In this connection reference should be made to the work of the Special (Development) Committee, which prepared a scheme for the utilisation of this land. After consulting all the Committees of the Council a general scheme was prepared and submitted to and approved by the Corporation on the 5th October, 1936.

As this is the only large area of land remaining unbuilt upon in the southern portion of the Borough its future utilisation has been the subject of much thought, and there is no doubt the Council has come to a wise decision in deciding to retain the whole area for public purposes.

4.—PARKS, ETC.:

The policy of converting the tennis courts in the parks into permanent all-weather courts has been continued, further conversions having taken place in Hendon Park, Basing Hill Park and Child's Hill Park.

Further provision in the way of public conveniences and shelters has also been completed at Stone Grove Park, Sunny Hill Park, Mill Hill Park and Clitterhouse Playing Fields.

At the Clitterhouse Playing Fields the Council has carried out a conversion of the old house and farm buildings to provide dressing accommodation for the various clubs using this ground. A public convenience has also been provided, and in addition, the farmhouse has been converted into two flats. The estimated cost of the work is £3,350.

A scheme for the lay-out of the Montrose Avenue Playing Fields and providing suitable sanitary and dressing accommodation has been approved at an estimated cost of £5,998.

5.—SWIMMING BATH, WEST HENDON:

The work of reconstructing the West Hendon Swimming Bath on modern lines and providing a filtration plant in connection therewith has been put in hand at an estimated cost of £14,000.

6.—FIRE SERVICES:

An important scheme has been under consideration for establishing in the southern part of the area, near the junction of Hendon Way and the North Circular Road, a large and up-to-date fire station of sufficient size to give adequate fire protection to the whole of the southern portion of the area. The lay-out plans have already been considered by the Committee, and in addition to providing accommodation for a water tower and a number of up-to-date fire engines and ambulances, there will be sufficient cottages to house the whole of the staff required.

7.—DEPOT:

During the year the Central Depôt has been completed and put into operation, and is proving a very successful factor in promoting the efficiency of the various services for which it is provided.

8.—MORTUARY :

Alterations and additions to the Public Mortuary adjacent to the Town Hall have been completed, and the reconstructed building put into use.

9.—HOUSING :

Continued progress has been made in dealing with unfit houses under the Act of 1930, and on the 30th September this year, an official statement was submitted to the Minister of Health showing what had been done to date.

The statement submitted showed the following positions :—

Houses demolished	78
Houses rendered fit	24
Houses closed	2
Houses in course of being dealt with	2
Total	106

The Survey of Overcrowding under the Housing Act, 1935, was completed. This Act defined for the first time what should be regarded as statutory overcrowding and the Survey was made of 13,292 houses ; of these 545 were found to be overcrowded. At the time of the completion of the Survey it was estimated that 302 houses would be required to abate the overcrowding. As a result of an investigation of individual cases and transference where that was possible, this number has been materially reduced and the Council have decided to build 250 houses.

Plans and estimates have been approved for the erection of 140 houses, part of the Council's proposals for the provision of houses to abate overcrowding, at Dole Street on a portion of the land comprised in the Dole Street Compulsory Purchase Order, and approval has been given to an application being made to the Minister of Health for consent to the borrowing of £82,000 for the purposes of the scheme.

In addition, a further scheme is under consideration for utilising land which has been rendered available by the abandonment of the Sewage Disposal Works. This land comprises an area of twenty-two acres in extent and is situated on the north side of the River Brent.

10.—SHOPS ACT, 1934 :

Any needed improvements in respect of ventilation, temperature, or sanitary conveniences in shops have been dealt with under those provisions of the above-mentioned Act relating to "arrangements for the health and comfort of shop workers," as and when references have been made by the Town Clerk's Department to the Public Health Department.

11.—VITAL STATISTICS :

The estimated population of the Borough at 30th June, 1936, was 155,800, showing the remarkable increase of over 40,000 since the Census, 1931.

The more important vital statistics of Hendon as compared with the country generally are given in the following table :—

	England and Wales.	Hendon.
Birth Rate	14.7	12.85
Death Rate	11.7	10.07
Infant Death Rate (per 1,000 live births)	57	50
Maternal Mortality (per 1,000 births)	3.93	1.69

12.—MATERNITY AND CHILD WELFARE AND SCHOOL MEDICAL SERVICES:

(A). *Maternity and Child Welfare.*

These services are designed to safeguard the health of the children under 5 years of age and expectant and nursing mothers, and it is of interest to review the extensive scope of the Council's scheme which provides for the following:—

Notification of births.

15 sessions per week at the various Health Centres for the examination of children under 5 years of age.

Provision of dried milks, cod liver oil and simple remedies at a little over cost price at the welfare sessions.

2 sessions per week for the examination of ante-natal mothers.

Provision of milk to expectant mothers and children under 5.

Admission to hospital for confinement on account of medical reasons or unsatisfactory housing conditions.

The services of an obstetric consultant and anæsthetist in cases of complicated labour.

Domiciliary midwifery, and Council Midwife.

Provision of drums of sterile dressings and accouchement outfits.

Home visitation by Health Visitors.

Convalescent treatment.

Home nursing by District Nursing Associations.

Dental examination and treatment of children under 5 and ante-natal mothers.

Orthopædic treatment—out-patient and in-patient at the Royal National Orthopædic Hospital, Stanmore.

Ophthalmic treatment.

Investigation of cases of ophthalmia neonatorum and discharging eyes.

The following table of attendances at the Child Welfare Sessions illustrates the fact that these services are appreciated and increasingly used by the inhabitants of the Borough:—

1931	31,004
1932	35,184
1933	38,825
1934	40,267
1935	41,249

(B). *School Medical Services.*

There is complete co-ordination between the maternity and child welfare and the school medical services and when a child attains the age of 5 years and comes within the scope of the latter, a precis of the medical history is transferred from the child welfare to the school medical records. In addition, the same personnel, both medical and nursing, deals with the cases, thus overlapping is obviated and continuity of observation assured.

The scheme of the school medical services provides for the following:—

Public Elementary Schools:—

Medical inspection of scholars at school three times during the child's school life.

Special inspections and re-inspections as may be considered necessary.

Treatment of minor ailments.

Dental inspection and treatment—each child being inspected by the Dental Surgeon annually.

Ophthalmic treatment and provision of spectacles.

Orthopædic treatment, out-patient and in-patient at the Royal National Orthopædic Hospital, Stanmore.

Convalescent treatment.

Operative treatment of tonsils and adenoids.

Provision of milk, cod liver oil, etc., for under-nourished children.

Treatment of defective speech.

Secondary Schools :—

Medical inspection of scholars at secondary schools, each child being inspected annually.

Dental inspection and treatment, each child is inspected annually by the Dental Surgeons.

Ophthalmic treatment and provision of spectacles.

The following figures in connection with the school medical services will probably be of interest :—

Public Elementary Schools :—

No. of children on school roll	14,349
No. of routine and special examinations	11,555
No. of attendances at minor ailment clinics	26,532
No. of attendances at dental clinics	8,588
No. of attendances at orthopædic clinics	4,569
No. of attendances at eye clinics	1,997
No. of attendances at speech clinics	1,216

Secondary Schools :—

No. of children on school roll	1,134
No. of routine and special examinations	229
No. of attendances at dental clinics	119
No. of attendances at eye clinics	35

(C). *Development and Extension of Services.*

The following developments and extensions of services have taken place during the year :—

1. The approval of the Ministry of Health and Board of Education was obtained to the erection of a new health centre at Mill Hill. Tenders are being obtained for the construction of the building and it is hoped to start the work at an early date. The estimated cost of the scheme is £4,400.

2. A scheme for the Compensation of Midwives under Section 1 of the Maternity and Child Welfare Act, 1918, was approved whereby payment of compensation is authorised to midwives whose patients attend an ante-natal clinic on their advice and are subsequently admitted to a hospital or home for confinement on the recommendation of the Medical Officer of the clinic.

3. One child welfare session per week was established at the Hyde Congregational Church Hall, Colin Close, N.W. 9, to provide for the mothers and children in the Colindale area.

4. The Midwives' Act, 1936, foreshadows a salaried service of midwives to be provided by a local authority who are the supervising authority under earlier Midwives' Acts and the Council have, after consideration of this Act decided to make application to become the supervising authority under the Midwives' Acts, 1902-1936, and the Nursing Homes Registration Act, 1927.

5. The existing Day Nursery premises at West Hendon were also under review and the Council have issued instructions for plans and estimates to be submitted for a new Day Nursery in that area. Day Nursery facilities on the Watling Estate are receiving the consideration of the Public Health and Medical Services Committee.

6. A scheme for the orthoptic treatment of squint was commenced which is a valuable adjunct to other forms of treatment effecting the co-ordination of the affected eye and a curative effect on the squint in certain cases.

7. An arrangement with the North-Western Child Guidance Clinic for the examination and report on cases of behaviour problems in school children is now in operation. This arrangement has been of value as numbers of children not mentally defective are referred by the school teachers to the Public Health Department and in certain of these cases, further advice by trained psychoanalysts is of considerable help in enabling the Medical Officer to advise the parents and teachers as to the best course to pursue in each particular case.

8. As a result of the success which had been obtained in the treatment of defective speech among school children, and the existing demand, arrangements were made for these facilities to be provided for the children in the northern portion of the area and two sessions are now being held at the Health Centre on the Watling Estate in addition to those held at the Central Hendon Health Centre.

9. Arising out of a memorandum from the Board of Education it has been arranged that the School Medical Officer shall co-operate with the Juvenile Organisations Committee by transmitting to that Committee, the names of any children leaving school who are known to be unfit to take their place in any particular type of industry.

13.—CHILDREN ACTS, 1908–1932:

Each Health Visitor has been appointed Infant Life Protection Visitor under the above-mentioned Acts and the number of persons receiving children for reward at the 29th October, 1936, was 125 and the number of children on the register was 197.

All children are visited monthly, inward and outward transfers followed up and reports are submitted on the new foster mothers to assess their suitability. It was necessary in one case to take legal proceedings for the removal of a child to a place of safety.

14.—CONTROL OF INFECTIOUS DISEASES:

The Council's scheme provides for the following:—

Notification and investigation of cases of infectious diseases: 982 cases were notified during the year.

Bacteriological examination of swabs, sputum, blood, etc.: 1,358 specimens were examined.

Bacteriology is also carried out at the Isolation Hospital.

Provision of diphtheria antitoxin.

Provision of artificial immunity against diphtheria.

Maintenance of an Isolation Hospital with accommodation of 120 beds.

Disinfection of infected articles and houses.

The incidence of notifiable infectious diseases has remained low, 291 cases of scarlet fever being notified and 95 cases of diphtheria. There was, however, a high incidence of measles and as complications of this disease very often lead to serious impairment of health, the Council decided to admit complicated cases of this disease and of whooping cough to the Borough Isolation Hospital when the accommodation allowed of this.

The arrangements to admit to the Borough Isolation Hospital cases of infectious diseases from other authorities continued and during the year 39 cases were admitted.

The Medical Officer of Health acts as a consultant to medical practitioners on query cases of infectious diseases in the area and 45 consultations were arranged during the year.

15.—GENERAL PUBLIC HEALTH MEASURES:

Inspection of houses, Factories, Workshops, etc.
Investigation of complaints and abatement of nuisances.
Supervision of the milk supply.
Supervision of the food supply.

The maintenance of sanitation has involved a large and increasing amount of work and 1,463 notices calling for improvements have been served (this includes 24 which were outstanding at the end of 1935) and up to the date of this report, 1,244 have been complied with.

Mill Hill Branch Library.

(K).

During the year the plans for the proposed library at Mill Hill have been completed and received the approval of the Minister of Health. The work has recently been commenced and the estimated cost of the scheme is £13,850.

17.—EDUCATION:

The Elementary School population remains fairly constant between 14,250 and 14,500, so far as actual enrolments are concerned. The main difficulties during the past year have been due to new distributions amongst the population; *e.g.*, Cricklewood Lane, Broadfields Avenue and Mill Hill East. These special difficulties will be accentuated in the future, because the newest Housing Estates, owing to their geographical positions, will require school provision for Infant and Junior Children. This new school population is compensating for the reduction in school population which is now becomin evident in the older Housing Estates, and is thereby maintaining the Elementary School population at a more or less uniform level.

The Brent Modern School was opened on 7th January, 1936, and the Algernon Road Senior School was re-organised as a Junior Mixed Department as from that date.

The Board of Education have approved in principle the following:—

(*a*) The erection of a Junior and Infant School, accommodation 400, on the Woodside Park Site. Plans have been provisionally approved by the Board of Education for the erection of this School at an estimated cost of £18,865.

(*b*) Edgware Council School. Extension of the existing Senior Department, the demolition of the old building and the erection of an entirely new building to accommodate 450 Junior and Infant children. (Estimated cost £20,000). Additional land for this purpose has been acquired in the Borough of Hendon (Edgware Road) Compulsory Purchase Order, 1936, and plans for the buildings have been provisionally approved by the Board of Education. Arrangements are now being made to obtain tenders for carrying out the work.

As regards the question of sites, a Compulsory Order has been made to enable the Committee to acquire a site for an additional school in the Edgware Ward, north of Edgware Way, and a site is being secured in Dole Street, Mill Hill, to provide educational facilities for the development now proceeding in that area.

The number of children on the school rolls at 23/10/36 was 14,349, and the staff of Head and Assistant Teachers at present in the Committee's employment is 415.

The scheme for the award of Maintenance Allowances again received approval by the Board of Education for the current year. For the Summer Term, 16 allowances were awarded.

Five schools were redecorated externally during the Midsummer Holidays, and the Bell Lane Council School was entirely re-roofed. In addition, the lavatory accommodation at Childs Hill and Burnt Oak Council Schools was modernised and increased.

The Hendon Schools' Sports Association produced its first All-England Champion in Margaret Godley, a pupil of the Orange Hill Central School, who in the High Jump (14–16 years of age) at the All-England Schools' Sports held at Margate, created a new record by clearing five feet. The Association also held its first Annual Swimming Gala at the West Hendon Pool in July last.

The Local Higher Education Committee established seven Evening Institutes for the Session which commenced in September, when 1,050 individual students enrolled as compared with 975 students for the corresponding date last year. A new Secondary School for Girls at Page Street, Mill Hill, was officially opened by the President of the Board of Education in July last. Plans have been approved by the Board for the erection of a Technical Institute in Central Hendon. The Middlesex Education Committee anticipate that work will be commenced in the early part of 1937.

415 Hendon children (206 boys and 209 girls) were admitted to Secondary Schools and 39 children were admitted to Junior Commercial, Technical and Art Schools during 1936.

As in previous years, necessitous children between the ages of 10 and 14 years have been sent to the seaside for a holiday by the Juvenile Organisations Committee. 60 boys were sent to Walmer and 60 girls to Dymchurch for 2 weeks in each case. The cost of these holidays was met by public subscription.

For the year ended 31st July, 1936, the Juvenile Employment Bureau placed in employment 2,210 juveniles (1,216 boys and 994 girls) as compared with 2,462 juveniles (1,371 boys and 1,091 girls) for the previous year. Unemployment benefit amounted to £80 1s. 11d. as compared with £121 16s. 5d. in 1934/35.

VI. INVESTIGATION INTO MIDDLE EAR DISEASE AMONGST SCHOOL CHILDREN:

The School Medical Officer submitted correspondence from the Senior Medical Officer of the Board of Education, who is also Chairman of the Committee on problems relating to the partially-deaf child, and from Dr. P. M. T. Kerridge, Department of Physiology, University of London.

On the suggestion of Dr. Glover (Board of Education), Dr. Kerridge enquired whether the local authority would be willing to offer Mr. Maxwell Ellis, a distinguished specialist in ear disease, and herself facilities for the purpose of an investigation on the treatment of discharging ears in children, with a view to the prevention of deafness.

Dr. Kerridge outlined the proposals, the services in connection therewith being entirely voluntary, from which it appeared that the general plan is to study intensively, over a period of at least 2 years, a group of approximately 100 children with discharging ears. Regular specialist treatment of the aural condition will be given and the progress correlated with the medical histories, general physical conditions and home environments of the children. Accurate tests of hearing with modern apparatus will be carried out periodically.

Eventually it is proposed to try the effect of change of some of the environmental conditions and an effort will be made to arrange that one half of the children of the selected group have a four weeks holiday during the summer vacation of 1937.

Both divisions of the children would thereafter be carefully watched, particularly to ascertain whether those who had been on holiday suffered fewer relapses during the succeeding autumn than the others. At a later period the effect of extra milk, or of other forms of additional nourishment would be tried as required.

In the event of the work proceeding in Hendon, Dr. Kerridge enquired whether the local authority would be prepared to contribute towards the cost of holiday treatment and it appeared that the amount of the contribution would be £50.

The School Medical Officer is of opinion that this research will, when completed, add considerably to knowledge on this subject and at the same time be of great benefit to those particular children. He also indicated that should the Committee approve the scheme he and his staff would be pleased to co-operate as fully as possible.

RESOLVED TO RECOMMEND—**That facilities be offered to Dr. Kerridge and Mr. Maxwell Ellis and that in the event of the scheme for holiday treatment maturing the payment of the contribution of £50 be approved.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

VII. MENTAL DEFICIENCY:

SUBMITTED: Administrative Memorandum No. 155 from the Board of Education relating to courses of lectures for Medical Officers on the subject of Mental Deficiency.

The School Medical Officer reported that the Memorandum deals with post graduate courses and he referred to the high standard of skill required in connection with the mental grading of children, as grave injustice may be done by relegating them to an educational standard either above or below their mental equipment. For this reason the Board of Education demand that an officer before becoming a certifying officer under the Mental Deficiency Acts must first attend a course on mental grading.

In view of the resignation of Dr. Stewart, the School Medical Officer explained that he would be left with only one assistant recognised by the Board of Education to undertake this work. He therefore suggested that arrangements should be made for the recently appointed Assistant Medical Officer (Dr. MacLennan) to attend a course, providing a vacancy exists, to be established by the London School of Hygiene and Tropical Medicine to be held between 22nd February and 19th March, 1937, inclusive, the tuition fee being £6 6s. 0d.

The Sessions will be held in the afternoons between 2 p.m. and 6 p.m., and the School Medical Officer stated that in the event of his suggestion being approved it will be necessary to engage a substitute to carry out Dr. MacLennan's work whilst she is attending the course.

RESOLVED TO RECOMMEND—

(1) **That authority be given for Dr. MacLennan to attend the course and that the payment of the fee involved be borne by the Council;**

(2) **That arrangements be made in due course for the engagement of the necessary temporary assistance.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

The Committee have given instructions for particulars of fatal accidents to be circulated to the members of the Committee with the schedule of non-fatal accidents.

★4.—PUBLIC LIGHTING:

★ (A). Edgware Road.

On the 27th July last (Hi.C., 6/7/36—3) the Council approved an improved lighting scheme along the section of the Edgware Road between Edgware Brook and Canons Park Corner, based on a quotation submitted by the Gas Light & Coke Company, subject to the Harrow Urban District Council (who are responsible for lighting one side of the road) agreeing to the proposal.

The scheme was, however, held in abeyance pending the result of a Conference, which took place on the 30th September, between representatives of this Council and the Harrow Council.

At the last meeting of the Committee (5/10/36—3) it was reported that at the Conference it was agreed that the two Councils should be recommended to adopt the scheme previously put forward by the Gas Light & Coke Company under which the road would be lighted under the existing contract between the Company and the Harrow Urban District Council, this Council to undertake to repay to the Harrow Council its proportion of the cost amounting to approximately £270 per annum.

Before coming to a decision on the matter the Committee decided to inspect the lighting along the sections of Edgware Way which are lighted by electricity and the sections of Hendon Way which are lighted by gas. This inspection was made by members of the Committee on the 21st October.

It now transpires that the Harrow Council cannot, without the consent of the Company, terminate the agreement entered into in 1933 by the former Hendon Rural District Council with the North Metropolitan Electric Power Supply Company for lighting one side of the road by electricity, which expires in 1940; whereas this Council, by a subsequent agreement, have power to terminate the agreement in similar terms entered into with the Electric Supply Company for lighting the side of the Edgware Road for which it is the lighting authority.

The position which has arisen would appear to render difficult the carrying out of the scheme for gas lighting previously approved by the Council, and in these circumstances, the Committee

RESOLVED TO RECOMMEND—**That the Borough Surveyor be instructed to negotiate further with the North Metropolitan Electric Power Supply Company and the Harrow Urban District Council.**

★ (B). **Colindale Avenue.**

SUBMITTED: Report of the Borough Surveyor on a letter from the Hendon Chamber of Commerce asking the Council to bring the lighting of Colindale Avenue up to the same standard as that now being provided in the main roads.

The scheme approved by the Council for providing improved lighting on all Class I. and II. roads is not yet in full operation. The Committee, therefore

RESOLVED TO RECOMMEND—**That the Hendon Chamber of Commerce be informed that the provision of improved lighting in Colindale Avenue will receive consideration in due course.**

★5.—TRAFFIC CONTROL:

★ (A). **Junction of Gervase Road, Booth Road and Montrose Avenue.**

The Borough Surveyor reported on a letter from John Laing & Son, Ltd., regarding the traffic conditions at the above junction.

RESOLVED TO RECOMMEND—**That the Borough Surveyor be instructed to arrange for "Major Road Ahead" signs to be erected at the junction in question, Montrose Avenue to be regarded as the major road.**

(B). *Junction of Watling Avenue, Orange Hill Road and Gervase Road.*

The attention of the Committee was called to the traffic conditions at the above junction and the Borough Surveyor was instructed to report to the next meeting regarding the control of the junction by traffic light signals.

(C). *The Broadway, West Hendon—Pedestrian Crossings.*

SUBMITTED: Letter from the Hendon Chamber of Commerce stating that the pedestrian crossings in The Broadway, West Hendon, at its junction with Station Road are not in the best positions to safeguard the general public from accidents, and suggesting that arrangements should be made to meet representatives of the Chamber near the site to discuss the matter further.

The Borough Surveyor pointed out that the siting of the crossings was prescribed by the Ministry of Transport in consultation with the Commissioner of Police and their positions can only be altered with their consent.

The Committee have deputed the Chairman to meet representatives of the Chamber of Commerce on the site and to submit a report to the next meeting.

★ (D). **Refuges, Finchley Road, Golders Green.**

Arising out of a letter from the Hampstead Garden Suburb Residents' Association suggesting the provision of refuges at a number of points in Finchley Road, consideration of which was deferred at the last meeting (Hi.C., 5/10/36—4 (B)), the Borough Surveyor submitted a plan indicating positions where refuges could be erected on the disused tramway track in Finchley Road.

RESOLVED TO RECOMMEND—**That the Borough Surveyor be instructed to take the necessary steps for the provision of a refuge at each of the following points in Finchley Road:—**

North of the junction with Addison Way;
South of the junction with Willifield Way;
South of the junction with Child's Way;
South of the junction with Hampstead Way.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal subject to the Middlesex County Council undertaking to reimburse the whole of the expenditure involved.]

(E). *Hendon Way—Pedestrian Operated Signals.*

Pursuant to the Committee's instructions the Borough Surveyor reported regarding the proposed provision of a pedestrian operated signal in Hendon Way in the vicinity of the Cottage Hospital.

It will be remembered that it was reported in June last (Hi.C., 8/6/36—4 (B)) that the County Council had approved the provision of the signal subject to the Ministry of Transport contributing towards the cost and to the Town Council bearing a moiety of the balance.

The County Council have been in communication with the Ministry of Transport, but up to the present they have been unable to obtain the Department's consent to the proposal. **Noted.**

★ **(F). Junction of the North Circular Road and Hendon Way.**

The Committee's attention was called to the traffic congestion at the above junction during the peak traffic periods, and it was

RESOLVED TO RECOMMEND—**That representations be made to the Middlesex County Council urging the removal of the traffic roundabout and the provision of traffic light signals, or, alternatively, the construction of a crossover.**

★ **(G). Junction of Meadway, Thornton Way and Wildwood Road, Hampstead Garden Suburb.**

The Borough Surveyor reported on a letter from the Ministry of Transport suggesting that steps should be taken by the Council under Section 4 of the Roads Improvement Act, 1925, to improve the sight line at the four corners of the above cross roads.

A plan prepared by the Borough Surveyor was submitted, which, if its proposals are carried out, will give a sight line of approximately 75 feet from the centre of the junction of the four roads.

The Borough Surveyor points out that it will be necessary to serve notices on the owners or occupiers of the four pieces of land, coloured pink on the plan, requiring them to alter the height of any hedge upon the land so that it does not exceed a height of three feet above the surface of the adjacent paving, and that sub-section 3 of section 4 of the Act provides that if objections are made under the notices the matter is to be decided by arbitration or in default of agreement, by the County Court. Under sub-section 7 of the same section the owners may make a claim for compensation and/or for expenses incurred.

RESOLVED TO RECOMMEND—**That, subject to the Ministry of Transport approving the proposals and agreeing to make a grant towards the cost, the scheme be approved and authority given for the service of the necessary notices on the owners or occupiers of the four pieces of land coloured pink on the plan now submitted.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal]

★6.—PRIVATE STREET WORKS:

★ (A). Making up of Roads on Woodside Park Estate.

The Borough Surveyor reported on a letter from Mr. F. J. C. Ingram intimating that he is prepared to enter into the Council's standard agreement for the making up and taking over by the Council, on completion, of fourteen roads on the Woodside Park Estate in respect of which he is responsible for road charges. Having regard, however, to the magnitude of the work, Mr. Ingram suggests that the Borough Surveyor should prepare the usual plans and quantities, advertise for tenders and supervise the work, he to pay the Council the cost of the work, plus a sum of 4 per cent. on the cost of the work in respect of such services.

RESOLVED TO RECOMMEND—**That the proposal be approved subject to financial arrangements being made to the satisfaction of the Finance and General Purposes Committee, and that the Corporate Seal be affixed to all necessary documents.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in principle with the proposals, subject to Mr. Ingram making a payment of not less than 4% on the cost of the work, and to the settlement of financial details for safeguarding the interests of the Council and for the carrying out of the work.*]

Councillor Potter having indicated that he was interested in the following item, Alderman Cartwright was voted to the Chair.

(Alderman Cartwright in the Chair).

★ (B). South Square, Hampstead Garden Suburb.

SUBMITTED: Report of the Borough Surveyor on a letter from Mr. J. C. S. Soutar suggesting that the two small pieces of roadway leading from North Square and South Square to the Free Church ~~of~~ *and* St. Jude's should be made up by the Council at the cost of the Hampstead Garden Suburb, and taken over as highways repairable.

RESOLVED TO RECOMMEND—**That Mr. Soutar be informed that the Council are unable to agree to the proposal.**

(Councillor Potter in the Chair).

★ (C). Tenterden Gardens, Hendon.

SUBMITTED: Report of the Borough Surveyor on an application from Moresby Estates, Ltd., for consent to Tenterden Gardens being made up under the terms of the Council's standard agreement with a view to the road being taken over by the Council on completion.

RESOLVED TO RECOMMEND—**That authority be given to enter into an agreement with Moresby Estates, Ltd., in the standard form approved by the Council for the making up and taking over of the road and that the Corporate Seal be affixed thereto.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

★ (D). Portion of Lawrence Gardens, Mill Hill.

SUBMITTED: Report of the Borough Surveyor regarding the making up of the portion of Lawrence Gardens between the barrier and Highwood Hill. Correspondence was also submitted from Mr. E. Oram regarding the erection of the barrier. (Hi.C., 7/9/36—15).

RESOLVED TO RECOMMEND—**That Mr. Oram be informed that the Council regret they are unable to depart from their previous decision.**

★ **(E).** **Agreements for Making up Private Roads.**

SUBMITTED: Report of the Borough Surveyor regarding difficulty which is being caused as the result of Provis Thorne, Ltd., failing to enter into standard agreements for the making up of Rookery Close, Woolmead Avenue (part), Stuart Close and Stuart Avenue. The Agreements which have been sent to this firm have not been executed. They have, however, carried out some work to the roads, but in the opinion of the Borough Surveyor the work is not of a standard which would justify their being taken over by the Council, with the result that they are not scavenged or maintained and numerous complaints as to their condition have been received from frontagers.

In order to remove the difficulties the Borough Surveyor suggested that plans and estimates should be prepared with a view to the roads being properly made up under Section 150 of the Public Health Act, 1875, and that the previous resolutions of the Council authorising agreements being entered into with Provis Thorne, Limited be rescinded.

RESOLVED TO RECOMMEND—

(*a*) **That the following resolutions be rescinded:—**

30th January, 1933—Hi.C., 9/1/33—7 (E)—Minutes, Page 171—in so far as it relates to the Welsh Harp Estate.

(*b*) **That the Borough Surveyor be instructed to prepare plans and estimates with a view to the roads in question being made up under Section 150 of the Public Health Act, 1875.**

★ **(F).** **Devonshire Road, Mill Hill.**

SUBMITTED: Letter from the Hendon Ratepayers' Association setting out the reasons which actuated the frontagers of the upper portion of Devonshire Road to oppose at the Public Inquiry held by an Inspector of the Ministry of Health on the 22nd instant, the Council's application for loan sanction for the making up of the whole length of the road.

All the data contained in the letter was placed before the Inspector at the Inquiry by the representative of the Ratepayers' Association and by individual frontagers. Having regard to the fact that the Inspector's Report is now being considered by the Minister of Health, the Committee have deferred further consideration of the matter pending the Minister's decision, and they

RESOLVED TO RECOMMEND—**That the Hendon Ratepayers' Association be so informed.**

★7.—CYCLING ON PUBLIC FOOTPATHS THROUGH PARKS AND OPEN SPACES:

Bye-Laws.

It will be recalled that at the meeting of the Council on the 28th September last, the Committee's report recommending that no action be taken on the question of making Bye-Laws to prohibit cycling on public footpaths through parks and open spaces was taken back for further consideration. (Hi.C., 7/9/36—28).

The Committee have now given the matter further consideration, and

RESOLVED TO RECOMMEND—**That the Town Clerk be instructed to submit to the next meeting a draft Good Rule and Government Bye-Law under the provisions of the Local Government Act, 1933, prohibiting cycling on certain public footpaths through parks and open spaces and also in the subway in course of construction under the Watford Bye-Pass at Mill Hill Park crossing.**

★10.—SPEED LIMITS :

★ **(A). Hendon Way.**

SUBMITTED : Letter from the Hon. Secretary of the Golders Green Estate Rate-payers' Association referring to the fact that the Association's previous letter enclosing copies of correspondence which had passed between the Association and the Ministry of Transport on the subject of the imposition of a 30 m.p.h. speed limit along Hendon Way had been duly noted by the Council, and enquiring what action the Council proposed taking in the matter.

The Association are fully aware that representations were made by the Council to the Ministry of Transport on the subject and the Minister's decision regarding his inability to impose the speed limit. Information as to the Ministry's proposals for making the length of road in question safer for all road users was conveyed to the Association by the Ministry, and it was for these reasons that the Association's previous communication was noted by the Council. The Committee therefore

RESOLVED TO RECOMMEND—**That the Association be informed accordingly.**

★ **(B). Arterial Roads.**

(B). *'Bus Routes 113 and 121—Sunday Operation.*

REPORTED: Letter from the London Passenger Transport Board stating that commencing on Sunday, November 8th, Route 113—Hendon Central to Canons Park—would be withdrawn on Sundays, and that Route 121—Nunhead to Hendon Garage (Church End)—would be diverted at the Burroughs to Canons Park via the thoroughfares previously traversed by Service 113. **Noted.**

★ **(C).** **Passenger Transport Services in the County.**

The Committee considered the suggestions received for effecting improvements in the passenger transport services within the Borough with a view to any practicable suggestions being forwarded to the Clerk of the Middlesex County Council for incorporation in the comprehensive report he is preparing for consideration by the Special Traffic Sub-Committee appointed by the County Council to consider and advise upon the desirability of action being taken by the County Council to urge upon the Government, the London Passenger Transport Board and the Railway Companies, improvements in the passenger transport services within the County Area.

The following is a precis of the suggestions submitted to the Committee :—

(1) Electrification of the L.M. & S. Railway to enable an improved service of trains to be run from Hendon L.M. & S. Station to St. Pancras and Moorgate Street. Failing electrification of the Railway, it is suggested that if the number of trains on this section of the L.M. & S. line is increased it will have the effect of relieving to an appreciable extent the congestion on the Underground from Hendon Central to the City ;

(2) Reduction of the fares on the Metropolitan Railway from Canons Park and Stanmore. The Committee is informed that at the present time the majority of the people living on the Stanmore side of the Edgware Road use the Edgware Tube Railway owing to the fares on the Metropolitan Railway being prohibitive. It is suggested that if the fares on the Metropolitan Railway are lowered greater use will be made of the railway, thereby easing the congestion on the Edgware Tube ;

(3) The provision of a station on the L.M. & S. line at Northway Circus (Apex Corner), Mill Hill ;

(4) The electrification of the L. & N.E. Railway ;

(5) The reinstatement of an adequate service of 'buses on Route 113 along The Broadway, Mill Hill ;

(6) An adequate 'bus service to link up the Woodside Park Garden Suburb with Hendon, Mill Hill and Finchley ;

(7) The provision of definite stopping places for 'buses operating on Route 113. It is stated that the haphazard manner 'buses on this route pull up for passengers at undefined points is a menace to following traffic, particularly on greasy road ;

(8) A proper connection between the 114 and 240 'bus services at Edgware. It is stated that at present the 114 'bus from Harrow arrives at Edgware Station as the 240 'bus moves off, with the result that passengers alighting from the 114 'bus have to wait a considerable time for a 240 'bus ;

(9) The provision of a 'bus service to Hatch End and Pinner to connect up with the 114 'bus service at the new roundabout at the junction of Uxbridge Road with Chapel Hill and Brooks Hill, where at present the 114 'bus turns off to Wealdstone. At present passengers for Hatch End and Pinner have either to alight at the roundabout and walk a distance of two or three miles, or continue to Wealdstone Station and proceed from there by train ;

(10) The provision of a more adequate service of 'buses along Edgware Road from Station Road, Edgware, to Canons Park. Prior to the abandonment of the tramways a 10 minute tramcar service was operated along this section of Edgware Road, but since the discontinuance of the tramcars a 'bus service operates along the route at intervals of 30 minutes in the mornings and 20 minutes in the afternoons ;

(11) An improved service of 'buses on Route 121 along Hendon Way;

(12) A single decker 'bus service to connect the Hampstead Garden Suburb with Golders Green Station.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

★4.—PETROLEUM AND CARBIDE LICENCES:

With regard to No. 73 in respect of a storage at Church Road, Hendon, this has been deferred for further consideration.

RESOLVED TO RECOMMEND—**That the remaining applications be approved and the necessary licences issued in due course.**

★ **(B). Titanine Emaillite, Ltd., Sheaveshill Avenue.**

FURTHER CONSIDERED: The applications for increased storage submitted by Titanine Emaillite, Ltd., and referred back at the meeting of the Council on the 26/10/36—Minutes, page 1026, in view of a letter from the Company's Architect (Mr. Stephen A. Todd).

At the present time the Company hold a licence to store 4,000 gallons and the recent applications for increased storage are for 3,000 and 18,000 gallons of petroleum products.

The Architect referred to the request to store a further 18,000 gallons and whilst agreeing that this was the quantity applied for he stated that the actual amount for which a licence is required is 8,000 gallons.

With regard to the existing licence it was stated that only 1,000 gallons is now required in respect of this particular store which with the new application for an increased storage of 3,000 gallons and the 8,000 make a total of 12,000 gallons.

Having carefully considered the matter, the Committee have

RESOLVED TO RECOMMEND—**That the applications be disapproved.**

★5.—TELEPHONE CALLS—FIRE BRIGADE:

SUBMITTED: Letter from Post Office Telephones with regard to the suggestion for transferring subscribers in the Child's Hill and Cricklewood areas to the Speedwell Exchange. It will be remembered that this question was considered at the meeting of the Committee on the 14th September (3 (H)) arising out of a fire at No. 448, Finchley Road, Child's Hill, when it was reported that delay occurs in the receipt of telephone calls at Hendon Fire Station from subscribers in the Child's Hill and Cricklewood areas due to the fact that they are connected to Hampstead and Gladstone Telephone Exchanges which are in the London County Council and Willesden Fire areas respectively.

The Post Office state that the boundaries between telephone areas are determined by the economic considerations of line plant design, having regard to the anticipated telephone density and to other engineering considerations, and that it would be quite uneconomical to determine these boundaries on the basis of municipal fire brigade or arbitrary areas, having no relation to the telephone requirements. It was, therefore, regretted that it was impracticable to transfer to the Speedwell Exchange lines in the Child's Hill and Cricklewood districts.

It was further stated that special and prior attention is given at all telephone exchanges to the handling of emergency calls for Fire Brigades, but the Post Office must look to callers to state the name of the particular Brigade required when more than one Authority is concerned, as no means exist at Exchanges for determining the Fire Brigade appropriate to any particular address. It was suggested that the Council might desire to urge householders by means of a notice issued with rate demands or otherwise to acquaint themselves with the name of the Brigade appropriate to their address.

RESOLVED TO RECOMMEND—

(1) **That the suggestion be approved and that notices be sent out with the next rate demands;**

(2) **That the Post Office Telephones be informed accordingly.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

★6.—MEMBERS' ROBES:

Consideration was given to the question of providing a receptacle for Members' robes.

RESOLVED TO RECOMMEND—**That the Borough Surveyor be authorised to make the necessary arrangements at a cost not exceeding £5.**

[The Finance and General Purposes Committee Recommend—That the matter be referred back to the Works Committee for further consideration and report by the Borough Surveyor as to the suggested position for the storage of Members' robes.

7.—WELSH HARP RESERVOIR:

The Committee had before them the reference from the Highways Committee 5/10/36 (23) relating to the unsightly appearance of the land adjacent to Edgware Road, near the bridge over the Brent, as a result of the permanent lowering of the water level of the Welsh Harp Reservoir.

RESOLVED—**That the Borough Surveyor be instructed to submit a report with a plan relating to the matter.**

★8.—PUBLIC CONVENIENCE—COLINDALE:

SUBMITTED: Letter from the Colindale Branch of the Hendon Chamber of Commerce asking the Council to take into consideration the question of the provision of a Public Convenience at Colindale.

RESOLVED TO RECOMMEND—

(1) **That the Borough Surveyor report as to the desirability of providing a Convenience in the area referred to and on the question of a site;**

(2) **That the Hendon Chamber of Commerce be informed accordingly.**

★9.—REFUSE COLLECTION:

★ (A). **Garden Refuse.**

SUBMITTED: Letter from Mrs. F. A. Higgs making enquiry as to whether arrangements could be made whereby the Council would undertake the collection of garden refuse at a reasonable charge to householders.

The Council have previously given consideration to this matter and decided not to take any action thereon having regard to important factors involved including the question of how far such a service would be used, and the difficulty which would be experienced with regard to disposal of the refuse as it could not be dealt with at the Disposal Works.

RESOLVED TO RECOMMEND—**That the Council adhere to their previous decision and that Mrs. Higgs be informed accordingly.**

(B). *Twice-weekly Collection.*

SUBMITTED: Letters from the Golders Green and District Ratepayers' Association, Mr. C. C. Culliver and Mr. H. F. Robertson advocating a twice-weekly collection of house refuse.

In this connection the Borough Surveyor reported in January, 1933, with an estimate of the cost of a second collection weekly throughout the district, and for similar facilities during the summer months only, and it was decided to take no action with regard thereto.

The Committee consider that the matter should be again explored and they have given instructions to the Borough Surveyor to submit a further report thereon.

★10.—REFUSE DESTRUCTOR WORKS:

Weighbridge.

SUBMITTED: Report of the Borough Surveyor as to the necessity for a complete overhaul and the carrying out of general repairs to the weighbridge installed by W. and T. Avery, Ltd., when the works were constructed in the year 1927/28, and he submitted a quotation from this firm amounting to the sum of £52 7s. 6d.

In the event of the quotation being accepted the Borough Surveyor suggested that in due course he should approach Messrs. Avery with a view to a contract being entered into for the annual overhaul of the weighbridge on similar terms to those approved for the bridge installed at the Central Depôt. (W. & F.B.C., 9/3/36—12 (B)).

