TO THE ALDERMEN AND COUNCILLORS OF THE BOROUGH OF HENDON.

INTERIM REPORT.

The following matters have been dealt with under authority of Resolution No. 311 passed by the Council on 21st April, 1952 :--

1.-ERECTION OF EDGWARE BRANCH LIBRARY:

After hearing the views of the Borough Treasurer on this matter, I gave authority for the transfer to Lander & Houghton Ltd. of the contract originally placed with Bradshaw & White Ltd. as suggested by the Liquidator of the latter firm. I also authorised the assignment to Lander & Houghton Ltd. of the benefit of the agreement with Orbit Ltd. for the supply of the prefabricated units used in construction and building. I gave authority for the Corporate Seal to be affixed to any necessary documents.

2.-FOOD AND DRUGS ACT, 1938:

In April last, a resident purchased a loaf of bread baked in the Borough which was found to contain part of a cigarette. I authorised the Town Clerk to institute legal proceedings in this case.

3.—PURCHASE OF MILES TRAINER:

The Minister of Transport has terminated arrangements whereby the Royal Society for the Prevention of Accidents carried out exhibition services on his behalf and the Society is selling the exhibition material including a Miles trainer of the type which was hired by this Council in 1949.

The Town Clerk reported to me the conditions on which the Minister of Transport would be prepared to approve for grant purposes expenditure involved in acquiring the trainer, and I gave authority for the purchase of the trainer for the sum of $\pounds 300$, plus the cost of removal from Alton, Hants. to Hendon.

4.--PRIVATE STREET WORKS, ALDERS ROAD AND ALDERS CLOSE:

The Town Clerk reported to me that on the understanding that no controlled materials would be required and that the preliminary procedure of the Private Street Works Act, 1892, had been completed up to the stage of the disposal by the Justices of outstanding objections, the Minister of Housing and Local Government would be prepared to consider the making up of Alders Road and Alders Close, Edgware.

In order to regularise the matter and conform to the revised procedure recently settled for private street works, I decided, in lieu of the Council's Resolutions (1), (2), (3) and (4) contained in items 9 and 10 of the report of the Highways Committee dated 19th November, 1951:—

After hearing the views of the Borough Engineer and Surveyor, I approved the application for an extension of six months.

9.-MILL HILL PARK-CRICKET MATCH :

The Council on 4th February, 1952, appointed the Chairman of the Works Committee, for the time being, and the Borough Engineer and Surveyor to attend the conference of the abovementioned Institute at Edinburgh from 11th to 14th June. In view of the fact that the new Chairman of the Works Committee will not be elected until 9th June, I gave authority for Councillor Davis, the present Chairman of the Committee, to attend the conference.

(b) National Allotment and Gardens Society Limited.

An invitation was received from this Society for the Council to appoint two representatives to attend the Annual Conference to be held at Yarmouth from 19th to 21st June, 1952. The conference is not included in the list of those approved by the Council, and I decided to take no action in this matter.

(c) National Housing and Town Planning Council.

An invitation was received for the Council to send not more than two delegates from the Housing side and two delegates from the Planning side to the Annual Regional Housing and Planning Conference to be held in London on 26th June, 1952. The conference is included in the list of those approved by the Council, and I authorised the attendance of the Chairmen of the Buildings and Town Planning and Housing Committees, the Borough Engineer and Surveyor or his representative, and the Housing Officer.

14.-MIDDLESEX GENERAL POWERS BILL-"LOCAL ACT" CLAUSES :

Notice was received that the Colne Valley Water Company were applying for an Order authorising an increase in the water rates and charges payable to the Company. Certain details have been supplied by the Company for examination by the Borough Treasurer, and I authorised the Town Clerk, if necessary, to make representations to the Minister in conjunction with the Middlesex County Council and other authorities.

16.—HENDON BOROUGH SHOW, 1952:

It was reported to me that the Entertainments Officer had arranged for Mr. William J. Norris of the North-West London Agency to take the donkey ride concession at the Hendon Borough Show in return for a payment of £10, and I authorised the acceptance of the offer on the conditions negotiated by the Entertainments Officer with Mr. Norris.

17.—COURTLAND AVENUE PRIMARY SCHOOL, N.W.7:

The Borough Engineer and Surveyor submitted to me a letter from the Area Planning Officer with details of the lay-out and use of land for playing fields and the erection of a primary school at Courtland Avenue, N.W.7.

After consultation with the Borough Engineer and Surveyor, I instructed him to inform the Area Planning Officer that this Council offer no objection to the school lay-out as proposed, subject to the following conditions :---

19.—HOME FOR AGED PERSONS—ST. MARGARET'S, 84, WEST HEATH ROAD, N.W.3:

Information was received from the Area Planning Officer that the London County Council, who have held the above-mentioned premises on requisition since 1945 as a home for aged persons, have decided to purchase the property under the National Assistance Act, 1948.

A proposal by the London County Council to erect a small extension to the existing home was before the Buildings and Town Planning Committee in June, 1951, when it was resolved that favourable consideration would be given to the proposed development, subject to detailed plans and elevations being submitted to and approved by the Hendon Borough Council and the local planning authority, and to no further extension other than that proposed being carried out.

Having regard to these facts, I instructed the Borough Engineer and Surveyor to inform the Area Planning Officer that this Council raise no objection to the use of the above-mentioned premises as a permanent home for aged persons provided that no further extension be carried out to the home other than that referred to above, as in the opinion of the Council, it would be undesirable to emphasise the institutional character of the premises.

39.—STONEGROVE PARK — SALE OF REFRESHMENTS :

At the last meeting of the Council (E.P. & A., 17/3/52 - 11) it was decided to accept the offer of Mrs. E. M. Beall amounting to £26 13s. 4d. for the right to supply refreshments in the above park for a period of two years ending on the 31st March, 1954. When this offer was submitted Mrs. Beall was under the impression that the accommodation in the park was provided by the Council. This, however, is not the case. Mrs. Beall, therefore, withdrew her offer and has submitted a new offer to pay £2 10s. 0d. per annum for a period of three years. No other offer has been received.

I gave instructions., subject to the execution of a licence in a form to be approved by the Town Clerk and to the payment yearly in advance of the sum of $\pounds 2$ 10s. 0d., for the Borough Engineer and Surveyor to accept the tender of Mrs. E. M. Beall for a period of two years ending on the 31st March, 1954.

42.-THE MILL FIELD :

I considered and approved an application from the Mill Hill Toc H Film Unit for permission to use the lower portion of The Mill Field in connection with a Garden Party to be held at "West Grove," Hammers Lane, Mill Hill, on the 12th July. Similar permission has been given in previous years.

43.-WOODCROFT PARK :

I approved an application from the Storksmead Neighbours and Youth Club to hold their annual sports meeting in Woodcroft Park on Whit Monday (2nd June) on the understanding that the function is restricted to a sports meeting and no side shows or other forms of amusement are provided, and to the condition that the marking out of the ground is carried out by the staff of the parks section, for which a charge of £2 10s. Od. is to be made.

44.-LAND, NORTH CIRCULAR ROAD :

It was reported to me that the District Valuer had provisionally agreed the following terms in connection with the proposed grant of a lease for a period of 99 years to The Anchor Glass Company Limited (formerly Youngsigns, Limited) of an area of approximately 0.64 acres of land fronting the North Circular Road :---

- (1) The lease to be for a term of 99 years, in a form to be approved by the Town Clerk, and to contain the usual clauses relating to the user of the site and maintenance and repair of buildings.
- (2) Ground rent £320 per annum.
- (3) The structures at present on the land are deemed to have been erected by the proposed Lessees on the assumption that a long lease of the site would be granted to them.
- (4) That if at some future period the proposed Lessees decide to erect buildings in addition to those for which town planning permission has been given, the question of development charge may arise and would then be a matter for the Central Land Board to determine.

I gave authority for application to be made to the Ministry of Housing and Local Government for approval to the terms.

45.—HOUSING SITE NO. 14—LAWRENCE STREET, MILL HILL:

(a) Contract.

I considered a schedule of tenders received for the execution of road and sewer works at Housing Site No. 14-Lawrence Street, Mill Hill, the lowest tender being that submitted by John Sugrue & Sons Ltd., amounting to £42,283 15s. 2d.

I accordingly decided as follows :---

(1) That, subject to the usual financial enquiries by the Borough Treasurer, to the firm producing evidence that they have carried out contracts of a similar character in a satisfactory manner, to the list of basic prices which form part of the contract being agreed with the Quantity Surveyors, and to the execution by the tenderers and the Corporation of a contract in a form to be approved by the Town Clerk, the Borough Engineer and Surveyor be authorised to accept the tender of John Sugrue and Sons Ltd., amounting to £42,283 15s. 2d.

(b) Termination of Tenancy for Grazing Purposes.

The Borough Engineer and Surveyor reported to me that the Misses Weedon, who had been granted a tenancy of this site for grazing purposes, had now intimated that in view of the Council's impending housing operations they would vacate the land on the 30th May, 1952. This arrangement would permit the Council to commence the road and sewer works in June, 1952.

46.—LAND AT THE JUNCTION OF HENDON WOOD LANE AND TOTTERIDGE LANE, MILL HILL:

After considering a report submitted by the Borough Engineer and Surveyor, I authorised a six monthly tenancy, for grazing purposes, to be granted to the Misses Weedon (the tenants of the site referred to in the preceding item) of an area of land comprising $56\frac{3}{4}$ acres situate at the junction of Hendon Wood Lane and Totteridge Lane, Mill Hill (which was being acquired by the Council), subject to the payment of a rental of 30/- per acre per annum, and to the Town Clerk being satisfied as to the legal position. I also gave authority for the Corporate Seal to be affixed to any necessary documents.

47.—SIGN ON LAMP POST—JUNCTION OF DEANSBROOK ROAD AND HIGH STREET, EDGWARE :

I gave authority for the National Blood Transfusion Service to affix a sign on the lamp post at the junction of Deansbrook Road and High Street, Edgware, subject to the usual conditions and to the execution of an agreement in a form to be approved by the Town Clerk. I also gave authority for the Corporate Seal to be affixed to any necessary documents.

48.—WEST HENDON SWIMMING POOL:

I gave authority for the West Hendon Swimming Pool to be used exclusively on the evening of Thursday, 3rd July, 1952, for the purposes of the 1952 Hendon Schools Swimming Gala.

49.—TOWN HALL—FLAT ROOFS :

I considered quotations received from four specialist firms for the execution of repairs to the asphalt flat roofs of the Town Hall which, after careful inspection, had been found to be defective, dampness having been observed in the Council Chamber, the Members' Room and other places, and I gave authority for the quotation submitted by Field & Palmer Ltd., Station Road, Wood Green, N.22, amounting to £249 14s. 3d., to be accepted.

50.—LAND, NORTH OF BROADFIELDS AVENUE, EDGWARE:

The Borough Engineer and Surveyor reported to me that provisional agreement had been reached by the District Valuer regarding the acquisition by the Council from the Railway Executive, London Midland Region, of 10.46 acres of land situate to the north of Broadfields Avenue, which the Council have agreed to acquire for allotment purposes.

51.-HOUSING SITE NO. 19-BROADFIELDS AVENUE, EDGWARE :

(a) Contract No. 3.

In connection with the contract with Roger Malcolm Ltd. for the erection of 46 houses and 12 flats on the above estate, the Borough Engineer and Surveyor reported to me upon certain difficulties which were being experienced with regard to the provision of a building water supply. The Colne Valley Water Co. had intimated that it was not possible for them to lay the water main for some months, and in order to prevent unnecessary delay it became necessary to make arrangements for a temporary water supply to be provided.

In view of the special circumstances, I gave authority to the Borough Engineer and Surveyor to issue an order to Roger Malcolm Ltd. to provide a suitable barrel, varying in diameter from 14" to 1", at a cost to the Council of £143 15s. Od., in order to secure a temporary water supply from a point adjacent to the new school.

(b) Contracts Nos. 4 and 5.

With regard to the remainder of the development to be carried out on the above-mentioned estate comprising 96 dwelling units, which it was originally intended should be completed in two contracts, i.e., in groups of 60 and 36, the Borough Engineer and Surveyor suggested to me that these two schemes should be merged, and, if possible, a negotiated tender obtained from George Wimpey & Co. Ltd., who, it was anticipated, would have completed the Moat Park Estate (comprising 142 dwellings) by October, 1952. I approved this suggestion, subject to such negotiated tender being to the approval of the Ministry of Housing and Local Government.

(c) Acquisition of Land.

Upon considering a report submitted to me by the Borough Engineer and Surveyor, I instructed the Town Clerk to take the necessary action for the completion of the purchase of a parcel of land abutting on the western side of Clay Lane, near its junction with Broadfields Avenue, subject to the payment of compensation amounting to £60, and I also gave authority for the pay-. ment of the vendor's surveyor's fee amounting to £5 5s. Od., plus appropriate legal costs, and for the Corporate Seal to be affixed to any necessary documents.

52.—SALVAGE SECTION—BONUS ON TEXTILES :

In consequence of the considerable increase in the weekly collection of rags, etc., I instructed the Borough Engineer and Surveyor to reduce the bonus paid to the employees in the Refuse Collecting Service and Special Salvage Section from 4/6d. to 3/- per bag of 28 lbs.

53.-HOUSING SITE NO. 33-NORTHWAY CIRCUS, MILL HILL:

The Borough Engineer and Surveyor reported to me that provisional agreement had been reached by the District Valuer regarding the acquisition by the Council of part of the front garden of No. 2, Marsh Lane, Mill Hill.

No compensation is payable, but in consideration of the transfer the Council are required to indemnify the claimant against any road making charges in respect of the making up and adoption by the Corporation of Green Avenue, limited in extent to the depth of the strip of land to be acquired where it flanks Green Avenue. In addition, the Council are required to erect along the line of severance a wire fence with angle iron supports or posts similar to the existing enclosing fence.

57.—ACCESS TO NEW SCHOOL AT THE FAIRWAY	, MII	LL HI	LL:				11

In connection with the opening of the new School at The Fairway, Mill Hill, the Borough Engineer and Surveyor submitted to me proposals for the linking up of The Fairway with the Kenilworth Housing Fairway Bit Kenilworth Housing Estate, Riverdene and the adjacent roads, by means of access through the Kenilworth Open Space.

The intake of the School covers both these estates, and the use of the open space will result in a very much shorter route than the existing one.

The proposed new access will pass through land owned by the Railway Executive, who are willing to grant the necessary easement, subject to the payment of a nominal annual acknowledgment of £1.

In order to prevent trespass from the proposed footpath on to the Railway Executive's property, it is proposed to erect a cleft chestnut fence 4 feet 6 inches high on each side of the path where it passes through the railway section.

An appropriate amount is included in the current year's estimates for the construction of the paths, etc., at the Kenilworth Open Space, but the extension of the path on the lines now proposed would involve additional expenditure to the extent of £220.

It was pointed out to me that this footpath extension will be of equal benefit to the School children and the residents on The Fairway Estate, and that in these circumstances, it would be desirable to request the Middlesex County Council, as Local Education Authority, to make a contribution of £110, being one-half of the additional expenditure involved ; the Hendon Council's contribution of £110 to be charged to the provision made in the estimates for works and maintenance on local roads.

I gave authority for the new footpath to be provided on the lines indicated, and for the Corporate Seal to be affixed to any necessary documents, subject to the Middlesex County Council being requested to contribute the sum of £110 towards the cost thereof, and to the terms of the necessary easement to be granted by the Railway Executive being approved by the Town Clerk.

The Town Clerk reported to me that a letter had been received from the Clerk of the St. Albans City Council pointing out that under the Town Development Bill at present before Parliament it is anticipated that the St. Albans City Council will be entrusted with a scheme for the construction of approximately 2,700 houses to take population from London and adjacent areas. The Bill provides for assistance by exporting Authorities, in that they may contribute the whole or part of the local rate subsidy in respect of these houses.

The City Council have invited the Boroughs of Tottenham, Edmonton, Hornsey, Wood Green, Southgate, Finchley and Hendon to send representatives to a Conference to be held at St. Albans on the 24th June for an informal discussion on the matter.

I gave instructions for the Clerk to the St. Albans City Council to be informed that this Council would be represented at the Conference by the Chairman of the Housing Committee, the Town Clerk, the Borough Treasurer, the Housing Officer and myself.

4.-HOUSING SITE NO. 14-LAWRENCE STREET, MILL HILL:

 - (2) That the Town Clerk be instructed to publish all necessary notices.
 - (3) That the Corporate Seal be affixed to any necessary documents.

4.—RECESS REPORT OF CHAIRMAN:

RESOLVED-That the following Report be received :--

RECESS REPORT-PERIOD 26th MARCH TO 29th MAY, 1952.

To the MEMBERS of the HENDON EDUCATION COMMITTEE.

Ladies and Gentlemen,

The following matters have been dealt with during the time the Committee has been in Recess.

1.-ST. JAMES' R.C. SECONDARY MODERN SCHOOL :

(a) Chain Link Fencing :

At their meeting on 20th February, 1951, the Education Committee sanctioned a proposal, subject to the approval of the lessors, for the provision of a chain link fence along the eastern side of the footpath leading from the above-named school to the entrance of the dining room at an estimated cost of $\pounds 55$.

After considerable delay, the approval of the lessors was obtained and I instructed the Borough Engineer to accept the lowest quotation received, namely that of Messrs. Prove B_{TOS} . Ltd., amounting to £85 3s. 3d. (an excess expenditure of £30 3s. 3d.), for the erection of this fence, subject to his being satisfied that there was sufficient financial provision available in the Committee's estimates for the year 1951/52.

(b) Handicraft Rooms :

I instructed the Borough Education Officer, as a matter of urgency, to issue orders to the North Thames Gas Board for the hire of a secondary credit meter at a rental of 2/6d. per quarter and for supplying and fixing other small items in the Handicraft Rooms at St. James' R.C. Secondary Modern School at a total cost of £6 15s. Od.

2.—SUNNYFIELDS INFANTS' SCHOOL :

In consequence of an accident to a child attending this school, I instructed the Borough Engineer to arrange for the swing doors, eight in all, to be re-hung on ordinary butts at an estimated cost of $\pounds 30$.

3.—HENDON COUNTY SCHOOL—EXTENSION OF HOT WATER SUPPLY TO DOMESTIC SCIENCE ROOM :

Arising out of a report received from the Headmaster, I approved a proposal from the Borough Engineer for the extension of the hot water supply from the kitchen to the new sink recently installed in the Domestic Science Centre at Hendon County Grammar School at an estimated cost of £20, such work to be carried out during the Easter Holidays and the cost to be borne from the 1952/53 estimates.

4.-ST. VINCENT'S R.C. SCHOOL:

(a) Contribution under the Fair Wear and Tear Regulations :

Under the existing Fair Wear and Tear Regulations, I approved the payment to the Managers of a contribution of £21 1s. 3d., being five-sixths of the total amount of £25 5s. 6d., in respect of the servicing of an overhead heater and the renewal of a worn out radiator at St. Vincent's R.C. School.

(b) Provision of Piano :

I approved the purchase of a Sterling upright piano from Mr. M. Mitchell for the sum of $\pounds40$ (such piano having been valued at that figure by Messrs. Kirby's, 167, Brent Street, Hendon) for use at St. Vincent's R.C. School, and instructed the Borough Education Officer to issue an official order to Messrs. Kirby's for carrying out repairs and renewals specified and for providing and fixing a set of rubber castors to the piano at a cost of $\pounds23$. Financial provision for the above has been made in the current year's estimates.

5.-FRITH MANOR SCHOOL :

I considered a letter from the Chief Education Officer regarding a request from the Finchley Golf Club to provide a gate in the recently erected fence between the school site and the eighth fairway of the golf course. The Chairman of the County Education Committee was prepared to approve the preparation of an agreement with the club, subject to the concurrence of the Hendon Education Committee. In accordance with the recent decision of the Committee, I instructed the Borough Education Officer to consult the Teachers' Panel of the Joint Consultative Sub-Committee and afterwards to forward to the Chief Education Officer any observations on the sketch plan made by the Panel.

The plan was inspected by the Teachers' Panel on 12th May, and their agreed views were communicated by the Borough Education Officer to the Chief Education Officer on the following day.

7.-DEANSBROOK INFANTS' SCHOOL-ERECTION OF SCULLERY FOR SCHOOL MEALS SERVICE :

A letter has been received from the Chief Education Officer stating that the County Council has approved a supplementary estimate for £129, in addition to the sum of £385 previously approved, for the provision of a scullery at the above-named school. (i) BELL LANE PRIMARY SCHOOL_THEFT OF LEAD:

The Town Clerk reported that, at the Hendon Magistrates Court on 17th March, 1952, two men were charged with stealing lead from the above-named school on 8th March, 1952. There was a plea of guilty in each case and each of the accused was sentenced to six months' imprisonment. Noted.

(k) EDUCATION ESTIMATES, 1952/53:

The Borough Treasurer submitted a report giving details of reductions made by the Middlesex County Council in the Estimates of the Hendon Divisional Executive for the financial year 1952/53. The Sub-Committee were informed that the Chairman of the County Education Committee had decided that the Divisional Executive could effect the necessary economies by deleting any of the items included in the original Estimates under the headings : Upkeep of Buildings, Upkeep of Playing Fields, and Furniture, Apparatus and Equipment, provided that the sums saved under each heading were not less than the reductions made by the County Council.

Consideration was also given to the report of the Borough Engineer suggesting proposals for implementing the reductions so far as the above-named headings were concerned, and indicating methods by which the limited discretion granted to the Divisional Executive might be used. After careful consideration, it was

RESOLVED TO RECOMMEND—That the provision made for day to day maintenance of Secondary Modern Schools be reduced by an amount not less than £1,000, that such sum be added to the amount provided for day to day maintenance of Primary Schools, and that the Town Clerk be instructed to inform the County Council of the action taken.

(c) ADMISSIONS TO GRAMMAR SCHOOLS, 1952 :

It was reported that, in response to the protest made to the County Council in December last concerning the restrictions which recently adopted regulations had imposed on Hendon parents in the choice of Grammar Schools for their children, the Chief Education Officer had stated that his Committee had decided to call for a report showing the effect of the new regulations upon the placing of children in Grammar Schools in the various districts of the County during the year 1952 and to give consideration to the protests of the Hendon Divisional Executive in the light of such report when it is available.

RESOLVED TO RECOMMEND-That the Borough Education Officer be instructed to communicate with the Chief Education Officer urging that the County Council take immediate action in the matter so that the restrictions now imposed upon Hendon children are removed forthwith.

(d) HENDON COUNTY SCHOOL INTERIOR DECORATION:

A letter was submitted from the Chief Education Officer concerning the Committee's recent protest relating to the unsatisfactory nature of the interior decorations carried out by the County Council at the Hendon County School in 1948 and pointing out that having regard to the present economic situation the County Council are not prepared to supplement the approved estimates for 1952/53 to enable redecorations to be carried out prior to 1953/54 when such redecorations will become due under the normal programme.

RESOLVED-

RESOLVED TO RECOMMEND-That, in future, more detailed information on items on the Agenda, which are not of a routine character, be furnished to the Members of the Sub-Committee by the Borough Education Officer prior to the date of the meeting at which they will be considered.

(ii) Appointment of Children's Supervisors :

Letters were submitted from the Head Teachers of Wessex Gardens Junior Boys' School and Clitterhouse Primary School each asking that a Children's Supervisor be appointed for a period of 12 hours daily. In the case of the Wessex Gardens School, 140 pupils remaining at school for their midday meal are being supervised by the teaching staff. Expansion to an eight class school involving the use of the hall for teaching purposes has created much difficulty in supervising the meals service. At the Clitterhouse School 95 infants and 109 junior pupils remain at school for their midday meal. Two Children's Supervisors now employed are unable to cope with this large number of children. Owing to the number of pupils on the Roll exceeding the accommodation by 144 pupils the hall is used for both teaching and dining purposes.

RESOLVED TO RECOMMEND—That the Borough Education Officer be instructed to make application to the Middlesex County Council for approval to the appointment of a Children's Supervisor for one and a half hours daily at the Wessex Gardens Junior Boys' School and an additional Children's Supervisor at the Clitterhouse Primary School.

(a) APPOINTMENT OF CHAIRMAN:

RESOLVED-That Alderman J. J. Copestake, J.P., be appointed Chairman of the General Purposes Sub-Committee for the current municipal year.

(b) EDUCATION ESTIMATES, 1952/53:

Consideration was given to the reductions made by the Middlesex County Council in the Estimates of the Hendon Divisional Executive for the financial year 1952/53.

RESOLVED TO RECOMMEND-

- (i) That the combined allowance allocated for extra mural expenditure and orchestral concerts be devoted solely to extra mural activities.
- (ii) That the Town Clerk be instructed to inform the Middlesex County Council of the Administrative Staff economies which have been or which will be made without prejudice to the existing normal establishment of the Hendon Education Department, and that such economies represent the maximum possible under present conditions.

(c) BURNHAM PRIMARY AND SECONDARY SCHOOLS REPORT, 1951:

The Borough Education Officer submitted a summary of requests received from certain Head Teachers for the payment of additional allowances over and above the salary scale for Head Teachers for the financial year 1952/53. After consideration, the Sub-Committee

RESOLVED TO RECOMMEND-That the Borough Education Officer be instructed to request the Middlesex County Council to pay additional allowances of the amounts stated to the four Head Teachers named in MS. in the Sub-Committee's Minute Book.

(d) ST. AGNES' R.C. SCHOOL-EXTENSION OF SCHOOL SITE :

With reference to Item (b) in the Report of this Sub-Committee dated 18/12/51, a letter was submitted from the Chief Education Officer stating that the proposal of the Managers for the extension of the existing school site would involve the demolition of a number of houses in Caddington Road and in Cricklewood Lane. As these houses appear to be in sufficiently good condition to serve a considerable number of years, there seems no likelihood at present of extending the site.

With regard to the proposal that the land should be included in the draft Development Plan, the County Planning Officer has stated that this is not possible as the Plan has now reached its final stage. A note of this request has, however, been made. The whole of the surrounding district is of comparatively new development and the County Planning Officer is of the opinion that a new site could not be found for the school without encroaching upon land already carmarked for other purposes. The County Valuer is, however, pursuing this matter further. Noted. (g) SCHOOI (i) Wess

The Borough Education Officer informed the Committee of the achievements, in the field of sport, of Alan Goss (Hendon Secondary Technical School and formerly of Edgware Secondary Modern School) and Eric Sullivan (a former pupil at Barnfield Secondary Modern Boys' School).

Alan Goss was chosen by the English Schools' Football Association during the 1951-1952 season to play for England in the International Match versus Wales, thus becoming the first Hendon School Boy International since the War. In the Summer of 1951, he played for the Southern School Boys versus The North at cricket, and as this ranks as an Internation Match, he received his Cricket Cap. As far as is known he is the first boy to gain both these honours.

Eric Sullivan, during the Season 1951—52, played for the Middlesex Schools' Football Association in all their Inter-County Matches, and for the London Schools' Football Association in their representative games. He also toured Western Germany with the London Schools' Football Association, and played in the Final English Schools' Football Association's Trial for The Rest versus England.

We regard it as first priority that all our children should have an education that is suitable to their age, abilities and aptitudes, second to none in the world, and look to the local Education Committees to fulfil that duty." Noted.

RESOLVED—That the Chairman of the Committee (Councillor A. V. Sully, M.C., F.C.A.) or, in his absence, the Vice-Chairman (Councillor L. C. At the same time, the Housing Committee instructed the Borough Engineer and Surveyor to submit a report concerning the utilisation, for housing purposes, of the land in West Hendon which is scheduled as a redevelopment area.

RESOLVED-That consideration of this matter be deferred pending the submission of the report of the Borough Engineer and Surveyor referred to above.

7.-BYE-LAWS-HAIRDRESSERS' AND BARBERS' PREMISES :

The Town Clerk reported that, in accordance with the Committee's instructions, he had communicated with the Incorporated Guild of Hairdressers, Wigmakers and Perfumers requesting information as to the methods adopted by competent and reliable hairdressers to secure, in the interests of hygiene and public health, a proper standard of cleanliness of combs, brushes, instruments, etc., with particular reference to any method involving the use of disinfecting or sterilising agents in addition to the normal practice of washing the instruments, etc.

The Guild had replied to this request by forwarding a Code of Hygiene which they had approved, a copy of which was circulated to the Members of the Committee.

RESOLVED TO RECOMMEND-That no action be taken in the matter.

9.—SECTION 154, PUBLIC HEALTH ACT, 1936:

The Town Clerk informed the Committee that he had received a report from the Metropolitan Police stating that on the 30th May, 1952, in Harcourt Avenue, Edgware, a Police Officer saw two persons (Mr. A.S. and Mr. E.P.) accept rags from children under the age of 14 years in exchange for blown up balloons, which was a contravention of the provision of Section 154 of the Public Health Act, 1936.

The Medical Officer of Health reported the receipt of a letter from the Ministry of Health drawing attention to new posters on this subject. Space had been allowed on each poster for overprinting addresses of the nearest treatment centres and times of clinics. The hope was expressed that local authorities would make the maximum use of the posters, as no provision could be made for National press advertising in support of this campaign during 1952 because of the reduction in the amount of money available for Government publicity generally.

The posters are issued free of charge, but the cost of any overprinting would have to be borne by the local authority.

RESOLVED TO RECOMMEND-That the Medical Officer of Health be instructed to arrange for the overprinting and distribution of posters relating to the above-mentioned Campaign.

14.-THE PUBLIC HEALTH (TUBERCULOSIS) REGULATIONS, 1952:

The Town Clerk reported that as instructed (Hi.C., 7/1/52-6) he had enquired of the Ministry of Housing and Local Government whether an authorisation and loan consent could be granted for the proposed private street works in Westside (Central Ward). He submitted a reply stating that as a result of the review of the capital investment programme for 1952, greater restrictions had been placed on all civil building work and that the Minister must, therefore, request the Council to defer the work until the economic situation is easier.

RESOLVED TO RECOMMEND—That the Town Clerk be instructed to inform the Ministry of Housing and Local Government of the deteriorating condition of Westside and the reasons for which its making up at the earliest possible moment is desired, and to request that the necessary authorisations should be given for the private street works.

11.—CECIL ROAD, ASHLEY LANE AND THE ROADWAY FROM CHURCH TERRACE TO SUNNY HILL PARK :

The Borough Engineer and Surveyor submitted a schedule of tenders received for the making up of part of Cecil Road (West Hendon Ward), part of Ashley Lane (Central Ward) and the roadway from Church Terrace to Sunny Hill Park (Central Ward) and drew attention to the fact that the lowest tender received in each case exceeded the estimate owing to the increase in the cost of labour and materials since the estimates were prepared.

The Town Clerk submitted a report on the alternative methods of dealing with this matter.

The Committee were of opinion that it was desirable that fresh notice should be given of the Council's proposals and revised provisional apportionments made, and they, accordingly,

RESOLVED TO RECOMMEND—That the Borough Engineer and Surveyor be instructed to submit to His Worship the Mayor, in Recess, amended estimates of the probable expenses of the works and amended provisional apportionments of the estimated expenses among the premises liable to be charged therewith under the Private Street Works Act, 1892.

After full consideration of this matter, the Committee were of opinion that this section of road should not be made up under the Private Street Works Act, 1892, at the present time, and they

RESOLVED TO RECOMMEND—That the above-mentioned footpath be now declared a public highway repairable by the inhabitants at large and that the Town Clerk be instructed to post the necessary notices.

PUBLIC LIGHTING.

18.—EXTENSION OF HOURS:

The Borough Engineer and Surveyor submitted a letter from a resident, suggesting that the lamps on the public footpath from Endersleigh Gardens to Rushgrove Avenue should remain in lighting until 1 a.m.

As a result of this request, the Committee gave consideration to the present policy of extinguishing all lamps in the Borough other than those on main traffic routes at midnight. The cost of maintaining street lighting till 1 a.m. throughout the Borough is estimated at \pounds 2,200 in a complete financial year and \pounds 1,470 for the remainder of the current financial year.

RESOLVED TO RECOMMEND-

- That in future the lamps in the Borough, other than those on main traffic routes, be kept in lighting until 1 a.m.

Noted.

20.—ERSKINE HILL:

The Borough Engineer and Surveyor reported that a suggestion had been made that the sodium lighting in Erskine Hill (Garden Suburb Ward) should be extended from its present termination at the junction of Asmuns Hill to North Square. He reported that the estimated cost involved was £490, which could be met out of the current year's improved lighting programme, and suggested that consideration should be given to the completion of the lighting conversion in this area by installing sodium lighting in the short section of Denman Drive and in Woodside and Chatham Close, the estimated tocal cost of which would be £210.

RESOLVED TO RECOMMEND—That the Borough Engineer and Surveyor be instructed to arrange for the installation of sodium lighting in the roads referred to above at an estimated total cost of £700.

21.-NORTH CIRCULAR ROAD:

The Borough Engineer and Surveyor submitted a schedule of tenders which had been obtained at the request of the Ministry of Transport for cable works in connection with the improved lighting on North Circular Road (Golders Green Ward) from Hendon Way to Edgware Road.

22.-HENDON WAY AND WATFORD WAY:

The report of the Borough Engineer and Surveyor and the Committee's recommendation thereon are recorded in MS. in the Committee's Minute Book.

TRAFFIC CONTROL.

23.-COPTHALL COUNTY SCHOOL :

The Town Clerk submitted a referred from the Education Committee asking that consideration should be given to the possibility of re-siting the school traffic sign at the north end of Page Street (Mill Hill Ward), so that it is more conspicuous, and to the advisability of providing guard rails immediately outside the entrance to Copthall County School. After consideration of these matters, the Committee

RESOLVED TO RECOMMEND-That the Borough Engineer and Surveyor be instructed to arrange for the re-siting of the school traffic sign in a more conspicuous position, but that no action be taken with regard to the provision of guard rails outside the entrance to the school.

24.—PEDESTRIAN CROSSINGS :

The Town Clerk reported that, in accordance with Section 18 (4) of the Road Traffic Act, 1934, he had consulted the Commissioner of Police with regard to the Council's scheme for the establishment of pedestrian crossings and had submitted the scheme to the Minister of Transport for approval. He stated that the scheme had been returned, approved by the Minister, subject to the omission of the crossing in Claremont Road outside the entrance to Clitterhouse School. In this connection, the Commissioner of Police had stated that the needs at this point had been noted, and that consideration would be given to the question of employing a patrol outside the school.

The Town Clerk also submitted letters received from residents suggesting the provision of pedestrian crossings in Claremont Road and at Brent Bridge Roundabout. As instructed, the Borough Engineer and Surveyor submitted a report on the crossing place in Hale Lane (Mill Hill Ward), opposite Lilley Lane. The Town Clerk reminded the Committee that they had asked the Education Committee to give consideration to this point and to the point in Pursley Road, near Dollis School (Mill Hill Ward), with a view to the appointment of school crossing patrols. He stated that the Education Committee had deferred further consideration of the Hale Lane site and that arrangements had been made for the road patrol previously employed at the junction of Sanders Lane and Salcombe Gardens to be transferred to a point outside Dollis School in Pursley Road.

The Committee noted the reports submitted, and

RESOLVED TO RECOMMEND-

- (1) That no further action be taken at the present time with regard to the provision of crossings in Claremont Road and at Hale Lane.
- (2) That the Town Clerk be instructed to approach the Ministry of Transport and take the necessary steps for the establishment of pedestrian crossings in Brent Street and Golders Green Road at Brent Bridge Roundabout pending the installation of traffic NOR control signals at this point.

95

25.—WAITING RESTRICTIONS :

The Borough Engineer and Surveyor reminded the Committee that the Minister of Transport had imposed waiting restrictions on the approach sides of the pedestrian crossings in Watford Way and Hendon Way at Hendon Central Circus (Park Ward), and that the Council had accord. Way and Hendon way at relation crossings in Queens Road and Vivian Avenue. He stated that ingly imposed restrictions for the lay-out at the Circus, vision is not restricted on the approaches to these crossings in the same way as it would be on straight roads and that the restrictions were, therefore, not essential.

96

The Committee gave further consideration to the waiting restrictions at these points and concluded that they should remain, but that more adequate indication of them should be given to They, therefore, motorists.

RESOLVED TO RECOMMEND-That the Town Clerk be instructed to write to the Min'stry of Transport drawing attention to this need, and suggesting that the waiting restrictions should be indicated by a yellow marking of the kerb for the whole distance for which waiting is prohibited.

26.-JUNCTION OF HOOP LANE AND TEMPLE FORTUNE LANE :

At their meeting on 9th July, 1951 (Hi.C., 11/6/51-20) the Council decided to make representations to the Ministry of Transport for the introduction of a complete one-way traffic working at the junction of Hoop Lane and Temple Fortune Lane (Garden Suburb Ward).

TRAVELLING FACILITIES.

27.- 'BUS SERVICES NOS. 240 AND 240A:

The Town Clerk reported that, as instructed, he had written to the London Transport Executive pressing for an improvement in 'bus service No. 240A, and had also brought to their notice complaints received with regard to service No. 240. He submitted a reply stating that from observations taken at Brookfield Avenue an increase of the service on Saturday afternoons would not be justified ; that crews of 'buses leaving Mill Hill Station are instructed to watch for passengers wishing to change from train to 'bus; and that observations taken between Mill Hill East and Mill Hill Broadway and between Mill Hill Broadway and Edgware revealed no justification for an increased service between those points.

The Executive stated that the traffic situation was being kept closely under review and that they were looking further into the adequacy of the service at Mill Hill East Station at the moming and evening peak periods.

After consideration of this matter, the Committee concluded that it was desirable that consideration should be given to 'bus and rail facilities and fares over the whole Borough with a view to submitting a comprehensive report and suggestions to the London Transport Executive. They, therefore,

RESOLVED TO RECOMMEND-That a Sub-Committee consisting of Alderman Knowles, Councillors Hooker and Matthews, with the Chairman of the Committee (ex-officio). be appointed to consider and report on 'bus and rail facilities and fares in the Borough.

28.—FINCHLEY ROAD—'BUS STOPPING PLACES AND GUARD RAILS:

The Town Clerk reported that, as instructed at the last meeting of the Committee, he had informed the Garden Suburb School Parents' Association that the Council had adhered to their previous decision not to provide guard rails near the 'bus stops in Finchley Road (Garden Suburb Ward) in the vicinity of the school and had stated the reasons for that decision. He submitted a further letter from the Association expressing regret at the Council's decision, and asking that it should be reviewed.

29.-LITTER BASKETS :

The Town Clerk submitted a reference from the Works Committee suggesting that litter baskets should be purchased for use in the streets at a cost not exceeding £100. The Borough Engineer and Surveyor submitted a quotation for the supply of wire baskets at £2 7s. 3d. each (to be fixed on the ground) and £2 12s. 6d. each (for attachment to lamp standards).

He also reported that a number of litter baskets had recently been disposed of in view of their condition and that a new supply was desirable.

RESOLVED TO RECOMMEND-

- (1) That the Borough Engineer and Surveyor be authorised to arrange for the purchase of litter baskets of both types at a total cost not exceeding £150.
- (2) That a supplementary estimate of $\pounds 150$ be approved to meet the expenditure involved.

30.-CYCLING ON FOOTPATHS :

The Town Clerk reported that, as instructed, he had consulted the Home Office with regard to the making of a bye-law prohibiting cycling on the footpath connecting Colin Gardens and Rushgrove Avenue (West Hendon Ward) and had been informed that, subject to the consideration of any objections which he may receive, the Secretary of State will be prepared to confirm a byelaw in the terms of the draft which has been submitted to him.

'RESOLVED TO RECOMMEND-

- (1) That, in pursuance of the powers contained in Section 249 of the Local Government Act, 1933, the Council make a bye-law (in the terms set out below) prohibiting cycling on the footpath connecting Colin Gardens and Rushgrove Avenue.

34.—HIGHWAYS EXPENDITURE :

The Town Clerk submitted Circular No. 680 of the Ministry of Transport stating that it had been found possible to approve a provision for the current year of $\pounds 1\frac{1}{2}$ million of total capital investment to be devoted to small schemes specially designed to promote road safety. Priority would be given to schemes to deal with accident black spots and places where the greatest benefit can be expected to result from the outlay. The circular also pointed out that, in view of the severe restriction of capital investment, it will not be possible in the current financial year to approve any schemes of major improvement or new construction except for certain works which are indispensable to the progress of other approved investment. This policy would apply to trunk as well as to other roads.

RESOLVED—That the Borough Engineer and Surveyor be instructed to submit a report at the next meeting of the Committee on schemes specially designed to promote road safety.

40.-INCENTIVE BONUS SCHEMES :

The Borough Engineer and Surveyor submitted a letter received from the Divisional Road Engineer of the Ministry of Transport stating that no incentive bonus scheme should be applied to any works on existing trunk roads, and that if such a scheme were applied to works on classified roads, its cost would not be accepted as ranking for grant.

11.—DEACONS HILL OPEN SPACE—WOODCOCK HILL FARM—DESTRUCTION BY FIRE OF DUTCH BARN:

It was reported by the Borough Engineer and Surveyor at the last meeting that, as a result of a fire on 1st December, 1951, a storage barn constructed of timber framing and having a corrugated iron roof was completely destroyed. The lessees of the farm, Kent and Sussex Contractors Limited, have requested that the barn should be replaced as soon as possible and that the site for the new barn should be in close proximity to the farm so that it can be kept under observation. The Borough Engineer and Surveyor submitted quotations for the supply and erection of a new Dutch Barn constructed of steel framework with a corrugated asbestos roof. The quotations do not provide for concrete bases, estimated by the Borough Engineer and Surveyor to $\cos t \pounds 50$, to form a foundation for the steel framework. - (2) That a supplementary estimate be approved to cover the expenditure involved.
- (3) That the Corporate Seal be affixed to any necessary documents.

The Borough Engineer and Surveyor submitted letters from two residents of Riverdene and also a letter from the Edgware Residents' Association requesting that a gate be provided in the chain link fence, which forms the boundary between Kenilworth Open Space and Edgware Way, opposite John Groom's Crippleage. Representations on similar lines have also been received from John Groom's Crippleage to enable the inmates of the Crippleage to enjoy the facilities of the open space without having a somewhat lengthy walk.

RESOLVED TO RECOMMEND-That, subject to the approval of the Ministry of Transport, the Borough Engineer and Surveyor be instructed to provide a gate in the fence which forms the boundary between Kenilworth Open Space and Edgware Way.

16.-MALCOLM PARK :

With reference to the negotiations with the National Playing Fields Association for a grant towards the cost of laying out the above-mentioned Park, the Borough Engineer and Surveyor reported that he had now received the Association's approval to a grant amounting to £300 in respect of the lay-out of the children's playground only, subject to certain conditions.

RESOLVED TO RECOMMEND-

(1) That, subject to the Town Clerk being satisfied as to the conditions prescribed by the Association, the Council accept a grant of £300 from the National Playing Fields Association towards the cost of laying out the children's playground.

(2) That the Corporate Seal be affixed to any necessary documents.

17.-MILL HILL PARK-LOPPING OF TREES :

The Borough Engineer and Surveyor reported that, in accordance with the Committee's instructions, a careful inspection had been made of the trees in the above-mentioned Park. Most of the large elm trees had reached a mature age and, in the case of twelve of these he suggested that they should be lopped immediately. Close observation was being kept on the remainder of the trees in the Park so that dangerous branches may be removed before damage occurs. In view of the fact that the trees cannot be expected to live for more than the next 20 years, he suggested that the Committee might wish to consider the planting of trees to replace those removed from time to time.

