Dwelling Houses	2,798
Factories and Workshops	11
Shops, Offices, Warehouses and other Business Premises	76
Churches, Schools and Public Buildings	2
Other Buildings, and Additions and Alterations to existing Buildings ...	585

Applications under the Town Planning Act of 1932, for interim development orders have numbered 101, and in 57 cases the Committee has issued interim development orders containing special conditions necessary to protect adjacent development.

20.—TOWN PLANNING SCHEME No. 1 :

The Town Planning Committee has had under consideration the revision of this Scheme necessitated by the provisions of the Town and Country Planning Act of 1932, and it is expected that the Scheme, as revised, will shortly be re-deposited and submitted to the Minister of Health for approval.

21.—TOWN PLANNING SCHEME No. 2 :

The new Town Planning Act already mentioned gives power to Local Authorities to town plan areas which are already developed, but which may be subject to re-development. The Council's resolution to prepare a Town Planning Scheme for a number of such areas in this Borough was approved by the Minister of Health on the 11th July, with the result that re-development in built-up areas now comes under town planning control.

22.—WOODSIDE PARK ESTATE :

The Council has had under consideration the necessity for providing better communications for the Woodside Park Estate. With this end in view it has been decided to make a Compulsory Purchase Order to acquire certain land adjacent to the Woodside Park Estate, which will enable the Council to construct the road required for the above-mentioned purpose, and also provide sites for Education, Library, Public Health and other services which may, in the future, be required in this portion of the district.

23.—FIRE BRIGADE:

Consideration has been given to the enlargement of the Fire Brigade and ten additional cottages have been erected at the Mill Hill Fire Station, and additional firemen appointed.

The Council has also purchased two ambulances of the most modern pattern, one of which will be stationed at the Central Fire Station and one at the Mill Hill Fire Station.

24.—SWIMMING FACILITIES:

The proposal to construct an Open Air Swimming Bath in Mill Hill Park has received the approval of the Ministry of Health and the work put in hand, and the Bath should be ready for use next season. The estimated cost of the work is ~~£17,000~~. £20,150.

25.—DRAINAGE:

During the year one of the oldest main sewers in the Borough, that leading from Cricklewood to the Sewage Disposal Works, has been re-constructed and is now of a size sufficient to deal with the ultimate population from the watershed which it serves, the estimated cost being £4,500. In addition, improvements have been made in the storm water sewers in the Garden Suburb area with a view to obviating flooding in times of abnormal rain, the estimated cost in this case being £1,340.

Similar flood prevention works are also being put in hand in Wentworth Road, Great North Way and Sturgess Avenue, the total estimated cost amounting to £2,525.

Sewerage works are in progress in Abercorn Road at an estimated cost of £1,200.

26.—PUBLIC CONVENIENCES:

Consideration has been given to the provision of additional public conveniences in the area and new conveniences at Hartley Avenue, Mill Hill, and Station Road, Edgware, are at present under construction, the estimated cost being £1,750 and £1,700, respectively.

27.—LIBRARIES:

Plans and estimates have been prepared and submitted to the Ministry of Health for a Branch Library at Golders Green. The Ministry have approved the proposals, and tenders for the work will be received in the course of a few days. The estimated cost is £12,200.

In addition, plans and estimates have been prepared and approved by the Council for the construction of a Branch Library at Montrose Avenue at an estimated cost of £13,750. This scheme will be submitted to the Ministry of Health in due course.

28.—VITAL STATISTICS:

The migration into the Hendon district still continues and the last estimate of the population was 138,643, the census figure in 1931 was 115,682.

It is interesting to compare the main vital statistics of Hendon with those of the country generally as shown in the following table:—

	Hendon.		England & Wales.
Birth Rate	13.11		14.4
Death Rate	7.93		12.3
Infantile Mortality Rate	38	per 1,000 live births.	64

29.—MATERNITY AND CHILD WELFARE:

Provision continues to be made for the welfare and health of children up to 5 years of age and of expectant and nursing mothers, and these services are increasingly used by the inhabitants as is shown below:—

1929	24,382
1930	28,416
1931	31,004
1932	35,184
1933	38,825

On the 24th February, 1934, a new health centre at the rear of the Public Library was opened by the Mayoress. This centre is designed to deal with both maternity and child welfare and school medical services, and was erected at an estimated cost of £3,200.

30.—SCHOOL MEDICAL SERVICES:

When a child attains the age of 5 years he comes under the care of the school medical services.

Examinations are made at least three times during the child's school life and arrangements made at the various centres for the carrying out of specialised treatment such as dental, visual, orthopædic, etc.

During the year the Milk Marketing Board produced a scheme for the supply of milk to children at reduced prices. This was adopted by the Council and has been carried out in an excellent manner by the teachers in the various schools. Incidentally it may be mentioned that a similar scheme was in force in this area especially as regards children who were suspected of being undernourished, these being provided with milk, free of charge, where that was found necessary.

A new feature has been added to these services during the year, as it was found that many children were suffering from defects of speech, mainly stammering, the incapacity which this gives rise to in later life can be well imagined and as treatment gives its best results the carlier it is commenced, your Council appointed an officer specially qualified to deal with these defects.

A few figures in connection with the school medical services will be of interest:—

No. on roll	14,340
No. of routine and special examinations	10,340
No. of attendances at minor ailment clinic	28,927
No. of attendances at dental clinics	6,140
No. of attendances at orthopædic clinics	5,538
No. of attendances at eye clinics	2,327

31.—HEALTH PROPAGANDA:

An essential part of all medical services is educational, and continual advice is given at the various centres by the medical staff in the course of their daily routine. In addition, during the year the Council decided to circulate 2,000 copies monthly, of a journal called "Better Health" mainly to the schools, and in this, your Medical Officer contributes a monthly article.

32.—CONTROL OF INFECTIOUS DISEASES:

The majority of acute infectious diseases are admitted to your Isolation Hospital. This Hospital has been steadily extended to deal with the increasing population and this year an additional ward of 26 beds with the necessary administrative accommodation has been erected, bringing the total accommodation up to 120 beds. The estimated cost of the works is £11,000. This foresight has been well justified as during the year the incidence of scarlet fever has remained consistently high and the usual Summer decrease has not taken place.

33.—SANITARY WORK:

An increasing amount of sanitary work has been performed arising out of the steady development of the district and in this connection a very large number of visits have been made by your sanitary staff.

The Housing Act of 1930, placed a responsibility upon authorities to deal with any unhealthy areas in their districts and also with individual houses requiring extensive repairs or demolition.

To accommodate the tenants who would inevitably be displaced by these activities the Council have allocated 82 houses for that purpose on the Reets Farm Estate, which is in course of construction. The action taken so far is shown in the following paragraph:—

Clearance Area—Child's Hill.

A Compulsory Purchase Order was confirmed and action has been taken for the re-housing of the tenants, and in this area so far out of a total of 46 families, 24 have been re-housed in Council houses and 13 have found accommodation elsewhere. As regards the individual unfit houses, good progress has also been made in dealing with these properties under the Housing Act, schedules are prepared of all dilapidations and these are submitted to the Public Health and Medical Services Committee. The action taken has so far resulted in the following works being carried out :—

24 houses have been demolished.
7 houses are awaiting demolition orders operative.
10 houses have been rendered fit for human habitation.
10 houses are in course of being rendered so fit.
5 houses where demolition orders are not yet operative.
8 houses where specifications submitted, etc.
2 houses disused for human habitation.
6 houses where work to comply with notices served under Section 17 will be commenced shortly.

Altogether the housing in the area is of a high standard and it is only in a very small percentage that any action has been found necessary under these Acts.

34.—PUBLIC LIBRARY SERVICE :

During the year the use made of the library service as an instrument of adult education has continued to expand. In the adult lending department the slackening of demand for recreational reading continued, 29,529 fewer novels being issued, while there was an increase of 10,000 in the home reading issues of informative and educational books.

The following are particulars of stock and issues for the period covered :—

STOCK.

	Additions.	Total Stock.
Central Library	6,765	50,740
School Libraries	2,907	11,466

ISSUES.

Central Library	458,683
School Libraries	139,221
Deposit Stations	3,577
Total	601,481

The Local Collection now numbers 1,231 prints, 252 photographic plates, 624 deeds, MSS., etc., and 8 lantern slides, besides 706 books, maps and pamphlets, a total of 2,821.

On October 31st there were 18,889 members of the lending libraries, representing nearly 14 per cent. of the population of Hendon. These figures exclude any estimate of the very large number of children who obtain books from the School Libraries.

63 lectures and talks to adults and children were arranged, the attendances numbering approximately 3,800.

The loan of books to groups of adult students in the Borough has been continued and extended.

During the year the South-Eastern Regional Library Bureau began to function effectively as an agency for the inter-lending of books between 91 libraries with combined non-fiction stocks of nearly 2,000,000 volumes. Membership of the Bureau is proving useful and profitable to the Borough.

Two important steps towards providing library services for outlying districts of the Borough were taken during the year. As the result of a public enquiry held on March 28th, 1934, the Minister of Health provisionally approved the Council's application for a loan sanction for the Golders Green Branch, which should shortly be under construction. The Council has also decided to proceed next with a branch library at Montrose Avenue and to apply to the Minister for the necessary loan sanction.

The Central Library continues to hold its place as a good example of library planning and organisation, and has been visited in large numbers by members of library committees, librarians, and others from the London district, provinces and abroad.

There are now 31 school libraries operating, new centres at Clitterhouse Junior School and St. James' R.C. Central School having been opened during the year.

35.—EDUCATION :

During the year the Education Services have been extended to keep pace with the increase in the growth of the child population in the district. The following new schools were opened :—

	Accommodation.	Estimated Cost.
(*a*) Sunnyfields Council Infants' School	300	£9,290
(*b*) Clitterhouse Council Junior and Infants' School	400	£12,467
(*c*) Deansbrook Council Junior School ...	400	£11,500
(*d*) St. James' R.C. Central School (Senior) (erected by Managers) ...	320	

The Board of Education have also approved plans for the erection of a Modern Mixed School at Sturgess Avenue with accommodation for 400 children, the estimated cost being £11,500. In January last, the St. Mary's C.E. School was re-organised into Senior Mixed and Junior Mixed Departments after extensive alterations and additions had been carried out by the Managers.

The total number of children on the school rolls at 26/10/34 was 14,340, and the staff of Head and Assistant Teachers at present in the Committee's employment is 415.

The principle of granting Maintenance Allowances in approved cases for children over 14 years of age who remain in attendance at Advanced Courses of instruction in Primary Schools until the age of 15 or 16 years has been adopted.

Ten schools were re-decorated either internally or externally during the Midsummer Holidays. Cottages for Caretakers have been provided at the Deansbrook and Edgware Schools and the Sports Pavilion on the Burroughs Playing Field has been extended.

A Voluntary Milk Scheme under the Milk Marketing Board was inaugurated in the Committee's Schools as from 1st October, whereby children are enabled to purchase small bottles of pasteurised milk, each containing one-third of a pint, at ½d. per bottle. The approximate daily issue is 10,200 which represents 70 per cent. of the number of children on roll.

The Local Higher Education Committee established seven Evening Institutes for the Session, which commenced in September last, when 900 individual students were enrolled as compared with 725 students for the corresponding date last year.

The Board of Education have approved plans submitted by the Middlesex Education Committee for the erection of a Secondary School for Girls (Accommodation 490) at Page Street, Mill Hill. The contract has been signed, and work commenced early this month. It is anticipated that the building will be ready for occupation in September, 1935. The Middlesex Education Committee are also negotiating for the acquisition of a site for a Technical Institute in Central Hendon.

As in previous years necessitous children between the ages of 10 and 14 years, have been sent to the seaside for one week's holiday by the Juvenile Organisations Committee. Eighty-five boys were sent to Walmer and eighty-five girls to Shanklin for one week in each case.

For the year ended 31st July, 1934, the Juvenile Employment Bureau placed in employment the record figure of 2,051 Juveniles (1,200 boys and 851 girls) as compared with 1,511 Juveniles (872 boys and 639 girls) for the previous year. Unemployment Benefit amounted to £149 8s. 7d. as compared with £372 0s. 8d. for 1932-1933.

NOTICE OF MEETING:

The Town Clerk read the notice convening the meeting.

COUNCILLOR B. J. MONRO:

On behalf of the Council the Mayor welcomed Councillor Monro on his return after illness and expressed the hope that he would enjoy good health in the future.

Councillor Monro thanked the Mayor and Council for their good wishes and expressed sincere appreciation of their messages of good will during his absence.

CHRISTMAS GIFT FUND:

The Mayor reported that a commencement had been made with the issue of an appeal for funds and that the receipts to date were very encouraging. It was proposed to insert the public appeal in the local newspapers during the current week.

In order to ensure that the greatest possible number of deserving cases may be considered he had invited Clergy, Public Assistance Authorities and other Agencies to submit lists by the 12th December. This would not in any way interfere with the usual practice of obtaining lists from Members of the Council, and to this end he had invited the following Members to act as Ward Representatives:—

Burnt Oak	Alderman H. Connell.
Central	Councillor R. A. B. Teare.
Child's Hill	,, J. J. Copestake.
Edgware	Alderman W. H. N. Shakespeare.
Garden Suburb	Councillor H. G. Potter.
Golders Green	,, A. A. Naar.
Mill Hill	,, F. C. Rice.
Park	,, P. Lightfoot.
West Hendon	,, E. Holt.

Members desirous of submitting lists should accordingly confer with the Ward Representatives at an early date as it was contemplated that lists which would be received from the wider field already mentioned would take a fair time to sort and this process could not conveniently be commenced until all lists were received.

He had authorised temporary assistance to examine the Employment Exchange Live Registers to obtain a list of unemployed persons with families. This list would primarily be for use in connection with the Rotary Good Neighbours Scheme, but would also be of value in other directions.

FINANCE AND GENERAL PURPOSES COMMITTEE:

His Worship the Mayor read the composition of the Committee, as set out in the Agenda, and invited nominations for the election of five Members to serve on the Committee.

Eight nominations were received, and upon a ballot being taken, the voting was as follows:—

	Votes.
Alderman C. C. Cartwright, M.B.E., J.P.	24
,, G. R. Richardson	16

MAYOR'S INTERIM REPORT:

On the motion of the Mayor, seconded by Councillor Johnson, it was

22.—RESOLVED—**That the following report be received**:—

To the Aldermen and Councillors of the Borough of Hendon.

Ladies and Gentlemen,

INTERIM REPORT.

The following matters have been dealt with under authority of the Council's resolution No. 17 of the 9th instant:—

1.—CHILDREN ACT, 1908 AND CHILDREN AND YOUNG PERSONS ACT, 1932:

(**A**). *Infringement.*

N., Hendon, N.W. 4. It was reported to me that this Foster Mother had been guilty of an offence under the above Acts, inasmuch as the number of children under the age of nine years which may be kept at this particular dwelling was fixed by the Local Authority on the 16th April, 1934, at two, but during the period 10th May, 1934, to 5th September, 1934, this Foster Mother actually had three children under her care.

A letter has been sent on my directions severely reprimanding the Foster Mother in question.

(**B**). *Application.*

The following application was submitted and I approved the recommendation of the Medical Officer as indicated:—

Name and Address of Foster Mother.	Recommendation. No. of Foster Children.
Mrs. R. L., 33, Crispin Road, Burnt Oak ...	1 under the age of 9 years.

(**C**). *Foster Mother—Removal.*

In the case of **Mrs. L., 110, Cressingham Road, Burnt Oak,** the Council approved (P.H. and M.S.C., 8/10/34—1 (F)), the number of foster children to be increased from one to two. Subsequently the foster mother removed to 105, Ellesmere Avenue, N.W. 7, and I have approved the Medical Officer's recommendation that the maximum number of children which may be kept at the new address be fixed at two.

2.—DEFECTIVE CHILDREN:

J.W.B., Hendon, N.W. 4 (17/6/27), *and*
C.J., Hendon, N.W. 9 (20/6/24).

The above-named children (not in attendance at schools) have been examined and found to be imbeciles, and I have authorised that these cases be notified to the Middlesex County Council.

J.H., Hendon, N.W. 4 (19/12/21)—*School—St. Mary's C.E.*

The above child has been examined and found to be blind within the meaning of the Blind Persons Act, 1920, and can only be appropriately taught in a special school for blind children. Upon the recommendation of the Medical Officer I approved arrangements being made for the child to be admitted to a Special School for the Blind.

J.G., Burnt Oak (14/2/29).

The above-named child is suffering from congenital spastic paralysis and right hemiplegia, and on the recommendation of the Medical Officer I approved arrangements being made for her admission to a special day school for Physically Defective Children.

3.—ST. MARY'S C. OF E. SCHOOLS TRUSTEES:

A mortgage loan for a period of 5 years in the sum of £3000 at 3½ per cent. has been arranged with the Trustees of the above Schools and the sealing of any necessary documents authorised. The sum represents surplus funds in the hands of the Trustees, now available for investment.

4.—SMALL DWELLINGS ACQUISITION ACTS:

(A). *Advances.*

Application **No. 416/R.60917** for an advance of £792 has been finally approved, and application **No. 419/R.62274** has been provisionally approved for an advance of £500 per application.

(B). *Application Withdrawn.*

Application No. 415/R.59986 has been withdrawn.

5.—ACCOUNTS AND PAY ORDER:

I have examined accounts, and Pay Order No. 31 for £5992 9s. 8d. has been signed.

6.—ALMSHOUSE CHARITIES OF ATKINSON AND OTHERS:

"REPORT OF THE COUNCILLORS FOR THE TIME BEING REPRESENTING THE EDGWARE WARD.

19*th November*, 1934.

Pursuant to paragraphs 4 and 5 of the Scheme of the Charity Commissioners of the 19th July, 1932, for the regulation of the above Charities, WE RECOMMEND—

(1) That Councillor F. W. Gilpin vacate office as a Representative Trustee at the end of two years from (November, 1932) the date of the appointment of the first Representative Trustees.

(2) That Councillor F. W. Gilpin be re-appointed a Representative Trustee for four years to November, 1938."

I approved the above recommendations.

7.—REETS FARM HOUSING SCHEME:

The notice terminating the Contract with H. M. Nowell, Limited, having expired, I instructed the Borough Surveyor to complete the above Scheme by direct labour.

8.—WOODSIDE PARK:

Proposed Compulsory Purchase Order.

The Council on the 1st October approved, on the recommendation of the respective Committees, an Order under Section 2 of the Public Works Facilities Act, 1930, for the compulsory acquisition of land to connect Lullington Garth and Frith Lane, and for the purposes of Education, a Library and a Public Open Space. Authority has now been given for a site to be included in the proposed Order for the purposes of the Maternity and Child Welfare and School Medical Services.

9.—TOWN HALL:

(A). *Lady Members' Room.*

Instructions have been given for a plate to be obtained for the door of this room inscribed "Mayoress and Lady Members."

(B). *Lettings.*

I have authorised the appropriation of No. 5 Committee Room as a General Waiting Room and in consequence thereof that room and No. 3 Committee Room will cease to be available for letting.

No. 5 has hitherto been available for small meetings at the discretion of the Town Clerk, and No. 3 is required for storage accommodation but will give further opportunity for the letting of No. 4 which has previously been used for storage purposes.

12.—DEMOLITION OF OAK COTTAGE, BRENT PARK:

Tenders were received (as hereunder) for the demolition of this Cottage, and I authorised the acceptance of the tender of Mr. E. Giddy of 764, Finchley Road, amounting to £15.

2.—ST. PAUL'S C.E. SCHOOL :

(*a*) REPORT OF SPECIAL SUB-COMMITTEE :

"Pursuant to Minute No. 3 in the report of the Works Sub-Committee, dated 2/10/34, a conference between representatives of the Education Committee and the Managers of the St. Paul's C.E. School was held at the Town Hall on Tuesday, the 30th October, 1934, to discuss the revised plans for the re-construction of the school.

There were present :

Committee Representatives : Alderman W. M. Maughan (in the Chair); The Deputy Mayor (Councillor B. Flowers) and Alderman (Mrs.) S. J. Bannister, L.L.A.

Managers : The Rev. F. R. Sheehan (Chairman); Messrs. J. Fraser (Correspondent), J. Evans and C. Wright, and Councillor A. S. F. Ford.

Apologies for absence were submitted on behalf of His Worship the Mayor (Alderman C. C. Cartwright, M.B.E., J.P.), and Alderman S. H. Egan, J.P.

Copies of a Memorandum upon the present position at St. Paul's C.E. School had been circulated to the Managers as well as to members of the Special Sub-Committee.

The Borough Surveyor reported upon the revised plans submitted by the Managers, and gave details of a number of additional amendments which would still be necessary to bring the present building up-to-date and to comply with the requirements of the Board of Education if the school were to remain an "All Standard School." The Director of Education also reported upon present and future developments in the National Educational System and outlined the inadequacy of the premises in the light of modern educational requirements, *e.g.*, absence of Practical Rooms for Manual Work, Domestic Science Instruction, Science Laboratory and Art and Craft Room. The vital difficulty was the insufficiency of the existing site and the impossibility of securing any extension thereof.

Discussion ensued.

The Managers then stated that they had explored every possible avenue with a view to obtaining additional land but without success, and further, that they were unable to raise the funds necessary for carrying out the work of re-construction. In view thereof, they were unanimously of the opinion that the only solution of the problem was for them to concur with the terms of the following resolution which was passed by the Education Committee on 5th June, 1934, viz. :—

(i) THAT the St. Paul's C.E. School be re-organised as an Infant and Junior Department for children up to 11 years of age.

(ii) THAT Senior children over 11 years of age be required to attend an appropriate Senior School.

(iii) THAT the official accommodation of the existing school building be reduced from 201 to 150.

This decision of the Managers will be communicated to the Secretary of the London Diocesan Board."

THAT the scheme, particulars of which are given hereunder, be adopted and forwarded to the Board of Education for approval, viz. :—

It shall be payable from the beginning of the School Term immediately following that in which the pupil attains the age of 14 years, and it shall continue to be payable, subject to the terms and conditions of this scheme, until the end of the school year during which the age of 15 or 16 years is attained.

and (ii) That the continuance of an Allowance is dependent upon the receipt of satisfactory reports upon the work, progress, conduct and attendance of the recipient from the Head Teacher at the end of each term, during which the Maintenance Allowance has been current.

