the schoolkeeping staff to clean the premises after lettings and that such duty should not be laid upon the hirers.

RESOLVED TO RECOMMEND—That the fees in respect of all future Sunday lettings be charged in accordance with the Middlesex County Council's scale.

CHURCH FARM HOUSE:

Pursuant to their decision at their meeting on the 14th June, the Committee met at Church Farm House and inspected the works of restoration and adaptation of the building for use as a Museum, and considered the proposed additional work, which related mainly to the restoration of the old farm kitchen which would then become a feature of the Museum. For this purpose it was necessary to remove a partition which had been erected to divide the kitchen into two rooms, to re-lay part of the floor, and to restore the fireplace to its original appearance by removing woodwork and brick walls which had been built into the fireplace recess. It was also proposed to remove grates in three other rooms and make good the recesses.

The Borough Engineer and Surveyor submitted details of the additional estimated expenditure which, after deducting the saving effected by the repair of the forecourt wall instead of demolition and rebuilding, amounted to £108 10s. 0d.

The Committee are of the opinion that the additional works now proposed are necessary to be in keeping with the general scheme of restoration, and

RESOLVED TO RECOMMEND—That the Borough Engineer and Surveyor be instructed to authorise the Architects to proceed with the additional works of restoration of Church Farm House on the lines indicated at a net additional estimated cost of £108 10s. 0d.

PRIVATE STREETS.

10.—PENSHURST GARDENS, EDGWARE:

The Town Clerk submitted observations obtained, on the instructions of the Committee (23/11/53—4), from the frontagers of the unmade portion of Penshurst Gardens (Edgware Ward) on the question of making up that section of the road under the Private Street Works Act, 1892.

RESOLVED TO RECOMMEND—That no steps be taken for the making up of this section of road at the present time.

11.—SUMMER GROVE, ELSTREE:

The Town Clerk submitted observations obtained, on the instructions of the Committee (23/11/53—5), from the frontagers of Summer Grove, Elstree (Edgware Ward) on the question of making up that road under the Private Street Works Act, 1892.

RESOLVED TO RECOMMEND-

(1) That Summer Grove, situated within the Borough, not being at present sewered, levelled, paved, metalled, flagged, channelled, made good and lighted to the satisfaction of the Council be sewered, levelled, paved, metalled, flagged, channelled,

made good and lighted under and in accordance with the provisions of the Private Street Works Act, 1892, and that the expenses incurred in executing such works be apportioned upon the premises fronting, adjoining or abutting on the said street according to the respective frontages of such premises regard being had to the greater or less degree of benefit to be derived by any premises from such works and the amount and value of any work already done by the owners or occupiers of any such premises.

- (2) That the Borough Engineer and Surveyor be and is hereby instructed to prepare in conformity with this resolution and submit to the Council (a) a specification of the above-named works with plans and sections; (b) an estimate of the probable expenses of the works; (c) a provisional apportionment of the estimated expenses among the premises liable to be charged therewith under the Act.
- (3) That the Town Clerk be instructed to ascertain whether the Minister of Housing and Local Government will be prepared to grant an authorisation under Defence Regulation 56A in respect of the execution of the Private Street Works and to issue a loan consent at a later date in respect of the expenditure involved.

12.-ANGUS GARDENS, N.W.9:

The Borough Engineer and Surveyor reported the result of the enquiries which he had made, on the instructions of the Committee, as to the present arrangements for the maintenance of the unmade portion of Angus Gardens (West Hendon Ward) and its footpaths.

The Committee noted the report, and

RESOLVED TO RECOMMEND—That the Borough Engineer and Surveyor be instructed to prepare and submit fresh plans, estimate and provisional apportionment for the making up of this section of road, on the modified basis approved by the Committee at their meeting on the 8th February, 1954.

13.—SUNNY GARDENS PARADE, GREAT NORTH WAY:

The Town Clerk submitted a letter from the Surveyors acting for the Hancock Trustees, who about 30 years ago transferred to the Corporation the grass verges in front of Nos. 1-8, Sunny Gardens Parade, Great North Way (Central Ward), enquiring whether the Council would be prepared to take over also the gravel pathway and pavement in front of those shops.

RESOLVED TO RECOMMEND-That the Town Clerk be instructed to inform the Surveyors that the Council will be prepared to take over the gravel pathway and pavement after they have been made up to the Council's specification.

14.—SERVICE ROAD AT NORTHWAY CIRCUS:

The Town Clerk reported that, as instructed at the last meeting, he had informed Mr. Charles I. Orr-Ewing, O.B.E., M.P., of the Council's views on the proposal of the Minister of Transport not to take over this service road (Mill Hill Ward) but to sell back to the owners the plots he had previously acquired. He submitted a further letter from the Parliamentary Secretary to the Ministry repeating that the Department could not take responsibility for a service road as such, and no longer proposed to take it over as a cycle track, and indicating that the plots were being offered to their former owners to facilitate the improvement of the road by the owners or the local highway authority.

RESOLVED TO RECOMMEND-That the Town Clerk be instructed to enquire whether in the event of the Council deciding to make up the service road under the Private Street Works Act, 1892, the Minister of Transport would be prepared to agree that the cost of the works attributable to the frontage of the service road to the trunk road would be paid by the Minister.

He also reported that the cost of re-siting a trolley pole standard would not be included in the road charges. Noted.

17.-BITTACY RISE, N.W.7:

The Town Clerk reported that it had not been possible to ascertain the owners of two pieces of land in Bittacy Rise (Mill Hill Ward) situate between Nos. 159 and 161 and adjacent to No. 165, on which road charges of £223 6s. 7d. were outstanding in respect of the making up of the road. RESOLVED—That consideration of the letter be deferred, and that the Borough Engineer and Surveyor be instructed to submit at the next meeting a statement showing the costs at the present time for installation, maintenance and running of sodium lighting compared with those for other forms of lighting.

(b) Application for Loan Consent.

At their meeting on the 21st December, 1953, the Council decided (Hi.C., 23/11/53-15) that the Borough Engineer and Surveyor should be instructed to prepare the remainder of the improved lighting programme on the basis that the works will be completed in a period of 10 years, but on the understanding that this period would be reduced if it were found possible to proceed more quickly with the work; and that the expenditure incurred be met by way of a loan over 15 years in regard to purchase of fittings and over 25 years in regard to the remaining materials and works. At their meeting on the 15th March, 1954, the Committee instructed the Town Clerk to write to the Members of Parliament for Hendon asking them to take this matter up with the Ministers concerned with a view to the Council being granted a loan consent to enable them to carry out at least the works to the value of £31,000 suggested by the Borough Engineer and Surveyor for the year 1954/55. The action taken was approved by the Council at its meeting on 12th April, 1954.

The Town Clerk reported that the necessary approach had been made to the Members of Parliament and, on the authority of His Worship the Mayor during the Recess, a formal application for loan sanction in the sum of £31,000 had been submitted to the Minister of Housing and Local Government whose decision thereon was awaited.

RESOLVED TO RECOMMEND—That the Town Clerk be instructed to apply to the Ministry of Housing and Local Government for sanction to the raising of loans from the Public Works Loan Board amounting to £39,500 for a period of 15 years for fittings and £239,500 for a period of 25 years for other materials and work, to meet the estimated expenditure on the balance of the Council's scheme for the installation of improved street lighting.

(c) Progress Report.

The Borough Engineer and Surveyor submitted a progress report on the installation of improved street lighting in certain residential roads and on the section of Watford Way between Mill Hill Circus and Northway Circus. Noted.

22.—MAINTENANCE OF STREET LIGHTING:

The Borough Engineer and Surveyor referred to the report previously submitted to the Committee (10/9/51—32) and reported that the negotiations with the Eastern Electricity Board had been concluded and the charges for maintenance of electric street lighting in the Borough had been settled. Noted.

TRAFFIC CONTROL.

23.—TRAFFIC CONTROL SIGNALS—FILTERING:

The Town Clerk reported that the Council's resolution (Hi.C., 15/3/54—30) suggesting that at traffic signals where "filtering" is allowed it should not be interrupted during the short period when the red and amber lights are showing together had been considered by the Committee of the London Council for the Prevention of Accidents, when the representative of the Ministry of Transport stated that only a few older installations were controlled in this manner and the Ministry had the matter in hand. He stated that, in the circumstances, the Committee had decided that no useful purpose would be served by making a recommendation to the London Council. Noted.

24.-EDGWARE WAY-PARKING OF COMMERCIAL VEHICLES:

The Town Clerk submitted a reply from the Middlesex County Council to the representations made (Hi.C., 4/1/54-21) for the provision of a lay-by at a suitable point on Edgware Way to facilitate the parking of commercial vehicles at night. The letter indicated that lay-bys are provided by the Ministry of Transport only for use for short periods for adjustment and repair of vehicles, for taking up water, for meals and statutory rest-periods of drivers and to enable the travelling public to enjoy natural amenities. The proposal put forward, however, was for a parking place, which should be provided by the local authority under the Public Health Act, 1925, and was not properly chargeable to trunk road funds.

RESOLVED TO RECOMMEND-That no further action be taken in this matter.

25.—EGERTON GARDENS—SUGGESTED PARKING PLACE:

The Town Clerk submitted a suggestion by the Minister of the Hendon Methodist Church that permission should be given for cars to be parked without lights in that part of Egerton Gardens (Central Ward) opposite the Methodist and Roman Catholic Churches. The Minister had stated that the suggestion had the support of members of the Roman Catholic Church, and asked that it be favourably considered by the Council.

The Town Clerk reported that the proposal would involve the appointment of a street parking place by the Ministry of Transport and the issue of a Direction by the Commissioner of Police allowing vehicles to park there during the hours of darkness without lights.

RESOLVED TO RECOMMEND-That the Town Clerk be instructed to approach the Ministry of Transport and the Commissioner of Police with a view to securing facilities for the parking of vehicles without lights in Egerton Gardens.

26.—UNILATERAL WAITING:

The Town Clerk reported that, as instructed (Hi.C., 15/3/54-18), he had suggested to the Ministry of Transport amendments to the signs used in connection with unilateral waiting. submitted a reply stating that it was necessary to consider certain international agreements as to the colours of traffic signs, but expressing thanks for the Council's suggestions and giving an assurance that they would be borne in mind. Noted.

27.—PEDESTRIAN CROSSINGS:

(a) Regulations.

The Town Clerk submitted a report on the Pedestrian Crossings Regulations, 1954, which came into operation on 1st July, 1954, and (inter alia) make the lighting of beacons at zebra crossings compulsory and prohibit waiting by vehicles within 45 feet on the approach sides of crossings. Noted.

(b) Illumination.

The Borough Engineer and Surveyor reported that the illumination of uncontrolled pedestrian crossings in the Borough was proceeding satisfactorily and that, as instructed, he was arranging for the conversion of the lighting of 'Keep Left" bollards from gas to electricity. reported that, with the approval of the Ministry of Transport and the Middlesex County Council, the opportunity had been taken of providing a central refuge at the crossing in the Broadway, Mill Hill, immediately east of Station Road. The cost of installing the refuge and lighting the guard posts was reimbursable by the Middlesex County Council.

The Committee noted the report, and

RESOLVED TO RECOMMEND-That the action taken be confirmed.

28.—STATION ROAD, MILL HILL—SUGGESTED CAR PARK:

In connection with the instructions given (Hi.C., 15/6/53—51) for the Borough Engineer and Surveyor to negotiate for land at Station Road (Mill Hill Ward) for the provision of a car park, the Committee

RESOLVED TO RECOMMEND—That the Borough Engineer and Surveyor be instructed also to negotiate for the acquisition of land described in Manuscript in the Committee's Minute Book for the provision of a car park.

TRAVELLING FACILITIES.

29.- 'BUS ROUTE NO. 83:

The Town Clerk reported that, as instructed, he had enquired of the London Transport Executive as to the irregular service on 'bus route No. 83 in the evenings, and submitted a reply stating that the curtailment of the service at West Hendon occasionally becomes necessary when the service is interrupted between Hayes Station and Hayes North, where the advertised interval is 30 minutes. The Executive's records, however, indicated that this occurred on only 4 occasions during the month of April.

RESOLVED TO RECOMMEND-That no further action be taken in this matter.

30.—'BUS PASSENGER SHELTERS—THE RIDGEWAY, MILL HILL:

The Town Clerk reported that, as instructed by His Worship the Mayor in the Recess, he had again pressed the London Transport Executive to provide passenger shelters at the 'bus stopping places near St. Vincent's School, The Ridgeway (Mill Hill Ward). He submitted a reply stating that the Executive intend to provide a shelter at the eastbound stopping place as soon as circumstances permit, but that the lay-out of the site at the westbound stop renders that stop unsuitable for the erection of a shelter.

The Borough Engineer and Surveyor submitted a report on alternative methods of providing a shelter at the westbound stop.

RESOLVED TO RECOMMEND—That no further action be taken in this matter at present.

31.—ABANDONMENT OF NORTHERN LINE EXTENSION:

The Town Clerk reported that, as instructed, he had asked the London Transport Executive again to consider the electrification of the line from Mill Hill East to Edgware, particularly in view of the necessity now to complete the Tube Station at Edgware. He submitted a reply repeating the reasons for the Executive's decision, drawing attention to the cost involved in providing for the electrification of the line and stating that in the present circumstances the less costly course must be pursued and the decision cannot be varied. Noted.

32.—SUGGESTED 'BUS ROUTE FROM STATION ROAD, EDGWARE TO CANONS CORNER:

The Town Clerk reported that, in response to the Council's renewed request for a direct 'bus service from Station Road, Edgware to Canons Corner, the London Transport Executive had given consideration to the housing development proceeding near Spur Road, but stated that trolleybus route No. 645 gives a service along Edgware Road and is adequate for the traffic demand. In connection with the proposed erection of 329 flats at a later date the Executive gave an assurance that the matter would be further considered from time to time.

RESOLVED—That the matter be left to the Travelling Facilities Sub-Committee to take up with the London Transport Executive at an appropriate time.

33.—LATE NIGHT SERVICE ON ROUTE NO. 240:

The Town Clerk reported that in response to the suggestion made on the authority of His Worship the Mayor during the Recess, the London Transport Executive had decided to intro-

(b) Erskine Hill and Edgwarebury Lane.

After hearing the views of the Ward representatives, the Committee

RESOLVED TO RECOMMEND-

- (1) That the Borough Engineer and Surveyor be instructed to arrange for the removal of the 5 acacia trees referred to in Erskine Hill.
- (2) That the Borough Engineer and Surveyor be instructed to arrange for the thinning, and lopping where necessary, of the line of 30 elm and two oak trees on the west side of Edgwarebury Lane, north of Hartland Drive.

35.—PROPOSED ROAD CONNECTING FARM ROAD AND BROOK AVENUE, EDGWARE:

A recommendation hereon is recorded in Manuscript in the Committee's Minute Book.

36.—PROPOSED FOOTPATH FROM COLINDEEP LANE TO CECIL ROAD:

The Borough Engineer and Surveyor reported on his negotiations for the acquisition of land required for the construction of a footpath from Colindeep Lane to Cecil Road (West Hendon Ward) and stated that the acceptance of the terms offered by the owners would increase the cost of the scheme considerably above the sum of £650 which had been provided in the estimates. He had, therefore, informed the owners that he could not recommend the Council to proceed with the scheme on this basis.

RESOLVED TO RECOMMEND .--

- (1) That the Borough Engineer and Surveyor be instructed to continue negotiations for the acquisition by the Council of the land required for the proposed footpath.
- (2) That failing acquisition by agreement, and subject to the consent of the Middlesex County Council as local planning authority the Council, being satisfied that there is a need for the proposed public footpath, and being otherwise satisfied as provided in Section 40 of the National Parks and Access to the Countryside Act, 1949, that it is expedient that the public right of way should be created, do make a public path order under the said Section creating a public right of way on foot over the land shown on Plan No. R.1669/2.

37.—LAND FRONTING "WEST ACRES," FINCHLEY LANE:

The Town Clerk reported that the County Highways Committee had approved of the Borough Council accepting the offer of the owner of this land (Central Ward) to give up without compensa-

tion, for highway purposes, part of the frontage of the property, subject to the Highway Authority paying the legal costs involved, estimated at £25; and of the carrying out of paving works and the alignment of the kerb at a cost of £226, subject to the Borough Council contributing half of the cost in view of the fact that Tenterden Grove (a district road) will benefit by the proposed improvement.

RESOLVED TO RECOMMEND-

- (1) That the Town Clerk be instructed to complete the acquisition of the land in question and on the terms mentioned and to pay the appropriate legal costs involved.
- (2) That the Borough Engineer and Surveyor be instructed to carry out the paving works and the alignment of the kerb at an estimated cost of £226, of which £113 will be borne by the General Rate Fund.
- (3) That supplementary estimates of expenditure and income amounting to £250 and £138 respectively be approved to meet the total cost involved.

The scheme involved taking into the highway a strip of land forming part of the small open space at the corner of Wroughton Terrace, and the Borough Engineer and Surveyor suggested that a dwarf wall should be built on the new widening line and a seat be provided at the back of the new footpath near the flank wall of the almshouses.

RESOLVED TO RECOMMEND—That, subject to the approval of the Middlesex County Council, the Borough Engineer and Surveyor be instructed to carry out the suggested improvement at an estimated cost of £100.

40.-WOODCROFT AVENUE, MILL HILL:

stop on the north side of Hendon Way, just inside the Borough boundary.

45.-ANTI-LITTER CAMPAIGN:

The Town Clerk reported that at their last meeting the Works Committee had recommended the purchase of additional litter baskets and had asked the Highways Committee to consider affixing to the baskets small labels relating to the anti-litter campaign.

RESOLVED TO RECOMMEND—That the Borough Engineer and Surveyor be instructed to affix to litter baskets in the Borough labels, of a type to be decided by the Chairman in consultation with him, drawing attention to the anti-litter campaign.

The Committee also

RESOLVED—That the Town Clerk be instructed to submit a report at their next meeting on the statutory provisions relating to the covering of loads carried by open vehicles.

46.—RETURN OF CAPITAL SCHEMES:

The Town Clerk reported that, in pursuance of the Council's decision (G.P.C., 21/3/54—17), a return had been submitted to the Ministry of Housing and Local Government, after consultation with the Chairmen of the Works, Highways and Finance Committees, showing three schemes estimated to cost £50,000 which the Council would expect to start in the years 1955/56 to 1960/61 if present restrictions were eased. One of the schemes in question, namely, Page Street—Widening and Bridge Works, estimated to cost £50,000, was within the purview of the Highways Committee.

The Town Clerk reported that it was deemed advisable to draw the attention of the Ministry to two schemes planned to start before the period in question, but involving the expenditure of considerable sums in that period. One of the schemes, namely, the balance of the street lighting conversion system, estimated to cost £310,000, came within the purview of the Highways Committee.

RESOLVED TO RECOMMEND—That the action taken be confirmed.

47.—PROPOSED RE-ORGANISATION OF THE STREET CLEANSING SERVICE:

The Borough Engineer and Surveyor reported that delivery of the new sweeping machines had commenced and would be completed during July. Two machines could be brought into operation in the southern half of the Borough in June. He referred to the previous report stating that a saving of 44 men would be effected when the four vehicles were operating and stated that since the sweeping force was not at full strength a total of 36 of the existing employees would become redundant. He submitted a list of 18 men whose services could be dispensed with on the first two machines coming into operation and stated that, subject to the Committee's concurrence, the matter would be discussed with the appropriate Trade Union officials as early as possible.

RESOLVED—That the Town Clerk and the Borough Engineer and Surveyor be instructed to discuss this matter with the appropriate Trade Union officials.

RESOLVED TO RECOMMEND—That the Borough Engineer and Surveyor be instructed to terminate the employment of the 18 employees referred to in his report after the first two sweeping machines have been brought into operation.

48.—TOWN POLICE CLAUSES ACT, 1847:

The Town Clerk reported that proceedings had been taken against Messrs. J. Guest of 53, Watford Way and H. Richman of 15, Watford Way, N.W.4, in respect of obstruction of the footway outside their premises. Each defendant pleaded guilty by letter and was fined £1 with £1 1s. 0d. costs. Noted.

49.—NEW STREETS ACT, 1951:

The Town Clerk reported that the deposits which had been called for under the New Streets Act, 1951, in respect of houses to be erected on plots 25 and 30, West Heath Gardens (Childs Hill Ward) had been made. Noted.

50.—ROAD ACCIDENTS:

The Borough Engineer and Surveyor submitted a summary of road accidents involving personal injury in the Borough from 1st May, 1952 to 30th April, 1954. 6.—LONDON BRANCH OF THE COUNCIL FOR THE PRESERVATION OF RURAL ENGLAND:

The Town Clerk submitted a letter from the London Branch of the Council for the Preservation of Rural England inviting the Corporation to become a subscribing member of the Branch at a minimum subscription of two guineas.

RESOLVED TO RECOMMEND—That no action be taken in the matter.

7.—EDGWAREBURY PARK—FLYING OF MODEL AIRCRAFT:

The Town Clerk reported on a letter from Mr. W. A. Austin of Edgwarebury Lane complaining of noise caused by the flying of model aircraft in Edgwarebury Park and suggesting that the hours of flying should be limited and that a system of rotation be introduced in connection with the use of parks for this purpose. The Town Clerk had informed Mr. Austin that by virtue of the Council's Bye-Laws with respect to Pleasure Grounds, a certain part of Edgwarebury Park is set aside for the flying of model aircraft and that when the Council were considering the Bye-Laws the Home Office insisted that a prescribed number of parks should be set aside for this type of recreation, and suggested that in the northern part of the Borough, Edgwarebury Park was the most suitable. Mr. Austin had also been informed that before the Bye-Laws were confirmed they were advertised in the local press, and a copy deposited in the Town Hall for public inspection, thus affording an opportunity for any member of the public to make representations to the Home Secretary against any particular Bye-Law before they were confirmed by the Secretary of State.

RESOLVED TO RECOMMEND—That the action taken by the Town Clerk be confirmed and that no further action be taken in the matter.

13.-

8.—LAWRENCE STREET HOUSING SITE—APPROPRIATION OF LAND FOR PUBLIC OPEN SPACE PURPOSES:

The Town Clerk reported that the consent of the Minister of Housing and Local Government had been received to the appropriation of an area of approximately 3.04 acres of land situate at the above-mentioned Housing Site for public open space purposes. Noted.

9.—MILL HILL BOWLING CLUB:

In connection with the licence recently granted for the current season to the Mill Hill Bowling Club for the use of rinks in Mill Hill Park, the Town Clerk submitted a letter from the Hon. Secretary of the Club stating that the licence had now existed for some 30 years and, with the permission of the Council, they had erected a substantial pavilion equipped with up-to-date amenities. In these circumstances they enquired whether it might now be practicable to revert to the pre-war practice of granting a licence for a period of three years or possibly a longer term. The Borough Treasurer and the Borough Engineer and Surveyor saw no objection to the proposal, and it was

RESOLVED TO RECOMMEND—That, subject to the execution of a licence in a form to be approved by the Town Clerk incorporating a suitable clause to permit the Council to recover justifiable increases in maintenance costs of the Bowling Green, the Council agree to the granting to the Mill Hill Bowling Club the use of the rinks in Mill Hill Park (referred to in their present licence) for a period of three years from and including the 1955 season on the existing terms and conditions.

10.—LAND REAR OF "FAWLEY" AND "ELEVEN TREES," MILESPIT HILL, N.W.7:

On consideration of a report by the Town Clerk and the Borough Engineer and Surveyor on a letter from Mr. R. Seifert, Architect and Surveyor, the owner of the above-mentioned premises, enquiring whether the Council would be prepared to sell or lease an area of land forming part of Arrandene Open Space at the rear of these premises for the purpose of private gardens or a tennis court. The Committee

RESOLVED TO RECOMMEND—That the Town Clerk be instructed to inform Mr. Seifert that the Council are unable to agree to his proposal.

11.-BYE-LAWS WITH RESPECT TO THE BURROUGHS POND AND ISLAND:

On consideration of a report submitted by the Town Clerk relative to the making of Bye-Laws with respect to The Burroughs Pond and Island, the Committee

RESOLVED TO RECOMMEND—That the Town Clerk be instructed to seek the informal approval of the Secretary of State for Home Affairs to the making of Bye-Laws under the provisions of the Open Spaces Act, 1906, with respect to The Burroughs Pond and Island, and to submit a further report thereon in due course.

12.-DOLLIS BROOK RIVERSIDE WALK:

On consideration of a report submitted by the Town Clerk on a letter from the Hendon Ratepayers' Association stating that they had received complaints from residents of Holders Hill Gardens of rowdyism on this open space, the Committee

RESOLVED—That consideration of the matter be deferred to enable the Borough Engineer and Surveyor to make observations and enquiries and submit a report thereon to the next meeting of the Committee.

13.-MILL HILL GOLF CLUB:

(a) Application for Reduction of Rent.

On consideration of a report submitted by the Town Clerk on an application from the Mill Hill Golf Club for a reduction of the rent payable under the lease, the Committee

RESOLVED—That the matter be referred to a Sub-Committee consisting of Councillors Simons and Arridge (Chairman and Vice-Chairman respectively) and Aldermen Clemens and Copestake for consideration and report to a future meeting of the Committee.

(b) Furniture, etc.

The Committee considered a joint report of the Town Clerk, the Borough Engineer and Surveyor and the Borough Treasurer on their negotiations with the Mill Hill Golf Club in connection with the rent to be paid for furniture owned by the Council, and also their recommendations for settlement of this long outstanding matter. The Committee have approved the suggested terms of settlement, and

RESOLVED TO RECOMMEND-

- (1) That the Town Clerk be instructed to complete an agreement with the Mill Hill Golf Club providing for the lease to them of such items of furniture as may be agreed between the officers of the Corporation and the Club as being serviceable, the rent to be at the rate of £227 10s. 0d. per annum from June, 1950, until the 16th September, 1951, and at the rate of £210 per annum thereafter until the 1st April, 1970.
- (2) That such agreement shall include a clause providing that the furniture shall become the property of the Club on the 1st April, 1970, but shall also include a provision giving the Council the option of purchasing the furniture at its residual value on that
- (3) That the agreement shall contain a clause that if the lease of the premises terminates or is determined by either party before the 1st April, 1970, then the Club shall deliver the furniture up to the Council, subject to fair wear and tear.

- (5) That any previous resolution inconsistent with the foregoing be rescinded.

14.—CHARITY CRICKET MATCH IN MILL HILL PARK:

The Town Clerk submitted a letter from the Hendon, Edgware and Keble Cricket Clubs Co-operation Committee seeking permission to hold another Charity Cricket Match in Mill Hill Park on Sunday, 18th July, 1954, on similar lines to the match held two years ago. The Charities to benefit from the game will be the National Fund for Poliomyelitis Research and the Mayor of Hendon's Benevolent Fund. In the view of the Co-operation Committee the amenities of the ground are not suitable to cope with all the distinguished visitors and the anticipated number of spectators, and they enquired whether the Council could assist them with the following arrangements which they would like to make:—

- (a) The provision of 4 ft. 6 ins. chestnut fencing to enclose the ground and a smaller heighth fencing to make an enclosure for distinguished visitors.
- (b) The provision of additional lavatory accommodation as in 1952.
- (c) Permission to erect two marquees as granted in 1952 and help to meet the cost of hiring.
- (d) The provision of about five hundred chairs.
- (e) The assistance of uniformed members of the Corporation's staff to help with the stewarding.
- (f) The granting of permission to make a collection for the benefiting charities.

Last year the Council gave permission for the holding of a similar cricket match in Mill Hill Park and granted facilities of the nature now sought, but owing to certain difficulties which arose the match was cancelled. In view of the date of the function, it was

RESOLVED-

- (1) That permission be granted (a) for the holding of the Cricket Match in Mill Hill Park and for the erection of two marquees, subject to the usual indemnity in a form to be approved by the Town Clerk, and (b) for the taking of a collection in aid of the charities mentioned.
- (2) That, subject to concurrence of the Borough Show and Entertainments Committee, the Borough Engineer and Surveyor be instructed to arrange for the provision of temporary conveniences, ropes and pins for the boundaries and approximately five hundred chairs for the Match without charge to the Organisers.
- (3) That the Town Clerk be instructed to inform the Organisers that the usual number of uniformed park attendants will be on duty during the Match.
- (4) That expenditure of a sum not exceeding £30 be approved in connection with the function.

It was further

RESOLVED TO RECOMMEND—That the action taken be confirmed.

15.—BURTONHOLE FARM—LEASE TO MESSRS E. J. & W. J. BURROUGHS:

The Town Clerk submitted a report with regard to the liability for carrying out of certain works to the above-mentioned property under the terms of the lease.

After full consideration of the matter, the Committee

16.-

17.-

18.-

RESOLVED TO RECOMMEND-

- (1) That the Borough Engineer and Surveyor be instructed to arrange for the works necessary to protect the Council's property to be carried out.
- (2) That the Town Clerk be instructed to take any necessary action with a view to obtaining a contribution of one half of the cost from the lessees,

16.—LAND IN THE NORTH CIRCULAR ROAD—LEASE TO NATIONAL CASH REGISTER CO. LTD.:

The Town Clerk submitted a report relative to a suggested modification of the terms of the lease granted by the Council to the National Cash Register Co. Ltd.

RESOLVED TO RECOMMEND—That the Deputy Town Clerk, in consultation with the appropriate Chief Officers, be authorised to deal with this matter on suitable terms, subject to the interest of the Corporation being adequately safeguarded.

17.-ART EXHIBITION:

The Committee deferred consideration of a letter from Mr. J. Haisman relative to the holding of an Art Exhibition in Hendon on similar lines to those held in the Embankment Gardens, pending the submission of a further report by the Town Clerk.

18.—HENDON WOOD LANE OPEN SPACE—LEASE TO THE OLD CHOLMELEIAN FOOTBALL CLUB:

In connection with the lease to the Old Cholmeleian Football Club of an area of approximately 10.83 acres of the above-mentioned land, the Borough Engineer and Surveyor reported that the Club had been advised both by their Architect and their Contractors that better levels could be obtained and considerable expenditure saved if they could extend their eastern boundary by another 35 yards. This proposal would effect a reduction in the area leased to the Council's adjoining tenant (Mr. Sidney Box), and he was not prepared to release that area of land required as he would be left with a piece of land too small to be of any real use for agricultural purposes, but he would have no objection to giving up the whole of his part of this field. The area thus available to the Club will be increased by 4.48 acres, and it is understood that the Club are prepared to meet the reasonable increase in rent which this additional land might justify, and any legal expenses incurred in amending the leases.

RESOLVED TO RECOMMEND-

- (1) That, subject to the execution of a surrender and new leases in a form to be approved by the Town Clerk, the application of the Old Cholmeleian Football Club to extend their present boundary be approved, subject to
 - (a) the Club taking the whole of the field in question;
 - (b) the preservation of the existing public footpath;
 - (e) an increase in the rent from £40 to £50 per annum, and
 - (d) the Club defraying the Council's reasonable expenses in the matter.
- (2) That the Town Clerk be instructed to complete any other necessary legal formalities in the matter.

19.-ACCESS TO WAR DEPARTMENT LAND-BURTONHOLE LANE, MILL HILL:

The War Department hold under requisition the site of an access road, forming part of Burtonhole Lane Playing Fields and leading from Burtonhole Lane to the War Department's property nearby. The Borough Engineer and Surveyor reported that the Command Land Agent had stated that the War Department now wish to secure right of access to their land over this road and enquire whether the Council would either convey the site of the road, or, alternatively, grant a permanent easement.

RESOLVED TO RECOMMEND—That the Borough Engineer and Surveyor be instructed to negotiate with the Command Land Agent of the War Department with a view to an easement being granted on the lines indicated above, and to submit a further report to the Committee in due course.

20.-HENDON PARK:

(a) Presentation of Seats.

The Borough Engineer and Surveyor reported on an offer from Mr. Douglas Martin to present two seats for use in Hendon Park suitably inscribed to commemorate his thirty years' residence in Hendon.

RESOLVED TO RECOMMEND-

- (1) That the offer of the two seats be accepted, subject to the wording of the inscription being approved by the Town Clerk, and to the sites being approved by the Borough Engineer and Surveyor.
- (2) That the thanks of the Council be conveyed to Mr. Douglas Martin for his generous offer.

(b) Refreshment Kiosk.

The Licence issued to Mr. S. L. Harris in respect of the right to sell refreshments from the Kiosk in Hendon Park, provides that he shall not be entitled to supply refreshments during the period of the Hendon Show. The Borough Engineer and Surveyor submitted an application from Mr. Harris for permission to remain open for trade during the Show, although excluded from the area of the Show ground. The Borough Engineer and Surveyor further reported that arrangements could be made by erecting the chestnut fencing around the Kiosk, leaving a narrow approach from Queens Road.

RESOLVED—That, subject to the concurrence of the Borough Show and Entertainments Committee, and to the Town Clerk being satisfied as to the legal position, permission be granted to Mr. Harris to trade during the period of the Show and that the Borough Engineer and Surveyor be instructed to make the necessary arrangements with regard to the fencing.

It was further

RESOLVED TO RECOMMEND—That the action taken be approved.

21.—STONEGROVE PARK—REFRESHMENTS:

Consideration was given to an offer of £2 10s. 0d. submitted by the Borough Engineer and Surveyor from Mrs. E. M. Beall for the right to supply refreshments in this Park for one year ending on the 31st March, 1955. No other offers have been received for this park.

RESOLVED TO RECOMMEND—That, subject to the execution of a licence in a form to be approved by the Town Clerk, the Borough Engineer and Surveyor be instructed to accept the offer of Mrs. Beall.

22.—BASING HILL PARK—REFRESHMENT KIOSK:

A licence to sell refreshments in this park was recently granted to Mr. A. Williamson for the ensuing three years at a fee of £50, the licence providing the necessary building and facilities required. The Borough Engineer and Surveyor reported that the building which Mr. Williamson had taken over from the previous licensee is in a poor state of repair and that a new building is necessary which should be provided with hot and cold water and drainage. Mr. Williamson had, therefore, obtained an estimate amounting to £350 for the provision and erection of a suitable hut, but as he only has a licence for three years he has asked whether the Council will contribute towards the cost of the building.

- (1) That the Borough Engineer and Surveyor be instructed to negotiate with Mr. Williamson to ascertain whether he would be prepared to pay an economic rent in the event of the Council providing a new kiosk.
- (2) That the Borough Engineer and Surveyor be instructed to submit plans and estimates of the cost of the provision and erection of a suitable type of semi-permanent building for use as a Refreshment kiosk in Basing Hill Park and also to report on the condition of the existing Refreshment kiosks provided by the caterers in other parks.

23.-WOODCOCK HILL FARM:

(a) Proposed Supervision Order.

The Committee noted a report by the Borough Engineer and Surveyor relative to a notice served by the Middlesex Agricultural Executive Committee to the effect that the Committee had under consideration a proposal to place the Council's lessees, Rush and Tomkins, Ltd., under supervision in respect of their farming of the holding. The lessees subsequently carried out certain works and at a meeting of the Estate Management and Husbandry Sub-Committee of the Middlesex Agricultural Executive Committee on the 17th May, it was decided to defer consideration of the proposal until November next. The lessees' present lease expires on the 28th September, 1954.

(b) Lease of the Farm.

The Borough Engineer and Surveyor reported that Rush and Tomkins Ltd. have now stated that Mr. John Allen of Edgwarebury Lane, who farms the adjoining land, wishes to take over their interest in the tenancy on the existing terms and conditions. The Company have agreed terms and conditions with Mr. Allen, subject to the Council's consent and arrangements were being made for the sale of livestock and implements. Since the Council acquired this land it has been managed for successive tenants by the same bailiff, Mr. D. Woods, who lives in the farmhouse. Mr. Allen does not propose to employ Mr. Woods, who has already been asked to vacate the farmhouse. Mr. Woods has also enquired as to the possibility of obtaining the lease of this land.

RESOLVED TO RECOMMEND—That the Town Clerk be instructed to advertise for tenders in respect of the lease of the land and that His Worship the Mayor, in consultation with the Chairman and the Vice-Chairman of the Committee, be authorised to accept the most favourable tender.

24.—EXTENSION OF WOODFIELD NURSERY:

It was reported by the Borough Engineer and Surveyor that the second stage of the development of the nursery is at present being undertaken, and consists of the construction of the boilerhouse and the addition of two further greenhouses. It is proposed in the third stage to extend the boilerhouse building to provide a potting shed with soil sterilising facilities and heating, together with a pot store and tool store. The estimated cost of the new buildings, including all necessary piping and heating, is £4,200. Provision has been made in the current year's estimates for £4,750 to be financed from loan, although some part of this amount is required to meet excess expenditure on the second phase. The boilerhouse and greenhouse foundations are at present in course of construction by W. M. Glendinning Ltd., who submitted the lowest tender following public advertisement, and a considerable saving of expenditure would be effected if this firm undertook the third phase of the work. A tender has been negotiated with the Company at a figure of £4,113 10s. 6d.

RESOLVED-

(1) That, subject to the approval of the Ministry of Housing and Local Government and to the execution of a contract in a form to be approved by the Town Clerk, the

At.

Borough Engineer and Surveyor be instructed to accept the tender as negotiated with W. M. Glendinning Ltd. amounting to £4113 10s. 6d.

- (2) That the Town Clerk be instructed to make application to the Ministry of Housing and Local Government, for an authorisation under Defence Regulation 56A and for consent to the borrowing of a sum of £4,200 for a period not exceeding 15 years.
- (3) That the Borough Treasurer be instructed to make application to the Public Works Loan Board for a loan of £4,200 for a period not exceeding 15 years.

It was further

RESOLVED TO RECOMMEND—That the action taken be confirmed.

25.—HAMPSTEAD HEATH EXTENSION:

The Borough Engineer and Surveyor submitted a request from the Hampstead Garden Suburb Residents' Association for this Council to approach the London County Council with a view to providing playing facilities for children on the Hampstead Heath Extension. The Association suggest that playground equipment should be provided and the static water tank converted to a pond for the sailing of boats.

Some years ago the London County Council prepared a scheme for converting the water tank into a model yacht pond at an estimated cost of £460 and for the construction of a sandpit and provision of gymnastic apparatus at an estimated cost of £1,040. The Scheme was submitted to this Council in May, 1947, for their observations on the general proposals and they were asked to indicate what proportion of the total cost they would be prepared to contribute. The Council offered to contribute one-third of the cost of the conversion of the static water tank only, but the scheme was no proceeded with. It is suggested that the London County Council should provide and maintain the pond and equipment, but it appears that they are only prepared to undertake the work if this Council make a substantial contribution towards the expenditure.

RESOLVED TO RECOMMEND—That no action be taken in the matter.

26.—CHURCH ROAD—PROPOSED WIDENING OF FOOTPATH AT CHURCH END:

The Borough Engineer and Surveyor reported that he was calling the attention of the Highways Committee to the narrow footpath that is available to pedestrians at the 'bus stop on the south side of Church Road at Church End. Owing to the presence of a 'bus shelter at this point there is only 2 ft. 6 ins. between the back of it and the fence fronting the Council's small open space, and a most desirable improvement could be effected by taking a 4 ft. wide strip along the whole length of the open space for inclusion in the footpath. He suggested that a dwarf wall be built on the new widening line to match the nearby open space adjoining the 'bus garage, and that a seat be provided at the back of the new footpath. The total cost of the work will, with the approval of the Middlesex County Council, be charged to the County Roads Account in the current year.

RESOLVED TO RECOMMEND—That the re-allocation of the land necessary for this improvement be approved.

27.—WOODFIELD PARK—FENCING:

In connection with the Council's decision to bear half the cost of fencing the land in Cool Oak Lane leased to the Handley Page Sports Club, the Borough Engineer and Surveyor reported that the Club had obtained tenders for the supply and erection of chain link fencing six feet high, with concrete posts cranked at the top to take three strands of barbed wire, and that the lowest tender obtained was that of A. J. Binns Ltd., amounting to £899 5s. 9d. A sum of £550 has been provided in this year's estimates in respect of this work and the total charged to the Council will be substantially less than the estimate. The work will be supervised by the Borough Engineer and Surveyor's Department.

RESOLVED TO RECOMMEND—That the Borough Engineer and Surveyor be instructed to inform the Handley Page Sports Club that the Council offer no objection to the acceptance by the Club of the tender of A. J. Binns Ltd.

