NOTICE OF MEETING :

The Town Clerk read the notice convening the meeting.

MINUTES—CONFIRMATION :

Moved by Councillor Teare, seconded by Councillor Monro, and

226.—RESOLVED—That the Minutes of the Monthly Meeting of the Borough Council held on the 26th day of March, 1934, and of the Special Meetings held on the 9th and 16th April, 1934, be confirmed.

APOLOGIES FOR ABSENCE were submitted on behalf of Councillors A. W. Curton and H. L. K. Johnson.

A letter addressed to the Mayor was also read from Councillor A. S. F. Ford, regretting his inability to attend the meeting and stating that he would be unable to attend the meetings of the Council or Committees for a week or two, as he was still feeling rather severely the effects of the accident he sustained last January.

WATLING ASSOCIATION—DEPUTATION :

Deans Lane Open Space.

The Mayor reported that the Deputation from the Watling Association, referred to in Item 3 of the Agenda, was in attendance and desired to appear before the Council.

227.—RESOLVED—That the Deputation be received.

The Deputation, consisting of Mr. A. I. Jones the President of the Watling Association, the Rev. J. H. L. Morrell, Mr. H. P. Littler the Organiser of Watling Week, and Mr. E. Sewell Harris Secretary of the Watling Association, accordingly appeared before the Council.

Mr. A. I. Jones and Mr. H. B. Littler addressed the Council and stated that the object of the Deputation was to ask the Council to grant the Association the use of Deans Lane Open Space, on Saturday, the 9th June, for the purposes of holding a sports meeting and fair to raise funds for the Watling Association.

The speakers explained the objects of the Association, and their proposals for holding a sports meeting and fair, and stressed the point that they would be unable to achieve their object of obtaining sufficient money to repay the instalment of the loan they had received from the Pilgrim Trust by the promotion of a sports meeting only. They requested the Council to grant them permission to hold a fair in connection with the sports meeting, otherwise it would be a financial failure.

Mr. Littler stated that he had been assured, and was satisfied, that the facilities for entry to the ground were adequate for the tractors and fair equipment, and undertook to make good any damage which might be caused to the ground by the use of the tractors and fair equipment. He also stated that the fair would close at 10.30 p.m. prompt on the Saturday evening and that the whole of the equipment would be removed and the ground cleared by the following Monday morning.

The Deputation thanked the Council for receiving them and subsequently retired.

On the suggestion of the Mayor, it was agreed that the matter be considered in conjunction with Item 6 of the Report of the Estates, Parks and Allotments Committee.

QUESTIONS :

Pursuant to notice duly given in accordance with Standing Order No. 25, Councillor Gilpin asked the Chairmen of the Committees indicated, the following questions, the replies given being as set out thereunder :—

Education Committee :—

- (a) Whether, having regard to the land utilised for the erection of the caretaker's cottage, the Education Committee is satisfied that the reduced area of the playground attached to Edgware School is sufficient for the purpose for which it was intended.

Yes.

In reply to a supplementary question by Alderman Latham as to whether the playground complied with the Board of Education requirements, the Chairman of the Committee (Alderman Maughan) replied in the affirmative.

- (b) Whether in the case of "Mixed and Infants" and "Junior Mixed and Infants" Schools, the Education Committee will consider the question of appointing one of the teachers in the Infants' Department as Assistant Head Teacher responsible to the Head Teacher for the general conduct of the Department.

In the types of schools mentioned there is a Senior Woman Teacher of sound experience, skilled in infant school methods, to whom the Head Teacher can refer if necessary. Such person is normally regarded as the Senior Woman Assistant on the Staff.

Estates, Parks and Allotments Committee :—

What arrangements have been made for the provision of allotments for the allotment holders displaced by the creation of the Stone Grove Open Space, especially for those who are ratepayers in the Borough of Hendon.

The purchase of the land at Stone Grove was completed by the Corporation on the 10th February, 1932, and the land was purchased for the purpose of a public open space. Subsequently the Corporation allowed licences to be issued for the use of a portion of the ground by allottees. The use for this purpose was temporary only as a scheme was in course of preparation for laying out the ground.

Every effort has been made by the Committee to find alternative land in the vicinity for allotment purposes, but it has been found impossible to do so.

★2.—STREET TRADING:

(A).

Applications for Licences.

†

(i).

Renewal.

CONSIDERED: Application from Mr. Joseph Henry Alabaster, of 22, Islip Gardens, Burnt Oak, for the renewal of the street trading licence which expired on the 31st March last, to sell fruit, vegetables and cut flowers from a stall on wheels on the carriageway on the north side of Milton Road, West Hendon, at a point 10 yards from the building line of Edgware Road.

A licence was first issued to the applicant in February, 1933, and the Committee is informed that he has on no occasion since that date been observed trading on the site. The Committee, therefore,

RESOLVED TO RECOMMEND—That the application be not granted.

†

(ii).

New Applications.

CONSIDERED: The following applications for Street Trading Licences, together with the observations of the Borough Surveyor, and also of the Commissioner of Police of the Metropolis on application No. 1:—

Name and Address of Applicant.	Description of Site.	Articles proposed to be sold.	Days and Times.
1. Sullivan, Alfred George, 28, Trevor Road, Burnt Oak.	On the kerb of the footway of Watling Avenue, Burnt Oak, outside the western entrance to the Tube Station.	Newspapers from bags.	Monday to Friday, 10 a.m. to 8 p.m. Saturday, 10 a.m. to 9 p.m.
2. Johnson, Henry, 10, Nicoll Place, Park Road, Hendon, N.W. 4.	On the inner side of the footpath of Golders Green Road alongside the south side of the telephone kiosk between the bridge over the River Brent and the North Circular Road.	Newspapers from bags.	Monday to Friday, 7 a.m. to 8 p.m. Saturday, 7 a.m. to 9 p.m.

RESOLVED TO RECOMMEND—

(a) That the application of Mr. Alfred George Sullivan be not granted.

(b) That the application of Mr. Henry Johnson be approved and a Street Trading Licence issued for the period ending 31st March, 1935, subject to the newspapers being retailed from bags only and no stall or other structure being erected on the site.

† (B). **Deansbrook Road, Burnt Oak—Messrs. T. R. Lawrence & Sons.**

SUBMITTED: Letter from Messrs. T. R. Lawrence & Sons, whose application for a licence to expose eggs for sale on a stand on the footway outside their premises at No. 209, Deansbrook Road, Burnt Oak, was refused at the last meeting (Hi.C., 16/4/34—2), stating that they consider they should be allowed the same facilities for trading as the traders in Watling Avenue.

No licences have been granted by the Council to traders in Watling Avenue authorising them to trade on the public footway, but several traders utilize their private forecourts for the purpose and the Council have no jurisdiction in the matter unless there is any encroachment on the public footway.

RESOLVED TO RECOMMEND—That Messrs. T. R. Lawrence & Sons be informed accordingly.

† (C). **Newsvendors outside Railway Stations.**

SUBMITTED: Letter from the London Passenger Transport Board stating that for some time past inconvenience arising from the presence of newsvendors who stand immediately outside the Board's railway stations has come prominently into notice and that apart from the unfair competition with the bookstall contractors, obstruction of the entrances of the stations trespass in the booking halls, general untidiness of the front of the stations caused by the exhibition of posters and the piling of newspapers, the ingress and egress of passengers to the stations is often seriously impeded.

The Board point out that at stations where they own the forecourt the Railway Police Officers are able to check the nuisance, but at stations where the entrances abut immediately on the public pavement, the officials of the Board are unable to take action, and they ask the Council to assist them in the matter by establishing conditions in any licence which may be granted which would remove the causes of complaint.

RESOLVED TO RECOMMEND—That the London Passenger Transport Board be informed that when renewing or granting fresh licences the Council will have regard to the points contained in their letter, but that it be pointed out to the Board that the licensing by the Council of newsvendors for specific pitches outside stations regulates street trading and tends to prevent the much greater obstruction which would otherwise be caused by numbers of unlicensed itinerant vendors selling newspapers outside the station entrances.

Section 266, Local Government Act, 1933.

Pursuant to the reference from the Council (F. & G.P.C., 30/4/34—20 (B)) the Committee considered the Model Standing Order of the Ministry of Health relating to contracts, together with a report of the Town Clerk outlining certain suggested amendments to the Model which had been agreed by the Chief Officers concerned.

RESOLVED—That the Model Standing Order, amended in accordance with the report of the Town Clerk now submitted, be approved for submission to the Finance and General Purposes Committee.

★3.—BITTACY HILL AND GARTH ROAD—FENCING :

This matter was considered at the last meeting of the Committee (Hsg.C., 23/4/34—5) and the Committee's recommendation to replace the existing chestnut pale fencing with chain link fencing composed of No. 9 gauge wire at an estimated cost of £815 was referred back at the last meeting of the Council.

The Committee have now received a further report from the Borough Surveyor, together with an estimate for replacing the chestnut pale fencing with wrought iron fencing 3 feet 6 inches in height at an estimated cost of £1,470, plus a sum of £150 for the provision of gates on the Bittacy Hill Scheme where the gardens are sub-divided to provide for the first floor flats.

After careful consideration the Committee are of opinion that chain link fencing of the type previously recommended is sufficiently substantial for the purpose for which it is required and that the increased expenditure involved by the erection of wrought iron fencing cannot be justified. They accordingly adhere to their previous decision, and

RESOLVED TO RECOMMEND—That the Borough Surveyor's estimate amounting to £815 for replacing the existing chestnut pale fencing with chain link fencing composed of No. 9 gauge wire, be approved and that he be authorised to put the work in hand.

RESOLVED—That the Estates, Parks and Allotments Committee be requested to consider the question of fencing the side of the playground which abuts on to the rear of the houses in Sturgess Avenue.

★5.—CLITTERHOUSE ROAD—PASSAGEWAY :

At the last meeting of the Committee the Borough Surveyor was instructed to submit proposals for removing the cause of annoyance complaints of which had been received from certain tenants arising out of the user of the passageway between Nos. 120/122, Clitterhouse Road. (Hsg.C., 23/4/34—1 (F)).

The Borough Surveyor has now submitted a report stating that a gate has been fixed at the end of the passageway close to the road, but that if it is desired to erect a close-boarded fence on each side of the passage from the road to the allotments the cost would be approximately £45.

The Committee are informed that since the erection of the gate no further annoyance has been caused, and they accordingly

RESOLVED TO RECOMMEND—That no further action be taken in the matter.

6.—WATER SUPPLY TO HOUSES :

In accordance with the Committee's Instructions (Hsg.C., 23/4/34—1 (G)) the Borough Surveyor submitted a report regarding the provision of covers to the water storage tanks and the cleaning out of the cisterns. The Committee are informed that it was not part of the standard specification for any of the housing schemes to supply covers to the cold water storage tanks, but that as and when maintenance works are carried out in the houses, covers are fitted to the tanks. The cleaning out of the cisterns is a matter for the tenants. **Noted.**

7.—REETS FARM HOUSING SCHEME :

Progress Report.

SUBMITTED : Report of the Borough Surveyor stating that the keys of 46 two-bedroom type houses have been handed over, and that in addition 74 houses are roofed in and in the case of 68 of these houses the plastering has been completed. ★8.—ADDITIONAL LAND FOR HOUSES :

Pursuant to the Committee's instructions the Borough Surveyor submitted a further report with details of the probable cost of acquisition of the land outside the Council's area previously considered by the Committee for the provision of additional houses and also particulars shewing the zoning and maximum density of development provided by the appropriate Town Planning Scheme. A copy of the report is recorded in MS. in the Committee's Minute Book.

RESOLVED TO RECOMMEND—That no further action be taken in connection with the land in question but that the Borough Surveyor be instructed to report on any land which might become available for development at a reasonable figure in the future.

For permission to develop the above land by the erection of a block of six flats fronting Green Lane and flanking the proposed extension of Grove Road.

An intimation had been received from the Company to the effect that they were not prepared to make any further concession at the present time but that they would be willing to meet the Local Authorities to consider a further revision of charges at the end of two years.

As the result of their Conferences the Financial Officers had come to the conclusion that owing to the financial position and to the several difficulties which water suppliers were experiencing at the present time it was unlikely that a successful application for a reduction of charges could be made to the Minister and they therefore suggested that in the first instance a formal application under Section 20 of the Company's Act, 1928, should be lodged with the Minister in order to preserve the rights of local authorities but that a decision should not be pressed pending a review of the accounts of the Company for 1934.

(2) Express note of any exception from any of the provisions of these standing orders and of the emergency if any by which the exception shall have been justified shall unless recorded in the printed report of a Committee which is laid before the Council be made in the minutes of the Council.

(B) Before the Council is recommended to enter into a contract, which exceeds £1,000 in value or amount, for the execution of any work the Committee concerned shall obtain from the appropriate officer or other person an estimate in writing of the probable expense of executing the work together with an estimate of the annual expenditure and income.

(C) No contract which exceeds £500 in value or amount for the supply of goods or materials or the execution of any work shall be made unless at least ten days' public notice (expressing the nature and purpose thereof, inviting tenders for its execution, and stating the last date when tenders will be received) has been given in one or more of the local newspapers circulating in the district and in the appropriate trade journals. Where the value or amount of the contract exceeds £1,000, such public notice shall only be given in one or more newspapers or journals circulating among such persons as undertake such contracts. This standing order shall not apply to work or materials which owing to the particular character thereof can only be efficiently carried out or supplied by certain persons or firms in which case the Committee concerned shall be authorised to invite tenders from selected persons or firms of known stability and specialised experience.

(D) (1) Where in pursuance of standing order (C) public invitation to tender is required, every notice of such invitation shall state that no tender will be received except in a plain sealed envelope which may bear the word "Tender ———" followed by the subject to which it relates, but shall not bear any name or mark indicating the sender, and such envelopes shall remain in the custody of the Town Clerk until the time appointed for their opening. Provided that in relation to tenders for the consideration of the Education Committee references in this clause to the "Town Clerk" shall be read as the "Director of Education."

(2) All tenders for any one contract shall be opened at one time and only in the presence of the Chairman of the Committee concerned or a Member of the Committee specially designated, and either the Head of the responsible Department or an Official of the Council designated by the Town Clerk. All tenders so opened shall be initialled and numbered by the Chairman or the Member referred to above.