With regard to the removal of litter in the Park, this was collected each morning and although there was insufficient labour available to keep one man permanently employed on this work, the Park, when inspected, was in a tidy condition.

RESOLVED-That the Borough Engineer and Surveyor be instructed to arrange for the immediate lopping of the twelve trees referred to in his report and that the planting of trees to replace those that are removed from time to time be approved, in principle.

The Committee duly noted the position with regard to the removal of litter in the Park.

18.—PRINCES PARK—SALE OF REFRESHMENTS:

The Borough Engineer and Surveyor submitted a letter from Mrs. E. Stafford whose tender for the supply of refreshments in Princes Park was accepted by the Council in 1951. Mrs. Stafford suggested that although the Park is extensively used by the local residents there is no demand for refreshments and she asked to be released from her contract.

Estates, Parks and Allotments.

RESOLVED TO RECOMMEND-That the Council agree to release Mrs. Stafford from her contract and that the Borough Treasurer be instructed to refund to her a pro rata proportion of the sum paid in advance.

19.—ARRANDENE OPEN SPACE :

The Borough Engineer and Surveyor reported that the area of land on the east side of Wise Lane which was requisitioned by the War Office during the War and was subsequently used b_{V} squatters, had now been de-requisitioned and was being ploughed. He suggested that, due to the conditions prevailing at the present time, the most appropriate use that could be made of the land would be to sow it with wheat. The area of the land in question is 9.25 acres.

RESOLVED TO RECOMMEND-That the Borough Engineer and Surveyor be instructed to make the necessary arrangements for the land to be shown with wheat.

20.—CLITTERHOUSE PLAYING FIELDS:

A letter was submitted from the Hendon and District Sunday Football League requesting that the pitches in Clitterhouse Playing Fields should be made available for teams wishing to play football on Sundays. In accordance with the previous decision of the Council Sunday football is only permitted between the hours of 10 a.m. and 5 p.m. at West Hendon Playing Fields and Montrose Playing Fields.

RESOLVED TO RECOMMEND-

- (1) That the Council permit football to be played on Sundays between the hours of 10 a.m. and 5 p.m. on two of the pitches in Clitterhouse Playing Fields and that the Borough Engineer and Surveyor be instructed to inform the Hendon and District Sunday Football League accordingly.
- (2) That any previous resolution inconsistent with the foregoing be rescinded.

21.—CENTRAL SQUARE, N.W.11:

It was reported by the Borough Engineer and Surveyor that he had received a complaint from householders in South Square, Hampstead Garden Suburb regarding the parking of cars at the entrance to the open space leading from this road. In view of the fact that this point is adjacent to the west entrance to St. Jude's Church he had obtained the views of the Vicar as to the advisability of closing the path to traffic. The Vicar had replied to the effect that he agreed as to the desirability of closing the path and suggested that a single bar gate with a padlock should be fixed at this point. The Borough Engineer and Surveyor suggested, however, that two wooden posts would be more suitable as pedestrians with perambulators could then use the path.

RESOLVED TO RECOMMEND-That the suggestion of the Borough Engineer and Surveyor be approved and adopted.

22.—HENDON PARK—TENNIS COURT—ERECTION OF FENCING:

The Borough Engineer and Surveyor submitted quotations for the provision and erection of fencing surrounding a tennis court at Hendon Park. The lowest quotation is that of Prove Brothers, Limited, amounting to £126 Os. 6d. Provision for this expenditure has been made in the annual estimates .

RESOLVED TO RECOMMEND-That the Borough Engineer and Surveyor be instructed to accept the quotation of Prove Brothers, Limited, amounting to £126 0s. 6d., for the provision and erection of the fencing to a tennis court in Hendon Park.

23.-LAND AT THE REAR OF CLITTERHOUSE CRESCENT:

In accordance with the Committee's instructions, the Borough Engineer and Surveyor submitted plans showing the lay-out of two small areas of land at the rear of Clitterhouse Crescent which the Council have already agreed to appropriate from Housing to Open Space purpose. The estimated cost of laying out these areas of land is £2,220. No provision has been made for this expenditure in this year's estimates.

24.—LAND AT THE JUNCTION OF WATFORD WAY AND LAWRENCE STREET, MILL HILL:

The Borough Engineer and Surveyor submitted a plan showing the lay-out of the abovementioned open space, the purchase of which has now been completed. The estimated cost of the work is $\pounds 1,200$. Provision for expenditure of $\pounds 600$ has been made in this year's estimates and he suggested that a further $\pounds 600$ should be included in the 1953/54 estimates in order to complete the work.

RESOLVED TO RECOMMEND—That the lay-out plan of this open space be approved; that the Borough Engineer and Surveyor be instructed to arrange for the laying out of the open space at the appropriate time, and that provision of a further £600 be included in the 1953/54 estimates in order to complete the work of laying out the land.

25.-MILL HILL PARK-LEASE OF LAND FOR CIVIL DEFENCE PURPOSES :

The Borough Engineer and Surveyor reported that he had received a letter from the County Valuer stating that the Middlesex County Council wish to lease on certain terms for Civil Defence purposes an area of approximately one-third of an acre of land at the South side of Daws Lane, immediately east of the existing swimming pool.

There would appear to be no objection to the proposal as outlined by the County Valuer and the Borough Engineer and Surveyor suggested that a lease of the land should be granted to the County Council for a period not exceeding seven years.

RESOLVED TO RECOMMEND-

- (1) That, subject to the Town Clerk being satisfied as to the legal position, the Council grant a lease, in a form to be approved by the Town Clerk, of the land above indicated to the Middlesex County Council for Civil Defence purposes, for a period not exceeding 7 years at a rental of £5 per annum, exclusive of all outgoings.
- (2) That the Corporate Seal be affixed to any necessary documents.

26.—FUTURE DEVELOPMENT OF LAND, NORTH-EAST SIDE OF NORTH CIRCULAR ROAD, BETWEEN BRENT CROSS AND THE EDGWARE ROAD, BY THE ERECTION OF INDUSTRIAL HEREDITAMENTS:

In accordance with the Committee's instructions, the Borough Engineer and Surveyor submitted a plan showing the Council's land on the North-East side of the North Circular Road, opposite Claremont Road. The plan indicates proposals for laying out the land as a small factory estate, providing for 5 factory sites of varying areas, the buildings to be controlled so as to provide a suitable elevation to the North Circular Road. The Borough Engineer and Surveyor suggested that the concrete roads, sewers and other services should be provided by the Council and the cost of this work taken into consideration when the terms of the leases are agreed. He also suggested that the land should be developed on these lines which would provide a much more pleasing layout than would be possible if the land was let as separate sites.

RESOLVED TO RECOMMEND—That the lay-out plan as submitted be approved and that the Borough Engineer and Surveyor be instructed to submit the proposals for the devolopment of this land to the Planning Authority in due course.

27.—FARMING OF LAND:

The Committee duly noted a letter submitted by the Borough Engineer and Surveyor from the Middlesex Agricultural Executive Committee stating that they have conducted a survey of agricultural holdings for the Ministry of Agriculture and Fisheries for the purpose of classifying farm land in three grades, viz., (a) good, (b) fair, and (c) poor, and that the Council's holdings have been placed in Grade (a).

An application was submitted by the Borough Engineer and Surveyor from an adjoining owner for the removal of a six feet high close boarded fence belonging to the Council, which forms the flank boundary between plot number 15, Tudor Close and Page Street. The applicant proposes to replace the fence with a brick dwarf wall two feet six inches high to match the boundary wall to be erected in front of the house in Tudor Close. The length of the feace affected is approximately 25 feet.

There would not appear to be any objection to the proposal provided the Council's fence is carefuly removed and the timber transported to the Bunns Lane Depot. The proposal will not involve any cost to the Council.

RESOLVED TO RECOMMEND--That, subject to the work being carried out to the satisfaction of the Borough Engineer and Surveyor, the application be approved and that the Borough Engineer and Surveyor be instructed to inform the applicant accordingly.

30.—LAND AT THE REAR OF SHEPHERD'S GARAGE, DEANSBROOK ROAD, EDGWARE :

In connection with the means of escape in case of fire from the premises of Watmell Limited at High Street, Edgware, the Borough Engineer and Surveyor reported that the only satisfactory exit from the rear of these premises is by means of a doorway opening on to the land recently acquired by the Council for the purpose of a children's playground. The doorway is already in existence and it is proposed to keep it locked and the key placed in a glass fronted box adjacent to the doorway. Watmell Limited ask for the Council's permission to retain this existing opening. The Borough Engineer and Surveyor further reported that there would not appear to be any objection to the proposal, subject to an agreement being entered into with Watmell Limited safeguarding the interests of the Council and to the payment of an acknowledgment rental of 1/per annum for the privilege. He also suggested that this piece of land should be known as " Deansbrook Playground ".

RESOLVED TO RECOMMEND-

33.-ARCHFIELDS PIG CLUB:

The Town Clerk reported that, in accordance with the Committee's instructions, he had invited the Archfields Pig Club and certain residents of Great North Way in the vicinity of the pig sties to send deputations to be received by the Committee to discuss the question of the alleged nuisance caused to certain residents of Great North Way by the operation of the Pig Club. The representatives of the Club and the representatives of the residents of Great North Way appeared before the Committee and stated their respective cases.

After careful consideration of the matter, the Committee

RESOLVED TO RECOMMEND-That a Joint Sub-Committee, consisting of the Chairman and Vice-Chairman of the Estates, Parks and Allotments Committee with two members each from the Public Health and Buildings and Town Planning Committees, be appointed, with power to act, to deal with this matter.

34.—HENDON GROVE ALLOTMENTS:

The Committee at its meeting on the 11th of February last, considered a letter from the Clerk of the Governing Body of the Hendon Technical College requesting the Council to approve some means of access from the playing fields to the grounds of Hendon Grove to enable students to retrieve footballs when occasion demands. The Committee decided not to accede to the request and gave instructions for the attention of the Governors to be called to the existence of an unauthorised gate leading to the Council's allotments and suggested that they should make representations to the County Council with a view to the erection of the necessary wire screening. The Town Clerk now reported the receipt of a letter from the Clerk of the Middlesex County Council stating that the reason for forming this gateway was because footballs were frequently kicked over the fence and the pupils, in consequence, climbed over the spiked railing at no small risk to themselves.

The County Council point out that the question of the erection of wire screens has been considered but the estimated cost is such, as the County Council feel, under existing conditions, would be excessive. In these circumstances the County Council enquire whether the Council would be prepared to grant a form of licence to retain the gate so as to provide access to the allotment land.

RESOLVED TO RECOMMEND-

- (1) That, subject to the execution of a licence in a form to be approved by the Town Clerk and to the payment of a norminal rental, the Council accede to the request of the County Council for the retention of the gate.
- (2) That the Corporate Seal be affixed to any necessary documents.

35.—LAWRENCE STREET ALLOTMENTS:

The Borough Engineer and Surveyor reported on a request from the Hendon Federation of Allotment Societies for the re-pegging and re-numbering of the plots at the above-mentioned allotments. He estimated the cost of the work at £10. The Federation also requested the construction of a roadway leading to the Federation's Trading Hut, which will entail the reduction of the area of Plot No. 20. The estimated cost of carrying out this work is £45.

RESOLVED TO RECOMMEND—That the Borough Engineer and Surveyor be instructed to carry out the necessary work at the estimated cost above indicated.

39.—ALLOTMENTS—VACANT PLOTS :

At the last meeting consideration was given to the statement submitted by the Borough Engineer and Surveyor indicating the extent to which allotments available for cultivation were vacant and the Committee gave instructions for the appropriate officers to discuss the matter with representatives of the Hendon Federation of Allotment Societies and to submit a report thereon to this meeting. The Borough Treasurer, accordingly, consulted the Hendon Federation of Allotment Societies and he submitted, for the consideration of the Committe, a comprehensive report, a copy of which is contained in the Committee's Minute Book, indicating the number of vacant plots on the various allotment sites as at 5th June, 1952, with suggestions for the re-arrangement of certain sites in order to concentrate as far as possible the actual plots that are under cultivation or that are likely to be cultivated in the near future. The adoption of the suggestions will enable certain areas to be made available for playing fields and open space purposes for which the areas were originally acquired. To enable the scheme to be gradually put into operation, it is necessary for certain action to be taken as soon as possible. Arising out of consideration of the report, the Committee

2.—ANTI-LITTER PUBLICITY—KEEP BRITAIN TIDY APPEAL :

(a) Refuse Collecting Vehicles-Notice Boards.

In accordance with the instructions of the Sub-Committee, the Borough Engineer and Surveyor reported as to the best method for displaying posters on refuse collection vehicles. He suggested that notice boards 21" x 31" screwed or bolted on to the outside of vehicles would be the most suitable method for exhibiting posters on these vehicles and he estimated the cost of such provision at 17/6d. per board. There are 28 vehicles on which the boards could be fixed.

RESOLVED TO RECOMMEND-

- (1) That the Borough Engineer and Surveyor be instructed to arrange for the provision of 56 notice boards at an estimated cost of 17/6d. per board for fixing to the refuse collecting vehicles.
- 7-WASTE F (2) That the Town Clerk be instructed to obtain from the Central Office of Information a supply of posters relative to the Anti-Litter Campaign.
- (b) Provision of Wooden Receptacles for the Collection of Waste Paper.

Pursuant to the instructions of the Sub-Committee, the Borough Engineer and Surveyor -MAYOR'S reported with regard to the provision of wooden receptacles for the collection of waste paper. He suggested that wooden receptacles might be installed at Holders Hill Circus, Mill Hill Circus and Varley Parade at a cost not exceeding £10 for the three receptacles.

- RESOLVED TO RECOMMEND-That the Borough Engineer and Surveyor be instructed to arrange for the provision of wooden receptacles for the collection of waste paper at Holders Hill Circus, Mill Hill Circus and Varley Parade, The Hyde, at a total cost not exceeding £10.
- RESOLVED TO RECOMMEND-That the foregoing reports of the Waste Paper Salvage Publicity Sub-Committee be approved and adopted, subject to the implementation of the recommendations relative to the salvage of waste paper being deferred for the time being.

6.—WASTE PAPER RECOVERY :

The Town Clerk submitted a letter from the Waste Paper Recovery Association, Limited, pointing out that recovery of waste paper now exceeds current requirements of the paper and paperboard mills. Quite unexpectedly the mills find the demand for their products falling off for reasons beyond their control. Consumption of waste paper this year is thus at present falling well The Association state that there can be little below that of 1951 and stocks are already high. doubt that the present set-back will be temporary and that later on collections, little below the levels of last year, will again be required. The Association has, in consequence, sought the advice of the established collecting services on how best to deal with the immediate problem without impairing the recovery arrangements which have been so successfully carried out. They have come to the conclusion that with the mill capacity for storage everywhere filled, a reduction in the tonnage of mixed waste newspapers and periodicals collected is regrettably essential for the time being and that by the application of a system of appropriate reduction the burden should be spread evenly and equitably over the whole of the established collecting services. As a first step the paper and paper board manufacturers are asked to maintain their stocks of the above-mentioned grades to the maximum of their capacity and to maintain intake at their current rate of consumption proportionately through their normal services of supply whether direct from the Councils or through the merchants (who could thus ensure continuance of their Council's collections).

The Association strongly emphasise that this is not the end of waste paper salvage and they earnestly hope, therefore, that the majority of local authorities will be able so to modify and curtail their waste paper collections and disposal organisations that it will be capable of expansion as soon as there is an increased demand for waste paper.

The Borough Engineer and Surveyor submitted a report with regard to the present position of the Council's scheme for the salvage of waste paper. After careful consideration of the matter, the Committee

RESOLVED TO RECOMMEND-

- (1) That, for the time being, the Council cease as from 14th July, 1952, the payment of the bonus in so far as it applies to the salvage of waste paper and that the matter be reviewed at a later date.
- (2) That the Borough Engineer and Surveyor be instructed to inform the salvage collection staff of the reasons which make it necessary for the Council to take this action.
- (3) That the Chairman, in consultation with His Worship the Mayor, the Borough Engineer and Surveyor and the Borough Treasurer, be empowered to authorise any action which it may be necessary to take in connection with this matter prior to the next meeting of the Committee.

7.-WASTE PAPER SALVAGE PUBLICITY SUB-COMMITTEE :

In view of the present position of the salvage of waste paper, the Committee

RESOLVED-That the Waste Paper Salvage Publicity Sub-Committee be not re-appointed.

8.-MAYOR'S CAR :

The Committee gave consideration to the question of the acquisition of another car for the use of His Worship the Mayor consequent upon the reference back of this matter by the Council at its meeting on 21st April, 1952. In accordance with the instructions of the Committee, the Borough Engineer and Surveyor reported with regard to the replacement of the Daimler car and submitted, for the consideration of the Committee, a quotation received from Spurling Motors Limited for the supply of a Humber Pulman Limousine car at a cost of £2,490 7s. 9d. Spurling Motors Limited are prepared to make the Council an allowance of £725 in respect of the Daimler car at present used by the Mayor.

RESOLVED TO RECOMMEND-

- (1) That the Council purchase from Spurling Motors Limited a new Humber Pulman Limousine car at a cost of £2,490 7s. 9d., subject to the Company allowing the Council the sum of £725 in respect of the Daimler Car at present used by His Worship the Mayor.
- (2) That a supplementary estimate be approved to cover the cost involved.

9.-MILL HILL SWIMMING POOL-CHARGES :

The Town Clerk submitted a letter from the Edgware Methodist Youth Club complaining of the existing charge of 1/- per person for the use of the above-mentioned swimming pool and suggesting that the charges should be reduced to 6d. per person for the use of the pool before 9 a.m.

RESOLVED TO RECOMMEND-That no action be taken in the matter and that the Town Clerk be instructed to inform the Club accordingly.

10.-PROVISION OF OXY-ACETYLENE CUTTING APPARATUS:

Brigade to discuss the question of the provision of oxy-acetylene cutting apparatus at the Hendon Fire Station. The request was acceded to and the deputation consisting of Councillors D. A. Davis and W. Lloyd-Taylor with the Borough Engineer and Surveyor and the Town Clerk's representative duly attended at the Guildhall, Westminster on 7th May, 1952. The deputation, which was received by the Chairman of the County Fire Brigade Committee and the Fire Executive Officer, submitted the views of the Council on the matter and after a general discussion, the Chairman of the County Fire Brigade Committee intimated that they would agree to provide oxy-acetylene cutting apparatus at the Hendon Fire Station and suggested that such apparatus should be carried on the pump escape vehicle as this vehicle is less likely to be sent to another station on stand-by duty or to supplement appliances elsewhere. The County Council's representatives pointed out that there might be occasions when the pump escape will not be available for use within the Borough and it was agreed that this possibility could not be avoided. A number of firemen will be trained in the use of the apparatus in order that a trained operator will be continually available. These arrangements have subsequently been confirmed in a letter from the Clerk of the County Council. The Committee duly noted the matter, and

RESOLVED—That the Committee place on record its thanks to Councillors Davis, Lloyd. Taylor and the officers concerned for the satisfactory outcome of their negotiations in this matter.

11.-BOROUGH FLAG:

At the request of the Borough Show and Entertainments Committee, the Committee gave consideration to the question of the provision of a Borough Flag to be flown on special occasions.

RESOLVED TO RECOMMEND—That the provision of a Borough Flag be approved in principle.

RESOLVED—That the Town Clerk be requested to make preliminary enquiries of the College of Arms regarding the approximate cost of a suitable design incorporating the Borough Arms on a flag and to submit a report thereon to the next meeting of the Finance Committee.

12 .- PROPOSED TIP, THE RIDGEWAY, MILL HILL :

The Town Clerk reported on the present position in relation to the proposed tip at The Ridgeway, Mill Hill. Certain legal difficulties have arisen, and as soon as there is any further information on the matter either the agreement will be proceeded with or, if this is not possible, the matter will be brought before the next meeting of the Committee or His Worship the Mayor during the Recess. Noted.

13.—MORTUARY SERVICE :

The Committee duly noted a letter submitted by the Town Clerk from Dr. Francis Camps expressing appreciation of the Council's Mortuary Service.

14.—REFUSE COLLECTION AND DISPOSAL—SALVAGE REPORT:

The Borough Engineer and Surveyor submitted a statement, copies of which had previously been circulated showing the tonnage of salvage disposed of for the years ended 31st March, 1950 and 1951, and 29th March, 1952, and for the period from 30th March to the 31st May, 1952, together with particulars of the value of the salvage under the various headings. 16.—PIG KEEPING :

With reference to the Council's pig keeping activities at the Destructor Works, the Borough Engineer and Survyor reported that as a result of erysipelas, two pigs had recently died and that on the advice of the veterinary surgeon it was decided to send forty - four pigs for emergency slaughter, leaving three which were too badly infected and were subsequently destroyed. The sties at the present time are all empty and have been thoroughly disinfected and white-washed throughout, and it will be necessary to leave them unoccupied for a period of six weeks. In any case it is not possible to purchase pigs at the present time due to the outbreak of foot and mouth disease and the present restrictions prohibiting the movement of live-stock. Noted,

17.-TRANSPORT AND PLANT :

(a) Replacement of Cars.

With reference to the orders for cars placed by the Council in the financial years 1948 and 1949, the Borough Engineer and Surveyor reported that he had again contacted the firm pointing out the necessity for obtaining delivery of at least one of these cars within the near future, and that he had been given to understand that one new vehicle may be expected in a comparatively short time, but as regards the other two, the delivery date is extremely uncertain. In view of the condition of the existing cars, the Borough Engineer and Surveyor suggested that a good secondhand car should be purchased. The provision made in the current year's estimates will cover the expenditure likely to be involved.

RESOLVED TO RECOMMEND—That the Borough Engineer and Surveyor be instructed to purchase a good second-hand car and to submit a further report on the matter to the next meeting of the Committee.

(b) Sale of Redundant Vehicles.

The Committee duly noted a report submitted by the Borough Engineer and Surveyor indicating the tenders which had been accepted on the authority of His Worship the Mayor, in consultation with the Chairman of the Committee, with respect to the sale of redundant vehicles.

(c) Repairs to Cars.

The Borough Engineer and Surveyor submitted a report with regard to certain cars allocated by the Council for the use of and driven by Chief Officers. One of the cars had recently been completely overhauled, re-sprayed and cellulosed and he suggested that similar work should be carried out on two other cars.

(d) Refuse Collecting Vehicles.

It was reported by the Borough Engineer and Surveyor that a sum of £8,120 was included in the financial estimates for the purchase of four new refuse collecting vehicles to replace four of the existing vehicles which had been in service for many years. As a result of consideration of a report to the Highways Committee in October last, relating to the felling and removal of trees by the Council's employees, th Highways Committee recommended the Works Committee to purchase a tractor and low loading trailer fitted with the necessary winch gear, as it was felt that not only would such a vehicle be extremely useful for carrying out tree felling operations but would also result in much speedier and efficient work and effect economies in other services operated by the Council. The Town Development Bill provides for the provision of accommodation for residential purposes, with or without industrial development, by a "receiving district," provision of which will relieve congestion or over population in the area of one or more exporting authorities.

The Bill gives power to the exporting authority to make contributions to the Council of a "receiving district" towards expenses incurred by them in relation to the development concerned

At the above-mentioned Conference, it was stated that the Bletchley Urban District Council was in a position to offer almost at once to the exporting authorities vacancies in 100 houses, and since it was coming to the end of its list of persons considered to be suitable to be given residential accommodation in Bletchley, it was prepared to place these 100 houses at the disposal of the exporting authorities on certain terms.

The suggestion was made that payments by the exporting authority should be confined to the rate fund subsidy in respect of any houses occupied by families nominated by the exporting In exchange, the exporting authority would have the right to nominate tenants for authority. the houses in respect of which a subsidy was paid during a fixed period to be agreed. It was further suggested that there were certain vacancies at Bletchley in existing industry, and that it was intended to expand the industrial development there so far as could reasonably be done.

A further Conference was held at the offices of the Ministry of Housing and Local Government on the 12th June, 1952, at which this Council were represented, when this matter was again discussed.

135

The Borough Engineer and Surveyor submitted a report concerning the proposed acquisition by the Council of approximately 1-an-acre of land at the junction of Glengall Road and Aldridge Avenue for its development with shops and flats. This site is owned by Whitbread & Co. Ltd., who originally proposed to use it for the erection of a permanent public house, but they are prepared to consider the acquisition of a suitable site for this building to be erected on a portion of the land proposed to be transferred by the Middlesex County Council to the Borough Council for the erection of shops and flats and situate to the north of Glengall Road. Whitbread & Co. Ltd., however, are desirous of erecting a temporary public house on the land at the junction of Glengall Road and Aldridge Avenue for use until they are in a position to erect their proposed permanent building on the alternative site referred to.

RESOLVED TO RECOMMEND-That, subject to any necessary town planning consents, the above-mentioned proposal be approved, in principle, and the Borough Engineer and Surveyor instructed to submit a further report thereon at a future meeting.

(Note: Councillor H. M. Matthews declared interest in this item, prior to its consideration, and did not take part in the discussion or vote thereon.)

36_HOUSING SITE NO. 15-CRICKLEWOOD LANE-SCHEME NO. 16-40 FLATS:

The Borough Engineer and Surveyor reported, for the information of the Committee, that tenders had now been invited by public advertisement for the erection of 40 flats on the abovementioned site, and that the last date for the receipt of such tenders was the 24th June, 1952.

Noted.

37.-HOUSING SITE NO. 11-KENILWORTH ROAD, EDGWARE-PROPOSED SYNAGOGUE SITE :

The Borough Engineer and Surveyor reminded the Committee that the erection of a Synagogue on the above-mentioned land had been considered by a Joint Sub-Committee of the Council on the 26th February, 1952. Representatives of the United Synagogue were in attendance at that meeting, when it was suggested that the applicants should submit a revised proposal for the use of a site in the centre of the land owned by the Council.

The Council, at their meeting held on the 21st April, 1952, gave approval, in principle, to the revised site, and authorised the Borough Engineer and Surveyor to consult with the United Synagogue representatives with a view to the delineation of the area of land to be sold to the United Synagogue.

The Committee considered a plan showing the site of the Synagogue as now proposed by the United Synagogue, and a suggestion by the applicants' Architects that if the site previously approved in principle by the Council could be extended on its eastern boundary by approximately 60 feet, the siting of the buildings and their appearance would be materially improved.

After careful consideration, it was

RESOLVED TO RECOMMEND-That the Borough Engineer and Surveyor be instructed to inform the United Synagogue that the Council are unable to accede to their request to sell to them the additional 60 feet of land referred to above, as such land was required to be used by the Council for housing purposes.

^{38.}-HOUSING SITE NO. 33-NORTHWAY CIRCUS, MILL HILL:

The Borough Engineer and Surveyor submitted a schedule of tenders which had been received for the erection of 54 flats and 7 houses on the above-mentioned housing site, the lowest tender being that submitted by J. G. Gibbs & Son (Contractors) Ltd. amounting to £124,354 6s. 5d.

This tender was under consideration by officers of the Ministry of Housing and Local Government, and a further report will be submitted to the Committee in due course. Noted.

1.-INCREASES IN RENTS AND CHARGES FOR LODGERS:

The Committee gave careful consideration to the representations which had been put forward by Mr. L. MacLaren, on behalf of the various Tenants' Associations, at the meeting of this Committee held on the 24th March, 1952, concerning the Council's policy relating to increased rents and charges for lodgers, and the Borough Treasurer and the Housing Officer submitted detailed reports in connection therewith.

With regard to the increased rents, the Tenants' Associations made comparisons between the Housing Accounts for 1950/51 (being actual figures) and the estimate for a "standard year," but it appeared that the Associations had failed to appreciate that the accounts for a "standard year" cannot be identified with any particular year's accounts.

With regard to the charges for lodgers, the Tenants' Associations appeared to have overlooked the fact that if these charges had not been applied the amount of deficit to be met by an all-round increase in rentals would have been correspondingly higher, and it would have been necessary for an average additional rent increase to be paid of approximately 1/2d. per house per week.

RESOLVED TO RECOMMEND-

- (1) That no alteration be made in the rents of Council houses, etc., as at present in force, and that the existing charges for lodgers be continued in operation.
- (2) That the Town Clerk be instructed to ask the Tenants' Associations whether, in the event of the Council deciding to abolish the charges for lodgers, they would be prepared to advise the tenants to accept a further rent increase of approximately 1/2d. per week which would, of necessity, have to be made by the Council.
- (3) That the Associations' suggestion that the Council should take up with the Government questions concerning the source from which funds are obtained by the Public Works Loan Board for lending to Local Authorities be not adopted, but that the Town Clerk be instructed to inform the Associations that their remarks have been duly noted by the Council.
- (4) That the Council re-affirm their policy of pooling costs and subsidies which they consider is in the best interest of the tenants concerned and ensures a sharing of the burden of increased revenue and capital costs arising out of post-war conditions.
- (5) That the Town Clerk be accordingly instructed to convey the above-mentioned decisions to the Tenants' Associations concerned, together with other information on the lines indicated by the Committee, and that copies be circulated to members of this Committee and also to Mr. L. MacLaren, for information.

3.—ACCOMMODATION FOR HOMELESS FAMILIES—PROPOSED WORKING FORMULA :

141

The Town Clerk reminded the Committee that at their meeting held on the 14th January, 1952, approval was given to a Working Formula relating to the provision of accommodation for homeless families.

The Borough of Heston and Isleworth, however, have now asked the constituent authorities to consider adopting certain amendments to the formula, details of which are contained in MS. in the Committee's Minute Book.

RESOLVED TO RECOMMEND—That the amendments suggested by the Borough of Heston and Isleworth to the Werking Formula referred to above be approved and adopted by the Council, and that the Town Clerk be instructed to inform the Hon. Secretary of the Middlesex Borough and District Councils' Association accordingly.

4.-LAND AT THE SOUTH SIDE OF SPUR ROAD, EDGWARE:

Referring to Item 21 of the Report of the Housing Committee dated 16th June, 1952, the Town Clerk informed the Committee that he had suggested to the County Education Officer that the proposed meeting between representatives of the Middlesex County Council and this Council regarding the above matter should be held on the 25th June, 1952, at 3 p.m., at the Hendon Town Hall.

The County Education Officer, however, subsequently stated that this date was not convenient to the County Council's representatives, and he had then suggested that the proposed meeting should take place on the 11th July, 1952, at 3.30 p.m., at the Middlesex Guildhall. The County Education Officer had also pointed out that if it was not convenient to the Borough Council's representatives for the meeting to take place on the 11th July, it would be some considerable time after that date before the meeting could be arranged.

In view of the serious delay on the part of the County Council to implement the agreement concluded at the meeting at the Ministry of Housing and Local Government held on the 22nd March, 1951, to allocate 26 acres of the site of 34 acres on the south side of Spur Road for housing purposes, and having regard to the fact that this matter had been outstanding for 15 months and failure to arrive at a satisfactory settlement had led to serious delays in the Council's Housing programme, it was

RESOLVED TO RECOMMEND—That the Council do proceed forthwith with the making of a Compulsory Purchase Order in respect of the acquisition, for housing purposes, of the 34 acres of land situate on the south side of Spur Road, Edgware, and that the appropriate officers be instructed to take all necessary steps in connection therewith.

It was further

RESOLVED—That the Buildings and Town Planning Committee be requested to give urgent consideration to the proposals for the development of the land in question, and to instruct the Borough Engineer and Surveyor to apply to the Middlesex County Council, as local planning authority, for any necessary town planning consents.

6.-ARCHFIELDS PIG CLUB, GREAT NORTH WAY, N.W.4:

The Town Clerk reported that at the last meeting of the Public Health Committee, a petition was received from residents in Great North Way (Central Ward) regarding alleged nuisances relating to the premises of the Archfields Pig Club, and the Public Health Committee had referred the matter to the Buildings and Town Planning Committee with a view to steps being taken to secure the removal of the Club's premises.

The Town Clerk also reported that the Estates, Parks and Allotments Committee, as the Committee controlling the letting of the land, had received a deputation from residents on this matter and were recommending to the Council that a Joint Sub-Committee of the Public Health, Estates, Parks and Allotments and Buildings and Town Planning Committees should be appointed to consider this matter with power to act. They asked that the Buildings and Town Planning Committee.

RESOLVED-

- (1) That consideration of the reference from the Public Health Committee be deferred for the time being.
- (2) That the Chairman and Vice-Chairman of the Committee be appointed to serve on the Joint Sub-Committee to consider this matter.

7.-DEVELOPMENT BY LOCAL AUTHORITIES AND STATUTORY UNDERTAKERS:

The Town Clerk reported that as instructed (B. & T.P.C., 14/1/52-1) he had ascertained the views of other Delegate Planning Authorities in Middlesex on the question of making representations to the Minister of Housing and Local Government for the amendment of the Town and Country Planning (Development by Local Planning Authorities) Regulations, 1951. Under those Regulations the practice of obtaining "deemed planning permission" under Section 35 of the Act was discontinued, and it was indicated that development by a Local Planning Authority within their own area would be deemed to have permission, but development by Delegate Planning Authorities would require planning permission from the Local Planning Authority. The Committee had had in mind the desirability of Delegate Planning Authorities being placed in the same position as Local Planning Authorities.

After considering the report of the Town Clerk, the Committee

RESOLVED TO RECOMMEND

- (1) That the Town Clerk be instructed to make representations to the Minister of Housing and Local Government for the amendment of the Regulations to place Delegate Planning Authorities in the same position as Local Planning Authorities.
- (2) That the Town Clerk be instructed to inform the other Delegate Planning Authorities in the County of this decision and seek their support in the representations made.

8.—SPECIAL MEETINGS OF THE COMMITTEE:

In order to deal with applications within the time limit imposed by the General Development Order, and having regard to the dates of the Area Planning Committee meetings, the Committee

RESOLVED-That Special Meetings be held on 14th July, 11th August and 8th December, 1952, and 13th April and 11th May, 1953.

9.-CONSULTATION WITH COUNTY COUNCIL:

The Town Clerk reported that, as instructed at the last meeting, he had taken up again with the Clerk of the Middlesex County Council the possibility of making arrangements to obviate delay in enforcement action. He submitted a reply pointing out that the County Council's Planning Officers could be consulted at the earliest stage, and if this is done the concurrence of the County Council, in the event of the Committee wishing to take enforcement action and the evidence being satisfactory, could be quickly obtained. 10 .- CONTROL OF HOLIDAY CAMPING AND CARAVAN SITES :

The Town Clerk submitted model conditions drawn up by the County Councils' Association, in consultation with the Ministry of Housing and Local Government, for attachment to planning permission for the use of land as holiday camping or caravan sites. The model conditions had been received from the Clerk of the Middlesex County Council, who had stated that the Minister of Housing and Local Government was unable to give an undertaking that the conditions would necessarily be upheld on appeal, and considered the automatic imposition of standard conditions undesirable, but had indicated that in normal circumstances the conditions would be regarded as reasonable. Noted.

11.-CONTROL OF CARAVANS USED AS STATIC RESIDENCES:

The Town Clerk submitted, for the information of Members of the Committee, a copy of a letter received from the Clerk of the County Council containing a report of a Conference called by the Minister of Housing and Local Government to consider the policy for the control of caravans used as static residences. Noted.

12.-DEPOSIT OF THE COUNTY DEVELOPMENT PLAN:

The Town Clerk reported that the Report of Survey and the County Development Plan were due to be submitted by the Middlesex County Council to the Minister of Housing and Local Government on the 1st July, 1952, and in accordance with the requirements of the Act a certified copy of the plan would be deposited for public inspection for a period of six weeks at the County Council's Offices. He reported that extracts from the plan would be supplied to County Distric Councils for deposit at places within their districts and the County Planning Committee had left the detailed arrangements in this respect to the Local Authorities concerned. He stated that arrangements would be made for the extracts relating to the Borough of Hendon to be deposited at the Town Hall for public inspection.

The Committee concluded that it was desirable for consideration to be given to the Development Plan at an early date in order that the necessary steps could be taken, if necessary, to lodge objections to any provisions of the plan. They, therefore,

RESOLVED—That consideration be given to the provisions of the Development Plan at the Special Meeting of the Committee to be held on 14th July, 1952.

RESOLVED TO RECOMMEND—That the Committee be granted executive power to deal with matters arising out of their consideration of the Development Plan.

13.—APPEALS LODGED :

The Town Clerk reported that he had been informed by the Ministry of Housing and Local Government that appeals had been lodged against the Council's decisions in the following cases :--

T.P.2503-Proposed Development at Bunns Lane, N.W.7.

T.P.2521-Garage Buildings at Hayes Crescent, Finchley Road, N.W.11.

15.-HIGH STREET, EDGWARE :

The Town Clerk submitted a letter from the Edgware and District Chamber of Commerce drawing attention to difficulties experienced in finding addresses in The Parade, Bank Parade. Central Parade and The Forum (Edgware Ward), and asking that consideration should be given to the re-numbering of the properties as High Street, Edgware.

The Borough Engineer and Surveyor submitted re-numbering proposals for the whole of the properties in question from the Deansbrook to Hillside Grove.

RESOLVED TO RECOMMEND-That, subject to any necessary consultation with the Harrow U.D.C., the Borough Enginer and Surveyor be authorised to serve the necessary notices requiring the re-numbering of the properties situated in the Borough and numbered as follows :---

16.-CARAVANS, GREEN LANE, EDGWARE:

The Town Clerk referred to the instructions given at the last meeting of the Committee for the institution of legal proceedings under the Middlesex County Council Act, 1944, against the occupiers of two caravans parked on land on the west side of Green Lane (Edgware Ward), and against the owners of the land, and stated that as a result of letters addressed to the offenders, the caravans in question had been removed.

RESOLVED-That no further action be taken in this matter.

17.-SHED AND GARAGE ADJOINING 71, EDGWAREBURY LANE, EDGWARE:

The Town Clerk reminded the Committee that consideration had been given in 1947 to a shed and garage adjoining 71, Edgwarebury Lane (Edgware Ward), and the Council had deferred taking enforcement action for a period which had now expired. He stated that it was claimed in respect of the building and its use as a builder's store, that the shed was an existing building, and the user an existing user under the provisions of the Hendon Planning Scheme No. 1, and pointed out that under the provisions of the Town and Country Planning Act, 1947, no further action would appear possible in this case.

The Town Clerk submitted a report on the present position in this matter, details of which are recorded in MS. in the Committee's Minute Book.

He also sought instructions as to the supply of certain information on this matter which had been requested by the Edgware Ratepayers' Association.

RESOLVED TO RECOMMEND—That the Town Clerk be instructed to inform the Edg. ware Ratepayers' Association that certain arrangements have been made in this case in consultation with the complainants and that, in the opinion of the Council, the matter does not require further ventilation.

19.-LAND AT JUNCTION OF EDGWARE WAY AND SPUR ROAD:

The Town Clerk reminded the Committee that representations had been made to the Ministry of Works with regard to the use of land at the junction of Edgware Way and Spur Road (Edgware Ward), as a result of which the use had discontinued. He submitted a report on the negotiations which had taken place with the Ministry with a view to the reinstatement of the land after the removal of certain buildings, and the reinstatement of the gates and footpath. The Ministry had intimated that they could not at present enter into any undertaking to restore the land in view of the limitation of funds available for such works, but that it is proposed to de-requisition the premises in the near future.

The site in question abuts on a trunk road, has a public footpath running through it and is on the fringe of the green belt.

RESOLVED TO RECOMMEND—That the Town Clerk be instructed to inform Mr. Charles I. Orr-Ewing, M.P. for Hendon North, of the facts of this matter and ask him to take it up with the Minister of Works with a view to securing the clearance of the site and the reinstatement of the land, gates and footpath to their condition as at the time of requisitioning forthwith.

20.-LAND AT REAR OF SEFTON AVENUE, ADJOINING RAWLPLUG'S PREMISES: 23.-ADVEN

The Town Clerk reminded the Committee that enforcement action had been authorised with regard to the use of a hut on the above-mentioned site (Mill Hill Ward) for the construction of shop fronts and that, after refusal of an application for planning permission, the Committee had decided that no further action should be taken for a period expiring on the 22nd April, 1952. The same period was fixed under Section 53 (2) of the Public Health Act, 1936, as the period on the expiration of which certain buildings contravening the bye-laws must be removed. The Council had also authorised enforcement action in relation to one other portion of the site and the service of a Notice under Section 33 of the Town and Country Planning Act, 1947, in respect of a further portion.

The Town Clerk reported that the occupier of the hut for the construction of shop fronts had indicated that he proposed to close down his business and had requested that for this purpose he should be granted an extension of three months.

The Town Clerk also reported that the contravening user of the second portion of the site for the storage of plant had ceased, and that it now appeared desirable to serve Notices under Section 33 of the 1947 Act in respect of the whole site.

RESOLVED_

- (1) That no further action be taken in regard to the use of the hut for the construction of shop fronts or in respect of the Bye-law contravention for a period expiring on 16th September, 1952.
- (2) That no further action be taken in regard to the use of a portion of the site for storage of plant.
- (3) That further consideration be given to the question of the service of Notices under Section 33 of the 1947 Act at the meeting of the Committee to be held on the 14th July, 1952.

The Town Clerk reminded the Committee that authority was given (B. & T.P.C., 17/9/51-41) for enforcement action in respect of garages erected at the rear of 2, Rundell Crescent (Park Ward). He stated that it had been contended that the development did not exceed the tolerance laid down in the First Schedule to the Town and Country Planning (General Development) Order, 1950.

After considering the report of the Town Clerk, the Committee

RESOLVED-That no further action be taken in this matter.

22.—ENFORCEMENT ACTION :

The Town Clerk referred to the following cases in which enforcement action had been authorised by the Committee, and stated that further inspection showed that the contraventions had ceased :--

The Town Clerk reported that the necessary Notices had been served and the Borough Engineer and Surveyor had ascertained that the use of the premises as a parking place for one trailer caravan used for residential purposes, for the parking of one other caravan and one motor caravan and for the display of an advertisement had been discontinued. He also submitted a report on the alleged work shop user at the premises.

The Town Clerk submitted a letter from Reichenbach & Co. (British) Limited asking that Application No. T.P.2543 in respect of the user of premises at 5, Bank Parade, High Street (Edgware Ward) should be re-considered. At their last meeting, the Committee approved the application (a) in regard to the use of the premises (with the exception of the ground floor shop) as offices, including an ancillary designing room or rooms (such room or rooms not to contain more than three sewing machines or more than seven hands) and ancillary stores; and (b) in regard to the use of the premises for the industrial purposes of the manufacture of ladies' garments and for a warehouse and stockrooms, and offices, until 31st December, 1956. The applicants asked that certain minor amendments might be made in the conditions attached to the Consent and that the temporary planning permission might be extended to 31st December, 1960.

After further consideration of this matter, the Committee, in variation of the decision contained in Item 28 of their report dated 24th March, 1952,

- (iv) That detailed plans of any alteration to the shop front shall be submitted to, and approved by, the Hendon Borough Council and the Local Planning Authority before any work is commenced.
- (v) That no industrial process as defined specifically in the Distribution of Industry Act, 1945, except such as may be permitted in this planning permission, shall be carried out upon the premises.