28.—CIVIC RESTAURANT SITE, BRENT STREET, HENDON:

In accordance with the Council's instructions, offers for the site in Brent Street, previously occupied by the Civic Restaurant, were invited by public advertisement. The Borough Engineer and Surveyor reported that a number of enquiries in regard to the site were received, but only four specific offers had been made, the highest being that of Messrs. Ernest Owers & Williams amounting to £3,320. Planning approval has been obtained to develop the site with eight flats, but the offer of Messrs. Ernest Owers & Williams is subject to planning permission being granted to development consisting of shops with flats over and garages at the rear.

RESOLVED TO RECOMMEND—That the Borough Engineer and Surveyor be instructed to negotiate with Messrs. Ernest Owers & Williams on the basis of their offer and to submit a further report to the Committee in due course.

29.-LAND REAR OF PRAYLE GROVE, N.W.2:

At the rear of the Council houses in Prayle Grove there is a strip of land of varying width between the back garden fences and the stream dividing this land and the Hospital Fields Allotments. The Borough Engineer and Surveyor reported that this land is not used for any purpose and is not very accessible, and the allottees of the Hospital Fields on the other side of the stream do not wish to extend over the stream. The tenant of 73, Prayle Grove has asked whether he could fence in and cultivate the portion of the land at the rear of his garden. The plot has an area of 2½ poles, and in view of the fact that the tenant is prepared to erect his own fencing, a nominal rent only should be charged, and the Borough Treasurer suggests that a rent of 5/- per annum would be reasonable.

RESOLVED TO RECOMMEND-That, subject to the execution of a licence from year to year in a form to be approved by the Town Clerk, such licence to include any necessary safequards to protect the Council's interests, particularly in regard to the dumping of rubbish in the stream and to the fencing being to the satisfaction of the Borough Engineer and Surveyor, Mr. J. A. Smith be granted permission to cultivate an area of 2½ poles of land at the rear of 73, Prayle Grove at an annual rent of 5/-, with a period of six months free of rent in view of the condition of the ground.

30.—INSTITUTE OF PARK ADMINISTRATION—ANNUAL CONFERENCE, 1954:

The Committee received and noted a report submitted by the Chairman on the above-mentioned Conference held at Belfast from 18th-20th May, 1954, which he attended as the Council's delegate.

RESOLVED-That the thanks of the Committee be accorded to the Chairman for his report.

31.—PARKS ADMINISTRATION:

In accordance with the Committee's instructions the Town Clerk, the Borough Treasurer and the Borough Engineer and Surveyor submitted a comprehensive Joint Report with regard to the Parks Administration and particulars of the expenditure in connection therewith. Detailed information was also submitted as a result of a questionnaire sent to seven more or less comparable local authorities.

After very careful consideration of the matter, the Committee came to the conclusion that the Parks are being administered economically and that no saving in expenditure can be effected without changing the policy of the Council and reducing the existing standard.

The Committee have placed on record their thanks to the Chief Officers for their very detailed and informative report, and

32.—APPOINTMENT OF CHAIRMAN:

RESOLVED—That Councillor D. F. Simons be appointed Chairman of the Allotments Committee for the ensuing year.

33.—APPOINTMENT OF VICE-CHAIRMAN:

RESOLVED—That Councilor S. E. Arridge be appointed Vice-Chairman of the Allotments Committee for the ensuing year.

34.—LAND AT THE REAR OF 35, FLOWER LANE, N.W.7:

(a) Mill Hill Preservation Society.

The Town Clerk submitted a letter from the Chairman of the Mill Hill Preservation Society requesting to be informed of the contents of the Committee's Minute relative to the above matter which is recorded in Manuscript. The Society had been informed by the Town Clerk that it is not the practice of the Council to disclose matters which are referred to in Manuscript.

RESOLVED TO RECOMMEND-That the action taken by the Town Clerk be confirmed.

(b) Proposed Development.

The Borough Engineer and Surveyor reported that, in accordance with the Committee's instructions, he had consulted the Area Planning Officer with a view to ascertaining whether, in the event of an application being made, planning permission would be granted for access to the proposed building site by constructing a road from Flower Lane between Nos. 35 and 37. The original proposal of the owner of the site at the rear of Flower Lane was to extend Hartley Close across Daws Lane allotments. In the opinion of the Area Planning Officer the proposal to construct a new road from Flower Lane would not be satisfactory as the resulting plots would be unfavourable to good development and the formation of the road prejudicial to the amenities of the locality.

The proposal to develop this back land raises a number of planning consideration, not least of which is the future use of Daws Lane allotments, which are between the site and Hartley Close. The owner has not yet obtained planning permission but as the whole project is dependent upon the extension of Hartley Close across the allotments, he is awaiting the Council's decision before proceeding further. After very full consideration of the matter, the Committee

RESOLVED TO RECOMMEND—That the Borough Engineer and Surveyor be instructed to inform the owner of the land situate at the rear of 35, Flower Lane that the Council are not prepared to dispose of any of the allotment land for the purpose of extending Hartley Close.

35.—HENDON GROVE ALLOTMENTS:

In accordance with the instructions of the Committee the Town Clerk reported on the legal position regarding the question of the repair of the fencing along the north-western boundary of the land adjoining the land owned by St. Joseph's Convent.

RESOLVED TO RECOMMEND—That the Town Clerk and the Borough Engineer and Surveyor be instructed to negotiate with the Convent Authorities for the repair of the fencing in question.

36.—VACANT LAND, BUNNS LANE ALLOTMENTS, MILL HILL:

In connection with the proposal to sub-let the above-mentioned land for the purposes of a market garden, the Town Clerk reported that, in accordance with the Council's instructions, he had

37.—

enquired of the Transport Commission whether they would have any objection to the cultivation of the land for market gardening purposes. A letter had been received from the District Estate Surveyor, British Railways, stating that he would be prepared to consider a tenancy for market gardening purposes, but felt that the Commission should make the necessary arrangements with the party concerned, which would necessitate the Council relinquishing part of the land let to them and also to afford access to the site over the remaining land let to them by the Commission. The Borough Engineer and Surveyor indicated that there is only one reasonable access to this land and this is between two rows of allotments and in the event of this roadway being used, the Council should be indemnified against any claims which might arise in connection therewith. The access is not constructed to carry vehicles throughout its whole length and the estimated cost of constructing a roadway suitable for the type of vehicle likely to be used for market gardening is £130, which should be borne either by the Transport Commission or their future tenants.

RESOLVED TO RECOMMEND—That, subject to the execution of a surrender in a form to be approved by the Town Clerk, including the indemnity referred to and the payment of the sum of £130 in the event of the roadway being required, the Council relinquish to the Transport Commission the area of land proposed to be used for market gardening purposes and that the Town Clerk be instructed to complete all necessary legal formalities.

37.—GARDENS AND ALLOTMENTS COMPETITION:

In 1951 the Council agreed that the "Naar Cup" and the "Arridge Shield" be taken over by the Borough Show and Entertainments Committee and that the Committee should assume responsibility for judging the appropriate competitions. In view of the fact that this year's Hendon Show will take place before it is possible for the competitions to be held, the Borough Show and Entertainments Committee, on the recommendation of the Horticultural (Gardens Allotments) Panel, have invited this Committee to make the necessary arangements for the judging of the gardens and allotments.

RESOLVED—That the Hendon Federation of Allotment Societies be asked to make the necessary arrangements for the judging of the competitions.

It was further

RESOLVED TO RECOMMEND—That the action taken be approved.

38.—FENCING AND WATER SUPPLY PROGRAMME:

The Borough Engineer and Surveyor reported that the programme for fencing and water supply for this financial year had been agreed with the Secretary of the Allotments Association as follows:—

- (a) Renewal of chain link fencing to the eastern boundary of Childs Hill Allotments

 (This item is to some extent dependent on the outcome of negotiations with

 Burts Middleton Laundry who have been asked for a contribution towards
 the cost.)
- (b) Provide and erect chain link fencing along the southern boundary of Brent Hill allotments £200

It is not anticipated that any extension of the water supplies will be required this year.

The above estimates are within the financial provision made in the annual estimates.

RESOLVED TO RECOMMEND-

- (1) That the programme as indicated above be approved and the Borough Engineer and Surveyor be instructed to carry out the work at the appropriate time.
- (2) That the Borough Engineer and Surveyor be asked to expedite the negotiations with Burts Middleton Laundry with regard to the fencing at Childs Hill Allotments.

(a) Trading Hut.

On consideration of a report by the Borough Engineer and Surveyor, the Committee

RESOLVED TO RECOMMEND—That the application of the West Hendon Allotments and Horticultural Society for permission to erect a trading hut on part of plot No. 367 be approved.

(b) Access to West Hendon Playing Fields.

It was reported by the Borough Engineer and Surveyor that the levelling of West Hendon Playing Fields with surplus material from the Refuse Destructor Works will continue this year, but it is now difficult to find suitable access without crossing the present playing areas. To avoid damaging those areas it is proposed to use an existing road through Cool Oak Lane Allotments and, if necessary, adequate clinker roads will be made for the vehicles and the drivers will be instructed to exercise the greatest care to avoid damage to the allotments. Noted.

40.—BOOTH ROAD ALLOTMENTS:

The Booth Road allotment site is bounded on the southern side by the Silk Stream which follows a very irregular course between Ajax Avenue and Sheaveshill Avenue and is considered to be one of the causes of the flooding which occurs in the area in times of storm. The Borough Engineer and Surveyor reported that the County Council propose to re-align this section of the stream and cut an entirely new channel. To carry out the work effectively, it is necessary for the County Council to take complete possession of 15 alloments and part of four others. The work will take approximately 4-6 months. On completion of the work parts of the site having frontages to Colindeep Lane will be severed from the remainder and the future use of these parcels will ultimately have to be considered. It is doubtful whether it will be possible to reinstate all the dispossessed allottees on this site, even if all the land surplus to the widening requirements is utilised for allotment purposes. The County Council wish to carry out the work during the present financial year, and they seek the Council's co-operation in making the land available as soon as possible.

RESOLVED—That the Town Clerk be instructed to serve notices to quit forthwith on the allottees concerned to expire on the 30th September, 1954.

It was further

RESOLVED TO RECOMMEND—

- (1) That the action taken be confirmed.
- (2) That the Town Clerk be instructed to inform the Middlesex County Council that the Council are prepared to release the required area of land at the 30th September, 1954, subject to the County Council meeting any claims for compensation that may be made by the displaced allottees.

41.—NATIONAL ALLOTMENTS AND GARDENS SOCIETY LTD.—ANNUAL CONFERENCE, 1954:

Arising out of consideration of a report submitted by the Council's delegate at the abovementioned Annual Conference, the Committee

RESOLVED-

- That the Works Committee be requested to consider the question of the separation of vegetable refuse for the purpose of producing compost.
- (2) That the thanks of the Committee be accorded to the Council's delegate for his report.

He had also received from the Valuation Officer Forms of Agreement relating to four hereditaments where an alteration of assessment differing from that originally desired by the Proposer/ Appellant was subsequently agreed between the Valuation Officer and the Appellant. He was satisfied that the Rating Authority might reasonably accept the revised figures notified to him, and, following procedure approved in previous cases, he had signed the Forms of Agreement and requested confirmation of the action taken on behalf of the Rating Authority.

Three cases relating to properties in the Borough had been heard by the Local Valuation Court since the last meeting of the Committee and in each instance the assessments proposed by the Valuation Officer were confirmed.

10.—HENDON SAVINGS COMMITTEE:

The Committee duly noted a letter submitted by the Entertainments Officer from the Hon. 19.—CHILDREN'S EVENTS:

The Committee at their last meeting agreed that a Children's Fancy Dress Parade be held on Thursday, the 1st July, 1954. The Entertainments Officer reported that owing to the change of date for the children's events as a result of the re-arrangement of the television broadcasts, he had transferred the event to Friday, the 2nd July, and in view of the fact that Fancy Dress would have little significance on television screens, the event had been altered to a Comic Fancy Dress Parade. The Finals will be judged during the broadcast in the afternoon programme, and the B.B.C. had engaged Humphrey Lestocq of the television "Whirligig" programme to judge. 4.—JOINT SUB-COMMITTEE RE FUTURE DEVELOPMENT OF LAND REAR OF DESTRUCTOR WORKS:

RESOLVED—That Councillor Lloyd-Taylor and Alderman Sheill (Chairman and Vice-Chairman respectively) and Councillor Brand be appointed to serve on the Joint Sub-Committee.

5.—REQUISITIONS:

Requisitions amounting to £5,884 1s. 4d. were submitted and approved.

6.-FORMER CIVIL DEFENCE BUILDING AT HENDON WAY DEPOT:

In April, 1947, the question of the future user of the Civil Defence building at the Hendon Way Depot was discussed with the Middlesex County Council and after negotiations the Council decided on the 31st January, 1949 to acquire the building for £3,710, the sum recommended by the District Valuer. The County Council later decided, however, that until more detailed information was available on the needs of the future Civil Defence Organisation, they should retain the building.

The Town Clerk reported that one of the Sub-Committees set up by the Special Committee of Inquiry which is investigating all the activities at the Council's Depots has under consideration a scheme of re-organisation for the Hendon Way Depot which involves the use of the Civil Defence

building. He had, therefore, been instructed to enquire of the Middlesex County Council whether the building could now be transferred to the Corporation, and had been informed by the County Council that they agreed to this proposal and intimated that the Home Office had approved the transfer at a figure of £3,710 on the understanding that suitable arrangements will be made for the release of the building for Civil Defence purposes if required in the event of an emergency. While the re-organisation scheme had not yet been finally considered by the Special Committee of Inquiry or its Sub-Committee, instructions were sought as to whether the decision of 1949 should now be implemented and the building acquired on the terms above indicated.

RESOLVED TO RECOMMEND-

- (1) That the Council purchase the former Civil Defence building at Hendon Way Depot for the sum of £3,710 on the understanding that suitable arrangements will be made for the release of the building for Civil Defence Purposes in the event of an emergency.
- (2) That the Town Clerk be instructed to complete all necessary legal formalities in the matter.

7.—SEPARATION OF TRADE REFUSE FOR PRODUCING COMPOST:

Consideration was given to a reference from the Estates, Parks and Allotments Committee relative to the possibility of introducing a scheme for the separation of vegetable refuse for the purpose of producing compost.

RESOLVED TO RECOMMEND—That no action be taken in the matter.

8.—RETURN OF CAPITAL SCHEMES:

The Town Clerk reported that in pursuance of the Council's decision (G.P.C., 21/3/54—17) a return had been submitted to the Ministry of Housing and Local Government, after consultation with the Chairman of the Works, Highways and Finance Committees, showing three schemes estimated to cost £50,000 or over which the Council would expect to start in the years 1955/56 to 1960/61 if present restrictions were eased. Two of the schemes in question, Civic Centre estimated to cost £50,000 and Piping in Water Courses £150,000, were within the purview of the Works Committee.

The Town Clerk reported that it was deemed advisable to draw the attention of the Ministry to two schemes planned to start before the period in question, but involving the expenditure of considerable sums in that period. One of the schemes, viz., the Refuse Disposal Works extension (£249,000) came within the purview of the Works Committee.

RESOLVED TO RECOMMEND—That the action taken be confirmed.

9.—DRAINAGE OF ALDENHAM SERVICES FACTORY OF THE LONDON TRANSPORT EXECUTIVE:

In connection with the scheme approved by the Council for the drainage of the above-mentioned factory, the Town Clerk reported the receipt from the Town Clerk of Harrow of heads of agreement proposed to be entered into between Harrow, Hendon and the Local Transport Executive. These (inter alia) provide as follows:—

- (1) The London Transport Executive are to contribute the whole cost of the work of laying the sewer including the cost of reinstating the land through which the sewer will run and compensation for all damage and disturbance to any property owners from whom easements will be required.
- (2) The sewer to be of a diameter of 9 ins. except that in the length between manholes Nos. 10 and 23 the diameter of the sewer is to be 12 ins. in order that if the Hendon and Harrow Councils should at any time deem it expedient so to do they may divert the flow

- (3) The Hendon and Harrow Councils are to pay to the Executive on completion of the sewer a sum equal to so much of the cost of providing a 12-in. pipe between manholes Nos. 10 and 23 as exceeds the cost which the Executive would have incurred in providing a 9-in. pipe along that length of the sewer, and if and when the Harrow and Hendon Councils divert into the sewer the contents of the joint outfall sewer at Elstree Hill the Harrow and Hendon Councils are
 - (a) to pay to the Executive a further sum which together with the sum already paid will amount to one-half of the total cost incurred by the Executive in constructing the sewer between the said two manholes, and
 - (b) to bear the cost of the connection from the existing joint sewer to manhole No. 23 and the said diversion at manhole No. 10. The sums payable to the Executive under this clause are to be borne as to three-fourths thereof by the Harrow Council and as to one-fourth thereof by the Hendon Council.
- (4) The Executive are to be the Contractors for carrying out the work of constructing the sewer at a total cost (including Consultant's and Quantity Surveyor's fees and supervision) of £19,923, subject to a contract to be entered into between the Executive and Francis Jackson Contractors Limited (amounting to £18,112) for the construction of the sewer, the whole of the work to be carried out to the satisfaction of the two Councils concerned.
- (5) Hendon and Harrow Councils are to be permitted to make connections into the sewer, subject on the occasion of each such connection to the payment to the Executive of the sum of £10.

These heads of agreement generally follow the lines agreed between the two Councils, but there is one point outstanding with regard to the ownership of the sewer and the future responsibility for its maintenance. The Town Clerk reported that he had consulted the other Chief Officers and it was considered that the new sewer should be owned jointly by the Hendon and Harrow Councils throughout its entire length, and that the maintenance of the whole sewer be undertaken by this Council subject to the Harrow Council contributing 75% of the cost of the work.

RESOLVED TO RECOMMEND-

- (1) That the heads of agreement as set out above be approved.
- (2) That the whole length of the new sewer be in the joint ownership of the Harrow and Hendon Borough Councils.
- (3) That the maintenance of the whole sewer be undertaken by this Council, subject to the Harrow Borough Council contributing 75% of the cost of the work.
- (4) That the Town Clerk be instructed to complete the legal formalities on the lines above indicated.

10.—SALVAGE SUMMARY RETURN:

The Borough Engineer and Surveyor submitted a statement, copies of which had previously been circulated, showing the tonnage of salvage disposed of for the years ended 31st March, 1951; 29th March, 1952; 28th March, 1953; 27th March, 1954, and for the period from 28th March to 29th May, 1954, together with particulars of the value of salvage under the various headings.

Noted.

11.—DISCHARGE OF TRADE EFFLUENT:

The Borough Engineer and Surveyor submitted an application from the North Thames Gas Board for permission to increase the rate of discharge of trade effluent from their works into the Council's sewers. The application had been submitted to, and approved by, the Middlesex County Council under the provisions of the Public Health (Drainage of Trade Premises) Act, 1937.

12.—STAFFED PUBLIC CONVENIENCES:

The Borough Engineer and Surveyor submitted a report on the revised working arrangements put into operation on the 4th April, 1954, in connection with the staffed public conveniences. The Committee have duly noted the report, and

RESOLVED—That the Borough Engineer and Surveyor be instructed to submit a further report in six months' time or earlier if he considers it necessary.

13.-WEST HENDON SWIMMING POOL:

The Borough Engineer and Surveyor reported on an application from the Hendon Schools' Swimming Association for permission to have the exclusive use of the West Hendon Swimming Pool for a Swimming Gala on the evening of Tuesday, the 13th July, 1954, free of charge, and also to carry out the preliminaries, which would not entail the exclusive use of the Pool, on the evening of Friday, 9th July, 1954. Similar permission has been granted to this Association in previous years.

In view of the date of the Gala, the Committee

RESOLVED—That the application of the Hendon Schools' Swimming Association be granted. It was further

RESOLVED TO RECOMMEND-That the action taken be confirmed.

14.—ACCIDENTS TO CORPORATION VEHICLES:

Arising out of consideration of a report submitted by the Borough Engineer and Surveyor with particulars of accidents to the Corporation's vehicles during the months of March, April and May, 1954, the Committee decided to delete the names of three drivers (S.E.W., G.J.O. and G.L.B.) from the report in view of the fact that the accidents were caused through no fault on the part of the Council's drivers.

In March, 1953, the Borough Engineer and Surveyor reported on four drivers whose accident records were considered unsatisfactory. In October, 1953, he reported that none of the four drivers had been involved in an accident since that report, and he was instructed to report again in six months' time. As a result of a further accident one driver had been relieved of driving duties, one was involved in an accident with a trolleybus, but was absolved from any blame by the Magistrates, and neither of the remaining two drivers had been involved in any accidents since July, 1952. Noted.

15.-ROAD SAFETY:

In connection with the Council's decision to send two drivers during the Council's time to "Rospa House" for instruction in road safety, the Borough Engineer and Surveyor reported that two of the drivers had attended and that they had benefited from the course of instruction.

RESOLVED TO RECOMMEND—That the Borough Engineer and Surveyor be instructed to arrange for the other drivers to attend the course.

16.—PETROL:

(a) Supplies.

The Borough Engineer and Surveyor submitted four quotations received for the supply of petrol, based on the Council's yearly requirements of between 70,000 and 80,000 gallons. Three of the firms quoted 3/74 per gallon, which is the price the Council is at present paying, whilst the other firm quoted 3/7d. per gallon. All the quotations are subject to a rise and fall clause.

RESOLVED TO RECOMMEND—That the Borough Engineer and Surveyor be instructed to accept the lowest quotation that of Aero Motor Spirit Company Limited for the supply of petrol at 3/7d. per gallon.

(b) Pool Cars.

In accordance with the instructions of the Committee the Borough Engineer and Surveyor submitted a report indicating the cost of using top grade petrol for the Mayoral and pool cars. The Mayoral car is already running on top grade petrol, but there are no facilities at present for storage, and the full retail price of $4/6\frac{1}{2}$ d. per gallon is paid for the petrol. It would not, in the opinion of the Borough Engineer and Surveyor, be economical to run the pool cars on this basis, and it would be essential to instal a pump. He estimated the cost of installing a suitable pump and tank of £450. Top grade petrol purchased in bulk would cost 4d. per gallon more than the present commercial grade, and the additional cost of petrol per annum for the Mayoral car and pool cars would be approximately £56 on the present rate of consumption.

After full consideration of the report, the Committee

RESOLVED TO RECOMMEND-

- (1) That the use of No. 1 grade petrol be continued for the Mayoral car.
- (2) That the use of lower grade petrol be continued for all the pool cars.

17.—REDUNDANT EQUIPMENT:

It was reported by the Borough Engineer and Surveyor that the following equipment had become redundant, and he sought the Committee's instructions as to its disposal:—

Calf-Dozer.

Grain Binder.

Concrete Mixer.

With regard to the concrete mixer, the Borough Engineer and Surveyor reported that the First Hendon Housing Association were in need of a machine of this kind, and he suggested that this machine might be disposed of to the Association for the sum of £5.

RESOLVED TO RECOMMEND-

- (1) That the Borough Engineer and Surveyor be instructed to invite tenders for submission to the next meeting of the Committee for the disposal of the calf-dozer and the grain binder.
- (2) That the Borough Engineer and Surveyor be authorised to dispose of the concrete mixer to the First Hendon Housing Association for a sum of £5.

18.—CHILDS HILL SLIPPER BATHS—ADDITIONAL FACILITIES:

In accordance with the Committee's instructions a joint report was submitted by the Town Clerk, the Borough Treasurer and the Borough Engineer and Surveyor dealing with all aspects of the proposal for the provision of laundry facilities at these Baths.

After full consideration of the report, the Committee

RESOLVED TO RECOMMEND-That no action be taken in the matter.

19.—RE-ORGANISATION OF THE REFUSE COLLECTION SERVICE:

In accordance with the Committee's instructions the Town Clerk, the Borough Treasurer and the Borough Engineer and Surveyor submitted a joint report arising out of their consultation with the representatives of the Refuse Collection Services and their Union Officials, at which the Council's proposals for the re-organisation of the Refuse Collection Service, with a view to improving its efficiency, reducing the cost and the question of the completion of time sheets were discussed. The representatives of the Refuse Collection Service and their Union Officials had agreed to the adoption of the revised scheme. Final details of the new rounds were now being completed by the Borough Engineer and Surveyor and it was expected that the new scheme would be put into operation at an early date. Noted.

(a) Ministerial Circular 36/54.

The Town Clerk reported fully on the terms of Ministry of Housing and Local Government Circular 36/54, and the Committee gave particular consideration to the reiteration by the Minister

- (2) That the Town Clerk be instructed to inform the Minister of this decision and the reasons which have prompted it.

(b) Individual Applications.

The Town Clerk reported on the stages reached in the case of three individual applications for improvement grants, and that two further informal applications had been received.

RESOLVED TO RECOMMEND-That in view of the recommendation contained in the foregoing sub-paragraph no further action be taken concerning these applications.

8.—CONVERSION AND IMPROVEMENT—EXHIBITION HOUSES:

The Town Clerk reported information from the Ministry of Housing and Local Government concerning exhibition houses opened in Holles Street, W.1, and designed to illustrate the conversion and improvement of existing property, and stated that the exhibit was open to public inspection.

RESOLVED-That members desiring special conduct around the exhibit should inform the Town Clerk so that notice of their visit can be given.

9.—HOUSING ACT, 1949—ADVANCES FOR REPAIRS:

The Town Clerk reported receipt of a letter from the Ministry of Housing and Local Government indicating the Minister's agreement to the amendment of the scheme proposed by this Council to provide mortgage facilities enabling house owners to carry out repairs to their property, subject to any advances made being for a minimum period of three years. Noted.

10.-FINANCING OF HOUSE REPAIR, IMPROVEMENT AND CONVERSION:

The Town Clerk reported the observations offered by the Borough Treasurer, the Borough Engineer and Surveyor, the Housing Officer and himself on Ministry of Housing and Local Government Circular No. 42/54, copies of which had been supplied to members of the Committee; and also informed the Committee that the Minister had asked to be informed of the result of local authorities' consideration of the Circular.

RESOLVED-That the matter be referred to the Finance Committee with the following observations :-

- (1) That no variation be made in the Council's present practice of restricting advances for house purchase to houses situate within the Borough.
- (2) That if the Middlesex County Council call a meeting of representatives of County District Councils, the Chairman and Vice-Chairman of the Committee and the appropriate officers be appointed as this Council's representatives.
- (3) That no change be made in the Council's existing conditions relating to the calculation of the maximum sum which may be borrowed by applicants for loans for house purchase under the Small Dwelling Acquisition Acts, 1899 to 1923, and the Housing Act, 1949.

- (d) In regard to guarantees of excess advances made by Building Societies for house purchase:—
 - (i) That the Town Clerk inform the Minister that the Council are not disposed to operate "Scheme A" referred to in the Circular as it appears to offer no advantages over those already available to borrowers from the Council.
 - (ii) That the Council are prepared in approved cases to operate "Scheme B" referred to in the Circular.

11.—HOUSING—SLUM CLEARANCE:

The Town Clerk reported the contents of Ministry of Housing and Local Government Circular No. 30/54 urging the resumption by local authorities of full exercise of their powers under Parts II and III (Clearance Areas) of the Housing Act, 1936, and the need for reviewing housing conditions generally. He informed the Committee of the recommendation advanced by the Public Health Committee that the Medical Officer of Health and the Borough Engineer and Surveyor should make a preliminary survey of the Borough to ascertain what areas should be considered for treatment as slum clearance or re-development areas, and which houses should be treated as unfit houses, and that reports would be submitted by these officers in conjunction with the Town Clerk. Noted.

12.—OVERSPILL OF POPULATION:

The Town Clerk reported an enquiry from the Middlesex County Council whether this Council wished to be represented at a Conference of local authority representatives to consider suggestions by County District Councils in Middlesex that the County Council should consider the possibilities of obtaining statutory powers to provide houses outside the County for Middlesex residents. The Committee felt that the Council should be represented at such a Conference, and

RESOLVED TO RECOMMEND—That their Chairman and Vice-Chairman and the Town Clerk be appointed to attend such a Conference if it is convened.

13.-MOVEMENT OF POPULATION TO NEW AND EXPANDED TOWNS:

The Town Clerk reminded the Committee of terms and conditions relating to the payment of the annual rate fund contribution which had been agreed with the Bletchley Urban District Council in regard to the transfer of families to that district, and reported on negotiations which he had conducted on the Council's instructions with the Welwyn Garden City and Hatfield Development Corporation and the Swindon Borough Council. He informed the Committee of the manner in which the terms proposed by the two latter authorities differed from those agreed with the Bletchley Urban District Council.

RESOLVED TO RECOMMEND—That the Council do not enter into agreements which differ substantially from that already entered into with the Bletchley Urban District Council, and that the Town Clerk be instructed to renew negotiations on these lines with the Welwyn Garden City and Hatfield Development Corporation and the Swindon Borough Council.

14.—HENDON OLD PEOPLE'S HOUSING SOCIETY LTD.—ALL SAINTS' VICARAGE, CHILDS HILL, N.W.2:

RESOLVED, in view of its urgency—That the officers of the Housing Society be invited to discuss this matter with the Borough Treasurer as soon as practicable, and that he be instructed to submit a report to the Finance Committee at its next meeting.

In the case of No. 64, The Reddings, the nominated purchaser desired certain alterations which would increase the floor area to 1,607 square feet and the cost to £3,978 exclusive of the cost of the land.

RESOLVED TO RECOMMEND—That the Town Clerk be instructed to inform A. W. Curton Ltd. that the Council consent to the construction and sale by them of the property referred to above with floor area not exceeding 1,607 square feet and at a cost not exceeding £3,978.

16.—HOUSING SITE NO. 8—SPUR ROAD, EDGWARE—SCHEME FOR FLAT DEVELOPMENT:

The Borough Engineer and Surveyor reported on representations he had received from contractors who had been invited to submit plans and estimates based on the Council's scheme for development of this site from which it appeared that in the case of one firm, and possibly others, the time given for submission of plans and estimates, namely by September, 1954, was insufficient.

RESOLVED TO RECOMMEND-

- That the Borough Engineer and Surveyor be instructed to extend the time allowed by one or two months, the exact period to be determined by him in accordance with prevailing circumstances.
- (2) That, subject to any observations of the Buildings and Town Planning Committee, the Borough Engineer and Surveyor be Instructed to seek planning permission in principle for the outline scheme approved by the Council.

In regard to letters reported by the Town Clerk from the Edgware Ratepayers' Association and the Conference of Ratepayers' Associations of Hendon, the Committee

RESOLVED TO RECOMMEND—That the Town Clerk be instructed to furnish such information as is available at present to these organisations and to correct inaccurate reports concerning the likely cost of the scheme.

17.—HOUSING SITE NO. 32—NORTH ROAD, BURNT OAK:

The Town Clerk reported on difficulties experienced by the firm occupying this site in obtaining possession of a new site for their business and consequent delay in the Council obtaining possession of the North Road Site which is the subject of a Compulsory Purchase Order.

RESOLVED TO RECOMMEND—That the Council proceed with the acquisition of the freedhold interest in the North Road Site as soon as the terms are agreed by the District Valuer, and charge the occupiers a rent for the period during which they are in occupation after the acquisition of the site by the Council is completed, and that, if necessary, His Worship the Mayor, in consultation with the Chairman, be authorised to deal with all matters in connection therewith.

(d) Results of Proceedings.

The Town Clerk reported that proceedings had been taken under Section 345 of the Middle-sex County Council Act, 1944, against Mr. C. H. Spires and Mr. S. Price for placing and keeping caravans on land at Green Lane (Edgware Ward). Both defendants pleaded guilty. Mr. Price was fined £1 and Mr. Spires was fined 10/6d. with 10/6d. costs, and the caravans had been removed. Noted.

6.-NO. 29, RUNDELL CRESCENT, N.W.4:

The Town Clerk submitted a letter from a resident of Rundell Crescent protesting against the grant of consent under the Building Byelaws and the Public Health (Buildings in Streets) Act, 1888, to the occupier of No. 29, Rundell Crescent (Park Ward) to extend his garage beyond the building line. The resident suggested that the applicant should be asked not to build in front of the building line unless he could show an absolute necessity to do so, and that a meeting should be arranged between his architect and the complainant's surveyor.

RESOLVED—That the Town Clerk be instructed to inform the resident that the Council are not prepared to enter into negotiations of this kind since they have granted consent for the extension of the garage and any such negotiation is a matter for discussion between the complainant and the applicant.

7.—CONSIDERATION OF PLANNING APPLICATIONS:

The Committee gave consideration to the practice of circulating to all members of the Council the report of the Borough Engineer and Surveyor for submission to this Committee and were of opinion that it should be discontinued. They, therefore,

RESOLVED TO RECOMMEND—That the Council's decision contained in Item 9 of the Report of the Buildings and Town Planning Committee dated 15th July, 1953, be rescinded.

8.—RESULTS OF APPEALS:

The Town Clerk reported the receipt of the decisions of the Minister of Housing and Local Government on the under-mentioned appeals:—

(a) Proposed Advertisement Hoarding, Odeon Car Park, Finchley Road, N.W.11.

The Council refused consent for the display of an advertisement on the boundary wall of a car park facing Finchley Road (Garden Suburb Ward) and having considered the representations of the parties the Minister was of opinion that the site was unduly prominent and the display of the proposed hoarding would be prejudicial to amenity. He had accordingly dismissed the appeal.

(b) Proposed Development on West Side of Edgware Road.

The Council refused consent for the erection of two advertisements in "V" formation on land on the west side of Edgware Road (West Hendon Ward). The Minister observed that the locality was entirely commercial and industrial and that the land was scheduled for eventual development as an open space. Pending such development he considered that the proposed advertisements would not be prejudicial to amenity and after consulting the Minister of Transport he had concluded that any effect on public safety would not be such as to justify dismissal of the appeal. He had accordingly allowed the appeal and granted consent for the display of the advertisements for a period of three years.

(c) Garages at Kennyland Court, N.W.4.

Permission was refused for the use of three lock-up garages at the rear of Kennyland Court, Hendon Way (Park Ward) for the servicing of new vehicles and it was pointed out that the surrounding area was predominantly residential and included shopping and business areas, but no industry. Having considered the representations made, the Minister was of opinion that the proposed use of the site, which is sandwiched between two rows of dwellings, could not fail to be detrimental to amenity and would be highly undesirable. He had, therefore, dismissed the appeal.

(d) Nos. 555/557, Watford Way, N.W.7.

The Council refused consent for the display of two illuminated advertisements on the above-mentioned premises (Mill Hill Ward) which are situate between a parade of shops and a public library in a locality mainly commercial in character and facing shops and a petrol station. The advertisements were to be displayed between the ground and first floor levels of a three-storey building to be used as motor showrooms with flats over. The Minister considered that the proposed advertisements would not be prejudicial to the amenity of this commercial centre and after consulting the Minister of Transport had concluded that any effect on traffic safety would not be such as to justify dismissal of the appeal. He had, therefore, allowed the appeal and granted consent for the display of the advertisements for three years.

(e) No. 1, Portsdown, 169, Station Road, Edgware.

Permission was refused for the use of living accommodation on the first and second floors at these premises (Edgware Ward) as offices on the grounds that the proposal would involve the loss of housing accommodation. The appellants contended that there was a shortage of office accommodation in Edgware and that the premises had previously been used for office purposes, but the Council's view was that there was a shortage of houses in the Borough and that residential accommodation should be kept in residential use. The Minister agreed with the Council's view and had accordingly dismissed the appeal.

(f) Llanvanor Garages, Llanvanor Road, N.W.2.

Permission was refused for the conversion of three lock-up garages at Llanvanor Road (Childs Hill Ward) to a workroom on the grounds that the proposed development would be injurious to the amenities of the surrounding locality, and would involve the introduction of an industrial user in an area predominantly developed for residential purposes. The appellants stated that the workroom would be used in connection with a tailor's shop and would contain only a tailor's bench and two sewing machines and that most of the surrounding premises had already some industrial use. For the Council it was stated that the area was zoned as residential, that the industrial premises in the vicinity had existing user rights and that the Council were trying to resist further intrusion of non-conforming users. The Minister was of opinion that the proposed use would not be unsuitable in the circumstances and would probably lead to an improvement in the appearance of the property. He had, therefore, allowed the appeal and granted permission for the use of the building as a tailor's workroom, subject to the condition that the premises shall not be used for any other purpose (including any other purpose mentioned in Class III of the Schedule to the Town and Country Planning (Use Classes) Order, 1950).

(g) Borthwick Road and Ravenstone Road, N.W.9.

The Council refused planning permission for the erection of 26 houses on this war-damaged site (West Hendon Ward) on the grounds that the proposed development would prejudice the proper redevelopment of the West Hendon area. The appellants wished to provide houses for sale at not more than £2,000, which they stated would not be inconsistent with the existing users in the locality, and contended that few of the houses in the neighbourhood were in bad repair.

The Minister found no sufficient justification for withholding permission for the immediate development of the site, but agreed with the Council that the proposed density was undesirably high. He had accordingly allowed the appeal to the extent that permission was granted for the erection of dwellinghouses on the land, subject to the condition that the number, siting, design and external appearance of the buildings shall be as may be agreed with the Local Planning Authority or, in default of agreement, as shall be determined by the Minister. In connection with Item (g), the Town Clerk stated that a Direction under Article 4 of the General Development Order, 1950, to prohibit the reinstatement of the war-destroyed dwellings without planning permission had now been submitted to the Minister for approval, but it appeared desirable that Directions of this nature, where considered necessary, should be made at an early date.

RESOLVED—That the Borough Engineer and Surveyor be instructed to submit at a future meeting a report on any areas in the Borough where it appears desirable to prevent the reinstatement of buildings which have sustained war damage.

9.—TREE PRESERVATION ORDER—HIGHWOOD PARK, MILL HILL:

The Town Clerk referred to the Tree Preservation Order made by the Council in respect of woodland at Highwood Park, Mill Hill, and stated that the owner had applied to the Forestry Commission for a felling licence in respect of 106 trees. Under Section 13 of the Forestry Act, 1951, if a felling licence were granted the Tree Preservation Order would have no effect so far as the trees in question were concerned, but if the Forestry Commission propose to grant a licence they must give written notice to the Council who can then object to the proposal, in which case the application would be referred to the Minister of Housing and Local Government. Notice of the decision of the Forestry Commission is awaited.

RESOLVED—That, in the event of the Forestry Commission giving notice of a proposal to grant a felling licence in this case, the Town Clerk be instructed to lodge an objection to the proposal.

10.—SPECIAL MEETINGS OF COMMITTEE:

In order to deal with applications within the time limit imposed by the General Development Order and having regard to the dates of the Area Planning Committee Meetings, the Committee

RESOLVED—That special meetings be held on 14th July, 16th August and 13th October, 1954, and 9th March, 1955.

The Town Clerk referred to the authority given (B. & T.P.C., 26/10/53—12) for the service of notice under Section 33 of the Town and Country Planning Act, 1947, to secure the proper maintenance of the above-mentioned land (Mill Hill Ward) and stated that he had been unable to ascertain the owners of the land. He reported that there were road charges outstanding on the land in connection with the making up of Bittacy Rise and that formal authority was being sought through the Finance Committee to fence the land with a view to obtaining a Possessory Title.

17

RESOLVED—That the Finance Committee be asked to give instructions that when the land has been fenced the Borough Engineer and Surveyor should arrange for it to be cleared.

12.—NOS. 124 AND 126, SUNNINGFIELDS ROAD, N.W.4:

The Town Clerk referred to the authority given (B. & T.P.C., 15/2/54—17) for application to the Court for an Order requiring the repair or demolition of a chimney stack constructed on the party wall between Nos. 124 and 126, Sunningfields Road (Central Ward) and stated that the necessary works to render the chimney stack safe had been completed.

RESOLVED-That no further action be taken in this matter.

Hester, the lessee of the above-mentioned restaurants, for the Council's agreement to the assignment of the lease or other transfer of the commitments and submitted a report on the revised proposals which had been put forward for the transfer of the premises to Mr. J. Adelman indicating that the Borough Treasurer's inquiries in this matter had proved satisfactory. The Libraries Committee, however, did not approve the plan as submitted and suggested that the car park should be situated between the library site and the Public Hall site and be appropriated for library purposes.

