SUBMITTED : Surveyor's report on a letter from the Air Ministry regarding the placing of a barrier across the road leading to the Aerodrome.

(A). *Watling Estate.*

SUBMITTED : Surveyor's report on an application from the Post Office Engineering Department for permission to erect an overground telegraphic line in Deansbrook Road, Wolsey Grove and Blundell Road on the above Estate.

The Department point out that owing to the small number of subscribers likely to be connected up in this area it would not be possible on account of the high cost involved to provide an underground cable service.

RESOLVED TO RECOMMEND—That the Post Office Engineering Department be informed that the Council will be prepared to approve the proposals provided an undertaking is given that the overhead line will be substituted by an underground cable when the number of subscribers in the area justifies such a course being adopted.

It was reported that an all night telephone service is available at the telephone exchange which is only a very short distance away from the proposed site.

(B). *Rear of The Broadway, Mill Hill.*

CONSIDERED : Report of the Surveyor hereon. (P.H. & M.S. 16/9/29—13 (J)).

The road is apparently used solely as a secondary means of access to the shops and premises over, and a great deal of rubbish is deposited thereon by traders and others.

It is the Council's practice not to take over accommodation roads until they are properly made up by the owners. The Committee accordingly

RESOLVED TO RECOMMEND—

- (i) That the Council are unable to accede to the request to take over the above accommodation road;
- (ii) That the Public Health and Medical Services Committee be requested to take any action that may be necessary to prevent the deposit of rubbish on the site in question.

Purchase of Land for Extension.

SUBMITTED : Surveyor's report on his negotiations for the purchase of a piece of land approximately $1\frac{3}{4}$ acres in extent, between Mill Hill Park and the Watford Bye-Pass Road, which has been scheduled as an extension to the Park in the Town Planning Scheme.

 - (b) **The land being free from tithe, land tax and all restrictions ;**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal and recommend that the cost of the acquisition of the land be charged to revenue account.]

18.—PUBLIC FOOTPATHS :

Granville Road to Cloister Road.

RESOLVED TO RECOMMEND—**That the Surveyor be instructed to erect notice boards prohibiting cycling on the above footpath.**

19.—TOWN PLANNING SCHEME :

(A). *Boyne Avenue and King's Close.*

SUBMITTED : Surveyor's report on his further negotiations with Golders, Ltd. hereon. (H. & T.P. 16/9/29—22 (B)).

Golders, Ltd., now request permission to erect a garage and filling station at the junction of Finchley Lane and the Great North Way and the proposed extension of Boyne Avenue. Having regard to the fact that all the property in the vicinity is of a residential character the erection of a garage and filling station at this spot is considered undesirable. The Committee, therefore

RESOLVED TO RECOMMEND—**That Golders, Ltd. be informed that unless the original proposals regarding this matter are agreed to, the Council will be compelled to apply to the Minister of Health for his approval to the Town Planning Scheme as it stands.**

(B). *Land Adjacent to Hall Lane.*

SUBMITTED : Surveyor's report on an offer from Mr. Leslie Raymond to sell to the Council a small piece of land adjacent to Hall Lane.

RESOLVED TO RECOMMEND—**That the offer be not entertained.**

(C).

RESOLVED TO RECOMMEND—

- (a) That the Council agree to the surrender of the land by Rawplug Co., Ltd., on the terms indicated in Messrs. Turner & Co's letter.

The Committee are unable to agree to the terms put forward by the Middlesex County Council, as at the present time, it is not possible to decide the lines upon which development of the land will proceed.

RESOLVED TO RECOMMEND—That the whole cost of the acquisition of the 69 acres of land at Copt Hall be borne by the Council.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee recommend that the matter be further considered by the Council in Committee.]

20.—REGIONAL OPEN SPACES:

Acquisition.

SUBMITTED: Letter from the Hon. Secretary of the North Middlesex Joint Town Planning Committee regarding the user of open spaces proposed to be acquired under the Regional Scheme. (H. & T.P. 16/9/29—23 (B)).

RESOLVED TO RECOMMEND—That the Hon. Secretary of the North Middlesex Joint Town Planning Committee be informed that it is the intention of the Council to allow persons from other districts to use the Open Spaces proposed to be acquired under the Regional Scheme, but that preference will be given to local residents.