29.—PROPOSED TELEPHONE SERVICE CENTRE, JUNCTION OF NORTH CIRCULAR ROAD AND EDGWARE ROAD :

At their meeting on the 12th March, 1952, the Committee considered a proposal by the G.P.O. temporarily to use land at the junction of North Circular Road and Edgware Road (Golders Green Ward) for the open storage of cable drums, cable ducts, poles, etc., and while expressing the opinion that the proposed use of the land was undesirable, offered no objection to that use for a period of five years, subject to certain conditions.

The Town Clerk reminded the Committee that the Council at its meeting on the 21st April, 1952, had resolved "that the Council considers that to acquiesce in the use of any part of this important and prominent site for open storage purposes is thoroughly unsound and would be detrimental to the amenities of the locality" and had asked the Committee to re-consider their decision and oppose the use of the site for such purposes.

(Councillor Warnock was present and, with the consent of the Chairman, spoke during the discussion of this item.)

After further consideration of this matter, the Committee

RESOLVED—That the Borough Engineer and Surveyor be instructed to inform the Arta Planning Officer that, in the opinion of the Borough Council, the use of any part of this important and prominent site for open storage purposes would be thoroughly unsound and would be detrimental to the amenities of the locality, and that the proposal of the General Post Office should, therefore, not be approved.

30.—ERECTION OF BANNER—MILL HILL BROADWAY:

The Town Clerk reported that at their last meeting, the Highways Committee had received an application from the Mill Hill Toc H Film Unit for permission to erect a banner across the Broadway (Mill Hill Ward) in connection with a Garden Fête to be held on the 12th July, 1952. The Highways Committee had decided, as a matter of urgency, that subject to the concurrence of the Buildings and Town Planning Committee from a planning point of view, permission k granted for the erection of the banner on a site, not less than 50 yards from the pedestrian crossing, to be decided by the Borough Engineer and Surveyor.

RESOLVED—That the Buildings and Town Planning Committee concur in the decision of the Highways Committee.

31.-RE-NUMBERING OF HOUSES :

The Borough Engineer and Surveyor reported that, as instructed at the last meeting, he had given further consideration to the numbering of four additional houses recently erected at the Hankins Lane end of Worcester Crescent (Mill Hill Ward), and had found it possible to number them in Bedford Road, thus obviating the necessity for re-numbering all the existing properties on the north side of Worcester Crescent. In view of the fact that the houses were already occupied the necessary Notices had been served as a matter of urgency.

RESOLVED TO RECOMMEND-That the action taken by the Borough Engineer and Surveyor be confirmed.

He pointed out that the present application involved the extension by approximately 60 feet of the site which the Joint Sub-Committee had had in mind.

 - (a) That detailed lay-out plans, sections and elevations of the proposed development shall be submitted to and approved by the Local Planning Authority before any work is commenced and that the development shall be carried out in accordance with the plans so approved.
 - (b) That the premises shall not be used in such a manner as to create a nuisance from noise, vibration, smell, fumes, soot, smoke, ash, dust, grit or otherwise which, in the opinion of the Hendon Borough Council, is detrimental to the surrounding locality.

51.-BUILDERS' YARD, ETC., AT REAR OF DEANS PARADE, N.W.7:

The Borough Engineer and Surveyor submitted Application No. T.P.2304A from E. S. Moss Limited for consent to use vacant land at the rear of Deans Parade (Mill Hill Ward) as a builders' yard, workshop and offices. An outline application was approved, in principle, on 17th September, 1951, subject to certain conditions.

After considering the Borough Engineer and Surveyor's report on this matter, the Committee RESOLVED-

(1) That Application No. T.P.2304A be disapproved for the following reasons :-

- (a) That the two-storey buildings are sited in such a way as to be detrimental to the amenities of the adjoining residential properties and do not comply with the residential day-lighting angles.
- (b) That the installation of a power-driven saw and machinery would be detrimental to the amenities of the surrounding locality and in contravention of the condition concerning nuisances attached to the planning approval in principle.
- (c) That no place is set aside for or indicated to be reserved for the parking of vehicles within the curtilage of the site.

52.-HOUSING POLICY :

The Town Clerk reminded the Committee that in March, 1952, the Housing Committee had decided to recommend that the Minister of Housing and Local Government should be asked to receive a deputation with a view to permission being obtained for the Council to provide housing accommodation on certain sites in the Green Belt, and this Committee had concurred in that recommendation. At the Council meeting on the 21st April, 1952, however, the recommendation of the Housing Committee was referred back and the item in the report of the Buildings and Town Planning Committee was, accordingly, withdrawn by the Chairman.

The Committee were informed that the Housing Committee had given further consideration to this matter and were recommending to the Council that the Town Clerk be instructed to request the Minister of Housing and Local Government (through the local Members of Parliament) to receive a deputation from the Council and that the deputation be instructed to ask the Minister whether he will give a firm assurance that he will not sanction any proposals submitted by any other housing authorities to build within the confines of that part of the Green Belt which is situate in the Borough of Hendon.

After discussion, it was

RESOLVED—That the Buildings and Town Planning Committee concur in the recommendation of the Housing Committee.

53.-NO. 1, THE PARADE, HIGH STREET, EDGWARE:

The Borough Engineer and Surveyor submitted Application No. T.P.2639 for consent to the use of the above-mentioned premises (Edgware Ward) for light industrial purposes, viz., the cutting out and making up of high-class children's and ladies' wear.

RESOLVED-

- (1) That Application No. T.P.2639 be disapproved for the following reasons :-
 - (a) That the proposed development would be prejudicial to the amenities of the surrounding locality.
 - (b) That the proposal would involve the introduction of an industrial user into an area proposed to be scheduled for shopping and business purposes under the provisions of the draft Development Plan now in course of preparation by the Local Planning Authority.
- (2) That the Borough Engineer and Surveyor be instructed to convey the decision to the applicants.

54.—COUNCIL LAND AT NORTH CIRCULAR ROAD:

The Committee were informed of proposals agreed by the Estates, Parks and Allouments Committee for the leasing of land in the ownership of the Council at North Circular Road (Golders Green Ward) for use for industrial and light industrial purposes.

RESOLVED-

- (1) That no objection, in principle, be raised on planning grounds to the proposal.
- (2) That the Borough Engineer and Surveyor be instructed to take the necessary steps to obtain planning permission, in principle, for the proposal.

55.—COUNCIL FLATS, HOLDERS HILL ROAD:

The Borough Engineer and Surveyor submitted plans approved by the Housing Committee for the provision of Council flats at Holders Hill Road. After consideration, the Committee

RESOLVED—That the Housing Committee be informed that the Buildings and Town Planning Committee are of opinion that the proposal should be disapproved and be asked to submit revised proposals showing improved elevations.

56-CONTRAVENTION OF CONDITION ATTACHED TO PLANNING PERMISSION :

The Committee's attention was drawn to the contraventions of a condition attached to planning permission, details of which are recorded in MS. in the Committee's Minute Book.

RESOLVED—That, subject (a) to the Town Clerk being satisfied as to the evidence, and (b) to consultation with the County Council, he be authorised to take action in this case to enforce planning control pursuant to the provisions of the Town and Country Planning Act, 1947.

57.-CONTROL OF ADVERTISEMENTS :

The Town Clerk and the Borough Engineer and Surveyor submitted a joint report with regard to advertisements at Nos. 1 and 2, Sanders Lane, the Old Forge Tea Rooms, Holcombe Hill and the Club House, Highwood Hill (Mill Hill Ward). Challenge action had been taken in respect of a number of advertisements at those premises and the report set out the present position with regard to the advertisements and drew attention to additional advertisements displayed on the premises.

Certain of the advertisements were the property of the Imperial Tobacco Company and the report indicated that the Company had expressed their willingness to remove a number of them, but, in view of the fact that a claim for compensation in respect of the cost of removal could be made against the Local Planning Authority in the event of the challenge action proceeding, the Company enquired whether the Local Planning Authority would be prepared to bear the cost of removal of the advertisements in question. The Company also asked whether the Council could ensure that the positions of these advertisements are not occupied at a later date by advertisements of their competitors.

The applications set out below for consent under the Advertisements Regulations (which had been made as a result of the challenge action taken) were also submitted for the consideration of the Committee.

The Committee noted the report, and

RESOLVED-

- That the Middlesex County Council be recommended to undertake to pay any expenses reasonably incurred by the Imperial Tobacco Co. Ltd. in the removal of the signs shown in MS. under heading (a) in the Committee's Minute Book not exceeding the amount which would be recoverable under Section 32 (2) of the Town and Country Planning Act, 1947, in the event of the challenge action proceeding.
 - (2) That the Town Clerk be instructed to inform the Imperial Tobacco Co. Ltd. that the Council can give no binding assurance as to the future consideration of applications for consent under the Advertisement Regulations, as each application must be considered on its merits.
 - (3) That no further action be taken with regard to the advertisements shown in MS. under heading (b) in the Committee's Minute Book.
 - (4) That, subject (a) to the Town Clerk being satisfied as to the evidence, and (b) to consultation with the County Council, he be authorised to take action in regard to the advertisements listed in MS. under heading (c) in the Committee's Minute Book to enforce planning control under the provisions of the Town and Country Planning (Control of Advertisements) Regulations, 1948 and 1949.
- (5) That in regard to the applications for planning permission the recommendations shown in the last column of the list below be adopted and that the Borough Engineer and Surveyor be instructed to convey such decisions to the applicants in the case of non-excepted applications and to the Area Planning Officer in the case of excepted applications; and that the Middlesex County Council be recommended to undertake

9.—SUPERANNUATION INTERCHANGE :

The Town Clerk submitted Circulars Nos. 49/52 and 50/52 from the Ministry of Housing and Local Government referring to Rules and Regulations recently made providing for the payment of transfer value and full integration of service in respect of persons transferring between the English Local Government Service and the Local Government Service in Northern Ireland, or between pensionable employment under the Firemen's Pension Scheme and pensionable employment in the Local Government Service.

The Rules and Regulations apply retrospectively to 4th February, 1948, subject to the individual satisfying conditions set out therein, and to the agreement of the local authority in a case where a transfer value becomes payable by them.

The Minister has expressed the hope that, to avoid anomalies in the treatment of officers in similar circumstances, the necessary consent to the retrospective application of the Rules will be given in all normal cases. Noted.

10.-TERMINATION OF SERVICE ON COMPLETION OF SICK PAY:

The Town Clerk reported that, as instructed at the last meeting, he had, in company with the Borough Treasurer and the Borough Engineer and Surveyor, interviewed a representative of the National Union of Public Employees with regard to the question of termination of service on completion of sick pay.

In the particular case which had been under consideration by the Committee, the Union put forward the argument that no notice was given to the employee terminating his service, but it was satisfied that the service terminated at the time when the employee commenced to receive a pension when permanent incapacity was recognised.

The Town Clerk reported that the claim put forward by the Union was, in the opinion of the Officers, reasonable, and they recommended that the employee concerned should be paid wags in lieu of holidays for two weeks and fours days in lieu of $2\frac{1}{3}$ weeks—a difference of £1 175. 8d

In variation of the recommendation contained in Item 1 of their report dated 25th March. 1952, the Committee

RESOLVED TO RECOMMEND—That authority be given for the payment of the sum of £1 17s. 8d. to the employee in this case, and that the Borough Treasurer be instructed, in future, to bring to the notice of the Committee any case where the side pay entitlement of an employee, or any extension thereof, is due to expire.

11.—BOROUGH ENGINEER AND SURVEYOR'S DEPARTMENT:

(a) Chief Assistant Architect.

The Borough Engineer and Surveyor submitted a report with regard to Mr. A. Smith, Chid Assistant Architect in his Department, who entered the Council's service in November, 1920, and proposes to retire in June, 1953, on completion of 40 years' local government service.

After considering the report of the Borough Engineer and Surveyor, the Committee

RESOLVED TO RECOMMEND—That, with effect from 1st June, 1952, Mr. A. Smith be paid a salary in accordance with the maximum of his grade.

(b) Architectural Assistant.

The Borough Engineer and Surveyor reported that Mr. B. Gurney-Randall, an Architectural Assistant in his Department, would reach the age of 65 on 17th September, 1952, and would be entitled to retire on pension at that date, but was willing to continue in the Council's employment.

RESOLVED TO RECOMMEND—That, subject to Mr. B. Gurney-Randall's formal consent in 'writing, his services be continued beyond his normal retiring date for a period not exceeding 12 months on the understanding that his superannuation rights will not be affected by reason of such extension of service. (c) Wages, Stores, etc., Section.

181

The Borough Engineer and Surveyor reminded the Committee of the re-organisation of the Wages, Stores, etc., Section of his Department, as a result of which the establishment was reduced from 18 to 14. He stated that three of the redundant staff had left, but with the authority of His Worship the Mayor acting under Recess powers, the services of Mr. L. W. Joiner had been retained until the end of June owing to illness in the Section. The Borough Engineer and Survevor stated that two members of the staff were still absent through illness, and in view of the approaching holiday season, he asked that Mr. Joiner's engagement should be further extended.

RESOLVED TO RECOMMEND-That the engagement of Mr. L. W. Joiner be extended until 16th September, 1952, or such earlier date as may be necessary.

(d) Salvage Section.

The Borough Engineer and Surveyor reported that Mr. A. F. Staite, who occupied the temporary post of Salvage Officer (Grade A.P.T. IV) had resigned on the 30th April, 1952, and he had provisionally arranged for Mr. D. Day, District Foreman on the Refuse Collection Service for the Northern area, to carry out the salvage work in addition to his normal duties.

The Borough Engineer and Surveyor recommended that, with effect from 1st May, 1952, Mr. Day should be graded in Miscellaneous Division IV and be paid salary at the maximum of the scale, and stated that in dealing with the report on the establishment and grading of his Department, he would give consideration to the question whether this appointment should again be a separate post.

RESOLVED TO RECOMMEND-That, with effect from 1st May, 1952, and for such period as he performs the additional duties appertaining to salvage collection, Mr. D. Day be paid salary in accordance with the maximum of the scale of Miscellaneous Division IV.

(e) Highways Superintendent.

The Committee's attention was drawn to the Council's Resolution (F. & G.P.C., 29/3/49-36) relating to the re-engagement on a year-to-year basis of persons retiring on superannuation, and to the Council's decision to re-engage Mr. R. G. Vollar, Highways Superintendent, on a yearto-year basis from 27th July, 1950.

RESOLVED TO RECOMMEND-That Mr. R. G. Vollar be re-engaged for a further period of one year from 27th July, 1952, on the same terms and conditions in accordance with the Council's Resolution (F. & G.P.C., 29/3/49-36).

(f) District Foremen.

The Borough Engineer and Surveyor submitted a report with regard to Mr. G. C. D. Stickley, District Foreman for the Northern area, who had been examined by the Medical Officer of Health, and was stated to be incapable of discharging effectively the duties of his employment by reason of permanent ill-health. He stated that, in the absence of Mr. Stickley, Mr. S. J. Mills had been acting as District Foreman, and he recommended that Mr. Stickley should be permitted to retire on grounds of ill-health on the expiry of his period of sick pay, and that Mr. Mills should be appointed to fill the vacant post of District Foreman, and be paid salary in accordance with Grade Miscellaneous IV, commencing at the second stage.

The Borough Engineer and Surveyor also suggested that consideration should be given to a reversion to the former establishment of four District Foremen and to the division of the northern district into two in accordance with the pre-war practice. If this were done, he suggested the appointment of Mr. R. Eke of the Highways Section to the vacant post of District Foreman in Miscellaneous Division IV, subject to a probationary period of three months. The Borough Engineer and Surveyor indicated that, in his opinion, there were no other employees of the Council suitably qualified for appointment to these posts.

- (4) That, with effect from the date of Mr. Stickley's retirement, the establishment of the Borough Surveyor's Department be amended by the addition of one post of District Foreman (Highways Section) in Grade Miscellaneous Division IV.

(g) Central Depot.

The Borough Engineer and Surveyor submitted an application from Mr. C. D. Condon, a Stores Warehouseman and Checker Ganger at the Central Depot, for an increase in his wages, and stated that the National Joint Council had decided that the grading of all Stores Staff who are superior to Stores Labourers should be settled in the first instance by local negotiation.

After consultation with the Borough Treasurer, the Borough Engineer and Surveyor recommended that the wages of this employee should be increased by 6s. Od. per week in regard to the extra responsibilities which he carries at the Depot.

RESOLVED TO RECOMMEND—That the wages of Mr. C. D. Condon be increased by 6s. 0d. per week.

(h) Parks Section Apprentices.

The Borough Engineer and Surveyor submitted applications from Mr. N. E. Rogers, Mr. M. Burbage and Mr. M. L. May for apprenticeship in the Parks Section of his Department, and stated that the applicants were already employed in the Parks Section.

RESOLVED TO RECOMMEND_

- (1) That the applications be granted and that, subject (a) to the satisfactory passing of a medical examination, and (b) to the execution of an agreement in a form to be approved by the Town Clerk in each case, Mr. N. NOTICE OF MEETING:

PRAYER :

The Mayor's Chaplain offered prayer.

MINUTES-CONFIRMATION :

Motion, duly moved, seconded, and

28.—RESOLVED—That the Minutes of the Annual Meeting of the Borough Council held on the 26th May, 1952, and of the Special Meeting held on the 9th June, 1952, be confirmed.

OFFICIAL ANNOUNCEMENTS:

(a) Youth Week commencing 5th July, 1952.

The Mayor reminded the Council that "Youth Week" in the Borough had commenced on Saturday last, the 5th July, and he asked all Members to give it their support.

(b) Visit of Scholars.

The Mayor extended a warm welcome to a party of senior scholars from Orange Hill Girls' Grammar School and from St. Agnes' (R.C.) School, who were present at this meeting in connection with their study of civics.

Education.

(c) Middlesex Regiment-Presentation of Regimental Shield.

The Mayor reminded the Council that, at their meeting held on the 17th December, 1951, his predecessor, on behalf of the Members of the Council and the citizens of the Borough, had extended a welcome to officers, N.C.O's, and other ranks of the Middlesex Regiment who had served in Korea, and had offered congratulations to the Regiment on the honorable manner in which, during the course of the Korean Campaign, they had upheld the high traditions of the Regiment. The Mayor stated that, this evening, it was his pleasure and privilege to welcome the following Officers of the Regiment who proposed to present to the Council a Shield bearing the Badge of the Regiment : Major A. D. C. Eales (Commanding Depot, The Middlesex Regiment, D.C.O.), Colonel M. Browne, M.C., D.L., J.P. (late Colonel of the Regiment), Captain H. J. A. Moore, and Lieut. R. M. Cain.

The Mayor then paid tribute to the fame of the Middlesex Regiment and the valour and glory which enshrines its long history, and he mentioned that it was very appropriate that Colonel Browne, who had been associated with the Middlesex Regiment for nearly 50 years and who, for 10 years, was Colonel of the Regiment until he retired from that position on the 23rd April, 1952, was present this evening.

Major A. D. C. Eales formally handed to His Worship the Mayor the Regimental Shield previously referred to, and in the course of his speech he emphasised the close link which now existed between the County of Middlesex—and especially the Borough of Hendon—and the Regiment.

The Mayor expressed his pleasure in accepting the Shield on behalf of the Council and stated that the Shield would be placed in a position of honour on the wall of the Council Chamber and that it would be a perpetual reminder of the close association existing between the Middlesex Regiment and the Borough of Hendon.

(d) Selection of two ex-Hendon Schoolboys to represent Great Britain at Olympic Games, 1952.

The Council's attention was drawn to the fact that two past scholars of The Hyde School, Harold and Rex Whitlock, the sons of Mrs. Beatrice Whitlock of 88, Goldsmith Avenue, N.W.9, had brought honour to the Borough by being selected to represent Great Britain in the 50 kilometre walk at the Olympic Games to be held at Helsinki, 1952.

The Mayor stated that he would arrange for a letter to be sent to Mrs. Whitlock, conveying the Council's hearty congratulations upon the selection of her two sons, and also the Council's best wishes for their success at the Games.

QUESTIONS:

Alderman A. W. Curton asked the Chairman of the Housing Committee the question set out below. The answer given by Alderman R. J. Knowles is reproduced after the question :--

"Having noted the recommendation No. 15 on page 123 of the Housing Committee Report, from which it can only be assumed that they do not intend to extend house building beyond the 750 plots remaining in the Borough, as given some months ago, and the reconstruction programme which cannot re-house more people than are displaced by such programme, would the Chairman of Housing advise the approximately 7,000 applicants on the Housing List who cannot, therefore, be housed in Hendon, that we cannot house them, and advise them as to whom they must, therefore, apply for housing accommodation?"

Answer :

"In accordance with the expressed policy of successive Governments since 1938 and up to 1944, the Council are unable to build houses within that part of the Borough of Hendon known as, described as, and looked upon by the Government as the Green Belt, and it has been made quite clear during the past 5/6 years that many applicants on our list could not be accommodated in Hendon : Vide :—Council Meeting 10th May. The policy of Governments since 1945 has been clearly expressed by them that London should not extend, but that the overflow of population should be accommodated in New and Expanded Towns.

The number of applicants on our Housing List at the moment is 7,490 as at 31st May, 1952. Of this total, some 3,000 odd cannot be considered as being inadequately housed and this is shown by their position on the list. Of the 4,490, Hendon Corporation on present programmes can accommodate 787, leaving 3,703 to be dealt with.

The Council have before them tonight recommendations from the Housing Committee for rehousing at Bletchley and St. Albans, and, subject to the Council's agreement, we already have 60 applicants to go to Bletchley for 20 places. There is every reason to hope that this method will be greatly extended.

ĥ,

XW

We have already rehoused 250 in New Towns, and this will also undoubtedly extend. The accentuation on private building licences will assist materially by making it possible for those able to do so to satisfy their own need, thus in some cases, leaving available for us houses they already occupy, both Council and otherwise, and also by reducing our list of applicants.

It has been made quite clear on more than one occasion in this Chamber that Hendon could not accommodate the excess population, and I should have thought that most persons were well aware of this fact.

Applications should still be made to our Housing Department, for whilst the Council are fully aware of the fact that housing is a national problem, and also have a lively appreciation of the housing burden in subsidies laid upon their ratepayers, they are actively pursuing every avenue which offers any opportunity of rehousing those in need.

Finally, it should not be overlooked that the majority of London Housing Authorities are in a similar position (for example, Tottenham and Willesden each with nearly 10,000 applicants on their books) having no land in their Boroughs to satisfy their housing need within the confines of their own Borough, and must look elsewhere, and the position has been aggravated by the fact that the London County Council has only recently issued a notice that it will not be responsible for housing sons and daughters of tenants living on Estates outside the London County Council area."

1.—LAND ON SOUTH SIDE OF SPUR ROAD, EDGWARE—COMPULSORY PURCHASE ORDER:

The Town Clerk reported that an application for the necessary planning permission for the use of this land for housing purposes had been submitted to the Area Planning Officer by the Borough Engineer and Surveyor and had been considered at a meeting of the Area Planning Committee held on the 26th June, 1952, and had been refused. No official notification of this decision, however, had yet been received by the Council.

RESOLVED, as a matter of urgency—That when official notification is received by the Council of the decision of the Area Planning Committee referred to above, the Town Clerk be instructed to give the Middlesex County Council notice of objection to such decision.

It was further

RESOLVED TO RECOMMEND-

- (1) That the action taken be confirmed.
- (2) That in the event of the decision of the Area Planning Committee being upheld by the County Planning Committee, the Town Clerk be instructed to appeal to the Minister of Housing and Local Government.

2.—RE-DEVELOPMENT AREAS:

The Chairman informed the Committee that together with the Borough Engineer and Surveyor and the Deputy Town Clerk, he had discussed this matter with Officers of the Ministry of Housing and Local Government at an interview held on the 20th June, 1952. The Ministry's Officers had indicated that it was likely that the Minister would be prepared to give more favour-able consideration, at the present time, to the Council proceeding with re-development schemes for the Hendon Park Row and Hermitage Lane Areas, than to a re-development scheme for the West Hendon Area. Satisfactory assurances were also received concerning the density factor.

RESOLVED—That the recommendation contained in Item 42 of this Committee's Report (No. 1) dated 16th June, 1952 (referring to proposals for re-developing the West Hendon area, the submission to the Council of competitive designs, and the offering of prizes in connection therewith), be withdrawn.

RESOLVED TO RECOMMEND-

(1) That the Medical Officer of Health be instructed to submit a report to the Public Health Committee and to the Housing Committee relating to the Hendon Park Row and Hermitage Lane Areas in connection with the Council's powers and duties under Part III of the Housing Act, 1936 (Clearance and Re-development).

3.-EXPANDED TOWNS :

(a) St. Albans.

The Town Clerk reminded the Committee that the City of St. Albans had invited this Council, together with the Boroughs of Tottenham, Edmonton, Hornsey, Wood Green, Southgate, and Finchley, to appoint representatives to attend a Conference in order to discuss certain proposals relating to the expansion of St. Albans. This Conference took place on the 24th June, 1952, at St. Albans, and was attended by the Chairman of this Committee (Alderman R. J. Knowles), the Town Clerk, the Borough Engineer and Surveyor, the Borough Treasurer and the Housing Officer.

The Mayor of St. Albans informed the Conference that the present population of St. Albans was in the region of 44,000, and that it was envisaged that the approximate ultimate population would be 60,000.

The proposal under discussion was the erection of about 2,700 houses to meet the needs of the exporting authorities. About 2,100 of these houses would be built by the City Council, the remainder being private development. It was also pointed out that approximately 30 acres would be devoted to industry, and that St. Albans would prefer that the industries should build their own factories. The Hendon Council's representatives, however, suggested that it would be better for the local authority to build and lease factories, particularly having regard to the smaller industries, and this suggestion received the general approval of the Conference. At the present time, there are about 1,000 vacancies in industry at St. Albans, and further industries would be welcomed.

It was anticipated that houses would become available for the expansion programme as follows :---

Xm

1	953	 	 	250
1	954	 	 	400
1	955	 	 	450
1	956	 	 	500
1	957	 	 	370
1	958	 	 	25

It was also anticipated that in each year about 50 houses would be built under private licence.

As regards the transfer of licences, the Conference was assured that plenty of land was available, and that such transfers would be encouraged.

After careful consideration, it was

RESOLVED TO RECOMMEND-

- (i) That the Town Clerk be instructed to inform the Ministry of Housing and Local Government and the Town Clerk of the City of St. Albans that this Council agree, in principle, to the proposal referred to above, on the understanding that the payment of any rate subsidy in respect of houses occupied by Hendon families will be payable for a maximum period of 10 years, and that the position will be reviewed at the end of this period.
- (ii) That the appropriate officers be authorised to take all necessary steps as soon as practicable for the transfer of families to St. Albans.

(b) Bletchley.

Referring to Item 22 of this Committee's Report (No. 1) dated 16th June, 1952, the Chairman informed the Committee that arrangements could be made forthwith between the Bletchley Urban District Council and this Council for the transfer to Bletchley of the first 20 families from Hendon, subject to the Ministry of Labour being consulted regarding the question of employment.

4.—HOUSING ALLOCATION :

(a) Further Instalment of 200 Housing Units.

The Committee were informed that an officer of the Ministry of Housing and Local Government had verbally promised to issue to the Council a further instalment of 200 housing units, making a total of 710 units for the year 1952. An assurance had also been verbally given by the Officer of the Ministry that further housing units would be issued to the Council as and when they were required, subject to compliance with the usual conditions.

The Town Clerk also reported the receipt of a letter from the Ministry, confirming the issue of 98 of the 200 units referred to above. Confirmation, in writing, of the issue of the balance of 102 units was expected at an early date.

RESOLVED TO RECOMMEND-

- (1) That so far as the further instalment of 200 units is concerned, private building licences be issued to the extent of one-half of such instalment, i.e., a total of 100 private building licences.
- (2) That, accordingly, the Chairman of the Committee be empowered, in consultation with the Housing Officer, to authorise the Borough Engineer and Surveyor to issue up to a total of 100 private building licences to approved applicants, subject to such applicants complying with the requirements of the Building Byelaws, the Town and Country Planning Act, 1947, and the Licensing Regulations within a period of two months from the date of notification that a licence has been granted.

(b) Future Instalments of Housing Units.

RESOLVED TO RECOMMEND—That in the event of any further instalments of housing units being issued to the Council by the Ministry of Housing and Local Government during the Summer Recess, the Chairman of this Committee be empowered, in consultation with the Housing Officer, to authorise the Borough Engineer and Surveyor to issue 50% of such instalments by way of private building licences to approved applicants, subject to such applicants complying with the usual requirements within a period of two months from the date of notification that a licence has been granted.

5.-RULES CONCERNING THE ISSUE OF PRIVATE BUILDING LICENCES:

The Committee reviewed the Rules governing the acceptance of applications for private building licences, and after receiving the observations of the Housing Officer, it was

RESOLVED TO RECOMMEND—That applications for private building licences be considered from persons complying with the following conditions :--

- (a) Married persons who have lived continuously in the Borough for the past 5 years and who establish a housing need to the satisfaction of the Committee and who are in a position to build either within or without the Borough boundaries.
- (b) Persons engaged to be married who have lived continuously in the Borough for the past 5 years, provided sufficient proof of intended marriage is given. Regard shall be given to length of residence in the Borough, and the ages of the applicants. Not more than 5% of the number of licences available for issue shall be given to this class of applicant.

- (c) Married persons who had pre-war residence in the Borough but who by reason of war service had been obliged to relinquish their dwelling in Hendon and had been unable to return to the Borough after the war; and whose circumstances in the opinion of the Committee justify the issue of a licence.
- (d) Non-residents wishing to build within the Borough on a licence chargeable to the quota of another Local Authority, and who are permanently employed in the Borough and have an excessive distance to travel to and from work, OR whose circumstances, in the opinion of the Committee, justify the issue of a licence. If application made after 5th February, 1951, applicant must own a site in the Borough on that date. (Prior applications not so restricted, but treated on individual merits.)

6.-BLOCK LICENCES :

The Town Clerk reported the receipt of a letter from the Ministry of Housing and Local Government, requesting information as to the Council's policy with regard to the issue of block building licences. The Minister pointed out that building under such licences appeared to result in a more speedy erection of houses, and expressed the hope that all appropriate arrangements may be made to increase the rate of provision of additional housing accommodation.

RESOLVED TO RECOMMEND-

- (1) That the Council agree, as a matter of policy, to the issue of block building licences in approved cases, subject to the occupiers of the housing accommodation so provided being nominated by the Council.
- (2) That the Housing Committee be empowered by the Council to prescribe the general regulations for dealing with individual applications for block licences, and that the Chairman of this Committee be authorised to deal with any such applications received during the Summer Recess, 1952.

7.-LAWRENCE STREET HOUSING SCHEME:

The Chairman reminded the Committee that the Council, in November, 1951, had approved a proposal that the 118 houses proposed to be erected by the Council on the Lawrence Street Housing site should be let at economic rents, and that each tenancy should be for a term of one year certain, and thereafter be determinable by one quarter's notice in writing either side, the rent to be payable monthly in advance; the tenants to be made responsible for interior redecorations and repairs, and the Council to be responsible for external redecorations and repair and maintenance of the outer walls, roofs, paths, etc.

In this connection, the Borough Treasurer submitted information as to the approximate rents which would have to be fixed by the Council, after consideration of which the Committee formed the opinion that it would be more practicable for the Council to offer this site for sale to a builder with a view to the erection thereon of housing accommodation by private enterprise.

The Borough Engineer and Surveyor pointed out that the tender submitted to the Council for the construction of roads and sewers on this site was at present being considered by the appropriate officers of the Ministry of Housing and Local Government.

RESOLVED TO RECOMMEND-

(1) That, subject to the Town Clerk being satisfied as to the legal position and to any necessary consents being received from the Ministry of Housing and Local Government, the Borough Engineer and Surveyor be instructed to offer the land comprised in the Lawrence Street Housing Scheme for sale to G. Wimpey & Co. Ltd. at a price to be approved by the District Valuer, with a view to the provision on the land of housing accommodation (including roads, sewers, other services, etc.) by that Company, subject to the Council reserving the right to nominate the occupiers of such housing accommodation.

- (4) That the Town Clerk be instructed to take no further action, at the present time, with regard to the completion of the contract for the construction of roads and sewers on this Housing Site.

8.-LAND AT JUNCTION OF GREEN LANE AND EDGWARE WAY:

At their last meeting, this Committee decided to recommend the Council, subject to any necessary town planning consents and failing acquisition by agreement, to acquire compulsorily, for housing purposes, land having an area of approximately 3.5 acres and situate at the junction of Green Lane and Edgware Way.

In this connection, the Town Clerk drew the attention of the Committee to the fact that this land was at present requisitioned by the Council for allotment purposes under the Cultivation of Lands Order, and that it would be necessary to obtain authority, in due course, for the land to be released from this requisition, and for the allottees concerned to be given notice to quit. 12.—BROADFIELDS HOUSING SITE—CONTRACTS 4 AND 5:

The Borough Engineer and Surveyor reported that the offer of Roger Malcolm Ltd., to negotiate a tender for the erection of 96 houses on the above Housing Site (Contracts 4 and 5) on the basis of a 2% increase on their prices for Contract No. 3, had been informally discussed with the technical officers of the Ministry of Housing and Local Government, and that details in connection with this negotiated tender were at present being prepared by the Quantity Surveyors, Messrs. L. A. Francis & Sons.

The Borough Engineer and Surveyor also reported that Roger Malcolm Ltd. were prepared to commence the erection up to damp course level, at a very early date, of the first 20 houses forming part of Contracts 4 and 5 on the basis referred to.

RESOLVED TO RECOMMEND-

- (i) That, subject to the necessary consent of the Ministry of Housing and Local Government, and to the execution of a contract in a form to be approved by the Town Clerk, the Borough Engineer and Surveyor be instructed to make arrangements forthwith for Roger Malcolm Ltd. to commence the erection of the 20 houses referred to on the basis set out above.

1.—BLOCK LICENCES :

The Town Clerk reminded the Committee that the Council, at their last meeting, had agreed, as a matter of policy, to the issue of block building licences in approved cases, subject to the occupiers of the housing accommodation so provided being nominated by the Council, and had empowered this Committee to prescribe the general regulations for dealing with applications. The Council had also authorised the Chairman to deal with any such applications received during the Summer Recess, 1952.

After careful consideration, the Committee decided not to prescribe any general regulations governing this matter, except to decide that, in each case, the occupiers of properties built under block licences shall be nominated by the Council.

At the request of the Chairman, the Committee then considered the following applications:-

- (a) A. W. Curton, Ltd., Builders and Contractors, Stone Grove, Edgware-block licence for the erection of 19 houses in Brockley Avenue.
- (b) Messrs. Pearsons, Survey and Valuation Offices, Stanstead Road, S.E.23, on behalf of Messrs. Slade Betts—block licence for the erection of 4 houses in Folkington Corner, N.12.
- (c) Northern Heights Estates, Ltd., Hampstead, N.W.3—block licence for the erection of 9 houses at West Heath Gardens, N.W.3, or, alternatively, approval to the acceptance of 9 transferred licences from other local authorities.

RESOLVED-

- (i) That applications (a) and (b) above be approved, and that, subject to the occupiers of the properties concerned being nominated by the Council, and to compliance by the applicants with the requirements of the Building Byelaws, the Town and County Planning Act, 1947, and the Licensing Regulations, the Borough Engineer and Surveyor be authorised to issue the necessary block licences.
- (ii) That application (c) above be disapproved, and the Borough Engineer and Surveyor instructed to inform the applicants accordingly.

3.-LAND AT JUNCTION OF HIGHFIELD ROAD WITH GOLDERS GREEN ROAD: The Borough Engineer and Surveyor submitted a report as to the utilisation, for housing purposes, of land situate on the south side of the junction of Highfield Road with Golders Green Road. He pointed out that, as regards the front portion of this site, a Compulsory Purchase Order had been confirmed by the Minister for its acquisition by the Council for public convenience purposes, and that Notices to Treat had been served by the Town Clerk on the owners. The Works Committee, at their last meeting, however, had decided to investigate the possibility of obtaining an alternative site for a public convenience nearer the main shopping area of Golders Green, and to take no further action in the meantime in relation to the site now under consideration.

A recent communication received from the District Valuer intimated that the owners are prepared to sell the whole of the site to the Council for the sum of £1,125.

RESOLVED TO RECOMMEND-

- (a) That, in the event of the Works Committee deciding not to utilise the abovementioned land for public convenience purposes, the Town Clerk be instructed to apply to the Minister of Housing and Local Government for consent to the appropriation of the land for housing purposes.
- (b) That the remainder of the land on this site be acquired by the Council for housing purposes at a price to be approved by the District Valuer, and the appropriate officers authorised to take all necessary steps in connection therewith.
- (c) That the expenditure be met from the Capital Reserve Fund.
- (d) That the Corporate Seal be affixed to any necessary documents.

It was further

RESOLVED—That the Town Clerk be instructed, as a matter of urgency, to submit recommendations (b), (c) and (d) above to His Worship the Mayor acting under Recess powers.

4.-CRICKLEWOOD LANE HOUSING SITE:

Upon receiving a report submitted by the Borough Engineer and Surveyor, and in order to expedite the construction of roads and sewers on the above Housing Site, the Committee

RESOLVED TO RECOMMEND—That the Town Clerk be instructed to request the Middlesex County Council to relinquish, at an early date, their lease from the Council of the old Civic Restaurant, which does not normally expire until December, 1953.

It was further

RESOLVED—That the Town Clerk be instructed, as a matter of urgency, to submit this recommendation to His Worship the Mayor acting under Recess powers.

5.—BURTONHOLE LANE FARM HOUSE:

At the request of the Chairman of the Estates, Parks and Allotments Committee, consideration was given to a proposal that, subject to the consent of the Minister of Housing and Local Government, the Housing Committee should accept responsibility for the letting and maintenance of Burtonhole Lane Farm House, which was at present vacant and in a dilapidated condition.

After receiving reports from the appropriate officers, it was

RESOLVED-That no action be taken in the matter.

6.—REQUISITIONED PROPERTIES—APPLICATIONS FOR RELEASE :

The Housing Officer submitted details of 2 cases where applications had been made by the owners for the release of requisitioned properties.

RESOLVED TO RECOMMEND-

- (i) That "Beechworth," 36, West Heath Road, N.W.3, be released from requisition as soon as circumstances permit.
- (ii) That the application for the releease of 8, Woodward Avenue, N.W.4, be not approved.

1.-LAND AT REAR OF SEFTON AVENUE, ADJOINING RAWLPLUG'S PREMISES :

The Town Clerk reminded the Committee that at their last meeting they had deferred consideration of the question of serving notices under Section 33 of the Town and Country Planning Act, 1947, in respect of the whole of a piece of land at the rear of Sefton Avenue (Mill Hill Ward), adjoining Rawlplug's premises. The service of notices in respect of two portions of the site had previously been authorised.

RESOLVED-That, subject (a) to the Town Clerk being satisfied as to the evidence, and (b) to consultation with the County Council, he be authorised to take action in this case to secure the proper maintenance of the whole of the area of land in question pursuant to Section 33 of the Town and Country Planning Act, 1947.

2.-HOUSING PROGRAMME :

The Town Clerk reported that at their meeting on 16th June, 1952, the Housing Committee decided to recommend to the Council that, failing acquisition by agreement, and subject to any necessary town planning consents, an Order should be made for the compulsory purchase for housing purposes of a piece of land of approximately 3.5 acres situate at the junction of Green Lane and Edgware Way (Edgware Ward) to the south-east of Spur Road, adjoining land in the ownership of the London Transport Executive.

RESOLVED-

- (1) That no objection be raised on planning grounds to the proposal.
- (2) That the Borough Engineer and Survyor be instructed to take the necessary steps to obtain planning permission for the proposal.

3.-10, SHIREHALL LANE, N.W.4:

At their meeting on 16th June, 1952, the Committee deferred consideration of Application No. T.P.2623 for consent to use the existing prefabricated building at the rear of 10, Shirehall Lane (Park Ward) for the purpose of a day school in connection with the use of the building as a community centre. The Committee were informed that the Sub-Committee appointed at that meeting had visited the site, there being present Councillor L. C. Chainey and Councillor J. Harley; Councillor S. J. From the report of the Sub-Committee it appeared that the house, No. 10, Shirehall Lane, is used for school purposes in addition to the temporary hut at the rear.

RESOLVED—That consideration of this application be further deferred and that the T_{0wn} Clerk be instructed to submit a report on the use of the premises at the next meeting of the Committee.

4.-LAWRENCE STREET HOUSING SITE NO. 14:

The Town Clerk submitted a letter from the Mill Hill Preservation Society requesting the Council to abandon the proposal for the development of this site for housing purposes and to make representations to the local planning-authority for the site to be defined as open space. He stated that the letter had been considered by the Housing Committee at a meeting on 16th July when that Committee duly noted the letter. Noted.

5.-VACANT LAND ADJOINING MOWBRAY PARADE, EDGWARE WAY:

The Borough Engineer and Surevyor reminded the Committee that an outline application relating to the proposed development of land adjoining Mowbray Parade, Edgware Way (Edgware Ward) for the purpose of a florist's business was disapproved on the grounds that the site was proposed to be scheduled for residential purposes in the Draft Development Plan and that the proposed development would be prejudicial to the amenities of the locality. He submitted a revised Application T.P.2658A received from Mr. Morgan for temporary consent for the proposed use of the land for a period of two years.

RESOLVED-

(1) That Application No. T.P.2658A be approved, subject to the following conditions :-

- (a) That temporary consent be given for a period expiring on the 17th July, 1954.
- (b) That the site shall be laid out and maintained in a neat and tidy condition to the satisfaction of the Hendon Borough Council.
- (c) That the use authorised by this permission shall be discontinued and any works necessary for the reinstatement of the land for its permitted use shall be carried out on or before the 17th July, 1954.
- (2) That the Borough Engineer and Survyor be instructed to convey the decision to the applicant.

6.—PROPOSED ERECTION OF DWELLING HOUSE ON LAND ADJOINING EVA COTTAGE, MILTON ROAD, N.W.7:

The Borough Engineer and Surveyor reminded the Committee that an outline application for permission to erect a two-storey dwelling house with garage on a plot of land adjoining Eva Cottage, Milton Road, N.W.7 (Mill Hill Ward) was recently considered and disapproved on the grounds that the proposed development would be prejudicial to the amenities of the locality and particularly of the property known as "Ewelme," Milton Road. He reported that an appeal had been lodged with the Minister of Housing and Local Government, but was being held in abeyance owing to the fact that the applicants had asked for re-consideration of the matter. He. accordingly, re-submitted Application No. T.P.2534A, together with a letter received from the owner of "Ewelme," Milton Road.

After further consideration, it was

RESOLVED-That the Committee adhere to their previous decision in this matter, but that the applicant be invited to consult with the Borough Engineer and Surveyor as to the submission of a revised application.

10.-BUILDING AT REAR OF 10, PARSON STREET, N.W.4:

The Borough Engineer and Surveyor reminded the Committee that they had, under Section 53 of the Public Health Act, 1936, fixed a period expiring on 31st July, 1952, on the expiration of which a temporary timber addition at the rear of 10, Parson Street (Central Ward) must be removed. 12.—BREAKS BETWEEN BUILDINGS:

RESOLVED—That the Town Clerk be instructed to submit a report at a future meeting on the position under the former Planning Schemes and under the Town and Country Planning Act, 1947, with regard to breaks between buildings.