The Borough Engineer and Surveyor accordingly submitted an alternative plan showing a possible site for a Public Hall immediately adjacent to the Edgeworth Restaurant, with a car park between the Public Hall site and the Library site.

The Town Clerk submitted a report with regard to the negotiations for settlement of terms for the acquisition of the Edgware branch library and Edgeworth Civic Restaurant sites.

The Committee have noted the Officers' reports and consider that the alternative lay-out plan now submitted by the Borough Engineer and Surveyor is acceptable for the possible future development of the sites. The majority of such circulars are of a purely administrative character, but those requiring consideration of the Committee and their action thereon are detailed hereunder:-

(a) Home Office Civil Defence Circular No. 11/1954.

This Circular refers to the Second Report of the Advisory Committee of Publicity and Recruitment for the Civil Defence and Allied Services. The Secretary of State commends certain recommendations to the attention of the Civil Defence Corps and Fire authorities. The Advisory Committee also recommend that Local Authorities should hold an Annual Civil Defence Day on which the activities of the various Civil Defence Services (including the National Hospital Service Reserve) could be brought prominently to the notice of the public. The Secretary of State supports the recommendation and though he appreciates that it might be impracticable to set one day to be observed simultaneously by all authorities, he suggests that the recommendation should be implemented by each authority fixing a suitable day during the first fortnight in October to . take special recruiting measures as part of an intensive Autumn Recruiting Campaign.

RESOLVED-That consideration of the holding of a Civil Defence Day be deferred until the next meeting of the Committee.

16.—CIVIL DEFENCE INSTRUCTORS—DEPUTATION:

It was reported that, in accordance with the instructions of the Committee, the Deputy Town Clerk had interviewed three of the four Civil Defence instructors, who had submitted a letter to the Chairman of the Committee, and had discussed with them those matters which they considered warranted attention by the Committee. As a result of this interview, the four instructors had forwarded a letter to the Deputy Town Clerk, and this letter had been circulated to the Committee. By arrangement with the Chairman, three of the four instructors, who had been invited to attend a meeting of the Committee were received. These instructors were Mr. R. J. Stewart, Miss V. P. Finlayson and Mr. N. Field.

Mr. Stewart acted as spokesman on behalf of the deputation and after the deputation had answered a number of questions the Chairman thanked them for their attendance and they with-

The various matters to which the instructors had drawn attention were as follows:-

- (1) That better general publicity was needed.
- (2) That every opportunity should be taken of persuading members of the Council to attend exercises, displays, etc.
- (3) That His Worship the Mayor should be invited to make a local press appeal.

- (5) That the Civil Defence Corps should be represented at as many local meetings, parades, etc., as possible.

In this connection, the Town Clerk reported that he had received a communication from the Hendon Civil Defence Association stating that the Executive Committee of the Association would be prepared to recommend to a full meeting of the Association that all members of the Hendon Civil Defence Corps should automatically on joining the Corps be accorded membership of the Hendon Civil Defence Association, without payment of subscription. This would involve the discontinuance of the payment of an annual subscription to the Association, but would provide convenient machinery for obtaining nominations of representatives from as many sections as possible of the Hendon Sub-Division of the Civil Defence Corps for election as co-opted members on the Civil Defence Committee.

He informed the Committee that the Minister had asked to be notified of the result of local authorities' consideration of the Circular.

RESOLVED TO RECOMMEND-

- (1) That, with the exception of advances to persons in the employ of the Corporation, no variation be made in the Council's present practice of restricting advances for house purchase to house situate within the Borough.
- (2) That if the Middlesex County Council call a meeting of representatives of County District Councils, the Chairmen of the Housing and Finance Committees and the Vice-Chairman of the Housing Committee and the appropriate officers be appointed as this Council's representatives.
- (3) That no change be made in the Council's existing conditions relating to the calculation of the maximum sum which may be borrowed by applicants for loans for house purchase under the Small Dwellings Acquisition Acts and the Housing Act, 1949.
- (4) In regard to guarantees of excess advances made by Building Societies for house purchase, that the Town Clerk be instructed to inform the Minister (i) that the Council are not disposed to operate "Scheme A" referred to in the Circular as it appears to offer no advantages over those already available to borrowers from the Council; (ii) that the Council are prepared, in approved cases, to operate "Scheme B" referred to in the Circular.

8.—COLLECTION OF REFUSE FROM UPSTAIRS FLATS—INSURANCE:

The Town Clerk reported that, in accordance with instructions given by the Council at their meeting on 12th April, 1954, he had, in consultation with the Borough Treasurer, conferred with the District Auditor and officers of the Ministry of Housing and Local Government on the question of personal accident insurance against the risk of refuse collectors sustaining injury whilst collecting from upstairs flats. He stated that from both sources the advice given was that the

Minister had no power to authorise a local authority to incur expenditure on insurance of this kind.

RESOLVED TO RECOMMEND—That no further action be taken in this matter.

9.—DISTRICT AUDITOR'S REPORT FOR THE YEAR ENDED 31st MARCH, 1953:

The Town Clerk submitted the following report of the District Auditor concerning the completion of the audit of the Council's accounts, etc., for the year ended 31st March, 1953:—

30th March, 1954.

Local Government Act, 1933, Section 227.

Report of the District Auditor on the Accounts of the Borough of Hendon.

To the Hendon Borough Council.

Gentlemen,

I have the honour to report the completion of the audit of your accounts, and of those of your officers, for the year ended 31st March, 1953.

Objection at Audit under Section 226 of the Local Government Act, 1933.

Mr. Kenneth Dunjon, a local government elector, residing at 20, Glebe Crescent, Hendon, attended the audit and objected to the expenditure incurred for the purpose of holding the Hendon Show and Civic Exhibition. The grounds of the objection were:—

- (1) That the Hendon Park was unlawfully enclosed either
 - (a) in contravention of the Public Health Acts Amendment Act, 1890, being enclosed for more than 4 days at one time, including a Bank Holiday, and/or
 - (b) in contravention of the Local Government Act, 1948, by the enclosure of an area greater than one-tenth (1/10th) of the area of the Park.
- (2) That, therefore, the said Show was held unlawfully in Hendon Park from August 4th to August 9th, 1952, and that the expenditure specifically voted for the purpose of conducting the Show was expended contrary to law.

I have held that the said expenditure was incurred within the provisions of Section 132 of the Local Government Act, 1948, and have allowed the accounts as presented.

Refuse Collection Employees-Hours and Wages.

The report on the audit of the accounts for the year ended 31st March, 1951, drew the attention of the Council to the variation from the National Joint Council scales in the rates of pay of workmen engaged on the Refuse Collection Service and to the incorrect recording of hours worked on the time sheets. The question appears to be still in the report stage and minuted references cease at 16th September, 1952, with an instruction by the Establishment Committee to the Borough Treasurer to submit a report after consultation with the Borough Engineer. The report referred to was withheld pending an experimental period when it was proposed to test the value of times inserted in the weighbridge record—this subsidiary record now appears to be available and it is understood that the report required by the Committee will be presented at an early date.

No other matter arose in connection with the audit to which I need refer on this occasion and my thanks are due to your officers whose assistance greatly facilitated the conduct of the audit.

I am, Gentlemen,

Your obedient Servant,

(Sgd.) A. S. HIGLETT,

District Auditor.

The Town Clerk reported the receipt of letters from the Ministry of Housing and Local Government and from the Member of Parliament for the Hendon South constituency confirming, in response to renewed representations made on the Council's instructions, that the Minister had, in fact, given his personal consideration to the question of giving local authorities full discretion in deciding the allowances payable to their members, but that he felt unable to give this discretion. RENT VARIATION SCHEME:

The Committee recalled the Council's decision (Hsg.C., 11/1/54—1 (i)) that the introduction of a rent variation scheme be approved in principle, and gave further consideration to the Joint Report of the Borough Treasurer and Housing Officer on this subject which was previously submitted at their meeting on the 21st June. They considered also the report of the Borough Treasurer on suggestions made by members since that meeting. (Copies of both these reports

have been supplied to all members of the Council.) The Committee also heard the observations of the Housing Officer and were informed by the Borough Treasurer of notice received from the Minister of Housing and Local Government of his intention to reduce the amount of housing subsidies with effect from the 1st April, 1955.

After full discussion of the principle of rent variation and the draft scheme contained in the Joint Report of the Borough Treasurer and Housing Officer, prepared in accordance with the Committee's instructions (Hsg.C., 22/3/54—36), the Committee

RESOLVED TO RECOMMEND-

- (1) That the Council accept the following principles for embodiment in a rent variation scheme to be prepared in conjunction with the review of rents of Corporation housing estates generally, and to come into operation on or about 1st April, 1955:—
 - (a) That in calculating the maximum net rents for the purpose of the rent variation scheme 25% only of the general pool of housing subsidies be taken into account, provided that, in cases where lodgers are resident in the premises, such maximum net rents shall be increased by 2/6d.
 - (b) That minimum net rents be determined at approximately two-thirds of the maximum net rents.
 - (c) That the maximum net rent be charged for every property unless the tenant applies for and is eligible for a rebate.
- (2) That a Rent Variation Scheme Sub-Committee, comprising the Chairman and Vice-Chairman of this Committee, Aldermen R. J. Knowles and J. H. Rodway and Councillor L. A. Hills, be appointed with the following terms of reference:—
 - (a) To instruct the Town Clerk, in consultation with the Borough Treasurer and the Housing Officer, to send, as soon as practicable, a letter, in a form to be approved by the Sub-Committee, to all Corporation tenants affected, giving preliminary notice of the Council's intention to operate a rent variation scheme and to supply copies of the letter to members of the Council before it is sent to tenants.
 - (b) To settle the final details of the rent variation scheme, including the income scale to be applied in determining the eligibility of tenants for rent rebate, and to report the action taken to the Housing Committee in due course.

AMENDMENT, moved by Councillor Paul and duly seconded :-

THAT the item contained in this Report be referred back to the Housing Committee for further consideration.

Debate ensued.

On submission, the amendment was declared lost.

The Chairman drew attention to the fact that the promotion of the Bill in Parliament referred to in this item was to enable the Council to use any of its Parks and Open Spaces for the purposes of recreation and entertainment, and did not relate only to the organisation of the Hendon Show as the heading of the item might imply. In reply to a question, Alderman Sheill gave an assurance that if it was considered necessary to promote a Bill, a meeting of the General Purposes Committee would be convened to consider the matter and no action would be taken under Recess powers.

1.—PROPOSED FLATS, FINCHLEY ROAD, N.W.11:

At their meeting on 21st June, 1954, the Committee considered Application No. T.P.3853 relating to the proposed erection of a block of 12 flats with 6 garages at 967, Finchley Road, N.W.11 (Garden Suburb Ward) and approved it, subject to the submission of detailed plans and to the restriction of vehicular access to Wentworth Road.

The Acting Town Clerk reported that the application was also approved by the Area Planning Committee, but under the provisions of the delegation scheme the County Council gave notice of objection to the decision. The matter was, therefore, referred to the County Planning Committee and, with the authority of the Chairman, the Borough Council had been represented at the meeting of that Committee. The application was refused by the County Planning Committee for the reasons that the depth of the building line from Wentworth Road was insufficient and that the site coverage was excessive. Noted.

2.—TREE PRESERVATION ORDER, HIGHWOOD PARK, MILL HILL:

The Acting Town Clerk referred to the report at the last meeting of the Committee on this subject, and stated that the Forestry Commission had not yet issued formal notice of a proposal to issue a licence, but that a meeting of the parties had taken place on 13th July at which the Council and the Middlesex County Council were represented. Having regard to the provisions of the Tree Preservation Order as to compensation the Acting Town Clerk had asked the County Council to confirm that they were in agreement with an objection being lodged, if necessary, to the issue of a felling licence. He stated that a further report would be submitted on the matter when further information was received from the Forestry Commission. Noted.

3.-LAND AT HENDON WOOD LANE, N.W.7:

In January, 1954, the Committee disapproved Application No. T.P.3544 relating to the proposed erection of a house at Hendon Wood Lane (Mill Hill Ward) and the applicant served a Purchase Notice on the Council under Section 19 of the Town and Country Planning Act, 1947.

The Acting Town Clerk reported that the Purchase Notice had been forwarded to the Minister of Housing and Local Government who was satisfied that the land had become incapable of reasonably beneficial use in its existing state. The Minister agreed with the Council's wish to preserve the Green Belt in this area and to avoid any further encroachment, but in view of the special circumstances of the case, notably the existence of a service road extending to the southern boundary of the site, and the fact that the addition of one house is unlikely to harm the amenities, he

proposed not to confirm the Purchase Notice, but to grant permission for the development. The permission would be subject to the condition that the siting, design and external appearance of the building shall be as may be agreed between the applicant and the Local Planning Authority, or, in default of agreement, as shall be determined by the Minister. The Borough Council, the County Council or the applicant could, before 23rd July, claim an opportunity of being heard in connection with this matter, but the Acting Town Clerk reported that the County Council did not desire to be heard, unless a hearing were convened at the request of one of the other parties.

SUMMER RECESS REPORT:

Motion moved by His Worship the Mayor, duly seconded, and

94.—RESOLVED-That the following report be received :-

INTERIM REPORT.

TO THE ALDERMEN AND COUNCILLORS OF THE BOROUGH OF HENDON.

The following matters have been dealt with by me or in my absence by the Deputy Mayor, under authority of Resolution No. 87 passed by the Council on 12th July, 1954:—

1.—HENDON COUNTY SCHOOL—USE OF PURSLEY ROAD PLAYING FIELD:

The Borough Education Officer reported to me on the need for transport for pupils between Hendon County School and the Pursley Road Playing Field on five days each week during the Autumn term, 1954, and that the Central Transport Officer had indicated that the provision of the transport required would involve an expenditure of £297 during the current financial year.

Provision for this expenditure was not included in the estimates for the current financial year because the use of the ground by the County School was not then envisaged. With the concurrence of the Chairman of the Education Committee, I authorised the Borough Education Officer to make application to the Middlesex County Council for a supplementary estimate of £297 to meet the cost of the transport required.

2.—BROADFIELDS AND FAIRWAY PRIMARY SCHOOLS—CONSTRUCTION MATTERS:

The Borough Education Officer informed me that he had received a report from the Borough Engineer and Surveyor intimating that he had been in consultation with the County Architect on the various construction matters outstanding at the above-named schools and that he was of the opinion that the original estimate prepared and submitted by the County Architect might be regarded as reasonable. The Chairman of the Education Committee considered that the work should be carried out with the least possible delay.

I accordingly authorised the Borough Education Officer to inform the Chief Education Officer that the Divisional Executive approved the proposals of the County Architect and would be glad if every possible step could be taken to implement the proposals during the present Recess.

3.—STATUTORY NOTICES:

On consideration of the report of the Medical Officer of Health, I authorised service by the Senior Sanitary Inspector of Notices under the Statutory Provisions indicated in respect of the under-mentioned premises:—

4.—PUBLIC HEALTH ACT, 1936, SECTION 75—PROVISION OF DUSTBINS:

On the report of the Medical Officer of Health, I instructed the Senior Sanitary Inspector to serve Notices under Section 75 of the Public Health Act, 1936, in the following cases:—

Tenant.

36, Stanley Road, N.W.9. 1st Floor Flat, 30, Derwent Avenue, N.W.7.

5.-FOOD AND DRUGS ACT, 1938-UNSOUND FOOD:

- (a) The Medical Officer of Health reported a complaint received concerning a foreign substance alleged to have been found in sweets purchased from a local shop, and on his subsequent investigations. It appeared to me that there was no evidence such as to warrant legal proceedings being instituted by the Council and I gave instructions for no action to be taken in this matter.
- (b) The Medical Officer of Health reported upon a complaint concerning foreign matter alleged to have been found in food purchased in a local restaurant, and submitted the written observations of the restaurant proprietor. It appeared to me that there was no evidence such as to warrant legal proceedings being instituted by the Council, and I gave instructions for no action to be taken in this matter.
- (c) The Medical Officer of Health reported upon a complaint concerning foreign matter found in a loaf of bread purchased from a shop in the Borough, and submitted the written observations of the bakers concerned. I instructed the Acting Town Clerk, subject to his being satisfied as to the evidence, to institute legal proceedings for and on behalf of the Corporation acting as the Local Authority against the firm of bakers concerned.

6.—SECTION 154, PUBLIC HEALTH ACT. 1936:

The Acting Town Clerk submitted a report from the Police stating that on the 10th June, 1954, two men were collecting rags from children in Fairmead Crescent, Edgware, and giving to the children, in exchange, toy balloons on sticks.

I was satisfied that there was evidence of an offence by each of the two men concerned under Section 154 of the Public Health Act, 1936, and authorised the Acting Town Clerk to institute proceedings against them on behalf of the Corporation acting as the Local Authority.

7.—BURTONHOLE FARM:

The Acting Town Clerk submitted to me an application from H.M. Postmaster-General for permission to erect a telegraphic post to carry wires inside the hedge-line close by the gate at Burtonhole Farm, Mill Hill, on the understanding that the Postmaster-General will make good any damage which may be done to the property in the placing or maintenance of the works.

Messrs. Burroughs, to whom the farm is leased, have no objection to the proposal, and, after consultation with the Borough Engineer and Surveyor, I gave authority to the Acting Town Clerk to sign the necessary form of consent on behalf of the Corporation.

8.-MILL HILL PARK-PROPOSED BENEFIT CRICKET MATCH:

The Acting Town Clerk submitted to me an application from the Hendon Cricket Club for permission to hold a benefit cricket match for Mr. Leslie Compton in Mill Hill Park on Sunday, 5th September, 1954. The Club required no financial assistance from the Corporation, but asked for additional amenities such as the provision of chestnut fencing for an enclosure, permission to erect two marquees and to make a collection on the same lines as for a previous charity match. I approved the application, subject to the execution of an indemnity in a form to be approved by the Acting Town Clerk, to the Club effecting the necessary insurance cover to the satisfaction of the Borough Treasurer, and to the cost of the facilities provided being charged to the Club.

9.—COPTHALL PLAYING FIELDS:

The Borough Engineer and Surveyor reported to me that the boundary of Copthall Playing Fields was very irregular and formed an obstruction to easy access at the main entrance gate, and that to overcome this difficulty it was proposed to make an exchange of land with the adjoining owners, the Jewish Secondary Schools Movement. The following terms in connection with this exchange had been agreed with the Jewish Secondary Schools Movement and confirmed by the District Valuer:—

- (a) The Council will give up land having an area of approximately 115 square yards.
- (b) The Jewish Secondary Schools Movement will give up land having an area of approximately 1,198 square yards.
- (c) The Council will undertake the necessary work involved in removing the hedge and realigning the hedge and ditch, together with any necessary fencing.
- (d) The Council will grant a right-of-way for pedestrian and vehicular traffic over their land in order to provide access to the land owned by the Jewish Secondary Schools Movement.
- (e) The Council will be responsible for the legal costs involved in the exchange.
- (f) No monetary consideration will be involved.

I authorised the Acting Town Clerk to complete the necessary deed of exchange in a form to be approved by him on the basis of the terms indicated above.

10.—AIR RAID SHELTER, WOODSIDE PARK—DISTRIBUTION OF WELFARE FOODS:

The Acting Town Clerk reported to me on a letter received from the County Valuer stating that as from the 28th June, 1954, the County Council assumed responsibility in the distribution of welfare foods and in this connection they wished to use the above-mentioned premises as a distribution centre. Under an agreement with the Ministry of Works these premises were previously used as a Food Office at a rental of £10 per annum. As a matter of urgency the Borough Engineer and Surveyor had arranged for the County Council to occupy these premises as from the 28th June, 1954. I confirmed the action taken, and authorised the Acting Town Clerk to complete the necessary legal formalities with the Middlesex County Council for the use of the premises, at a rental of £10 per annum on the same terms and conditions as were enjoyed by the Ministry of Works.

11.-CHATWORTH CLOSE, N.W.4:

An application for the construction of a new road off Chatsworth Avenue to be known as Chatsworth Close has been approved by the Buildings and Town Planning Committee and the Borough Engineer and Surveyor reported to me that the developers, R. Amesbury Ltd., were prepared to enter into the standard form of agreement with the Council for the making up and taking over of the road. The firm wished to carry out the work before the coming winter and I instructed the Acting Town Clerk to complete an agreement with R. Amesbury Ltd., in a form to be approved by him, for the making up and taking over of the road in question.

12.-HENDON WAY-ROADSIDE SEAT:

At their meeting on the 12th July, 1954 (Hi.C., 14/6/54—44), the Council agreed that subject to the concurrence of the Middlesex County Council and the Minister of Transport, the Borough Engineer and Surveyor should be instructed to place a roadside seat in a suitable position near the 'bus stop on the north side of Hendon Way just inside the Borough boundary.

The Borough Engineer and Surveyor reported to me that the Middlesex County Council and the Minister raised no objection to the proposal, subject to the following conditions:—

- That the Council indemnify the Minister and the Middlesex County Council against any claims which may be received by reason of the seat.
- (2) That the Council agree to remove the seat if and when called upon to do so.
- (3) That the seat be maintained by the Council.

The second and third conditions have been applied in previous cases, but an indemnity has not hitherto been asked for. After considering the report of the Borough Engineer and Surveyor, however, I agreed that he should erect the seat on the conditions set out above, subject to the terms of the proposed indemnity being approved by the Acting Town Clerk.

13.—ABBEY VIEW, MARSH LANE, MILL HILL:

An application for the construction of a cul-de-sac off Marsh Lane to be known as Abbey View, has been approved by the Buildings and Town Planning Committee and the Borough Engineer and Surveyor reported to me that the developers, Bristow & Son Ltd. were prepared to enter into the standard form of agreement with the Council for the making up and taking over of the road. The firm wished to carry out the work before the coming winter and I instructed the Acting Town Clerk to complete an agreement with Bristow & Son Ltd. in a form to be approved by him for the making up and taking over of the road in question.

14.—UNILATERAL WAITING:

The London Traffic (Unilateral Waiting) Regulations, 1953, introduced unilateral waiting in a section of Brent Street, N.W.4, and prevented parking during certain hours on one side of the road, but permitted parking for periods not longer than 20 minutes on the other side.

The Acting Town Clerk reported to me that the Minister of Transport proposed to make certain amendments to the regulations, the only one of which affecting Hendon provided that the maximum waiting period on the side of the road where waiting is not entirely prohibited should be 30 minutes instead of 20 minutes. The Ministry had asked to be informed before 28th July whether the Council had any objection to the proposal. The Borough Engineer and Surveyor had no adverse comment to make in the matter and I instructed the Acting Town Clerk to inform the Ministry that the Council raised no objection to the proposal.

15.—PRIVATE STREET WORKS—FERNHURST GARDENS (PART):

The Borough Engineer and Surveyor submitted to me a schedule of tenders received for the surfacing of the section of Fernhurst Gardens, Edgware, at present being made up under the

16.—CHURCH FARM HOUSE, HENDON:

SA CHE MAN CONTROL OF THE CONTROL OF

(a) Water Supply.

The Borough Engineer and Surveyor reported to me that a section of the water main at Church Farm House which had been exposed was in very bad condition and it appeared advisable to open up and examine the whole length of 58 ft. The cost involved, including filling in and making good, was estimated at £20 and the cost of taking up and renewing the old main was estimated at an additional £27. Having considered the Borough Engineer and Surveyor's report, I authorised him to arrange for the examination of the whole pipe at an estimated cost of £20 and for the replacement of the pipe as may be necessary at an additional cost not exceeding £27.

(b) Forecourt.

The Borough Engineer and Surveyor reported to me that the works at Church Farm House were expected to be completed shortly and that it would be necessary to construct a path of York stone paving from the entrance gate to the main entrance, and generally to tidy up the ground between the front of the house and the forecourt wall. With the agreement of the Chairmen of the Estates, Parks and Allotments Committee and the Libraries Committee I gave authority for the work to be carried out, and approved a supplementary estimate of £90 to meet the additional expenditure involved.

17.—BRANCH LIBRARY, BURNT OAK:

I authorised the Borough Engineer and Surveyor to instruct the General Contractor to place an order as follows for work included in a prime cost item in the contract for the construction of the Branch Library at Burnt Oak, subject to no direct financial responsibility falling upon the Council:—

	Amount of Quotation.	Amount of P.C. Item.

The Ministry requested notification of representation to be made before the 7th August.

In view of the fact that the proceedings would apparently be of interest primarily to organisations of an agricultural character, I decided, with the concurrence of the Chairman of the Housing Committee, that this was not an occasion on which the Council should be officially represented, and instructed the Acting Town Clerk to reply accordingly.

REPORT OF THE JOINT (PUBLIC HEALTH AND GENERAL PURPOSES) SUB-COMMITTEE.

5th August, 1954.

COMMITTEE:

Public Health Committee Representatives:

Alderman S. R. C. Sumpter, F.B.A.A.,

*Councillor A. G. Brand, A.A.C.C.A.,
*Councillor A. V. Sully, M.C., J.P.,
F.C.A. (Deputy Mayor).

General Purposes Committee Representatives:

*Alderman A. A. Naar, M.B.E.,

*Councillor D. A. Davis.

* denotes Member present.

(1) CHAIRMAN:

RESOLVED—That Alderman Sheill be appointed Chairman of the Joint Sub-Committee.

(2) APPOINTMENT OF MEDICAL OFFICER OF HEALTH:

The Sub-Committee received the report of the Acting Town Clerk on discussions which took place at the Middlesex Guildhall on the 26th July, 1954, when a deputation consisting of His Worship the Mayor, the Deputy Mayor, the Medical Officer of Health and the Acting Town Clerk, representing the Borough Council, met the Chairman of the Health Committee of the County Council and County Council Officers.

The Chairman of the County Council's Health Committee had informed the deputation that the County Council were unlikely to agree to Hendon's suggestion for the appointment of a Medical Othicer of Health for the Borough whose services would be used by the County Council as Joint Area Medical Officer as hitherto. The Chairman went on to say that although the County Council's policy was to terminate, as soon as practicable, all joint appointments of this nature and that they would wish themselves to appoint a single Medical Officer of Health for Health Area No. 4 as soon as Dr. Adamson retired, he thought the County Council would be willing to consider using the services of an officer appointed by the Borough Council to the extent of such proportion of his time as might be agreed between the two authorities, but that such services would not be used by the County Council as Area Medical Officer but as an Assistant Medical Officer in a comparatively junior capacity within the Area.

After hearing the observations of the Acting Town Clerk and the Borough Treasurer, and considering the salary scales applicable to the posts of chief officers employed by the Borough Council, the Sub-Committee

RESOLVED—That, in view of the urgency of this matter, His Worship the Mayor be requested to waive the provisions of Standing Order 15 (b) to enable him to consider the following recommendations of the Joint Sub-Committee and to give directions thereon pursuant to the Recess Powers vested in him.

The Sub-Committee further

RESOLVED TO RECOMMEND to His Worship the Mayor-

- (1) That the Acting Town Clerk be instructed to seek the approval of the Middlesex County Council and the Minister of Health to the appointment of a Medical Officer of Health for the Borough in accordance with paragraph 3 of the Scheme made by the County Council under Section 111 of the Local Government Act, 1933, and with the following terms of appointment:—

 - (c) The officer appointed to be required to devote 30% of his time to the service of the Middlesex County Council in the capacity of Assistant Medical Officer with duties and responsibilities within the Borough of Hendon.
- (2) That the County Council be asked to agree to pay 30% of the officer's salary in addition to that proportion which they are required to pay under Section 109 of the Local Government Act, 1933.

Subsequently, the Housing Officer reported a communication from Messrs. W. Richards and Sons stating that in regard to their tender shown as Item 5 in the foregoing list they had unintentionally submitted incorrect prices in respect of three properties and asking for consideration of a revised tender figure. Their revised figure was substantially lower than any of the other tenders received for this group of houses, and I authorised, in consultation with the Chairman of the Housing Committee, acceptance of this firm's tender for this item in the revised sum of £464 9s. 0d., bringing the total figure for work placed with Messrs. W. Richards & Sons to £3,372 6s. 0d.

With the concurrence of the Chairman of the Housing Committee I instructed the Acting Town Clerk to complete the purchase of these properties on the terms indicated, subject to loan sanction being received.

(b) Loan Sanction.

The Acting Town Clerk reported to me that, in accordance with the Council's instructions (Hsg.C., 14/21.6.54—58), he had applied to the Minister of Housing and Local Government for sanction to the borrowing of £81,000 to cover the cost of the purchase of all the 34 requisitioned properties in respect of which negotiations had been authorised. The Ministry were unwilling to give an overall loan sanction, and requested that application be made for positive amounts at various stages during the course of negotiations.

In regard to the eight properties listed in paragraph (a) above, I have accordingly directed as follows:—

(1) That the Acting Town Clerk be instructed to make application to the Minister of Housing and Local Government for sanction to the borrowing for a period of 60 years of the sum of £15,200, made up as follows:—

In each case it was agreed with the vendors that the benefit of any claim for compensation for dilapidations under the Compensation (Defence) Act, 1939, would pass to the Council, and in the case of 61/63, Rushgrove Avenue, 84, Sunny Gardens Road and 142, Colin Gardens the benefit of any outstanding war damage claims would also pass to the Council.

With the concurrence of the Chairman of the Housing Committee I instructed the Acting Town Clerk to complete the purchase of these properties on the terms indicated, subject to loan sanction being received, and I instructed the Housing Officer to report to the Housing Committee in due course on the question of purchasing the freehold of No. 84, Sunny Gardens Road.

(d) Further Loan Sanction.

In accordance with the request of the Ministry of Housing and Local Government that application for loan sanction be made for positive amounts at various stages during the course of negotiations for purchase of requisitioned properties, I have directed as follows in regard to the six properties listed in paragraph (c) above:—

(1) That the Acting Town Clerk be instructed to apply to the Minister of Housing and Local Government for sanction to the borrowing for a period of 60 years of the sum of £11,600, made up as follows:—

47.-HOUSING SITE NO. 36-HIGHFIELD ROAD, GOLDERS GREEN:

The Borough Engineer and Surveyor submitted a schedule of 11 tenders received for the erection of 6 flats on the above-mentioned site. I instructed the Borough Engineer and Surveyor, subject to the quantity surveyor agreeing the list of basic rates and subject also to the approval of the Ministry of Housing and Local Government and to the firm entering into a contract in a form to be settled by the Acting Town Clerk, to accept the lowest tender received, namely, that of Messrs. C. B. King Ltd. in the sum of £12,071. I also gave the following instructions:—

(1) That the Acting Town Clerk apply to the Ministry of Housing and Local Government for sanction to the borrowing for a period of 60 years the sum of £13,040, made up as follows:—

The Borough Engineer and Surveyor submitted a schedule of 10 tenders received for the erection of two houses and two bungalows on the above-mentioned site. I instructed the Borough Engineer and Surveyor, subject to the quantity surveyors agreeing the list of basic rates, to the approval of the Ministry of Housing and Local Government and to the firm entering into a contract in a form to be settled by the Acting Town Clerk, to accept the lowest tender received, namely, that of Messrs. A. E. Lewis & Son in the sum of £6,217. I also gave the following instructions:—

49.—HOUSING SITE NO. 25—EDGWARE ROAD (HYDE COTTAGE), HENDON:

In connection with the clearance of the vacant land at the rear of Sheaveshill Court, the Borough Engineer and Surveyor reported that it had been found necessary in order to deal with considerable accumulations of sub-soil water to arrange for the construction of a sump and the installation of a small electric pump to discharge the water to a higher level and thence into the surface water system. The Borough Engineer and Surveyor reported that the work of constructing the pit could be carried out by Council employees, and I gave instructions for this to be done and for the acceptance of the quotation of the Bell Electrical Co. in the sum of £58 10s. 0d. for installing a suitable pump.

50.—FURNISHED HOUSES (RENT CONTROL) ACT, 1946—125, AUDLEY ROAD, HENDON, N.W.4:

The Acting Town Clerk reported to me that it had come to his notice that the owner of the above-mentioned premises had let the first floor flat in September, 1952, at an inclusive weekly rent of £3, and that it has since been occupied by the same tenant at that rent. On the 17th May, 1950, the rent for this flat was fixed by the Rent Tribunal at £2 5s. 0d. per week, and it is an offence under the Act for the owner to require or receive a rent in excess thereof. The Acting Town Clerk reported that he had written to the owner on the subject but her reply could not be regarded as satisfactory; I accordingly authorised the Acting Town Clerk to send a warning letter to the owner concerned and, if necessary, to institute legal proceedings on behalf of the Corporation acting as the Local Authority.

51.—HOUSING ACT, 1949—IMPROVEMENT GRANTS:

The Acting Town Clerk reported to me that he had communicated to the Minister of Housing and Local Government the Council's decision that "in view of the Minister's advice that the financial resources of applicants should not be investigated, the Council do not operate the scheme for improvement grants in its present form." In reply, one of the Assistant Secretaries had written to say that the Minister had asked him to discuss the matter with a deputation from the Council.

In consultation with the Chairman of the Housing Committee I considered it advisable for such a deputation to meet officers of the Ministry before the next meeting of the Housing Committee, and I accordingly instructed the Acting Town Clerk to arrange for the Chairman of the Housing Committee and the Chairman of the Finance Committee and the appropriate officers to discuss the matter with the Minister's Officers early in September.

52.—COLNEY HOUSING SOCIETY:

In connection with the Council's agreement, in principle, to grant mortgage facilities to the Colney Housing Society to enable them to erect houses in the Radlett—St. Albans area to rehouse employees of Handley Page Ltd. now living in Hendon, the Acting Town Clerk reported to me concerning a further meeting which had taken place between officers of the three authorities concerned, namely, Hendon and Willesden Borough Councils and St. Albans Rural District Council, and representatives of Handley Page Ltd. He stated that he understood the Housing Society had obtained tenders for the erection of houses of a traditional type instead of the "Mowlem Type" which had earlier been proposed. The Willesden Borough Council have agreed to advance up to 90% of the cost (repayable over 60 years) of erecting 50 traditional type houses. In consultation with the Chairman of the Housing Committee, I instructed the Acting Town Clerk to inform the Society that the Hendon Council agree to advance up to 90% of the cost (repayable over 60 years) of erecting 50 traditional type houses, subject to the following conditions:—

- (a) The approval of the Minister of Housing and Local Government of the whole scheme, including tenders, and approval for the purposes of payment of the Exchequer subsidies.
- (b) Specific approval by the Minister of the necessary loan by the Hendon Borough Council.

53.—F

(c) The participation of Willesden Borough Council and St. Albans Rural District Council each in respect of a similar number of houses on the same terms and conditions.

- (d) The approval of a detailed financial statement of costs when available, and approval of plans.
- (e) Appropriate representation on the Colney Housing Society.
- (f) The transfer to the Brickett Wood site of 50 employees of Handley Page Ltd. now living in the Borough of Hendon.
- (g) The approval by the Council of the necessary mortgage deed and agreement under the Housing Acts.

53.—FORMER TRANSPORT SUPERINTENDENT:

The Acting Town Clerk reported to me on certain irregularities which had come to light in connection with Mr. A. E. Stone, the former Transport Superintendent. After consultation with the Chairmen of the Works Committee, Finance Committee and the Special Committee of Inquiry and with a representative of the Police, I decided that Mr. Stone should be prosecuted in respect of the offences which appeared to have been committed.

The Acting Town Clerk later informed me that three charges were heard at Hendon Magistrates' Court on the 29th July, 1954. Mr. Stone pleaded guilty, asked for two further offences to be taken into consideration and was sentenced to four months' imprisonment.

54.—WAGES OF MANUAL WORKERS:

The Borough Treasurer submitted to me decisions of the National Joint Council for Local Authorities Services (Manual Workers) providing for a general increase of wages, a variation of differentials and certain changes in the classification of employees within the grades. The decision operated from 8th August, 1954, and the estimated cost of implementing it, after taking into account amounts recoverable from other authorities, is approximately £10,200 for a full year and £6,700 for the remainder of the current financial year.

I authorised the Borough Treasurer to implement the decision with effect from 8th August, 1954.

55.—HENDON URBAN DISTRICT COUNCIL ACT, 1929:

(a) Review of Allowance.

The Borough Treasurer reported to me on the allowances granted to Mr. F. White under the Hendon Urban District Council Act, 1929, and which was due for review on 1st August, 1954. He stated that Mr. White had recently been interviewed and that there did not appear to have been any material change in his circumstances, and I decided that the allowance granted to Mr. White should be continued, subject to review at the expiration of 12 months or earlier in the event of Mr. White's circumstances undergoing any material change.

(b) Application for Allowance.

The Borough Treasurer submitted to me an application from Mr. J. Rees, Street Orderly (Ref. 17/205) for an allowance under the Hendon Urban District Council Act, 1929. Mr. Rees was 71 years of age and had completed 12½ years' service on his 65th birthday, after which he continued to work at the request of the Borough Engineer and Surveyor. He has now found it necessary to retire on grounds of age and health. Mr. Rees satisfied the conditions as to age, period of service and date of retirement and after considering the circumstances of his case I decided that, with effect from 27th August, 1954, he be granted an allowance under the Hendon Urban District Council Act, 1929, of 9/9d. per week, and that the allowance be subject to review at the expiration of 12 months or earlier in the event of Mr. Rees' circumstances undergoing material change.

56.—SUPERANNUATION:

(a) Refund of Contributions.

I authorised the Borough Treasurer to refund Superannuation Contributions in Cases Nos. 564, 1972, 2041, 2072, 2074, 2250, 2272, 2317, 2341, 2360 and 2430. In one of the foregoing cases the widow of Mr. H. E. Hewes had been receiving payments on account pending her decision as to whether she desired a pension under the new Superannuation Regulations, or the return of her husband's Superannuation Contributions. She has now asked for the return of the contributions and the instalments already paid have been taken into account.

(b) Transfer Values.

I authorised the Borough Treasurer to deal with the transfer values in Cases Nos. 801, 2136, 2356, 2436, 2436 and 2438.

57.—COMPLETION OF SICK PAY:

The Borough Treasurer submitted to me particulars of three employees of the Council whose sick pay entitlement or any extension thereof had expired and I instructed the Chief Officers concerned to send letters terminating the employment of those employees, but stating, in two cases, that they would be given an opportunity of re-enagement if and when they become fit to return to work.

58.—OVERTIME:

S. C. R. G. G. L. B. C.

In accordance with the resolution of the Council (Est.C., 22/6/54—30) details were submitted to me by the Borough Treasurer of overtime worked during the months of June and July in the various Departments on the authority of the Chief Officers and I approved payment in respect of such overtime.

59.—LOAN B.81—£10,000:

The Borough Treasurer reported to me that, in accordance with the Council's instructions (Fin.C., 14/29.6.54—28 (f)), he had sought renewal of this loan which fell due for repayment on the 28th August. The lenders had offered to renew the loan for a period of 7 years at £3 15s. 0d. per centum per annum, and I instructed the Borough Treasurer to accept this offer.

60.—TITHE REDEMPTION ANNUITIES—LAND AT CLAY FARM, EDGWARE:

The Borough Treasurer reported to me that on completion of the purchase of the above-mentioned land the Council became liable for the payment of a Tithe Redemption Annuity of £3 18s. 3d. per annum for 42 years. The capital sum required to redeem such annuity at 1st September, 1954, was £81 13s. 7d. and in accordance with the Council's usual practice I instructed the Borough Treasurer to pay this amount to the Tithe Redemption Commission, the expenditure to be charged to Capital Reserve Fund, such Fund to be credited with an appropriate notional loan charge for a period of 42 years.

TRANSPORT SECTION:

The Committee received the following report of Sub-Committee No. 1, which was appointed to investigate the Transport Section of the Depot:—

REPORT OF SUB-COMMITTEE NO. 1 OF THE SPECIAL COMMITTEE OF INQUIRY.

1st February and 22nd July, 1954.

SUB-COMMITTEE:

*Councillor L. A. Hills (Chairman).

*Alderman J. H. Rodway, J.P.

*Councillor R. T. Reed.

* denotes Member present on both dates.

(a) APPOINTMENT OF CHAIRMAN:

Councillor Hills was appointed Chairman of the Sub-Committee.

(b) TERMS OF REFERENCE:

The Sub-Committee were appointed by the Special Committee of Inquiry to investigate the Transport Section of the Depots.