21.—GARAGE, WATFORD WAY:

SUBMITTED : Surveyor's report on the application of Ernest Owers, Limited for an Interim Development Order regarding the lay-out of 52 acres of land on the above Estate. (H. & T.P. 16/9/29—22 (J)).

The lay-out provides for the erection of 337 houses with an average density of 7 houses per acre, and conforms generally to the Town Planning Scheme.

(F). *Goodhew's Farm, Page Street, Mill Hill.*

SUBMITTED: Surveyor's report on the application of Miss B. Somers for permission to use the above farm and buildings for the purposes of a Dogs' Home.

The Committee consider that the establishment of such a business in a residential area will be detrimental to the surrounding property, and accordingly

(G). *Halegrove Gardens, Mill Hill.*

SUBMITTED: Surveyor's report on the application of Messrs. Tant and Company for approval to a lay-out plan for the erection of 21 houses on land adjacent to Halegrove Gardens.

SUBMITTED: Surveyor's report on the terms offered by the London Telephone Service for connecting up in the Central Hendon and Golders Green area, the 12 alarms which have been removed from the Mill Hill area as a result of the installation of the "Gamewell" system.

The London Telephone Service make it a condition that the agreement shall be for a period of ten years and require an annual rental of £227 1s. 0d. for the 12 alarms.

The period of 10 years stipulated by the London Telephone Service raises a question as to whether the Council intend to continue the Post Office system of alarms in the Golders Green and Central Hendon district. The Committee accordingly

The land included in the present lease, which expires on the 31st July next, has a frontage to the North Circular Road of approximately 760 feet, the rent paid being £400 per annum. The Company now require a 7 years' lease of a portion only of the land with a road frontage of approximately 400 feet.

Having regard to the fact that the land in question is situated in a part of the Council's area which will require some general improvement at an early date, the Committee

RESOLVED TO RECOMMEND—That the London Mortar Mills, Ltd. be informed that the Council are not prepared to grant a lease of a portion of the land in question, but that they are prepared to grant a lease of the whole of the land for a period of one year at a rent of £300 per annum.

RESOLVED TO RECOMMEND—That the Hendon Rural District Council be informed that the Hendon Urban District Council anticipate that they will be in a position by the appointed day to deal with the whole of the sewage from the Parish of Edgware, and that if there are any isolated cases of houses in the Parish of Little Stanmore, adjoining the Edgware Road, which could more conveniently be dealt with by connection to the new Hendon Sewer, the Council would be prepared to consider applications to that end, but that the Hendon Urban District Council are unable to formulate a comprehensive Sewage Disposal Scheme for an area outside their administrative control.

(B). *Plans and Estimates.*

SUBMITTED: Surveyor's report with preliminary plans and estimates for the construction of the new Silk Valley sewer on the lines of the scheme before the Local Legislation Committee of the House of Commons, in connection with the Hendon Urban District Council Act of 1929.

The proposed sewer, approximately 5½ miles in length, commences at the Outfall Works and proceeds along the valley of the Silk Stream to Deansbrook Road, and from this point along the Edgware Road into the Parish of Edgware at a point near to the foot of Brockley Hill.

Agreed to RECOMMEND—

- (i) **THAT a Special Sub-Committee** (comprising Messrs. Councillors Cartwright, Egan and Weeks) **be appointed to consider the whole question of additional cleaners' hours and other emoluments of the Caretakers of Watling Schools and report thereon; and**
- (ii) **THAT in the meantime, Mr. Piddington's cleaners' hours be reduced from forty to thirty per week, to take effect from 11/11/29.**

(c) NIGHT WATCHMAN :

An application from Mr. W. Hood, night watchman, was submitted, asking for additional remuneration for extra hours worked on Saturday afternoon and all day on Sunday, the 5th and 6th October. THAT Mr. Hood be allowed the sum of £1 as an ex gratia payment and entirely without prejudice.

The Secretary also reported that one of the floor boards in the Caretaker's house had been burnt owing to a piece of hot coal falling out of the grate. The damage was slight and would be repaired by the contractors.

