QUESTIONS:

Amusement Fair, Edgware Road.

Pursuant to notice duly given in accordance with Standing Order No. 25, Councillor Richardson asked the Chairman of the Buildings and Town Planning Committee and the Chairman of the Public Health and Medical Services Committee the following question:—

Whether their attention has been called to the Amusement Fair which has been erected on land alongside Edgware Road, between Hillfield Avenue and Woodfield Avenue, N.W. 9, and whether, in view of the undesirability of a Fair in such close proximity to residential estates, it is proposed to seek means of obtaining the removal of the Fair.

Replies were given in the following terms:—

The Chairman of the Buildings and Town Planning Committee (Alderman Copestake):—

My attention has been drawn to the Amusement Fair in question. The land occupied by the Fair is situate in a general zone under the Town Planning Scheme and the matter does not appear to be one for the attention of the Buildings and Town Planning Committee.

I understand, however, that appropriate action has been taken to deal with the situation.

The Chairman of the Public Health and Medical Services Committee (Councillor Gilpin):—

My attention has been called to the Amusement Fair. I personally visited the site following on complaints received from tenants of the adjoining houses. The attention of those concerned was called to the Council's Bye-Law relating to organs and other musical instruments worked by mechanical means, and steps immediately taken to reduce the noise.

A notice was also issued to the agents for the owner of the land under Bye-Laws 16 and 17 relative to Tents, Vans and Sheds.

The agents expresssed their regret and undertook that no performances should take place after Saturday last and gave an assurance that the land should not be used for a similar purpose in the future. The Fair was being dismantled this morning.

No. 121 'Bus Route.

The Town Clerk reported that a question, of which Alderman Copestake had given notice, relative to the No. 121 'Bus Service would be dealt with under Item 18 (A) of the report of the Highways Committee.

Page 454—*Item* 18 (*A*)—*Travelling Facilities*—*'Bus Route No.* 121.

On consideration of the above item, Alderman Copestake asked the following question, pursuant to notice duly given in accordance with Standing Order No. 25 :—

" If any further reply has been received by the Council from the London Transport Board with regard to the 'Bus Route No. 121 (Item 18, Page 179) and if not will further representation be made, as the reply as to regular services is not in conformity with the facts."

Alderman Cartwright replied as follows :—

No information has been received from the London Passenger Transport Board regarding the representations put forward by the Council beyond that reported to the Council on the 27th January last. (Hi.C., 6/1/36—18).

Representations have been made to the Board by the Golders Green Estate Ratepayers' Association, the Association's suggestions being set out under Item 18 (A) of the report of the Highways Committee now before the Council.

Since the meeting of the Highways Committee a copy of the Board's letter to the Golders Green Estate Ratepayers' Association has been received. The letter is in the following terms :—

> " I have delayed acknowledging your letter of the 26th March, so that I could again look into your suggestion that this service should run between Swiss Cottage and Hendon only.
>
> The fact is that the volume of traffic along Hendon Way to Baker Street, Oxford Street and Regent Street is such that the Board could not justify breaking the route at Swiss Cottage. The railway from Hendon Central to Golders Green at peak hours is fully used, whilst the Metropolitan Line from Swiss Cottage does not go to Oxford Street and Regent Street, and passengers by local 'bus and this route would have to change again at Baker Street so that from the railway point of view inconvenience would be the result of any breaking of one service as you suggest.
>
> Moreover, it is very doubtful whether the Board could obtain approval for turning more 'buses at Swiss Cottage. Much difficulty was recently experienced in obtaining the necessary approval to the recent extension of service 23 from Marylebone to this point. It may be that your Association is not aware that all 'bus routes and terminal arrangements have to be approved by the Licensing Authority.
>
> For the present I am afraid I cannot say any more than that the road staff have been instructed to give all possible supervision in the operation of Route 121."

A further letter has been received from the Ratepayers' Association asking the Council to receive a deputation from the Association, and this communication will be considered by the Highways Committee at their meeting on Monday next.

★4.—PUBLIC LIGHTING:

★ (A). Edgware Road.

SUBMITTED: Report of the Borough Surveyor on a letter from the North Metropolitan Electric Power Supply Company stating that in consequence of the London Passenger Transport Board's proposals to operate trolley buses along the Edgware Road it will no longer be possible to continue the present span lighting, and in these circumstances the Company propose to substitute, for the span lighting, 250 watt electric discharge lamps mounted on the poles carrying the trolley bus equipment.

There will be very little difference in cost between the proposed and the present system of lighting, but the Company's offer is conditional upon the Harrow Urban District Council, which is responsible for lighting one-half of the road, entering into a contract for a period of seven years.

The Borough Surveyor suggested that he should negotiate with the Harrow Council and also obtain a quotation from the Gas Light & Coke Company based on the same lighting standard.

RESOLVED TO RECOMMEND—**That the report of the Borough Surveyor be approved.**

★ (B). **Improved Lighting—The North Middlesex Gas Company.**

SUBMITTED: Report of the Borough Surveyor on his negotiations with The North Middlesex Gas Company regarding an improved system of lighting for the Class I roads within the Company's lighting area (Hi.C., 2/3/36—4 (A)).

The Company previously quoted a figure of £12 10s. 0d. per lamp per annum, including all capital costs and main laying. They have now submitted revised terms for a new contract for a period of 15 years on the following basis :—

(1) The price of £12 10s. 0d. per lamp per annum to be reduced to £12 per lamp per annum;

(2) The present 2-light lamps (about 1,566 in number) to be reduced from £4 14s. 0d. to £4 9s. 0d. per annum;

(3) The present 3-light lamps (about 171 in number) to be reduced from £5 14s. 0d. to £5 4s. 0d.

The proposals now submitted for providing improved lighting on the Class I Roads show a reduction of £495 on the Company's previous offer. In addition, when the scheme comes into operation a saving of £474 per annum will result from the reductions in the annual cost of the two-light and three-light lamps.

RESOLVED TO RECOMMEND—

(*a*) **That the proposals submitted by The North Middlesex Gas Company as indicated above be approved;**

(*b*) **That a new agreement in a form to be approved by the Town Clerk be entered into incorporating such terms, and the Corporate Seal affixed thereto in due course.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

(Alderman Cartwright in the Chair).

★ (C). **Central Square, Hampstead Garden Suburb.**

SUBMITTED: Report of the Borough Surveyor on a letter from Mr. J. C. S. Soutar asking the Council to take over the lighting of certain footpaths leading through the open spaces vested in the Hampstead Garden Suburb Trust at Central Square, indicated on the plan submitted. At the present time the footpaths are lighted by six electric lamps supplied and fixed by the Trust.

RESOLVED TO RECOMMEND—**That no action be taken in the matter.**

(Councillor Potter in the Chair).

★5.—**TRAFFIC CONTROL:**

(A). *Junction of Hendon Way and Wessex Gardens.*
Pedestrian Operated Traffic Control Signal.