(*g*) Maintenance Allowances are awarded and held on the understanding that the recipient fulfils all the conditions as set forth in the Scheme. If the pupil fails to complete the course of instruction for which the Maintenance Allowance was granted for a reason not previously approved by the Education Committee, or in the event of irregular attendance, or if any financial statement is subsequently found to be incorrect in fact, the Maintenance Allowance shall be withdrawn immediately, and the Education Committee reserves the right to demand the repayment of any sums paid to a Parent (or Guardian) on behalf of such pupil.

II. HEALTH CENTRES:

(*a*) COLINDALE AND EDGWARE:

SUBMITTED: Report of Councillor J. J. Copestake (Ex-Chairman of the Committee) intimating that he had conferred with the Medical Officer of Health and the Borough Surveyor on the question of the acquisition of a site for the provision of a Health Centre in the Colindale district and at Edgware. (P.H. & M.S.C., 25/6/34—(2)).

(i) COLINDALE:

The view was expressed that, having regard to the existence within reasonable distance of Colindale of permanent Centres at West Hendon, Central Hendon and Watling, where specialist examination and treatment can be undertaken, it is not necessary to acquire land in the Colindale area for the provision of a permanent Health Centre, but the provision of temporary facilities may prove desirable in the future in connection with the child welfare services.

It will be remembered that the question of the provision of a Centre originated on a letter from the Colindale and District Ratepayers' Association. (P.H. & M.S.C., 28/5/34—(3)).

RESOLVED TO RECOMMEND—

(1) **THAT the report be approved;**

(2) **THAT the question of the provision of a Health Centre in the Colindale area be reviewed at the expiration of six months;**

(3) **THAT the Colindale and District Ratepayers' Association be informed accordingly.**

(ii) EDGWARE:

The report continues that in relation to Edgware a different problem exists in view of the large area of undeveloped land north of the Bye-Pass Road, and the difficulty of forecasting the type of development.

In view of the proposal to acquire land for educational purposes in the Edgware Ward it is suggested that a portion of the land should be allocated for the erection of a permanent Health Centre, but that the erection of the centre be deferred pending building development.

RESOLVED TO RECOMMEND—**That the suggestion be approved and adopted.**

(*b*) MILL HILL:

SUBMITTED: Report of Medical Officer of Health with further reference to the question of the provision of a permanent Health Centre at Mill Hill.

In June, 1932, it was resolved on the recommendation of the Emergency Committee that the provision of a Maternity and Child Welfare Centre and School Clinic at Mill Hill at an estimated cost of £3,600 be included in the three year programme of capital works.

In the event of a centre being built of similar material to that used in the construction of the Central Hendon Centre it is anticipated that the cost would now be considerably under £3,600.

At the present time one child welfare session is held per week in the Church Hall, Goodwyn Avenue, at a cost of £1 per session for the hire of the premises. From statistics furnished by the Medical Officer it will be necessary in the near future to hold an additional weekly session.

Various factors have been considered and having regard to the increase in the population of the area concerned the Medical Officer submitted the following proposals :—

(i) That a Health Centre for Maternity and Child Welfare and School Medical Services be erected on land owned by the Council in Hartley Avenue, Mill Hill, and that the necessary financial provision to include equipment be made in the 1935/36 rate estimates.

(ii) That steps be taken with a view to arrangements being made with the Church Authorities for the holding of an additional session weekly at the temporary Centre in Goodwyn Avenue.

RESOLVED TO RECOMMEND—

(1) **THAT the proposals of the Medical Officer be approved and adopted.**

(2) **THAT the Borough Surveyor be instructed to proceed with the preparation of preliminary plans and estimates in connection with the proposed permanent Centre.**

(*c*) ROTA OF VISITORS :

RESOLVED—**That the Medical Officer prepare a rota of visitors for submission at the next meeting in accordance with instructions given by the Committee.**

III. WINTER SCHOOL FOR HEALTH VISITORS AND SCHOOL NURSES :

FURTHER CONSIDERED : The above matter referred back by the Finance and General Purposes Committee. (P.H. & M.S.C., 8/10/34—(2)).

It will be remembered that at the previous meeting the Committee recommended approval to a suggestion of the Medical Officer that the Senior Health Visitor from the four permanent Health Centres should be granted permission to attend the Winter School to be held in London from 28th December, 1934, to 9th January, 1935, at a cost to the Council of £12 12s. 0d.

RESOLVED TO RECOMMEND—**That the Committee re-affirm their previous recommendation.**

AMENDMENT :

The Education Committee RESOLVED TO RECOMMEND—

THAT Item III. above be referred back to the Public Health and Medical Services Committee.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee are of opinion that the recommendation of the Public Health and Medical Services Committee should be disapproved]

IV. HEALTH VISITOR AND SCHOOL NURSE :

(*a*) RESIGNATION :

REPORTED : Resignation of Miss I. Doull.

(*b*) APPLICATIONS :

SUBMITTED : Applications (29 in number) in response to the advertisement authorised by the Mayor in his Interim Report of the 9th November (paragraph No. 4), to fill the vacancies caused by the resignation of Miss Stewart and Miss Hall.

RESOLVED—**That a Sub-Committee be appointed, consisting of the Chairman of the Committee (Councillor F. W. Gilpin), Alderman H. Connell, Councillor (Mrs.) M. Thomas and Councillor J. J. EXTRA DISTRICT CHILDREN:

The Chairman reported that the Director of Education and he interviewed County Councillor Fuller, Chairman of the Middlesex Education Committee, Alderman Darlington, Chairman of the Elementary Committee, Mr. Walton, Secretary, and Mr. Wheeler, Chief Assistant, on Wednesday afternoon, 7th instant. There was a free and frank interchange of points of view by the representatives on both sides. It was finally agreed that Hendon should re-submit the names, addresses and ages of all Middlesex children who had been admitted to the St. James' R.C. School since it was opened on 28th August. This list was submitted on 10th instant. At the date of the interview there were 55 such children. The Middlesex representatives undertook to re-examine this list and to inform the Hendon Committee in due course of their approval or disapproval in the individual cases. Middlesex were not prepared to accept the principle of an automatic admission of R.C. Border Children to the St. James' R.C. School, but they were prepared to consider each case on its merits, having particular regard to the distances to be travelled by individual children.

The results of this further investigation by the Middlesex Education Committee will be submitted for the consideration of this Education Committee in due course.

Noted and approved.

Pursuant to the Committee's instructions the Town Clerk reported that little progress had been made for giving effect to the representations made by the Metropolitan Boroughs Standing Joint Committee to the responsible Government Department for the making of an Order under Section 10 of the London Traffic Act, 1924, as amended by Section 63 of the London Passenger Transport Act, 1933, prohibiting itinerant Street Traders in certain thoroughfares in the London Boroughs. **Noted.**

The above Bye-Law, which prescribes the charges which the Council are authorised to make for the removal of refuse or other services rendered in connection with street trading, ceases to be in force after the 1st April next, unless a Bye-Law confirming and continuing its provisions has been duly made. In this connection a communication has been received from the Secretary of State, Home Office, stating that he desires to review the general operation of the existing scale of charges which this Council are empowered to make under Section 147 of the Hendon Urban District Council Act, 1929, and other Local Authorities under Section 17 of the Middlesex County Council Act, 1930, with a view to deciding whether any amendment of the scale is necessary or desirable, and he asks to be furnished with any observations the Council may desire to make on the matter generally.

So far as the Council are concerned there has been no necessity for putting the charges into operation, but having regard to the possibility of the future necessity for the charges to become operative, the Committee is advised that the existing Bye-Law should be continued. He estimates the cost at £102, including the payment of a sum of £75 to the Gas Light and Coke Company for providing the necessary service, and in addition an annual maintenance cost of £23 5s. 0d. in respect of the six lamps which will be required.

(*b*) **That the Corporate Seal be affixed to the Agreement.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

(C). *Reflectors.*

The Committee's attention was called to the desirability of dispensing with reflectors affixed to lamps erected at road junctions on account of the shadow which is caused on the shaded side of the lamp, and the Borough Surveyor stated he was at the present time carrying out experiments with a view to improving the distribution of the light without reducing the uniformity of lighting intensity in the main road.

† (D). **Footpath—Wild Hatch to Hampstead Way.**

The main provisions of the Regulations, which revoke the earlier Regulations, are to the effect that the driver of a vehicle approaching a pedestrian crossing which is indicated by a prescribed traffic sign, is to proceed at such a speed as to be able, if necessary, to stop, and if the crossing is not controlled by a police constable or by light signals he must allow free passage to any foot passenger who may be on the carriageway at such crossing. When approaching a crossing where the traffic is controlled, the driver of a vehicle must allow free passage to a foot passenger who has started to cross the road before the signal is given enabling the driver to proceed. Foot passengers are not to remain upon any crossing longer than is necessary for the purpose of crossing the road with reasonable despatch. The penalty for a breach of the regulations is forty shillings. **Noted.**

Studs.

It is understood that the Middlesex County Council have agreed to splay the road with an island, but this had been rejected by the Ministry, but we urge that the whole matter be carefully considered and adequate police control forthcoming immediately."

(ii) Report of the Borough Surveyor on a suggestion that the Council should give consideration to the construction of a light footbridge over Watford Way at the Park Crossing. A footbridge, if erected, would have to allow headroom of 16 ft. 6 ins., and a clear span of 46 feet to allow for the future widening of the road and the provision of a double carriageway.

RESOLVED TO RECOMMEND—**That the Borough Surveyor be instructed to prepare plans and estimates for the construction of a light footbridge on the lines of his report for consideration in due course.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal and Recommend that application be made to the Middlesex County Council for consent to the erection of the proposed footbridge and for a contribution towards the cost of the proposed works]

† (D). **Junction of Pennine Drive and Purbeck Drive, Colders Green.**

SUBMITTED : Letter from the Ministry of Transport regarding the above junction. The Borough Surveyor reports that owing to the increased traffic along Pennine Drive since Claremont Road was re-constructed, the Ministry consider the provision of a roundabout traffic system to be the only solution for dealing with this junction, and they enquire whether the Council would be prepared to maintain the requisite appropriate signs if the Minister makes the necessary Order.

RESOLVED TO RECOMMEND—**That the Council approve of the institution of a roundabout system of traffic working at the junction of Pennine Drive and Purbeck Drive, and agree to maintain the necessary signs.**

† (E). **Junction of Meadway, Hoop Lane and Temple Fortune Lane—Hampstead Garden Suburb.**

SUBMITTED : Report of the Borough Surveyor on a letter from the Chairman of the Hampstead Garden Suburb Residents' Association asking the Council to take all necessary action for the institution of a round-about system of traffic working at the above junction.

The Committee are of opinion that the placing of the existing signs in a more conspicuous position will obviate the necessity for any alteration in the existing arrangements, and accordingly

RESOLVED TO RECOMMEND—**That the Borough Surveyor be instructed to arrange for the existing signs to be placed in a more conspicuous position, and that the Hampstead Garden Suburb Residents' Association be informed of the action proposed to be taken.**

(F). *Parking Place—The Riding, Golders Green.*

★6.—TAXI-CAB FACILITIES:

† **(A). Golders Green.**

On the 1st October last the Council approved of an application being forwarded to the Minister of Transport and the Commissioner of Police of the Metropolis with a view to the rear portion of the parking place for Class " A " vehicles in North End Road being converted into a " feed " rank for ten taxi-cabs.

A letter was submitted from The Motor Cab Owner-Drivers' Association stating that the heavy demands made upon the rank at Golders Green are continually increasing, and that the Association feels that within a comparatively short time there will again be an urgent need for an extension of the proposed new accommodation. They, therefore, suggest that in order to place the accommodation for taxi-cabs on a permanently satisfactory and adequate basis, that the existing parking place in North End Road should be converted into a " feed " rank for twenty cabs, and a parking place provided in West Heath Drive in lieu of the existing " feed " rank for 3 cabs.

A similar proposal was disapproved by the Council on the 29th January last (Hi.C., S/1/34—6), and having regard to the action already taken by the Council for increasing the taxi-cab accommodation at Golders Green, as indicated in the first paragraph hereof, the Committee

RESOLVED TO RECOMMEND—**That the Association be informed that the Council regret they are unable to adopt their suggestion.**

† **(B). Edgware.**

REPORTED: That the Commissioner of Police had cancelled the Regulation appointing a Standing for three Hackney Carriages on the south side of Hale Lane, Edgware, and that he had made a new Regulation appointing a Standing for six Hackney Carriages at Station Road, Edgware, as follows:—

On the north side of the roadway, commencing at a point five yards west of No. 3, Station Road, extending westward, by kerb, as far as necessary for six cabs—front of cabs towards the east.

The Committee are of opinion that the taxi-cab rank should be in closer proximity to the Tube Station than the standing now prescribed by the Commissioner of Police and that a standing for three cabs near to the Station would serve a more useful purpose than the standing for six cabs in the position now prescribed. The Committee, therefore,

RESOLVED TO RECOMMEND—**That the Commissioner of Police of the Metropolis be so informed and that he be asked to appoint a standing for taxi-cabs in close proximity to the Tube Station.**

★7.—PRIVATE STREET IMPROVEMENTS:

Thorpe that the Council should take over The Greenway (2nd portion) and Beechwood Close, Mill Hill, which had been made up by the builders without any arrangement being entered into with the Council as to supervision or subsequent taking over.

The Borough Surveyor reported that it was desirable that the road in question, and also the remaining portions of Hale Drive, should be made up, and the Committee accordingly

★10.—APPLICATIONS FOR INTERIM DEVELOPMENT ORDERS:

SUBMITTED: Report of the Borough Surveyor on the following applications:—

† **(A). Land—Junction of Edgware Road with South Road, Burnt Oak.**

† **(B). Featherstone Farm, Bunns Lane, Mill Hill.**
Applicant—Mr. W. R. Kidwell.

It is proposed to retain the shop, and to substitute two houses for the workshop fronting Bunns Lane, the temporary buildings at the rear to be gradually replaced by permanent garage buildings and workshops in connection therewith. The petrol pumps to be installed behind the existing cottage.

RESOLVED TO RECOMMEND—**That the proposal be approved and an Interim Development Order issued accordingly.**

Applicant—Mr. H. A. Saunders.

Applicants (i) Messrs. Harriss & Harriss,
and (ii) Messrs. Bierrum and Partners.

For permission to erect a block of 40 flats on the above land comprising the site of Swiss Cottage and adjoining cottages. The density of development is excessive, and the building line is inadequate.

The application of Messrs. Bierrum and Partners is of a similar character but provides for a slightly more adequate building line.

RESOLVED TO RECOMMEND—**That both applications be disapproved.**

† (E). **Land—The Riding, Colders Green.**
Applicant—Mr. A. Davis.

Woman Housing Assistant.

REFERENCE:

To interview the following three candidates for appointment to the position of woman housing assistant and to recommend a candidate for appointment for consideration by the Finance and General Purposes Committee:—

Miss A. H. Baskett, B.A.,
Miss M. M. Ryle,
Miss C. E. Watson, B.Sc.

The Sub-Committee have interviewed the selected candidates in accordance with their terms of reference, and

★17.—PROVISION OF PERMANENT ALLOTMENTS:

On the 1st October, the Council had before them a report from the Estates, Parks and Allotments Committee (10/9/34—10) intimating that they had had under consideration a letter from the Ministry of Agriculture and Fisheries with regard to the West Middlesex Sewage Disposal Scheme and its bearing on the question of the provision of allotments.

A statement as to the number of vacant plots, etc., throughout the district was before the Committee, together with a report of the Borough Surveyor intimating that it would be inadvisable to definitely allocate land comprising the Sewage Works for allotment purposes, especially as the Council had already decided that in due course a comprehensive scheme was to be prepared for dealing with the whole of the land which will be free for development when the West Middlesex Scheme comes into operation.

The Estates, Parks and Allotments Committee were, however, of opinion that an additional 60 acres of land should be appropriated for permanent allotments, but on the recommendation of the Finance and General Purposes Committee the matter was deferred pending the issue of reports to that Committee by the officers.

The Committee have now carefully considered the reports of the officers, together with a statement of the provision already made for allotments by way of permanent acquisition and temporary allocation, and

RECOMMEND—**That no further appropriation of land for the purposes of permanent allotments be made at the present time.**

★18.—DISTRICT NURSING ASSOCIATIONS:

The Council, on the 29th October, received a report from the Public Health and Medical Services Committee (8/10/34—4) recommending proposals to be incorporated in a scheme for the utilization of the services of the District Nursing Associations in connection with the Council's Maternity and Child Welfare Services.

The Committee RECOMMENDED—

(1) *That the proposals be approved and submitted for report to the Central Committee of the Associations.*

(2) *That on approval being intimated the necessary scheme be submitted to the Ministry of Health.*

The Finance and General Purposes Committee added a rider to such recommendations to the effect that the accounts of the individual associations should be prepared in a form to be agreed with the Borough Treasurer, and the Town Clerk was directed to report as to the possibility of the Council incurring any legal liability in the carrying out of the Scheme.

The Town Clerk has accordingly submitted his report, and in view of the terms thereof, the Committee

RECOMMEND—

(1) **That authority be given for the Scheme to be prepared and submitted for the approval of the Central Committee and the Minister of Health, subject to a condition being inserted therein to the effect that the Nurses engaged by the Associations in the Council's Maternity and Child Welfare Services shall be State Registered Nurses.**

(2) **That the Borough Treasurer be instructed to make the necessary inquiries with a view to insurance against risks in connection with the proposed Scheme.**

★19.—ACCOMMODATION ROADS:

The Council, on the 29th October, received a report from the Highways Committee (8/10/34—5) intimating that they had considered a schedule relating to 87 accommodation roads, and thereon the Highways Committee

RECOMMENDED—That the Borough Surveyor be instructed to prepare plans and estimates with a view to the accommodation roads set out in the schedule which constituted a primary means of access being made up under Section 150 of the Public Health Act, 1875.

The Finance and General Purposes Committee approved the proposal in so far as it applied to accommodation roads in respect of which there were no agreements as to maintenance and with regard to these roads instructed the Town Clerk to report thereon.

The Committee have now considered the report of the Town Clerk showing that the following agreements exist :—

Date.	Parties to Agreements with the Council.	Roads concerned.	As to maintenance.
14/12/28	The Ecclesiastical Commissioners, William James King and Edmondsons, Ltd.	Accommodation road rear of shops and premises in Finchley Road and North End Road	W. J. King and Edmondsons, Ltd., to maintain and cleanse the road and also fix collapsible or other approved gates at each end.
8/11/11	The Ecclesiastical Commissioners, James Edmondson	Accommodation road rear of premises in Golders Green Road, between Hoop Lane and Golders Green Crescent	James Edmondson to maintain and cleanse the road and to fix collapsible or other approved gates at each end.
18/ 6/23	Francis Thomas Willers	Accommodation road rear of shops, Finchley Lane and Parsons Street	Francis Thomas Willers to maintain and cleanse and keep free from obstruction.
16/12/26	Charles Phillips	Accommodation road between Hodford Road and Rodborough Road	Charles Phillips to pay the Council £20 per annum in respect of scavenging.
16/10/28	Percy Bason, Max Dyson, Joseph Pearce, Henry Reed, Walter Sales and Samuel Wilson on behalf of owners	Accommodation road from Armitage Road to Hodford Road	Owners to pay the Council £50 per annum in respect of scavenging.
21/ 7/30	Ernest Owers	Accommodation road between Hendale Avenue and Greyhound Hill	Ernest Owers to maintain and cleanse and to plant and maintain a belt of trees to screen the road from adjoining residential properties.

The Town Clerk referred to existing difficulties in the enforcement of the agreements and the Committee thereupon

RESOLVED TO RECOMMEND—**That the Highways Committee be requested to include the roads in question in the list of accommodation roads to be made up under Section 150 of the Public Health Act, 1875.**

★20.—PUBLIC HEALTH (TUBERCULOSIS) REGULATIONS OF 1925:

SUBMITTED: Arbitrator's Award, Counsel's opinion and the Town Clerk's report on the case of J.L.

Various defects exist in the regulations under which the claim for compensation was submitted, and in view of Counsel's opinion and the difficulties involved, the Committee

RECOMMEND—

(1) **That authority be given for payment of the amount of the Arbitrator's award.**

(2) **That representations be made to the Minister of Health as to the advisability of the amendment of the regulations to meet the difficulties which have been encountered.**

★21.—COLNE VALLEY WATER COMPANY—CHARGES:

SUBMITTED: Letter from the company intimating that they had decided that as from the 26th December the statutory charge for each and every bath will be reduced by 50%, which is stated to represent an annual allowance to existing customers of £6,500.

The Council will remember that in June last (F. & G.P.C., 11/6/34—22), authority was given for a formal petition under Section 20 of the Colne Valley Water Company's Act, 1928, to be presented to the Minister of Health praying for a revision of the existing charges of the company and the Committee feel that, notwithstanding the reduction now proposed by the company, steps should be taken as soon as the 1934 accounts of the concern are available, for further consideration to be given to the question of pursuing the petition.

Other authorities have also submitted similar petitions and in this connection the Wembley Urban District Council, prior to the announcement of the reduction of charges intimated above, had written to enquire whether the Council would appoint a representative to attend a Conference of all authorities concerned. Having regard to the present position of the matter the Committee are of opinion that no useful purpose would be served by such a Conference at the present time.

RESOLVED TO RECOMMEND—**That further consideration of the matter be deferred pending the publication of the company's accounts for 1934.**

★22.—SHOPS ACTS INFRINGEMENTS:

SUBMITTED: Reports of the Shops Inspector on three cases of infringements under the above Acts.

RESOLVED TO RECOMMEND—**That proceedings be instituted against David Falber, of 18, Temple Fortune Parade, Joseph and Albert Assan, of 264, Watford Way, owners of businesses carried on in the premises indicated, and also against the Manager of George Albert Shell (Cavours), 1185, Finchley Road, N.W. 11, in respect of his obstruction of the Shops Inspector in the execution of his duties under the Acts.**

MAYOR'S CHRISTMAS GIFT FUND:

In connection with the allocation and distribution of Christmas Gifts from the Mayor's Fund, the Mayor made the following statement:—

"I wish to take this opportunity of thanking all those members of the Council who rendered such valuable assistance to me in connection with the allocation and distribution of Xmas gifts from the Mayor's Fund.