(d) ENTRANCES TO SCHOOL :

Letters from the London County Council and Messrs. S. H. Jinkin and H. Watson were submitted, asking the Committee to consider favourably the question of enclosing the entrances to the School by building dwarf brick walls with iron railings fitted above, in place of 6 feet brick walls. The Committee understood that 6 feet walls were included in the specification and considered that these would not interfere with the light of the houses adjoining and that if dwarf walls and iron railings were substituted, children would probably climb on the railings and waste paper, etc., could easily be blown or pushed through such railings into the adjoining gardens.

Agreed to RECOMMEND—

THAT 6 feet brick walls be provided as specified and that replies be forwarded in the terms stated.

(e) SCIENCE ROOM :

It was reported that Mr. Councillor Egan and the Secretary had inspected the Science Room and made the necessary arrangements regarding gas points and water supply and had also asked the Architect to obtain estimates for benches, etc. **Noted and approved.**

- (i) **THAT Mr. G. H. Bacheil, Caretaker, be given one calendar month's notice to terminate his present appointment as caretaker of Goldbeaters Council School, to take effect on the 31st December, 1929, and that the contributions paid by Mr. Bacheil under the Local Government and Other Officers' Superannuation Act, 1922, be refunded.**
- (ii) **THAT a successor be appointed from the applications submitted for the post of caretaker of Woodcroft Council School.**

(b) MANUAL ROOM:

- (i) In connection with the relaying of the Manual Room floor, a letter was submitted from the Architect stating that the final account had now been received, which amounted to £141 10s. 4d. (c) BRICK PIERS:

A letter from the Architect was read, stating that during his detailed examination of the building, prior to the end of the "maintenance" period, he found that the subsidiary 9 ins. x 9 ins. piers were not sufficiently strong to stand the rather severe treatment to which they were perhaps unavoidably subjected in a building of this character, and had given instructions to the contractors to re-inforce these piers with iron standards. **Noted.**

3.—WOODCROFT COUNCIL SCHOOL:

- (a) The reports of the Clerk of Works for the weeks ended the 19th and 26th October, were submitted. It was noted that 83.5 per cent. of the men employed were Hendon men.

Agreed to RECOMMEND—

THAT the Architect be requested to communicate with the Ashford Builders Company, Ltd., intimating that the Infants' Department, at least, must be definitely completed and handed over, ready for occupation, by the above-named date otherwise the Committee might be compelled to take steps to put into operation the penalty clause of the contract.

It was further suggested that the Hendon Council should take up a licence, paying a nominal acknowledgment rent in respect of these ventilators.

The Committee were informed that at the time of the installation of these overflow pipes, the L.C.C. Inspector was aware of the above arrangements and raised no objection and that the Committee's Architect would report further upon this matter at a later date. **Noted.**

" HENDON AND DISTRICT TRADES COUNCIL.

Secretary : Mr. C. R. Morgan, N.U.R.,
31, Montagu Road, N.W. 4.
1st November, 1929.

Leonard Worden Esq.,
Clerk to the Hendon District Council,
Town Hall, Hendon, N.W. 4.

Dear Sir,
Council Houses—Clitterhouse Lane.

It is to the knowledge of this Council that the workmen engaged in certain trades in the building of the Hendon Council Houses at Clitterhouse Lane have been and are being inspired to emulative effort by those locally in charge of the progress of this work. In the vernacular of the building trades operatives, this job is designated " The Speedway " and the workmanship is commensurate with the prevailing conditions.

This Council desires to indicate its conclusions that the excessive physical strain upon the employees and corresponding inferior workmanship are contributory but undesirable factors in the satisfactory financial results obtained by the Hendon Council in connection with this section of its Housing activities and requests that in future enterprises, the Hendon Council will be content with a reasonable output of work by the men engaged.

Thanking you in anticipation for placing this communication for consideration by the Proper Authority.

Yours faithfully,
(Signed) C. R. MORGAN."

(ii) Report of Surveyor thereon :—

" Referring to the letter from the Hendon and District Trades Council regarding the progress of the Clitterhouse Lane Scheme, I desire to point out that the increase in the number of houses completed every week has been obtained solely by increasing the number of men employed on the work. In order to obtain the desired output the number of tradesmen and labourers was increased by 80 men over and above the normal total.