With reference to the proposal to establish a pedestrian operated traffic control signal in Hendon Way at its junction with Wessex Gardens, a letter was submitted from the Ministry of Transport stating that as there is not a great deal of pedestrian traffic at this point apart from school children, and also in view of the fact that a police officer is on duty to escort the children across the road, it is felt that a pedestrian operated traffic signal is not necessary at the present time. **Noted.**

★ (B). **The Broadway, Mill Hill—Barrier Rail.**

SUBMITTED: Letter from St. Anthony's School, Mill Hill, suggesting the provision of railings alongside the footpaths passing under the Railway Bridge which carries the London, Midland & Scottish Railway over The Broadway, Mill Hill.

The Borough Surveyor reported that the suggestion would be considered in conjunction with the scheme which is being prepared for the lengthening of the bridge and the widening of the carriageway.

RESOLVED TO RECOMMEND—**That the school authorities be informed accordingly.**

★ (C). **Junction of Hodford Road and Dunstan Road.**

SUBMITTED: Letter from Mr. E. J. A. Farmer of 60, Hodford Road, N.W. 11, drawing attention to the traffic conditions at the above junction and suggesting that consideration be given to the erection of appropriate traffic signs fitted with reflectors in lieu of the signs painted on the carriageway.

RESOLVED TO RECOMMEND—**That the Borough Surveyor be instructed to arrange for "Major Road Ahead" signs to be erected at the junction in question, Dunstan Road being regarded as the major road, and that the painting of the signs on the carriageway at the junction be discontinued.**

★6.—PRIVATE STREET WORKS:

★ (A). **Making up of Brook Avenue, Edgware.**

SUBMITTED: Report of the Borough Surveyor on a letter from Mr. R. C. Campbell regarding the making up and taking over of the above road.

RESOLVED TO RECOMMEND—**That Mr. R. C. Campbell be informed that the Council will be prepared to take over the road if made up in accordance with the Council's standard agreement and subject to the work being commenced within three months of the date of the Council's resolution, and, in the event of Mr. Campbell agreeing to this course the necessary agreement be entered into and the Corporate Seal affixed thereto.**

(Hi.C., 4/3/35—6 (B); 3/2/35—3 (E)).

RESOLVED TO RECOMMEND—**That approval be given to the roads in question being included in the agreement.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

★ (C). **Abercorn Road, Mill Hill.**

Pursuant to the resolution of the Council (Hi.C., 3/2/36—3 (J)) notices under Section 150 of the Public Health Act, 1875, have been served on the frontagers regarding the making up of Abercorn Road. A letter has been received from Mr. P. T. Harrison, one of the frontagers, pointing out that the percentage of development is small. The Borough Surveyor reports that development is proceeding and it is anticipated that by the time the sanction of the Minister of Health is received and tenders invited development will have proceeded sufficiently to justify the work being put in hand.

RESOLVED TO RECOMMEND—**That Mr. Harrison be informed accordingly.**

(D). *Grove Road, Edgware (Part).*

Arising out of a letter from Mr. A. W. Curton, the Borough Surveyor reported that the plans and estimates which had been approved for making up the road had been forwarded to the Town Clerk to accompany the application to the Ministry of Health for sanction to the necessary loan.

★ **(E).** **Dedication of Roads.**

CONSIDERED : Report of the Borough Surveyor as to the desirability of dedicating the following streets as public highways repairable by the inhabitants at large :—

(iii) **That application be made in due course to the Minister of Health for sanction to the raising of a loan of £893 for a period not exceeding seven years.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

★7.—FINCHLEY ROAD—CRICKLEWOOD LANE TO HAMPSTEAD BOUNDARY:

Improvement.

SUBMITTED: Report of the Borough Surveyor with plans and estimates for relaying the section of Finchley Road between Hermitage Lane and the Hampstead boundary.

It will be recalled that the terms of the payment to be made by the London Passenger Transport Board in respect of their liability to reinstate the road consequent upon the abandonment of the length of tramway track have already been agreed. (Hi.C., 18/11/35—11).

The Borough Surveyor's estimate of the cost of carrying out the proposed improvement amounts to £7,000 and this amount has been included in the estimates forwarded to the County Council for the current financial year.

RESOLVED TO RECOMMEND—**That the scheme and estimate now submitted be approved and forwarded to the Middlesex County Council for approval.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

★8.—CHURCH ROAD IMPROVEMENT:

Sunny Gardens Road to Brent Street.

The Borough Surveyor reported that he had received an intimation from the County Engineer that the Ministry of Transport had issued a grant in connection with the improvement of Church Road between Sunny Gardens Road and Brent Street (Hi.C., 18/11/35—21) and asked for authority to advertise for tenders for carrying out the work and also to serve, when necessary, upon the owners of the land required for improvement, notice to enter under the Compulsory Purchase Order.

RESOLVED TO RECOMMEND—

(*a*) **That advertisements be issued inviting tenders for carrying out the work;**
(*b*) **That authority be given to serve notice to enter, when necessary, upon the owners of the land included in the Compulsory Purchase Order.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal, and also Recommend—That the question of dealing with Council property and other property in Church Road, be referred for the consideration of the Highways Committee at their next meeting.]

★9.—JUNCTION OF WATFORD WAY AND COLINDEEP LANE:

Proposed Improvement.

In accordance with the Committee's instructions the Borough Surveyor submitted a plan indicating a scheme for improving the existing junction of Colindeep Lane and Watford Way by turning Colindeep Lane at right angles into Watford Way.

The Committee are of opinion that the proposed scheme will constitute a desirable improvement at this junction, but that traffic light signals should also be included in the scheme. They accordingly

RESOLVED TO RECOMMEND—**That the scheme indicated on the plan now submitted with the addition of the provision of traffic light signals be forwarded for the observations of the Middlesex County Council.**

★10.—TROLLEY BUSES:

Turning Point—Edgware.

The Borough Surveyor reported that in accordance with the Committee's instructions (Hi.C., 30/3/36—6 (B)) he had been in communication with the London Passenger Transport Board and the Harrow Urban District Council with regard to the turning point for trolley buses at Edgware.

It is the intention of the Board to abandon the track between Station Road, Edgware, and Canons Park and not to extend the trolley bus system along this length. Proposals were submitted to the Harrow Council to run the trolley buses down Whitchurch Lane and turn them in Whitchurch Lane at its junction with Buckingham Road. These proposals were disapproved by the Harrow Council.

Proposals have now been submitted by the Board to the Minister of Transport and the Council for turning the trolley buses in High Street, Edgware, by running through the central reservation between the two carriageways, and a letter has been received from the Ministry of Transport enquiring whether the Council desire to make any representations on the Board's proposals.

The Borough Surveyor has pointed out to the Committee that this length of High Street, Edgware, is likely to develop in due course into an important business centre, and in these circumstances a turning point for trolley buses at the point suggested by the Board is open to strong objection. He suggests that the trolley bus system should be carried on to Canons Park and the buses turned round the traffic circus at that point.