As the Council is fully aware, the names of suggested participants are supplied by the members specially appointed and from other responsible sources. Every endeavour is made to ensure that no real case of need is omitted and that no undeserving cases are included in the list.

While the system may not be infallible, it will, I think, be admitted that it has, in the main, worked most satisfactorily.

It is a little unfortunate that an anonymous correspondent should have thought fit to write to the local press suggesting that the gifts have been unfairly distributed. While it is not my usual practice to take notice of communications the author of which fails to append his or her name, I feel that the public might possibly be misled by the statements which have been made—to the detriment of the Fund in future years.

The Fund is administered with the utmost impartiality and I have already referred to the method of distribution. The anonymous contributor has been interviewed and now agrees that her proper course was to send particulars of any cases which she considered deserving either to the member appointed for the Ward (whose name appeared in the press) or to myself, when full investigations would have been made.

I should like to take this opportunity of informing the public that more cases were relieved last Xmas than in any former year and I know of no single case in which a deserving applicant has failed to participate in the distribution."

HENDON TOWN PLANNING SCHEME No. 1:

CONSIDERED: Statement as to 17 representations (including that of the County Council) received as a result of the advertisements of the 14th December and personal notices issued on the 17th December, as to the Council's intention to make the Scheme on the 14th January. (B. & T.P.C., 26/11/34).

The Committee interviewed Mr. E. Waterman on his representation as to density zoning of certain land in Edgware.

Generally speaking the bulk of the representations relate to matters in respect of which adequate protection for the owners is afforded by the Scheme and the Committee are of opinion that, as further representations may be made to the Minister (whose decision is final) when the Scheme is submitted to him, it is advisable for the Council to make the Scheme in its present form, and they

RECOMMEND **accordingly.**

The Chairman of the Committee intimated that five representations had been received since the meeting of the Committee and at the request of the Council particulars of such representations were read by the Borough Surveyor.

The Chairman of the Committee (Councillor Copestake) thereupon made the following statement :—

HENDON TOWN PLANNING SCHEME No. 1.

At the time of the passing of the Town and Country Planning Act, 1932, the Town Planning Schemes for both Hendon and Edgware were awaiting the confirmation of the Minister of Health. Owing, however, to the coming into operation of that Act it became necessary for the Council to issue notices in the London Gazette (26th May, 1933) and the Local Newspapers (2nd and 9th June, 1933) to the effect that they had been authorised before the 1st April, 1933, to prepare a Town Planning Scheme, that the Map defining the areas of the Scheme was open to inspection, and that any person who is, or claims to be, an owner of property in the said areas, and any association representing owners of property, and any local association representing business or industry, may by notice in writing require registration without charge for the service of subsequent notices relating to the Scheme.

Personal notices had also to be served before the 30th November, 1933, on all persons shown as owners or occupiers within the areas of the Scheme who were included in the latest assessment to Income Tax under Schedule " A "—such lists were supplied by H.M. Inspector of Taxes as provided for in the Act.

Approximately 24,000 notices were thus served as the result of which some 800 owners, agents and associations requested registration, and are accordingly duly registered for the service of subsequent notices. Registration can be effected at any time, and lasts for a period of three years.

Pursuant to the General Transitional Order the Minister returned the 1928 Scheme on the 16th January, 1934,

> " for such revision as may be necessary in order to secure that it shall conform with the provisions of the Act," and

for re-submission after compliance with the various regulations. At the same time the Minister forwarded a list of settled modifications to the Scheme of 1928 which had been made upon his consideration of the Scheme and he suggested that these should be incorporated in the revision.

The Minister went further and also proposed that there would be advantage in now combining the Hendon Scheme and the Scheme prepared by the Rural District Council in so far as it applied to Edgware.

The return of the Scheme and the Minister's proposals were reported to the Buildings and Town Planning Committee on the 12th February, 1934, with an intimation that the Scheme must be re-submitted to the Minister before the 16th April, 1935.

The Borough Surveyor on the 2nd July, 1934, reported to the Committee in detail on the amendments necessary to the Scheme consequent on

(1) revision required to bring it into accord with the new Act;

(2) alterations of areas under the Middlesex Review Order and the incorporation of the Rural Scheme relating to Edgware;

(3) development which has taken place since the Scheme was approved in 1928.

Many of the amendments were of a minor character but those of more importance were set out in the report of the Committee to the Council and were duly approved.

The Schemes for Hendon and Edgware have now been combined and revised in the light of the information I have already given, and Members will no doubt remember that the Buildings and Town Planning Committee (26th November, 1934) reported to the Council on the 10th December, 1934, in the following terms:—

"9.—TOWN PLANNING SCHEME No. 1:

SUBMITTED: Report of the Borough Surveyor, together with the revised maps indicating Town Planning Scheme No. 1. The revision of the Scheme has been carried out in accordance with the amendments already approved by the Council. (B. & T.P.C., 2/7/34—6).

RESOLVED TO RECOMMEND—

(*i*) *That notice be given to interested Local Authorities under Article* 30 *of the Town and Country Planning Regulations,* 1933, *of the Council's intention to pass the following resolution making the Hendon Town Planning Scheme No.* 1 *at a Special Meeting to be held on the* 14*th January,* 1935, *of which special notice under Article* 14 (3) *of the said regulations will be given to members of the Town Council:*

Hendon Town Planning Scheme No. 1.

RESOLVED—That the Council hereby make the above Planning Scheme and approve the scheme map, which scheme and map have been signed by the Town Clerk and dated the Fourteenth day of January, 1935, *and order that the said scheme and map be sealed with the seal of the Council and submitted to the Minister of Health for approval."*

(*ii*) *That in order to satisfy Article* 32 *of the Town and Country Planning Regulations,* 1933, *notice be given to registered owners and inserted in the local newspapers of the Council's intention to make the above Scheme on the* 14*th January,* 1935, *and that the scheme and map are open to inspection."*

The Council approved the resolutions and the notices to be issued thereunder were duly given in the Local Newspapers on the 14th December and by personal notice to registered owners on the 17th December — the latter being the notice to which the Deputy Mayor referred at the Council Meeting on the 7th January.

This notice conveyed the Council's intention to make the Scheme on the 14th January, 1935, gave opportunity for inspection of the Scheme and map and invited representations in writing not later than the 7th instant.

Certain representations have been received and the Buildings and Town Planning Committee met on Thursday, the 10th instant, and considered them. The report of the Committee is before this meeting for adoption.

As to the Scheme generally it follows in principle the proposals of the 1928 Scheme with which the Members are quite familiar. The matters with which it deals and its effect are set out in the Clauses (which are model Clauses adapted to suit local requirements) which accompanied the notice of this meeting and I hope every Member has had an opportunity of perusing the document over the week-end.

One or two of the main aspects of the Scheme may be summarised:—

ROADS :

Provision is made by means of town planned roads, indicated by red colour on the map, for securing adequate traffic routes as development proceeds. This statement applies particularly to the northern portion of the Borough, where building operations have not been carried out to any great extent.

For example, Roads Nos. 1 and 3 in the Parish of Edgware will provide east to west communication along both the northern and southern boundaries of the proposed Green Girdle. Road No. 21a, in conjunction with the widening of Frith Lane, will ensure a much needed link between the Woodside Park Estate and the rest of the Borough.

In addition to these proposed new roads, the widening of existing highways, necessary to secure greater safety and convenience, is provided for.

RESERVATIONS :

The most important reservations on the map are those which indicate proposed Public Open Spaces. These reservations are coloured light green and hatched with dark green lines, the largest being the " Green Girdle " running from Watling Street on the west to the boundary of Scratch Wood on the east. The area of this reservation is about 211 acres.

Next in importance is the reservation of twenty-one acres at Holcombe Dale, which in turn links up with the Riverside Walk, skirting the Borough boundary and of which 19.1 acres have still to be acquired.

The existing Public Parks and Open Spaces are shown by dark green colour on the map.

ZONING :

Generally speaking, the southern half of the Scheme provides for residential development at a density of twelve houses to the acre, and the northern half of the Borough is zoned for the same purpose at densities ranging from eight (which predominates) to small areas at two and four houses to the acre along the Elstree Ridge.

In addition to these residential zones provision has been made for shopping centres and a general zone extends along the Edgware Road frontage as far as Station Road, Edgware.

In the southern half of the Borough these zones merely conform to existing development as there is little scope remaining for building operations beyond such as may take place by way of re-development.

It will be observed that very ample provision has been made for the smaller type of house in the twelve to the acre zone, and the maintenance of the lower densities in the northern part of the area is essential if the proper balance of the Scheme is to be adhered to in this respect.

What the Committee is doing now is, in effect, to ask the Council to pass the necessary statutory resolution to give effect to the Scheme which they have already approved.

After discussion

Moved by Councillor Copestake, seconded by Councillor Lightfoot, and

60.—RESOLVED—**That the report of the Buildings and Town Planning Committee of the 10th January, 1935, be approved and adopted.**

MINUTES :

The Minutes of the Meeting held on the 27th November, 1934, were read, confirmed and **signed.**

CORRESPONDENCE :

The various letters had been referred to the respective Sub-Committees.

REPORT OF CHAIRMAN :

The following Report was received from the Chairman of the Education Committee as to his action taken during the Christmas Recess :—

To the Members of the Hendon Education Committee.

Ladies and Gentlemen,

The following matters have been dealt with, after consultation where necessary with the Chairmen of the appropriate Sub-Committees, during the time the Committee has been in recess, viz. :—

1.—STURGESS AVENUE COUNCIL SCHOOL :

Application was made to the Board of Education for sanction to the revised expenditure of £21,080, based on the lowest provisionally accepted tender, plus an estimated amount of £1,000 for heating plant, total £22,080, for the erection and furnishing of this School. Arising out of such application, the Borough Surveyor and the Director of Education interviewed officers of the Board on Monday, 3rd December, when the latter ruled that certain minor economies must be effected. I gave authority for the estimate to be reduced by £700, a saving which can be implemented without impairing the facilities as originally planned and approved by the Education Committee.

The Board of Education have since approved a revised estimated expenditure of £21,380 (*i.e.* £22,080, less £700 economies). The Ministry of Health have issued loan sanctions for £20,100 for Buildings, etc., and £980 for Furniture and Fittings, total £21,080. A further application will be made to the Ministry at a later date for sanction to raise the necessary loan for the heating plant. The contract is now in course of preparation and it is anticipated that work will be commenced at an early date.

2.—TRANSFER OF TEACHERS :

Consent was given to the proposals of the Managers for the following transfers to be made, to take effect as from 8th January, 1935 :—

(*a*) Sister Loveley from St. James' R.C. Central School to R.C. School of the Annunciation.

(*b*) Sister Morrissey from R.C. School of the Annunciation to St. James' R.C. Central School.

These transfers were effected owing to a shortage of music teachers on the Staff of the R.C. School of the Annunciation.

3.—VACATION COURSE FOR TEACHERS:

Seven Assistant Teachers from Hendon Elementary Schools were accepted by the Middlesex Education Committee for attendance at the Annual Vacation Course for Teachers held at Oxford from 2nd to 7th January, 1935.

Pursuant to Minute No. 4 (b) in the report of this Sub-Committee, dated 20/11/34, the Borough Surveyor submitted a letter from the County Engineer stating that up to the present the Ministry of Transport has not authorised the provision of pedestrian crossings at Station Road, Edgware, and if one were put down the regulations relating to it could not be put into force. SCHEME FOR THE EXERCISE OF POWERS UNDER SECTION 107 OF THE EDUCATION ACT, 1921, AND SECTION 6 (1) OF THE UNEMPLOYMENT INSURANCE ACT, 1923, BY THE AUTHORITY.

The Local Education Authority for the County of Middlesex have by resolution of the 20th November, 1934, authorised the Council of the former Urban District now the Borough of Hendon to exercise within the Borough on behalf of the County Council all the powers of that Council under Section 107 of the Education Act, 1921, and Section 6 of the Unemployment Insurance Act, 1923 (as amended by the Unemployment Act, 1934), and to receive the repayments and payments for which provision is made under Section 6 (2) of the Unemployment Insurance Act, 1923. The Local Education Authority for the Borough (hereinafter referred to as "the Authority") propose to exercise the powers above-mentioned in the manner shown in this document.

Part I. sets out arrangements which the Authority propose to make for giving to juveniles, i.e., boys and girls under the age of eighteen, assistance with respect to the choice of suitable employment, and Part II. specifies the duties which the Authority propose to undertake in connection with the administration of Unemployment Insurance and Assistance in relation to juveniles under the age of eighteen.

The Authority undertake to give to the Ministry of Labour not less than three months' notice if they intend to discontinue the exercise of these powers.

PART I.

(4) In the case of young persons who are registered at the Bureau at the time when they become eighteen, such records as are required for industrial purposes will be transferred to the Employment Exchange, and the juveniles notified. Similar information will be made available to the Employment Exchange, in respect of other young persons, formerly registered at the Bureau, who have attained the age of eighteen, when this is desirable.

of Unemployment Insurance and Assistance during the coming financial year. If in the course of the year the Authority find it necessary to incur expenditure beyond the estimate, they will submit a supplementary estimate to the Ministry for approval. EXTRA DISTRICT CHILDREN ATTENDING ST. JAMES' R.C. CENTRAL SCHOOL:

Pursuant to the Committee's previous Minute in this matter (E.C., 27/11/34), it was reported that a letter had been received from the Middlesex Education Committee stating that the list giving names, addresses and ages of all extra district children who had been admitted to St. James' R.C. Central School since it was opened on 28th August last, had been very carefully considered. The Middlesex Committee felt that they were unable to depart from the policy they had been following in regard to extra district cases of this type during a number of years, namely, that they could not agree to defray the cost of educating all the children concerned but that they would consider each case on its merits. In these circumstances, they had agreed to pay for the education of twenty children only out of the list of fifty-five submitted.

RESOLVED—

THAT full particulars of the case be forwarded to the Board of Education and that they be asked to arbitrate in the dispute.

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

The Borough Surveyor reported that in order to provide better facilities for pedestrians at the end of the tramway track in Finchley Road, near the Hampstead boundary, a refuge should be placed in the centre of Finchley Road, opposite Lyndale Avenue.

(B). **Accommodation Roads.**

† (i). **Rear of Golders Green Road.**

SUBMITTED: Report of the Borough Surveyor on a letter from the Gas Light & Coke Company suggesting that the accommodation road running from Golders Green Road to Hoop Lane should be made up and taken over by the Council.

† (D). **Tenterden Grove.**

SUBMITTED: Petition signed by ten residents in Tenterden Grove asking the Council to make up the road and intimating that they cannot agree to any portion of the cost being charged against them as they consider the road is a public thoroughfare.

The Borough Surveyor informed the Committee that Tenterden Grove has always been treated as a private road and that in point of fact there is a board at the end of the road adjacent to Finchley Lane stating that it is a private road. In 1896 the Council passed a Resolution that the road should be made up under Section 150 of the Public Health Act, 1875, but

the work was not proceeded with as the owners at that time decided to make the road good at their own expense. This they did in 1896 and about 5 years ago the road was gravelled by the owners.

Having regard to possible future development in the road, the Committee

RESOLVED TO RECOMMEND—**That consideration of the question of making up the road be deferred for six months and the Petitioners informed of the action proposed to be taken and also to the fact that the road is not repairable by the inhabitants at large and that the cost of making up will therefore fall upon the frontagers.**

† **(E). Making up of Brent Park Road, Hendon.**

SUBMITTED: Letter from Mr. H. G. Stait calling attention to the condition of the above road.

Having regard to the report of the Borough Surveyor as to the progress of development of this section of Green Lane, the Committee

RESOLVED TO RECOMMEND—**That consideration of the matter be deferred for six months.**

† **(G). Plans and Estimates.**

SUBMITTED: Report of the Borough Surveyor, together with plans and estimates for making up the following roads under Section 150 of the Public Health Act, 1875:—

Asmuns Place, Hampstead Garden Suburb ...	1,330

With regard to Highview Gardens a petition was submitted from residents urging the making up of the road.

RESOLVED TO RECOMMEND—

In this connection it will be remembered that the builders have previously been informed that subject to the whole length of the road being made up in accordance with the standard agreement the Council will be prepared to take it over. (Hi.C., 6/3/34—6 (C)).

Having regard to the previous negotiations with the Builders the Committee have instructed the Borough Surveyor to report further at the next meeting.

7.—WHITENING KERBS DURING FOGS:

London "Safety First" Council.

CONSIDERED: Letter from the London "Safety First" Council asking that consideration be given to the desirability of whitening the kerbs on curves in roadways when fogs are prevalent, with a view to preventing accidents, and also expressing the view that if the white line were continued straight across at a road junction it would much reduce the chances of accidents.

The Committee have instructed the Borough Surveyor to submit an estimate of the cost of whitening the kerbs on curves in main roads, excluding retained County Roads, the corners at road junctions which in his opinion are likely to confuse motorists, and also refuges situated in such roads.

★8.—PARSON STREET IMPROVEMENT:

On the 16th July last (Hi.C., 25/6/34—18), the Committee reported that the County Council had approved the carrying out of a widening improvement along Parson Street, between Downage and a point opposite Glebe Crescent, at a cost not exceeding £1,094, subject to the Ministry of Transport contributing 50 per cent. of the expenditure involved.

A letter has now been received from the County Council stating that the Minister of Transport is unable to accede to the application for a grant from the Road Fund towards the cost of the improvement but that the County Highways Committee are prepared to recommend the County Council to proceed with the scheme provided this Council are willing to contribute 50% of the cost involved, and asking to be informed of the Council's decision.

Whilst the Committee are reluctant to acquiesce in the principle of contributing towards an improvement on a classified road, having regard to the desirability of the improvement being carried out as soon as possible, they

RESOLVED TO RECOMMEND—**That the Council agree to contribute 50% of the expenditure involved, and that the Borough Surveyor be authorised to put the work in hand on receipt of the formal resolution of the County Council agreeing to bear the remaining 50% of the cost.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

[AMENDED]

★9.—COOL OAK LANE:

Dedication of Land.

SUBMITTED: Letter from Mr. A. Gorbing, who is erecting houses on the north-west side of Cool Oak Lane, offering to convey to the Council free of cost the land required for the widening of the road, subject to the cost of carrying out the necessary works and reasonable legal expenses being borne by the Council.

The Committee's attention has been called to the likelihood of this road assuming an important character in the future, and the Borough Surveyor recommends the acceptance of the offer. The Committee therefore

RESOLVED TO RECOMMEND—

(*a*) That the offer of Mr. Corbing be accepted on the terms indicated, and that the Corporate Seal be affixed to any necessary documents in connection therewith;

(*b*) That the Borough Surveyor be instructed to prepare a scheme for effecting a road widening improvement for consideration in due course.

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

RESOLVED TO RECOMMEND—That the Borough Surveyor be instructed to surface the footpath in question with tarpaving.

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

† (C). Hampstead Heath—Childs Way to Willifield Green.

RESOLVED TO RECOMMEND—That no action be taken in the matter.

† (D). Holders Hill Road to Devonshire Road.

SUBMITTED: A petition signed by nine residents in Devonshire Road asking the Council to make up the public footpath leading from Holders Hill Road to Devonshire Road.

Owing to the building operations in progress it is inadvisable to make up this footpath at the present time, but the Borough Surveyor suggests it should be put into a reasonable condition with clinkers, etc.

RESOLVED TO RECOMMEND—That the report of the Borough Surveyor be approved.

(E). *Bunns Lane—between Woodcroft Avenue and Lyndhurst Avenue.*

SUBMITTED: Letter from Mr. How, of 29, Woodcroft Avenue asking the Council to make up the footpath of Bunns Lane between Woodcroft Avenue and Lyndhurst Avenue.

The Borough Surveyor estimates the cost of providing proper kerbing and paving at £220.

RESOLVED TO RECOMMEND—**That the Borough Surveyor be instructed to prepare plans and estimates on the lines of his report for consideration in due course.**

★11.—TAXI-CAB FACILITIES, EDGWARE:

At the meeting of the Council on the 11th December (Hi.C., 19/11/34—6 (B)), it was reported that the Commissioner of Police had appointed a new standing for six taxi-cabs on the north side of Station Road, Edgware, commencing at a point five yards west of No. 3, Station Road. The Council were of opinion that a standing for three taxi-cabs in closer proximity to the station would serve a more useful purpose and instructions were given for the Commissioner of Police to be informed accordingly.

A letter has now been received from the Edgware Chamber of Commerce asking that consideration be given to the use of the site allocated by the Commissioner and suggesting that one cab should stand in the Station Yard which should be connected with the new rank by a bell call. The consent of the London Passenger Transport Board would be necessary to this proposal.

RESOLVED TO RECOMMEND—**That the Council affirm their previous decision.**

	£2,750

★16.—ROAD TRAFFIC ACT, 1934—SECTION 1:

Speed Limits.

CONSIDERED: Report of the Borough Surveyor regarding the imposition of a speed limit which is shortly to be put into operation under the provisions of Section 1 of the Road Traffic Act, 1934. He points out that there are very few roads within the Borough which do not come within the definition under which the speed limit is to be imposed.

With regard to arterial and retained County Roads, it is assumed that these will be dealt with by the County Council. In the opinion of the Borough Surveyor there are no district roads upon which a system of street lighting exists, as defined in the Act, which are of sufficient importance to justify de-restriction.

The only roads which are not lighted are Totteridge Lane, Hendon Wood Lane, a portion of Partingdale Lane and Frith Lane, and the Borough Surveyor suggests that with a view to uniformity these roads should be lighted to bring them within the definition of a built-up area within which the restriction applies. The Committee are informed that the necessary mains have already been laid in these roads.

It is understood from the Ministry of Transport that a further circular is to be issued as soon as possible with new directions regarding the erection and maintenance of the requisite signs, the effect of which will be that in an area where the system of lighting is continuous the signs will be necessary only at the road entrances to the area.

RESOLVED TO RECOMMEND—**That Totteridge Lane, Hendon Wood Lane, Partingdale Lane and Frith Lane be lighted to an extent sufficient to bring them within the definition of a built-up area as laid down by Section 1 of the Road Traffic Act, 1934.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee Recommend—That the matter be referred back for full information as to the cost involved.]

17.—JUNCTION OF FINCHLEY ROAD AND ROTHERWICK ROAD:

Grass Plot.

