CIVIC NEWS

JUNE/JULY 1969

THE HISTORIC BUILDINGS OF THE LONDON BOROUGH

This row of almshouses listed under the Town and Country Planning Act 1962 because of their architectural and historic interest, was built by Lawrence Campe, a City of London draper, in 1612. By indenture, he gave the seven poor occupants 12 pence a month each in perpetuity, and 4 shillings a year to the church wardens of St. James's to manage the charity, with an additional sum of £1 6s. 8d. a year to keep the houses in repair. The whole amount was provided from a rent charge on an estate in Hertfordshire.

The two-storey houses are of stone-dressed red brick in the Late Perpendicular or Tudor style. They were renovated in 1843 and largely rebuilt in 1899 to celebrate Queen Victoria's Jubilee. The arms of the City of London and the Drapers Company are carved on stone plaques along the first floor.

MEMBERS OF THE COUNCIL

Alderman Stanley Head
Chairman of the
Establishment Committee

Alderman Stanley Head is a Londoner by birth, although he spent his early years in the West Country, where he was educated at the Kings School, Bruton, Somerset, and afterwards served his Articles with a firm of Solicitors in Exeter, Devon.

He has been a resident of the East Barnet District since 1931.

During the last war he served in the Royal Artillery and at the end of the war he was a Staff Officer, with rank of Major at the Headquarters of 30 Corps, then commanded by Sir Brian Horrocks.

He is a Solicitor in private practice and also a Notary Public.

First elected to the former East Barnet Urban District Council in 1947 he served continuously as a Member until the District became part of the London Borough in 1965.

He served on all the various Committees of the Urban District Council and was for a number of years Chairman of its Finance Committee. He occupied the Office of Chairman of the Council for the Municipal Year 1955/56.

On the formation of the London Borough he was elected one of the first Aldermen, for a six year period.

Alderman Stanley Head is now Chairman of the Establishment Committee and Vice-Chairman of the Public Works Committee. He also serves on the Finance, General Purposes and Policy Advisory Committees and the Northern Area Road Safety Committee.

He was Deputy Mayor for the Municipal Year 1966/67.

He has always taken a keen interest in Educational Affairs and was for many years a member of the South Herts Divisional Executive for Educa-

tion. He is now Chairman of the Governors of East Barnet Grammar School and is a Governor of the Queen Elizabeth Grammar and Elizabeth Allen Church of England Schools.

He is Chairman of Group II Primary School Managers, comprising Littlegrove, St. Margarets, Livingstone, Oaklands and Cromer Road Schools and Brookhill Nursery School.

For seven years Alderman Stanley Head was the Chairman of the Barnet Division Conservative Association, of which he has now been President for a number of years.

Amongst his other interests he is Chairman of the East Barnet Citizens' Advice Bureau, Vice-President and Honorary Solicitor to the East Barnet Branch of the British Legion and Vice-President of the East Barnet Old People's Welfare Association and Vice-President of the East Barnet National Savings Association.

At one time a keen Lawn Tennis player, he was one of those responsible for the formation of the Gloucester Lawn Tennis Club, New Barnet, and was the Chairman of the Club in its early years.

HENDON CREMATORIUM

Between the hours of 11 a.m. and 4 p.m. on Sunday, 27th April, 1969, Hendon Crematorium was made available for inspection by the general public during which time some 400 visitors took advantage of this facility.

It is interesting to note that although only approximately 450 cremations took place at Hendon during the years of 1962, 1963 and 1964, a total of 980 cremations took place during 1968, and it was in order to further encourage this trend that the Crematorium was made available for public inspection.

Normally the Crematorium and Cemetery Office is open between the hours of 9 a.m. and 5 p.m. Monday to Friday only but the office remained open between the above mentioned inspection hours on this particular occasion in order that any information could be provided to visitors. Staff were on duty throughout the period and were posted at strategic points on the driveways in order to direct visitors to the Car Park which surrounds the Crematorium proper whereat the operational staff were available to give full explanations in answer to any enquiries put to them by visitors.