(c) TRANSPORT SECTION:

At their first meeting the Sub-Committee received a memorandum from their Chairman on the present system for the operation of Hendon Way Depot and some details of a proposed new system. The memorandum was accompanied by a report which had been prepared at the Chairman's request by a Consulting Engineer, setting out a suggested scheme of re-organisation providing for control from a central building which would incorporate stores, an administrative office and a centralised telephone system. The scheme also provided for a transport garage, and it necessitated acquiring from the Middlesex County Council the former Civil Defence building for incorporation in the redesigning of the depot. Previous applications for the acquisition of this building had not been successful.

The cost of the scheme was estimated at approximately £70,000 compared with £110,000 for a scheme of a similar nature which had previously been under discussion and for which provision had been made in the Budgetary Control Programme.

The Sub-Committee instructed the Acting Town Clerk to ascertain from the Middlesex County Council whether the Civil Defence building could be transferred to the Borough Council, and from the Ministry of Housing and Local Government whether approval could be given to expenditure in the region of £70,000 on the proposed re-organisation scheme.

The Acting Town Clerk reported at the Sub-Committee's second meeting that the Middlesex County Council had intimated that the Civil Defence building could be transferred to the Borough Council on the understanding that suitable arrangements would be made for its release for Civil Defence purposes in the event of an emergency. This was reported to the Works Committee at their meeting on the 21st June, 1954, and on the recommendation of the Works Committee the Council have decided to purchase the building for the sum of £3,710, as recommended by the District Valuer, on the understanding as to its release mentioned above. The Sub-Committee's proposals have been investigated by the Ministry of Housing and Local Government (whose Inspector visited the Depot and examined a further scheme prepared by the Borough Engineer and Surveyor). As a result, the Ministry have indicated that the Council's proposals are approved in principle and the Minister wishes to be furnished in due course with a copy of the Council's resolution to apply for a loan, a revised estimate based on a tender and a statement of the estimated annual charges involved.

The Sub-Committee examined the further scheme prepared by the Borough Engineer and Surveyor and submitted to the Ministry's Inspector and were of opinion that it should be approved. They felt that the further details of the Borough Engineer and Surveyor's scheme should be considered by the Special Committee of Inquiry, and, if necessary, referred to Sub-Committee No. 3 which is to investigate general administration. They have, therefore, instructed the Borough Engineer and Surveyor to submit to the main Committee a detailed lay-out for the administration of the Depot on the basis of this scheme.

In connection with the preparation of the Scheme the Borough Engineer and Surveyor was of opinion that it was unnecessary to employ outside Consulting Engineers and that the work could be carried out in his Department.

RECOMMEND-

- (1) That the Scheme now submitted by the Borough Engineer and Surveyor and estimated to cost approximately £70,000 be approved in principle and that the Council be recommended to refer it to the Works Committee with a view to tenders being invited and an application for loan sanction being submitted to the Minister of Housing and Local Government at the appropriate time.
- (2) That no outside Consulting Engineer be appointed in connection with the preparation of this Scheme.

The Sub-Committee have also instructed the Borough Engineer and Surveyor to submit a report to the Main Committee of Inquiry, giving details of the mileage and use of Corporation vehicles for each Department, and a statement as to whether the proposed buildings will house the present fleet of the Council.

(d) STAFF MATTERS:

The Sub-Committee have given consideration to certain staff matters in the light of the resignation of the former Transport Superintendent, and feel that further consideration should now be given to the case of the two fitters in the Transport Section previously dealt with in the report of Sub-Committee No. 4.

The Sub-Committee have, therefore, instructed the Borough Engineer and Surveyor to submit at the next meeting of the Main Committee a report on the work of the two fitters in question.

In connection with certain investigations that were being carried out by the Police concerning the former Transport Superintendent, the Acting Town Clerk reported the latest position on this matter, to the Committee. Alderman Rodway also submitted certain information and the Sub-Committee instructed the Acting Town Clerk to arrange for this information to be investigated.

fest.

(e) FURTHER MEETINGS OF SUB-COMMITTEE:

The Sub-Committee were of opinion that consideration of the further details of the proposed Scheme were so interconnected with the work of other Sub-Committees of the Special Committee of Inquiry that it would be best for these details to be considered by the Main Committee of Inquiry. They did not, therefore, propose to hold any further meetings, and accordingly

RECOMMEND—That all future matters connected with the Transport Section be dealt with by the Main Committee of Inquiry.

In connection with Item (c) of the report, the Borough Engineer and Surveyor submitted a detailed lay-out for the administration of the depot on the basis of the scheme put forward by the Sub-Committee, and also gave details of the mileage and use of Corporation vehicles for each Department. He reported that the floor area of the proposed transport garage would be sufficient to house the whole of the Council's transport and plant.

In connection with Item (d) of the report, the Borough Engineer and Surveyor submitted a report on the work of the two fitters whose case had previously been dealt with in the report of the Sub-Committee No. 4. The Council decided at their meeting on 21st December, 1953, that no further action should be taken in connection with the dismissal of the fitters in question at the present time. The Borough Engineer and Surveyor's report indicated that he was fully satisfied with the work of the two fitters.

The Town Clerk reported the latest position of the investigations being carried out by the Company Fraud Department of New Scotland Yard with regard to the former Transport Superintendent and the Committee were informed of the results of the investigation of the facts reported by Alderman Rodway to the Sub-Committee.

After full consideration, the Committee

RESOLVED TO RECOMMEND-

- (1) That the foregoing report be approved and adopted.
- (2) That the report of the Borough Engineer and Surveyor with regard to the work of the fitters referred to in Item (d) be approved and adopted.
- (3) That the matters in the Borough Engineer and Surveyor's report relating to the staffing of the depot be referred to Sub-Committee No. 3 (General Administration) with a view to that Sub-Committee considering the whole of the staffing arrangements for the Hendon Way Depot in its altered form.
- (4) That the Committee express their thanks to Councillor Hills (Chairman), Alderman Rodway and Councillor Reed for the manner in which the Transport Sub-Committee have carried out the investigation of the Transport Section and for the helpful nature of their report.

After discussion, the amendment was declared lost, there voting: For 7; Against 17.

1.—RECESS REPORT OF CHAIRMAN:

RESOLVED--That the following Report be received:-

RECESS REPORT—PERIOD 23rd JUNE TO 16th SEPTEMBER, 1954.

To the MEMBERS of the HENDON EDUCATION COMMITTEE.

Ladies and Gentlemen,

The following matters have been dealt with during the time the Committee has been in Recess.

(1) WHITEFIELD SECONDARY MODERN SCHOOL—DATE OF OPENING:

In consultation with the Borough Education Officer and the Headmaster, I decided, because of the unfinished condition of the Whitefield School building, to defer the opening until the 27th September, 1954, by which date the builders were confident that full occupation would be possible. I also approved a proposal of the Borough Education Officer to notify all the parents concerned and to inform them that, should there be special circumstances which made it difficult

for them to arrange for their children to remain out of school for this additional period, instruction would be provided in temporary classes to be set up, if necessary, at the Bell Lane and/or Childs Hill Schools.

(2) ORANGE HILL GRAMMAR SCHOOLS-ADDITIONAL ACCOMMODATION:

The Borough Education Officer drew my attention to the increasing difficulties arising in connection with the extension of the sixth form work at the above-named school owing to the limited accommodation. The two Head Teachers concerned had asked whether it would be possible to hire additional classroom accommodation and it was reported to me that the Management Committee of the Watling Community Association were prepared to let the library at the Community Centre for the use of the Boys' Department of the Orange Hill School and possibly the use of one other room for the Girls' Department. The Secretary of the Association intimated that he was of the opinion that his Committee would accept a rental of 15/- a day for the full use of the library and that accommodation in any other room might be rented on the basis of 3/- per hour of use.

Having regard to the urgent need for this additional accommodation, I authorised the Borough Education Officer to seek the approval of the Middlesex County Council to such additional expenditure as would permit the accommodation to be occupied as from the commencement of the Autumn Term, 1954.

(3) ABBOTS ROAD KITCHEN-MAJOR REPAIR:

I approved the acceptance of the lowest of five tenders received, namely, that of Messrs. T. & H. Collard Ltd., for carrying out the work of underpinning the Abbots Road Kitchen at a cost of £882, such acceptance being subject to the execution of a contract in a form to be approved by the Town Clerk.

A sum of £900 is provided in the current year's estimates for carrying out this major repair.

(4) MINOR CAPITAL WORKS PROGRAMME, 1954/55:

I have taken the following action in connection with items in the minor capital works programme for the current financial year which have already been approved in principle by the Hendon Divisional Executive and the Middlesex County Council:—

(a) Approved the acceptance of the tenders detailed below and authorised the transmission to the Middlesex County Council of the schemes and specifications relating thereto, together with a recommendation that authority be given for the works to be put in hand forthwith:—

Burnt Oak School:		£	S.	a.

Barnfield School: Improvements to latrines (Snr., Jnr. and Inf.)	Messrs. Morris Bros. Ltd.	 330	0	0

(b) Approved the proposal of the Borough Engineer and Surveyor for carrying out, by direct labour, the extension of the men's lavatory accommodation at the Hendon County School at a cost not exceeding £200, and authorised the transmission to the Middlesex County Council of the detailed scheme, together with a recommendation that authority be given for the work to be put in hand forthwith.

(5) BELL LANE JUNIOR SCHOOL-APPOINTMENT OF HEADMASTER:

I approved, on behalf of the Education Committee, the following report of the Appointments Sub-Committee relating to meetings held on the 14th and 21st July, 1954:—

*†Alderman S. R. C. Sumpter, F.B.A.A. (Chairman).

APPOINTMENT OF HEAD TEACHER-BELL LANE JUNIOR SCHOOL:

The Sub-Committee considered 32 applications for the post of Head Teacher of the Bell Lane Junior School and interviewed the following selected candidates on 21st July, 1954:—

Mr. W. Bounsall,

Mr. J. W. Stewart,

Mr. W. J. Hughes,

Mr. O. White,

Mr. L. H. Kew,

Mr. K. E. N. Whitehall.

RESOLVED TO RECOMMEND—That Mr. L. H. Kew be appointed Head Teacher of the Bell Lane Junior School as from 1st September, 1954, subject to the County Council's conditions of employment of full-time established teachers in Primary and Secondary Schools, the salary attached to the appointment being in accordance with the Remuneration of Teachers' Orders made under Section 89 (1) of the Education Act, 1944, and with any relevant decisions of the Minister of Education.

(6) HENDON COUNTY SCHOOL—ERECTION OF KITCHEN/DINING ROOM:

Letters were received from the Chief Education Officer forwarding plans of the Kitchen/Dining Room it is proposed to erect at the Hendon County School and stating that the total estimated cost would be £12,190.

The Chief Education Officer indicated that he would be glad to know whether the suggested layout would meet with the approval of the Divisional Executive.

The plans were submitted to the Borough Engineer and Surveyor and, upon examination, he made a number of suggestions of a technical nature. I accordingly instructed the Borough Education Officer to ask the County Architect to be good enough to indicate whether he was prepared to meet the points raised by the Borough Engineer and Surveyor or to discuss them further.

The County Architect's observations were duly received and were considered satisfactory except in one respect, namely, the hot water system. I, therefore, instructed the Borough Education Officer to communicate again with the County Architect emphasising the suggestion made by the Hendon Borough Engineer and Surveyor that very careful consideration should be given as to whether it would be preferable to utilise, and if necessary extend, the existing school hot water system instead of installing a completely new and separate system for the Kitchen/Dining Room as provided for in the plans submitted.

(7) WESSEX GARDENS INFANTS' SCHOOL-CATCHMENT AREA:

It was reported to me that the Headmistress of the Wessex Gardens Infants' School had inadvertently admitted to her school a child who did not reside within the catchment area defined by the Education Committee. The error was pointed out to the father but, as an older daughter, who was admitted before the present catchment area was defined, was already attending the Junior School, he stated that he was not prepared to withdraw his child from attendance.

A P

Having regard to all the circumstances and to the decision of the Minister of Education in a similar case which occurred recently in another area, I decided to allow an exception to be made and to permit the boy in question to remain on the roll of the Wessex Gardens Infants' School.

(8) SCHOOL MAINTENANCE—FLOOR RENOVATIONS:

I authorised the Borough Engineer and Surveyor to hire a sanding machine from Messrs. Floor Renovations Ltd. at a charge of £15 per month, plus a deposit of £25, to enable work in the schools to be carried out economically and expeditiously during the summer holidays, 1954.

(9) EDGWARE EVENING INSTITUTE—SALARY OF RESPONSIBLE TEACHER:

I received an application from Mr. L. J. Rubin, B.Sc., Responsible Teacher of the Edgware Evening Institute, for approval to the payment of salary to him for 5 evenings per week during the Summer Term, 1954. Payment to Responsible Teachers is made in accordance with the Middlesex County Council's scales for such appointments and is normally made for each evening on which 3 or more two-hour classes are in attendance. Classes were held at the Edgware Evening Institute on 5 evenings per week during the Summer Term, but the number of classes on Friday evenings was only two. As, however, there were 39 classes in session during the week, I authorised payment of salary to Mr. Rubin for 5 evenings per week, subject to the proviso that if either of the classes held on Fridays should be closed, payment would then be made for four evenings per week only.

(10) PLAY FACILITIES FOR SCHOOL CHILDREN—MIDSUMMER HOLIDAYS, 1954:

Financial provision having been made in the current year's estimates of the Hendon Divisional Executive, I approved the appointment of the following to supervise at the schools mentioned play facilities for children during the Midsummer Holidays, 1954, beginning on Monday, 26th July and, subject to the attendance of the children justifying it, continuing until Saturday, 4th September, 1954, the appointment in each case to be in accordance with the Middlesex County Council's appropriate scale of wages:—

Colindale School Playing Field Mr. W. Davies.

Deansbrook School Playing Field Mr. W. J. Hardy.

(11) SCHOOL DECORATIONS, 1954/55:

In connection with the acceptance of the tenders of Messrs. Decra Ltd. for the external redecoration of the Burnt Oak, Brent Modern and Bell Lane Schools, as reported at the meeting of the Education Committee on the 8th June, 1954, I received a report from the Borough Engineer and Surveyor stating that Messrs. Decra Ltd. had intimated that, because of their other commitments, they could not undertake the work at the schools during the mid-summer holidays. The Borough Engineer and Surveyor was of the opinion that the re-decoration of the Bell Lane and Burnt Oak Schools could be carried out during September with little or no inconvenience to the staff and children. He considered, however, that it was very desirable to make a substantial start with the work at the Brent Secondary Modern School during the summer holidays. The tender submitted by Decra Ltd. amounted to £522 and the next lowest, submitted by Messrs. W. Richards & Sons Ltd. amounted to £645. The Borough Engineer and Surveyor was of the opinion that the work could be carried out by direct labour for the sum of £445 and it could be started during the mid-summer holidays.

I accordingly agreed to the deferment until September of the external decoration of the Bell Lane and Burnt Oak Schools and authorised the Borough Engineer and Surveyor to carry out forthwith, by means of direct labour, the external decoration of the Brent Secondary School at a cost not exceeding £445.

(12) REQUISITIONS:

I approved the following requisitions submitted by the Borough Education Officer, financial provision for which has been made in the current year's estimates:—

(a) EDUCATION BUDGET, 1955/56:

The Borough Treasurer reported that, consequent upon the request of the Middlesex County Council for the submission to them by the beginning of October, 1954, of details of the Hendon Divisional Executive's estimated expenditure for 1955/56 on furniture, apparatus and equipment for primary schools, it was necessary to seek the early approval of the Sub-Committee to the recommended expenditure relating to this particular part of the Education Budget. The Borough Treasurer submitted details of the proposals for the consideration of the Sub-Committee, and it was

RESOLVED TO RECOMMEND—That approval be given to the inclusion in the Education Estimates 1955/56 of a sum of £6,675 (Revenue) and £770 (Capital) to meet the cost of the items relating to primary school furniture, apparatus and equipment as set out in the Borough Treasurer's report to this Sub-Committee dated 2nd September, 1954.

(b) GENERAL INSPECTION OF PRIMARY SCHOOLS:

In connection with the Colindale School Report, the Borough Education Officer suggested that, as it is unlikely that a second primary school will be built on this site for many years, the Committee should consider the question of providing additional accommodation in the form of a semi-permanent building. The most satisfactory building would be a unit comprising a kitchen with two classrooms attached which could be used as dining rooms. Such a building would, in addition to providing useful class space, also enable meals to be prepared at the school and thus avoid drawing on a central kitchen, the use of which it is hoped can be discontinued in the near future.

The Managers of the St. Vincent's R.C. School stated that the Orphanage playing field would be levelled and made fit for the use of the Primary School pupils, subject to the payment by the Middlesex County Council of a charge for the part-time hire of the field.

RESOLVED TO RECOMMEND—

- (i) That the Works and Buildings Sub-Committee be asked to give consideration to the provision of a kitchen and two-classroom building at Colindale Primary School.
- (ii) That the Borough Education Officer inform the Managers and Chief Education Officer that the Hendon Divisional Executive wish to accept the offer of part-time use of the St. Vincent's Orphanage playing field for pupils of the St. Vincent's Primary School and that the Middlesex County Council be requested to pay a suitable charge for the facilities afforded.
- (iii) That the reports and observations be noted and that the Borough Education Officer be instructed to compliment the Flead Teachers and Staffs concerned on the satisfactory reports of H.M. Inspectors.

(c) EDUCATIONAL BUILDING PROGRAMME, 1955/56:

With reference to Item 9 in the Report of the Education Committee dated 16/2/54, the Borough Education Officer stated that he had been advised by the Chief Education Officer that the proposal to replace the Garden Suburb School had been included in the draft Reserve List submitted to the Ministry of Education but that the Ministry, whilst appreciating the unsatisfactory conditions at this school, regretted that having regard to the provisions of Circular 245, they were unable to include the project in a Major Building Programme at the present time.

RESOLVED TO RECOMMEND—That the Borough Education Officer be instructed to make representations to the Middlesex County Council in order to obtain the inclusion of the Garden Surburb School in the Educational Building Programme for 1956/57.

(d) SUNNYFIELDS AND WESSEX GARDENS SCHOOL CATCHMENT AREAS:

The Sub-Committee considered two applications from parents of children residing outside the catchment areas of Sunnyfields and Wessex Gardens Schools. (Details of the applications are contained in the Sub-Committee's Minute Book.)

RESOLVED, as a matter of urgency-

- (i) That consideration of the application in respect of R.S. (Case No. 11) be deferred pending submission of further information by the parents.
- (ii) That M.K. (Case No. 12) be not admitted to Wessex Gardens School.

RESOLVED TO RECOMMEND—That the action taken be confirmed.

(e) REQUISITIONS:

Requisition Sheet P.84 amounting to £3,152 11s. 5d. was submitted and approved.

RESOLVED—That Items (b), (d) and (e), contained in the Report of the Primary Education Sub-Committee, be approved and adopted.

RESOLVED TO RECOMMEND—That the recommendations of the Primary Education Sub-Committee, contained in Items (a) and (c) of the Report, be approved and adopted.

In accordance with the wishes expressed by members of the Visiting Sub-Committees, the Borough Engineer and Surveyor submitted a report on the problem created by the vulnerability to frost action of external lavatories which are of open construction. The Borough Engineer and Surveyor indicated that extremely heavy expenditure would be necessary to make these conveniences proof against frost. He suggested, however, certain additional precautionary measures which could be taken by Schoolkeepers.

(i) SCHOOL HEATING-AUTOMATIC STOKING UNITS:

In accordance with the instruction of this Sub-Committee at the last meeting, the Borough Engineer and Surveyor submitted a report on the practicability of re-installing the automatic stoking units which were in operation in five schools before the War. The report stated that only one of these units, that at Frith Manor School, was still complete and suitable for re-installation. There were eight other boilers which could be fitted with automatic stokers if it was considered an economical proposition having regard to the possible difficulty of ensuring an adequate supply of more expensive fuel to enable the apparatus to work efficiently. As the estimated cost of providing and fitting such apparatus would be £220 per boiler the Sub-Committee gave consideration to alternative methods of heating.

RESOLVED—That the Borough Engineer and Surveyor be instructed to submit to this Sub-Committee at the next meeting a report on the estimated cost of converting the existing coke boilers in the Hendon verandah type schools to oil firing boilers, together with particulars showing comparative running costs.

(j) GOLDBEATERS SECONDARY SCHOOL - EXTENSION OF STORE:

The Borough Engineer and Surveyor reported that it had been found, upon further examination, that the proposal to enlarge the store in the roof at Goldbeaters Secondary School could not be carried out at a cost of £34 as provided in the current year's estimates. The County Council Officers had given the following assurances:-

(b) NAMING OF NEW SECONDARY MODERN SCHOOL:

In accordance with paragraph c (ii) of the report of this Sub-Committee dated 8th June, 1954, further consideration was given to the naming of the new Secondary School to be erected at Spur Road, Edgware.

RESOLVED TO RECOMMEND-That the new Secondary School to be erected at Spur Road, Edgware, be known as the Edgware Secondary School.

(c) ST. JAMES' R.C. SECONDARY SCHOOL—RECOGNISED ACCOMMODATION:

A letter was submitted from the Chief Education Officer intimating that in response to the Hendon Divisional Executive's recommendation in March last that the recognised accommodation of the St. James' R.C. Secondary School should be raised from 800 to 900, the Middlesex County Council had decided to agree to such an increase as from 1st September, 1954, on the understanding that it will be of a temporary nature and subject to review as soon as it has been possible to hold a meeting of interested persons for the purpose of defining policy in relation to the future of the school. Noted.

(d) EDUCATIONAL BUILDING PROGRAMME, 1955/56:

A letter was submitted from the Chief Education Officer giving details of the programme of school building adopted by the Middlesex County Council for the year 1955/56. noted that, notwithstanding the strong recommendations made by the Hendon Divisional Executive for the inclusion in the programme of the proposed new St. Mary's C.E. Secondary School, such school was not one of those placed in the list finally adopted by the County Council nor was there any indication that it was intended to include it in the Reserve List for 1956/57.

RESOLVED TO RECOMMEND—

- (i) That the Borough Education Officer be instructed to communicate with the Chief Education Officer (1) urging the Middlesex County Council to include the provision of a new St. Mary's C.E. Secondary Modern School in Central Hendon in the County Council's School Building Programme for 1956/57; (2) stating that in the event of the Middlesex County Council not acceding to the request contained in (1) the Hendon Divisional Executive desire the County Council to receive a deputation for the purpose of discussing the matter, and (3) requesting the Middlesex County Council to complete the purchase of the site in Central Hendon and to keep it in reasonable condition or, alternatively, release it for other development.
- (ii) That the Chairman of this Sub-Committee and Councillor A. V. Sully be appointed to constitute the deputation referred to under (2) above.

(e) ORANGE HILL COUNTY SCHOOL—PROPOSED EXTENSIONS:

The Borough Education Officer and the Borough Engineer and Surveyor submitted a joint report on the general problem of the insufficiency of teaching spaces in the Boy's and Girls' Departments of the Orange Hill County School. The report indicated that consultations with the Head Teachers concerned had led to the conclusion that a combination of sixth form classes, as tentatively considered by the Sub-Committee in March, 1954, would not in itself provide a complete answer to the problem. It had become evident that alterations and extensions to the existing buildings would be the only satisfactory way of meeting the School's growing needs. The report set out detailed suggestions for carrying out such improvements and stated that the total estimated cost would amount to £40,700.

RESOLVED TO RECOMMEND-That the Borough Education Officer be instructed to communicate with the Chief Education Officer requesting the Middlesex County Council (1) to include in their School Building Programme at the earliest possible date provision for the extensions to the Orange Hill Boys' and Girls' County Schools at an

(d) SCHOOL TERMS AND HOLIDAYS, 1954/55:

1.-HOUSING REPAIRS AND RENTS ACT, 1954:

The Acting Town Clerk submitted a report on this Act and on Ministry of Housing and Local Government Circulars Nos. 53/54 and 55/54. The Committee

RESOLVED TO RECOMMEND-

- (1) That a charge of 1s. 0d. be made to applicants for certificates of disrepair issued under Part II of the Act and for the revocation thereof.
- (2) That the Medical Officer of Health be instructed to maintain a register of applications for certificates of disrepair and of revocations thereof.
- (3) That the preliminary survey of the Borough referred to in Item 7 of the Report of the Committee dated the 14th June, 1954, be conducted as a survey in accordance with the provisions of the Act and that the Town Clerk be instructed to furnish, in due course to the Minister of Housing and Local Government, a report thereon in the manner prescribed in Circular No. 55/54.

2.-102, GRANVILLE ROAD, N.W.2:

At their meeting on the 14th June, 1954, the Committee received a report from the Medical Officer of Health concerning the condition of this property and, being satisfied that it was unfit for human habitation, decided to commence the procedure for making a Demolition Order under Section 11 of the Housing Act, 1936.

The Acting Town Clerk reported that notices had accordingly been served on the persons having control of the property and that the owner had notified his intention to submit an offer to carry out certain works.

The Owner's representative was admitted to the meeting and submitted a list of works which he stated that the Owner was willing to undertake to carry out within six months. The Committee, being satisfied that the proposed works would render the house fit for human habitation,

RESOLVED TO RECOMMEND—That the Owner's undertaking to carry out, within six months, the works of repair listed in the Schedule submitted by him be accepted pursuant to Sub-Section (3) of Section 11 of the Housing Act, 1936.

3.-104, GRANVILLE ROAD, N.W.2-PROPOSED CLOSING ORDER:

At their meeting on the 14th June, 1954, the Committee received a report from the Medical Officer of Health concerning the condition of this property and, being satisfied that it was unfit

Y

for human habitation and was not capable at reasonable expense of being rendered so fit, decided to commence the procedure for the making of a Closing Order under Section 11 of the Housing Act, 1936, as amended by the Local Government (Miscellaneous Provisions) Act, 1953.

The Acting Town Clerk reported that notices had accordingly been served on the persons having control of the property stating that the Committee would, at their meeting on the 13th September, 1954, consider its condition and any offer of which notice had been duly given with respect to the carrying out of any works to the property or its future use. No such offer had, however, been made.

RESOLVED TO RECOMMEND-

(1) That pursuant to Section 11 of the Housing Act, 1936, as amended by the Local Government (Miscellaneous Provisions) Act, 1953, a Closing Order be made by the Council in respect of Number 104, Granville Road, N.W.2.

OR

Offi

or

(2) That the Acting Town Clerk be instructed to serve a copy of such Order upon every person upon whom the Notice under Section 11 of the Housing Act, 1936 (as amended) has been served in relation to the property.

4.-96, 98, AND 100, GRANVILLE ROAD, N.W.2:

At their meeting on the 14th June, 1954, the Committee received a report from the Medical Officer of Health concerning the condition of these premises and, being satisfied that they were unfit for human habitation and were not capable at reasonable expense of being rendered so fit, decided to commence the procedure for making Demolition Orders under Section 11 of the Housing Act, 1936.

The Acting Town Clerk reported that notices had accordingly been served on the persons having control of the premises stating that the Committee would, at their meeting on the 13th September, 1954, consider their condition and any offer of which notice had been duly given with respect to the carrying out of any works to the premises or the future use thereof.

No such offer had been made and the Surveyors acting for the freeholders had written stating that the freeholders had no objection to the making of a Demolition or Closing Order in respect of the houses but offering to sell the freehold sites to the Council on certain conditions.

After hearing the Officers' further reports the Committee considered it inexpedient to make Demolition Orders in view of the effect that the demolition of each house might have upon other buildings.

The Acting Town Clerk reminded the Committee that the Minister had stated in Circular 55/54 that he would not approve the exercise of the new powers to acquire unfit houses for temporary accommodation unless the slum problem of the local authority in question was so large that it could not be solved within five years.

RESOLVED TO RECOMMEND-

- (1) That the Council do not exercise their power under Section 3 of the Housing Repairs and Rents Act, 1954, to purchase any of the houses in lieu of making a Demolition or Closing Order.
- (2) That pursuant to Section 11 of the Housing Act, 1936, as amended by the Local Government (Miscellaneous Provisions) Act, 1953, a Closing Order be made by the Council in respect of Numbers 96, 98 and 100, Granville Road, N.W.2.
- (3) That the Town Clerk be instructed to serve a copy of such Order upon every person on whom a Notice under Section 11 of the Housing Act, 1936, has been served in relation to the premises.

2.—PROPOSED VICTORIA HISTORY OF MIDDLESEX:

In connection with the Council's decision to support, subject to the subsequent approval of the cost involved, the proposal of the Middlesex Local History Council concerning the promotion of the writing of the Victoria History of Middlesex, the Acting Town Clerk reported on the proceedings of a meeting held at the Middlesex Guildhall on the 12th July between representatives of the Borough and Urban District Councils in Middlesex and of the Local History Council.

The Council were asked if they would agree to a proposal put forward at the meeting and make a payment, for each of five consecutive years, towards the editorial expenses in connection with the preparation of the Victoria History of Middlesex, of a sum of £203, which was based on £10 per £100,000 of the rateable value of the Borough. The sum provided by local authorities in this way would, however, represent only a small part of the total expenditure to be incurred in producing the Middlesex volumes of the Local History, as the University of London would bear the expense of the General Editor's salary and office accommodation, and the cost of printing, advertising, publishing and distributing the volumes.

RESOLVED TO RECOMMEND—That, subject to the consent of the Minister of Housing and Local Government, the Council agree to make a payment of a sum of £203 for each of five consecutive years towards the editorial expenses in connection with the preparation of the Victoria History of Middlesex, and that the appropriate officers be instructed to make provision for the expenditure in the Draft Rate Estimates commencing with the year 1955/56.

Other residents, and non-resident employers or employees working in Hendon who are not Local Government Electors, may become borrowers on signing the necessary application form and furnishing a guarantee from any Local Government Elector whose liability shall not exceed the sum of two pounds. Persons attending an Educational Institution in the Borough may also become borrowers on the recommendation of the Principal or Head Teacher, but such recommendation shall not carry with it any liability.
- 6 (d) Persons other than those qualified under (a) and (b) above, if they are Local Government Electors, may borrow books upon their own responsibility on paying an annual subscription of fifteen shillings. Persons who are not Local Government Electors must obtain a guarantee from a Local Government Elector (or in lieu of this guarantee pay a deposit of one pound).

13.—CHURCH FARM HOUSE:

(a) Caretaker.

The Chief Librarian reminded the Committee that it would be necessary in due course to appoint a caretaker for the Church Farm Museum. It would not be possible to provide accommodation for the caretaker in the building, and he suggested that provision should be made for a caretaker to be accommodated in adjoining property at present appropriated for open space purposes and let to Council tenants.

STREET TRADING.

2.—EDGWARE TUBE STATION:

As instructed at the last meeting, the Acting Town Clerk submitted a report on the sale of newspapers outside Edgware Tube Station from which it appeared that a number of newsvendors were trading in circumstances which made it necessary for them to be licensed under Part IX of the Middlesex County Council Act, 1944. He reported that applications had been received from (a) The Alert Circularising Co. Ltd., who wished to sell from news bags only on Sundays from 8.0 a.m. to 4.0 p.m.; (b) Mr. E. G. Bush, who wished to sell from a box approximately 36 ins. long, 18 ins. high and 12 ins. wide from 10.0 a.m. to 9.30 p.m. daily from Mondays to Saturdays; and (c) Mr. F. Griffiths, who wished to sell from news bags only daily from Monday to Saturday.

The Committee noted the report, and

RESOLVED-

- (1) That the applications of The Alert Circularising Co. Ltd., Mr. E. G. Bush and Mr. F. Griffiths be approved, and that the Acting Town Clerk be instructed to issue licences accordingly.
- (2) That the Acting Town Clerk be instructed to draw the attention of the remaining unlicensed newsvendors trading in the vicinity of Edgware Station to the fact that they should obtain street trading licences under Part IX of the Middlesex County Council Act, 1944.

3.—CRICKLEWOOD BROADWAY:

The Acting Town Clerk referred to the discussion at the last meeting of the Committee and stated that the Street Trading Inspector had visited Cricklewood Broadway to investigate possible street trading offences by newsvendors, but had ascertained that those vendors trading in the vicinity were not trading in circumstances requiring them to hold street trading licences. Noted.

4.—CHARGES FOR REMOVAL OF REFUSE AND OTHER SERVICES:

The Acting Town Clerk reported that the byclaw prescribing charges for the removal of refuse or other services had been confirmed by the Secretary of State and that the 15 street traders using stalls or barrows were notified that the charges would be effective from 31st May, 1954.

He submitted a letter from Mr. A. J. Caen stating that no refuse was caused by his trading and that he did not trade every day and asking that further consideration should be given to his case. Mr. Caen had been informed that the charge was related to his licence which permitted trading on five or more days in each week, but could be reduced if the number of permitted trading days were reduced.

The Acting Town Clerk also reported that an application had been received for a remission of charges in one case in respect of a period of two weeks during which the stall was closed down and the trader away on holiday. He sought the Committee's instructions as to any remission of charges in cases of the two kinds referred to.

RESOLVED TO RECOMMEND—That no remission of charges be granted in cases where the trader claims that he leaves no refuse or in cases where the street trader suspends trading temporarily owing to absence on holiday.

5.—STREET TRADING OFFENCES:

The Acting Town Clerk reported that no warning letters had been sent or proceedings instituted in respect of street trading offences since the last meeting of the Committee. Noted.

6.—ASHLEY LANE:

Particulars of the Acting Town Clerk's report and the Committee's recommendation hereon are recorded in Manuscript in the Committee's Minute Book.

7.—TENTERDEN GROVE:

On 2nd February, 1953 (Hi.C., 5/1/53—6), the Council decided to make up Tenterden Grove (Central Ward) under the Private Street Works Act, 1892. The Acting Town Clerk reported that he had consulted the Borough Engineer and Surveyor regarding the draft provisional apportionment of the expenses of the work and he submitted a report thereon drawing attention to the sums which the frontagers would be required to pay and to the fact that a considerable frontage to the street was Crown land in respect of which road charges would not be payable unless an ex gratia payment were offered by the Air Minstry.

After considering the report, the Committee

RESOLVED TO RECOMMEND—That the Town Clerk be instructed to communicate with the frontagers to Tenterden Grove to ascertain their views on the making up of the road under the Private Street Works Act, 1892, and to approach the Air Ministry with a view to the payment by them of a contribution towards the cost of the works; and to submit a further report at a future meeting of the Committee.

8.—INGRAM AVENUE:

On 20th April, 1953 (Hi.C., 16/3/53—9), the Council considered an enquiry from the Hampstead Garden Suburb Trust and decided that they would be prepared to take over the portion of Ingram Avenue (Garden Suburb Ward) within the Borough if it were made up to the standard specification by contractors employed by the Trust.

The Acting Town Clerk reported that since that time the Trust had been giving further consideration to the matter and no agreement had yet been entered into, but that he had now received a letter from the Trust stating that they did not propose to proceed with the proposal.

9.-ANGUS GARDENS, N.W.9:

The Borough Engineer and Surveyor referred to the instructions given him at the last meeting of the Committee to prepare fresh plans, estimates and provisional apportionment for the making up of the remaining portion of Angus Gardens (West Hendon Ward) and its footpaths and stated that further discussions on the matter had taken place with John Laing & Son Ltd. The firm had put forward a proposal for the taking over of the road by the Corporation which required further consideration from the legal point of view.

RESOLVED—That consideration of this matter be deferred to enable the Town Clerk to submit a report on the legal position.

10.—FERNHURST GARDENS, EDGWARE:

The Borough Engineer and Surveyor reported that the private street works on the remaining section of Fernhurst Gardens (Edgware Ward) had been completed and that the question of making up the entrance from High Street, Edgware, required consideration. He stated that the crossing, which was outside the limits of the Private Street Works, abutted on the section of Edgware Road maintained by the Middlesex County Council on behalf of the Minister of Transport and he had enquired whether they would carry out the work at the expense of the Minister. A reply had been received, however, stating that there was no objection to the Council making up that part of the carriageway in Fernhurst Gardens falling within the trunk road, provided no part of the cost was charged to Trunk Road Funds. The Borough Engineer and Surveyor submitted quotations obtained for the carrying out of the necessary works.

RESOLVED TO RECOMMEND-

- (1) That authority be given for the making up of the entrance of Fernhurst Gardens from High Street, Edgware, and for the expenditure involved to be charged to the Unclassified Roads Account.
- (2) That the Borough Engineer and Surveyor be instructed to accept the lowest tender received, that of George Reeves & Son Ltd., amounting to £204 18s. 0d., for carrying out the necessary work.
- (3) That a supplementary estimate of expenditure amounting to £205 be approved to meet the cost of the work involved.

11.—AERODROME ROAD:

The Acting Town Clerk reported that, as instructed (Hi.C., 14/9/53—9), he had sought the observations of the Air Ministry on the Council's scheme for the making up of Aerodrome Road (West Hendon and Central Wards) with a view to its being taken over as a public highway repairable by the inhabitants at large. He stated that after considerable correspondence, the Air Ministry had stated that they could not agree to any course which would necessitate relinquishing the right to control the road as and when necessary when flying was taking place, and since such right could apparently not be retained after the road had been declared a public highway the Minister found it impossible for the time being to consider further the Council's proposals. An assurance was given, however, that should any change occur in the use of the airfield which would permit of the question being reconsidered, a further communication would be addressed to the Council.

The Acting Town Clerk referred to recent Press reports as to the future of Hendon Aerodrome and informed the Committee that this matter had been taken up with the Air Ministry.

He stated that the Divisional Road Engineer had replied that there was no liability on the Minister to pay road charges and in the case of this road which was constructed as a private street to the advantage of the shop frontagers only and from which the Minister derived no advantage, he could see no reason for the Minister contributing towards the cost of the works.

RESOLVED TO RECOMMEND—That the Borough Engineer and Surveyor be instructed to submit a report at a future meeting of the Committee on the making up of the service road under the Private Street Works Act, 1892.

PUBLIC LIGHTING.

14.—SODIUM LIGHTING:

At their last meeting the Committee received a letter from the Mill Hill Preservation Society asking for reconsideration of the decision to instal sodium lighting in the Borough. As instructed at that meeting, the Borough Engineer and Surveyor submitted a report on the Improved Lighting Scheme showing the costs at the present time for installation, maintenance and running of sodium lighting compared with those for other forms of lighting.

The Acting Town Clerk submitted a letter from the Edgware Ratepayers' Association expressing the opinion that the proposed expenditure on the dismantling of existing lamp standards and the installation of sodium lighting was unwarranted and that any alternative to the present lighting should not only be as economical as possible, but also provide a more pleasant form of lighting.

After considering the report of the Borough Engineer and Surveyor, the Committee were of opinion that the sodium lighting was the most economical system taking into account both capital and running costs, and that it did not affect the amenities. They, therefore,

RESOLVED TO RECOMMEND—That the Town Clerk be instructed to inform the Mill Hill Preservation Society and the Edgware Ratepayers' Association of the information given in the Borough Engineer and Surveyor's report, and to point out to the Edgware Ratepayers' Association that the lamp standards to be dismantled are obsolescent.

15.—1954/55 PROGRAMME:

The Borough Engineer and Surveyor reported that Golders Green Road was included in the programme for installation of improved lighting in the year 1954/55 and stated that he was considering the installation of lamps on the building line instead of the edge of the footpath.

RESOLVED—That the Borough Engineer and Surveyor be instructed to submit a report on this matter at a future meeting of the Committee.

16.—APPLICATION FOR LOAN SANCTION:

The Acting Town Clerk reported that the Minister of Housing and Local Government had issued his loan sanction in the sum of £31,000 to meet expenditure on the programme of improved

street lighting for the year 1954/55, and that the Council's later application for a loan sanction of £279,000 to cover the remainder of the programme was still under consideration.

The Committee, as a matter of urgency,

RESOLVED-

- (1) That the Acting Town Clerk be instructed to request that the appropriate officer of the Ministry should receive a deputation consisting of the Chairman of the Committee and Alderman Knowles with the appropriate officers, to discuss the outstanding loan sanction.
- (2) That the Acting Town Clerk be instructed to inform the Members of Parliament for the Borough of the request and invite them to attend with the deputation if they so desire.

RESOLVED TO RECOMMEND—That the action taken be confirmed.