13.—LAND OPPOSITE "THE GREYHOUND " PUBLIC HOUSE :

The Committee were informed of the decision of the Minister of Housing and Local Government on the appeal lodged against the Council's refusal of planning permission for the erection of lock-up garages and storage of cars on land opposite "The Greyhound" Public House (Central Ward).

In this case, the appellant contended that permission was deemed to have been granted by virtue of Section 78 of the Town and Country Planning Act, 1947, because permission had been given under the former Town Planning law and certain works undertaken before the Appointed Day.

The Council did not dispute the fact that these works had been done, but did not consider them to be "works for the erection of a building" and, therefore, contended that the requirements of Section 78 were not satisfied.

The Minister had stated that, having carefully considered all the facts and representations, he was of opinion that the works in question satisfied the provisions of Section 78, and he had therefore, determined that permission must be deemed to have been granted for the completion e^{t} the works in accordance with the Council's decision in January, 1948.

After consideration of this matter, the Committee were of opinion that the piece of land in question should be acquired by the Council for purposes of road improvement and a small public open space. They, therefore.

RESOLVED-That His Worship the Mayor, acting under Recess powers, be recommended to authorise the officers to negot ate for the acquisition of the land in question.

RECESS REPORT :

Motion, moved by His Worship the Mayor, duly seconded, and

86 .- RESOLVED-That the following Report be received :-

(Note: Councillor L. A. Hills declared an interest in Item 58 of the Report.)

To the Aldermen and Councillors of the Borough of Hendon.

INTERIM REPORT.

The following matters have been dealt with under authority of Resolution No. 79 passed by the Council on the 7th July, 1952 :--

1.-HENDON BOROUGH SHOW, 1952:

(a) Insurances.

The Brough Treasurer reported to me upon certain insurances which he proposed to effect relating to the Hendon Borough Show, 1952, and I gave authority for the necessary action to be taken in the matter.

15

114

11

(b) Television.

The Town Clerk reported to me that in view of the fact that the Borough Show will be televised on August Bank Holiday Monday, it would be desirable to include a motor cycling act in the programme which cannot be provided by the motor cycling act appearing later in the week. The Chairman of the Borough Show and Entertainments Committee had, accordingly, suggested that "Demon Bill" Deegan and his "Hells Angels" should be engaged at a fee of 60 guineas.

I gave authority for the engagement of the artistes mentioned, and I approved the necessary supplementary estimate to cover the expenditure involved, since this item is not included in the Committee's estimates.

(c) Parade.

The Town Clerk reported to me, however, that the Buildings and Town Planning Committee were of the opinion that this development is undesirable, and that the piece of land in question should be acquired by the Council for purposes of road improvement and a small public open space.

On the recommendation of that Committee, I accordingly authorised the appropriate officers to open negotiations forthwith for the acquisition by the Council of the land in question.

32.—WASTE PAPER SALVAGE:

10.10

The Borough Engineer and Surveyor submitted to me a report upon the present position relating to the collection and disposal of waste paper, and also a memorandum of an interview on the subject held on the 14th July, 1952, between the Borough Treasurer and himself and a representative of Alex. L. Dribbell, Ltd., whose tender for the purchase of waste paper had been accepted by the Council for the period 1st June to 31st August, 1952.

Stocks of waste paper had been accumulating at the Depot at the rate of 20 tons per week, but owing to the existing market position, clearances by the above-mentioned firm had been reduced to a present level of 5 tons per week, and the Officers had accordingly requested the views of the contractors as to the immediate future prospects.

Mr. Dribbell was of the opinion that there was no hope of any improvement in the present market position until the Autumn at the earliest, since most, if not all, of the mills would shortly be closing down for the August holiday period, and a number of them would undoubtedly extend that holiday to a greater length than normally in view of the market position. He was confident, however, that it would be possible to clear the existing stock of baled paper at the Depot, amounting to between 200 and 250 tons, before the end of the present financial year.

Upon the recommendation of the Officers, I decided as follows, subject to the Chairman of the Works Committee being consulted in the matter :---

- (a) That the Council's Special Salvage Scheme, under which an average of 6¹/₂ tons of waste paper are collected each week, be suspended as soon as possible.
- (b) That the existing baling staff be transferred to other work if possible, or alternatively, be dispensed with.
- (c) That the balance of paper collected under the normal refuse collection arrangements be no longer sorted, but passed through the incinerator for burning with the rest of the domestic refuse, until such time as the general market situation improves and Alex. L. Dribbell Ltd. are able to speed up collections to such a rate as will secure the weekly clearance of more paper than is likely to come in under the present reduced salvage scheme.

(d) That the situation be reviewed towards the end of September, 1952.

33.—CORONATION CELEBRATIONS, 1953:

The Sub-Committee had considered the question of presenting a souvenir to every school child in the County, and at the moment they were inclined to consider presenting a copy of a completely revised edition of the Middlesex Book to every school child of suitable age, and a different type of souvenir to the younger children. The views of the Borough Council were

accordingly requested before the next meeting of the County Sub-Committee on the 24th July, 1952. After consulting the Chairman, Vice-Chairman and other members of the Education Committee, I instructed the Town Clerk to inform the Clerk of the Middlesex County Council that the Borough Council do not think very highly of the proposal to present a copy of the Middlesex

Book to school children, but that they would favour a per capita grant by the County Council to enable the Borough Council to make arrangements for a suitable commemorative presentation.

Subsequently, the Town Clerk submitted to me a letter received from the Clerk of the Middlesex County Council enclosing a copy of a report of the General Purposes Committee which was adopted by the County Council on the 30th July, 1952, and stating that the County Council had agreed to the County Education Committee's suggestion that per capita grants should be made to each Divisional Executive at the rate of 2/6d. for children from 3-7 years of age, and 5/- for those from 7-11 years of age, it being understood that the respective authorities will utilise some portion of the grant for the purpose of such tangible souvenir as they consider appropriate, the souvenir to be presented as from the County Council.

With regard to children of 11 years and over, the County Council felt confident that no better souvenir could be provided than a copy of the proposed Coronation edition of "Middlesex," and that, in addition, the County Council proposed that for this group there should also be a small per capita grant of 1s. 6d. The letter added that many authorities had notified the County Council that they agree that the proposal to present a copy of the new and revised edition of "Middlesex" to the older children, and as the County Council desire to endeavour to secure as large a measure of agreement as possible on this question, the Councils of County Districts had been asked to arrange for two representatives (one of whom is a member of the Education Committee) to attend a meeting at the Guildhall on Wednesday, 13th August, 1952, at 2.30 p.m., to discuss the question with the Chairman and Vice-Chairman of the County Council, the Chairman and Vice-Chairman of the General Purposes Committee, the Chairman of the Finance Committee and Mr. Pargiter.

I appointed Councillors A. V. Sully and L. C. Chainey (the Chairman and Vice-Chairman respectively of the Education Committee) to attend the meeting referred to.

In November, 1949, a tender was accepted by the Council from Spurling Motors Limited, for the supply of one 50-cwt. short wheelbase tipping lorry. In this connection the Borough Engineer and Surveyor reported to me that he had been informed by the Company that it had not been possible to supply this model and that it is now out of production. In lieu of this vehicle, Spurling Motors Limited recently offered, for immediate delivery, a 3-ton long wheelbase Bedford lony which, having regard to the very urgent requirements of the Council's transport section, was accepted.

3-ton long wheelbase lorry with heavy duty tyres, painted and lettered and with the requisite fittings :---

In these circumstances I confirmed the action taken by the Borough Engineer and Surveyor in agreeing with Spurling Motors Limited to the cancellation of the previous contract and the sub-stitution of the new vehicle and the substitution of the new vehicle and gave authority for the execution and scaling of any necessary contract. The sum of £900 included in the current year's financial estimates covers the cost of this new vehicle

66.-HENDON WOOD LANE-OPEN SPACE :

With reference to the land recently purchased by the Council comprising 56 acres to the north-east of Hendon Wood Lane and Totteridge Lane, it will be remembered that Miss Weedon was offered the grazing rights at a rental of 30/- per acre, per annum, for a period of 6 months until the 31st December, 1952. The position was then to be reviewed in order that the Council could decide whether or not they wished to use part or the whole of the area for playing fields. The Borough Engineer and Surveyor reported to me that Miss Weedon had intimated that under present conditions it was quite unsuitable for grazing and asked whether she would be allowed to plough up certain fields and sow with grass.

307

In view of the fact that Miss Weedon was only offered a six months' tenancy in the first instance and in order to protect the Council's position under the Agricultural Holdings Act, 1948, it was not possible to agree to the suggestion of Miss Weedon. Miss Weedon has not, so far, signed the agreement and the growth of weeds, especially thistles, had been considerable.

An offer has been received from Mr. Ensten of Totteridge Farm to graze upwards of 100 cattle on the land to the end of October for a payment of £10 and, in view of the urgency of the matter, the Borough Engineer and Surveyor had accepted Mr. Ensten's offer and, in these circumstances I confirmed the action taken, subject to the execution of an agreement in a form to be approved by the Town Clerk and gave authority for the sealing of any necessary documents. Miss Weedon had been consulted and offered no objection pending further consideration of the question of utilising this land.

67.-NATIONAL HOUSING AND TOWN PLANNING COUNCIL-ANNUAL **CONFERENCE** :

An invitation was received for the Council to appoint representatives to attend the National Housing and Town Planning Conference to be held at Southport from 29th to 31st October, 1952.

This conference is included in the Council's approved list, and I authorised the attendance of the Chairman of the Buildings and Town Planning Committee and the Borough Engineer and Surveyor as the Council's delegates.

68.—PUBLIC HEALTH ACT, 1875—SECTION 150—SURFACING OF COPTHALL GARDENS, MILL HILL:

After considering the tenders received for the surfacing of Copthall Gardens, Mill Hill, in accordance with Section 150 of the Public Health Act, 1875, I authorised the Borough Engineer and Surveyor to accept the tender of Constable, Hart & Company, Limited, at the rate of 8/6d. per square yard, being the lowest received.

69.—LIBRARIES DEPARTMENT — RESIGNATION :

The Chief Librarian reported to me the resignation, with effect from 31st October, 1952, of Mrs. E. Parnwell (Children's Librarian at Mill Hill Library), and I authorised the issue of an advertisement inviting applications to fill the resulting vacancy.

70.—NATIONAL SERVICE—RESERVISTS :

The Borough Treasurer reported to me that certain employees who were called up during 1951 for training in the R.A.F. as Class "G" Reservists had been asked by the Service authorities to participate in the large scale air exercises to be held for a period of 14 days from 29th September to 12th October, 1952.

Pending the decision of the National Joint Council and subject in each case to the approval of the appropriate Chief Officer, I gave authority for special leave to be granted to the employees concerned to enable them to attend for this training in accordance with the existing arrangements applicable to Class "Z" and "G" Reservists, i.e., employees with an annual leave entitlement of 21 days or less to be granted 8 days leave with pay, and employees with an annual leave entitlement of more than 21 days to be granted 6 days leave with pay, the balance of the period of absence to be treated as special leave without pay unless an employce wishes the balance to count in whole or in part against annual leave entitlement.

The Borough Treasurer reported to me that Mr. A. Hill, a Refuse Collector, had applied to be placed on pension, and the Medical Officer of Health had certified that this employee was unable to discharge his duties effectively by reason of permanent ill health .

Mr. Hill is 55 years of age and has been in the service of the Council since 20th March, 1925.

His pension will be based on the following years of service :---

I accordingly decided as follows :----

76.-HOUSING DEPARTMENT-ANNUAL OUTING OF OUTDOOR STAFF:

I gave authority for leave of absence with pay to be granted to members of the outdoor staff of the Housing Department to enable them to attend their annual outing to Southend on Saturday, the 12th July, 1952.

78.—PROPOSED FLATS AT JUNCTION OF FINCHLEY ROAD AND ADDISON WAY, N.W.11:

In December, 1951, the Council issued a licence, No. 26100, to the Land and Property Trust Company in the sum of \pounds 32,095, for the erection of a block of 12 flats at the junction of Finchley Road and Addison Way, N.W.11.

In this connection, the Borough Engineer and Surveyor reported to me that this work had not been commenced, but that he had received an application from S. & G. Flats Limited, which is a new company with the same Directors as the Land and Property Trust Company, for a licence for the erection of these flats to be issued in their name.

After the Borough Engineer and Surveyor had consulted the Ministry of Housing and Local Government, I gave authority for the original licence issued to the Land and Property Trust Company to be withdrawn, and for a similar licence to be issued to S. & G. Flats Ltd.

79.—PRIVATE STREET WORKS:

The Borough Engineer and Surveyor submitted to me a schedule of tenders received for the making up of Cecil Road (part), Ashley Lane (part) and the roadway from Church Terrace to Sunny Hill Park, together with a letter from one firm withdrawing their tender and I decided:-

To the MEMBERS of the HENDON EDUCATION COMMITTEE.

Ladies and Gentlemen,

The following matters have been dealt with during the time the Committee has been in Recess.

Estimated Cost. £10

£12

Removing insulating board behind stoves to a distance of 18" from the stove Re-positioning wireless set and rewiring same

2.—SCHOOL MEALS SERVICE:

(a) Scullery Facilities-Internal Redecorations.

I received reports from the Borough Engineer for works required in connection with the School Meals Service and instructed the Borough Engineer to carry out the following during the Mid-summer Holidays, financial provision for which has been made in the approved estimates for the current financial year :--

- (1) St. Mary's C.E. School scullery facilities—installation of two sinks and a water heaterestimated cost £88.
- (2) Algernon Road Junior School-transfer of washing-up facilities from a classroom to the Girls' cloakroom-estimated cost £22.
- (3) Clitterhouse Central Kitchen-Internal redecorations by R. Amesbury Ltd.-£229.

(b) Holiday Pay-Orange Hill School Canteen.

This canteen ceased to function when the new Broadfields School Canteen was opened, thus necessitating a reduction in the working hours of five members of the staff. Under County Council regulations I gave authority for holiday pay in respect of these employees to be based on the working hours applicable as at 31st March, 1952.

3.—FRITH MANOR PRIMARY SCHOOL—VENTILATION OF HUTTED CLASSROOMS:

I considered a report from the Headmaster regarding inadequate ventilation in the hutted classrooms at Frith Manor School, together with a report from the Borough Engineer thereon. Three tenders were received for carrying out the work necessary to improve the ventilation and I instructed the Borough Engineer to accept the lowest tender submitted, namely, that of Messrs. Griffiths Bros. amounting to £38 for carrying out the work specified during the Midsummer holidays provided he was satisfied that there was sufficient financial provision in the current year's estimates to cover the cost.

4.—ST. JOHN'S C.E. SCHOOL—MINOR REPAIRS :

In consequence of reports received from the Headmistress, I instructed the Borough Engineer to carry out the following work at St. John's C.E. School during the Midsummer Holidays:-

- Replacement of slow combustion stove and provision of a new gas ring in infants' classroomestimated cost £21.
- Replacement of worn out fireplace in Head Teacher's room-estimated cost £11 10s. 0d.

Supplying and fitting new fire backs to fireplaces in two classrooms-£11.

5.—ORANGE HILL BOYS' GRAMMAR SCHOOL—ADDITIONAL ACCOMMODATION AT ADDINGTON HOUSE:

In October, 1951, the Committee approved a scheme prepared by the Borough Engineer for adapting and redecorating the existing hutted classrooms at Addington House for use as classrooms, staffroom and sanitary accommodation for pupils and staff at Orange Hill Boys' Grammar School. The scheme was submitted to the Middlesex County Council for consideration and a letter has been received from the Chief Education Officer conveying the following resolution which was passed by the County Council at their meeting on 30th July:—

"That, subject to the approval of the Ministry of Education and consent to the raising of a loan, the County Council authorises the Divisional Executive for Hendon to arrange for the adaptation of the temporary huts at Addington House to provide additional accommodation for the Orange Hill Boys' Grammar 'School, at an estimated cost of £1,000, the work to be carried out under the supervision of the Borough Engineer, and authorises the Chief Supplies Officer to arrange for the provision of furniture for the additional accommodation at a cost of £325."

6.-MINOR WORKS OF A CAPITAL NATURE :

Notification has been received that the following items have been approved by the County Council and the Borough Engineer has been instructed to arrange for the necessary work to be carried out :-

The Chief Education Officer is seeking the approval of the Ministry of Education to the proposal and the Borough Engineer has been asked to obtain tenders for carrying out the work.

Burnt Oak, Garden Suburb, The Hyde and Wessex Gardens Primary Schools-hot water supply for children's wash basins.

7.-CLAREMONT ROAD SECONDARY MODERN SCHOOL:

A letter has been received from the Chief Education Officer stating that the Ministry of Education has approved the erection of this school and that a starting date has been awarded for July, 1952.

The County Architect gave instructions on 31st July to the contractor, Robert Hart and Sons Ltd., to commence work on the erection of this school.

8.—COURTLANDS AVENUE PROPOSED PRIMARY SCHOOL—REVISED SKETCH PLANS :

With reference to Item 6 in my Recess Report dated 29th May, 1952, a letter has been received from the Chief Education Officer, together with revised sketch plans, stating that the County Architect is incorporating in such plans the various suggestions made by the Teachers' Panel. The members of the Panel have been notified accordingly and have expressed satisfaction at the final result.

I instructed the Borough Education Officer to inform the Chief Education Officer accordingly and to express the hope that the erection of the school will now proceed as expeditiously as possible.

9.—PLAY FACILITIES FOR SCHOOL CHILDREN DURING MIDSUMMER HOLIDAYS, 1952 :

Financial provision having been made in the current year's estimates of the Hendon Divisional Executive, I approved the appointment of the following supervisors for duty at the schools mentioned, with wages in accordance with the appropriate scale of the Middlesex County Council in connection with Play Facilities for School children during the Midsummer Holidays, 1952 (from Monday, 28th July to Saturday, 6th September inclusive) :--

Colindale School Playing Field	 	 Mr. A. Lambert.
Deansbrook School Playing Field	 	 Mr. E. B. Wade.

The above supervisors have carried out similar duties for a number of years.

In view of the small numbers in attendance at The Hyde School Playing Field last year and the difficulty in obtaining a suitable supervisor, I decided that this playing field should not be opened during the Midsummer Holidays, 1952.

10.-BRENT SECONDARY MODERN SCHOOL-USE OF AIR RAID SHELTER :

I consulted the Borough Engineer on an application received from Mr. G. F. Nye, Hon. Secretary of the Tenants' and Residents' Association, Park Ward, Hendon, for the use of the air raid shelter in the playground of Brent Secondary Modern School for the storage of waste paper. I approved the application and instructed the Borough Education Officer to inform Mr. Nye accordingly. I also instructed the Borough Engineer to arrange for a padlock to be fixed to the door of the shelter.

12.—MILL HILL EAST COMMUNITY ASSOCIATION :

I considered an application from Mr. D. Mandrupson, Hon. Secretary of the above-named Association, for permission to display a linen banner, 20 ft. x 4 ft. bearing the words "Mill Hill East Community Association Horticultural Show—Arts and Crafts Exhibition, September 6th," within the grounds of Dollis Primary School from 1st to 6th September inclusive, where the Association is holding a Horticultural Show and Arts and Crafts Exhibition.

I instructed the Borough Education Officer to inform Mr. Mandrupson that I was not prepared to grant the required permission but if the Association desires to advertise the Exhibition by the display of a poster on a notice board in the school grounds I was prepared to permit such advertisement, provided the size of the poster did not exceed that of Double Crown dimensions.

13.—BELL LANE PRIMARY MIXED SCHOOL—ERECTION OF TWO HUTTED CLASSROOMS :

I have to report that the Ministry of Education and the County Council have approved the Committee's proposal for the erection of two hutted classrooms on the Bell Lane School site for use as temporary accommodation. Planning consent has been given, subject to the following condition :---

"That permission be granted for a limited period of 10 years expiring on 1st September, 1962."

14.—CHILDS HILL MIXED SCHOOL—PROPOSED INSTALLATION OF COLD WATER TAP IN CLOAKROOM:

I considered an application from the Headmaster for the provision, as an urgent measure, of a cold water tap in the cloakroom at Childs Hill Mixed School. The Borough Engineer's estimate for carrying out the work was £30, but as this item constituted an improvement, it could not be charged to ordinary day-to-day maintenance and no financial provision therefor has been made in the current year's estimates.

I instructed the Borough Education Officer to ask the Chief Education Officer to arrange for a supplementary estimate for $\pounds 30$ to be approved by the County Council in respect of this project.

15.—REQUISITIONS:

1

I approved the following requisitions submitted by the Borough Education Officer, financial provision for which has been made in the current year's estimates :---

9.—CORONATION CELEBRATIONS, 1953:

The Town Clerk reported that in connection with the Coronation Celebrations, 1953, he had received a letter from the Clerk of the Middlesex County Council stating that the County Council had agreed to the County Education Committee's suggestion that per capita grants should be made to each Divisional Executive at the rate of 2/6d. for children from 3—7 years of age, and 5/for those from 7—11 years of age, it being understood that the respective authorities will utilize some portion of the grant for the purpose of such tangible souvenir as they consider appropriate, the souvenir to be presented as from the County Council.

With regard to children of 11 years and over, no decision had yet been made by the County Council as they were endeavouring to secure as large a measure of agreement as possible in the County on this question. The Chairman and Councillor L. C. Chainey, who had been appointed by His Worship the Mayor, under Recess Powers, as the Council's representatives to attend a meeting at the Middlesex Guildhall on the 13th August, 1952, to discuss the question of the nature of the presentation to be made to children of 11 years and over, informed the Committee of the suggestions which had been made at that meeting.

RESOLVED-

- That this matter be referred to the General Purposes Sub-Committee for consideration and report.
- (2) That the General Purposes Sub-Committee be asked also to consider the question of including in the Coronation arrangements to be made by the Divisional Executive children who are in attendance at Independent Schools in the Borough.

1.--6, MURRAY ROAD, N.W.7-PROPOSED DEMOLITION ORDER :

At the meeting of the Committee held on the 9th June, 1952, a report was submitted by the Medical Officer of Health as a result of which the Committee were satisfied that 6, Murray Road, N.W.7, was unfit for human habitation and was incapable at reasonable expense of being rendered so fit. The owner and other interested parties were accordingly notified of the Council's proposal to commence the procedure for the making of a Demolition Order under Section 11 of the Housing Act, 1936.

The Town Clerk reported that a signed undertaking had now been received from the owner, stating that he would not use this property for the purpose of human habitation.

RESOLVED TO RECOMMEND—That the Town Clerk be instructed to accept the undertaking referred to, and that no further action be taken in respect of the proposed Demolition Order.

2.--PROPOSED BYELAWS-HAIRDRESSERS' AND BARBERS' PREMISES :

The Town Clerk reported that, as instructed, he had made further representations to the Minister of Housing and Local Government requesting him to agree to certain amendments to the model form of Byelaws relating to Hairdressers' and Barbers' premises, as suggested by this Committee. A reply had now been received from the Ministry stating that, after further consideration, the Minister was still unable to approve of these amendments.

RESOLVED TO RECOMMEND-

- (1) That, in pursuance of the powers contained in Section 282 of the Middlesex County Council Act, 1944, the Council make Byelaws in the terms set out below, which are in accordance with the model form prepared by the Ministry of Housing and Local Government, relating to Hairdressers' and Barbers' premises.
- (2) That the Town Clerk be instructed to take the necessary steps for the confirmation of the Byelaws, and to publish all necessary notices in connection therewith.
- (3) That authority be given for the Corporate Seal to be affixed to any necessary documents.

The Town Clerk reported the receipt of the above-mentioned Circular, a copy of which had been circulated to each member of the Council, for information. Noted.

4.-PET ANIMALS ACT, 1951-LICENCE CONDITIONS :

The Town Clerk informed the Committee the one of the conditions under which the Council issue licences under the Pet Animals Act, 1951, requires that the name and address of the person in whose custody the keys of the licensed premises are kept shall be notified to the local Fire Brigade. In this connection, a letter had been received from the Clerk of the Middlesex County Council, pointing out that, in practice, the members of the Brigade enter premises without delay, if necessary by breaking in, and that it would be inexcusable for them to delay operations in order to wait for the arrival of a key or to communicate with the key holder to obtain possession of the key. In the view of the County Council, therefore, the condition referred to was of little value and may be misleading, and the Royal Society for the Prevention of Cruelty to Animals and also the Association of Municipal Corporations had agreed that this condition should be deleted.

RESOLVED TO RECOMMEND—That the condition referred to be deleted from the list of general conditions under which licences are granted by the Council under the Pet Animals Act, 1951.

5.—ESTABLISHMENTS FOR MASSAGE OR SPECIAL TREATMENT:

(a) Certificate.

The Town Clerk reported that Mr. S.P.R. had failed to lodge with the Council a Certificate signed by two registered medical practitioners to the effect that he is a suitable person to carry on a massage establishment in the Borough, and that as it was understood that he was still giving treatment for massage at an address in Hendon, and had not obtained the necessary licence from the Council he was, therefore, contravening the provisions of Part XII of the Middlesex County Council Act, 1944.

2.—EXPENDITURE ON LOCAL GOVERNMENT SERVICES:

The Town Clerk reported the receipt of Circular No. 54/52 from the Ministry of Housing and Local Government with regard to expenditure on certain Local Government Services, a copy of which had been circulated to all members of the Council. The Committee duly noted the contents of the Circular.

3.-CHURCH FARM HOUSE :

The Town Clerk referred to the decision of the Council designating the Libraries Committee as the Committee to consider and report on all questions relating to the control and maintenance of Church Farm House, and reported that there were two portions of land comprising the Church Farm House site (totalling .24 acre) which are at present appropriated for housing purposes. One portion contained the Church Farm House building and the other portion a building at present occupied by Council tenants.

The Borough Engineer and Surveyor submitted details of an estimate of the expenditure likely to be involved in the preservation of Church Farm House and its adaptation for use as a museum which had been prepared by the firm of architects appointed following the recommendation of the General Purposes Committee at its meeting in June, 1951. This estimate amounting to £5,750 had subsequently been reduced by £750 by omitting certain non-essential items.

The Borough Engineer and Surveyor also submitted a letter from the Ministry of Housing and Local Government referring to the Council's proposals for the conversion of Church Farm House into a public museum and suggesting that the Council should postpone for the time being the full scheme and consider a modified scheme comprising such work as may be necessary to avert deterioration and to provide a firm base for the main scheme to be undertaken in due course.

RESOLVED-That the Housing Committee be requested to rehouse the Council's tenants at present accommodated at the Church Farm House site.

RESOLVED TO RECOMMEND-

(1) That the Town Clerk be instructed to apply to the Ministry of Housing and Local Government for consent to the appropriation for museum purposes of all land and buildings at the Church Farm House site at present appropriated for housing purposes, totalling .24 acre.

(2) That the Borough Engineer and Surveyor be instructed to approach the Architects referred to above for the preparation of a modified scheme for the conversion of Church Farm House with a view to the submission of the modified scheme to the Ministry of Housing and Local Government for approval.

4.-BURNT OAK BRANCH LIBRARY :

The Town Clerk reported that the Ministry of Health had written to the Middlesex County Council stating that the Minister had agreed that the Borough Council may take over the former Gas Cleansing Station on the site at the junction of Watling Avenue and Orange Hill Road provided that the A.R.P. Grants Claim is credited with the sum of £420. The Middlesex County Council were agreeable to the transaction being completed, subject to the provision of an alternative site for the erection of a Civil Defence Training Headquarters. The Council, on the recomendation of the Estates, Parks and Allotments Committee, had approved the provision of a site at Silkstream Park, subject to the approval of the London County Council and negotiations in this connection had been commenced.

The Borough Engineer and Surveyor submitted a scheme for the conversion of the Gas Cleansing Station for use as a Public Library, the cost of which was estimated at $\pounds 2,070$. He also submitted a scheme for the provision and erection of a prefabricated structure for a Children's Department, the estimated cost of which was $\pounds 2,430$.

- (2) That the Borough Engineer and Survyor be instructed to discuss with the Ministry of Housing and Local Government the suggested scheme for the conversion of the Gas Cleansing Station and the erection of a Children's Department at a total estimated cost of £4,500.
- (3) That, in the event of the Ministry of Housing and Local Government not approving the complete scheme outlined above, the scheme for the conversion of the Gas Cleansing Station only at an estimated cost of £2,070 be submitted.

5.—TRAVELLING LIBRARY VEHICLES :

The Borough Engineer and Surveyor reported that certain structural defects had been discovered in the Mobile Libraries which would necessitate each vehicle being out of service for a period of three to four weeks. The first of the vehicles had been sent to Spurling Motors Ltd. for stripping in order that the extent of the damage could be ascertained and to obtain the approximate estimate of the expenditure likely to be incurred. The Chairman of the Committee had agreed to this action as a matter of urgency. Details of the estimated cost were not yet available.

The Committee were of opinion that the whole of the expenditure should not be borne by the Council, and

RESOLVED_

16.—CATALOGUES :

The Chief Librarian informed the Committee that only one complete subject catalogue of books in stock before December, 1951, is in existence, and this is held in the Central Lending Department. He suggested that this should now be transferred from card to sheaf form as, until this is done, readers at the Branch Libraries will have no subject record of the complete stock, and at the Central Library readers and staff will have to consult two catalogues for every subject refer-Spread over three years the work could be undertaken by the existing staff commencing in ence. April, 1953. The estimated total cost of the work on the subject catalogues, for seven copies. is as follows :-

			£ s. d.	
10,000 Spirit duplicator master sheets at £22 1s. 8d. per	1,000	 	220 16 8	1

Miscellaneous typewriter and duplicator supplies		 	28 11 8	
				1 1951,
Total		 	£1,465 7 1	meetin

The annual cost over a period of three years would average approximately £500. In addition, the sum of £160 would be necessary for additional catalogue cabinets at the Central and Golders Green Libraries.

Should approval be given for this work provision for one-third of the cost would be made in the estimates for 1953/54, together with the cost of the cabinets referred to.

The Committee congratulated the Chief Librarian upon the excellence of his report on this matter, and

RESOLVED TO RECOMMEND-That the scheme for the conversion of the subject catalogue of books be approved.

17.—EDGWARE BRANCH LIBRARY :

He also reported that, in accordance with the instruction given, 60-watt sodium lighting had been extended in Erskine Hill (Garden Suburb Ward) from Asmuns Hill to North Square, together with 45-watt lamps in the short section of Denman Drive, Woodside and Chatham Close and it was hoped that the lighting would be put into operation shortly. Noted.

14.—IMPROVED LIGHTING ON TRUNK ROAD:

The Borough Engineer and Surveyor reported that the Ministry of Transport had agreed to the acceptance of the tenders of Concrete Utilities Limited and Revo Electric Limited for the supply of columns and electrical work in connection with the improved lighting on North Circular Road (Golders Green Ward), that the orders for the materials had been placed and that it was hoped to commence the work within the next month.

He also reported that, despite further representations, the Ministry of Transport had refused to grant an authorisation for the improved lighting scheme on Hendon Way and Watford Way. and, in accordance with the Committee's instruction, had been asked to consider a modified scheme dealing with Hendon Way only. The Ministry had stated, however, that the total amount of capital available for new lighting works was strictly limited, so that only existing commitments could be met in the current financial year.

The Committee noted the reports, and

RESOLVED TO RECOMMEND—That the Borough Engineer and Surveyor be instructed to press the Ministry of Transport for an authorisation for the installation of improved lighting on Hendon Way and Watford Way from North Circular Road to Aerodrome Road at an early date in the financial year 1953/54.

15.—ELSTREE HILL AND ELSTREE VILLAGE:

The Town Clerk reported that, as instructed (Hi.C., 17/3/52-38), he had informed the Ministry of Transport that failing the receipt of final approval for the scheme of improved lighting in Elstree Village and on Elstree Hill within three months, the Council would abandon the projects.

He stated that the Minister had now intimated final approval of the schemes and forwarded a draft agreement in this matter.

The Borough Engineer and Surveyor reported that the Ministry proposed that this Council should undertake the maintenance of the improved lighting in Elstree Village, which is outside the County of Middlesex.

The Committee felt that this might be undesirable, and

RESOLVED—That consideration of the matter be deferred and that the Borough Engineer and Surveyor be instructed to submit a further report thereon at their next meeting.

TRAFFIC CONTROL.

16.-FINCHLEY ROAD-'BUS STOPPING PLACES :

The Town Clerk submitted a further letter received from the Garden Suburb School Parents' Association seeking reconsideration of the Council's decision not to provide guard rails near the 'bus stops in Finchley Road (Garden Suburb Ward) and asking that a deputation of parents should be received to discuss the matter.

RESOLVED—That the Committee agree to receive a deputation from the Garden Suburb School Parents' Association on this matter at their next meeting.

17.—PEDESTRIAN CROSSINGS :

(a) The Shops, Lullington Garth.

The Town Clerk reminded the Committee that at their meeting in February, 1952, they had received a letter from the Woodside Park Ratepayers' and Residents' Association suggesting the provision of a pedestrian crossing at The Shops, Lullington Garth (Mill Hill Ward) and had deferred consideration thereof for six months.

After consideration of this matter, the Committee concluded that the provision of a pedestrian crossing at the point in question was not justified at the present time, and

RESOLVED TO RECOMMEND-That no action be taken in the matter.

(b) Lighting of Beacons.

The Town Clerk submitted Circular No. 681 of the Ministry of Transport stating that the Minister has adopted a recommendation of the Road Research Board for the incorporation of a flashing light in beacons at pedestrian crossings. The estimated cost of the installation of these lights at a crossing with two beacons is £40 and maintenance is expected to cost about £12 per post each year. The Circular stated that the Minister contemplated that it will ultimately be necessary to amend the Regulations to make the lighting of beacons compulsory. This matter is being left in abeyance for the present, but the Minister expressed the hope that local authorities would make the necessary arrangements as early as possible next winter in advance of any amendment of the Regulations. The approved expenditure on lighting beacons would be eligible for grant in accordance with the usual rules applying to the installation and maintenance of pedestrian crossings.

RESOLVED TO RECOMMEND—That the Town Clerk be instructed to inform the Minister of Transport that, in the opinion of this Council, uniformity of practice is desirable throughout the country in this respect, and that whilst the Council do not consider the proposed flashing lights to be the best method of dealing with the matter, they ask that the question should be dealt with by an amendment of the Regulations making the lighting of the beacons compulsory.

(c) Brent Street and Golders Green Road.

The Town Clerk reported that, as instructed at the last meeting of the Committee, he had approached the Ministry of Transport with a view to the establishment of pedestrian crossings in Brent Street and Golders Green Road (Park and Golders Green Wards) at Brent Bridge Roundabout pending the installation of traffic control signals at that point.

RESOLVED TO RECOMMEND_

(1) That the Council do make a variation scheme under the Road Traffic Act, 1934. stablishing crossings for foot passengers in the Borough in the following positions:

One	Golders Green Road (A.502) South-East of North Circular Road.				

- (2) That the Town Clerk be instructed to advertise the scheme and take the necessary steps to secure its approval by the Minister of Transport.
- (3) That authority be given for the Corporate Seal to be affixed to any necessary documents.

(d) Waiting Restrictions.

The Town Clerk reported that, as instructed at the last meeting, he had written to the Ministry of Transport suggesting that waiting restrictions at pedestrian crossings should be indicated by a yellow marking on the kerb for the whole distance for which waiting is prohibited.

He submitted a reply stating that consideration is being given to the revision of the Regulations, the possibility of having a more permanent mark, and the question whether the restriction should be made a normal provision at all crossings. The letter stated that if a more permanent mark were adopted, consideration would be given to the method suggested by this Council, but referred to an alternative said to be more generally recommended, that there should be some mark on the actual carriageway, perhaps similar to the markings used at busy 'bus stops.

The Committee's attention was drawn to the parking of vehicles within prohibited areas at Hendon Central Circus, and the Committee

RESOLVED TO RECOMMEND-That the Town Clerk be instructed to draw the attention of the Police to this matter.

(e) Junction of Wellgarth Road and North End Road.

The Town Clerk submitted a letter from a resident drawing attention to traffic conditions at the junction of Wellgarth Road and North End Road (Garden Suburb Ward) and suggesting the reinstatement of the pedestrian crossing which previously existed at this junction.

After consideration, the Committee

RESOLVED TO RECOMMEND-That no action be taken in this matter.

18.—UNILATERAL WAITING—BRENT STREET:

The Town Clerk reported the receipt of information that the Minister of Transport had decided to accept the advice of the London and Home Counties Traffic Advisory Committee and to make Regulations introducing unilateral waiting in the section of Brent Street (Park and Central Wards) between a point 90 ft. north-west of the junction with Queens Road and a point 30 ft. south-cast of the junction with Brampton Grove.

He reminded the Committee that this matter was previously considered in 1949, when the Council expressed agreement with the proposal. Noted.

19.—AUTHORISED PARKING PLACES—EDGWARE:

The Town Clerk reported that the Minister of Transport had made Regulations, to come into operation on 22nd September, 1952, appointing a number of new parking places, including those requested by the Committing the second se requested by the Council in Edgwarebury Gardens and The Drive (Edgware Ward). 20.-PARKING FACILITIES-CLASSIC CINEMA:

The Town Clerk submitted a letter from the Clerk of the Middlesex County Council referring to the parking of cars in Belle Vue Road (Central Ward) by patrons of the Classic Cinema, stating that the only satisfactory remedy appeared to be additional parking space off the highway in the immediate vicinity and enquiring whether the Council would take steps to develop as a car park one of the two bombed sites in Belle Vue Terrace.

RESOLVED TO RECOMMEND-That the Town Clerk be instructed to inform the Clerk of the Middlesex County Council that the Council cannot see their way to adopt the suggestion.

21.-PARKING FACILITIES-GOLDERS GREEN:

The Borough Engineer and Surveyor reported on a piece of land adjoining the Ionic Cinema Car Park, Finchley Road, (Childs Hill Ward), and suggested that the Committee might consider the possibility of acquiring or leasing the land for the provision of parking facilities off the highway. He stated that it would be necessary to negotiate for the user by the public of the roadway from Finchley Road giving access to the Ionic Cinema Car Park, and that some levelling and draining of the land would be necessary, but facilities could be provided for the parking of approximately 60 cars.

This site was put forward to the County Council as a possible site for a car park in connection with the preparation of the County Development Plan in 1951.

RESOLVED-That consideration of this matter be deferred and that the members of the Council residing in or representing the area in question be invited to submit their views on the proposal.

22.—STANLEY ROAD—PARKING OF LORRIES :

The Borough Engineer and Surveyor reported the receipt of a letter from a resident complaining of the parking of lorries in Stanley Road (West Hendon Ward).

RESOLVED TO RECOMMEND-That the Town Clerk be instructed to bring this matter to the attention of the Local Police.

23.—TRAFFIC CONTROL SIGNALS:

(a) Junction of Edgware Road and Kingsbury Road.

The Town Clerk reported the receipt of notice from the Eastern Electricity Board determining on 31st December, 1952, the agreement relating to traffic control pillars at the junction of Edgware Road and Kingsbury Road (West Hendon Ward). He stated that the draft new agreement submitted by the Board was receiving consideration by the Middlesex Borough and District Councils' Association. Noted.

(b) Maintenance Contracts.

The Borough Engineer and Surveyor reported that the Automatic Telephone and Electric Co. Ltd., and the Siemens and General Electric Railway Signal Company had applied for a revision of the rates for maintenance of their vehicle-actuated traffic signals in the Borough with effect from the beginning of the third quarter in the current year. He stated that the maintenance rates were last revised in 1947 and that the proposed new rates would involve an increase in the total payment from £594 17s. Od. to £727 2s. He reminded the Committee that these charges are reimbursable and stated that the County Engineer had been authorised to approve the revised rates.

RESOLVED TO RECOMMEND-

- (1) That the new maintenance rates proposed by the two Companies concerned be approved and that authority be given for the endorsement of the existing contract accordingly.
- (2) That supplementary estimates of expenditure and income amounting to £66 be approved to meet the additional cost involved in the current financial year.

(c) North Circular Road.

The Borough Engineer and Surveyor reported that after consideration of the request for the installation of traffic control signals at the junction of Bell Lane and North Circular Road, the Ministry of Transport had concluded that the volume of traffic from Bell Lane and Bridge Lane was insufficient to justify the provision of signals.

The Ministry had, however, indicated that, in the opinion of the Commissioner of Police, the roundabout at the Golders Green Road and Brent Street junction (Garden Suburb Ward) is no longer capable of dealing with the flow of traffic and that conditions would be improved by the removal of the island and the installation of traffic signals at this point. This would assist to a certain extent the turning traffic at the Bridge Lane junction by creating gaps in the eastbound flow. The Middlesex County Council had accordingly been requested by the Ministry to prepare the plans and estimates for the work. Noted.

24.—MEADWAY—ILLUMINATION OF SIGNS:

The Borough Engineer and Surveyor submitted a report on the question of lighting the "Slow—Major Road Ahead" and "Cross Roads" signs at the Wildwood Road/Meadway junction and the Hampstead Way/Meadway junction (Garden Suburb Ward). He pointed out that in the case of the first mentioned junction, traffic proceeding from Finchley passes two junctions within the Finchley boundary which are externally illuminated, but on reaching the Meadway, which is the major road, finds an unlit sign. The estimated cost involved would be $\pounds 80$ in respect of each junction and the annual maintenance costs would be $\pounds 13$ for each junction.

Councillor (Miss) Eaton was present during the discussion of this item and, with the consent of the Chairman, spoke on the matter.

Consideration was also given to the question of altering the siting of the signs at the Hampstead Way junction and the possibility of making Meadway the major road at this point.

RESOLVED TO RECOMMEND-

(1) That, subject to the approval of the Middlesex County Council and the Ministry of Transport, the proposals submitted by the Borough Engineer and Surveyor for the lighting of the signs at these junctions be adopted.

The Town Clerk reported the receipt of a letter from 17 residents of Wise Lane and Milespit Hill (Mill Hill Ward), suggesting that in view of the existence of a children's playing field and swings in the Arrandene Open Space, "Children Crossing" signs should be erected on the highway at all approaches to the island at the junction of Milespit Hill and Wise Lane.

RESOLVED TO RECOMMEND—That the Borough Engineer and Surveyor be instructed to arrange for the provision of suitable signs at this point.

26 .- WISE LANE, MILL HILL :

As instructed at the last meeting, the Town Clerk submitted a report on the legal position with regard to the offer by 21 residents of Wise Lane (Mill Hill Ward) to convey to the Corporation, without payment, their rights in and title to the land fronting Wise Lane in front of their building line, subject to certain conditions.

He also stated that one of the residents had since dissociated himself from the residents' offer on the grounds that the construction of a footpath would spoil some of the old trees and general appearance of the lane, and that he did not wish to prejudice any rights to compensation which he might have in the event of alterations to his garage drive.

RESOLVED—That consideration of this matter be deferred pending the submission of a report by the Borough Engineer and Surveyor on the technical aspects of the proposal.

27.—EXPENDITURE ON LOCAL GOVERNMENT SERVICES :

The Town Clerk submitted Circular No. 54/52 from the Ministry of Housing and Local Government drawing attention to the need for economy in certain local government services.

Noted.