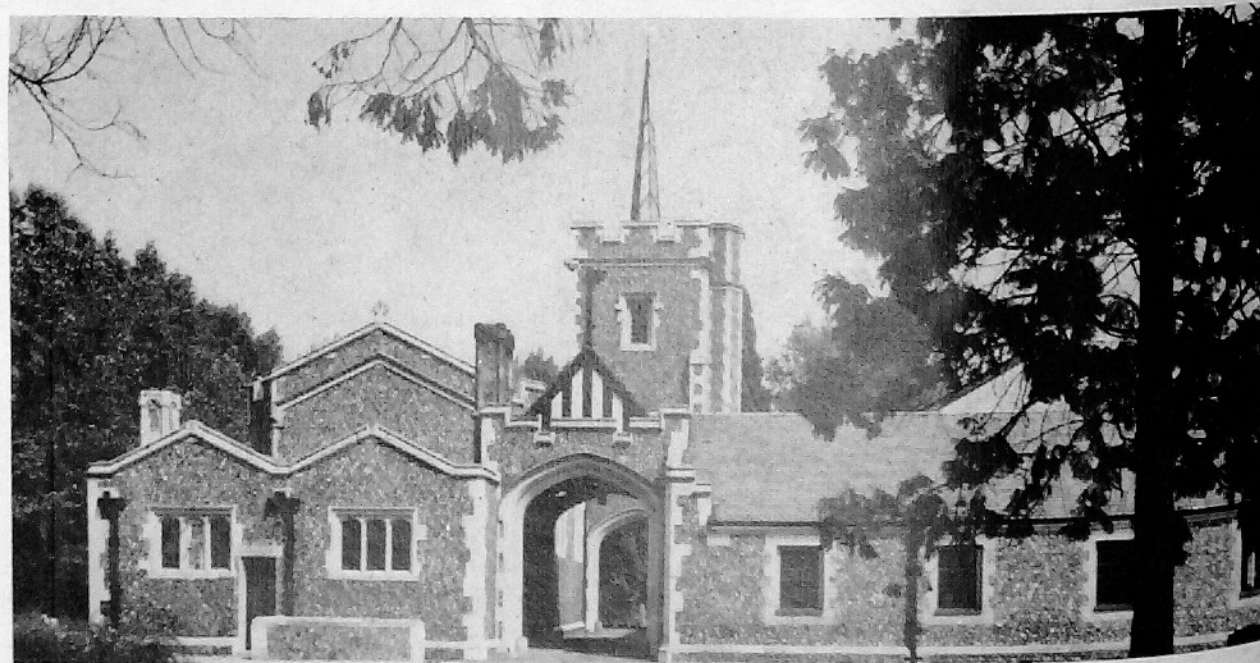

The arrival of visitors was spaced extremely evenly over the five hours' inspection period hence at no time were the staff under pressure to advise visitors in a hurried manner and from the various expressions of approval made there is little doubt that this venture was a success. Certainly from the aspect of alleviating the aura of suspicion which unjustifiably surrounds cremation this media of enlightening the general public in respect of the completely ethical manner in which cremation work is carried out could well be followed by the many other Crematoria throughout our Country.

For those readers who wish to inspect Hendon Crematorium please note that:—

The municipal crematorium at Holders Hill Road, Mill Hill, will be OPEN FOR INSPECTION by the public on Sunday, 14th September, 1969, between the hours of 11.00 a.m. and 6.30 p.m.

Car parking space is available.

Correspondence and enquiries should be directed to the Superintendent and Registrar, Hendon Crematorium and Cemetery, Holders Hill Road, Mill Hill, N.W.7. (Telephone:—346 0657 and 346 0629.)

PUBLIC CONTROL SECTION

A new section of the Town Clerk's Department—the Public Control Section—came into operation on 1st April, 1969. The Section, which is located at the Weights and Measures Office in The Burroughs, N.W.4., offers protection to consumers by means of a small group of specialist inspectors who visit trade premises under the Weights and Measures Act and keep a watchful eye for false trade descriptions applied to goods and services as well as misleading price indications, all of which are forbidden by the new Trade Descriptions Act.

