The estimate for 1928/29, viz., £200, is expected to be realised. In view of the erection of new schools on the Watling Estate, and numerous applications to hire rooms, it is suggested that the amount be increased for 1929/30 £250

27. SALES OF MATERIALS:

Having regard to the large increase in the number of school children, it is suggested that the estimate be increased. In the past year the estimated receipts of £225 have been exceeded £300

The amount under this head is in respect of Sundry charges recovered from Managers. The amount varies according to the user for other than school purposes £20

LIMITING STANDARDS OF EXPENDITURE.

The Committee will remember that for the years 1926/7 and 1927/8, the Board of Education imposed limiting standards of expenditure as follows on:—

Teachers' Salaries, an "amount required for the maintenance of the approved establishment."

Other Expenses of Maintenance and Administration, an amount equal to "45/- per head of average attendance."

As regards the year under review (1929/30), the Board have given notice that it is proposed to continue the procedure as per Circulars 1388 and 1396.

The effect of the Circulars on the estimates for 1929/30, will be as follows:

Teachers' Salaries: The proposed establishment for 1929/30 has not as yet been submitted to the Board, but on the statement as shown under Heading I it is not anticipated that the Board of Education will question the proposed expenditure.

Limiting standard of expenditure on these items:—			
Average Attendance for year 1927/8 = 5648 at 45/-			12708
Excess			£14,623

Under paragraph 2 of Circular 1388, the approval of the Board to the excess of £14,623 is required.

The excess is mainly justified by the increase in the number on roll. As shown above, the standard is based on an average attendance of 5,648, whereas in fact at this date the number on the roll totals 8,701, and will no doubt reach 9,000 by the 31.3.29.

It must also be remembered that a further 1,600 admissions are estimated during 1929/30, and provision has accordingly been made in the estimates. It therefore seems that the limiting standard ought reasonably to be calculated on a figure between 8,701 and 10,600, and it is suggested that 9,500 be taken.

(e) The increase is equal to approximately 2½d. in the £.

The amount required for the year is £270. It is suggested that the sum asked for be £300

RECOMMENDATIONS ON THE BILL

(a) THE BOARD OF ASSOCIATION have written stating that any suggestion regarding under clause 47 (now 46) [Name] of [Name]; or under clause 108 (now 106) [Name] shall be considered on grounds in certain cases will not be recognized for the purposes of the Bill's provisions.

(b) THE NATIONAL ASSOCIATION, and the [Name] [Name] and [Name] in clause 108 (now 106) to meet the [Name] of [Name].

"That the restrictions imposed by section 56(1) of the Public Health Act 1925, shall have effect with respect to any concert or other entertainment provided by the Council in accordance with the provisions of this section"

(c) THE SHOWMEN'S GUILD OF GREAT BRITAIN:

Representations were received in connection with travelling showmen etc. but the Committee decided that in the interests of the public it was desirable that all stands should be adequately controlled. They have however, agreed to a reduction of the time for the submission of plans from fourteen days to seven days. The Local Legislation Committee of the House of Commons added a sub-clause (3) to clause 75 (now 74) which reads:-

- (3) "The Provisions of this section shall not apply to any person who is a roundabout proprietor or travelling showman"

(d) THE MINISTRY OF HEALTH have written with regard to clauses 138 and 183.

CLAUSE 138- The representation of the Ministry of Health has been considered but the Committee are satisfied that not more than 50% of the total area of the Parks, etc. should be let to the exclusion of the public. This section, with the above exception, would appear to be wider than its provisions contained in the Public Acts in that power is given to let to the exclusion of the public at times other than when the land let is actually in use. It also makes provision in regard to the use of pavilions etc. In these circumstances, the Committee considered that this clause should stand. The Local Legislation Committee of the House of Commons were, however, of opinion that Section 56 of the Public Health Act 1925 and Section 76 of the Public Health Acts, (Amendment) Act 1907 gave the required powers and clause 138 was accordingly deleted.

CLAUSE 183 (now 181)- The principle of this clause was approved and under it the Council may apply in any year from the General rate fund to the "Renewals and Repairs Fund" a sum not exceeding 12½% of the costs incurred by the Council on the provision of horses, carts, mechanically propelled vehicles etc., as shown in the accounts at the 31st March in any such year. The maximum amount standing to the credit of the fund shall not exceed one-half of the cost.

- (e) The London Retail Meat Traders' Association asked for a Sub-Clause to be inserted providing for consultation with them before any Byelaws were made under Clause 123 (now 121)- Byelaws as to transport of food. The Association also objected to registration under Clause 126 (now 124) Byelaws as to registration of premises used for preparation of potted and preserved food and ice cream. No petition was lodged. These clauses were passed without comment.