28.—STREET NAME PLATES :

The Town Clerk submitted Circular No. 671 of the Ministry of Transport inviting the Council to consider the desirability, in the interests of the safety and convenience of traffic, of taking steps at the earliest practicable opportunity to adopt the recommendations of the Departmental Committee on Traffic Signs with reference to the installation and the design of street name plates.

The Circular stated that the Minister had not overlooked the need for economy and appreciated that streets may have to be dealt with in their order of importance, but he suggested that first consideration should be given to the more heavily trafficked routes in built-up areas, particularly through routes which tend to be more commonly used by strangers.

The Borough Engineer and Surveyor informed the Committee that the street name plates in use in the Borough were generally in conformity with the recommendations made by the Departmental Committee. Noted.

29.-DEVONSHIRE ROAD_TELEPHONE KIOSK :

The Town Clerk submitted a letter from a resident, stating that he is subjected to considerable nuisance in various ways owing to the existence of a telephone kiosk in Devonshire Road (Central Ward) outside his house, and enquiring whether the Council would support his representations to the Post Office for the removal of the kiosk from that point to another point in the road.

The Town Clerk reported that, as instructed at the last meeting, he had enquired of the Minister of Transport the reasons why it had been decided that no incentive bonus scheme should be applied to works on trunk roads, and that such a scheme, if applied to works on classified roads, would not be accepted for grant.

He submitted a reply stating that after discussion with the local authority associations concerned, it appears to the Ministry that there has been some misunderstanding and that the Minister is prepared to accept such schemes for grant if they have received the prior approval, either regionally or nationally, of the Joint Industrial Council. Noted.

33.-NEW STREETS ACT, 1951:

He also reported that work had commenced on the lay-out and development of the land at the junction of Watford Way with Lawrence Street, Mill Hill, and it was anticipated that a substantial amount of this work would be completed by May of next year and that the whole of the garden will be completed during the year. RESOLVED—That the Borough Engineer and Surveyor be instructed to submit a further report with suggestions for the naming of this open space.

30.—WOODFIELD NURSERIES—PROVISION OF NEW GREENHOUSES:

The Borough Engineer and Surveyor reported that there was an urgent need for the provision of additional greenhouses at the Woodfield Nurseries. The Borough Engineer and Surveyor reported that the development plan for Copthall Playing Fields envisages the provision of an area for field events, including a running track, jumping pits, cycle track, training quarters, dressing rooms and stand. Owing to the present financial position the scheme could not be undertaken. Furthermore, the site of the proposed track is at present under cultivation and it is doubtful whether permission would be granted to take this land out of cultivation. He, therefore, suggested that the Committee might like to explore further the need for, and provision of, short tracks for practice purposes in parks in those areas where there is shown to be a genuine demand.

RESOLVED--That the Borough Engineer and Surveyor be instructed to submit a report with an estimate of the cost of the provision of a cinder track round one of the larger parks or open spaces.

The Town Clerk reminded the Committee that, at their last meeting, they had considered a plan showing the site of a proposed Synagogue on land situate in Kenilworth Road, Edgware, proposed to be erected by the United Synagogue, and a suggestion by the applicant's Architects that if the site previously approved, in principle, by the Council could be extended on its eastern boundary by approximately 60 ft., the siting of the buildings and their appearance would be The Council, however, at their last meeting, adopted the recommendation naterially improved. of this Committee that the United Synagogue be informed that the Council were unable to accede to their request to sell to them the additional 60 ft. of land referred to, as such land was required by the Council for housing purposes.

399

After this decision was communicated to the United Synagogue's Officers, and at their request, an interview took place on the 4th September, 1952, between themselves and Officers of the Council, when the matter was further discussed. Subsequently, the Town Clerk received letters from the United Synagogue, which were submitted to the Committee.

In these letters, the United Synagogue stated that they had prepared a new preliminary scheme with a view to reducing the amount of additional land required, as they did not wish in any way to encroach on any future plans which the Council may have for housing development. This new preliminary scheme made provision for all the accommodation required by the United Synagogue to be incorporated in the original site which the Council had already agreed, in principle, to convey to them (i.e., land described as Site B, and containing approximately 1.26 acres), but they were desirous of acquiring from the Council a further small strip of land on the east side, sufficient to satisfy the day lighting standards which may be required from a town planning point of view.

The Borough Engineer and Surveyor submitted a plan of the whole of the land owned by the Council in Kenilworth Road, showing the provision which had previously been made for the erection of Headquarters by the British Legion near the junction of Kenilworth Road and Edgware After careful consideration, it was Way.

RESOLVED TO RECOMMEND-

- (1) That the Town Clerk be instructed to inform the United Synagogue that the Council are unable to alter their decision not to sell to them the additional 60 feet of land referred to above or any portion thereof.
- (2) That, subject to any necessary town planning consents and to the approval of the Minister of Housing and Local Government, the Council agree to convey to the United Synagogue the area of land comprising approximately 1.26 acres situate in Kenilworth Road and described as Site B on the plan submitted by the Borough Engineer and Surveyor, at a price to be approved by the District Valuer.
- (3) That the Town Clerk be instructed to take all necessary steps in connection therewith.
- (4) That authority be given for the Corporate Seal to be affixed to any necessary documents.
- (5) That the Borough Engineer and Survyor be instructed to inform the British Legion that the Council propose to make provision for the erection of their Headquarters on the 60 ft. strip of land referred to above as shown on the plan submitted to the Committee, and to develop the original site allocated to them for housing purposes, on the understanding that the British Legion will take up forthwith the lease of the land now offered to them and erect their Headquarters at an early date.
- (6) That the Borough Engineer and Surveyor be instructed to prepare and submit to the Committee at a future meeting a lay-out plan showing the proposed development of the remainder of the land in question for housing purposes.

4 .-- SITE OF CIVIC RESTAURANT, BRENT STREET :

The Town Clerk reminded the Committee that the Council had approved the use of the site of the Victoria Civic Restaurant, Brent Street, for housing purposes, and he requested authority for application to be submitted to the Ministry of Housing and Local Government for formal consento the appropriation of the land.

RESOLVED TO RECOMMEND—That the Town Clerk be authorised to apply to the Minister of Housing and Local Government for formal consent to the appropriation of the above-mentioned land for housing purposes.

Ltd., had been unable to accept the Council's offer to take over the complete development, for housing purposes, of the Lawrence Street Housing Site. He also submitted a plan showing the proposed lay-out of the site, which provided for the erection of 127 houses. M/M

After careful consideration of details as to the respective costs of construction of $h_{ouses on}$ the site by the three firms referred to, and the reports submitted by the Borough Engineer and Surveyor and the Borough Treasurer, it was

RESOLVED TO RECOMMEND-

- That the lay-out plan submitted by the Borough Engineer and Surveyor providing for the erection of 127 houses on the Lawrence Street Housing Site be approved, in principle, by the Council.
- (2) That, subject to any necessary town planning consents, to the consent of the Ministry of Housing and Local Government, and to the completion of any necessary documents in a form to be approved by the Town Clerk, the Borough Engineer and Surveyor be instructed to offer the land comprised in the Lawrence Street Housing Site for sale to A. W. Curton Ltd. as a fully developed site (i.e., including the provision of roads, sewers and other ancillary services), at a price to be approved by the District Valuer, with a view to the provision on the land of 127 houses as shown on the lay-out plan, provided that (a) not less than 75% of such houses are of the three-bedroom type; (b) A. W. Curton Ltd. shall be nominated by the Council from their Housing list.
- (3) That, in the event of this offer being accepted on satisfactory terms, the Counci (a) agree to issue block building licences to A. W. (a) Sale of Land to Truman, Hanbury, Buxton & Co. Ltd.

Ltd., asking whether the Council would be prepared to sell to them an area of .16 of an acre forming part of the Cricklewood Lane Housing Site, for the purpose of straightening up the boundary of their land at the rear of the "Red Lion" P.H.

The Borough Engineer and Surveyor reported that the sale of the land referred to would not interfere with the lay-out of the housing estate, and it was

RESOLVED TO RECOMMEND-

(1) That, subject to the consent of the Minister of Housing and Local Government, the land referred to above and coloured pink on Plan No. R.1728 be sold by the Council to Truman, Hanbury, Buxton & Co. (b) Reconstruction of Surface Water Sewer.

The Borough Engineer and Surveyor reported that in connection with the erection of the first 40 flats on the above-mentioned housing site, and to enable not only the first Crescent but also the second Crescent to be properly drained, it will be necessary to reconstruct the existing 12" diameter surface water sewer which carries the flow under the site from a portion of the district south of Cricklewood Lane to an existing 24" diameter surface water sewer in Cloister Road. The total estimated cost of the work for the entire length is £1,883, and the proportion chargeable to the Housing Committee for the section of the sewer which is required as a consequence of the development of the site for housing purposes is £908, the balance being chargeable to the Works Committee.

RESOLVED TO RECOMMEND-That, so far as this Committee is concerned, the above proposal be approved, and the Town Clerk instructed to ask the Ministry of Housing and Local Government for an assurance that no objection will be raised by them to the inclusion of the sum of £908 in respect thereof in the application for a loan sanction which will be submitted, in due course, for the construction of the soil and surface water sewers on this housing estate.

(a) Fencing.

The Borough Engineer and Surveyor informed the Committee that he was of the opinion that the raising of the level of the above-mentioned housing site at the extreme north-western end of the boundary, and the erection of flats thereon, had adversely affected one property in Orchard Close, and he accordingly recommended that a 65 ft. length of 4 ft. chain link fencing should be erected by the Council at this point at an estimated cost of £45.

RESOLVED TO RECOMMEND-That the recommendation of the Borough Engineer and Surveyor be approved and adopted by the Council, and that he be instructed to arrange for the necessary work to be carried out.

(b) Pram Stores.

The Borough Engineer and Surveyor reported that 2 ranges of pram stores had been built on the above-mentioned housing site about 10" from the boundary, making the cleansing of the narrow space concerned and the repair and maintenance of the adjoining owners' fencing difficult, and he suggested that these difficulties could be overcome by allowing the owners affected to remove their fencing, thus leaving the brick walling of the pram stores as the new boundary.

RESOLVED TO RECOMMEND-That, subject to the Town Clerk being satisfied as to the legal position and to the preparation of any necessary agreements in a form to be approved by him, the suggestion of the Borough Engineer and Surveyor be approved and adopted, and that authority be given for the Corporate Seal to be affixed to any necessary documents.

(c) Lay-out of Forecourt Area.

The Borough Engineer and Surveyor submitted a report relating to the lay-out and completion of the area of land betwen the front of the flats on the above-mentioned housing site and the present boundary of Edgware Road, which varies in width from a maximum of 75 ft. to a minimum of 23 ft., of which a strip of an average depth of 19' 6" will be required for road widening purposes by the Ministry of Transport. He pointed out that when this housing scheme was originally designed, the construction of a dwarf wall and fence on the widening line was contemplated, but that it was the policy of the Ministry of Transport to accept no financial responsibility for the construction of new works or maintenance on such areas required for future widening until the road improvements are carried out. The Borough Engineer and Surveyor therefore recom-

mended that the dwarf wall and fence referred to should now be omitted, and the whole area of mended that the dwarf wan and sown with grass seed to form a greensward area until such time as the land levelled, sloped and sown with grass seed to form a greensward area until such time as the land levelled, sloped and sown with grass seed to form a greensward area until such time as the land levelled, sloped and some This proposal would involve a saving of approximately such time as the Edgware Road is widened. This proposal would involve a saving of approximately \$450 the Edgware Road is widehed. I dwarf wall and fencing, and an expenditure of approximately £450 in respect of the omission of the lines suggested. £630 for preparing the ground on the lines suggested.

RESOLVED TO RECOMMEND-

- (1) That the above-mentioned proposals of the Borough Engineer and Surveyor be approved and adopted by the Council.
- (2) That the Estates, Parks and Allotments Committee be requested to arrange for the preparation of the land concerned as a greensward area by the Parks Section, or the understanding that the cost involved will be chargeable to the Housing Capital Account.

33 .- HOUSING SITE NO. 8-GREEN LANE, EDGWARE :

In connection with the proposals for acquiring and utilising, for housing purposes, the area of land situate on the south side of Edgware Way and abutting on to the north-east side of Green Lane, Edgware, the Borough Engineer and Surveyor reported that the London Transport Exercise tive, who owned an area of .83 of an acre of the land concerned, had decided that they were unable to dispose of this land to the Council in view of the possibility that it may be required The Borough Engineer and Surveyor stated that he was accordfor railway extension purposes. ingly proceeding with his negotiations for the acquisition of the remaining portion of the land in question, amounting to approximately 3.15 acres. RESOLVED TO RECOMMEND-That the Borough Engineer and Surveyor be authorised to negotiate for the sale of the plots in question to approved applicants for building licences at prices to be approved by the District Valuer, and to submit a further report to the Committee in due course in connection therewith.

36 .- PROPOSED SHOPS, CLAREMONT ROAD, CRICKLEWOOD, AND LAYFIELD ROAD, HENDON:

1.-BREAKS BETWEEN BUILDINGS :

As instructed, the Town Clerk submitted a report showing the position under the former Planning Schemes and under the Town and Country Planning Act, 1947, with regard to break between buildings. The report indicated that the former Planning Schemes laid down minimum distances between dwelling houses and other buildings on land in the same ownership and between buildings and the boundaries (other than street boundaries) of land.

The Town Clerk reminded the Committee that the Middlesex County Council in 1950 had requested local authorities to deal with proposed developments involving the filling in of breaks between buildings, on their merits of planning design and external appearance and their relation to the appearance of the street of which they will form part. The Committee noted the report, and it was

RESOLVED—That the Committee deal with future cases of this kind on their merits in the manner requested by the Middlesex County Council, but bear in mind the principles laid down in the former planning schemes.

2.-CONTROL OF ADVERTISEMENTS :

The Town Clerk submitted a circular letter from the Clerk of the County Council setting out a revised procedure for challenging advertisements providing for the total estimated expenditure on compensation to be spread over a period of five years, and to be apportioned (not necessarily equally) to the four areas according to the relative needs, the priority of challenge being determined on an area basis.

The Committee noted the report, and

RESOLVED—That the Borough Engineer and Surveyor be instructed to submit a report on the challenge of advertisements, with an estimate of the cost likely to be involved in the next financial year.

3.—APPEAL LODGED :

The Town Clerk reported the receipt of notification from the Ministry of Housing and Local Government that an appeal had been lodged against the Council's decision on Application No. T.P.2722 relating to the use of Garage No. 6, Block 2, Ellesmere Avenue for storage purpose. 4-RESULTS OF APPEALS :

The Town Clerk reported the receipt of the decisions of the Minister of Housing and Local Government on the following appeals :---

(a) T.P.2273-Continued use of shop at 2, Newark Parade (Central Ward) for the making of ladies' toilet requisites, rainwear and aprons:

The Minister had concluded that the use of the shop was not injurious to amenity, that several shops in the shopping centre were not devoted exclusively to retail sales and that one was used for repair work. Since these combined uses were not obtrusively alien to the shopping centre, the Minister had allowed the appeal and granted permission for the continued use of the premises as applied for subject to the condition that the premises shall not be used for any other purpose, including any other purpose within Classes III or IV of the Schedule to the Town and Country Planning (Uses Classes) Order, 1950.

(b) T.P.2013-Proposed erection of Factory in Belle Vue Terrace (Central Ward) :

The Appellants contended that the proposals would not harm the amenities and pointed out that their intention was not to expand their business, but to house the factory under one roof and to move from other premises, the use of which was deemed to comply with planning control only until the 30th June, 1952. The Minister had agreed that the Borough is overindustrialised and that the grant of permission in this case would be at variance with the Council's policy, in which he concurs, of reducing the amount of industry as opportunity offers.⁴ He had accordingly decided to dismiss the appeal.

(c) T.P.2528—Proposed erection of Classrooms for religious education—Synagogue, Raleigh Close (Park Ward) :

Permission was refused on the grounds that the erection and use of the proposed building would be prejudicial to the amenities of the surrounding locality. The Appellants stated that their present accommodation was inadequate and that relief could only be satisfactorily secured by having a building close to the main building. This would complete their present intention on the site, except that they would like to replace the temporary structure later by way of a permanent building. The Minister concluded that since the Appellants cannot at present provide a permanent building, a temporary one could, with reasonable safeguards, be permitted without harm to the amenities. He had accordingly decided to allow the appeal and had granted permission as applied for, subject to the condition that the siting, design and external appearance of the building shall be as may be agreed with the Local Planning Authority or in default of agreement, as shall be determined by the Minister.

(d) T.P.2503—Proposed erection of Nissen Hut for industrial purposes—Bunns Lane (Mill Hill Ward) :

Permission was refused on the grounds that the proposal would be prejudicial to the amenities of the locality, and would give rise to conditions prejudicial to the free flow of traffic and general safety on the adjoining highway. The Minister was satisfied that the industrial use of the appeal site as proposed would be wholly inappropriate and had accordingly dismissed the appeal.

(e) T.P.2521—Conversion of Lock-up garages into motor showrooms — Rear of 1175, Finchley Road (Garden Suburb Ward) :

The premises form part of a garage which had been occupied by the Appellants since 1933 with the exception of the war years, but the building under appeal was not returned to the appellants until 1951 and was then converted into a small motor showroom and used for the sale of cars. The Appellants contended that the showroom was part of the existing business and that its provision would improve the amenities. The Council contended that the garage had been formed out of a row of lock-up garages, which were needed in the vicinity, and that the area was shown as residential in the draft Development Plan. The Minister had reached the conclusion that the use of the premises was ancillary to the main business, that its appearance was not unsightly and that by itself it caused no harm to the amenities. He had accordingly allowed the appeal and granted permission as applied for.

(f) T.P.2421-Use of part of 174, West Hendon Broadway for manufacture of toys :

The appeal related to the second floor of the premises. The use for manufacturing purposes of rooms on the first floor and a back room on the ground floor must cease by 31st December, 1952, in accordance with a Determination under the Building Restrictions (War-Time Contraventions) Act, 1946. The Minister was satisfied that the rooms on the first and second floors of the premises forming a self-contained maisonette should not be used for other than residential purposes and he had accordingly dismissed the appeal.

(g) T.P.2413-Proposed Advertisement Hoarding, North Circular Road (Golders Green Ward):

The Minister drew attention to the fact that the road at this point is a dual carriageway which with the undeveloped land on either side imparts an open aspect to the locality. In his view the addition of the proposed advertisement would detract from the appearance and would be prejudicial to the amenity. He had accordingly dismissed the appeal.

(h) T.P.2:87—Proposed advertisement panels on flank wall, 1, Station Terrace, Sanders Lane (Mill Hill Ward) :

The locality is mainly residential in character and includes an army camp and the premises overlook an untidy vacant site and have a large range of visibility. The Minister's view was that the display of the proposed panels would be out of keeping with the general characteristics of the locality and for that reason would be prejudicial to amenity and he had accordingly dismissed the appeal.

The Town Clerk drew attention to the fact that in cases T.P.2273 and T.P.2521 enforcement action had been authorised by the Committee, but that no further action would now appear to be necessary.

RESOLVED-That no further action be taken in these matters.

5.-LAND AT THE JUNCTION OF EDGWARE WAY AND SPUR ROAD:

The Town Clerk reported that as instructed he had approached the Member of Parliament for Hendon North asking him to take up with the Minister of Works the question of reinstatement of land at the junction of Edgware Way and Spur Road (Edgware Ward) formerly used by the Ministry.

He submitted a letter from the Minister of Works to Mr. Charles Ian Orr-Ewing setting out the policy in this matter and stating that funds were not available at the present time for the reinstatement of the land. It had, therefore, been considered unrealistic to continue to hold the land for an indefinite and probably prolonged period until funds became available and the land was, therefore, released from requisition in May last. It was now open to the owner to claim compensation under the Compensation (Defence) Act to enable the land to be reinstated.

The Town Clerk reported that it had been necessary to make three small drafting amendments

- (a) (v) That no industrial process as defined in the Distribution of Industry Act, 1945, except such as may be specifically permitted in this planning permission, shall be carried out upon the premises.
- (b) (ii) That the premises shall not be used in such a manner as to create a nuisance from noise, vibration, smell, fumes, soot, smoke, ash, dust, grit or otherwise which, in the opinion of the Hendon Borough Council, is detrimental to the surrounding locality, provided that for the purposes of this condition the use of the premises for the manufacture of ladies' garments involving the use of fifteen light sewing machines of the type at present installed (comprising 12 Willcox and Gibbs Lockstitch machines, one Singer Overlock machine, one Singer button-sewing machine and one Singer button-hole machine) and of twenty operatives shall be deemed to constitute neither a nuisance nor a user detrimental to the surrounding locality.

7.-WAR OFFICE HOUSES-FRITH LANE, N.W.7:

The Town Clerk reported the receipt of a suggestion from the Woodside Park Ratepayers' and Residents' Association that in view of the fact that the road works in Frith Lane (Mill Hill Ward) had been completed, the War Department should be asked to plant extra trees on the west side of the land to preserve the rural atmosphere of the area and to serve as a screen in front of the recently erected houses, in the construction of which a number of existing trees had to be removed.

After consulting the Borough Engineer and Surveyor, the Town Clerk had submitted the suggestion to the Command Land Agent and had been informed that it was hoped to plant trees, as suggested, in the autumn.

RESOLVED-That the action taken be confirmed.

The Town Clerk reported that, as instructed, he had taken up with the Minister of Housing and Local Government the question of discharge of conditions which had been attached to a planning permission granted in relation to the proposed use of 194, Cricklewood Broadway (Golders Green Ward). In this case an appeal had been lodged against two conditions only, but the Minister, after consulting the Minister of Transport, had allowed the appeal and discharged all the conditions.

The Town Clerk submitted a reply stating that the Minister's consideration of an appeal is not confined to those aspects of the case which are the subject of representations by the parties. Under Section 16 (2) of the Act he could deal with the planning application forming the subject of the appeal as if it had been made to him in the first instance and in the case under consideration he exercised this right. 9.--2, STATION TERRACE, SANDERS LANE, N.W.7:

The Town Clerk referred to the Committee's authority (17/9/51-2) for enforcement action in respect of an advertisement board on the flank fence of the above-mentioned premises (Mill Hill Ward) and stated that an application for development permission was approved at the last meeting of the Committee for a period expiring on the 16th June, 1955. Under the Regulations, the advertisement may on the expiry of the permission continue to be displayed, subject to service of a further notice, and in the circumstances no further action appeared necessary at the present time

The Town Clerk reported that action had been taken in regard to the condition of land adjoining the Club House, Highwood Hill (Mill Hill Ward) and of waste land on the west side of Belle Vue Terrace (Central Ward).

The Town Clerk reported that the Borough Engineer and Surveyor had ascertained that the two pieces of land in question did not now appear to be seriously injurious to the amenities of the adjoining area.

RESOLVED-That no further action be taken in these matters.

12.-WASTE LAND ADJOINING BRENT MODERN SCHOOL, PARK ROAD:

The Town Clerk reported that, as instructed (16/6/52-49), he had communicated with the County Council with regard to the condition of land adjoining Brent Modern School, Park Road (Park Ward) and submitted a reply stating that tenders are being invited for the paving of part of this site and the fencing of the site and that when the work is actually in hand arrangements will be made for the tidying of the land and the removal of the derelict vehicles and other rubbish.

RESOLVED—That consideration of this matter be deferred pending the submission of a further report thereon.

13.—ADVERTISEMENT BOARD AT SHEAVESHILL PARADE :

Authority was given (27/11/50-36) for enforcement action with regard to advertisements at No. 4, Sheaveshill Parade (West Hendon Ward) and an application for planning permission was later refused.

The Town Clerk reported that the applicants had suggested that the reasons for refusal were equally applicable to advertisements on adjoining premises and sought confirmation that steps were being taken for the removal of those advertisements. They had been informed that the Council had decided, in accordance with the view of the Minister of Housing and Local Government, that the challenge procedure should be used in an orderly and gradual manner, and that no action should be taken in regard to the advertisements in question until outstanding cases had been disposed of. The Town Clerk sought the instructions of the Committee as to whether the enforcement action authorised should now be held in abeyance.

RESOLVED—That the enforcement action in this case be held in abeyance and that the Borough Engineer and Surveyor be instructed to submit a report on the additional advertisements referred to.

14.—ENFORCEMENT ACTION :

The Town Clerk referred to the following cases in which enforcement action had been authorised by the Committee and stated that further inspection showed that the contraventions had ceased :--- Authori

16 .- SYNAGOGUE, RALEIGH CLOSE, N.W.4:

Authority was given (16/6/52-56) for enforcement action in regard to the condition of land surrounding the Synagogue at Raleigh Close (Park Ward). The Town Clerk reported that the Borough Engineer and Surveyor had ascertained that the land had been cleared and was in a neat and tidy condition, and that part of it had been used for allotment purposes for a number of years and would now appear to be subject to existing user rights ; and that in the opinion of the Borough Engineer and Surveyor it could not be said to be detrimental to the amenities of the area.

RESOLVED-That no further action be taken in this matter.

17.-CONTRAVENTIONS OF BUILDING BYELAWS:

Od. per week for taking charge of men. The decision was applied in respect of Hendon Park, Watling Park, Mill Hill Park, Stone Grove Park and Colindeep Open Space.

RESOLVED TO RECOMMEND-That the action taken be confirmed.

(d) Fitters in Charge at Refuse Disposal Works.

The Borough Engineer and Surveyor submitted a report on the rates of pay of fitters in charge at the Refuse Disposal Works, which were fixed in August, 1948, and have since been raised in accordance with decisions of the Joint Industrial Council.

He stated that a recent decision of the Joint Negotiating Committee for Local Government Services (Engineering Craftsmen) had raised the wage for fitters to £8 5s. 0d. per week so that the basic rate for fitters now exceeded the total rate (including shift work payment and plus rate for being in charge of the shift) of the fitters in charge at the Refuse Disposal Works.

The Borough Engineer and Surveyor recommended that in order to regularise the position, the fitters in charge should be paid at the appropriate fitters' rate, viz., $\pounds 8$ 5s. 0d. per week and receive an additional payment of 7s. 4d. per week for shift work and 10s. 0d. for being in charge of a shift.

(f) District Foremen.

The Town Clerk reminded the Committee that at their last meeting, they received a report with regard to Mr. G. C. D. Stickley, District Foreman for the Northern Area, who it was understood had become incapable of discharging effectively the duties of his employment by reason of permanent ill-health, and had made certain recommendations to the Council which were, however, withdrawn at the Council meeting on 7th July, 1952.

The Borough Treasurer submitted a report with regard to this matter and the Committee were informed that there appeared to be a possibility that Mr. Stickley would eventually be able to return to his duties.

The Committee gave further consideration to the establishment of District Foremen, and

RESOLVED TO RECOMMEND-

- (1) That, subject to the necessary medical certificate being given by the Medical Officer of Health in due course, Mr. G. C. D. Stickley be permitted to retire on medical grounds on completion of his period of additional sick pay.
- (2) That, with effect from 1st October, 1952, the establishment of the Borough Surveyor's Department be amended by the addition of one post of District Foreman (Highways Section) in Miscellaneous Division IV.
- (3) That, with effect from 1st October, 1952, Mr. S. J. Mills be appointed District Foreman and be paid a salary in accordance with Miscellaneous Division IV, commencing at the second stage of the scale.
- (4) That, with effect from 1st October, 1952, Mr. R. Eke take over the duties of District Foreman in a temporary capacity and be paid a salary in accordance with the minimum of Miscellaneous Division IV, and that the position be reviewed in March. 1953, or on Mr. Stickley's return to duty, whichever is the earlier.

13.-MANUAL WORKERS-TRANSFER FROM TEMPORARY TO PERMANENT STAFF:

The Borough Treasurer reported that as instructed (Estab.C., 17/6/52-14 (a)) he had verified the age and medical fitness of 18 employees who were reported as eligible for transfer to the superannuable staff in accordance with the Council's Resolution (F. & G.P.C., 29/9/47-4 (xvii)).

Of those employees, 12 satisfied the condition, as to age and medical fitness, 3 were medically unfit, one had indicated that he did not desire to transfer to the superannuable staff and 2 remaining cases and one case previously reported were still outstanding.

RESOLVED TO RECOMMEND-

(1) That the 12 employees enumerated below be transferred to "Servant-Class A" with effect from 28th September, 1952, at which date they will become contributory employees under the Local Government Superannuation Act, 1937, as modified by the National Insurance (Modification of Superannuation Schemes) Regulations, 1947 :---

No operator to receive a salary under these scales less than that appropriate to be age under the General Division Scale (Females). The standard of proficiency to be determined by the employing authority, but no employee to be graded on Scale C without at least five years' approved service as an operator of machines of the type referred to. Employees operating addressing or duplicating machines to be remunerated in accordance with the General Division Scale (Females), subject to a maximum salary of £320 per annum.

The scheme provides that where an officer under her existing contract of service is receiving a higher salary or would progress to a higher salary than that applicable to the grading of her pog under the scheme, the higher salary is preserved in her case.

In connection with this scheme, the decision of the National Council of 31st July, 1947, permitting employing authorities to apply the General Division Salary Scale (Females only) without strict reference to age has been rescinded.

The annual leave entitlement of employees graded in the new scales is :-

Juniors up to 21 years of age-12 working days.

Officers over 21 years of age-15 working days.

The Joint Secretary reminded the Joint Committee that the introduction of the new scales had prevented the Chief Officers from reporting on the establishment and grading of posts in their Departments in accordance with the Establishment Committee's instruction, and the Joint Committee agreed that the reports of the Chief Officers on this matter should be submitted at the new meeting of the Establishment Committee when the report of the Joint Committee is considered.

After full consideration of the new scheme and its application to the Council's staff, the Joint Committee

- (3) That pending consideration of the report referred to in the foregoing recommendation, the local "weighting" of the General Division Scale (Females) be continued.

(e) Examinations for Promotion.

To extend until 31st December, 1952, the period during which employing authorities may exercise a degree of discretion in the operation of paragraph 28 of the Scheme of Conditions of Service, and to indicate that it is the intention of the National Council not to extend this period further unless changes in circumstances so warrant.

The Chief Rating Officer submitted particulars of appeals received during June, July and August, 1952. Two outstanding appeals were heard and determined by the Valuation Court on the 23rd June, 1952. In one case an assessment proposed by the Valuation Officer was reduced by $\pounds 1$ rateable value and the second case arose from a ratepayer's proposal to reduce the assessment of a flat. The Court confirmed the existing assessment and subsequently the appellant has given notice of appeal to the Lands Tribunal. In view of the fact that the Rating Authority were represented at the Valuation Court hearing they are entitled to appear as a party in the case at the Lands Tribunal and the Town Clerk has served formal "Notice of Intention to Appear" on behalf of the Rating Authority. Two further appeals were heard by the Valuation Court on the 28th July, 1952, and in both cases the assessments proposed by the Valuation Officer were approved by the Court. Noted.

7.-LOCAL GOVERNMENT ACT, 1948-REVALUATION :

The Chief Rating Officer reported that in reply to a question in the House of Commons on the 1st August, 1952, the Minister of Housing and Local Government stated that "difficulties have been encountered in assessing dwelling houses in accordance with the provision of the Local Government Act, 1948, and that it had become clear to the Government that Parliament will, in due course, have to be asked to amend these provisions. It is intended that the basis should still be the pre-war value. Valuation Staff will shortly be employed on preliminary work to enable the Government to formulate proposals."

No information is yet available concerning the alternative basis to be proposed by the Government. Noted.

8.-DIRECTIONS FOR ALTERATION OF THE VALUATION LIST:

The Chief Rating Officer reported that three schedules of directions dated 30th June, 31st July and 30th August, 1952, had been received from the Valuation Officer since the last meeting. These directions in aggregate show an increase of $\pounds 2,941$ rateable value, making the total rateable value of the Borough on the 5th September, 1952, $\pounds 2,016,029$. Noted.

9.—ASSESSMENT OF COUNCIL HOUSES:

The Town Clerk reported on a letter from Councillor Warnock enclosing a complaint received by him regarding a case of damaged alleged to have been caused to the Hendon Way Brent Allotments by donkeys straying from adjoining land owned by the Council. It would appear that the owner of the donkeys tethered the animals on this land at night-time during the week of the Show without any authority from the Council and that they strayed on to an adjoining allotment. There would not, however, appear to be any legal liability on the part of the Council in the matter.

2.-BOROUGH OF HENDON OLD PEOPLE'S WELFARE COMMITTEE:

(a) Grant under the Local Government Act, 1948.

At their last meeting, the Finance Committee referred to the General Purposes Committee an application from the Borough of Hendon Old People's Welfare Committee for a grant under Section 136 of the Local Government Act, 1948, towards their expenses for the year 1952/53.

The Borough Treasurer submitted further information which he had obtained on the instructions of the Finance Committee as to the proposal by the Old People's Welfare Committee to appoint a full-time organising secretary.

After full consideration of this matter and of the information obtained by the Borough Treasurer, the Committee were of opinion that the necessity for the appointment of a full-time organising secretary to the Welfare Committee had not yet been established and that the Council's contribution for 1952/53 should be fixed for the time being on the same basis as that for 1951/52. They, therefore,

RESOLVED TO RECOMMEND—That, subject to the consent of the Minister of Housing and Local Government, the Borough Treasurer be instructed to make a payment under Section 136 of the Local Government Act, 1948, for the financial year 1952/53 to the Borough of Hendon Old People's Welfare Committee amounting to 50% of the expenditure incurred on items indicated in Circular 51/49 of the Ministry of Health and in accordance with statements to be produced to the satisfaction of the Borough Treasurer, subject to the Council's contribution not exceeding £250.

(b) Old People's Club.

The Town Clerk reminded the Committee that the Council had agreed, in principle, to give assistance to the Borough of Hendon Old People's Welfare Committee towards the cost of extending the activities of the Old People's Club, and that the method and extent of assistance were to be decided after the submission by the Welfare Committee of concrete proposals and full financial details in connection therewith.

He submitted a letter from the Welfare Committee giving some particulars of a house which the Welfare Committee felt would be suitable for the purpose, together with an indication of the likely cost of acquisition. After C RESO

3.-NATIONALISED UNDERTAKINGS :

In accordance with the undertaking given by their Chairman at the Council meeting on 7th July, 1952, the Committee gave consideration to the question of submission of tenders by nationalised corporations, but concluded that there was no action which they could usefully recommend in this connection.

4.-ANNUAL CONFERENCES :

The Town Clerk reported that the Estates, Parks and Allotments Committee at their last meeting received notice of the Annual Conference of the National Allotments and Gardens Society to be held in 1953, at which it is proposed specially to discuss allotment matters.

The conference is not included in the list approved by the Council, but in the opinion of the Estates, Parks and Allotments Committee, it is desirable for representatives of the Council to attend, and they, therefore, asked the General Purposes Committee to recommend the inclusion of the Conference in the approved list.

The Committee were not satisfied that the attendance of representatives of the Council was necessary at this Conference, and they accordingly

RESOLVED TO RECOMMEND—That the Conference of the National Allotments and Gardens Society be not added to the list of Conferences approved by the Council.

5.—CIVIC EXHIBIT—HENDON SHOW, 1953 :

The Town Clerk reported that at the last meeting of the Borough Show and Entertainments Committee when consideration was given to the Hendon Show for 1953, it was decided to invite the General Purposes Committee to arrange a Civic Exhibit on the lines of that included in the Show for 1952.

RESOLVED TO RECOMMEND—That a Civic Exhibit be provided at the Hendon Show, 1953, and that the Chief Officers be instructed to submit a further report thereon to the Committee in due course.

6.—OFFICE ACCOMMODATION :

The Town Clerk reported that the Borough Show and Entertainments Committee at their last meeting considered the question of office accommodation for the Entertainments Officer, and decided to put forward a request that the room at present used as a staff canteen be made available as an office for the Entertainments Officer as so on as possible.

In submitting the report on the Civics Exhibition at the Hendon Show in 1952, the Borough Treasurer drew attention to the work of the Multilith machines and pointed out that on the removal of the staff canteen from the room and kitchen at present occupied, it was possible that accommodation might be available for the use of the Multilith Section of his Department.

RESOLVED-That these matters be referred to the Office Accommodation Sub-Committee.

7.—BOROUGH BADGE :

The Town Clerk reported that, in accordance with the Council's decision (F.C., 24/6/52— 5), he had requested the College of Arms to supply a suitable flag incorporating the Borough Arms at a total cost not exceeding £40.

On receipt of the drawing submitted by the College of Arms, a more comprehensive design was suggested. The College of Arms had pointed out, however, that only the arms could be emblazoned on a flag of the type which had been requested, and that the alternative would be a Standard, which could only be flown by a corporation possessing a badge. The letter stated that to obtain a badge it would be necessary to submit a Memorial to the Earl Marshal and that the fees in connection with the grant of a badge would amount to $\pounds 52$ 10s. 0d.

The Town Clerk stated that this matter was referred during the Recess to His Worship the Mayor, who had asked that the General Purposes Committee should consider making an application for the grant of a badge.

After discussion, the Committee

RESOLVED TO RECOMMEND-That no action be taken in this matter.

8.—RIFLE RANGE AT COOL OAK LANE:

The Town Clerk reminded the Committee that at their last meeting, they received a letter from the Hendon Rifle Club seeking an extension of their lease of the Rifle Range at Cool Oak Lane for a further period, and asking whether the Council could grant assistance to the Club. He stated that the first request had been considered by the Estates, Parks and Allotments Committee, who were recommending the Council, subject to the consent of the Minister of Housing and Local Government, to grant a lease of the Rifle Range for 21 years from the expiry of the present lease at the present rental of £15 per annum.

The Committee were informed that the Hendon Rifle Club had offered to send representatives to explain their application more fully.

RESOLVED-

- That at their next meeting, the Committee receive representatives of the Hendom Rifle Club to discuss their application.
- (2) That the Town Clerk be instructed to consult the Ministry of Housing and Local Government on this matter, and to request the Hendon Rifle Club to submit in advance copies of their latest accounts, information as to their membership and a memorial setting out the details and grounds of their application.

9.-HENDON AIR RAID DISTRESS FUND :

The Town Clerk reminded the Committee that at their meeting in September, 1950, the Finance and General Purposes Committee gave consideration to the future of the Hendon Air Raid Distress Fund. They had instructed the Borough Treasurer to arrange for suitable investment of the Fund and decided to review the matter after two years.

The Committee accordingly gave consideration to this matter, and to the observations of the Borough Treasurer, and

RESOLVED TO RECOMMEND—That, subject to any necessary consents and to the Town Clerk being satisfied as to the legal position, the sum standing to the credit of the Hendon Air Raid Distress Fund be now transferred to the Mayor's Benevolent Fund.

10.—AMENDMENT OF STANDING ORDERS:

ale

The Town Clerk reported that he had been in consultation with the other Chief Officers with regard to amendments of the Standing Orders, some of which were necessitated by recent decisions of the Council and some of which the Officers wished to put forward for consideration. He stated that the various amendments had been collated and it was hoped to submit a report thereon at the next meeting of the Committee. Noted.

The Town Clerk reported that, as instructed (G.P.C., 31/3/52-2), he had written to the Association of Municipal Corporations asking that representations should be made to the Government for the amendment of existing legislation so as to permit local authorities to create revenue reserves on broad and general lines.

He submitted a reply stating that the General Purposes Committee of the Association did not feel able to recommend amending legislation of this kind. They felt that Parliament, which had hitherto not agreed to the creation of a reserve for general or unspecified purposes, would be even less likely to agree to the creation of a reserve for future contingencies. They pointed out that the rise in costs is not peculiar to local government, that while the general increase in rates was causing disquiet, the continual postponement of revaluation was considered to be one of the contributory causes and that the Association have, throughout, objected to the form and amount of the Exchequer Equalisation Grant. Noted.

12.-NATIONAL INSURANCE ACTS-LOCAL TRIBUNALS :

The Town Clerk referred to the Council's decision in March, 1952, to nominate Alderman Curton for appointment to the panel of representatives of employers from which persons are drawn to sit on the local tribunal under the National Insurance Acts for this area, and stated that Alderman Curton had been appointed to the panel with effect from 1st April, 1952. Noted.

13.-INTERNATIONAL UNION OF LOCAL AUTHORITIES :

The Town Clerk reported that, as instructed, he had communicated with the Ministry of Housing and Local Government with regard to the Council's proposed contribution of $\pounds 10$ towards the deficit arising out of the holding of the International Congress of Local Authorities at Brighton in 1951, and that the Minister had given the necessary sanction in this matter. Noted.

14.-MINISTRY OF HEALTH v. STAFFORD CORPORATION :

At their meeting on 7th July, 1952 (G.P.C., 23/6/52-22) the Council authorised a contribution not exceeding 15 guineas towards the costs incurred by the Stafford Corporation in litigation relating to the transfer of land under the National Health Service Act, 1946.

The Town Clerk reported that the appeal by the Stafford Corporation had been allowed by the Court of Appeal, and costs were awarded to the Corporation. Leave to appeal to the House of Lords was granted to the Minister on the understanding that the award as to costs by the Court of Appeal would not be disturbed. This Council would, therefore, not be called upon to make any contribution in the matter unless the Minister decided to appeal to the House of Lords. Noted.

15.—CITY OF SINGAPORE—GIFT OF PICTURES :

The Committee learned with pleasure of the receipt of a letter by His Worship the Mayor from the President of the City Council of Singapore expressing appreciation of the gift of pictures by the Borough Council to the City of Singapore, and conveying greetings to the people of Hendon.

16.—ASSOCIATION OF MUNICIPAL CORPORATIONS—STANDING COMMITTEES :

The Town Clerk submitted a letter from the Association of Municipal Corporations inviting the submission of nominations before 31st October in respect of the Standing Committees of the Association for 1953.

RESOLVED TO RECOMMEND—That, subject to the concurrence of the members named, the Town Clerk be instructed to submit the following nominations for membership of Standing Committees of the Association :--

Councillor A. V. Sully—Education Committee. Alderman A. A. Naar—General Purposes Committee. Councillor (Miss) M. Eaton—Health Committee. Alderman R. J. Knowles—Housing Committee. Councillor H. M. Matthews—Rating Committee. Councillor L. C. Chainey—Town Planning Committee.

17.-LOCAL GOVERNMENT IN MIDDLESEX :

Th Town Clerk reported that the Local Government Conference which is considering the delegation of functions and the re-organisation of local government within the County of Middlesex had set up four sub-committees to consider in regard to four services whether and in what way greater and fuller delegation can be achieved within the framework of the existing law. He stated that the Health Sub-Committee had invited the Council to forward for consideration before 18th October any views or suggestions they may have on this subject.

RESOLVED TO RECOMMEND—That the Chairman of the Committee, in consultation with the Town Clerk, be authorised to settle on the lines indicated by the Committee and recorded in MS. in their Minute Book the form of the statement to be submitted in this connection.

18.—CORONATION CELEBRATIONS, 1953:

The Town Clerk reported that a special sub-committee set up by the Middlesex County Council had decided to recommend that Borough and Urban District Councils in Middlesex should be invited to join with the County Council in a Loyal Address to Her Majesty The Queen on the occasion of her Coronation.

Similar action was taken on the occasions of the Silver Jubilee of King George V and the Coronation of King George VI, when an Address was prepared incorporating a separate page, the Arms (where appropriate) and Seal of each local authority.