The Committee are in agreement with the views of the Borough Engineer, and accordingly

RESOLVED TO RECOMMEND—

(*a*) **That the Ministry of Transport and the London Passenger Transport Board be informed that the Council offer strong objection to the proposal to turn the trolley buses in High Street, Edgware, and that the Council are of opinion that the trolley bus system should be carried on to Canons Park and the buses turned round the traffic circus at that point;**

(*b*) **That the action taken by the Council be communicated to the Harrow Urban District Council.**

★11.—ABANDONMENT OF TRAM TRACKS:

Cricklewood Lane, Finchley Road and Edgware Road.

In connection with the abandonment of the tramways in Cricklewood Lane, Finchley Road and Edgware Road, the Borough Surveyor reported that the areas to be handed over and the amount to be paid by the London Passenger Transport Board had been agreed. The amount due from the Board is £15,687 12s. 10d. calculated on the basis of 5/- per square yard for stone paved tracks and 6/- per square yard for wood paved tracks, and these prices have been agreed by the Middlesex County Council.

RESOLVED TO RECOMMEND—**That the sum of £15,687 12s. 10d. be claimed from the London Passenger Transport Board in respect of the tramway tracks referred to.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

★12.—LICHFIELD ROAD, WESTCROFT ESTATE:

Order under Section 46 of the Road Traffic Act, 1930.

SUBMITTED: Report of the Borough Surveyor regarding the proposals of the Hampstead Borough Council to make an Order under Section 46 of the Road Traffic Act, 1930, as amended by Section 29 of the Road and Rail Traffic Act, 1933, prohibiting the driving of heavy or light locomotives, motor tractors or heavy motor cars along Westbere Road from its junction with the Hampstead/Hendon boundary to its junction with Minster Road, and also the suggestion that this Council should make a similar Order in respect of Lichfield Road.
(Hi.C., 30/3/36—5 (D)).

The Borough Surveyor reports that he has carefully considered the proposals, and that whilst it is probably preferable that heavy traffic should follow Cricklewood Lane and Edgware Road rather than Lichfield Road and Westbere Road, which are residential in

character, having regard to the possibility of requests for restrictive Orders of a similar character in respect of other residential streets in the Borough, it would not appear to be desirable as a general policy for the Council to make an Order, as contemplated by the Hampstead Council, in respect of Lichfield Road.

RESOLVED TO RECOMMEND—**That the Hampstead Borough Council be informed that the Council are not prepared to make a Restrictive Order in respect of Lichfield Road.**

★13.—FOOTPATH, HOOP LANE, GOLDERS GREEN:

RESOLVED TO RECOMMEND—

(*a*) **That the offer be accepted subject to the approval of the Middlesex County Council and to that authority agreeing to re-imburse the whole of the expenditure involved;**

(*b*) **That an estimate of £50 in respect of legal costs and the costs of carrying out the requisite paving works be submitted to the County Council.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

CONSIDERED: Letter from the Golders Green Estate Ratepayers' Association enquiring whether any further information had been received from the London Passenger Transport Board regarding the No.121 'bus service, and asking the Council to receive a deputation from the Association.

Representations regarding the inadequacy of this service were made to the Board on the 11th December last, and the Board's reply, stating that the service is being given special supervision by the road officials and in addition is being watched to see if traffic increases sufficiently to warrant some alteration, was reported to the Council on the the 27th January last (Hi.C., 6/1/36—18), and also communicated to the Ratepayers' Association.

★10.—SEWAGE DISPOSAL WORKS :

(A). *Cessation of Works.*

The Borough Surveyor reported that the whole of the staff at these works would terminate their appointments with the Town Council as from Wednesday, May 13th, and with two exceptions would thereafter be employed by the County Council. The Committee have directed the Borough Surveyor to arrange for the two men to be continued in the service of the Council.

The question of protecting the works after the date mentioned has been taken up with the County Council and they have authorised the Borough Surveyor to employ the necessary temporary labour, the wages to be repaid by the County Council.

With regard to the question of dealing with possible overflows of sewage and storm water which may be in excess of the quantity which the County Council are required by statute to take into their trunk sewer, the Borough Surveyor recommends that the Low Level Pumping Station be included in the list of dis-used works (in respect of which a specification is being prepared for demolition purposes) but as a safeguard against any possibility of overflows from the sewers in times of excessive storm, a scheme will be prepared for storm water to discharge direct into suitable streams. It will be necessary to make provision for measuring the dry weather flows in the main sewers so that the storm overflows can be set accurately at six times the normal dry weather flow.

RESOLVED—**That the Borough Surveyor prepare the necessary scheme for the purposes indicated.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

★ (B). **Utilisation of Land.**

SUBMITTED : Report of the Town Clerk to the effect that whilst it is an instruction to the Works and Fire Brigade Committee to consider and report on all general questions relating to sewerage and drainage, no power is conferred on that Committee to consider the future utilization of the Sewage Works Land except in so far as they might desire to retain a portion for purposes within their terms of reference. (W. & F.B.C., 6/4/36—11 (B)).

The Special (Development) Committee was constituted (28/10/35) for a specific purpose and while the scope of the Committee was enlarged (9/12/35) by a reference to property in the Central Ward, no power has been conferred upon it by the Council to consider questions relative to the Sewage Works Land.

Unless the Council otherwise decides the question of the future use of the Sewage Works Land is governed by the Instruction to the Finance and General Purposes Committee, No. 23 :—

"*To attend to all business of a general character not entrusted to any other Committee.*"

RESOLVED TO RECOMMEND—**That the Borough Surveyor be instructed to advise the Works and Fire Brigade Committee as to what portions of the land will be required for such schemes as come within the province of the Committee.**

★11.—FOREMAN—SEWAGE DISPOSAL WORKS:

In connection with the closing of the Sewage Disposal Works the Borough Surveyor referred to the services rendered by Mr. John Choate, who had been in the employ of the Council for the past 40 years and for the last 17 as Foreman of the Works.

It will be recalled that Mr. Choate's father, who died recently, was the first foreman when the works were opened approximately 50 years ago.

The Borough Surveyor referred to the fact that Mr. Choate, Jnr., had been in charge of the works during a period of exceptionally rapid growth in the population of the district and that during the last 6 years his duties had been particularly arduous necessitating long periods of overtime.

RESOLVED TO RECOMMEND—**That the Town Council place on record their sincere appreciation of the valuable services rendered to the Council by Mr. John Choate extending over a period of 40 years and in particular during the last 17 years as Foreman of the Sewage Disposal Works, and that a copy of this resolution under Seal be presented to Mr. Choate by His Worship the Mayor at the Meeting of the Council on the 29th June, 1936.**

(D). *Report of Year's Work.*

SUBMITTED: Report of the Chief Librarian stating that during the year the School Libraries circulated 145,520 books. The re-organisation of Algernon Road School as a Junior Department necessitated a revision of stock, a number of the more advanced books being transferred to the Brent Modern School, where a new centre was opened, the library being housed in a special room furnished for private study.

