Manor Park, Hamilton and Brackenbury Roads account

The balance against the Board upon this a/c is £1314"11"2

Less amount paid in by Mr Janes received

16	16	0	108	from Mrs Gregory Manor Park Road	16"16"0			
				Leaving balance	1300"15"2			

£25000 Loan

2 The Committee regret to report that the firm who tendered for providing the sum of about £20000 at 3 1/4 % to enable the Board to pay off the balance of the amount lent by the Public Works Loan Commissioners on the 5th May 1885 at 3 3/4 % has failed to carry out such offer which may now be considered as abandoned.

The money has been offered at 3 1/2 % but after paying costs and procuration fees there would be no saving to the district for some years and the Committee is unable therefore to recommend that such offer be accepted

G. W. Hubner
Chairman.

On the motion of Mr Hubner seconded Mr Lee

Resolved that paragraph 1 of the report be adopted and that cheques be drawn in accordance with the recommendations therein contained.

The Board resumed

Queens Terrace Mews

On the motion of Mr Todd seconded Mr McGregor

Resolved that no further steps be taken at the present time for the making up of Queens Terrace Mews.

Report on General District Rate Book

The Special Committee appointed to report upon any errors in the General District Rate Book brought up their report.

On the motion of Mr Jones

The report was ordered to be received and entered on the minutes.

(Copy report) 23rd November 1892

Present. Chas. T. Jones Esq in the Chair

Messrs G. W. Hubner

H. N. Lee

1 The Committee has found on examination of this rate book that there are numerous errors in description of property as set out in column four of the book, the Clerk has altered the same in pencil so as to bring the descriptions in conformity with the valuation list in force The Committee recommend the same be approved and that the Clerk be directed to mark in red ink the alterations so shewn

2 as to cases in which the owner has been in the habit of paying the rates instead of the occupier

Dr. | Cr.

£	s.	d.	Debit Folio Ledger.	MINUTES.	Credit Folio Ledger.	£	s.	d.

the Committee are informed that the Board has never passed any resolution under the act relative thereto but it has been the practice to charge upon two thirds of the rateable value and it is so charged in the said rate book, the Committee therefore recommends to put the matter in order, that the several owners whose names appear on the rate book as numbered 3463 to 3516 inclusive be rated instead of the occupiers and assessed at his thirds of the rateable value and that a separate rateable value and assessment be shewn to each property.

3 In reference to various properties described as "land and buildings" & "gardens" and in some parts "land" the Committee has reason to believe that in some cases there may exist inaccuracies and that in others for the purposes of a General District Rate a division should be made between land and buildings so that proportions should be properly assessed at the full and fourth respectively. it is believed however that to go into these matters thoroughly would involve time and expence & the employment of professional assistance, arrangements for which could scarcely be made before the expiration of the present Board moreover there was insufficient evidence before the Committee to warrant it in dealing with these properties in their entirety, and in view of the extremely short term of office of the Board the Committee is of opinion it should be dealt with at an early date by the new authority

(Signed) Chas. F. Jones
Chairman.

On the motion of Mr Jones seconded Mr Lubner
Resolved that the alterations appearing

Ordinary accounts.

3 The Committee have examined various accounts and referred them to the Finance Committee for payment.

Ordinary work.

4 The following works have been in hand since the last meeting of the Highways Committee of the Local Board.

Main Roads.

Granite has been laid and rolled in Great North Road between Woodside Lane and "Breakspears" and completed.

Granite has been laid on half the carriageway in Great North Road between Hertford Road and Church Lane and as soon as the roller can be spared will be rolled in and granite on the other half of road laid.

Patching with granite has been done to Great North Road between Park Road Hotel and Woodhouse Lane.

A crossing has been laid in the Great North Road at its junction with Castle Road (Woodhouse Estate) for Mr Reeks the Contractor for the making of latter road. This work has been paid for by the Contractor.

Other Roads

Isolated patching has been done in Squires Lane, Nether Street, Church End, Bow Lane and Long Lane.