That the restrictions imposed by section 15(1) of the Public Health Act 1925, shall have effect with respect to any conveyance or other arrangement provided by the Council in accordance with the provisions of this section.

THE COUNCIL'S DUTY OF CARE

Representatives who received in connection with travelling expenses etc. but the Committee decided that in the interests of the public it was desirable that all receipts should be independently controlled. They have however, agreed to a reduction of the limit on the expenditure of plans from fifteen days to seven days. The Local Taxation Committee of the House of Commons made a recommendation (?) so clause 15 may be amended as follows:-

"The provisions of this section shall not apply to any person who is a qualified proprietor of travelling expenses"

The Committee of Health have written with regard to clause 15 and 16.

Section 15 - The terms and conditions of the Ministry of Health has been considered and the Committee has decided that it is desirable to amend the clause in the following manner. The clause should be amended so as to provide that the provisions contained in the Public Health Act 1925 shall not apply to any person who is a qualified proprietor of travelling expenses. It is also recommended that the Committee should consider the effect of this amendment on the provisions of the Public Health Act 1925 which relate to the registration of motor vehicles and clause 15 was accordingly amended.

Section 16 (1) - The principle of this clause is approved and it is suggested that the Council may wish to consider the effect of this clause on the provisions of the Public Health Act 1925 which relate to the registration of motor vehicles. It is suggested that the Council should consider the effect of this clause on the provisions of the Public Health Act 1925 which relate to the registration of motor vehicles. It is suggested that the Council should consider the effect of this clause on the provisions of the Public Health Act 1925 which relate to the registration of motor vehicles.

The Local Council have considered the provisions of the Public Health Act 1925 which relate to the registration of motor vehicles and they have decided that it is desirable to amend the clause in the following manner. The clause should be amended so as to provide that the provisions contained in the Public Health Act 1925 shall not apply to any person who is a qualified proprietor of travelling expenses. It is also recommended that the Committee should consider the effect of this amendment on the provisions of the Public Health Act 1925 which relate to the registration of motor vehicles. 9. THE DECISION OF THE LOCAL LEGISLATION COMMITTEE given on the 8th
day of the proceedings (17/4/29) was as follows:-

"The unanimous decision of the Committee is that Edgware shall go to Hendon Urban District. The Committee wish me to make one or two observations. In the first place, they are very much impressed with the general efficiency of the whole of this area which we have been considering. They are equally impressed with the Report issued by Sir John Lithiby when he held his Inquiry last year. The Committee consider that the resolution of the County Council was most unwise and has undoubtedly hampered their decisions in this, and it may be other cases, and they strongly recommend the County Council to as early as possible withdraw such a resolution and deal with each case on its merits. They make the suggestion to the County Council that they might take the present opportunity of considering whether it would not be advisable instead of making a new Urban District consisting of Wealdstone, Harrow Weald, Great Stanmore and Little Stanmore- whether it would not be advisable to include Kingsbury and Wembley and thus make a larger and more compact Urban District Council, and they might find a place much more convenient for the seat of government of that Urban District than has been pointed out would be the case at Wealdstone"

10. CHAIRMAN:

At the meeting of the Local Bill Committee held on the 6th May 1929, Mr. Councillor A.J.Reynolds was re-appointed Chairman.

11. MIDDLESEX COUNTY COUNCIL-

THE DECISION OF THE LOCAL GOVERNMENT COMMITTEE given on the 5th day of the proceedings (17/4/29) was as follows:-

The unanimous decision of the Committee is that it should be to London Urban Districts. The Committee wish to make one or two observations. In the first place they are very much impressed with the general efficiency of the whole of this area which we have been considering. They are equally impressed with the report issued by Sir John Lichby when he held his inquiry last year. The Committee consider that the resolution of the County Council was most unwise and has undoubtedly hampered their decisions in this, and it may be other cases, and they strongly recommend the County Council to as early as possible withdraw such a resolution and deal with each case on its merits. They make the suggestion to the County Council that they might take the present opportunity of considering whether it would not be advisable instead of making a new Urban District consisting of Westbourne, Harrow Weald, Great Barnhoe and Little Barnhoe - whether it would not be advisable to include Kingsbury and Wembley and thus make a larger and more compact Urban District Council, and they might find a place much more convenient for the seat of Government of that Urban District than has been pointed out would be the case at Westbourne.

CHAIRMAN:

At the meeting of the Local Bill Committee held on the 5th May 1929, Mr. Councillor A. J. Reynolds was reappointed Chairman.