RESOLVED TO RECOMMEND—That the Council join with the County Council and other Local Authorities in Middlesex in a Loyal Address to Her Majesty The Queen on the occasion of her Coronation.

19.—HENDON WAR MEMORIAL:

The Town Clerk reminded the Committee that in 1949 enquiry was made of the various branches of the British Legion in the Borough whether they contemplated making any additions to the Hendon War Memorial and, if so, whether they proposed to apply for the Council's support.

He reported that this matter had been under consideration by the British Legion who now propose that an addition should be made to the War Memorial referring to the 1939-1945 War and asked that the Memorial should be repaired and that the posts and chains surrounding it should be renewed.

The Borough Engineer and Surveyor submitted a report on the proposals and the cost likely to be involved.

RESOLVED TO RECOMMEND-

- (1) That the Borough Engineer and Surveyor be instructed to carry out immediately the necessary renovation of the War Memorial.
- (2) That a supplementary estimate of £200 be approved to meet the necessary expenditure.
- (3) That the officers be instructed to continue their consultation with the British Legion and submit a further report on this matter at a future meeting.

20.-PUBLIC HALL-EDGWARE :

The Town Clerk submitted a letter from the Edgware Ratepayers' Association stating that at a meeting of representatives of local organisations held in June, it was unanimously resolved to urge the Council to provide Edgware with a hall so that advantage might be taken of the offer made by the Express Dairy Co. Ltd. to present the stage equipment and seating of the Express Hall to local associations.

The Association suggested that the site adjoining the new temporary library could be used and that the hall might be an extension of the library and, if necessary, a temporary structure.

The Town Clerk also submitted a further letter suggesting that the opportunity might be taken during Coronation Year to construct a Queen Elizabeth Coronation Memorial Hall in Edgware.

He also reported the receipt of later information from the Association that, having regard to the siting of the temporary branch library and the fact that a permanent library erected on the site would presumably be a larger building, the Association felt that there is unlikely to be sufficient accommodation for a public hall there, and suggested that consideration should be given to the use of the adjoining civic restaurant site.

He reminded the Committee that the latter site is at present let on lease.

The Committee considered the application sympathetically, but were of opinion that the library site at Hale Lane would be insufficient to accommodate a public hall. They also had in mind the terms of Circulars Nos. 5/50 and 54/52, calling attention to the need for restraint on capital expenditure.

After discussion, it was

RESOLVED TO RECOMMEND—That the Town Clerk be instructed to enquire of the Edgware Ratepayers' Association what additional sites they wished to suggest for the erection of a public hall and what contribution they and the local organisations supporting the request would be prepared to make towards the cost of such a hall in the event of the Minister of Housing and Local Government authorising the capital expenditure involved.

21.-EXPRESS HALL, EDGWARE :

The Town Clerk reported that, as instructed at the last meeting, he had enquired of the Express Dairy Co. whether they would be prepared to place the equipment and seating of the Express Hall, Edgware, in the custody of the Council for the use of local organisations when required. The Company had informed him that the equipment and seating had been offered to the Edgware Ratepayers' Association, and he had accordingly taken up the matter with the Association.

The Town Clerk reported that the Secretary of the Edgware Ratepayers' Association had informed him that the Association had been unable to make arrangements for the storage of the equipment but had pointed out that it consisted of more than 300 heavy tip-up seats and a large quantity of stage equipment and that its storage would appear to present a serious problem.

After full consideration, the Committee, while wishing to assist the local organisations to accept the offer of the Express Dairy Co., concluded that the Council had no available storage space for the quantity of seats and equipment indicated, and

RESOLVED TO RECOMMEND—That the Town Clerk be instructed to inform the Edgware Ratepayers' Association accordingly, but to point out that arrangements might be made at a local hall for the temporary storage of the equipment until it can be used by the Edgware Associations, and to suggest that the Ratepayers' Association should ask the Express Dairy Co. if they would agree to such an arrangement.

22.—COLNE VALLEY WATER COMPANY :

(a) Increases in Charges.

The Town Clerk reported that an application recently made by the Colne Valley Water Co. for an Order authorising an increase of 30% in their authorised charges had been considered by the Minister of Housing and Local Government, who had decided to allow increased charges of $21\frac{1}{2}$ with effect from 25th December, 1952. In view of the fact, however, that the Defence Regulations under which the Order was to be made were due to expire before that date and consequent doubts as to the competence of the Minister to make such an Order, the increases had been authorised to be operative from 29th September, 1952. The Minister had, however, been given an undertaking under Seal by the Colne Valley Water Company that they would not levy the increased charges until 25th December. Noted.

(b) Hardness of Water.

In July, 1949, the Council were represented at a conference of local authorities whose districts were served by the Colne Valley Water Co. to discuss the possibility of securing a supply of softer water. The matter was not pressed at that stage.

The Town Clerk reported that the question had recently been raised again, and it appeared that the hardness of water supplied had increased during recent months. The Wembley Borough Council, who had convened the earlier conference, had, therefore, enquired whether this Council would be prepared to appoint representatives to attend another conference to discuss what action, if any, could be taken to secure a reduction of the hardness of the water supplied by the Company.

RESOLVED TO RECOMMEND—That the Council agree to take part in the conference referred to and that Alderman Curton and Councillors Patmore and Sharpe be appointed to represent the Council at the conference.

23.—HENDON FOOD CONTROL COMMITTEE:

The Town Clerk referred to the provisions of the Food Control Committees (Constitution) Order, 1943, dealing with the nomination of persons to serve on the Food Control Committee and stated that the Regional Food Officer had asked to be supplied by 31st October with the names of the persons nominated by the Council for appointment to the Committee for 1953.

The Council are to appoint before 31st December, 1952, those persons included in the list of nominations who are approved by the Minister of Food. The Town Clerk stated that all the Consumer Members of the Hendon Food Control Committee had intimated their willingness to serve for 1953. He also submitted the nominations received from the various organisations for Trade, Trade Employee, and Trade Union Consumer Members.

RESOLVED TO RECOMMEND—That the Town Clerk be instructed to submit to the Regional Food Officer the nominations set out below for membership of the Hendon Food Control Committee for 1953 :--

The Town Clerk reminded the Committee of the arrangements made with G. W. May Ltd., for publication of the Official Guide to Hendon over a period of three years expiring in December next, and stated that the publishers were prepared to issue a new edition completely revised and brought up to date as required.

465

They would supply a minimum of 1,000 copies to cover a period of two years and no financial cost or liability would attach to the Corporation.

RESOLVED TO RECOMMEND—That the proposal of G. W. May Ltd. be accepted and that the Town Clerk be instructed to make the necessary arrangements.

25.—CYCLING IN PARKS :

The Town Clerk reported that, in pursuance of the executive power granted to him, he had instituted proceedings against a 17-year-old schoolboy for a contravention of the Council's Bye-law prohibiting cycling in Watling Park.

The summons was heard on the 30th July, 1952, when the defendant pleaded guilty and was fined 10s. 0d. Noted.

26.-NATIONAL WOMEN CITIZENS' ASSOCIATION :

The Town Clerk submitted notice of the Twelfth Conference of Women Members of Local Authorities organised by the National Women Citizens' Association to be held on 24th October, 1952, at Caxton Hall, Westminster.

The Council were invited to appoint a woman representative and the cost of admission was 10s. 6d.

The conference is not included in the list of those approved by the Council.

RESOLVED TO RECOMMEND-That no action be taken in this matter.

27.—CIVIC EXHIBIT—HENDON SHOW, 1952:

The Borough Treasurer submitted a statement of the cost of staging the Civic Exhibit at the Hendon Show, 1952. He also sought instructions as to payment of expenses of certain supervisory staff in connection with their work on the Civic Exhibit outside their normal duties.

The Committee noted the report, and

RESOLVED—That the question of payment of expenses of members of the staff in connection with the Civic Exhibit be referred to the Establishment Committee for consideration, in conjunction with, and on the same basis as, the payment of expenses in connection with general show duties.

28.—BOROUGH LIBRARIAN—RE-ENGAGEMENT:

The Committee's attention was drawn to the Council's Resolution (F. & G.P.C., 29/3/49-36) concerning the re-engagement on a year to year basis of employees who have retired on superannuation allowance, and to the Council's decision (Est.C., 13/9/49-1) to re-engage Mr. J. (a) CORONATION CELEBRATIONS FOR 1953:

In accordance with the instructions of the Education Committee, consideration was given to the question of arrangements for Coronation Celebrations for school children in 1953, including children attending Independent Schools. The Town Clerk reported the receipt of a letter from the Clerk of the Middlesex County Council stating that it has now been decided that the County Council's gift to all school children of seven years of age and over shall be a copy of a revised edition of the booklet "The Crowning of the King and Queen." The estimated cost of this booklet is 1/6d. per copy. In addition the County Council will make per capita grants up to the limit of expenditure already approved, namely :---

- As respects children in the 3-7 age group, a per capita grant at the rate of 2/6d. to each Local Authority.
- 2. As respects children in the 7-11 age group, a per capita grant of 3/6d. in addition to the booklet.
- 3. As respects children in the 11 plus age group, a per capita grant of 6/- in addition to the booklet.

The letter also indicated that it was hoped it would be possible to incorporate a special frontispiece emblazoned with the Borough Coat of Arms if the Borough Council so desired and was agreeable to bear any necessary small addition to the expenditure involved. The Council's decision thereon was required to be notified to the Clerk of the County Council by the 18th October.

The Borough Education Officer reported that the County Council had made provision in their arrangements for the inclusion of children attending Independent Schools.

The Sub-Committee considered various proposals as to the manner in which the abovenamed per capita sums should be expended, and were of opinion that it would be desirable to obtain the views of the Head Teachers thereon.

RESOLVED, as a matter of urgency-

(i) That the Borough Education Officer be instructed to confer with the Head Teachers and to submit a further report to a Special Meeting of this Sub-Committee to be held at 5.30 p.m. on Tuesday, 21st October, 1952. RESC

The Town Clerk also reported the receipt of a letter from the National Association of Parents of Backward Children (Wealdstone Group) requesting the Authorities concerned to remember the backward children of the Borough when making plans to celebrate the Coronation, and to include them in any gift scheme, and that he had been informed by the Borough Education Officer that educable sub-normal children living in Hendon and attending the Oak Lodge Special School, Finchley, would be included in the Coronation arrangements to be made by the Finchley Divisional Executive.

RESOLVED TO RECOMMEND—That the Town Clerk be instructed to inform the Association referred to accordingly.

6-NORTH CIRCULAR ROAD :

On 7th July, 1952 (Hi.C., 9/6/52-21), the Council accepted the tender of the Eastern Electricity Board for cable works in connection with the improved lighting of the North Circular Road (Golders Green Ward) from Hendon Way to Edgware Road.

The Town Clerk reported that in dealing with the contract, the Board had asked that the Council's requirements for a Bond should be waived. The matter had been referred to the Chairman of the Committee who had, in the circumstances, agreed to the Board's request.

The Town Clerk further reported that a contract on the usual lines had been submitted to the Board, but he had been informed by the District Engineer that, in its present form, the contract might involve delay in the start of the work as the General Conditions incorporated therein would need the attention of the Board's legal advisers. The conditions in question were included in the contract in pursuance of the Council's Standing Orders, and could only be omitted in pursuance of a direction of the Committee, subsequently reported to the Council.

The Town Clerk reported that the Borough Engineer and Surveyor had made tentative arrangements for the commencement of the works within the next few weeks, and he sought instructions as to the form of contract.

After full consideration, the Committee

RESOLVED-

- (1) That the action taken by the Chairman be confirmed.
- (2) That no direction be given in this case under Standing Order 51 (A) (1), but that the Town Clerk be instructed to inform the Eastern Electricity Board that the Council propose to adhere to their conditions of contract in this and any future cases.

7.-ELSTREE HILL AND ELSTREE VILLAGE :

As instructed at the last meeting, the Borough Engineer and Surveyor submitted a further report on the improved lighting schemes for Elstree Hill and Elstree Village.

He pointed out that the draft agreement received from the Ministry of Transport provided for the Council not only to carry out the installation on behalf of the Harrow Urban District Council and the Elstree Parish Council (as previously agreed) but to be responsible for the maintenance of the installation.

This arrangement would present no difficulties in the case of Elstree Hill, where the lighting is shared jointly with the Harrow Urban District Council, but in regard to the remaining section through Elstree Village, which is in the County of Hertfordshire, a different arrangement appeared desirable. He, therefore, suggested that a separate agreement should be executed by the Minister, the Hertfordshire County Council and the Elstree Parish Council for that section, providing for this Council to carry out the installation work only, on behalf of the Elstree Parish Council as previously agreed.

RESOLVED TO RECOMMEND—That the proposal of the Borough Engineer and Surveyor be approved, and that the Town Clerk be instructed to inform the Ministry of Transport accordingly.

8.—ERSKINE HILL:

The Borough Engineer and Surveyor reported that the improved lighting for the remaining section of Erskine Hill (Garden Suburb Ward), together with Woodside, Chatham Close and the short section of Denman Drive, was brought into operation on 10th September, 1952. Noted.

9.—PROPOSED ADDITIONAL PROGRAMME FOR 1952/53 :

The Town Clerk submitted a letter from the Rural Dean of Hendon enquiring whether some improvement could be effected in the lighting of Algernon Road and other roads in the vicinity. The Borough Engineer and Surveyor reported that, owing to the fact that it would not be possible to carry out the whole of the improved lighting scheme on trunk roads in the current

year, a sum of money would be available within the approved estimate for providing improved year, a sum of money would be available within the stated that it was understood the lighting in a number of residential roads. He stated that it was understood that the limit of expenditure which could be undertaken without an authorisation under Defence Regulation 56A was likely in the near future to be raised from £500 to £750, and he submitted a programme on this basis for the installation of improved lighting in the following roads during the current financial year :-

60-watt :

Highfield Avenue, Rookery Way, Sheaveshill Avenue (Edgware Road to Colindeep Lane), Rushgrove Avenue, Dunstan Road, Park Road (Edgware Road to Sevington Road), Audley Road (Vivian Avenue to Park Road).

45-watt :

The Loning, Clovelly Avenue, Lynton Avenue, Colin Park Road, West Heath Avenue, Vicarage Road, Algernon Road, Dallas Road, Mount Road, Montagu Road, Dartmouth Road, Bertram Road, Brent Park Road.

RESOLVED TO RECOMMEND-That the programme submitted by the Borough Engineer and Surveyor be approved.

10.—FLOWER BOWLS ON LAMP COLUMNS:

The Borough Engineer and Surveyor reported that the North Thames Gas Board had been informed of the Council's intention to attach flower bowls to a number of main road lamp columns which are the property of the Board, and had asked that the Council should give an assurance, in writing, indemnifying the Board against any action, damage or accident which might be caused through the fitting of the flower bowls or through their preventing the Board from carrying out their obligations under the Public Lighting Agreement. He stated that provision was being made in the construction of the bowls to facilitate the carrying out of maintenance work to the lighting installation by the Board.

RESOLVED TO RECOMMEND-That the Town Clerk be authorised to give to the North Thames Gas Board an indemnity in a suitable form.

11.-FINCHLEY ROAD-'BUS STOPPING PLACES AND GUARD RAILS:

In accordance with the intention expressed at their last meeting, the Committee received a deputation from the Garden Suburb School Parents' Association, to discuss the question of provision of guard rails at the 'bus stops in Finchley Road (Garden Suburb Ward) near the school. The deputation consisted of Mrs. V. Thilo and Mrs. V. Leff.

The members of the deputation spoke in support of the Association's request that guard rails should be placed at the 'bus stops in order to prevent children in the queues being pushed into the road, and gave further information as to conditions at the stopping places.

The Committee also had before them a report of the Borough Engineer and Surveyor on observations taken recently at these points.

After the withdrawal of the deputation, the Committee gave further consideration to this matter, and concluded that the provision of guard rails at the stopping places in question could be justified. They instructed the Town Clerk to bring to the notice of the Parents' Association certain suggestions which had been put forward in the discussion for improving the conditions, and

RESOLVED TO RECOMMEND-That, subject to the approval of the Middlesex County Council, a 24-foot length of guard rail, with wire mesh, be provided at the 'bus stops on each side of Finchley Road in the vicinity of the Garden Suburb School.

At their last meeting the Committee had under consideration a suggestion that a piece of land adjoining the Ionic Cinema Car Park, Finchley Road (Childs Hill Ward) might be acquired for the provision of parking facilities off the highway. Consideration of the matter was deferred to enable members of the Council residing in or representing the area in question to submit their views on the proposal.

The Town Clerk submitted observations on this matter received from Alderman Copestake and Councillors Barnes, (Miss) Eaton, (Mrs.) Thornycroft and Warnock.

After further consideration of this matter, the Committee decided that the disadvantages of the proposal would outweigh the advantages, and they

RESOLVED TO RECOMMEND-That no action be taken in the matter.

13.-GOLDERS GREEN-'BUS STOPPING PLACES :

(a) Post Office.

As a result of a suggestion made by Councillor Barnes in connection with the foregoing item, the Committee

RESOLVED TO RECOMMEND-That the Town Clerk be instructed to make representations to the London Transport Executive for an alteration of the 'bus stopping places near the Post Office in Finchley Road to avoid the obstruction of Rodborough Road by 'buses.

(b) Lido Cinema.

The Town Clerk reminded the Committee that in January last, he had been instructed to ask the London Transport Executive to provide an additional request stop in Golders Green Road (Golders Green Ward) in the vicinity of the Lido Cinema. He reported that, with effect from 15th September, 1952, an additional request stop had been provided opposite 214, Golders Green Road, in the vicinity of Russell Gardens, and that the 'bus stop outside Eagle Lodge had been re-sited at a point outside the Central Entrance of Nos. 1-8, Eagle Lodge.

The Ministry of Transport had indicated that the working of these stopping places would be reviewed after an experimental period, and in the absence of any observations from the Council, the London Transport Executive would be asked to continue to observe the stopping places.

RESOLVED TO RECOMMEND-That the Town Clerk be instructed to inform the Ministry of Transport that the Council have no adverse comments to make on the new stopping arrangements.

14.—PEDESTRIAN CROSSINGS :

(a) Edgware Road.

The Town Clerk submitted a petition signed by 140 residents in the vicinity of Southbourne Avenue and Holmstall Avenue, asking that the Council should make strong representations to the Ministry of Transport for the provision of a pedestrian crossing on The Hyde (West Hendon Ward) near its junction with those roads.

The Borough Engineer and Surveyor submitted an enquiry from a local firm whether the Council would consider the installation of a pedestrian crossing at The Hyde (West Hendon Ward) near its junction with Garrick Road, in view of the fact that the firm's employees experience considerable difficulty in crossing the road at this point.

The Committee were reminded that the policy of the Ministry of Transport is not to provide pedestrian crossings at points where they are likely to be used at intermittent or specific times only, and that traffic conditions on Edgware Road were under consideration by the Road Safety Campaign Sub-Committee.

RESOLVED TO RECOMMEND-

- (1) That the Town Clerk be instructed to request the Ministry of Transport to provide a pedestrian crossing in The Hyde, near its junction with Southbourne Avenue and Holmstall Avenue.
- (2) That consideration of the provision of a pedestrian crossing in The Hyde, at its junction with Garrick Road, be deferred until the Road Safety Campaign Sub-Committee have completed their investigation into conditions on that road.

(b) Deansbrook Road.

The Town Clerk submitted a letter from the Watling Community Association referring to dangers to which pedestrians and motorists are exposed on the crossings at (a) Edgware Road and Deansbrook Road, and (b) Deansbrook Road and Orange Hill Road (Burnt Oak Ward).

The Association asked that consideration should be given to the provision of traffic signals at the Edgware Road junction and pedestrian crossings at the Orange Hill Road junction.

After full consideration of this matter, the Committee concluded that traffic signals and/or pedestrian crossings were not justified at the points in question, and

RESOLVED TO RECOMMEND-That no action be taken in these matters.

(c) Lighting of Beacons.

The Town Clerk reported that as instructed at the last meeting, he had written to the Ministry of Transport stressing the need for uniformity of practice in indicating pedestrian crossings, and stating that whilst the Council do not consider the proposed flashing lights to be the best method of dealing with the matter, they ask that the question should be dealt with by an amendment of the Regulations making the lighting of the beacons compulsory. He stated that, in the meantime, he had received Circular No. 685 enclosing a specification for the guidance of local authorities in inviting tenders for equipment to light the beacons, and setting out principles on which local authorities should proceed.

The Circular indicated that when the Regulations are amended to make the lighting of beacons compulsory, crossings will be deprived of their legal status so long as the lights are extinguished.

The Minister expressed the hope that with the help of the specification, local authorities would be able to proceed with their arrangements for the lighting of beacons so that they would be in operation to the greatest practicable extent during the coming winter.

RESOLVED TO RECOMMEND—That no action be taken in this matter pending the amendment of the Regulations to make the lighting of beacons compulsory.

15.-WATFORD WAY AND HENDON WAY-SPEED LIMIT :

The Town Clerk reported the receipt of information from the Ministry of Transport that the London and Home Counties Traffic Advisory Committee had recently considered the proposal to extend the existing 30 m.p.h. speed restriction on Watford Way and Hendon Way, and had recommended that, subject to the approval of the Council, the restrictions should be extended northward from The Burroughs to Colindeep Lane, a distance of 530 yards (Central and Park Wards). He stated that the Ministry of Transport had enquired whether the Council approve this recommendation.

RESOLVED TO RECOMMEND—That the Town Clerk be instructed to inform the Ministry of Transport that the Council are in agreement with the recommendation.

and 16.-JUNCTION OF HAMPSTEAD WAY AND MEADWAY :

The Borough Engineer and Surveyor reported that as instructed at the last meeting, he had given consideration to the siting of the traffic signs at the junction of Hampstead Way and Meadway (Garden Suburb Ward). Having regard to the number of trees in the vicinity of the junction, he had concluded that it would be difficult to improve the siting, but he had arranged for the signs and the "Slow" markings on the carriageway to be repainted.

The Committee noted the report, and

RESOLVED TO RECOMMEND—That the action taken by the Borough Engineer and Surveyor be confirmed.

17.—SANDERS LANE BRIDGE :

At their meeting on 4th February, 1952 (Hi.C., 7/1/52-38), the Council decided to apply for loan consent in respect of the demolition and reconstruction of Sanders Lane Bridge (Mill Hill Ward) and the road works and approaches.

The Town Clerk submitted a letter received from the Mill Hill East Community Association complaining of the apparent lack of progress in this matter, and informed the Committee of the position with regard to the negotiations with the Railway Executive and the Council's application for loan consent. He stated that the Ministry of Transport were not satisfied that the proposal satisfied the very strict criteria contained in Circular 680. Additional information was being supplied to the Ministry on this point.

The Committee noted the report, and

RESOLVED TO RECOMMEND—That the Town Clerk be instructed to send a suitable reply to the Association.

18.-JUNCTION OF PURCELLS AVENUE AND EDGWAREBURY LANE:

The Town Clerk submitted a letter from the Edgware Ratepayers' Association asking that the Council should widen the pavement at the corner of Purcells Avenue and Edgwarebury Lane (Edgware Ward). The Association stated that their President, Mr. E. O. Robinson, one of the frontagers at this point, was willing to give up a portion of his garden for this purpose, and suggested that if the neighbouring owner would do the same, the improvement could easily be carried out.

- (3) That authority be given for the payment of the reasonable legal costs of the owners and for the Corporate Seal to be affixed to any necessary documents.

19.-THE FAIRWAY PRIMARY SCHOOL_ACCESS FROM KENILWORTH ESTATE.

The Town Clerk reminded the Committee that His Worship the Mayor, acting under Recess Powers, had given authority for the provision of a new footpath linking the Fairway with the Kenilworth Housing Estate (Edgware Ward) through land owned by the Raiiway Executive.

The Middlesex County Council, as local education authority, had agreed to contribute £110, being half the estimated cost of the work, in view of the benefit to children of the Fairway School.

The Town Clerk reported that the form of easement offered by the Railway Executive contained a condition that the Corporation should indemnify the British Transport Commission against any liability arising as a result of the granting of the easement. The proposed indemnity was not limited as to amount, but the Committee were informed that the Council could insure against a liability of this kind up to a maximum of £100,000.

RESOLVED-

- (1) That the Town Clerk be instructed to execute the easement agreement in the form offered by the Railway Executive, and the Borough Treasurer be instructed to take out an insurance against the liability to the maximum extent possible.
- (2) That the Middlesex County Council be asked to pay half the insurance premium involved.

RESOLVED TO RECOMMEND-That the action taken be confirmed.

20.—DIRECTION SIGNS:

The Borough Engineer and Surveyor submitted an application from the Chief Ordnance Officer for permission to affix direction signs, additional to that authorised at the last meeting of the Council, to 5 lamp columns in the Mill Hill and Central Wards indicating No. 101 Equipment Ammunition Depot, Frith Lane.

The Committee were of opinion that the sign already authorised would give sufficient guidance in the vicinity of the Equipment Ammunition Depot, and

RESOLVED TO RECOMMEND-That the permission sought be not granted.

21.-JUNCTION OF HARTLAND DRIVE AND BROADFIELDS AVENUE, EDGWARE:

The Borough Engineer and Surveyor reported that John Laing & Son, Ltd. were prepared to convey to the Council a small piece of land on the west side of Broadfields Avenue at its junction with Hartland Drive (Edgware Ward) where the boundary to Broadfields Avenue as originally proposed partly encroached on the irregular boundary of the ancient highway.

"That the British Transport Commission be asked to give RoSPA free advertising on all vehicles under their control for a reasonable period." Noted.

3.-RICHMOND AND BARNES JOINT ROAD SAFETY COMMITTEE :

The Town Clerk submitted a letter from the above Committee seeking the Council's support to the two following recommendations which had been transmitted by the Richmond and Barnes Joint Road Safety Committee to the Minister of Transport, The Royal Society for the Prevention of Accidents and the local Member of Parliament.

"That this Committee deplores :

- (i) the present method of issuing Road Fund Licences without any test as to the fitness of the car to be allowed on the road, and

It was reported that both resolutions were considered by the London Council for the Prevention of Accidents at its last meeting, when the following resolution was passed :--

"That the chain of testing stations for vehicles be not proceeded with at the present time in view of financial stringency, but that the powers of the police to test vehicles be strengthened."

The London Council decided that no action should be taken regarding Item (ii). In view of the action of the London Council for the Prevention of Accidents, the Sub-Committee

RECOMMEND-That no action be taken in this matter.

The Borough Engineer and Surveyor submitted a revised estimate amounting to £265 for carrying out the works for which this Committee are asked to accept responsibility. No provision for this expenditure has been made in the current rate estimates.

RESOLVED TO RECOMMEND_

- (1) That the estimate amounting to £265 be approved and that the Borough Engineer and Surveyor be instructed to arrange for the necessary work to be undertaken.
- (2) That a supplementary estimate be approved to cover the expenditure involved.

3.-MALCOLM PARK-LAY-OUT OF CHILDREN'S PLAYGROUND :

With reference to the decision of the Council to accept, on certain conditions, a grant of £300 from the National Playing Fields Association towards the cost of laying out a children's playground in Malcolm Park, the Town Clerk submitted a letter from the Deputy Secretary of the Association stating that while appreciating the position of the Council, he regretted that he could not advise the Association to depart from the standard conditions.

Consideration was given to a resolution passed by the Council on the recommendation of the Housing Committee requesting this Committee to arrange for the preparation by the Parks Section of land forming the forecourt area of the above-mentioned Housing Site as a greensward, on the understanding that the costs involved will be chargeable to the Housing Capital Account.

534

RESOLVED—That consideration of the matter be deferred pending the submission of further reports by the appropriate Officers.

-CHURCH FARM HOUSE :

The Committee gave further consideration to the question of the appropriation for open space purposes, of an area of land situate at Church Farm, Hendon, their previous recommendation on the matter having been withdrawn at the last meeting of the Council. The Town Clerk informed the Committee that the Libraries Committee had also given further consideration to the question of the appropriation of a part of the site required for museum purposes, and indicated the decision of the Committee as set out in Item 2 of the report of the Libraries Committee. The Estates, Parks and Allotments Committee, however, are of opinion that it is desirable that the whole area of land with the exception of the actual Church Farm House building should be appropriated for open space purposes, the portion of the site at present occupied for housing purposes being retained for this purpose for the time being.

RESOLVED TO RECOMMEND-

- (1) That the Town Clerk be instructed to make application to the Minister of Housing and Local Government for consent to the appropriation for public open space purpezes of the land shown on Plan No. T.P.599/OC/1835 having an area of 2.351 acres.
- (2) That the building at present occupied by Council tenants be continued to be used for housing purposes for the time being.

7.—LAND, NORTH CIRCULAR ROAD—LEASE TO ANCHOR GLASS COMPANY, LIMITED :

With reference to the Council's decision to grant a lease to the Anchor Glass Company, Limited (formerly Youngsigns, Ltd.) of approximately .64 acre of land fronting the North Circular Road, the Town Clerk reported that slight adjustments to the area of land to be leased had been suggested. These adjustments have the effect of increasing the area to be leased to the Company to .69 acre. The District Valuer has confirmed that, in his opinion, the amendments proposed do not affect his previous recommendation. The Minister of Housing and Local Government has indicated that he is prepared to give consent to the lease in respect of the larger area of land.

RESOLVED TO RECOMMEND-

(1) That, subject to the consent of the Minister of Housing and Local Government, the Council grant a lease, in a form to be approved by the Town Clerk, to the Anchor Glass Company, Limited, of an area of .69 acre of land fronting the North Circular Road on the terms previously agreed.

(2) That the Corporate Seal be affixed to any necessary documents.

8.-FARMHOUSE, BURTONHOLE LANE, MILL HILL:

Consequent upon their previous recommendation in relation to this matter being withdrawn at the last meeting of the Council, the Committee gave further consideration to the question of the future user of the property. The Town Clerk submitted a comprehensive report with regard to the legal position and also reported the receipt of letters from a Mr. A. Passmore enquiring whether the Council would consider the sale of the premises with a view to him making the building habitable for personal occupation, and from a Mr. R. F. Shaw enquiring as to whether the Council would consider selling the freehold or granting a long lease in order that he could occupy the premises for residential purposes.

RESOLVED TO RECOMMEND-

- (1) That, subject to the consent of the Minister of Housing and Local Government, the Council approve, in principle, the granting of a lease in a form to be approved by the Town Clerk of the above-mentioned property for a period not exceeding 99 years at a rent of £14 per annum on the condition that the lessee carries out substantial repairs and decorations to the property and maintains it to the satisfaction of the Council.
- (2) That the Town Clerk be instructed (a) to issue an advertisement inviting applications from interested persons with a view to the property being leased on the fore-going terms and conditions; (b) to notify the Council's proposals to those persons who have previously made enquiry regarding this property, and (c) to request the Housing Officer to inform any persons on the Housing Waiting L'st likely to be interested in the proposals.

9.-DEANSBROOK PLAYGROUND :

The Borough Engineer and Surveyor revorted that the land at the rear of Shepherd's Garage, Edgware Road, which has recently been purchased by the Council for the purposes of a children's playground, was in an untidy condition due to the dumping of waste material and it is essential that the land should be cleared and fenced. He pointed out that the site, which is very small (.285 of an acre), is restricted for a children's playground and is in close proximity to residential property. Any noise and possible interference to private property resulting from the use of the land as a playground might prove a source of annoyance to adjoining residents. The Borough Engineer and Surveyor estimated the cost of clearing and fencing the site at $\pounds150$; but if the site were laid out as a playground with equipment a further expenditure of $\pounds1,000$ would be involved. If, however, the land was levelled and paved only, the additional cost would be approximately $\pounds640$. The cost of laying out the site as a public garden was estimated at $\pounds350$.

RESOLVED TO RECOMMEND-

- That the land be fenced and laid out as a public garden at an estimated cost of \$500, and
- (2) That a supplementary estimate be approved to cover the cost involved.

10.—STONEGROVE PARK—MODEL YACHT AND PADDLING POOL:

The Borough Engineer and Surveyor reported that, in accordance with the Committee', instructions, he had given further consideration to the question of the water supply to the mode' yacht and paddling pool in Stonegrove Park, and stated that in order to ensure a constant suppl of water to the pool it would be necessary to renew a certain amount of defective piping at a estimated cost of £150. No provision has been made in the current rate estimates for this work, which cannot be carried out until the notices to quit served on the allotment holders expire on the 31st December, 1952.

RESOLVED TO RECOMMEND-

- (2) That the Corporate Seal be affixed to any necessary documents.

(b) Pre-cast Concrete Ditching.

The Borough Engineer and Surveyor reported that in connection with the improvement works recently carried out to the bowling green in Mill Hill Park it had been found necessary to renew the wood edging to the ditch, and he suggested that it should be replaced with pre-cast concrete ditching at an estimated cost of $\pounds100$.

RESOLVED TO RECOMMEND—That the Borough Engineer and Surveyor be instructed to arrange for the provision of pre-cast concrete ditching to the bowling green, at an estimated cost of £100, and that a supplementary estimate be approved to cover the expenditure involved.

17.—BURTONHOLE FARM—RECONSTRUCTION OF COWSHEDS :

It was reported by the Borough Engineer and Surveyor that the final account amounting to $\pounds 2,960$ 18s. 10d. in respect of this contract had now been received. During 1949 and 1950 payments amounting to $\pounds 2,356$ were made leaving a sum of $\pounds 604$ 18s. 10d. still to be dealt with subject to final agreement. He anticipated that a contribution of $\pounds 130$ would be received from the War Damage Commission in respect of the damage to the old buildings which were demolished. As no provision appears in the estimates for the current year it will be necessary for a supplementary estimate of $\pounds 850$ to be approved to cover the expenditure involved. In addition, the Contractors' Account also includes a sum of $\pounds 340$ 3s. 4d. relative to War Damage Commission.

The Committee duly noted the position, and

19.-WEST HENDON PLAYING FIELDS :

(a) Conveniences.

It was reported by the Borough Engineer and Surveyor that the conveniences in these playing fields are in a very poor condition largely due to the amount of damage caused by unknown persons. He estimated the cost of repairing the present damage at £250 and pointed out that it is of little use carrying out the work unless the building is protected with chain link fencing 6 ft. high. He estimated the cost of the provision and erection of the chain link fencing at $\pounds 60$. No provision has been made in this year's estimates for carrying out the work.

RESOLVED TO RECOMMEND

- (1) That the Borough Engineer and Surveyor be instructed to carry out the necessary repairs to the conveniences and to erect chain link fencing at a total estimated cost of £310, and
- (2) That a supplementary estimate be approved to cover the expenditure involved.
- (3) That the Borough Engineer and Surveyor be instructed to arrange for the erection of warning notices in a form to be approved by the Town Clerk drawing attention to the penalties to which persons are liable for causing damage to public property.

(b) Damage to Goal Posts.

The Borough Engineer and Surveyor submitted a report with regard to damage recently caused to the goal posts in the West Hendon Playing Fields. He suggested that the only possible remedy would be for the Clubs using the pitches on Saturdays and Sundays to erect and remove the goal posts before and after matches.

RESOLVED TO RECOMMEND-That the Borough Engineer and Surveyor's suggestion with regard to the erection and removal of goal posts be approved, and that he be instructed to investigate the possibility of reinforcing the goal posts.

Further,

RESOLVED-That the Borough Treasurer be instructed to report to the Finance Committee on the question of the insurance of any liability involved.

(c) Proposed Pavilion.

The Borough Engineer and Surveyor reported that provision has been made in this year's estimates of capital expenditure for the construction of a pavilion, at an estimated cost of £3,000, and he submitted, for the consideration of the Committee, a plan of the new pavilion comprising dressing room accomodation with ablutions.

RESOLVED TO RECOMMEND-That having regard to the considerable amount of damage being caused to the Council's property in these playing fields no steps be taken for the construction of a pavilion at the present time.

20.-LAND UNDER CULTIVATION :

At the last meeting the Borough Engineer and Surveyor reported that the yield of wheat from the land under cultivation had been falling off during the past three years. In accordance with the Committee's instructions he had consulted the Middlesex Agricultural Executive Committee on the matter and had ascertained that they were most anxious that no land at present cultivated should go out of cultivation. The Executive Committee have inspected the land of the Council under cultivation and expressed their satisfaction with its general appearance and condition and have suggested that it would not be necessary to fallow Copthall this coming year but to crop the whole area next Spring and re-seed about 30 acres by hand sowing in the Spring with clover ley, and repeat this process over the whole area instead of fallowing. Similar treatment is suggested

for the portions of Mill Hill Golf Course and Arrandene. The Executive Committee have expressed the view that the cropping of the whole of the Council's land now under cultivation could be continued successfully and profitably on this basis and they will be submitting in due course, a soil analysis of the various lands with suggestions for appropriate fertilisation.

A small area, approximately 4 acres of Edgwarebury Park, is at present farmed but as it is completely detached from any other farmed land, the Borough Engineer and Surveyor suggested that it be taken out of cultivation and grassed as part of the Park next year.

RESOLVED TO RECOMMEND—That the suggestions of the Middlesex Agricultural Executive Committee as indicated above and the Borough Engineer and Surveyor's suggestion relative to the small area of land in Edgwarebury Park be approved and adopted.

21.—PROVISION OF RUNNING TRACK :

In accordance with the instructions of the Committee, the Borough Engineer and Surveyor submitted a further report with regard to the provision of a running track.

RESOLVED TO RECOMMEND—That no action be taken in the matter at the present time.

22.-WIDENING OF PAGE STREET, N.W.7:

In connection with the proposed widening of Page Street, the Borough Engineer and Surveyor reported that it would be necessary for a small strip of land, .04 acre, forming part of Copthall Playing Fields and situate on the east side of Page Street, opposite Tithe Walk, to be appropriated for Highway purposes.

RESOLVED—That the Highways Committee be informed that this Committee offer no objection to the proposal to appropriate the piece of land in question for highway purposes.

23.-LAND AT EGERTON GARDENS, HENDON:

The Borough Treasurer submitted an application from Mr. W. F. Smithers, the occupant of Plot No. 4 at the above site, asking to be given the same consideration as allotment holders who have obtained a remission of rent in accordance with the provisions of Section 10 (1) of the Allotments Act, 1950. As an alternative, Mr. Smithers suggests that a water supply be provided. No provision has been made in the current rate estimates for the provision of a water supply and, in view of the fact that only four plots are concerned, the cost of such supply would not appear to be justified.

RESOLVED TO RECOMMEND—That the application be disapproved and that the Borough Treasurer be instructed to inform Mr. Smithers accordingly.

ALLOTMENTS COMMITTEE.

24.—ARCHFIELDS PIG CLUB:

The Color of the Color

With reference to the notice to quit served on the Archfields Pig Club, the Town Clerk submitted a letter received from a firm of Solicitors acting for the above-named Club enquiring whether the Council would be prepared to grant the Club a tenancy of a similar sized plot at the Archfields Allotments further removed from the houses in Great North Way and to either erect similar buildings on the new plot as the Club have on the present site, or give the Club adequate compensation to enable them to carry out such re-building themselves.

RESOLVED TO RECOMMEND—That the Town Clerk be instructed to inform the Solicitors acting for the Club (1) that the Council would be prepared to give consideration to the grant of a tenancy of part of the Architelds Allotments to the Club on receiving from the Club their detailed suggestions; (2) that the Council have deferred consideration of the question of compensation until the detailed suggestions have been received. 6-FLOODING-BROOKSIDE ROAD, GOLDERS GREEN :

The Town Clerk reported that, in accordance with the instructions of the Council, he had made application to the Ministry of Housing and Local Government for sanction to the expenditure of approximately £3,950 for the construction of an additional surface water sewer at Brookside Road. A letter had been received from the Ministry drawing the Council's attention to Circular No. 54/52 and stating that from the information furnished it does not appear to the Minister that he would justified in agreeing to the Council's proposals being executed at the present time. They would, however, be borne in mind against the time when it is possible to relax some of the present restrictions on civil engineering work of this kind.

Noted.

8.-WASTE PAPER :

The Borough Engineer and Surveyor reported that, in accordance with the Council's instructions, he had been in negotiation with Alex Dribbell, Ltd. and Celotex Ltd. with regard to the sale of waste paper. Alex Dribbell, Ltd. had intimated that they were unable, in view of the present condition of the market, either to increase their price or the amount of their weekly collections from Hendon. They had, however, promised to give priority to Hendon should the general position improve. With regard to Celotex Ltd., this firm do not use waste paper for any of their processes and have more than adequate supplies of the type of paper they require. Several other paper mills had been contacted but, at the present time, they were unable to consider taking paper from Hendon as stocks held are more than sufficient to meet the demand.

The Borough Engineer and Surveyor submitted a further report with regard to the desirability of the drainage of the above-mentioned premises being connected to the sewer in Milespit Hill,

10 .- PIPING IN WATERCOURSE-LAWRENCE STREET, MILL HILL:

The Borough Engineer and Surveyor submitted a report with regard to the desirability of piping in an open watercourse along the north-western side of Lawrence Street, particularly in view of the proposed development for housing purposes of approximately 18 acres of land at Lawrence Street. He suggested that it would be an advantage if this work could be carried out at the same time as the new sewer works for the housing development and by the same contractor. He estimated the cost of the work, based on contract rates, at £1,540. No provision has been made for this work in the current year's estimates.

543

RESOLVED TO RECOMMEND-

- (i) That the Borough Engineer and Surveyor be instructed to negotiate a tender with John Sugrue and Sons Limited for carrying out this work, and that a supplementary estimate be approved to over the expenditure involved.
- (ii) That the Corporate Seal be affixed to any necessary documents.

11.—SLIPPER BATHS—CHILDS HILL AND WEST HENDON:

The Borough Engineer and Surveyor submitted a further report with quotations received for re-enamelling and/or the supply of new slipper baths at Childs Hill and West Hendon. The lowest quotation received is that of J. Bolding and Sons, Ltd., amounting to £185 4s. 0d., for the supply and delivery of white porcelain enamel cast iron baths. The cost of fixing the baths is estimated at £50 making the total estimate for new baths £235 4s. 0d. compared with £246 for re-enamelling the existing baths.

RESOLVED TO RECOMMEND—That the Borough Engineer and Surveyor be instructed to accept the quotation of J. Bolding and Sons, Ltd., amounting to £185 4s. 0d., for the supply and delivery of 16 new slipper baths, and that the estimate amounting to £50 for fixing the baths be approved.

12.-HEATING INSTALLATION-"HATCHCROFT," THE BURROUGHS, HENDON:

Arising out of complaints as to the inadequacy of the heating arrangements at "Hatchcroft" (Housing Department) the Borough Engineer and Surveyor submitted a report with proposals for installing a satisfactory heating system by the installation of "Hurseal" radiators heated by electricity. The cost of the installation carried out by Council employees would be £749 10s. 0d. and the annual running costs were estimated at £135 per annum. No provision has been made in the current year's estimates for this work.

RESOLVED TO RECOMMEND-

 That the Borough Engineer and Surveyor be instructed to arrange for the installation in "Hatchcroft" of "Hurseal" electric radiators at an estimated cost of £749 105. 0d.

(2) That a supplementary estimate be approved to cover the expenditure involved.