SUBMITTED: Letter from the Golders Green and District Ratepayers' Association transmitting a copy of the following letter which the Association had forwarded to the London Passenger Transport Board:—

"My Committee understand that the small plot at the south side of Rotherwick Road, at its junction with Finchley Road is the property of your Board, being just at the gates to the Station Works.

This plot is protected by low wooden posts and chains which, however, in view of the number of pedestrians passing along the narrow footpath at the side have become a danger, and, in fact been the cause of injury to several people.

My Committee are of opinion that the amount of traffic calls for the removal of the posts and chains and would recommend the plot being paved so as to afford more easy access for pedestrians to this main thoroughfare into the Hampstead Garden Suburb.

I am instructed to submit this for the consideration of your Board and beg to thank you for your kind offices accordingly." **Noted.**

18.—JUNCTION OF BRIDGE LANE AND FINCHLEY ROAD:

Attention was called to the conditions at the above junction and the Committee have instructed the Borough Surveyor to take the matter up with the Ministry of Transport with a view to alterations being carried out on the lines indicated by him to the Committee.

† (**B**). **Report of Library Sub-Committee.**

1*st and* 10*th December*, 1934.

Present: Councillor A. A. Naar, M.B.E. (Chairman) (2), Councillors F. J. Collins (2), F. W. Gilpin (2) and J. H. Rodway (2).

The Committee considered the report of the Sub-Committee appointed to inspect and report on sites which will serve the Mill Hill, Edgware and Burnt Oak Wards of the Borough for the purpose of a Branch Library in accordance with their terms of reference. (Li.C., 26/11/34—15).

The Sub-Committee reported that on the afternoon of Saturday the 1st December, accompanied by the Borough Surveyor and Chief Librarian, they inspected the following sites :—

(i) Hartley Avenue, Mill Hill—land vested in the Council opposite the Fire Station.

(ii) Deansbrook Park, adjacent to Deans Lane, Mill Hill.

(iii) Montrose Playing Fields, adjacent to Montrose Avenue.

(iv) Junction of Watling Avenue and Orange Hill Road—land vested in the Council.

On the 10th December, the Sub-Committee gave consideration to the sites previously inspected as indicated above and submitted details indicating the degree of accessibility of the sites by reference to 'bus services, etc.

The land at Hartley Avenue, Mill Hill, is vested in the Council and no consent to its user for the purpose of a Branch Library would be required. Deansbrook Park and the Montrose Playing Fields were acquired for open space purposes and the consent of the Minister of Health would be necessary to the appropriation of the requisite land.

The land at the junction of Watling Avenue and Orange Hill Road is laid out as a garden and is vested in the Council. It was handed over without charge by the London County Council and their consent would be required to its appropriation for Library purposes.

The Sub-Committee further reported that they had given the whole question careful consideration but were unable to arrive at a decision with regard to any of the sites mentioned and no recommendation was therefore submitted.

The Committee have now given the matter full consideration in all its aspects and after very careful deliberation they are of opinion that no one single site will adequately serve the requirements of the ultimate development of the Mill Hill, Edgware and Burnt Oak Wards. They accordingly

RESOLVED TO RECOMMEND—**That the Council reverts to its original proposal to erect a Branch Library on the site previously agreed upon forming part of the Montrose Playing Fields adjacent to Montrose Avenue.**

(*e*) **That the London Transport Timetable (monthly, 3d.), be added to the timetables displayed in the reading room.**

★9.—TALKS TO CHILDREN:

The Committee considered the report submitted by the Chief Librarian as to the desirability of " Talks " to children being given in other parts of the Borough as well as in the Central Library (Li.C., 26/11/34—9).

In addition to the cost which would be involved and the possibility of experiencing difficulty in obtaining suitable lecturers prepared to give their services without payment, the Chief Librarian points out that the primary object in arranging the " talks " to children is to establish a point of contact between the Library and the children, to attract them in large numbers to the building and accustom them to its use, besides influencing them in their reading. If the " talks " were held elsewhere they would have no apparent connection with the Library and a large part of their value from a Library point of view would disappear.

The Committee concur in the views of the Chief Librarian as set out in his report, and

RESOLVED TO RECOMMEND—**That no further action be taken in the matter.**

15.—DAY NURSERIES:

The Town Clerk reported that he had, as requested, considered the question of the Council's legal liability in connection with their support of the Day Nurseries in the Borough and that he was of the opinion that any such liability could be regarded as negligible. **Noted.**

★16.—YEARLY RATE:

The Council will remember that when the Estimates were last under consideration the principle of a yearly rate was discussed. In this connection the Borough Treasurer reported that arrangements were now proceeding for the rate for 1935/6 and that a final decision was desirable at an early date.

The Committee understand that a yearly rate would be advantageous in the preparation of the Rate Books and the issue of demands and will also render unnecessary the re-consideration of the Estimates at the end of the first half year. The practice of making a yearly rate prevails amongst various neighbouring authorities and the Committee are of opinion that the institution of a yearly rate would be desirable. They accordingly

RECOMMEND—**That the Borough Treasurer proceed with the preparation of the Rate Books and Estimates on the basis that a yearly rate will be made by the Council.**

★17.—CLITTERHOUSE OPEN SPACE:

Golders Green Football Club.

Arising out of the action taken by the Council on 10/12/34 on Item 3 of the report of the Estates, Parks and Allotments Committee, 19/11/34, the Committee have considered a statement of the finances of the above Club in relation to the present rent of £225 per annum in respect of the 4 acres of land at the above open space and the capital cost thereof to the Council.

Under an agreement the Club was given a lease for seven years at a rent of £225, but having regard to the present monetary conditions it would be possible to charge an economic rent of £175. The Middlesex County Council are entitled to £56 5s. 0d. under an agreement by which they contributed to the purchase of the open space and it is understood that they would be prepared to reduce this payment in the event of the Council reducing its charges to the Football Club.

RESOLVED TO RECOMMEND—**That, from the commencement of the present quarter, the rent be reduced to £175 per annum, such rent to continue to the end of the present lease and that application be made to the County Council for their consent to an appropriate reduction of the amount payable to them.**

★18.—SHOP ACTS:

Infringements.

SUBMITTED: Report of the Shops Inspector with regard to an infringement by R. Jones of 170, Cricklewood Lane.

RESOLVED TO RECOMMEND—**That authority be given for proceedings to be instituted in respect of the infringement reported.**

★19.—COLNE VALLEY WATER COMPANY:

Charges.

The Council will remember that at their meeting on the 10th December (F. & G.P.C., 3/12/34—21) it was decided to defer further action in relation to the application for a reduction of charges until the Company's accounts for 1934 had been examined, and the Wembley Urban District Council were accordingly informed that the Council were of opinion that no useful purpose would be served by a conference at the present time.

A further communication has been received from the Wembley Urban District Council intimating that they were of opinion that the terms of reference of the proposed conference were not sufficiently elastic and proposed an extension in the following terms:—

> *"To consider ways and means of obtaining a reduction in the charges of the Colne "Valley Water Company and also the possibilities and wisdom of the formation of a "joint authority to take over the supply of water in the area served by the Colne "Valley Water Company."*

RESOLVED TO RECOMMEND—**That the Council adhere to their previous decision to await the publication and examination of the Accounts of the Company for 1934.**

★20.—BILLS IN PARLIAMENT:

(i) London Passenger Transport Board Bill.
(ii) Metropolitan Water Board Bill.

SUBMITTED: Reports of the Town Clerk on the two bills mentioned above and a report of the Borough Surveyor with regard to the Metropolitan Water Board Bill in the present Session of Parliament.

As previously reported the London Passenger Transport Board seeks powers to run trolley vehicles along Finchley Road and Cricklewood Lane and the terms of the present bill would appear to be substantially to the same effect as legislation promoted in 1934 in respect of the Edgware Road.

The main provision of the Metropolitan Water Board Bill is the power to lay another aqueduct from the boundary of the Borough at the Edgware Road to the Finchley boundary, and in this connection it is understood the proposed line will interfere with the Council's sewers. Other features of the Bill appear to call for representation.

In connection with both Bills the Town Clerk reported that he had been in communication with Parliamentary Agents of the Promoters and that an agreement had been reached to reserve for the Council the right of petition in the Second House.

RESOLVED TO RECOMMEND—**That authority be given to His Worship the Mayor and the Chairman of the Finance Committee to authorise the submission of petitions against either Bill, should it be found necessary, and that the Corporate Seal be affixed to any necessary documents.**

★21.—TOWN HALL:

Saturday Bookings.

SUBMITTED: Representations from three local associations in connection with the additional charge of 50 per cent. made in respect of bookings on Saturdays.

RESOLVED TO RECOMMEND—**That no variation be made to the scale of charges.**

★22.—COUNCIL'S AGENDA:

† **(A). Hendon Ratepayers' Association.**

SUBMITTED: Application from the above Association for further copies of the Council's Agenda on payment.

RESOLVED TO RECOMMEND—**That authority be given for an additional supply, up to three copies, on payment of the usual charges.**

† **(B). Finchley Press.**

SUBMITTED: Application of the above paper for copies of the Council's Agenda, together with an intimation that it was proposed to send a representative to future meetings of the Council.

RESOLVED TO RECOMMEND—**That the Council accede to the request.**

23.—CIRCULATION OF RESOLUTIONS:

SUBMITTED: Letter from the Association of Municipal Corporations calling attention to the undesirable practice adopted by some members of passing resolutions relating to particular subjects and forwarding copies to other members of the Association asking for support.

The Association are of opinion that when Municipal Corporations desire to make representations to any Government Department on matters of general as distinct from particular and local interest, the proper course to adopt is for the representation to be made to the appropriate department through the Association. **Noted.**

NOTICE OF MEETING:

The Town Clerk read the notice convening the meeting.

HIS MAJESTY'S SILVER JUBILEE CELEBRATIONS:

His Worship the Mayor made the following statement:—

The meeting to-night has been called with a view to placing before you at as early a date as possible the preliminary suggestions formulated by the Special Committee which you appointed on the 1st October last.

The Committee have been actuated by a desire to avoid all unnecessary expenditure while at the same time catering for the whole of the inhabitants and ensuring that the Celebrations shall be worthy of the Borough.

They have carefully considered the position in all its aspects and you will see that their main consideration has been provision for the children, the needy and infirm, which it is understood is the wish of His Majesty.

Needless to say the formulation of the programme has involved consultation with the various local bodies and much detailed investigation.

We trust that the result will meet with your approbation.

Since the preparation of the report it has been ascertained that no services are to be held on the 5th May, but these are to take place on the 6th or the 12th, and in view of this it would appear that arrangements for the combined service in Hendon Park should be made for the latter date.

The Mayor then called upon the Chairman of the Finance Committee to move the report.

Councillor Monro submitted the following report :—

Special (Jubilee Celebrations) Committee.

11th December, 1934, *and 31st January*, 1935.

Present : His Worship the Mayor (Councillor B. Flowers, J.P.), the Deputy Mayor (Alderman C. C. Cartwright, M.B.E., J.P.), and the Chairman of the Finance and General Purposes Committee (Councillor B. J. Monro).

TERMS OF REFERENCE :

The Committee consisting as above, was appointed by the Council on the 1st October, to consider and bring forward preliminary suggestions for the celebration of His Majesty's Silver Jubilee.

REPORT.

The Committee desire to call attention to the fact that Circular 1456, dated 25/1/35, has now been received from the Ministry of Health sanctioning "reasonable expenses in connection with any public local celebration." It is pointed out that the sanction is not intended to discourage public subscriptions or other private beneficence. H.M. the King has expressed the wish that the celebration should be as simple as possible and that all undue expenditure should be avoided.

An announcement was made in the House of Commons on the 28th January, by the Prime Minister, that the 6th May is to be observed as a paid holiday for the workers in Government establishments, including industrial grades, and the Council will no doubt fall into line as regards all grades of employees in their service.

In an attempt to obtain a wide range of suggestions the Committee, on the 11th December, met representatives of various accredited local associations who have since considered the matter generally and in some cases useful and practicable proposals have been made. In all cases the Associations appear to be unanimous in their desire to co-operate with the Council in any arrangements which are made to celebrate the occasion. The Committee record their appreciation of the assistance so far rendered by the Associations, and the Council will gather from the following suggested programme the extent to which it is thought, at the moment, the services of various organisations may be utilised.

Suggested Programme :

SUNDAY—5TH MAY, 1935 :

Preliminary enquiries have been made and it is anticipated that arrangements might be concluded with the Local Territorial Unit for a Drum Head Service to be held in the Central Hendon Park. It is suggested that, if the Service is held, an application should be made to the Commissioner of Police for permission to make a collection, the proceeds to be devoted, in conjunction with the collection proposed in connection with the procession below, to local Hospitals.

It may be that the Territorials will be required for regimental purposes on the 5th May, in which case they would not be available. The Committee considered an alternative date, the 12th May, but they are of opinion that if the Service cannot be arranged for the 5th the proposal should be abandoned.

MONDAY—6TH MAY, 1935 :

This, of course, is the day of the Public General Holiday on which the main celebrations will take place. The Committee's proposals for this day may be divided into three aspects, *i.e.* :—

(1) Unemployed, needy, aged and infirm.

(2) Children.

(3) General or consequential.

As regards No. 1 it is suggested that the most practical and useful contribution to their enjoyment would be a repetition of the issue of vouchers to the same value and on the same lines as the relief granted in recent years from the Mayor's Christmas Fund. The greatest measure of care will be exercised to ensure the proper selection of persons to receive the vouchers, especially as Public Assistance Authorities will have power to relax the regulations and to vote reasonable additions to relief.

No. 2—Children. It is confidently anticipated that the Council may count on the generous co-operation of the Managements of the Local Cinemas to provide, during the morning, suitable exhibitions of films of historical and patriotic interest and at the present time they are in consultation with a view to submitting a scheme for consideration.

It would of course be necessary to allocate the children to attend the various Cinemas and this is a matter which the Head Teachers' Association have already undertaken to supervise.

The afternoon proceedings will, owing to the large number of children (estimated at 20,000) elementary, secondary and private schools, be spread over at least five centres. The successful entertainment of the children must largely depend upon the co-operation of the teaching staff and it is proposed to ask their Association to undertake the organisation at each centre, of suitable sports events (for which prizes will be provided) and any other form of entertainment. In addition amusements, punch and judy, clowning, etc. would be provided.

With regard to refreshments the Committee have carefully considered ways and means and being largely influenced by the numbers for which provision must be made they are definitely of opinion that the most convenient provision will be picnic boxes containing a selection of cakes, sweets and fruits, in addition to which ginger beer and milk would be available.

The Council will naturally wish that every child shall be presented with a lasting memento of the occasion and negotiations are proceeding with a view to the presentation of a suitable book (with a foreword on the Borough) relating to the reign of His Majesty, impressed with the Borough Arms on the cover. The books would be distributed at the Schools on Friday, the 3rd May.

It is thought that any arrangements made by the Teachers might terminate, say at 5 p.m., and for the early part of the evening it is proposed that the Juvenile Organisations Committee be asked to organise suitable displays of their activities, *e.g.*, historial tableaux, physical drill, gymnastics, country dancing, first aid, etc.

Under item No. 3 the main proposals involve a limited scheme of decoration of public buildings and streets and in this connection it is hoped that arrangements might be made with the lighting undertakers in the Borough to floodlight certain prominent edifices (St. Mary's, St. Joseph's and St. Jude's) in addition to the Town Hall, Library and Fire Station.

Other features of the evening celebrations contemplated are :—

(1) In the Hendon Central Park—the Middlesex Regiment (T) demonstration of the Changing of the Guard of the Albuhera period by a present day Guard, and the sounding of retreat, etc.

(2) The 317th Middlesex Anti-Aircraft Searchlight Company display—searchlights would be erected at their Drill Hall, The Hyde, in Central Hendon Park and at Clitterhouse Open Space and an aeroplane is proposed as a target.

(3) Fireworks in two centres—Central Hendon Park and at Watling.

(4) Bands to be provided at the various centres.

The foregoing illustrates the main features of the Committee's proposals and it is suggested that the Council should now give them executive power to incur the necessary cost and carry out the detailed arrangements attendant upon the programme outlined.

The celebrations need not be limited to the 6th May, and on the proposals of certain Associations it is suggested that official recognition should be given to the following and that the Associations mentioned should be asked to undertake the organisation necessary :—

(*a*) **The Chambers of Commerce** :—

Procession of Decorated Cars—collection to be taken and proceeds to Local Hospitals.

(*b*) **The Cinemas** :—

Beauty Competition—the winner to appear on a specially decorated car in procession (see (a) above).

(*c*) **Rotary Clubs** :—

Jubilee Dinners and/or Dances.

Any expenses in relation to (a), (b) and (c) above would, it is anticipated, be negligible.

The Chairman of the Finance and General Purposes Committee (Councillor Monro) also submitted details of the estimated cost of the proposals contained in the report of the Special Committee.

Moved by Councillor Monro, seconded by the Deputy Mayor (Alderman Cartwright) :-

THAT the report be approved and adopted and authority given for the expenditure of a sum of £4,150 to carry out the programme outlined therein.

Debate ensued.

A motion by Councillor Samuel that the Special Committee should give consideration to the question of holding the Annual Fête of the Hendon Cottage Hospital on May 6th was not seconded.

AMENDMENT moved by Alderman Richardson, seconded by Councillor Sharpe :—

THAT the items relating to the suggested Drum Head Service ; the demonstration by the Middlesex Regiment (T) of the Changing of the Guard, and the Searchlight Display by the 317th Middlesex Anti-Aircraft Searchlight Company be referred back.

After discussion.

Motion moved by Alderman Egan, seconded by Councillor Naar, and

94.—RESOLVED—**That the question be now put.**

The amendment moved by Alderman Richardson was thereupon put and declared **lost,** 8 voting for and 24 against.

AMENDMENT moved by Councillor Gilpin, seconded by Councillor Brown :—

THAT the report be approved and referred to an enlarged Committee for detailed consideration.

Motion moved by Councillor Rice, duly seconded :—

THAT the question be now put.

On being submitted, the Mayor declared the amendment **lost.**

THAT a sum not exceeding £4,200 be allocated to the Jubilee Celebrations, the Committee to be increased to 9 members, together with the Mayor and the two members already appointed and that all suggestions be further considered by the Committee and a full report with final recommendations presented in a fortnight's time.

On being submitted, the Mayor declared the amendment **lost.**

AMENDMENT moved by Alderman Reynolds, seconded by Alderman Maughan :—

95.—**That the report of the Committee be adopted and authority given for the expenditure of a sum not exceeding £4,200 and that the Committee be enlarged by the addition of one member from each Ward of the Borough.**

On being submitted, the Mayor declared the amendment **carried.**

Put as a substantive motion and **duly carried** (20 voting for and 9 against).

3.—GARDEN SUBURB SCHOOL—UNDERPINNING :

The Borough Surveyor reported that in connection with the work of underpinning the end wall it had been found that the school at this point rests upon a layer of running sand through which considerable quantities of water are passing. In addition to the sinkage in the wall the whole of the cast iron drains at this end are fractured and the sub-soil polluted with soil drainage. The adjacent heating duct under the school has at times been flooded from the drains. Piers have been carried down through the bed of running sand into solid clay and the walls supported upon rolled steel joists between the piers. Re-construction of the drainage is being proceeded with, and it will be necessary to re-construct a part of the heating duct which is badly fractured.

As a result a large proportion of the works will have to be carried out as day-works, and the original estimate will be considerably exceeded. **Noted.**

★3.—STREET TRADING:

† **(A). Bye-Law No. 21—Scale of Charges for Removal of Refuse and other Services.**

Street Trading Bye-Law No. 21, which prescribes the charges which the Council are authorised to make for the removal of refuse or other services rendered in connection with street trading, ceases to be in force after the 1st April next, unless a Eye-Law confirming and continuing its provisions is made before its expiration.

On the 1st December last (Hi.C., 19/11/34—3 (C)) it was reported that the Secretary of State, Home Office, desired to review the general operation of the existing charges which the Council are empowered to make under Section 147 of the Hendon Urban District Council Act of 1929, and with a view to deciding whether any amendment of the scale is necessary or desirable he asked to be furnished with particulars of expenditure incurred by the Council and income derived from the charges levied on street traders and also any observations the Council may have to make on the matter generally.

There has been no necessity for putting the charges into operation, but having regard to the possibility of the future necessity for the charges to become operative, the Council, on the recommendation of the Committee decided that the existing Bye-Law should be continued and the Secretary of State, Home Office, informed accordingly.

A letter has now been received from the Secretary of State, Home Office, stating that if a Bye-Law continuing the existing scale of charges is formally adopted by the Council he will be prepared to confirm it subject to the consideration of any objections or representations he may receive.

The letter adds, that in order to enable the matter to be again reviewed in the light of any new circumstances which may arise in the interval, the operation of the Bye-Law should be limited to the period ending 1st April, 1938. The Secretary of State suggests, however, that having regard to the fact that it has not in the past been found necessary to operate the charges, that the question of making the Bye-Law be deferred until it is desired to put the charges into operation.

The Committee are of opinion that it is desirable that a Bye-Law continuing the provisions of Bye-Law No. 21 be made forthwith, and accordingly

RESOLVED TO RECOMMEND—

(*a*) **That the Council make a Bye-Law confirming and continuing the provisions of Street Trading Bye-Law No. 21 made on the 21st March, 1932, and that such Bye-Law be submitted to the Secretary of State, Home Office, for confirmation;**

(*b*) **That the Town Clerk be authorised to take all necessary steps for the confirmation of such Bye-Law;**

Proceedings have previously been instituted against this firm for a similar offence.

★4.—PUBLIC LIGHTING :

† (A). **Improved Lighting on Main and Arterial Roads.**

In accordance with the Committee's instructions (Hi.C., 8/10/34—3 (C)) the Borough Surveyor submitted a scheme for improving the lighting of the various classes of roads in the district, together with a statement shewing the present cost of lighting, the annual cost of the suggested improved lighting and details of the capital cost of installation.

The Borough Surveyor's proposals provide for the replacement of the existing lamps by six-light lamps on Class I. Roads (including Agency County Roads) in the areas lighted by gas and in the Edgware Ward, which is lighted by electricity, the provision of 200-watt lamps along Edgware Road and 100-watt lamps along the Watford Bye-Pass and Spur Road, the average distance between lamps in all cases being taken at about 50 yards.