TRAFFIC CONTROL.

17.—OUEENS ROAD—PARKING PLACES:

The Acting Town Clerk reported that the Minister of Transport, acting on the advice of the London and Home Counties Traffic Advisory Committee, had decided to make regulations extending the official street parking place in Queens Road (Park Ward) westwards for 28 yards and extending the time of waiting till midnight and the permitted period of waiting to four hours between 6.0 p.m. and midnight. Noted.

18.—GOLDERS GREEN CROSS ROADS—PROPOSED WAITING RESTRICTIONS:

At their meeting on the 8th March, 1954 (Hi.C., 8/2/54—14 (m)), the Council decided to ask the Minister of Transport to institute waiting restrictions for the length of the barrier rails at Golders Green Cross Roads.

The Acting Town Clerk submitted a reply stating that the Divisional Road Engineer and the Commissioner of Police were of opinion that the proposed waiting restrictions would be beneficial from a traffic point of view, but that the lengths proposed were insufficient and should be extended to 300 ft. The matter required consideration by the London and Home Counties Traffic Advisory Committee and the Divisional Road Engineer enquired whether the Council agreed to the proposed extension.

RESOLVED TO RECOMMEND—That the Town Clerk be instructed to inform the Divisional Road Engineer that the Council are in agreement with the proposed extension of the waiting restrictions.

19.—CHURCH ROAD, N.W.4:

The Acting Town Clerk drew attention to traffic conditions in Church Road (Central Ward) due to the parking of vehicles on both sides of the road and enquired whether the Committee wished to recommend to the Ministry of Transport that unilateral waiting should be introduced in that road.

RESOLVED TO RECOMMEND—That, the Town Clerk be instructed to ask the Minister of Transport to consider restricting parking in Church Road, N.W.4, to the south side.

20.—BRENT BRIDGE—INSTALLATION OF TRAFFIC SIGNALS:

As a matter of urgency, the Committee

RESOLVED—That the Acting Town Clerk be instructed to write to the Middlesex County Council protesting at the delay which is taking place in the installation of traffic

RESOLVED TO RECOMMEND—That the action taken be confirmed.

21.-GREAT NORTH WAY-SUGGESTED 'BUS SERVICE:

The Acting Town Clerk reported that, as instructed, he had again requested the London Transport Executive to provide a 'bus service along Great North Way (Central Ward) by the diversion of route 58 or, failing that, by the extension of route 13, and had sought the support of the Finchley and Hornsey Borough Councils. He stated that the Hornsey Borough Council had supported this Council's representations but the Finchley Borough Council felt that service No. 58 on its present route was of more value to Finchley residents than the proposed new route and, therefore, could not see their way to support Hendon's representations.

The Acting Town Clerk submitted a reply from the London Transport Executive indicating the reasons why they could not establish a traffic case for the institution of the proposed 'bus service.

RESOLVED-That the reply received from the London Transport Executive be referred to the Travelling Facilities Sub-Committee for consideration.

22.—'BUS SERVICE NO. 113:

In connection with a question raised by a member, it was

RESOLVED-That the Travelling Facilities Sub-Committee be asked to consider the question of delays and "bunching" on Service No. 113.

23.—PROPOSED OPEN AIR MARKET AND CAR PARK, WATLING AVENUE:

The Borough Engineer and Surveyor reported that, as instructed, he had negotiated with the London County Council for a lease of the land required for the Open Air Market and Car Park at Watling Avenue (Burnt Oak Ward) for a period of 99 years instead of 21 years as proposed by the London County Council. He reported that the Valuer to the London County Council was unable to agree to a term of 99 years, but would recommend the granting of a lease for 35 years from the 25th March, 1954, on the terms already approved.

RESOLVED TO RECOMMEND-

- (1) That the offer of the London County Council be accepted and that the Town Clerk be instructed to complete a lease on the terms already agreed (Hi.C., 15/6/53-52) for a period of 35 years in a form to be approved by him.
- (2) That the Town Clerk be instructed to ascertain from the London County Council the position regarding the Conservative Association hut at present standing on the adjoining land.

24.—RECONSTRUCTION OF SANDERS LANE RAILWAY BRIDGE:

The Borough Engineer and Surveyor submitted a further report on the scheme for the reconstruction of Sanders Lane Bridge (Mill Hill and Central Wards). He indicated that the London Transport Executive had found it necessary to keep open the Mill Hill-Edgware section of railway for the purpose of goods and coal traffic and a revised scheme had, therefore, been prepared on the lines discussed with the Ministry of Transport in August, 1953, providing for the retention of the existing bridge structure and the addition of an extension in reinforced concrete to give a total width of 50 ft. between parapets. Plans had been submitted to and approved by the London Transport Executive.

The Borough Engineer and Surveyor submitted the revised scheme and estimate of cost in the sum of £39,900.

- (2) That the revised scheme for the widening of the bridge and approaches now submitted by the Borough Engineer and Surveyor and estimated to cost £39,900 be approved.
- (3) That the Town Clerk be instructed to complete an agreement with the London Transport Executive on the terms negotiated by the officers for the acquisition of the requisite land, the carrying out of the work and the future maintenance of the bridge and approaches.
- (4) That the Town Clerk be instructed to apply to the Ministry of Housing and Local Government for sanction to the raising of loans of £27,520 for a period of 20 years for the road works and £12,380 for a period of 30 years for the bridge works.

25.-ROADWAY FROM BRENT TERRACE TO NORTH CIRCULAR ROAD:

The Borough Engineer and Surveyor submitted a schedule of tenders received for the making up of the roadway from Brent Terrace to North Circular Road (Golders Green Ward) in accordance with the plans and specification agreed with the British Transport Commission.

RESOLVED TO RECOMMEND—That, subject to the execution by the contractors and the Corporation of a contract in a form to be approved by the Town Clerk and to financial enquiries proving satisfactory, the Borough Engineer and Surveyor be instructed to accept the lowest tender received, that of John Sugrue & Sons Limited, amounting to £3,900 6s. 0d.

26.-FLOWER BOWLS ON LAMP COLUMNS:

In accordance with the decision at their meeting on 14th September, 1953, the Committee gave further consideration to the question of the maintenance of flower bowls on lamp columns in the Borough. The estimated annual cost of maintenance of the bowls was £671.

RESOLVED TO RECOMMEND—That the Borough Engineer and Surveyor be instructed to continue the maintenance of flower bowls on lamp columns on the same lines as at present and that the matter be reviewed again in 12 months' time.

27.—DAMAGE TO GRASS VERGES:

(a) The Ridgeway, Mill Hill.

The Acting Town Clerk submitted a letter from the Mill Hill Preservation Society expressing concern at the damage to grass lawns and verges at The Ridgeway (Mill Hill Ward), through the parking of cars, and suggesting the provision of posts and rails 1 ft. high in weathered oak.

RESOLVED TO RECOMMEND—That the Town Clerk be instructed, in the first place, to enquire of the Mill Hill School Authorities whether they would be prepared to make their car park available in the evenings for people attending functions at St. Paul's Church Hall; and to inform the Parochial Church Council and the Mill Hill Preservation Society of this decision.

RESOLVED TO RECOMMEND-

- (1) That the Borough Engineer and Surveyor be instructed to purchase 50 notices in a form to be approved by the Town Clerk for posting on grass verges in accordance with Section 26 of the Middlesex County Council Act, 1950, and to arrange for the posting of such notices on the grass verge at Goldbeaters Grove.
- (2) That the Borough Engineer and Surveyor be instructed to inform the London County Council of the decision and ask them to draw the attention of their tenants on the Watling Estate to the need for preserving the grass verges.

28.—SUSSEX RING—DIRECTION SIGN:

The Borough Engineer and Surveyor submitted an application from the Deacons of the Union Church, Totteridge, for permission to affix a sign to a lamp column in Sussex Ring (Mill Hill Ward).

RESOLVED TO RECOMMEND-That the Town Clerk be instructed to complete a licence to the Deacons of Union Church, Totteridge, to affix a direction sign to the lamp column in question.

29.—PROPOSED FOOTPATH CROSSING—OAKWOOD DRIVE, EDGWARE:

The Acting Town Clerk reported that a resident of 18, Oakwood Drive (Mill Hill Ward) had applied to the Middlesex County Council for financial assistance towards the cost of erecting a shed to accommodate his invalid chair. The permission of the Borough Council was required for the lowering of the kerb to form a footpath crossing and, in view of the circumstances of the case, the Clerk of the County Council had enquired whether this Council would agree to bear the cost of lowering the kerb.

RESOLVED TO RECOMMEND-

- (1) That the Borough Engineer and Surveyor be instructed to carry out the work of lowering the kerb to form a footpath crossing outside No. 18, Oakwood Drive and that the cost of the works be borne by the Council.
- (2) That the Town Clerk be instructed to inform the Clerk of the Middlesex County Council accordingly.

30.—TREE AT ORCHARD DRIVE, EDGWARE:

The Borough Engineer and Surveyor submitted a letter from the occupier of No. 5, Orchard Drive (Edgware Ward) suggesting the removal of a tree on the footpath outside his property on the grounds that it was a potential danger to pedestrians.

After considering the report of the Borough Engineer and Surveyor on this case, the Committee

33.—PUBLIC IMPROVEMENTS:

(a) Woodcroft Avenue and Watling Avenue-Resurfacing.

The Borough Engineer and Surveyor reported that the Middlesex County Council had made available an additional sum of £2,000 for the resurfacing of Watling Avenue (Burnt Oak Ward) between Montrose Avenue and Orange Hill Road, and he had enquired of the Mowlem Paving Company, whose tender for the resurfacing of Woodcroft Avenue (Mill Hill Ward) was approved in July, whether they would be prepared to undertake the resurfacing of Watling Avenue as an extension of their original tender.

After discussions with the appropriate Trade Union Officials the employment of 24 redundant sweepers had been terminated and a further five would be given notice when the remaining vehicle was brought into operation.

The Borough Engineer and Surveyor reported that it would be necessary to clear weeds from the footpaths and channels by the use of a liquid spray weed killer and that it was desirable to deal with the worst affected roads immediately.

The Committee noted the report, and

35.—ROADSIDE SEATS:

The Borough Engineer and Surveyor referred to the requests received for the provision of roadside seats in the Borough and stated that one had recently been received from a resident of Cranbourne Gardens (Golders Green Ward). He stated that no further wooden seats were available and it was considered that the concrete type now in use in parks and open spaces was not entirely suitable for use on the highways. He, therefore, sought authority to purchase a dozen seats with wooden slats and wrought iron ends at a cost of approximately £20 each.

RESOLVED-That the Borough Engineer and Surveyor be instructed to make enquiries as to the purchase of alternative types of seats and to submit a further report at a future meeting of the Committee.

RESOLVED-That the matter be referred to the Highways Committee for consideration.

4.-LONDON AND GREATER LONDON PLAYING FIELDS ASSOCIATION:

The Acting Town Clerk submitted a letter from the London and Greater London Playing Fields Association intimating that their appeal in June last year to all local authorities in the Counties of London and Middlesex for an annual subscription had met with a generous response and asking the Council, in view of their previous decision not to take any action in the matter, to give further consideration to the Association's appeal.

RESOLVED TO RECOMMEND—That the Council adhere to their previous decision in the matter.

5.—CIVIL DEFENCE BUILDING—DAWS LANE, MILL HILL:

The Acting Town Clerk submitted a report with regard to the above-mentioned building. Particulars of the report together with the Committee's recommendations thereon, are recorded in manuscript in the Committee's Minute Book.

6.-LAND AT MARION ROAD, N.W.7:

The Committee considered a letter from the University College Hospital Medical School, referred from the General Purposes Committee, enquiring whether, in the event of the land forming the Hendon Aerodrome coming into the Council's ownership, the Medical School might be permitted to re-purchase a strip of land, formerly part of their sports field, which had been compulsorily acquired by the Royal Air Force. In view of the absence of any definite decision of the Air Ministry as to the future use of the Hendon Aerodrome, the Committee.

RESOLVED TO RECOMMEND—That the Town Clerk be instructed to inform the University College Hospital Medical School that the Council are unable to take any action in the matter at the present time.

It was reported by the Borough Engineer and Surveyor that the John Keble Church Youth Club had been granted the use of the hockey pitch in Mill Hill Park for the 1954/55 season on Sundays with one additional game on Easter Saturday, 1955, and as dressing accommodation will not be available to the club on Easter Saturday they sought permission to erect a small marquee for the purpose of a changing room.

9.—LEGAL PROCEEDINGS:

The Acting Town Clerk reported that, in accordance with the Committee's instructions, legal proceedings were taken on the 21st July, 1954, against a boy aged 13 years for causing malicious damage to an automatic coin lock in the men's public convenience at Clitterhouse Playing Fields, and for larceny of 3/5d., part of the contents of the coin lock. The boy was conditionally discharged by the Juvenile Court and ordered to pay 36/- as partial compensation for the damage, such payment to be made by six weekly instalments of 6/-. Noted.

- (1) That the Council make bye-laws in the form set out in the Appendix to this report in pursuance of powers under Section 164 of the Public Health Act, 1875, with respect to pleasure grounds.
- (2) That the Town Clerk be instructed to take the necessary steps for the confirmation of the bye-laws.

11.-DOLLIS BROOK RIVERSIDE WALK:

In accordance with the instructions of the Committee the Borough Engineer and Surveyor reported on the observations and enquiries which had been made regarding the complaint received from the Hendon Ratepayers' Association of rowdyism in the above-mentioned Riverside Walk adjacent to Holders Hill Gardens. He reported that special attention had been given to this open space during the past two months but no evidence of deliberate rowdyism or annoyance was obtained and that his attention was not drawn to any specific items justifying a complaint. The Committee noted the report, and

RESOLVED TO RECOMMEND—That the Town Clerk be instructed to send a suitable reply to the Hendon Ratepayers' Association.

12.-ELSTREE OPEN SPACE:

The most favourable application is that of Skusell Ltd., amounting to £600. The Acting Town Clerk drew the Committee's attention to the advisability of inviting offers by public advertisement when it is proposed to dispose of land.

RESOLVED TO RECOMMEND-

- (1) That, subject to the consent of the Minister of Housing and Local Government, and with the approval of the District Valuer, the Council agree to the sale of the land to Skusell Ltd. for a sum of £600.
- (2) That the Town Clerk be instructed to complete all the necessary legal formalities in the matter.
- (3) That, in future cases of this character, the Council invite applications for the purchase of land by public advertisement.

13.-MONTROSE PLAYING FIELDS:

It was reported by the Borough Engineer and Surveyor that in April, 1947, the Northmet Power Company entered into an agreement with the Council with respect to a wayleave to lay a 33,000 volts cable across Montrose Playing Fields, and the Eastern Electricity Board now ask the Council to acquiesce in the laying of the cable. The route of the cable is not likely to interfere seriously with the playing pitches, but some time will elapse before the trench is finally and satisfactorily reinstated.

RESOLVED TO RECOMMEND—That the Borough Engineer and Surveyor be instructed to inform the Eastern Electricity Board that the Council offer no objection to the work being carried out.

14.—WOODFIELD NURSERY—EXTENSION SCHEME—PRIME COST ITEMS:

On consideration of a report by the Borough Engineer and Surveyor, the Committee

15.—PURCHASE OF LAND FOR THE WIDENING OF PARSON STREET, HENDON:

The Council have already acquired Derby House, and Nos. 1 and 2, Down Cottages, for the future widening of Parson Street, and the Borough Engineer and Surveyor reported that it is also necessary to acquire part of the property known as Mount Cottage, which is contiguous with Derby House. He informed the Committee that the following terms had been provisionally agreed with the owner of Mount Cottage:—

- (a) The owner of Mount Cottage to exchange the part of his land required for road widenpurposes, amounting to about 0.037 of an acre, for a strip of land amounting to about 0.049 of an acre at present being part of Derby House and adjoining the western boundary of Mount Cottage.
- (b) The owner of Mount Cottage to have full right of way and use of that part of the land he is giving up in front of Mount Cottage having a frontage of about forty-eight feet until such time as the road widening takes place.
- (c) The Council to erect a close boarded fence along the new eastern boundary of Derby House and to pay all legal fees, surveyor's charges and land registration fees, if any.

Parson Street is a classified road, and the whole of the cost is reimbursable. The Middlesex County Council have agreed to pay the sum of £25 for the land owned by the Council to be exchanged with land forming part of Mount Cottage in anticipation of future road widening, and, in addition, to pay the cost of erecting the new fence and the legal charges.

RESOLVED TO RECOMMEND—That, subject to the consent of the Minister of Housing and Local Government, and to the approval of the District Valuer, the Council agree to the exchange of the land on the terms indicated above, and that the Town Clerk be instructed to complete all the necessary legal formalities in connection therewith.

16.-MOAT MOUNT OPEN SPACE-HENDON PARK FARM, MILL HILL:

The Council at their meeting on the 12th October, 1953, on the recommendation of this Committee agreed in principle to grant to Mr. Sidney Box a lease for a period of 15 years of the land at Hendon Park Farm which is contained within Moat Mount Open Space (and which is at present leased to the Misses Weedon who are managing the Farm for Mr. Box until 1956), and instructed the Borough Engineer and Surveyor to negotiate the terms of the extended lease to Mr. Box.

The Borough Engineer and Surveyor reported on his negotiations and sought the instructions of the Committee regarding the provision of fencing for the whole frontage of the land to the Barnet By-pass Road. It is suggested that a fence consisting of stakes and four strands of wire should be erected by the Council, and a quickthorn hedge planted at an appropriate time at a total cost of approximately £300, Mr. Box to be responsible for the future repair and maintenance of the hedge. The Borough Engineer and Surveyor suggested that the lease to Mr. Sidney Box should be for 15 years from the 1st April, 1955, at a rent of £300 per annum and that favourable consideration should be given to an application for the erection of two farm cottages adjacent to Hendon Park Farm, which are necessary to meet the requirements of the Middlesex County Agricultural Executive Committee.

RESOLVED TO RECOMMEND—That the Borough Engineer and Surveyor be instructed to continue his negotiations with Mr. Box on the lines indicated above.

17.—FISHING FACILITIES IN PARKS:

In connection with the fishing facilities provided by the Council for Hendon residents at Moat Mount and Kenilworth Open Space, the Borough Engineer and Surveyor reported that 74 permits had been issued at a charge of 10/6d. each per season. Fishing at Moat Mount was quite good, but a number of enquiries had been received from anglers as to whether the Council would

18.-

be prepared to introduce into the lake at Kenilworth Open Space other varieties of fish which would continue to provide sport during the period from the end of October to the close season on the 16th March.

RESOLVED TO RECOMMEND—That the Borough Engineer and Surveyor be instructed to re-stock the lake at Kenilworth Open Space with suitable fish at a cost of £20.

18.-RIVER BRENT-WIDENING:

The Borough Engineer and Surveyor reported that the Middlesex County Council had prepared a scheme for widening the course of the River Brent between Edgware Road and Hendon Way, at the same time improving the gradient of the bed of the river. The scheme, which will provide a desirable improvement and will alleviate flooding in the area, necessitates the use of an area of land owned by the Council to form the new embankments and the County Council have asked for authority to carry out this scheme through the land owned by the Corporation, without payment for the land to be used for the widening. A narrow strip of land along each bank of the river will be required by the County Council, but in view of the advantage that will accrue to the Council of having land free from flooding, the Borough Engineer and Surveyor suggested that the County Council's proposals were reasonable, provided the tipping and spreading of any surplus soil is carried out to this Council's satisfaction.

RESOLVED TO RECOMMEND—That, subject to the execution of an indemnity in a form to be approved by the Town Clerk, and to the tipping and spreading of any surplus soil being carried out to the satisfaction of the Borough Engineer and Surveyor, authority be given to the Middlesex County Council to undertake the scheme through the Corporation's land.

19.—REFRESHMENT KIOSKS IN PARKS:

In accordance with the Committee's instructions, the Borough Engineer and Surveyor submitted a report with plans and estimates of the cost of the provision and erection of two types of semi-permanent buildings for use as refreshments kiosks in the Council's parks and open spaces. Plan A indicated a kiosk 6 ft. 9 in. x 6 ft. 9 in., which could be erected at an estimated cost of £350 and Plan B provided for a kiosk 12 ft. 9 in. x 9 ft. 6 in. at an estimated cost of £800, which was considered most suitable for Basing Hill Park. He also reported on his negotiations with Mr. Williamson, who holds the licence to sell refreshments in Basing Hill Park, and who had asked the Council to contribute towards the cost of a new kiosk. In the opinion of the Borough Engineer and Surveyor, the kiosks owned by the licencees in Stonegrove Park, Scratchwood Open Space, Edgwarebury Park and Moat Mount Open Space were unsatisfactory.

RESOLVED TO RECOMMEND-

- That a new kiosk at an estimated cost of £800 be provided in Basing Hill Park early in the next financial year.
- (2) That appropriate provision be made in next year's draft estimates.
- (3) That the Borough Engineer and Surveyor, in consultation with the Borough Treasurer, be instructed to negotiate further with Mr. Williamson with a view to agreeing an appropriate rent and that a further report thereon be presented in due course.

It was further

RESOLVED—That financial provision be made in future draft estimates for the provision of refreshment kiosks in the following parks and open spaces:—Stonegrove Park, Scratchwood Open Space, Edgwarebury Park, Moat Mount Open Space.

20.-LAND ADJOINING CHURCH FARM HOUSE:

It was reported by the Borough Engineer and Surveyor that the Eastern Electricity Board had indicated that it was necessary to erect a new sub-station at the eastern end of Greyhound

The Committee are of opinion that the site suggested by the Board would seriously detract from the amenities of the neighbourhood, and they, therefore,

RESOLVED TO RECOMMEND—That the proposals of the Eastern Electricity Board be not approved.

23.

21.—CULTIVATION OF LAND:

The Borough Engineer and Surveyor submitted a report with regard to the various areas of land, which since the early years of the war had been sown down to wheat. The present season's harvest is very low due to the excessive rain during the past three months. In addition to the yield being below expectations, the price obtained for it will undoubtedly be lower than ever before because this is the first time since the war that there has been a free market with no price control. The Ministry of Food make "deficiency payments" where prices fall below the average standard price, but, even so, a substantial loss must be anticipated this year. The Borough Engineer and Surveyor, therefore, suggested that it was desirable to return to grass the areas of land at present under cultivation as follows:—

				ACICS.

Total	 	 	 	173 acres.

The land at Mill Hill Park will be sown with a lawn grass mixture and returned permanently to the park and maintained accordingly. The remaining areas of the land will be sown with agricultural grass which will be sold annually as a standing hay crop.

RESOLVED TO RECOMMEND—That the suggestions of the Borough Engineer and Surveyor as indicated above be approved.

It was further

RESOLVED—That the Borough Engineer and Surveyor be instructed to submit a report with regard to the future use of the combine harvester.

22.—WOODCOCK HILL FARM:

At the last meeting the Borough Engineer and Surveyor reported that the present lessees of the above-mentioned farm had, without the consent of the Council, come to an arrangement with a neighbouring farmer for the latter to take over their interest in the leases on the existing terms and conditions. Both the leases expire on the 29th September, 1954, and on that date the lessees will hold over on yearly tenancies under the provisions of Section 3 of the Agricultural and Holdings Act, 1948. The Council, on the recommendation of this Committee, instructed the Acting Town Clerk to issue advertisements inviting tenders for the farm. Subsequently, however, a formal application had been received from Rush and Tomkins Limited for consent under the leases to assign the residue of their leasehold interests. After consideration of a joint report by the Acting Town Clerk and the Borough Engineer and Surveyor and also the schedule of offers received in response to the advertisement, the Committee, as a matter of urgency,

It was further

RESOLVED TO RECOMMEND-That the action taken be confirmed.

23.—OPEN SPACES—THE MEADS:

Arising out of a question raised by a member of the Committee as to the condition of certain open space land at The Meads, it was

RESOLVED-That the Borough Engineer and Surveyor be instructed to submit a report thereon to the next meeting of the Committee.

ALLOTMENTS.

24.—SANDERS LANE ALLOTMENTS—PLOTS NOS. 44 AND 58:

The Acting Town Clerk reported that at the request of the Hendon Federation of Allotments Societies, a Notice to Quit was served on the 6th July on the tenant of the above-mentioned plots for failing properly to cultivate the ground. The question of cultivation of the plots was disputed by the tenant and in these circumstances the Borough Engineer and Surveyor had arranged for an inspection of the plots to be made by the Parks Superintendent who reported that both plots are overgrown with weeds and are in a very neglected condition.

RESOLVED TO RECOMMEND—That the Council confirm the service of the Notices to Quit requiring the tenant to deliver up possession of the ground forthwith.

25.—BRENT HILL ALLOTMENTS:

The Borough Engineer and Surveyor reported that the Brent Hill Allotments Society had complained that damage to crops had occurred through persons using the footpath leading from Layfield Road through the allotments to Hendon Way. The Society asked for the footpath to be closed by locking the existing gates and for their members to be provided with keys.

RESOLVED-That the Borough Engineer and Surveyor be instructed to submit a report with regard to the provision of an alternative footpath, and that the Acting Town Clerk be instructed to invite the Hendon Federation of Allotment Societies to submit suggestions for obviating the cause of complaint.

26.—CHILDS HILL ALLOTMENTS—FENCING:

The Borough Engineer and Surveyor reported that, in accordance with the instructions of the Committee, he had negotiated with Burts Middleton Laundry and that they had offered, without prejudice, to contribute the sum of £10 towards the cost of replacing the chain link fencing where ashes had been tipped.

RESOLVED TO RECOMMEND—That the Borough Engineer and Surveyor be instructed to accept the offer of Burts Middleton Laundry.

27.—THE MEADS ALLOTMENTS:

It was reported by the Borough Engineer and Surveyor that a large number of complaints had been received from members of the Watling Allottees Society concerning the flooding of certain plots at The Meads Allotments following heavy storms. aligning the course and reshaping the banks and bed of the stream at £1,000.

10.—SALVAGE SUMMARY RETURN:

The Borough Engineer and Surveyor submitted a statement, copies of which had previously been circulated, showing the tonnage of salvage disposed of annually from 31st March, 1951, to 27th March, 1954, and for the period from 28th March to 28th August, 1954, together with particulars of the value of salvage under the various headings. further report be submitted by the Borough Engineer and Surveyor, in consultation with the Borough Treasurer, showing the costs of the Council's pig-keeping undertaking.

12.-TOWN HALL:

(a) Stonework.

The Borough Engineer and Surveyor reported that the stonework of the original part of the Town Hall had decayed in places and was in need of general repair and cleaning, and that whilst the stonework was being cleaned, it would be advantageous to have the brickwork cleaned. Tenders had been obtained for this work, the lowest tender being that of the London Stone Cleaning and Restoration Co. Ltd., amounting to £588. Financial provision had been made in the estimates for this work.

RESOLVED TO RECOMMEND—That, subject to the execution of a contract in a form to be approved by the Town Clerk, the Borough Engineer and Surveyor be instructed to accept the tender of the London Stone Cleaning and Restoration Co. Ltd., amounting to £588, for the carrying out of the work.

(b) Lighting in Council Chamber.

The Borough Engineer and Surveyor reported that with a view to improving the lighting of the Council Chamber different types of fluorescent tubes had been tried out along the whole of one side of the Council Chamber. The lighting would be considerably improved and there would be a reduction in the consumption of electricity if all sides of the Council Chamber were similarly treated. He estimated the cost of the scheme, excluding any modification to the central pendants, at £116.

RESOLVED TO RECOMMEND-

- (1) That the Borough Engineer and Surveyor be instructed to arrange for the work to be carried out at an estimated cost of £116.
- (2) That a supplementary estimate, amounting to £116, be approved to cover the expenditure involved.

(c) Accoustics.

13.—LAWRENCE STREET—SURFACE WATER DRAINAGE:

As there was a Contractor on the site undertaking similar work it was considered expedient for

14.-

15

this further work to be carried out by him at approved contract rates. The total cost of the work was £533 13s. 5d. and the Borough Engineer and Surveyor sought confirmation of the action taken and authority to pay the account subsequently rendered in respect of this work.

RESOLVED TO RECOMMEND-That the action taken by the Borough Engineer and Surveyor be confirmed and that the Borough Treasurer be authorised to pay the account amounting to £533 13s. 5d.

14.—PETROL SUPPLIES:

Further consideration was given to the question of petrol supplies, the Committee's previous recommendation thereon being withdrawn by the Chairman at the meeting of the Council on the 12th July, 1954. The Borough Engineer and Surveyor reported that three of the largest firms each quoted a rate of 3/74d. per gallon, at which price petrol is at present purchased from the Esso Petroleum Co. Ltd. This Company, however, were prepared in return for an undertaking to purchase petrol only from them, to increase the rebate from 14d. to 15d. per gallon.

RESOLVED TO RECOMMEND—That, subject to the execution of an undertaking in a form to be approved by the Town Clerk the Borough Engineer and Surveyor be instructed to accept the quotation of the Esso Petroleum Co. Ltd. for the supply of petrol at 3/6%d. per gallon.

15.-PURCHASE OF ELECTRIC CABLE:

On consideration of a report by the Borough Engineer and Surveyor to the effect that better terms could be obtained for the supply of electric cable if the Council entered into the normal C.M.A. form of undertaking, the Committee

17.—GARAGES—TOWN HALL AND RAVENSFIELD:

The Borough Engineer and Surveyor reported with regard to the garages of wooden construction which existed on the "Ravensfield" site and at the rear of the Town Hall. Some of these garages are used by various members of the staff to house their vehicles during the day-time, and some are used at night-time to house cars of members of the staff. The garages are in rather poor condition and little or no maintenance is carried out because it is anticipated that they will be demolished in the not too distant future. In these circumstances the Borough Engineer and Surveyor suggested that those members of the staff who use the garages at night-time should pay a rental of 5/- per week for the accommodation.

RESOLVED TO RECOMMEND-That, subject to no liability being accepted by the Council, the Borough Engineer and Surveyor be authorised to let such garages to members of the staff at a rental of 5/- per week.

The reasonable cost of the work involved may be recovered from the owners of the premises connected to the sewers concrned under Section 24 of the Public Health Act, 1936, and authority was sought for the service of the Statutory Notices required by the Act.

(a) Proposed Flats.

The Acting Town Clerk reported on correspondence with the Royal Fine Art Commission and the Middlesex County Council which had taken place prior to a meeting of the Technical Committee of the Commission which was attended by the Borough Engineer and Surveyor at which there was preliminary discussion of the Council's proposals.

He further reported a subsequent letter from the Commission indicating that they would not oppose in principle the erection of eleven storey point blocks of flats but that they were not disposed to recommend acceptance of the scheme in its present form nor the Council's intention of inviting selected contractors to submit designs, being of opinion that "an independent architect of standing should be appointed to improve the lay-out of the blocks of flats and prepare more detailed plans."

The Acting Town Clerk further reported that the scheme would be considered by the Central Middlesex Area Planning Committee on the 23rd September and that the Area Planning Officer proposed to report to his Committee that the density of the proposed development was excessive and the lay-out unsatisfactory and to suggest that the application be either refused or that the Borough Council be invited to withdraw the proposals in order to give them further consideration.

The Committee noted the reports and, as a matter of urgency,

RESOLVED—That the Acting Town Clerk be instructed to request the Council's representative on the Area Planning Committee to press for a positive decision on the proposals submitted at the meeting of the Area Planning Committee.

In view of the terms of the replies received from the Air Ministry the Committee were of opinion that it would not serve any useful purpose at present to press for use of any part of the Aerodrome for housing purposes, and

RESOLVED—That the matter be referred to the General Purposes Committee with the suggestion that the Town Clerk be instructed to renew the request made by a deputation to the Air Ministry in April, 1948, that Hendon Borough Council should have first opportunity for use of the land in the event of the Air Ministry deciding to terminate its use for flying purposes.

13.—CHURCH FARM HOUSE:

1.—CIRCULATION OF REPORTS:

At their meeting on the 21st June, 1954, the Committee gave consideration to the practice of circulating to all members of the Council the report of the Borough Engineer and Surveyor for submission to this Committee, and decided to recommend that it should be discontinued. At the meeting of the Council on the 12th July, however, the item was withdrawn.

After further consideration of the matter the Committee concluded that it was desirable for the reports to be circulated to all members of the Council, and they

RESOLVED TO RECOMMEND—That the present practice in this matter be continued.

2.—CONSIDERATION OF PLANNING APPLICATIONS:

The Acting Town Clerk submitted a letter from the Mill Hill Preservation Society referring to an application which had been dealt with by His Worship the Mayor in Recess and expressing the opinion that private citizens, local Councillors and societies were by this procedure denied an opportunity for discussion or opposition of the application.

The Acting Town Clerk pointed out that the application was dealt with in Recess in order to give time for its submission to the Area Planning Committee within the two months period allowed for the determination of planning applications, and that even if it had been submitted to the Committee a decision would have been taken under delegated powers before the application became known to private citizens or societies. He stated that the Town and Country Planning Act, 1947, and the Regulations made thereunder make no provision for consultation with residents or local societies before planning applications are dealt with.

RESOLVED—That the Acting Town Clerk be instructed to send a suitable reply to the Mill Hill Preservation Society informing them of the position.

3.—AMENDMENT OF COUNTY DEVELOPMENT PLAN:

In January and June, 1954, planning permission was given for the erection of houses and garages within the grounds of St. Peter's Ouvroir, Queens Road (Park Ward). The Acting Town Clerk reported that the whole curtilage of St. Peter's Ouvroir was shown in the County Development Plan as an Institution with large grounds and it was desirable that the amendment to the County Development Plan arising out of the planning permission given should affect the whole of St. Peter's Ouvroir since the Institution would be deprived of its grounds. The Clerk of the County Council had accordingly advised the Minister of Housing and Local Government that the County Council as Local Planning Authority would raise no objection to the whole of the outtilage of St. Peter's Ouvroir being zoned as "residential." 4.-MOTOR SHOWROOMS AND CAR MARTS:

The Acting Town Clerk reported that the County Highways Committee had expressed the opinion that, as a general principle, permission for the conversion of shop premises to motor car showrooms or for the establishment of car marts should be refused. The County Planning Committee had considered these problems, but concluded that it would be impracticable to lay down a general principle, but that each case should be treated on its merits.

The Acting Town Clerk submitted details of five principles for the control of this type of development which the County Planning Committee had agreed and had asked should be brought to the notice of the Delegate Planning Authorities. Noted.

5.—TOWN AND COUNTRY PLANNING ASSOCIATION—CONFERENCE:

The Acting Town Clerk reported that a Conference under the title "Inquiry into Planning" organised by the Town and Country Planning Association would be held at the County Hall, London, S.E.1 on the 18th and 19th November, 1954. The Council were invited to appoint representatives to attend and the cost of the tickets was £1 1s. 0d. each.

The conferences of this body are included in the list of those approved by the Council, and the Committee

RESOLVED TO RECOMMEND—That the Council appoint the Chairman or Vice-Chairman of this Committee or another member who is available and not more than three officers of the Town Clerk's and Borough Engineer and Surveyor's Departments to attend the Conference.

6.—RESULTS OF APPEALS:

The Acting Town Clerk reported the receipt of the decisions of the Minister of Housing and Local Government on the under-mentioned appeals:—

(a) No. 261, Hale Lane, Edgware.

The Committee refused permission for the erection of a church building on land at 261, Hale Lane (Edgware Ward) for the reason that the site should be utilised solely for residential purposes, that a building of the size indicated would be prejudicial to amenities and that the development would result in bad traffic conditions. The appellants pointed out that in 1950 permission had been granted for the use of the house and curtilage as a Synagogue and for the Council it was pointed out that this permission did not allow the erection of a new building.

The Minister had concluded that the proposed development would not be unsuitable in a residential area and that the new building would not seriously affect the amenity of nearby houses. In his view the volume of traffic likely to use the proposed car park would be insufficient to justify refusal of permission. He had accordingly allowed the appeal, and granted permission as applied for.

(b) No. 118, Brent Street, N.W.4.

The Council refused permission for the conversion of part of No. 118, Brent Street (Central Ward) into a greengrocer's shop on the grounds that the proposed development would involve the loss of valuable storage accommodation in an area allocated for shopping and business purposes in the Development Plan. The appellants contended that the premises were not in demand for storage purposes whereas an additional greengrocers shop in the area was desirable. The Council's view was that the premises were unsuitable for the purpose and would result in a sub-standard shop and that the use of a narrow passageway as a shop would lead to the parking of vehicles on the carriageway and obstruction of the footpath.

The Minister agreed with the Council that the appeal site would be unsuitable for use as a retail shop and had accordingly dismissed the appeal.

(c) No. 36, Park Mansions, Vivian Avenue, N.W.4.

The Council refused permission for the use of a flat at 36, Park Mansions (Park Ward) for business or professional purposes for the reason that the proposal would result in the loss of housing accommodation. The appellants referred to the use of certain flats for business purposes and were willing to accept permission limited to the lower floor of the maisonette, but for the Council it was stressed that while the acute shortage of housing accommodation and building sites in the Borough persisted there should be no diminution in the number of residential units available.

The Minister agreed with the views expressed by the Council and had dismissed the appeal.

7.-NO. 2, BROADFIELDS PARADE, GLENGALL ROAD, EDGWARE:

Authority was given (B. & T.P.C., 11/1/54—31) for enforcement action with regard to the use of the forecourt of No. 2, Broadfields Parade (Edgware Ward) for the sale of fruit and vegetables.

The Acting Town Clerk submitted a further report on this case, and the Committee RESOLVED—That no further action be taken in the matter.

8.—LAND BETWEEN NOS. 159 AND 161, BITTACY RISE:

Authority was given (B. & T.P.C., 26/10/53—12) for the service of notices to secure the proper maintenance of land between Nos. 159 and 161, Bittacy Rise (Mill Hill Ward).

The Acting Town Clerk reported that, in accordance with the Council's later instructions (Fin.C., 29/6/54—12), the Borough Engineer and Surveyor had cleared the land, and the Committee

RESOLVED-That no further action be taken in this case.

1.—DECISIONS OF JOINT NEGOTIATING BODIES:

The Acting Town Clerk and the Borough Treasurer submitted a joint report on the following decisions of Joint Negotiating Bodies:—

(a) National Joint Council for Local Authorities' Services (Manual Workers).

That paragraph 19 (f) of the National Scheme of Working Conditions be amended to make it clear that if an employee so desires and it is convenient for the employing authority so to arrange, holiday due may be taken during the period of notice, but it is not intended that employees should be obliged to take such holiday during the period of notice.

(b) National Joint Council for Local Authorities' Administrative, Professional, Technical and Clerical Services.

The National Joint Council have carried out a review of the Scheme of Conditions of Service, paying particular attention to the salary structure, and have agreed on variations to introduce a two-tier system of recruitment of juniors related to educational standards and to provide in the higher grades a longer "length of life" and more appropriate increments. The Joint Report indicated that the decisions, which would take effect on the 1st January, 1955, would in the first instance be submitted to the Council and Staff Joint Committee and that a report by the Chief Officers thereon would be submitted at a later date.

The Acting Town Clerk reported the receipt of a letter from the Wembley Borough Council enclosing for information a copy of a letter sent to the National Joint Council expressing the view that proposals regarding salary scales likely to increase local authority expenditure should be communicated to local authorities and asking that no definite decision should be reached at the meeting held on 29th July, 1954. The Acting Town Clerk pointed out that since the receipt of the letter the decision of the National Joint Council referred to above had been promulgated. Noted.

2.—THE LOCAL GOVERNMENT SUPERANNUATION (BENEFITS) REGULATIONS, 1954:

The Acting Town Clerk and the Borough Treasurer submitted a joint report accompanied by an explanatory memorandum of the Ministry of Housing and Local Government on the Local Government Superannuation (Benefits) Regulations, 1954, which come into operation on the 1st October, 1954, and prescribe the benefits to be granted under the Local Government Superannuation Act, 1953. contributory employees for the first time after that date, will automatically be entitled to the new benefits unless (if in the former category) they exercise an option not later than 31st March, 1955, to retain their existing rights.

The report indicated that the Ministry of Housing and Local Government proposed to issue a short explanatory booklet on the regulations and suggested that local authorities should consider making copies of the booklet available to their employees.