RESOLVED TO RECOMMEND—**That the quotation for overhauling, etc., be accepted and that the suggestion of the Borough Surveyor with regard to future maintenance be approved.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

★11.—SWIMMING POOLS—PRE-HEATING FACILITIES:

SUBMITTED: Report of the Borough Surveyor with estimates of the cost of installing pre-heating plants (oil and coal firing respectively) at the West Hendon and Mill Hill Pools. The scheme is based on the use of the plant in conjunction with the circulating pumps of the filtration plant and provides for raising the temperature of the whole of the water in the pool by 3°F. in six hours.

The estimated capital costs of the installations are as follows:—

	Oil Firing. £	Coal Firing. £
Mill Hill:—		
Boiler, etc.	750	850
Building, etc.	500	500
	£1,250	£1350
West Hendon:—		
Boiler, etc.	550	625
Building, etc.	400	400
	£950	£1025

The foregoing figures include for boiler houses and boilers, chimney (30 feet in height) thermostatic control, together with the necessary piping, valves, electrical work, etc.

With regard to the annual operation costs it did not appear that there would be any substantial difference between oil and coal firing, and based on 1,000 hours heating during the Season the Borough Surveyor estimates that the running costs at the Mill Hill Pool would be £275 per annum and West Hendon £250. It was pointed out that in neither case was anything included for capital charges.

RESOLVED TO RECOMMEND—

(1) **That the Borough Surveyor be authorised to make the necessary arrangements for pre-heating facilities (oil firing) to be installed at the West Hendon Swimming Pool at an estimated cost of £950.**

(2) **That the Finance and General Purposes Committee be requested to make the necessary financial provision.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal and Recommend—That application be made to the Ministry of Health for sanction to a loan of £950 for a period not exceeding ten years.]

12.—SEWER EXTENSION, WISE LANE, MILL HILL:

SUBMITTED: Letter from Housales, Ltd., with regard to further development which they are undertaking in Wise Lane, adjacent to the junction with Page Street, and extending to a point in the vicinity of Featherstone Road. The question of drainage facilities again arises and the Borough Surveyor referred to the works required to be undertaken and the estimated cost and stated that Messrs. Housales desired to know on what terms the Council would be prepared to provide the necessary sewer. (W. and F.B.C., 15/6/36—10).

The Borough Surveyor was instructed to negotiate with Housales, Ltd., on the lines indicated in his report.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

★13.—AIR RAID PRECAUTIONS:

SUBMITTED: Letter from the Middlesex County Council making enquiry whether the Council desired to send any members of their staff to the Anti-Gas School at Falfield, Gloucestershire, for training under the Home Office scheme. The Borough Surveyor suggested that one of his senior engineering assistants should be permitted to attend the School.

RESOLVED TO RECOMMEND—**That the suggestion be approved.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

14.—DEMOLITION OF PROPERTY, CHURCH ROAD, HENDON:

SUBMITTED: Report of the Borough Surveyor with further reference to the demolition of property in Church Road, Hendon.

The decision of the Committee is recorded in MS. in the Committee Minute Book.

[The Finance and General Purposes Committee have considered the MS. Minute of the Works and Fire Brigade Committee herein and have instructed the Borough Surveyor to proceed with certain demolitions and propose to leave the question of the offer to the tenant of No. 7, Church Road in the hands of His Worship, the Mayor with power to act.]

★15.—WATERCOURSE STATION ROAD, EDGWARE:

The Borough Surveyor submitted correspondence which was duly noted with Mr. J. Young complaining of flooding of his premises alleged to have been caused by the overflowing of the above watercourse.

The Committee consider that the Public Health Committee should be asked to require the owners to take the necessary steps to remove any obstructions in the water-course, and they

RECOMMEND accordingly.

16.—FAIRVIEW ESTATE, EDGWARE:

The Borough Surveyor submitted a report in connection with the construction of sewers and surface water drains on the above Estate.

The Committee approved the report and have given instructions to the Borough Surveyor in the matter.

On the 26th October (Li.C., 12/10/36—8 (A)) the Council approved the staffing arrangements for the Mill Hill Branch Library which provided for the appointment of 5 Junior Assistants. Two of the Junior Assistants have been appointed and have commenced duties. The Chief Librarian reported that it was desirable that two more Junior Assistants should be appointed, to commence duty in February next, and asked for authority to issue the necessary advertisements in December, after the results of the Matriculation examination are known.

The Borough Surveyor reports that as a result of the delay caused by re-advertising for tenders for the Health Centre to meet the requirements of the Minister of Health, he had

Deputation from Adjacent Residents and Interview with Mr. C. L. Bencard.

RECEIVED: Deputation from residents of property adjacent to the above factory premises complaining of a nuisance caused through noise, smoke and smell alleged to emanate from the factory in question. The Committee informed the deputation of the steps taken by the owners of the factory to eliminate the nuisance complained of and the deputation agreed that the only complaint they now had was in respect of smell. ★11.—HENDON PLANNING SCHEME NO. 1:

(A). *Notices of Refusal.*

SUBMITTED: Report of the Borough Surveyor to the effect that under the Standing Orders the Committee has a right to approve or disapprove, without confirmation, plans submitted under the Bye-Laws, and notices in connection therewith are forwarded to applicants within a few days of the Committee meeting. At present if a plan is disapproved under the Town Planning Schemes formal notice of disapproval in this respect cannot be sent until after the Council Meeting. In practice the bye-laws disapproval notice is retained to be forwarded with the town planning disapproval notice, and, this only gives the applicant a very few days for amendment and re-deposit of plans in time for the meeting of the Committee following.

It is therefore suggested that authority be given to send out town planning disapproval notices directly after the meeting of the Committee, without the confirmation of the Council.

RESOLVED TO RECOMMEND—**That Reference No. 6 to the Buildings and Town Planning Committee be amended to read :—**

6.—Town Planning, with power to issue without confirmation by the Council, notices of refusal of consent and of refusal to permit interim development.

(3) A screen of trees shall be planted along the western boundary of the site ;

(4) Any notice board erected on the site shall be subject to the approval of the Council.

★ (x). **Land—Junction of Watford Way and Barnet Way, Mill Hill.**
Applicant—Mr. W. F. Thorpe.

For permission to use the above land for the purposes of a Cinema. The proposal has been advertised in accordance with Clause 30 of the Hendon Planning Scheme No. 1 and two objections have been received. 20.—ASSOCIATION OF MUNICIPAL CORPORATIONS:

Geo. Legge & Son, Ltd. v. the Wenlock Corporation.

REPORTED: That the result of the Appeal in the Court of Appeal in the above case had been to reverse the decision of the High Court.

It will be remembered that the plaintiffs claimed a declaration that a certain watercourse had become a sewer vested in the defendants, and that it was the duty of the latter to maintain it in repair. The watercourse was a natural stream into which sewage from a number of houses had been drained for some years. In these circumstances the plaintiffs contended that the stream had become a sewer; the defendants, on the other hand, contended that having regard to Section 3 of the Rivers Pollution Prevention Act, 1876, which prohibits the discharge of sewage into a stream, it is not possible for a natural stream to change its character and become a sewer.

The Committee propose to give further consideration to the question of a contribution towards the costs in this case if found necessary at a later date.

APOLOGY FOR ABSENCE:

An apology for absence was submitted on behalf of Councillor A. A. Naar, M.B.E.

QUESTIONS:

Pursuant to notice duly given in accordance with Standing Order No. 25:—

Brampton Grove—Footpaths.

Councillor Lightfoot asked the Chairman of the Highways Committee:—

"If in view of his statement of 28th September last, that a contract would shortly be entered into for the reconditioning of these footpaths within one month from that date, if that contract has been duly signed and, if not, when it is likely to be signed."

The Chairman of the Committee (Councillor Potter):—

It must be borne in mind that this Contract is nothing to do with the Council, it is a matter for the freeholders. The answer I gave to the question put to me some weeks ago was based on a statement made by the agents of the freeholders. Up to the present we have received no notice that the Contract has been signed and we have no power to enforce it.

Convenience at Hendon Central.

Councillor Lightfoot asked the Chairman of the Works and Fire Brigade Committee :—

"If the negotiations entered into last July with the London Passenger Transport Board have now been completed, and, if not, when such negotiations are likely to be completed and the convenience built?"

The Chairman of the Committee (Councillor Ross) :—

I am pleased to state that the negotiations entered into with the London Passenger Transport Board have been completed and the necessary consents obtained. Plans and estimates are now being prepared for the proposed convenience and will be submitted to the Corporation as soon as possible. The terms of acquisition have not yet been settled as these depend to some extent on the plans.

ALMSHOUSE CHARITIES OF ATKINSON AND OTHERS.

The Town Clerk reported that pursuant to the reference from the Annual Meeting of the Council, the Councillors for the Edgware Ward had met again to consider as to the nomination of two Representative Trustees of the Almshouse Charities of Atkinson and Others, Edgware, and had submitted a similar recommendation to that reported at the Annual Meeting.

Certain questions arose as to the interpretation of Clauses in the Scheme, and, with the concurrence of the Mayor, he had submitted the questions to the Charity Commissioners, with the result that the question had been raised as to the powers of the Borough Council to appoint Representative Trustees not only of the Charities of Samuel Atkinson and Others, but also of the Charities regulated by Schemes established by the Commissioners, called Daniel and Holm and Mrs. Burgess' Nursery.

It would appear that the Scheme for the Incorporation of the Borough does not contain the necessary provisions for the transfer of the powers of the Urban District Council in respect of the appointment of Representative Trustees on these Charities, and in these circumstances the Charity Commissioners proposed to make an amending Scheme to confer on the Borough Council the requisite powers for the appointment of Representative Trustees on the Charities referred to. **Noted.**

ACCESSION OF HIS MAJESTY KING GEORGE VI.:

His Worship the Mayor addressed the Council:—

"When I accepted office for a further year, I did not anticipate that it would fall to my lot to read a second Proclamation of the Accession of a new King, but history moves rapidly, and a few days ago, as you are aware, the accession of King George VI. was duly proclaimed throughout the country.

We have assembled here to-night to assure His Majesty of that support and loyalty which we so readily extended to his predecessor.

It is perhaps fitting that I should remind you of the touching message of Queen Mary to the Nation and Empire when referring to the abdication of King Edward VIII.—she used these words:—

'I commend to you his brother, summoned so unexpectedly, and in circumstances so painful, to take his place. I ask you to give him the same full measure of generous loyalty which you gave to my beloved husband and which you would willingly have continued to give to his brother.'

In those few words Queen Mary has anticipated our feelings of loyalty to the Throne.

His Majesty has been called upon with unexpected suddenness to take upon himself the duties and responsibilities of King and Emperor. By his unhesitating acceptance of the great task which he has been called upon to undertake he has set a noble example of self sacrifice and devotion to his subjects, and has earned the undying gratitude of his people.

None of us has experienced, few perhaps fully realise, the magnitude of the task which confronts him. We can, however, readily appreciate that his burden will be lightened by the help and sympathy of Her Gracious Majesty Queen Elizabeth and by the knowledge that he has the unswerving support and loyalty of all those over whom he is called upon to rule."

His Worship thereupon moved :—

65.—**That a loyal address, over the Corporate Seal, be presented in the following terms :—**

To His Most Gracious Majesty King George VI.

We, the Mayor, Aldermen and Councillors of the Borough of Hendon, for ourselves and on behalf of the inhabitants of Hendon, respectfully tender to Your Majesty our heartfelt congratulations upon your accession to the Throne and we do hereby dutifully convey to Your Majesty an assurance of our unswerving loyalty and support.

It is our earnest prayer that God may grant you and Her Most Gracious Majesty Queen Elizabeth his abundant blessing and that you may long be spared to reign over us.

The Members of the Council signified their approval by rising in their places.

Prayers for His Majesty the King, The Royal Family and the British Empire were offered by the Mayor's Chaplain (the Rev. Norman R. Boyd, M.A., Rural Dean and Vicar of Hendon).

The meeting terminated at 6.12 p.m.

4.—LONDON REGIONAL ADVISORY COUNCIL:

SUBMITTED: Bulletin No. 4 from the London Regional Advisory Council for Juvenile Employment giving the following information:—

(*a*) HOME OFFICE ENQUIRY INTO THE HOURS IN UNREGULATED OCCUPATIONS:

Following the request of the Home Office Departmental Committee set up to consider the question of hours of employment of young persons in unregulated occupations, a report was prepared and forwarded to the Departmental Committee on 15th June, 1936. The Council considered that the problem of transport facilities for juvenile workers was closely related to the question of hours of employment, and, therefore, decided to forward with the report copies of correspondence between the Council and the transport authorities, so as to enable the Departmental Committee to review the question of juvenile hours of employment against the background of the special travelling problem in London.

(*b*) THE UNSATISFIED DEMAND FOR JUVENILE WORKERS:

Statistics with regard to the divergence between the number of vacancies notified and the number of juveniles registered for employment in respect of the London County Council Area, Central London Exchanges and Extra Metropolitan Area had been compiled for the six months ended August, 1936.

(*c*) UNEMPLOYMENT IN THE DISTRIBUTIVE TRADES:

The Minister of Labour met representatives of various organisations in the Distributive Trades on 8th May, 1936, and after calling attention to the remarkable expansion of the personnel in the Distributive Trades during the past twelve or thirteen years and the relatively high rate of unemployment among young persons, asked the trades to appoint representatives to co-operate with the Ministry in considering the whole problem of wages, hours, and working conditions, etc. Since the meeting the organisations represented and others have indicated their willingness to co-operate with the Ministry, and consultations will shortly commence.

RESOLVED TO RECOMMEND—

THAT a copy of the bulletin be supplied to each member of this Sub-Committee.

5.—USE OF FILMS:

RESOLVED TO RECOMMEND—

THAT a report be submitted by the Director of Education at the next meeting of this Sub-Committee giving particulars of films which can be obtained on loan or hire together with the probable cost.

II. SALARIES—HEALTH VISITORS AND SCHOOL NURSES :

The Committee have considered a report on the existing scale of salaries of the Health Visitors and also in relation to the question of uniform (P.H. & M.C.S., 5/10/36—7), together with information as to salaries paid by other authorities.

The question of the existing scales arose in September last on the submission of Ministry of Health Circular 1550 in which it was pointed out :—

> "It is clear that the success of any efforts to secure adequate supervision of the health of young children will depend to a large extent on the efficiency of the health visiting staff, and that in many areas it may be necessary to increase that staff. The Minister regrets to find that in some areas the salaries offered for these posts are inadequate. It appears to him that Local Authorities cannot expect to secure or retain the services of women properly qualified to discharge the important duties attached to the post of Health Visitor unless they offer salaries commensurate with the long and specialised training these women have to undergo in order to fit them for this work."

The present scale, viz. :—£200 per annum rising by annual increments of £15 and a final increment of £5 to a maximum of £280 per annum is below the average in surrounding areas. In view of the frequent changes in the Health Visiting Staff which have taken place in Hendon during recent years and the fact that these officers do their best work when they have the confidence of the parents and children it is desirable to take such steps as may reasonably be necessary to avoid too many changes which are prejudicial to the best interests of the service.

At the present time 13 Health Visitors and the Council's midwife are concerned, and the Committee

RECOMMEND—**That the maximum of the present scale be increased to £300 per annum, as from 1st April, 1937, and that the question of the provision of uniform be referred to the lady members of the Committee for investigation and report.**

Amendment

Before detailed consideration of the motion, the Finance and General Purposes Committee recommend that the following be added

2. That the new maximum of £300 be applied as from 1/4/37 to 5 Health Visitors who reached the maximum of their scale prior to 1st April, 1936.

III. REMISSION OR REDUCTION OF FEES:

Consideration was given to a report suggesting certain alterations and additions to the economic scale adopted in January, 1933 (E.C. Minutes, pages 151/2), in connection with applications for remission or reduction of the undermentioned fees:—

Group 1:—	
Dental Treatment	1/- per annum.
Supply of cod liver oil and milk for undernourished cases	½d. for one-third pint of milk, 8d. for 8 ozs. cod liver oil emulsion.
Group 2:—	
Contributions towards cost of Convalescent Home treatment	5/- per week.
Provision of spectacles	7/6d. maximum cost.
Contribution towards cost of operation for tonsillectomy	10/6d.
Attendance at Child Guidance Clinic	10/6d. initial consultation. 2/6d. subsequent attendance for the purpose of treatment.
Group 3:—	
Orthopædic appliances	Cost according to nature of appliance.
Group 4:—	
Contribution towards cost of orthopædic in-patient treatment	According to financial circumstances.

The existing scale is as follows:—

	Numbers in family.							
	1.	2.	3.	4.	5.	6.	7 and over.	Scale.
Where the net weekly income per head per week after deducting rent and rates does not exceed the figure stated.	12/-	10/-	9/-	8/-	7/-	6/6	6/-	No charge.
	13/6	11/6	10/6	9/6	8/6	8/-	7/6	50 per cent. of charges to be made.

That in all cases where a charge is made for Orthopædic (in-patient) treatment the following scale shall regulate the remission and reduction of fees:—

	Numbers is family.							
	1.	2.	3.	4.	5.	6.	7 and over.	Scale.
Where the net weekly income per head per week after deducting rent and rates does not exceed the figure stated.	12/-	10/-	9/-	8/-	7/-	6/6	6/-	No charge
	13/6	11/6	10/6	9/6	8/6	8/-	7/6	5/- per week
	14/6	12/6	11/6	10/6	9/6	9/-	8/6	6/- per week
	15/6	13/6	12/6	11/6	10/6	10/-	9/6	7/- per week
	Scale to continue with 1/- rests.							Add 1/- for each line in scale

That where applicants are entitled to benefits from Hospital Savings Associations the charge to be made shall be the amount of such benefit from the Association, or the appropriate fee after applying the scale, whichever is the greater.

This will not apply to Tonsillectomy fees in respect of which a composition fee of 7/6d. or 7/- is accepted from Hospital Savings Associations.

The foregoing has now been in operation approximately four years and a revised scale has been formulated after experience of the working of the existing scale, the study of nutritional reports, particularly that of the British Medical Association and as a result of an investigation into the prices of foodstuffs prevailing in the Borough. The latter were found to be approximately 20 per cent. above those given in the British Medical Association's report of 1933 as prevailing in the Country generally.

The following is the suggested new scale which it will be observed provides easement of existing scale in favour of the parent :—

Where the nett weekly income per head of family per week does not exceed the following amounts :—

5.—PROPOSED DAY NURSERY, WATLING ESTATE:

Consideration was given to a report from the Medical Officer in which he intimated that the following action had been taken to ascertain the need for a Day Nursery on the Watling Estate. (P.H. & M.S.C., 7/9/36—3) :—

(i) The Notification of Birth Registers since 1st January, 1932, were searched and particulars of all births occurring on the Watling Estate were extracted.

(ii) Particulars of all notifications of transfer of children under five years of age into the Estate were extracted from the records in the Department.

(iii) A letter was then sent to the mothers of these children stating that an enquiry into the need for the establishment of a Day Nursery was being made and asking them to sign the declaration at the foot of the letter if they had to go out to work. (In this connection 1,026 letters were sent out).

(iv) The Secretary of the Watling Association and the staff at the Health Centre on the Watling Estate were asked to send in the names of any mothers known to them, with children under five years of age, who had to go out to work.

It was finally ascertained that the number of women on the Estate actually found to be going out to work was 35 and of this number 3 intimated that they would not use a Day Nursery and 1 was undecided. With regard to the remaining 31 only 3 were in employment which could be regarded as full time.

The age distribution of the children affected is indicated in the following table and the majority of them are cared for by neighbours and in certain cases by relatives :—

Under 1.	1-2.	2-3.	3-4.	4-5.
3	5	9	8	9

In view of the facts now revealed it would not justify incurring the expense involved in the provision of a Day Nursery on the Watling Estate and the Committee do not therefore propose to recommend the Council to take any further action in the matter.

They are of opinion, however, that the Education Committee should be asked to consider the provision of a Nursery Class at one of the Schools on the Watling Estate for the benefit of the children between the ages of 3 and 5 referred to in the foregoing table, and they

RECOMMEND **accordingly.**

6.—PROPOSED DAY NURSERY, MILL HILL:

Pursuant to the Committee's instruction (7/9/36—4) the Medical Officer reported on his investigation into the necessity for the above Service.

Similar action to that referred to in the previous paragraph has been taken and it appears that only 10 women who reside in various parts of the Ward go out to work.

A communication was reported from Mill Hill Townswomen's Guild intimating that at the present time there is no need for a Day Nursery, but suggesting the reservation of a site for the purpose.

RESOLVED TO RECOMMEND—**That no further action be taken with regard to the provision of a Day Nursery in the Mill Hill Ward.**

7.—CHILD WELFARE CENTRE—EDGWARE:

A report was submitted with regard to the need for an additional session weekly at the temporary Child Welfare Centre at Edgware.

In view of certain information imparted to the Committee they have deferred consideration of the matter until the next meeting and have instructed the Medical Officer to submit a further report thereon.

8.—SHORTHAND TYPIST:

The resignation of Miss C. Wingate has been received on account of her approaching marriage.

RESOLVED TO RECOMMEND—**That an advertisement be issued for a successor in the Typists' Grade at a salary of £80 per annum and that authority be given to the Chairman of the Committee and the Medical Officer to make the appointment.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal—The Chairman of the Finance and General Purposes Committee to be consulted in the making of the appointment.]

9.—NATIONAL MILK PUBLICITY COUNCIL:

Consideration was given to a communication from the above organisation offering to arrange for health talks and simple milk cookery demonstrations free of charge at the Council's Welfare Centres. A synopsis of the lectures was transmitted, together with a list of minor articles required for a cooking demonstration, and it was stated that both services had been much appreciated at various Centres in the Country.

RESOLVED TO RECOMMEND—**That the proposals be approved and that the Medical Officer be authorised to make the necessary arrangements.**

(P.H. & M.S.C., 7/9/36—10). In connection with the enquiry as to whether an addendum might be added to the Scheme setting forth probable increases in the amount of the contributions to existing Associations and the possible increase in the number of Associations the Ministry intimate that it is open to the Council to make additional payment, outside the Scheme, in respect of any future developments in the services provided by the Voluntary Associations but that if desired the Minister would be prepared to consider the question of the approval of an amending scheme when the Council are in a position to submit definite proposals. **Noted.**

(ii) The Ministry forwarded a draft scheme which it is proposed to make under Section 93 of the before mentioned Act as respects the County of Middlesex for increasing sums to be set aside out of the County apportionment in respect of certain districts for the third fixed grant period. A request was made for any observations thereon to be forwarded within a period of one month. The sum to be set aside in respect of the Borough of Hendon is £2,760 as compared with £2,300 in the previous grant period.

Having received the Borough Treasurer's report thereon, it was

RESOLVED—**That the Ministry of Health be informed that the Council has no observations to offer on the draft scheme.**

[*The Finance and General Purposes Committee note the effect of the scheme under Section 93.*]

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

25.—MIDDLESEX COUNTY COUNCIL ACT, 1934:

A communication was reported from the Middlesex County Council enquiring whether the Town Council has considered the question of making Bye-Laws under the following sections of the above Act:—57 (Camping Grounds), 68 (Establishments for Massage or Special Treatment) and 78 (Hairdressers' and Barbers' premises).

With regard to massage, etc., establishments the Council decided on the 28/1/35 (P.H. & M.S.C., 7/1/35—7) on a report from the Medical Officer that no useful purpose would be served by putting the provisions of the Act in relation to such establishments into operation in this district.

In view of similar observations relating to the making of Bye-Laws under the two remaining sections, it was

RESOLVED TO RECOMMEND—**That the Middlesex County Council be informed that the Town Council do not propose to make Bye-Laws under Sections 57, 68 and 78 of the Middlesex County Council Act, 1934.**

The Committee considered the reference from the Works Committee with regard to requiring the owners to take the necessary steps to remove any obstructions in the above watercourse (23/11/36—15). 27.—ISOLATION HOSPITAL:

A suggested rota of visitors for the year 1937 was approved.

28.—CONSULTING SURGEON:

The Committee reviewed the question of the remuneration of 150 guineas per annum agreed with Mr. Trevor Jones for his services as general surgeon and for undertaking in addition the aural work at the Isolation Hospital. After the arrangement had been in operation for a period of six months Mr. Jones asked that the former practice might be restored whereby he was paid a set fee for each operation and consultation and it was agreed to review the matter at the expiration of twelve months. (P.H. and M.S.C., 8/6/36—13 (C)).

The aural work was previously performed by the late Dr. Dan McKenzie, who received a retaining fee of 100 guineas per annum and operations were carried out in accordance with an agreed scale of fees. An arrangement existed, however, whereby in the event of the fees exceeding 100 guineas the retaining fee was increased accordingly.

A statement showing the volume of surgical work performed by Mr. Jones during the preceding year was submitted. It is appreciated that the amount of general surgery at the Isolation Hospital has been steadily increasing and it appears likely that it will continue to do so. In view thereof it was

RESOLVED TO RECOMMEND—

(1) **That an additional payment of fifty guineas be made to Mr. Trevor Jones in respect of the preceding year;**

(2) **That the retaining fee of 150 guineas per annum be continued;**

(3) **That no fees be paid for consultations or visits;**

(4) **That if the total fees in respect of operations calculated on the following basis exceeds the retaining fee of 150 guineas the amount payable shall be increased accordingly :—**

	£	s.	d.
Double Mastoidectomy or Major abdominal operation	15	15	0
Single Mastoidectomy or Major operation, not abdominal	10	10	0
Other surgical procedure depending upon extent of operative interference	5	5	0
or	3	3	0

(5) **That the matter be reviewed at the expiration of twelve months.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal—The arrangements to operate as from 1st January, 1937.*]

1.—REQUISITIONS:

Requisitions amounting to £2,321 6s. 11d. were submitted and **approved.**

2.—STREET TRADING APPLICATION:

Consideration was given to an application from Mr. Joseph Frederick Alder, of 132, Goldbeaters Grove, Burnt Oak, for a licence to sell confectionery from a stall on wheels (length 3 feet, height 6 feet, width 2 feet) at a point on the east side of the carriageway of Crispin Road at its junction with Deansbrook Road, Burnt Oak, from Monday to Saturday, between the hours of 8.30 a.m. and 7.30 p.m. The Committee

RESOLVED TO RECOMMEND—**That the application be granted and a licence issued for the period ending 31st March, 1937.**

3.—STREET ACCIDENTS:

Schedules were submitted giving details of street accidents notified during the months of October and November. During October, 7 fatal and 69 non-fatal accidents occurred, whilst 4 fatal and 100 non-fatal accidents were notified during November. Of the total accidents notified during the two months, 6 fatal and 52 non-fatal occurred on de-controlled roads and 5 fatal and 117 non-fatal on controlled roads.

The Committee propose to give further consideration to the question of street accidents on the basis of a year's statistics.

4.—DEPUTATION RE FOOTBRIDGE—WATLING ESTATE TO EAST ROAD, BURNT OAK:

The Committee received a deputation, consisting of Mr. H. R. Harrison, Mrs. Roblou, Mr. H. O. Sturt and Mr. Winter, from the Local Footbridge Movement. A petition was presented signed on behalf of the Watling Association; Hendon Chamber of Commerce; Burnt Oak Ward, Edgware Ward, and South Stanmore (Harrow) Ward Labour Party; Burnt Oak and Edgware Townswomen's Guild; Burnt Oak, Edgware and Camrose Women's Co-operative Guild, together with 1,119 other signatories, urging the provision of a footbridge over the London Electric Railway at a point approximately half-way between Burnt Oak Station and Deansbrook Road, Edgware, together with the necessary paths to connect the Watling Estate with High Road, Burnt Oak, by way of Littlefield Road and East Road, for the following reasons:—

1. Easier and quicker access to Redhill Hospital and Institution, Schools, the main Edgware Road, Cinema and Shopping Centre.
2. To relieve congestion in Watling Avenue, particularly having regard to the safety of children.

Mr. Harrison (Chairman of the Local Footbridge Movement) and Mrs. Roblou addressed the Committee and amplified the points contained in the petition.

The Deputation having retired, the Committee considered the question and instructed the Borough Surveyor to submit a report on the proposal as soon as possible with an estimate of the approximate cost.

PUBLIC LIGHTING.

5.—FOOTPATH—COLIN GARDENS TO RUSHGROVE AVENUE:

The Borough Surveyor reported on a letter from the Colindale and District Ratepayers' Association urging the lighting of the footpath leading from Colin Gardens to Rushgrove Avenue, and it was

RESOLVED TO RECOMMEND—**That the Association be informed that the question of lighting the footpath is under consideration.**

6.—VIVIAN AVENUE AND COLINDALE AVENUE:,

On consideration of a letter from the Hendon Chamber of Commerce asking that the new lamp standards should be erected in Vivian Avenue and Colindale Avenue, the Committee

RESOLVED TO RECOMMEND—**That the Chamber of Commerce be informed that Vivian Avenue is included in the Council's programme for improved lighting, and that the provision of improved lighting in Colindale Avenue will receive consideration in due course.**

7.—EDGWARE ROAD:

With regard to the lighting of the section of Edgware Road between Edgware Brook and Canons Park Corner, the Borough Surveyor recommended the adoption of "Osira" lighting under the Contract with the North Metropolitan Electric Power Supply Company. The adoption of this system would ensure reasonably uniform lighting along the sections of Edgware Road controlled by the Harrow and Wembley Councils and the section controlled jointly by Harrow and this Council.

RESOLVED TO RECOMMEND—**That the Borough Surveyor be instructed to negotiate with the North Metropolitan Electric Power Supply Company for the adoption of "Osira" lighting on the section of the Edgware Road in question.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

8.—NEW GAS LIGHTING:

The Committee considered a resolution passed by the Hendon Ratepayers' Association complaining of the inadequacy of the new gas lighting and asking to be informed of the average foot candles of the new illumination.

RESOLVED TO RECOMMEND—**That the Borough Surveyor be instructed to supply the Association with the desired information.**

TRAFFIC CONTROL.

9.—NORTHWAY CIRCUS:

The Committee noted a letter from the Ministry of Transport intimating that after consulting the London and Home Counties Traffic Advisory Committee and the Commissioner of Police of the Metropolis it has been decided that the existing "roundabout" traffic arrangements at the junction of Barnet Way, Edgware Way and Watford Way should continue to operate as a permanent traffic feature.

10.—UPHILL GROVE AND LAWRENCE STREET:

A letter was submitted from Mr. Griffiths suggesting the placing of a refuge at the entrance to Uphill Grove at its junction with Lawrence Street, Mill Hill. The road has a very wide entrance and the Borough Surveyor suggests that the more desirable course will be to make the entrance narrower by increasing the width of the footpaths as indicated on the plan submitted.

RESOLVED TO RECOMMEND—**That the suggestion of the Borough Engineer be approved and Mr. Griffiths informed that suitable arrangements will be made when the road is made up.**

11.—WILLIFIELD WAY AND ASMUNS HILL, GARDEN SUBURB:

Consideration was given to a letter from the Ministry of Transport suggesting that the signs at this junction should be altered. It is suggested that Willifield Way should be designated the "Major Road" and the appropriate signs indicating a "Major Road Ahead" fixed in Asmuns Hill and the existing cross road signs in Willifield Way replaced by reflex signs.

The Committee

RESOLVED TO RECOMMEND—**That the suggestions of the Ministry of Transport be approved and the Borough Surveyor authorised to carry out the necessary alterations.**

PEDESTRIAN CROSSINGS.

12.—FINCHLEY ROAD:

The Borough Surveyor reported the receipt of a letter from the Ministry of Transport stating that the Commissioner of Police is not prepared to agree to the placing of a pedestrian crossing in Finchley Road by Child's Way.

RESOLVED TO RECOMMEND—**That the Ministry of Transport be informed that the Council regret the decision and that they be urged to re-consider the matter.**

13.—THE BROADWAY, MILL HILL:

Consideration was given to a suggestion forwarded by the Mill Hill Ratepayers' and Residents' Association that a pedestrian crossing should be placed in the Broadway, Mill Hill, at its junction with Brockenhurst Gardens.

A pedestrian crossing already exists in the Broadway at its junction with Millway and in these circumstances, the Committee

RESOLVED TO RECOMMEND—**That the attention of the Association be directed to the fact that a pedestrian crossing already exists in the vicinity.**

14.—THE BROADWAY, WEST HENDON:

The Committee have deferred consideration of the question of re-siting the position of the pedestrian crossings in the Broadway, West Hendon, at its junction with Station Road, pending the receipt of the suggestions of the representatives of the Hendon Chamber of Commerce who met the Chairman of the Committee on the site.

PARKING FACILITIES.

15.—HODFORD ROAD, GOLDERS GREEN:

The Borough Surveyor reported on a letter from the Ministry of Transport suggesting that the northern section of the parking place in Hodford Road should be limited to two cars instead of five cars as at present. In view of the increased volume of traffic now traversing Hodford Road, the Committee

RESOLVED TO RECOMMEND—**That the suggestion of the Ministry of Transport be approved.**

16.—HIGHFIELD AND TEMPLE FORTUNE:

A letter was submitted from the President of the Golders Green and District Chamber of Commerce asking the Council to consider the provision of car parking facilities at Highfield and Temple Fortune and stating that roads are available for the purpose and that the traders feel it is necessary from a business angle that proper provision should be made.

Beverley Gardens would *prima facie* appear to be suitable for the purpose of providing parking facilities in the vicinity of Highfield, Golders Green Road. The Committee, therefore,

RESOLVED TO RECOMMEND—**That the views of the Golders Green and District Chamber of Commerce be obtained as to the suitability of Beverley Gardens for the purposes of providing parking facilities in the vicinity of Highfield, and that the Chamber of Commerce be asked to indicate the roads they consider suitable to serve Temple Fortune.**

17.—CRICKLEWOOD LANE—BARRIER RAIL:

On the 28th September last (Hi.C., 7/9/36—23) the Council decided, on the suggestion of the London Passenger Transport Board, to erect a barrier rail on the kerb outside the playground gate of All Saints' School, Cricklewood Lane, subject to the Middlesex County Council agreeing to make the appropriate contribution to the cost involved. The Borough Surveyor has submitted a letter from the County Engineer enclosing a letter from the Ministry of Transport from which it appears that if it is desired to obtain a grant towards the erection of a barrier rail a pedestrian crossing should also be provided.

A barrier rail could be provided at small cost, and in these circumstances, the Committee

RESOLVED TO RECOMMEND—**That a barrier rail be provided at the point in question at the cost of the Council, and that the previous resolution of the Council** (Hi.C., 7/9/36—23) **be varied accordingly.**

Amendment

Before detailed consideration of the motion, the Finance and General Purposes Committee recommend:—

That the following words be inserted after the words "cost of the Council":—" and that application be made to the County Council for a grant in this case and on all similar proposals affecting County Roads."

18.—DEANS LANE, DEANSBROOK AND ORANGE HILL ROADS—REFUGES:

In connection with the proposed provision of three refuges at the above junction, two of which will be on District Roads and one on a County Road, the Committee have noted a resolution passed at a meeting of the County Highways Committee on the 2nd December approving the provision of the refuges at an estimated cost of £104 and agreeing to contribute one-third of the balance of the cost after deducting the Ministry of Transport's grant.

19.—NORTH CIRCULAR ROAD AND HENDON WAY—ROUNDABOUT:

Pursuant to the Council's resolution of the 7th December last (Hi.C., 16/11/36—5 (F)) representations were made to the Middlesex County Council urging the removal of the traffic roundabout at the junction of the North Circular Road and Hendon Way, and the provision of traffic light signals, or, alternatively, the construction of a cross-

over. In a letter from the County Council it is suggested that as Hendon Way will become a Trunk Road as from the 1st April next the matter should be referred to the Ministry of Transport.

RESOLVED TO RECOMMEND—**That the Ministry of Transport be urged to take action to improve the traffic conditions at this junction on the lines indicated above.**

PRIVATE STREET WORKS.

20.—LAWRENCE GARDENS, MILL HILL:

The Borough Surveyor reported that the making up of the section of Lawrence Gardens under the control of John Laing & Sons, Ltd., in respect of which they had entered into an Agreement with the Council, was practically completed and he asked for instructions regarding the making up of the section, approximately 200 feet in length, between Highwood Hill and the barrier erected at Messrs. Laing's boundary.

RESOLVED TO RECOMMEND—**That no action be taken regarding the making up of the remaining section of Lawrence Gardens, and that any previous decision of the Council inconsistent with this recommendation be rescinded.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

21.—LINKSIDE, FURSBY AVENUE AND WALMINGTON FOLD, MILL HILL:

Arising out of a letter from Mr. G. Roberts suggesting that Linkside, Mill Hill, should be made up and taken over, the Borough Surveyor reported that development on this estate is practically completed, and he suggested that plans and estimates should be prepared for making up Linkside, Fursby Avenue and Walmington Fold (northern section) under Section 150 of the Public Health Act, 1875.

RESOLVED TO RECOMMEND—**That the suggestion of the Borough Surveyor be approved.**

22.—STONEYFIELDS LANE, EDGWARE:

In connection with the proposal to make up Stoneyfields Lane under Section 150 of the Public Health Act, 1875, a letter was submitted from the Burnham Estates, Ltd., and it was also reported that letters objecting to the proposal had been received from, and on behalf of, frontagers and also solicitors acting for the developers of the land adjoining the road.

The Borough Surveyor reported on the present position in the matter and asked for instructions as to further negotiations.

RESOLVED TO RECOMMEND—**That the report of the Borough Surveyor be approved and that he be instructed to negotiate further on the lines indicated by him to the Committee.**

23.—DEANS DRIVE, EDGWARE:

Steps are being taken by the Council to make up Deans Drive, Edgware, under Section 150 of the Public Health Act, 1875. In this connection a petition has been received from residents in the road urging (i) the provision of grass margins in the footpaths, or, if this is not possible, margins of green asphalt, and (ii) the planting of lime or copper beech trees and that the existing big tree at the top of the road be allowed to remain.

The Borough Surveyor reports that by reason of their width the footpaths do not come within the terms of the Council's resolution regulating the provision of grass margins. In these circumstances, the Committee

RESOLVED TO RECOMMEND—**That the petitioners be informed that it will be possible to lay the margins of the footpaths in green asphalt, and that the planting of trees will be considered at a suitable season after the road has been taken over.**

24.—ACCOMMODATION ROAD REAR OF STATION ROAD, EDGWARE:

Arising out of letters from Mr. Leslie Raymond and the Gas Light & Coke Company urging the making up and taking over of the accommodation road on the north side of Station Road, Edgware, the Committee

RESOLVED—**That the Borough Surveyor be instructed to prepare plans and estimates with a view to the accommodation road in question being made up under Section 150 of the Public Health Act, 1875.**

25.—CRANMER ROAD, EDGWARE:

A letter was submitted from Mr. H. L. T. Gonsalves regarding the condition of Cranmer Road, Edgware. The Borough Surveyor recommended that plans and estimates should be prepared for making up all the remaining roads on this estate which are not covered by agreements.

RESOLVED—**That the Borough Surveyor be instructed to prepare plans and estimates with a view to Windsor Avenue, Lynford Gardens, St. Mary's Road, Beulah Close and Cranmer Road being made up under Section 150 of the Public Health Act, 1875.**

26.—SOUTH SQUARE, GARDEN SUBURB:

On the 7th December last (Hi.C., 16/11/36—6 (B)) the Council decided not to agree to a suggestion put forward by Mr. J. C. S. Soutar that the two small pieces of roadway leading from North Square and South Square to the Free Church and St. Jude's should be made up by the Council at the expense of the Hampstead Garden Suburb Trust and taken over as highways repairable. Further letters have been received from Mr. Soutar asking the Council to re-consider the matter.

RESOLVED TO RECOMMEND—**That the Council adhere to its previous decision.**

27.—AJAX AVENUE, HENDON:

On consideration of a report of the Borough Surveyor arising out of a letter from Mr. J. T. Farrell asking that Ajax Avenue should be made up and taken over, the Committee

RESOLVED—**That the Borough Suveyor be instructed to prepare plans and estimates with a view to the road being made up under Section 150 of the Public Health Act, 1875.**

28.—TENTERDEN GROVE:

A letter was received from Mr. V. A. F. Greenish complaining of the condition of Tenterden Grove and urging the Council to make up and take over the road as a public highway.