(E) A tender other than the lowest tender if payment is to be made by the Council or the highest tender if payment is to be received by the Council shall not be accepted until the Council shall have considered a written report from the appropriate officer or other person.

(F) Every contract which exceeds £200 in value or amount shall be in writing, and wherever the value or amount exceeds £500 a formal contract, in terms to be approved by the Town Clerk, shall be entered into.

(G) Every contract which exceeds £500 in value or amount and is either for the execution of work or for the supply of goods or materials otherwise than at one time shall provide for a pecuniary penalty or a payment by way of liquidated damages to be paid by the contractor in case the terms of the contract are not duly performed; and the Council shall require and take sufficient security for the due performance of every contract for the execution of works, either by way of insurance policy, bankers guarantee or deposit of a sum certain, unless the appropriate officer, having regard to all the circumstances, considers it to be unnecessary.

(H) All contracts shall, so far as practicable, require either that goods and materials used in their execution shall have been produced in the United Kingdom or that they shall have been produced in the British Empire.

(I) All contracts, where a specification issued by the British Standards Institution is current at the date of the tender and is appropriate, shall require that goods and materials used in their execution shall be in accordance with that specification.

(J) In every written contract a clause shall be inserted to secure that the Council shall be entitled to cancel the contract and to recover from the contractor the amount of any loss resulting from such cancellation, if the contractor shall have offered or given or agreed to give to any person any gift or consideration of any kind as an inducement or reward for doing or forbearing to do or for having done or forborne to do any action in relation to the obtaining or execution of the contract or any other contract with the Council, or for showing or forbearing to show favour or disfavour to any person in relation to the contract or any other contract with the Council, or if the like acts shall have been done by any person employed by him or acting on his behalf (whether with or without the knowledge of the contractor), or if in relation to any contract with the Council the contractor or any person employed by him or acting on his behalf shall have committed any offence under the Prevention of Corruption Acts, 1889 to 1916, or shall have given any fee or reward the receipt of which is an offence under sub-section (2) of section 123 of the Local Government Act, 1933.

(K) In every written contract for the execution of work or the supply of goods or materials the following clauses shall be inserted:—

(1) The contractor shall in the execution of this contract pay rates of wages and observe hours of labour not less favourable than those commonly recognised by employers and trade societies (or, in the absence of such recognised wages and hours, those which in practice prevail amongst good employers) in the trade in the district where the work is carried out. Where there are no such wages and hours recognised or prevailing in the district, those recognised or prevailing in the nearest district in which

the general industrial circumstances are similar shall be adopted. Further, the conditions of employment generally accepted in the district in the trade concerned shall be taken into account in considering how far the terms of this clause are being observed. The contractor shall be prohibited from transferring or assigning or sub-letting, directly or indirectly, to any person or persons whatever, any portion of his contract without the written permission of the Council. Where rates of wages and hours and/or conditions of labour are contained in awards in respect of the district where the work is carried out issued by duly recognised Wages or Conciliation Boards such rates, hours and conditions shall be deemed to be those commonly recognised as aforesaid.

- (2) The contractor and all sub-contractors shall keep proper wages and time books showing the wages paid to and the time worked by the workpeople in his employment in and about the execution of this contract and such wages and time books shall be produced whenever required for the inspection of any officer authorised by the Council or any duly authorised officer of the Government.
- (3) Should the Council have reasonable grounds for believing that the above conditions are not being complied with, the contractor and sub-contractors shall be required to produce proof (to the satisfaction of the Council) of their compliance with the said conditions.
- (4) The contractor shall be responsible for the observance of the above clauses by the sub-contractors.
- (5) In the event of failure to comply with the conditions regarding rates, hours or conditions of labour or assigning or sub-letting portions of the contract it shall be within the power of the Council, at its option, either to cancel the contract or to call upon the contractor to pay to the Council, as and for liquidated damages, a sum of 20/- per employee for each and every case in which such failure shall be proved to the satisfaction of the Council.
- (6) The Council will not accept or be under any financial responsibility to any person or persons to whom the contract may be sub-let.

Estates, Parks & Allotments Committee.

18th June, 1934.

Present: Councillor E. Arter, M.C., M.I.A.E. (Chairman), Councillor R. A. B. Teare, M.B.E. (Vice-Chairman), Alderman (Mrs.) S. J. Bannister, L.L.A., Councillors F. J. Collins, E. Holt and H. L. K. Johnson.

SUB-COMMITTEE RE CHILDREN'S PLAYGROUNDS:

7th and 12th June, 1934.

Present: Councillor E. Arter, M.C., M.I.A.E. (Chairman) (2), Councillors F. J. Collins (2), H. L. K. Johnson (2), S. E. Sharpe (2), and R. A. B. Teare, M.B.E. (2).

The report of the Sub-Committee was dealt with as follows:—

(1) ADDITIONAL APPARATUS:

(A). *Scheme and Estimate of Cost.*

SUBMITTED: Report of the Borough Surveyor, together with a revised scheme for the provision of additional apparatus in the Parks and Open Spaces. It is proposed to apply the following principles:—

- (1) Playgrounds to be fenced only when placed in Parks through which a public footpath passes.
- (2) The existing paved areas to be utilised as far as possible for the new apparatus.

In order to carry out the scheme it will be necessary to make modifications to the existing equipment in the playgrounds by way of refixing and in a few instances removal (as obsolete) of certain equipment.

Having regard to the condition of the existing apparatus and with a view to making adequate provision where gymnastic apparatus is urgently needed, it is suggested that equipment be obtained and allocated as follows:—

<p style="text-align: center;">Watling Central.</p> <p>One Chute. One Ocean Wave. One Merry-go-round.</p> <p style="text-align: center;">Hendon Park.</p> <p>One Chute. One Merry-go-round.</p> <p style="text-align: center;">West Hendon.</p> <p>One Chute. One Merry-go-round.</p> <p style="text-align: center;">Clitterhouse.</p> <p>One Chute.</p>	<p style="text-align: center;">Sunny Hill.</p> <p>One Chute. One Ocean Wave.</p> <p style="text-align: center;">Mill Hill Park.</p> <p>One Chute. One Ocean Wave.</p> <p style="text-align: center;">Station Road, Edgware.</p> <p>One Chute.</p>
--	--

Plans showing the proposed new arrangement of the apparatus in the various playgrounds were also submitted.

The following is an estimate of the cost of the provision of the additional apparatus including fencing and paving the playgrounds where necessary:—

	£	s.	d.
Station Road, Edgware	127	7	6
Mill Hill Park	195	3	0
Clitterhouse Lane	60	0	0
West Hendon	220	8	0
Hendon Park	202	1	6
Watling Central	165	6	0
Sunny Hill Fields	278	19	6
	<hr/>		
	1249	5	6
Cost for fixing new apparatus, moving existing apparatus, and for contingencies, etc.	100	14	6
	<hr/>		
	£1,350	0	0

It will be recalled that financial provision has been made in the Rate Estimates to the extent of £1,296 for the provision of additional apparatus and fencing, and it is understood that the Finance and General Purposes Committee, at their meeting held on the 11th June, 1934, authorised expenditure of a further sum not exceeding £200 for this purpose.

RESOLVED TO RECOMMEND—That the scheme and the estimate amounting to £1,350 for the provision of the additional apparatus, fencing and fixing, etc., as submitted be approved.

(B). *Tenders.*

SUBMITTED: Report of the Borough Surveyor with the following tenders received for the supply of the additional apparatus:—

	£
Spencer, Heath & George, Ltd.	530
B. Hirst & Sons, Ltd.	645
Chas. Wicksteed & Co. (1920), Ltd.	654

There would appear to be a substantial difference in the design and manufacture of the apparatus of the three firms.

RESOLVED TO RECOMMEND—That the tender of Chas. Wicksteed & Co. (1920), Ltd., amounting to £654, for the supply of apparatus be accepted.

(2) MILL HILL PARK:

Children's Corner.

SUBMITTED: Report of the Borough Surveyor with regard to a letter received from the Mill Hill Rotary Club drawing attention to the condition of the gymnastic apparatus in the above Park and suggesting the provision of a Children's Paddling and Boating Pool. **Noted.**

295.—RESOLVED—That the report be approved and adopted.

BUILDINGS AND TOWN PLANNING COMMITTEE :

Moved by the Vice-Chairman (Councillor Lightfoot), duly seconded, and

302.—RESOLVED—That the report of the above Committee (Meeting held on the 4th inst.—Agenda, pages 593-600) be received.

*Pages 594/5—Item 5 (F)—Applications for Interim Development Orders—
Land—Green Lane, Edgware.
Applicant—Mr. R. E. Darbin.*

AMENDMENT moved by Councillor Monro, seconded by Councillor Naar, and

303.—RESOLVED—That the recommendation of the Finance and General Purposes Committee relative to the above be approved and adopted.

Moved by Councillor Lightfoot, seconded by Councillor Copestake :—

304.—That the report of the Committee, as amended, be approved and adopted.

On the adoption of the report, Councillor Sharpe called attention to the erection of factory premises between The Greenway and Greenway Gardens and stated that numerous residents in the vicinity, many of whom were purchasing their houses, resented the erection of the factory, and he enquired whether the erection of the factory was in accordance with the provisions of the Town Planning Scheme.

The Mayor stated that the factory was being erected in an area scheduled in the Town Planning Scheme for industrial purposes and that houses had also been erected in the industrial area.

The motion for the adoption of the report, as amended, was thereupon submitted and declared to be **duly carried**.

RATING AND VALUATION COMMITTEE :

Moved by Councillor (Mrs.) Thomas, seconded by Councillor Johnson, and

305.—RESOLVED—That the report of the above Committee (Meeting held on the 12th inst.—Agenda, page 601) be received.

FINANCE AND GENERAL PURPOSES COMMITTEE :

Page 609—Item 22—Colne Valley Water Company—Charges.

In connection with the above matter the Mayor stated that having regard to the prolonged drought and the need for economy in the use of water he had conferred with the Borough Surveyor on the matter and had given instructions for information to be obtained from the Colne Valley Water Company on the position.

The following letter received from the General Manager of the Company was therefore submitted for information:—

THE COLNE VALLEY WATER Co.,

Aldenham Road,
Watford, Herts.

14th June, 1934.

A. O. KNIGHT, Esq., M.C., M.Inst.C.E.,
Borough Engineer and Surveyor.

Dear Sir,

WATER SUPPLY.

In reply to your favour of the 12th instant, I am instructed by my Directors to state that the drought which is exercising the whole community at the present time has operated since the latter part of 1932, and that there is serious call for economy in the user of water in every direction, and absolute abstention from-waste in any form. If the consumers will co-operate with the Company there is every hope that it will not be necessary to restrict reasonable user for all purposes in the current year. What may be necessary in the future must be decided by actual conditions of rainfall. The shortage of rainfall is of a character practically unknown in the records of this country.

I am asked by my Directors to state that very special attention should be given by your Council to the communication of the Minister of Health, dated 24th May, 1934 (Circular 1405), in which he observes as follows:—

- (a) At most places a saving of at least 20 per cent. on normal consumption can be effected if active and constant measures are taken; much larger savings have been achieved.
- (b) Water Undertakers should take special measures to detect and prevent waste in their systems of supplies, including the large waste, in the aggregate, which is often caused by leakages in service pipes and by defective taps; large reductions in consumption can be made by householders if they will pay immediate attention to dripping taps, and all other forms of waste, use not more than the minimum amount of water needed for domestic purposes, and also utilise already used water, or, where available, water not fit for drinking, for purposes for which the water is suitable.
- (c) It is important to do everything practicable to avoid restricting water essential for carrying on trade, but large savings can be effected also in trade supplies by preventing waste—with profit to the owners of the business where the water is taken by meter.
- (d) Any Regulations in force in the area for controlling waste should be strictly enforced, and the need of saving water in their own interests should be brought home to consumers by direct appeal, and through the local Press; otherwise drastic compulsory restrictions may later have to be enforced, and possibly, in the future, larger reserves provided at the cost of substantially higher water charges, or increased rates.

The active co-operation of consumers is needed to meet the conditions arising from so exceptional a drought as that which the Country has experienced.

I have to observe that with regard to (b), the Company are doing everything humanly possible, and it has been decided by the Company, towards the desired end, to re-washer cold water taps on the rising communication pipe, free of charge, subject to the consumer absolving the Company from any liability in undertaking this service. Press notice of this action will be given very shortly, as soon as the Company's organisation is available to undertake the work.

Notice has been given through the Press that except under special agreement with the Company, consumers must not use water for the under-mentioned purposes:—

- “ Garden watering.
- Washing of vehicles.
- Refrigerators.
- Fountains and ornamental waters.
- Swimming Pools.
- Watering of horses, and other non-domestic purposes.

Non-compliance will render consumers liable to the enforcement of penalties and remedies by the Company (*vide* Waterworks Clauses Act, 1863, Sections 12 and 18, and the Colne Valley Water Act, 1928, Section 19).

Where agreements have been entered into for the use of garden hoses, consumers are reminded that their hoses must not be fixed in position, but **used by hand only**; the attachment of sprinklers is not permitted unless specifically included in the agreement.”

I am directed to specially draw attention to much unnecessary user of water on Recreation Grounds, tennis courts, bowling greens, and the like, whilst it is felt that up-to-date methods of treating water in Swimming Pools and Baths should be adopted to lessen the user of water.

With respect to statistics, I give hereunder the definitely ascertained figures for the year 1933:—

Total population supplied by the Company in their area...	328,540
Supply per head per day	35.18 gallons.
Rainfall at the Company's Works for the year 1933 ...	16.93 inches.
Average fall at the Company's Works per year during the previous 40 years	26.22 inches.
Or a decrease of	9.29 inches.
Shortage of rainfall over the average	35.43%.

If there is any further information that you would like perhaps you would kindly notify me.

Yours very truly,

(Signed) C. P. SINCLAIR,
General Manager.

Moved by Councillor Monro, seconded by Councillor Teare, and

307.—RESOLVED—That the report of the Committee be approved and adopted.

★2.—HEALTH CENTRE—COLINDALE:

SUBMITTED: Report of Medical Officer of Health with regard to the letter from Colindale and District Ratepayers' Association suggesting the establishment of a Health Centre in the Colindale district. (P.H. & M.S.C., 28/5/34—3).