RECOMMENDATION OF FINANCE COMMITTEE :

That the proposal referred to in this item be deferred for the time being, and the Borough Engineer and Surveyor be instructed to arrange, as an experiment, for Hurseal Electric Radiators to be installed in one room only at "Hatchcroft," and to submit a report to a future meeting of the Works Committee.

13.—PUBLIC CONVENIENCES :

(a) West Hendon-Washing Facilities.

(c) Proposed Public Convenience-Golders Green Road.

The Borough Engineer and Surveyor submitted a report with regard to further negotiations he had had with the London Transport Executive relative to the proposed construction of a public convenience under one of the arches carrying the railway over the Golders Green Road. The Estate Surveyor of the London Transport Executive had stated that there was no objection in principle to the proposal as the lessees had indicated that they were willing to co-operate by surrendering their lease of the first arch on the west side of Golders Green Road. The Executive would be prepared to grant a lease for 21 years, subject to the usual safeguards against claims for accidents and damages, and to the inclusion of a clause in the lease giving the Executive the right to determine the agreement at any time after giving three months' notice that the arch was required for actual railway purposes. It was understood, however, that it was most unlikely that the arch would be required for railway purposes within the period of the suggested lease. Whilst no rental had been definitely stated the Estate Surveyor had suggested £100 per annum as a likely rental. The Borough Engineer and Surveyor estimated the cost of the construction of the public convenience at £1,450 and the annual maintenance cost as a non-staffed convenience at approximately £300.

RESOLVED TO RECOMMEND-

- (1) That the provision of a public convenience (non-staffed) on this site at an estimated cost of £1,450 be approved.
- (2) That the Borough Engineer and Surveyor be instructed to complete the negotiations with the Estate Surveyor to the London Transport Executive on the lines indicated.

It was reported by the Chairman that, in accordance with the request of the Committee, he and the Vice-Chairman had inspected the existing staff canteen and the new building. They were of opinion that the existing equipment was totally inadequate and out of date. The Borough Engineer and Surveyor reported that, in accordance with the Chairman's instructions, he had obtained additional quotations for the supply of kitchen equipment, particulars of which were submitted to the Committee.

RESOLVED TO RECOMMEND

- (1) That the Borough Engineer and Surveyor be instructed (a) to purchase the necessary equipment as indicated by the Committee, details of which are contained in MS. in the Committee's Minute Book, at a cost of £909 11s. 0d., and (b) to negotiate with R.E.M.S. The Borough Engineer and Surveyor indicated directions in which certain economies could be made to the scheme if necessary, but emphasised the desirability of the deputation which has been appointed to attend at the Ministry of Housing and Local Government stressing the urgency for obtaining consent to the complete scheme for the provision of the garage. The Borough Engineer and Surveyor submitted a report with regard to the present condition of the seven cars in the pool which were all purchased between the year 1936—1939 and are reaching the end of their useful and economic life. Three new Vauxhall cars have been ordered but only one is likely to be delivered at a reasonably early date. These three cars would replace the worst of the seven cars. 16.-HENDON WAY DEPOT-ERECTION OF STORE :

The Borough Engineer and Surveyor reported that he expected that building operations would commence shortly on the site of the former Victoria Civic Restaurant in Brent Street and it would, therefore, be necessary to dismantle the existing building which is generally in a poor condition. It would, however, be possible to re-erect the building on a smaller scale at the Hendon Way Depot for the purposes of additional storage accommodation. A sum of £250 had been included in the current rate estimates for the provision of an additional building or store at the Depot and the Borough Engineer and Surveyor suggested that for a further £500 the building could be satisfactorily re-erected at the depot. The Borough Engineer and Surveyor reported that he had been informed by the General Contractors, Perrys (Ealing) Ltd., that the maximum delivery of fletton bricks by the London Brick Co. was 10,000 per week, and that there was no prospect of an improvement of this position at the present time, although a delivery of 30,000 common bricks per week was necessary to maintain the present labour force engaged on the contract.

As a matter of urgency, therefore, and in consultation with the Chairman of this Committee, the General Contractors were instructed to obtain 50,000 sand-lime bricks at an additional cost over fletton bricks of 39/- per thousand.

RESOLVED TO RECOMMEND-That the action taken be confirmed, and the Borough Engineer and Surveyor be authorised to order a second delivery of fifty thousand sand-lime bricks in the event of further difficulty being experienced in obtaining fletton bricks.

1.-LAWRENCE STREET HOUSING SCHEME:

The Town Clerk reminded the Committee that at their last meeting the Council adopted the recommendation of the Housing Committee that, subject to any necessary Town Planning Consents, the consent of the Minister of Housing and Local Government and the completion of any necessary documents, the land comprised in the Lawrence Street Housing Site should be offered for sale to A. W. Curton Ltd. as a fully developed site with a view to the provision on the land of 127 houses as shown on the lay-out plan.

The Borough Engineer and Surveyor submitted a revised plan of the Housing Site showing the proposed lay-out of the 127 houses.

(Alderman Curton declared an interest in this item.)

RESOLVED-

(1) That no objection be raised on planning grounds to the proposal.

(2) That the Borough Engineer and Surveyor be instructed to take the necessary steps to obtain planning permission for the proposal.

2.-OPEN SPACE-EDGWARE ROAD, THE HYDE:

The Town Clerk reminded the Committee that the Council had decided on the recommendation of the Estates, Parks and Allotments Committee not to proceed with the Compulsory Purchase Orders for the acquisition of land fronting Edgware Road between Woodfield Avenue and Hillfield Avenue (West Hendon Ward) for purposes of an open space and a public convenience, but to make a Compulsory Purchase Order for the acquisition of the 0.72 acres of land for the purpose of a public open space.

3.-NO. 8, PARSON STREET, N.W.4:

In February, 1952, the Committee fixed a period expiring on the 31st August, 1952, at the expiration of which a structure which had been erected at the rear of No. 8, Parson Street (Central Ward) in contravention of the Building Byelaws must be removed. At their last meeting they were informed that the structure had not been removed, and instructed the Town Clerk to take steps to secure its removal.

The Town Clerk reported that he had written to the owner of the building in question and submitted a reply received.

(Councillor Hills was also present during the discussion of this item.)

RESOLVED-That consideration of this matter be deferred for the time being.

4.—PROPOSED NEW CEMETERIES :

The Town Clerk submitted a letter from the Mill Hill Preservation Society referring to the fact that provision is made in the County Development Plan for a cemetery at Edgwarebury (belonging to the Hampstead Borough Council) and for the extension of the existing cemetery at Milespit Hill (belonging to the Paddington Borough Council). The Society stated that it appeared unlikely that this development could be prevented, but suggested that the Council should use every endeavour to ensure that the minimum disturbance to amenity is caused. They, therefore, asked that the Local Authorities concerned should be requested to develop the sites as lawn cemeteries. After consideration of this matter, the Committee

RESOLVED TO RECOMMEND—That the Town Clerk be instructed to reply to the Mill Hill Preservation Society suggesting that they should themselves take this matter up with the Hampstead and Paddington Borough Councils.

5.—NO. 1115, FINCHLEY ROAD—HALF SHOP ADJACENT TO 1113, FINCHLEY ROAD, N.W. 11.

Authority was given (B. & T.P.C., 18/6/50-33) for enforcement action with regard to the use of the above-mentioned premises (Garden Suburb Ward) as a store in connection with the business of a wholesale merchant and dealer in handcut glassware, clocks, etc., and for packing in connection with the wholesale and export section of the business. After considering a further report of the Town Clerk, however, the Committee

RESOLVED-That no further action be taken in this matter.

6.—LAND AT THE REAR OF SEFTON AVENUE:

Authority was given (B. & T.P.C., 18/9/50-50) for enforcement action with regard to the use of a hut on this site (Mill Hill Ward) for the construction of shop fronts and (B. & T.P.C., 17/7/52-1) for the service of Notice under Section 33 of the Town and Country Planning Act, 1947, with regard to the maintenance of the whole site.

The Town Clerk reported that the use of the hut for the construction of shop fronts had ceased and the hut had been removed, and that the Borough Engineer and Surveyor had ascertained that the condition of the site could not now be considered seriously injurious to the amenities of the area.

RESOLVED-That no further action be taken in these matters.

7.-NO. 76, EDGWAREBURY LANE, EDGWARE :

The Town Clerk referred to the authority given (B. & T.P.C., 14/1/52-39) for enforcement action in respect of the use of the above-mentioned premises (Edgware Ward) in connection with a car hire business, and reported that a further inspection revealed that the premises were no longer used for this purpose.

RESOLVED-That no further action be taken in this matter.

The Town Clerk reminded the Committee that the appeal against the Council's refusal of planning permission for the continued display of advertisement hoardings at Northway Circus (Mill Hill Ward) was dismissed by the Minister and that on an enforcement notice being served the advertisers appealed to Petty Sessions and from there to Quarter Sessions, the appeals being dismissed. He reported that an appeal had now been made to the Divisional Court on a case stated and was expected to be heard in the near future. Noted.

-COUNTY DEVELOPMENT PLAN :

(a) Redevelopment Areas.

At their meeting on the 11th August, 1952, the Committee's attention was drawn to the fact that the County Development Plan defines a number of redevelopment areas in the Borough for redevelopment in the period of 15 years following the first five years of the plan. They instructed the Town Clerk to add to the Council's representations to the Minister of Housing and Local Government a request that these redevelopment areas should be defined for redevelopment in the first five years.

The Town Clerk submitted a letter received from the Clerk of the Middlesex County Council pointing out that in the preparation of the Programme Map attached to the County Development Plan, it was necessary to make certain assumptions as to the future availability of labour, materials and finance and that while it was expected that the general picture presented by the Programme Map would prove to be correct, there would inevitably be variations in detail.

The letter stated that it had been deemed wise to show on the Programme Map for redevelopment within the first five years only those areas where it had seemed certain that redevelopment could be started before 1956. An assurance was given, however, that subject to detailed consideration of each case, the Middlesex County Council as Local Planning Authority had no objection in principle to work being commenced on any of the redevelopment areas in Hendon whenever the Borough Council was in a position to do so. Noted.

(b) Proposed Modifications.

The Borough Engineer and Surveyor reported the receipt of notification that the Middlesex County Council proposed to agree to the following modifications in the County Development Plan so far as it relates to the Borough :---

(i) Land fronting Edgware Way at its junction with Broadfields Avenue (Edgware Ward) :

John Laing & Son, Ltd. had objected to the proposed zoning of this land for residential purposes since they wished to proceed with their original scheme of erecting a further seven shops on the land to complete a parade of shops, thirteen of which had already been built. The Borough Engineer and Surveyor suggested that there would be no objection to the amendment of the Development Plan in this way.

(ii) Rose Cottage, Church End, N.W.4 (Central Ward) :

An objection had been lodged against the apparent inclusion of this property in a proposed open space and the County Planning Officer had stated that owing to the small scale of the maps comprising the Development Plan, it had not been practicable to define this property separately. He suggested that the objection should not be opposed, as any amendment of the plan to show "Rose Cottage" as residential property would not materially affect the main intention of preserving the open character of the locality.

(iii) Land adjoining Bunns Lane to the West of Watford Way, N.W.7 (Central Ward) :

The British Transport Commission had pointed out that a short length of the existing branch railway adjoining Bunns Lane and to the west of Watford Way had been shown, through an error in draughtsmanship, as a residential area, and the Area Planning Officer suggested that the Development Plan should be amended in this case.

(iv) Lodge Road, N.W.4 (Central Ward) :

A request had been received that the bakery in Lodge Road, N.W.4, should be includedin the adjacent shop and business area and not in an area scheduled for residential $purpo_{96}$ as shown in the Development Plan. The Borough Engineer and Surveyor stated that the_{Te} appeared to be no objection to this suggestion.

(v) Lock-up Garages between Hayes Crescent and Halleswelle Road, N.W.11 (Garden Suburb Ward) :

The leaseholders of a number of the above-mentioned garages had objected to the inclusion of the properties in an area to be used primarily for residential purposes, and requested that they should be included in a shopping area. The Borough Engineer and Surveyor reminded the Committee that the Minister of Housing and Local Government had recently allowed an appeal with regard to the conversion of certain lock-up garages at the rear of 1175, Finchley Road into motor car showrooms, and the Area Planning Officer proposed to recommend that the County Map be amended to include the garages between Hayes Crescent and Hallswelle Road in the adjoining shopping area. The Area Planning Officer also enquired whether the Council would raise any objection to the inclusion in a shopping area of the block of lock-up garages between Halls welle Road and Ashbourne Avenue.

(vi) Site at the corner of Highfield Road and Golders Green Road (Golders Green Ward) :

An objection had been lodged against the inclusion of this site in an area to be developed primarily for residential purposes and the objectors had suggested that the site should be developed as a shopping area.

After considering the report of the Borough Engineer and Surveyor, the Committee

RESOLVED—That the Borough Engineer and Surveyor be instructed to inform the Area Planning Officer that the Council offer no objection to the proposed amendments to the Development Plan set out under headings (i), (ii), (iii), (iv) and (v) above, but that in connection with (vi) they consider that the site should be used for residential development as provided in the Development Plan.

10 .- CONTRAVENTIONS OF BUILDING BYELAWS :

The Borough Engineer and Surveyor submitted a report on three contraventions of the Building Byelaws, particulars of which are recorded in MS. in the Committee's Minute Book.

RESOLVED-

- (1) That in case (a), subject to the Town Clerk being satisfied as to the evidence, he be authorised to serve the appropriate notices and institute such proceedings as may be necessary to secure either compliance with the byelaws or the removal of the structure and the imposition of the fines prescribed in the statute.
- (2) That in case (b), subject to the Town Clerk being satisfied as to the evidence, he be authorised to serve the appropriate notices and institute such proceedings as may be necessary to secure compliance with the byelaws and the imposition of the fines prescribed in the statute.
- (3) That in case (c), the Council, in pursuance of their powers under Section 53 (2) of the Public Health Act, 1936, do fix a period expiring on the 31st December, 1952, on the expiration of which the temporary building must be removed; and that the Borough Engineer and Surveyor be instructed to serve notice thereof on the owner of the building.

12-PROPOSED STANMORE TELEPHONE REPEATER STATION, BROCKLEY HILL:

The Borough Engineer and Surveyor submitted a letter from the Area Planning Officer stating that the Ministry of Works wished to erect a Telephone Repeater Station for the General Post Office on a site on the north-east side of Brockley Hill at its junction with Green Lane (Edgware Ward).

RESOLVED-That the Borough Engineer and Surveyor be instructed to inform the Area Planning Officer that this Council offer no objection to the proposal on condition that suitable facing bricks and roof tiles are used for the construction of the external walls and roof respectively.

13.-HOUSING SITE NO. 11-KENILWORTH ROAD, EDGWARE :

The Borough Engineer and Surveyor submitted a proposed lay-out for the vacant land adjacent to Kenilworth Road (Edgware Ward) forming part of Housing Site No. 11. He reminded the Committee that a revised lay-out plan for the erection of a Synagogue and ancillary buildings on the adjoining land had been approved by the Council, but that a request for the sale of an additional piece of land for the Synagogue site was not agreed to.

The plan submitted provided for part of the additional strip of land in question to be used for building purposes by the British Legion, and enabled the number of flats to be provided on a housing site to be increased.

RESOLVED-That consideration of this matter be deferred and that the Borough Engineer and Surveyor be instructed to submit to a future meeting a further report on the lines indicated by the Committee.

14.—S.141—COURTLAND AVENUE PRIMARY SCHOOL, N.W.7:

The Borough Engineer and Surveyor reminded the Committee that at their last meeting revised plans for the proposed Courtland Avenue Primary School (Mill Hill Ward) with schoolkeepers house and playing fields, were approved, subject to conditions providing for the submission of detailed plans, the preservation of the existing trees and hedges and the suitable planting of trees and hedges.

He submitted Plan No. AC/722 received from the Area Planning Officer showing the proposed planting of trees and hedges on the site north of Courtland Avenue, and a proposal to erect a close boarded fence with oak posts on the western boundary of the site.

RESOLVED-That the Borough Engineer and Surveyor be instructed to inform the Area Planning Officer that this Council offer no objection to the planning proposals shown in Plan No. AC/722, but to suggest that consideration should be given to the use of concrete posts instead of oak posts in the close boarded fence.

15.-TOWN AND COUNTRY PLANNING ACT, 1947-SECTION 17-APPLICATIONS FOR DETERMINATION :

The Borough Engineer and Surveyor submitted the following applications for determination under Section 17 of the Act as to whether or not applications for development permission are required in respect of the proposed users :---

- (1) That in respect of Application (a) above and in respect of Application (b) so far as it relates to the first and second floors of the premises, it be determined that the carrying out of the proposed development does not constitute or involve development within the meaning of the Town and Country Planning Act, 1947, and that no application for development permission is required under Part III of that Act in respect thereof.
- (2) That in respect of Application (b) above, so far as it relates to the ground floor of the premises, it be determined that the carrying out of the proposed development does constitute or involve development within the meaning of the Town and Country Planning Act, 1947, and that application for development permission is required under Part III of that Act in respect thereof.
- (3) That the Borough Engineer and Surveyor be instructed to notify the applicants accordingly.

16.-NO. 116, HIGH STREET, EDGWARE :

The Borough Engineer and Surveyor submitted Application No. T.P.2852 relating to the proposed use of No. 116, High Street (Edgware Ward) for office purposes. The Borough Engineer and Surveyor submitted a letter from Mr. J. Muller asking that further consideration might be given to Application No. T.P.2701A in respect of the proposed use of No. 33, Renters Avenue (Park Ward) for the purpose of stockrooms. The application was refused at the last meeting of the Committee on the grounds that the proposed user would be prejudicial to the amenities of the adjoining locality and would involve the introduction of a commercial user into an area developed predominantly for residential purposes.

RESOLVED-That the Committee adhere to their previous decision in this matter.

19.-NO. 110, STATION ROAD, N.W.4:

The Borough Engineer and Surveyor reminded the Committee that temporary consent had been granted for a period expiring on the 16th July, 1952, for the use of a brick lean-to building at 110, Station Road (Park Ward) for the purpose of storing greengrocery. 1.-REMUNERATION OF LOCAL FUEL OVERSEERS :

The Town Clerk reminded the Committee that at their meeting on 25th March, 1952, they received a letter from the Ministry of Fuel and Power stating that as from 1st April, 1952, the basis of reimbursement of expenses incurred in the administration of fuel control would be altered and the Ministry would no longer meet the cost of honoraria to part-time local fuel overseers. The Committee deferred consideration of the letter pending clarification of its terms.

The Town Clerk submitted a further letter from the Ministry stating that consideration of this matter by the Associations of Local Authorities revealed a wide divergence of opinion. The introduction of the new procedure is, therefore, to be postponed at least for the current financial year, and the previous letter is to be regarded as cancelled. Noted.

2.—ASSISTANT CIVIL DEFENCE OFFICER:

The Town Clerk reported that at their last meeting the Special (Civil Defence) Committee were informed that owing to the increased volume of work required to be performed by the Civil Defence Officer, it was necessary for assistance to be provided, and they had decided to recommend the appointment, subject to the approval of the Middlesex County Council, of an Assistant Civil Defence Officer at a salary in accordance with Grade A.P.T. III.

RESOLVED TO RECOMMEND

- (1) That, subject to the approval of the Middlesex County Council, authority be given for the appointment of an Assistant Civil Defence Officer (Grade A.P.T. III), and and that the establishment of the Town Clerk's Department be amended accordingly.
- (2) That authority be given for the filling of the post.

3.-HENDON SHOW, 1952:

AL CO

At their last meeting, the Council decided (B.S. & E.C., 10/9/52-6) that a sum to be approved by the Establishment Committee should be paid towards the expenses of members of the staff relating to work in connection with the Hendon Show, 1952, outside their normal duties. They also decided (G.P.C., 22/9/52-27) that the question of payment of corresponding expenses in connection with the Civic Exhibit at the Show should be referred to the Establishment Committee for consideration with, and on the same basis as, the general question.

The Borough Treasurer submitted a report on the work carried out by members of the staff outside their normal duties in connection with the Show and the Civic Exhibition and the payments already made for expenses. After c RESOI

RESOLVED TO RECOMMEND—That a sum not exceeding £125 be paid towards the expenses of members of the staff relating to work in connection with the Hendon Show, 1952, outside their normal duties, and a sum not exceeding £125 in relation to corresponding work in connection with the Civic Exhibit, the exact amount and the apportionment of the sum to be decided by the Chairman of the Establishment Committee in consultation with the Chairman of the Borough Show and Entertainments Committee and the appropriate Chief Officers.

4-MOTOR CAR ALLOWANCE :

The Town Clerk reported that he had discontinued the use of car DXW387 provided by the Council, and was using his private car in connection with his official duties.

580

RESOLVED TO RECOMMEND—That authority be given for the payment in respect of the Town Clerk's use of his private car of the notional car allowance of £100 granted to him under the Council's resolution of 1st February, 1949.

5.-LOCAL "WEIGHTING":

As instructed at the last meeting of the Committee, the Chief Officers submitted a joint report on their review of the existing local "weighting" of the General Division Scale.

The report indicated that after careful consideration, and in the light of the continuing recruitment difficulties, the Chief Officers recommended that local "weighting" should be applied to the General Division Salary Scales for Males and Females, of an amount equal to the difference between the salary (including London "Weighting") payable according to age and the salary (including London "Weighting") which would be payable if the employee were two years older. The "weighting" would be subject to a proviso that no officer occupying a post graded in the General Division should be paid a salary in excess of the maximum of the scale.

RESOLVED TO RECOMMEND-

- (1) That, with effect from 1st November, 1952, local "weighting" be applied to the General Division Scales (Males and Females) on the lines suggested by the Chief Officers and shown in MS. in the Committee's Minute Book.
- (2) That this local "weighting" shall be regarded as an integral part of the General Division Salary Scale for Females for all purposes including the provisos to the salary scales for Shorthand Typists and Machine Operators to the effect that no Female Shorthand Typist or Machine Operator shall receive a salary under those scales less than that appropriate to her age under the General Division Scale (Females) except in the case of an employee at the maximum of the scale applicable to Operators of simple office machines and to Punch Operators.

6.—SCALES OF SALARY :

The Committee were reminded that the Award of the Industrial Disputes Tribunal for increases in the salary scales of officers coming within the scope of the National Joint Council for Local Authorities' Administrative, Professional, Technical and Clerical Services had been submitted at their last meeting, with an intimation that it would require consideration by the Council and Staff Joint Committee. Th Secretary of the Staff Side of the Joint Committee, however, had intimated that the Staff Side did not desire a special meeting of the Joint Committee to consider this matter, as the opinions which they had previously expressed with regard to the need for a continuance of local "weighting" remained unaltered and, subject thereto, they expressed the hope that the award would be implemented as soon as possible.

RESOLVED—That the revised scales of salaries resulting from the Award made by the Industrial Disputes Tribunal on 9th July, 1952, subject to the amendments in relation to the General Division set out in the foregoing paragraph of this report, be applied to the Council's staff with effect from 1st July, 1952.

7.-EXTENSION OF SERVICE :

The Borough Treasurer reminded the Committee that the services of Mr. A. E. King (Ref. No. 1262), General Assistant in the Salaries and Wages Section of his Department, who reached the age of 65 in May, 1950, had been extended until 30th November, 1952, and sought further instructions in the matter.

581

After consideration of this matter, the Committee

RESOLVED TO RECOMMEND—That the services of Mr. A. E. King be continued for a final period of three months expiring on 28th February, 1953, following which date he be placed on pension.

8.—COMPLETION OF SICK PAY :

The Borough Treasurer submitted particulars of employees of the Council whose sick pay entitlement or any extension thereof had expired or was due to expire, and sought instructions as to any action to be taken thereon.

The report referred to three employees whose cases had previously been reported and to one additional employee.

The Committee's recommendations on this matter are recorded in MS. in their Minute Book

9.—JOINT NEGOTIATING COMMITTEE FOR LOCAL AUTHORITIES' SERVICES (BUILDING AND CIVIL ENGINEERING CRAFTSMEN):

The Borough Treasurer submitted a report on a decision of the above-mentioned Negotiating Committee regarding arrangements for the stamping of holiday cards under the Building and Civil Engineering Holidays Scheme in respect of employees in those industries engaged by local authorities. Noted.

10.-BOROUGH ENGINEER AND SURVEYOR'S DEPARTMENT:

(a) Mr. A. O'Dell.

The Borough Engineer and Surveyor reminded the Committee that Mr. A. O'Dell, who had been employed in his department since April, 1932, had been granted a pension under the Hendon Urban District Council Act, 1929, with effect from 1st August, 1950. He stated that since that date Mr. O'Dell had received constant treatment for the eye disability which had necessitated his retirement, with the result that his Doctor was of opinion that he was now capable of doing work not involving a strain on his eyes or necessitating working on the highway. Mr. O'Dell had been examined by the Medical Officer of Health, who had confirmed that opinion.

In these circumstances, the Borough Engineer and Surveyor suggested that Mr. O'Dell might be re-engaged for suitable work in the Parks Section of his Department and payment of his pension be suspended during the period of his employment.

RESOLVED TO RECOMMEND—That the Borough Engineer and Surveyor be authorised to engage Mr. A. O'Dell for suitable duties in the Parks Section of his Department, and that from such date of re-employment payment of the allowance granted to him under the Hendon Urban District Council Act, 1929, be cancelled.

(b) Mechanical Transport and Plant (Maintenance) Section.

The Borough Engineer and Surveyor submitted applications from Mr. G. Ridley and Mr. T. Wilby, at present employed in the Mechanical Transport and Plant (Maintenance) Section, for apprenticeship as electrician and engineer-fitter respectively.

He pointed out that apprenticeship schemes were in operation at the present time only in the Parks and Highways Sections of his Department, but suggested that it would be advantageous to introduce a similar scheme in the Mechanical Transport and Plant (Maintenance) Section. 4.-DRIVERS' RUNNING REPAIRS-DIFFERENTIAL PLUS RATE :

The Employees' Side enquired why the approved differential plus rate of 2/9d. per week (payable in respect of the carrying out by drivers of running repairs such as the changing of tyres and sparking plugs) was not being paid to the drivers of the Council's vehicles, who, they stated, were doing this work as and when it becomes necessary.

The Borough Engineer and Surveyor stated that it is not a condition of service of any of the drivers referred to that they must be capable of doing running repairs, nor are they required to do so. The Transport Section of the Borough Engineer and Surveyor's Department maintain a breakdown lorry which is immediately called out in the event of a breakdown of one the Council's vehicles.

The Employees' Side requested the Council to pay the approved differential plus rate of 2/9d. per week to the drivers of the Council's Scavenging Vehicles, in view of the fact that they were required to assist in loading the contents of bins into the vehicles.

11.-PUBLIC CONVENIENCES :

The Committee have made certain suggestions to the Borough Engineer and Surveyor concerning the public conveniences.

With regard to Item 6-Rate of Pay of Drivers of Scavenging Vehicles-the Borough Treasurer reminded the Committee that in October, 1951, the National Joint Council authorised a plus rate of 4s. Od. per week payable to a vehicle driver who is required in the course of his duties to assist regularly in the loading of a refuse collection vehicle, such plus rate to absorb the differential rate of 2s. 9d. per week previously payable, but it was not clear that this decision applied to drivers assisting in the loading of refuse from street orderly barrows.

The Committee noted the report of the Borough Treasurer, and in variation of the recommention contained in Item 6 of the Whitley Works Committee Report,

RESOLVED TO RECOMMEND-That the Town Clerk be instructed to ask the Middlesex Joint Council for Local Authorities Services (Manual Workers) for a ruling on this matter.

ADOPTION OF REPORT:

RESOLVED TO RECOMMEND-That the foregoing Report, as amended, be approved and adopted.

12-SALARIES AND CONDITIONS OF SERVICE OF CERTAIN CHIEF AND OTHER **OFFICERS**:

In accordance with the intention expressed at the last meeting the Chief Officers submitted a joint report on the implementation of the recommendations of the Joint Negotiating Committee relating to salaries and conditions of service of certain Chief and other Officers occupying posts for which the appropriate salary exceeds £1,000 per annum. The Joint Negotiating Committee recommended that the grades should be applied with effect from 1st April, 1952, except in cases where an earlier date is fixed by the local authority.

The conditions of service provide that where an officer enjoys terms of appointment better in any respect than those recommended by the Joint Negotiating Committee the acceptance by the Council of the recommendations shall not in any way prejudice the present holder of the office.

The Committee also received letters on the application of the Joint Negotiating Committee recommendations from the Law Society and the Society of Municipal and County Chief Librarians.

The report of the Chief Officers indicated that the posts to which the recommendations should be applied were those of :---

Chief Librarian, Housing Officer, Deputy Town Clerk, Deputy Borough Treasurer, Deputy Borough Engineer and Surveyor, Deputy Librarian, Principal Assistant, Town Clerk's Department, Chief Accountant, Borough Treasurer's Department, Chief Assistant Architect, Borough Engineer and Surveyor's Department.

The salary scales of certain chief officers have been fixed by the Council with effect from 1st April, 1951, but the posts of Chief Librarian and Housing Officer were not dealt with at With regard to Deputy Chief Officers, the Council have adopted the principle that their salary scales should be two-thirds of those of their Chief Officers, and, with effect from 1st April, 1951, have fixed salary scales in accordance with that principle, subject to review if and when any decisions of the appropriate negotiating bodies affecting Deputy Chief Officers were received. A salary scale for the remaining three posts referred to above was fixed with effect from 1st April, 1951, subject to review if and when any decisions of the appropriate negotiating bodies affecting such senior officers were received.

The Borough Engineer and Surveyor submitted revised estimates amounting to £550 for the work required in connection with the programme of events to be provided in Hendon Park on the 2nd June and Montrose Playing Fields on the 6th June, 1953, the estimate being based on the assumption that no perimeter fencing would be required, that a permanent electricity supply has been laid in Hendon Park : that the bandstand and public address equipment are available ; that nothing beyond the normal duties of the park keepers would be required for ground security, and that a watchman will be provided whilst the lighting equipment remains installed. In Hendon Park an area would be roped off for the Pageant, seating accommodation provided, and the area floodlit for dancing in the evening. The Borough Engineer and Surveyor suggested that the trees be illuminated with coloured lights and that the gardens and park be illuminated with both coloured and floodlights. Similar arrangements would be made in respect of Montrose Playing Fields although no electricity supply is available from the mains, and it will be necessary to use a generator set.

1.-CIRCULARS :

The Town Clerk submitted details of eleven circulars which had been received either from the Home Office or the Middlesex County Council since the last meeting of the Committee. The majority of such circulars are of a purely administrative character, but those to which the Committee's attention was especially drawn are detailed hereunder.

(a) Middlesex Civil Defence Circular No. 34/52.

This Circular sets out the scheme of driving instruction for volunteers in the Ambulance Section. Instructors will be drawn from enrolled members of the section who are prepared to undertake the work, but it will be necessary for them to satisfy an officer of the County Transport Department of their competence before undertaking any training. Reasonable expenditure on fees for approved driving-instructors and driving licences and examiner's fees will be reimbursed by the County Council. The Town Clerk reported that he had forwarded to the County Council the names of two volunteers who are willing to act as instructors. Noted.

(b) Middlesex Civil Defence Circular No. 36/52.

This Circular informs local authorities that the County Council has now decided to extend facilities for Basic Rescue Training to industrial and commercial personnel. Fees should be charged at the rate of $\pounds 1$ 2s. 6d. per trainee for the normal ten-hour course including the use of a rescue site and its reinstatement and the use of a rescue vehicle. Where the employing concern requests additional training, there will be a proportionate increase in the fees payable. No charge is to be made in respect of personnel enrolled in the Wardens' Section of the Corps. All training will be under the general direction of the County Chief Rescue Officer and County District Councils are asked to refer to the County Civil Defence Officer any requests for training received from industrial or commercial concerns. Noted.

2.—CIVIL DEFENCE SUB-GROUP CONFERENCE :

A report was submitted on the matters discussed at a meeting of representatives of the County Council and County District Councils in Sub-Group B which took place in Wembley Town Hall on the 3rd October, and which was attended by the Chairman of the Committee and the Civil Defence Officer. Noted.

+-DAWS LANE CIVIL DEFENCE BUILDING :

In accordance with the Committee's instructions, the Town Clerk reported on the present position in relation to the Civil Defence Building in Daws Lane, Mill Hill, which is in an unsatisfactory condition, and which is situate on land vested in this Council.

Since the last meeting of the Committee a letter has been received from the County Council intimating that, subject to the completion of the lease to the County Council of the land upon which the building stands, the County Council and the Secretary of State have approved the scheme put forward by this Council for the adaptation, repair and redecoration of the part of the building recently used as a junior library, for use as a training centre, at a cost not exceeding £375 and the erection of a 6 ft. high chain link fence at a cost not exceeding £250. Approval has also been given to further expenditure as follows: (i) £97 for the purchase of furniture for training, (ii) £32 18s. Od. for recreational furniture, and (iii) £181 in respect of the running costs of the premises and the clearance and maintenance in a neat and tidy condition of the land surrounding the Rescue Depot. The figure of £181 includes a sum of £100 for the work of clearance and maintenance. The County Council enquire whether this Council's behalf subject to the County Council reimbursing reasonable expenditure incurred within the limits of approved estimates.

The Council have already decided to lease to the County Council an area of approximately one-third of an acre of land on the south side of Daws Lane, immediately east of the existing Swimming Pool. This does not include all the land occupied for Civil Defence purposes in the last war but it does include the site upon which is erected the building formerly used as a Rescue Depot and, later, as a Children's Library.

The Town Clerk reported that he had applied to the Secretary of State for Home Affairs for his written consent to the use of the land—which was acquired for the purposes of a pleasure ground—for Civil Defence purposes. Until such consent is received the lease cannot be granted to the County Council, and he, therefore, advised that none of the works of adaptation, repair or redecoration should be put in hand until the Minister's consent is received.

The Borough Engineer and Surveyor informed the Committee that the building is in a badly dilapidated condition, and that the expenditure approved by the County Council was only sufficient to maintain the portion of the building formerly used as a children's library, and that it would be quite impossible to repair any of the serious defects in the main part of the building.

The Committee are of the opinion that the building in its present condition seriously detracts from the amenities of the area and that it is urgently necessary that the whole building should be put into a proper state of repair. They accordingly

RESOLVED TO RECOMMEND—That the Town Clerk be instructed to inform the County Council of this Council's views and to request the County Council to take all necessary steps forthwith to put the building into a proper state of repair.

5.-MORTUARY BUILDING, CLAREMONT ROAD:

In accordance with the Committee's instructions at its last meeting (9/9/52—Item 11), the Town Clerk submitted a report in relation to the Mortuary Building at Claremont Road which is in a dilapidated condition and is not, at present, being used. The building is on land owned by the Council and comes within the purview of the Estates, Parks and Allotments Committee. Noted.

6.-ASSISTANT CIVIL DEFENCE OFFICER:

The Town Clerk reported that owing to the increased volume of work required to be performed by the Civil Defence Officer, it was necessary for assistance to be provided. He, therefore, recommended the appointment of an Assistant Civil Defence Officer at a salary in accordance with Grade A.P.T. III.

The Town Clerk submitted further information obtained from the Hendon Rifle Club with reference to their application for assistance from the Council in completing the development of the Rifle Range at Cool Oak Lane held on lease from the Council.

In accordance with the intention expressed at their last meeting the Committee received the following representatives of the club :--

> Mr. J. Hall, O.B.E. (President), Mr. L. Wickens (Secretary), Mr. W. E. A. Grant, Mr. A. W. Nottage.

They also indicated certain other local authorities who had given assistance to rifle clubs in their area.

After the withdrawal of the deputation, the Committee gave consideration to the matter and the Town Clerk reported that he had investigated the Council's powers in this connection, and was of opinion that assistance could be given to the club, if desired, under the Physical Training and Recreation Act, 1937.

The Borough Engineer and Surveyor reminded the Committee that the Council had provisionally accepted the lowest tender, amounting to $\pounds 3,400$ 16s. 4d., for the making up of Cecil Road under the Private Street Works Act, 1892. He stated that owing to present commitments, the tenderers concerned would be unable to commence the work before February, 1953, but it had been ascertained that the second lowest tenderers, Percy Bilton, Ltd. would be able to commence the works at an earlier date and were willing to carry out the works for the amount of the lowest tender. The Mayor presented to Master Edward Goldstein, a pupil of Orange Hill Boys' Grammar School, the first prize (consisting of three Savings Certificates to the value of $\pounds 2$ 5s. 0d.) which had been awarded to him for his Essay on "The Problem of the Safety of Young Children on the Roads, and how Older People can Help," in the Senior Section of the Spring, 1952, Safety Training Competition organised by the Royal Society for the Prevention of Accidents, which was open to pupils of schools throughout the United Kingdom.

The Mayor also congratulated Master Goldstein upon his success.

(b) Return of the Middlesex Regiment from Korea.

The Mayor reminded the Council that the Middlesex Regiment will be returning from Korea early in December, 1952, and that it was proposed that the Regiment should march through portions of the Boroughs of Hornsey, Finchley and Hendon on Wednesday, the 10th December. He stated that he had been approched by the Mayors of Finchley and Hornsey with a view to the three Boroughs combining in the provision of hospitality to the troops on that occasion in recognition of the Service they had rendered in the cause of freedom.

It was estimated that the cost to be borne by each Borough will not exceed £150.

Motion, duly moved, seconded, and

133.—RESOLVED—That the Council authorise the expenditure of a sum not exceeding £150 for the provision of hospitality to the Middlesex Regiment upon their return from Korea.

(c) Adoption of Units of the Territorial and Auxiliary Forces.

The Mayor reminded the Council that on the 21st April, 1951, they had adopted the five Territorial and Auxiliary Forces whose Headquarters were situate within the Borough, and had presented to each Unit a copy of the Resolution of Adoption engrossed on vellum. Subsequently, three of the Units had presented to the Council Shields bearing their Unit Badges, and these had been placed on the wall of the Council Chamber.

The Mayor informed the Council that on Sunday, 26th October, 1952, accompanied by the Town Clerk he had attended the Aerodrome at Kenley, when Air Vice-Marshal Seaward had presented to him the Badge of the 1958 Auxiliary Air Observation Post Flight (661 Royal Auxiliary Air Force Squadron), on behalf of that Unit.

This Badge had now been placed on the wall of the Council Chamber.

(d) Lynmouth Disaster.

The Mayor informed the Council that donations totalling $\pounds 1,940$ 16s. 5d. had been received at the Hendon Town Hall towards the Lynmouth Disaster Appeal which he had opened. In addition, it was known that well over $\pounds 500$, together with various gifts and household articles, had been sent direct by residents of Hendon.

The Mayor added that he now proposed to close the Fund and that the residents of the Borough were to be congratulated upon the manner in which they had so readily responded to the Appeal.

The Mayor informed the Council that a Flag Day in aid of the King George VI National Memorial Fund will be held on the 6th December, 1952, and that he would be glad if local organisations would send him, as soon as possible, lists of the names and addresses of persons who were willing to sell Flags on this occasion, to enable him to co-ordinate the necessary local arrangements.

A letter was submitted from the Chief Education Officer concerning the action of the Middlesex County Council in deleting from the Estimates for 1952/53 the sum of £140 which had been included by the Hendon Divisional Executive to enable a general maintenance grant to be made to the Watling Community Association. 10.-SCHEME OF DIVISIONAL ADMINISTRATION OF EDUCATION :

The Town Clerk drew the Committee's attention to three matters which the Clerk of the Middlesex County Council felt should be dealt with by the County Council and their Officers because it was claimed that they were not specifically delegated to the Divisional Executive under the Scheme of Divisional Administration

653

The matters concerned were (a) the use of St. Matthias' Church Hall for temporary s_{chool} accommodation; (b) the proposed hiring of the Maccabi Sports Ground for organised games for school children, and (c) the prosecution of youths for causing alleged wilful damage at the Edgware School.

After careful consideration of the circumstances relating to each of the three cases mentioned, and of the action which had been taken by the Town Clerk and the Borough Education Officer in connection therewith, the Committee were of the opinion that minor matters of this character should be dealt with by the Divisional Executive who were familiar with local needs and conditions and were capable of carrying out the small amount of work involved, including any necessary negotiations, without detriment to the position of the County Council and without undudelay. It was accordingly

RESOLVED TO RECOMMEND-

- (i) That the Town Clerk be instructed to communicate with the Clerk of the Middleser County Council protesting, in the strongest possible terms, against the action of the County Council in preventing the Divisional Executive from dealing with matten of a minor character which, in the opinion of the Divisional Executive, can best be dealt with locally on behalf of the County Council as the Local Education Authority.
- (ii) That Alderman R. J. Knowles (the Council's representative on the Chairman of the Middlesex County Council's Local Government Conference Committee which was set up to consider whether and in what way greater and fuller delegation of fune at tions can be achieved within the framework of the existing law), be requested to a raise the matter at a future meeting of that Committee or its Sub-Committees.

1.-DEMOLITION ORDERS-1, 5, 20 AND 22, MURRAY ROAD, N.W.7:

*C. H. Sheill.

At their meeting on the 8th September, 1952, a report was submitted by the Medical Officer of Health concerning the condition of the above-mentioned properties, and upon being satisfied that they were unfit for human habitation and were not capable at reasonable expense of being rendered so fit, the Council had decided to commence the procedure for the making of Demolition Orders under Section 11 of the Housing Act, 1936.

The Town Clerk reported that notices had accordingly been served on the persons having control of the properties giving notice that the Committee would, at their meeting this evening, consider the condition of the properties and any offers, of which notice had been duly given, with respect to the carrying out of any works.

No offers, however, had been made, and no undertakings had been given with respect to the future use of these premises.

RESOLVED TO RECOMMEND-

- RESOLVED-That the applications of Mr. Spick and Mr. Holmes be disapproved, and that consideration of the application from the Alert Circularising Co. Ltd. be deferred to enable the Town Clerk to submit a further report thereon.

6.—APPLICATION FOR TRANSFER OF LICENCE:

The Town Clerk submitted a letter from Mr. J. A. Falcke who is licensed to sell newspapers and periodicals from a stand on the footway at the south-west corner of the junction of Watling Avenue and Goldbeaters Grove (Burnt Oak Ward) stating that he proposes to transfer his business, and asking that his street trading licence may also be transferred.

RESOLVED-That consideration of this matter be deferred and that the Town Clerk be instructed to obtain further information as to Mr. Falcke's intentions and the extent to which trading takes place on the site in question.

PRIVATE STREET WORKS.

7.—APPLICATION TO MINISTRY :

1.00

The Town Clerk reported that, in accordance with the Council's instructions, he had applied for loan sanction and authorisation under Defence Regulation 56A in respect of the proposed private street works in Manor Hall Avenue, Manor Hall Drive, Cecil Road, Ashley Lane (part), Stoneyfields Gardens (part), the roadway from Church Terrace to Sunny Hill Park and the Accommodation Road at the rear of 83-93, Cricklewood Lane.

He reported the receipt of a letter stating that the Minister is prepared to consider at the present time the applications in respect of Manor Hall Avenue, Manor Hall Drive, Stoneyfields Gardens and the Accommodation Road, Cricklewood Lane, and informed the Committee that after the submission of a renewed application, the Ministry had intimated by telephone that the remaining cases could also be dealt with at the present time. Noted.