Do not distribute, resend, or broadcast this file. For further enquiries about reuse please contact local studies: library.archivesgbarnet.gov.uk. Please do share the link if you wish. **Allow us to continue to make material openly available to the public by not abusing this access.**

111 Dr. 28 Jan 1895 Cr.

£	s.	d.	Debit Folio Ledger.	MINUTES.	Credit Folio Ledger.	£	s.	d.

Leicester granite has been laid in Station Road & will be rolled in when the weather permits.

Gravel has been laid in Lichfield Grove between Woolon Grove and Russell Cott-age

The footpath on the north side of Totteridge Lane between the Railway Station and Dollis Brook has been made up with ashes.

Kerbing has been laid in Hendon Lane opposite Park House.

During frosty weather ditches in various parts of the District have been cleaned out and the spoil deposited on the site of the pond in Woodhouse Lane, levelled and prepared for further deposits

The link motion of steam roller has been repaired, and has been refitted by the engine driver, the roller has also had a general overhaul.

Surveyor's requisition

5. The Committee recommend the purchase of the following material & the work proceeded with.

Lamp Breaking

6 It having been reported to the Committee that between the 14th and 22nd inst the glass had been broken in not less than 26 lamps they recommend a reward of 10/- be paid to any informant upon the conviction of any person found damaging the lamps and that a letter be written to the Inspector of Police drawing his attention to the matter.

Woodside Park Road from Lodge Lane to station

7 Your Committee recommend a circular letter be sent by post to the owners and occupiers of premises throughout this portion of Woodside Park Road informing them that they are responsible for the bad state of the road and that unless immediate attention is given the Council will consider the question of making it up under section 150 of the Public Health Act 1875.

Nether Street. Footpath and gully.

8 The Committee recommend the footpath and between Coleridge Road and Alexandra Grove be patched with shingle and chippings at an estimated cost of £2"10"0 and that a new gully and syphon (in stock) be fixed at the junction of Nether Street and Alexandra Grove in place of the existing defective one.

Trees

9 The Committee recommend the Surveyor be instructed to request the gardener at Burgess Hall Nether Street to remove a tree growing on the footpath at the corner of Grosvenor Road

Chairman until the annual meeting of the Council in April next.

2 The Committee recommend a petition be presented to Parliament against the North Middlesex Gas Bill 1895 for the protection of the Council the Consumers of gas and the ratepayers of the district of Finchley and that the expences of & incidental to such petition and of opposing the Bill be paid by the Urban District Council out of the General District rates.

3 The Committee recommend Messrs Stevens and Parkes be retained as Solicitors & Parliamentary Agents on behalf of the Council on opposing the bill.

4 The Committee recommend that the Clerk be instructed to advertise a Special meeting of the Council to be held on Wednesday the 13th February 1895 to consider the motion of which notice has been given by Mr Jones as follows:—

"That it is expedient for the purpose of protecting the interests of the district of Finchley and of the consumers of gas within the said District and of the ratepayers generally that the Bill introduced into Parliament by the North Middlesex Gas Company which it is intended should be promoted by the said Company in the ensuing session of Parliament such bill being intituled "A Bill for incorporating & conferring "powers on the North Middlesex Gas "Company" should be opposed so that the same shall not pass into law in its present form but in the event of such

Bill passing into law proper powers and provisions should be inserted in such Bill for the protection of the council the consumers of gas and ratepayers as aforesaid as may be deemed expedient and necessary and that the expences of and incidental to such opposition be paid by the Urban District council out of the General District Rates.

5 The Committee recommend the Council authorise the Committee to add to their number the names of Messrs Stanley Chapman, Connor and Wilde subject to those gentlemen consenting to act on the Committee.

6 The Committee recommend that the Chairman and one member of the Committee be authorised to meet a Committee of the Hendon District Council with reference to clauses being inserted in the Bill for the proper protection of the interests of the two districts and to report and that the Clerk arrange an early appointment for that purpose.

7 The Committee recommend that the Committee be appointed a standing Committee of the Council until its next annual meeting.

(Signed) Chas. T. Jones
Chairman

On the motion of Mr Jones seconded by Mr Lee

recommend the Council to adopt the same

(a) Capital. That the capital of £55000 which the Company seek power to create in addition to their existing Capital of £45000 is in excess of the requirements of the Company.