There are at present three permanent Centres within reasonable distance of Colindale, viz.:—West Hendon, Central Hendon and Watling, and it appears that at the present time the majority of residents in the area in question who require the services of a Clinic attend at West Hendon.

Having regard to the number of families in the Colindale Area who avail themselves of the present centres the view was expressed by the Medical Officer that if the health visiting at Colindale was intensified any difficulties at present existing would be overcome. A difficulty, however, already exists in overtaking the necessary health visiting generally in the district which continues to become accentuated by the rapid development. This was anticipated and provision made in the current estimates for the appointment of an additional Health Visitor and School Nurse.

RESOLVED TO RECOMMEND—

- (1) That an advertisement be issued inviting applications for the appointment of an additional Health Visitor and School Nurse (age not to exceed 35 years) to devote the necessary time to health visiting in the Colindale area and to assist the Health Visiting Staff generally.
- (2) That the Chairman of the Committee, Medical Officer and Borough Surveyor confer with a view to submitting proposals for the acquisition of sites for the provision of Health Centres in the Colindale district and at Edgware.

A further report submitted by the Medical Officer was deferred pending a reply from the Ministry of Health on the question of grants. (P.H. & M.S.C., 16/4/34—2).

★4.—MEASLES:

In accordance with instructions the Medical Officer submitted a report on the question of the Council including measles as a notifiable disease, a step which can be taken subject to the approval of the Ministry of Health, under Section 7 of the Infectious Diseases Notification Act, 1889.

The Medical Officer referred to the disease generally and the complications appertaining thereto, and pointed out that the control of measles is a matter of great difficulty which was no doubt responsible for it not being added to the statutory list of infectious diseases. Reference was made to the practice adopted by the Public Health Department in respect of cases occurring in the Schools.

The Medical Officer expressed the view that little would be achieved by making measles notifiable in this district, and he submitted the following recommendations which he suggested could, with advantage, be extended to apply to whooping cough:—

- (1) That as many complicated cases as possible should be admitted to hospital where the home conditions preclude the possibility of adequate nursing and that the practitioners in the area be notified that efforts will be made to reserve a certain number of beds for this purpose.
- (2) That a grant be made to District Nursing Associations either a block grant or on a case basis, for the nursing of such cases of measles and whooping cough as are referred to them from time to time by the Public Health Department.
- (3) That a pamphlet be prepared on the lines of that in existence for the notifiable infectious diseases giving advice generally, and particularly on the best methods to adopt for preventing the spread of the disease and that these be sent to any household in which a case of measles or whooping cough is known to exist.

RESOLVED TO RECOMMEND—That proposals Nos. 1 and 3 be approved, but that No. 2 be deferred pending the communication from the Ministry of Health referred to in Item No. 3 of this report.

★3.—PUBLIC LIGHTING :

(A).

Watford Way, Hendon.

A letter was submitted from St. Joseph's Convent, regarding the lighting of Watford Way in the vicinity of the Convent, and the Committee instructed the Borough Surveyor to report thereon to the next meeting.

† (B).

**Improved Lighting on Main Roads in the
North Middlesex Gas Company's Area.**

SUBMITTED: Report of the Borough Surveyor, together with a plan showing the existing lighting arrangements in the following main roads within the North Middlesex Gas Company's area of supply and proposals for improved lighting:—

	4 light.	3 light.	2 light.	Total.
Golders Green Road	24	8	1	33
Brent Street	—	36	—	36
Church Road and The Burroughs ...	—	29	1	30
Station Road (The Burroughs to Audley Road)	—	10	—	10
Finchley Lane	—	23	—	23
				132

The total annual cost of the lighting in these roads under the existing arrangements is £840 8s. 0d. The Borough Surveyor's proposals provide for replacing these lamps by a new type of 6-light lantern suspended from a swan-neck steel column at a height of about 15 feet. A total of 134 new lamps will be required, as it will be necessary to re-space a number of lamps. The annual maintenance cost, including gas mantles and all cleaning, painting and glazing, would be £1,440 10s. 0d. (£10 15s. 0d. per lamp per annum), an increase of £600 2s. 0d. on the present figures. In addition there will be the capital cost of installation. The new steel columns, which will be considerably taller than the existing columns, will involve a capital expenditure of approximately £1,355, but after allowing credit on the basis of about one-half the original cost for the existing columns which can be taken into store and used for lighting in ordinary residential streets, the net capital expenditure will be £1,026.

RESOLVED TO RECOMMEND—

- (1) That the scheme and estimates of maintenance and capital cost set out above for improving the lighting on the roads in question be approved and the Borough Surveyor instructed to arrange for the work to be put in hand forthwith.
- (2) That the Finance and General Purposes Committee be requested to make the necessary financial provision.
- (3) That the Borough Surveyor be instructed to submit a scheme on similar lines with estimates of cost for improving the lighting on the sections of the arterial roads and the remainder of the main roads in the North Middlesex Gas Company's area where mains exist on both sides of the roads with a view to the scheme being put into operation before next Winter.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee Recommend that provisional approval be given to the proposal on the understanding that the works may proceed, but that the final determination of the method of financing the scheme be deferred until the Highways Committee have submitted a report with estimates on a comprehensive scheme for improved lighting arrangements on all principal roads.]

† (B). Colders Green Cross Roads.

SUBMITTED: Letter from Mr. H. Longman, B.Sc. (Econ.) calling attention to the traffic conditions at the Golders Green Cross Roads, and expressing the view that the provision of a system of subways would overcome the risk of danger to which pedestrians crossing the roads at this junction are subjected.

RESOLVED TO RECOMMEND—That Mr. Longman be informed that the question of the provision of subways at the Golders Green Cross Roads has been under consideration on numerous occasions, but that owing to serious difficulties their construction is considered impracticable.

SUBMITTED: Report of the Borough Surveyor on a letter from the Hampstead Garden Suburb Residents' Association asking the Council to erect a "Turn-Left" sign in Temple Fortune Lane for cars turning at Meadway Gate into Hoop Lane.

The proposal would necessitate an application to the Ministry of Transport for the institution of a roundabout traffic system, and the Committee are advised that under existing circumstances it is unlikely that an application of this character would be granted.

RESOLVED TO RECOMMEND—That the Hampstead Garden Suburb Residents' Association be informed accordingly.

(D). Pennine Drive—Reflex Clusters.

SUBMITTED: Further letter from the Golders Green Estate Ratepayers' Association reiterating their opinion that the reflex clusters which the Council have decided to fix on the railings around the central island garden in Pennine Drive will not achieve the desired object. 2.—PLAYGROUND, REAR OF STURGESS AVENUE:

Fencing.

CONSIDERED: Reference from the Council (Hsg.C., 4/6/34—(4)) with regard to fencing the side of the playground which abuts on to the rear of the houses in Sturgess Avenue. The estimated cost of the provision of new fencing is £100.

It is understood that no fences were erected by the Council when the houses were constructed, but subsequently certain tenants at various times erected fences which now require replacement. The area of land now used for a children's playground was originally acquired for housing purposes.

The Estates, Parks and Allotments Committee regard the maintenance and/or replacement of such fencing as a matter for the Housing Committee, and

RESOLVED—That the Housing Committee be so informed.

A nominal charge of 1/- per annum to be paid in advance for the privilege (plus stamp duty).

In the remaining cases the Borough Surveyor has given notice to the owner to close up the entrances.

In accordance with instructions the Borough Surveyor submitted a report with regard to the extract from the report of the Law Committee of the Association of Municipal Corporations on the above subject. (W. & F.B.C., 4/6/34—7).

The report of the Law Committee deals generally with two points—

- (1) The risks to which firemen are exposed when having to enter a building in which there is a high tension supply, and
- (2) The increasing source of danger which arises in connection with neon and other lighting and advertising devices, which are becoming more numerous every day.

It appears from the Borough Surveyor's report that the necessary precautions are taken by the Council's Brigade prior to commencing operations at fires where there is a high tension supply or neon signs exist.

9.—DISCHARGE OF EFFLUENTS INTO RIVER BRENT:

SUBMITTED: Letter from the Middlesex County Council forwarding a copy of a communication addressed to authorities in the Brent Catchment Area with regard to the pollution of the River Brent from the various sewage works which discharge their effluent into the river. The Borough Surveyor submitted a report on the storm of the 28th April and its effects on the main sewers in the district.

The Borough Surveyor submitted proposals for preventing a recurrence of these floods. At certain isolated points the necessary work can be carried out by the maintenance staff and the Committee has given the Surveyor instructions to put these works in hand. (W. & F.B.C., 27/11/33—6).

The County Council have approved the proposal subject to this Council paying them an annual sum equivalent to the Special County Rate for sewerage purposes, plus 50 per cent., based upon the rateable value of the premises drained.

RESOLVED TO RECOMMEND—That the Council offer no objection to the above arrangement subject to re-imburement by Finchley in addition to the payment of the ordinary charge made under previous agreements relating to inter-district drainage.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

RESOLVED TO RECOMMEND—That permission be granted.

★14.—BRANCH LIBRARIES:

† (A). **Montrose Avenue.**

In accordance with the Council's instructions (Li.C., 27/11/33—19) the Borough Surveyor submitted plans of the Branch Library proposed to be erected at Montrose Avenue, together with an estimate of the cost of erection, furnishing and equipment.

The design of the building is in harmony with the style and architecture generally prevalent on the Watling Estate, and the Borough Surveyor estimates the cost at £13,750.

The Borough Surveyor also reported that if the proposed library building were designed on the system of construction at present being adopted for buildings for education purposes, there would be a reduction of about one-third in the capital cost of the building, with the result that capital costs would be extinguished at an earlier date, thus enabling the building to be superseded if it should be found desirable.

The Committee are of opinion that a permanent building should be erected, and accordingly

RESOLVED TO RECOMMEND—

- (a) That the plan and estimate now submitted be approved and submitted for the approval of the Minister of Health.
- (b) That application be made to the Minister of Health for sanction to the raising of a loan of £13,750 computed as follows:—

	£	£
Construction of Building, Heating Basement, etc.	11,250	
Quantity Surveyor's fees, Clerk of Works salary, printing, etc.	550	
	—	11,800
Furniture and equipment		1,800
Legal costs, and costs of raising loan		150

RESOLVED—That the applications be approved and transfers arranged when suitable accommodation becomes available, subject to tenants Nos. 4797 and 4779 paying an increased weekly amount off the arrears.

(B). *Lodgers.*

(i). *Tenant No. 4655.*

(ii). *Tenant No. 4815.*

CONSIDERED: Application from the above-mentioned tenant for permission for his brother-in-law, who is 17 years of age and has recently obtained employment in the district, to reside at the premises. Having regard to the special circumstances, the Committee

† (G). *Overcrowding.*

SUBMITTED : Report of the Housing Manager on a report of the Senior Sanitary Inspector regarding a case of overcrowding at premises in The Broadway, Cricklewood. The person referred to in the report has made an application for a Council house (Application No. 5518) but the Committee is informed that the applicant has previously occupied a Council house and was evicted on account of his rent being in arrear and that a substantial amount was written off as irrecoverable.

RESOLVED TO RECOMMEND—That the applicant in question be informed that the Council will be prepared to consider his application provided he pays the amount which was written off by the Council when he was evicted in 1929.

(H). *Arrears of Rent.*

REPORTED : That the under-mentioned tenants were 4 weeks or over in arrear :—

3037	4918
2285	5119
2809	4555
3128	

After consideration of the observations of the Housing Manager :—

RESOLVED—

(a) That notices to quit be served on tenants Nos. 3037, 4918 and 4555.

(With regard to tenants Nos. 3037 and 4918, a further decision is recorded in MS. in the Committee's Minute Book).

(b) That tenant No. 5119 be requested to pay 2/6d. weekly off the arrears in addition to the current rent.

(c) That in the case of tenant No. 2285 no action be taken whilst his present circumstances obtain provided he pays the current rent.

(d) That a further report be submitted to the next meeting regarding tenants Nos. 2809 and 3128.

2.—REETS FARM HOUSING SCHEME :

Progress Report.

SUBMITTED : Report of the Borough Surveyor stating that in addition to the 46 houses which are already occupied, 84 houses are now roofed in and that in the case of 70 of these houses the plastering has been completed. The concrete foundation of the principal road has been completed up to the beginning of the Crescent. **Noted.**

3.—KINGSBURY ROAD ESTATE :

Condition of Houses.

In accordance with the Committee's instructions (Hsg.C., 476/34—1 (F) the Borough Surveyor submitted a report regarding the condition of the houses on this Estate. He states that the brickwork is generally quite sound although there are signs of settlement in two or three cases and these are being dealt with.

The houses were erected in 1924/5 and the Borough Surveyor states that having regard to the recent long periods of dry weather the houses are in good condition and compare favourably with general building development of the same age in the district.

RESOLVED—That a further report be submitted by the Borough Surveyor when the repair work has been completed.

★4.—FENCING—REAR OF STURCESS AVENUE :

CONSIDERED : Reference from the Estates, Parks and Allotments Committee (E.P. and A.C., 25/6/34—2) on the above matter. (Hsg.C., 4/6/34—4). The area of land at the rear of the houses (approximately one acre in extent) was originally acquired for housing purposes and the Estates, Parks and Allotments Committee regard the maintenance and/or replacement of fencing between the houses and the land at the rear as a matter for this Committee.

No fences were provided when the houses were built, only privet hedges being planted, but it appears that at various times certain of the tenants have erected fences which have now become dilapidated and require to be replaced.

RESOLVED TO RECOMMEND—That the Borough Surveyor be instructed to erect such fencing as may be necessary.

5.—HOUSES FOR THE WORKING CLASSES :

SUBMITTED :—

(a) Circular from the National Housing and Town Planning Council transmitting the following resolution passed at the Regional Conference of Local Authorities in London and the Home Counties, at the County Hall, Westminster Bridge, S.E. 1, on the 6th ultimo :—

“ That this Conference of Local Authorities in London and the Home Counties is emphatically of the opinion that there is still a serious shortage of working-class dwellings in many parts of the country and that the resultant overcrowding is detrimental to national health and welfare.