The estimate for the improvement of the lighting on Class II. Roads is based upon the provision of six-light lamps except in the case of the following roads, for which three-light lamps are suggested :—

The Ridgeway, Mill Hill,
Highwood Hill,
Hendon Wood Lane,
Hammers Lane,
Lawrence Street,
Marsh Lane,
Totteridge Lane.

With regard to district roads which, in the opinion of the Borough Surveyor, are of sufficient importance to justify improved lighting, six-light lamps are suggested except in the cases of Bell Lane and Bridge Lane, for which roads three-light lamps are proposed, whilst in the case of Edgwarebury Lane it is proposed to substitute 200-watt lamps for the existing 100-watt lamps.

The roads included in the proposed improved lighting scheme, together with particulars of the cost involved, are set out hereunder :—

It will be observed that the total cost of the new installation is £10,208, to which a sum of £1,370 must be added in respect of contributions towards the cost of laying mains in certain roads, making a total capital cost of £11,578. The proposals will also result in an increased annual lighting cost of £4,943.

The Committee have given the matter careful consideration and are of opinion that the proposals should be approved and the carrying out of the scheme spread over a period of three years, the order of priority to be decided by the Committee.

They therefore

RESOLVED TO RECOMMEND—

(i) **That the improved lighting scheme and estimates of maintenance and capital cost now submitted be approved and adopted;**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

† **(E). Wild Hatch Footpath.**

On the 10th December last (Hi.C., 19/11/34—4 (D)), approval was given to the payment of an annual rental of one guinea to the Metropolitan Water Board for an easement through their pipe track in order to light the above footpath.

The Borough Surveyor has now recommended to the Committee the adoption of a suggestion which had been made to him for lighting the footpath by the erection of three lamps in positions which would avoid the pipe track.

RESOLVED TO RECOMMEND—**That the suggestion now put forward for the lighting of this footpath be approved and adopted and that the Council's resolution of the 10th December, 1934** (Hi.C., 19/11/35—4 (D)) **be rescinded.**

This matter has on previous occasions been very fully considered by the Council, and in 1932 after consideration of a report by the Borough Surveyor, who stated that the question presented considerable difficulty owing to the low headroom under the arches and that the only real solution would be the reconstruction of the arches to increase the headroom, the Council decided to take no action.

RESOLVED TO RECOMMEND—**That the previous decision of the Council be affirmed.**

★5.—**TRAFFIC CONTROL:**

The specification approved by the Council provided for tarpaved margins. Grass verges have, however, been laid, and Curton, Limited, ask the Council to take over and dedicate the road with the grass verges on their undertaking to maintain the grass verges and hand them over in perfect condition next autumn.

They point out that all the frontagers with one exception are anxious to retain the grass verges and state that having regard to the nature of the road with its particularly wide footpaths, grass verges are definitely called for. They further state that in order to obviate the necessity to walk over the grass verges they have laid artificial flagging as a cross-over in front of every entrance to the houses.

It will be recalled that the question of allowing grass verges to be laid along this road was considered by the Council on the 11th December, 1933, and 29th January, 1934, when it was decided not to allow grass verges to be laid down.

Curton, Limited, state that they understand the Council are now more favourably disposed towards grass verges and they ask that they should be allowed to remain.

The Committee concur in this view, and

RESOLVED TO RECOMMEND—**That the signatories to the letter be informed accordingly.**

The Borough Surveyor reported that the Ministry of Transport have now indicated their approval to a grant towards this scheme and the County Council have authorised the carrying out of the work.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal, on the understanding that no work is commenced until the formal resolution of the County Council is received approving the scheme at the figure stated.]

★13.—OMNIBUS FACILITIES:

† (A). **Stopping Places.**

The Borough Surveyor stated that in company with representatives of the Ministry of Transport, the London Passenger Transport Board, and Scotland Yard, he had visited the following three omnibus and/or tramcar stopping places in the Borough which require adjustment :—

(*a*) Golders Green Road, near Woodstock Avenue;

(*b*) Edgware Road by Colindale Avenue;

(*c*) Edgware Road by Stag Lane.

With regard to (a) the Committee are informed that it is desirable that the existing island should be removed to a point in the centre of Golders Green Road, directly opposite the entrance to Gloucester Court, and an application on these lines submitted to the Ministry of Transport.

In connection with (b), the stopping place for public service vehicles interferes with the pedestrian crossing which has recently been laid down, and it has therefore been agreed that the position of the London Passenger Transport Board's coach stop should be moved.

With regard to (c), the position of the various omnibus and tramcar stopping places, all of which will be clear of the area within the detector pads of the automatic signals, have been agreed.

Route No. 121—Mill Hill Station and Peckham Rye—Sunday Service between Mill Hill Broadway and junction of Watford Way with The Burroughs, withdrawn, and route diverted to Hendon (Church End) as on weekdays.

With regard to Route No. 113, the Committee are of opinion that the 'buses operating on the service to Canons Park should be numbered differently or bear a mark to distinguish them from those operating on the old route to Mill Hill Station via The Broadway and that the frequency of the service should be increased. They accordingly

RESOLVED TO RECOMMEND—**That representations on the lines indicated be made to the London Passenger Transport Board.**

[AMENDED]

★14.—PEDESTRIAN CROSSINGS:

★15.—CECIL ROAD, COLINDALE:

SUBMITTED: Report of the Borough Surveyor on a letter from the Colindale and District Ratepayers' Association suggesting re-consideration of the question of the extension of Cecil Road to Colindeep Lane.

This matter was considered by the Council on the 10th December last (Hi.C., 19/11/34—10), and the Association informed that when the proposal was included in the original Town Planning Scheme, it was withdrawn owing to the strenuous opposition put forward by the owners, but that provision had been made in the Town Planning Scheme which has been resubmitted to the Minister of Health, for a footpath to Colindeep Lane, and that the necessary land will be acquired when the Scheme has been approved.

RESOLVED TO RECOMMEND—**That the previous decision of the Council be affirmed.**

Contractor.	Per square yard. s. d.
Highways Construction, Ltd., Caxton Street, S.W. 1

★21.—ROAD TRAFFIC ACT, 1934—SECTION 1—SPEED LIMITS:

† (A). **Restriction of Roads.**

CONSIDERED: Report of the Borough Surveyor stating that the standard of street lighting on the following roads is insufficient to bring them within the definition of roads within a built-up area under which the speed limit is to be imposed under Section 1 of the Road Traffic Act, 1934:—

(*a*) Brockley Hill and Elstree Road.

(*b*) Green Lane to Elstree Village.

(*c*) Hendon Wood Lane (from the County boundary for a distance of 700 yards south-east).

(*d*) Frith Lane and Partingdale Lane.

(*e*) Cool Oak Lane.

The Borough Surveyor suggested that the Minister of Transport should be asked to give a direction under Section 1 (4) (b) of the Act of 1934, that these roads shall be deemed to be roads in a built-up area and a speed limit imposed notwithstanding that a system of lighting as defined by Section 1 (a) of the Act is not provided thereon.

Provision for the complete lighting of Hendon Wood Lane, Brockley Hill and Elstree Road has been made in the scheme set out under item 4 (A) of this report.

The northern section of Watford Way, Spur Road and the section of the Great North Way from Moat Mount Golf Club House to the County boundary are unlighted, but the Committee are of opinion that no case can be made out for asking the Minister of Transport to give a direction imposing a speed limit along these lengths of road.

With regard to the erection of the signs prescribed by the Order made under the Act, the Borough Surveyor reported that as it has now been decided that these will only require to be erected on the boundaries of an area where unrestricted roads lead into restricted roads, it will only be necessary to erect a comparatively small number of signs on the northern boundaries of the area.

RESOLVED TO RECOMMEND—**That the Minister of Transport be asked to issue a direction under Section 1 (4) (b) of the Road Traffic Act, 1934, that the following roads shall be deemed to be roads in a built-up area notwithstanding that a system of lighting as defined by Section 1 (a) of the Act is not provided thereon:—**

(*a*) Brockley Hill and Elstree Road;

(*b*) Green Lane to Elstree Village;

(*c*) Hendon Wood Lane (from the County boundary for a distance of 700 yards south-east);

(*d*) Frith Lane and Partingdale Lane;

(*e*) Cool Oak Lane.

(B). *Arterial Roads.*

SUBMITTED: Resolution passed by the Hendon Ratepayers' Association urging the Council to do all in its power to ensure the application of the thirty miles an hour speed limit on all arterial roads in the Borough. **Noted.**

★4.—YORK PARK:

Footpath.

The Committee are informed that there is no public footpath at this point, and the public have no right of access between Nos. 55 and 57, Ravenstone Road. If footpaths are constructed across the land the Park will be spoilt for the purposes of games, and it is therefore suggested that the existing gate be removed to a new position at the rear of No. 41, Ravenstone Road and a small strip of land be utilised for the construction of a footpath leading to York Road. It will be recalled that the Council (B. & T.P.C., 17/9/34—1) have already considered this question so far as it relates to the Brent Hill Allotments, and decided that pending consideration of any necessary future development of the land by the Council, no action can be taken in the manner proposed.

The Minister's view is that, if an allotment is provided for an unemployed man, and seeds, fertilisers, etc., are supplied to him at substantially less than wholesale prices, as is the case under the scheme administered by the Allotment Gardens for the Unemployed Central Committee, the produce of the allotment should be considerably in excess of the amount expended, including the full fair rent. The provisions of Section 16 (3) of the Allotments Act, 1922, apply equally to allotments provided under the Agricultural Land (Utilisation) Act as to others. **Noted.**

9.—NOVELS:

The Chief Librarian reported that complaints had been received as to an apparent absence of good novels from the shelves of the Central Library, which, he suggested, was probably due to the fact that many readers confine their reading to works of a few well known authors, to the exclusion of others equally good. The Chief Librarian suggested that it would make possible a wider choice if lists of authors of novels broadly grouped under headings such as "Adventure," "History" and the like, were prepared and printed.

RESOLVED—**That the suggestion of the Chief Librarian be approved and that estimates of the cost of printing such lists be submitted to the next meeting.**

(v) 47a, Church Road. Hendon. **Noted.**

2.—TOWN PLANNING APPEAL :

Proposed Petrol Filling Station, Wise Lane, Mill Hill—Mr. A. Hunt.

★3.—WAVERLEY GROVE, HENDON :

Land.

SUBMITTED : Report of the Borough Surveyor regarding the piece of land fronting Waverley Grove and adjacent to the Dollis Brook. This land was conveyed to the Council by Messrs. R. & J. (B. & T.P.C., 13/2/34—8).

Negotiations have proceeded with Messrs. R. & J. Pritchard, and it is suggested that the matter be settled by the payment to the Council of a sum of £75 in respect of the land given up, the Council to be indemnified against all road charges in respect of such land, and that each party pay their own costs.

RESOLVED TO RECOMMEND—**That the above suggestion be approved.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

★4.—BARNET LANE :

Widening.

SUBMITTED : Report of the Borough Surveyor on a letter received from the County Surveyor of the Hertfordshire County Council relating to the future widening of Barnet Lane. The whole of the existing road is included in Hertfordshire, but a considerable portion of the frontage to the road is situate within the area of the Borough, and the County Surveyor asks for the necessary land required for the future widening of this road to be included as such in the Town Planning Scheme.

It would appear desirable that the necessary land should be reserved for road widening purposes in the Town Planning Scheme, and it was

RESOLVED TO RECOMMEND—**That application be made to the Minister of Health for an amendment of Town Planning Scheme No. 1 to provide for the necessary land required for the widening of Barnet Lane to be indicated on the map accompanying the Scheme.**

The Mayor, Aldermen and Burgesses of the Borough of Hendon.

Gentlemen,

I have to report that the audit of your accounts and of those of your officers for the year ended 31*st March*, 1934, *was completed on the* 31*st ultimo.*

DEBT CONVERSION:

During the year a mortgage loans pool was established to finance certain of your capital borrowings and this has effected economy and simplicity. I have discussed with the Treasurer the desirability of opening a separate banking account for all transactions relating to this loans pool and extending the scheme to all sinking fund loans that are not earmarked to any specific borrowing power.

SHORT TERM LOANS:

There are a number of short term loans which have been renewed at 3½% *interest, subject to three months' notice either side. The rate of interest now paid warrants consideration.*

No other matter arose at this audit to which your attention need be drawn. The accounts are well kept and all information required at audit was readily forthcoming.

I am, Gentlemen,

Your obedient Servant,

(Signed) O. E. BRIGDEN,

District Auditor.

In connection with the above the Borough Treasurer submitted the following remarks :—

Debt Conversion and Loans Pool.—A separate banking account will be opened as from 1st April, 1935. The remaining Sinking Funds Loans, with the exception of 2 groups (due for repayment in October next), are now being included in the Pool for the current year and provisional calculations have been made.

Short Term Loans.—These were dealt with at the meeting (F. & G.P.C., 21/1/35—11) and the interest reduced to 3% as from 1st May, 1935. Up to the present, out of a total of £20,260, Lenders of £14,500 have renewed at 3% and Lenders of £2,400 propose to withdraw. As to the remainder replies have not yet been received.

HIS MAJESTY'S SILVER JUBILEE:

Address of Congratulation.

The following letter was read:—

Guildhall, Westminster, S.W. 1.

21st February, 1935.

Dear Sir,

Celebration of the Silver Jubilee of Their Majesties' Reign.

At the recent Conference at the Guildhall of Mayors of Boroughs and Chairmen of Urban Districts a suggestion was made that a combined Address of Congratulation from the County as a whole should be presented to Their Majesties on the occasion of the Celebration of the Silver Jubilee of Their Reign.

This suggestion has now been considered by a number of the Justices and by the County Council and agreed to. We feel that a combined Address on behalf of the Justices of the Peace of the County, the County Council, and the Boroughs and Urban Districts in Middlesex, incorporating the Arms of the various Councils, would constitute a document worthy of the occasion and would be acceptable to Their Majesties.

The success of the scheme will of course depend upon it being adopted by the whole of the Authorities in the County in order to avoid the presentation of separate Addresses by individual authorities. Complete unanimity must be assured in order that the proposal can be given effect to.

We shall be obliged if you will kindly bring this proposal before your Council, and inform the Clerk of the County Council at an early opportunity whether they concur in the suggestion.

Yours truly,

ROCHDALE,
Lord Lieutenant of the County of Middlesex.

THOMAS FORSTER,
Chairman of the Court of Quarter Sessions.

HOWARD S. BUTTON,
Chairman of the County Council.

To the Mayors of the Boroughs,
and to the Chairmen of the
Councils of the Urban Districts in Middlesex.

Moved by the Deputy Mayor (Alderman Cartwright), seconded by Alderman Egan, and

98.—RESOLVED—**That the Town Council support the proposal on the lines indicated for the presentation of a combined Address of Congratulation to Their Majesties on the occasion of the Celebration of the Silver Jubilee of Their Reign.**

DEPUTATION :

Brent Hill Allotments Association.
Watling Horticultural and Allottees Society.

The Town Clerk read a Memorial from the Hendon Federation of Allotment Societies asking the Council to receive a deputation from the Brent Hill Allotments Association and the Watling Horticultural and Allottees Society to place before the Council their reasons why steps should at once be taken to secure the permanency of their allotments.

Motion moved by Councillor Johnson, seconded by Councillor Sharpe, and

99.—RESOLVED—**That the deputation be received.**

The deputation consisting of the Rev. R. W. Townsend and Mr. Stevens representing the Brent Hill Allotments Association and Mr. H. T. Bedford and Mr. M. N. Ekkill representing the Watling Horticultural and Allottees Society, thereupon appeared before the Council.

Mr. Stevens and Mr. Bedford addressed the Council and submitted the case on behalf of their respective Associations in support of their representations urging the Council to take steps to place the allotments on a permanent basis.

The Mayor thanked the members of the deputation for attending and assured them that the points raised would receive the Council's careful consideration, whereupon the deputation withdrew.

Moved by the Mayor, seconded by Alderman Richardson, and

Page 254—*Item* 13 (*B*)—*Alterations to Omnibus Services Operating in Mill Hill.*

On consideration of the above item, Councillor Collins informed the Council that he had been given to understand that it was the intention of the London Passenger Transport Board entirely to withdraw the section of Route No. 113 from Watford Way to Mill Hill Station at an early date on the expiration of the season tickets at present in force. He called attention to the great inconvenience which the withdrawal of this section of the service would cause to persons residing in that portion of Mill Hill radiating from the Broadway and expressed the view that the Council should enter a strong protest against the proposal.

AMENDMENT moved by the Deputy Mayor (Alderman Cartwright), seconded by Councillor Rice :—

THAT representations be made to the London Passenger Transport Board urging them not to discontinue the section of Route No. 113 from Watford Way to Mill Hill Station.

Alderman Richardson and Councillor Holt urged that the matter should be referred back for further consideration with a view to a deputation being appointed to confer with the Board regarding the whole question of the transport services operated by them within the Borough.

The Deputy Mayor pointed out that if representations regarding Route 113 were held up pending a Deputation being received by the Board, there was a possibility of the service being withdrawn in the meantime. He therefore suggested that words should be added to his amendment to provide for the appointment of a deputation to discuss with the Board the question of transport services generally.

110.—RESOLVED—**That the recommendation of the Committee be amended by the addition of the following words :—**

That representations be made to the London Passenger Transport Board urging them not to discontinue the section of Route No. 113 from Watford Way to Mill Hill Station, and that a deputation be appointed to confer with the Board regarding the whole question of the transport services operating within the Borough.

Moved by the Deputy Mayor, seconded by Councillor Copestake, and

111.—RESOLVED—**That the deputation referred to in the foregoing resolution consist of the Mayor, the Chairman of the Highways Committee (Councillor Samuel) and Alderman Richardson.**

AMENDMENT moved by the Deputy Mayor, duly seconded, and

112.—RESOLVED—**That the recommendation of the Finance and General Purposes Committee relative to the above be approved and adopted.**

AMENDMENT moved by Councillor Collins, seconded by Councillor Johnson :—

113.—**That the Mill Hill Park Crossing on Watford Way be not included in the proposed uncontrolled pedestrian crossings, and that the Highways Committee be instructed to consider as to the installation at this point of pedestrian operated traffic control signals with warning signs.**

On being submitted the amendment was declared **carried.**

In reply to Councillor Browne, who suggested that crossings should be laid down in the Finchley Road, south of its junction with Temple Fortune Lane and Bridge Lane, and also on the Golders Green side of the junction of Hoop Lane with Finchley Road, the Chairman of the Highways Committee stated that the matter would be considered at the next meeting.

4.—SCHEDULE OF LEAVERS AND LIVE REGISTER:

A Schedule showing the number of juveniles on the Live Register at each of the 10 weeks ended 4th February, 1935, and the number of children who were eligible to leave school on 20th December, 1934, was submitted and **noted.** (A copy of the Schedule is in MS. in the Sub-Committee's Minute Book).

5.—TRANSFERENCE OF JUVENILES FROM THE DEPRESSED AREAS:

(*a*) With further reference to Minute 8 of meeting of 4th December, 1934, a report was submitted with regard to the question of the transference of boys and girls from Depressed Areas, a copy of which is in MS. in the Sub-Committee's Minute Book. The report shows that the number of school leavers increased by 100 per cent. in 1933/34 in comparison with 1931/32 and as a result it was necessary to find employment last year in other districts for 215 boys and 255 girls. This increase in the number of school leavers will be maintained during the next five years, and owing to the fact that the growth of industry in the Borough has not been sufficient to absorb the numbers leaving school it will be necessary to look to London, Willesden, Kingsbury, Wembley and other districts to absorb those surplus to local requirements.

(*b*) SUBMITTED: Letter from the Ministry of Labour suggesting that it may be possible to arrange a scheme in connection with the transfer of girls to domestic work from Durham City to this district in co-operation with the Durham City Juvenile Advisory Committee.

RESOLVED TO RECOMMEND—

(i) **THAT the Minister of Labour be informed that it is not practicable for this Sub-Committee to arrange for the transference of boys and girls from depressed areas to industrial or commercial employment in the Borough.**

(ii) **THAT this Sub-Committee will be prepared to co-operate in the scheme of transference for Domestic Service in so far as girls of 16 and 17 years of age are concerned.**

(iii) **THAT the Chairman and the Director of Education arrange to interview Mrs. Pace, a representative of the Durham City Juvenile Advisory Committee, on the occasion of her next visit to London, and report further to this Sub-Committee in due course.**

6.—BOARDS OF ASSESSORS IN CONNECTION WITH AUTHORISED COURSES OF INSTRUCTION:

SUBMITTED: Correspondence from the Ministry of Labour with regard to the establishment of Boards of Assessors for the purpose of reporting as to the advisability of requiring unemployed boys and girls to attend Authorised Courses of Instruction under Sub-Section (4) of Section (14) of the Unemployment Insurance Act, 1934.

In connection therewith it was reported that no Junior Instruction Centres or Classes are in operation in the Borough and that unemployed boys and girls are required to attend existing educational institutions in the evening.

RESOLVED TO RECOMMEND—

THAT a Board of Assessors be not appointed until the number of unemployed boys and girls warrants the establishment of Junior Instruction Centres or Classes in the Borough.

7.—HOURS OF EMPLOYMENT OF YOUNG PEOPLE:

SUBMITTED: Letter from the Dudley Juvenile Employment Sub-Committee stating that they have had under consideration the question of the hours of employment of young people employed in non-textile factories and workshops and submitting the following resolution adopted by the Dudley Local Education Authority.

"That this Committee considers that the maximum number of hours of employment for juveniles between 14 and 18 years of age, as permitted by the Factory and Workshops Act, is excessive, and urges the Government to take such action as would bring them into conformity with those permitted by the Shops Act, 1934."

REPORTED: That under the Factory and Workshops Act the maximum number of hours permitted is 60 per week and that the Shops Act, 1934, enacts that a maximum of 52 hours per week be allowed until 27th December, 1936, and 48 hours per week thereafter.

RESOLVED TO RECOMMEND—

THAT the Hendon Education Committee support the action of the Dudley Local Education Authority and communicate with the Secretary of State for Home Affairs accordingly.

8.—MEMBERSHIP:

SUBMITTED: Letter from the Hendon and District Trades' Council nominating five representatives to serve on the Juvenile Employment Sub-Committee.