On the 26th October last (Hi.C., 5/10/36—5 (E)) the Council decided, having regard to the development at present proceeding and the fact that a number of frontagers owning extensive frontages object to the road being made up at the present time, to defer the question of making up the road pending further development and requests from other frontagers in the road. The Committee, therefore,

RESOLVED TO RECOMMEND—**That Mr. Greenish be so informed.**

29.—ACCOMMODATION ROADS, GOLDERS GREEN:

In connection with the proposal to make up six accommodation roads at Golders Green it will be recalled that at the meeting of the Committee on the 7th September last a communication was considered from the Ministry of Health stating that the Minister was advised that surfacing with concrete or asphalt would be appropriate and he was, therefore, not prepared to issue a loan sanction to enable the works to be executed at the expense of the frontagers on the specification proposed by the Council. It will also be remembered that directions were given for the circumstances which make the use of concrete for the surfacing of the carriageways impracticable to be brought to the notice of the Minister of Health.

A memorandum prepared by the Borough Surveyor was accordingly forwarded to the Ministry of Health and in order to meet the objections raised by the Minister the Borough Surveyor suggested amendments in the specifications for four of the roads as follows :—

(i) Portsdown Avenue to St. George's Road.

This road carries a lesser volume of heavy lorry traffic than the other roads, and assuming that the owner's statement that the road has a good hardcore foundation is correct, it is suggested that the road should be scarified and surfaced with three inches of bituminous macadam, but that the specification for kerbing, channelling and pathway paving should stand.

(ii) Rodborough Road to Hodford Road.

(iii) West Heath Drive to Finchley Road.

(iv) Hodford Road to Armitage Road.

These roads appear to possess concrete foundations, and although they are clearly defective, in some cases there are lengths which might be retained. At present these roads are surfaced with second-hand granite setts which are in poor condition. The Borough Surveyor suggests that the setts should be removed, the concrete made good where defective and refloated to uniform gradients and the whole surfaced with two inches of stone-filled asphalt. In the case of these roads also, the requirements for dealing with the kerbing, channelling and footpaths should remain.

(v) Golders Green Crescent to Hoop Lane.

(vi) Golders Green Road to Hoop Lane.

In the case of these two road, no objections were received to the Council's specification. Both roads are in bad condition, and in these circumstances it was suggested to the Minister of Health that the specification should be allowed to stand as a suitable one for making up roads of this character.

A further letter has now been received from the Ministry of Health arising out of the Borough Surveyor's memorandum, and in order to meet the Department's requirements, the Committee

RESOLVED TO RECOMMEND—**That the memorandum prepared by the Borough Surveyor which has already been forwarded to the Ministry of Health be approved and a copy of this resolution forwarded to the Ministry.**

30.—DEVONSHIRE ROAD, MILL HILL:

An application is at present under consideration by the Minister of Health for consent to the raising of a loan of £16,300 for making up Devonshire Road, Devonshire Crescent, Thornfield Avenue, Abercorn Road, Abercorn Close, Glendor Gardens, Aberdare Gardens and Osborne Gardens, and a Public Inquiry was held into the application on the 22nd October last.

The Council are aware that representations have been made by numerous frontagers of the upper portion of Devonshire Road and also the Hendon Ratepayers' Association urging that the road should be made up in two portions on the ground that certain works have been carried out to the upper section of the road, whereas no works have been carried out to the remaining section. A number of frontagers and a representative of the Hendon Ratepayers' Association also attended the Public Inquiry held by an Inspector of the Ministry of Health and objected to the road being made up as a whole for the reasons indicated.

A letter has now been received from the Ministry of Health transmitting a copy of a letter addressed by the Minister to the Hendon Ratepayers' Association with reference to Devonshire Road, referring to the Association's letter of the 26th October last and stating that the Minister has no authority to interfere at this stage, but that when the works are completed and demand is made for payment of the apportioned expenses, it will be open to the frontagers to appeal to the Minister under Section 268 of the Public Health Act, 1875, on the ground that the Council have acted inequitably in making up the road under one set of notices. The letter further states that if such appeal were made and the Minister found that it was justified, a matter on which he can express no opinion at this stage, he would have power to give relief to the appellants.

The Committee have given further consideration to the matter in the light of the Ministry's letter to the Ratepayers' Association and have come to the conclusion that Devonshire Road should be made up in two sections and steps taken in the first instance to make up the lower section of the road between Holders Hill Road and the barrier. This will necessitate the withdrawal of Devonshire Road from the group of roads in respect of which application for loan sanction has already been made to the Minister of Health, and the Borough Surveyor points out that the course proposed to be adopted makes it desirable that the making up of Devonshire Crescent and Aberdare Gardens should also be postponed and the roads withdrawn from the group.

RESOLVED TO RECOMMEND—

(*a*) **That Devonshire Road, Devonshire Crescent and Aberdare Gardens be deleted from the group of roads in respect of which application for loan sanction to enable private improvement works to be carried out has already been made to the Minister of Health, and that the notices under Section 150 of the Public Health Act, 1875, served on the frontagers of the roads mentioned, be withdrawn;**

(*b*) **That a revised application be made to the Minister of Health for consent to the borrowing of the sum of £7,037 for a period not exceeding seven years for making up the remaining roads in the group, and that the resolution passed by the Council on the 24th February, 1936** (Hi.C., 3/2/36—3 (J)), **be varied accordingly.**

(*c*) **That the Borough Surveyor be instructed to prepare and submit plans and estimates for making up the lower section of Devonshire Road, between Holders Hill Road and the barrier.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

31.—WESTCROFT HOUSING ESTATE—TAKING OVER ROADS:

On the 27th January, 1936, the Council on the application of the Hampstead Metropolitan Borough Council decided that they would be prepared to take over the roads on the Westcroft Housing Estate subject to the removal of the barrier between Westbere Road and Lichfield Road and to the roads being made up and completed to the Council's satisfaction.

The Hampstead Council considered that the removal of the barrier would result in an increase in the traffic along Westbere Road with possible danger to users of the highway. They, therefore, proposed the making of an Order to prohibit the driving of heavy vehicles along Westbere Road, and suggested that this Council should make a similar Order in respect of Lichfield Road, but the Council were not prepared to agree to the proposal.

A letter has now been received from the Hampstead Council stating that instructions have been given for the removal of the barrier and enquiring whether the Council will take over the roads. The Committee have instructed the Borough Surveyor to submit a report on the matter to the next meeting.

32.—HENDON WAY—SPEED LIMIT:

Pursuant to the Council's instructions further consideration was given to the question of the imposition of the 30 m.p.h. speed limit along Hendon Way. Correspondence was also submitted from the Golders Green Estate Ratepayers' Association expressing the view that the Council had not sufficiently pursued the matter with the Ministry of Transport. In a letter to the Association the Ministry of Transport state that on further consideration it is not proposed for the time being to pursue the suggestion that pedestrian operated signals should be erected at the junction of Hendon Way and Wessex Gardens. With this the Association agree, but express the view that such signals should be provided at the junction of Hendon Way and Pennine Drive.

It will be recalled that representations were made to the Ministry of Transport urging the imposition of the 30 m.p.h. speed limit along the whole length of the Watford Bye-Pass Road within the Borough, but that the Ministry, after keeping the road under observation, replied that the Minister was advised that no facts had been brought to light which would justify the application of the speed limit and that in these circumstances he regretted he could not see his way to impose the suggested limit.

It is pointed out that the installation at the junction of Hendon Way and Wessex Gardens of light control signals capable of operation by pedestrians was included in the proposals which the Ministry stated had been formulated for making the road safer for all road users. It would now appear that the Ministry do not propose to proceed with their erection at the present time.

After full consideration of the whole question the Committee have no recommendation to make, but call attention to the fact that during the months of October and November, 122 accidents occurred on controlled roads (*i.e.*, roads subject to the 30 m.p.h. speed limit) and 58 on de-controlled roads (*i.e.*, roads not subject to the speed limit).

33.—THE BURROUGHS CROSS ROADS—RECONSTRUCTION:

War Memorial Site.

A letter was submitted from the Hendon Ratepayers' Association transmitting the following resolution passed at a meeting of the Association on the 18th November last:—

> "*That it has been brought to the notice of this Association that a new scheme for the bifurcation of Watford Way, which would involve the re-siting of the War Memorial, has been submitted to the Hendon Borough Council.*
>
> *This meeting wishes to call attention to a resolution passed on June 5th, 1936, at a Protest meeting when exception was taken to a scheme affecting the present site of the War Memorial, and this meeting strongly urges the Hendon Borough Council to give full consideration to this point when dealing with the new scheme.*
>
> *We should like to add that in our opinion the safety of pedestrians and motorists at this point, can be adequately safeguarded by a system of track operated signal lights.*"

Letters were also submitted from the Colindale and District Ratepayers' Association and Mr. C. Eccleston, of 5, Sevington Road, Hendon, opposing any scheme which would involve the re-siting of the War Memorial.

RESOLVED TO RECOMMEND—**That the Hendon and Colindale Ratepayers' Associations, respectively, and Mr. Eccleston, be informed that the Council have appointed a deputation to wait upon the Ministry of Transport to urge that the War Memorial shall remain untouched, and that they will be informed when a final decision has been arrived at.**

34.—HENDON WAY AND WATFORD WAY—BIFURCATION:

The following resolution passed at a meeting of the Hendon Ratepayers' Association on the 16th December was received and **noted:—**

"That this Association begs the Hendon Borough Council to urge the appropriate Authority to put in hand at the earliest possible moment, the work necessary to bifurcate Hendon Way and Watford Way with the view of affording a measure of safety to pedestrians in particular, especially when crossing the thoroughfare."

35.—PASSAGE AT REAR OF ROSSLYN MANSIONS, HIGH ROAD, BURNT OAK—SCAVENGING:

On the recommendation of the Finance and General Purposes Committee the Council on the 7th December last referred back the Committee's recommendation relative to the scavenging of the above passageway for further negotiations. (Hi.C., 16/11/36—21). The Borough Surveyor is accordingly negotiating on the lines indicated by the Finance and General Purposes Committee and a further report will be submitted in due course.

36.—BYE-LAW—CYCLING ON PUBLIC FOOTPATHS THROUGH PARKS AND OPEN SPACES:

Pursuant to the Council's instructions the Town Clerk submitted a Good Rule and Government Bye-Law for prohibiting cycling on public footpaths through Parks and Open Spaces. The proposed Bye-Law and the footpaths to which it is suggested the Bye-Law should apply is set out in the Appendix to this report. It will be observed that the subway in course of construction under Watford Way at Mill Hill Park Crossing is excluded from the Bye-Law.

If the proposed Bye-Law is approved by the Council it must be submitted to the Secretary of State accompanied by a map indicating each of the footpaths mentioned in the Schedule and a statement of the grounds on which each of the paths concerned has been included in the Schedule, together with information as to the purpose for which each path is used, what alternative means of communication would be available to cyclists if it were closed to them, and to what extent the paths are used by persons going to and from their work and whether any complaints have been received regarding the use of any of the paths by cyclists.

The proposals must also be brought to the notice of local cycling interests, if any, and a copy of any observations which such interests may make must be forwarded to the Secretary of State.

RESOLVED TO RECOMMEND—

(*a*) **That the Bye-Law be approved and the Corporate Seal affixed thereto and to such copies thereof as may be necessary;**

(*b*) **That the Town Clerk be instructed to issue the necessary advertisement of the Council's intention to apply for confirmation of the Bye-Law and to take such further steps as may be necessary to bring the Bye-Law into operation.**

37.—DEANS LANE BRIDGE—RECONSTRUCTION:

On the 16th July, 1934 (Hi.C., 25/6/34—7), the Council approved a revised estimate amounting to £7,100 for reconstructing the Deans Lane Bridge over the London & North Eastern Railway. The Borough Surveyor now reports that amendments made to the scheme by the Railway Company, the Middlesex County Council and the Ministry of Transport have increased the estimate to £7,500 and he asked for approval to the amended figures and authority to re-submit the scheme to the appropriate Authorities.

RESOLVED TO RECOMMEND—**That the revised scheme and estimate amounting to £7,500 be approved and submitted for the approval of the Authorities concerned.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

38.—OAKMEAD GARDENS, EDGWARE, AND HARTLEY AVENUE, MILL HILL:

The Council will remember that arising out of the construction of Northway Circus and Mill Hill Circus application was made to the Middlesex County Council for repayment of the cost of making good damage to the surface and foundations of Oakmead Gardens and Hartley Avenue which the Borough Surveyor estimated at £350 and £500, respectively.

A letter has now been received from the County Council agreeing to pay the sum of £350 in respect of repairs to Oakmead Gardens and £250 in respect of repairs to Hartley Avenue, subject to the Ministry of Transport agreeing to the expenditure being included in the classification grant.

The Borough Surveyor reports that he is in negotiation with the Ministry of Transport on minor points and he hopes to be in a position to put the work in hand at an early date. **Noted.**

[The Finance and General Purposes Committee have noted the report hereon.]

39.—HIGHVIEW GARDENS—EXTENSION:

On the 17th June, 1935 (Hi.C., 20/5/35), the Council approved a proposal for making the connection between the end of Highview Gardens and Hale Lane, over the section which originally formed the water-splash. The work involved the carrying of the roadway over a small piece of land owned by the County Council, whose consent was duly obtained, and the work has been carried out as part of the contract for making up Highview Gardens. The Borough Surveyor reported that he had apportioned the sum of £397 5s. 0d. in respect of the making of the connection and he asked for authority to charge this amount to public highways account.

RESOLVED TO RECOMMEND—**That the sum of £397 5s. 0d. in respect of the making of the connection in question be charged to public highways account.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

40.—NEW ROAD—FRITH LANE TO LULLINGTON GARTH:

The Borough Surveyor reported that work in connection with the construction of the new road from Frith Lane to Lullington Garth was commenced on the 7th December and is proceeding satisfactorily. Turf and soil have been stripped over the area of the road and the construction of the soil and surface water sewers is in progress.

Noted.

41.—CHURCH ROAD—IMPROVEMENT:

The work in connection with the Church Road Improvement was commenced on the 16th November and the roadway excavation and the laying of the kerb on the north side has been completed.

The Borough Surveyor reported that in opening up the roadway it was found that the old surface water drain, which was only three to four feet below the surface, was badly cracked and most of the collars of the pipes were broken. It was therefore necessary to re-lay this surface water drain before the work could be further proceeded with. The authority of the Middlesex County Council was obtained for the work to be done at an estimated cost of £338, but it may be necessary for the cost to be apportioned between the Council and the County Council, based on relative user. **Noted.**

[The Finance and General Purposes Committee have noted the report hereon.]

42.—HERMITAGE LANE AND PLATTS LANE—IMPROVEMENT:

In connection with this improvement scheme, which was commenced on the 7th December, the excavation to the widened section of the carriageway has been completed and the laying of the kerb is in progress. Some delay was caused by the exposure of a considerable length of electric cable. **Noted.**

43.—MILL HILL PARK CROSSING, WATFORD WAY—SUBWAY:

The Borough Surveyor reported that work in connection with the construction of the subway under Watford Way at Mill Hill Park Crossing is proceeding satisfactorily and as rapidly as the confined nature of the operations permit.

44.—BRIDGE OVER DEANS BROOK AT WEST WAY, EDGWARE:

The Borough Surveyor reported that, pursuant to the Council's instructions, the bridge over Deans Brook at West Way, Edgware, had been inspected. He states that whilst the bridge is undoubtedly somewhat narrow, it is perfectly safe.

As a result of the Bill promoted by the London Passenger Transport Board, which is now before Parliament, alterations may be made to the footpath leading to the bridge. In these circumstances the Borough Surveyor suggested that the question of the reconstruction of the bridge should be deferred until a decision on the Bill has been arrived at.

RESOLVED TO RECOMMEND—**That the suggestion of the Borough Surveyor be approved.**

45.—PURCELLS AVENUE AND EDGWAREBURY LANE—FOOTPATH:

A letter was submitted from Mr. G. J. Bowra, of 1, Glendale Avenue, calling attention to the narrowness of the footpath at the junction of Purcells Avenue and Edgwarebury Lane. The Borough Surveyor reported that to widen the footpath would necessitate the acquisition of a part of the garden of a private house, and the Committee are informed that at the present time the traffic would not appear to justify the expense.

Mr. Bowra also suggested the construction of three refuges in Station Road, Edgware, one opposite the Ritz Cinema and one opposite each entrance to the Station, and also the lowering of the kerb for about six feet at the junction of side roads with the main road.

RESOLVED TO RECOMMEND—**That no action be taken in the matters raised in Mr. Bowra's letter.**

46.—COURTLEIGH GARDENS TO BRIDGE LANE—PASSAGEWAY:

The Committee considered a letter from Mr. Maurice Sampson complaining of the condition of the passageway at the end of Courtleigh Gardens connecting with Bridge Lane. The Committee understand that the passageway is vested in Golders, Limited.

RESOLVED TO RECOMMEND—**That Mill Hill Homesteads, Limited, be informed that the Council will be prepared to accept the offer on the terms indicated, when the road is made up.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

On the report of the Borough Surveyor regarding the conveyance to the Council by Mr. F. Howkins of a piece of land for highway improvement purposes at the junction of Edgwarebury Lane and Station Road, Edgware, the Committee

RESOLVED TO RECOMMEND—

(*b*) **That the Corporate Seal be affixed to the agreement in due course.**

With a view to facilitating highway repairs the Borough Surveyor suggested that the eleven remaining road watering posts in the area of the Metropolitan Water Board should be removed and authority given to take from the Board a sufficient number of portable metered stand posts which can be attached to any hydrant in the area. The Committee are informed that this procedure will reduce transport costs and eliminate meter rents for the stand-posts. They accordingly

A letter has now been received from the Hampstead Garden Suburb Residents' Association transmitting a copy of a letter sent by the Association to the Middlesex County Council setting out details of the action taken in 1932 as a result of which, in deference to the wishes of the Association, the proposals of the predecessors of the London Passenger Transport Board to extend a single-deck 'bus service from Muswell Hill through the Garden Suburb to Golders Green Station were abandoned.

The Association state that no appreciable change of opinion in the Suburb has been discovered which would justify a reversal of the policy approved in 1932, but that a meeting of the Association would be held on the 6th January and a further communication addressed to the County Council. In the meantime, however, they requested the Sub-Committee of the County Council to consider the points contained in their letter in conjunction with the suggestion for the provision of a single-decker 'bus service put forward by this Council. **Noted.**

RESOLVED TO RECOMMEND—**That the application be approved, subject to the following conditions:—**

(i) The site and lay-out of the Fair to be approved by the Borough Surveyor;

(ii) The provision of satisfactory sanitary arrangements.

(iii) The Fair to close down not later than 10.30 p.m. on Friday, and 11 o'clock p.m. on Saturday;

(iv) The Council to be fully indemnified against any claims arising out of the user and an undertaking given to make good any damage to property.

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

4.—HENDON PARK—BOWLING FACILITIES:

The Committee interviewed Messrs. Gaine, Gray and Ventham, or behalf of the Hendon Oddfellows Club in connection with their application for the provision of a Bowling Green adjacent to the Rose Garden in Hendon Park. The Club had abandoned the use of the Bowling Green at the rear of St. Dunstan's, Sunningfields Road, as it was not a full size green, and it was explained that the name of the Club was to be known in future as The Sunningfields Bowling Club, and had the support of the Hendon Townswomen's Guild and also the Hendon Electric Supply Company's Bowling Club.

The deputation thanked the Committee for being received and then withdrew. (E.P. & A.C., 16/11/36—7).

RESOLVED TO RECOMMEND—**That the Borough Surveyor be instructed to submit a report and estimate of the cost of the provision of a Bowling Green in Hendon Park.**

5.—COPTHALL PLAYING FIELDS—CORONATION MEMORIAL:

Preliminary plans and estimates of costs for the lay-out of the Copthall Playing Fields in accordance with the Schemes approved by the Council at its last meeting, were considered as follows:—

Sports Centre.

The Scheme provides for a sports centre near the eastern boundary of the playing fields and includes a concrete cycle track, 3½ laps to the mile, and a cinder running track, 4 laps to the mile, surrounding the central area in which is provided a football pitch and a general lay-out to cover practically all field events.

The reinforced concrete stand is designed to provide seating accommodation for 850 persons, and extensions may be made at either end of the stand without any constructional difficulties. The space underneath allows for reasonable accommodation for lavatories, general refreshment rooms and stores. The remaining building required is located to the north of the stand and provides dressing accommodation for eighty men and forty women, together with lavatories, baths and washing facilities. Training quarters have also been included, together with club and administrative rooms. Access to the Centre is by means of a concrete road leading off Great North Way at a point practically opposite Sunny Gardens Road, with a surfaced car park adjacent to the entrance.

The approximate cost of this work is as follows:—

	£
Stand	5,500
Dressing Rooms	4,000
Sports Lay-out	7,937
Car Park, Roads and Drainage	4,781
	22,218
10 per cent. Contingencies	2,221
	24,439
Clerk of Works, Cost of Raising Loan, etc.	576
	£25,015

Riding Track.

The Riding Track encircles practically the whole of the playing fields, with the exception of that area to the west of the public footpath connecting Great North Way with Page Street. The length is approximately 2,900 yards and the width 12 feet. A reasonable distance separates the track from the public footpath on the section where it is adjacent thereto.

The estimated cost is £3,850.

General Lay-Out of Playing Fields.

For the lay-out of the playing fields as a whole adequate drainage facilities have been allowed for and it is possible to provide nine football pitches, out of which three would be for rugby, three hockey pitches and four cricket pitches. Three tennis courts have also been included on the level ground adjacent to the entrance from Page Street. The Pavilion has been sited on the northern boundary of the land adjacent to the L. & N.E. Railway and includes adequate dressing, washing and lavatory accommodation. The estimated cost of the complete lay-out, drainage and buildings is £7,100.

The total estimated cost of the proposals as a whole is £35,965.

The Committee are of opinion that the dressing rooms should be nearer to the football pitches and that additional cricket tables might be provided between such pitches. It is felt that the ground should as far as possible be utilised for organised games and the provision of two netball courts and additional cricket pitches is considered desirable.

It is also suggested that enquiries be made of the National Cyclists' Union as to the number of meetings they would hold. (E.P. & A.C., 16/11/36—13).

RESOLVED TO RECOMMEND—**That the Borough Surveyor be instructed to submit a revised scheme incorporating the Committee's suggestions outlined above.**

6.—COPTHALL PLAYING FIELDS—CAMPERS:

The Borough Surveyor reported that two persons are occupying sites in the above estate adjacent to Longfield Avenue and the L. & N.E. Railway boundary.

RESOLVED TO RECOMMEND—**That the matter be referred to the Town Clerk to take any necessary action to secure the removal of the persons in question.**

7.—PROPOSED PLAYING FIELDS, NORTH CIRCULAR ROAD AND CLAREMONT ROAD:

The Committee considered plans and estimates of a proposed lay-out of 21 acres of land allocated for this purpose. (Special Development Committee, 25/9/36 (2)). The Scheme submitted deals with the land as a whole and provision is made for seven football and five cricket pitches. A pavilion with proper dressing, washing and lavatory accommodation is included and also an access road leading from Claremont Road.

The estimated cost of the proposals is as follows:—

	£	£
Dressing Rooms	2,500	
Paths, roads, drainage and fencing	2,635	
		5,135
Contingencies	513	
		5,648
Clerk of Works, cost of raising loan, printing, etc.	250	
		£5,898

The Committee suggest that one additional cricket pitch be provided, and

RESOLVED TO RECOMMEND—

(i) **That the lay-out plan and estimate amounting to £5,898 be approved;**

(ii) **That application be now made to the Minister of Health for consent to the appropriation of the land for the purposes of playing fields, and for sanction to borrow a sum of £5,898 for such period as may be necessary.**

Part of the land comprised in this scheme is now occupied by the Hendon and Cricklewood Rifle Club and the termination of this tenancy will be necessary if and when the consents of the Minister are given and development authorised.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal—The period of the suggested loan being 10 years.]

8.—DAMAGE IN PARKS:

The pavilion in Hendon Park was reported to be damaged by persons unknown, and also the building comprising the shelter and lavatories in West Hendon Recreation Ground was considerably damaged on the night of the 9th ultimo.

Instructions have been given to the Borough Surveyor on the matter.

9.—BOWLING GREENS IN PARKS:

Plans and estimates for the provision of Bowling greens in Edgwarebury Park, Watling Park, Sunny Hill Park and Mill Hill Park were submitted as follows:—

	£
Edgwarebury Park	1,250
Watling Park	1,700
Mill Hill Park	1,630
Sunny Hill Park	1,600

The estimates provide for the necessary excavation work in order to construct the greens on a solid clay foundation, and for all requisite fencing, slopes, paths and drainage. (E.P. & A.C., 16/11/36—6).

RESOLVED TO RECOMMEND—

(i) **That the Borough Surveyor be instructed to proceed with the construction of bowling greens in Mill Hill and Watling Parks at estimated costs of £1,630 and £1,700 respectively;**

(ii) **That the construction of Bowling greens in Edgwarebury and Sunny Hill Parks be undertaken next year.**

Amendment

Before detailed consideration of the motion, the Finance and General Purposes Committee recommend that the following words be added

That application be made to the Minister of Health for sanction to a loan of £3,330 for a period not exceeding 5 years.

10.—MILL HILL BOWLING CLUB:

The Committee considered an application from the Mill Hill Bowling Club for an extension of their licence for a period of one year from the 7th May, 1937. The Club ask for the exclusive use of the green proposed to be constructed, and intimate that they are prepared to enter into early negotiations for a new agreement. They would also like an opportunity for a preliminary discussion on the question of pavilion accommodation and suggest that the removal of the existing pavilion should be avoided.

The present licence which expires on the 6th May next, provides inter alia for the payment of £110 per annum or 30/- per Club Member, whichever shall be the greater.

RESOLVED TO RECOMMEND—

(i) **That the Mill Hill Bowling Club be informed that the Council are prepared to extend the existing licence for a further period of one year;**

(ii) **That no action be taken at the present time with regard to the use of the proposed new green.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

11.—FENCING REAR OF 57, FLOWER LANE, MILL HILL:

A letter from Mr. S. J. Long of Flower Lane was considered together with a report of the Borough Surveyor thereon regarding the nuisance arising from the small bushes and shrubs closely adjacent to the rear fence of his property on the north-west boundary of Mill Hill Park.

When the subway at present under construction is completed much better access will be provided to this smaller section of the Park and from further inspections made it would appear desirable for the shrubbery to be trimmed and put into a tidy condition.

RESOLVED TO RECOMMEND—**That the Borough Surveyor be instructed to arrange for the necessary work to be undertaken.**

12.—ERSKINE HILL, GOLDERS GREEN:

The Borough Surveyor reported that numerous residents had asked whether the Council would be prepared to prune the trees on both sides of the footpath in Erskine Hill, as they darken the houses.

RESOLVED TO RECOMMEND—**That the Borough Surveyor be instructed to arrange for the pruning of the larger trees.**

13.—DEANS LANE EDGWARE:

The Committee considered a report of the Borough Surveyor on a letter from Mr. F. S. Howell of Deans Lane, complaining of the elm tree situate immediately in front of his property and asking the Council either to remove the tree or have it severely lopped. The tree in question is one of a line of six and if removed it would probably be necessary to remove the whole line of trees. The trees were well pollarded at the time of the Deans Lane improvement.

RESOLVED TO RECOMMEND—**That Mr. Howell be informed that the Council are unable to agree to the removal of the tree, but instructions will be given for the trimming of the trees in question.**

14.—BRENT STREET, HENDON:

A letter was considered from Mr. Huntley Wright of Brent Street, together with a report of the Borough Surveyor thereon asking the Council to lop the trees (evergreen oaks) adjacent to his property. The Committee are informed that the cutting back of the trees would probably be detrimental and

RESOLVED TO RECOMMEND—**That Mr. Huntley Wright be so informed.**

15.—EDGWAREBURY PARK CRICKET PITCHES:

The Committee considered the question of the provision of additional cricket pitches in the above park and

RESOLVED TO RECOMMEND—**That the Borough Surveyor be instructed to arrange for the provision of at least two additional cricket pitches in this park to be available for the forthcoming season.**

ALLOTMENTS COMMITTEE.

16.—COLINDALE—DRAINAGE FROM FACTORY:

The Hendon Federation of Allotments Societies complained that certain chemical matter from the adjacent factory had drained on to the allotment ground.

The Borough Surveyor reported that an inspection had been made of the allotments and that the complaint had been remedied. **Noted.**

17.—COLINDALE—LOPPING OF TREE:

The Hendon Federation of Allotments Societies requested the lopping of a tree near the entrance to the allotments.

RESOLVED TO RECOMMEND—**That the Borough Surveyor be instructed to arrange for the lopping of the tree in question.**

18.—MIDLAND BRENT PLOT NO. 7:

The Hendon Federation of Allotments Societies called attention to the fact that a quantity of clinker from the adjacent Destructor Works had accidently been dumped on to plot No. 7.

The Borough Surveyor intimated that the clinker would be removed immediately.

19.—DAWS LANE—FENCING:

The Committee considered a report of the Borough Surveyor regarding the provision of fencing along the Watford Way boundary of the above allotments.

The estimated cost of the provision of wrought iron fencing similar to that erected on the opposite side of the road along the boundary of Mill Hill Park is £200. Alternatively, for chain link fencing the estimated cost is £125. (E.P. & A.C., 16/11/36—17 (B)).

RESOLVED TO RECOMMEND—**That the Borough Surveyor be instructed to arrange for the provision of wrought iron fencing at an estimated cost of £200.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

20.—DAWS LANE—CONVENIENCE:

The Hendon Federation of Allotments Societies requested the provision of a convenience at these allotments. The estimated cost of such provision is £5.

RESOLVED TO RECOMMEND—**That the Borough Surveyor be instructed to arrange for the provision of a convenience at the allotments, subject to the usual conditions regarding maintenance.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

21.—WATLING—DEANSBROOK SECTION—FLOODING:

The Borough Surveyor reported to the effect that the watercourse between Dryfield Road and Deansbrook Road had been cleared and is free from obstruction. It is not possible at the present time to say whether the waterway provided is sufficient and it is suggested that a further report be submitted at a later date (E.P. & A.C., 16/11/36—18). **Noted.**

22.—PROVISION OF ALLOTMENTS:

The Town Clerk reported on the question of procedure under the Allotments Acts regarding the provision of allotments. **Noted.**

23.—ALLOTMENTS COMPETITION:

At the suggestion of the Hendon Federation of Allotment Societies the Committee considered the question of an Allotments Competition in celebration of the Coronation of H.M. King George VI., suitable awards to be given in connection with the Competition.

RESOLVED—**That the matter be referred for consideration by the Special (Coronation Celebrations) Committee.**

9.—CONFERENCE:

A communication was received from the Professional Fire Brigades' Association inviting the Council to appoint delegates to attend the Thirty-fifth Annual Conference and Exhibition to be held at Barrow-in-Furness from the 26th—28th May, 1937.

RESOLVED TO RECOMMEND—**That the Chairman of the Committee (Councillor W. J. Ross, F.A.I.) and the Fire Superintendent be appointed to attend the Conference.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

10.—PAVEMENTS—OVERFLOWING OF WATER:

A communication from the Hendon Ratepayers' Association has been deferred pending a report from the officers on the matter.

11.—GIBBS GREEN TO RIDGEMONT GARDENS, EDGWARE—SURFACE WATER SEWER:

The Borough Surveyor referred to the proposal to make up under Section 150 of the Public Health Act, 1875, the remaining sections of Gibbs Green and Ridgemont Gardens which will complete the carrying out of permanent works in the roads on this Estate, situate between Selvage Lane and Stoneyfields Lane. It was explained that owing to the contours of the ground the run off from these roads during heavy rainfalls is rapid and it had therefore been deemed desirable to link up the surface water drainage system between Gibbs Green and Ridgemont Gardens, thus providing an alternative outlet. The length of the new connection in the unmade portions of the roads would be 76 yards.

An estimate for carrying out the work amounting to the sum of £99 7s. 6d. has been obtained from D. R. Paterson, Ltd., and in the event of the proposals being approved the relief sewer could be provided prior to the commencement of the road works before mentioned.

RESOLVED TO RECOMMEND—**That the proposals be approved and the estimate of D. R. Paterson, Ltd., accepted.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

12.—WENTWORTH ROAD, GOLDERS GREEN—WATERCOURSE:

A communication was submitted from Messrs. Ansell, Roberts & Co., together with a report from the Borough Surveyor thereon. Messrs. Ansell, Roberts are acting for certain residents in Wentworth Road and they enquire whether the Council would be prepared to contribute towards the cost of culverting a section of the above watercourse which runs at the rear of the properties in Wentworth Road and Elmcroft Crescent and between Hoop Lane and Ravenscroft Avenue.

The Committee have deferred consideration of the matter pending a report from the officers.

13.—DOLE STREET, MILL HILL—SURFACE WATER SEWER:

The Borough Surveyor submitted plans and estimates, the latter amounting to the sum of £4,000, for the construction of surface water sewers in a section of Wise Lane and Dole Street, and also in the Town Planning Road between Dole Street and Page Street, to an outlet into the watercourse passing under the London & North Eastern Railway into Copthall Park.

There are no adequate surface water culverts in this area and the scheme is necessary to deal with the discharge from the watershed area north of Wise Lane and also the various watercourses which traverse the Dole Street Housing Site. At this stage it has not been thought necessary to include the section of Milespit Hill to the north of the junction with Wise Lane but an outlet will be provided for this road when development necessitates such a course.

RESOLVED TO RECOMMEND—

(1) **That the plans and estimates be approved;**

(2) **That the Finance and General Purposes Committee be requested to make the necessary financial provision.**

Amendment

Before detailed consideration of the motion, the Finance and General Purposes Committee recommend that No. 2 be deleted and the following substituted:—

Correspondence was also reported from:—

(i) Harrow Urban District Council intimating that they had received a communication from the Local Labour Party asking for a Public Convenience to be provided in the vicinity of Burnt Oak, between the Regent Cinema and the road known as "The Highlands." The whole of the new brick buildings are well in hand and the car park has been constructed. The surfacing will be undertaken towards the completion of the contract. **Noted.**

17.—FITTINGS, ETC.:

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

19.—LINING TO POOL:

RESOLVED TO RECOMMEND—**That the quotation of the Leeds Fireclay Co., Ltd., amounting to the sum of £1,517 4s. 6d., be accepted, and that the Corporate Seal be affixed to the necessary contract.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

20.—PRE-HEATING FACILITIES:

(i) The following tenders for the proposed pre-heating plant were submitted. Two other specialist firms were invited to submit a price but declined to do so owing to pressure of business.

	£ s. d.
Z. D. Berry & Sons, Ltd.	488 10 0
Bastain & Allen, Ltd.	567 0 0

The tender of Z. D. Berry & Sons provides for the use of standard heavy grade oil burners with full automatic control and electric ignition, and if accepted they will undertake service and maintenance at a charge of £6 6s. 0d. per annum, including for two inspections and overhauls.

(ii) Correspondence addressed to the Chairman of the Committee was reported from Hendon Chamber of Commerce urging the Council to reverse their decision and adopt coal firing as they contend it would result in a saving. (W. & F.B.C., 23/11/36—11).

(1) **That the tender of Z. D. Berry & Sons be accepted, and that arrangements be made in due course for service and maintenance;**

(2) **That Hendon Chamber of Commerce be informed that the Council adhere to their previous decision being of opinion that oil firing is the best system.**

21.—JUVENILE ORGANISATIONS COMMITTEE:

An application was submitted from the above Committee asking for permission to hold their annual swimming gala at the West Hendon Pool on Thursday, July 8th, commencing at 6.30 p.m.

RESOLVED TO RECOMMEND—**That the application be granted.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

22.—REFUSE DISPOSAL WORKS:

The Borough Surveyor reported that the quantity of clinker produced at the above works is approaching 5,000 tons per annum and difficulties are encountered with regard to disposal. The whole of the area of the clinker yard at the rear of the works is covered with several thousand tons.

At one time a sale was effected for a very small sum per ton but now it appears it is not possible to dispose of it without making a payment of 1/- per ton over the weighbridge, a sum which is being paid by several local authorities. Despite the fact that clinker is used for the foundations of the majority of the road works undertaken in the district this by no means entirely disposes of it.

It has therefore been deemed advisable to submit a scheme for the installation of a clinker crushing plant, the clinker to be crushed and produced in two grades, viz. :— 1 in. and $\frac{1}{4}$ in. to dust. The approximate quantity of this dust purchased during the last financial year for use in the Highways and Parks Sections was 1,500 yards and by the installation of a crushing plant it is anticipated that the Council's requirements would be catered for with a possibility of a sale for any surplus.

The plant would be operated by electricity with power supplied from the works and the estimated cost of providing the motor, plant, elevator and storage hoppers, together with the required building, is £1,400.

RESOLVED TO RECOMMEND—**That provision of a clinker crushing plant be approved and that the Borough Surveyor obtain tenders therefor and also for the required building to house the plant.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal—The Committee will give due consideration to the financing of the works at a later date.

23.—WELSH HARP RESERVOIR:

In accordance with instructions (W. & F.B.C., 23/11/36—7) the Borough Surveyor submitted a report and plan relating to the area adjacent to Edgware Road, between the Lower Welsh Harp and North Circular Road.

The question arose on the following reference from the Highways Committee, 5/10/36—23.

"*That the Works Committee be requested to open negotiations with the Grand Union Canal Company with the object of making arrangements for the control by the Borough Council and the cultivation of the land at the Edgware Road end of the Welsh Harp Reservoir left dry by permanent lowering of the water level and to prevent such land being used as a dumping ground for rubbish.*"

It has been ascertained that on completion of works at present being undertaken at the western end of the reservoir a permanent normal water level of 127 O.D. will be maintained with a flood level of 129 O.D.

The plan produced indicated the water line which will be maintained by the 127 O.D. level and it was observed that the whole of the area in question will be covered with water.

In the circumstances it appears that no action is necessary under the reference before mentioned, but the Committee had in mind whether it will be possible to maintain the water level in times of drought, and they

RECOMMEND—**That the opinion of the Grand Union Canal Company be obtained on this aspect of the matter.**

24.—RAT DESTRUCTION:

A letter was submitted from the Rat Destruction Officer, Middlesex County Council, pointing out that the contract for rat destruction at the Sewage Works and Destructor Works expired on the 31st ultimo.

From recent inspections it was found that the Sewage Works land was fairly free from infestation, whilst the area around the Destructor Works appeared to be infested. In the circumstances the Borough Surveyor suggested that the contract with the Middlesex County Council should be renewed for a further period of twelve months at a cost of £20.

RESOLVED TO RECOMMEND—**That the suggestion be approved.**

25.—TELEPHONE FACILITIES:

The Borough Surveyor suggested that telephones should be installed at the residence of the driver of the emergency vehicle attached to the Sewers Section in view of the fact that he is required to be available at night and during week ends, and also at the house of a driver of one of the Council cars.

RESOLVED TO RECOMMEND—**That the suggestion be approved and the Town Clerk authorised to enter into the necessary agreement with the Post Office Authorities.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

26.—MEMBERS' ROBES:

The Borough Surveyor reported as to the provision of accommodation for the storage of Members' Robes (referred back at the meeting of the Council held on the 7th December). (W. & F.B.C., 23/11/36—6).

RESOLVED TO RECOMMEND—**That receptacles be provided in the corridor at the rear of the public gallery at a cost not exceeding £30.**

Amendment | The Finance and General Purposes Committee Recommend—That the matter be referred back

27.—SALE OF HAY:

The Borough Surveyor reported that the Council possessed 280 tons of hay and he asked for authority to advertise for tenders for the disposal of 155 tons.

RESOLVED TO RECOMMEND—**That the suggestion be approved.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

Part I.—Old Age Pensions Act, 1936.

1.—CLAIMS, ETC.:

The Committee considered 9 claims, 1 question and 4 appeals. Details of each case and the Committee's decision thereon are recorded in the Local Pensions Minute Book.