The Conference further expresses its disappointment at the failure of the Housing (Financial Provisions) Act, 1933, to produce an adequate supply of satisfactory houses at rents within the means of the lower-paid wage-earners.

The Conference accordingly urges the Government to introduce a Bill at an early date giving Exchequer assistance to Local Authorities for dealing with the problem of overcrowding.” **Noted.**

(b) Resolution passed by the Hawarden Rural District Council as follows :—

“ That in view of the overcrowding which still exists in this Council's area, and the waiting list for houses, the Hawarden Rural District Council notes with alarm that private enterprise is failing to build houses under the Housing (Financial Provisions) Act, 1933, for the purpose of letting to the Working Classes at reasonable rents and urges the Government to introduce financial assistance to Local Authorities to make it possible for houses to be built for letting at rents which the Working Classes can afford to pay.” **Noted.**

(c) The following resolution passed by the Town Council of Wrexham:—

“That having regard to the proposal for the introduction of a Housing Bill into Parliament for the purpose of granting subsidies for the erection of houses for the working classes in cases where subsidy is necessary to enable such houses to be provided, this Council impress upon the Association of Municipal Corporations the desirability of using their influence for the reinstatement of a subsidy in some measure for all houses built by Local Authorities for the lower paid working classes and also to press for the removal of the restriction of the size of houses for the working classes so as to allow Local Authorities discretionary powers as regards size up to 950 superficial feet, the former maximum for such a house, and that other Corporations be asked to send a similar Resolution.” **Noted.**

★6.—RE-HOUSING:

† (A). **1, Dole Street Cottages, Dole Street, Mill Hill.**

CONSIDERED: Reference from the Public Health and Medical Services Committee asking that consideration be given to the question of re-housing the persons occupying No. 1, Dole Street Cottages, who will be de-housed by reason of the operation of the demolition order proposed to be made. (P.H. & M.S.C., 25/6/34—11 (G)). Re-housing accommodation will be required for six persons (two adults and four children).

RESOLVED TO RECOMMEND—That the requisite re-housing accommodation be provided by the Council.

† (B). **Nos. 1—11 (odd), East Road, Burnt Oak.**

CONSIDERED: Report of the Chief Sanitary Inspector stating that the owner of the above cottages had entered into a contract with a view to the property being put into a proper state of repair, pursuant to the undertaking given to the Council, but that he is unable to proceed with the work until the occupiers of two of the cottages are provided with other accommodation. When these two cottages have been repaired the owner proposes utilising them for housing the occupiers of the remaining cottages until the whole of the cottages have been repaired. He has therefore asked the Council to provide accommodation for the occupiers of the first two cottages to be repaired.

RESOLVED TO RECOMMEND—That the matter be left in the hands of the Chairman of the Committee and the Borough Treasurer.

Buildings & Town Planning Committee.

Present: Alderman S. H. Egan, J.P. (Chairman), Councillor P. Lightfoot (Vice-Chairman), The Deputy Mayor (Councillor B. Flowers), Alderman W. H. N. Shakespeare, M.C., A.F.C., J.P., Councillors B. S. Browne, J. J. Copestake, H. L. K. Johnson, T. Pugh, G. R. Richardson and V. Samuel.

2.—CONTINENTAL TOUR:

The Sun Bathing Review.

SUBMITTED: Letter from the Editor of the above journal inviting the Council to appoint representatives to take part in a fortnight's tour of the Continent with a view to inspecting and studying sports centres and playgrounds and the methods of conducting them.

Noted.

3.—WELSH HARP SPORTS STADIUM:

Appeal.

SUBMITTED: Letter from the Minister of Health enclosing an Instrument giving formal effect to his decision allowing the appeal against the Council's refusal to grant permission for the above development, subject to the following conditions:—

- (i) due compliance with any local acts, regulations, building bye-laws and general statutory provisions in force in the Borough and applicable to the development.
- (ii) the track and enclosures shown on the said lay-out plan to be fenced with a close boarded fence seven feet in height, constructed in a manner and of materials to the requirements of the Council or the Minister on appeal.
- (iii) the remainder of the land between the North Circular Road and the said close boarded fence to be maintained in good order and the boundary of the North Circular Road to be defined by a post and chain fence. (B. & T.P.C., 23/4/34—12). **Noted.**

★4.—ACQUISITION OF LAND:

† (A). Adjacent to Silk Stream, Hendon.

SUBMITTED: Report of the Borough Surveyor on a letter from the Colindale Rate-payers' Association suggesting that the vacant land fronting Rushgrove Avenue and abutting on to the Silk Stream should be acquired for an Open Space.

RESOLVED TO RECOMMEND—That no action be taken.

† (B). Adjacent to Dollis Brook, Hendon.

SUBMITTED: Report of the Borough Surveyor on a letter from Baldwin & Co., Ltd., regarding a piece of land approximately half an acre in extent which they are prepared to dedicate to the Council. If such land is acquired, it could be linked up with the adjacent Brookside Walk owned by the Finchley Borough Council, but the land will subsequently be subject to road charges.

It is suggested that the Borough Surveyor be authorised to negotiate with the Vendors on the matter.

RESOLVED TO RECOMMEND accordingly.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

5.—NATIONAL HOUSING AND TOWN PLANNING COUNCIL :

Annual Conference of Local Authorities in London and the Home Counties.

SUBMITTED : Report of the delegates to the above Conference held at the County Hall, Westminster Bridge, on Wednesday, the 6th June, 1934. (B. & T.P.C., '23/4/34—3).

RESOLVED—That the report be circulated to all members of the Council.

★6.—HENDON TOWN PLANNING SCHEME :

Amendments to Scheme and Map No. 4.

SUBMITTED : Report of the Borough Surveyor in regard to amendments necessary to the Town Planning Scheme consequent upon—

- (i) The revision of the scheme to bring it into accord with the provisions of the Town and Country Planning Act, 1932.
- (ii) Alterations consequent upon the Middlesex Review Order of 1934, and the extension of the district to include the late Parish of Edgware.
- (iii) Amendments due to the development which has taken place in the area since the scheme was sent to the Minister of Health in 1928.

A large number of the amendments are of a minor character and are not set out in detail. The following are, however, the more important alterations :—

Area. It is proposed to amalgamate the Hendon Scheme with the Edgware Scheme and have one Map and set of Clauses for the whole area, excluding the areas transferred to Finchley under the Middlesex Review Order.

Roads Nos. 27 and 30. In view of the fact that these roads pass through the Copt Hall public open space it is suggested that they be omitted from the scheme.

Road No. 28. The traffic circus at the junction of Holders Hill Road and Dollis Lane (in accordance with the scheme approved by the Minister of Transport) will be included on the Map.

Road No. 8. It is proposed to amend the line of this road and bring it south of Frith Manor House to link up with Frith Lane, near the boundary of the Finchley Golf Course. An additional road is also required to follow the valley line to provide future drainage facilities and communications as indicated on the Map.

Road No. 34. The section of this road between Watford Way and the Watling Estate to be omitted from the Scheme.

Building Lines. Building Lines on retained County Roads to be omitted from the Scheme.

Character Zones. The omission of that portion of Mill Hill Park, facing Daws Lane, which was included in the original scheme as a shopping area.

Public Open Spaces. Land which has been definitely purchased for the purpose of Public Open Spaces will be shown on the Map as such. Lands which have been purchased without any special reservation will be included in the scheme in accordance with the character zones in which they are situated.

Sewage Disposal Lands. It is suggested that the land fronting the North Circular Road, between the London Midland & Scottish Railway and Claremont Road, be placed in the general zone, and the remainder of the land, between Claremont Road and Hendon Way, be included in a residential zone at a density not exceeding twelve to the acre.

Green Girdle. This will be included on the revised Map in accordance with the plan No. 76 deposited at the Ministry of Health after the Public Inquiry into the Edgware Scheme.

Special Residential Areas. Under the powers of the Town and Country Planning Act, 1932, it is possible to create a zone where the only buildings which may be erected without the Council's consent under the Town Planning Scheme are dwelling-houses; the term "dwelling-house" being defined in the Act as "a house designed for use as a dwelling for a single family, together with such out-buildings as are ordinarily used therewith."

A six inch Map was submitted indicating undeveloped areas situate mainly in the North and North-West portions of the district suggested for inclusion in this zone. The table of zones has been amended accordingly to provide for this additional zone.

Cemeteries, etc. It is suggested that the Council adopt the provisions of Model Clause No. 29 (2) which gives power to control the use of land, as distinct from building development.

The First Schedule. The first schedule of the scheme dealing with streets will require amendment in Part I., a second street being allowed having a minimum width of 40 feet, with a carriageway of 24 feet with two footpaths each 8 feet in width. The general conditions attached thereto to be similar to those for the 50 feet street.

In Part II. of the Schedule it is suggested that street type "B" should have a 20 feet carriageway, type "C" an 18 feet carriageway and a maximum length of 500 feet. Streets type "D" and "E" with carriageways of 14 feet and 8 feet to be eliminated.

RESOLVED TO RECOMMEND—That the amendments to the Town Planning Scheme, in accordance with the Borough Surveyor's report, be approved.

★7.—FACTORY PREMISES, ENDERSLEIGH GARDENS, HENDON :

SUBMITTED : Report of the Borough Surveyor on a letter and lay-out plan from Mr. A. J. Butcher in respect of the proposal to use the existing factory for the purpose of light trade.

The proposals comply with the general principles approved by the Council at their last meeting. (B. & T.P.C., 4/6/34—4).

RESOLVED TO RECOMMEND—That an Interim Development Order be issued containing the following special conditions :—

- (i) That the screen of trees as shown on the plan shall be planted to the satisfaction of the Corporation as soon as possible after completion of the purchase, and that there shall be at least twenty feet between the boundary of the plot and any portion of the extended building.
- (ii) That plans and elevations of any alterations or extensions shall be to the approval of the Corporation.
- (iii) That no trade shall be carried on which by reason of noise or smell would be detrimental to the adjacent residential property.
- (iv) That no part of the exterior of the building shall be used for advertising purposes.
- (v) That the existing chimney shall be taken down with the exception of 25 feet thereof, which will be allowed to remain for use in connection with a heating plant.

(vi) That the proposed development shall be commenced within twelve months of the date of this order.

(Councillor P. Lightfoot in the Chair).

Alderman Egan retired during consideration of Item No. 8.

★8.—PROPOSED PETROL FILLING STATION, WATFORD WAY, MILL HILL :

SUBMITTED : Report of the Borough Surveyor to the effect that a plan, together with details of the above proposals, had been forwarded to the Middlesex County Council for their observations. Twelve residents in property facing the site between Tithe Gardens and Tithe Close have also been notified, and replies have been received objecting to the proposed development.

The observations of the County Council have not yet been received and in the meantime the Committee (B. & T.P.C., 4/6/34—5 (D))

RESOLVED TO RECOMMEND—That the proposal be disapproved.

(Alderman S. H. Egan, J.P., in the Chair).

★9.—CLAY LANE—DIVERSION :

SUBMITTED : Report of the Borough Surveyor on an application from the Borough of Hampstead relating to the proposed alterations to Clay Lane which are incorporated in the Town Planning Scheme. The Hampstead Borough Council suggest a slight amendment to the proposed line of road, so that to some extent it follows the existing line of Clay Lane. There would not appear to be any objection to the amendment which can be incorporated in the revision of the scheme.

RESOLVED TO RECOMMEND—That the application be approved.

★10.—APPLICATIONS UNDER THE PETROLEUM (CONSOLIDATION) ACT, 1928 :

SUBMITTED : Report of the Borough Surveyor on the following applications :—

† (A). 143, North End Road, Golders Green.

Applicant—The Hammond Pump Company, on behalf of Messrs. Fowles.

For a licence for a bulk storage plant and two pumps adjacent to the lock-up garages.

RESOLVED TO RECOMMEND—That such application be disapproved.

† (B). Featherstone Garage, Bunns Lane, Mill Hill.

Applicant—Mr. T. W. Henderson.

For permission to establish a petrol filling station at the above garage. A previous application was disapproved by the Council. (B. & T.P.C., 12/2/34—14 (B)).

Having regard to the character of the adjacent buildings and of the surrounding development, the Committee

RESOLVED TO RECOMMEND—That such application be disapproved.

★11.—APPLICATIONS FOR INTERIM DEVELOPMENT ORDERS :

SUBMITTED : Report of the Borough Surveyor on the following applications :—

† (A). Land—Watford Bye-Pass Road, Mill Hill.

Applicant—Messrs. North, Robin & Wilsdon.

For permission to erect three blocks of flats each three storeys in height making a total of 54 flats.

Having regard to the excessive density of development and the presence of a culvert through the land, the Committee

RESOLVED TO RECOMMEND—That such application be disapproved.

† (B). **Brockley Hill Estate, Edgware.**

Applicant—Messrs. Done, Hunter & Co.

For a variation of the development. The original proposals provided for a through road connecting the Watford Bye-Pass Road and Brockley Hill and for a special type of construction, provided there was a definite undertaking only to develop the frontage on one side of the road. Owing, however, to certain difficulties in connection with the levels, it is now proposed to construct the road as a cul-de-sac approximately 500 feet in length from the Watford Bye-Pass Road. (B. & T.P.C., 23/4/34—Application No. A.3475).

RESOLVED TO RECOMMEND—That the proposals be approved subject to the execution of an agreement allowing a special type of construction provided the frontage is developed only on one side of the road, and that the Corporate Seal be affixed to such agreement.

† (C). **3/4, Redhill Villas, Edgware Road, Burnt Oak.**

Applicant—Messrs. Becke, Green and Stops.

For permission to convert the above houses into shops with flats over. In view of the general development which is proceeding in this area, there would not appear to be any objection to the proposal.

RESOLVED TO RECOMMEND—That an Interim Development Order be issued subject to the submission of plans and elevations to the Council's approval and to the existing gardens of the houses in front and at the side of the shops not being used as private forecourts.

† (D). **Land—Abercorn Close, Hendon.**

Applicant—Mr. R. G. Cox.

For permission to develop the above land by the erection of a block of four flats.

RESOLVED TO RECOMMEND—That an Interim Development Order be issued, subject to the submission of plans and elevations to the Council's approval.

† (E). **Land—Waverley Grove, Hendon.**

Applicant—Messrs. Farebrother, Ellis & Co.