(b) Reserve fund. That the powers of the Company as to dealing with their Reserve fund should be limited as stated in section 34 of the Harrow & Stanmore Gas Act 1894

(c) Price of gas to private consumers. That the standard price per 1000 cubic feet of gas supplied by the Company to private consumers should be 3/6 subject to the sliding scale. The Company now charge 4/3

(d) Price of gas for public use. That there should be a differential rate between the charge for gas to private consumers and for public use. The standard charge to be made for gas for public use should be 3/3 per 1000 cubic feet subject to the sliding scale. The price to be charged by the Company for the supply of gas for public use should not at any time exceed the lowest price charged to any private consumer within the district

(e) Illuminating power. That the illuminating power of the gas should be 16 candles instead of 14 as proposed.

(f) Pressure. That the gas should be supplied at such pressure as to balance a column of water from midnight to sunset not less than eight tenths of an inch and from sunset to midnight not less than ten tenths or one inch at the main as near as may be to the junction therewith of the service pipe supplying the consumer and that the notice of intention to test be 3 instead of 6 hours

£	s.	d.	Debit Folio Ledger.	MINUTES.	Credit Folio Ledger.	£	s.	d.

(g) Testing. That the company should be compelled to provide at the offices of the Council or at some other suitable place required by them a testing station with all proper apparatus for testing the gas that such testing station and apparatus should be maintained by the company and that the Council should by some person to be appointed by them for that purpose be at all times at liberty to have access to such station for the purpose of testing the quality of the gas supplied.

(h). Depth of mains. That the company should be required to lay their mains not less than 3 feet below the level of the roadway or footway.

(i) Meter rents. That the price of gas charged by the Company for meter rents should be limited not to exceed 10% net cost.

(j) Purchase of Company. That powers should be given to the Council jointly with Swindon to purchase the undertaking of the company at any time within 21 years upon giving twelve months notice on the lines laid down in section 70 of the new Swindon Gas Act 1893.

(k) Plans. That a plan drawn to a scale of 25 inches to the mile should be kept at the works of the Company showing the area of supply of the company and position of their various mains and branches such plan to be corrected from time to time and that a duplicate of such plan be supplied to the District Council which shall be corrected by the company up to the date of such correction at least once in every 12 months.

(l) Meters to public lamps. That a meter be placed

to one of every 5 lamps.

(m) Insurance fund. That the Court of Summary jurisdiction referred to in clause 38 of the Bill should consist of not less than two justices not being shareholders.

(n) Auditors. That there should be two auditors one to be appointed by the Company the other jointly by the District Councils of Finchley & Hendon by agreement or failing such Agreement by the Middlesex County Council. Should no such power be given them a person should be appointed under section 38 of the Gas Works Clauses Act 1847 to examine and ascertain from time to time the actual state and condition of the concerns of the Undertakers.

(o) Remuneration of Directors &c. That the remuneration of the Directors and Auditors and Accountants should not exceed £500 until the make of gas by the Company amount to 100000000 cubic feet per annum and thereafter to be determined at a general meeting of the Company (See Harrow and Stanmore Act 1894)

(p) Conversion of borrowed money into Capital. The dividends upon the shares or Stock referred to in clause 34 of the Bill should be limited to a rate not exceeding 4% per annum.

Local Government Act 1894

On the motion of Mr Lee seconded by Mr Kilner

It was resolved that Messrs Lee, Kilner Turle McGregor, members of the Council, and Messrs Wainwright Hollis and Scott be appointed a Committee to consider and report upon the desirability of taking over the powers duties and liabilities of a parish Council which may applicable to the Urban District of Finchley provided by the Local Government Act 1894.

Assets and liabilities of Council

The notice of motion given by Mr Stone was by leave withdrawn upon the chairman of the Finance Committee undertaking at the time the estimate of the new rate was brought up to present a statement of assets and liabilities including the estimated value of the machinery at Pulfall Works.

The Board went into Committee

The Board resumed.

Footpath Nether Street to Dollis Brook.

On the motion of Mr Kilner seconded by Mr Lee

Resolved that a letter be written Mr Tubbs stating that the Local Board in repairing the footpath inadvertently made use of the roadway and that the Committee have fully considered the subject and are satisfied that the footpath in question was not one repairable by the Local Board & regreting that any annoyance should have

to compound under section 211 of the Public Health Act 1875.