2.—CALCULATION OF MEANS;

It was decided to take no action on a letter asking the Committee to support the following resolutions passed by the Finchley Local Pension Committee:—

"(1) *That this Committee learns with regret that the Old Age Pension Act*, 1936, *provides only for the consolidation of the existing law and that, despite representations which have been made from time to time, no provision has been made therein to amend the rates upon which is calculated the annual income for pension purposes, with a view to removing the anomaly created by the present low rates of interest obtainable upon investments*;

(2) *that this Committee calls upon the Lords Commissioners of His Majesty's Treasury to introduce legislation at an early date to remove such anomaly*;

(3) *that a copy of these resolutions be forwarded to the Lords Commissioners of His Majesty's Treasury; to the Member of Parliament for the Division, and to each Local Pension Committee in England and Wales.*"

7.—DOLE STREET HOUSING SCHEME:

It was reported that the Minister of Health had approved the plans for the erection of 140 houses on the Dole Street Site as a first instalment of the Council's proposals for the abatement of overcrowding, but that he would consider an application for loan sanction based on tenders. Advertisements inviting tenders had, therefore, been issued, and these would be considered at the next meeting.

The Borough Surveyor reported that he had considered the suggestions made by the Committee at the last meeting regarding the hot water supply and he was of opinion that the most satisfactory method for adoption in the case of houses of the character proposed is the installation of a small independent boiler in the scullery, by which means a cheap supply of hot water for domestic purposes is provided and also a considerable amount of warmth is contributed to the house in the winter months.

The houses will be wired throughout for electric lighting. Gas will be laid on for a cooker and copper in the scullery, and a gas fire in the second bedroom, except where the room below has a coal fire, in which case it is little more expensive to provide a coal fire. Ordinary open grates will be provided in the living room, first bedroom and in the parlour in the case of the parlour type houses.

The Borough Surveyor also reported that the development of this Estate will render necessary some work for the improvement of Dole Street which is a highway repairable by the inhabitants at large and he proposed, therefore, submitting to the Works and Highways Committees schemes for the drainage and making up of the road.

RESOLVED TO RECOMMEND—**That the report of the Borough Surveyor be approved.**

3.—HOUSING ACT, 1935—OVERCROWDING:

The Town Clerk reported that by virtue of the Housing Act, 1935 (Operation of Overcrowding Provisions) Order No. 4), 1936, made by the Minister of Health on the 22nd December last, the Minister has fixed for this Borough the 1st January, 1937, as the "appointed day" for the purposes of Section 6 of the Housing Act, 1935, and July 1st, 1937, as the "appointed day" 'for the purposes of Sections 3, 4, 8 and 68 of the Act. The dates fixed are in accordance with the representations made to the Minister pursuant to the Council's resolution of the 25th May last. (Hsg.C., 11/5/36—2).

Section 6 of the Act provides for the entry in every rent book or similar document used in relation to a dwellinghouse by or on behalf of the landlord, a summary in the prescribed form of the provisions relating to overcrowding contained in sections two, three and five of the Act and a statement of the permitted number of persons in relation to the house, and prescribes a penalty in the event of a landlord failing to comply with such requirements within 6 months from the appointed day.

Section 3 makes overcrowding an offence after the appointed day, except in the case of a house which is overcrowded on the appointed day, in which case an occupier is not guilty of an offence unless,

(*a*) suitable alternative accommodation is offered to the occupier after the appointed day and he fails to accept; or

(*b*) suitable alternative accommodation is so offered to some person living in the house who is not a member of the occupier's family and whose removal is reasonably practicable in all the circumstances, and the occupier fails to require his removal.

Section 4 gives the Minister of Health, on the representation of the local authority and after consultation with the Central Housing Committee appointed under the Act, power to increase the "permitted number" temporarily to meet exceptional conditions.

Section 8 imposes upon the landlords the duty of giving to the local authority notice of any overcrowding which occurs after the appointed day, whilst Section 68 amends Section six of the 1925 Act with respect to the making and enforcing of Bye-Laws respecting houses intended or used for occupation by the working classes.

In circulars issued by the Ministry of Health attention is drawn to the necessity of ensuring that owners and occupiers are made aware before the appointed days of the dates fixed and of the obligations which follow therefrom, and it is suggested that in addition to press notices and the exhibition of notices in the usual posting places, pamphlets should be obtained or prepared covering the chief points of the overcrowding code and explaining fully points on which difficulty is likely to arise. The Town Clerk has, therefore, asked for authority to issue notices and explanatory pamphlets calling attention to the overcrowding provisions of the Act.

RESOLVED TO RECOMMEND—**That the Town Clerk be authorised to issue such notices and explanatory pamphlets.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

HENDON PLANNING SCHEME NO. 1.

1.—ENDERSLEIGH GARDENS AND PENTLAND CLOSE—FACTORY PREMISES:

REPORT OF SUB-COMMITTEE.

5th January, 1937.

SUB-COMMITTEE:

*Councillor E. Arter, M.C., M.I.A.E. (*Chairman*).

Alderman: *S. H. Egan, J.P.

Councillors: G. H. Hignett, *H. P. Small.

* *denotes Member present.*

REFERENCE: *To inspect the Factory and report.* (*B. & T.P.C.*, 23/11/36—6 *and* 5).

(i). *Endersleigh Gardens, Hendon.*

The Sub-Committee visted the above premises and inspected the factory while the normal manufacturing process was in operation.

It will be recalled that the only complaint now outstanding in respect of this factory relates to smell. The Sub-Committee found that a smell did exist within the building, and was also slightly apparent outside the premises on the east side. They also reviewed the terms of the Interim Development Order in so far as the conditions thereof had not been complied with.

The Sub-Committee whilst they are of opinion that an effective screen of trees should be provided at the rear of the properties in Grove Gardens and also ways and means devised adequately to ventilate the premises to eliminate smell, left the whole matter open for further discussion at the meeting of the Buildings and Town Planning Committee on the 11th instant.

(ii). *Pentland Close, Golders Green.*

The Sub-Committee visited the above premises and inspected the system of ventilation installed in the portion of the building which abuts upon the rear of the houses situate in Pentland Close.

The Sub-Committee found that the noise complained of emanated from the electric fans and was audible from the gardens of the adjacent houses and also from within No. 13, Pentland Close. The Sub-Committee were informed by the representative of the Company that at the present time, the fans are not working after 7.30 p.m.

No decision was arrived at, and the Sub-Committee have left the matter open for further discussion at the meeting of the Buildings and Town Planning Committee to be held on the 11th instant.

The Committee duly considered the report, and

RESOLVED TO RECOMMEND—

(i) **That C. L. Bencard, Limited, be requested to submit for the consideration of the Council, a scheme effectually to deal with the unsatisfied terms of the Interim Development Permission and the ventilation of the premises at Endersleigh Gardens in order to overcome any nuisance from smell;**

(ii) **That the owners of the factory at the rear of Pentland Close be asked to suggest some means of eliminating the noise from the electric fans.**

2.—HAMILTON ROAD—POWER PLANT:

REPORT OF THE SUB-COMMITTEE.

5th January, 1937.

SUB-COMMITTEE

***Councillor E. Arter, M.C., M.I.A.E.** *(Chairman).*

Councillors: ***F. H. Bate, L. Hirshfield, T. Pugh.**

** denotes Member present.*

REFERENCE: *To inspect the Power Plant and report.* (*B. & T.P.C.*, 23/11/36—15).

The Sub-Committee inspected the Electric Power Plant situate at the rear of the houses in Hamilton Road, Golders Green. Anti-vibration foundations have been installed to the Power Plant and the sound is not now ground-borne.

The transformer situate immediately at the rear of the houses in Hamilton Road has now been totally enclosed in sound proof casing and no noise could be found to exist whilst the plant was in operation. The North Metropolitan Electric Power Supply Company propose to enclose the other transformer and when this work has been carried out, the Sub-Committee are satisfied that no nuisance from noise will exist.

The Committee have duly noted the report of the Sub-Committee.

3.—ST. SAVIOUR'S HOMES, BRENT STREET:

The Town Clerk reported on the question of the present use of the buildings in relation to the Hendon Planning Scheme No. 1.

It will be recalled that complaints as to smell have been received from certain adjacent residents. Inspections have been made by the Senior Sanitary Inspector who reports that no nuisance from smell can be found to exist. (B. & T.P.C., 23/11/36—16).

RESOLVED TO RECOMMEND—**That the complainants be informed accordingly.**

4.—GREAT NORTH WAY, HENDON—ACCESS TO PROPOSED FLATS:

The Borough Surveyor reported on a letter from Messrs. E. Boxall & Kempe, Solicitors to Mr. Cowan, referring to the Town Planning Appeal heard by the Ministry of Health on the 20th October, 1936, in connection with the proposed development of land situate at the rear of Great North Way, by the erection of flats.

The Minister in deciding to dismiss the appeal, stated that a carriageway tapering to less than thirteen feet is one which ought not to be approved. The Solicitors to the applicant infer that provided the carriageway is thirteen feet or more, the Minister would consider it adequate and a plan showing an access road having a minimum

width of 13 feet 9 inches is submitted accordingly. The increase in the road has been obtained by taking in the four feet strip which forms the secondary means of access to No. 194, Great North Way.

In view of the fact that the application is based on the interpretation of the Minister's findings, the Committee (B. & T.P.C., 23/11/36—4),

RESOLVED TO RECOMMEND—**That the application be referred to the Minister of Health for his decision in the matter.**

5.—GOLDERS GREEN ROAD—FLATS:

The Committee considered a letter from Economic House Builders, Ltd., together with a report of the Borough Surveyor thereon, regarding the flats in course of construction in Golders Green Road, opposite Woodstock Avenue.

The plan already approved by the Council, comprised four blocks of flats—three blocks of sixteen flats each and one block of nine flats. A plan is now submitted providing for the nine flats to consist of ground and five floors above, the first four floors comprise two flats each, the fifth floor, one flat extending over the whole site of the block and the sixth floor to be used for nine bedrooms for the use of resident maids. The total height of the proposed block is 64 feet to the ridge and would contravene the provisions of Clause 44 of the Hendon Planning Scheme No. 1.

RESOLVED TO RECOMMEND—**That the proposal be disapproved.**

6.—THORNFIELD AVENUE, HENDON:

A letter from Messrs. Johnston Evans, together with a report by the Borough Surveyor, was submitted relating to a piece of land situate between Thornfield Avenue and the Dollis Brook, which is scheduled in the Hendon Planning Scheme No. 1 for acquisition as part of the Riverside Walk.

RESOLVED TO RECOMMEND—**That authority be given to the Borough Surveyor to negotiate with a view to the acquisition of the land in question.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

7.—WAVERLEY GROVE:

The Borough Surveyor asked for authority to purchase a strip of land adjacent to the Dollis Brook, south of Waverley Grove, which is scheduled in the Hendon Planning Scheme No. 1 for acquisition as part of the Riverside Walk.

Terms provisionally agreed are for the Council to pay the sum of £75 for the land and £5 5s. 0d. costs, the Vendors to pay the road charges which have been apportioned on the Waverley Grove frontage. These terms have been approved by the District Valuer.

RESOLVED TO RECOMMEND—**That the Council purchase the land on the above terms and that the Corporate Seal be affixed to any necessary documents.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal—It being understood that the net sum will be paid to the Vendor.]

8.—HOLDERS HILL ROAD AND DEVONSHIRE ROAD—LICENSED PREMISES:

(i) The Committee considered an application from Messrs. Martineau & Reid for consent to the erection of licensed premises on the north-west side of the junction of Holders Hill Road with Devonshire Road. Interim Development Order Permission No. 383 was granted on the 1st February, 1936, and having regard to the provisions of Clause 62 (b) of the Scheme, the Committee are of opinion that the development might properly proceed subject to the conditions previously imposed.

RESOLVED TO RECOMMEND—**That consent be issued containing the same conditions as those in the Interim Development Order with the exception of the time limit.**

(ii) Consideration was given to an application from Mr. E. B. Musman for consent to the erection of licensed premises on the south-west side of the junction of Holders Hill Road with Devonshire Road. An Interim Development Order Permission No. 380, granted on the 30th January, 1936, will shortly expire under the time limit.

Having regard to the terms of Clause 62 (b) of the Scheme, the Committee

RESOLVED TO RECOMMEND—**That consent be issued containing the same conditions as those in the Interim Development Order Permission with the exception of the time limit.**

9.—NAN CLARK'S LANE, MILL HILL:

An application from Dr. Thomson of The Pickett Thomson Research Laboratory was considered regarding a proposal to use the existing stable buildings, subject to minor alterations, for the purposes of a Library and Research Laboratory. The application has been duly advertised in accordance with the provisions of Clause 30 of the Scheme and one objection has been received. Having regard to the isolated position of the site there would not appear to be any objection to the proposal.

RESOLVED TO RECOMMEND—**That consent be given under Clause 28, subject to the following condition:—**

That the buildings to be used for laboratory purposes shall not be extended

10.—24, PARKSIDE, MILL HILL:

The Borough Surveyor asked for authority to vary Consent No. 63, dated 10th December, 1936, by reducing the minimum distance between the boundary and the plot from 1 foot 6 inches to 1 foot.

RESOLVED TO RECOMMEND—**That Consent No. 63 be amended accordingly.**

11.—WHITE LODGE, HALL LANE, HENDON:

An application from Messrs. North & North was considered, for permission to develop the land at the rear of 45, Hall Lane by the erection of eight flats and the conversion of the house known as "White Lodge" into two flats, making ten flats in all. Provision is made for an eighteen feet entrance road, which appears to include eight feet of the road leading to the Aerodrome. In these circumstances, the Committee

RESOLVED TO RECOMMEND—**That the application be deferred, pending the receipt of further information as to the rights of the owner over the Aerodrome Road, and for further details regarding the method of drainage.**

12.—EDGWARE ROAD TO CROSSWAY—LAND ADJACENT TO SILK STREAM:

The Committe considered an application from Messrs. T. Mawson & Sons for the development of the land belonging to The Grand Union Canal Company for light industrial purposes. The land is situate in the valley of the Silk Stream and is included in a residential zone in the Hendon Planning Scheme No. 1. The application has been duly advertised in accordance with the provisions of Clause 30 and a petition has been received from residents of Colin Gardens objecting to the proposed development, as being detrimental to the surrounding property.

The Scheme provides for the area between the Edgware Road and the proposed road to be called "Crossway" to be developed for industrial purposes with a road down the centre and that the land between "Crossway" and Colindeep Lane shall be sold to the Council for open space purposes at a price to be agreed. The land on the west is already developed for industrial purposes and on the east the development is partly industrial and partly residential.

RESOLVED TO RECOMMEND—

(i) **That the applicants be informed that the Council are prepared to give consent under Clause 28 of the Scheme permitting this area to be used for light industrial purposes subject to arrangements being made for dealing with the frontage to the Edgware Road, both in respect of its widening and protection of amenities;**

(ii) **That consent be given under the Restriction of Ribbon Development Act, subject to a satisfactory condition requiring the applicants to make provision for widening the Edgware Road as provided for in the Hendon Planning Scheme No. 1 and for the construction of the necessary crossing required for the new road.**

Amendment

Before detailed consideration of the motion (ii), the Finance and General Purposes Committee recommend that the following words be added

(iii) That any costs incidental to any arrangement for dealing with the frontage to the Edgware Road be recovered from the County Council

13.—RUSHGROVE AVENUE, HENDON—LAND:

An application was submitted from Mr. S. A. S. Yeo for permission to develop the vacant frontage land on the east side of Rushgrove Avenue by the erection of flats built in the form of houses sub-divided into two. It will be recalled that the land at the rear of the houses has been conveyed without consideration to the Council for open space purposes.

It was originally proposed to develop both sides of this road with flats, but an appeal to the Minister against the decision of the Council disapproving this proposal was dismissed.

The applicants propose to erect flats on the east side of the road and do not intend developing the whole of the west side by the erection of houses. The number of flats thus erected will be thirty-six instead of twenty houses originally proposed.

It will be necessary before consent is given for further negotiations to take place regarding the adjustment of boundaries in connection with the Council's open space.

RESOLVED TO RECOMMEND—**That the application be approved in principle, pending further negotiations regarding boundaries.**

14.—NORTH CIRCULAR ROAD AND HENDON WAY—ADVERTISING SIGN:

An application from Solosigns, Ltd., was considered for permission to alter the existing sign at the junction of North Circular Road with Hendon Way.

There would not appear to be any objection to the proposal, and the Committee

RESOLVED TO RECOMMEND—**That the Council authorise the display of the advertisement sign as proposed to be altered, subject to the condition that the period during which such advertisement may be displayed be limited to 3 years (Clause 51).**

15.—ABERCORN ROAD, MILL HILL—FLATS:

The Committee considered an application from Mr. R. G. Cox for permission to erect a house in the form of two flats in Abercorn Road. Having regard to the character of the adjacent property, and that the density of the proposed development appears excessive, the Committee

RESOLVED TO RECOMMEND—**That the application be disapproved.**

16.—LULLINGTON GARTH AND WALMINGTON FOLD—PETROL FILLING STATION:

An application was considered from Messrs. Joshua Baker, Cooke & Standen for consent to the erection of a Petrol Filling Station with showrooms and offices in front, and a repair garage at the rear, on land at the junction of Lullington Garth and Walmington Fold. It will be recalled that under a special agreement, plans for sixteen shops were approved at this road junction.

Notice of the application has been duly advertised in accordance with Clause 30 of the Hendon Planning Scheme No. 1 and a number of objections have been received. Having regard to such objections and to the proximity of the repair garage to residential property, the Committee

RESOLVED TO RECOMMEND—**That the application be disapproved.**

17.—SHAKESPEARE ROAD, MILL HILL:

The Committee considered an application from Messrs. Jarrett & Izod for consent to the erection of a block of five houses on a plot of land fronting Shakespeare Road. Having regard to the excessive density of the proposed development and that the application does not conform to Clause 43 of the Hendon Planning Schem No. 1, the Committee

RESOLVED TO RECOMMEND—**That the application be disapproved (Clauses 36 and 43).**

18.—WATFORD WAY, HENDON—LAND:

An application from Mr. W. F. Thorpe was considered for consent to a proposal to develop a piece of vacant land between houses known as Nos. 305 and 307, Watford Way and the L.M. & S. Railway by the erection of a block of flats. It will be recalled that on a previous occasion it was decided, having regard to the situation of this land, the density of development should not be increased, and the Committee

RESOLVED TO RECOMMEND—**That the application be disapproved accordingly.**

19.—BROADFIELDS AVENUE AND EDGWARE WAY—FLATS:,

Consideration was given to an application from Mr. Arnell for consent to the erection of a block of flats on vacant land on the south side of Edgware Way at its junction with Broadfields Avenue. No indication of the number of flats proposed has be given, and the Committee

RESOLVED TO RECOMMEND—**That the application be disapproved owing to the absence of sufficient particulars to determine the character of development proposed.**

20.—434b, WATFORD WAY, HENDON:

A letter from Messrs. Tayor, Jelf & Co., on behalf of the occupier of the upper flat of the house 434a, Watford Way, was considered, together with a report of the Borough Surveyor thereon. It would appear that since about the 24th October last, the lower flat has been used as a workshop for the purpose of the trade of a dressmaker and that there is no domestic occupation of the premises. Complaint is made of noise on weekdays up to 9.30 p.m. and also to some extent on Sundays. The Committee therefore

RESOLVED TO RECOMMEND—**That the Town Clerk be authorised to serve a notice under Section 13 of the Town & Country Planning Act, 1932, specifying the nature of and the grounds upon which it is proposed to prohibit the present use of the building in question as a contravention of the provisions of the Hendon Planning Scheme No. 1.**

21.—WATFORD WAY AND LAWRENCE STREET—CINEMA:

The Borough Surveyor reported that this proposal was the subject of an appeal to the Minister of Health and an Inquiry held on the 15th December last was adjourned the same day to enable the applicant to submit further proposals designed to meet the Council's objections. The owner of No. 9, Uphill Road withdrew all opposition by agreement with the applicants and the owners of an adjacent block of flats supported the application. The applicants now submit a revised plan showing certain amendments to the Scheme. (Council, 26/10/36—Resolution No. 435).

There would not appear to be any objection to the proposals, and the Committee

RESOLVED TO RECOMMEND—**That consent be granted subject to the following conditions:—**

(i) That the requirements of the Middlesex County Council under the provisions of the Restriction of Ribbon Development Act, 1935, shall be complied with;

(ii) That all plans and elevations shall be to the satisfaction of the Council and shall be similar in all respects to the elevations submitted at the Public Inquiry;

(iii) That a suitable screen of trees shall be planted along the north-east and north-west boundaries of the car park;

(iv) That the use of illuminated signs or neon lighting shall be to the reasonable approval of the Council.

22.—ST. PETER'S OUVROIR, BRENT STREET:

The Town Clerk reported the receipt of a letter from Messrs. Clutton objecting on behalf of their clients, The St. Peter's Community, to the proposed extensions of the adjacent property owned and occupied by Messrs. Tilley Bros. The Borough Surveyor reported that plans in respect of such extensions had already been disapproved, but in the event of the re-submission of the application, the objections would be considered.

RESOLVED TO RECOMMEND—**That Messrs. Cluttons be informed accordingly.**

23.—NO. 1, SHERROCK GARDENS, HENDON:

An application from Mr. W. F. Thorpe was considered for permission to extend the above premises.

RESOLVED TO RECOMMEND—**That consent be given under the provisions of Clause 43 (3) allowing the owner to build up to the boundary of his property.**

24.—BROOK AVENUE, EDGWARE—FLATS:

The Committee considered an application from Greenshaw Ltd., for permission to develop the vacant land at the south-eastern corner of Brook Avenue, by the erection of a block of six flats on two floors. The adjacent site has already been developed for this purpose.

RESOLVED TO RECOMMEND—**That consent be given, subject to the submission of plans and elevations to the Council's approval.**

25.—EDGWARE ROAD, ADJACENT TO THE WELSH HARP (EAST SIDE)—PROPOSED GARAGE, ETC.:

This application from Mr. F. Howkins provides for the erection of a Depot for the repair and servicing of motor cars, together with a petrol filling station on land fronting the Edgware Road between Brent Cottage and the River. The land is within a general zone of the scheme, consent under Clause 28 is not required for the buildings, but permission for the petrol filling station is necessary. There would not appear to be any objection to the proposal and the Committee

RESOLVED TO RECOMMEND—

(i) **That consent be given under Clause 28 subject to the submission of plans and elevations to the Council's approval, further consideration being given to the position of the proposed petrol pumps;**

(ii) **That the application be approved under the Restriction of Ribbon Development Act, 1935, subject to the following conditions:—**

(a) An access road shall be constructed to the Council's satisfaction along the frontage of the site;

(b) The land between the existing boundary of the road and the widening line as laid down in the Hendon Planning Scheme shall be conveyed to the Council and added to the highway.

Amendment

Before detailed consideration of motion (ii) (B), the Finance and General Purposes Committee recommend that the following words be added "subject to the County Council reimbursing any costs involved."

HENDON PLANNING SCHEME NO. 2.

26.—BRENT STREET—LAND:

The Committee considered a letter from Messrs. M. Holmes & Sons, together with a report of the Borough Surveyor thereon regarding the development of a plot of land zoned for Special business purposes in the draft Planning Scheme No. 2 at the junction of Victoria Road and Brent Street at present occupied by a house belonging to the Congregational Church.

If the land is to be developed by the erection of shops and flats, the maximum number which may be erected would appear to be four shops and twelve flats. The flank building line to Victoria Road should not be less than ten feet and if any flats are constructed fronting Victoria Road they should conform to the building line of the adjacent Church Hall.

The Committee also considered an application from Messrs. Phillips & Co., for an Interim Development Order Permission for the development of this land.

RESOLVED TO RECOMMEND—

(i) **That Messrs. Holmes & Son be informed of the Council's requirements regarding the development of land;**

(ii) **That the application of Messrs. Phillips & Co., be disapproved for the following reasons:—**

(a) The proposal does not conform with the building lines to Brent Street and Victoria Road;

(b) The accommodation road at the rear of the shops has no turning space;

(c) The application be disapproved under the Restriction of Ribbon Development Act, as there is no service road in front of the shops.

27.—COUNTY OF LONDON TOWN PLANNING SCHEMES:

The Borough Surveyor reported on a letter from the London County Council giving details of their draft Town Planning Schemes in so far as they are adjacent to the Borough Boundary. There would not appear to be any objection to the proposals. The London County Council has, however, included land adjacent to the Borough in a Special Residential Zone, whereas, the adjoining areas within the Borough are included in Residential Zones in the Council's Scheme.

It is therefore considered desirable and with a view to securing greater control over flat development to alter the zoning of the residential area to special residential in the Hendon Planning Scheme No. 2.

RESOLVED TO RECOMMEND—**That on submission of the Hendon Planning Scheme No. 2 for the approval of the Minister of Health Use Zone I. (Residential) be deleted, and the areas now covered by that Zone (in the draft scheme) be transferred to Use Zone II. (Special Residential) in the final scheme.**

28.—OBJECTIONS AND REPRESENTATIONS:

The Town Clerk reported the receipt of seven objections to the draft of the Hendon Planning Scheme No. 2, six being in respect of the zoning provisions and one of these also concerns the height of buildings. The other objection is from the British Poster Advertising Association against the inclusion of the whole of Zones I. and III. as protected areas in respect of advertisements under Section 47 of the Town and Country Planning Act, 1932.

Letters have also been received from :—

1. The Public Trustee,
2. London Midland & Scottish Railway Company,
3. Mr. M. Edgson,

intimating that certain circumstances have prevented full consideration of the draft Scheme within the prescribed time, and in these cases the time for objections has been extended to the 23rd instant.

The Council must give full opportunity to the objectors to be heard by Members or Officers as they may appoint, and it is therefore suggested that the objections reported, together with such others as may be received by the 23rd instant be referred to the Town Clerk and Borough Surveyor to deal with and to report to the Committee in any case where any variation of the Scheme is suggested.

RESOLVED TO RECOMMEND—**That the above suggestion be approved.**

RESTRICTION OF RIBBON DEVELOPMENT ACT, 1935.

29.—CONSENTS—TIME LIMIT:

The Committee considered a letter from the Clerk of the Middlesex County Council together with a report of the Borough Surveyor thereon intimating that the County Highways Committee had decided to impose a condition on all consents issued under Section 2 of the above Act in the following terms :—

"That this consent shall become void so far as it is applicable to the erection of buildings unless within three years from the date hereof the construction of such buildings has been substantially commenced."

In order that the procedure may be uniform it is suggested that a similar condition should be inserted in consents issued by the Council under the same section of the Act.

RESOLVED TO RECOMMEND—**That the above suggestion be approved.**

30.—"OLD WELSH HARP," EDGWARE ROAD (WEST SIDE)—PROPOSED GARAGE:

In connection with an appeal by Meux Brewery Co., Ltd., to the Minister of Transport against the attachment of a condition to the Council's consent issued under the Restriction of Ribbon Development Act, relating to the dedication of certain land for highway improvements, the Minister has considered the appeal and is unable to uphold the Council's decision in the matter. He has, therefore, made an Order requiring the Council to delete such condition from the Consent and asks to be informed when the Order has been complied with. (Council 7/9/36—Mayor's Recess Report 7 (b)—Application No. A. 5852).

RESOLVED TO RECOMMEND—**That a new consent be issued accordingly, and the Minister of Transport be so informed.**

36.—CONTRAVENTION OF SECTION 27, PUBLIC HEALTH ACTS AMENDMENT ACT, 1907:

37.—ALTERATIONS—282/4, CRICKLEWOOD LANE:

The Committee considered an application from Messrs. Lyons, Israel & Elsom for permission to put a door in the party wall between Nos. 282/4, Cricklewood Lane. Both houses are leased to Dr. Stone by the Middlesex County Council and the alterations are required to increase the accommodation.

There would not appear to be any objection to the proposal.

RESOLVED TO RECOMMEND—**That such application be approved.**

38.—SOIL PIPES—BYE-LAW 81):

Consideration was given to a letter from Turners Asbestos Cement Company asking the Council to allow the Company's asbestos cement pipes to be used for soil pipes under the provisions of the bye-law which allows the use of other suitable material. It would appear that these pipes are now accepted by the majority of the larger Local Authorities as coming under this description.

RESOLVED TO RECOMMEND—**That subject to the pipes conforming to the British standard specification for asbestos pipes, the Council only allow the use of such pipes out of the ground.**

39.—REPEAL OF BYE-LAWS OF THE HENDON RURAL DISTRICT COUNCIL:

The Borough Surveyor reported to the effect that in view of the provisions of the Public Health Act, 1936, the preparation of a new code of bye-laws will be compulsory in all areas, it is therefore suggested that the repeal of the above bye-laws be deferred until the new code is prepared and submitted to the Minister of Health and the Committee

RESOLVED TO RECOMMEND **accordingly.**

41.—ISSUE OF TEMPORARY BUILDING LICENCES:

It will therefore be necessary for this authority to apply to a number of licences (enumerated in the Borough Surveyor's report) issued since the 1st April last, which normally would have been issued for three years but will now expire on the 30th September, 1937.

RESOLVED TO RECOMMEND—**That the necessary authority be given.**

1.—PROPERTY—CHURCH ROAD:

With reference to Item 3 of the Committee's Report of the 30th November whereby the Council gave authority for the purchase of certain freehold property at a sum not exceeding the figure referred to in the Borough Surveyor's report of that date, a further report on the negotiations was submitted intimating that a provisional agreement had been made to purchase, subject to contract, at a price (within the authorised figure)

which had been agreed by the District Valuer and the Vendors. The purchase will accordingly proceed under Section 137 of the Hendon Urban District Council Act, 1929, and the Borough Surveyor has been authorised to enter into negotiation on the possible acquisition of adjoining properties.

The Hendon Ratepayers' Association have requested information on the property concerned above, and the Town Clerk has been directed to suitably reply on the lines indicated.

2.—EDGWARE:

As contemplated in their previous report the Committee have given careful consideration to the possible future development of Edgware consequent on the proposed extension of the Electric Railway.

The present position in the Ward is that with a few minor exceptions the whole of the land south of Edgware Way is developed and the building of houses has, within the last year or eighteen months, commenced on a large scale on the northern side. It is reasonable to assume that a considerable proportion of the land between the Bye-Pass Road and the northern boundary of the Borough will come into development as a result of the Tube extensions.

The Committee have had before them a plan of the northern portion of Edgware showing the various estates, the proposed new roads and permitted development under the Hendon Planning Scheme No. 1. The areas available for development and the Town Planning densities are as follows:—

	Acres.
2 houses to the acre	19.05
4 houses to the acre	46.12
6 houses to the acre	274.12
8 houses to the acre	558.20
10 houses to the acre	3.20
	900.69

It is estimated that on this area some 7,000 houses might ultimately be erected, which would provide an additional population of approximately 30,000.

The Committee are of opinion that the above possibilities should be brought before the appropriate Committees in order that they may have an opportunity of considering their requirements and expressing their views on the reservation of sites for their particular services, and the Committee

RECOMMEND **accordingly.**

In the meantime the Borough Surveyor has been instructed regarding negotiations on certain lands referred to in his report.

3.—MILL HILL:

The Borough Surveyor reported regarding an offer of property at The Ridgeway, Mill Hill, but the Committee **are unable to make any recommendation on the matter.**

Instructions have, however, been given for certain negotiations to proceed on other property in this Ward.

4.—SURPLUS (SEWAGE DISPOSAL) LAND:

A further application was submitted from the Office of Works regarding the purchase of land on the North Circular Road, East of the Greyhound Track (Special (Development) Committee—30/11/36—1 (E)). It is understood that the Department are anxious to acquire a small area for Post Office purposes.

RESOLVED TO RECOMMEND—**That the Office of Works be informed that, subject to the consent of the Minister of Health, the Council will be prepared to sell one acre of the land in question, at a price to be agreed.**

5.—CHILD'S HILL:

Negotiations in respect of property in this Ward have been authorised.

Review.

The Council are reminded that on the recommendation of the Special Committee the following proposals have been approved at the probable cost indicated:—

Probable Cost. £

1,080 **1.—SOUVENIR BOOKS—21,600:**

In this connection the Sub-Committee appointed to consider the "contents" have met the publisher and the outline of the book has been approved.

A letter from the County Council, dated the 1st January, states that it has been decided to present the book "The Crowning of the King and Queen" by Commander Stephen King-Hall to all school children in the County.

It was pointed out to the County Council that the Hendon Borough Council decided as far back as October last to present books and that the production of the book was in hand. A suggestion was also put forward that an alternative souvenir might be presented by the County Council to Hendon children. The County Council are, however, unable to fall in with this suggestion.

RESOLVED—**That the County Council be informed that in the opinion of the Council it is undesirable for two books to be presented, and an enquiry made as to whether they would be prepared to make a grant towards the cost of the book to be presented by the Council.**

350 **2.—J.O.C. MASSED DISPLAYS IN ONE CENTRE:**

Authority has now been given for the use of the Aerodrome on the 15th May for the J.O.C. Displays between 8.30 and 10.30 p.m. and this Committee is proceeding with its arrangements. The consent of the Air Ministry is subject to adequate arrangements for Police Patrols, Fire Precautions and Ambulance Services, **and the Committee have referred such matters to the Borough Surveyor.**

Probable Cost. £

200 **3.—FIREWORKS:**

Having regard to the use of the Aerodrome the Committee propose to seek permission for the fireworks display on that ground and, if given, arrangements be made for one fireworks display at a cost of £200 to be fired at 10 p.m. This would be consistent with the Committee's previous recommendation to the Council.

250 **4.—FLOODLIGHTING:**

The Borough Surveyor has reported that the Electric Lighting and Gas Companies are preparing schemes for the floodlighting of the principal buildings and War Memorials.

700 **5.—DECORATION OF STREETS:**

The Borough Surveyor reports that arrangements have been made for the decoration of the principal Centres of the Borough, as approved.

60 **6.—DRUMHEAD THANKSGIVING SERVICE:**

The Committee have authorised the Mayor to approve all arrangements under this heading.

800 **7.—VOUCHERS—POOR, AGED AND INFIRM, AND UNEMPLOYED:**

In this connection the Watling Association enquired whether the Council would make a grant for a supper and entertainment for old people on the Watling Estate.

By direction of the Mayor, the Association were informed of the intended provision under this heading, and the opinion was expressed that no doubt the Committee would consider any scheme the Association might wish to submit provided it included provision for all falling within the scope of this item.

The Association has, accordingly, submitted their proposals, and the Committee feel that arrangements on somewhat similar lines should operate throughout the Borough.

RESOLVED—**That the Members of the Special Committee representing the various Wards be asked to ascertain the number of aged poor persons (65 years and over) in their respective Wards and to submit within a fortnight proposals as to the organisations in their Wards who might undertake arrangements for a proposed Supper and Entertainment.**

10 **8.—CHURCH BELLS**

— **9.—TELEGRAM AND LOYAL ADDRESS:**

The Association of Municipal Corporations intimates that they propose to present a loyal address on behalf of all constituent Members and that it is understood this course is acceptable to His Majesty.

The County Council also propose to present an address on behalf of the County Council and all Local Authorities in the County containing the Arms of each Authority and enquiry is made as to whether this proposal is acceptable to the Council. This course was adopted on the occasion of the Silver Jubilee of His late Majesty King George V.

Probable Cost. £

In view of these proposals the Committee consider it unnecessary for the Council to submit a Loyal Address. **The estimated cost of £10 has accordingly been deleted.**

20 **10.—DECORATION OF HOSPITAL WARDS AND ENTERTAINMENT OF PATIENTS—ISOLATION HOSPITAL:**

The Committee propose to consult the Medical Officer on the question of arrangements for the entertainment of the Hospital Staff.

— **11.—PROCESSION OF DECORATED VEHICLES:**

It will be remembered that this proposal came from Golders Green and that Chamber, in co-operation with the Hendon and Edgware Chambers, was invited to organise a procession of decorated vehicles. It is understood that the Edgware and the Hendon Chambers have decided against the procession.

RESOLVED—**That the proposal be deleted from the programme.**

— **12.—LAMP STANDARDS, PAINTING:**

The Borough Surveyor reported that the Lighting Companies were proceeding with the re-painting of lamp standards.

— **13.—SPORTS CENTRE, COPTHALL:**

The question of development is before the Estates, Parks and Allotments Committee.

— **14.—KING GEORGE VI. SCHOLARSHIPS:**

This matter was referred to the Education Committee for consideration and report.

The Education Committee (13/10/36) recommended and the Council (26/10/36) approved—the provision of Scholarships of the annual value of £100 (£50 boy—£50 girl) tenable at approved Universities for a period of 3 years, and the following financial provision is to be made in the estimates:—

1937/38	£100
1938/39	£200
1939/40	£300

A scheme for the award of the scholarships approved by the Education Committee will be submitted to the next meeting of the Council.

£3,470 *Amended figure.*

Additional Items.

Consideration of the following items was deferred at the last meeting, but the Committee have now given due consideration thereto, and

RECOMMEND—That the following be approved:—

£	Proposal.	Observations.
1,069	**15.—EDUCATION COMMITTEE AND HEAD TEACHERS' ASSOCIATION:** (i) That a monetary grant, inclusive of the cost of refreshments, be made to each Department (special consideration to be given to small schools) in order that such Department may make its own arrangements for celebrating the Coronation, and that each Head Teacher be required to submit his/her proposals for such celebrations for approval.	(i) Hendon elementary school children number approximately 14,213. Say 14,250 at 1/6 = £1,069. The Head Teachers' proposals are to be submitted for approval to the Special (Coronation Celebrations) Committee. The question of extending this concession to Private Schools was considered by the Committee and it was decided to take no action in the matter. An enquiry has been made of the Middlesex Education Committee as to what they contemplate for Secondary Schools. Upon receipt of the proposals of the County Council the Committee will further consider whether the Secondary Schools should participate in this proposal.
100	(ii) That, after Coronation Day, arrangements be made for free visits by school children to local Cinemas (including cost of transport where necessary) during the morning or mornings, to witness the film of the Coronation Procession and other suitable films.	(ii) Estimated cost of 2d. per child (Seniors and Juniors) in Elementary Schools. Say 12,000 at 2d. = £100. The organisation of these arrangements to be carried out by the Education Committee.
£4,639		

Other Matters.

16.—FETE—CLITTERHOUSE OPEN SPACE:

The Golders Green Estate Ratepayers' Association has now intimated that they do not propose to organise the Fête. **The proposal has, therefore, been deleted from the programme.**

17.—COTTAGES FOR AGED POOR:

The Committee have considered the question of the provision of a number of cottages suitable for housing the aged poor, but they are of opinion that the proposal is impracticable at the present time.

18.—ALLOTMENTS COMPETITION:

The Committee considered the reference from the Estates, Parks and Allotments Committee, 4/1/37—24, with regard to the suggestion of the Hendon Federation of Allotment Societies as to an Allotments Competition in celebration of the Coronation of H.M. King George VI., suitable awards to be given in connection with the Competition, but the Committee have decided to take **no action in the matter.**

10.—OUTDOOR STAFF:

The Council on the 28th October, 1935 (F. & G.P.C., 21/10/35—7 (C)) approved of the grading of the Outdoor Established Staff in Zone 1.A of the Award of the Provincial Joint Industrial Council for Local Authorities Non-Trading Services (Manual Workers) for the County of Middlesex.

The Committee have now considered the question of the application of the same Award to the Non-Established Workmen, Class A. The number of men affected is 185 and the cost of the proposal amounts to £29 2s. 2d. per week or £1,513 12s. 8d. per annum.

The Borough Treasurer and Borough Surveyor in their Joint Report to the Committee on the matter, whilst recommending that the Award be extended to the Non-Established Workmen, urge that the engagement of employees in this category should in future be limited to persons of 45 years of age or under, especially having regard to the improved wages and other conditions of employment, within the terms of the Award, which would justify the Council in expecting a high physical standard in such employees.

The proposed limitation as to age would not, of course, affect any of the present Non-Established Workmen nor apply to any person on the Established Staff.

The recommendation of the Chief Officers has given rise to a review of the present regulations applicable to the Non-Established Staff as regards sick pay and holidays in comparison with the provisions contained in the Award of the Provincial Joint Industrial Council, and the following briefly sets out the position in these matters:—

1.—Sick Pay Provisions.

Present Regulations.

12 working days in one year allowed, at full pay, to established staff and to permanent non-established staff. National Health Benefits deducted.