Under the regulations non-contributory service can be converted into contributory service either at the discretion of the employing authority when the pension becomes payable or at the discretion of the officer with payment of additional contributions. In this connection the Council passed a resolution in 1939 adopting the principle that, in calculating superannuation allowances of employees of the Council, non-contributory service should be dealt with on the basis applicable to contributory service. The Committee were of opinion that this practice should be continued.

RESOLVED TO RECOMMEND-

- (1) That, in calculating the superannuation benefits of employees of the Council under the Local Government Superannuation Acts, 1937—1953, non-contributory service be dealt with on the basis applicable to contributory service.
- (2) That the Borough Treasurer be authorised to purchase copies of the explanatory booklet issued by the Ministry of Housing and Local Government and to circulate a copy to all employees of the Council affected by the new regulations drawing attention to the rights of the employee under the new Act.
- (3) That the Chief Officers be instructed to make suitable arrangements with the Borough Treasurer for the explanation of the new provisions to employees of the Council.

3.—APPOINTMENT OF STAFF:

At the request of a member, the Committee gave consideration to the question of the appointment of staff by Chief Officers. At the present time, under the Council's Standing Orders, Chief Officers are empowered to make appointments to posts within the approved establishment on scales of which the maximum does not exceed, in the case of males, the maximum of the General Division, and in the case of females, the maximum of Shorthand-Typists Scale "C."

The Committee were of opinion that these powers should be extended in order to reduce the number of meetings of the Appointments Committee, and they

RESOLVED TO RECOMMEND-

- (1) That the Chief Officers be given executive power to make appointments to posts within the approved establishment on scales of which the maximum does not exceed the maximum salary of Grade A.P.T. IV or any grade substituted therefor.
- (2) That the Standing Orders of the Council be amended accordingly.

4.—EMPLOYMENT OF SANITARY INSPECTORS:

The Acting Town Clerk reported that the Employers Side of the National Joint Council had drawn attention to difficulties experienced by employing authorities in maintaining a full establishment of Sanitary Inspectors and the Middlesex District Whitley Council had sought information on this subject and enquired:—

- (a) whether the Council would be prepared to employ trainees and afford them facilities to qualify as Sanitary Inspectors;
- (b) whether the Council could offer trainees the proper practical instruction and adequate practical experience necessary to comply with the regulations of the examining bodies; and

(c) whether the Council would co-operate with neighbouring authorities in releasing trainees for adequate practical training which the Council cannot provide or receiving trainees for training in matters for which the Council have facilities lacking in other authorities.

After hearing the report of the Medical Officer of Health on the subject, the Committee

RESOLVED TO RECOMMEND—That the Town Clerk be instructed to inform the Middlesex District Whitley Council that the Council would be willing to co-operate only on the lines mentioned in (c) above.

5.—LEAVE OF ABSENCE FOR STUDY PURPOSES:

The Borough Engineer and Surveyor submitted applications from Mr. C. P. Clarke, Trainee, for leave of absence on one day each week, and from Mr. E. P. Hinkley, Trainee, for leave of absence on one half-day each week for the purpose of attending classes in connection with professional examinations.

He also reported that in cases where employees of the Council secure deferment of their national service in order to complete their studies, it is a requirement of the Ministry of Labour and National Service that they should be granted an average of eight hours leave per week during term time for the purposes of attending classes or of private study.

RESOLVED TO RECOMMEND-

- (1) That the applications of Mr. C. P. Clarke and Mr. E. P. Hinkley be approved.
- (2) That the Chief Officers be authorised, in cases where employees of the Council can obtain deferment of national service, to grant them up to one day per week leave of absence for purposes of attending classes or of private study in connection with professional or other approved examinations.
- (3) That the Standing Orders of the Council be amended accordingly.

6.—DATE OF COMMITTEE MEETING:

The Acting Town Clerk reported that in accordance with the usual practice and subject to alternative arrangements being possible for the meeting of this Committee, special meetings of the Education Sub-Committees would be called to follow the normal meeting of the Education Committee on the 26th October, 1954, in order to deal with the Budget Proposals.

RESOLVED—That the meeting of the Establishment Committee fixed for 26th October, 1954, be postponed to Thursday, 28th October, 1954.

7.—MANUSCRIPT ITEMS:

The Acting Town Clerk referred to the report of the Sub-Committee of the General Purposes Committee submitted to the Council on 13th September with regard to Manuscript Items and informed the Committee of the five categories of Manuscript Items laid down by the Sub-Committee. In accordance with the request of the Council at that meeting, the Committee reviewed the types of items which are recorded in Manuscript in their reports, and

RESOLVED—That the Acting Town Clerk be instructed to continue the present practice in this respect.

8.—TOWN CLERK'S DEPARTMENT—ENTERTAINMENTS SECTION:

As instructed at the last meeting the Acting Town Clerk submitted a report on the reference received from the Borough Show and Entertainments Committee regarding the grading of the post of Shorthand-Typist (Scale "C") in the Entertainments Section of the Town Clerk's Department.

RESOLVED TO RECOMMEND—That the Borough Treasurer be instructed to pay an honorarium of £10 to Mrs. M. Bowley in respect of the special responsibility placed on her in connection with the Hendon Show, 1954.

9.—BOROUGH TREASURER'S DEPARTMENT:

(a) Extension of Service.

The Borough Treasurer reported that the period of extended service of Mr. J. G. Buckland, Assistant Sectional Head, Invoice Section, would expire on the 30th September, 1954, but that it was desirable to retain his services for a further short period.

RESOLVED TO RECOMMEND—That the services of Mr. J. G. Buckland be continued for a further period expiring on 31st March, 1955.

(b) Merit Increments.

The Borough Treasurer reported that Miss G. Corby (Paying Cashier's Section), Mr. M. Power (Audit Section) and Mr. R. A. Streatfield (Accountancy Income Section) of his department had passed the Clerical Examinatian of the Local Government Board, held in June, 1954. He pointed out that there were no vacant posts in the establishment of his department in the grade which these officers were now eligible to occupy.

After considering the report of the Borough Treasurer, the Committee

RESOLVED TO RECOMMEND—That, with effect from 1st September, 1954, Miss G. Corby, Mr. M. Power and Mr. R. A. Streatfield be granted one increment in excess of the normal scale.

(c) Cashier's Section.

The Borough Treasurer referred to the decision to merge the Receiving Cashier's Section and the Paying Cashier's Section of his department with effect from the date on which a new Grade A.P.T. I assistant takes up his duties. He stated that difficulty had arisen in filling the vacant post and no further action could be taken until the Committee had considered the joint report on the filling of vacancies for which they had asked. In these circumstances he suggested that the merging of the two sections should take effect from 1st September, 1954.

The Borough Treasurer also reported that Mr. J. A. Green, the Second Receiving Cashier, had undertaken the duties of the post of Chief Receiving Cashier during the illness of Mr. H. L. Fear from 11th May, 1953, and since Mr. Fear's retirement on 16th December, 1953. In regard to the latter period, Mr. Green was entitled to receive the salary attaching to the post of Chief Receiving Cashier. He was not similarly entitled in regard to the period of Mr. Fear's illness, but the Council could at their discretion pay an honorarium in respect of that period.

RESOLVED TO RECOMMEND-

- (1) That the amendment of the establishment of the Borough Treasurer's Department referred to in Item 6 (a) of the Committee's report dated 23rd March, 1954, be made effective from 1st September, 1954.
- (2) That the Borough Treasurer be instructed to pay an honorarium of twenty-five guineas to Mr. J. A. Green.

10.—BOROUGH ENGINEER AND SURVEYOR'S DEPARTMENT:

(a) Shorthand Typist.

The Borough Engineer and Surveyor reported that, as authorised (Est.C., 27/10/53-3), he had transferred Mrs. J. Ratcliff, Shorthand Typist in his Department, from Shorthand Typists Scale B to Scale C with effect from 1st August, 1954, on her completing five years' approved service. Noted.

(b) Engineering Section.

The Borough Engineer and Surveyor reported that, as authorised, he had advertised two vacant posts of Assistant Engineer (Grade A.P.T. V) in his Department, but had received applications from only two candidates, neither of whom possessed the necessary qualifications. In view of the difficulty of obtaining suitable candidates for vacant posts in the Section, he suggested that consideration should be given to some amendment of the establishment and that in advertising vacancies an indication should be given of the large schemes at present contemplated by the Council.

The Borough Engineer and Surveyor also stated that he had under consideration the question of employing University graduates in Civil Engineering and would report on that matter at a later date.

The Committee noted the Borough Engineer and Surveyor's report, and after consideration RESOLVED TO RECOMMEND—

- (1) That, with effect from 1st October, 1954, the establishment of the Borough Engineer and Surveyor's Department be amended by the deletion of two posts of Assistant Engineer (Grade A.P.T. VI) and two posts of Assistant Engineer (Grade A.P.T. V) and the addition of two posts of Assistant Engineer (Grade A.P.T. VII) and two posts of Assistant Engineer (Grades A.P.T. VI/VII).
- (2) That, with effect from 1st October, 1954, Mr. F. E. Jenkins and Mr. S. W. Stratford be appointed to the posts of Assistant Engineer (Grade A.P.T. VII) and be paid salary in accordance with Grade A.P.T. VII commencing, in the case of Mr. Jenkins, at two increments above the minimum, and in the case of Mr. Stratford, at one increment above the minimum of the scale.
- (3) That the Town Clerk be instructed to advertise the vacant posts of Assistant Engineer (Grades A.P.T. VI/VII) and to draw attention in the advertisements to the engineering schemes at present contemplated by the Council.

(c) Architectural Section.

The Borough Engineer and Surveyor reported that, with the authority of His Worship the Mayor acting during the Recess, he had advertised a post of Assistant Architect (Grade A.P.T. V) which had become vacant on the resignation of Mr. B. Parkinson. He also drew attention to the duties devolving on local authorities under recent housing legislation and the additional work involved in the Architectural Section. He, therefore, recommended that the establishment of the Section should be increased by one post in Grade A.P.T. VI and that authority should be given to fill the post immediately.

RESOLVED TO RECOMMEND—That the establishment of the Architectural Section of the Borough Engineer and Surveyor's Department be amended by the addition of one post of Assistant Architect (Grade A.P.T. VI) and that the Town Clerk be instructed to advertise the vacant post.

(d) Clerks of Works.

The Borough Engineer and Surveyor reported that one post of Clerk of Works in his Department was at present vacant and another would become vacant on 17th November, 1954, on the retirement of the present occupant, and the Committee A

(e) Parks Section.

(i) Applications for Re-grading.

The Borough Engineer and Surveyor stated that he had received applications from certain members of the Parks Section of his Department for an improvement in the grading of their posts, and would submit a further report on this matter at a future meeting. Noted.

(ii) Men in Charge of Parks.

The Borough Engineer and Surveyor referred to the fact that when the grading of skilled men in the Parks Section was dealt with in September, 1951, the case of Sunnyhill Park was left in abeyance. He reported that in view of the size and facilities of the park it should be in the control of a first-class gardener in Group V, and that Mr. J. Marshall, who was carrying out the duties of the post, was, therefore, being paid in accordance with Group V.

RESOLVED TO RECOMMEND—That the action taken by the Borough Engineer and Surveyor be confirmed.

(iii) Apprentice.

The Acting Town Clerk submitted a request from the father of Mr. J. M. Smithers, an apprentice in the Parks Department, for release from the Deed of Apprenticeship with the Council. The apprenticeship was for a term of five years beginning in August, 1951, but it appeared that the apprentice could make no further headway in the Parks Department and he had applied for a course and been accepted as a student gardener at the University Botanic Gardens, Cambridge. The course commenced on the 3rd October, 1954, and request was made that the apprentice be released from his employment with the Council on the 25th September, 1954. The Borough Engineer and Surveyor concurred in the release of Mr. Smithers.

As a matter of urgency, the Committee

RESOLVED—That Mr. J. M. Smithers be released from his Deed of Apprenticeship with the Council on the 25th September, 1954.

RESOLVED TO RECOMMEND—That the action taken be confirmed.

(f) Payment of "Dirty" Money.

The Borough Engineer and Surveyor reported the receipt of an application from the National Union of Public Employees for the payment of an additional 3d. per hour to two employees of his Department as "dirty" money, and on his suggestion, it was

RESOLVED—That consideration of the application be deferred to enable the Borough Engineer and Surveyor to submit a general report on the matter at the next meeting of the Committee.

11.—MISCELLANEOUS EMPLOYEES:

The Borough Treasurer drew attention to certain employees to whom decisions of the Joint Negotiating Bodies do not automatically apply and whose rates of wages have previously been adjusted with reference to those decisions. He pointed out that the National Joint Council for Manual Workers had adjusted wage rates with effect from 8th August, 1954, and had incorporated the principle of a fixed differential of 3/8d. per week between all grades. He sought the instructions of the Committee as to any adjustment in the wages of the Miscellaneous Employees referred to.

RESOLVED TO RECOMMEND—That, with effect from 8th August, 1954, the employees mentioned in the Borough Treasurer's report be granted increases as indicated.

RESOLVED-That Mr. E. Marshall be appointed Vice-Chairman of this Committee for the remainder of the municipal year.

(c) MINUTES:

The Minutes of the last meeting of this Committee were confirmed and signed by the Chairman.

(d) REFUSE COLLECTION:

(i) Collection from Upstairs Flats.

The Joint Secretary reported on enquiries made by the Council concerning the question of insuring Refuse Collectors against the risk of injury they might sustain in collecting dustbins from upstairs flats. The Council had been advised that the Minister of Housing and Local Government had no power to authorise a local authority to incur expenditure on insurance of this kind, and they had, therefore, resolved to take no further action in the matter. Noted.

(ii) Re-organisation of Refuse Collection Service.

The Joint Secretary reported that after consultation between the Council's Officers and representatives of the Refuse Collection Service and their Union Officials, a report had been made to the Council with proposals for re-organisation of this service with a view to improving its efficiency and reducing its cost. The Council, in accordance with proposals agreed by the employees' representatives and the Union Officials, had adopted a revised scheme involving the elimination of two out of the existing 20 collection rounds and the spreading of the work over the remaining 18 rounds with consequent reduction of the number of loaders employed by six.

On a question raised concerning the duration of the trial period for working the new scheme, the Committee agreed that it was not practicable to settle a maximum period of trial, but

RECOMMEND-That the Works Committee be asked to recognise a period of three months as being the minimum trial period, after which there should be opportunity for further discussion of the working of the scheme by this Committee if this should seem desirable either to the employers' or the employees' representatives.

(iii) Wages of Refuse Collectors.

In answer to a question raised by the employees' representatives, assurances were given on behalf of the Council that the alteration required in the method of completing time sheets would not affect the basic pay of refuse collectors calculated on a 44 hour week. ANoted.

2.—HENDON AERODROME:

The Acting Town Clerk referred to press reports regarding the future of Hendon Aerodrome and submitted representations from a number of organisations urging the Council to press for the use of all or part of the aerodrome site for housing or other Council purposes. He reported that, on the instructions of His Worship the Mayor during the Recess, he had written to the Air Ministry and had received assurances that when a firm decision is reached on future plans, the Council would be consulted in accordance with the provisions of the circular relating to the town planning aspect of proposals by Government Departments and that in the unlikely event of the Ministry deciding to dispose of the airfield, the Council would be informed.

He stated that the Housing Committee had considered this matter and referred it to the General Purposes Committee with the suggestion that the Council should renew the request made by a deputation to the Air Ministry in April, 1948, that the Council should have first opportunity for the use of the land in the event of the Air Ministry deciding to terminate its use for flying purposes.

The Acting Town Clerk reported that he had informed the Edgware Coronation Hall Fund Committee of the position and had received a letter stating that that Committee had raised approximately £1,000 and did not feel prepared to appeal to the public for further money until it was known whether the Council had decided that the site in Hale Lane would be utilised for the erection of a public hall. The letter also stated that when a decision had been taken by the Council and the Coronation Hall Fund Committee were allowed to erect a board on the site, they would make every endeavour to raise half the estimated cost of a hall if the Borough Council would be magnanimous enough to provide the remaining half.

The Committee were of the opinion that in the event of the Council deciding to provide or contribute to the provision of a public hall in the Borough, it should be centrally situated with a view to serving the whole Borough. They, therefore,

RESOLVED TO RECOMMEND—That the Town Clerk be instructed to inform the Edgware Coronation Hall Fund Committee that the Council are not prepared to contribute towards the cost of providing a public hall in Edgware and await details of that Committee's proposals for the erection of a public hall on the land in Hale Lane.

The Acting Town Clerk reported the receipt of 21 circulars which had been received either from the Home Office or from the Middlesex County Council since the last meeting of the Committee. The circulars, with the exception of those referred to in (a) and (b) hereunder are of a purely administrative character.

(a) Home Office Civil Defence Circular No. 20/54.

This circular enclosed copies of the Civil Defence Corps (Sick Pay) Warrant, 1954, which gave effect to a sick pay scheme for members of the Civil Defence Corps who lose remuneration in their private employment as a result of injury or disease caused by, or arising out of, the execution of their duties as such. Civil Defence Corps personnel are to be recruited to assist in carrying out the function of casualty collection. Local Authorities will be individually notified in due course of the precise increase in the establishment of the Section, but for the purpose of recruitment to the Section during the Autumn recruiting campaign, Sub-Divisions may assume that the authorised increase will be approximately 20% of the present Sub-Divisional establishment for the Ambulance Section.

The Section will not be formally divided into sub-sections, but volunteers should be initially allocated either to ambulance duties or to casualty collection duties, but in view of the arduous circumstances in which the latter duties may be performed, the personnel allocated to them should

With the approval of the Vice-Chairman of the Committee, he had nominated Mr. W. H. Milton, the Sub-Divisional Civil Defence Officer, and Mr. W. F. B. Jones, who holds a General Instructor's Certificate and is also a qualified Headquarters Section Instructor, to attend the course.

5.—OCCUPATION OF PREMISES FOR CIVIL DEFENCE PURPOSES:

It was reported by the Acting Town Clerk that, in connection with the occupation by the Middlesex County Council for Civil Defence purposes of premises owned by the Council, it has been agreed that the rent payable for these premises under the leases granted for this purpose shall be recoverable by means of a claim for reimbursement of Civil Defence expenditure. He stated that it would be necessary to amend the leases in so far as they provide for the payment of rent by the County Council and for the deletion of provisions relating to forefeiture in the event of non-payment of rent. The properties affected are:—

Arising out of the report of the Recruiting Sub-Committee the Acting Town Clerk submitted details of the arrangements which had been made for the Recruiting Week due to take place from the 25th September to 2nd October inclusive. Arrangements had been made for cinema slides to be screened in eight local cinemas and for uniformed personnel to be on duty in the vestibules in certain cinemas for recruitment purposes.

Posters advertising the recruitment meetings and the mobile demonstrations had been displayed throughout the Borough and advertisements had been issued in the local press.

23.—ESTABLISHMENT—ACCOUNTANCY SECTION:

The Borough Treasurer reported on his review of the work carried out in the Accountancy Section of his Department and on the desirability of an increase in the present staff establishment necessitated primarily by the increase in work in connection with the extension of the Council's activities in regard to Private Street Works, Housing estates and Loans for house purchase.

RESOLVED—That this matter be referred to the Establishment Committee with the recommendation that the establishment of the Accountancy Section be varied by the addition of one post of Accountancy Assistant—Grade A.P.T. VI, and the substitution of three posts of Junior Accountancy Assistant, two of them to be on A.P.T. III and one on A.P.T. II for the existing posts on A.P.T. Grades II, III and III/IV.

26.—THE HENDON OLD PEOPLE'S HOUSING SOCIETY LTD.—ALL SAINTS' VICARAGE, CHILDS HILL, N.W.2:

The Committee considered a joint report submitted by the Acting Town Clerk and the Borough Treasurer concerning detailed provisions to be included in the mortgage with the Society for repayment of the loan to be made by the Council under Section 93 of the Housing Act, 1936. The Solicitors acting for the Society had stated that their clients would welcome some arrangement which would enable the date of the first repayment under the mortgage to be deferred beyond the date on which, in normal circumstances, it would fall due.

The Committee

RESOLVED TO RECOMMEND-

(1) That the Town Clerk be instructed to provide in the mortgage deed for the Council's loan to be advanced for a period of 60 years at a rate of interest equivalent to that

- charged by the Public Works Loan Board to the Corporation for the same period and for such loan to be made by instalments on such dates as will coincide as nearly as convenient with the dates of the payments to be made to the contractor by the Society.
- (2) That the Town Clerk be instructed to provide in the mortgage deed for repayments of principal and interest to be made as follows, subject to an agreed variation of the dates shown in the event of any delay or alteration in the estimated progress of the works:—
 - (a) The first payment of interest (calculated from the date of each instalment of the Council's loan) to be made at the 31st March, 1956.
 - (b) The first payment of principal and the second payment of interest to be made at the 30th September, 1956.
 - (c) The first payment of principal to be equivalent to that included in the first three or four instalments of a 60 years half-yearly annuity.
 - (d) Subsequent payments to be equal half-yearly payments of principal and interest combined and be made at the 31st March and the 30th September each year.

27.—SALE OF LAND:

Arising on a report by the Borough Engineer and Surveyor concerning the proposed sale of land in Abercorn Road, the Committee

RESOLVED TO RECOMMEND—That in this and other future cases of sale of land by the Council the Town Clerk be instructed to arrange for publication of suitable advertisements inviting offers for the purchase of the land available for disposal.

(c) GOLDBEATERS SECONDARY SCHOOL—STORAGE FACILITIES:

The Borough Engineer and Surveyor reported that, in accordance with the instructions of the Sub-Committee at the last meeting, he had considered the question of the practicability of providing additional storage accommodation at the Goldbeaters Secondary School as an alternative to the proposal to enlarge the existing store and had reached the conclusion that the problem could be satisfactorily solved by building in the playground a 15 ft. x 4 ft. brick shed. The estimated cost of the shed (£84) would require a supplementary estimate of £50 instead of £80 as would be the case if the existing store were extended as originally proposed.

RESOLVED TO RECOMMEND—That the Borough Education Officer be instructed to communicate with the Chief Education Officer asking the Middlesex County Council to provide a supplementary estimate of £50 to enable a store shed to be erected at the Goldbeaters Secondary School.

(d) ORANGE HILL BOYS' COUNTY SCHOOL-ELECTRICAL WIRING SYSTEM:

As instructed at the last meeting, the Borough Engineer and Surveyor submitted a report on the estimated cost of re-wiring and improving the electrical installation at the Orange Hill Boys' School, together with information as to the practicability of installing fluorescent lighting as an alternative to re-wiring.

RESOLVED TO RECOMMEND—That the Borough Treasurer be instructed to ask the Middlesex County Treasurer to add to the Hendon Divisional Executive's list of heavy repairs and renewals for 1955/56 an item of estimated expenditure amounting to £900 to meet the cost of re-wiring and improving the electricity installation at the Crange Hill Boys' County School.

(e) CAPITAL WORKS PROJECTS, 1954/55:

The Borough Engineer and Surveyor submitted details of quotations received in respect of two projects for which provision was made in the Capital Works Programme for 1954/55 and reported that, in the case of one of these, the Chairman of the Sub-Committee had provisionally authorised the acceptance of the lowest tender.

RESOLVED TO RECOMMEND—That, subject to approval by the Middlesex County Council (1) the Borough Engineer and Surveyor be instructed to accept the tender of Messrs. Morris Bros. for the conversion of a store room into a staffroom at the Orange Hill County Girls' School at a total cost of £269 15s. 0d., and (2) that the action of the Chairman of this Sub-Committee in authorising the acceptance of the tender of Messrs. (f) COLINDALE SCHOOL-ADDITIONAL ACCOMMODATION:

In accordance with the request of the Primary Education Sub-Committee at their meeting on 7th September, 1954, consideration was given to the suggestion that a kitchen and two-class-room building should be erected at the Colindale School to relieve the pressure on the accommodation. The Borough Engineer and Surveyor reported on a building of the type suggested by the Borough Education Officer which is already in use in a neighbouring area of the County.

RESOLVED—That the Borough Engineer and Surveyor be instructed to prepare, in consultation with the Borough Education Officer, and submit to this Sub-Committee for consideration sketch plans and estimates of a kitchen and two-classroom building suitable for erection at the Colindale School.

(g) COURTLAND PRIMARY SCHOOL:

(i) Lay-out of Grounds:

The Borough Education Officer submitted a letter from the Chief Education Officer, together with a plan of the proposed lay-out of the grounds of the Courtland Primary School, asking whether the proposals shown on the plan meet with the approval of the Divisional Executive.

RESOLVED TO RECOMMEND—That the Borough Education Officer be instructed to inform the Chief Education Officer that the Hendon Divisional Executive approve the lay-out as shown on the plan accompanying his letter of 5th October, 1954, but they recommend that the flowering fruit trees to be planted in the grounds be selected from edible varieties instead of those referred to in the specification.

(ii) Telephone Extension to Schoolkeeper's House:

Consideration was given to the remoteness of the situation of the Courtland School and of the possible danger of burglary.

RESOLVED TO RECOMMEND—That the Borough Education Officer be instructed to ask the Chief Education Officer to advise the Middlesex Education Committee that, in the opinion of the Hendon Divisional Executive, it is desirable that the Schoolkeeper's house be provided with a telephone extension from the school building.

(h) HENDON COUNTY SCHOOL-MINOR IMPROVEMENT:

A letter was submitted from the Headmaster of the Hendon County School intimating that, since the inspection of his school by the Special Visiting Sub-Committee he had, in consultation with his staff, formed the opinion that it would be an advantage if the gas cooker and sink in the small room to be used for sixth form study could be retained and he would accordingly be glad if the Education Committee would reconsider any decision they might have taken to remove such equipment.

RESOLVED—That the Borough Engineer and Surveyor be instructed to furnish, for the consideration of this Sub-Committee at the next meeting, a plan showing details of the room referred to by the Headmaster of the Hendon County School.

(i) PURSLEY ROAD PLAYING FIELD-PAVILION:

The Borough Engineer and Surveyor reported that the sum of £1,000 which had been provisionally included in the Education Budget for 1954/55 for the purpose of enabling the first instalment of a pavilion to be erected at the Pursley Road Playing Field would be insufficient to permit any really effective work to be undertaken such as would meet the requirements of the Hendon County School for changing room accommodation, etc. Having regard to the fact that the Hendon Divisional Executive had decided to make no provision in the Education Budget

(a) PAYMENT BY THE MIDDLESEX COUNTY COUNCIL FOR THE SERVICES OF TOWN CLERKS AND BOROUGH TREASURERS:

The Town Clerk reported that in March, 1953, the Education Committee received a letter from the Middlesex County Council setting out the terms upon which the County Council were prepared to enter into agreements with the Councils of Excepted Districts regarding the payments to be made for the services of Town Clerks and Borough Treasurers.

In regard to the services of Town Clerks, the County Council offered a maximum of £300 per annum to cover the services of Town Clerks and other staff, and accommodation. Education Committee authorised their Chairman and Vice-Chairman, together with the Chairman of the General Purposes Sub-Committee to give directions on this matter, and they agreed that action by the Council should be deferred until the Treasurers of the Excepted Districts had conferred on the County Council's proposals. This Conference took place in April, 1953, and subsequently the question was taken up by the Middlesex Excepted Districts' Association.

The Association was represented by a number of Town Clerks and Borough and District Education Officers at a Conference between the Clerk of the County Council and the Chief Education Officer.

The Town Clerk reported that he had now received a letter from the Middlesex Excepted Districts' Association which indicated that negotiations in regard to the payments for the services of Borough and District Treasurers were not yet complete but that, in regard to payments for the services of Town Clerks, the Association recommended the acceptance of the proposal reached at the Conference with the County Officers that a sum of £350 per annum should be paid as from the 1st April, 1954.

RESOLVED TO RECOMMEND—That the proposal for payment by the Middlesex County Council of £350 per annum from 1st April, 1954, for the services of the Town Clerk and his staff be approved.

(a) COMMUNITY CENTRES:

With reference to Item (b) (ii) of the Report of this Sub-Committee dated 8th June, 1954, the Borough Education Officer reported that he had received information to the effect that the appropriate Committee of the Middlesex County Council had given approval in principle to the proposal that the Claremont Day Nursery should be adapted for use as a Community Centre. The Chief Education Officer had intimated, however, that there are objections to schemes costing more than £1,000 and had suggested the Divisional Executive should submit a revised scheme at a reduced cost to be executed, if possible, during the current year or, failing that, to be put in the Divisional Executive's list of capital projects for the financial year 1955/56.

Any approval to the project should, therefore, be subject to an extension of the lease and to any necessary planning permission.

Mr. Dickinson reported that in view of the deteriorating state of the building, the Claremont and District Community Association requested that permission be given for the Association to have the immediate use of the Day Nursery, pending a decision by the County Council regarding the proposed adaptations. He assured the Sub-Committee that, if given permission to occupy the building, the Association would undertake to effect the urgent temporary repairs needed and thus prevent further deterioration.

In the light of previous experience regarding the rapidity with which such buildings have deteriorated when left vacant the Sub-Committee considered this to be a satisfactory solution to the immediate problem, and accordingly

RESOLVED, as a matter of urgency-

- (i) That the matter be referred to the appropriate Committees of the Hendon Borough Council with a view to the existing lease to the County Council being extended beyond the 5th July, 1958, to enable the Claremont Day Nursery to be used as a Community Centre and for the appropriate steps to be taken for the grant of planning permission for a period extending beyond 1st May, 1959.
- (ii) That the Borough Engineer and Surveyor, in consultation with the Hon. Secretary of the Association, be instructed to prepare a revised scheme for adapting the Claremont Day Nursery for use as a Community Centre at a cost not exceeding £1,000.
- (iii) That the Borough Education Officer be instructed to submit the revised scheme to the Chief Education Officer as soon as possible with the request that, subject to the lease being extended and planning permission being granted, arrangements be made for the work to be executed during the current financial year.
- (iv) That the appropriate amount be provided in the Divisional Executive's list of capital projects for 1955/56 so that the work can be carried out during that year if it is not possible to undertake it before the end of the current financial year.
- (v) That in view of the fact that the condition of the Claremont Day Nursery is deteriorating, the Borough Education Officer be instructed to inform the Chief Education Officer that this Sub-Committee is anxious that such deterioration should be arrested and requests that the Claremont and District Community Association be granted the immediate use of the building as a Community Centre, on the understanding that the Association will effect the necessary temporary repairs, until such time as any approved adaptations are carried out.

RESOLVED TO RECOMMEND—That the action taken be confirmed.

The Town Clerk reported that as instructed he had written to the Middlesex County Council protesting at the delay which was taking place in the installation of traffic control signals at the junction of North Circular Road, Brent Street and Golders Green Road (Golders Green Ward). He submitted a reply stating that considerable work was necessary in respect of mains belonging to public utilities, and that the work had to be carried out in small sections to avoid closing the junction to traffic. The County Engineer had stated, however, that it was expected that the traffic signals would be available for operation within a few days and although the surface was still to be laid it was expected that this work would be completed within three weeks. Noted.

10.—GOLDERS GREEN CROSS ROADS—PROPOSED WAITING RESTRICTIONS:

The Committee received a petition signed by 15 traders in North End Road (Childs Hill Ward) asking that the Council should not extend the guard rails at Golders Green Cross Roads along North End Road.

The Town Clerk formally reported that, as instructed, he had asked the Ministry of Housing and Local Government to receive a deputation to discuss the Council's application for loan consents totalling £279,000 for the balance of the improved street lighting programme, and had been informed that the Minister was prepared to issue loan consents for the loans applied for on the understanding that loans would be raised only as and when required to meet the programmed expenditure. He stated that on this information being given to the Council at its meeting on the 11th October, 1954, it was agreed that no further action should be taken with regard to a deputation. Noted.

12.—STREET LIGHTING AGREEMENTS:

The Town Clerk reported the receipt of a letter from the Eastern Electricity Board stating that after a review of street lighting charges in the light of increases in costs and changes in other circumstances, they found it necessary to give notice determining on 31st March, 1955, the existing arrangements for the supply of electricity and maintenance of the street lighting installations in the Borough. The Board indicated that they would notify the Council in due course of the terms available after 31st March, 1955. Noted.

The Borough Engineer and Surveyor reported that in view of the nature of the reply received from the Ministry of Housing and Local Government to the application for loan consent, he had consulted the Eastern Electricity Board and it appeared that with the co-operation of the Board it would be possible to complete the improved lighting programme within a period of three years

14.—FLOWER BOWLS ON LAMP COLUMNS:

In accordance with the undertaking given by the Chairman at the meeting of the Council on the 11th October, 1954, the Committee gave further consideration to certain matters relating to flower bowls on lamp columns. The Borough Engineer and Surveyor reported that if the autumn planting of bulbs were dispensed with the maintenance costs could be reduced by £140 per annum, that it was proposed to use trailing plants in future planting schemes, but that the attachment of the bowls to the lamp columns at a lower level was impracticable.

RESOLVED TO RECOMMEND—That the Borough Engineer and Surveyor's proposals for the use of trailing plants be approved and that the autumn planting of bulbs in the flower bowls be dispensed with.

15.—WATFORD WAY—JUNCTION WITH COLINDEEP LANE:

The Town Clerk reported that, in accordance with the instructions of the Committee on the recommendation of the Road Safety Campaign Sub-Committee, he had asked the Ministry of Transport to investigate traffic conditions at the junction of Watford Way with Colindeep Lane (Central Ward) with a view to an improvement being effected. He stated that the Divisional Road Engineer had investigated the conditions and drawn up tentative plans for an improvement in the lay-out, but had pointed out that no funds were available for carrying out the work at the present time.

RESOLVED TO RECOMMEND—That the Borough Engineer and Surveyor be instructed to ask the Divisional Road Engineer to furnish details of the tentative plans prepared for an improvement in the lay-out at this junction.

16.—BRIDGES IN SELVAGE LANE AND DEANS LANE:

At their meeting on the 12th April, 1954 (Hi.C., 15/3/54—16) the Council received a letter from the Mill Hill Ratepayers' and Residents' Association expressing concern at the danger experienced by pedestrians on the bridges in Selvage Lane and Dean Lane (Mill Hill Ward) by reason of the narrow pavement.

The Town Clerk reported that, as then instructed, he had informed the Association that provision had been made for the improvement of the bridges in the Budgetary Control Programme, but that no steps could be taken at the present time when more urgent improvements in the Borough were being dealt with. He submitted a further letter from the Association suggesting that there was some urgency to prevent probable accidents on the bridges, and asking that consideration should be given to the construction of a footway on the outside of the bridges, as a temporary measure. After consideration, the Committee

RESOLVED—That the Borough Engineer and Surveyor be instructed to arrange for the painting of a white line on the approach to the Selvage Lane bridge to ensure that traffic approaching from Watford Way keeps to the left of the road.

RESOLVED TO RECOMMEND—That the action taken be confirmed, but that no action be taken for the temporary improvement of the bridges on the lines suggested by the Mill Hill Ratepayers' and Residents' Association.

The Borough Engineer and Surveyor reported that the Eastern Electricity Board had sought consent to the modernisation and extension of the existing sub-station situate on land between Hampstead Way and Willifield Way which had been acquired by the Council to be maintained as an open space forming part of the highway. The Board's proposals involve the installation of a transformer and switch gear pillar on a site adjoining the existing footpath, after which the existing sub-station would be disconnected and removed.

After considering the report of the Borough Engineer and Surveyor, the Committee

RESOLVED TO RECOMMEND—That, subject to the terms being approved by the District Valuer, the Town Clerk be instructed to obtain the consent of the Minister of Housing and Local Government and to complete a lease to the Eastern Electricity Board of an area of 22 square yards forming part of the open space at the junction of Willifield Way and Hampstead Way for a period of 60 years at a rent of £1 per annum on the

21.—PARKING OF CARS AT SOMERTON ROAD AND THE VALE:

The Town Clerk reported the receipt of a complaint that portions of Somerton Road, The Vale and Claremont Road (Childs Hill Ward) had been marked with white lines and that employees of Handley Page Ltd. were controlling the parking of cars in those roads. He stated that, with the concurrence of the Chairman, he had made enquiries of the firm and had pointed out that there was no authority for them to mark the highway in this way, or for their employees to regulate the parking of vehicles on the highway.

He submitted a reply stating that the matter arose from the Company's efforts to assist the Police in preventing obstruction of the highway and that they had given instructions to their employees as to the parking of cars but that the marking of the highway had been done without authority. The instructions given to their Works Police were for the control of parking by employees only, but the Company suggested to the Council that the markings on the highway should now be allowed to remain.

He stated that the Minister proposed to review the working of the stopping place at the end of the experimental period and in the absence of any observations from the Council would ask the London Transport Executive to observe the stopping place until further notice. As a matter of urgency, the Committee

RESOLVED—That the Town Clerk be instructed to inform the Ministry of Transport that the Council have no observations to offer in this matter.

RESOLVED TO RECOMMEND—That the action taken be confirmed.

23.—LONDON TRANSPORT—CONVERSION OF TROLLEYBUS SYSTEM TO DIESEL TRACTION:

The Town Clerk submitted a letter from the London Passengers' Association referring to the decision of the British Transport Commission virtually to abolish the trolleybus system in London and replace it with diesel-engined 'buses. The Association suggested that in view of the large expenditure involved and the capital charge which would be imposed on the undertaking, a further increase in fares would result from the change and they sought the Council's support in their request that the trolleybuses remain and the conversion be abandoned.

At their meeting on the 12th July, 1954 (G.P.C., 28/6/54—30) the Council decided not to support representations on this matter made by the London and Home Counties Electric Traction Society. Having considered the matter further, however, the Committee

(c) TRAFFIC SIGNALS:

The Town Clerk reported that, on the instructions of the Highways Committee, the London Council for the Prevention of Accidents had been asked to request the Ministry of Transport to consider the question of securing that at traffic signals where "filtering" is allowed it should not be interrupted during the short period that the red and amber lights are shown together. This matter was considered by the London Council at its July meeting when the Ministry of Transport's representative had stated that the interruption was often due to faulty mechanism and that the Ministry were checking on all such installations. RECOMMEND—That the Town Clerk be authorised to incur expenditure not exceeding £25 during the current financial year in connection with the organisation and activities of the Hendon Junior Accident Prevention Council.

(g) REPAIR OF ROADS:

The Sub-Committee considered the following resolution passed at a meeting of the Hendon Junior Accident Prevention Council:—

"That this Council considers that the practice of leaving loose stones on the road after road surfacing is a potential danger to pedal cyclists and motor cyclists, and ask the Road Safety Campaign Sub-Committee to consider recommending to the Borough Council that loose stones should be removed from the highway within 14 days after the re-surfacing of the road."

The Borough Engineer and Surveyor reported that the practice of the Council was to remove such loose stones within a few days of resurfacing.

The Sub-Committee consider that danger is caused to pedal cyclists by loose stones being left on road surfaces after openings made by Public Utility Companies have been temporarily filled in pending proper reinstatement. They accordingly

RECOMMEND—That the Borough Engineer and Surveyor be instructed to request the Public Utility Companies concerned to ensure, in the interests of road safety, that no loose stones are left on the road surfaces when road openings are filled in pending the carrying out of reinstatement works.

(h) ROAD SAFETY GRANT:

j) TRAFFIC CONDITIONS—WATLING AVENUE, JUNCTION WITH BLUNDELL ROAD AND EVERSFIELD GARDENS:

The Sub-Committee gave consideration to traffic conditions at the junction of Watling Avenue, Woodcroft Avenue, Blundell Road and Eversfield Gardens, and

RECOMMEND—That the Borough Engineer and Surveyor be instructed to arrange for the word "Slow" to be painted on the carriageway on the approach side of Eversfield Gardens and Blundell Road near their junction with Watling Avenue.

(k) WOODCROFT AVENUE JUNCTION WITH BUNNS LANE:

The attention of the Sub-Committee was drawn to the danger to traffic proceeding from Woodcroft Avenue to Bunns Lane during the hours of darkness owing to this being a "T" junction. The Sub-Committee

RECOMMEND—That the Borough Engineer and Surveyor be instructed to arrange for suitable markings to be placed at the junction of Bunns Lane with Woodcroft Avenue to indicate to drivers approaching Bunns Lane from Woodcroft Avenue that it is a "T" junction.