Alternative schemes for the development of the above land by the erection of blocks of flats. The first scheme provides for the erection of a building three storeys in height with a total of 36 flats, and the second scheme a six-storey building with a total of 60 flats.

RESOLVED TO RECOMMEND—That the applicants be informed that the Council are prepared to issue an Interim Development Order in respect of Scheme No. 1, subject to the submission of a satisfactory lay-out, detailed plans and elevations.

† (F). **Fairview Estate, Edgware.**

Applicant—Mr. C. A. Pilgrim.

For the development of a portion of the above estate by the erection of 205 houses.

RESOLVED TO RECOMMEND—That the application be disapproved and the Borough Surveyor be instructed to negotiate with the applicants on the lines indicated in his report.

★12.—HOUSING ACTS:

† (A).

Rents.

SUBMITTED: Petition of the residents of the Hyde Housing Estate praying for a reduction of rents.

In connection with the question of housing rents generally the Borough Treasurer submitted a memorandum and outlined the procedure for the pooling of rents so far as the Housing Acts permitted.

The question of rents is closely allied to the subsidies received from H.M. Treasury and in view of the fact that there is an indication that the Government propose to effect a consolidation of the subsidies under the various Housing Acts, the Committee are of opinion that consideration of the Memorandum should be deferred to a later date. They consider, however, that a reduction in the rents of 215 (Addison) houses erected under the Housing Act of 1919, and 702 houses provided under the Housing Acts generally and the Act of 1923, can properly be made, and they accordingly

RESOLVED TO RECOMMEND—That the Borough Treasurer be authorised to negotiate with the Treasury with a view to reductions as follows:—

215 (Addison) Houses:—

1/- per week—20, 2-bedroom houses.
6d. per week—195, others.

702 Houses—6d. per week.

QUESTION :

Water Supply.

Pursuant to notice duly given in accordance with Standing Order No. 25, Councillor Curton asked the Chairman of the Works and Fire Brigade Committee:—

Whether he would make a public pronouncement as to the restrictions imposed by the Water Undertakers in the Borough on the use of water for the watering of gardens and other purposes in order that the position may be made quite clear to the inhabitants of the Borough.

The Chairman of the Committee (Councillor Potter) replied as follows:—

The area of the Borough is supplied by the Metropolitan Water Board and the Colne Valley Water Company.

The Metropolitan Water Board have instructed the Clerk of the Board to give notice forthwith that in pursuance of their statutory powers they have suspended until further notice the authority granted for the use of water for:—

(a) watering gardens and sports grounds by means of hose, outside tap or sprinkler;

(b) washing motor vehicles by means of hose;

and that any offender is liable on conviction to a fine of £5 and in the case of a continuing offence 40/- for each day.

The Colne Valley Water Company have not imposed restrictions but circulars have been issued asking for economy in the use of water and also a warning that no person should use water for special purposes which are named without entering into an agreement with the Company.

In reply to Alderman Latham who enquired whether the Chairman of the Committee would consider the advisability of approaching the Hampstead Borough Council to ascertain whether the elderly people from Elm Terrace could be housed in their flats, Councillor Naar stated that the matter should receive the attention of the Housing Committee.

(B). *Junction of Edgware Road and Cricklewood Lane—Building Line.*

The Town Clerk reported that in connection with the proposed widening improvement at the above junction the requirements of Section 34 (1) of the Middlesex County Council Act as to the service of notices and the deposit of plans had been complied with, and that the Minister of Transport had also issued his certificate that Cricklewood Lane and Edgware Road are arterial roads, or roads as regards which provision should be made to facilitate the widening thereof to meet development of traffic. It was therefore necessary for the Council to pass a resolution authorising an application to the Minister of Transport for consent to prescribe the building line.

Moved by Councillor Potter, seconded by Councillor Copestake, and

347.—RESOLVED—That pursuant to Section 34 (1) of the Middlesex County Council Act, 1925, application be made to the Minister of Transport for consent to prescribe the building line, marked and shown on the plan now submitted, signed by the Borough Surveyor, along a section of Edgware Road and Cricklewood Lane.

(C). *Footpath Diversion—The Vale to Sanderstead Avenue.*

The Town Clerk reported that in connection with the Resolution of the Council relative to the diversion of the footpath leading from The Vale to Sanderstead Avenue, it had been ascertained that there was a slight inaccuracy in the compass points referred to in the description and it was therefore necessary for the Council to pass a formal Resolution with the compass directions adjusted.

348.—RESOLVED—

(a) That it is expedient that the public highway or footpath in the Parish of Hendon in the County of Middlesex running from The Vale in an easterly and north-easterly direction to Sanderstead Avenue, the situation of which is shewn on the plan now produced to the Council, and signed by the Town Clerk, should be stopped up, turned or diverted in manner following, that is to say :—

By stopping up, diverting or turning the said highway or footpath at and from the point marked " A " upon the said plan such point being situate on the south-easterly side of The Vale aforesaid 60 yards or thereabouts in a north-easterly direction from the junction of Mendip Drive with The Vale aforesaid from which said point " A " the said highway or footpath runs in an easterly and north-easterly direction for a distance of 97 yards or thereabouts to the point marked " B " on the said plan which said point " B " is situate on the westerly side of Sanderstead Avenue at a point 42 yards

- (b) That application be made to the Justices of the Peace in Quarter Sessions assembled for an Order stopping up, diverting or turning the said highway or footpath.

349.—FURTHER RESOLVED—

- (i) That an intimation be given to John Laing & Son, Limited, that no works are to be commenced on the existing highway or footpath until the Justices' Order has been obtained and the Certificate of two Justices that the new footpath has been constructed to their satisfaction lodged with the Clerk of the Peace.
- (ii) That the Corporate Seal be affixed to all necessary documents.

On the amendment being submitted, 7 voted in favour and 16 against, whereupon a division was demanded by Alderman Latham and two others, and taken with the following result :—

To the Aldermen and Councillors of the Borough of Hendon.

Ladies and Gentlemen,

Pursuant to the Council's resolution (No. 350) of the 16th July, various matters have been submitted to me during the recess and the following report indicates the action taken thereon.

1.—ALTERATION OF WARDS :

The Council's petition to His Majesty the King in Council was the subject of a Local Inquiry (before Mr. C. M. Knowles, Barrister-at-Law, appointed by the Secretary of State, Home Office) held on the 19th July.

I submitted evidence as to the Council's policy in formulating the proposals contained in the petition. The case for the Council was presented by the Town Clerk and technical evidence was given by the Borough Treasurer and Borough Surveyor.

It will be remembered that the changes proposed in the petition were as follows :—

The Scheme prepared by the Commissioner was approved at a meeting of the Privy Council on the 14th August and operates under an Order in Council as from that date. Various changes from those contained in the petition have been made and are referred to hereunder :—

CENTRAL GROUP WARDS :

Central—Park.—An alteration of the existing boundary of these Wards has the effect of transferring—

To CENTRAL WARD, the north side of Bell Lane, and

To PARK WARD, east side of The Burroughs (to Chapel Walk), Brampton Grove, south side of Chapel Walk and Somerset Road and the west side of Brent Street from Brampton Grove to Hawes' Stores.

West Hendon.—The existing boundary of this Ward with Burnt Oak has been varied to follow the northern boundary of the aerodrome instead of the backs of the houses on the south side of Blundell Road.

SOUTHERN GROUP WARDS:

Golders Green—Garden Suburb.—The variations in the proposed boundaries have the effect of transferring—

To GARDEN SUBURB—The Woodlands (in addition to the area referred to in the petition showing 2,176 electors).

To GOLDERS GREEN—part of Wentworth Road.

Golders Green—Child's Hill.—All south-east of a new line commencing in the middle of Wayside and proceeding in an easterly direction along the middle of Armitage Road and Hoop Lane to the middle of Finchley Road is transferred to CHILD'S HILL.

The area north of the middle of Cricklewood Lane and west of the middle of Claremont Road is transferred to GOLDERS GREEN.

Child's Hill—Garden Suburb.—The west side of Finchley Road south of Hoop Lane is transferred to CHILD'S HILL.

NORTHERN GROUP WARDS:

Apart from minor alterations of the proposed boundary between the Burnt Oak and Mill Hill Wards, at Eversfield Gardens and at the Woodcroft Open Space, the only variation to the proposals in the petition is the transfer to EDGWARE of that part of Mill Hill north of the middle of Watford Way and west of Great North Way. No electorate is concerned on the present register but development is proceeding near Apex Corner and will therefore eventually result in adding to the Edgware electorate.

The effect of the above changes on the electorate is summarised in the following statement:—

Where any of the variations of boundaries have affected the polling districts, tentatively approved by the Council on the 7th May last, the necessary consequential adjustments have been made.

With regard to the apportionment of Councillors the Scheme provides that

“ The Councillors in office for each Ward as existing at the date of this Scheme shall be the Councillors for the Ward of the same name as altered by this Scheme.”

2.—REVIEW OF ELECTORAL DIVISIONS:

I have received the following report from the Town Clerk :—

REPORT.

“ As authorised by the County Council the General Sub-Committee of the General Purposes Committee have prepared a tentative scheme for the re-division of the County into electoral divisions and such scheme is submitted for consideration by the County Districts.

“ The review of the electoral divisions is a statutory obligation imposed upon the County Council by Section 50 of the Local Government Act, 1929, and follows the general review of County Districts. The procedure in the matter is, however, now prescribed by Section 11 of the Local Government Act, 1933, and when the County Council finally make their scheme it must be submitted to the Secretary of State and copies sent to the Councils of County Districts. Petitions against the proposals may be sent to the Secretary of State within six weeks, and where any such representation is made the Secretary of State may direct a local inquiry to be held.

“ Section 11 (6) of the Act of 1933, directs that in the constitution of electoral divisions the following shall, so far as is reasonably practicable, be observed :—

(a) The divisions shall be arranged with a view to the population of each division being approximately equal, subject to due regard being had to area, to a proper representation both of the rural and of the urban population, to the distribution and pursuits of the population, to the last published census for the time being, and to evidence of any considerable change of population since that census;

(b) Every division shall consist of one or more county districts or wards, or shall be comprised in one county district or ward.

“ It is clear, therefore, that the main statutory basis on which the County Council must proceed is the population at the last published census having regard to evidence of any considerable change since the census.

“ The County is at present divided into 75 divisions but the tentative scheme proposes to increase the number to 80. The population at the Census of 1931 was 1,638,728 and the change since that time, according to estimates 1933/4, shows an increase of 161,762, making the population 1,800,490. On the basis of 80 divisions each Councillor should represent 22,506 of the estimated population.

“ Under Section 10 of the Act of 1933, each electoral division shall return one Councillor and the Sub-Committee in formulating the tentative scheme refer to the desirability of, as a general rule, each county district having at least one representative on the County Council.

“ The proposal of the County Council is to increase Hendon representation to six and from the following table it would appear that as regards proposed representation of the various County Districts a reasonable degree of equality is provided for—bearing in mind the statements set out in the two preceding paragraphs :—

* These 7 districts are at present apportioned amongst 7 electoral divisions none of which is co-extensive with any of the County Districts.

† Wood Green is included in the present representation shown for Southgate.

“ With regard to the question of the distribution of the electoral divisions in the Borough the provision contained in Section 11 of the Act of 1933, that ‘ every division shall consist of one or more . . . Wards ’ must be borne in mind. This will make it quite impossible to obtain an even distribution as between the suggested six electoral divisions but proposals are submitted in the tentative scheme of the County Council as indicated in the following statement. I would, however, call the attention of the Council to the fact that these proposals are based upon the Wards as previously existing and the statement indicates the changes under the Scheme approved by the Privy Council on the 14th August last :—

“ Taking into consideration the changes made by the new Scheme for Wards it is clear that while an equality of representation is out of the question a less uneven distribution of electorate as between the six electoral divisions proposed for Hendon would be attained if the following suggestions were submitted to the County Council :—

The Minutes of the Meeting held on the 3rd July, 1934, were read, confirmed and signed.

REPORT OF CHAIRMAN:

The following report was received from the Chairman of the Education Committee as to his action taken during the Summer Recess, viz. :—

To the Members of the

HENDON EDUCATION COMMITTEE.

Ladies and Gentlemen,

The following matters have been dealt with, after consultation where necessary with the Chairmen of the appropriate Sub-Committees, during the time the Committee has been in Recess, viz. :—

1.—NEW SCHOOLS:

I made several visits of inspection to St. James' R.C. Central School and Deansbrook Junior School to view the progress of the works. These schools were officially opened at 9 a.m., on 28th August, and the numbers of children on rolls at 7/9/34 were :—

	Official Accommodation.	On Roll.
St. James' R.C. Central School ...	320	337
Deansbrook Junior School ...	400	296
Deansbrook Infants' School ...	400	272

2.—ORANGE HILL CENTRAL SCHOOL:

In accordance with authority delegated (F. & G.P.S/C., 19/6/34, Item 7), the following additional allowances were granted for initial stocking of Fourth Year Groups, i.e., pupils remaining in full-time attendance over the age of 14 years :—

Boys' Department	£140
Girls' Department	£150

3.—OAK LODGE SPECIAL SCHOOL—CONVEYANCE FOR CHILDREN:

In consequence of the increased number of children in attendance (now numbering 36) authority was given for the payment of an additional 2/6d. per day to Messrs. Lewis Cronshaw, Ltd., making a total of 32/6d. per day, for a twenty-nine seater coach to convey children to and from this school, to take effect as from 28th August, 1934. The Town Clerk was instructed to make the necessary endorsement on the contract.

4.—TEACHING STAFF :

(a) ALL SAINTS' C.E. SCHOOL :

A letter was received from the Managers concurring in the view of the Education Committee that at the commencement of the Autumn Term, 1934, the Mixed and Infants' Departments should be combined under the control of one Head Teacher, Mr. A. J. Albon (S.M.S/C., 19/6/34, Item 5). Mr. Albon assumed responsibility for the conduct of the re-organised school on 28th August, 1934.

(b) ST. JAMES' R.C. CENTRAL SCHOOL :

I approved the proposal of the Managers to appoint an additional assistant teacher on the staff of this school in view of increased numbers of children on the roll.