The amount paid in sick pay in 1935/36 was £783 5s. 8d.

Joint Industrial Council.

To every employee over 16 years of age with at least six months' continuous service, there shall be paid in one year "One half wages for the first five weeks" "of sickness, one-fourth wages for the" "next five weeks of sickness," these payments to be irrespective of National Health Benefits.

2.—Holidays.

Present Regulations.

12 working days in one year to established staff. 6 working days to permanent non-established staff, and statutory holidays.

Joint Industrial Council.

6 days after 12 months' service with an addition of 1 day for each year of service to a maximum of 12 days, and statutory holidays.

The Borough Treasurer also reported on the desirability of altering the existing arrangements for the payment of Workmen, and suggested that the Wages Book should be typewritten and made up to Tuesday in each week. There are over 700 employees on the weekly Wages Book, and under the proposed arrangements an individual record would be prepared for each workman giving particulars of sick and holiday pay, Workmen's Compensation, Superannuation, etc., simultaneously with the compilation of the wages record. In addition, full particulars have to be recorded for the purposes of Income Tax and details supplied to H.M. Inspector of Taxes.

The Committee's attention has been drawn to the basis of calculation of allowances under the Superannuation Scheme, and they have directed the Borough Treasurer to submit a detailed report on this matter at the next meeting.

RESOLVED TO RECOMMEND—

(1) **That as from the week commencing the 24th December last, the grading of the Non-Established Outdoor Staff, Class A, be brought into line with the Established Outdoor Staff under the Award of the Provincial Joint Industrial Council for Local Authorities Non-Trading Services (Manual Workers) for the County of Middlesex;**

(2) **That in future engagement to the Non-Established Outdoor Staff be confined to persons of 45 years of age and under;**

Room 19, Second Floor,
Queen Anne's Chambers,
Tothill Street,
London, S.W. 1.
31st December, 1936.

The Mayor, Aldermen and Burgesses
of the Borough of Hendon.

Gentlemen,

I have to report that the audit of your accounts for the year ended the 31st March, 1936, was completed on the 24th instant.

Valuation of Investments.

The investments held by Superannuation, Insurance and Renewal Funds have been written down to Nominal Value. Subsequently some of the Investments were transferred as between these funds at Nominal Prices. I am of opinion that such transfers amount to sale and purchase as between the funds and should be effected at current market prices. The Treasurer has undertaken to pursue that course in future.

The accounts were well kept, and I desire to express my thanks to the officials for their courtesy and assistance rendered at the audit.

I am, Gentlemen,

Your obedient Servant,

(Signed) O. E. BRIGDEN,
District Auditor.

18.—COPTHALL PLAYING FIELDS—CORONATION MEMORIAL:

At the request of the Mayor, after consultation with the Chairman of the Estates, Parks & Allotments Committee, the revised scheme in connection with the development of the above Playing Fields, together with a report by the Borough Treasurer as to the financial implications, has been submitted to the Committee, but in view of the extensive proposals the Committee feel it is desirable that the revised scheme and the Borough Treasurer's report should first receive the attention of the Estates, Parks and Allotments Committee, and the matter has been referred accordingly.

19.—AIR RAID PRECAUTIONS SUB-COMMITTEE:

REPORT NO. 1.

14th December, 1936.

PRESENT:

His Worship the Mayor (Alderman A. .J Reynolds, J.P.), *in the Chair.*

Aldermen: **C. C. Cartwright, M.B.E., J.P.,** **W. M. Maughan.**

Councillors: **H. G. Potter, J.P., F.S.I.,** **W. J. Ross, F.A.I.**

REFERENCE (Council, 28/9/36 and 30/11/36):—

To consider details arising out of the reports of the Borough Surveyor and the Medical Officer of Health to the Finance and General Purposes Committee, 21/9/36.

REPORT.

The Sub-Committee have as far as possible considered details which arise out of the reports of the officers, and present the following statement as a basis for the preparation of a local scheme.

It is realised that the preparation and co-ordination of a Scheme of this character, specially for a district the size of Hendon in its relationship to the possibility of air raids on the outbreak of hostilities, is a matter of extreme importance and requires a vast amount of time and careful attention. The question may have to be considered as to what extent the time at the disposal of the staff can be utilised for this purpose, but in the meantime the Sub-Committee have left the matter in the hands of the Chief Officers to proceed as expeditiously as possible with such aspects of the organisation as fall within their respective spheres.

The Sub-Committee have authorised the submission of this report to the Mayor with a view to a copy being sent to the County Council during the recess.

Air Raid Precautions.

From the various pamphlets issued by the Air Raid Precautions Department of the Home Office and correspondence received from the County Council, the local scheme (for incorporation in the County Scheme) should include provision for:—

(i) First Aid Posts and Decontamination Centres.
(ii) Treatment of Casualties.
(iii) Fire Fighting Organisation.
(iv) Decontamination of Materials and Vehicles.
(v) Clearance and Repair of Roads.
(vi) Rescue Parties for Persons trapped in Damaged Buildings.
(vii) Demolition of Buildings Rendered Dangerous.
(viii) Emergency Lighting.
(ix) Air Raid Wardens.
(x) Emergency Communications.
(xi) Protection of Persons caught in Streets.
(xii) Protection of Public Buildings.

The County Council have particularly requested that information should be supplied in relation to Items 1 to 8 above, and the following brief outline of the Scheme for these services is proposed:—

(1) Headquarters. The headquarters of the whole organisation will be situated at the Town Hall, The Burroughs, N.W. 4.

(2) First Aid Posts and Decontamination Centres. These posts are to be so placed that no casualty would have to walk more than 1 mile. The premises should as far as possible be splinter and blast proof and for that reason no building of a semi-permanent character is desirable.

The Borough has been surveyed and the following buildings are suggested as most suitable, bearing in mind the type of building and the distribution of the population:—

1. Edgware Council School.
2. Woodcroft Council School.
3. Mill Hill County Girls' School.
4. Algernon Road Council School.
5. Central Hendon Council School.
6. Garden Suburb Council School.
7. St. Michael's Church Hall.
8. Childs Hill Council School.

It will be seen from the map of the district that in certain areas which are sparsely populated a casualty would have to proceed further than a mile to a first aid post, whilst certain of the posts are sufficiently near the boundary to cater, to some extent, for contiguous areas. Finchley has been consulted with the result that the Garden Suburb Council School will, in addition to the requirements in the Hendon portion of the Garden Suburb, cater for the Finchley portion and in return Finchley's First Aid Post in Northside School will provide for the Woodside Park Estate, and another in St. Mary's Church Hall, Finchley, will provide for a portion of the southern section of Mill Hill Ward. It is assumed that the County Council will further consider the question of the utilisation of any centres near the boundary of the Borough by contiguous authorities, and *vice versa*.

It will, of course, be necessary for the Borough Surveyor to prepare the plans to bring these buildings within the requirements of the Home Office for use for the purpose indicated.

The Medical Officer of Health will prepare, in due course, the schedules of materials and equipment required in connection with First Aid Posts and First Aid Rescue Parties to deal with both uncontaminated and contaminated casualties.

(3) Treatment of Casualties (Clearing Station). The County Council will provide base hospitals.

In connection with the provision of a Casualty Clearing Station, hospitals in the area have been reviewed and while the Cottage Hospital, because of its central position, and general surgical equipment has many advantages, the amount of available space for the erection of canvas is very limited, and for that reason, it would probably be better to use the Borough Isolation Hospital as there is ample land available. Moreover, should the incidence of infectious disease be low, it would probably be possible to use certain of the wards, and if need be, selection could be exercised in the type of disease admitted during an emergency, thus making additional accommodation available.

The number of beds to be provided is 110 rising to 130 at the end of the first week of hostilities.

The Medical Officer of Health will prepare, in due course, a list of the necessary equipment stores, etc., required in connection with the Casualty Clearing Station.

(4) Fire Fighting Services. It is proposed to divide the Borough into approximately 14 areas, but the exact number has not yet been determined.

For each of the areas a number of volunteer firemen will be recruited, each squad being under a volunteer officer capable of taking command in time of emergency.

It is estimated that 400 men will be required.

Each area will have to be provided with hand drawn hose carts, fitted with the necessary hose and fire appliances, including the tools, lamps, lifelines, etc. Each area will also require a centre where these hand carts, etc., can be stored.

It will also be necessary to increase the available plant at the two Fire Stations in the District by the provision of some form of light lorry equipped with portable pumps, etc. These could be used to reinforce the efforts of the volunteer detachments where additional assistance was necessary. In all cases the men and plant employed would have to be suitably protected against poison gas. A system of warning all officers in command of detachments directly news was received of an impending air raid would be essential.

A list of equipment required will be prepared by the Borough Surveyor in due course.

(5) Decontamination of Materials and Vehicles.

(6) Clearance and Repair of Roads.

(7) Rescue Parties for Persons trapped in Damaged Buildings.

(8) Demolition of Buildings rendered Dangerous.

These four services might be organised to operate within the same limits as the areas referred to in 4 above. In this case also a competent person will be provided to be in command of the area for the purposes of these particular services and to have at his disposal a squad of volunteers who have been specially trained in these duties. They must also have available the necessary plant, tools and materials in respect of which a schedule of requirements will be prepared by the Borough Surveyor in due course.

Arrangements will have to be made under which individual squads can be reinforced from a Central Depôt and be supplied with special tools or equipment, if necessary.

The number of men required for this purpose needs some consideration, but it is suggested as a basis for calculation that at least eight men properly equipped will be necessary in each area controlled by a volunteer officer (Total 112).

(9) The Provision and Training of Personnel. The personnel required for this organisation is a large one and in recruiting volunteers for the various services questions and potential difficulties arise which may have a serious effect on the efficient operation of this, or indeed any scheme, should the need arise to put it into effect, *e.g.*,

(*a*) age (but it has been suggested that the minimum age for service should be 25) :

(*b*) volunteers must be recruited for service as near their homes as practicable ;

(*c*) should their services be required in the day time it may so happen that their work or place of business is in town ;

(*d*) should hostilities break out would those who have been enrolled and trained for these voluntary services be conscripted or otherwise required for service in the forces.

It is recommended by the Home Office that each First Aid Post should have 124 persons attached to it to allow of two twelve-hour shifts and a duplicate staff for dealing with both sexes. In addition, 60 voluntary workers will be necessary at the Casualty Clearing Station to work under the guidance of the permanent staff and 96 men will be required to act as stretcher bearers which makes a total of 1,140 persons. It will also be necessary to use the professional and lay staff of the Public Health Department for staffing and headquarters and as a nucleus in the Casualty Clearing Station and the First Aid Posts.

It is proposed to ask the local Branches of the British Medical Association, British Red Cross Society and the St. John Ambulance Brigade to appoint representatives to meet the Sub-Committee to consider the questions of voluntary assistance from their respective organisations and also to ascertain what assistance can be given in the training of volunteers. The British Red Cross and the St. John Ambulance Societies have already a number of instructors engaged in training other members of their Associations in Air Raid Precautions generally.

As regards the other services covered in the foregoing, tentative figures as to personnel are given, but these may require revision when a more detailed organisation is prepared.

The Government have established an Anti-Gas School at Falfield in Gloucestershire for the training of instructors in anti-gas precautions. This course lasts for a fortnight and there is an additional course lasting one week for more specialised training in the care of gas casualties.

The Council have already agreed to one of the Engineering Assistants attending this course, and it is now proposed that one of the Sanitary Inspectors should also attend the course on anti-gas precautions.

REPORT NO. 2.

11th January, 1937.

PRESENT:

His Worship the Mayor (Alderman A. J Reynolds, J.P.), *in the Chair.*

Alderman W. M. Maughan.

Councillor W. J. Ross, F.A.I.

(1) PERSONNEL:

Arising out of paragraph (9) of the preceding report the Sub-Committee interviewed representatives of the

Local Branch—British Medical Association,
56th Division, St. John Ambulance Brigade,
115th Division, St. John Ambulance Brigade,
Middlesex Branch—British Red Cross Society,

with a view to ascertaining generally the extent of the co-operation which the Associations can afford towards formulating a satisfactory scheme and in securing its effective working should the necessity arise, and in particular how they can assist—

(*a*) in the provision of personnel (trained and otherwise) for any of the services to be covered by the local scheme, and

(*b*) in arrangements for the training of volunteers for any of the services indicated.

It cannot be said that any of the Associations had any defined lines of assistance to offer, but in all cases assurances were given of the closest co-operation with the Council in the matter. From the discussion it appeared that the Local Branch of British Medical Association and the two St. John Ambulance Brigades might at least be able to provide a small nucleus for the First Aid Posts and Casualty Clearing Station. The St. John Ambulance Brigades and the Middlesex Branch British Red Cross Society would also be able to provide a number of instructors for the training of volunteers in first aid and anti-gas measures.

The difficulties foreseen and referred to in the Sub-Committee's report of the 14th December were also mentioned by the representatives, and in this connection it is proposed to invite an official of the Home Office to meet His Worship the Mayor and the Chief Officers in order that these aspects of the organisation may be discussed.

The representatives were thanked for their attendance and assistance.

(2) PREPARATION OF SCHEME:

The Sub-Committee have considered the various matters involved in the completion of an adequate scheme based upon the outline contained in their report of the 14th December, and in view of the importance and volume of the work entailed they have

RESOLVED TO RECOMMEND—That His Worship the Mayor and the Chairman of the Finance and General Purposes Committee be authorised to approve the engagement of additional temporary staff in the departments of the Borough Surveyor and the Medical Officer of Health in order to expedite the preparation of the departmental detail necessary for incorporation in the Council's Scheme, and that His Worship the Mayor be empowered to call for volunteers and take all necessary preliminary steps.

After careful consideration of the foregoing reports the Committee are of opinion that the preparation of the scheme, organisation, staff recruitment and training, etc., warrant the appointment of a special officer for the purpose, and they accordingly

RECOMMEND—

(i) **That, with the exception of the recommendation under Item 2—Report No. 2, the reports of the Sub-Committee be approved and adopted ;**

(ii) **That His Worship the Mayor and the Chairman of the Finance and General Purposes Committee be authorised to appoint a temporary Air Raid Precautions Officer (salary, Grade B.2—£400 x £20 to £440) and any additional necessary temporary staff, to be responsible in consultation with the Chief Officers of the Council for the preparation of the local scheme and to secure, as far as practicable, satisfactory arrangements for its effective working, should necessity arise.**

20.—UNEMPLOYMENT INSURANCE ACTS:

The Committee have considered a letter from the Ministry of Labour enquiring whether the Council would be prepared to nominate Councillor (Mrs.) M. Thomas as a member of the panel of the Hendon Courts of Referees under Section 41 of the Unemployment Insurance Act, 1935.

RESOLVED TO RECOMMEND—**That the appointment of Councillor (Mrs.) M. Thomas as the nominee of the Hendon Borough Council be approved.**

21.—SHOPS—SUNDAY TRADING:

The following resolution of the Hendon Ratepayers' Association was submitted :—

RESOLVED TO RECOMMEND—**That the Town Clerk be authorised to inform the Association of the provisions of the Retail Meat Dealers' Shops (Sunday Closing) Act, 1936, and the Shops (Sunday Trading Restriction) Act, 1936.**

2.—EDUCATION ACT, 1936:

Board of Education Circular 1452, was submitted, being suggestions for Procedure with regard to Grants for Non-Provided Schools under Education Act, 1936, Sections 8—11. The Circular points out that it will be necessary for Bodies of Managers of existing schools and Promoters of new schools who intend to apply for grants to take **immediate steps** to consult their Diocesan Authorities and other interested parties before submitting their proposals finally to the Education Authority, since it is imperative that the approval of the Board of Education should be obtained and that the final agreements under Section 8 (1) of the Act between the Proposers and the Authority should be signed and the work actually put in hand at a date which would permit of the completion of the work not later than the 31st August, 1940.

Board of Education Administrative Memorandum No. 157 in connection with the above was also submitted.

RESOLVED TO RECOMMEND—

(*a*) **THAT the Education Authority agree to receive and consider proposals, submitted in accordance with Section 8 of the Education Act, 1936, for the provision of new voluntary schools for senior children or for the enlargement or improvement of existing voluntary schools to provide for senior children.**

(*b*) **THAT all such proposals shall be submitted by the Managers of Non-Provided Schools as soon as possible and in no case later than February 28th, 1938.**

(*c*) (i) **Grants for new Voluntary Senior Schools.**

THAT in approved cases, where the Education Authority are satisfied that the plans for the proposed new voluntary senior school conform to a satisfactory standard, the Authority shall make to the Proposers to be applied towards paying for the agreed proposals a grant equal to 75 per cent. of the total recognised cost determined in accordance with the provisions of the agreement entered into between the Authority and the Proposers.

(ii) **Grants for Enlargements or Improvements to existing Voluntary Schools.**

THAT in approved cases, in respect of the enlargement or improvement of an existing voluntary school for the benefit of senior children, the Authority shall make to the Managers to be applied towards paying for the approved works a grant equal to one-half or three-quarters or whatever intermediate proportion is agreed, of the total recognised cost determined in accordance with the provisions of the agreement entered into between the Authority and the Managers.

(*d*) **Building Grant Agreement.**

THAT Model Draft A for cases of enlargement and improvement under Education Act, 1936, Section 8 (1) (a) and Model Draft B for cases of new senior schools under Section 8 (1) (b), both of which are appended to the Board of Education Circular 1452, be adopted by the Education Authority as a basis, adapted as occasion may require, for the form of Building Grant Agreement to be entered into between Managers or Proposers and this Authority.

(*e*) **Reserved Teachers.**

THAT, where a Building Grant Agreement is entered into, the Head Teacher of the school for the time being shall be regarded as a "Reserved Teacher" for the purposes of the Act, and in the case of Assistant Teachers for the time being employed in the school the number of

"Reserved" and Non-Reserved" Teachers respectively shall as far as possible be in the proportion that the number of children of the particular religious denomination bears to the number of children of other denominations in attendance at the school, and that a clause shall be inserted in each Building Grant Agreement to provide that if subsequently a change occurs in the proportion of the pupils any necessary consequential change in the proportion between "Reserved" and "Non-Reserved" Teachers shall be adjusted as and when a vacancy occurs on the Assistant Staff.

NOTE.—Under Education Act, 1936, Section 9 (1) (a), a Building Grant Agreement may contain a provision with respect to the employment or continued employment to such an extent and in such posts as may be specified in the Agreement of teachers fit and competent to give religious instruction in accordance with the provisions of Education Act, 1921, Section 29 (5) (c). These teachers are designated "Reserved Teachers," and before appointing such teachers the Authority shall consult the Managers and unless the Managers are satisfied as to the teacher's fitness and competence to give religious instruction in accordance with the above-named section of the Education Act, 1921, the Authority shall not appoint them "Reserved Teachers."

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposals.]

II. DEFECTIVE CASES :

(i) F.H.W., CHILD'S HILL :

RESOLVED TO RECOMMEND—That arrangements be made for the admission of the child referred to above to the Special School for Educable Mentally Defective Children at Finchley.

(ii) J.H., BURNT OAK :

Consideration was given to a report from the School Medical Officer with regard to the above child who was a patient in the University College Hospital from the 8th December, 1936, to 15th January, 1937. Arrangements were made as a matter of urgency for the child to be admitted on the 15th January to St. Gabriel's Children's Home, Westgate-on-Sea, for a period of eight weeks' convalescent treatment and the Hospital Authorities ask the Council to accept financial responsibility for the cost of maintenance at the Home at 28/- weekly.

RESOLVED TO RECOMMEND—That the Council agree to accept responsibility accordingly.

(iii) R.S.S., N.W.2; A.M., BURNT OAK :

A report was submitted with regard to an examination of the above children.

RESOLVED TO RECOMMEND—That arrangements be made in both cases for the children to obtain three months' convalescent treatment.

III. FREE MEALS FOR ELEMENTARY SCHOOL CHILDREN :

Consideration was given to a report from the School Medical Officer arising out of the communication from the Watling Association asking for the provision of free meals for school children whose parents are dependent upon the Unemployment Assistance Board. (E.C., 24/11/36—Page 63—III). A further letter was reported from the Watling Association.

A nutritional survey has been made of children attending public elementary schools on the Watling Estate where the father is unemployed. The necessary data for the survey was obtained through the Labour Exchange and Relieving Officer, facilities being granted for an officer from the Public Health Department to extract the names and addresses of all unemployed persons with dependent children attending public elementary schools, the number of children being 213. The Medical record card was then examined and a letter transmitted to the parents inviting them to bring their children to the Health Centre for a Special Medical Examination.

The School Medical Officer stated that the assessment of the nutritional condition of a child is one of considerable difficulty as there is no fixed standard on which an opinion can be based and it is not sufficient to rely upon any one factor such as height or weight. In the view of the School Medical Officer the position is well summarised in the annual report of the Chief Medical Officer of the Board of Education for the year 1935, in which is stated :—

"The main issue is to estimate the general well-being of the child. Such general assessment cannot as a rule be based upon any single criterion such as any ratio of age, sex, height and weight, but should also have regard to other data derived from clinical observations ; for example, the general appearance, facies, carriage, posture ; the condition of the mucuous membranes ; the tone

and functioning of the muscular system ;and the amount of subcutaneous fat. An alert, cheerful child, with brignt eyes and a good colour, may usually be accepted as well-nourished without demur. On the other hand, a child who appears dull, listless and tired, who has a muddy complexion or stands slackly, is at once under suspicion, and should be further examined. Too much reliance on a single sign may lead to error. Carious teeth and other local defects should not in themselves be regarded as evidence of faulty nutrition. It is the general impression which decides the issue."

In the estimation of the nutritional condition of the children concerned the widest view was taken and any child in any way showing signs of a departure from normal, was included in the slightly sub-normal group. It was pointed out, however, that it must not be imagined that children relegated to this group are suffering from gross signs of malnutrition, nor does it follow that insufficient diet is the only contributory factor involved, other factors such as recent acute illness, insufficient sleep, very rapid growth, worry over school work all play their part.

The result of the survey is shown in the following table :—

No. of children involved.	No. of children inspected.	Excellent.	Normal.	Slightly sub-normal.	Bad.	Failed to attend.
213	186	19	135	30	2	27

It was pointed out that instructions have previously been given to all persons engaged in work amongst school children to report to the School Medical Officer any case of suspected sub-nutrition. All such children are carefully examined and the appropriate recommendation made for additional nourishment in the form of milk or cod liver oil and in certain more severe cases convalescent treatment.

The School Medical Officer concluded by stating that should a nutritional survey of the whole school population be desired it would be necessary to engage additional temporary staff.

Arising out of the report of the School Medical Officer a suggestion was made for a nutritional survey of the children attending The Hyde and Childs Hill Schools.

Having fully considered the matter, it was

RESOLVED TO RECOMMEND—

(1) **That no action be taken in connection with the provision of free meals for children attending the public elementary schools on the Watling Estate and that the Watling Association be informed accordingly ;**

(2) **That with regard to the slightly sub-normal and bad cases referred to in the foregoing table, a further report thereon be submitted at the expiration of a period of three months ;**

(3) **That the School Medical Officer arrange for a nutritional survey of children attending The Hyde and Childs Hill Schools on the lines indicated in Board of Education Circular No. 1443.**

IV. DENTAL ATTENDANT :

In March, 1936 (E.C. Minutes, page 331), approval was given to the appointment of two Dental Attendants (women) to assist the Dental Officers and thus relieve the Health Visitors of this type of work. The School Medical Officer stated that the appointments, the first of this character, had proved completely satisfactory, the attendants having carried out their duties in a very efficient manner.

In view of the fact that there are now three full-time Dental Officers which necessitated one of the Health Visitors reverting to the practice of assisting with the dental work the School Medical Officer suggested the appointment of a further Attendant for which approval has already been provisionally obtained. (P.H. & M.S.C., 7/9/36—Page 833).

RESOLVED TO RECOMMEND—**That an additional Dental Attendant be appointed at the salary previously approved, viz. :—£110 per annum, rising by annual increments of £10 to a maximum of £150.**

Amendment

Before detailed consideration of the motion, the Finance and General Purposes Committee whilst concurring in the proposal Recommend—

That application be made to the Minister of Health for approval to the establishment of a further designated post of Dental Attendant.

V. HEALTH VISITORS AND SCHOOL NURSES—UNIFORM:

The Lady Members of the Committee reported that they had interviewed the Health Visitors who were unanimously in favour of the provision of uniform. (E.C., 12/1/37—Page 188).

It was therefore recommended:—

(1) That uniform be provided including a mackintosh, for which quotations were being obtained;

(2) That a detachable enamel badge of the Borough Coat of Arms and the initials H.B.C. be provided.

Quotations for uniforms were subsequently considered and that of E. & R. Garrould, Ltd., of Edgware Road, recommended for acceptance.

RESOLVED TO RECOMMEND—

(1) **That the report of the Lady Members be approved;**

(2) **That uniform be purchased by the Council from E. & R. Garrould, Ltd., Edgware Road, at a cost not to exceed £10 10s. 0d. each;**

(3) **That renewals be included in the Medical Officer's requisition.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposals.]

VI. INVESTIGATION INTO MIDDLE EAR DISEASE AMONGST SCHOOL CHILDREN:

A communication was reported from the Board of Education with regard to the proposed contribution of £50 towards the Scheme for holiday treatment, intimating that they were unable to approve the expenditure for grant under their Special Services Regulations. (E.C., 24/11/36—Page 64). **Noted.**

VII. MENTALLY DEFECTIVE CHILDREN:

A communication was reported from the National Union of Teachers with the following resolution:—

"That in all examinations for the ascertainment of mentally defective children, provision should be made for the attendance of and consultation with the Head Teachers concerned."

The Union stated that School Medical Officers had shown a not unnatural reluctance to certify children as mentally defective unless defect other than that of an educational character is clearly indicated. They considered, therefore, that the presence of the Head Teacher would assist the School Medical Officer to discover facts about social behaviour and habits. Further it was contended that the Head Teacher of the Special School to which the child may be sent would be able to say if the facilities available would be beneficial.

The Union feel that the adoption of their suggestion would aid the work of the teacher and the School Medical Service.

The matter has been referred to the School Medical Officer for reply on the lines indicated.

VIII. REQUISITIONS:

Requisitions amounting to the sum of £42 6s. 4d., were submitted and **approved.**

Moved by Councillor Gilpin, seconded by Alderman Copestake, and RESOLVED—

THAT the foregoing extract from the Report of the Public Health and Medical Services Committee be approved and adopted.

DEFECTIVE CASE, D.V., 1/10/22:

It was reported that the parents of this boy moved into the Hendon area on 30/1/37. The London County Council now ask the Education Committee to accept financial responsibility for the boy's education and maintenance at the Anerley Residential Deaf School as from that date.

RESOLVED—

THAT the Education Committee accept financial responsibility for this case as from 30/1/37.

SCHOOL ACCOMMODATION, BROADFIELDS ESTATE:

Moved by Councillor Gilpin, seconded by Councillor Curton, and RESOLVED—

THAT, pending the construction of the proposed new elementary school on the Broadfields Estate, the Director of Education be requested to explore the possibility of relieving the overcrowded conditions in the existing Edgware School by securing temporary accommodation north of Edgware Way, and to submit a comprehensive report thereon to the appropriate Sub-Committees.

HENDON COTTAGE HOSPITAL—ANNUAL FETE:

An application was submitted from the Honorary Secretary to the Fête Committee for the use of the Burroughs Playing Field on Saturday, 5th June, 1937, for the purpose of holding the annual fête in aid of the funds of the above-named Hospital.

RESOLVED—

THAT the application be granted, free of charge, subject to the usual safeguards, and that the arrangements in connection therewith be referred to the Borough Surveyor and the Director of Education, with power to act.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

Part I.—Medical Services.

1.—STATISTICAL INFORMATION:

Information as to Maternity and Child Welfare Services and attendances at Health Centres was submitted for the four weeks ended on the 23rd January, 1937, see statistical tables. (Appendix to the report of the Finance and General Purposes Committee, page 9).

2.—FOSTER CHILDREN:

The Committee considered applications under the Children and Young Persons Act, 1932, from Mrs. S. and Mrs. A., Mill Hill, for permission to each take a foster child under the age of 9 years for reward.

RESOLVED TO RECOMMEND—**That the maximum number of children under the age of 9 years that may be kept at each of the premises in question be fixed at one.**

3.—DENTAL ATTENDANT:

In March, 1936 (P.H. & M.S.C., page 337—5), approval was given to the appointment of two Dental Attendants (women) to assist the Dental Officers and thus relieve the Health Visitors of this type of work. The Medical Officer stated that the appointments, the first of this character, had proved completely satisfactory, the attendants having carried out their duties in a very efficient manner.

In view of the fact that there are now three full-time Dental Officers which necessitates one of the Health Visitors reverting to the practice of assisting with the dental work the Medical Officer suggested the appointment of a further Attendant, for which approval has already been provisionally obtained. (P.H. & M.S.C., 7/9/36—page 833).

RESOLVED TO RECOMMEND—**That an additional Dental Attendant be appointed at the salary previously approved, viz.:—£110 per annum rising by annual increments of £10 to a maximum of £150.**

Amendment

Before detailed consideration of the motion, the Finance and General Purposes Committee whilst concurring in the proposal (Recommend—

That application be made to the Minister of Health for approval to the establishment of a further designated post of Dental Attendant.

4.—HEALTH VISITORS AND SCHOOL NURSES—UNIFORM:

The Lady Members of the Committee reported that they had interviewed the Health Visitors who were unanimously in favour of the provision of uniform. (P.H. & M.S.C., 4/1/37—3).

It was therefore recommended:—

(*a*) That uniform be provided including a mackintosh, for which quotations were being obtained;

(*b*) That a detachable enamel badge of the Borough Coat of Arms and the initials H.B.C. be provided.

Quotations for uniforms were subsequently considered and that of E. & R. Garrould, Ltd., of Edgware Road, recommended for acceptance.

RESOLVED TO RECOMMEND—

(1) **That the report of the Lady Members be approved;**

(2) **That uniform be purchased by the Council from E. & R. Garrould, Ltd., Edgware Road, at a cost not to exceed £10 10s. 0d. each;**

(3) **That renewals be included in the Medical Officer's requisition.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

5.—CHILD WELFARE CENTRE—EDGWARE:

The Medical Officer submitted a further report with regard to the need for an additional session weekly at the present temporary Centre at Edgware. (P.H. & M.S.C., 4/1/37—7).

At the present time one session per week is held and for some time the attendances at this Centre have been consistently high with the result that difficulties in carrying out the work efficiently are being experienced by the Medical Officer and Health Visitor attending the Centre.

RESOLVED TO RECOMMEND—**That the Edgware Parochial Church Authorities be approached with a view to the Council hiring the Hall at Station Road, Edgware, for a further session weekly.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

6.—EDGWARE—DEVELOPMENT:

The Committee had before them the reference from the Special Committee (19/1/37—2) and have deferred consideration of the matter pending a report from the Medical Officer.

7.—HENDON DAY NURSERY, WEST HENDON:

A report was submitted by the Borough Treasurer on the financial implications of the amended scheme submitted by the Borough Surveyor for the erection of a Day Nursery on land forming part of York Park, adjacent to Telford Road, West Hendon, to accommodate up to 40 children. (P.H. & M.S.C., 16/11/36—8).

The first scheme provided for the erection of a building with a floor area of 2,220 feet super, giving accommodation for a maximum of 32 children at an estimated capital cost of £2,500. On consideration of this scheme, and the report of the Medical Officer, your Committee instructed the Borough Surveyor to prepare another scheme providing for a minimum of 40 children and embodying certain additional accommodation and the estimated capital cost is now approximately £6,000.

The loan charges on a 30 years basis would amount to £315 per annum and the Council would presumably be responsible for repairs and upkeep of the structure.

Provisional estimates, based on details of staffing supplied by the Medical Officer of Health and assuming that the Council take over administration are as follows:—

	£	
General outlay	900	
Loan charges	315	
Other items	135	
	1350	
Income from fees (say)	250	
		£1100,

but the present grant of £350 (new basis) would cease to be payable and the result would be that a net additional charge of £750 per annum would fall on the rates.

The Committee also reviewed the reports submitted by the Borough Surveyor on the 6th and 20th July last, relating to the condition of the present building, viz.:—127, The Broadway, West Hendon, together with the Borough Treasurer's observations on the present loan debt, and other details:—

	£ s. d.
Loan Debt outstanding at date (Original Cost £1,915)	1260 0 7
Annual loan charges thereon (1936/37 Estimate)	144 10 2

The loan was raised in 1925 and expires by 31st March, 1951.

Accommodation	24 cases.
Average daily number on books, 12 months to 31/8/36	24 cases.
Average daily attendance, 12 months to 31/8/36	21 cases.

Present charges:—

10d. per full day.
6d. per half day.
9d. per full day if 2 children from same family.

Income from fees (Net):—

15 months to 30/9/36	£215
Year ended 24/6/35	£152
Year ended 24/6/34	£134
Year ended 24/6/33	£139
Year ended 24/6/32	£166

On the basis of the last published accounts of the present Day Nursery, the expenditure for 15 months to the 30th September, 1936, amounted to £703, whilst the income for the same period amounted to £374. The Council made a grant of £381 in the same period and in addition to the expenditure referred to Loan Charges of £145 and repairs were borne by the Council.

Having fully considered the matter the Committee are of opinion that the Borough Surveyor should report on the possibility, including cost, of converting No. 127, The Broadway, West Hendon, into a modern building with a view to continuing its use as a Day Nursery to accommodate 28 children, and alternatively as to whether it would be possible to erect a less costly building for the same number of children on the site at York Park, and they

RECOMMEND **accordingly.**

8.—HEALTH CENTRES:

A report was submitted as to a visit to the Health Centres on the 25th ultimo of Alderman W. M. Maughan and Councillor G. R. Richardson.

The Borough Surveyor has been requested to report with regard to re-decoration works and on the question of fencing in connection with the Watling Centre.

9.—MIDWIVES ACTS, 1902-26:

A communication was reported from the Minister of Health with regard to the application of the Town Council (P.H. & M.S.C., 5/10/36—2) for an Order under Section 62 of the Local Government Act, 1929, directing that the Council shall become the Local Supervising Authority under the Midwives Acts for the Borough in place of the County Council, intimating that on the information furnished the Minister is prepared favourably to entertain the Council's application and he is in communication with the County Council on the subject in pursuance of Sub-Section (2) of Section 62 of the above-mentioned Act. **Noted.**

20.—SHOPS ACT, 1934:

(i) A further report was submitted as the result of the service of a notice under Section 10 of the Shops Act, 1934, requiring the provision of additional sanitary accommodation at No. 112, Colindale Avenue, Hendon. (P.H. & M.S.C., 16/11/36—11 (E) (iv)).

RESOLVED TO RECOMMEND—**That the application be not entertained and that a notice be served under Section 10 of the Shops Act, 1934, requiring the provision of the necessary accommodation.**

21.—PENTLAND CLOSE, THE VALE:

A communication was reported from The Golders Green Estate Ratepayers' Association on behalf of residents in the above road complaining of annoyance from smoke from adjoining factory premises and the Sanitary Inspector's observations thereon were submitted. Certain suggestions have been made which if carried into effect will remove any possible cause for complaint. **Noted.**

ISOLATION HOSPITAL.

22.—MAINTENANCE OF PATIENTS:

The Medical Officer of Health referred to the fact that the question of charges to be made to the Middlesex County Council for Public Assistance cases admitted to isolation hospitals throughout the county is now under consideration. The suggestion made at a meeting of authorities was that each authority should charge the County Council the exact cost of the case but obviously this sum would vary considerably with such factors as the loan charges, incidence of disease at any one time, etc., and it is, therefore, probable that eventually it will be agreed to fix a daily or weekly charge. (P.H. & M.S.C., 16/11/36—15).

The Medical Officer has now reported generally in connection with the charge to outside Authorities in respect of maintenance in the Council's Isolation Hospital. With regard to cases which require investigation or treatment, additional to that normally provided, such as medical consultation, operative interference, additional laboratory investigation and X-ray examinations, etc., the cost is at present borne by the Council. It is understood that the number of such cases admitted from outside Authorities is unduly high.

The view was expressed by the Medical Officer that any additional cost should be taken into consideration when assessing the payment to outside Authorities.

RESOLVED TO RECOMMEND—

(1) **That in addition to the ordinary charge made to outside Authorities, viz., 12/- per day, they be required to bear the cost of any additional investigation or treatment;**

(2) **That in the case of surgical interference the fees recently approved by the Council** (P.H. & M.S.C., 4/1/37—28) **be charged and other fees according to the actual cost to the Council;**

(3) **That the outside Authorities who at present make use of the Isolation Hospital be informed of the above proposals.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

23.—ROTA REPORT:

A report was submitted with regard to a visit to the Hospital on the 25th ultimo of Alderman W. M. Maughan. **Noted.**

24.—ELECTRICAL INSTALLATION:

The Borough Surveyor reported that as a result of certain failures on one of the lighting circuits at the Isolation Hospital a complete test throughout the various buildings had been made. The whole of the power and heating circuits are in good order but defects exist in some of the lighting circuits.

It was suggested by the Borough Surveyor that the necessary re-wiring work should be undertaken by the Hendon Electric Supply Company. He therefore asked for authority to enter into an arrangement with the Company whereby they would be paid an agreed rate per hour for electrical fitters, and on a schedule of prices for any new cable required. It was further suggested that the Administration Block should be first dealt with for which a sum of £100 should be allocated.

RESOLVED TO RECOMMEND—**That the Borough Surveyor's suggestions be approved and adopted.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

25.—INFLUENZA:

The Medical Officer reported with regard to the recent epidemic of Influenza. Whilst this is not a notifiable disease, influenzal-pneumonia, which is the most serious of the complications of influenza, is notifiable.

It appeared that during the last four weeks 42 cases of pneumonia had been notified and that 28 deaths had occurred from Influenza.

In view of the fact that the incidence of infectious disease generally is low for the time of year, the Medical Officer obtained the authority of the Chairman of the Committee to allocate a Ward at the Isolation Hospital for the nursing of influenzal-pneumonia.

Medical Practitioners have been notified that a limited number of cases of the last-named disease could be admitted to the Hospital, where in their opinion, the provision made for domiciliary nursing was inadequate.

RESOLVED—**That the action taken be confirmed.**

26.—HOUSING ACT, 1936:

A communication was submitted from the Valuer of the London County Council with regard to the ascertainment of permitted numbers in connection with the houses on the Watling Estate.

The Valuer made enquiry whether the Town Council would be prepared to accept as such permitted number the figures which can be ascertained by reference to the plans in his custody, or whether they desired to make their own arrangements for supplying the necessary information to enable the London County Council to comply with the provisions of the Act.

In view of the observations of the Medical Officer it was

RESOLVED—**That the information obtainable from the plans be accepted.**

27.—EDGWARE—DEVELOPMENT:

With regard to the reference from the Special Committee, previously referred to in paragraph 6, the Committee have no recommendation to offer so far as their activities are concerned with public health matters.

28.—REQUISITIONS:

The following requisitions were submitted and **approved:—**

Requisitions amounting to £567 3s. 3d. were submitted and **approved.**

PUBLIC LIGHTING.

2.—MARKET LANE, BURNT OAK:

A letter was submitted from Mr. H. Abrahamson complaining of the lack of lighting in Market Lane, Burnt Oak. The Borough Surveyor reported that some time ago plans submitted by Mr. Abrahamson for the erection of garages in this road were approved, but subsequently they were converted into shops.

This road was originally laid out by the London County Council as an accommodation road and was not intended for use for shops or business premises and, therefore, no gas main has been laid in the road. In order to light the road it will be necessary to lay a gas service main.

RESOLVED TO RECOMMEND—**That Mr. Abrahamson be informed that if he will provide the means of lighting the Council will be prepared to accept responsibility for maintenance.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

3.—FOOTPATH—MARKET LANE TO SILKSTREAM ROAD:

The Committee decided to defer consideration of a letter from Mr. E. Franklin requesting the lighting of the footpath leading from Watling Avenue to Silkstream Road, pending the result of the proposal contained in the foregoing recommendation.

4.—EDGWARE ROAD:

The Borough Surveyor reported on a scheme submitted by The North Metropolitan Electric Power Supply Company for lighting with 250 watt "Osira" lamps that section of Edgware Road between Edgware Bridge and Spur Road. With a view to improving the amenities of the road the Committee have instructed the Borough Surveyor to submit a further report as to the possibility of utilising as far as possible the existing standards carrying the trolley 'bus equipment.