(1) DRIVING TESTS:

The Sub-Committee received a report on the Safe Driving Tests held at the Hendon Aerodrome on the 23rd May, 1954, and on the possibility of arranging a similar event for 1955, and

RECOMMEND—That a series of driving tests be held at a suitable date in 1955, in conjunction with the Finchley Road Safety Committee and an appropriate Motor Car Club, at an estimated cost to this Council of £75, and that the Chairman and Mr. P. 7.—DEANSBROOK PLAYGROUND:

The Borough Engineer and Surveyor submitted a report with regard to the above-mentioned playground which was acquired by the Council in 1952 for public open space purposes. Two applications had been received from owners of adjoining property to purchase the land from the Council. The Borough Engineer and Surveyor had, therefore, prepared a scheme dealing with the portions of the stream for which the Council are liable. (See also Item 19 of this report.) The estimated cost of carrying out improvement works to the portion of the stream through Watling Park is £1,700. To enable the scheme to be carried out successfully, it is essential for the remaining portions of the stream to be dealt with where necessary. No financial provision has been made in the current rate estimates to cover the expenditure involved.

RESOLVED TO RECOMMEND—

- (1) That, subject to the Middlesex County Council agreeing to undertake the necessary improvement works to the remaining portions of the stream under their control, the Borough Engineer and Surveyor be instructed to arrange for the work of improvement to the portion of the stream in Watling Park to be carried out at an estimated cost of £1,700.

1.—REQUISITIONS:

Requisitions amounting to £4,922 11s. 11d. were submitted and approved.

2.—JOINT REFUSE DISPOSAL SCHEME—HENDON AND WILLESDEN:

The Town Clerk reported that the Minister of Housing and Local Government had decided to hold a Public Local Inquiry on the 11th November next at 10 a.m. at this Town Hall, in connection with the Council's application for a loan sanction in respect of the above-mentioned scheme. Noted.

3.—SALVAGE SUMMARY RETURN:

The Borough Engineer and Surveyor submitted a statement, copies of which had previously been circulated, showing the tonnage of salvage disposed of annually from 31st March, 1951 to 27th March, 1954, and for the period from 28th March to 25th September, 1954, together with particulars of the value of salvage under the various headings. Noted.

4.—PUBLIC CONVENIENCES—WASHING FACILITIES:

In accordance with the Committee's instructions, the Borough Engineer and Surveyor submitted a report on the provision of washing facilities at the public conveniences during the period the conveniences are not staffed. In most cases, the washing facilities are provided in the attendant's room, which is kept locked between 7.30 a.m. and 3 p.m., but cold water washing facilities and paper towels are available at all times at Brent Street and West Hendon Conveniences.

The estimated cost of the provision of cold water washing facilities by means of one wash handbasin and paper towels in each section of the remaining conveniences is as follows:-

Consideration was given to the question of the provision of hot water facilities in the conveniences, but it was felt that this provision was inadvisable whilst the attendant is not present. No financial provision has been made in the rate estimates for expenditure in connection with the provision of these facilities.

RESOLVED TO RECOMMEND-

- That the Borough Engineer and Surveyor be instructed to arrange for the provision of cold water washing facilities at the public conveniences referred to above at an estimated cost of £155.
- (2) That a supplementary estimate of £155 be approved to cover the expenditure involved.

5.—ACCIDENTS TO CORPORATION'S VEHICLES:

Arising out of consideration of a report submitted by the Borough Engineer and Surveyor with particulars of accidents to the Corporation's vehicles during the month of September, 1954, the Committee

RESOLVED TO RECOMMEND—That the Borough Engineer and Surveyor be instructed to arrange for Driver (A.C.M.) to be relieved from driving, but to be retained as leader of a refuse collection team.

6.-PIG KEEPING:

In accordance with the Committee's instructions, the Town Clerk submitted a report on certain aspects of the Council's pig keeping activities and the Borough Engineer and Surveyor, in consultation with the Borough Treasurer, submitted a report with regard to the costs of the undertaking.

After full consideration of the matter, the Committee

RESOLVED TO RECOMMEND—That the Council continue their pig keeping activities for the time being.

7.—DISPOSAL OF KITCHEN WASTE:

The Town Clerk submitted a memorandum from the Borough Education Officer enclosing a copy of a circular received from the Chief Education Officer intimating that the General Purposes and Finance Sub-Committee of the County Education Committee had considered the existing arrangements for clearing swill bins at school canteens. The Sub-Committee had decided that in those areas where Local Authorities collect kitchen waste, they should be asked to cleanse the swill bins and to consider the possibility of making a payment to the County Council for the swill collected.

The Borough Engineer and Surveyor informed the Committee that the Council already cleanse the bins but make no payment to the County Council for kitchen waste collected from the school canteens and that in point of fact the market for the sale of kitchen waste was becoming difficult.

RESOLVED TO RECOMMEND—That the Town Clerk be instructed to inform the Chief Education Officer (a) that it is the practice of this Authority to cleanse swill bins, (b) that the Council are unable to agree to pay for the kitchen waste collected from school canteens, and (c) that it may be necessary for the Council to review its arrangements and make a charge for the collection of kitchen waste from school canteens.

8.—PROPOSED TRANSPORT GARAGE AND RE-ORGANISATION OF HENDON WAY DEPOT:

In accordance with the Committee's instructions the Borough Engineer and Surveyor submitted revised plans and estimates to give effect to the views expressed by the Committee for the pro-

The Borough Engineer and Surveyor also reported details of further suggested amendments which, if adopted by the Committee, would result in the estimated cost of the scheme being the sum shown in Manuscript in the Committee's Minute Book.

The Borough Engineer and Surveyor stated that a report on the future administration of the Depot would be submitted by him as soon as possible.

The Committee have given very full consideration to the Scheme and to the suggested amendments of the Borough Engineer and Surveyor, and have

- (2) That the Borough Engineer and Surveyor be instructed to obtain tenders for carrying out the necessary work.
- (3) That the Town Clerk be instructed to make application to the Minister of Housing and Local Government for an authorisation under Defence Regulation 56A and for consent to the borrowing of the appropriate sum for a period not exceeding 30 years.
- (4) That the Borough Treasurer be instructed to make application to the Public Works Loan Board for a loan of the appropriate sum for a period not exceeding 30 years.

9.—PURCHASE OF CAR:

The Borough Engineer and Surveyor submitted a report with regard to the provision of a car for the use of the Town Clerk in accordance with the Council's approved scheme for the provision of cars for certain Chief Officers. The Austin car used by the former Town Clerk is a 1937 model purchased second-hand in 1940 and is too old to retain in service and it is now considered desirable to replace it with a new Austin A.90 at a cost of £835.

RESOLVED TO RECOMMEND-

- (1) That, subject to the execution of a contract in a form to be approved by the Town Clerk, the Borough Engineer and Surveyor be instructed to place an order with Car Mart Limited for the supply of a new Austin A.90 to be delivered early in the next financial year.
- (2) That a sum of £835 be provided in next year's draft rate estimates to cover the expenditure involved.

10.—REFUSE COLLECTION VEHICLES:

The Borough Engineer and Surveyor reported in detail the present arrangements for dealing with refuse in the northern part of the Borough by means of tractor-trailers.

He further reported that a supplementary estimate would be required to cover the cost of essential repairs and that these trailors were extremely costly to maintain and were due for replacement in 1955/56. A trailer and tractor had that day been totally destroyed by fire. The Borough Engineer and Surveyor advised the Committee, that, in his opinion, the existing vehicles should be replaced as soon as possible, in order to maintain the refuse collection service, by six large capacity vehicles. Trials had been carried out on two vehicles of different makes which had been lent for the purpose and the Committee received a report on the results obtained during these tests, together with the quotations for each.

After full consideration of the matter, it was

RESOLVED TO RECOMMEND-

(1) That, subject to the execution of a contract in a form to be approved by the Town Clerk, the Borough Engineer and Surveyor be instructed to place an order with

6.6.7

Gordon Cars (London) Ltd. for the supply of six Loadmaster diesel engined vehicles with traction tyres and rubber wings at a total cost of £17,988 to be delivered at the rate of two in January, two in February and two in March, 1955.

- (2) That supplementary estimates amounting to £1,580 for repairs to the existing vehicles and £17,988 for the supply of the six new vehicles be approved to cover the expenditure involved.
- (3) That Standing Order No. 51 (b) be suspended so far as this item is concerned.

11.—INSTITUTE OF WORKS AND HIGHWAYS SUPERINTENDENTS—ANNUAL CONFERENCE, 1954:

The Committee duly noted a report prepared by the Highways Superintendent on the above-mentioned Conference which he attended as the Council's delegate.

RESOLVED-That the Highways Superintendent be thanked for his report.

12.—FORMER MAINTENANCE SUPERINTENDENT (TRANSPORT AND ELECTRICAL):

In accordance with the Committee's instructions the Town Clerk, the Borough Treasurer and the Borough Engineer and Surveyor submitted a comprehensive Joint Report on this matter, together with a review of the system of control of expenditure and materials with recommendations where necessary for revision in procedure. A copy of the report, which is entered in the Committee's Minute Book, had been circulated to each member of the Council.

After full consideration of the matter, it was

RESOLVED TO RECOMMEND-

- (1) That the Joint Report be received and that the recommendations contained therein be approved and adopted.
- (2) That the Council revert to the practice of entering into annual contracts for the supply of goods and materials based on tenders received in response to public advertisements and that the appropriate Officers be instructed to submit to the Committees concerned lists of the goods and materials concerned.

1.—RENT VARIATION SCHEME:

The Chairman reminded the Committee of the terms of the recommendation giving rise to this meeting which was adopted by the Council on the 11th October, 1954 (Hsg.C., 20/9/54—6) and the Committee received 17 representatives of the 9 Associations of Council tenants.

The Chairman outlined to the Associations' representatives the considerations which had given rise to the Council's decision to operate a Rent Variation Scheme and the objects which it was expected such a scheme would achieve. Spokesmen from the Associations represented were invited to address the meeting, and their views were expressed by Messrs. B. Pascoe, F. Nelson and J. Dowling.

In order to clarify points of difficulty, questions were then put both by and to Members of the Committee and representatives of the Tenants' Associations respectively, as a result of which the following assurances were given by the Committee and accepted on behalf of the Associations:—

- (1) That it was hoped that individual tenants would be notified of the new maximum rents applicable to their dwellings by January, 1955.
- (2) That a further opportunity would be given to the Tenants' Associations to be represented at a meeting of the Committee before the scheme was put into operation in April, 1955.
- (3) That the application of the scheme would involve no change in the Council's policy as to the allocation of tenancies, transfers and exchanges.

After expressing their thanks to the Committee the representatives of the Tenants' Associations, withdrew. The Committee

RESOLVED—That further consideration be given at the next meeting of the Committee to the views expressed by the representatives of the Tenants' Associations, and that the Town Clerk be instructed to submit at that meeting the principles of the scheme set out in full, together with notes of the points raised by the tenants' representatives

The Town Clerk, in accordance with the Committee's instructions, reported the various resolutions which had been recorded concerning the operation of a Rent Variation Scheme and submitted a summary thereof, together with a record of the views expressed by representatives of the 9 Council Tenants' Associations who attended the special meeting of the Committee held on Friday, 15th October, 1954, and presented a statement prepared by the Borough Treasurer showing a comparison between existing levels of net rent and the proposed maximum and minimum net rents under the scheme, together with the levels of income at which those rents would be payable.

In view of the assurances given at the special meeting of the Committee on the 15th October, 1954, that it was hoped that individual tenants would be notified of the new maximum rents applicable to their dwellings by January, 1955, and that further opportunity would be given to the Tenants' Associations to be represented at a meeting of the Committee before the scheme was put into operation, the Committee

In regard to a suggestion advanced by the Minister concerning steps which might be taken to secure the co-operation of private owners of property, the Committee

RESOLVED TO RECOMMEND—That the Housing Officer be instructed to approach private owners of property in the Borough with a view to arranging a meeting between them and the Chairman of the Committee.

8.—PROPOSED CLOSING ORDERS:

Noted.

12.—HOUSING SITE NO. 8—SPUR ROAD, EDGWARE:

(a) Decision of Local Planning Authority.

The Town Clerk reported that, in accordance with the instructions given by the Council on the 11th October, 1954, he had taken the necessary preliminary steps in regard to the lodging of an appeal to the Minister of Housing and Local Government against the refusal by the Middlesex County Council as Local Planning Authority to grant the planning permission sought by the Council in respect of the development of this site by the erection of 392 flats. Noted.

(b) Representation on the Society.

Town Clerk reported that at the invitation of the Society he had attended a meeting of its Management Committee on the 24th September, 1954, when there was discussion of the manner in which the local authorities concerned should be represented on the Society. It was pointed out that under the Society's rules any local authority which was a shareholder had a right to nominate one representative for each of its holdings of one thousand pounds worth of shares or any fraction thereof, and that the local authority could change its nomination at will. The Society had suggested that Hendon (in common with the other authorities concerned) should apply for one share of £1 and nominate a representative and also that an individual to be selected by the Council should himself apply for one share of £1. The Management Committee would then arrange for the nominated representative of the Council and the individual shareholder to be appointed members of the Management Committee.

RESOLVED TO RECOMMEND—That, subject to any necessary authority being obtained, the Council do apply for one share of £1, nominating the Chairman of the Housing Committee for the time being as a representative, and that the Town Clerk be selected as the individual shareholder and that he apply for one share of £1.

In view of the state of progress of the work and in order to ensure

1

that ceremonial arrangements would not adversely affect the progress of building work, the Chairman informed the Committee that he had given instructions that the proposed ceremony be not proceeded with.

RESOLVED TO RECOMMEND-

- (1) That the action of the Chairman be confirmed.
- (2) That the presentation trowel and case, purchased in 1952 with a view to its use in connection with this ceremony, be retained for use on some other suitable occasion.

15.—HENDON HOUSING ASSOCIATION:

In furtherance of the Council's decisions on this subject (Hsg.C., 11/1/54-37), the Town Clerk reported that before the Council could proceed to lease to the Hendon Housing Association the land comprised in the under-mentioned Compulsory Purchase Orders it had been necessary to make a reference to the Lands Tribunal under the provisions of the Lands Clauses Consolidation Act, 1845, because the ownership of the land was unknown. The President of the Tribunal had, in due course, appointed Mr. Cecil H. Bailey, F.R.I.C.S., to determine the amount of compensation payable by the Council in respect of the land under the provisions of the Lands Clauses Consolidation Act, 1845, and the Land Tribunal Act, 1949, and the Land Tribunal rules made thereunder. On the 28th September, 1954, Mr. Bailey had determined the compensation as follows :-

Т		Borough of (Plot No. 3			on Roa	ad) Cor	npulsor	y Purch	hase C	rder 	, 1953	£10

In each case the amount of the compensation had been paid into the Bank of England to the account of an unknown owner and a Certificate of Lodgment had been obtained from the Accountant-General. The Town Clerk further stated that, in each case, the necessary Deed Poll vesting the land in the Council had been executed and application would shortly be made to H.M. Land Registry for an Absolute Title. When this latter formality had been completed the Council would be in a position to lease the land to the Housing Association. Noted.

The Housing Officer referred to vacant land adjoining No. 1, Garth Road which had until recently been used as an allotment by the Childs Hill School. On the site being relinquished by the Education Authority he had considered, in consultation with the Borough Engineer and Surveyor, the practicability of using the land as a site for the erection of an old persons bungalow or garages, and that in view of the fact that it was impracticable to use the land for the above-mentioned purposes he had let it as an allotment at a rent of 30/- per annum.

31.-HOUSING SITE NO. 33-NORTHWAY CIRCUS, MILL HILL:

The Borough Engineer and Surveyor reported that before approving the tender of John Laing & Son Ltd. for building on this site the Ministry of Housing and Local Government required the omission from the tender of a number of items, including the provision of a dwarf boundary wall to Watford Way and Barnet Way. A condition of planning permission was that a fence of a type not easily climbable be erected and maintained along these frontages and the Ministry of Transport had agreed to the planting of a thorn hedge along the frontages and, while this was growing, the provision of a 5 ft. cleft chestnut pale fence. This proposal met with the agreement of the Ministry of Housing and Local Government.

The Committee were satisfied that under the terms of the agreement between the Council and A. W. Curton Ltd. for the sale of the land as completely serviced property it was reasonable that the Council should bear this additional expenditure, and

RESOLVED TO RECOMMEND—That, subject to his being satisfied as to the amount of the additional charges made by the Company, the Borough Treasurer be instructed to pay to the Colne Valley Water Co. the amount of the additional expenditure referred to above.

37.—HOUSING SITE NO. 39—NEW BRENT STREET, HENDON:

1.—TOWN AND COUNTRY PLANNING ACT, 1947, SECTION 17:

(a) Spalding Hall, Victoria Road.

As instructed at the last meeting of the Committee, the Town Clerk submitted a further report on the application submitted for a determination as to whether or not planning permission is required in respect of the change in the use of Spalding Hall, Victoria Road (Central Ward), from the storage and distribution of welfare foods to use for office purposes.

After considering the report, the Committee

RESOLVED-

- (1) That it be determined that the proposed change of use does not constitute or involve development within the meaning of the Town and Country Planning Act, 1947, and that no application for permission is required under Part III of the Act in respect
- (2) That the Borough Engineer and Surveyor be instructed to notify the applicants accordingly.

(b) "Prince Albert" Public House, Golders Green Road, N.W.11.

The Town Clerk reported that, as instructed (B. & T.P.C., 20/9/54-13), he had informed the applicant that in the opinion of the Council a further application for planning permission would be necessary for the use of the war damaged assembly room now to be reinstated at the "Prince Albert" Public House, Golders Green Road (Garden Suburb Ward) as a dance hall. He submitted a reply stating that there was no intention of using the room as a public dance hall, but that a music and dancing licence was required for those occasions when musical entertainers were engaged at functions. He stated that the applicant had, therefore, submitted an application for a determination under Section 17 of the Act as to whether or not planning permission would be required for the use of the premises as a dance hall.

After considering the report, the Committee

RESOLVED-That it be determined that the use of the room referred to as a dance hall does/constitute or involve development within the meaning of the Town and Country Planning Act, 1947, and that an application for permission is required under Part III of the Act in respect thereof; and that the Town Clerk be instructed to inform the applicant accordingly.

2.—NOS. 13 AND 14, HENDON PARK ROW:

The Town Clerk reported the receipt of the decision of the Minister of Housing and Local Government on the appeal relating to the erection of a fence between Nos. 13 and 14, Hendon Park Row (Garden Suburb Ward). In this case permission was refused by the Council on the grounds that the proposed development would be prejudicial to the amenities of the adjoining property. The appellant stated that he had increased the height of the fence from 7 ft. to 11 ft. for domestic reasons, but for the Council it was contended that the structure did not present a pleasing outlook from the adjoining windows, that more diminution of light must result and that a 7 ft. fence was reasonably adequate.

In the opinion of the Minister there was no injury to the amenities of the neighbourhood caused by the fence and he saw no adequate reason for withholding permission. He had, therefore, allowed the appeal and granted permission for the retention of the fence.

The Town Clerk stated that authority had previously been given (B. & T.P.C., 26/10/53—11) for enforcement action in this case, and the Committee

RESOLVED-That no further action be taken in the matter.

He stated that the garage had been reconstructed to conform with the permission later granted except for the fact that the roof still projected twelve inches too far towards the road.

RESOLVED-That no further action be taken in this matter.

5.—CARAVANS:

(a) High Street, Elstree.

The Town Clerk referred to the authority given by the Chairman for the institution of proceedings under Section 345 of the Middlesex County Council Act, 1944, in respect of the keeping of a caravan on land between 6a and 7, Wilsons Cottages, High Street, Elstree (Edgware Ward), and stated that before the date fixed for the hearing the caravan had been removed and he had, therefore, obtained leave from the Magistrates to withdraw the Summonses. 1.—DECISIONS OF JOINT NEGOTIATING BODIES:

The Committee were informed of decisions reached by the National Joint Council and the Middlesex Joint Council for Local Authorities' Services (Manual Workers) relating to the wages of certain Sewer-men and Sewer-men Gangers and Semi-skilled Engineering Workers. Borough Treasurer reported that no employees of the Council were affected by the decisions relating to Sewermen, but two semi-skilled Engineering employees of the Council were affected and the cost of implementation of the decisions was estimated at approximately £12 for a full financial year and approximately £6 for the remainder of the current financial year. Noted.

2.—FILLING OF VACANT POSTS:

The Town Clerk reported that, as instructed (Est.C., 22/6/54-11 (a)), the Chief Officers had considered the filling of vacant posts and the requirements of paragraph 28 of the National Scheme in the light of difficulties arising in the appointment of staff from the operation of the examination bar, particularly where suitable persons are already available on the Council's staff.

The Chief Officers expressed the opinion that the Council should have a discretion to promote officers in appropriate cases without strict compliance with paragraph 28 of the National Scheme, subject to the Chief Officer concerned being satisfied that the Officer, although not at the time complying with paragraph 28, will eventually obtain the necessary examination qualification in his particular sphere. They suggested that the promotion permitted in this way should be limited to posts graded not higher than the maximum of Grade A.P.T. IV or the maximum of any grade which may be substituted therefor.

RESOLVED TO RECOMMEND-That this matter be referred to the Council and Staff Joint Committee for consideration and report and that in the meantime the Town Clerk be instructed to inform the Middlesex District Whitley Council of the difficulties which are being experienced and seek their views on the matter.

3.—TOWN CLERK'S DEPARTMENT:

(a) Senior Assistant Solicitor.

The Town Clerk reported that the General Purposes Committee at their last meeting had received a report with regard to the absence through illness of Mr. J. Medical Officer, he could be granted retirement benefits on grounds of permanent ill-health with effect from 21st June, 1955. The General Purposes Committee had referred this proposal to the Establishment Committee with a recommendation for their approval.

The Town Clerk also reported that the General Purposes Committee had considered the filling of the vacancy and on their recommendation the Council had decided that with effect from 11th October, 1954, Mr. B. D. Harrold, Second Assistant Solicitor, be appointed to the post of Senior Assistant Solicitor with salary in accordance with the grade attaching to the post, and be granted an increment on the scale on 1st April, 1955. The Council had also asked the Establishment Committee to regrade the post on a salary scale commencing at Grade A.P.T. X and proceeding to the maximum of Scale "C" of the special scales recommended by the Joint Negotiating Committee for Chief Officers of Local Authorities.

After consideration of the report, the Committee were of opinion that the post of Senior Assistant Solicitor should be graded in Scale "C" of the special scales. They accordingly

RESOLVED TO RECOMMEND—

- (1) That, subject to the necessary medical certificate being given by the Council's Medical Officer, the foregoing proposals with regard to Mr. Spring's sick pay and retirement be approved.
- (2) That the post of Senior Assistant Solicitor in the Town Clerk's Department be regraded in Scale "C" of the special scales recommended by the Joint Negotiating Committee for Chief Officers of Local Authorities and that Mr. B. D. Harrold, the occupant of the post, be paid salary in accordance with the scale commencing at the minimum.

(b) Administrative Section.

The Town Clerk submitted a report on the Administrative Section of his Department and one of its functions of dealing with records, reports and correspondence. He pointed out that the work in relation to these functions was at present divided and suggested that a Records, Reports and Correspondence Section should be created consisting of a Senior Records Officer (Grade A.P.T. III) and the Records and Correspondence Clerk (Higher Clerical Division), Despatch and General Clerk (General Division) and two Office Juniors (General Division) already engaged on this work. In view of the experience of his Personal Assistant, Mrs. W. Hinton, in the work, he suggested that she should be appointed Senior Records Officer and take charge of the section.

He stated that it would not be possible for the Senior Records Officer to combine this office with that of Personal Assistant, but after discussion with His Worship the Mayor and the members of the Department concerned, he considered it would be possible for Mrs. V. A. Pipe, who was appointed to act as Secretary to His Worship the Mayor and to carry out such other duties as might be assigned to her, to carry out also such duties as would be required as Secretary to himself.

The Town Clerk also drew attention to the fact that the post of Senior Typist (Clerical Division) in his Department had not been filled when Mrs. Pipe was appointed to the post which she now occupies. He recommended that the post of Shorthand Typist occupied by Mrs. Hicks (at present acting as Secretary and Shorthand Typist to the Deputy Town Clerk) should be re-designated Secretary/Shorthand Typist and graded in the Clerical Division.

The Committee

RESOLVED TO RECOMMEND—

(1) That the establishment of the Town Clerk's Department be amended (a) by the creation of a Records, Reports and Correspondence Section consisting of a new post of Senior Records Officer (Grade A.P.T. III) and the existing posts of Records and Correspondence Clerk (Higher Clerical Division), Despatch and General Clerk (General Division) and two Office Juniors (General Division); and (b) by the deletion of the posts of Personal Assistant and Senior Typist (Clerical Division).

(d) Articled Clerk.

The Town Clerk reported that his articled clerk, Mr. M. Simkins, had recently obtained a First-Class Division pass in the Intermediate Solicitors' Examination. He stated that Mr. Simkins had for some time been carrying out Corporation work as a legal assistant and that it was usual for trainees and pupils, so long as they were carrying out Corporation work and not engaged in examination study only, to be placed in the General Division.

RESOLVED TO RECOMMEND—That the establishment of the Town Clerk's Department be amended by the temporary addition of a post of Articled Clerk (General Division) and that Mr. M. Simkins be appointed to the post and be paid salary in accordance with the General Division (with local weighting) for such periods as he carries out legal work on behalf of the Corporation.

(e) Entertainments Section.

The Town Clerk reported that owing to the absence of the Entertainments Officer through illness, he had been unable to discuss with him a question relating to the establishment of the Entertainments Section of the Town Clerk's Department.

RESOLVED-That consideration of this matter be deferred.

(f) Civil Defence Section.

The Borough Engineer and Surveyor submitted a report with regard to a member of his Department (Mr. B.W.M.) occupying in a temporary capacity an established post, who had been unable on his appointment to pass a medical examination. The Council had decided in October, 1949, to continue his service for a period of five years.

Having considered the report, the Committee

RESOLVED TO RECOMMEND—That the service of Mr. B.W.M. be continued and that, subject to his passing a medical examination, he be transferred to the superannuable staff.

(b) Mechanical, Electrical and Heating Section.

The Borough Engineer and Surveyor submitted an application from Mr. F. H. Andrews for an apprenticeship in the Mechanical, Electrical and Heating Section, where Mr. Andrews has been employed since 28th December, 1953.

(c) MINUTES:

The Minutes of the meeting held on the 5th February, 1954, were confirmed by the Committee and signed by the Chairman.

(d) NATIONAL SCALES OF SALARIES:

The Joint Committee gave consideration to the new structure of Salary Scales introduced by the National Joint Council to come into operation on the 1st January, 1955, and consequential amendments to the paragraphs of the scheme relating to appointment of juniors, definitions of General and Clerical Division, increments and appointments and promotions. The variations in the salary structure were set out in the Joint Report submitted by the Town Clerk and the Borough Treasurer at the last meeting of the Establishment Committee.

After consideration of the National Joint Council's decisions, the Joint Committee

RECOMMEND-

- (1) That the decisions reached by the National Joint Council at their meeting on 31st August, 1954, be implemented with effect from 1st January, 1955.

Grade substituted therefor. They stated that the Hendon Branch of Nalgo had expressed anxiety concerning the decision, but at the present time wished only to record their views on the subject.

The Council representatives noted the views expressed by the Staff Side.

(f) LOCAL ORGANISATIONS—ADDRESSES BY OFFICERS:

The Staff Side referred to the Council's decision (G.P.C., 27/9/54—38) that the Chief Officers of the Council be authorised in suitable cases to permit members of the staff of their Departments to address meetings of Local Organisations on matters of Local Government. They referred to the fact that members of the Hendon Branch of Nalgo in their private capacities had on many occasions addressed Local Organisations, and suggested that the Council's decision should be limited to the activities of members of the staff in their official capacities.

The Joint Committee

RECOMMEND—That the matter be referred to the Town Clerk to enable him to consult with the members of the Staff Side with a view to the submission by him of a report to the General Purposes Committee clarifying the Council's decision referred to.

(g) REST ROOM AND RECREATION ROOM:

The Staff Side drew attention to the fact that no rest room or recreation accommodation is provided for members of the Council's staff and enquired whether further consideration could now be given to the matter.

The Joint Committee viewed with concern the lack of adequate rest room and recreation accommodation, which in their view are included in the provisions for assuring the welfare of the staff (referred to in paragraph 20 of the National Scheme), and they

RECOMMEND—That the Works Committee be requested to take the necessary steps to provide adequate rest rooms and recreational accommodation for the members of the Council's staff.

R. J. KNOWLES, Chairman. HAROLD BLIZARD, Vice-Chairman.

(a) CONVENING OF SPECIAL MEETING:

The Town Clerk, as Joint Secretary, read a letter from the Secretary of the Employees' Representatives requesting that this special meeting be called in accordance with paragraph 12 of the Committee's rules of procedure "to enable the Committee to consider the alterations made in the change from 5-day to 5½-day week, which would appear to be a proper subject for consideration under paragraphs 24 and 25 of the rules of procedure," and he reminded the Committee of the terms of paragraph 12 of the rules of procedure.

(b) ATTENDANCE OF REPRESENTATIVE OF REFUSE SECTION:

At the request of the Employees' representatives, in view of the absence of Mr. A. S. Howes,

RESOLVED-That Mr. A. C. Mills be permitted to attend this meeting as a representative of the Refuse Section, but that he be not entitled to vote.

Mr. Mills thereupon attended the meeting.

(c) OPERATION OF FIVE-DAY WEEK:

The Joint Secretary reminded the Committee of the Council's resolution in 1949 to institute a 5-day working week for the months March to October inclusive, applicable to the House Refuse Collection, the Highways Repairing and Scavenging and the Sewers Sections of the Council's outdoor employees; the working week during the months of November to February inclusive, to be a 5½-day week (Council Minutes, 5/9/49-11).

The Borough Engineer and Surveyor reported that owing to the fact that during the last three weeks in October it was too dark for the men in the above-mentioned sections to continue their duties satisfactorily until 5.30 p.m., the Council, after consultation with the appropriate Trade Union representatives, had resolved that the working of a 5-day week should terminate on the second Saturday in October and a 52-day week be substituted for the period ending on the last Saturday in February.

The Employees' representatives stated that in their opinion the matter was properly one for consideration by this Committee, particularly in view of the fact that the Trade Unions consulted had not supported the proposal.

During the course of discussion which ensued it was accepted by both sides that the difficulty of late afternoon working was brought about by the date of the official change from Summer Time to Winter Time and on a motion moved by one of the Employees' representatives, the Committee

RECOMMEND-That, in future, the change from the working of a 5-day week to a 5½-day week and vice versa in the Refuse Collection, Highways and Sewers Sections take place during the week following the official change in Summer Time.

The Town Clerk reported that Mr. E. Marshall, the Vice-Chairman of the Whitley Works Committee, who was in the Chair at the meeting on the 22nd October, had agreed the report as a correct record of the proceedings, but had indicated that the Employees' representatives might wish to give further consideration to the matter.

The Committee noted the Town Clerk's report, and

RESOLVED TO RECOMMEND-That the report of the Whitley Works Committee be adopted.

9.—SICKNESS PAYMENTS:

(a) Grant of Sick Pay.

The Borough Treasurer submitted, for the information of the Committee, details of one employee of the Borough Engineer and Surveyor's Department who had been granted additional sick pay in accordance with the scale and conditions approved by the Council in March, 1949.

(b) Revision of Scheme.

The Borough Treasurer reported that the Chief Officers had given consideration to hardship which had arisen in a recent case through the operation of the existing sick pay regulations, consisting partly of those laid down by the Joint Negotiating Bodies and partly those adopted by the Council in March, 1949. The effect of the two codes is that members of the staff on sick leave receive sick pay at full pay for a prescribed period followed by a period of half pay and then additional periods of full pay and half pay. The Chief Officers suggested that the Council's additional Sick Pay Regulations should be amended to permit any entitlement thereunder to be used as far as possible to commute to the full pay rate any normal sick pay entitlement at half pay rate.

2.—PUBLIC HALL, EDGWARE:

The Town Clerk reported that, as instructed at the last meeting, he had informed the Edgware Coronation Hall Fund Committee that the Council were not prepared to contribute towards the cost of providing a public hall in Edgware and awaited details of that Committee's proposals for the erection of a public hall on the land in Hale Lane.

He submitted a reply expressing regret at the Council's decision and asking that the Coronation Hall Fund Committee should be given an option on the site in Hale Lane for a period of not less than six years.

After discussion, the Committee

RESOLVED—That the Town Clerk, the Borough Treasurer and the Borough Engineer and Surveyor be instructed to prepare and submit to the next meeting of the Committee details of the basis on which any lease of the Hale Lane site could be granted and that in the meantime the Fund Committee's proposal be referred to the Libraries Committee for their observations.

3.—SITE FOR CHURCH HALL, CLAREMONT ROAD:

In March, 1953 (G.P.C., 23/2/53—14) the Council agreed to grant a lease to St. Michael's Parochial Church Council, Golders Green, of a piece of land at Claremont Road for the erection of a temporary Church Hall.

The Town Clerk submitted a letter from the Parochial Church Council stating that by reason of probable changes in Parish boundaries, and the fact that the Diocesan Committee expect shortly to be able to build a permanent church on the site which has been sold to them in

(W)

Claremont Road, the Parochial Church Council are unable to proceed any further with the proposed lease from the Council.

RESOLVED TO RECOMMEND—That no further action be taken in this matter.

4.—REMOVAL OF STREET FIRE ALARMS AND PROVISION OF TELEPHONE KIOSKS:

At their meeting on the 1st February, 1954 (G.P.C., 18/1/54—4), the Council asked the General Post Office to consider providing additional telephone kiosks at twelve sites in the Borough to provide adequate facilities for calling the Fire Service on the removal of the Fire Alarm Systems.

The Town Clerk reported that the necessary representations had been made and had been supported by the Middlesex County Council, but he had received a reply stating that with the exception of a proposed site in Faber Gardens at its junction with Station Road, N.W.4, the Council's proposals for the provision of kiosks had been found unsuitable for various reasons. The Chief Sales Superintendent stated that if in the future additional kiosks were found to be justified, the necessary steps would be taken for their erection.

RESOLVED TO RECOMMEND—That the Town Clerk be instructed to refer this matter again to the Middlesex County Council with a view to a Conference with the Post Office Authorities to secure adequate facilities for calling the Fire Service either by fire alarms or telephone kiosks in the districts in question, and that the Chairman and Vice-Chairman of the Committee be appointed as this Council's representatives to attend the Conference.

5.—MIDDLESEX LOCAL GOVERNMENT CONFERENCE:

The Town Clerk referred to the previous meetings of the Middlesex Local Government Conference set up in 1952 to consider the possibility of greater and fuller delegation within the framework of the existing law and the re-organisation of Local Government within the County, and stated that a further meeting had been held on the 18th October, 1954, when the Council were represented by His Worship the Mayor, Alderman Knowles and himself. At that meeting the conference considered the report of its Committee dealing with Education and with the Welfare Sub-Committee's report on the Food and Drugs functions, consideration of which had previously been deferred. Copies of the report of the Conference Committee as amended by the Conference have been circulated to all members of the Council.

RESOLVED—That the report of the Conference Committee be referred in the first instance to the Education, Public Health and Finance Committees for consideration.

6.—HENDON PARK CEMETERY AND CREMATORIUM:

The Committee noted a report submitted by the Town Clerk on this subject.

7.—VISIT OF PARTY FROM BELGIUM:

The Town Clerk reported that His Worship the Mayor had been approached in connection with a proposed visit of a party of Belgian "Old Contemptibles" to Britain in 1955 and had been asked to make a local appeal for accommodation for the party which would not exceed 30. He stated that enquiry had also been made whether an official reception could be accorded to the visitors on their arrival.

RESOLVED TO RECOMMEND—That authority be given for an official reception to the Belgian visitors and that His Worship the Mayor be asked, in consultation with the Town Clerk, to consider this matter with a view to appropriate provision being made in the Committee's estimates for 1955/56 and to issue at the appropriate time an appeal for accommodation for the party.

Sochachewsky for receiving on account of rent for a furnished flat a sum in excess of the rent registered for the flat. The defendant pleaded guilty and the Maginstrates imposed a fine of £5, ordered the defendant to repay £3 (being the amount of the excess rent received), and awarded the Corporation £2 2s. 0d. costs.

11.—CHRISTMAS, 1954—CLOSING HOURS OF SHOPS:

The Town Clerk reported that the Home Secretary did not propose to exercise this year his power under the Shops Act, 1950, to suspend the operation of the provisions of the Act relating to general closing hours during the few days immediately before Christmas. The Council have power to suspend the general closing hours for not more than seven days in the aggregate in any year, and the Home Secretary had advised that it is open to local authorities in districts where the circumstances justify it to exercise this power at Christmas.

RESOLVED TO RECOMMEND—That the Chairman of the Committee be empowered to authorise the making of an Order suspending the general closing hours for a period not exceeding seven days at Christmas, 1954, if an application for such an Order is made by local traders.

12.—SIGNING OF DOCUMENTS:

As instructed at the last meeting, the Town Clerk submitted a further report on the question of signing certain contracts and documents on behalf of the Corporation.

RESOLVED—That consideration of this matter be deferred to enable the Chief Officers concerned to consult further thereon and submit a joint report at the next meeting of the Committee.

13.—TOWN CLERK—CONDITIONS OF SERVICE:

The Town Clerk referred to the fact that it is usual in some authorities for the Town Clerk to enter into a contract of service with the Corporation setting out the terms of his employment. He stated that the terms of his appointment were agreed by the Council in October, 1953, when the appointment was made, with the exception of the period of notice required on either side, and enquired whether the Council desired the execution of a formal document.

RESOLVED TO RECOMMEND—

- That the period of notice required on either side for the termination of the service of the Town Clerk be three months.
- (2) That the Town Clerk be not required to enter into a formal contract for service with the Corporation.

14.—EDGWARE CIVIC RESTAURANT AND LIBRARY SITES:

As instructed at the last meeting, the Town Clerk submitted a report on the discussions which the Borough Treasurer, Borough Engineer and Surveyor and he had had with the District Valuer regarding the acquisition of the Edgeworth Civic Restaurant and Library Sites.

After consideration of the report, the Committee

RESOLVED TO RECOMMEND-

- (1) That the Town Clerk be instructed to proceed with the acquisition of the Civic Restaurant site on the terms and at the price recommended by the District Valuer.
- (2) That the Town Clerk be instructed to apply to the Ministry of Housing and Local Government for sanction to the raising of a loan of £14,520 for a period of 80 years, made up as follows:—

16.—HENDON SHOPS ORDER (NO. 3):

The Town Clerk reported that, as instructed at the last meeting, he had informally sought the views of the 16 fruiterers concerned as to the desirability of revoking the Hendon Shops Order (No. 3) and gave particulars of the nine replies received.

RESOLVED—That consideration of this matter be deferred until the next meeting of the Committee.

17.—METROPOLITAN WATER BOARD—RATING AND VALUATION APPEALS:

The Town Clerk reported that the Executive Committee of the Outer London Standing Joint Committee had considered proposals made by the appropriate Valuation Officers for increases in the values entered in the valuation lists in respect of hereditaments occupied by the Metropolitan Water Board. The suggestion had been made that a considerable saving of time and expense would result if one set of appeals were treated as governing the remainder and the parties to the selected appeals agreed to refer them to arbitration by the Lands Tribunal. The Solicitor for Inland Revenue had suggested that the Board's hereditaments in the Chislehurst and Sidcup Urban District should be the subject of the arbitration proceedings.

The Executive Committee of the Outer London Standing Joint Committee had agreed to the setting up of an Advisory Body consisting of representatives of the two Standing Joint Committees concerned and the 25 non-member authorities. They enquired whether the Council would agree to the proposal to proceed with one set of appeals and to accept and be bound by the decision eventually reached, and whether the Council would share on a basis to be settled

RESOLVED TO RECOMMEND—That the Town Clerk be instructed to inform the Outer London Standing Joint Committee that this Council agree to the proposal to proceed with one set of appeals and to accept and be bound by the decision arrived at and, subject to a majority of the 97 Authorities concerned agreeing, will also be prepared to share the costs incurred if it is considered desirable for the Chislehurst and Sidcup Urban District Council to be represented.