MIDSEX COUNTY COUNCIL

The Clerk reported on the 5th May 1929 as to the position of the Bill in Parliament and also as to interviews which had taken place with the County Solicitor on (which had been provisionally agreed, without prejudice) he further reported as to an interview between the County Parliamentary Committee, the County Council and the County Council.

Mr. Councillor Weeks and himself at which a compromise was suggested involving the postponement of the date for the operation of Part 11. The Committee instructed the Clerk to take Counsel's opinion.

On the 27th May 1929 the Clerk reported the result of the interview with Counsel when the Committee agreed that it would be desirable to proceed with the Bill in the House of Lords in face of the opposition of the Middlesex County Council. It was unanimously resolved that the Clerk should inform the County Solicitor that the Council were unable to accept the suggested compromise.

As requested by the Council the Committee on the 2nd July gave further careful consideration to the suggestions of the Middlesex County Council and have unanimously AGREED

THAT THE FOLLOWING LETTER BE SENT TO THAT AUTHORITY IN REPLY TO THEIR LETTER OF THE 26th JUNE 1929:-

HENDON URBAN DISTRICT COUNCIL BILL.

In reply to your letter of the 26th ultimo, before the close of last session negotiations took place between the County Solicitor and myself as to Clauses for the protection of the County Council and had the County Council been prepared to refrain from further opposition to the Hendon Bill, it is probable that agreement would have been arrived at.

Subsequently, however, the new issue as to postponement of the date for the operation of Part 11 of the Bill was introduced at the interview referred to in your letter. The whole negotiations which were stated to be informal and without prejudice, were conducted verbally and, accordingly, the attitude of the Hendon Council was communicated by telephone to Mr. Radcliffe, whose attention was called to the difficulties which such a postponement would entail.

My Council have given the most careful and detailed consideration to the offer of Mr. Craig as set out in your letter. They are very anxious to meet the views of the County Council and to work in the utmost harmony with that body, but in view of the complications which would arise owing to the operation of the Local Government Act 1929, and in the interests of the district as a whole, they feel that the suggested postponement would be most undesirable.

In these circumstances they can only hope that the County Council may yet see their way to withdraw what is bound to be costly opposition to a measure which is proceeding in accordance with the unanimous recommendation of the Local Legislation Committee of the House of Commons and which is passed will not in any way tie the hands of the County Council in dealing with the remainder of the Rural District.

In coming to the above decision the Committee desire to point out that due regard has been paid to the effect of the postponement of the operation of Part 11 of the Bill and desire to bring the following considerations to the notice of the Council:-

A clause was inserted in the Bill at the suggestion of the Ministry of Health providing that:-

"For the purposes of Parts VI, VII. and VIII. of the Local Government Act 1929, the provisions of this Act relating to the alterations of boundaries shall be deemed to come into operation immediately before the date fixed by the Local Government Act 1929 as the appointed day for the purposes aforesaid"

In case of a postponement:-

- (a) Edgware would remain part of a Rural District. This would affect the amount of grant receivable during the interim.
- (b) Within a short period there would be three highway authorities operating in Edgware.
- (c) Edgware would remain for a period and that at a time of rapid development, under an authority not responsible for its ultimate welfare.
- (d) It is impossible to forecast the effect on financial adjustment.
- (e) Open spaces in Edgware would increase in price.

The desires of the inhabitants of Edgware should receive careful consideration. It would be unfortunate were Edgware to feel that its interests had not been adequately safeguarded.

A clause was inserted in the Bill at the suggestion of the Ministry of Health providing that:-

In case of a postponement:-

(a) Schemes would remain part of a Rural District. This would affect the amount of grant receivable during the interim.

(c) Schemes would remain for a period and that a line of local development, under an authority not responsible for the scheme welfare.

(d) It is impossible to forecast the effect on financial adjustment.

1.—REQUISITIONS:

The above were submitted and approved.

2.—TRAFFIC CONTROL:

(A). *Junction of Edgware Road and North Circular Road.*

SUBMITTED: Letters from (i) the Commissioner of Police stating that whilst it is at present impracticable to place a constable on point duty at this spot owing to the limited number at his disposal, the necessary steps will be taken directly officers are available for the purpose; (ii) Willesden Urban District Council stating that they had decided to support Hendon's representations to the Commissioner of Police hereon. (H. & T.P., 18/2/29 13 (2) and 6/5/29—8 (C)).

RESOLVED TO RECOMMEND—That the Commissioner of Police be informed that the Council are of opinion that the conditions warrant the immediate appointment of such additional members to the Police force as may be necessary to provide adequate traffic control at this junction.