Mr Wightman voted against

North Middlesex Gas Bill

The Hybrid committee brought up their report

On the motion of Mr Jones

The report was ordered to be received and entered on the minutes

(Copy report)

6th March 1895.

1. Your committee have since your last council meeting held two meetings and have also had an interview with the Members of the Hendon District Council.

It appearing to the committee that one gas engineer, one gas accountant & one gas surveyor would be sufficient expert witnesses to give evidence on behalf of Finchley and Hendon and that the fees of these witnesses should be paid (should the Hendon District Council agree) by the two councils, your committee have authorised your Solicitor to retain the services of Mr Corbett Woodall as Engineer at 10 guineas per day for time actually engaged and of Mr Cash as Accountant at a fee of 5 guineas per day. This has since been done.

Mr Sass had been previously retained by the Company.

The Hendon District Council have agreed to Messrs Corbett Woodall and Cash being engaged and have selected Mr Bannister Fletcher as the additional Surveyor and to this your committee have consented.

Your committee have also authorised your

11 March 1895.

Surveyor to engage such assistance as he may require to enable him to prepare the evidence necessary, such engagement to be limited to a period of 8 weeks and not to exceed a fee of 5 guineas each assistant per week.

Your Committee have agreed that each District shall be represented by separate Counsel.

The Surveyors of each District will act in unison and no fees are to be paid to either.

Your Committee recommend that their action as above be confirmed.

2 Your Committee recommend that Mr Goodyear the Chairman of the Council be requested and authorised to give evidence on behalf of the Council against the Bill and to represent the Council before the Parliamentary Committee

(Signed) Chas F. Jones

Chairman.

On the motion of Mr Jones seconded Mr Kilner

Resolved that the action of the Committee as stated in paragraph 1 of its report be confirmed.

On the motion of Mr Jones seconded Mr Brooks

Resolved that Mr Goodyear the Chairman of the Council be requested and authorised to give evidence on behalf of the Council against the Bill and to represent the Council before the Parliamentary Committee.

Signed

W. Goodyear

presented to the Local Government Board praying their support to the Bill now before Parliament to amend the Public Health acts especially relating to the distinction between public and private sewers which the Committee will at the meeting of the Council present for sealing such memorial and they recommend the same be sealed and forwarded by the Clerk to the President of the Local Government Board.

Summers Lane Allotments

9 The Committee having further considered the application of the Allotment Holders to be permitted to take sewage from the sewer crossing these Allotments and the report of the Surveyor thereon together with the resolution of the Local Board passed on the 29th January 1894 and the motion moved by Mr Jew at the meeting of the Council on 28th January 1895. see no reason to recommend any alteration in the terms of the said resolution of 29th January 1894 and are still of opinion that the work should be carried out upon the deposit with the Council of the sum of £12 providing an undertaking be given by the Secretary and 2 members of the North Finchley Allotment League to pay the Council any cost incurred in necessary repairs after the completion of the work and they recommend accordingly

Isolation hospital

10 The Council are already possessed of a hospital for isolation of infectious cases and the Committee recommend a letter be written to the Local Government Board to that effect

Ventilating shaft Hendon Lane

of Messrs Vaughan and Beal for the removal of the ventilating shaft near "Shaftesbury" Hendon Lane and they recommend that such shaft be retained in its present position

Outfall works

12 The committee recommend the generators be repaired at an estimated cost of £18 which sum the committee have included in their estimate for the next half year.

Requisitions

13 The committee recommend the following requisitions be approved & the materials ordered.

Farm Superintendent's requisition

1 Load Straw	£1.18.0
1 Bag Barley meal	7.6
1 " middlings	9.0

Medical Officer's requisition

300 forms printed warning parents against sending children to school in cases where infectious diseases exist in their family.

Estimate

14 The committee present herewith their estimate of the expenditure for Sanitary work, Sewage Farm and Outfall works for the half year ending 29th September 1895 and recommend the same be approved and referred to the Finance Committee

(Signed) Chas. T. Jones
Chairman.