The number of volumes in stock on the 31st March last, was 14,836. Additions to stock during the year totalled 3,446 volumes whilst 1927 volumes had been withdrawn; 1697 volumes had been repaired by the Library Staff and 2,380 re-bound.

From the Handicrafts Collection, which now numbers 290 volumes, 2,032 issues had been made during the year.

The collection of illustrations now consists of 8,502 items and during the year 1,489 illustrations were issued, an increase of 812 over the previous year.

The exhibition of books for children, which was held in the Central Library from the 10th to 14th December, aroused considerable interest among parents, teachers and children, the total attendance numbering about 500, and it is considered that the experiment is worth repeating each year.

Books in connection with the B.B.C. lessons on literature for schools have been added to three school libraries and the selected titles were also made available in the Junior Department of the Central Library. **Noted.**

RESOLVED TO RECOMMEND—**That the "Asiatic Review" be taken for a period of one year to test the demand.**

★7.—STAFF:

(A). *Resignations.*

REPORTED: That Mr. K. M. Kemshead, a Junior Assistant at the Golders Green Branch Library, had resigned on being appointed to a position in the Midland Bank; that his service

with the Council terminated on the 9th instant, and that Miss D. C. Chilcot had tendered her resignation, to take effect on the 13th June, to take up an appointment as Children's Librarian under the Fulham Metropolitan Borough Council.

★ (B). **Appointment of Junior Assistants.**

In order to avoid delay in filling the vacancies caused by the resignation of Mr. Kemshead and Miss Chilcot, the Chief Librarian suggested that two of the candidates who were interviewed by the Sub-Committee on the 15th April in connection with the last appointment of a Junior Assistant, and who possessed the requisite qualifications, should be considered for appointment to the vacant positions, and reported that on the authority of the Chairman these two candidates had been invited to attend for interview by the Committee.

The Committee interviewed the candidates in question, and

RESOLVED TO RECOMMEND—**That, subject to satisfactory medical examination, Miss Joan Pulley of Tenterden, Kent, and Miss Elizabeth Wilson of 5, Linnell Drive, N.W. 11., be appointed Junior Assistants in the Public Libraries Department, at the appropriate salary in accordance with the scale.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

★ (C). **Staff—Central Library.**

In July last (Li.C., 1/7/35—7 (B) (ii)) when Miss Ash was promoted to the position of First Assistant at the Golders Green Branch Library, it was decided, having regard to the fact that it was not then possible to estimate the effect of the opening of the new branch on the work of the Central Library, not to fill the vacancy for a junior assistant, but to appoint a junior typist to cope with the additional administrative work.

The Chief Librarian now reports that the Central Lending Department has not been appreciably affected by the opening of the Golders Green Branch as is shown by the following statistics :—

	November — April. 1934-35.	1936-37.
Days Open	151	150
Total Issues	181855	179308
Daily Average	1204	1195

Moreover, the use made of the new branch has resulted in a greater increase in administrative work than could be foreseen ten months ago, and apart from the work resultant upon the increased volume of additions to stock which have to be handled at the Central Library, the intake of books borrowed from other libraries has increased and the inter-loan of books between the Central and Branch Library is proving a much more popular service than was expected.

The Chief Librarian, therefore, suggests that the vacancy for a Junior Assistant caused by the promotion of Miss Ash be now filled.

It is pointed out that the effect of recent staff changes and allowing for the appointments recommended under (B) above and the appointment of the Junior Assistant now proposed, is a saving of approximately £100 in salaries.

RESOLVED TO RECOMMEND—**That authority be given for the issue of advertisements inviting applications for the position of Junior Library Assistant from persons not exceeding 18 years of age holding the required examination certificates, the salary to be in accordance with the appropriate scale.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

(D). *Children's Librarian.*

Arising out of the report of the Chief Librarian, the Committee have given instructions for information to be obtained and submitted to the next meeting of the Committee.

★ (E). **Miss D. Lyon.**

The Chief Librarian reported regarding the condition of Miss Lyon, and it was

RESOLVED TO RECOMMEND—**That Miss Lyon be granted a further three months' leave of absence as from the 11th May on account of illness.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

SUBMITTED: Letter from the Edgware Literary Society re-iterating their request for the provision of a branch library in Edgware. (Li.C., 11/3/35—5 (A); 9/3/36—6).

RESOLVED TO RECOMMEND—**That the Edgware Literary Society be informed that it is not the intention of the Council to erect a branch library in Edgware at the present time.**

(A). *Housing Act*, 1935—*Overcrowding Survey.*

Pursuant to the reference from the last meeting of the Housing Committee, the Sub-Committee have given careful consideration to the report of the Medical Officer of Health on the overcrowding survey of the District, with a view to arriving at the number of houses which will be required to abate the overcrowding of working class houses in the Borough.

The number of houses required based on the methods of calculation laid down in the directions issued by the Ministry of Health, is 302. This method of calculation, however, only contemplates transfers being effected by re-housing overcrowded families and does not take into account the possibility of the transfer of families from uncrowded or under-occupied houses to smaller premises suitable for their needs. It has been ascertained, however, that on the Council's housing estates a number of families occupy houses larger than their needs require. In arriving at the number of houses actually required, therefore, the Sub-Committee have had regard to the possibility of transferring, so far as the Council's housing estates are concerned, families from premises larger than their needs require to smaller premises adequate for their requirements.

After making full allowance for all transfers likely to be effected the Sub-Committee have come to the conclusion that so far as can be ascertained from the information now available approximately 250 further houses of the three and four-bedroom type will be required to abate the overcrowding shown by the survey to exist in the Borough. They accordingly

RESOLVED TO RECOMMEND—**That the Borough Surveyor be instructed to submit to the next meeting of the Housing Committee a report as to a suitable site, or sites, for the erection of approximately 250 three or four-bedroom type houses.**

(B). *The "Appointed Day"—Date from which Overcrowding is to Constitute an Offence.*

The operation of the Housing Act, 1935, depends upon the fixing of appointed days which, when fixed by the Minister of Health, determine the date from which particular overcrowding provisions take effect in any area, and the Minister may fix different days for different purposes and different provisions of the Act and for different localities.

The pivotal date is that from which overcrowding is to constitute an offence, and in Circular No. 1539 issued by the Ministry of Health it is pointed out that the date to be fixed for this purpose must be one which will be based on the actual state of affairs in the particular district, and, in the Minister's opinion, the two most relevant considerations are the extent of overcrowding as disclosed by the survey and the time likely to elapse before a substantial amount of the overcrowding can be remedied.

After consultation with the Associations of Local Authorities the Minister of Health has decided, therefore, subject to consideration of any representations which may be received from individual local authorities, to fix the 1st January, 1937, as the Appointed Day under Sections 3, 4, 8 and 68 of the Act in the case of local authorities whose survey discloses a total number of overcrowded families which is either under a hundred or is less than 2 per cent of the total number of working class houses in the district.