(B). *Great North Way. Mill Hill Park.*

CONSIDERED: Reference back from the Council regarding the suggested construction of a tunnel to minimise the danger from traffic at the crossing near Mill Hill Park Gates, together with a letter on the same matter from Mill Hill Ratepayers' Association. (H. & T.P., 10/6/29—5 (b)).

RESOLVED TO RECOMMEND—That the Surveyor report on the matter generally to the next meeting of the Committee and that the Mill Hill Ratepayers' Association be informed that the question of traffic control at this spot is receiving the consideration of the Council.

(C) SUBMITTED: Letter from the Middlesex County Council with regard to the Council's application for permission to erect notice boards on the greensward near Mill Hill Park Gates.

RESOLVED TO RECOMMEND—That two notice boards be removed and re-erected on the greensward in such positions that they will be seen by North and South-bound traffic.

(D). *"One Way" Traffic System—Meadway.*

CONSIDERED: The question of a "one way" traffic system at the Meadway which was raised at the last meeting of the Council.

RESOLVED TO RECOMMEND—That in the opinion of the Council traffic conditions at the Meadway do not justify the institution of a "one way" traffic system.

(E). *Walling Estate—Speed Limit.*

SUBMITTED: Letter from the Hendon Divisional Labour Party asking the Council to apply for an order fixing a speed limit of ten miles per hour for all traffic over the roads through the above estate.

In view of the attitude of the Ministry of Transport on the question as previously reported to the Council, the Committee

RECOMMEND—That the Hendon Divisional Labour Party be informed that the Council are of opinion no useful purpose would be served by an application for a speed limit over the roads on the Watling Estate.

(F). *Junction of Daws Lane and Lawrence Street, Mill Hill.*

SUBMITTED: Plans from the Surveyor to the Middlesex County Council showing proposed alterations at the junction of Daws Lane, Lawrence Street and the Bye-Pass Road, Mill Hill, to provide a "one way" system of traffic, together with the Surveyor's report thereon.

3.—OMNIBUS SERVICES:

(A). *Burnt Oak to Mill Hill Broadway.*

SUBMITTED: Letter from the Mill Hill Ratepayers' Association forwarding a resolution viewing with concern the suggested omnibus service from Burnt Oak to Mill Hill Broadway, via Woodcroft Avenue and Bunns Lane, which service, it is stated is unwanted and unnecessary, and would create serious danger by reason of the unsuitability of the bridge carrying Bunns Lane over the London and North Eastern Railway.

RESOLVED TO RECOMMEND—That the Mill Hill Ratepayers' Association be informed that the Council are unaware of any immediate proposals to run an omnibus service over the route mentioned.

(B). *Extension of Service 16A, to Hendon Aerodrome.*

SUBMITTED: Letter from the London General Omnibus Company, Ltd., with regard to the extension of the above omnibus service from Cricklewood to Hendon Aerodrome, via Edgware Road—Montrose Avenue, on the occasion of the Royal Air Force Display on July 13th. **Noted.**

(A). *From Hall Lane across L. & N.E. Railway.*

SUBMITTED: Surveyor's report on the application of Messrs. Bradshaw and Company asking for the consent of the Council to the diversion of the footpath which passes from Hall Lane across the London and North Eastern Railway.

This matter is at present before the Minister of Health as the result of an objection against the Town Planning Scheme, and the Committee accordingly

RECOMMEND—That in the event of the Minister of Health agreeing to the diversion of this footpath, the Council ask that a footpath be constructed not less than eight feet in width, properly paved in tarmacadam, and with a row of suitable trees planted on either side thereof.

(B). *Selvage Lane to Hale Lane.*

SUBMITTED: Surveyor's report on the applications of Messrs. Henry Boot & Sons and Mr. Leslie Raymond regarding the diversion of the footpath leading from Selvage Lane to Hale Lane. This question is before the Minister of Health in connection with the Council's Town Planning Scheme, and if the footpath is diverted it will be absorbed in a new road to be formed.

RESOLVED TO RECOMMEND—That in the event of the Minister determining that the above footpath be diverted and absorbed in a new road, the applicants be asked to waive any claims for compensation arising therefrom.

(C). *Deans Lane—Deansbrook to Edgware Station.*

SUBMITTED: Surveyor's report on an application from Mr. Leslie Raymond for the diversion of the above footpath. If diverted this footpath will be absorbed in a new road called "West Way." The matter is, however, before the Minister of Health in connection with the Council's Town Planning Scheme. The Committee therefore

RECOMMEND—That the Council approve of the diversion of the above footpath, subject to the Minister of Health agreeing to the alternative roads forming part of the Town Planning Scheme, and to the applicant waiving any claim for compensation by reason of the diversion of such footpath or substitution therefor of the proposed road.