Finchley Park footway

10 The Committee have included in their estimate a sum for the repair of the footpath in this road with gravel and they recommend a letter be written Mr Moore accordingly

Part 2

Encroachments

11 The Committee being informed of the erection of a fence and gates fronting the new house of Dr Tunnicliffe in respect of which a question of encroachment has arisen, recommend the matter be referred to the Legal Committee for consideration and report

Bulls Lane encroachment

12 Your Committee having taken into consideration the letter from Messrs Sluttons to the Surveyor dated 5th March last recommend the Council agree to paragraph No 2 of such letter but not to the terms contained in the remaining paragraphs and that a letter be written Messrs Sluttons in accordance with this recommendation requiring them to remove the encroachment without further delay.

New roads East Finchley

13 A large number of owners of property having frontages in Bedford Huntingdon Durham & Hertford Roads having presented an appeal to the Local Government Board under section 268 of the Public Health act 1875 praying for an Inquiry into the question of the apportionments, the Committee recommend the Council agree to allow to the owners of properties in Bedford Huntingdon & Hertford Roads

North Finchley

(c) Plans presented by messrs Stillwell & Eby for alterations at Christ Church Schools North Finchley.

Marylebone Cemetery drainage

16 Your Committee have had under consideration the plans submitted by the St Marylebone Board for the approval of the Home Secretary to a system of drainage of the cemetery. There are some points which the Committee in accordance with the advice of the Surveyor cannot approve and the Committee recommend a letter be written to the Burial Board stating such objections.

The following in particular are two which the Committee refer to viz:-

The overflow (invert of) should be at least 2 feet above the 9 inch pipe leading to Filter Beds in Storm overflow chamber.

There should be no valve fixed against the mouth of latter pipe so that the ordinary flow to the Beds cannot be easily interrupted

In no event are the committee prepared to recommend the Council to approve of the plans or of the Scheme which when completed might in itself prove ineffective & the Council should in the opinion of the Committee always have that power over the drainage which they would not possess if they were to give their written approval to the scheme

new spindles & footsteps for agitators
2 Exhaust boxes for engines
Piston rings &c

Plans

On the motion of Mr Jones seconded by Mr Lee
Resolved that plans presented by messrs
Holloway Bros for a house in Woodside
Avenue for Mr Bleghen be approved,
subject to a fall of 1 in 24 in soil drain.

North Middlesex Gas Bill

The Hybrid Committee brought up their report
on the result of the opposition of the Council
to the above Bill

On the motion of Mr Jones seconded Mr Gilbee
Resolved that the same be received, entered
and adopted.

(Copy report)

Present Chas F Jones Esq in the chair,
Mr J. Wilde

The Committee beg to report to the Council the
result of the opposition by the Council to the
above Bill before the Committee of the House
of Commons

The Committee consider that the results of
the recent opposition are most satisfactory
and that valuable concessions have been
obtained which will materially benefit the
Inhabitants of the Districts of Finchley and
Hendon

The following are the principal alterations &
additions made in the Bill in consequence of
the opposition offered to the original proposals
of the Company by the two Local Author-
ities

Do not distribute, resend, or broadcast this file. For further enquiries about reuse please contact local studies: library.archivesgbarnet.gov.uk. Please do share the link if you wish. **Allow us to continue to make material openly available to the public by not abusing this access.**

Dr. | Cr.

6th May 1895

£	s.	d.	Debit Folio Ledger.	MINUTES.	Credit Folio Ledger.	£	s.	d.

1. Share capital. The Company proposed to raise £55,000 new share capital. This has been reduced to £33.000.

2 Borrowing powers. As the bill was originally drawn the Company would have been entitled to further borrow 1/5th of £55,000 i.e £13.750, this amount is now reduced in consequence of the decrease of capital to £8.750. These two reductions will occasion appreciably less sums required as for dividends & therefore a reduction in the price to the Consumer can be effected on this head alone.