II. DENTAL EXAMINATION AND TREATMENT:

The Medical Officer reported that under the scheme approved by the Council dental examination and treatment (where necessary) is undertaken in respect of (a) all children in the elementary schools, (b) children under 5 years of age attending Health Centres, and (c) expectant mothers attending the Centres. In addition the Council have agreed to deal with pupils attending Secondary Schools in the district.

The existing staff consists of one full time and one part time dental officer (5 sessions per week). In an endeavour to cope with the work the Medical Officer arranged for additional sessions at the Central Hendon and Child's Hill Centres and for the full time officer to work exclusively at the Watling Estate Centre.

A table was submitted showing (a) the Health Centres, viz.:—Watling Estate, Central Hendon and Child's Hill, which are equipped for dental treatment, (b) information as to the schools served by each Centre, and (c) particulars as to the work undertaken during the previous year.

The Medical Officer expressed the view that in order to cope with the work in the future the following dental staff is necessary: 2 full time officers, plus approximately 132 sessions per annum from the part time officer. On the question of staffing the Board of Education consider that there should be a minimum of one full time officer to each 5,000 children, which would mean in Hendon the appointment of 3 full time dentists, plus additional sessions from the part time officer.

The Medical Officer submitted the following recommendations:—

(*a*) That an additional full time Dental Officer be appointed in accordance with the Council's grading scheme at a commencing salary of £550 per annum rising by annual increments of £25 to a maximum of £650 per annum.

(*b*) That in order to deal with the additional clerical work a female clerk be appointed in the Typist's Grade at a commencing salary of £80 per annum.

(*c*) That as from the date the proposed new full time officer commences duty, the present part time dentist cease to be paid on a salary basis (£300 per annum) and that he be remunerated as previously, viz., £1 11s. 6d. per session of approximately 2 hours' duration, which will effect an economy.

(*d*) That the necessary dental equipment for the proposed permanent Mill Hill Centre be now purchased and installed as a temporary measure at the Health Centre, Cressingham Road.

(*e*) That the necessary financial provision be made in the 1935/36 Estimates to cover the costs involved by recommendations (a), (b), (c) and (d).

(*f*) That in so far as is necessary, the above proposals be submitted to the appropriate Government Departments for approval.

RESOLVED TO RECOMMEND—

(1) **That the recommendations of the Medical Officer be approved and adopted.**

(2) **That the necessary advertisements be issued inviting applications for the appointments referred to above.**

In addition the Council have agreed to deal with pupils attending Secondary Schools in the district.

The existing staff consists of one full-time and one part-time dental officer (5 sessions per week). A table was submitted showing (a) the Health Centres, viz. :—Watling Estate, Central Hendon and Child's Hill, which are equipped for dental treatment, (b) information as to the schools served by each Centre and (c) particulars as to the work undertaken during the previous year.

The Medical Officer expressed the view that in order to cope with the work in the future the following dental staff is necessary : 2 full time officers, plus approximately 132 sessions per annum from the part time officer. On the question of staffing the Board of Education consider that there should be a minimum of one full time officer to each 5,000 children, which would mean in Hendon the appointment of 3 full time dentists, plus additional sessions from the part time officer.

The Committee are informed that provision has been made in the estimates for the provision of traffic signals at the Quadrant Cross Roads.

With regard to the Burroughs Cross Roads, a letter was submitted from the County Council, in reply to the Council's representations urging them to expedite approval to the vehicle-actuated traffic control scheme, stating that a proposal is at present before the Ministry of Transport for an alteration in the Watford Bye-Pass, which will include the provision of traffic lights, and that as soon as the proposal had been approved by the Ministry the County Engineer would be reporting thereon to the County Highways Committee.

The Borough Surveyor has indicated to the Committee the nature of the proposal which is under consideration by the Ministry and having regard thereto they have no observations to make at the present time.

So far as the junction of Great North Way, Finchley Lane and Hendon Lane is concerned, the Committee are of opinion that the provision of traffic signals is not justified.

RESOLVED TO RECOMMEND—**That the observations of the Council as indicated above be communicated to the Middlesex County Council.**

† **(C). Brent Street.**

SUBMITTED: Letter from Mr. E. F. Lockton calling attention to the entire absence of islands in Brent Street, and suggesting that an island should be constructed opposite "The Approach."

RESOLVED TO RECOMMEND—**That Mr. Lockton be informed that the question of providing pedestrian crossings in Brent Street is under consideration.**

† **(D). Junction of Colindeep Lane and Edgware Road.**

In accordance with the instructions given at the last meeting, the Borough Surveyor submitted a plan indicating a scheme for putting into operation a "one-way" system of traffic in Colindeep Lane at its junction with Edgware Road.

RESOLVED TO RECOMMEND—

(i) **That the scheme indicated on the plan now submitted be approved.**

(ii) **That the Minister of Transport be asked to make regulations to give effect to the scheme.**

★5.—PEDESTRIAN CROSSINGS:

† **(A). Retained County Roads.**

The Borough Surveyor suggests that these crossings should be included in the scheme to be submitted to the Ministry of Transport by this Council as the responsible authority, but that the County Council should be authorised at their own expense to carry out the work on this Council's behalf.

RESOLVED TO RECOMMEND—

(i) **That the list of crossings on retained County Roads set out above be approved.**

(ii) **That on receipt by the Council of the authorisation of the Minister of Transport to establish such crossings the Middlesex County Council be authorised at their own expense to carry out the work on behalf of the Town Council.**

† **(B). Finchley Road.**

CONSIDERED : The question of the provision of an uncontrolled pedestrian crossing in Finchley Road south of its junction with Temple Fortune Lane and Bridge Lane.

The proposals already approved by the Council provide for the establishment of an uncontrolled crossing in Finchley Road south of its junction with Hampstead Way. In these circumstances the Committee consider a crossing at the point in question unnecessary, and

RESOLVED TO RECOMMEND **accordingly.**

★**6.—PRIVATE STREET IMPROVEMENTS :**

† **(A). Longfield Avenue, Mill Hill.**

SUBMITTED : Letter from Mr. A. S. Dugaid complaining of the condition of Longfield Avenue. Plans and estimates have been approved and notices served on the frontagers, and at the present time the Council are awaiting the sanction of the Minister of Health to the raising of the necessary loan.

RESOLVED TO RECOMMEND—**That Mr. Dugaid be so informed.**

† **(B). Old Rectory Gardens, Edgware.**

SUBMITTED : Report of the Borough Surveyor stating that he had been in negotiation with Roger Malcolm Limited regarding the making up of the above road and that they desire the Council to take the necessary steps for the making up of the road under the provisions of Section 150 of the Public Health Act, 1875. (Hi.C., 7/1/35—7 (1)).

RESOLVED TO RECOMMEND—**That the Borough Surveyor be authorised to prepare plans and estimates for making up the whole length of Old Rectory Gardens from its junction with Manor Park Crescent, for consideration in due course.**

† **(C). Mariborough Avenue and Warwick Avenue, Edgware.**

SUBMITTED : Report of the Borough Surveyor with regard to the making up and taking over of the above roads.

RESOLVED TO RECOMMEND—**That authority be given to enter into an agreement with Taylor, Woodrow Limited, in the standard form approved by the Council for the making up and taking over of the above roads and that the Corporate Seal be affixed thereto.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

† (D). **New Close off Ashley Lane, Hendon.**

SUBMITTED: Report of the Borough Surveyor on an application from P. H. Edwards, Ltd., to make up the road known as New Close, which is being constructed off Ashley Lane, under the terms of the Council's standard agreement.

The Borough Surveyor points out that in view of the fact that Ashley Lane, which forms the only access to this close, is a highway not repairable by the inhabitants at large the Council should be advised as to the legal position.

RESOLVED TO RECOMMEND—**That, subject to the Town Clerk being satisfied that the road can be taken over and dedicated as a public highway notwithstanding the fact that the only means of access thereto is from a highway not repairable, authority be given to enter into an agreement with P. H. Edwards, Limited in the standard form approved by the Council for the making up and taking over of the road, and that the Corporate Seal be affixed thereto.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

★7.—**COOL OAK LANE—IMPROVEMENT:**

In accordance with the Council's resolution (Hi.C., 7/1/35—9), the Borough Surveyor submitted plans and estimates for carrying out a widening improvement along the section of Cool Oak Lane from Edgware Road to Woolmead Avenue. The scheme provides for the construction of a 20ft. carriageway with paved footpaths on both sides along the portion under development. The Borough Surveyor estimates the cost at £2,330.

RESOLVED TO RECOMMEND—

(*a*) **That the scheme and estimate be approved;**

(*b*) **That application be made to the Minister of Health for sanction to a loan of £2,330 made up as follows for a period not exceeding 15 years:—**

	£
Estimated cost of work	2,200
Legal charges, Clerk of Works, printing, etc.	105
Cost of raising loan	25
	£2,330

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

★8.—**WATFORD WAY:**

Mill Hill Park Crossing.

In accordance with the Council's instructions (Hi.C., 19/11/34—5 (C)) the Borough Surveyor submitted plans and estimates for the construction of a light footbridge over Watford Way in the vicinity of the Mill Hill Park Crossing.

The Borough Surveyor points out that a footbridge erected on the site of the existing crossing would necessitate the construction of a flight of not less than 34 steps on either side in order to obtain the requisite head room under the bridge, and that in these circumstances it could not be used by cyclists and persons in charge of perambulators, and it is unlikely that it would be used by elderly people and would not serve the purpose intended by the Council. A sloping pathway of a reasonable length up to the bridge is not practicable owing to the levels of the land on each side of the road.

The proposals indicated on the plan submitted by the Borough Surveyor provide for the construction of a light suspension bridge a short distance away from the present crossing where the road is in cutting, with a sloping footpath approach, which would allow of the bridge being available for all classes of pedestrian traffic. This proposal would, however, necessitate the diversion of the existing footpath through Mill Hill Park.

The cost of the bridge and the adjustment of the approaches is estimated at £1,100.

It is pointed out that if the bridge is erected at the point indicated on the plan, it would be of use in some measure to residents approaching from The Rise desirous of crossing the arterial road, as a considerable volume of pedestrian traffic now crosses the road at this point.

The Committee have also had under consideration the reference from the Council as to the installation at the existing crossing of pedestrian operated traffic control signals with warning signs.

It will be remembered that the question of the installation of pedestrian operated signals at this point has previously been approved by the Council, but that the proposal was not approved by the Ministry of Transport on the ground that the provision of such signals would not appear to be satisfactory on a road of the nature of Watford Way which carries a heavy volume of fast moving traffic.

After very careful consideration of the whole question, the Committee,

RESOLVED TO RECOMMEND—**That further representations be made to the Ministry of Transport for approval to the installation of pedestrian operated traffic signals, and that further consideration of the question of the erection of a footbridge be deferred pending the Ministry's decision.**

★9.—FINCHLEY ROAD:

Tram Track—Hermitage Lane to the Borough Boundary.

The Borough Surveyor reported that arising out of the representations made by the Council asking the London Passenger Transport Board to take up the unused section of tramway track between Hermitage Lane and the Borough Boundary, he had been informed that the Board propose acceding to the request.

The Board's liabilities under the Tramways Act of 1870 are limited to the taking up of the track and reinstating with waterbound macadam similar to that in use when the track was laid. The result would, therefore, be that the haunches of the road would be of wood paving whereas the centre would be constructed of waterbound macadam, which, the Committee are informed, would be extremely difficult to maintain in a satisfactory condition.

The Board suggest for the Council's consideration, that instead of taking up the track, they should hand it over to the Council and pay a sum in full discharge of their liability, the figure being the same as that agreed in similar circumstances with several other local authorities in and around London.

RESOLVED TO RECOMMEND—**That a communication be addressed to the Middlesex County Council on the lines indicated in the Manuscript entry in the Committee's Minute Book.**

★10.—BRENT STREET IMPROVEMENT:

In connection with the compulsory acquisition of the island site in Brent Street, the Borough Surveyor reported that a letter had been received from the Ministry of Transport asking for details of the improvement proposed to be carried out.

Objections have been received to the proposed compulsory acquisition and it is anticipated that the Minister will give directions for a local public inquiry to be held.

The Borough Surveyor has, therefore, submitted a plan indicating proposals for carrying out an improvement in the event of the Compulsory Purchase Order being obtained. The scheme will necessitate an adjustment of the island to provide for a 20 foot carriageway each side of the island and one-way traffic working.

RESOLVED TO RECOMMEND—**That the scheme be approved in principle.**

★11.—ENTRANCE TO REDHILL HOSPITAL FROM DEANSBROOK ROAD:

SUBMITTED: Report of the Borough Surveyor on an application from the Middlesex County Council for permission to construct an entrance to Redhill Hospital Grounds over a strip of land vested in the Council which forms the embankment to Deansbrook Road.

RESOLVED TO RECOMMEND—**That the proposal be approved subject to the work being carried out and the crossing maintained in a satisfactory condition, by the County Council.**

★12.—TRAM STANDARD, FINCHLEY ROAD:

SUBMITTED: Letter from the London Passenger Transport Board asking for permission to remove their tram standard outside the "Royal Oak" Public House to the position at present occupied by the Council's lamp column and to attach the lamp to the tram standard.

RESOLVED TO RECOMMEND—**That the proposal be approved subject to the work being carried out to the satisfaction of the Borough Surveyor and to all costs in connection therewith being borne by the Board.**

13.—STREET ACCIDENTS:

SUBMITTED: The following summary of deaths and injuries resulting from street accidents within the Borough:—

   (*c*) All necessary temporary support to the running lines of the Company.

   (*d*) All other expenses incurred by the Company, including the cost of flagging, watching, lighting and wages of signalmen incurred during the carrying out of the works.

4. The Company to submit a list of the tenders received to the Corporation with a recommendation as to the acceptance of the most favourable. The Corporation to pay to the Company on the commencement of the bridge works a sum equivalent to 25 per cent. of the amount of the accepted tender and subsequently payment of like amounts when previous instalments have been expended, the balance to be adjusted on completion.

5. The Corporation to carry out all street works and afterwards maintain same.

6. If the free and uninterrupted use of the railway of the Company or any traffic thereon shall be obstructed, hindered or interfered with in connection with the carrying out of the works the Corporation shall pay to the Company all costs and expenses to which the Company may be put and compensation for the loss sustained by the Company by reason of any such interruption or interference.

7. The Company to maintain the bridge structure, the Corporation paying to the Company an agreed commuted sum to cover the additional cost of maintenance.

8. The Corporation to make a payment for the easement and for any of the Company's land required.

9. In the event of the Railway Company at any time hereafter requiring to widen the Railway on either side of the Bridge the Corporation to give any consent necessary and any additional expense incurred by the Company in extending the said Bridge and which is due to the widening of the roadway shall be paid by the Corporation.

10. General indemnity Clause (excluding matters due to the negligence or omissions by the Company's servants).

11. Arbitration clause with a reference to the President of the Institution of Civil Engineers.

RESOLVED TO RECOMMEND—

(*a*) **That the heads of agreement be approved, subject to the proposal being approved by the Ministry of Transport and on the understanding that the Ministry of Transport agree to contribute 60 per cent. of the grant earning expenditure, and to the whole of the remaining expenditure involved by the proposal being borne by the Middlesex County Council;**

(*b*) **That the Corporate Seal be affixed to the agreement in due course.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal subject to the necessary safeguards as to any future contingent liabilities and maintenance costs]

(*ii*). *Junction of Willifield Way and Temple Fortune Hill.*

The Borough Surveyor suggested that Wildwood Road and Thornton Way should be regarded as subsidiary roads and "Major Road Ahead" signs erected, and a "Cross Roads" sign placed in Meadway.

The Borough Surveyor also suggests that the junction of Willifield Way and Temple Fortune Hill should be dealt with in a similar manner, the last mentioned road being regarded as the subsidiary road and the appropriate signs erected.

★6.—**MILL HILL HISTORICAL SOCIETY:**

Custody of Local Prints, Records, etc.

REPORTED: That the Hon. Secretary of the Mill Hill Historical Society had enquired whether the Council would be prepared to house in the Central Library the Society's collection of local items, comprising pictures, maps, photographs, etc., relating to Hendon. These items, which are at present in the custody of two or three past and present officers of the Society, are of considerable local interest and would supplement and fill in gaps in the Council's own collection.

The Society is prepared to agree to the items forming the collection being available for reference in the reference room by members of the general public.

RESOLVED TO RECOMMEND—

(*a*) **That the Council agree to undertake the custody of the collection subject to an agreement being entered into embodying the following conditions and such other conditions as the Town Clerk may deem necessary:—**

(i) Items to be lent out of the building only to *bona fide* members of the Mill Hill Historical Society, on production of written authority from the Chairman or Hon. Secretary.

(ii) Items to be used for reference purposes by any member of the public in the reference library.

(iii) The Society to place a value upon the collection, and the Council to insure the same, the premium to be recovered from the Society.

(iv) The Society to be responsible for any binding that may be necessary, and in its discretion to make additions to and/or withdrawals from the collection.

(*b*) **That the Corporate Seal be affixed to the agreement.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee Recommend that the accommodation be provided without responsibility on the part of the Council, and such insurances as may be necessary be effected by the Society.]

An intimation has already been given to the Hendon Communist Group that the Council would be prepared to accept an offer of its presentation for the reading room, but no reply has yet been received.

★9.—CHRYSANTHEMUM SHOW:

Consideration was given to a proposal that the Chrysanthemum Show, which is held annually at Woodfield House, should be held in the lecture hall of the Central Library.

It was suggested that Woodfield House is somewhat inaccessible, and that if the Show were held at the Central Library in conjunction with a short lecture at given times, it would receive extensive support.

After careful consideration, the Committee

RESOLVED TO RECOMMEND—**That the proposal be not entertained.**

Housing Committee.

11*th March*, 1935.

Present : Councillor R. A. B. Teare, M.B.E. (Chairman), Aldermen (Mrs.) S. J. Bannister, L.L.A., and G. R. Richardson ; Councillors B. S. Browne, F. J. Collins, F. W. Gilpin, A. A. Naar, M.B.E., C. Pinkney, J. H. Rodway and T. J. Scott.

★1.—REPORT OF HOUSING MANAGER :

(A). *Transfers.*

REPORTED : Applications from tenants Nos. 4244, 3705 and 5483 for transfers for the reasons indicated to the Committee.

RESOLVED—**That the applications be approved and transfers arranged when suitable accommodation becomes available.**

(B). *Lodgers.*

(i). *Tenant No.* 4663.

REPORTED : That the above-mentioned tenant had been given notice that the lodger who had been taken without the Committee's consent, must vacate the premises within seven days, and that the tenant had complied with the notice.

RESOLVED—**That the action taken be confirmed.**

(ii). *Tenant No.* 87.

CONSIDERED : Application from the above-mentioned tenant for permission for his wife's father and mother, both of whom are old age pensioners, to reside at the premises. In view of the circumstances reported to the Committee,

RESOLVED—**That permission be granted and the matter reviewed at the expiration of a period of twelve months.**

(C). *Empty Properties and Houses Vacated and Re-let.*

SUBMITTED : Register of empty properties, together with details of the houses which had been vacated and re-let. **Noted.**

(D). *Allotment of Houses.*

REPORTED : That pursuant to the Committee's resolution of the 26th October last, the tenant of No. 181, Cricklewood Lane, in respect of which premises a demolition Order had been made, had been allotted No. 162, Clitterhouse Road. **Noted.**

(E). *Repairs and Decorations.*

REPORTED : Details of requests which had been received for repairs and decorations to be carried out, with information as to the action taken thereon. **Noted.**

† **(F). Allotment Plots rear of 89/91, Sturgess Avenue.**

REPORTED : That the tenant of No. 91, Sturgess Avenue had made application for the use of the allotment plot at the rear of the premises he occupies. The previous tenant of the premises gave up the plot in March, 1932, and it was let to the tenant of No. 89, Sturgess Avenue, who also has the allotment plot at the rear of his premises. The present tenant of 91, Sturgess Avenue made application for the plot in April, 1934, but as the tenant of No. 89 had paid the rent to March of this year, consideration was deferred. A further application has now been received from the tenant of No. 91, but the tenant of the plot is unwilling to terminate his tenancy.

The Committee are of opinion that the application of tenant No. 91, Sturgess Avenue should be granted, and accordingly

RESOLVED TO RECOMMEND—**That the tenant of 89, Sturgess Avenue be given six months notice expiring on the 29th September next, to quit and deliver up possession of the allotment plot at the rear of No. 91, Sturgess Avenue.**

† (G). **Annual Survey of Housing Conditions.**

The Committee considered a suggestion that a survey of the housing conditions of the Council's housing estates should be carried out annually on the lines of the system adopted by the London County Council in order to obtain particulars of all tenancies.

It was pointed out that changes in the housing conditions take place from year to year and also that the information obtained would be of use in connection with the survey required to be carried out under the provisions of the Housing Bill at present before Parliament.

A form indicating the nature of the information required to be given by the tenants was submitted.

RESOLVED TO RECOMMEND—**That an annual survey on the lines indicated be carried out and that the necessary form be drawn up by the Borough Treasurer in consultation with the Chairman of the Committee.**

(H). *Late Tenant No.* 3035.

REPORTED: That pursuant to the notice to quit served in accordance with the Council's instructions, tenant No. 3035 had vacated the premises. It was ascertained, however, that two of her elder daughters are at present staying with Council tenants in Kingsbury Road and information was submitted as to the action being taken in the matter.

RESOLVED—**That a further report be submitted to the next meeting.**

(I).

(*i*). *Arrears of Rent.*

REPORTED: That the under-mentioned tenants were four weeks or over in arrear:—

267	2316
4377	5119
4759	3068

After consideration of the observations of the Housing Manager,

RESOLVED—

(*a*) **That tenants Nos. 267, 4759, 2316 and 5119 be requested to attend at the Town Hall for interview by the Chairman of the Committee with a view to arrangements being made for payment of arrears.**

(*b*) **That tenant No. 4377 be informed that if he fails to fulfil his promise to pay £1 weekly (inclusive of current rent) until the arrears are paid off notice to quit will be served.**

(*c*) **That a further report be submitted to the next meeting regarding tenant No. 3068.**

(*ii*). *Tenants interviewed by the Chairman.*

A report was submitted giving details of the arrangements approved by the Chairman of the Committee with the tenants who were called for interview in connection with the payment off of arrears.