7.—PRIVATE STREET WORKS:

(A) SUBMITTED: Surveyor's report on letters from owners of property in The Park and Park Drive, Golders Green, suggesting that when the footways are made up, red concrete slabs should be used similar to those laid in Uphill Road, Mill Hill.

The Surveyor states that there would appear to be no objection to the proposal as the additional cost is very small, and suggests that Park Avenue, which forms part of the same estate, should be similarly dealt with.

RESOLVED TO RECOMMEND—That the proposals of the Surveyor hereon be approved and adopted.

(B). *Heath Close and Reynold's Close.*

SUBMITTED: Surveyor's report on a letter from Mr. J. C. S. Soutar, Architect of the Hampstead Garden Suburb Trust, stating that the above roads were being made up and asking the Council to take over such roads upon completion.

These roads are accommodation roads within the meaning of the Hampstead Garden Suburb Act of 1906, and neither the Trust nor the Council can insist on them being taken over as public highways.

The Council have not yet taken over any accommodation roads in the Garden Suburb. The Committee, therefore

RECOMMEND—That the Surveyor be instructed to negotiate with the Hampstead Garden Suburb Trust with a view to their waiving all the powers as to highways conferred on them by their Act of 1906.

8.—STREET TREES:

(A). *Brent Street, Hendon, and Mill Way, Mill Hill.*

SUBMITTED: Surveyor's report on letters as to the removal of trees in the above thoroughfares. (H. & T.P., 10/6/29—13 (A)).

Wards Committee.

The Committee—previously known as the Special (Election) Committee—last reported at the Meeting of the Council held on the 12th November, and it was then decided—

THAT the question of representation and the division into Wards be deferred until after consultation with the three principal local party Agents.

The Committee held two meetings in connection with the above resolution:—

10th December, 1928, and 3rd January, 1929.

Present: Mr. Councillor B. Flowers (Chairman) (2), Councillor Mrs. M. Thomas (2), Messrs. Councillors J. J. Copestake (2), A. S. F. Ford (1), C. Latham, F.L.A.A., L.C.C. (1), B. J. Monro (2), and R. M. Weeks (1).

At the meeting held on the 10th December, the Committee considered a map (showing seven wards) submitted by the Agents to the Conservative and Liberal Parties, but the Labour Party wrote that in their opinion the question was not one which should be dealt with in consultation with Party Agents.

At the Meeting on the 3rd January a statement was submitted showing the proposed variations of the Ward boundaries, together with a schedule of new Wards, polling districts and estimates as to the distribution of the electorate.

The Committee thereupon unanimously resolved:—

THAT the matter be deferred until the Clerk shall have reported on the question of dividing the district on a basis which would be requisite if the District became a Borough.

The Committee were, however, of the opinion that in view of the extended franchise, it would be advisable to leave the matter over until such time as information as to the numbers on the new register (which came into force on the 1st May, 1929) could be ascertained.

The Committee was re-appointed (under the designation of "Wards Committee") by the Council at their Annual Meeting on the 22nd April last.

Since their reconstitution the Committee have met on two occasions:—

8th and 15th July, 1929.

Present: Mr. Councillor A. S. F. Ford (Chairman) (2), Councillor Mrs. M. Thomas (2), Messrs. Councillors B. Flowers (2), J. J. Copestake (1), C. Latham, F.L.A.A., L.C.C. (2), B. J. Monro (2), and R. M. Weeks (2).

(a) APPOINTMENT OF CHAIRMAN:

RESOLVED: THAT Mr. Councillor Ford be appointed Chairman of the Committee.

(b) WARD BOUNDARIES:

CONSIDERED: Clerk's report as to a suggested division of the Urban District into eight Wards. COLNE VALLEY WATER CHARGES:

SUBMITTED: The report by the Council's delegates (Messrs. Councillors T. E. Carpenter and R. M. Weeks) on the conference in connection with the above matter, held on the 16th inst.

205.—RESOLVED—That the report be recorded on the Minutes.

16th July, 1929.

To the Chairman and Members of the Urban District Council of Hendon.

Ladies and Gentlemen,

Pursuant to a request made by the Clerk of the Middlesex County Council we to-day attended a conference of Local Authorities within the area of supply by the Colne Valley Water Company in regard to the latter's charges.