(c) ST. MARY'S C.E. JUNIOR MIXED SCHOOL :

Mr. J. R. N. Bateman was recently appointed by the Managers as Certificated Assistant Master, duties to commence on 28th August, 1934. He has, however, failed to complete his Certificate Examination. In spite of this, the Managers are desirous of employing him, as Uncertificated Assistant, on condition that the appointment is reviewed should he fail to obtain the full Certificate at his next attempt in June, 1935. I gave my consent to the adoption of this procedure.

(d) ST. VINCENT'S R.C. SCHOOL :

Subject to the submission of a satisfactory medical certificate and to the completion of an agreement with the Managers, I consented to the appointment, from 28th August, 1934, of Miss Kathleen M. Harris, Uncertificated Assistant, in succession to Miss Florence N. Nicholson, "Supply" Teacher, resigned.

(e) DOMESTIC SUBJECTS TEACHER :

In accordance with authority delegated, I interviewed three selected candidates for the post of Domestic Subjects Teacher in succession to Miss O. H. Taylor, resigned, and RESOLVED—

THAT Miss Madeline Foley be appointed Domestic Subjects Teacher on the Committee's Staff as from 28th August, 1934, in full-time service exclusively in the capacity of a teacher in accordance with the Conditions of Employment under Article 17 of the Code and the Regulations of the Hendon Education Committee at the appropriate salary under the current scale, the engagement to be determinable on either side by a notice of one calendar month.

(f) STUDENT TEACHERS, 1934/35 :

I interviewed Miss Barbara J. D. Orr and Mr. Ralph P. Challener, applicants for appointment as Student Teachers for the year 1934/35. I informed Miss Orr that, in view of an adverse medical report, her application could not be entertained. In the case of Mr. Challener, however, I RESOLVED—

THAT Mr. Ralph P. Challener be appointed Student Teacher for the year, 1st September, 1934, to 31st August, 1935, with salary at the rate of £38 per annum, a satisfactory medical certificate having been submitted.

2.—DAY NURSERY, WATLING ESTATE:

SUBMITTED: Memorial from Watling Association in support of the proposal for the establishment of a Day Nursery on the Watling Estate. (P.H. & M.S.C., 28/5/34—(4)).

RESOLVED—That arrangements be made for a deputation to be received at the meeting of the Public Health and Medical Services Committee on October 8th.

★3.—DISTRICT NURSING ASSOCIATIONS:

SUBMITTED:—

(i) Medical Officer's further report on the proposed arrangements with the District Nursing Associations, deferred from the last meeting.

In broad outline the proposals involve for the purposes of the Scheme the amalgamation of 7 (out of the 8) Nursing Associations in the Borough under one organisation to be known as "The Hendon Borough Nursing Association" upon which the Council would be represented on the Executive Committee by the Chairman and the Vice-Chairman of the Public Health and Medical Services Committee for the time being and the Medical Officer of Health. The Council would have a call upon the services of seven district nursing associations in connection with the Maternity and Child Welfare Scheme, particularly for the nursing of young children suffering from measles and whooping cough, the nursing of ante and post natal conditions, etc.

(ii) Letter from the Ministry of Health intimating that the Minister would be prepared to approve a contribution by the Council to the proposed Borough Nursing Association in respect of the nursing services provided in connection with the Council's Maternity and Child Welfare Scheme on being furnished with particulars of the arrangements made with the Nursing Association and of the amount of the proposed contribution.

With regard to the question of re-imbusement of any contribution which may be made by the Council the Minister draws attention to his communication of the 30th June, 1932, in which he states that he is required to have regard to probable future expenditure, but he is not required to increase the sum to be set aside out of the county apportionment in respect of a district by an amount which bears any fixed relation to the actual or estimated expenditure of the district council for maternity and child welfare purposes. The amount which is set aside in respect of a district under the Act constitutes the General Exchequer Grant of the district council under Section 91 of the Act and no part of it can be earmarked for the maternity and child welfare services or for any other services administered by the council.

In formulating the present Scheme for the second fixed grant period it was not found necessary to make any provision in the scheme for an expansion of services which was relatively uniform throughout the whole county, since if the expenditure of all maternity and child welfare authorities in the area of the administrative county has expanded *pari passu*, their relative position for the purposes of the Section remains unchanged. The letter continues—even

if substantial additional expenditure has been or is about to be incurred by one of the councils concerned, it does not necessarily follow that any alteration of the figures in the draft scheme would be justified, unless it had been ascertained that the other councils concerned, including the county council, are not incurring corresponding expenditure, having regard to the requirements of their areas and the product of a penny rate therein.

(iii) Application from The Central Committee for Hendon Nursing Associations for payment of a grant.

(iv) Suggestion from the Borough Treasurer that representations should be made to the Ministry of Health for a revision of the present fixed grant of £2,300 (for the four financial years 1933/37) in respect of Maternity and Child Welfare. The grant was fixed in 1930 on an estimated net expenditure of £4,600, and attention is called to the appreciable development in the Council's Maternity and Child Welfare Services which contemplates an expenditure of £6,600 during the current year.

RESOLVED TO RECOMMEND—

(1) That subject to the approval of the Minister of Health to an increase in the grant as indicated in item (2) below, application be made to the Minister of Health for approval to a scheme incorporating the proposed arrangements for utilising the services of the District Nursing Associations in connection with the Maternity and Child Welfare Services and providing for payment by the Council of an annual contribution of £200 to the Hendon Borough Nursing Association.

(2) That application be made to the Minister of Health for an alteration of the scheme under Section 93 of the Local Government Act, 1929, to increase the grant payable to the Council out of the county apportionment by

(i) 50 per cent. of the proposed contribution of £200—see (1) above, and

(ii) An amount in respect of the increased expenditure incurred on Maternity and Child Welfare Services since the present county allocation of £2,300 was first made in 1930.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal subject to any necessary apportionment of the grant to the health services concerned being made by the Chief Officers.]

As soon as a decision has been reached on the question a further communication will be addressed to the Council.

★5.—TAXI-CAB FACILITIES, GOLDERS GREEN:

It will be remembered that the Committee's recommendation (Hi.C., 25/6/34—21) on the request of The Motor Cab Owner-Drivers' Association for the Council's support to the application they proposed submitting to the Commissioner of Police of the Metropolis for consent to a "feed" rank for 12 taxi-cabs in West Heath Drive, alongside St. Alban's Church frontage, was referred back by the Council in order to obtain the observations of the Vicar of St. Alban's (Rev. Herbert Trundle) on the proposal.

A letter has now been received from the Rev. Herbert Trundle, M.A., stating that he is unable to approve the proposal and forwarding a letter from Mr. C. E. D. Trust, on behalf of the Golders Green Taxi-Drivers, setting out a scheme which, the Rev. Herbert Trundle states, has his full approval.

The letter from Mr. Trust states that the present official accommodation for 15 cabs is inadequate to meet the demand, particularly in wet weather, and whilst the taxi-drivers appreciate that it is not an easy matter to find additional accommodation, they ask that the rear portion of the parking place for Class "A" vehicles in North End Road, between West Heath Drive and West Heath Avenue, alongside the frontage to St. Alban's Church, should be used as a rank for 10 taxi-cabs solely as a "feeder" to the existing "feed" rank for cabs in West Heath Drive. The letter points out that this proposal would still leave 56 yards available as a parking place for private motorists.

Letters were also submitted from Mr. J. Swinford Francis and Mr. Manley Collins, residents of West Heath Drive, objecting to the proposals previously put forward by the Motor Cab Owner-Drivers' Association.

RESOLVED TO RECOMMEND—That the Minister of Transport and the Commissioner of Police of the Metropolis be asked to take the necessary steps with a view to the rear portion of the parking place for Class "A" vehicles in North End Road being converted into a "feed" rank for ten taxi-cabs.

★8.—FINCHLEY ROAD:

† (A). **Improvement—Temple Fortune to Mutton Brook.**

The Borough Surveyor submitted a plan shewing strips of land having a total area of .41 of an acre which it is desirable the Council should acquire for the widening of Finchley Road, between Hampstead Way and the Mutton Brook, and reported that the Hampstead Garden Suburb Trust is prepared to sell the freehold to the Council for the sum of £320.

RESOLVED TO RECOMMEND—That the matter be referred to the District Valuer for a valuation.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal subject to the formal approval of the Middlesex County Council and to that Authority agreeing to reimburse the whole of the expenditure involved.]

The letter also stated that as it is anticipated that the light railways along this section of the Edgware Road will be abandoned in the near future, the County Engineer's Scheme will allow the construction of one of the carriageways and footways pending the removal of the tram track without interfering with the ultimate lay-out and the Improvements Sub-Committee had accordingly authorised the County Engineer to obtain tenders for the construction of this part of the Scheme, subject to the Ministry of Transport indicating a grant in aid. **Noted.**

★13.—COLINDEEP LANE WIDENING :

SUBMITTED : Letter from Mr. George Winkworth asking the Council to increase the amount of compensation agreed to be paid in respect of the portion of the frontage of his property acquired for the widening of Colindeep Lane, by reason of the fact that he had failed to secure a corresponding reduction in his assessment and also that he had had to incur expenditure on having the front paved as he had been advised that neither grass nor flowers will grow there.

RESOLVED TO RECOMMEND—That Mr. Winkworth be informed that the Council regret they are unable to accede to his request.

SUBMITTED: Report of the Borough Treasurer in conjunction with the Borough Surveyor as to suggested rentals in respect of the proposed kiosks in the various Parks. A statement as to rents received in respect of the right to supply refreshments during 1934/5 was also submitted.

It is therefore suggested to erect in the first instance kiosks in Hendon Park, Sunny Hill Park and Watling Park in order to ascertain from the demand whether the erection of further kiosks would be justified in other Parks. On the basis of the present outlay estimates it is suggested that the following rents be charged:—

★10.—PROVISION OF PERMANENT ALLOTMENTS:

SUBMITTED: Letter from the Minister of Agriculture and Fisheries with reference to the West Middlesex Sewage Scheme and its bearing on the question of the provision of allotments.

The Minister states that it would appear that a considerable area of land has been withdrawn from cultivation as allotments in recent years in several parts of the Borough, and that the temporary allotments on the Council's Sewage Farm are generally fully occupied and insufficient to meet the demand. The Minister also understands that apart from the land acquired for sewage purposes, the provision of allotments in the Borough presents considerable difficulty owing to the high value of land. The Minister, therefore, suggests that the Council might now consider what provision can be made for permanent allotments, and would strongly urge that a total area of not less than 50 acres should be appropriated for the purpose.

A statement as to the number of vacant plots, etc., throughout the district was submitted by the Borough Treasurer, and a report by the Borough Surveyor indicates that at present there are a number of unlet allotments in the district, and that it would be inadvisable to definitely allocate fifty acres of land comprising the Sewage Works for allotment purposes. It will be recalled that the Council have already decided that in due course a comprehensive plan shall be prepared for dealing with the whole of the land which will be free for development when the West Middlesex Sewage Scheme comes into operation.

The Committee are of opinion that the appropriation of an additional 60 acres of land for permanent allotments is desirable, and they

RECOMMEND—That the Council approve such appropriation.

SUBMITTED: Statement of fires attended and ambulance calls received during the months of July and August. **Noted.**

★4.—NEON SIGNS:

In accordance with instructions the Town Clerk submitted a report on the question of Neon Signs from which it appears that the Council has no adequate control over the erection or installation of such signs. (W. & F.B.C., 2/7/34—5).

Consideration of this matter arises out of a report of the Law Sub-Committee of the Association of Municipal Corporations on the risks to firemen when dealing with outbreaks of fire on premises where electric high tension installations exist.

Having carefully considered the matter, the Committee submit the following recommendations:—

- (1) That this Council views with concern the apparent danger due to the lack of control by local authorities over the erection or installation of high tension electrical devices and urges Parliament to promote legislation which will provide adequate safeguards.

- (2) That a copy of the resolution be transmitted to the Member of Parliament for the Hendon Division, the Minister of Health and all Borough and District Councils throughout the country asking for their support.

5.—AMBULANCE SERVICES :

SUBMITTED : Letter from the Urban District Council of Wembley agreeing on the question of charges in connection with reciprocal ambulance arrangements. (W. & F.B.C., 23/4/34—4). **Noted.**

★6.—MAIN DRAINAGE :

SUBMITTED : Town Clerk's report with regard to the responsibility for maintenance of the brook running parallel with Brookside Road and the culvert which carries the brook under Highfield Road. (W. & F.B.C., 2/7/34—10 (3)).

The Committee have instructed the Town Clerk to submit a further report on the lines indicated.

With regard to the culvert referred to,

RESOLVED TO RECOMMEND—That the Borough Surveyor proceed with the preparation of plans and estimates for the re-construction of the culvert.

★7.—OPEN AIR SWIMMING BATH—WEST HENDON :

The Borough Surveyor submitted detailed plans and estimates for the re-construction of the above bath in accordance with the approved preliminary plan. (W. & F.B.C., 12/3/34—13).

The estimate of the cost of the work is as follows :—

Machinery :—					£
Filtration Plant, Pipes, etc.	2,600
Cost of raising loan, etc.	100
					£2,700
Building :—					£
Alteration and re-construction of bath	6,900
Contingencies	345
Clerk of Works, Quantity Surveyor, etc.	355
Cost of raising loan, etc.	150
					£7,750

The proposal will require the approval of the Minister of Health to the appropriation of the necessary land.

Certain suggestions were made by the Committee in connection with the scheme and instructions given for the plans embodying such suggestions to be submitted for the approval of His Worship the Mayor and the Chairman of the Committee.

RESOLVED TO RECOMMEND—

- (1) **That the Borough Surveyor's estimate be approved and that application be made in due course to the Ministry of Health for sanction to loans as follows :—**

£2,700, Machinery	10 years.
£7,750, Buildings	30 years.

- (2) **That the necessary steps be taken with a view to the appropriation of the required land.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

★8.—REFUSE COLLECTION :

SUBMITTED : Report of the Borough Surveyor on the question of plant.

It is now becoming necessary to make special provision for the collection of refuse from the numerous large blocks of flats in the district. The Borough Surveyor points out that a system which is suitable for ordinary houses is not economical in the case of a block of flats where a complete load can be obtained on each collection. He therefore recommends that the Council should purchase, at a cost of £750, one of the Pagefield Company's Special vehicles which load from the rear and are equipped with enclosed bodies.

