Ordnance Survey – County Series 1860s – 1930s

Middlesex 11/3 Finchley Central

INFORMATION

The County Series Maps represent a district at 1:2500 or 25 inches to the mile, or 40cm to the Kilometre. If you were in a balloon it would be like being 800 metres (half a mile), above ground. Each sheet shows an area 1.5 miles west to east and 1-mile north to south. For a good description of what these maps showed see the NLS information page: <https://maps.nls.uk/os/25inch-england-and-wales/info1.html>