RESOLVED—**That the action taken by the Chairman be confirmed.**

(J). *Allotment Plots Rear of Houses.*

(*i*). *Rear of* 7, 9 & 11, *Sturgess Avenue.*

REPORTED: Complaints from tenants of the allotment plots at the rear of the above houses to the effect that good cultivation of the plots is not possible owing to the presence of large tree stumps and roots. No rent has been received in respect of these plots for periods varying from 3 to 4 years, and it is questionable whether the expense of removing the roots, etc., would be justified having regard to the fact that the annual rent of the three plots is only 10/-.

RESOLVED—**That the Borough Surveyor be instructed to submit a report with an estimate of the cost of removing the stumps and roots.**

(*ii*). *Rear of* 14 *&* 15, *Daniel Place and* 5, *Nicoll Place.*

REPORTED: That complaints had been received from the tenants of the above plots regarding damage caused by reason of the absence of fences.

RESOLVED—**That the Borough Surveyor be instructed to submit a report on the matter.**

2.—OVERCROWDING:

CONSIDERED: Report of the Housing Manager on a report of the Chief Sanitary Inspector (referred from the Public Health and Medical Services Committee) regarding cases of overcrowding at Hendon Park Row and High Street, Edgware. An application for accommodation on the Council's Housing Estates has been received from the occupier of the overcrowded premises in Hendon Park Row (Application No. 5744) and the Committee are informed that in the case of the premises at High Street, Edgware, some of the tenants have vacated the premises and the overcrowding has been abated.

RESOLVED—**That Application No. 5744 be placed on the urgent list.**

3.—HOUSING APPLICATION NO. 5482:

CONSIDERED: Reference from the Public Health and Medical Services Committee regarding the housing conditions of the above applicant. In view of the circumstances, the Committee

RESOLVED—**That the application be placed on the urgent list.**

★4.—TRANSFORMER—27, CLOISTER ROAD:

REPORTED: That further complaints had been received from the tenant regarding nuisance and annoyance caused by the transformer fixed in the larder of the above premises, which is maintained by the Hendon Electric Supply Co., Ltd., under an Agreement entered into with the Council, dated 19th March, 1933.

The Borough Surveyor asked for authority to negotiate with the Company with a view to the transformer being housed in a small brick chamber to be built by the Company outside the house and that the acknowledgment of 1/- per annum provided by the existing Agreement should be paid in respect of such external chamber.

RESOLVED TO RECOMMEND—**That the Borough Surveyor be authorised to negotiate on the lines indicated.**

5.—HOUSING BILL, 1935:

CONSIDERED: The report submitted by the Town Clerk on the provisions of the Housing Bill at present before Parliament. **Noted.**

★6.—CONFERENCES:

† (A). **National Housing and Town Planning Council (Regional).**

SUBMITTED: Letter from the National Housing and Town Planning Council inviting the Council to appoint delegates to the Annual Conference of Local Authorities in London and the Home Counties, to be held at the County Hall, Westminster Bridge, London, S.E. 1., on Friday, the 14th June next.

The annual subscription payable by Local Authorities for the reports and papers of the National Housing and Town Planning Council, including membership of the various conferences, is calculated on a population basis, the contribution payable by Hendon being five guineas.

It is understood that the Buildings and Town Planning Committee are recommending that the Chairman of that Committee and the Borough Surveyor be appointed delegates to the Conference. The Committee are of opinion that in view of the nature of the subjects to be considered at the Conference, members of this Committee should also be appointed to attend.

They accordingly

RESOLVED TO RECOMMEND—**That the Chairman of the Committee and Councillor B. S. Browne be delegated to attend the Conference in question.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

† (B). **International Housing and Town Planning Congress.**

SUBMITTED: Letter inviting the Council to appoint delegates to attend the 14th International Housing and Town Planning Congress, arranged by the International Federation for Housing and Town Planning, to be held in London from July 16th to 20th next.

[The Buildings and Town Planning Committee are recommending the appointment of the Chairman (Councillor Copestake) and the Borough Surveyor as delegates to the Congress.]

RESOLVED TO RECOMMEND—**That no action be taken in the matter.**

★7.—**RE-HOUSING:**

49, 51, 105 & 107, *Granville Road.*

SUBMITTED: Letter from Mr. Leslie Raymond enquiring whether the tenant of No. 49, Granville Road could be accommodated in a Council house in order to effect extensive repairs required by the Council to be carried out to the above properties.

The Committee are informed that suitable accommodation is not available, and accordingly

RESOLVED TO RECOMMEND—**That Mr. Leslie Raymond be so informed.**

No. 9.—**Watling Estate.**—*This land was a gift to the Council from the London County Council for purposes of an open space. The Borough Surveyor values the land at not less than £350 per acre and the Capital Cost is calculated on that figure.*

1.—**Cool Oak Lane.**—The land at Cool Oak Lane is adjacent to an Open Space, and a plan for the development of the Open Space, including the land now used for allotment purposes, has been approved.

2.—**The Vale.**—This land is part of the Clitterhouse Playing Fields, and will, in all probability, be required in connection therewith at a future date.

3.—**Kingbury Road**—between the Isolation Hospital site and the main road. It is impossible at the present time to foretell the full extent to which Hospital accommodation may be required in the future, and this piece of land should not, therefore, be allocated to some other purpose.

4.—**Daws Lane**—adjacent to the Fire Station. In this case also it is not yet possible to lay down tne future requirements for fire services in this area, and it is, therefore, undesirable to appropriate the land.

5, 6 and 8.—**Renters Avenue, Brent Hill and Midland Brent.** These allotments are all on land purchased for sewage disposal purposes. A comprehensive scheme is in course of preparation for the use of this land directly the West Middlesex Main Sewerage Scheme is completed. Until this scheme has been prepared and approved it is undesirable to make appropriations of any portions of the land.

7.—**Montrose Avenue.**—The land at Montrose Avenue, Burnt Oak, forms part of the playing field which has been developed. When the land was handed over to the allottees it was on the distinct understanding that it should not be permanently appropriated. This particular Open Space is especially suitable for playing pitches, and having regard to the growing demand for pitches in this area it is undesirable that any portion of this Open Space should be appropriated for another purpose.

9.—**Watling Estate.**—The allotments on the Watling Estate are situated on land handed over by the London County Council for the purpose of an Open Space, the County Council having given permission for the use thereof for allotment purposes. Although it is improbable that the land will be required for other purposes it is undesirable to make a permanent appropriation of the land.

It would appear from the observations of the deputation and from other sources that a wrong impression has been created among allotment holders, particularly in relation to certain areas now used temporarily as allotments, as to the termination of tenancies, and the Committee desire to make it quite clear that at the present time there is no intention of taking any action which will deprive the allottees of the facilities they now enjoy.

Having regard to all the circumstances the Committee **reaffirm their previous recommendation** (3/12/34—17) :—

That no further appropriation of land for the purpose of permanent allotments be made at the present time.

★20.—LAND—EDGWARE ROAD :

SUBMITTED : Borough Surveyor's report on an enquiry from H.M. Office of Works as to whether the Council would be prepared to dispose of a portion of the land fronting the Edgware Road and adjoining The Hyde Postal Sorting Office.

The land is surplus to the Council's requirements.

RESOLVED TO RECOMMEND—**That the Borough Surveyor be authorised to enter into negotiations with H.M. Office of Works for disposal.**

★21.—RATE ESTIMATES, 1935/6 :

SUBMITTED : Estimates of the several Committees.

RESOLVED TO RECOMMEND—

(1) **That the statement of the Annual Estimates for General Rate 1935/36 be provisionally approved and referred for consideration at a Special Meeting of the Council to be held on Monday, the 1st April, at 6 p.m.**

(2) **That in the interim the Borough Treasurer be authorised to prepare a General Rate of 9/4 in the £ for the year ending 31st March, 1936 (payable in two equal half yearly instalments) on the rateable value of each hereditament in the Borough, with a view to the said Rate being made and sealed at a Special Meeting of the Town Council to be held on Monday, the 8th April, 1935.**

22.—CLITTERHOUSE OPEN SPACE:

Golders Green Football Club.

REPORTED: That the Middlesex County Council had agreed to a reduction in the amount payable to them, consequent on the reduced rent payable by the Club. (F. & G.P.C., 21/1/35—17). **Noted.**

BOROUGH OF HENDON.

Rate Estimates for the Financial year ending 31st March, 1936.

Statement by Councillor B. J. Monro, Chairman of the Finance and General Purposes Committee, in submitting the Estimates for approval to the Town Council, 1st April, 1935.

When I presented the Financial Statement in April last the estimated net ordinary requirements for the year, falling to be provided out of Rates, amounted to £717,635. The approximate net outlay against that figure is £722,498 or £4,863 more than in the original forecast.

As the rate collection should produce £732,561 or £1,309 more than was anticipated I am able to recommend you to write £10,000 off the Hendon Grove Land Account instead of the £9,000 we budgetted for in the 1934/5 Rates. The remainder of the purchase money—temporarily financed out of balances—remains to be liquidated by sales or otherwise. I need not enlarge on this as you are well aware of the discussions now taking place.

The Council is entitled to congratulate itself upon being able to close its 1934/5 accounts on the satisfactory basis of a balanced budget.

As some reference has been made elsewhere to the Rateable Value of the Borough it would be proper to state that the present figure is £1,722,473. This compares with a revised total (submitted in September last) of £1,718,048; so in the result, the difference amounts to £4,425, which is, I consider, a very close estimate.

In the explanatory budget statement submitted to the Middlesex County Council by Mr. Councillor Clemens, in which, incidentally, I do not notice any remarks on the progress of the West Middlesex Drainage Scheme, I have observed a table in which he gives the County average rateable value per head in 1934 as £8 14s. 6d. It will be of interest to state that the Hendon average at the same date was £11 16s. 4d. per head. This indicates that the standard or class of rateable property in Hendon is higher than the average in Middlesex.

A " Blue " Paper has been laid before you this evening which shews what we expect our financial transactions to be in 1935/6. With the exception of the Insurance and Renewals Funds, and Loan Advances under the Small Dwellings Acquisition Acts which are impossible to estimate, the whole of the Council's activities are reflected therein. The total outlay is placed at £1,295,998 and the income (apart from Rates) at £507,131. These figures compare with £1,248,118, and £521,905 in the similar statement submitted in April last. Excluding Capital Accounts, the figures for 1935/6 amount to £1,145,687 for Revenue Outlay and £356,820 for Revenue Income as compared with £1,047,450 and £321,237 respectively in 1934/5.

You will notice that Government Grants at £193,491 compare with £186,804 in 1934/5, the increase of (say) £7,000 being almost entirely on Education Account. On the other hand, there is a proportionate increase in estimated outlay for education and it is desirable that you should know that whereas the grant was formerly (in 1931) equal to 50 per cent. of the outlay, the grant is now equal to 32 per cent only. To put it in another way, the reduction in the Education Grant has thrown a burden equal to $5\frac{1}{2}$ pence in the £ on the Rates.

It does not appear that true economy is effected by a mere transference of burden.

I would also draw attention to the General Exchequer Grant which diminishes by one-fifteenth from now onward in respect of the " transferred services." This diminution amounts to £2,357 in 1935/6 and will continue in an ascending ratio until the grant disappears. A full memorandum on the subject was issued by the Treasurer, at my request, some ten days ago.

Included in the " Paper " is a forecast of Capital Outlay in 1935/6 amounting to £150,311. This does not include probable expenditure on works in connection with the widening of Cricklewood Lane under the London Midland and Scottish Railway Bridge, but disbursements under this heading are recoverable in full from the Ministry of Transport and the Middlesex County Council.

I must now refer to the sums we are called upon to provide under Precepts. The total for 1935/6 is £443,817 in the following proportions:—

Middlesex County Council	...	...	£363,137
Metropolitan Police	...	...	£79,275
Assessment Committee	...	...	£1,405

In 1934/5 the corresponding total was £393,688.

Thus, there is an increase of £50,129 in the amounts we have to provide, viz.:—

Middlesex County Council	...	...	£41,062
Metropolitan Police	...	...	£9,012
Assessment Committee	...	...	£55

The Middlesex County Council have called for an additional 3d. in the £ for the West Middlesex Main Drainage Scheme and a further 1d. in the £ on Higher Education Account. Middlesex also takes its share of any increase in the yield of the 1d. Rate; consequently, the sum we pay to Middlesex represents, not merely an increase in the rate poundage, but an increased quota of the rate yield.

The West Middlesex Scheme is now costing us 4½d. in the £ (over and above our local sewage charges) and although we are getting a direct relief in the latter for 1935/6, in so far as the West Middlesex Scheme is expected to shoulder the burden of certain loan charges as from 1st October next, we are nevertheless paying the sum of £31,338 in our Precept to Middlesex in the new financial year.

We hope for further mitigation should the actual disposal of sewage be undertaken through the Main Drainage System in the new year: as it is, the immediate relief of £4,216 has been duly credited to loan charges.

Small Dwellings Acquisition Acts Accounts	—	—	107
Private Streets Improvement Accounts ...	—	—	107
Details of Rates Levied	—	—	108

A further increase of 2d. in the £ for the purposes of the Main Drainage Scheme may be expected in 1936/7 according to estimates prepared when the project was submitted as a Parliamentary Bill.

When touching on the M.C.C. Precept in my statement last year I remarked that the County Authority had entrenched on balances somewhat extensively and incidentally shewed that £57,098 had been utilised on Higher Education Account to reduce the rate in the £ for that purpose.

I then stated that in my view this Council and the ratepayers would have preferred extended provision for Higher Education in the Borough rather than a reduction in the £ in the rate for Higher Education.

The additional 1d. in the £ which Middlesex now asks for is estimated to produce £70,322 to the County Council, but Hendon is in practically a similar position to that of 12 months ago, although the future outlook is admittedly somewhat brighter.

The Metropolitan Police Rate is levied on the full rateable value of the Borough at 11d. in the £, and there is no allowance for costs of collection or for empty properties. This is perhaps logical, as undoubtedly empty properties require Police protection, but costs of collection and other expenses incidental to providing the full Police Rate fall entirely upon occupiers. I make this point as I have observed that the London County Council is proposing to ask Parliament for powers to charge part rates on vacant properties in the County of London.

These observations on the Precepting Authorities may be summarised in the statement that an additional rate of 4½d. in the £ has to be provided to meet their calls on Hendon for 1935/6.

Turning now to our own requirements for 1935/6, as we have accepted the principle of a yearly rate it will be necessary to avoid, so far as is humanly possible, supplementary estimates. In this connection (I am glad to say) supplementaries in 1935 are considerably lower, on the whole, than in previous years. There will be no opportunity for revision during the year or of increasing the rate poundage. You will agree in deprecating over-spendings and having regard to the very careful consideration which each Committee has given to its detailed estimates and to the full

provision made, the totals you approved should be adequate, unless something unforeseen arises.

I do not wish to labour the detailed requirements submitted by each Committee.

The Estimates are simply a necessary step in the making of a Rate, and it would be wrong to conclude that a general approval to the statements now submitted means that each Committee has been given blank cheques up to the amounts it expects to spend.

The actual voting of expenditure whether Capital or Revenue remains in the hands of the Council, but it is only through continued prudent supervision of details by the Standing Committees that the Council can economically control the heavy expenditures essential to the proper conduct of a Borough of the size of Hendon.

The approved Estimates of our direct expenditure amount to a net sum of £454,939. After deducting the General Exchequer Grant of £107,392 the sum to be raised from Rates, on your account, is £347,547. The corresponding net sum in 1934/5 was £338,873; consequently the addition on your accounts amounts to £8,674 only. Thus, our direct requirements do not entail any increased call on the Rates, as the expansion in the rate product more than covers the increase mentioned.

In dealing with the expenditure under our direct control I would mention that a sum of £4,200 is included in the budget for Silver Jubilee Celebrations. I would also draw attention to pages 85/6 of the statements wherein details are given of certain items, of a Capital or Semi-Capital nature, amounting to £17,548 and charged in the Rates. These two sum amount to £21,748 and are equal to slightly over 3d. in the £, but they are non-recurring.

It may be appropriate to state that £125,188 has been spent on Loan Account in 1934/5 and that in the past 7 years the Council has expended £1,969,228 similarly, inclusive of the figure just mentioned.

It is unlikely that such heavy outlays over such a comparatively short period will be repeated in the future.

... ... 106
Small Dwellings Acquisition Acts Accounts — — 107
Private Streets Improvement Accounts ... — — 107
Details of Rates Levied ... ... — — 108

Our net mortgage debt has increased by £805 only since April last.

Charges for loan interest on all accounts were £6,450 less in 1935 than two years ago, but, as the debt is now £190,000 greater than in 1933 the total equivalent saving in interest charges is equal to £12,500 per annum.

The funding of loans and the inception of a Loans Pool has contributed largely to this and we may anticipate this favourable position to continue.

I would now refer you to page 77 (col. 12) of the statements. You will observe that the net sum budgetted for is £791,364, which is £58,803 more than the approximate net outlay in 1934/5.

It is necessary to consider the probable rate yield in 1935/6 and I have previously stated the present valuation to be £1,722,473.

Careful consideration leads to the conclusion that the rateable value should reach £1,800,00 by the 31st March next. That is an increase of £77,527 in the course of 12 months and may be justified by the probabilities.

I would again draw your attention to the character of the present development of the Borough. 946 houses have been brought into rating during the past financial year of which 71 per cent. of the number are of a rateable value of £35 or less.

The estimated increase will not yield full rates over the year, as properties are brought into rating when ready for occupation, though not necessarily sold or let.

In this connection the erection of blocks of flats is an important feature, as I am informed that two years are calculated to elapse before these —as a rule—become fully occupied. In the past 12 months 24 blocks of flats, with a total rateable value of £21,380, have been brought into rating. This sum is equal to 25 per cent. of the total additional value in the year.

The estimated product of the 1d. Rate is £6,956 against a yield of £6,660 in the past year, after allowance for empties, costs of collection, etc.

This is probably a safe estimate.

A Rate of 9/6d. in the £ would produce the sum of £792,984 and leave an estimated surplus of £1,620. Whilst conservative finance (using the term as an adjective) would demand such a Rate, I suggest, as a business man, that there is an alternative method of meeting our requirements.

This naturally brings me to the subject of balances.

The Council is well aware that certain balances are definitely earmarked, either by statute or on the grounds of prudent finance.

There is a reserve of £7,010 against contingent losses in connection with loans under the Small Dwellings Acquisition Acts and Frontage Accounts in private streets.

Then there is an accumulated sum in the Housing Account of which £22,000 has been advanced on loan to the Reets Farm Account. This money, it was considered, could be best employed at interest. The alternative would have meant borrowing on mortage and payment of loan charges. The method adopted ensures the income to the Council rather than to outside lenders.

Then a further sum was utilised in the Hendon Grove purchase. The policy which dictated that course need not be re-stated; sufficient to say that I believe you are at one with me in a conviction that the right course was pursued, and that substantial benefits, direct and indirect, will accrue to the Borough.

The transactions were proper and business-like and represent the deliberate policy of the Council. It would be fruitless to allege that monies lent to the Housing Account or invested in the purchase of land are not available for general revenue purposes, as, should the occasion arise and the Council deem it necessary it would be a simple matter to revert to the former position.

The Finance and General Purposes Committee recommend the making of a Rate of 9/4d. in the £ and whilst I would not subscribe to a policy of keeping Rates down on the grounds of expediency alone I am nevertheless satisfied that a Rate of 9/4d. will see us through 1935/6.

I therefore propose that the sum required be provided as follows:—

	Addition. £	Total. £
From the increased yield of each 1d. Rate on the equivalent of the 1934/5 poundage of 9/2d. (110 pence x £296)	32600	765160
From an additional 2d. in the £	13912	13912
Total from Rates	46512	779072
From balances and contingent receipts	12292	12292
	£58,804	£791,364

In all the circumstances indicated throughout my statement (which must be considered as a whole) these proposals should not result in any material diminution of the aggregation of balances in 1935/6.

Although these proposals involve an increase of 2d. in the £, Hendon is not alone in that respect: the following are some local changes:—

Finchley and Wembley	Each 4d. more.
Acton	3d. more.
Harrow and Hornsey	Each 2d. more.

Under the present system of precepting it would be almost impossible to stabilise Rates over a period. We can only exercise control over our own local part of the Rate, and failing a system of stabilisation by the Middlesex County Council and the Metropolitan Police, our Rates must vary from year to year. At best, we must endeavour to avoid extreme fluctuations.

I therefore move,

That the Borough Treasurer be instructed to prepare a General Rate of 9/4d. in the £ for the Year ending 31st March, 1936 (payable in two equal half-yearly instalments) on the Rateable Value of each Hereditament in the Borough of Hendon in order that the Rate may be made and Sealed at a Special Meeting Meeting of the Town Council to be held on Monday, the 8th April, 1935.

The above resolution was seconded by Alderman C. C. Cartwright, M.B.E., J.P., and was carried.

Details of Rates Levied to 31st March, 1936.

Purposes for which the General Rate for Twelve Months to 31st March, 1936, was made; estimated sum required for each purpose; and approximate pence in the £ now levied.

The following statement shows how the rate demanded is made up. It sets out the rate in the pound which would be required to meet the nett expenses of each of the principal services, after allowing for specific Government Grants towards the expenses of the services marked * but without allocation to particular services, of the Government Grants under the Local Government Act, 1929.

The Government Grants under the Act of 1929, being in aid of local government expenses generally, cannot be allocated to any particular service. They reduce, by the amount shown, the total rate in the pound which would otherwise be demanded.

SUBMITTED :—

(*a*) Letter from the Middlesex County Council intimating that they were unable to agree as to the necessity to amend the Scheme in the direction outlined in the Council's resolution of the 11th February last. As regards the question of provision being made for representation on sub-committees administering relief of persons other than members of the County Council in order to secure the co-operation of persons with a knowledge of local conditions, it was pointed out in the letter that members of the County Council are elected on a territorial basis and it was not admitted that any class of person had a better knowledge of local conditions than the individual members of the Council. The letter added that no duties under the Poor Law are carried out by the Councils of County Districts and there would not appear to be any need for co-operation with them in the manner indicated.

(*b*) Letter from the Ministry of Health stating that the Minister had not felt justified in modifying the Middlesex Scheme to meet the representations submitted. **Noted.**

DEATH OF COUNCILLOR A. S. F. FORD:

His Worship the Mayor reported with profound regret the death that day of Councillor Major A. S. F. Ford, and expressed heartfelt sympathy with Mrs. Ford and the family in their irreparable loss.