With regard to the general collection, the Borough Surveyor stated that since the first Pagefield unit was purchased there has been a gradual tendency for house refuse to increase in bulk without a proportionate increase in weight. The original eight Pagefield containers are in need of general repairs and overhaul and the Borough Surveyor suggested that at the same time they should be converted to meet present requirements. The cost of the works is estimated at £117 10s. 0d. per container.

RESOLVED TO RECOMMEND—That the suggestions contained in the Borough Surveyor's report be approved and that the Finance and General Purposes Committee be requested to make the necessary financial provision.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

★9.—BELMONT ESTATE, MILL HILL :

SUBMITTED : Borough Surveyor's report on a further letter from Messrs. Sturt and Tivendale relative to the question of sewerage facilities for the above Estate.

Dodd & Watson suggesting that an agreement should be entered into under Section 28 of the Middlesex County Council Act, 1931, defining the responsibilities of the Middlesex County Council and the Borough Council in regard to the sewer connections in this district, and forwarding suggested heads of the proposed agreement.

RESOLVED TO RECOMMEND—That the matter be further considered on receipt of the draft agreement.

11.—SURFACE WATER SEWERS, BRENT HILL, GREAT NORTH WAY AND WENTWORTH ROAD.

SOIL AND SURFACE WATER SEWERS, ABERCORN ROAD, MILL HILL :

SUBMITTED : Tenders in respect of the above.

[See items 8c and 12 of the report of the Finance and General Purposes Committee.—24/9/34.]

★12.—PUBLIC CONVENIENCES :

† (A).

Hendon Central.

The Committee have given further careful consideration to the question of a site for the proposed Public Convenience at Hendon Central, and whilst they are still of opinion that the scheme for an underground convenience in the centre of Hendon Central Circus is the ideal one they are reluctantly compelled, in view of the decision of the Council, to consider an alternative site.

RESOLVED TO RECOMMEND—That the Borough Surveyor be instructed to submit plans and estimates for a combined convenience and shelter at the north-west corner of Hendon Park.

† (B). Mill Hill and Edgware.

SUBMITTED: Progress report.

RESOLVED TO RECOMMEND—That an advertisement be issued inviting applications for the posts of part-time attendants.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

★13.—REPAIRS TO COUNCIL PROPERTIES:

The Borough Surveyor submitted a report as to works undertaken since the last meeting and with regard to the progress of repair work at present in hand.

The question of accepting a quotation for fencing at Garth Road Housing Scheme and for gates and fencing at Bittacy Hill was deferred. The Committee referred the matter of the gates at Bittacy Hill back to the Housing Committee on the question of type.

Arising out of the report,

RESOLVED TO RECOMMEND—

- (1) That a chain link fence be provided at No. 110/120, Clitterhouse Crescent, at a cost of £15 15s. 0d.
- (2) That the works referred to in the report in connection with the chimney at the Refuse Destructor Works be undertaken by J. Smith (Southern), Limited, at a cost of £218 2s. 6d., and that the Corporate Seal be affixed to the necessary contract.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

★14.—DISINFECTING VAN—PUBLIC HEALTH DEPARTMENT:

SUBMITTED: Borough Surveyor's report with regard to the condition of the van used for disinfecting purposes.

RESOLVED TO RECOMMEND—That authority be given for the purchase of a new van.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

★15.—DRAINAGE OF BOUNDARY PROPERTIES:

SUBMITTED: Letter from the Finchley Borough Council in connection with the arrangement for inter-district drainage in respect of property at Dollis Lane, objecting to the proposal of the Middlesex County Council for an additional payment of an annual sum equivalent to the special county rate for sewerage purposes, plus 50 per cent. based upon the rateable value of the premises drained. (W. & F.B.C., 2/7/34—13).

With regard to the existing payment in respect of other properties forming the subject of previous agreements the Finchley Council consider that the charge should be reduced in relation to the premises now under consideration as and from the time when the whole of the sewerage from the Borough of Hendon is dealt with by the County Council under the West Middlesex Scheme and they also expressed the hope that this Council would be prepared to re-consider the total charge now proposed to be made.

RESOLVED TO RECOMMEND—That the Council adhere to their previous decision but that Finchley Council be informed that when Hendon cease to treat the sewerage of their district, their request will receive consideration.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

★13.—BRANCH LIBRARIES :

(A).

Golders Green.

The Borough Surveyor reported that the detailed plans of this Branch Library are in the hands of the Quantity Surveyors who are preparing the Bills of Quantities and that it is anticipated it will be possible to advertise for tenders at an early date. **Noted.**

† (B).

Montrose Avenue.

It will be remembered that the Committee's recommendation approving the erection of a Branch Library of a permanent character at Montrose Avenue (Li.C., 2/7/34—14 (A)) was taken back at the Council Meeting on the 16th July last, in order that further consideration might be given to an alternative scheme.

The Committee have now considered a preliminary plan prepared by the Borough Surveyor for the erection of a building of a semi-permanent character in the system of construction at present being adopted for new schools in the Borough. The estimated cost is as follows :—

	£
Construction of Building	6,500
Heating Plant	800
Contingencies	350
Quantity Surveyor's fees, Clerk of Works, etc.	500
	8,150
Furniture and equipment	1,800
Cost of raising loan, etc.	150
	£10,100

This scheme shows a capital saving of £3,650 compared with the scheme for the erection of a permanent building previously submitted. The Committee are, however, informed that the annual loan charges would be higher in the case of a semi-permanent building than a permanent building, by reason of the shorter period which would be allowed for repayment of the loan, and it is also anticipated that the cost of maintenance and repair would be slightly higher in the case of a semi-permanent structure.

Having regard to these facts and also to the fact that the lay-out of the proposed library renders unlikely the possibility of its becoming obsolete, the Committee unanimously re-affirm their previous decision in favour of the erection of a permanent building, and accordingly

RESOLVED TO RECOMMEND—

- (a) That the plan and estimate prepared by the Borough Surveyor for the erection of a permanent building be approved and submitted for the approval of the Minister of Health.

(b) That application be made to the Minister of Health for sanction to the raising of a loan of £13,750, computed as follows:—

	£	£
Construction of Building, Heating Basement, etc. ...	11,250	
Quantity Surveyor's fees, Clerk of Works salary, printing, etc.	550	
	—	11,800
Furniture and equipment		1,800
Legal costs, and costs of raising loan		150
		—
		£13,750

[Having considered the matter in its financial bearing and in view of the verbal report given by the Borough Surveyor as to the durability and cost of upkeep of a composite building, the Finance and General Purposes Committee recommend that the matter be referred back for further consideration by the Libraries Committee.]

† (C).

Hours of Opening.

The Committee considered as to the hours of opening and closing the proposed Branch Libraries in order that the book labels for Golders Green Branch, upon which the Library Hours are stated, might be printed, and

RESOLVED TO RECOMMEND—That the hours of opening and closing the proposed Branch Libraries be the same as those at present in operation at the Central Library.

† (D).

Inspection of New Libraries at Sheffield.

Arising out of the information obtained at the recent Conference of the Library Association—at which the Council were represented—regarding the new Central Library at Sheffield, which was opened recently by H.R.H. The Duchess of York, and also a new Branch Library, the Committee are of opinion that the Chief Librarian should visit Sheffield to inspect the buildings and report as to any desirable features which could be incorporated in the Branch Libraries to be erected by the Council, and they

RECOMMEND accordingly.

† (F). *Privet Hedges.*

SUBMITTED : Report of the Housing Manager as to the desirability of an early commencement being made with the cutting of the privet hedges bordering the highways on the Housing Estates. It will be remembered that the Council instructed the Borough Surveyor to arrange for the hedges to be trimmed and maintained in a tidy condition, and approved an estimate amounting to £153 per annum in respect thereof. (Hsg. C., 18/9/33—1 (F); 16/10/33—10).

In this connection the Borough Surveyor reported that he was experiencing difficulty in putting the work in hand by reason of the fact that a number of the tenants who at present take care of their hedges object to the Council's employees cutting them, and he submitted suggestions for securing the uniform trimming of the hedges.

After giving the matter careful consideration, the Committee

RESOLVED TO RECOMMEND—That the Borough Surveyor be instructed to arrange for the uniform trimming of all front hedges that are not looked after by the tenants, and that any previous resolution of the Council inconsistent with this recommendation be varied accordingly.

At the request of the Chairman of the Committee, the Borough Surveyor submitted an estimate amounting to £180 for the removal of the existing chestnut fencing between the houses in Goldsmith Avenue and West Hendon Playing Fields and the substitution in lieu thereof of a wrought iron fence.

The Committee are of opinion that new fences of the type indicated should be erected, and accordingly

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

RESOLVED TO RECOMMEND—That the Council affirm its previous decision.

A house has already been allotted to the person occupying the overcrowded premises in Ravenstone Road. The occupiers of the other overcrowded premises, excepting those in Belle Vue Terrace, have made application for accommodation on the Council's Housing Estates, and having regard to the extent of overcrowding in each case, the Committee

RESOLVED—That the applications be placed on urgent list A.1, and priority given to applicant No. 5579.

7.—HOUSING AND TOWN PLANNING TOUR :

★9.—HOUSING ACT 1930—RE-HOUSING :

Nos. 175-183 (odd), Cricklewood Lane.

CONSIDERED : Reference from the Public Health and Medical Services Committee asking that consideration be given to the question of re-housing the persons occupying the above-mentioned premises, who will be de-housed by reason of the operation of the Demolition Orders proposed to be made. (P.H. & M.S.C., 10/9/34—9 (G) (iii)).

Twenty-two adults and six children will require to be re-housed, necessitating accommodation as follows:—7 two-bedroom and 2 three-bedroom type houses. The tenant of one of the premises, who sublets the greater portion, has intimated that on account of the rent he will be unable to accept the tenancy of a Council house.

RESOLVED TO RECOMMEND—That the requisite re-housing accommodation be provided by the Council and that the case of the tenant who has intimated his inability to accept a Council house be dealt with by the Chairman and the Borough Treasurer.

★10.—COUNCIL HOUSES—REPAIRS AND REDECORATIONS :

The Committee's attention was called to the period which had elapsed between the vacating and re-letting of a house in Hyde Crescent. Suggestions were submitted for reducing the period houses are vacant consequent upon changes of tenancy and for expediting the carrying out of necessary repairs, decorations and structural alterations. It was also suggested that during the time houses are vacant a notice should be placed in a conspicuous position in front of the premises offering a reward to any person giving sufficient evidence to lead to a conviction for damage to the property.

The Committee are of opinion that the notification of changes of tenancy and the carrying out of necessary repairs and decorations should be carried out as expeditiously as possible in order to reduce the vacant period and consequent loss of rent.

They accordingly

RESOLVED TO RECOMMEND—That, with a view to obviating loss of rent, a notification be given by the Borough Treasurer to the Borough Surveyor immediately it is known that premises are to become vacant, and any necessary repairs and decorations carried out as expeditiously as possible, and steps taken to ensure the re-letting of the premises at the earliest possible date.

★5.—MIDDLESEX COUNTY COUNCIL ACT, 1934 :

Section 41.

SUBMITTED : Report of the Borough Surveyor to the effect that under the above Act, whenever an application is made for permission to develop any land abutting upon a retained county road, fourteen days' notice must be given to the County Council within a period of 7 days from the receipt of the plan. When determining the application the Council must have regard to certain representations which may be made under the Section by the County Council and on informing the applicant of its decision, a copy thereof must be forwarded to the County Council.

The County Council is required to send a copy of its representations to the applicant who, in turn, is entitled to make representations to the Council in regard thereto.

It will be observed that in the case of these applications fourteen days must elapse between the receipt of the application and its consideration by the Council and a further period must be given if the County Council make representations to enable the applicant to make his representations to the Committee.

Under the Town and Country Planning Act, 1932, all applications for Interim Development Orders must be decided within two months of their receipt, and in order to overcome difficulties which may arise in complying with this requirement, and also the provisions of the Middlesex County Council Act, it is suggested that in cases where a decision is necessary to comply with above, authority be given to His Worship the Mayor, together with the Chairman of the Committee, to deal with such applications, and

RESOLVED TO RECOMMEND accordingly.

★6.—PROPOSED FLATS, COLINDEEP LANE, HENDON :

Application No. A.3698.

SUBMITTED : Report of the Borough Surveyor to the effect that Mr. A. J. Details of Rates Levied to 31st March, 1935.

Purposes for which the General Rate for Six Months to 31st March, 1935, was made; estimated sum required for each purpose; and approximate pence in the £ now levied.

The following statement shows how the rate demanded is made up. It sets out the rate in the pound which would be required to meet the nett expenses of each of the principal services, after allowing for specific Government Grants towards the expenses of the services marked * but without allocation to particular services of the Government Grants under the Local Government Act, 1929.

The Government Grants under the Act of 1929, being in aid of local government expenses generally, cannot be allocated to any particular service. They reduce, by the amount shown, the total rate in the pound which would otherwise be demanded.

7.—IMPROVEMENT—JUNCTION OF EDGWARE ROAD AND CRICKLEWOOD LANE :

Prescription of Building Line.

REPORTED : That consequent upon the approved of the Middlesex County Council to the Town Council carrying out, in accordance with the co-ordination agreement, an improvement at the above junction in order to obtain a carriageway width of 44 feet, with central refuges at a cost not exceeding £20,000, subject to the Ministry of Transport indicating a grant of 60 per cent. of the expenditure upon works and the site value of the property to be acquired, the Ministry of Transport were asked to indicate that the 60 per cent. grant would be forthcoming in order that the Council could proceed with the service of the notices required to be served under the provisions of Section 34 of the Middlesex County Council Act, 1925, in connection with the prescription of the building line.

A reply was received from the Ministry of Transport stating that if the Council proceed with the acquisition of the property required the Minister would be prepared to accept the " site-value " of the land to be added to the highway, as agreed by the District Valuer, or the net cost of the acquisition whichever is the less as part of the cost of the scheme in connection with an application for a grant from the Road Fund when the road widening is to be carried out on condition that the land has not, in the meantime, been thrown into the highway, but that the Department's letter must not be taken to imply that a grant would necessarily be forthcoming as the application would have to be considered in the light of funds available at the time of its receipt.