This conference was held at the Middlesex Guildhall in Court No. 2, at 3.45 p.m. Mr. G. G. Craig the Chairman of the County Parliamentary Committee was in the chair. The County Accountant, Mr. F. W. Rattenbury, the County Solicitor, Mr. C. W. Radcliffe, and Mr. W. B. Keen, the Accountant of the Hertfordshire County Council were in attendance.

Your Sub-Committee had previously conferred with Mr. George Hails, who had obtained valuable information generally on the financial position of the Company and it was felt that if the Company would agree to reduce the 40% addition to basic rates prescribed by the Colne Valley Water Act, 1907, to 30%, abolish the charges entirely in respect of the first water closet, submit to a voluntary application to revise charges

at the end of two years (in the place of the period of three years mentioned in the County's letter of the 11th inst.) and undertake during a period of 5 years not to pay back dividends, better terms could not be obtained if the Council's petition to the Ministry were pressed. It was also felt that a right to again apply for revision at the end of two years would be preferable to an order of the Ministry which would bind the Local Authorities until the coming into force of the new valuation list in 1934.

The Chairman in opening the conference briefly outlined the Company's attitude, and stated that the point raised by Mr. Hails, namely, as to the right to revise at the end of two years, had now been conceded by the Company and that consequently the view of the County's Parliamentary Committee was that the Company's offer should be accepted.

Mr. Rattenbury and Mr. Keen then addressed the conference dealing with the detailed figures they had obtained from the Company's representative on the 16th May, and upon which they had advised their respective Councils to accept the proposal.

Various desultory speeches were delivered by different Councillors representing Kingsbury, Wembley and other Local Authorities. They dealt, somewhat irrelevantly, with the unjust basis upon which the Company could charge its rates and the hardship falling upon the ratepayers by reason of the increased assessable value under the Act of 1925. Various queries raised were answered by the Chairman and Messrs. Rattenbury and Keen.

Mr. Councillor Carpenter briefly addressed the conference intimating that the Hendon Council on the advice of its accountant regarded the present proposal of the Company as outlined by the Chairman as satisfactory, especially as regards the abolition of the charge for the first water closet and the right to apply for further revision in two years. He especially emphasised the advantage of the latter concession as opposed to an order of the Ministry operating without opportunity for revision for 5 years from the 1st April, 1929.

Mr. Councillor Weeks followed and especially urged the conference to adopt a definite step towards acceptance. He suggested that the Company having made definite proposals were entitled to know what the various local authorities concerned contemplated and that it was imperative to decide on the next step.

It was finally agreed that (a) The County Council should furnish all local authorities within the Company's area of supply with the figures quoted by Mr. Rattenbury upon which he based his advice to the County Council; (b) the latter should confer with the Company to agree without prejudice on a draft form of letter to be written by the Company embodying its final proposals, that this draft should be forwarded to all local authorities for approval and that arrangements might then be made by each authority to formally accept these proposals and withdraw its petition to the Ministry (if lodged). The question was raised that it might be necessary to place such arrangement in an agreement to be formally sealed by each local authority, but the Chairman stated that the Company after writing such a letter would hardly venture to withdraw from or stultify the arrangement.

We suggest it might be advisable to confirm our views to the County Council.

Sgnd. T. EDWARD CARPENTER.

„ REGINALD M. WEEKS.

In connection with the above report, the Clerk submitted a letter from the Middlesex County Council, setting out the following proposals for the revision of the Rates and Charges of the Colne Valley Water Company:—

- (a) the existing 40% addition to the statutory domestic rates to be reduced to 30%.
- (b) the charge in respect of the first water closet to be abolished.
- (c) the Company not to pay any back dividends for a period of five years.
- (d) the charges to be open to revision at the expiration of two years.

STAFFS AND SALARIES SUB-COMMITTEE.

Report No. 2.

17th September, 1929

Present: Mr. Councillor R. M. Weeks (Chairman), Councillor Mrs. S. J. Bannister, Messrs. Councillors C. C. Cartwright, S. H. Egan, J.P., F.R.I.B.A., B. Flowers, E. Holt, J.P., and W. M. Maughan; Mr. A. R. Bailey, M.A.

1.—RECESS ITEMS—STAFFS & SALARIES SUB-COMMITTEE :

ST. VINCENT'S R.C. SCHOOL: When this School was re-opened after the vacation, it became apparent from the increased numbers in attendance that additional staff was necessary. By arrangement with the Chairman, it was agreed that, for the present, the Headmistress be set free from teaching a class and a "Supply" Teacher be put in her place, and that Standards I. and II., consisting of sixty-one pupils be divided into two classes, and another "Supply" Teacher appointed. Subsequently the Managers recommended Miss E. J. Ryder for appointment as Certificated Assistant Teacher ("on Supply"), and she commenced duties on the 2nd September, 1929.