The Circular adds that in those districts where overcrowding is acute and the problem one of considerable magnitude, the Minister recognises that a longer period will be necessary before the appointed day can be fixed and he will be prepared to consider proposals made by the individual local authorities in the light of the knowledge of their local difficulties. Such suggestions the Minister will be glad to receive at as early a date as is practicable, and not later than the 1st of July.

The Sub-Committee are informed that the extent of overcrowding in the Borough falls outside the limits indicated above in respect of which the Minister proposes to fix the 1st January, 1937, as the Appointed Day, and whilst the overcrowding in the Borough cannot be termed acute, it is appreciated that the provision of the necessary houses to abate such conditions presents certain difficulties. The Sub-Committee have, therefore, considered as to the date which the Minister of Health should be asked to fix as the Appointed Day for the Borough of Hendon, and, after careful consideration, they

RESOLVED TO RECOMMEND—**That the Minister of Health be asked to fix the 1st July, 1937, as the Appointed Day under Sections 3, 4, 8 and 68 of the Housing Act, 1935, for the Borough of Hendon.**

(C). *Enumeration of Tenants on the Council's Housing Estates.*

The Sub-Committee considered a summary, compiled by the Borough Treasurer, from the information supplied by the tenants on the form issued by the Council, giving details of the families requiring more accommodation, and families having more accommodation than is required.

It appears from the summary that 56 houses are under-occupied, but in 18 cases there are no families, so that the net figure is 38. In 65 cases overcrowding obtains, but it is anticipated that this figure can be reduced by transfers, but in 6 cases the overcrowding cannot be remedied by this means as the tenants concerned are already occupying the largest type of houses erected by the Council.

48 houses indicated in the summary are not overcrowded according to the standard laid down in the Act, but the Sub-Committee's attention was called to the desirability, having regard to the mixed sexes of the families, of providing proper accommodation where possible.

Regard will be had to these cases when effecting transfers.

The overcrowding survey showed the existence of 84 cases of overcrowding on the Council's Housing Estates, but this figure has already been reduced by 22 as indicated hereunder :—

13 cases, by reason of altered circumstances, have since been found not to be overcrowded.

8 cases have been dealt with by transfers.

1 case of overcrowding has been abated by reason of the tenant vacating the Council House.

22

It will be seen from the foregoing details that serious efforts are being made to abate overcrowding on the Council's Housing Estates by effecting transfers of tenancies wherever possible and in order to pursue this precedure, the Sub-Committee

RECOMMEND—

(*a*) **That the Chairman of the Committee be authorised to approve transfers of tenancy wherever practicable;**

(*b*) **That the Chairman of the Committee be empowered to engage any additional assistance that may be required in the Housing Department in connection with the abatement of overcrowding.**

RESOLVED TO RECOMMEND—**That the report of the Sub-Committee be approved and adopted.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee Recommend—

(i) That consideration of the recommendation under Item (A) of the report of the Housing Sub-Committee be referred back pending a joint report by the Chief Officers concerned;

(ii) That in connection with Recommendation (C) (a) approval be given to any necessary expenditure that may be entailed for removal expenses in effecting transfers to reduce overcrowding;

(iii) That Recommendation (C) (B) be amended to read— That the Borough Treasurer, in consultation with the Chairman of the Committee, be empowered to engage extra assistance, if necessary.]

The sum of £75,000 had been definitely arranged, and it was anticipated that a further £5,000 would now be granted in view of the loan sanctions reported this evening.

RESOLVED TO RECOMMEND—**That authority be given for the acceptance of a loan up to £80,000 on the terms stated and that the Corporate Seal be affixed to any necessary documents in due course.**

★18.—NATIONAL UNION OF PUBLIC EMPLOYEES:

SUBMITTED: Report of the Borough Surveyor on a letter from the above Union requesting the Council to consider an application for an increase of wages of 5% above the new Zone I. rates, recently fixed by the Joint Industrial Council for all grades.

The letter submits, in support of the application, certain figures relating to the cost of living and also certain figures as to the minimum rates paid by various other Local Authorities in Middlesex, and states that if the Committee so desires a representative of the Union will be pleased to appear before it in support of the request.

The Council will remember that at the request of this Union the Corporation has recently applied Joint Industrial Council rates of wages to the whole of the employees on its established staff. It is possible that some minor amendments may be required to meet individual cases, but this applies to a few cases only and would not necessitate anything in the nature of a 5% addition to the wages as a whole.

RESOLVED TO RECOMMEND—**That apart from the Borough Surveyor, in conjunction with the Borough Treasurer, being authorised to make minor amendments where necessary, no action be taken on the application for an all round increase of 5% above the Zone I. rates fixed by the Provincial Joint Industrial Council for Local Authorities Non-Trading Services (Manual Workers) for the County of Middlesex.**

19.—GOOD RULE AND GOVERNMENT BYE-LAWS:

REPORTED: That a complaint had been received regarding roller skating at Parkside Drive, Edgware, and that the attention of the Police had been requested.

The Committee gave preliminary consideration to the advisability of making, with the consent of the Secretary of State, a Bye-Law to deal with the matter, but before coming to a decision have decided to ascertain whether the cause of complaint still exists.

20.—AIR RAID PRECAUTIONS:

SUBMITTED: Letter from the County Council inviting the Council to appoint representatives to attend preliminary area conferences in connection with the County Scheme.

For this purpose it is proposed to divide the County into 8 areas, Hendon falling in No. 3 with the Borough of Finchley.

Following the area conferences it is intended to hold a conference of representatives of all areas.

Central School. Acting upon this observation, the Managers have endeavoured to secure from the London County Council the freehold of a site immediately adjoining the existing playground but without success. The Managers feel that the school is at a very great disadvantage on account of the smallness of the land at present available for playground purposes and that additional land is urgently required in order to foster more efficiently the organised games so necessary, especially in a school of this type. Preliminary plans of the work involved and detailed estimates should be submitted to the Board in due course for consideration. This general approval in principle is without prejudice to any decision which the Board may be called upon to give as a result of the Statutory Notices issued by the Authority under Section 18 (1) and (2) of the Education Act, 1921, in respect of the proposed enlargement of Edgware Council School. **Noted with satisfaction** and

The Borough Surveyor suggested that the non-domestic refuse collected from the Wards should be burnt in the boilers and that the waste material from the kitchens should be placed in dustbins and cleared two or three times weekly in the ordinary way, the cost to be charged to the hospital account.

The cost of the awning (116 feet) based on the shop blind principle is estimated at approximately £120. Consideration has also been given to the suggestion for providing individual coverings to the beds, but the Committee are of opinion that the cost would be as much as an awning and the coverings not so satisfactory.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

★14.—ORTHODICHLORBENZENE :

SUBMITTED : Ministry of Health Circular No. 1544 as to further investigations carried out with undiluted and diluted orthodichlorbenzene. The Circular states that whilst satisfactory results have been obtained as far as the destruction of bed bugs is concerned, it has been found in practice that it is difficult to take adequate precaution against the fumes, and the period which is necessary for proper ventilation is so long as to render the method impracticable for use in occupied premises. The toxicity of the fumes to human beings is apparently not yet known and pending further enquiry the Minister considers it undesirable that orthodichlorbenzene in any form should be used for the disinfection of inhabited houses.