5.—SHADES ON LAMPS:

The Borough Surveyor reported on letters from Mr. C. M. King of Lloyds Bank House, The Broadway, Mill Hill, and Mrs. Keen of North End Road asking the Council to affix shades to the lamps outside their respective premises to deflect the light from their front bedrooms. A letter was also submitted from the Secretary of the University of London Observatory asking the Council to screen the new lamps on both sides of Watford Way in the vicinity of the Observatory as the light from the lamps prevents the use of the Observatory. The Committee are informed that the request will involve the screening of about eight or ten lamps and that certain difficulties arise in connection with the screening of the lamps on the opposite side of the road.

The Committee have made certain suggestions to the Borough Surveyor and

RESOLVED TO RECOMMEND—**That the questions raised in the letters be left to the Borough Surveyor with a view to satisfactory arrangements being made.**

6.—LIGHTING GENERALLY:

Pursuant to the Council's instructions the Borough Surveyor reported on the question of the general standard of lighting. The Committee have deferred full consideration of the matter to the next meeting for a further report by the Borough Surveyor after tests have been carried out.

7.—HENDON WAY—SPEED LIMIT:

In accordance with the resolution passed at the last meeting of the Council the Committee gave consideration to the question of the imposition of the 30 m.p.h. speed limit along Hendon Way, and appointed the Chairman of the Committee (Councillor Potter) and Councillor Ross to confer with the Ministry of Transport on the matter.

8.—KING'S CLOSE—SPEED LIMIT:

A letter was considered from Mr. W. Fitzgerald complaining of the increased user of King's Close by traffic proceeding from Great North Way to the North Circular Road and urging the imposition of a 15 m.p.h. speed limit along King's Close. The Committee

RESOLVED TO RECOMMEND—**That Mr. Fitzgerald be informed that the Council regret their inability to accede to his request.**

9.—THE BROADWAY, WEST HENDON—PEDESTRIAN CROSSINGS:

It will be recalled that at the last meeting, the Committee deferred consideration of the question of re-siting the pedestrian crossing in the Broadway, West Hendon, at its junction with Station Road, pending the receipt of the suggestions of the representatives of the Hendon Chamber of Commerce who met the Chairman of the Committee on the site.

The Committee have now considered the following suggestions from the West Hendon Branch of the Hendon Chamber of Commerce:—

(i) That the pedestrian crossing over the Broadway on the north side of its junction with Station Road be re-sited on the south side of the junction and a pedestrian operated light signal provided;

(ii) That the pedestrian crossing over the Broadway near its junction with Park Road be better illuminated and/or a pedestrian operated light signal installed.

The Committee have also borne in mind the point raised at the last meeting of the Council as to the desirability of a longer period being allowed for pedestrians to cross the road, and after careful consideration of the whole of the circumstances

RESOLVED TO RECOMMEND—

(*a*) **That application be made to the Ministry of Transport and the Middlesex County Council for approval to:—**

(1) **The pedestrian crossing over West Hendon Broadway on the north side of its junction with Station Road being re-sited on the south side of the junction;**

(2) **The pedestrian crossing over the Broadway near its junction with Park Road being re-sited nearer to the lamp standard;**

(*b*) **That the timing of the traffic light signals at the junction of the Broadway and Station Road be altered to provide a longer "red light" period for the convenience of pedestrians desirous of crossing the roads.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

10.—GOLDERS GREEN ROAD—REFUGES.

A letter was submitted from the Golders Green and District Ratepayers' Association stating that motor-cars and vehicles proceeding along Golders Green Road towards Hendon accelerate after passing under the bridge near Hoop Lane, and suggesting, having regard to the volume of traffic and the width of the road, that refuges should be erected opposite St. Michael's Church, The Lido Cinema and at Highfield to enable pedestrians to cross Golders Green Road with a greater degree of safety.

RESOLVED TO RECOMMEND—**That application be made to the Ministry of Transport and the Middlesex County Council for consent to the placing of a refuge in Golders Green Road at St. Michael's Church and the appropriate grant towards the expenditure involved.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

11.—FINCHLEY ROAD—REFUGES:

At the meeting of the Council on the 7th December last (Hi.C., 16/11/36—5 (D)) approval was given to the necessary steps being taken for the provision of refuges in Finchley Road at Addison Way, Willifield Way, Child's Way and Hampstead Way, subject to the County Council undertaking to reimburse the whole of the expenditure involved.

The County Highways Committee have approved of the refuges being provided at an estimated cost of £142, subject to the Ministry of Transport agreeing to the expenditure ranking for the classification Grant and to this Council undertaking to bear the cost of lighting the refuges.

12.—HOLDERS HILL ROAD:

A letter was submitted from the Ministry of Transport asking to be furnished with the Council's observations on draft regulations proposed to be made by the Minister of Transport for the introduction of a "roundabout" system of traffic working at the junction of Holders Hill Road, Devonshire Road, Bittacy Hill and Dollis Lane.

RESOLVED TO RECOMMEND—**That the Ministry of Transport be informed that the Council have no observations to offer.**

13.—WATLING AVENUE—JUNCTION WITH ORANGE HILL ROAD AND GERVASE ROAD:

Pursuant to the Committee's instructions the traffic conditions at the above junction have been kept under observation by the Borough Surveyor who reports that the conditions are such as to justify control by traffic light signals in order to ensure a greater degree of safety for vehicular and pedestrian traffic. He estimates the cost of the installation of the signals and the necessary road works at £700.

The roads forming this junction are not classified roads and the expenditure involved in the provision of traffic control signals would, therefore, not normally rank for the Ministry of Transport grant.

RESOLVED TO RECOMMEND—That the scheme submitted by the Borough Surveyor for the installation of traffic control signals at this junction be approved and submitted to the Ministry of Transport with an application for a grant towards the cost involved.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

14.—THE BROADWAY AND GOODWYN AVENUE, MILL HILL:

A letter was submitted from the Ministry of Transport asking to be furnished with the Council's observations not later than the 22nd instant on draft regulations proposed to be made by the Minister to prohibit traffic from Goodwyn Avenue making a right-hand turn into the Broadway. The Committee have no observations to offer, and they have accordingly given authority for the Ministry to be notified to this effect. They, therefore,

RECOMMEND—That their action be approved.

15.—BYELAW—CYCLING ON PUBLIC FOOTPATHS THROUGH PARKS AND OPEN SPACES:

The Committee's recommendation regarding the making of Byelaws to prohibit cycling on public footpaths through Parks and Open Spaces was referred back at the last meeting of the Council for consideration to be given to the question of bringing the subway in course of construction under Watford Way at Mill Hill Park Crossing within the scope of the Byelaw.

After further consideration the Committee have come to the conclusion that the subway should be included in the Byelaw which is set out in the Appendix to this report.

They accordingly

RESOLVED TO RECOMMEND—

(*a*) That the Byelaw be approved and the Corporate Seal affixed thereto and to such copies thereof as may be necessary;

(*b*) That the Town Clerk be instructed to issue the necessary advertisements of the Council's intention to apply for confirmation of the Byelaw and to take such further steps as may be necessary to bring the Byelaw into operation.

PRIVATE STREET WORKS.

16.—WALMINGTON FOLD AND SADDLESCOMBE WAY:

RESOLVED—That the Borough Surveyor be instructed to prepare plans and estimates with a view to the roads being made up under Section 150 of the Public Health Act, 1875.

18.—ENGEL PARK, MILL HILL:

A letter was submitted from Mr. R. G. Rollinson asking the Committee to receive a deputation from residents in Bittacy Park Avenue to put forward their views regarding the making up of Engel Park, Mill Hill.

RESOLVED—**That the deputation be received at the next meeting of the Committee.**

The Borough Surveyor reported on correspondence he had received from General Road Contractors, Ltd., and Mr. A. W. Adams enquiring whether the Council would agree to General Road Contractors, Ltd., taking over the contract, failing which Mr. Adams would be prepared to carry out the work as originally intended.

RESOLVED TO RECOMMEND—**That Mr. Adams be informed that the Council are not prepared to agree to the assignment of the contract.**

Amendment

The Finance and General Purposes Committee have considered further reports from the Borough Treasurer and Borough Surveyor, and before detailed consideration of the motion they Recommend—That the following words be added:—

"That the question of the acceptance of a Bond for the performance of the contract by Mr. A. W. Adams be referred to His Worship the Mayor and the Chairmen of the Finance and General Purposes and Highways Committees, and authority given to accept an alternative tender or tenders if necessary."

Cranmer Road, Edgware	2,073
Glengall Road, Edgware (part)	1,166
Beulah Close, Edgware (part)	640
Stuart Avenue, Hendon	93
Woolmead Avenue, Hendon	73
Rookery Close, Hendon	653

(3) **That application be made in due course to the Minister of Health for consent to the borrowing of the sum of £10,866 for a period not exceeding seven years.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

22.—WESTCROFT HOUSING ESTATE—TAKING OVER ROADS:

The Borough Surveyor reported on his inspection of the roads on the Westcroft Housing Estate which the Hampstead Metropolitan Borough Council have asked the Council to take over. Certain minor repairs require to be carried out in three of the roads to put them into satisfactory condition. The Committee, therefore,

RESOLVED TO RECOMMEND—**That on completion of the minor repairs mentioned in the Borough Surveyor's report, the following roads on the Westcroft Estate be dedicated as public highways and the necessary notices duly posted:—**

Galsworthy Road,
Lichfield Road,
Marnham Avenue,
Horton Avenue,
Westcroft Way,
Besant Road.

23.—DEDICATION OF PRIVATE STREETS:

The Borough Surveyor reported as to the desirability of dedicating, as public highways repairable by the inhabitants at large, the following roads which have been made up to the Council's satisfaction by the estate developers:—

Hatchcroft, Hendon.
Newark Way, Hendon.
Sherrock Gardens, Hendon.
The Greenway, Hendon, from Portman Gardens to Edgware Road.

RESOLVED TO RECOMMEND—**That the streets, or portions of streets, indicated above, be now dedicated as public highways and the necessary notices duly posted.**

24.—CRICKLEWOOD LANE BRIDGE—RECONSTRUCTION:

A letter was submitted from the Chief Engineer of the London Midland & Scottish Railway Company stating that the sum to be paid by the Council to the Company in respect of the additional cost of maintenance of the bridge by reason of its reconstruction will amount to £81 1s. 0d. per annum, which commuted with interest at 4 per cent., amounts to £2,026 5s. 0d.

The financial responsibility for this reconstruction scheme rests with the Middlesex County Council, and, in these circumstances, the Committee

RESOLVED TO RECOMMEND—**That the matter be referred to the County Council for approval.**

25.—SELVAGE LANE BRIDGE:

In connection with the proposed reconstruction of the bridge carrying Selvage Lane over the London Midland & Scottish Railway, a letter was submitted from the Chief Engineer to the Railway Company transmitting the draft Heads of Agreement under which the Company would be prepared to carry out the work at the cost of the Council. An approximate estimate of the cost of the scheme is £14,350, made up as follows:—

	£
Railway Company's estimate	11,600
Cost of Roadworks	2,000
Land and Easements	400
	14,000
Clerk of Works, Cost of Raising Loan, etc.	350
Total	£14,350

RESOLVED TO RECOMMEND—**That the plans and estimates for the scheme, together with the draft heads of agreement, be submitted for approval by the Ministry of Transport and the Middlesex County Council.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

26.—EDGWAREBURY LANE—PROPOSED IMPROVEMENT:

The Borough Surveyor submitted plans and estimates for the improvement of the section of Edgwarebury Lane between Hale Lane and Edgware Way. Owing to the weakness of the foundation considerable trouble has been experienced in the maintenance of this road for the last two or three years, and the Committee are advised that it is futile to carry out any re-surfacing works unless a proper foundation is provided.

The scheme now submitted provides for the strengthening of the foundation and the widening of the carriageway to 27 feet and the consequent reduction of the width of each of the footpaths to nine feet.

The Borough Surveyor's estimate of the cost of the scheme is as follows:—

	£	s.	d.
Estimated cost of work	8,396	5	1
Add 10 per cent. contingencies	839	14	11
	9,236	0	0
Clerk of Works, cost of raising loan, etc.	264	0	0
	£9,500	0	0

Edgwarebury Lane is not a classified road and the proposed scheme would, therefore, not normally rank for the Ministry of Transport grant. As, however, the road carries a considerable volume of 'bus traffic, the Committee feel that application should be made to the Ministry of Transport for a grant towards the cost of the work. They, therefore,

RESOLVED TO RECOMMEND—**That the scheme be submitted to the Ministry of Transport and application made for a grant towards the expenditure involved.**

Amendment

Before detailed consideration of the motion, the Finance and General Purposes Committee Recommend:—

That the matter be referred back for further consideration and report in the light of the observations made by the Officers

27.—PAGE STREET IMPROVEMENT:

In connection with the proposed scheme for the improvement of Page Street and the re-construction of the bridge over the London & North Eastern Railway, which forms part of the Five Year Programme approved by the Council, the Borough Surveyor reported that Page Street is in a very unsatisfactory condition, and, in order to expedite the carrying out of the work, he submitted plans and estimates for making up the road from Watford Way to Bunns Lane with the exception of the bridge reconstruction work.

The estimated cost of the scheme now submitted, which will rank for a grant of 33⅓ per cent. is as follows :—

	£	s.	d.
Estimated cost of road works	8,237	5	9
Add 10 per cent. contingencies	823	14	3
	9,061	0	0
Acquisition of land and easements	400	0	0
Clerk of Works, cost of raising loan, etc.	189	0	0
	£9,650	0	0

RESOLVED TO RECOMMEND—**That the plans and estimate be approved and the scheme submitted to the Ministry of Transport for approval and grant towards the expenditure involved.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

HOLDERS HILL ROAD AND DOLLIS LANE IMPROVEMENT.

28.—TENDERS :

The Committee have duly noted correspondence which has passed between P. Gallagher, Ltd., and the Town Clerk arising out of the non-acceptance by the Council of Messrs. Gallagher's tender for carrying out the Holders Hill Road and Dollis Lane Improvement scheme.

29.—COMPENSATION CLAIMS :

The Borough Surveyor reported on settlements which have provisionally been arrived at, and which have been agreed by the District Valuer, for the acquisition of a number of small pieces of land required in connection with this improvement scheme. Details of the pieces of land in question and the terms of settlement are as follows :—

Land.	Owner.	Agreed Compensation.
Dollis Road	E. H. Edwards	£5, plus legal expenses.
Dollis Road	Haslewood Hare & Co., Solicitors for owner	£10, plus Surveyor's fees and legal costs (£17 10s. 0d.).
Devonshire Road.....	Mr. Bevan	£3 and costs.
Holders Hill Road	H. C. Driver	£25, plus new fence and legal charges.
Holders Hill Road (Freeland)	G. D. H. Cole	£175 and legal costs.
Dollis Road (Orange Café)	Mr. Berry	£25 and legal costs.

RESOLVED TO RECOMMEND—

(*a*) **That the terms of settlement indicated above be approved ;**

(*b*) **That the Corporate Seal be affixed in due course to all necessary documents in connection with the acquisition of the pieces of land in question.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal. It is understood that the appropriate loan sanction for the cost of the improvement scheme has been obtained from the Minister of Health by the Middlesex County Council. This is contrary to the terms of the Co-ordination Agreement, but the Committee are prepared to accept the position on the understanding that it is not to be taken as a precedent].

30.—MILL HILL PARK CROSSING, WATFORD WAY—SUBWAY:

Satisfactory progress is being made with the subway under Watford Way; the western section has been completed and the road and footpath reinstated, and work is now proceeding on the eastern section. **Noted.**

31.—NEW ROAD—FRITH LANE TO LULLINGTON GARTH:

The Borough Surveyor reported that the construction of the sewer and surface water drains is proceeding satisfactorily and excavation for the roadway itself will shortly commence. Some delay has been caused by the excessive rain which has made general excavation work extremely difficult. **Noted.**

32.—HERMITAGE LANE AND PLATTS LANE—IMPROVEMENT:

Work on this improvement scheme is proceeding satisfactorily. The kerb on the north side of the road and the excavation for the concrete raft have been completed and the new footpath is under construction. **Noted.**

33.—CHURCH ROAD—IMPROVEMENT:

The Borough Surveyor reported that satisfactory progress is being made with this scheme. The new surface water sewer has been completed; the work on the northern side of the road is in its final stages and the kerb on the southern side is now being re-laid. **Noted.**

34.—FOOTBRIDGE—WATLING ESTATE TO EAST ROAD, BURNT OAK:

Pursuant to the Committee's instructions consequent upon the attendance at the last meeting of a deputation from the Local Footbridge Movement, the Borough Surveyor reported on the proposals put forward by the deputation. A plan was submitted showing the route of the suggested footpath between East Road and Littlefield Road and a bridge over the railway. The Borough Surveyor estimates the cost, including payment of necessary compensation at £1,200. A shorter route was also indicated on the plan and if the consent of the London County Council could be obtained, the cost would be about £1,000. These estimates do not include the cost of laying mains for lighting and maintenance charges.

After giving full consideration to the matter the Committee are of opinion that the utility of the proposal would not justify the expenditure involved, and they accordingly

RECOMMEND—**That no further action be taken in the matter.**

DEDICATION OF LAND.

35.—JUNCTION OF BARNET ROAD AND HENDON WOOD LANE—WIDENING:

On the report of the Borough Surveyor regarding the dedication of a strip of land at the junction of Barnet Road and Hendon Wood Lane, the Committee

RESOLVED TO RECOMMEND—**That authority be given for payment of a sum not exceeding two guineas in respect of Surveyor's fee, and to the Corporate Seal being affixed in due course to the conveyance.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

36.—JUNCTION OF SHEAVESHILL AVENUE AND COLIN CLOSE:

On the 26th October last (Hi.C., 5/10/36—13) authority was given to the payment of four guineas Solicitor's costs in connection with the conveyance of a piece of land at the above junction. As it will be necessary to obtain a proper Abstract of Title additional Solicitor's costs are payable and authority is sought for payment of a sum of ten guineas.

RESOLVED TO RECOMMEND—

(*a*) **That payment of ten guineas Solicitor's costs be approved and the previous resolution of the Council amended accordingly;**

(*b*) **That authority be given for the Corporate Seal to be affixed in due course to the conveyance.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

37.—ROOKERY WAY, HENDON—CROSSING:

The Borough Surveyor reported that Provis Thorne Limited have formed a crossing over the footpath in Rookery Way to an accommodation road at the rear of shops recently erected by them in Rushgrove Avenue, without submitting the necessary plans as required by the Public Health Acts.

The Committee are informed that before approval to the crossing can be given the tar macadam must be replaced by a material more suitable for footpath work.

RESOLVED TO RECOMMEND—**That Provis Thorne Limited be informed accordingly.**

38.—SEATS—HENDON WAY:

The Committee have received and noted a letter from Mr. R. J. Murray regarding the provision of additional seats on some of the main roads and, in particular, the portion of Hendon Way between Hendon Central and Wessex Gardens.

TRAVELLING FACILITIES.

39.—STOPPING PLACES FOR OMNIBUSES—BRENT STREET:

It was reported that the following revised stopping places for omnibuses in Brent Street at Bell Lane had been put into operation on the 20th January for an experimental period of three months, and that any observations the Council may wish to offer should be forwarded to the Ministry of Transport before the expiration of the experimental period:—

South-bound omnibuses to stop at the shelter at the junction with Bell Lane.
North-bound omnibuses to stop outside No. 57, Brent Street.

RESOLVED TO RECOMMEND—**That the Ministry of Transport be informed that the Council have no observations to offer.**

40.—BUS SERVICE—GARDEN SUBURB TO GOLDERS GREEN STATION:

A letter was read from the Hampstead Garden Suburb Residents' Association transmitting a copy of a resolution which was carried by 12 votes to 3 at a monthly meeting of the Association requesting the Council to withdraw suggestion No. 12 contained in Item 18 (c) of the report of the Committee of the 16th November last regarding the provision of a single decker 'bus service to connect the Garden Suburb with Golders Green Station.

After hearing the views of three of the Members of the Garden Suburb Ward on the matter, the Committee

RESOLVED TO RECOMMEND—**That the Hampstead Garden Suburb Residents' Association be informed that the Council see no reason for withdrawing their previous resolution on the matter.**

41.—MILL HILL TO FINCHLEY:

The Committee's attention was called to the desirability of a 'bus service being provided to connect Mill Hill with Finchley via the Great North Way, and it was

RESOLVED TO RECOMMEND—**That the Middlesex County Council be asked to include the provision of the suggested bus service with the suggestions previously submitted by the Council.**

42.—EDGWARE—DEVELOPMENT:

Consideration was given to the reference from the Special (Development) Committee as to the reservation of sites for the Committee's purposes in the portion of Edgware on the northern side of Edgware Way and the Committee have no reservations to suggest.

43.—TRAM TRACKS—FINCHLEY ROAD AND CRICKLEWOOD LANE:

The London Passenger Transport Board have not yet served upon the Council notice of their intention to abandon the tram tracks along Finchley Road and Cricklewood Lane as they will require to use the rails for a further six to twelve months as a return conductor for current in connection with the trolley 'bus' services. The Borough Surveyor reported that the Board had suggested that the Council should make application to the Board for the taking over of the tram tracks and undertake that the rails would be left available for use as a return conductor for the current for twelve months. On receipt of this undertaking the Board would serve notice of abandonment and on receipt of the Council's counter-notice of intention to take up the tracks themselves the Board would pay over to the Council the amount due on the basis already agreed. After these formalities have been carried out the Council could proceed with the filling in of the tracks.

RESOLVED TO RECOMMEND—**That the necessary application to take over the tram tracks along Finchley Road and Cricklewood Lane be forwarded to the London Passenger Transport Board and authority given to serve the counter-notice on receipt of the Board's notice of intention to abandon the tracks.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

1.—REQUISITIONS:

Requisitions amounting to £114 12s. 2d. were approved.

2.—COPTHALL PLAYING FIELDS—CORONATION MEMORIAL:

The Committee further considered the lay-out and development of the above playing fields, together with a memorandum prepared by the Borough Treasurer on the financial aspect of the scheme as revised (E.P. & A.C., 4/1/37—5, and F. & G.P.C., 18/1/37—18). Particulars of the original scheme are recorded in the Committee's report of the 4th January, and its revision mainly concerns the number of playing pitches, etc., to be provided, as follows:—

	Original Scheme.	Revised Scheme.
Football	9	13
Hockey	3	3
Cricket	4	10
Netball	—	4
Tennis	3	3

The Borough Treasurer called attention to the fact that the general lay-out did not provide for any accommodation for a Superintendent or Groundsmen, and having regard to the property involved in the proposals it seemed desirable that provision should be made for two residences at the Playing Fields. An amount of £2,000 was accordingly included in the estimates.

The site of the proposed Memorial forms part of the Open Space already in the possession of the Council, but the Car Park would involve the purchase of land scheduled in the Town Planning Scheme for acquisition. The total area involved is approximately 155 acres, and the scheme contemplates user on the following basis:—

General Open Space	30 acres.
Sports arena, etc.	8 acres.
Car Park	7 acres.

3.—BOWLING GREENS IN PARKS :

The reference from the Council, 25/1/37, further to consider item 9 of the Committee's Report of the 4th January, has received attention in conjunction with a report by the Borough Surveyor regarding the estimated costs. The Committee are satisfied with the basis of the Borough Surveyor's estimates, and

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

5.—HENDON PARK—BOWLING FACILITIES:

The Committee considered a report by the Borough Surveyor, together with a site plan and estimate amounting to £1,630 for the provision of a bowling green in Hendon Park adjacent to the enclosed gardens. The estimate provides for the necessary excavation to ensure that the whole of the green may be constructed on a firm solid base, for certain modifications to the existing surface water sewers in order to facilitate drainage of the green, for the supply of the necessary equipment and the reinstatement of the adjacent paths and grass after the completion of the work.

The following resolution of the Hendon Ratepayers' Association was also submitted:-

"That the Hendon Borough Council be asked to provide a Bowling Green in Hendon Park for the use of all ratepayers in the Borough."

RESOLVED TO RECOMMEND—**That no further action be taken in the matter until next year.**

6.—WOODFIELD HOUSE:

The Borough Surveyor reported on the proposed re-decoration of the above premises, including the conversion of certain rooms on the ground floor, into a flat to be let to one of the Council's employees in the Parks section. The estimated cost of the work is £75. The Committee are of opinion that an additional bedroom (making three bedrooms in all) should be provided and understand that this can be arranged at an additional estimated cost of £25. (E.P. & A.C., 16/11/36—9).

RESOLVED TO RECOMMEND—**That the estimate amounting to £100 be approved and the Borough Surveyor authorised to proceed with the necessary work.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

7.—TREE AND SHRUB NURSERY:

The Committee considered a report of the Borough Surveyor suggesting that an additional piece of land approximately 2.9 acres in area, situate immediately south of the existing grounds of Woodfield House should be added to the Nursery for the purpose of trees and shrubs. Land at present used for this purpose is situate on part of the Sewage Works land at the rear of the Clitterhouse Playing Fields and has been included in the scheme for the re-allocation of this land recently approved by the Council (5/10/36). (Special (Development) Committee, 25/9/36—2).

RESOLVED TO RECOMMEND—**That the suggestion be approved, and that the necessary financial provision be made in the Rate Estimates in respect of the preparation of the new ground.**

8.—SCRATCHWOOD OPEN SPACE, ETC.—FENCING:

In connection with the additional land recently purchased by the Council north of Scratchwood Open Space and Moat Mount, the Borough Surveyor reported that it will be necessary to re-adjust the existing fencing to these open spaces and also to provide new fencing on the boundaries adjacent to the Barnet Road and Barnet Way.

Quotations for carrying out this work have been obtained, and the Committee

RECOMMEND—**That the following quotations be accepted :—**

(*a*) **Peerless Wire Fence Company, £111, for taking down and re-fixing the existing 6 feet chain link fencing, together with the provision of new fencing of the same height where required.**

(*b*) **Prove Bros., Ltd., £173 6s. 0d., for the remaining new fencing (4 feet 6 inches in height) where required.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

9.—EDGWARE—DEVELOPMENT :

The Committee have taken into consideration the reference from the Council (Special (Development) Committee, 19/1/37—2) regarding the reservation of lands consequent on the anticipated future development of Edgware. The Committee have considered its requirements and are satisfied with the provision already made in the Hendon Planning Scheme No. 1.

ALLOTMENTS COMMITTEE.

10.—ALLOTMENTS COMPETITION :

The decision of the Council (Special (Coronation Celebrations) Committee, 18/1/37—18) not to take any action in regard to the suggestion of the Hendon Federation of Allotment Societies for an Allotments Competition in celebration of the Coronation of of H.M. King George VI. was **noted.** (E.P. & A.C., 4/1/37—23).

11.—HENDON PLANNING SCHEME NO. 2 :

On the future submission of this Scheme to the Minister of Health for approval it will be necessary for the Town Clerk to furnish a certificate that Section 3 of the Allotments Act, 1925, has been complied with.

This Section requires every Local Authority preparing a Town Planning Scheme to consider what provision ought to be included therein for the reservation of land for allotments.

It will be recalled that the No. 2 Scheme relates mainly to built-up areas in the Borough and that the Buildings and Town Planning Committee (14/9/36—13 (A)) reported to the Council (28/9/36) that the Scheme did not offer any opportunity for the reservation of any open spaces. The Committee are of opinion that the same consideration applies to reservations for allotments, and

RESOLVED TO RECOMMEND—**That the Town Clerk be authorised to furnish the required certificate.**

12.—BRENT HILL—PLOT NO. 203 :

Arising out of a request from the Brent Hill Allotment Association for a notice to quit to be served upon the tenant of the above plot for a breach of Clause 8 of the Council's tenancy agreement, the Town Clerk reported that difficulties had occurred in view of the terms of the Association's rules, in consequence of which he suggested certain amendments might be made to such rules, and that it was desirable for Clause 8 of the Council's Agreement to be amended as follows :—

> " That the tenant shall before entering on to the allotment garden become a member of an Allotment Association recognised by the Council and shall at all times during the continuance of this agreement continue to be a member of an Association so recognised."

RESOLVED TO RECOMMEND—**That the above suggestion be approved, and that Clause 8 of the Council's Tenancy Agreement be amended accordingly.**

13.—EDGWARE—DEVELOPMENT:

The reference from the Council (Special (Development) Committee, 19/1/37—2) in connection with the future development of Edgware was submitted.

The Committee considered a letter from the Hon. Secretary of the above Association submitting its views on the decision of the Council regarding the future development of the Sewage Works land.

RESOLVED TO RECOMMEND—**That no action be taken in the matter.**

The time occupied in clearing these buildings varied from 30 seconds to one minute. Suggestions for the carrying out of certain works are made in the report.

RESOLVED TO RECOMMEND—**That the report be referred to the Education Committee and that they be requested to authorise the carrying out of the proposed improvements.**

9.—FIRES, AMBULANCE CALLS, ETC.:

Statements were submitted with regard to fires attended and ambulance calls received during the preceding month. **Noted.**

10.—OUT OF AREA FIRES:

The Borough Surveyor submitted a report with regard to a communication from the London County Council on the subject of fire protection in relation to out of area calls in which they suggest that a co-ordination agreement should be entered into between the two authorities.

Arrangements already exist between this Council and the Boroughs of Finchley and Willesden which cover the western and eastern boundaries of the district, and the Borough Surveyor referred to the desirability of outside protection being afforded in respect of the densely populated areas of Child's Hill and Cricklewood. He therefore suggested that he should be authorised to confer with the London County Council with a view to a detailed scheme being prepared for submission to the Town Council.

The London County Council have also suggested, in order to obviate, as far as possible, the calling of out of area brigades, that this authority might consider funishing a card to each telephone subscriber in their area who is connected to an outside exchange, directing the caller in case of fire to ask for the brigade serving the district in which he resides. It will be remembered that on the suggestion of the Post Office Telephones it has previously been decided by the Council (W. & F.B.C., 23/11/36—5) that notices should be sent out with the next rate demands urging householders to acquaint themselves with the name of the Brigade appropriate to their address. The suggestion of the London County Council appears to be the better one as with the previous proposal a number of persons who do not pay rates direct would not be notified.

RESOLVED TO RECOMMEND—

(1) **That the Borough Surveyor be authorised to confer with the London County Council as suggested in his report;**

(2) **That the resolution of the Council of the 7th December, 1936** (W. & F.B.C., 23/11/36—5), **be rescinded and the suggestion of the London County Council adopted;**

(3) **That the Postmaster General be asked to supply the necessary information to enable the above suggestion to be carried into effect.**

SWIMMING POOLS.

11.—MILL HILL—CAR PARK:

A communication was submitted from the Hendon & District Netball League making enquiry whether the Council would be prepared to mark out the car park at the above Pool for netball purposes for use during the period October to April. The League referred to the absence of netball courts in the district for the use of senior teams and it is understood that facilities would be required on two days per week.

The Committee consider that the application might be granted and that for the period to April next a fee of £2 2s. 0d. be charged, and they

RECOMMEND **accordingly.**

Amendment

Before detailed consideration of the motion, the Finance and General Purposes Committee while concurring in the proposal Recommend—

That the following words be added "subject to the necessary steps being taken to indemnify the Council in respect of all claims in connection with or arising out of the use of the Car Park; to the rent being paid in advance; and to no expenditure other than for marking out the Court being incurred"

12.—WEST HENDON—RE-CONSTRUCTION—ROOF GLAZING:

Quotations were submitted for the above.

RESOLVED TO RECOMMEND—**That the Borough Surveyor be authorised to instruct the General Contractors to accept the quotation of British Challenge Glazing Company amounting to the sum of £272 16s. 8d., subject to the Council not accepting any direct financial responsibility.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

13.—WEST HENDON—PRE-HEATING FACILITIES:

The following resolution from the Hendon Chamber of Commerce was duly **noted:—**

"*This Chamber notes with regret that when the Council had to consider recently the question of pre-heating the water of the West Hendon Swimming Baths, they decided to do so by means of oil fuel instead of coal or coke, although advised by the Surveyor that in his judgment there was no appreciable difference in the cost of maintenance between the two systems.*

In view of the distress in some of the English and Welsh coal fields, this Chamber considers it the duty of the Hendon Borough Council to use coal for heating wherever possible, and thus help to give work to our own miners instead of purchasing oil from abroad. Further my Chamber believes that coal or coke is cheaper."

14.—TOWN HALL—INTERNAL TELEPHONES:

The Committee have deferred consideration of a suggestion from the Borough Surveyor in connection with the maintenance of internal telephones pending the receipt of a further quotation.

15.—PUBLIC CONVENIENCE—HENDON CENTRAL:

The Borough Surveyor submitted detailed plans and estimate in connection with the proposed public convenience at Hendon Central on the site at the rear of the "Ambassador Theatre." (W. & F.B.C., 14/9/36—11).

The estimated cost of the work is as follows:—

	£ s. d.
Erection of building	2,750 0 0
Quantity Surveyor's fees, Clerk of Works salary, legal expenses, printing and advertising	250 0 0
	£3,000 0 0

RESOLVED TO RECOMMEND—

(1) **That the plans and estimate be approved and the former transmitted to the London Passenger Transport Board for approval;**

(2) **That the Finance and General Purposes Committee be requested to make the necessary financial provision.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal—The necessary financial resolutions will be submitted in due course*].

16.—PAVEMENTS—OVERFLOWING OF WATER:

The Committee considered reports from the officers on the above subject which arose on a communication from the Hendon Ratepayers' Association. (W. & F.B.C., 11/1/37—10).

The owners of any premises abutting on a street can be required to take certain steps to prevent as far as reasonably practicable surface water from the premises flowing on to or over the footpath of the street.

RESOLVED TO RECOMMEND—

(1) **That where necessary the persons concerned be required to take effective measures to remedy the matter;**

(2) **That the Hendon Ratepayers' Association be informed of the action to be taken.**

17.—CONFERENCE:

An invitation has been received from the Institution of Municipal & County Engineers to appoint delegates to attend the 64th Annual Conference of the Institution to be held at Bournemouth from the 23rd—26th June, 1937.

RESOLVED TO RECOMMEND—**That the Chairman of the Committee (Councillor W. J. Ross, F.A.I.) and the Borough Surveyor be appointed to attend the Conference.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

18.—EDGWARE—DEVELOPMENT:

The Committee have no recommendation to make with regard to the reference from the Special (Development) Committee (19/1/37—2).

19.—SEWAGE OUTFALL WORKS:

Seven tenders were received for the demolition of buildings.

RESOLVED—**That such tenders be opened, initialled by the Chairman and referred to the Borough Surveyor for report.**

20.—PUBLIC CONVENIENCE—COLINDALE:

A communication was reported from the Urban District Council of Wembley intimating that they had been considering the above question but owing to the advanced stage of development on the Wembley side of Edgware Road, between Springfield Mount and Hay Lane, it appeared impossible to obtain a suitable site. The hope was therefore expressed that the Town Council would be able to make the necessary provision on the Hendon side of Edgware Road.

It will be remembered that at the last meeting (Item No. 14) a communication was reported from the Urban District Council of Harrow making enquiry whether the Town Council would be prepared to co-operate with them in the provision of a public convenience in the Burnt Oak Area and it is understood that a conference of officers of the two authorities will shortly take place.

The Committee were of opinion that the Wembley Council should be represented and they instructed the Borough Surveyor to arrange accordingly.

It is suggested that an item of £5 for printing, stationery, etc. (West Hendon Pool) should be increased to £20.

RESOLVED—**That the Estimates be approved, subject to the above observations and submitted to the Finance and General Purpose Committee.**

The Sub-Committee are of opinion that this encyclopædia should be provided for the school libraries in Senior Departments and all-standard schools (except St. Mary's R.C. which is in close proximity to the Central Library) where it is not already in stock, for which purpose 12 sets would be required.

They accordingly RECOMMEND—That, subject to the approval of the Education Committee to the expenditure of £72 18s. 0d., 12 sets of Cassell's "Book of Knowledge" be purchased for the Libraries in the Senior Departments and all-standard schools where it is not already in stock.

8.—COUNCIL'S HOUSING ESTATES—FOWL HOUSES, ETC.:

The Borough Surveyor reported as to the desirability of standard conditions being laid down governing the erection of fowl houses and runs on the Council's Housing Estates and suggested the adoption of the following regulations:—

(1) The fowl house and run must not be erected within 25 feet of the house;

(2) The structure must not be unsightly;

(3) The height of the structure must not exceed five feet from the ground to the highest part of the roof;

(4) The fowl house must be neatly constructed, with the floor at least ten inches above the ground level, and the space left under the floor enclosed with wire netting to exclude rats. Both the house and run must also be so constructed that they can easily be kept in a clean and sanitary condition, and must be so kept;

(5) The keeping of a cock bird is prohibited;

(6) The Corporation reserve the right to withdraw its consent and to require the fowl house and run to be removed at any time.

In all cases before consent is granted, a sketch should be submitted showing the dimensions of the fowl house and run and the position in relation to the dwellinghouse.

With regard to pigeon lofts, it is suggested that applications should be dealt with on their merits and that any consents granted should contain a condition reserving the right to withdraw the consent as in the case of fowl houses. It is considered desirable in the case of pigeons, that they should all be kept at the bottom of the gardens.

RESOLVED TO RECOMMEND—**That the report of the Borough Surveyor be approved and the regulations set out therein adopted.**

9.—EDGWARE—DEVELOPMENT—LAND FOR HOUSING:

The Committee considered the reference from the Special (Development) Committee as to the reservation of sites in the portion of Edgware to the north of Edgware Way for purposes coming within their purview, and

With regard to the construction of roads and sewers the Borough Surveyor points out that the tender includes two items which are not properly chargeable to the Housing Scheme.

It has been necessary to include in the tender the laying-out and making up of a Town Planning Road which runs through the estate. Only half of this amount, however, viz.—£1,429 13s. 4d. should be charged to the Housing Scheme.

In addition, the cost of the improvement at the junction of Wise Lane and Dole Street has been included in the tender and the Borough Surveyor has deducted therefrom the sum of £313 7s. 8d. which he estimates to be the amount properly chargeable to Highways generally as the work is entirely for the benefit of the two public highways concerned.

With regard to the amount of £1,429 13s. 4d., which is half the cost of the Town Planning Road No. 31, a portion of this amount will be re-chargeable to the Education Committee as and when the school site, which fronts on to the road, is developed.

RESOLVED TO RECOMMEND—

(*a*) **That the report of the Borough Surveyor be approved;**

(*b*) **That, subject to the usual financial requirements, provisional approval be given to the acceptance of the following tenders:—**

Construction of Roads and Sewers:—

Messrs. H. C. Janes & Co., High Town Road, Luton, amounting to £10,646 6s. 8d.

(*c*) **That in the event of either or both of the above mentioned firms failing to take up the contracts authority be given to the acceptance of the next lowest tender in each case;**

(*d*) **That the Finance and General Purposes Committee be requested to make the necessary financial provision;**

(*e*) **That the Corporate Seal be affixed in due course to all necessary documents in connection with the contracts.**

HENDON PLANNING SCHEME NO. 1.

1.—PLANNING APPEAL—TRANSFORMER STATION, THE GROVE, EDGWARE:

The Town Clerk reported the decision of the Minister of Health allowing the appeal of the North Metropolitan Electric Power Supply Company against the refusal of the Council to permit the erection of the above Transformer Station. **Noted.**

2.—FACTORY PREMISES REAR OF PENTLAND CLOSE:

The Committee considered a letter from Handley Page, Ltd., regarding noise from the electric fans at their premises, in respect of which complaints have been received from residents of adjacent property.

The Company, whilst willing to co-operate in matters of this nature, regret they are unable to suggest any means of eliminating the noise caused by the ventilation plant. It will be recalled that the Sub-Committee were informed by the Company's representative that the fans are not working after 7.30 p.m. (B. & T.P.C., 11/1/37—1 (ii)). **Noted.**

3.—LAND—GREAT NORTH WAY:

A letter was considered from Messrs. Johnston Evans offering for sale a piece of land having a frontage of 80 feet to Great North Way adjacent to the main entrance to Copthall Playingfields, together with a report of the Borough Surveyor thereon.