The safety of the public is also part of the section's job; heavy lorries passing through the borough are stopped and weighed to make sure they are not overloaded and local motorists will be able to have their tyre pressure gauges tested free of charge by calling at the Weights and Measures Office. Most local garages already take part in the voluntary scheme to have their tyre gauges tested when the inspectors of weights and measures call to test their petrol pumps. The inspectors also examine oil heaters, fireguards and nightdresses for safety, and children's toys will be tested to make sure the paint does not contain lead.

An Inspector compares Working Standard weight with the Local Standard.

The Shops Acts inspectorate, previously at Green Shield House, Edgware, now form part of the new section operating from the Weights and Measures Office.

The Council has decided to operate a Consumer Protection Service as part of the new Section for the purpose of investigating complaints in respect of the supply of faulty goods and unsatisfactory services made by local residents, or against local traders by any person. The service is intended to bridge the gap between the protection given to consumers by statute law and the useful advisory services provided by such organisations as the Citizens' Advice Bureaux.

The Council believe that the new Consumer Protection Service will be useful in enabling residents who have bought goods which prove to be faulty or who have had services badly executed, to have their complaint impartially investigated by an officer who will try to negotiate a satisfactory settlement with the trader. Complaints will only be accepted at the Weights and Measures Office after the complainant has first attempted to settle the matter privately with the trader concerned. The Council will not of course be able to initiate legal proceedings on behalf of complainants.

It is expected that the Consumer

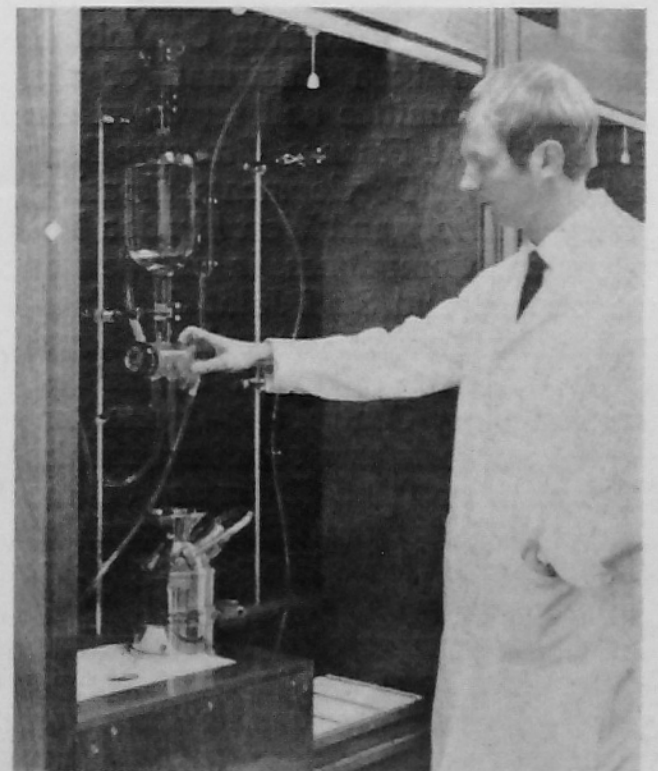

Protection Service will be of benefit to traders and consumers alike and it is hoped to secure the co-operation of Chambers of Commerce, local Consumer Groups and Citizens' Advice Bureaux in its operation.

Complaints and enquiries will be received either in writing or by personal visit at the Weights and Measures Office where they will be dealt with by the Public Control Officer, Mr. E. Roche, and the staff of the section.

A petrol pump being tested for accuracy prior to being sealed by the Inspector.

The section also issues licences under various statutes and visits are made to ensure that licensing conditions are being observed relating to the conduct of employment agencies, and the storage of poisons and fireworks by traders.

Working Standard "Chekpump" measure being calibrated against the Local Standard.

Ratepayers' and Residents' Associations

Do you know of a Ratepayers' or Residents' Association which is being formed? If you do, the Honorary Secretary of the Federation of Ratepayers' and Residents' Associations of the London Borough of Barnet, Mrs. J. Cairns, 133 Longland Drive, Totteridge, N.20., would be interested to hear, as the Federation will be pleased to give assistance in the formation of such organisations. There are, according to the Register of Local Organisations maintained by the Council, seventeen Ratepayers' and Residents' Associations in the London Borough of Barnet, and this Register may be inspected in any Public Library in order to confirm that the organisation to which you belong is included.