On the suggestion of the Medical Officer, it was

RESOLVED TO RECOMMEND—**That the Ministry of Health be approached as to the desirability or otherwise of the use of orthodichlorbenzene in uninhabited houses.**

1.—REQUISITIONS:

Requisitions amounting to £3,871 5s. 5d. were submitted and **approved.**

★**2.—STREET TRADING:**

★ **(A).** **Application for Licence.**

CONSIDERED: An application from Mr. G. H. Carr, of 1, Wicklow Street, Kings Cross, employed by the Surrey Ice Creamery, for a street trading licence to sell ice cream from a box-tricycle at a point immediately outside the entrance to Sunny Hill Park, adjoining St. Mary's Church.

RESOLVED TO RECOMMEND—**That the application be disapproved.**

★ **(B).** **Watling Avenue.**

SUBMITTED: Letter from Wiffen Bros., Limited, Fruiterers and Greengrocers, on the subject of street trading in Watling Avenue, Burnt Oak, and enclosing a copy of correspondence which had passed between them and the Commissioner of Police of the Metropolis on the matter.

In their letter to the Commissioner of Police, Messrs. Wiffen Bros. state that the concentration of hawkers in Watling Avenue causes much trouble and obstruction and loss of business to the legitimate trader and a general lowering of the tone of the neighbourhood.

In his reply, the Commissioner of Police stated that the action of the Police is limited to keeping the thoroughfare as orderly and as free from obstruction as possible, and that so far as other duties will permit, the local Police will continue to give their attention to Watling Avenue in this respect. He points out, however, that the Council possesses powers to regulate street traders and to institute proceedings in any suitable case of unlicensed street trading which may be brought to their notice, and in these circumstances the Commissioner suggested that Messrs. Wiffen Bros. may desire to approach the Council in the matter.

Messrs. Wiffen Bros. ask that an official of the Council should meet them in order that they may point out all the facts and reasons why they consider the present conditions in Watling Avenue should be brought to an end.

With the exception of one licence to sell newspapers outside Burnt Oak Station, no licences have been granted by the Council authorising persons to trade in Watling Avenue itself, but one licence has been granted for a pitch inside the entrance to an accommodation road off Watling Avenue. The present complaint is in respect of the unlicensed itinerant vendors who frequent Watling Avenue. These, however, do not trade from stationary positions, but keep on the move, and in these circumstances the Committee is advised the Council have no power to take action under the street trading provisions of the Council's Act of 1929.

RESOLVED TO RECOMMEND—**That Wiffen Bros., Limited, be informed that with the exception of a licence to sell newspapers no licences have been granted by the Council to enable persons to engage in street trading in Watling Avenue, and that the Police have full power to deal with the question of obstruction caused by itinerant street vendors.**

★3.—PUBLIC LIGHTING:

Central Square, Hampstead Garden Suburb.

At the last meeting the Council decided to take no action on a letter from Mr. J. C. S. Soutar asking that the lighting of certain footpaths leading through the open spaces vested in the Hampstead Garden Suburb Trust at Central Square should be taken over by the Council. (Hi.C., 4/5/36—4 (C)). A further letter has been received from Mr. Soutar asking the Council to re-consider the matter.

RESOLVED TO RECOMMEND—**That the Council adhere to its previous decision.**

★4.—TRAFFIC CONTROL:

★ (A). Junction of Hendon Way and Wessex Gardens.
Pedestrian Operated Traffic Control Signal.

Pursuant to the resolution passed at the last meeting of the Council the Committee have given further consideration to the question of the provision of a pedestrian operated traffic control signal in Hendon Way at its junction with Wessex Gardens.

It will be recalled that the Ministry of Transport expressed the view that as there is not a great deal of pedestrian traffic at this point apart from school children and also in view of the fact that a police officer is on duty to escort the children across the road, a pedestrian operated traffic signal is not necessary at the present time.

After full consideration of the matter, the Committee

RESOLVED TO RECOMMEND—**That the Ministry of Transport be informed that in the opinion of the Council pedestrian operated traffic control signals should be provided at this point, and that the Ministry be urged to re-consider their decision.**

(B). *Hendon Way—Pedestrian Operated Signal opposite Hendon Cottage Hospital.*

The Borough Surveyor reported that the County Highways Committee had approved the provision of pedestrian operated signals in Hendon Way, opposite the Cottage Hospital, subject to the Ministry of Transport contributing towards the cost and to the Town Council bearing a moiety of the balance.

The Committee have deferred consideration of the matter pending a report by the Borough Surveyor on receipt of a definite estimate of the cost from the County Surveyor.

(C). *Junction of Heathfield Gardens and Highfield Avenue.*

SUBMITTED: Letter from Mrs. Phyllis D. Snape, of 50, Highfield Avenue, Golders Green, drawing attention to the traffic conditions at the junction of Heathfield Gardens and Highfield Avenue and suggesting the erection of a suitable traffic sign. **Noted.**

(D). *Road Safety Among School Children.*
Ministry of Transport Circular No. 461 *(Roads).*

In accordance with the instructions given at the last meeting, the Borough Surveyor reported on the provisions of the above-mentioned circular.

The circular refers to certain recommendations in the Report of the Inter-Departmental Committee on Road Safety among School Children and authorises the use of a portable sign with the words " Stop! Children Crossing " which may be used between certain hours by duly authorised responsible adults to provide a safe crossing for children in the vicinity of schools.

The report of the Inter-Departmental Committee is under consideration by the Education Committee, and the Highways Committee have therefore deferred consideration of the question of putting the sign referred to into use pending a report from the Education Committee as to its general desirability in this area.

SUBMITTED: Report of the Borough Surveyor on a letter from Mr. W. Thorpe with reference to the making up of Hatchcroft and Newark Way under the terms of the Council's standard agreement. (Hi.C., 30/3/36—3 (A)).

In view of the fact that a payment has been made by the owners to the Council in respect of work already done, it is suggested that costs should be kept of the work now remaining to be done and the 3 per cent. establishment charge paid on this figure.

RESOLVED TO RECOMMEND—**That the suggestion outlined above be approved.**

RESOLVED TO RECOMMEND—**That authority be given to enter into an agreement with Messrs. D. & H. Estates in the standard form approved by the Council for the making up and taking over of the road, and that the Corporate Seal be affixed thereto.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

Marcus, on behalf of residents in Devonshire Road, asking the Committee to receive a deputation to outline their objection to the expenses which will be incurred in making up Devonshire Road under Section 150 of the Public Health Act, 1875, being apportioned at a uniform rate per foot upon the frontagers along the whole length of the road, according to the length of frontage of the respective premises. Mr. Marcus contends that one section of the road is in a better condition than the remaining section, and that the cost of making up the road should be apportioned in such a manner as to give the frontagers on the portion of the road which he contends is in a better condition, the benefit thereof.