In view of the fact that the County Council's approval to the scheme was subject to the Ministry of Transport indicating a grant of 60 per cent. of the expenditure upon works and the site value of the property to be acquired, they were informed of the Ministry of Transport's attitude and enquiry was made whether the County Council would indemnify this Council in respect of the prescription of the building line as was done in the case of the original scheme amounting to £11,000.

Having regard to the fact that the larger scheme was suggested by the Ministry of Transport the County Highways Improvements Sub-Committee were of opinion that the Ministry should be pressed to make a grant at once towards the total cost thereof and that the Department's proposal to consider making a grant at some time in the future upon site value only should not be accepted. They therefore suggested that joint action should be taken by the two Councils and that representatives of the Council should meet the County Highways Committee on the 10th instant with a view to agreeing upon a course of action.

The Committee were of opinion that the Minister of Transport should be urged to indicate forthwith a grant of 60 per cent. of the expenditure upon works and the site value of the property to be acquired on the basis of the major scheme, and accordingly appointed the Chairman of the Committee (Alderman Shakespeare) and the Deputy Mayor to confer with the County Highways Committee on these lines.

[AMENDED BY WAY OF ADDITION.]

Sturges Avenue, Nicoll Place, Daniel Place and St. David's Place.

Estimates of the cost of repaving the footways of these roads with artificial stone paving and green asphalt and also ordinary asphalt were considered by the Council on the 26th June last (Hi.C., 28/5/34—11), when it was decided to use ordinary asphalt for the margins at an estimated cost of £2,160, compared with £2,976 for green asphalt. The Committee, therefore,

RESOLVED TO RECOMMEND—That the Council re-affirm their previous decision.

★13.—PROPOSED ROAD CONNECTING LULLINGTON GARTH AND FRITH LANE :

The Borough Surveyor submitted a plan indicating a proposed road for connecting Lullington Garth and Frith Lane. The Committee are of opinion that it is very desirable that the Woodside Park Estate should be properly connected up with the road system of the Borough in accordance with the scheme now submitted by the Borough Surveyor which provides for a road 50 feet in width with a strip of land on one side for the future planting of trees in order to preserve the amenities of the adjacent land.

The owners are unwilling to sell sufficient land for the construction of the proposed road. The Committee, therefore,

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

★14.—DIVERSION OF FOOTPATH—NETHER COURT ESTATE :

Frith Lane to Nether Street, Finchley.

Further consideration was given to the application of the Finchley Golf, Sports and Social Club for the stopping up of the portion lying within the Borough of the public footpath leading from Frith Lane to Nether Street, Finchley, which was taken back at the last meeting of the Council (Hi.C., 10/9/34—15). SUBMITTED : Reports by the Chief Librarian and the Borough Surveyor on the visit of inspection to the Sheffield and Rotherham Libraries. **Noted.**

★11.—BRANCH LIBRARIES :

† (A). **Golders Green.**

SUBMITTED : Report of the Chief Librarian regarding the organisation, stock and staffing of the proposed Branch Library at Golders Green.

The Chief Librarian suggested that the stock on the opening of the Library should consist of 10,000 volumes, allocated as follows :—

	No. of Volumes.	Estimated Cost. £
Adult Department :—		
Non-Fiction	4,000	1,200
Fiction	4,000	650
Junior Department :—		
Fiction and Non-Fiction	2,000	300
	10,000	£2,150

It is suggested that the stock should consist mainly of modern books, plus such of the older standard books as experience at the Central Library has shown to be in such demand that it would not be possible to release them for issue to readers at the Branch Library.

The Central Library with its comprehensive stock would act as the central reservoir or pool from which books, either singly or in groups, could be drawn for use at any other library in the Borough. Conversely any non-fiction book in a branch library would also be available for issue at the Central Library. In this way, by judicious selection and flexibility of exchange, the Council, instead of having a number of separate and distinct collections of books would have one large comprehensive collection divided between its Central and Branch Libraries available for use at any of them.

In order to avoid congestion and to spread more evenly the work of preparing the stock, as well as to enable the books to be bought in the cheapest market, the Chief Librarian pointed out that it would be necessary to commence the purchase of books during the winter months, and he accordingly asked for authority to obtain 4,000 standard and popular modern novels at an estimated cost of £650 and 2,000 children's books at an estimated cost of £300.

The minimum staffing requirements, which are based on the library being open 72 hours weekly (3 sessions per day) are as follows :—

- 1 Librarian-in-Charge.
- 1 First Assistant (with special duties as Branch Children's Librarian).
- 4 Junior Assistants.

The staff will work two sessions on five days and one session on the sixth. The proposed staffing arrangements would, therefore, permit of the necessary reliefs when assistants are off duty.

The Committee are informed that in order that the books for the nucleus stock can be dealt with as they are received it will be necessary for two of the Junior Assistants to be appointed to take up duty early in January, but the other appointments will be considered at a later date.

RESOLVED TO RECOMMEND—

- (a) That the report of the Chief Librarian be approved and adopted.
- (b) That the Chief Librarian be authorised to purchase 4,000 novels at an estimated cost of £650, and 2,000 children's books at an estimated cost of £300.
- (c) That authority be given for the issue of advertisements inviting applications for two Junior Assistants from persons not exceeding 18 years of age who have passed the Matriculation Examination of any University in the United Kingdom, the salary to be according to the appropriate scale.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

Montrose Avenue.

† (B).

The Committee's recommendation approving plans and estimates for the erection of a building of a permanent character at a cost of £13,750 for a Branch Library at Montrose Avenue was referred back by the Council on the 1st instant for further consideration having regard to the verbal report of the Borough Surveyor to the Finance and General Purposes Committee as to the durability and cost of upkeep of a composite building.

The Committee have now given the matter further careful consideration in the light of the Borough Surveyor's report and also on the question of the loan charges which would be payable in respect of both types of buildings, and having regard to all the circumstances they see no reason for departing from their previous decision.

They accordingly

RESOLVED TO RECOMMEND—

- (a) **That the plan and estimate prepared by the Borough Surveyor for the erection of a permanent building be approved and submitted for the approval of the Minister of Health.**
- (b) **That application be made to the Minister of Health for sanction to the raising of a loan of £13,750, computed as follows:—**

		—
		£13,750

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

3.—REETS FARM HOUSING SCHEME :

(A).

Letting of Houses.

REPORTED : That 84 out of the 138 houses included in the above scheme had been let as follows :—

Housing Act, 1924 :—

Two-bedroom type (let prior to the 16th July last)	46
--	-----	-----	-----	-----	-----	----

General Powers—Non-Subsidy :—

Two-bedroom type	7
------------------	-----	-----	-----	-----	-----	---

Housing Act, 1930 :—

From individual unfit houses :—

Two-bedroom type	10
------------------	-----	-----	-----	-----	-----	----

From clearance scheme :—

Two-bedroom type	11
------------------	-----	-----	-----	-----	-----	----

Three-bedroom type	8
--------------------	-----	-----	-----	-----	-----	---

Four-bedroom type	2
-------------------	-----	-----	-----	-----	-----	---

 84

In this connection the Borough Treasurer reported that under the Reets Farm Scheme houses were to be provided as follows :—

		Bedrooms.			Total.
		Two.	Three.	Four.	
(a) Housing Act, 1924	...	46	—	—	46
(b) Housing Act, 1930	...	30	11	5	46
(c) Housing Act, 1930	...	23	9	4	36
(d) To let at Economic Rents	...	7	2	1	10
		106	22	10	138

All the houses referred to under (a) have been let. With regard to (b) these 46 houses were to be provided for re-housing in connection with the slum clearance scheme, but from the information he had obtained, only 27 of the houses will be required as certain of the tenants from the clearance area do not require accommodation. Twenty-one of these houses are let.

The 36 houses referred to in (c) were to be provided for dealing with "Individual Unfit Houses" but according to the Borough Treasurer's information, a maximum of only 26 could be so allotted on the present programme of "demolitions," and it appeared that in many cases in which houses were considered unfit, the owners had been able to re-condition the property. Ten of these houses are let.

Of the ten houses referred to in (d), seven have been let and the remainder are not yet ready for occupation.

The Borough Treasurer points out that unless there is a further programme of "Demolitions" it would appear that there will be a surplus of 10 houses under (c) which may not rank for subsidy. **Noted.**

Progress Report.

(B).

SUBMITTED : Report of the Borough Surveyor stating that 106 houses have now been handed over for letting and that the remaining 32 houses are completed as far as the plastering. Good progress is being made in connection with the roads and footpaths. **Noted.**

★4.—HOUSING SCHEMES :

† (A). **Collection of Rents and Management.**

SUBMITTED : Report of the Borough Treasurer stating that additional assistance is required in connection with the collection of rents and management of the Council's Housing Schemes.

He points out that close personal attention and supervision should be given in the case of the Reets Farm Scheme in order to ensure a satisfactory standard. He also points out that at present the Council controls 1,100 houses, and this number will be increased to 1,150 when the Reets Farm Scheme is completed. He is of opinion that more assistance is conclusively necessary in order to enable the Housing Staff to devote greater attention to supervision and inspection of properties and verifying applications, and in order to achieve this object he recommends the appointment of an additional " Octavia Hill " trained Woman Assistant.

The Committee are in agreement with the views put forward by the Borough Treasurer, and

RESOLVED TO RECOMMEND—That an advertisement be issued inviting applications for the appointment of an " Octavia Hill " trained Woman Assistant at a salary of £180 in Grade " D " of the salary scheme.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

† (B). *Letting of Houses.*

The Committee have deferred consideration of the Borough Treasurer's report hereon until the next meeting.

★5.—FENCING :

† (A). **Between St. David's Place and Sturgess Avenue.**

SUBMITTED : Report of the Borough Surveyor stating that the chestnut pale fencing to the footpath between St. David's Place and Sturgess Avenue is in a very dilapidated condition and suggesting its replacement by wrought iron fencing 4 feet 6 inches in height at an estimated cost of £80.

RESOLVED TO RECOMMEND—That the report of the Borough Surveyor be approved and that he be authorised to make the necessary arrangements for the erection of the wrought iron fencing in accordance with his estimate.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

† (B). **No. 54, Park Road.**

SUBMITTED : Report of the Borough Surveyor stating that the fencing around the above-mentioned property is inadequate and suggesting the provision of an iron fence at an estimated cost of £20, to separate the gardens from the adjacent vacant land.

RESOLVED TO RECOMMEND—That the Borough Surveyor's estimate be approved and that he be authorised to make the necessary arrangements for the erection of the iron fencing in question.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

† (C). *Clitterhouse Road and Claremont Road.*

SUBMITTED : Letter from tenants of Council Houses near the junction of Clitterhouse Road and Claremont Road, complaining of damage caused by boys to the privet hedges and front gardens, and asking the Council to provide wood or iron fencing. The Town Clerk reported that he had brought the question of damage to the hedges and gardens to the notice of the Police with a view to the matter receiving their attention. **Noted.**

6.—COUNCIL HOUSES—NEW TENANTS:

In the event of the Council granting the request, they desire to retain their right to claim compensation.

RESOLVED TO RECOMMEND—That the Council do not accede to the request.

★2.—ASHLEY LANE WIDENING:

SUBMITTED: Report of the Borough Surveyor on a letter from Messrs. Farebrother, Ellis & Company suggesting a modification in the scheme relating to the future widening of Ashley Lane, north of the Barnet Bye-Pass Road. RESOLVED—That the matter be adjourned to enable the Borough Surveyor to negotiate on the lines indicated in his report.

★3.—RAWLPLUG WORKS, HALE LANE, MILL HILL:

SUBMITTED: Report of the Borough Surveyor to the effect that in December, 1929, the Rawlplug Company entered into an agreement with the Council for dealing with their land under the terms of the Town Planning Scheme. The agreement included conditions that the Company would not erect upon any portion of the land, coloured pink on the plan, any buildings except those for residential purposes, and also that they would leave unbuilt upon on the south and south-easterly sides of the land, coloured blue on the plan, a belt of open land of an average depth of 50 feet with a minimum at any point of 30 feet, such land to be laid out and maintained by the Company to the satisfaction of the Council.

The Company now apply for permission to modify the terms of this agreement in the following respects:—

- (a) To erect a new store adjacent to the eastern boundary which will be about 120 feet long and will be 21 feet from the boundary at one end and 17 feet at the other.
- (b) That a larger area of land, coloured blue on their plan, between the present buildings and the public right of way should remain unbuilt upon.

The proposed alteration would not appear to be detrimental, and

RESOLVED TO RECOMMEND—That, subject to the Town Clerk being satisfied as to the legal position, the proposed variation to the agreement be approved.

Installation of Bulk Petrol Supply—Wise Lane Farm, Mill Hill.

Applicant — Messrs. L. Solomon & Sons.

An amended lay-out plan for four blocks of flats totalling 24 in all to be erected on the property known as "Fernside," Holders Hill Road.

There would not appear to be any objection to the proposed variation, subject to both back and front elevations of the properties being of a satisfactory character, and

RESOLVED TO RECOMMEND accordingly.

- † (B). Land at Rear of Brentfield Gardens, Golders Green.
Applicant—Mr. S. Stern.

For permission to erect a block of 21 flats three storeys in height on a piece of vacant land between Hendon Way and Brent Station on the London Electric Railway.

The general density of development will not be materially altered.

RESOLVED TO RECOMMEND—That the proposal be approved and an Interim Development Order be issued accordingly.

- † (D). Land at the Junction of Watford Way and Aerodrome Road, Hendon.
Applicant—P. H. Edwards, Limited.

For permission to develop the above land by the erection of a block of 30 flats, three storeys in height. In view of the density of development, the insufficient air space, and also the question of the building line, the Committee

RESOLVED TO RECOMMEND—That the application be disapproved.

Applicant—Mr. Wm. Hollis.

For permission to erect shops on land at the junction of Holders Hill Road with Bittacy Hill and Dollis Road.

Applicant—Mr. W. Thorpe.

SUBMITTED : Report of the Borough Surveyor regarding an objection by Mr. Thorpe to the imposition of a time limit contained in the Interim Development Order for the commencement of the work.