3. Auction clauses for new borrowed capital. The auction clauses for new capital in the Bill did not apply to money raised under the borrowing powers. This has been altered so that all money raised by debenture stock or mortgages must be offered by public auction or tender and so any parishioner that chooses can become a Debenture Holder in a local prosperous undertaking

4 Reserve and Insurance Fund. In lieu of a reserve fund of 1/10th of the capital of the Company accumulated from surplus profits the Company can only make a reserve fund out of divisible profits so that the reserve fund is made at the expence of the shareholders instead of that of the consumers

They may however form an Insurance Fund out of surplus profits but only to the extent of £1 per cent per annum of the paid up capital of the company until the fund so formed amounts to 1/20th of the paid up capital

5 Price of gas and sliding scale. The Company desired to be allowed a maximum price of 4/9, the Committee have substituted a standard

Do not distribute, resend, or broadcast this file. For further enquiries about reuse please contact local studies: library.archivesgbarnet.gov.uk. Please do share the link if you wish. **Allow us to continue to make material openly available to the public by not abusing this access.**

£	s.	d.	Debit Folio Ledger.	MINUTES.	Credit Folio Ledger.	£	s.	d.

6th may 1895.

price of 4/3 with the usual sluding scale. the effect of which is that as the price charged is less or more than the standard price the Dividend that the company is authorised to declare is increased or decreased. This is considered a valuable concession to the consumer as it is a direct incentive to the Directors to reduce the price of gas to consumers

6 Illuminating power This has been fixed at 15 candle power in lieu of 14 issued by the company.

7 Map A clause has been inserted providing that the company shall provide a map of this District to a scale of not less than 25 inches to the mile and shall keep their mains marked thereon and shall allow the same to be inspected and copies made by the Officers of the District Council which will be of material assistance in various ways to the Surveyor of the Council.

8 Purchase. The Committee did not give to the Councils the option of purchase but the result of the capital being so reduced will be that the company will have to come to Parliament at an earlier date when another opportunity will be afforded of pressing this and other points and so further concessions probably obtained according to the needs of that day.

9 The costs of the opposition by the Finchley Council including the House fees and the fees of Counsel and witnesses will amount to about £400 out of which £260 is out of pocket expences for Counsel witnesses fees &c or a sum equal to (for one year only) about 1½ per head of the population and the expected

Barnet Local Studies

£	s.	d.	Debit Folio Ledger.	MINUTES.	Credit Folio Ledger.	£	s.

monetary return or benefit may be estimated as follows. within say a year or even earlier the price of gas will in all probability be reduced at least 3d. per 1000 culic feet or a saving to the consumer in gas rental in Finchley parish of £400 in one year or in 20 years if no lower price obtains of £8000 on the same quantity of gas consumed but this saving will in all probability continue and improve as the sliding scale comes into active face and operation. thus in a household of six persons the average cost to the head of such household would be 9/2d for one year and the saving to him (assuming his gas bill last year to have been say £10) 11/9 for the first year with the prospect of an improvement in succeeding years

The committee have examined the various accounts on the matter and now submit the same with their recommendations in each case and where approved and accepted would advise that they be referred to the Finance committee for taxation and payment in due course

The committee cannot conclude their labours without expressing their appreciation of the able manner in which the Council's case has been conducted by Messrs Stevens & Parkes and take note especially of the stand made by Mr Stevens alone on the clauses on the last day of the hearing, and so saving the parishioners considerable expence

The Labours of the committee being ended it has been dissolved

(Signed) Chas F Jones
Chairman

Road at the entrance to Mr Karf's nursery be repaired at an estimated cost of £2.10.0.

Surveyor's requisition

10 The Committee recommend the following requisition be approved:-

1 Truck Victoria Stone 3'0" x 2'0"
Bag for cotton waste basket for coke for steam roller
3 Doz regulators for street lamps
3 Doz. Column cocks
½ Gross 10 pal tops
1 Gross sides
3 Chaldrons coke for roller

Woodside Grange Road footpath

11 The cause of Mr Bassey's complaint of the footpath in this road is owing to the recent dry weather which has similarly affected the whole of the gravelled footways in the district. The Committee see no reason to remove the stones as suggested by Mr Bassey recommend a letter be written him to this effect.

Woodside Park Road

12 The period allowed to owners of property fronting the lower portion of this road having expired and the notices not complied with the Committee recommend the work be carried out by the Council & that the Clerk apply to the Local Government Board for their sanction to the borrowing of a sum of £1250 for that purpose

Benj Todd
Chairman