After hearing the observations of the Borough Surveyor, the Committee

RESOLVED TO RECOMMEND—**That Mr. Marcus be informed that no useful purpose would be served by a deputation waiting upon the Committee, but that they will have an opportunity of voicing their objection at the Public Inquiry which will be held by an Inspector of the Ministry of Health into the application for loan sanction.**

The Board will supply post cards for notifying other than urgent cases and will agree to reimburse the cost of telephone messages in cases which call for immediate attention.

The Borough Surveyor in his report points out that instructions to the Council's employees should be limited to making reports to their own foremen or their own depôt when leaving duty, and that it should be made clear to the Board that in co-operating in this manner the Council cannot accept any liability arising from the failure of any of its employees to report any leakages which may occur.

★26.—'BUS STOP SIGNS:

REPORTED: That in connection with the Agreement to be entered into with the London Passenger Transport Board in respect of certain 'bus stop signs, the Board have objected to payment of an annual rental.

The Board state that the marking of the specified stopping places throughout the Board's operating area, which are for the guidance of the travelling public, has assumed such considerable proportions that the imposition of individual rentals of even nominal amounts would in the aggregrate present an item of expenditure which cannot possibly be undertaken, and in these circumstances they ask the Council to waive the rental clause which has been included in the draft agreement.

RESOLVED TO RECOMMEND—**That the Council agree to waive the rental in respect of the 'bus stop signs in question.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

★28.—THE BURROUGHS CROSS ROADS—PROPOSED RE-CONSTRUCTION:

The following resolution which was referred to the Committee by the Council which met earlier in the evening, was considered:—

THAT this meeting of residents and ratepayers of the Borough of Hendon, held at the Town Hall, Hendon, on 5th June, 1936, comprising representatives of all the principal organisations in the District, STRONGLY PROTESTS against the proposed Burroughs Crossing Scheme adopted by the Hendon Borough Council on the following grounds:—

1. That the proposal to make a single roadway forty feet wide in place of the two roadways each thirty feet wide in Watford Way is a retrograde step in road planning and contrary to the recent pronouncements of the Minister of Transport on the subject.

2. That the scheme will unnecessarily destroy the present central position and symmetrical lay-out of the Hendon War Memorial to which considerable sentimental value is attached.

3. That it is a thoroughly bad and exorbitantly expensive scheme, and that efficient and adequate safeguards and protection, both for pedestrians and motorists, can be obtained by installing track-operated signals.

The Committee understand that the re-construction scheme previously approved has been abandoned and that a revised scheme is under consideration by the County Council.

They accordingly

RESOLVED TO RECOMMEND—**That the Secretary of the Protest Committee be informed that the scheme against which the protest is made had been abandoned prior to the date of the meeting at which their resolution was passed and that when the revised scheme now being considered by the Middlesex County Council comes before this Council, their observations will be given proper consideration.**

Housing.

2.—HOUSING ACT, 1935 :

The Chairman of the Committee submitted the following report :—

" Since the last meeting of the Housing Committee 99 tenants have been interviewed, 55 of whom were overcrowded and 44 under-occupation cases.

Of the 55 overcrowded cases, 39 tenants are willing, whilst 5 are unwilling, to transfer to larger houses. One case was found to be not overcrowded, whilst the overcrowding in the remaining 10 cases will be abated as shewn later on.

Of the 44 cases of under-occupation, 27 tenants are willing and 17 unwilling, to transfer to smaller houses.

It should be mentioned that 6 further cases of overcrowding have come to light, bringing the total of overcrowded cases on the Council's Estates to 90.

I have prepared lists of suggested transfers affecting 34 tenants and I am glad to say that my suggestion has already been agreed to in several cases, and some transfers have actually taken place.

Assuming that the suggested arrangements are all carried out, the number of overcrowded cases on the Council's Estates will be reduced to 38, as indicated below :—

Total number of overcrowded cases		90
Number found to be not overcrowded	15	
Tenant left Council house	1	
Tenants already in 4-bedroom type house	6	
Suggested transfers	20	
	——	42
		——
		48

Abatement of overcrowding in 10 cases (referred to above) as follows :—

Tenants' daughter to sleep with relatives	3	
Tenants' sons or daughters being married (August) ...	3	
Tenant's son being married at Xmas	1	
Tenants' son and daughters being married very soon ...	2	
Re-arrangement of accommodation	1	
	——	10
		——
		38
		——

Further suggestions for transfer are being prepared.

One case on the list of overcrowded applicants for Council houses has also been dealt with by the allotment of a 3-bedroom type house.

A scrutiny of the Returns in connection with the Enumeration of Tenants on the Council's Estates has revealed the fact that there are 47 cases of mixed families living in 2-bedroom type houses. Although they cannot be classed as 'overcrowded' under the Act, the tenants are certainly ' living under unsatisfactory housing conditions,' and several cases call for urgent consideration. Six of the most urgent cases are now being dealt with. Others will be dealt with as opportunities occur, but I would point out that these cases will have a definite bearing on the number of houses to be provided under the 1935 Act.' **Noted.**

★3.—TEMPORARY STRUCTURES ON HOUSING SCHEMES :

★ (A).

Services of Notices to Remove.

The Borough Surveyor reported that in connection with the temporary structures which have been erected by tenants on the Council's Housing Estates, action has been taken in all

cases which constitute a contravention of the Building Bye-Laws, but that a large number which are exempt from the Bye-Laws still remain, and as these are detrimental to the amenities of the estates he suggested that notice should be served on the tenants concerned requiring them to remove the structures within a specified time.

RESOLVED TO RECOMMEND—**That the Town Clerk be instructed to serve notices on the tenants concerned requiring them to remove the temporary structures within a period of two months.**

(B). *Report on Action Taken.*

It will be recalled that in March last (Hsg.C., 9/3/36—4) the Council authorised the service of notices to quit on a number of tenants on the Council's Housing Estates accompanied by a letter intimating that if the notices requiring them to remove the temporary structures erected without the consent of the Council were removed within a period of seven days, the notices to quit could be regarded as withdrawn.

The Town Clerk reported that in all cases the structures had been removed and that it had not been necessary to enforce the notices to quit. **Noted.**

★4.—LAND FOR HOUSING PURPOSES:

The Borough Surveyor reported on an offer which had been made of about 3 acres of land, details of which are recorded in MS.

RESOLVED TO RECOMMEND—**That the Borough Surveyor be authorised to negotiate further and report in due course.**

★5.—REETS FARM ESTATE:

Forecourt Fencing.

SUBMITTED: Report of the Borough Surveyor on the following quotations received for the erection of permanent forecourt fencing on the Reets Farm Housing Scheme:—

	£	s.	d.
Penfold Fencing, Ltd., Watford	923	6	3
Bayliss, Jones & Bayliss, Ltd., Cannon Street, E.C. 4 ...	624	12	0
Thomas Bowen, Ltd., Wolverhampton	533	10	3

RESOLVED TO RECOMMEND—**That, subject to the usual financial enquiries, the lowest tender, viz., that of Thomas Bowen, Ltd, Wolverhampton, at £533 10s. 3d. be accepted and the Corporate Seal affixed to the necessary contract.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

★6.—BRENT HILL HOUSING SCHEME:

Fencing Contract.