If you know of a Ratepayers' or Residents' Association which is not included in this Register, please let the Town Clerk know, at the Town Hall, Hendon, or if more convenient, you may care to ring 202 8282 and ask for extension 27, which is the telephone extension of the Information Section of the Town Clerk's Department.

Drains—do not obstruct the access

At a recent meeting of the Council's Health and Welfare Committee the Medical Officer of Health reported two contraventions under Section 41 of the Middlesex County Council Act 1956, in that concrete drive-ins on private properties had subsequently been laid over inspection chambers.

Apart from the considerable nuisance to the householders concerned any obstruction of access to a man-hole or inspection chamber is a punishable offence under the above-mentioned Act.

Rating of Empty Properties

The Barnet London Borough Council adopted the provisions of Section 17 and Schedule 1 of the General Rate Act, 1967, as from April 1st, 1968.

As from that date therefore—

- (i) all newly erected dwelling houses or flats remaining unoccupied after an initial period of six months and

IMPERSONATION OF COUNCIL OFFICERS

In view of the number of frauds committed by persons posing as Local Government or Public Officers, members of the public should note that each Officer of the Barnet London Borough Council who is authorised to make calls or inspect premises within the London Borough, carries a card of authorisation and identification, which is signed by the person concerned and by the Town Clerk. CHILDREN'S ENTERTAINMENTS IN PARKS

Was your child in this happy group when the camera clicked? For details of "where" and "when" copies of programmes are available from all Council Offices.

As the holiday season approaches each year the Council have to start and consider what sort of entertainment the children would like during their school holidays.

It becomes more necessary each year to keep up to date with the present generation and the Council go to great lengths to see that the acts booked by them are first class and the

best that can be obtained.

This year is no exception. Some of the artistes booked are world famous, having performed all over Europe, America, etc.; also included are many 'Royal Command' acts, such as the GREAT GARVIN, COUNT VERDINI, TOM KEMP (who makes a special trip from his seaside engagement to visit our area). Many other names are famous at seaside resorts, such as Cecil Johnson (a great attraction at Margate each year), De Sevia (who has played almost every town in Great Britain and many in Europe), Terry Seabrooke, another great favourite with Northern audiences.

Your old favourites have not been omitted. Some of them have been entertaining in Barnet Parks for over 20 years—in fact, some of the parents of our present day audiences were themselves entertained by these same acts, Clown Moore, Eric Bloom, Mr. Funnikins, to name a few.

Many new acts have been included this year in order to give more variety to the programme, Jack Mayes (a fine performer), Magical Michael, Donald Sellar, John Tuck, Will Amaze, etc. Also included are several of the performers the children enjoyed so much last year, Leslie Merrall, Johnny Martin, Peter Drake, Hugh Cecil and Artful Adolph.

Other new faces to be seen will be Clown Stripey, Squire Hayward, Billy Burns and Auntie Zena, etc. Altogether a bumper programme as you will find out when you visit the parks.

CHILDREN'S ART EXHIBITION June 21st-August 31st

This exhibition is now a popular annual event. The Libraries and Arts Committee of the London Borough of Barnet invites entries from the schoolchildren of the borough, and the winning items, together with a selection of commended entries, are exhibited at Church Farm House Museum, Church End, N.W.4.

LOCAL ORGANISATIONS

A register is maintained in the Town Clerk's Department of all known local organisations, to which reference is often made to satisfy the many enquiries received from residents wishing to take part in their own hobby, sport or entertainment.

There are 700 local organisations in the register, although it is felt that in a London Borough as large as Barnet there may be many more.

Reply-cards to amend details contained in the register are sent to secretaries of local organisations, and it is requested that Honorary Secretaries of organisations which are not recorded, should inform the Town Clerk, Town Hall, Hendon, London, N.W.4. (Ref. Information.)