A recommendation regarding the second "Supply" Teacher to be appointed has not yet been received.

With regard to the appointment of a "Supply" Teacher in succession to Miss A. Lyons, who resigned on the 31st July, 1929, in order to proceed to College, the Managers recommended the appointment of Miss A. M. Curran, Certificated Teacher, and she commenced duties on the 27th August, 1929.

BELL LANE COUNCIL SCHOOL: The Sub-Committee may no doubt remember that Mr. W. H. Bond was recently appointed to succeed Mr. A. Hewitt, who is expected to take up duties as Headmaster of the new Barnfield Senior Boys' School on the 1st October next. Mr. Bond, however, appears to have received the impression at the interview that he was required to take up duties in Hendon as soon as possible, with the result that he made himself available for duties here when the Schools re-opened on the 27th August last. As his services will not be required at the Bell Lane School until Mr. Hewitt is transferred to the Barnfield School, arrangements have been made for Mr. Bond to serve temporarily at the Wessex Gardens Boys' School, and for the withdrawal of a "Supply" Teacher from that School.

The above items were **noted and approved.**

2.—VACANCIES FOR HEADSHIPS:

In pursuance of their resolution passed at a meeting held on the 9th July, 1929, the Sub-Committee further considered the letter dated 26-6-29 received from the Middlesex Education Committee, and agreed to RECOMMEND—

THAT the Middlesex Education Committee be informed that the Hendon Education Committee regret they are unable to enter into such reciprocal arrangements, and that they are of opinion that the appointment of all teachers should be on a national basis.

(ii) **THAT, in the event of Mr. Stephenson being unable to accept the post, the vacancy be advertised.**

(b) **ST. PAUL'S C.E. SCHOOL:** A letter was considered from the Head Teacher asking whether the Committee would grant additional staff at this School in view of the increased number of children in attendance.

It was agreed to RECOMMEND—

THAT a "Supply" Teacher be appointed at the earliest possible date.

(c) **BELL LANE MIXED SCHOOL:** It was reported that, acting upon the authority of the Chairman and Councillors Holt and Weeks, arrangements had been made for Mr. Hewitt to be released from duty at this School from the 21st September, in order to enable him to prepare for the opening of Barnfield Boys' School on the 1st October. **Noted and approved.**

(d) **WESSEX GARDENS INFANTS' SCHOOL:** It was reported that Messrs. Councillors Holt and Weeks had interviewed three candidates in connection with the appointment of a successor to Miss D. G. M. Clifte, and acting on the authority of the Chairman had AGREED—

THAT Miss Dorothy Tissington be appointed as Certificated Assistant Mistress at the Wessex Gardens Council Infants' School from 23rd September, 1929, in full time service, exclusively in the capacity of a teacher in accordance with the conditions of employment under Article 17 of the Code, and the regulations of the Hendon Education Committee, at the

ST. MARY'S C. of E. GIRLS' & INFANTS' SCHOOL: Owing to the large number of admissions, the Headmistress had found it necessary to re-organise the various classes, with the result that there was no accommodation for one class of 44 children. The Managers have at present under consideration the question of erecting a Hall near the School, in which case the present Hall could be utilised for two classes. H.M. Inspector has been consulted, and the Board of Education have agreed, as a temporary measure, that one class of Senior girls (Commercial) should be accommodated in the lower room of the Church house (under the charge of one of the permanent staff), thus leaving a classroom available for the 44 children referred to above. This arrangement commenced on the 9th September. Additional desks (£9) and Stock (£6 1s. 1d.) have been provided, and a "Supply" Teacher sent for duty from the 10th September.

GOLDBEATERS COUNCIL BOYS' SCHOOL—MANUAL ROOM: During the very violent thunderstorm on Saturday, the 20th July, the gullies and rainwater outlets became choked with dead leaves and wastepaper, with the result that the floor of the Manual Room (which is below ground level) became flooded throughout, and the wood blocks rose in some places very appreciably. Messrs. Councillors Holt and Egan, the Architect, the Secretary, and a representative of the Acme Flooring Co. met on the spot and inspected the damage, and the Company reported that the only real remedy would be to take up the entire floor and relay with new material at an estimated cost of £162 12s. 0d. Instructions were given for this to be done, and the work is now proceeding.

Unfortunately, the Caretaker was away at Cricklewood during the storm, and the Architect formed the definite conclusion that had the gullies, etc., been kept clear the trouble would have been considerably reduced, if not entirely avoided.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the action taken, but recommend that the Surveyor report hereon at the next meeting.]