RESOLVED TO RECOMMEND—**That no action be taken in the matter.**

4.—HOARDING, EDGWARE ROAD, HENDON:

The Borough Surveyor reported on an application from the Hendon and District Bill-posting Company asking the Council to let the frontage of its land at the junction of Edgware Road with Goldsmith Avenue for the purpose of an advertising station.

RESOLVED TO RECOMMEND—**That such application be disapproved.**

5.—ST. SAVIOUR'S HOMES, BRENT STREET, HENDON:

The Committee considered a report by the Borough Surveyor on a complaint from Mr. F. M. Anderson of No. 58, Brent Street, regarding the use of the above premises by The National Cleaners & Dyers. The Committee have already received a number of complaints relating to these premises and have recently considered the question of the user in relation to the Hendon Planning Scheme No. 1. (B. & T.P.C., 11/1/37—3).

Neon advertisement signs have been erected projecting in front of the building line and the Committee regard such signs as inconsistent with the amenities of a residential neighbourhood.

RESOLVED TO RECOMMEND—**That authority be given for a notice to be served upon the owner of the advertisement, under Section 47 of the Town & Country Planning Act, 1932, requiring the removal of the sign in question.**

6.—CONTRAVENTIONS:

The Borough Surveyor has submitted a report calling attention to various contraventions of the provisions of the Hendon Planning Scheme No. 1 and the Committee

RECOMMEND—**That the Town Clerk be authorised to serve notices under Section 13 of the Town & Country Planning Act, 1932, with a view to enforcing and carrying into effect the provisions of the Scheme in respect of the following:—**

Property.	Nature of Contravention and Clause of Scheme.

House, Wise Lane, Mill Hill (Wates, Streatham, Ltd.)	Building too close to boundary. Clause 43 (2).

7.—DEVONSHIRE ROAD, MILL HILL—LAND:

An application from Mr. E. C. Benfield was considered for permission to erect a block of eight flats in the form of semi-detached houses on vacant land fronting the North side of Devonshire Road.

Having regard to the character of the adjacent property, the Committee

RESOLVED TO RECOMMEND—**That the proposed development shall be reckoned as equivalent to eight building units under Clause 35 (2).**

8.—GLENGALL ROAD, EDGWARE—LICENSED PREMISES:

The Committee considered an application from Whitbread & Co., Ltd., for consent to the erection of licensed premises fronting Glengall Road, approximately 300 yards from its junction with Broadfields Avenue.

The land is situate within a special residential zone of the Hendon Planning Scheme No. 1, but when the plans of the estate were approved on the 27th July last, the Council gave permission for the erection of 18 shops at this point. Notice of the application by advertisement has therefore been given in accordance with Clause 30, and a number of objections by residents in the vicinity have been received.

The Middlesex County Council on behalf of the Middlesex Education Committee who propose to erect a Secondary School on the adjacent site, also object to the proposal.

RESOLVED TO RECOMMEND—**That the application be disapproved under Clause 28.**

9.—FERNSIDE AVENUE, BARNET WAY, MILL HILL—FLATS:

Consideration was given to an application from Mr. W. F. Thorpe for consent to the erection of 78 flats fronting Fernside Avenue, Mill Hill, situated in a Special Residential Zone.

In view of the terms of the Interim Development Order Permission No. 347 already issued in respect of the development of this estate by the erection of houses at a density not exceeding eight to the acre, the Committee (23/11/36—11 (C) (iii)) instructed the Borough Surveyor to obtain an expression of opinion from the owners of adjacent property.

Fourteen objections have been received, and the Committee

RESOLVED TO RECOMMEND—**That the application be disapproved under Clause 28.**

10.—RUSHGROVE AVENUE, HENDON—EMPLOYMENT EXCHANGE:

An application was considered from H.M. Office of Works regarding a proposal to erect an Employment Exchange fronting Rushgrove Avenue at a point approximately 120 yards from the Edgware Road.

H.M. Office of Works ask the Council to agree to a building line of twenty feet. There would not appear to be any objection to the proposal, and the Committee

RESOLVED TO RECOMMEND—**That H.M. Office of Works be informed that the Council are prepared to give favourable consideration to the proposal, subject to the general lay-out being of a character which will not interfere with the residential amenities of the adjacent property.**

11.—BUNNS LANE AND PAGE STREET, MILL HILL—FLATS:

The Borough Surveyor reported on an application from Mr. B. Creasey for consent to the erection of 15 flats adjacent to the property known as "Copt Hall." Interim Development Order Permission No. 411 issued to Mr. J. T. Stimpson in April, 1936, permits the erection of ten flats, subject to the plans and elevations being to the Council's approval and in harmony with the character of the existing building, and the Committee are of opinion that this number should not be exceeded.

RESOLVED TO RECOMMEND—**That consent to the application be refused.**

12.—HENDON FOUNDRY, NEAR STATION ROAD, HENDON:

Consideration was given to an application from Mr. W. L. Henderson for consent to the continuation of the existing user of the buildings known as the Hendon Foundry, which consists of a number of buildings of a semi-permanent character closely adjacent to the L.M. & S. Railway Company Goods Yard.

Application is also made for permission to make substantial additions to the foundry at a later date.

Having regard to the charcater of the future development of this area, the Committee

RESOLVED TO RECOMMEND—**That the applicants be informed:—**

(i) **That the continuance of the existing use be approved under Clause 54, subject to a condition that a belt of trees sufficient to form an adequate screen be planted along the northen, southern and eastern boundaries.**

(ii) **That the extensions of the existing buildings shall be limited to such extensions as are permitted under Clause 55.**

13.—BARNET RURAL DISTRICT COUNCIL, TOWN PLANNING SCHEME:

The Borough Surveyor reported that the above Scheme had been deposited for the inspection of interested Local Authorities. From an inspection of such Scheme the proposals generally do not materially conflict with the provision of the Hendon Planning Scheme No. 1 at the boundary of the Borough, but the Committee

RECOMMEND—**That representations be made to the Barnet Rural District Council on the following points:—**

1. Description of business zone at Elstree Village should be similar to that provided in the Hendon Planning Scheme No. 1 in the immediate vicinity;

2. Width of proposed road No. 26 should be the same as No. 7a (Hendon) and a slight alteration in alignment is desirable; and

3. Proposed density (8 houses to the acre) of area opposite the Council's property in Barnet Lane should be reduced.

HENDON PLANNING SCHEME NO. 2.

14.—BRENT STREET—LAND:

Further consideration was given to applications for Interim Development Order Permissions from Messrs. M. Holmes & Sons and Messrs. A. Phillips & Co. in respect of the development of a piece of land at the junction of Brent Street with Victoria Road, Hendon, by the erection of shops. The Committee at its last meeting decided to impose a condition providing for the construction of an access road in front of any shops to be erected facing Brent Street. (B. & T.P.C., 11/1/37—26).

Both applicants ask the Council to re-consider its decision in this respect.

RESOLVED TO RECOMMEND—**That both applicants be informed that the Council are unable to vary the previous decision in the matter.**

15.—EDGWARE ROAD AND NORTH CIRCULAR ROAD—LAND:

The Committee considered an application from Mr. W. Newcombe Wright for permission to erect a factory at the junction of Edgware Road with the North Circular Road. The land is mainly within the area of the Hendon Planning Scheme No. 2 and there would not appear to be any objection in principle to the proposal, but the building line to the Edgware Road is unsatisfactory, as the service road is placed on land required for the widening of the main road. The position of the existing petrol filling station is also unsatisfactory having regard to future road development.

RESOLVED TO RECOMMEND—**That the issue of an Interim Development Order Permission (Scheme No. 2) be refused for the reasons stated, and the proposals disapproved under the Restriction of Ribbon Development Act, 1935, as regards the Edgware Road.**

16.—BRAMPTON GROVE, HENDON—SALVATION ARMY HALL:

This application involves the demolition of the properties known as Nos. 1, 3 and 5, Brampton Grove and the erection on the site of an extension to the existing Salvation Army Hall. The proposed premises would appear to constitute a place of public assembly, and are included in a residential zone in the draft Hendon Planning Scheme No. 2.

With the exception of the Post Office on one corner and Barclays Bank on the other, the whole of Brampton Grove is of a residential character.

Objections to the proposal have been received from the Receiver of the Metropolitan Police, Mr. Leslie Raymond, on behalf of owners of adjacent properties, and from 21 residents in Brampton Grove.

Having regard to the character of the adjacent property, the Committee

RESOLVED TO RECOMMEND—**That the issue of an Interim Development Order Permission (Scheme No. 2) be refused for the reasons stated, and the proposals disapproved under the Restriction of Ribbon Development Act, 1935.**

17.—FINCHLEY LANE, HENDON—PETROL FILLING STATION:

Consideration was given to an application from L. A. Hills (Hendon), Ltd., for an alteration to a condition of their Interim Development Order Permission prohibiting the erection of advertising boards or other notices in connection with the garage. The Company propose to have a display of 12 panels along the front elevation for the purpose of advertisements instead of the existing hoarding.

RESOLVED TO RECOMMEND—**That the applicants be informed that provided the existing advertisements are removed, the Council will be prepared to agree to six display panels for announcements only in connection with the services offered by the garage.**

18.—EXCLUSION FROM PLANNING SCHEME NO. 2—ROADS AFFECTED BY THE RESTRICTION OF RIBBON DEVELOPMENT ACT, 1935:

The Committee considered a report by the Borough Surveyor on a letter from the Minister of Transport suggesting the desirability of excluding from the Hendon Planning Scheme No. 2, roads which are dealt with under the Restriction of Ribbon Development Act, 1935.

There would not appear to be any objection to the suggestion, and the Committee

RESOLVED TO RECOMMEND—**That such roads be excluded from the Hendon Planning Scheme No. 2 on submission of the scheme for the approval of the Minister of Health.**

RESTRICTION OF RIBBON DEVELOPMENT ACT, 1935.

19.—EDGWARE ROAD:

An application was considered from Messrs. Raymond Way Motors for consent to be allowed entry on to a piece of land in the Edgware Road, Hendon, which they are leasing from the L.M. & S. Rly. Company. There would not appear to be any objection to the proposal subject to the construction of one crossing of a reasonable size over the footpath to the site, provided adequate space is left on the site itself to accommodate all standing vehicles, and the Committee

RESOLVED TO RECOMMEND—**That consent be given under the Restriction of Ribbon Development Act, subject to a condition that a crossing shall be constructed over the footpath; the work to be carried out by the Council after a deposit has been paid by the applicant to cover the estimated cost.**

20.—CRICKLEWOOD BROADWAY:

The Whitewell Garage, Ltd., make application for permission to erect two additional petrol pumps at their premises. There would not appear to be any objection to the proposal, and the Committee

RESOLVED TO RECOMMEND—**That such application be approved under the Restriction of Ribbon Development Act, 1935.**

21.—RATE ESTIMATES, 1937/38:

Details of estimated expenditure and income for the ensuing year were considered. The following is a summary of the statement before the Committee:—

SUPERANNUATION.

14.—CALCULATION OF ALLOWANCES:

In accordance with instructions the Borough Treasurer has reported upon the application of the Local Government and Other Officers' Superannuation Act, 1933, in the calculation of allowances, particularly in respect of non-contributory service.

The two categories of service applicable to employees within the scope of the Act are (i) service prior to the adoption of the Act, for which no contributions are payable, and (ii) service after the appointed day in respect of which employees contribute 5 per cent. of salaries or wages.

The Act provides that pensions for non-contributing service shall be calculated on a minimum of one-hundred and twentieths, but there is a permissive power to Authorities to increase this rate to sixtieths in any case in which they so decide. The basis of sixtieths has been adopted by a number of Authorities, adjoining and within a reasonable distance of the Borough.

Pensions in respect of contributory service are all calculated on fixed sixtieths for each year of service.

The Act became operative in Hendon on the 1st April, 1925, and the Council then laid down the principles that there should be no differentiation between employees and that the basic rate of pension for non-contributory service be fixed at eightieths.

At the present time there are 497 contributors to the Superannuation Fund, of whom 146 have varying periods of non-contributory service. In the latter cases the Committee have had before them illustrations as to the effect on individuals of the application of a basic rate of sixtieths, together with tables of costs of granting the same rate to all employees concerned, based upon present remuneration and on retirement at 65 years of age, or alternatively at the earliest permissive date after the completion of 40 years service. Retirement at 65 years usually prevails, and on this practice the table of costs shows an annual charge of £60 1s. 9d., commencing in 1937/38, rising to a peak of £672 16s. 5d. in 1950/51, after which the costs diminish over a period of 25 years and then cease.

The Committee have no recommendation to make.

15.—REFUND OF CONTRIBUTIONS:

It was reported that Mr. F. Hale (Sweeper—Record No. 606) had left the service of the Council.

RESOLVED TO RECOMMEND—**That authority be given for repayment of his Superannuation Contributions, amounting to £27 8s. 9d.**

16.—TRANSFER VALUE:

The appointment of Dr. G. G. Stewart under the Essex County Council necessitates payment of the sum of £742 10s. 0d. to that Authority which will entitle Dr. Stewart to count 11 years contributing service for the purpose of Superannuation.

RESOLVED TO RECOMMEND—**That authority be given for payment of the amount stated.**

17.—DEATH OF PENSIONER:

It was reported that Mr. A. Baston had died on the 2nd February and that a balance of monies due (4/9d.) had been handed to his daughter-in-law.

RESOLVED TO RECOMMEND—**That the action taken be approved.**

RESOLVED TO RECOMMEND—**That the action taken be confirmed.**

Alderman W. M. Maughan (in the Chair).

4.—DENTAL ATTENDANT:

RESOLVED—**That the Chairman of the Committee and the Medical Officer of Health be authorised to select applicants for interview by the Committee at the next meeting.**

5.—EDGWARE—DEVELOPMENT:

The Committee considered a report from the Medical Officer of Health in connection with the reference from the Special Committee (19/1/37—2) as to the necessity for the reservation of land in Edgware for purposes within the purview of the Committee.

The Special Committee had reported that it was estimated some 7,000 houses might ultimately be erected, which would provide an additional population of approximately 30,000.

Before preparing his report the Medical Officer stated that he had reviewed what he believed to be the development of health centres generally throughout the district.

It was pointed out that there are two types of centres at present in existence; one, capable of dealing with all activities such centres having been provided at Watling and Central Hendon, with a further one projected at Mill Hill. With the provision of the last named the district will be adequately provided with this type of building. The second type is more limited in its activities and deals with essentially local services, the chief of these being child welfare sessions and to a lesser degree, ante-natal provision and the treatment of minor ailments. The provision of the smaller centre can be made either by renting suitable premises, or by the erection of a building at a cost including equipment of approximately £2,000 but the selection of a site presents considerable difficulty when attempting to deal with contemplated development.

The Medical Officer dealt with advantages by either provision and referred to certain disadvantages in connection with hired buildings. The main factor to be considered is the number of weekly sessions as where two or more are held the erection of a building appears to be more desirable. It was also mentioned that if provision can be made adjacent to another public building such as a Library or School a saving is effected in connection with heating facilities.

In the latter respect the Libraries Committee submitted a recommendation (8/2/37—10) which was referred back at the meeting of the Council on the 22nd ultimo asking the Special (Development) Committee to reserve a site about half an acre in extent in the vicinity of the junction of Spur Road and Edgware Way for the purposes of a Branch Library.

The Medical Officer finally expressed the opinion that it would probably be advisable, if land were available, to build a No. 2 type centre south of the arterial road and reserve a small area, not more that a quarter of an acre, for a further centre near the projected tube station.

RESOLVED TO RECOMMEND—

(1) **That the Special (Development) Committee be informed that land is required for a Health Centre to serve that part of the Edgware Ward which is at present developed, south of the Arterial Road;**

(2) **That with regard to the second site suggested by the Medical Officer, consideration be deferred until a report by the Libraries Committee is available.**

6.—WOODSIDE PARK ESTATE:

The Medical Officer reported with regard to the provision of health services for the above Estate.

On submission of a previous report in 1935 there were 425 houses on the Estate and 113 children under 5 years of age. It was then stated that a number of persons were attending the Finchley Health Centres, whilst certain mothers in the portion of Finchley living adjacent to the Garden Suburb attended the Health Centre at Bridge Lane. As a result of negotiations between the Medical Officers of the two authorities the above arrangements were continued.

The development of the Estate being now complete there are 895 houses with a child population under 5 years of age of approximately 170. Information has been obtained from Finchley that there are 60 children from the Estate on their child welfare register with an average weekly attendance of 19 and that 7 expectant mothers attended the ante-natal clinic during the preceding year. With regard to this Council's Centre at Temple Fortune, 28 children attend from Finchley with an average weekly attendance of 6.

The Medical Officer stated that there are no premises available on the Estate suitable for use as a temporary centre and he expressed the view that from the statistics submitted the erection of a permanent building is not justified at the present time.

RESOLVED TO RECOMMEND—**That the report of the Medical Officer be approved, that the existing arrangements with Finchley be continued and that the matter be reviewed upon completion of the extension of Lullington Garth giving access to the Estate from Frith Lane, Mill Hill.**

7.—MATERNITY AND CHILD WELFARE—VOLUNTARY ASSOCIATIONS:

A communication was reported from the Ministry of Health forwarding a sealed copy of the Council's scheme under Section 101 (4) of the Local Government Act, 1929, relating to contributions to Voluntary Associations during the third fixed grant period (1/4/37—31/3/42) duly approved by the Minister. (P.H. & M.S.C., 25/1/37—11).

In accordance with the Minister's suggestion a copy of the scheme has been furnished to the Voluntary Associations concerned. **Noted.**

8.—THE CENTRAL COUNCIL FOR HEALTH EDUCATION:

A letter was submitted from the above organisation appealing for financial assistance.

RESOLVED—**That no action be taken.**

9.—MIDWIVES ACTS, 1902-26, NURSING HOMES REGISTRATION ACT, 1927, AND MIDWIVES ACT, 1936:

The following correspondence was reported:—

(i) Ministry of Health intimating that it had been decided to comply with the application of the Town Council for an Order under Section 62 of the Local Government Act, 1929, directing that the Council shall become the Local Supervising Authority under the Midwives Acts for the Borough in place of the County Council. The necessary order will be made by the Minister which it is proposed shall come into operation on the 1st April next. (P.H. & M.S.C., 1/2/37—9).

(ii) Middlesex County Council with the following resolution:—

"*That the powers and duties of the County Council under the Nursing Homes Registration Act*, 1927, *as respects the Borough of Hendon be, and are hereby, delegated to the Borough Council of Hendon on and from the date of operation of the*

order of the Minister of Health, under Section 62 of the Local Government Act, 1929, directing that the Borough Council shall become the local supervising authority under the Midwives Acts for the Borough in place of the County Council."

The County Council state that the question of the sum to be fixed as the maximum amount to be repaid annually by the County Council to the Borough Council in respect of the expenses incurred by the latter authority in the execution of the powers and the performance of the duties, and of the procedure to be adopted with respect to any fees received by the Borough Council under the Act, have not been decided. Particulars as to the persons registered by the County Council in respect of nursing homes in the Borough and other relevant information will be forwarded in due course. (P.H. and M.S.C., 5/10/36—2).

With regard to the Midwives Acts, the Medical Officer stated that he would proceed with the preparation of the necessary scheme and he referred to the necessity for making financial provision in respect of the operation of the Acts and suggested the inclusion in the estimates of a figure of £1,500. The consideration of a communication from the Association of Inspectors of Midwives has been deferred pending the submission of the scheme.

RESOLVED—**That the suggestion of the Medical Officer for inclusion in the estimates of a sum of £1,500 be approved.**

10.—HENDON DAY NURSERY, WEST HENDON:

In accordance with instructions (P.H. & M.S.C., 1/2/37—7) the Borough Surveyor reported on the possibility of converting No. 127, The Broadway, West Hendon, into a modern building with a view to continuing its use as a Day Nursery to accommodate 28 children.

The Borough Surveyor pointed out that in view of the condition of the building, and having regard to its age, the use of the present site would necessitate the erection of new premises and in order to give the required accommodation it would be necessary to build over the yard at the rear on the ground floor which would provide for the addition of a room with a floor area of approximately 280 feet super. The roof over this room could be used for recreation purposes although this could not be regarded as satisfactory.

It was explained that time had not permitted of the preparation of complete plans and a detailed estimate for a new building, but the Borough Surveyor submitted for reconsideration the plans of the building in semi-permanent construction on the proposed site in York Park at an estimated cost of £2,500. (P.H. & M.S.C., 7/9/36—12).

The existing premises have two rooms set apart for the use of the children having a total floor area of 546 square feet, whereas for similar accommodation in the plan referred to the area is 720 square feet. The proposed building would be on one floor and in addition to providing on a larger and more efficient scale all that the existing accommodation provides it would be possible to construct a terrace and verandah at the rear with a reasonable amount of open space.

Having further considered the matter the Committee strongly endorse the view that the present building is not adaptable as a modern Day Nursery.

RESOLVED TO RECOMMEND—

(1) **That a report, to include the financial aspect, be submitted together with detailed plans embodying the suggestions of the Medical Officer previously reported** (P.H. & M.S.C., 5/10/36—3) **and an estimate of cost for a semi-permanent building to accommodate 28 children on the site at York Park or as an alternative on the land belonging to the Council at the junction of Edgware Road and Goldsmith Avenue;**

(2) **That in due course the plans be submitted to the Day Nursery Committee.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

WATLING HEALTH CENTRE.

13.—HOT WATER SUPPLY:

The domestic hot water supply at the above Centre is obtained by gas boilers and the Borough Surveyor stated that these require constant and skilled attention to retain them in an efficient condition.

RESOLVED TO RECOMMEND—**That the proposal be approved.**

ISOLATION HOSPITAL.

23.—LIGHTING AND EQUIPMENT:

The Medical Officer submitted a report with regard to the lighting of the operating theatre and on the method of sterilization of instruments and equipment. Particulars of the surgical work performed during the preceding year were submitted and reference was made to the possible necessity in view of the growth of this work for considering in due course the provision of a special surgical unit with an operating theatre, etc.

With regard to the question of sterilization, the Medical Officer outlined the present method which although efficient is somewhat complicated and occupies a considerable time. A proper sterilizing plant would be a great advantage and would effect a financial saving, the cost thereof including the purchase of certain additional surgical equipment and improved lighting would be approximately £400.

As regards lighting, the Medical Officer referred to the present arrangement both in the operating theatre and the side room in the diphtheria ward used for tracheotomy and suggested the provision of a shadowless lamp.

RESOLVED TO RECOMMEND—**That the report of the Medical Officer be approved and arrangements made for the purchase of the sterilizing plant, etc., at an estimated cost of £400.**

25.—ELECTRICAL INSTALLATION:

Further consideration was given to the above matter (P.H. & M.S.C., 1/2/37—24) referred back at the meeting of the Council on the 22nd ultimo. It will be remembered that the question arose as a result of a test following certain failures on one of the lighting circuits and the Borough Surveyor suggested that the necessary re-wiring work should be undertaken by the Hendon Electric Supply Company. Authority was sought to enter into an arrangement with the Company whereby they would be paid an agreed rate per hour for electrical fitters and on a schedule of prices for any new cable required. The Borough Surveyor further suggested that the Administration Block should be first dealt with for which a sum of £100 should be allocated.

The Committee adhere to their previous decision that the Borough Surveyor's suggestions be approved and adopted, and they

RECOMMEND **accordingly.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

The proposed fees are being submitted to the Secretary of State and Minister of Health and it was stated that the date of the opening of the Cemetery would be advertised in the public press.

Some considerable time ago the Council asked for an undertaking from the Paddington Borough Council whereby equal facilities would be provided for the burial of inhabitants of the Mill Hill Ward in the proposed Cemetery, at fees in no case higher than those charged to residents of Paddington, and a promise was made that the request should receive sympathetic consideration.

RESOLVED TO RECOMMEND—**That representation be addressed to the Secretary of State and the Minister of Health objecting to the fees proposed for non-parishioners in private graves, and to the proposal in relation to Hendon residents in respect of non-private graves, and that the Metropolitan Borough of Paddington be informed accordingly**

2.—STREET TRADING—RENEWAL OF LICENCES:

The Committee considered a schedule of 37 applications for the renewal of street trading licences for the year ending 31st March, 1938. A copy of the schedule is entered in the Committee's Minute Book.

RESOLVED TO RECOMMEND—

(*a*) **That the applications set out in the schedule be approved, subject to the existing conditions, and the necessary licences issued for the period 1st April, 1937, to 31st March, 1938;**

(*b*) **That prior to the next meeting for the renewal of Street Trading Licences a report be submitted by the Town Clerk dealing with the power of licensees to employ other persons.**

PUBLIC LIGHTING.

3.—EDGWAREBURY LANE—PARADE LIGHTING:

The Borough Surveyor reported on an application from the North Meropolitan Electric Power Supply Company for consent to the installation of parade lighting outside the shops recently erected in Edgwarebury Lane near its junction with Hale Lane.

RESOLVED TO RECOMMEND—**That the proposed parade lighting scheme be approved subject to the applicants entering into an agreement completely indemnifying the Council from liability in respect of claims arising out of or in connection with the lamps included in the scheme.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

4.—EDGWARE ROAD:

In connection with the lighting of that section of Edgware Road between Edgware Bridge and Spur Road, the Borough Surveyor reported on the possibility of utilising the standards carrying the trolley bus equipment. Owing to the difference between the overhead equipment of the trolley buses and tramcars it is not possible to adopt span lighting, and the only method by which the existing poles could be used would be to fix a bracket to alternate poles on each side of the road to carry a 250-watt "Osira" lamp. This method would, however, only permit of a 3 feet overhang, whereas the standard adopted by the Council is six feet. In addition, this system would necessitate the retention of the tramway poles from Station Road, Edgware, to Spur Road which would otherwise shortly be removed by the Transport Board.

After giving the matter full consideration the Committee have come to the conclusion that the scheme previously submitted whereby new poles would be erected by the North Metropolitan Electric Power Supply Company at the standard spacing of 150 feet with a six feet overhang and 250-watt "Osira" lamps, should be adopted. The cost of the two schemes is as follows:—

	No. of lamps.	Total annual cost to the Borough Council. £ s. d.
No. 1:—		
250-watt "Osira" lamps fixed to the existing poles with 3 feet overhang	31	368 0 0
No. 2:—		
New lighting poles at the standard spacing of 150 feet with 6 feet overhang	25	323 15 0

It is understood that the Harrow Council, which is responsible for lighting one-half of this section of the Edgware Road, has already agreed to adopt scheme No. 2.

The Committee accordingly—

RESOLVED TO RECOMMEND—**That, subject to the Harrow Urban District Council agreeing to enter into an agreement with the North Metropolitan Electric Power Supply Company on the basis of scheme No. 2 an agreement in a form to be approved by the Town Clerk be entered into between the Town Council and the Company on the same basis, and that the Corporate Seal be affixed to the agreement in due course.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

5.—COOL OAK LANE:

Arising out of a letter from the Engineer to the Wembley Urban District Council regarding the lighting of the section of Cool Oak Lane within the Wembley Area, the Borough Surveyor suggested that as a gas main is now available the section of the road in the Council's area between Woolmead Avenue and the Borough Boundary should be lighted. The proposal will involve the erection of 13 lamps.

RESOLVED TO RECOMMEND—**That the lighting of the section of Cool Oak Lane between Woolmead Avenue and the Borough Boundary be approved.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

6.—IMPROVED LIGHTING:

Pursuant to the Committee's instructions the Borough Surveyor submitted a report on the tests which have been carried out on various roads where the improved lighting approved by the Council has been completed. A copy of the report is entered in MS. in the Committee's Minute Book.

The Committee have approved the report and given instructions for a copy thereof to be circulated to each member of the Council.

7.—ROAD ACCIDENTS:

Schedules were submitted giving details of road accidents notified during the months of December and January. During December 4 fatal and 76 non-fatal accidents occurred, whilst 4 fatal and 85 non-fatal accidents were notified during January.

A letter was also submitted from the Divisional Road Engineer of the Ministry of Transport arising out of an interview the Borough Surveyor had with the Divisional Road Engineer at the request of the Minister of Transport, to discuss the rise in the accident statistics for the year 1936 as compared with 1935.

According to the statistics for 1936, 63 per cent. of the accidents within the Borough occurred either on Edgware Road, the Watford Bye-Pass (Hendon Way, Watford Way and Edgware Way) or Finchley Road, but a larger number of accidents occurred on Edgware Road than on the Bye-Pass Road.

The Divisional Road Engineer points out that the great majority of the accidents on the Edgware Road occurred at road junctions, which appeared to indicate that people emerging into Edgware Road were probably not taking sufficient care in view of the heavy traffic which uses Edgware Road, and he asks that a careful survey should be made of all roads turning into Edgware Road, the Watford Bye-Pass and Finchley Road to ascertain whether a more liberal use of the "Halt at Major Road Ahead" signs would not be a satisfactory method of dealing with this particular problem. It is also suggested that pedestrian guard rails might with advantage be fairly extensively used on the roads mentioned where the accident record is very high, and the Council's views on the suggestion are requested.

The Committee have deferred full consideration of the matter until the next meeting for a plan to be submitted by the Borough Surveyor indicating the points on the Edgware Road where all accidents during the last six months have occurred, differentiating between accidents involving pedestrians, cyclists and motorists.

TRAFFIC CONTROL.

8.—GOLDERS GREEN:

The Committee considered and noted the report of the Borough Surveyor on a letter from Mr. G. C. Simpson, of Gresham Gardens, regarding the traffic conditions at the crossing of The Ridgeway and Armitage Road and the junction of The Ridgeway, Rodborough Road, The Vale and Hodford Road.

9.—BRENT GREEN, HENDON:

The Borough Surveyor reported on a letter from the Rev. J. McRobbie of the Pillar of Fire Society stating that traffic conditions on the road adjacent to the Society's premises on the south-west side of Brent Green are dangerous and suggesting the erection of a cautionary notice indicating a concealed entrance or the provision of a pedestrian crossing. **Noted.**

10.—CRICKLEWOOD LANE—BARRIER RAIL:

In connection with the proposal to erect a barrier rail on the footpath outside All Saints' School, Cricklewood Lane (Hi.C., 4/1/37—17) the Borough Surveyor reported that the Middlesex County Council are not prepared to make any grant towards the cost but that they suggested the barrier rail should be erected inside the playground instead of on the footpath.

It will be remembered that the Council previously agreed to bear the cost of the barrier rail but gave instructions for an application to be made to the County Council for a grant.

RESOLVED TO RECOMMEND—**That the Borough Surveyor be instructed to erect a barrier rail at the point in question in accordance with the Council's previous resolution.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

11.—STATION ROAD EDGWARE—BARRIER RAIL:

The Committee considered a letter from the Edgware Ratepayers' Association asking the Council to place a guard rail near the Station Road end of Church Way to prevent children running out into this busy thoroughfare. After consideration of the observations of the Borough Surveyor, the Committee

RESOLVED TO RECOMMEND—**That the Association be informed that in the existing circumstances the Council regret they are unable to accede to the request.**

12.—JUNCTION OF EDGWARE ROAD AND COLINDALE AVENUE—SIGNALS:

The Committee have deferred to the next meeting consideration of a letter from the County Engineer suggesting the installation of traffic signals at the above junction, in order that the suggestion can be considered in conjunction with the plan shewing the accident record of Edgware Road referred to under item 7.

13.—THE BROADWAY, MILL HILL:

Arising out of a letter from the Mill Hill Residents' Association asking the Council to reconsider its decision on the application previously put forward by the Association for the provision of a pedestrian crossing in the Broadway, Mill Hill, at its junction with Brockenhurst Gardens, the Committee

Arising out of the report of the Borough Surveyor on a letter from Mr. A. W. Blatchley complaining of the condition of the above accommodation road which is extensively used as an entrance to garages of houses in Holders Hill Avenue and Great North Way, the Committee

RESOLVED—**That the accommodation road in question be placed on the list of private streets to be made up in due course under Section 150 of the Public Health Act, 1875.**

(4) **That Mr. Morris be informed of the action proposed to be taken.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

The Committee considered a letter signed by 16 residents in Lovat Close, asking the Council to agree to the road being made up forthwith by the Contractor who is at present making up Brook Avenue for Mr. R. C. Campbell under an Agreement with the Council.

An application for loan sanction to enable Lovat Close to be made up under Section 150 of the Public Health Act, 1875, is now before the Minister of Health and the public inquiry into the application has been held. In these circumstances the Committee

RESOLVED TO RECOMMEND—**That the signatories to the letter be informed that the Council are unable to accede to their request.**

23.—THORNFIELD AVENUE, ABERCORN ROAD, ETC.:

On the 25th January last (Hi.C., 4/1/37—30) the Council withdrew Devonshire Road, Devonshire Crescent and Aberdare Gardens from a group of roads in respect of which application had been made to the Minister of Health for loan sanction, and authorised the submission of an amended application for consent to the borrowing of £7,037 for making up the remaining roads in the group, viz.—Thornfield Avenue, Abercorn Road, Abercorn Close, Glendor Gardens and Osborne Gardens. The Borough Surveyor now reports that Osborne Gardens should also be deleted from the group and the application for loan sanction amended accordingly.

RESOLVED TO RECOMMEND—

(*a*) **That Osborne Gardens be deleted from the group of roads in respect of which application for loan sanction to enable Private Street Improvement Works to be carried out has already been made to the Minister of Health and that the notices under Section 150 of the Public Health Act, 1875, which have been served on the frontagers in the road be withdrawn;**

RESOLVED TO RECOMMEND—**That the streets, or portions of streets, indicated above, be now dedicated as public highways and the necessary notices duly posted.**

25.—NORTH SQUARE AND SOUTH SQUARE, GARDEN SUBURB:

A letter was submitted from the Hampstead Garden Suburb Residents' Association regretting the Council's decision not to make up and take over at the expense of the Hampstead Garden Suburb Trust the two small pieces of roadway leading from North Square and South Square to the Free Church and St. Jude's and asking that the question be reconsidered (Hi.C., 4/1/37—26).

The Committee understand that it may be necessary at some future date to utilise the two pieces of roadway in question for purposes connected with the Churches, and in these circumstances they

RESOLVED TO RECOMMEND—**That the Hampstead Garden Suburb Residents' Association be informed that the Council regret that they are unable to alter their previous decision.**

26.—ACCOMMODATION ROADS, GOLDERS GREEN:

In connection with the proposal to make up six accommodation roads in Golders Green, in respect of which, arising out of points raised by the Minister of Health, amendments were suggested to the specification for four of the roads (Hi.C., 4/1/37—29), a letter was submitted stating that the Minister of Health after giving careful consideration to the further representations is of opinion that he would not be justified in issuing his formal consent to any of the works which are in excess of the specification providing for bituminous macadam surfacing, notwithstanding that in the case of the accommodation roads from Golders Green Crescent to Hoop Lane and Golders Green Road to Hoop Lane respectively, no formal objections have been made by the owners of the abutting premises against the original specification proposed.

The Minister points out that this will render necessary the issue of fresh notices on the frontagers in accordance with the revised specification and that he will await receipt of a revised estimate based on a new specification and competitive tenders for executing the works.

After hearing the observations of the Borough Surveyor the Committee

RESOLVED TO RECOMMEND—**That the Borough Surveyor be instructed to submit a specification and estimate for making up the accommodation road running from West Heath Drive to Finchley Road in reinforced concrete, and that the Town Clerk be instructed to report on the legal position in the event of claims for compensation being received by reason of loss of trade through non-access to premises abutting on the road as a result of the carrying out of the works.**

29.—NEON SIGNS:

A letter was submitted from the County Council asking to be furnished with any evidence the Council may have of cases of difficulty having arisen by reason of the colours of Neon Signs conflicting with the colours of traffic light signals, to enable the County Council to ascertain whether there is sufficient evidence to support a request to the Ministry of Transport for the introduction of legislation to control the erection of neon signs.

RESOLVED TO RECOMMEND—That the County Council be informed that no cases of difficulty of the nature indicated have been experienced so far as this Council is concerned.

30.—MILL HILL PARK CROSSING, WATFORD WAY—SUBWAY:

The Borough Surveyor reported that work in connection with the subway under Watford Way is proceeding satisfactorily despite delay caused by the heavy rain which rendered excavation work extremely difficult. The excavation to the whole of the eastern section has now been completed; the bottom of the subway concreted and work is proceeding on the walls and roof.

The Committee are of opinion that on its completion the subway should be officially opened for use by the public, and they

RESOLVED TO RECOMMEND—That the Minister of Transport (Mr. L. Hore Belisha, M.P.) be invited to perform the opening ceremony on a day to be fixed later.

31.—NEW ROAD—FRITH LANE TO LULLINGTON GARTH:

Satisfactory progress is being made with the construction of the soil and surface water sewers in connection with the above scheme. Work has, however, been very much delayed by the weather conditions which have made the sub-soil so soft as to impede excavation work generally and also access to the site. Considerable delay has also been caused by flood water washing in the trenches. Noted.

32,—HERMITAGE LANE AND PLATTS LANE—IMPROVEMENT:

The Borough Surveyor reported that work on this contract is in its final stages and that the road surface is being prepared to receive the asphalt surfacing. Noted.

33.—CHURCH ROAD—IMPROVEMENT:

34.—EDGWAREBURY LANE—PROPOSED IMPROVEMENT:

The scheme submitted by the Borough Surveyor to the last meeting for carrying out an improvement to the section of Edgwarebury Lane between Hale Lane and Edgware Way was referred back by the Council for further consideration in view of the fact that certain works in respect of which loan debt is outstanding would be superseded.

The Borough Surveyor has now submitted a revised scheme which has been prepared with a view to reducing to a minimum the amount of the works which will be superseded. To achieve this result the Borough Surveyor proposes to retain a length of 1,500 feet of the old foundations, grout up all cracks therein and lay over the top a new foundation of reinforced concrete six inches in thickness.

The cost of the revised scheme, taking the original value of the work to be superseded at £2,060 is estimated to amount to £8,670, made up as follows:

	£
Estimated cost of works	7,636
10 per cent. contingencies	764
	8,400
Clerk of works	180
Cost of raising loan, etc.	90
	£8,670

After full consideration of the position the Committee came to the conclusion that the scheme previously submitted amounting to £9,500 should be adopted if financial considerations will allow, and they therefore

RESOLVED TO RECOMMEND—

(*a*) **That the Borough Treasurer report to the Finance and General Purposes Committee as to the probability of the issue by the Minister of Health of a loan sanction in respect of superseded works on which loan debt is still outstanding;**

(*b*) **That, subject to loan sanction for the full amount of the original estimate being obtained, the scheme previously submitted amounting to £9,500 be approved, failing which the revised scheme now submitted be adopted;**

(*c*) **That the adopted scheme be submitted to the Ministry of Transport and application made for a grant towards the expenditure involved.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

Arising out of a letter from the Hendon Ratepayers' Association, the Committee have instructed the Borough Surveyor to report on the condition of the footpaths in Algernon Road, Hendon.

37.—BRAMPTON GROVE—FOOTPATHS:

The Committee gave consideration to the question of the making up of the footpaths of Brampton Grove. The Town Clerk explained the terms of the agreement with All Souls College relating to the making up of the footpaths and the Committee were informed of the negotiations which have taken place in the matter. The Committee are anxious that these footpaths, which are now in a very unsatisfactory condition, should be made up as soon as possible and they have instructed the Borough Surveyor to negotiate further and report thereon to the next meeting.

39.—PENNINE DRIVE, GOLDERS GREEN:

The Borough Surveyor reported that consequent upon the Council having taken over the enclosure adjacent to the pavement of Pennine Drive as part of the highway it will be necessary for the two telephone kiosks erected on the enclosure to be brought within the terms of the existing agreement.

RESOLVED TO RECOMMEND—**That the two telephone kiosks in question be included in the existing agreement with the Postmaster General and the usual rental charged therefor.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

RESOLVED TO RECOMMEND—**That the application be approved subject to the terms of the existing agreement with the Board.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

41.—HENDON WAY—SUGGESTED SUBWAY:

A letter was submitted from the County Engineer regarding a proposal to make a crossing over Hendon Way close to Wessex Gardens by means of a footbridge or, alternatively, by a subway. In order to construct the necessary ramp to the proposed subway it would be necessary to make use of the footpath opposite Ridge Hill leading into the Council's playingfields, and the County Council enquire whether the Council would be prepared to allow the use of this footpath for the purpose indicated.