18.—REVISION OF POLLING DISTRICTS—BURNT OAK, MILL HILL AND EDGWARE WARDS:

As instructed by the Committee (G.P.C., 2/11/53—11) as a result of representations received from the Hendon North Constituency Labour Party, the Town Clerk submitted proposals for the amendment of certain polling districts and the provision of additional polling districts to provide more convenient polling facilities in the North-Western part of Burnt Oak Ward and the Moat Mount portion of Mill Hill Ward. The report also suggested minor adjustments to the boundaries of polling districts J—Mill Hill East, K—Mill Hill Brookfield and L—Frith Manor.

The Town Clerk also drew attention to the fact that the polling place for Polling District D—Edgware East had been situated at Thorpe's Estate Office, Watford Way, which was outside the polling district, and recommended that the new school at The Fairway should be prescribed as the polling place for this district.

The number of electors in the proposed new polling districts would be as follows, the numbers in brackets being the numbers of electors in the existing polling districts:

Burnt Oak Ward :

West E		 •••••	 	2,446 (3,984)

In order to give effect to the proposals of the Town Clerk, it is necessary to define the areas of the proposed new polling districts EE and II and to alter the description of the existing polling districts E, F, G, I, J, K and L. The polling districts of the two Wards will then be as follows:—

(c) EDUCATION BUDGET, 1955/56:

The Borough Treasurer submitted a report on a communication dated 5th November, 1954, from the Middlesex County Council containing details of proposals of the authorised members of the County Education Committee for the amendment of, or the deletion from, the Hendon Divisional Executive's Budget for 1955/56 of items of expenditure relating to:-

Report would be referred to a Conference of Officers for the purpose of preparing a scheme or schemes which would give effect to the recommendations.

The Sub-Committee, whilst welcoming the recommendations in regard to the complete delegation of certain education functions, regretted that the field covered was so restricted. It was also noted with satisfaction that it was proposed to reduce for estimate purposes the number of heads of school expenditure from 112 to 11. Provision was also made for the annual review of County standards and in this connection the Conference recognised that there are limited areas of expenditure to which standards cannot be applied. Although no change in the present arrangements for centrally dealing with teachers' salaries was suggested, the Conference recommended that those Divisional Executives who are prepared to undertake the work in relation to nonteaching staff at a cost to the County Council either the same or less than the cost of the present arrangements, be allowed to do so.

RESOLVED TO RECOMMEND—That the Education Committee advise the General Purposes Committee:—

- (i) That the proposals contained in the report of the Local Government Conference Committee be accepted and embodied in due course in an Amending Scheme of Divisional Administration.
- (ii) That they are of the opinion an agreement should be entered into between the County Council and the Divisional Executive providing for the local assessment and payment of salaries and wages of non-teaching staff.

(e) NON-TEACHING STAFF—APPOINTMENTS AND RESIGNATIONS:

Details of the following appointments and resignations were submitted and noted:-

Administrative Staff:

Mr. J. H. Wightman, General Division Clerk, resigned 21/11/54.

Schoolkeeping Staff:

Mr. R. E. Saxton, Schoolkeeper—Deansbrook School, appointed from date to be arranged.

Mr. F. J. Myers, Relief Schoolkeeper, appointed 2/11/54.

(f) ST. MARY'S C.E. SECONDARY AND PRIMARY SCHOOLS—DRAFT AGREEMENT UNDER SECTION 20 OF THE EDUCATION ACT, 1944:

The Borough Education Officer reported that the County Council had agreed that an arrangement should be made under Section 20 of the Education Act, 1944, for the constitution of a single governing body for the St. Mary's C.E. Schools. The Chairman of the Education Committee (Alderman Freedman) had authorised the Borough Education Officer to consult with the Town Clerk and to submit their observations to the County Council.

A letter had now been received from the Chief Education Officer intimating that the London Diocesan Board of Education recommend that the Governing Body should consist of 9 members of whom 6 shall be Foundation Governors and 3 shall be Representative Governors. The existing Managing Body of the St. Mary's C.E. Schools were in agreement with the Board's proposal.

RESOLVED TO RECOMMEND—That the Borough Education Officer be instructed to inform the Chief Education Officer that the Hendon Divisional Executive raise no objection to the proposal that the Governing Body of the St. Mary's C.E. (a) DAWS LANE CIVIL DEFENCE DEPOT, MILL HILL:

The Town Clerk submitted a report stating that the General Purposes Committee of the Hendon Borough Council had instructed the appropriate Chief Officers to prepare a joint report on the possible use for municipal purposes of the upper part of the Daws Lane Civil Defence Depot and that it had accordingly been decided to bring the matter to the attention of other Committees of the Council.

RESOLVED TO RECOMMEND—That the Town Clerk be instructed to inform the General Purposes Committee that this Sub-Committee has no suggestions to offer regarding the immediate use of the Daws Lane Civil Defence Depot, Mill Hill, but that it might be desirable at a future date to use the premises for Evening Institute purposes if they were, in the meanwhile, adapted to other uses.

(b) EDUCATION BUDGET, 1955/56:

The Borough Treasurer submitted a report on a communication dated 5th November, 1954, from the Middlesex County Council containing details of proposals of the authorised members of the County Education Committee for the amendment of, or the deletion from, the Hendon Divisional Executive's Budget for 1955/56 of expenditure relating to :-

- (a) Schools expenditure on :-
 - (i) Upkeep of Buildings and Grounds.
 - (ii) Furniture, Apparatus and Equipment.
- (b) Youth and Community Centres.
- (c) Upkeep of School Playing Fields and Grounds.

The Sub-Committee observed that there were no amendments or deletions of items with which they were directly concerned. The report was, therefore, noted.

(c) CLAREMONT AND DISTRICT COMMUNITY ASSOCIATION—USE OF CLAREMONT DAY NURSERY:

With reference to Item (a) of the Report of this Sub-Committee dated 12th October, 1954, the Borough Education Officer reported that a letter had been received from the Chief Education Officer stating that approval had been given to the use of the former Claremont Day Nursery

premises by the Claremont and District Community Association on condition (a) that no alterations to the premises should be carried out, pending receipt of an intimation from the Hendon Borough Council that they are prepared to extend the lease of the site, and (b) that occupation should be subject to the use by the Local Health Committee of one room for use as an assembly point, if required, for children attending other Day Nurseries. The Secretary of the Community Association, having been informed of this decision had agreed, on behalf of the Association, to accept the above conditions. The Association took over the use of the premises as from 1st November, 1954.

The Borough Education Officer also reported that, as instructed, the Borough Engineer and Surveyor, in consultation with the Secretary of the Community Association, had prepared a revised scheme for adapting the Claremont Day Nursery for use as a Community Centre at an estimated cost of £950. The revised scheme had been submitted to the Chief Education Officer and it was understood that the appropriate Committee of the Middlesex County Council was in sympathy with the proposals, but that further progress was dependent, inter alia, upon the Borough Council extending the lease of the site.

It was further reported that the Borough Council, at its meeting held on the previous evening, had agreed to extend the lease of the site until the 13th October, 1964, and that the Buildings and Town Planning Committee had decided to recommend to the Area Planning Committee that planning permission be granted for a period of 10 years, expiring on the same date.

Mr. Dickinson, on behalf of the Claremont and District Community Association, expressed appreciation of the action taken in the matter and gave details of the steps which had been taken by the Association to arrest the deterioration of the premises and to make the building, as far as possible, fit for use as a Community Centre. Noted.

(d) EVENING INSTITUTES:

(i) Appointment of Part-time Teachers:

RESOLVED TO RECOMMEND—That the appointment, upon the terms and conditions of the Middlesex County Council's scale of salaries for part-time teachers, of the instructors and pianists who took up duties at the beginning of the Session 1954/55 and whose names are set out in Manuscript in the Minute Book of this Sub-Committee be confirmed.

(ii) Enrolment:

(e) REQUISITIONS:

Requisition Sheet No. F.33, amounting to £130 17s. 0d., was submitted and approved.

11.—GOLDERS GREEN CROSS ROADS—PROPOSED WAITING RESTRICTIONS:

The Town Clerk submitted a petition signed by 27 traders of Finchley Road and North End Road (Childs Hill Ward) protesting against the extension of the section of North End Road in which it is proposed that waiting restrictions should be imposed. The petition also drew attention to congestion caused by the present siting of the taxi rank on the north side of North End Road and suggested that it should be resited in the station forecourt. It also contained the suggestion that the Committee might receive a deputation to discuss the matter.

The extension of the waiting restrictions was proposed by the Divisional Road Engineer and the Commissioner of Police and the Council (Hi.C., 13/9/54—18) expressed agreement with the revised proposals at their meeting on the 11th October last.

RESOLVED TO RECOMMEND-

- (1) That the Council's decision in adopting Item 18 of the report of the Highways Committee dated 13th September, 1954, be rescinded and that the Town Clerk be instructed to request the Divisional Road Engineer to proceed in this matter on the basis of the Council's original application and to impose waiting restrictions on the sections of North End Road, Finchley Road and Golders Green Road along which guard rails are erected.

for the year ended September, 1954. After consideration, the Committee concurred in the view of the Commissioner that the provision of warning signs at this junction was not justified, and

RESOLVED TO RECOMMEND—That no action be taken in the matter.

13.—ALLINGTON ROAD—JUNCTIONS WITH ELLIOT ROAD AND GRAHAM ROAD:

The Town Clerk submitted a letter from a resident drawing attention to traffic conditions in Allington Road (Park Ward) at its junctions with Elliot Road and Graham Road.

RESOLVED TO RECOMMEND-That the Borough Engineer and Surveyor be instructed to arrange for the erection of suitable warning signs and the painting of "slow" signs on the carriageway at these junctions, and to approach the householder at the junction of Allington Road and Elliot Road with a view to the lowering of the hedge of the property for a further length away from the junction.

14.—EDGWARE WAY—PARKING OF COMMERCIAL VEHICLES:

At their meeting on 1st February, 1954 (Hi.C., 4/1/54—21) the Council, after considering a letter from the Edgware and District Chamber of Commerce, made representations for the provision of a layby for the parking of commercial vehicles at night on Edgware Way. In reply, the Ministry of Transport indicated the purpose for which laybys are normally provided and stated that the proposal put forward was for a parking place, which was not properly chargeable to trunk road funds. The Council, therefore, decided to take no further action in the matter.

The Town Clerk submitted a further letter from the Chamber of Commerce emphasising that in Hendon there is no parking place where vehicles and particularly heavy lorries can park for the night and asking that further consideration be given to the matter. After further consideration, the Committee

RESOLVED TO RECOMMEND-That the Borough Engineer and Surveyor be instructed to approach the Divisional Road Engineer with a view to securing the provision of a layby for the parking of commercial vehicles at night on the trunk road.

15.—TRAFFIC CONTROL SIGNALS AT THE JUNCTION OF FINCHLEY ROAD, CRICKLEWOOD LANE AND HERMITAGE LANE:

The Borough Engineer and Surveyor reported that the incorporation of an "all-red" phase in the traffic control signals at the above-mentioned crossing (Childs Hill Ward) would necessitate the increase of the annual maintenance rate from £88 to £96 3s. Od. per annum. stated that this expenditure was wholly reimbursable by the Ministry of Transport and the Middlesex County Council.

RESOLVED TO RECOMMEND-That, subject to the approval of the Ministry of Transport and the Middlesex County Council, the Borough Treasurer be instructed to pay the increased annual maintenance charge of £96 3s. Od. per annum with effect from 15th October, 1954.

16.—BRENT STREET—UNILATERAL WAITING:

The Town Clerk submitted a letter from the Hendon and District Chamber of Commerce stating that some confusion was caused to motorists in Brent Street (Central and Park Wards) owing to the fact that the unilateral waiting signs were not changed regularly and correctly.

The Borough Engineeer and Surveyor reported that the signs were changed by the road sweeper and were checked by the Police, but drew attention to the fact that since the side on which parking was permitted varied according to the date, there were certain occasions when the signs did not need changing.

RESOLVED TO RECOMMEND-That the Town Clerk be instructed to inform the Hendon and District Chamber of Commerce of the position.

17.—SODIUM LIGHTING:

The Town Clerk submitted letters from the Court of Governors of Mill Hill School and the St. Paul's Parochial Church Council, Mill Hill, asking that sodium lighting should not be installed in Mill Hill Village and on the Ridgeway in particular. He also submitted a further letter from the Mill Hill Preservation Society setting out information regarding alternative methods of street lighting, and asking that tungsten filament lighting be adopted for other than main roads and that the Council take the advice of the Royal Fine Arts Commission on the choice and siting of columns for areas of exceptional amenity.

After consideration of the letters, the Committee

RESOLVED—That the Borough Engineer and Surveyor be instructed to investigate and report on the possibility of installing 15 ft. columns instead of 25 ft. columns in the vicinity of Mill Hill Village and to supply information as to alternative types of columns.

RESOLVED TO RECOMMEND—That the Town Clerk be instructed to inform the correspondents that the Council see no reason to alter the decision already made to instal sodium street lighting throughout the Borough.

18.—IMPROVED LIGHTING:

(a) Future Programme.

As instructed the Borough Engineer and Surveyor submitted a full report on the future programme for the installation of improved lighting in the Borough. He submitted quotations received from the General Electric Co. Ltd. and the Revo Electric Co. Ltd. for the provision of the necessary electrical equipment and concrete columns and the carrying out of the electrical wiring and erection of columns with a view to the completion of the work within a period of three years from its commencement.

Having regard to the nature and extent of the work, the Committee were of opinion that it should be carried out by the two firms in question in accordance with the quotations included in the Borough Engineer and Surveyor's report. They, therefore,

RESOLVED TO RECOMMEND—That, subject to the execution by the contractors and the Corporation of contracts in a form to be approved by the Town Clerk, the quotations of the General Electric Company Limited and the Revo Electric Company Limited for the installation of 140, 85, 60 and 45 watt sodium lamps to a total of 1,000 units each per annum for three years commencing on 1st April, 1955, be accepted on the basis that the proportions of each type of lamp and the price to be charged shall be decided before the commencement of each year's programme.

(b) Hendon Way and Watford Way.

The Borough Engineer and Surveyor reported that owing to a wage increase the Revo Electric Co. Ltd. found it necessary to increase their tenders for the supply of columns and for electrical equipment and wiring for the improved lighting scheme on Hendon Way and Watford Way (Park and Central Wards) by £93 17s. 10d. and £43 0s. 10d. respectively. He stated that the revised prices had been verified and that the Ministry of Transport had been advised that they were in order.

RESOLVED TO RECOMMEND—That the increases in the contract prices set out above be approved.

(c) Progress Reports.

The Borough Engineer and Surveyor submitted progress reports on the installation of improved lighting on Watford Way (Mill Hill Ward) between Mill Hill Circus and Northway Circus, and in Elstree Village.

The Town Clerk reported that proceedings had been taken against a boy aged 13 for breaking glass in nine street lamps on the footpath from Menelik Road to Farm Avenue and thereby committing malicious damage amounting to £2 10s. 0d. The boy pleaded guilty to breaking the glass in four lamps and this plea was accepted by the Prosecution and the amount of the damage amended to £1 2s. 6d. The Magistrates imposed a fine of 10/- and awarded the Council £1 2s. 6d. compensation. Noted.

GENERAL.

20.-DAMAGE TO GRASS VERGES AT THE RIDGEWAY, MILL HILL:

At their meeting on the 11th October, 1954 (Hi.C., 13/9/54—27 (a)) the Council received a suggestion from the Mill Hill Preservation Society that posts and rails 1 foot high should be provided to prevent damage to grass verges at The Ridgeway (Mill Hill Ward) through the parking of cars.

The Town Clerk reported that as then instructed he had enquired of the Mill Hill School Authorities whether they would be prepared to make their car park available in the evenings for people attending functions at St. Paul's Church Hall. He submitted a reply stating that whilst the school sympathised with the Council's wish to preserve the amenities, they were unable to make available the desired facilities since the use of the school car park as suggested would be difficult to control, might well lead to intrusion by undesirable elements and would involve some disturbance of the occupants of the school sanatorium.

RESOLVED TO RECOMMEND—That no further action be taken in this matter and that the Town Clerk be instructed to inform the Mill Hill Preservation Society accordingly.

21.—PROPOSED FOOTPATH FROM COLINDEEP LANE TO CECIL ROAD:

The Borough Engineer and Surveyor reported that as instructed he had continued negotiations for the acquisition of land required for the construction of a footpath from Colindeep Lane to Cecil Road (West Hendon Ward), and submitted details of reduced terms now offered by the owners as a result of which the total net estimated cost of carrying out the scheme would be £900. He stated that the sum of £650 was provided in the estimates for the current year.

RESOLVED TO RECOMMEND—

- (1) That the revised terms negotiated by the Borough Engineer and Surveyor be approved and that the Town Clerk be instructed to complete the acquisition of the land in question and the Borough Engineer and Surveyor be instructed to put in hand the construction of the footpath.
- (2) That a supplementary estimate of £250 be approved to meet the additional expenditure involved.

22.—FOOTPATH FROM LAYFIELD ROAD TO NORTH CIRCULAR ROAD:

At their meeting on 18th October, 1954, the Estates, Parks and Allotments Committee decided to inform the Highways Committee that they wished to close to the general public the existing footpath from Brent Hill Allotments(Park Ward) and asked the Highways Committee to give further consideration to the provision of an alternative footpath leading from Layfield Road to North Circular Road.

The Borough Engineer and Surveyor submitted a report on this matter indicating that the cost of the scheme was estimated at £2,800, exclusive of the cost of acquisition of land.

After consideration, the Committee

RESOLVED TO RECOMMEND-That no action be taken in this matter.

23.—JUNCTION OF NORTH END ROAD AND HAMPSTEAD WAY:

The Borough Engineer and Surveyor drew attention to the fact that the Manor House Hospital Authorities were considering an extensive rebuilding programme including the portion of the hospital fronting on North End Road. He submitted proposals for the widening of the section of North End Road along the frontage of the hospital and the adjoining property, and stated that the hospital authorities were prepared to convey to the Council the area of forecourt between the new widening line and the existing boundary in Hampstead Way on the understanding that they should not be liable for the cost of any part of the road or footpath works. They had also indicated that this was without prepudice to any claim they might have for compensation for loss of their land in front of the widening line, or for the replanning and reconstruction of their buildings necessitated by the widening. The estimated cost of the portion of the improvements in North End Road was £8,380, reimbursable by the Middlesex County Council and the Ministry of Transport, and the estimated cost of the section in Hampstead Way was £1,960, which would fall on the General Rate Fund.

RESOLVED TO RECOMMEND—

- (1) That the scheme submitted by the Borough Engineer and Surveyor be approved in principle, subject to access to the Manor House Hospital being only from North End Road and egress only to Hampstead Way, that the Tewn Clerk be instructed to complete the necessary conveyance in a form to be approved by him, and that authority be given for payment of the proper legal and surveyor's fees involved.
- (2) That the Borough Engineer and Surveyor be instructed to discuss the scheme with Officers of the Ministry of Transport and the Middlesex County Council with a view to obtaining their approval and to approach the appropriate Officers of the Hampstead Metropolitan Borough Council and the London County Council with a view to a corresponding improvement being carried out on the opposite corner of Hampstead Way.

24.—JUNCTION OF PLATTS LANE AND WEST HEATH ROAD:

The Borough Engineer and Surveyor reported that, as instructed, he had continued his negotiations with the Hampstead Metropolitan Borough Council, but had been informed that they were not prepared to contribute towards the cost of the improvements carried out by this Council at the junction of Platts Lane and West Heath Road (Childs Hill Ward). Noted.

25.—SANDERS LANE BRIDGE—DIVERSION OF FOOTPATH:

The Borough Engineer and Surveyor reported that in connection with the scheme for the reconstruction of Sanders Lane Bridge (Mill Hill and Central Wards) it would be necessary to divert a short section of the public footpath running from Great North Way through Copthall Playing Fields to Sanders Lane.

RESOLVED TO RECOMMEND—That the diversion of the footpath running from Great North Way through Copthall Playing Fields to Sanders Lane as shown on Plan No. R.1863/OC.2589D be approved and that the Town Clerk be instructed to request the Minister of Transport to make the necessary Order in accordance with the provisions of Section 49 of the Town and Country Planning Act, 1947.

26.—STATION ROAD, EDGWARE—RESURFACING:

The Borough Engineer and Surveyor submitted a schedule of tenders received for the resurfacing of the section of Station Road (Edgware Ward) between the station and High Street, Edgware. He pointed out that the lowest tender received contained an arithmetical error, the correction of which brought the amount of the tender above that of the next lowest.

RESOLVED TO RECOMMEND—That, subject to the execution by the contractors and the Corporation of a contract in a form to be approved by the Town Clerk, the second

At the request of a member of the Council, the Borough Engineer and Surveyor submitted a report on traffic conditions at the slip road in Grampian Gardens (Golders Green Ward) with a suggestion for an improvement by means of the widening of the carriageway. He drew attention to the fact that similar conditions existed at Quantock Gardens.

RESOLVED—That the Borough Engineer and Surveyor be instructed to submit at a future meeting of the Committee a scheme and estimate of cost for the improvement of traffic conditions at the two points in question.

29.-LAND AT GRENVILLE PLACE, N.W.7:

The Town Clerk reported that as a result of the grant of planning permission for the erection of two warehouses at the premises of the Rawlplug Co. Ltd., Grenville Place (Mill Hill Ward) and with the concurrence of the Buildings and Town Planning Committee, the Rawlplug Co. Ltd. had applied to the Ministry of Transport for an Order under Section 49 of the Town and Country Planning Act, 1947, diverting a footpath running through their property. He stated that the Minister of Transport had enquired whether the Council would accept responsibility for the new footpath which would be repairable by the inhabitants at large and be nominated in the Order as the Highway Authority therefor.

After hearing the report of the Borough Engineer and Surveyor and considering this matter, the Committee were of opinion that it was desirable for the whole of the footpath as diverted to be maintained by the Council, and they, therefore,

RESOLVED TO RECOMMEND—That, subject to the new footpath being constructed by the Rawlplug Co. Ltd. to the Council's specification, the Council accept responsibility therefor, and that the Borough Engineer and Surveyor and the Town Clerk be instructed to submit a joint report on the question of taking over the remaining portion of the existing footpath.

30.-DAWS LANE DEPOT, MILL HILL:

Further particulars of the case are recorded in Manuscript in the Committee's Minute Book.

RESOLVED—That, subject to his being satisfied with the evidence, the Town Clerk be authorised to institute proceedings under the New Streets Act, 1951, in respect of this offence.

(b) Service of Notices.

The Town Clerk reported that notices had been served under Section 1 (3) (h) of the New Streets Act, 1951, exempting from the provisions of that Act two houses with garages and one bungalow with garage at Tenterden Grove (Central Ward). He also reported the service of a notice under Section 2 of the Act requiring the payment or securing of a sum in respect of private street works charges relating to the frontage of a house proposed to be erected. Noted.

(a) SAFE DRIVING TRIALS:

Noted.

(b) SAFE DRIVERS' CLUB:

It was reported that a suggestion had been made to the Chairman by the Finchley Road Safety Committee that this Council might wish to join with them in organising a Safe Drivers' Club. It is proposed that this Club should be open to all drivers of private motor vehicles within the areas of the Boroughs concerned and should, if opportunity permitted, be extended to embrace drivers of commercial vehicles.

The objects of the Club would be to raise the present standard of driving with a view to reducing the number of road accidents, and to obtain the active participation of these drivers in the Road Safety Campaign. The Town Clerk reported that a scheme of this nature is in operation in the North of England. The Sub-Committee

RECOMMEND—That the Town Clerk be instructed to obtain details from those authorities operating the scheme and to submit a report to a future meeting.

(e) JUNIOR ACCIDENT PREVENTION COUNCIL:

The Town Clerk reported that it was hoped to organise competitions between Junior Accident Prevention Councils in the North-West Metropolitan Area during the forthcoming winter and that trophies had been offered by two commercial undertakings. The Sub-Committee requested the Town Clerk to make the necessary arrangements for a team from the Hendon Junior Accident Prevention Council to participate in the competition, and

RECOMMEND-That their action be approved.

(f) "RED AREA" SCHEME:

The Town Clerk submitted a letter from the Divisional Accident Prevention Organiser of the Royal Society for the Prevention of Accidents referring to a "Red Area" Scheme which had been approved by the Ministry of Transport and Civil Aviation, and successfully operated in Lancashire.

The idea of the scheme is that a length of road which has a high accident rate is for a limited period subjected to intensive propaganda by every possible means. The Divisional Accident Prevention Organiser had consulted the Divisional Road Engineer and the following stretch of road has been provisionally selected for the operation of the scheme:—

Edgware Road "Red Area" Length — from Kingsbury Road to Greenway Gardens; adjoining lengths—from Greenway Gardens to Oakleigh Avenue, and from Kingsbury Road to Ravenstone Road.

The Scheme will rank for grant from the Ministry of Transport and Civil Aviation. The Sub-Committee

RECOMMEND—That the "Red Area" Scheme be put into operation along the section of the Edgware Road chosen by the Divisional Road Engineer (detailed above) and that the Town Clerk be authorised to implement the scheme at a maximum expenditure of £100, and that the Wembley Safety First Council be invited to co-operate in the Scheme.

(g) PILLAR BOXES:

(h) WENTWORTH ROAD, JUNCTION WITH HOOP LANE AND FINCHLEY ROAD:

The Sub-Committee considered a report submitted by the Borough Engineer and Surveyor on the number of accidents that had occurred in the vicinity of the junction of Finchley Road with Hoop Lane and Wentworth Road. In view of the heavy volume of traffic using Hoop Lane, the Sub-Committee

(i) HENDON WAY, NEAR WOODVILLE GARDENS AND HIGHFIELD AVENUE:

The Borough Engineer and Surveyor reported on the number of accidents which had occurred on Hendon Way in the vicinity of Woodville Gardens and Highfield Avenue, and that it appeared from the records that the majority of accidents were due to vehicles either overtaking or turning from the main road into the side roads. The Sub-Committee

RECOMMEND—That the Town Clerk be instructed to request the Middlesex County Council to widen the carriageway of the section of Hendon Way from the North Circular Road to a point beyond Woodville Gardens, and to provide a dual carriageway and, in the meantime, to lay down a continuous white line along the centre of the section of the carriageway in question.

All Sand

(j) BRIDGE LANE, JUNCTION WITH NORTH CIRCULAR ROAD:

The attention of the Sub-Committee was drawn to the checkered boards which had been erected on the central reservations in the North Circular Road, near its junction with Bridge Lane. The Sub-Committee

In accordance with the Sub-Committee's request, the Borough Engineer and Surveyor submitted a report on the siting of traffic control signals at staggered and more complicated road junctions. Noted.

(m) WATFORD WAY, JUNCTION WITH COLINDEEP LANE:

The Borough Engineer and Surveyor reported that no further information had been received from the Ministry of Transport and Civil Aviation regarding the possibility of improving traffic conditions at the junction of Watford Way with Colindeep Lane. The Sub-Committee

RECOMMEND—That the Borough Engineer and Surveyor be instructed to request the Divisional Road Engineer to expedite a scheme for the improvement of the junction of Watford Way with Colindeep Lane.

(n) ESTIMATE OF EXPENDITURE, 1955/1956:

The Borough Treasurer submitted an Estimate of Expenditure in relation to the Road Safety Campaign for the year 1955/56. The Sub-Committee

RECOMMEND—That the Council continue the Road Safety Campaign during the year commencing 1st April, 1955, and that the estimate amounting to £1,640 be approved, subject to the Ministry of Transport and Civil Aviation making the grant of 50% of approved expenditure.

(o) ROAD ACCIDENTS:

The Borough Engineer and Surveyor submitted a summary of road accidents involving personal injury which have occurred in the Borough since 1st October, 1952.

1.—REQUISITIONS:

Requisitions amounting to £400 11s. 8d. were submitted and approved.

-COPTHALL PLAYING FIELDS—HENDON RUGBY FOOTBALL CLUB:

The Town Clerk submitted an application from the Hendon Rugby Football Club for permission to allow the Hasmonean Grammar School to have the use of the pavilion for their pupils for changing on about three afternoons a week. Neither washing facilities nor the Clubroom would be required.

A further application was submitted from the Club for permission to hold a "Sevens" tournament on Sunday, the 17th April, 1955, and to allow entrance of the general public for the purpose of witnessing the tournament. The Club point out that there is no question of charging admission to the ground, although a programme would be provided for the benefit of spectators.

RESOLVED TO RECOMMEND-That the Town Clerk be instructed to inform the Hendon Rugby Football Club that the Council (a) raise no objection to the use of the pavilion by the pupils of the Hasmonean Grammar School for changing purposes, and (b) consent to the holding of a "sevens" tournament on Sunday, 17th April, 1955, and to permit the general public to enter the ground to witness the tournament, subject to no admission charge being made.

3.—PROPOSED BOOSTER STATION, HENDON WAY:

On the 23rd November, 1953, on the recommendation of this Committee, the Council agreed to grant to the Metropolitan Water Board a lease of a plot of land in Hendon Way for the erection of a Booster Station. The Town Clerk reported the receipt of a letter from the Board stating that they do not now intend to proceed with the proposal and that the site will, therefore, not be required. Noted.

4.—LEASE TO HANDLEY PAGE LIMITED—LAND FOR USE AS A SPORTSGROUND AT WOODFIELD PARK, COOL OAK LANE:

The Town Clerk submitted a report regarding the terms of the lease to Handley Page Limited of part of Woodfield Park as a sports ground. When the fencing works were carried out it was found convenient in the interests of both the Corporation and the lessees to make a slight adjustment to the line of fencing along part of the northern boundary which involved a very small area of land as shown on Plan No. R.886/2769.

RESOLVED TO RECOMMEND—That the Town Clerk be instructed to make the necessary endorsement on the lease incorporating the new plan.

5.-MOAT MOUNT OPEN SPACE-HENDON PARK FARM, MILL HILL:

In connection with the proposal to grant a lease to Mr. Sidney Box in respect of the land forming part of Moat Mount Open Space as an addition to Hendon Park Farm, of which Mr. Box is the owner, the Town Clerk submitted a report on a letter from a member of the Council suggesting that before the negotiations for a fresh lease of the farm are completed, the Council should consider making provision in the lease to reserve the right to allow any pedestrian to use the path which runs eastward from the top of the wood above Moat Mount lake until it reaches the public footpath running northwards from the Farm. A report was also submitted by the Borough Engineer and Surveyor stating that Mr. Box had agreed to the terms suggested by the Committee for the transfer to himself of the land at present leased to the Misses Weedon.

RESOLVED TO RECOMMEND-

- (1) That, subject to the surrender of the existing leases and to the consent of the Minister of Housing and Local Government, the Town Clerk be instructed to complete a lease of approximately 159 acres of land forming part of the Council's Moat Mount Estate in favour of Mr. Sidney Box for a period of 15 years commencing on the 1st April, 1955, at a rent of £300 per annum.
- (2) That the Borough Engineer and Surveyor be instructed to provide and fix a post and wire fence and plant a quick growing hedge in April/May, 1955, along the boundary of the land where it abuts on Barnet Way.
- (3) That the Town Cierk be instructed to complete all the necessary legal formalities in connection with the lease.

It was further

RESOLVED—That the Borough Engineer and Surveyor be instructed to approach Mr. Box with a view to agreeing the reservation of a footpath over the land in question on the lines indicated by the Committee and to submit a report thereon to the next meeting.

6.-WOODCOCK HILL FARM:

In connection with negotiations which are proceeding for the grant of a new lease in respect of Woodcock Hill Farm, the Committee considered a suggestion put forward by a member of the Council that the Council should in the lease reserve the right to allow any pedestrian to use the footpath which formerly ran from the north-west corner of Scratchwood across to Green Lane, but which was closed when the R.A.F. established themselves in the neighbourhood. After full consideration of the report of the Town Clerk on the matter, the Committee

RESOLVED TO RECOMMEND—That no action be taken in connection therewith.

The Borough Engineer and Surveyor reported on an application from the Hampstead Garden Suburb Residents' Association for permission to erect a Christmas tree in Central Square. They also enquired whether the Council would provide a tree and the electric lights and do all the necessary work at the expense of the Association. In view of the fact that Central Square is laid out as an ornamental garden, the Borough Engineer and Surveyor had, with the consent of the Chairman, informed the Association that their application could not be granted but that there would not appear to be any objection to the Association making all necessary arrangements for a Christmas tree to be erected in North Square. The Borough Engineer and Surveyor submitted a report with regard to the future use of a small piece of land at Goldbeaters Grove, Burnt Oak, which previously formed part of The Meads allotments (see also Item 29 of this report). As this land appears to be no longer required for allotments purposes, he suggested that it should revert to its original use as a public open space. He estimated the cost of tidying, levelling and sowing the land with grass seed and regulating the course of the stream at £100, and the annual maintenance cost at approximately £60. No provision has been made in the estimates or in the budgetary control programme for this conversion.

Mr. Williamson states that having regard to his outgoings, the trade at present would not justify a rent of more than £100 for three years, and he would be prepared to pay a rent at this rate from the date of completion of the new kiosk and would reconsider his offer if the better facilities brought about an increase in business.

RESOLVED TO RECOMMEND—That Mr. Williamson's offer be accepted and that the rent of the new kiosk be fixed at the rate of £100 for a period of 3 years from the date of the completion of the new kiosk to the termination of the existing licence in March, 1957.

In the meantime the Club had, as a temporary expedient and without any financial consideration, made an arrangement with Mr. Box to cross a field which he leases from the Council where it is dry and comparatively firm, and the Club desire to continue this arrangement until such time as they can construct a proper access on their own site.

RESOLVED TO RECOMMEND—That the Borough Engineer and Surveyor be instructed to inform the Old Cholmelian Sports Club that the Council raise no objection to the temporary arrangement between the Club and Mr. Box regarding access to the fields, so long as both parties are in agreement, but that the Club be requested to complete a satisfactory access on their own land as soon as possible.

The Committee gave particular attention to the summary of recommendations contained in the report of the officers and to the observations of the Town Clerk and the Housing Officer, and

RESOLVED TO RECOMMEND—That the Town Clerk be instructed to convey to the County Council the following comments:—

- (1) That whilst the Council have power to provide temporary accommodation for homeless families, and in doing so alleviate the burden which has fallen on the County Council in this respect, the statutory obligation to provide accommodation in certain cases falls upon the County Council.
- (2) In regard to the proposal that 12 months should be regarded as the maximum period, except in unusual circumstances, for the provision of temporary accommodation by the County Council and that thereafter housing authorities should agree in principle to provide some kind of alternative accommodation; the Council can see little prospect of being able to implement such a scheme and accordingly are unable to agree to it in principle. The Council would, however, be prepared to consider the cases of families having a claim upon Hendon on their merits and in relation to other current applications for accommodation.
- (3) That it is the Council's practice to maintain liaison with the National Assistance Board where a tenant in receipt of a rent allowance is in arrear with payments of rent.

In regard to the recommendation in the report concerning eviction of tenants for non-payment of rent, the recommendation of the Committee is recorded in Manuscript in the Committee's Minute Book.

1.—CONSIDERATION OF PLANNING APPLICATIONS:

At their meeting on 20th September, 1954, the Committee considered a letter from the Mill Hill Preservation Society referring to cases in which private citizens, local Councillors and Societies were given no opportunity for discussion or opposition of planning applications.

The Town Clerk reported that, as instructed at that meeting, he had sent a reply to the Mill Hill Preservation Society setting out the position. He submitted a further letter from the Society, suggesting that the facts revealed emphasised the strength of their case, and urging that planning applications affecting amenity should be made widely known, to give full opportunity for public opinion to be expressed before decisions are taken.

RESOLVED-That the Town Clerk be instructed to send a suitable reply to the Mill Hill Preservation Society, indicating that having regard to the law governing the determination of planning applications the Committee are not prepared to take any action in the matter.

2.—ADVERTISEMENT HOARDINGS—GRATTON TERRACE:

The Town Clerk submitted a letter from the Willesden Borough Council referring to their policy of obtaining improvements in the condition of hoardings on the Willesden side of Edgware Road, and drawing attention to hoardings situated on land at Gratton Terrace in the Borough of Hendon. The Willesden Council had noted that some improvement had been made in the hoardings, but asked that further consideration should be given to the question of challenging the displays.

The Town Clerk reported that the Council had negotiated unsuccessfully for the purchase of the land in question from the Railway Executive, but the owners of the hoardings had carried out an improvement in accordance with the planning consent for a period of 3 years granted in Under the Control of Advertisements Regulations, no action could be taken to secure the removal of the hoardings until after 16th June, 1955.

RESOLVED-That consideration of this matter be deferred until the Committee's meeting in June, 1955, and that the Town Clerk be instructed to inform the Willesden Borough Council accordingly.

Because part of the land in question had been allocated for public open space purposes in the Hertfordshire Development Plan, and because no decision had been given by the Minister on objections to the allocation of the remainder of the land for residential purposes in the Development Plan, the Rural District Council had refrained from giving a decision on the application, and the Appeal was made under Section 16 (3) of the Town and Country Planning Act, 1947.

The Town Clerk stated that with the concurrence of the Chairman he had arranged for the Council to be represented at the hearing so that objections to the proposed development could be made on behalf of the Council, and that the Middlesex County Council was also amongst those opposing the development.

RESOLVED-That the action taken be confirmed.

4.—RESULT OF APPEAL:

The Town Clerk reported the decision of the Minister of Housing and Local Government on an Appeal lodged against the Council's refusal to consent for the display of a "V" shaped advertisement at 13, Watling Avenue (Burnt Oak Ward). The locality was in general of a busy commercial character, but whilst the Minister would agree that advertisements would not be out of place in the surroundings, he considered that the proposed boards would be prejudicial to amenity, and had, therefore, dismissed the Appeal. Noted.

5.-NO. 14, COLIN GARDENS, N.W.9:

He submitted a reply stating that in the event of the present flying units being moved from Hendon, it would be necessary to consider the use of the land for other service requirements which it is necessary to locate in the London area, and that if the plans under consideration were finally approved it was unlikely that any part of the airfield would be available for release.

The conference approved the scheme proposed by the Ealing Borough Council to compile a register of persons willing to assist by visiting old and infirm persons in their own homes and while appreciating the valuable work being carried out by the various Old People's Associations throughout Middlesex, recognised that the maximum effort may not yet have been achieved. To attain this and to give impetus to the work the conference suggested that in each County District the Mayor or Chairman should consider conferring with all voluntary bodies in his area with a view to improving the existing services, especially as regards visiting.

After consideration, the Committee

As instructed at the last meeting of the Committee, and at the Council meeting on the 15th November, 1954, the Borough Treasurer, the Borough Engineer and Surveyor and the Town Clerk submitted a joint report on the question of the use of Daws Lane Civil Defence Depot for municipal purposes. They also submitted references from the Borough Show and Entertainments Committee, the Further Education Sub-Committee and the Youth Sub-Committee of the Education Committee as to the use of the premises.

The report indicated that the premises could reasonably be used as a municipal hall and that the suggestions of the three Committees referred to could be met if the building were used for that purpose. The report also dealt with the probable cost of acquisition of the building and indicated that an immediate outlay of approximately £360 was required for the reinstatement of the premises to prevent deterioration taking place owing to the weather. The Town Clerk submitted details of the number of personnel who had been removed from the active strength in accordance with this circular, and informed the Committee that individual letters were being sent to all such non-effective personnel in an endeavour to persuade them to resume training.

(c) Home Office Civil Defence Circular No. 38/54.

This circular refers to the eligibility for the Civil Defence Corps and amends the regulations which have been in force since 1952. The Town Clerk submitted details of the main changes which had occurred. Noted.

Four such invitations had been received and all members of the Corps had been notified. Forty-four volunteers had attended the Parades on Sunday morning, the 7th November. Noted.

4.-LOCAL ASSOCIATIONS:

The Sub-Committee consider that it would be desirable to contact appropriate local clubs and associations and to ask them to extend invitations to the Council to supply suitable speakers on Civil Defence to address their meetings in the hope that their members may be persuaded to enrol in the Civil Defence Corps. The Sub-Committee feel that it would be an added incentive to volunteers if classes could be formed from members of such local organisations, and they