8.-ALDERS ROAD AND ALDERS CLOSE :

The Town Clerk reported that notice of provisional apportionment of private street works expenses in connection with the making up of Alders Road and Alders Close (Mill Hill Ward) had been served on the frontagers. No objections were received in the case of Alders Road, but an objection had been lodged in respect of Alders Close, and it would be necessary for this to be determined by the Justices unless previously withdrawn.

The Borough Engineer and Surveyor reported that licences had been obtained for the erection of additional houses in Alders Close, and submitted an amended plan and provisional apportionment which included the plots in question.

The Committee noted the reports, and

RESOLVED TO RECOMMEND-That the Council do hereby, in pursuance of Section 11 of the Private Street Works Act, 1892, amend Plan No. 1965/O.C.1408, being the plan of the private street works for the making up of Alders Close, and the provisional apportionment dated the 6th June, 1952, of the estimated expenses of such works by the substitution therefor of Plan No. 1965A/O.C.1408 and the provisional apportionment dated the 30th October, 1952, now submitted.

9-ACCOMMODATION ROAD AROUND WILLIFIELD GREEN :

The Town Clerk reported that in connection with the notices of apportionment served in respect of the above-mentioned road (Garden Suburb Ward) two objections were received. One objection had, however, been withdrawn and the other, from Co-Partnership Tenants Ltd., had been withdrawn so far as it concerned planning and construction of the roadway, leaving outstanding the question of lighting.

He stated that the objectors preferred the type of lamp column which had been installed on the Hampstead Heath Extension to the type included in the approved specification for the private street works and were prepared to withdraw their objections completely if the proposals were modified in this way.

He also reported that, in order to expedite the matter, the Borough Engineer and Surveyor was arranging to obtain tenders for the works.

After full consideration of this matter, the Committee, as a matter of urgency,

RESOLVED-That no variation be made in the specification approved by the Council for the private street works on the accommodation road around Willifield Green, and that the Town Clerk be instructed to inform the objectors accordingly.

RESOLVED TO RECOMMEND-That the action taken be confirmed.

10.—FERNSIDE AVENUE:

The Town Clerk reported that apportionment notices in respect of Fernside Avenue (Edgware Ward) which was made up under the Public Health Act, 1875, had been served, and that one of the frontagers had claimed that his frontage was not 71 ft. 2 ins. as indicated in the apportionment, but 33 ft. only, and that the remaining frontage was to Ellesmere Avenue, which is a public highway repairable by the inhabitants at large.

The Town Clerk was of opinion that the frontager was liable only in respect of a frontage of 33 ft. and that the charges on the frontage to Ellesmere Avenue should be chargeable to the General Rate Fund.

RESOLVED TO RECOMMEND-

- (a) That a demand under the Public Health Act, 1875, be made on the frontager in question for £35 15s. 3d. only; and
- (b) That a sum of £41 7s. 4d. be charged in respect of this apportionment to the General Rate Fund.

PUBLIC LIGHTING.

11.-NORTH CIRCULAR ROAD:

The Committee received and noted a report of the Borough Engineer and Surveyor on the progress made in the improved lighting scheme for North Circular Road (Golders Green Ward).

12.-ELSTREE HILL:

The Borough Engineer and Surveyor submitted a report on the improved lighting scheme for the section of Elstree Hill (Edgware Ward) from the Watford By-Pass to the County boundary, from which it appeared that it was likely that the work could be completed and the lighting brought into operation before the end of the financial year. He informed the Committee that owing to the long delay in obtaining final approval for the scheme, the estimate of cost was increased from £1,750 to £2,830, which, after deduction of the Ministry of Transport's contribution of 50%, would be shared equally between this Council and the Harrow Urban District Council, who would also be charged with administration and supervision costs.

RESOLVED TO RECOMMEND-That the amended estimate of cost be approved, and that the Borough Engineer and Surveyor be instructed to inform the Harrow Urban District Council thereof and to put the works in hand.

The Borough Engineer and Surveyor submitted a letter from the Edgware Ratepayers' Association requesting the provision of a lamp on the public footpath from Edgwarebury Lane to The Drive (Edgware Ward).

RESOLVED TO RECOMMEND—That the Borough Engineer and Surveyor be instructed to arrange for the erection of a 45-watt sodium lamp approximately half way along the footpath in question at an estimated cost of £95.

TRAFFIC CONTROL.

14.—PARKING OF VEHICLES WITHOUT LIGHTS:

The Town Clerk reported that the Commissioner of Police had revised and extended the list of authorised parking places at which he has given his consent to vehicles standing without lights during the hours of darkness and the revised list included five parking places in Hendon, viz :-Golders Green Crescent, Hoop Lane, Queens Road, The Riding and Temple Fortune Lane.

Noted.

15.—JUNCTION OF HAMPSTEAD WAY AND MEADWAY :

The Town Clerk reminded the Committee that they had recently given consideration to the question of altering the traffic signs at the junction of Hampstead Way and Meadway (Garden Suburb Ward), but had decided to take no action in the matter. Arrangements had, however, been made for the signs and the "Slow" markings on the carriageway to be repainted.

He submitted a letter from the Hampstead Garden Suburb Residents' Association asking that further consideration should be given to the definition of the major road at this junction.

RESOLVED TO RECOMMEND—That the Chairman of the Committee, in company with Councillor Graves and the appropriate Officers, be authorised to meet representatives of the Association on the site and to make a decision on the definition of the major road at this junction.

16.—MEADWAY GATE :

Tan Car

The Town Clerk reported that the Minister had made regulations which came into operation on 11th November, 1952, instituting a complete one-way traffic working at Meadway Gate (Garden Suburb Ward) as requested by the Council. Noted.

17.-JUNCTION OF FINCHLEY ROAD AND DUNSTAN ROAD :

The Town Clerk submitted a letter from a resident asking that the Council should make representations to the Ministry of Transport for the provision of traffic control signals, vehicle and pedestrian operated, at the junction of Finchley Road and Dunstan Road (Childs Hill Ward).

The Borough Engineer and Surveyor submitted a letter from the Commissioner of Police referring to traffic conditions at this junction and pointed out that the "Halt" signs in West Heath Avenue and Dunstan Road were not always clearly visible after dark. He reported that the signs could be illuminated during the hours of darkness at a cost of £60 with a total annual running charge of £7.

RESOLVED—That the Borough Engineer and Surveyor be instructed to submit at a future meeting a further report, with plan, on the conditions at this road junction.

18.—CRICKLEWOOD LANE—SCHOOL WARNING SIGNS:

The Town Clerk submitted a letter from the Garth and Cloister Tenants' Association drawing attention to the number of blind corners in Cricklewood Lane (Childs Hill Ward) and the speed of tratfic along that road, and asking that school warning signs should be provided in the vicinity of All Saints', Childs Hill, St. Agnes's and St. Peter's Schools.

RESOLVED-That the matter be referred to the General Purposes Sub-Committee of the Education Committee with a request that they inform the Highways Committee of their views on this matter.

19.-WISE LANE, MILL HILL:

The Town Clerk submitted a letter from a resident of Wise Lane referring to the offer by other residents to convey to the Corporation the land fronting the road in advance of their building lines, and stating that he was not in favour of the proposal. The resident pointed out that a rudimentary footway with spot kerbs already exists, and suggested that this footpath should be improved. He also referred to the bad condition of the wooded island between Wise Lane and the estate service road, and to the damage done to the trees by children.

In accordance with the previous instructions of the Committee, the Borough Engineer and Surveyor submitted a report on the technical aspect of the proposal, and pointed out that the ultimate widening of this section of Wise Lane or the construction of a footpath would entail considerable excavation of the bank, the construction of a retaining wall, and the removal of trees.

After consideration, the Committee concluded that the expenditure involved in this matter would not be justified, and

RESOLVED TO RECOMMEND-That no action be taken at the present time.

20.-THE FAIRWAY PRIMARY SCHOOL-ACCESS FROM KENILWORTH ESTATE :

The Town Clerk reminded the Committee that at their last meeting he was authorised to execute the easement agreement with the Railway Executive in connection with the provision of a new footpath linking the Fairway with the Kenilworth Estate (Edgware Ward).

The agreement provided that the Corporation should indemnify the British Transport Commission against liability and the Borough Treasurer was instructed to take out an insurance against the liability and the Middlesex County Council, who had agreed to pay half the cost of the footpath, were asked to pay half the insurance premium involved.

The Town Clerk reported that the Borough Treasurer had been able to effect an insurance in the sum of £250,000 at an annual premium of £17 10s. 0d. which the Middlesex County Council had been asked to share, but that the Insurance Company suggested that chain link fencing instead of chestnut fencing should be provided along the footpath. This would involve an increase in the cost of construction from £220 to £480.

As a matter of urgency, in view of the need to provide a footpath before the winter, the Chairman of the Committee had authorised the Borough Engineer and Surveyor to begin the work on the footpath and, subject to the Middlesex County Council agreeing to pay half the increased cost involved, to provide chain link fencing as suggested by the Insurance Company.

RESOLVED TO RECOMMEND-That the action taken by the Chairman be confirmed and that he be authorised to accept the lowest tender received for the provision of the fencing along the footpath.

21.—TREES :

(a) Erskine Hill.

The Borough Engineer and Surveyor reminded the Committee that at their meeting on 9th June, 1952, they had decided to take no action on a request from the Hampstead Garden Suburb Residents' Association for the removal of large trees on the footway in Erskine Hill (Garden Suburb Ward).

He submitted a further letter from the Association enquiring whether some of the tallest trees could be lopped in order to give more light to the houses. He stated that there were 23 trees in the road varying in height from 20 ft. to 40 ft., all healthy and in good shape and condition.

(b) Shirehall Lane.

The Borough Engineer and Surveyor submitted a letter from the owner of 17, Shirehall Lane (Park Ward) asking that a tree on the footway immediately outside the front gate of his property should be removed.

He reported that the tree was in the centre of the footway and caused some obstruction.

RESOLVED TO RECOMMEND—That the Borough Engineer and Surveyor be instructed to remove the tree in question.

(c) Green Lane, Edgware.

The Borough Engineer and Surveyor submitted a letter from a resident of Green Lane (Edgware Ward) requesting the Council to remove an elm tree on the footway outside his house.

RESOLVED—That consideration of this matter be deferred and that the Town Clerk be instructed to submit a report on the legal position.

22.—SERVICE ROAD AT NORTHWAY CIRCUS:

The Borough Engineer and Surveyor submitted a report on the condition of the service road in front of the shops on the south-west side of Watford Way at Northway Circus (Mill Hill Ward). He reminded the Committee that the service road was within the limits of Watford Way and it had been understood that arrangements were being made for it to be taken over and maintained as part of the trunk road, but the matter had not yet been finally settled in this way.

RESOLVED TO RECOMMEND—That, subject to the Town Clerk being satisfied as to the legal position, he be instructed to require the owners concerned to put the service road into proper condition.

23.-RESITING OF 'BUS STOP SIGNS :

The Borough Engineer and Surveyor submitted a list of cases in which, in pursuance of the executive power granted to him, he had agreed to the resiting of 'bus stop signs by the London Transport Executive.

The Committee noted the report, and

RESOLVED—That the Town Clerk be instructed to ask the London Transport Executive to make arrangements for prior notice to be given to members of the public of alterations of 'bus stopping places.

24.—PLACE NAME SIGNS:

111

The Borough Engineer and Surveyor submitted drawings of place name signs bearing the crest of the Borough, and sought the Committee's instructions as to whether they should be erected on the main roads leading into the Borough as has been done by many authorities in the country. The cost of providing and installing signs was estimated at £35 each.

RESOLVED TO RECOMMEND-That no action be taken in this matter at the present time.

25.—IMPROVEMENT OF PAGE STREET:

(a) Appropriation of Land.

The Borough Engineer and Surveyor reported that in connection with the improvement of Page Street, it would be necessary to appropriate for highway purposes an area of 0.04 acres of land at present forming part of Copthall Playing Fields. The Estates, Parks and Allotments Committee had been informed of this and offered no objection to the proposal.

26.—TEMPLE FORTUNE LANE :

The Borough Engineer and Surveyor submitted a letter from a resident of Temple Fortune Lane complaining of the parking of cars opposite his property alongside the frontage of the Jewish Cemetery and the adjoining allotment land, and suggesting that the footpath at this point should be properly kerbed with a view to preventing the practice.

The Borough Engineer and Surveyor reported that the construction of a footpath for the whole length of 280 yards would entail the piping of a ditch and involve considerable expenditure, but that a footway could be constructed for a short length on the wider section at an estimated cost of $\pounds 475$.

RESOLVED TO RECOMMEND-That no action be taken in this matter.

27.-RESURFACING OF HALE LANE AND WATLING AVENUE:

The Borough Engineer and Surveyor reported that the resurfacing of the section of Hale Lane from the Broadway, Mill Hill, to Stoneyfields Lane (Mill Hill Ward) and of Watling Avenue from Goldbeaters Grove to Montrose Avenue (Burnt Oak Ward) had been satisfactorily completed. Noted.

28.-PROPOSED OPEN AIR MARKET AND CAR PARK, WATLING AVENUE:

The Borough Engineer and Surveyor reported that after prolonged negotiations with the Middlesex County Council and the London County Council, he had been unable to obtain the latter Authority's agreement to the proposed revision of the scheme for providing an open air market and car park at Watling Avenue.

He suggested, therefore, that the Committee should consider reverting to the original scheme.

RESOLVED—That the Borough Engineer and Surveyor be instructed to submit a further report on this matter with a revised estimate of the cost of the original scheme approved by the Council.

29.—'BUS SERVICE 112—CHRISTMAS SERVICE:

The Town Clerk submitted a letter from the Town Clerk of Willesden stating that representations had been made to the London Transport Executive against the suspension of 'bus service 112 on Christmas Day, but the Executive were unable to agree that the necessity for the service on Christmas Day was such as to warrant its inclusion in the programme. As the route, which extends from Ealing Broadway to Palmers Green via the North Circular Road, serves part of Hendon, the Willesden Borough Council enquired whether this Council would support a further approach to the London Transport Executive with a view to a service being provided on Christmas Day.

As a matter of urgency, the Committee

32.—PUBLIC UTILITIES STREET WORKS ACT, 1950:

The Town Clerk reminded the Committee that the Council had elected to do permanent reinstatement and making good at upper levels of all streets under the above-mentioned Act, and that the Undertakers were liable to reimburse the Council's reasonable charges for reinstatement work and supervision.

He reported that the Council were bound by an agreement dated 13th December, 1933, with the Metropolitan Water Board in respect of the reinstatement of road surfaces, and that the agreement imposed more onerous conditions and liabilities on the Council than were provided by the Act. He suggested, therefore, that consideration should be given to the termination of the agreement, placing reliance on the provisions of the Act for the time being.

With regard to reinstatement works not covered by the provisions of the Act, i.e., certain works relating to a surface pipe or surface line or overhead telegraphic line, he suggested that it may be desirable in due course to enter into agreements with the Undertakers concerned, but that for the present, the Borough Engineer and Surveyor would be able to negotiate for the reimbursement of the Council's reasonable charges in any particular case.

The Committee noted the report, and

RESOLVED TO RECOMMEND—That the Town Clerk be instructed to give notice to the Metropolitan Water Board terminating the agreement dated 13th December, 1933.

1.-REQUISITIONS :

Requisitions amounting to £4,273 7s. 9d. were submitted and approved.

2.—PURCHASE OF 10/12 CWT. BEDFORD VAN:

The Committee gave further consideration to the question of the settlement of an account which was in dispute with the firm who supplied the Council with a 10/12 cwt. Bedford Van in May, 1952. After full consideration of the terms of the Contract and the opinion of the Town Clerk on the legal position, the Committee decided to adhere to their previous decision in the matter, and

RESOLVED TO RECOMMEND-That the Borough Treasurer be instructed to pay the account as rendered amounting to £523 5s. 4d.

3.-COLLECTION AND STERILISATION OF WASTE FOOD:

The Town Clerk reported the receipt of a circular letter from the Ministry of Agriculture and Fisheries conveying, on behalf of Her Majesty's Government, their appreciation of the valuable assistance given by the Council in the National scheme for the organised collection and sterilisation of waste food. The Ministry ask for the Council's continued co-operation and effort and express the hope that the Council will review their existing arrangements and let the Department know what they can do to ensure that increased quantities of this valuable material are salvaged for animal feeding. It will be remembered that the Council have recently reviewed this matter and invited householders to co-operate in a scheme for increasing the collection of waste food, but in view of the poor response received the Council did not feel justified in putting the scheme into operation. Collections are, however, still being made from industrial undertakings.

RESOLVED TO RECOMMEND-That the Town Clerk be instructed to inform the Ministry of Agriculture and Fisheries accordingly.

4.—RECOVERY OF IRON AND STEEL SCRAP:

It was reported by the Town Clerk that, in accordance with the instructions of the Council, he had communicated with the Ministry of Supply calling attention to the use by the General Post Office of iron telephone poles and he submitted a letter from the Ministry of Supply stating that they had been informed by the General Post Office that when their existing stocks of steel poles, which they bought in 1948 and are now comparatively small, have been used, they do not propose to purchase any more of this type, but they will meet their requirements by the use of

5-PROPOSED TRANSPORT GARAGE :

It was reported by the Town Clerk that, in accordance with the instructions of the Committee, he had requested the Ministry of Housing and Local Government to receive a small deputation in order to discuss the Council's proposals with regard to the erection of a transport garage. A letter had been received from the Ministry stating that the Minister must make it clear that the present economic conditions make it impossible for him to consider approving this scheme quite apart from any question of its merits. The scheme is of a category of public works which are at present deferred throughout the country and, therefore, the Minister sees little object in inviting the suggested deputation. Noted.

6-URGENT WORKS :

The Committee decided to take no action with regard to the decision of the Finance Committee to the effect that they are prepared to consider proposals of other Committees concerning the execution, in the current financial year, of urgent items of works subject to certain conditions.

7.-REPLACEMENT OF THE MAYOR'S CAR :

The Town Clerk submitted copies of letters received from various persons and organisations relative to the Council's decision to purchase a Rolls Royce car for the use of His Worship the Mayor. He reported with regard to the present position of the Contract for the purchase of the car and stated that, on the instructions of His Worship the Mayor, he had suspended any further action for the completion of the contract. The Town Clerk also submitted letters from various persons and firms offering for disposal second-hand Rolls Royce cars.

RESOLVED TO RECOMMEND—That the previous resolution of the Council relative to the purchase of a new Rolls Royce car be rescinded.

Further

RESOLVED—That the Borough Engineer and Surveyor be instructed to submit to the next meeting a report with quotations from all manufacturers or their agents for the supply of a seven-seater limousine car and that consideration be given at the next meeting to the offers received for the supply of second-hand Rolls Royce cars.

RECOMMENDATION OF FINANCE COMMITTEE :

Add a further recommendation :---

"That, in the meantime, the Borough Engineer and Surveyor be instructed to ascertain the possibility of servicing the present car for a further period, and to obtain fresh estimates, including one from the manufacturers."

8.-HOUSING ACCOMMODATION FOR THE MAYOR'S CHAUFFEUR:

The Committee duly noted a letter submitted by the Town Clerk from Douglas Martin and Partners, Ltd. regarding housing accommodation for the Mayor's chauffeur.

^{the} 9.—WATERCOURSE—BROOKSIDE ROAD, GOLDERS GREEN:

The Town Clerk reported that, in accordance with the Committee's instructions, he had considered the legal position of the Council with regard to a suggestion of the Borough Engineer and Surveyor that the Council should undertake the clearance and maintenance of the watercourse which runs from "Eagle Lodge," Golders Green Road to Highfield Road. After consultation with the Chairman, he had requested the Medical Officer of Health to arrange for an inspection to be made of the watercourse and for a report thereon to be submitted to the Public Health Committee. At the last meeting of the Public Health Committee the Medical Officer of Health reported that, in his opinion, a statutory nuisance existed, and that Committee are submitting to the Council a recommendation that, subject to the Town Clerk being satisfied as to the legal position, and in accordance with the provision of Section 93 of the Public Health Act, 1936, the Borough Engineer and Surveyor be instructed to arrange to carry out all works necessary to clear this watercourse at an estimated cost of $\pounds500$ and also to carry out annual clearance thereof at an estimated cost of $\pounds50$. 10.-PROPOSED TIP, THE RIDGEWAY, MILL HILL:

It was reported by the Town Clerk that certain difficulties which has arisen between the owner and a firm of demolition contractors relating to tipping rights, were in process of being satisfactorily settled and that the draft agreement dealing with this matter was being negotiated with the Solicitors to the owner. It was, however, anticipated, that some questions might arise in connection with certain minor matters relative to fences and planting of trees and in order that there should not be any further delay, the Town Clerk suggested that the Chairman be authorised to agree, in consultation with the appropriate Officers, to any minor matters of this nature. Application for consent under Section 222 of the Middlesex County Council Act, 1944, had been made to the County Council for permission to establish the tip.

691

The Committee duly noted the position, and

RESOLVED TO RECOMMEND—That the Chairman be authorised to agree, in consultation with the appropriate Officers, to any minor matters as above indicated.

3.-LAWRENCE STREET HOUSING SCHEME:

(a) Proposals.

The Town Clerk reported receipt of a letter from the Ministry of Housing and Local Government stating that the Minister raised no objection, in principle, to the sale of the Lawrence Street Housing Site to A. W. Curton Ltd., on the terms and conditions proposed by the Council. The formal consent of the Minister would be issued on receipt of the District Valuer's report.

The Town Clerk also reported receipt of a further letter from the Ministry stating that the Minister was unable, on account of the high cost, to approve the tender of J. Sugrue & Son (Contractors) Ltd., amounting to $\pounds44,143$ 19s. 1d. for the laying of roads and sewers on this site. The letter added that the Ministry's technical officer was in communication with the Borough Engineer and Surveyor regarding amendments to the lay-out which should result in effecting the necessary savings in cost to produce a tender figure which the Minister could approve.

The Borough Engineer and Surveyor reported that a Conference was duly held on the 7th November, 1952, between a technical officer of the Ministry, the Area Planning Officer and himself, with a view to the existing scheme being amended in order to make certain savings on the cost of the roads and sewers.

A revised lay-out had subsequently been prepared (a plan of which was submitted to the Committee), which considerably reduced the road works; increased the total number of plots on the estate from 127 to 130; preserved the amenities and characteristics of the estate, and allowed for the preservation of a large number of existing trees.

The Borough Engineer and Surveyor also reported that he had negotiated a revised tender with J. Sugrue & Son (Contractors) Ltd., amounting to £38,863 7s. 3d. for the construction of the roads and sewers, in accordance with the revised lay-out, which was £5,280 11s. 10d. less than the amount of their previous tender.

RESOLVED TO RECOMMEND—That, subject to any necessary town planning consents, the revised lay-out plan No. 2012/O.C.1881 submitted by the Borough Engineer and Surveyor be approved and adopted by the Council.

It was further

RESOLVED, as a matter of urgency-

- (i) That, subject to the execution by the tenderers and the Corporation of a contract in a form to be approved by the Town Clerk, the Borough Engineer and Surveyor be authorised to accept the revised tender of J. Sugrue & Son (Contractors), Ltd., amounting to £38,863 7s. 3d.
- (ii) That the Town Clerk be instructed to make application to the Minister of Housing and Local Government for sanction to the borrowing of a sum of £39,612 made up as follows :--

(iii) That the Borough Treasurer be instructed to make application to the Public Works Loan Board for the necessary loan.

1.—COUNTY DEVELOPMENT PLAN:

The Borough Engineer and Surveyor reported the receipt of notification that the following modifications were proposed in the County Development Plan so far as it relates to the Borough :--

(a) 57, Manor Park Crescent (Edgware Ward) :

The freeholder has objected to the inclusion of these premises in an area intended primarily for residential use, and the Area Planning Officer has suggested that these premises, with the two adjoining houses and the shops 41-47 (odd), Manor Park Crescent, should be included in an area intended for shopping use.

(b) 61, Daws Lane, N.W.7 (Mill Hill Ward) :

The leaseholder of these premises has objected to their inclusion in an area intended primarily for residential use. The premises have for some years been used for business purposes and the Area Planning Officer is prepared to recommend that Nos. 59 and 61, Daws Lane should be included in the Daws Lane shopping area.

(c) Edgware Headquarters of the Territorial Army, Deansbrook Road and Burnt Oak Broadway (Burnt Oak Ward) :

A part of these premises has been included in an industrial area and the Area Planning Officer has expressed the opinion that the definition of the Territorial Army site in Deansbrook Road should be extended to include the land fronting Burnt Oak Broadway containing Married Officers' Quarters, etc.

(d) Church End Farm and Model Farm, Church End, N.W.4 (Central Ward) :

The owner has objected to the allocation for public open space purposes of Church End Farm House and garden and farm buildings and Model Farm House and garden and farm buildings, together with all the land used in connection therewith. The Area Planning Officer is prepared to recommend the modification of the plan to allocate the land and buildings for agricultural use. 2.—PROPOSI The outline p for the p

(e) Tenterden Gardens, N.W.4 (Central Ward) :

Objection has been lodged to the fact that a piece of land having a frontage of approximately 189 feet to Tenterden Gardens is shown in the Development Plan as being subject to a Tree Preservation Order (having been so indicated in the former Hendon Planning Scheme No. 1). After visiting the site, the Officers of the Borough Council and of the Middlesex County Council have agreed that there are now no trees worthy of preservation on the land in question.

728

(f) Land at rear of West Heath Gardens and at West Heath House, N.W.3 (Childs Hill Ward) :

During the Preliminary Consultation Map stage of the Development Plan, a proposal was put forward that a footpath be provided from Elm Park, Childs Hill, to West Heath Road, but during the discussion it was suggested that the proposed footpath would not appear to serve any useful purpose and should be omitted from the Plan. The footpath has, however, been shown on the Development Plan in error and the Area Planning Officer proposes to recommend its deletion.

After considering the report of the Borough Engineer and Surveyor, the Committee

- RESOLVED—That the Borough Engineer and Surveyor be instructed to inform the Area Planning Officer that the Council offer no objection to the proposed amendments to the Development Plan set out above.
- RESOLVED TO RECOMMEND—That, in variation of the Council's decision contained in Item 24 of the report of the Buildings and Town Planning Committee dated 2nd April, 1951, no further action be taken for the inclusion in a Tree Preservation Order of the following group of trees:—

2.—PROPOSED SYNAGOGUE, EDGWARE WAY:

The Borough Engineer and Surveyor reported that, in accordance with condition No. 1 of the outline planning permission granted to them, the United Synagogue had submitted detailed plans for the proposed erection of a synagogue and ancillary buildings at Edgware Way (Edgware Ward).

RESOLVED-That the plans now submitted be approved, subject to the following conditions :---

- (a) That a sample of the bricks to be used for the construction of the external walls of the synagogue shall be submitted to and approved by the Hendon Borough Council and the Local Planning Authority before any works are commenced.
- (b) That the necessary trees and shrubs required to carry out the proposed scheme of planting on the north-east and south sides of the site shall be planted and maintained to the satisfaction of the Hendon Borough Council and the Local Planning Authority.

3.-HOUSING SITE NO. 26-ABERCORN ROAD, MILL HILL:

At their last meeting, the Housing Committee had before them plans for the provision of four bungalows for aged persons at Frith Court, Abercorn Road (Central Ward) and decided to recommend that, subject to any observations of the Buildings and Town Planning Committee, the plans should be approved.

At their last meeting the Committee disapproved application No. T.P.2875 relating to proposed additional living rooms at 32, Greyhound Hill (Central Ward).

The Borough Engineer and Surveyor submitted two alternative revised applications T.P.2875A and T.P.2875B for the provision of additional accommodation either with or without an external staircase.

RESOLVED-

- (1) That application No. T.P.2875A, which does not include an external staircase, be approved, subject to the condition that the external appearance of the proposed addition shall harmonise with that of the existing building to the satisfaction of the Hendon Borough Council.
- (2) That the Borough Engineer and Surveyor be instructed to convey the decision to the applicant.

5.—HOUSING SITE NO. 32—NORTH ROAD, BURNT OAK :

At their last meeting the Housing Committee considered detailed plans for the erection of 9 flats on the above-mentioned housing site (Burnt Oak Ward) and decided to recommend that, subject to any observations of the Buildings and Town Planning Committee, the plans should be approved.

After considering the plans submitted by the Borough Engineer and Surveyor, the Committee RESOLVED-

- (1) That no objection be raised on planning grounds to the proposal.
- (2) That the Borough Engineer and Surveyor be instructed to take the necessary steps to obtain planning permission for the proposal.

6.—APPLICATIONS FOR CONSENT UNDER ADVERTISEMENT REGULATIONS:

The Borough Engineer and Surveyor submitted the following applications for consent under the Town and Country Planning (Control of Advertisements) Regulations, 1948 and 1949. In accordance with the Committee's previous instructions (B. & T.P.C., 20/9/48-37) the list was submitted with a recommendation in each case, although the applications submitted to the County Council under the Scheme of Delegation had not been returned with an indication of whether they were excepted or not.

RESOLVED-That the recommendations shown in the last column of the list be adopted and that the Borough Engineer and Surveyor be instructed to convey such decisions to the applicants in the case of non-excepted applications and to the Area Planning Officer in the case of excepted applications :----

1.—REVIEW OF ESTABLISHMENTS :

At their last meeting the Council approved the grading of principal executive posts outside the scope of the National Joint Council.

Paragraph 26 of the National Scheme of Conditions of Service for Local Authorities Administrative, Professional, Technical and Clerical Staffs provides that the establishment of local authority staffs shall be reviewed at regular intervals. A similar provision appears in the Scheme of Conditions of Service for the Miscellaneous Classes of Officers. No general review of the establishments of the various departments has taken place since the Council adopted the Scheme in 1946. Accordingly, in November last, the Committee instructed the Chief Officers to give consideration to this matter and to submit at a future meeting details of the existing establishments and gradings of posts in their Departments with suggestions for any amendments which they considered desirable.

The Chief Officers reported that consultation had taken place with a view to securing uniformity of grading of posts which are broadly comparable.

They submitted reports together with schedules showing the existing establishments of their respective departments and the amendments which they recommended should be made thereto.

The Committee were supplied with charts showing the organisation of the several departments and the proposed establishment for each section or division; and also a statement prepared by the Borough Treasurer showing for each department the number of established posts, the number of posts occupied and the total annual salaries attaching to those posts (a) as at 1st April, 1946, (b) as at 1st October, 1952, and (c) as proposed by the Chief Officers.

The amendments proposed by the Chief Officers did not provide for grading adjustments consequent on the recent adoption by the Council of the salary scales for shorthand typists and machine operators. These matters will be separately reported upon at a future meeting.

The Committee noted the reports of the Chief Officers and after careful consideration made a number of amendments to the proposals contained therein, and

RESOLVED TO RECOMMEND

- (a) That, with effect from 1st January, 1953, the establishments shown in the Appendix hereto be approved.
- (b) That, with effect from 1st January, 1953, the present occupants of any re-graded posts be paid salary commencing at the minimum of the new grading or the point in the new grading next above the occupants' present salary, whichever is the higher.

The Borough Treasurer reported that lists compiled by the Borough Engineer and Surveyor, the Medical Officer of Health and the Housing Officer contained the names of 18 employees of the "servant" class recommended for transfer to the superannuable staff in accordance with the Council's resolution (F. & G.P.C., 29/9/47-4 (xvii)). The employees whose names appear on the lists are eligible for transfer to the superannuable staff as "Servant-Class A," subject to verification of age and medical fitness.

RESOLVED TO RECOMMEND—That the Borough Treasurer be instructed to take the necessary action for verification of age and medical fitness in respect of the 18 employees enumerated in the lists referred to above and eligible for transfer to the superannuable staff, and to submit a further report thereon in due course.

2.-RIFLE RANGE AT COOL OAK LANE:

As instructed at the last meeting, the Town Clerk submitted information obtained from seven local authorities as to assistance which they had granted to rifle clubs in their areas, and the Committee gave further consideration to the application received from the Hendon Rifle Club.

After hearing the report of the Borough Engineer and Surveyor on the works necessary at the rifle range in Cool Oak Lane, the Committee concluded that the works, if carried out, should be carried out by the Council.

RESOLVED TO RECOMMEND—That the Borough Engineer and Surveyor be instructed to obtain and submit at a future meeting estimates for the works to be carried out.

3.—BOROUGH OF HENDON OLD PEOPLE'S WELFARE COMMITTEE:

The Town Clerk reported that at their last meeting, the Borough Show and Entertainments Committee had under consideration a letter from the Borough of Hendon Old People's Welfare Committee submitting suggestions for the entertainment and welfare of elderly people during the Coronation Celebrations.

One suggestion was that a seaside hostel should be provided to enable small groups of elderly people to spend a week's holiday at the seaside, and the Borough Show and Entertainments Committee had referred this suggestion to the General Purposes Committee with a recommendation that favourable consideration should be given to it.

The Town Clerk also reported the receipt of a further letter from the Old People's Welfare Committee referring to the Council's decision not to contribute towards the scheme recently subthat they found it difficult to put forward an alternative proposal, and emphasised the need for a submitted. The Welfare Committee referred to the suggestion for a seaside hostel, but stated that their desire was for the immediate needs of the Borough to be served first. After fu RESOL⁷ (1)

After full consideration of these matters, the Committee

RESOLVED TO RECOMMEND-

- (1) That no action be taken for the provision of a seaside hostel for old people.
- (2) That the Council make a contribution of £2,000 under Section 31 of the National Assistance Act, 1948, to the Borough of Hendon Old People's Welfare Committee towards the establishment of an Old People's Club to serve the whole Borough, subject to suitable safeguards in a form to be approved by the Town Clerk for reimbursement of the Council in the event of the club premises passing from the ownership of the Old People's Welfare Committee.

4.-PUBLIC HALL-EDGWARE :

The Town Clerk submitted a letter from the Edgware Ratepayers' Association in reply to the Council's enquiry as to what additional sites the Association wished to suggest for the erection of a public hall in Edgware and what contribution they and the local organisations supporting their request would be prepared to make towards the cost of such a hall if the Minister of Housing and Local Government authorised the capital expenditure involved.

The letter suggested that the land adjoining the library site in Hale Lane was most suitable for the purpose, but set out 10 alternative sites in the Edgware district. The Association also expressed the view that since the public hall would be under the control of the Council, who would derive revenue from lettings, they did not think local organisations should necessarily be expected to contribute towards its construction.

After hearing the Borough Engineer and Surveyor's report on the sites suggested by the Association and giving full consideration to this matter, the Committee

RESOLVED TO RECOMMEND—That the Town Clerk be instructed to inform the Edgware Ratepayers' Association that whilst the Council are sympathetic to the Association's desire for the establishment of a public hall in Edgware, they are of opinion that the time is not opportune to make such provision.

5.-URGENT ITEMS OF WORK :

The Committee were informed of the Council's decision (Finance Committee, 28/10/52-22) that the Committees of the Council be informed that the Finance Committee are prepared, in certain circmstances, to consider proposals concerning the execution in the current financial year of urgent items of work. Noted.

6.—PARKING OF CARAVANS:

The Town Clerk reported that at their last meeting the Buildings and Town Planning Committee had under consideration cases in which caravans had been parked in the Borough for residential purposes without planning permission and without the consent of the Council under the Middlesex County Council Act, 1944. In connection with this matter, the Buildings and Town Planning Committee had asked the General Purposes Committee to consider and submit a recommendation to the Council on the question of setting up in the Borough a caravan park which would be controlled by the Council.

RESOLVED TO RECOMMEND—That further consideration be given to this matter at a future meeting of the Commingee, and that the Borough Engineer and Surveyor be instructed to submit a report on the possibility of providing a parking place for caravans to be controlled by the Council.

7.-ARTICLED CLERK :

After hearing the report of the Town Clerk on this matter, the Committee

RESOLVED TO RECOMMEND—That permission be granted to Mr. R. H. Williams, LL.B., Deputy Town Clerk, to accept Mr. M. Kelly, LL.B., D.P.A., Legal Assistant in the Town Clerk's Department as an Articled Clerk.

8.—FOOD AND DRUGS ACT, 1938:

The Town Clerk reported that as a result of the 1951 Census six authorities in the County of Middlesex were found to have a population of 40,000 or upwards, and were accordingly entitled to become Food and Drugs Authorities for their districts, under the Food and Drugs Act, 1938, unless the Minister of Housing and Local Government made a Direction (as was done in the case of Hendon and other authorities in 1938) that the County Council should continue to be the Food and Drugs Authority. It is understood that Middlesex is the only county in the country in respect of which a Direction was made. He stated that the Middlesex Borough and District Councils' Association had been informed that the County Council had applied for such a Direction and also that it was understood that a new Food and Drugs Bill was being prepared which would give an opportunity for amending the law so that all authorities in Middlesex over 40,000 population would become Food and Drugs Authorities.

The Town Clerk stated that the Executive Committee of the Association had decided to support the local authorities who were submitting a statement to the Minister in opposition to the County Council's present application and had recommended the constituent authorities to make early representations to the appropriate Association of Local Authorities with a view to steps being taken to secure an amendment of the Food and Drugs Act, 1938, to enable County District Councils in Middlesex to become Food and Drugs Authorities. They had also informed the County Council and the Welfare Sub-Committee of the Local Government Conference Committee of these facts, and of their view that there should be an immediate delegation of Food and Drugs Act powers to those authorities who were deprived of them by the Direction of 1938.

RESOLVED TO RECOMMEND—That the Town Clerk be instructed to write to the Association of Municipal Corporations asking them to make representations for the amendment of the Food and Drugs Act, 1938, on the lines suggested by the Middlesex Borough and District Councils' Association.

9.-MEDICAL OFFICERS OF HEALTH OF BOROUGHS AND URBAN DISTRICTS:

The Town Clerk reported that the Middlesex County Council had had under consideration the arrangements which they must make under Section 111 of the Local Government Act, 1933, for securing that medical officers of health of boroughs and urban districts shall not engage in private practice and also the apportionment of time of County Council medical officers of health who are either medical officers of health or deputy medical officers of health.

The Town Clerk submitted details of the arrangements proposed by the County Council, and stated that these had been considered by the Middlesex Borough and District Councils' Association, who were in agreement with them on the understanding that they would not preclude a district council, if it so desired, from appointing as part-time medical officer of health a person, for example. in the employ of a Hospital Board.

RESOLVED TO RECOMMEND—That the Town Clerk be instructed to inform the Middlesex County Council and the Middlesex Borough and District Councils' Association that this Council are in agreement with the views on this matter expressed by the Association.

10.-TOWN AND COUNTRY PLANNING ACT, 1947-SECTION 58:

Claims had also been lodged in respect of certain lands where private street works charges had been outstanding for long periods and possessory titles had been obtained.

He stated that the determinations of the Central Land Board had been received, and in the opinion of the Borough Engineer and Surveyor and the Borough Treasurer, there were no grounds on which objection could be raised there:o. As a matter of urgency, the Chairman of the Committee had agreed that no objections should be lodged.

RESOLVED TO RECOMMEND-That the action taken be confirmed.

11.-PROPOSED TIP, THE RIDGEWAY, N.W.7:

The Town Clerk reminded the Committee that the Council had decided to enter into an agreement with Mr. Roberts and the Mill Hill School in connection with the tip at The Ridgeway, Mill Hill, and pointed out that under Section 222 of the Middlesex County Council Act, 1944, it was necessary to obtain the formal consent of the Middlesex County Council and of the Borough Council for the establishment of a tip. Application had accordingly been made for the consent of the Middlesex County Council also to give a formal consent.

RESOLVED TO RECOMMEND—That consent be given under Section 222 of the Middlesex County Council Act, 1944, to the establishment of the tip in question.

12.-PROVISION OF TEMPORARY ACCOMMODATION FOR THE HOMELESS:

The Town Clerk reported the receipt of a circular letter from the Middlesex County Council stating that, in connection with their duty under Section 21 (1) (b) of the National Assistance Act, 1948, the County Council had experienced difficulty in finding suitable buildings for the provision of additional temporary accommodation for persons rendered homeless by eviction. The County Council had asked that County District Councils should assist them by advising the Clerk of any properties of which they may become aware which may be available and suitable for use as temporary accommodation.

RESOLVED TO RECOMMEND—That the Town Clerk be instructed to inform the Clerk of the County Council that this Council is not aware of any properties which would be suitable for the purpose indicated.

13.—APPLICATION FOR GAME LICENCE:

The Town Clerk submitted an application from J. H. Dewhurst Ltd., for a Game Dealers' licence in respect of their premises at 34, Golders Green Road, N.W.11.

RESOLVED—That the application be approved, and that the Town Clerk be instructed to issue the necessary licence for the period expiring on 1st July, 1953.

14.—SHOPS ACT, 1950—SECTION 53:

The Town Clerk reported that, in pursuance of the executive power granted to him, he had registered Mr. Albert Solomon, trading as a retail poulterer at 397, Hendon Way, N.W.4, for Sunday trading under Section 53 of the Shops Act, 1950. Noted.

15.—MEMBERSHIP OF HOSPITAL MANAGEMENT COMMITTEES :

The Town Clerk reminded the Committee that, under the terms of the National Health Service Act, 1946, approximately one-third of the members of Hospital Management Committees retire each year on 31st March, and are eligible for re-appointment by the Regional Hospital Board. On 31st March, 1953, seven vacancies will occur on the Hendon Group Hospital Management Committee and four on the Napsbury Hospital Management Committee (St. Albans), and the North-West Metropolitan Regional Hospital Board had invited the Council to submit suggestions for the appointment of members.

16.—MANUSCRIPT ITEMS :

The Town Clerk reminded the Committee that it was the present practice to record, in manuscript, in the Minute Books of the various Committees, matters which cannot conveniently be included in the printed report, either because they are confidential or because they comprise extensive lists or statements which would be expensive to print.

The items are available at or before the Council meeting for inspection by members of the Council, but the Town Clerk sought instructions as to whether they should be circulated confidentially to all members.

RESOLVED TO RECOMMEND—That the Council adhere to the present practice in this matter.

17.-LETTING OF ACCOMMODATION AT TOWN HALL:

The Town Clerk submitted a letter from the Hendon Central Chamber of Commerce expressing thanks for the Council's consideration in letting a Committee Room to the Chamber for a meeting on 18th November, 1952. Noted.

18.—TOWN HALL—INTERNAL COMMUNICATION:

At their last meeting, the Committee instructed the Chief Officers to obtain quotations for the installation of a suitable type of internal communication system for the Town Hall.

In the first instance, in pursuance of this instruction, the Borough Treasurer submitted details of the installation which was under consideration by the Council in 1949 and of the costs of the installations at the present time.

After considering the report, the Committee

RESOLVED TO RECOMMEND-That no further action be taken in this matter.

19.—GOLDERS GREEN WAR MEMORIAL :

At the request of His Worship the Mayor, the Borough Engineer and Surveyor submitted a report on the condition of the Golders Green War Memorial with quotations for its renovation. He also reported that complaints had been received as to the visibility of the clock faces at night, and suggested that the present glass clock faces should be removed and replaced with plain blue glass at an estimated cost of $\pounds 20$.

RESOLVED TO RECOMMEND_

- (1) That the Borough Engineer and Surveyor be instructed to accept the lowest quotation received, that of Kelly & Co. (Cramb Bros.) Limited amounting to $\pounds 128$ for the renovation of the war memorial and also to arrange for the reglazing of the clock faces at an estimated cost of $\pounds 20$.