RESOLVED TO RECOMMEND—**That the Middlesex County Council be informed that subject to the consideration of details the Council are prepared to give favourable consideration to the proposal.**

42.—HOLDERS HILL ROAD AND DOLLIS ROAD IMPROVEMENT—COMPENSATION:

The Borough Surveyor reported that a settlement had been arrived at with the owner of "Woodfield," Holders Hill Road, regarding the compensation to be paid in respect of land required for the above improvement scheme, on the basis of a payment of £25 plus legal charges.

RESOLVED TO RECOMMEND—**That the terms of settlement be approved and authority given for the Corporate Seal to be affixed in due course to all necessary documents in connection with the dedication of the land in question.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

The Committee are informed that failing agreement between the Council and the Railway Company on the question, the alternative is to apply to the Minister of Transport for an Order under the Bridges Act, 1929.

RESOLVED TO RECOMMEND—**That in the event of the Council and the Railway Company failing to arrive at an agreement on the question of the maintenance of the structure of the bridge, application be made to the Ministry of Transport for an Order under the Bridges Act, 1929.**

1.—REQUISITIONS:

Requisitions amounting to £101 16s. 4d. were **approved.**

2.—PLAYING FIELDS, NORTH CIRCULAR ROAD AND CLAREMONT ROAD:

The Committee considered a letter from the President of the Hendon & Cricklewood Rifle Club asking that a deputation be received in regard to the tenancy of the land leased to the Club for the purpose of a rifle range. It will be recalled that such land is comprised in the scheme for the development of approximately 21 acres of land for playing-fields and it will therefore be necessary to terminate this tenancy when the consents of the Minister are given and development authorised. (E.P. & A.C., 4/1/37—7).

The Borough Surveyor has been instructed to submit a report on the matter.

RESOLVED—**That the Hendon & Cricklewood Rifle Club be informed that the Committee will be prepared to receive a deputation at its next meeting.**

3.—SUNNY HILL PARK:

A letter from the Secretary, Royal Air Force Display Committee was submitted, asking permission for the use of the above Park as on previous occasions as an official enclosure on Saturday, 26th June, 1937.

RESOLVED TO RECOMMEND—**That permission be granted to the Royal Air Force Display Committee as in previous years, for the use of Sunny Hill Park on the 26th June, 1937, subject to the Council being indemnified against any claim which may arise and to satisfactory arrangements with the Borough Surveyor.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

4.—MILL HILL PARK—BOWLING GREEN:

The Borough Surveyor reported on a letter from the Secretary of the Mill Hill Townswomen's Guild asking whether the Council will be prepared to allocate two or three rinks for the use of the Women's Bowling Club on the new green to be constructed in the above Park, or alternatively, whether the same number of rinks would be allocated to their Club on the existing green for three afternoons a week at an inclusive charge.

The Mill Hill Bowling Club under licence have the use of five rinks on the existing green and it is unlikely that the new green will be constructed in time for play during the forthcoming season. (E.P. & A.G., 1/2/37—3).

RESOLVED TO RECOMMEND—**That the matter be further considered when the construction of the new green is completed and that the Mill Hill Townswomen's Guild be informed accordingly.**

5.—ELM PARK:

A report by the Borough Surveyor was submitted intimating that satisfactory progress is being maintained with the lay-out of this Park. The necessary excavation and filling in is practically completed, paths are in course of construction and the area adjacent to Hermitage Lane is being laid with turves. **Noted.**

6.—COPTHALL PLAYING FIELDS—CORONATION MEMORIAL:

The Committee considered a report of the Borough Surveyor submitting a second revised scheme together with plans and estimates of the cost of the lay-out of this ground for the purposes of outdoor sports as indicated by the Committee at its last meeting. (E.P. & A.G., 1/2/37—2).

Provision has been made in this scheme for 16 football pitches (including two rugby pitches) 11 cricket pitches and 3 hockey pitches, 3 tennis and 4 netball courts.

The Scheme also provides for the filling in of the valley on the eastern side of the ground and the piping in of the existing watercourse. This area will accommodate two football pitches. The existing hedges and trees will be preserved as far as possible and the ditches adjacent to the hedges will serve as outlets for the sub-soil drainage thus ensuring a considerable saving in the cost of effectively draining the land.

Two buildings to provide dressing room accommodation, lavatories, etc., are included in the scheme, one situate to the east of the entrance road from Great North Way and the other near the proposed new entrance from Page Street, the former building will provide dressing accommodation for the southern half of the ground which contains the greater number of pitches and this building, in addition to providing facilities for refreshments, will also include a flat comprising three bedrooms, living room, kitchen and scullery, etc., for the purpose of housing accommodation for a groundsman.

Car Parks are provided near the entrances from Great North Way and Page Street.

The estimated cost of the whole scheme is as follows:—

	£
General lay-out of pitches and courts	3,025
Land drainage	2,167
Dressing rooms, etc., at Page Street	3,650
Dressing rooms, etc., and accommodation for groundsman Gt. North Way entrance	6,500
Piping in of watercourse and filling to the requisite level	3,360
Car Parks, access roads, paths and drainage	2,670
	21,372
Contingencies	2,137
Clerk of Works	400
Cost of raising loan and printing	150
	24,059

The Committee consider it advisable to eliminate from the scheme the piping in of the watercourse and filling in of the valley on the eastern side of the ground which will accommodate two football pitches only. The estimate will thus be reduced by a sum of £3,360 to a total estimated cost of £20,699, and the number of football pitches consequently reduced to 14.

A letter from the Hendon Ratepayers' Association with the following resolution was submitted :—

"That the Hendon Borough Council be informed that this Association definitely opposes the scheme."

Amendment

"(c) That authority be given to refund the superannuation contributions amounting to £6 5s. 7d. paid by Miss Turner."

7.—GOLDERS GREEN BRANCH LIBRARY:

The Committee's attention was called to the congestion at the Golders Green Branch Library on Saturdays, and the Chief Librarian was requested to give the matter his attention with a view to the position being remedied.

8.—PUBLICATION OF NEW BOOK LISTS:

The Chief Librarian reported that the three experimental issues of the two-monthly publication of selected new books added to the stock of the Central and Branch Library had proved to be most popular amongst readers. 1,500 copies of each edition have been issued at a cost of £3 5s. 0d. per edition, and the Chief Librarian reported that an additional 500 copies could usefully be distributed. He, therefore, suggested that the publication of the lists should be continued and the number of copies of each edition increased to 2,000 copies at a cost of £3 16s. 6d.

RESOLVED TO RECOMMEND—That the publication of the lists be continued and that the number of copies of each edition be increased to 2,000 at a cost of £3 16s. 6d. per edition.

9.—MIDDLESEX COUNTY LIBRARIES—RECIPROCAL ARRANGEMENTS:

A letter was submitted from the Middlesex Education Committee stating that they had had under review the question of library facilities in that part of the Harrow Urban District adjacent to Edgware and suggesting that it would be of advantage if a scheme of co-operation on a reciprocal basis could be adopted whereby residents in the County Council's area could take advantage of the facilities provided by this Council and Hendon residents could use the Middlesex County Libraries.

A reciprocal arrangement is at present in operation between the Middlesex Education Committee and the Willesden Borough Council which provides for a payment at the rate of 2/- per reader per annum in respect of the use made of the Willesden Library Service by approved Middlesex borrowers, and for a similar payment by the Willesden Authority in respect of residents in its area availing themselves of County Library facilities.

The County Education Committee enquire whether the Council would favourably consider a reciprocal arrangement on the lines indicated above.

RESOLVED TO RECOMMEND—**That the Middlesex Education Committee be informed that the Council will be prepared to enter into a reciprocal arrangement on the basis indicated above.**

Amendment

Before detailed consideration of the motion, the Finance and General Purposes Committee Recommend—That the following words be added:—

"Subject to the matter being reviewed at the expiration of a period of six months."

10.—WOODSIDE PARK—BRANCH LIBRARY FACILITIES:

Pursuant to the Committee's instructions the Chief Librarian reported on the provision of a branch library service at Woodside Park.

The number of Woodside Park residents at present enrolled as members of the Council's libraries is estimated at 120, of whom 100 are enrolled at the Central Library and 20 at Golders Green, but it is considered unlikely that these readers visit the libraries often.

The estimated population of the Woodside Park Estate is 3305. This figure is, however, not considered sufficient to justify the erection of a branch library building of the size of the present branch library at Golders Green or the one in course of erection at Mill Hill. It is pointed out, however, that the needs of the Estate could be met to some extent by means of a Deposit Station if suitable accommodation were available. This would necessitate the purchase of the initial stock of books which would most conveniently be housed in a school building, but it is understood that the new Woodside Park School will not be ready for twelve months.

The cost of establishing a Deposit Station is estimated at £140 computed as follows:—

	£
500 volumes at 4/6, say	115
Furniture, equipment, etc.	25
	£140

The annual charges would depend on the extent of user, but there would be items for rent, books and binding. Assuming that the Station was open for two hours on one evening each week it would be possible to staff it from the Central Library, but if more sessions became necessary, it would be necessary to increase the Central Library Staff by one junior assistant.

No provision has been made for this expenditure in the estimates for 1937/38.

As an alternative to the establishment of a Deposit Station it is suggested that arrangements might be made with the Finchley Council for the Woodside Park residents to use the North Finchley Library on a reciprocal basis as it is understood that a number of residents on this estate have applied for permission to enrol at the North Finchley Library. Such an arrangement would also enable approved Finchley residents to use the Council's Central Library and the Branch Library at Golders Green.

The Committee are advised that it would be more economical to the Council and the Woodside Park residents would get a better library service if a reciprocal arrangement on the lines suggested were entered into with the Finchley Council, whilst the cost to the Council would be negligible. On the assumption that 300 Woodside Park residents enrolled with the Finchley Libraries at 2/- per head (the basis suggested for a reciprocal arrangement with the County Library Service) the cost to the Council would be £30 per annum, but this sum would be reduced according to the number of Finchley residents using the Hendon Libraries.

After giving the matter careful consideration the Committee have come to the conclusion that a reciprocal arrangement with the Finchley Council would be the most satisfactory method of providing for the needs of Woodside Park residents, and they accordingly

RESOLVED TO RECOMMEND—**That negotiations be entered into with the Finchley Council with a view to a reciprocal arrangement on the lines indicated being put into operation.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

11.—EDGWARE DEVELOPMENT—BRANCH LIBRARY SITE:

The Committee gave further consideration to the question of the reservation of a site for a Branch Library in Edgware, and in accordance with the Council's resolution a plan was submitted showing the site previously proposed by the Committee, the two sites suggested to the Council in Committee on the 22nd February, and also the existing libraries and the branch library in course of erection at Mill Hill. After careful consideration of the matter and having regard to the anticipated development of Edgware, the Committee decided to adhere to their previous decision, and they accordingly

RESOLVED TO RECOMMEND—**That the Special (Development) Committee be requested to reserve a site about half an acre in extent in the vicinity of the junction of Spur Road and Edgware Way for the purposes of a Branch Library.**

12.—MILL HILL BRANCH LIBRARY:

The Borough Surveyor reported that satisfactory progress is being maintained with the contract for the Mill Hill Branch Library. The asphalting is completed; the drains, brickwork and roof slating are approaching completion and work on the interior plastering and the installation of the electric light system is now proceeding. **Noted.**

9.—INVESTIGATION INTO POST-WAR WORKING CLASS HOUSING SCHEMES:

A letter was submitted from Mr. Eugen C. Kaufmann, Director of Research of The Housing Centre, 13, Suffolk Street, Haymarket, S.W. 1, stating that the Centre is carrying out an investigation into post-war working class housing schemes, the primary aim being to collect and analyse information on the size, lay-out, cost, etc., of the housing undertaken by local authorities, public utility societies and charitable trusts, with a view to showing the trend in the development of housing in this country since the War.

The Centre is anxious to obtain exact information on the housing schemes carried out by the Council since the War and for this purpose they require two very comprehensive questionnaires on the architectural and financial aspects of the schemes to be completed,and also the loan of the unit plans and lay-outs of the schemes in order that these may be reduced to the scale used throughout the survey.

The completion of the questionnaires would entail a considerable amount of work and time on the part of the officers, and, in these circumstances, the Committee

RESOLVED TO RECOMMEND—**That Mr. Kaufmann be informed that the Council regret they are unable to accede to his request.**

HENDON PLANNING SCHEME NO. 1.

1.—PLANNING APPEAL—CINEMA, ADJACENT TO 616, WATFORD WAY, MILL HILL:

The Town Clerk reported the decision of the Minister of Health allowing the appeal of Messrs. G. C. Wood & Co. against the refusal of the Council to consent to the erection of a Cinema on land adjacent to 616, Watford Way, Mill Hill. **Noted.**

2.—FACTORY PREMISES, ENDERSLEIGH GARDENS, HENDON:

The Committee considered a letter from C. L. Bencard (1934), Ltd., in reply to the Council's enquiry, in which they give particulars of the steps now being taken to comply with the unsatisfied terms of the Interim Development Permission, and adding that with the exception of the roof ventilators, the windows and doors of the building where the manufacture takes place are closed and there is no objectionable smell outside the premises. (B. & T.P.C., 11/1/37—1). **Noted.**

3.—ST. SAVIOUR'S HOMES, BRENT STREET, HENDON:

A petition signed by 24 residents of property adjacent to the above premises was considered. The petitioners call attention to the portion of the premises in the occupation of the First National Cleaners, Ltd., and further complain of a nuisance from smoke, smell and the general use of the premises for industrial purposes. The premises are situate within a residential zone of the Hendon Planning Schme No. 1.

In view of the previous complaints received the Council has already given authority for notice to be served under Section 47 of the Town & Country Planning Act, 1932, requiring the Neon Advertisement Sign to be removed. (B. & T.P.C., 1/2/37—5).

RESOLVED TO RECOMMEND—**That consideration of the petition be deferred pending enquiries of the owners of the property as to past and present tenancies and uses of the premises, and that a report be submitted to the next meeting thereon.**

4.—GREAT NORTH WAY, HENDON—ACCESS TO PROPOSED FLATS:

The Borough Surveyor reported on a letter from Messrs. Edwin Boxall & Kempe, Solicitors to Mr. Cowan, regarding the development of the land at the rear of 194, Great North Way, Hendon. It will be recalled that the proposed access to this land was disapproved by the Council and its decision upheld on appeal to the Minister of Health. The Minister in deciding to dismiss the appeal, stated that a carriageway tapering to less than thirteen feet is one which ought not to be approved.

The Solicitors to the appellant infer that provided the carriageway is thirteen feet or more, the Minister would consider it adequate and they have therefore asked the Minister for an interpretation of the exact meaning of his finding. In reply the Minister states that it is for the Council to consider in the first place whether a street 13 feet 9 inches wide is of a type which might properly be approved under Clause 17 of the Scheme and in considering this the Minister thinks the Council can reasonably have regard to the provisions of the First Schedule as allowing general standards with which in ordinary circumstances developers can be expected to comply.

The Committee are of opinion that the proposed entrance comes under Type "C" in the First Schedule referred to in Clause 17 and this requires the minimum width of the street to be twenty feet with a carriageway of a minimum width of fourteen feet.

A plan of the access road thirteen feet nine inches wide was submitted by the applicants. (B. & T.P.C., 5/1/37—4).

RESOLVED TO RECOMMEND—**That the access road as shown on the plan submitted be disapproved (Clause 17).**

5.—CINEMA SITE—JUNCTION OF LAWRENCE STREET WITH WATFORD WAY, MILL HILL:

A letter was considered from Messrs. Bracewell & Leaver, Solicitors to the Applicant, in respect of the above Cinema, asking the Council to express an opinion on the relative merits of the sites at the junction of Lawrence Street with Watford Way and the site adjacent to 616, Watford Way, Mill Hill, to the Licensing Committee of the Middlesex County Council on the 12th instant.

RESOLVED—**That no action be taken in the matter and Messrs. Bracewell & Leaver informed accordingly.**

6.—WATFORD WAY, HENDON—LAND:

Consideration was given to an amended application from Mr. W. F. Thorpe for permission to develop a piece of land between the gardens of Nos. 291 to 321, Watford Way, Hendon, and the London Midland & Scottish Railway for the purpose of a block of flats. (B. & T.P.C., 11/1/37—18).

RESOLVED TO RECOMMEND—**That the application be approved subject to the following conditions:—**

(i) That the whole of the land included in the application shall be one land unit under Clause 33 of the Scheme;

(ii) That the access road shall comply with the requirements of Type "C" in the First Schedule of the Scheme;

(iii) That there shall be no windows in the eastern walls of the two blocks numbered 1, 2, 3, and 22, 23, 24;

(iv) That the plans and elevations shall be to the Council's approval in all respects.

7.—EDGWARE ROAD TO CROSSWAY—LAND ADJACENT TO SILK STREAM:

An amended plan from Messrs. T. H. Mawson & Sons was submitted in respect of the proposed development of the land adjacent to the Silk Stream in the Edgware Road. The proposals generally are similar to those already approved by the Council (B. and T.P.C., 11/1/37—12), but the land on the south-west side of the Edgware Road is now included, the widening of the Edgware Road is provided for and a strip of about 50 feet in width on each side of the widened road is reserved for planting purposes.

In view of the pending appeal to the Minister by residents of adjacent property, the Committee

RESOLVED TO RECOMMEND—**That consideration of the application be adjourned until the Minister has given his decision on the appeal.**

8.—EDGWARE ROAD—LAND ADJACENT TO THE UPPER WELSH HARP:

The Committee considered an application from Mr. W. F. Thorpe for consent to the erection of a block of 14 flats on land included in a special business zone, fronting the Edgware Road adjacent to the Upper Welsh Harp.

RESOLVED TO RECOMMEND—

(i) **That the applicant be informed that under Clause 35 (2) the proposed building would be reckoned as equivalent to seven building units;**

(ii) **That consent to the application be refused (Clause 36).**

9.—BUNNS LANE AND PAGE STREET, MILL HILL—FLATS:

The Borough Surveyor reported on an application from Mr. B. Creasey for consent to the erection of ten flats and a lodge adjacent to the block of flats known as Copthall.

Interim Development Order Permission (No. 411) issued to Mr. J. T. Stimpson in 1936 allowed this development.

RESOLVED TO RECOMMEND—**That the applicants be informed that the Council are prepared to consent to this application, subject to compliance with the terms and conditions of the Interim Development Permission already issued.**

10.—SHAKESPEARE ROAD, MILL HILL—LAND:

An application from Mr. G. Phillips was submitted for consent to erect a block of eight flats on vacant land in Shakespeare Road, nearly opposite the end of Birkbeck Road, Mill Hill. (B. & T.P.C., 5/1/37—17).

RESOLVED TO RECOMMEND—**That consent be given under Clause 28, subject to the following condition:—**

That the plans and elevations of the proposed flats shall be to the Council's approval and all staircases shall be contained within the building.

11.—DOLLIS LANE—DEDICATION OF LAND:

In connection with the highway improvement at Dollis Lane, the Borough Surveyor reported that the owners are willing to dedicate the land required in connection with the improvement subject to the Council undertaking not to raise objection to the construction of a canopy to extend approximately three feet over the existing petrol pumps.

Provided that this canopy is of proper construction and conforms to the building line and present elevation of the garage and that plans are submitted for approval in due course, there would not appear to be any objection to this undertaking being given. Authority is required to pay reasonable legal costs of the conveyance of such land.

RESOLVED TO RECOMMEND—

(i) **That the owners of the land be informed that the Council are prepared to give the necessary undertaking, subject to the above provision.**

(ii) **That authority be given for the payment of reasonable legal costs of the conveyance.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

HENDON PLANNING SCHEME NO. 2.

12.—OBJECTIONS AND REPRESENTATIONS:

The Council, 25/1/37, on the recommendation of the Buildings and Town Planning Committee (11/1/37—28) authorised the Town Clerk and Borough Surveyor to hear objectors to the above Scheme in pursuance of Article 13 (2) of the Town & Country Planning Regulations, 1933.

The following statement shows the number and nature of the objections received. It must be borne in mind that where land or buildings were in use at the material date the Scheme will have no effect so long as the land or buildings continue in that use or use of a similar character. The report and recommendations of the Chief Officers are as follows :—

No.	Name.	Nature of Objection.	Date of Interview and Observations.	Recommendation.
1	Matthews & Sons, 72, Tottenham Court Road, W. 1	Residential zoning of Factory premises in Aerodrome Road.	8/3/37.—Objection mainly concerns the adjoining land purchased for extension of factory premises. Permitted $\frac{1}{8}$ extension, without consent, considered insufficient and it was thereupon suggested that the Company should submit their proposals for contemplated extensions to the Council with a view to arriving at agreement before the Scheme is submitted to the Minister for approval.	Adhere to Residential Zoning.
2	D.W.G. Estates, Ltd., 314, High Road, N. 15	Inclusion in Scheme of land situate at Cricklewood Lane.	5/3/37.—This objection should have been made at the Resolution stage. It is understood that flat development may be contemplated, in which case the objectors were informed that any Scheme would be carefully considered by the Council. Mr. Davies of D.W.G. Estates agreed that the objection should be withdrawn.	Adhere to Residential Zoning.
3	British Poster Advertising Association, 48, Russell Square, W.C. 1	Protection under Section 47 of the Town & Country Planning Act, 1932, of any Zone or portion thereof being included in the Scheme where no serious injury to the amenities is or would be caused.	In reply to the invitation to attend to be heard on the objection, the Secretary to the Association replied that he did not feel that any useful object could be served by attending. Prepared to recommend constituent members to enter into agreements with the Council. No specific areas have been suggested by the Association for exclusion from the scope of Section 47.	No variation of the Zones to be protected is recommended.
4	Leslie Raymond, Golders Green. One behalf of the Alliance Assurance Co. and Miss Hodson of 24, Manor Park Gardens	Residential Zoning of small plot of land with frontage to Willifield Way.	5/3/37.—The premises in question are at present used for Offices and a Garage. To meet the claim for industrial use would establish a small Industrial Zone surrounded by Residential Development.	Adhere to Residential Zoning.

No.	Name.	Nature of Objection.	Date of Interview and Observations.	Recommendation.
5	Cluttons, Ltd., 5, Great College Street, S.W. 1	Residential Zoning 781/3, Finchley Road, N.W. 2.	5/3/37.—The premises are at present used as a Private School, Contractors' Yard, etc. To meet the claim for industrial use would establish a small Industrial Zone surrounded entirely by Residential Zoning.	**Adhere to Residential Zoning.**
		Height of Buildings, West Heath Avenue.	5/3/37.—Flat development might be contemplated. The height restriction completes the belt round Golders Hill Park and the Heath commenced in Scheme No. 1. Agreed that the objection might be withdrawn.	**Adhere to Residential Zoning.**
6	Leslie Raymond, Golders Green. On behalf of Bennett & James, 20, Green Hill, N.W. 3	Residential Zoning, 164, Golders Green Road.	5/3/37.—The property adjoins Ravenscroft Avenue and there are 3 houses between this and the Library which ends the Business Zone. The Branch Library and St. Michael's Church forms very suitable buffers for the break down from Business to Residential in this part of Golders Green Road.	**Adhere to Residential Zoning.**

It should be mentioned that on the 5th instant a letter was received from the residents of Nos. 158, 160 and 162, Golders Green Road in support of Business Zoning. This appears to have been the result of letters sent to the residents by Mr. Raymond.

7	G. Pocock & Son, Temple Fortune Lane, N.W. 11	Residential Zoning, land rear of 746, Finchley Road with frontage to Temple Fortune Lane.	5/3/37.—746, Finchley Road is in the Business Zone and the land at the rear is requested for a similar purpose. The present use is as a Nursery. Opposite frontage in Temple Fortune Lane entirely residential.	**Adhere to Residential Zoning.**
8	J. C. Soutar, "Wyldes," North End Road, N.W. 11	Residential Zoning, land Finchley Road.	In view of application A.6372 reported to the Committee this evening and the approval thereof, the objector was not invited to attend to be heard.	Although application is approved **adhere to Residential Zoning.**
9	London Midland & Scottish Railway (Estate Office)	Private Open Space, South-East of Needham Terrace and Campion Terrace.	Protection under Section 41 of the Town & Country Planning Act, 1932, is claimed. The area of the land in question is very small.	**Delete the reservation as a private open space, and include the area in question in the adjoining special Business Zone.**

RESOLVED TO RECOMMEND—**That the report be approved and adopted.**

13.—FINCHLEY LANE, HENDON—PETROL FILLING STATION:

The Borough Surveyor reported on a letter from L. A. Hills (Hendon), Ltd., agreeing to the Council's decision to allow six display panels for announcements only in connection with the services offered by the garage, provided the existing advertisements are removed. (B. & T.P.C., 8/2/37—17).

RESOLVED TO RECOMMEND—**That authority be given for the issue of the necessary amended Interim Development Permission.**

14.—BRAMPTON GROVE, HENDON—SALVATION ARMY HALL:

Consideration was given to an application from C. W. B. Simmonds, Ltd., for permission to erect a Hall in Brampton Grove for the Salvation Army. This application provides for a slightly smaller Hall to accommodate 300 instead of 400 persons originally contemplated, and the Band and Songsters' Room has been deleted from the Scheme. No information is given as to the use to which the Hall is to be put, or whether it is to be used in conjunction with the existing Hall at the rear of the site. The plans require amendment as insufficient exits are provided to the building.

RESOLVED TO RECOMMEND—**That the application be disapproved pending the supply of further information as to user and for the amendment of the plans.**

15.—NATIONAL HOUSING AND TOWN PLANNING COUNCIL:

A letter was submitted from the Secretary of the National Housing and Town Planning Council inviting the Town Council to send representatives to the Annual Conference of Local Authorities in London and the Home Counties to be held at the County Hall, Westminster Bridge, on Friday, the 4th June, 1937.

An annual subscription of £5 5s. 0d., based upon the population of the district, is payable for the reports and papers of the National Housing and Town Planning Council, including membership of the Annual and Regional Conferences during the year.

RESOLVED TO RECOMMEND—**That Councillor T. Pugh, together with the Borough Surveyor be appointed to attend such Conference and that the annual subscription of £5 5s. 0d. be paid.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

16.—ROYAL INSTITUTE OF BRITISH ARCHITECTS:

Considered a letter from the Secretary of the Royal Institute of British Architects inviting Local Authorities to send representatives from their Architectural staffs to attend the Annual Conference of the Royal Institute of British Architects and its Allied and Associated Societies to be held at Leeds, from June 23rd to 26th, inclusive.

The Conference Membership fee is 5/- per person.

RESOLVED TO RECOMMEND—**That the Borough Surveyor and the Chief Architectural Assistant be appointed to attend such Conference and that the Conference membership fee be paid.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

The Borough Surveyor reported on a letter from The Green Elm Lodge Property Company, Limited, regarding the erection of the remaining nine flats (Block "D") on this site by the Economic House Builders, Ltd. It will be recalled that the Committee at its last meeting (B. & T.P.C., 8/2/37—Application No. A.4785b) disapproved the application as it appeared from the detailed plans that ten flats were to be provided instead of nine, as originally allowed under the Interim Development Order Permission issued in connection therewith. The Borough Surveyor reported that the plans had not yet been received. (B. & T.P.C., 5/1/37—35).

RESOLVED TO RECOMMEND—**That unless plans are submitted within a period of seven days, Mr. Lockyer, together with his Architect be required to attend for interview at the next meeting of the Committee.**

23.—18, HALL LANE, HENDON:

In response to the service of a notice to show cause, Mr. A. Bamford, who was interviewed by the Committee, explained that he had been assured by his Architect that amended plans had been submitted in respect of the additions carried out to his premises, but it was pointed out that this was not so.

Mr. Bamford, who apologised for any inconvenience caused submitted a copy of the application and plans and asked for them to be accepted as a further application.

RESOLVED TO RECOMMEND—**That such plans be accepted as a further application and that consideration of the matter be adjourned until the next meeting.**

24.—19, GREEN LANE, EDGWARE:

(B. & T.P.C., 11/1/37—36). **Noted.**

28.—RENEWAL OF LICENCES:

1.—CHILDREN'S ENTERTAINMENT, ETC.:

The Committee have received and considered the proposals of the Head Teachers for the entertainment of the school children, in respect of which the Council, 26/1/37, approved allowances at the rate of 1/6d. per head (2/- in certain small schools). See Appendix.

RESOLVED—**That subject to the Mayor and the Director of Education being satisfied as to the practicability of the proposal at School No. 14 on the list submitted, the proposals generaliy be approved and that the Director of Education be authorised to request the Head Teachers to proceed with their suggested arrangements.**

2.—COUNTY SOUVENIR:

In connection with the decision of the County Council to present a book to all school children in the County, the Council, 26/1/37, made an enquiry whether they would be prepared to exclude Hendon from the distribution and make a grant towards the cost of the Hendon book. A reply was submitted to the Committee intimating that the order for the County book had been given, that it would be impossible to make a grant and asking that the Council would withdraw its request for exclusion.

The request had also been received from the County Council for assistance in the distribution of the County book to Hendon children.

RESOLVED TO RECOMMEND—**That the Council accept the County book and that the Director of Education be authorised to arrange for distribution, subject to costs of transport being borne by the County Council.**

3.—DRUM HEAD SERVICE:

It was reported that owing to the incidence of Whitsun Camps, the Territorial Unit and several Boy Scout Troups would be unable to attend, whilst Sunday, the 15th May, is the day on which the British Legion will be holding their Annual Service at the London Cenotaph. The effect has been to seriously reduce the possible number for the Service, and in the circumstances, the Committee

RESOLVED—**That the Drum Head Service be deleted from the programme.**

4.—DEFECTIVE CHILDREN:

RESOLVED TO RECOMMEND—**That the proposals of the Managers of Oak Lodge Special School for the entertainment of Hendon children attending that school be approved at an estimated cost of £3, plus the cost of conveyance of Senior children to Whipsnade Zoo. (Total estimate £6).**

5.—AGED POOR—SUPPER AND ENTERTAINMENT:

The Committee further considered the above proposal in the light of information available as to numbers. It has been ascertained that there were 1,181 persons in a special category over 70 years who would be eligible, but no information was available as to the number of other persons of that age or between 65—70. It was felt that the age range 65 and over would produce a very large number and thus render the proposal impracticable.

In the circumstances, the Committee

RESOLVED—**That the age range be fixed at 70 years and over and that a further meeting be held to consider the proposals of the Ward Members for dealing with the suggested arrangements for supper and entertainment.**

SUPERANNUATION.

7.—MR. W. CLARK:

The Committee have considered the letter from Mr. Walter Clark submitted at the last meeting of the Council when a recommendation was made as to his retiring allowance to date from the 28th February.

The Council will remember that at that time the Committee also had under review the general question of the calculation of allowances under the Local Government and Other Officers' Superannuation Act, 1922, particularly in regard to Non-Contributory Service, and they thereupon reported that they had no recommendation to make varying the existing practice of allowing Non-Contributory Service to be calculated on the basis of 80ths for the purposes of Superannuation Allowances.

Mr. Clark calls attention amongst other matters to the fact that he has been in the service of the Council for a period of 33 years, less 8 days, but only 32 years had been reckoned for the allowance recommended to the Council on the 22nd February.

The Committee are not prepared at the present time to depart from the principle involved in the calculation of allowances, but they are of opinion that Mr. Clark might reasonably be allowed an additional year of service.

In these circumstances, the Committee

RECOMMEND—**That Mr. W. Clark be placed on the allowance list as from the 28th February with an allowance in respect of 33 years' service as indicated below :—**

Annual Pension.	Basis adopted.
£225 1s. 8d.	Lump sum.

8.—DESIGNATED POST :

The Borough Treasurer asked for authority to apply to the Minister of Health for approval to a further designated post in Grade A1. to cover the promotion of Mr. F. O'Malley.

RESOLVED TO RECOMMEND—**That application be made to the Minister accordingly.**

9.—REFUND OF CONTRIBUTIONS :

Consequent on the resignation of Miss D. Hilborne, Typist—Town Clerk's Department, the Committee

RECOMMEND—**That authority be given for repayment of contributions to the Superannuation Fund amounting to £55 7s. 10d.**

10.—MRS A. MEADOWS—WIDOW :

The Council (F. & G.P.C., 16/3/36) approved for a second period of one year, to the 26th March, 1937, a gratuity payable at the rate of 5/- per week to Mrs. A. Meadows under Section 186 of the Hendon Urban District Council Act, 1929.

The Committee have now reviewed the circumstances in this case, and

RECOMMEND—**That the gratuity of 5/- per week to Mrs. A. Meadows be continued for a further period of 12 months from the 26th March, 1937, and that a further report be then submitted.**

RESOLVED TO RECOMMEND—**That Mr. G. Phipps be appointed to the permanent staff as from the 15th March at salary according to scale.**

16.—BOROUGH SURVEYOR'S DEPARTMENT—RESIGNATION:

It was reported that Mr. G. Greenall had tendered his resignation consequent on obtaining an appointment on the Engineering Staff of the Council of the City of St. Albans.

Several changes in the Junior Engineering Staff of the Department have recently taken place which has caused the work of preparing plans, etc., for private street works to fall into arrears.

RESOLVED TO RECOMMEND—

(1) **That Mr. G. Laurence be promoted to Grade D. (£140 x £15—£230) as from the 1st April;**

(2) **That authority be given for the appointment of two additional Junior Engineering Assistants in Grade D., and that advertisements be issued accordingly.**

23.—SHOPS ACT, 1912:

The Committee have considered a letter from the Burnt Oak Branch of the Hendon Chamber of Commerce enclosing a petition signed on behalf of 5 Boot and Shoe Shops in the Burnt Oak Ward requesting the Council to make a Closing Order in respect of that class of trade.

There are only 6 shops affected by the proposal, and in the first instance the Committee are of opinion that the matter should be reviewed by the Joint Committee of the three Chambers of Commerce in the Borough in order that they may ascertain whether there is any desire for such an Order to be of general application to the Boot and Shoe Shops throughout the Borough.

The Committee RECOMMEND **accordingly.**

24.—LONDON PASSENGER TRANSPORT BOARD BILL:

The Chairman of the Committee reported that earlier in the evening he had, in company with the Mayor, received a deputation representative of the Ratepayers' Associations in the district with regard to the above Bill.

The representatives called attention to the Public Meeting held at Edgware on Tuesday, the 9th March, at which resolutions were passed endorsing the action of the Council in deciding to oppose the Bill until such time as the London Passenger Transport Board puts into practice a satisfactory scheme for improving the travelling facilities which now exist between Hendon and the West End of London. (F. & G.P.C., 15/2/37 —~~15~~ 30).

The representatives urged various courses of action, but after careful consideration, His Worship the Mayor and the Chairman of the Committee came to the conclusion that in the first instance the best course to adopt would be to interview the responsible Officers of the London Passenger Transport Board, and thereafter, if necessary, seek an interview with the Minister of Transport. In pursuance of the powers already delegated the Chairman intimated that it was proposed to adopt the course outlined.

25.—WATER SUPPLY—COMMUNICATION PIPES:

The question of liability for repair, etc., of communication pipes was raised at the last meeting of the Committee, and the Town Clerk has reported that the position at the present time is that the Metropolitan Water Board in 1932 obtained powers under a Private Act in which they accepted liability for communication pipes in the place of owners. In 1934, the Council approached the Colne Valley Water Company with a request that they would take similar action, but the Company took the view that the matter was one for general legislation and at that time it was understood that the matter would be dealt with by a Special Committee which had been set up by the Minister of Health to consider water resources and supplies. That Committee has duly reported, but they have not dealt with the question of communication pipes and since the report

was published the Colne Valley Water Company have given notice that they are prepared to undertake to repair, free of charge, defects on communication pipes occurring between the Company's water mains in the highways and the boundaries of consumers' premises, on receipt of an instruction in each case from the owner or occupier of the premises. **Noted.**

33.—DOLE STREET HOUSING SCHEME:

The Borough Treasurer reported that in connection with his negotiations regarding an indemnity on the Contract for the erection of the houses included in the above Scheme, the Reliance Contruction Company had intimated that they were not prepared to go forward with their tender.

The next lowest tenderer had been approached in the matter, but this firm had stated that in view of the rising prices their tender must be considered as withdrawn.

RESOLVED TO RECOMMEND—**That the acceptance of a tender be now referred as a matter of urgency to His Worship the Mayor, the Chairman of the Finance and General Purposes Committee, and the Chairman of the Housing Committee with power to act.**

34.—WORKMEN'S WAGES:

The Borough Treasurer reported that in the application of the Council's resolution (F. & G.P.C., 18/1/37—10) the change over of "make up" day from Wednesday to Tuesday of each week had been accomplished and the men are now on the Awards approved by the Council. In order that certain men should not suffer by the change over adjustments had been made.

RESOLVED TO RECOMMEND—**That the action taken be approved, and that the Chairman be authorised to certify the statement presented by the Borough Treasurer.**

35.—ESTIMATES:

The Estimates of the several Committees have been considered.

The total estimated net charge on the rates for the year 1937/38, as shown in the summary of Estimates, amounts to £920,088, which indicates an increase of £45,660 on the approved Estimates for the year 1936/7.

In this connection the Committee have considered ways and means of meeting the deficit which would be required in the event of the Council deciding to maintain the rate at 10/- in the £, and they are of opinion that the position can be satisfactorily met by certain appropriations and the suspension of the Renewals Fund for 1937-38.

RESOLVED TO RECOMMEND—

(1) **That the Statement of the Annual Estimates for the General Rate for 1937/38 be provisionally approved and referred for consideration at the meeting of the Council to be held on Monday, the 22nd instant;**

MEMORANDA.

1 **Central Library.**—
The increased rate charge is mainly due to scale increments for staff, and provision for further re-decoration work to the interior of the Central Library Building.

2 **Golders Green (Branch) Library.**—
Sundry minor nett increases, after taking into account the reduced provision for Books, amount to £76.

3 **Mill Hill (Branch) Library.**—
The increase is due to provision having been made for about 6 months' actual maintenance costs in 1937/38. The outlay in 1936/37 is for preparatory work and initial stocking of the Branch.

* The Mill Hill (Branch) Library Estimates are based on the anticipated opening in September next.

MEMORANDA.

1 **Sanitation and Prevention of Diseases.—**

Decreased provision for expenses under Housing Act, 1936. It is expected to complete this work early in the new financial year.

2 **Diseases of Animals Act.—**

No observations.

3 **Mortuary.—**

A full year's provision is made for wages of the new Mortuary attendants.

4 **Mortuary—Special Provision.—**

Work of modernisation and improvement completed in 1936/37.

5 **Isolation Hospital.—**

Estimated increase mainly due to provision of the following special items:—

	£
Re-wiring Electrical Circuit	100
Re-decorations	400
Sterilizing Plant and Surgical Lighting for Operating Theatre	400
	£900

6 **Maternity and Child Welfare.—**

The principal increase results from the transfer from the Middlesex Council to this Authority of the functions exercisable under the Midwives Acts, 1918, etc., and the exercise of the new powers conferred by the Act of 1936. The estimated nett outlay is £1,500, part of which will be recovered from the Middlesex County Council in respect of the transferred service. Provision is also made for part cost of equipping the new Mill Hill Centre.

4 **Local Highways—Tarpainting.—**

Minor increases to cover cost of surface tarring new streets taken over.

5 **Local Highways—Maintenance and Scavenging.—**

The estimated outlay is due mainly to extra mileage of new streets taken over. The following is a summary of the increases as compared with the outlay 1936/37 :—

Details of Rates Levied to 31st March, 1938.

Purposes for which the General Rate for Twelve Months to 31st March, 1938, was made; estimated sum required for each purpose; and approximate pence in the £ now levied.

The following statement shows how the rate demanded is made up. It sets out the rate in the pound which would be required to meet the nett expenses of each of the principal services, after allowing for specific Government Grants towards the expenses of the services marked * but without allocation to particular services, of the Government Grants under the Local Government Act, 1929.

The Government Grants under the Act of 1929, being in aid of local government expenses generally, cannot be allocated to any particular service. They reduce, by the amount shown, the total rate in the pound which would otherwise be demanded.