No excessive strain has been imposed upon any man, and I am not aware of any additional output having been given by any individual man on the work. In point of fact no experienced and skilled craftsman will increase his output at the expense of the quality of his work."

(e) ORANGE HILL COUNCIL SCHOOL :

The

The Special Sub-Committee beg to report that they have considered the analysis of the temperatures in the various classrooms during the period from 7/11/29 to 20/11/29 inclusive, from which it appeared that the majority of the rooms in the Senior Department were overheated whilst most of the rooms in the Infants' Department did not receive their fair share of heat.

The Chief Education Officer reported that, according to specification, the Contractors' calculations for the plant were based on maintaining a temperature of 60 degrees Fahrenheit in all the rooms warmed at present when the temperature of the external air was 32 degrees Fahrenheit, and that they would be prepared to guarantee a correct and adequate supply of warm fresh air to the building and to obtain and maintain the proper temperature in the rooms.

In view of all the information before them the Sub-Committee agreed to RECOMMEND—

THAT a copy of the above analysis be forwarded to Messrs. Z. D. Berry and Sons, and that they be asked to submit their observations thereon for the information of the Committee.

3.—GENERAL MATTERS :

(a) THE HYDE COUNCIL SCHOOL :

Pursuant to the Minute of the Sub-Committee of the 29th October, 1929, a further letter from the Civic Committee of the Hendon Chamber of Commerce was submitted stating that they still think it would be far safer to close the exit and entrance doors at this school on the main road and use those at the back instead.

Agreed to RECOMMEND—

THAT a reply be forwarded in the terms stated.

(b) SCHOOL LETTINGS :

An application from the Hendon Teachers' Association was submitted, asking the Committee to grant the use of the lower Hall at Goldbeaters Council School, free of charge, for a teachers' class in country dancing.

The Commissioners may enquire into the affairs of the charity, and if satisfied that the charity ought to be regulated, they may make certain Orders and apply certain powers under the Charitable Trust Acts, 1853 to 1925, for the regulation of the Charity.

The Secretary of State may make regulations with regard to persons making house to house visits, collecting in places of Public Entertainment and Refreshment, and also with regard to collecting boxes in shops. 7.—LONDON AND HOME COUNTIES JOINT ELECTRICITY AUTHORITY :

SUBMITTED : The following resolution of the Executive Committee of the Middlesex Borough and District Councils' Association relative to a letter from the above Authority stating that after considering the points raised by the Sub-Committee of the Association, the Authority thought it would be desirable to deal with them as they might arise in actual cases, that they proposed to prepare the technical and financial data for schemes for different areas within their district and to discuss the difficulties and questions arising in a particular area upon those schemes, which procedure, though taking a longer time, would, it was thought, be more satisfactory, that in the case of certain local authority areas it might be important to consider the position before a scheme including the district of the local authority was available, and in any such case the Authority would be happy to discuss the position either with the representatives of the local authority or, if so desired by the local authority, with representatives of this Association.

“ That the Joint Electricity Authority be informed that this Committee regret after considerable negotiations and deliberation at the instigation of the Authority, the Authority have arrived at the decision conveyed by their letter of the 19th instant, and that the constituent authorities be again urged in the event of action affecting their interests being taken by the Joint Electricity Authority to act collectively through this Association, the interests of the local authorities being more or less identical.”

Regulations, 1919, to provide that the Council's contributions of the equivalent of a penny rate in respect of houses erected under the 1919 Act be stabilised at the actual product of a penny rate for the year ended 31st March, 1929, and that the difference between this figure and future annual penny rate products be utilised as to 50 per cent. thereof for reduction of rents of the houses erected under the Act and as to the remaining 50 per cent. to the credit of the Housing (Assisted Scheme) Repairs Fund.

It will be remembered that at the last meeting the Council considered a resolution of the Friern Barnet Council which provided that the difference between the product of a penny rate as stabilised on the 31st March, 1920, and future annual penny rate products be utilised for the reduction of rents for the houses, and the Council thereupon decided that no action be taken in the matter.