The Mayor referred to the valuable services Councillor Ford had rendered in connection with the local goverment of Hendon during his period of office as a Councillor. His Worship stated that he was first elected to the Council in 1911 and served for a continuous period of 11 years. He was again returned as a Councillor in 1928 and held office continuously until his untimely death that day. During the whole of his period of service as a member of the Council Councillor Ford had faithfully discharged in full measure, both at meetings of the Council and on the numerous and important Committees on which he served from time to time, the trust reposed in him by the ratepayers.

The Deputy Mayor and many members of the Council also spoke and paid tribute to their late colleague.

Motion moved by the Mayor, seconded by Councillor Monro, and

180.—RESOLVED—all standing *sub silentio*—**That a letter be sent conveying the Council's deepest sympathy with Mrs. Ford and her family in their sad bereavement; and that to mark the esteem and respect in which Councillor Ford was held by his colleagues, the Council do adjourn for fifteen minutes.**

ADJOURNMENT:

FIRE—ST. VINCENT'S CONVENT, MILL HILL:

The Chairman of the Works and Fire Brigade Committee (Councillor Potter) read the following statement :—

In view of the statement made at the last meeting of the Council I have investigated the position in relation to the recent fire at St. Vincent's Convent, Mill Hill.

The facts are these :—The call was received at 5.56 p.m. Two machines left Mill Hill Station at 5.57 p.m. and arrived at the scene of the fire at 6.1 p.m. At 6.5 p.m. further assistance was called for and one of the machines from the Central Station arrived at 6.10 p.m.

In the discretion of the Fire Superintendent, one of the machines was used as a stand-by and there is no reason to believe that there would have been any difficulty in operating this machine had such a course been necessary. The area in which the fire took place is served by a five inch pressure main.

Five $\frac{3}{4}$ in. nozzles were used to play on the roof of the building and a $\frac{7}{8}$ in. nozzle on the ground floor. Later a cross connection between the 5 in. pressure main and the 12 in. gravitation main was opened and a further $\frac{7}{8}$ in. nozzle brought to bear on the ground floor.

After a short time the Superintendent was able to close down some of the $\frac{3}{4}$ in. jets working on the roof which caused some of the firemen to call out that the water had been cut off. This may be responsible for the suggestion that there was a shortage.

Whilst the engines were fully operating from 1,000 to 1,200 gallons per minute were pumped and at no time was a vacuum created on the suction side of the pumps.

The Water Company is, of course, under no statutory obligation to furnish other than a supply for domestic purposes but in the present instance the supply was undoubtedly adequate to meet the requirements of the case and compares favourably with many areas at a much lower level.

The residents on the Mill Hill ridge may rest assured that they have a water supply fully adequate to cope with their needs. **Noted.**

RATE ESTIMATES—1935/36:

The Chairman of the Finance and General Purposes Committee (Councillor Monro) presented the Rate Estimates for the year 1935/36 and submitted an explanatory statement thereon. He also paid a tribute to the Borough Treasurer and his staff for the manner in which the Estimates had been prepared and the large volume of work entailed thereby had been carried out.

Moved by Councillor Monro, seconded by the Deputy Mayor :—

181.—**That the Borough Treasurer be instructed to prepare a General Rate of 9/4d. in the £ for the year ending 31st March, 1936 (payable in two equal half-yearly instalments) on the Rateable Value of each Hereditament in the Borough of Hendon in order that the Rate may be made and Sealed at a Special Meeting of the Town Council to be held on Monday, the 8th April, 1935.**

AMENDMENT moved by Alderman Richardson, seconded by Alderman Connell :—

THAT a General Rate of 9/6d. in the £ be prepared.

On being submitted, the Mayor declared the amendment **lost,** 7 voting for and 20 against.

The motion was thereupon submitted and declared to be **duly carried,** 20 voting for and 7 against.

Moved by the Deputy Mayor, duly seconded, and

182.—RESOLVED—**That the statement submitted by the Chairman of the Finance and General Purposes Committee be circulated to all members of the Council.**

3.—ST. AGNES' R.C. SCHOOL:

Pursuant to Item No. 3 in the report of this Sub-Committee, dated 29/1/35, the following were submitted :—

(*a*) Letter from the Correspondent stating that the Managers wish to express their appreciation of the way in which the Education Committee had met them in their desire to improve the lighting at this school, and that they accepted the Committee's offer to contribute on the basis of 7/10ths of the Borough Surveyor's estimate of the cost of improving the present system.

(*b*) Surveyor's report stating that he had considered the specification and estimate submitted by Messrs. Elliston, Evans and Jackson, Ltd., for the electric light installation at this school and it was in order.

RESOLVED TO RECOMMEND—

THAT the Managers be informed that their specification has been approved subject to the conditions that provision shall be made for the necessary connection to the Company's main and the installation of a meter; also that due notice shall be given of the commencement of work in order that the Borough Surveyor can make occasional inspections whilst such work is in progress.

4.—CHILDREN AND YOUNG PERSONS ACT, 1933—AGENCY AGREEMENTS:

SUBMITTED:—

(*a*) Communication from the Middlesex Education Committee stating that certain legal difficulties have arisen in connection with the Agency Authorities instituting proceedings for arrears of contributions and for the application of contribution orders subsequent to the hearing of cases. Consequently the Middlesex Committee will be considering the desirability of asking the Part III. Authorities within the Administrative County to act, not as Agents for, but as Delegates of, the County Council in this connection. This will enable the Part III. Authorities to carry out these proceedings by means of their own Officers and not of necessity, as at present, by means of a Solicitor.

The Middlesex Committee realise that the Agency Authorities have been carrying out certain duties which come within the scope of the above Act and for which no payment has been made. Although the question of any remuneration for these additional services has not yet been considered by Middlesex, it is anticipated that they would be prepared to increase the payment to the Agency Authorities by the sum that would be payable if the fraction of 1/20th were substituted for 1/24th (or 2/5ths for 1/3rd respectively) as calculated under Rate (i) "Regulation or Prohibition of Street Trading," of the agreed rates of payment.

The foregoing would mean that financial arrangements as from 1st April, 1935, would include payment (other than for the collection of parental contributions) under the following headings:—

(i) Regulation or Prohibition of Street Trading and all other Duties other than under (ii) and (iii) below.

A sum equal to 1/20th of the total salary charges of each Authority for School Attendance Officers, or if one officer is specially appointed for these duties then 2/5ths of his salary (whichever is the greater).

(In the event of (1) the County Council making bye-laws regulating or prohibiting street trading by young persons between the ages of 16 and 18, and (2) the County Council requiring any of the provisions of the Shops Bill in street trading being carried out by the same Authorities as are performing similar duties under the Children and Young Persons Act, the Council of the County Districts will be asked to exercise and perform such powers and duties without additional payment by the County Council).

(ii) Minor Offences.

The payment of £1 1s. 0d. in respect of each case, together with the cost of travel and subsistence incurred outside the district concerned.

(iii) Approved School Cases.

The payment of £2 2s. 0d. in respect of each case, together with the cost of travel and subsistence incurred outside the district and where the Officer of the Local Authority conveys a case to an approved school, the cost of travel, subsistence and time involved.

Provided that in (ii) and (iii) cases shall be dealt with by an Officer of executive status, should the circumstances so require.

(*b*) Treasurer's report upon the above communication giving particulars of fees received over the period 1/11/33 to 30/9/34, etc.

RESOLVED TO RECOMMEND—

THAT the Middlesex Education Committee be informed that the Hendon Education Committee approve the revised terms outlined in the foregoing scale subject to a minimum payment of £200 per annum and on the understanding that any expenses not recovered in relation to the power to act as a "fit person" and the power to "board out" young persons shall be a County charge.

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

5.—PAYMENTS TO PART III. AUTHORITIES FOR USE OF ELEMENTARY SCHOOL BUILDINGS FOR EVENING CLASSES:

SUBMITTED:—

(*a*) Letter from the Middlesex Education Committee stating that they have had under consideration the desirability of introducing a uniform scale of payments for the above service and submitting particulars of proposed payments. The Middlesex Committee hope that all Part III. Authorities will be in agreement with these proposals.

(*b*) Treasurer's report upon the above from which it was observed that if the suggested scale were accepted it would entail a loss to the Hendon Committee of between £35 and £40 per full session.

RESOLVED TO RECOMMEND—

THAT the Middlesex Education Committee be informed that the Hendon Education Committee are unable to accept the revised scale of payments now put forward, and desire to continue under existing arrangements.

6.—ST. MARY'S C.E. SCHOOL:

SUBMITTED: Particulars of Order made by the Board of Education, sealed 3/12/34, together with Borough Treasurer's report thereon. The following is a précis of the Order:—

(*a*) In discharging outstanding loans on previous alterations.

(*b*) In meeting the cost of additions and improvements to the school premises. (Total cost £5,298 18s. 0d.).

(ii) The residue of the proceeds of sale shall be forthwith invested in Trustee Securities.

(iii) The sum of £6,660 4s. 4d. is to be replaced by Government Stock within a period of 50 years out of the income of the Foundation.

(*b*) CASES OF UNDER-NOURISHMENT :

REPORTED : That during the period under review 18 new cases and 29 renewals of milk and/or cod liver oil emulsion had been granted. **Noted.**

(*c*) DEFECTIVE CASES :

(i) J.F., MILL HILL :

REPORTED : That the above blind and mentally defective child has been in the Ellen Terry National Homes for Blind Mentally Defective Children at Reigate since October, 1930, at a cost of £92 per annum, and that a communication has been received from the Servers of the Blind League intimating that in accordance with arrangements recently concluded between the Board of Education and the League the former were withdrawing their certificate in respect of the Homes referred to as from March 31st, 1935, and after that date it would not be possible for the child to be retained under Part V. of the Education Act, 1921.

As a result, however, of a recent visit to the Homes the Board recommend that the Hendon Education Committee be asked to consider whether the child is not suitable for notification in accordance with the provisions of Article 2 of the Mental Deficiency (Notification) of Children Regulations, 1928. Further they intimate that if the Education Committee decide to notify the case and the Mental Deficiency Act Committee accept financial responsibility the Committee of the Servers of the Blind League would be prepared to retain the child at Reigate under order in accordance with the provisions of the Mental Deficiency Act, 1913.

The Council's School Medical Officer accordingly arranged for the child to be examined at the Home with the result that she is reported as a blind imbecile and it is recommended that the case be notified to the Middlesex County Council in accordance with Article 2 of the before-mentioned regulations.

RESOLVED TO RECOMMEND—**That the proposal of the School Medical Officer be approved and adopted.**

(ii) W.T., MILL HILL—SUNTRAP SPECIAL SCHOOL, HAYLING ISLAND :

REPORTED : That in the case of the above child whose present period of treatment for Bronchiectasis at the above School expired on the 31st ultimo, a recent medical report had been received recommending a further extension.

The School Medical Officer therefore suggested that arrangements be made for the child to remain at the School for a further period of three months as from 31st March, 1935.

RESOLVED TO RECOMMEND—**That the suggestion of the School Medical Officer be approved and adopted.**

(iii) A.S., BURNT OAK:

SUBMITTED: Report with regard to the above child who, following a report in August, 1934, was admitted for a trial period to the Ogilvie School of Recovery, Clacton-on-Sea, intimating that the child has now been discharged, and it appeared that whilst there was a slight improvement physically the mental condition had not improved.

In the opinion of the consulting physician in charge of the case it is essential that the child should go to a school specially qualified to deal with his defects and he suggested St. Christopher's Nursery College, Tunbridge Wells, or the Caldecott Community at Maidstone, but preferably the former. (These schools are not approved by the Board of Education, consequently no grant would be recoverable).

RESOLVED TO RECOMMEND—**That in view of the special circumstances of the case arrangements be made for the child's admission to one or other of the schools referred to for a period of one year, the case to be reviewed prior to the expiration of this period with a view to extension if necessary and that the matter be reported to the Board of Education.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

(iv) E.C., BURNT OAK:

REPORTED: That a communication had been received from the Middlesex Hospital intimating that the above named child was suffering from sub-acute rheumatism and that the physician in charge of the case recommended that she should have prolonged treatment at the Children's Heart Home, Lancing.

The School Medical Officer accordingly arranged for the child to be medically examined and as a matter of urgency obtained the authority of the Chairmen of the Public Health and Medical Services and Education Committees for her to be sent to the Home in question for a period of three months.

RESOLVED TO RECOMMEND—**That the action taken be confirmed.**

(v) E.F., BURNT OAK:

(E.C., 12/3/35—Page 316—III. (4)). **Noted.**

III. DENTAL EXAMINATION AND TREATMENT:

With regard to the proposed appointments approved by the Council on the 25/3/35 (P.H. & M.S.C., 4/3/35—7), it was

It will be remembered that the matter arose on a communication from the Medical Officer, Borough of Finchley, intimating that a number of persons on the Estate were attending the Finchley Health Centres. Similarly it appears that certain mothers in Finchley, living adjacent to the Garden Suburb, attend the Hendon Health Centre at Bridge Lane.

Curton, Ltd., expressing regret with the Council's decision not to take over the above road with the grass verges which have been laid and stating that the decision has caused disappointment to the residents in Green Lane and that it is felt that the result of the decision will be to reduce the amenities of the district without offering any corresponding advantage.

	Estimated Cost. £
✓ West Heath Drive to Finchley Road	672
✓ Rodborough Road to Hodford Road	613

✓ Golders Green Crescent to Hoop Lane (Golders Way) ...	985
✓ Golders Green Road to Hoop Lane (Broadwalk Lane) ...	869
Portsdown Avenue to St. George's Road	707

Having regard to the narrowness of the roads and also to the fact that they are unlikely to be used by fast traffic, the specification to be adopted provides for surfacing with reinforced concrete with a granite finish. The kerbs, where necessary, are to be granite and the footpaths paved completely with artificial stone.

RESOLVED TO RECOMMEND—

(*a*) **That the plans, estimates and specifications be approved;**

(*b*) **That notices under Section 150 of the Public Health Act, 1875, be served on the frontagers in the roads in question and that a period of three months be allowed to the frontagers to carry out the works.**

☐8.—SCAVENGING OF HIGHWAYS:

Orderly Trucks.

SUBMITTED: Report of the Borough Surveyor suggesting the adoption of a new type of orderly truck. By the adoption of the type of truck suggested, refuse bins at the sides of roads would become unnecessary as the truck containers would be emptied directly into a lorry which would visit each roadman's length of road twice daily.

The cost of the truck suggested by the Borough Surveyor is approximately £8 15s. 0d. and he suggests their adoption in one of the districts into which the Borough is divided for scavenging purposes. This proposal would necessitate the provision of approximately thirty trucks in the first instance, and the expenditure involved would be charged to Renewal Account.

RESOLVED TO RECOMMEND—**That the report of the Borough Surveyor be approved and adopted.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

☐★9.—TRAVELLING FACILITIES:

RESOLVED TO RECOMMEND—**That the Borough Surveyor be instructed to negotiate with a view to the consent of the Watling Association being obtained to the erection of a shelter on the site indicated.**

† **(D). Omnibus Route No. 113 and Travelling Facilities Generally.**

It will be remembered that at the Council Meeting on the 25th February, instructions were given for representations to be made to the London Passenger Transport Board to the effect that the omnibuses operating on the section of Route 113 to The Broadway, Mill Hill, should bear a mark, or be numbered differently, from the 'buses operating on the Canons Park section and also urging the Board not to withdraw the section of the route beween Watford Way and Mill Hill Station.

A deputation was also appointed to discuss with the London Passenger Transport Board the question of travelling facilities serving the Borough generally.

A letter has been received from the Transport Board stating that with regard to the suggestion that a distinction should be made between the 'buses operating on the two sections of Route No. 113, in view of the fact that the terminus at Mill Hill Station is only a matter of a quarter of a mile from the point of bifurcation, and that this point is clearly shown on the destination indicator, it would appear that no serious inconvenience is caused to the travelling public.

The Board state that they have no intention at present of withdrawing the section of the route between Watford Way and Mill Hill Station.

With regard to the suggested deputation, the Board ask that a meeting should be deferred for the time being as they would wish to have an opportunity of examining beforehand the various points the Council have in mind and in this connection they ask to be furnished with a schedule of the items it is desired to raise when arrangements will be made for their immediate investigation.

The members appointed to confer with the Board are of opinion that it is desirable that observations should be kept at specified points on tramcar and certain 'bus routes in order that specific instances of inadequacy of the travelling facilities could be supplied to the Board.

The Committee are in agreement with the views of the members of the Deputation, and

RESOLVED TO RECOMMEND—**That the Borough Surveyor be authorised to arrange for observations to be taken on the lines indicated by the Committee and that the question of the fare stage from Hendon Central to Mill Hill Broadway be taken up with the Board by the Deputation in due course.**

(Hi.C., 10/9/34—5).

The letter states that the Minister has been in communication with the Commissioner of Police in the matter, who states that observation was kept for several days upon the cab rank in North End Road between the hours of 8 a.m. and 11.30 p.m. and at no time were fewer than 10 cabs available on the rank, and in this connection it was also noted that the majority of the calls upon the rank were for local journeys only, only a short absence from the rank being involved. The Commissioner also states that although constant demands are made at this rank, the existing facilities would appear quite adequate.

With regard to the suggestion that the rear portion of the North End Road parking place should be utilised as a cab rank, the letter states that the Commissioner points out that this is in the vicinity of a busy shopping centre and that the Police have had to deal with many cases of obstruction by private cars in the roadway, but that every opportunity is, however, being taken to direct motorists to parking places and as a result they are being used more frequently.

In these circumstances the Commissioner of Police does not favour any reduction of the existing parking facilities or the alteration of the taxi-cab accommodation in this vicinity.

Up to the present, owing to the limited number of the illustrations, the collection has not been advertised extensively, but having regard to the growth of the collection more use might now be made of it. The Chief Librarian has, therefore, suggested that the service offered should be brought to the notice of Head Teachers.

RESOLVED TO RECOMMEND—**That full details of the collection and the service offered be circulated to the Head Teachers of all the Elementary Schools in the Borough.**

† (E). **Exhibition.**

SUBMITTED: Report of the Chief Librarian stating that the exhibition of children's books, handicraft books and illustrations which was held in conjunction with the Annual Parent's Evening held in the Junior Library in January last, evoked a considerable amount of interest among the parents and teachers who attended. In these circumstances the Chief Librarian suggested that a similar exhibition in the lecture room, on a larger scale and open for a longer period would be appreciated both by the general public and the Council's teaching staff.

RESOLVED TO RECOMMEND—**That the suggestion of the Chief Librarian be approved and that he be authorised to make the necessary arrangements for an exhibition on the lines indicated to be held in the Lecture Room of the Central Library about the middle of December next.**

★6.—PROPOSED CHRYSANTHEMUM SHOW:

Pursuant to the resolution of the Council, the Committee gave further consideration to the proposal that the Chrysanthemum Show, which is held annually at Woodfield House, should be held in the lecture hall of the Central Library. (Li.C., 11/3/35—9).

The Chief Librarian reported that he had conferred with the Parks Superintendent who had informed him that the plants would be ready for showing about the beginning of November, but that it would not be possible to allow the plants to remain in the lecture room for more than two days as the action of the central heating in the Library would cause them to wilt.

In addition there is the possibility of damage being caused to the library floor through the watering of the plants and the sweating underneath the pot saucers.

The Chief Librarian suggested that arrangements could be made for a selection of the plants to be shown in the main hall of the library, which has a stone floor, and a notice exhibited intimating that a larger show was being held at Woodfield House. A plan indicating the position of Woodfield House could also be displayed, and arrangements made for a lecture dealing with gardening to be given in the library during the week of the show.

Scott and the Chief Librarian be appointed to attend the Conference in question, and that Alderman (Mrs.) Bannister, L.L.A., be appointed a substitute delegate in the event of the Chairman being unable to attend.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

★9.—LECTURE ROOM:

The Chief Librarian reported that considerable inconvenience is caused when musical and other recitals are held in the lecture hall by reason of the absence of suitable fixtures and curtains. He suggested that the position could be remedied by providing fittings of a movable character as indicated on the sketch plan submitted to the Committee.

The cost of providing the fittings, excluding the stage and side curtains, is estimated at £16.

RESOLVED TO RECOMMEND—**That the proposal be approved and that the choice of the material for the necessary curtains be left to the Chairman and Alderman (Mrs.) Bannister.**

The areas concerned have not been included in the revised Hendon Town Planning Scheme No. 1 nor in the proposed Scheme No. 2 and in view of Section 84 of the above Order it is therefore necessary to rescind the resolution of the Finchley Borough Council in so far as it applies to the town planning of the transferred areas. This course is suggested by the Ministry of Health, and the Committee

RESOLVED TO RECOMMEND—**That the resolution of the Finchley Borough Council finally approving the Finchley Town Planning Scheme No. 1 on the 22nd October, 1928, be rescinded in so far as such resolution applies to the areas in the Garden Suburb, transferred from the Borough of Finchley to the Borough of Hendon under the Middlesex Review Order of 1934.**

It is intimated that following upon the proposal of the Development Committee that one-third of the area of any land which is to be developed for houses at twelve or more to the acre should be secured as open space, the County Council have now agreed in principle to contribute at least 25 per cent. of any cost incurred in securing such areas as open space.

RESOLVED TO RECOMMEND—**That the petitioners be informed accordingly.**

□7.—PRESERVATION OF BARNET WOOD:

SUBMITTED: Report of the Borough Surveyor upon a letter received from Mr. E. S. Purry on behalf of the owners of the Moat Mount Estate suggesting that the Council should acquire the land known as Barnet Wood which is closely adjacent to the land already owned by the Council between Barnet Way (Barnet Bye-Pass Road) and Hendon Wood Lane, and would thus form a connecting link between the open space and the Borough and County Boundary at Barnet Gate, where it would link up with another open space acquired by the Barnet Urban District Council. The total area of land involved is approximately twelve acres in extent.

The owners are prepared to dispose of the land subject to the Council agreeing to a diversion of the existing public footpath so that it would run over the site of a future Town Planning road and they suggest that this be incorporated in the Town Plannning Scheme.

The consent of the Minister of Health will, of course, be required to this addition to the Map.