BELL LANE COUNCIL SCHOOL: As a result of the storm on the 20th July, part of the north boundary wall fell over into the adjoining gardens. The Chairman gave authority to obtain tenders, and accept the lowest for rebuilding and buttressing the wall, and providing a drain to carry away surface water. This drain will have to be connected to the ditch crossing the adjoining land, but before this can be done it is necessary to obtain an easement from the owner. Tenders have now been received, the lowest being that of Messrs. Wm. Tout, Ltd. (£130). A claim for compensation (£5) has been received from Mr. F. Clare for damage done to part of his garden upon which the wall fell.

2.—North Metropolitan Electric Power Supply Co.—Willesden—Potters Bar Feeder:

SUBMITTED—Letter from the above Company with plan showing the proposed line of works for the above high pressure cable. The line passed through the Urban District underground, but is continued overground for a considerable distance in the Parish of Edgware.

RESOLVED—

(1) That a letter be sent to the Company calling attention to the fact that the parish of Edgware will shortly become part of the Hendon Urban District and requesting that the cable be laid underground throughout its whole length.

(2) That the Hendon Rural District Council and the Edgware Parish Council be asked to object to the proposals of the Company and to press for the installation to be placed underground where it passes through the parish of Edgware.

Boundaries Extension Committee.

REPORT No. 2.

23rd September, 1929.

Present: Mr. Councillor A. J. Reynolds (Chairman), Messrs. Councillors T. E. Carpenter, B.A., LL.B., C. C. Cartwright, W. R. Clemens, F.C.A., E. Holt, J.P., and R. M. Weeks.

1.—NORTH METROPOLITAN ELECTRIC POWER SUPPLY COMPANY:

Willesden—Potters Bar Feeder.

SUBMITTED: Letter from the above Company pointing out that the proposed cable from Deansbrook to the corner of Scratchwood would be erected overground at the foot of the embankment to the railway sidings and along the edge of the golf course, and expressing the opinion that there appears to be no likelihood of any immediate development along this route or along the route from Scratchwood to the boundary of the Barnet Rural District.

It would appear from the plan of the proposed works that development is contemplated between Scratchwood and the County Boundary and the cable is shown as crossing projected roads.

RESOLVED—That the Company be informed that the Council are not prepared to withdraw their objection to the proposed installation of overhead wires from a point South of Scratchwood and the County Boundary.

2.—BURIAL GROUND—EDGWARE:

RESOLVED TO RECOMMEND—That in view of the altered circumstances as regards the future administration of Edgware consequent on the passing of the Hendon Urban District Council Act, 1929, representations be made to the Minister of Health to receive a deputation in order that the views of this Council may be submitted on the proposed acquisition of land in Edgware by the Hampstead Borough Council for the purposes of a Burial Ground.

Report of Special Committee.

(SCHEME, PART I.—POOR LAW—LOCAL GOVERNMENT ACT, 1929.)

29th July, 1929.

Present: Mr. Councillor E. Holt, J.P. (Chairman), and Councillors T. E. Carpenter, B.A., LL.B., F. C. Rice, and R. M. Weeks.

SUBMITTED—Draft Scheme of the Middlesex County Council relating to the transfer and administration of Poor Law.

RESOLVED—That a letter embodying the following observations be sent to the Middlesex County Council, and that a copy of such letter be sent to each of the Authorities in the Central Middlesex Area.

- (1) That the areas provided in the Scheme are too large for the purposes of satisfactory administration. In particular that the inclusion of Willesden in the Central Middlesex Area is even more undesirable than was its proposed inclusion in the Central Middlesex Assessment Area.
- (2) That the division of the County into five areas only will not tend to efficient management and that with more restricted areas and smaller Committees the necessary work could be carried out more satisfactorily and with greater expedition.
- (3) That the Local Education Authorities for elementary education and the Maternity and Child Welfare Committees in the County should be entrusted with transferred functions relating to their respective activities subject to suitable financial safeguards.
- (4) That sufficient account has not been taken as regards the Hendon Urban District of the increasing population and also the altered conditions due to the advent of the Watling Estate of the London County Council. The increasing populations in the adjoining areas should also be borne in mind.
- (5) That as regards the Hendon Urban District the figures forming the basis of the recommendation of the County Council are, owing to exceptional circumstances, out of date.
- (6) The Hendon Urban District Council hope that the Middlesex County Council will do all in their power to ensure that, at the earliest possible date, all assistance which can lawfully be provided otherwise than by way of poor relief shall be so provided.