The Borough Surveyor reported that Wm. Gratrix & Sons, Ltd., had not yet commenced work on the erection of the new fences on the Brent Hill Housing Scheme under the Contract entered into on the 11th January last, based on their tender amounting to £378 9s. 0d. The Contractors state the delay has been caused by their inability to get delivery of the angle sections from the rolling mills, but that they will be in a position to start the work by the 27th instant.

RESOLVED TO RECOMMEND—**That in the event of the work not being started by the date specified, formal notice be served on the Contractors to terminate the contract, and that authority be given to approach the firm which submitted the next lowest tender (Prove Bros., Ltd., Watford—£391 7s. 7d.).**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

★1.—HENDON PLANNING SCHEME, NO. 2:

(A). *Approval of Extending Resolution.*

REPORTED: Receipt of the Minister of Health's approval to the extending resolution in respect of the small parcels of land situate at Church End and West Hendon.

(B. & T.P.C., 9/3/36—7/). **Noted.**

★ (B). Extension of Time for Preparation of Combined Draft Scheme.

SUBMITTED: Report of the Town Clerk to the effect that the twenty-four months, the time within which (after the approval by the Minister of the resolution to prepare) the draft scheme must be prepared in respect of the original resolution, expires on the 11th July.

In connection with the extending resolution, under Article 12 (1) of the Town and Country Planning Regulations, 1933, the draft scheme could not be prepared earlier than 3 months from the date on which the service of notices under Section 7 (1) of the Act had been completed, *i.e.*, three months to the 29th August.

It has been suggested to the Minister that the time for the preparation of the draft scheme should be extended to permit of the original and the extending resolution being combined into one scheme, and he has replied that he is prepared to dispense with the provision requiring the elapse of three months if the draft scheme can be adopted by the Council by the 11th July.

This would not appear to be possible and authority is required to submit an application to the Minister for an extension of time for the preparation of the combined draft scheme to the 30th September next.

RESOLVED TO RECOMMEND—**That application be made to the Minister of Health for an extension of time for the preparation of the combined draft scheme to the 30th September, 1936.**

★2.—APPLICATION NO. A.5421—FACTORY—THE VALE, GOLDERS GREEN:

Golders Green Estate Ratepayers' Association.

CONSIDERED: Reference back by the Council (25/5/36, Resolution No. 253) of the question of the erection by J. Laing & Son, Ltd., of factory premises in The Vale, Golders Green, against which the Golders Green Estate Ratepayers' Association have protested.

(B. & T.P.C., 11/5/36—6).

As previously reported the proposed buildings are situate entirely within an area zoned for industrial purposes in the Hendon Planning Scheme No. 1 and the application conforms in all respects with the Council's requirements.

The plans have accordingly been approved by the Committee at their last meeting.
(B. & T.P.C., 11/5/36—8 (B)—Application A.5421).

RESOLVED TO RECOMMEND—**That no further action be taken in regard thereto.**

3.—ELECTRIC POWER PLANT—REAR OF HAMILTON ROAD, GOLDERS GREEN:

SUBMITTED: Letter from Mr. Thos. Rodway, of Hamilton Road, intimating that the new foundations to the above plant had been completed, but upon tests being taken, there appeared to be no improvement in the silencing of the plant, which has been running continuously day and night. Mr. Rodway suggests that the question of the removal of the plant to a more suitable site, should be considered.

The Borough Surveyor reported that he was awaiting a reply from the North Metropolitan Electric Supply Company as to the tests made with the plant upon the new foundations.

RESOLVED—**That consideration of the matter be adjourned, pending a reply from the Company on the result of the tests.**

★4.—PROPOSED FLATS REAR OF HOUSES IN GREAT NORTH WAY, HENDON:

The Committee interviewed Messrs. L. Cooper and J. A. Hale regarding an application for an Interim Development Order disapproved by the Council (B. & T.P.C., 6/4/36—7 (F) (2)) in respect of the development of a plot of land, which is surrounded by the gardens of houses in Tenterden Drive and Great North Way, by the erection thereon of two blocks of four and one block of two flats.

The applicants expained certain difficulties regarding the development of the land and asked the Council to reconsider its decision in the matter and for the plans to be treated by the Committee as a re-deposited application.

RESOLVED TO RECOMMEND—**That no variation be made in the Council's previous decision, disapproving such application.**

★5.—LAWRENCE GARDENS, MILL HILL:

SUBMITTED: Report of the Borough Surveyor to the effect that difficulties had arisen with John Laing & Son, Ltd., in connection with the making up of Lawrence Gardens. The Company state they are unable to make up the length of road which runs into Highwood Hill as they are not the owners of the land, and have no control over it. They therefore propose to turn Lawrence Gardens into a cul-de-sac with an entrance off Lawrence Street only, and a turning space at the other end as indicated on the plan submitted.

There would not appear to be any objection to the proposal subject to the provision of a footpath to allow pedestrians to enter Lawrence Gardens from Highwood Hill, and the Committee

RESOLVED TO RECOMMEND **accordingly.**

★6.—PROPOSED BUNGALOW, ADJACENT TO "PHILBEACH," HIGHWOOD HILL, MILL HILL:

The Committee interviewed Mr. A. H. Evans regarding his proposal to erect a bungalow on a portion of the land forming the garden of the above premises.

Mr. Evans informed the Committee that a road known as Lawrence Gardens had been constructed along the flank of his premises, and above the level of the garden, thus, in his opinion considerably depreciating the value of his property.

In view of the Committee's recommendation to approve a proposal for Lawrence Gardens to terminate as a cul-de-sac, the Committee

RESOLVED TO RECOMMEND—**That Mr. Evans be informed that as Lawrence Gardens is to form a cul-de-sac, the Council are unable to approve his proposal.**

★7.—ALTERATIONS, 47, MOWBRAY ROAD, EDGWARE:

SUBMITTED: Report of the Borough Surveyor on a letter from Basil Gordon, Ltd., regarding the proposal to extend the above premises to the boundary of their property.

The Company state that the adjacent property has been purchased for an extension of the existing Synagogue. It is therefore suggested that the owners of the Synagogue be given an opportunity of making representations, and the Committee (B. & T.P.C., 6/4/36—5).

RESOLVED TO RECOMMEND accordingly.

★8.—APPLICATIONS FOR INTERIM DEVELOPMENT ORDER PERMISSIONS:

SUBMITTED: Report of the Borough Surveyor on the following applications:—

★ (A). **Land—Brentmead Place, Golders Green.**
Applicant—Mr. W. J. Ross.

For permission to develop the land fronting the North Circular Road, between Nos. 12 and 28, Brentmead Place, by the erection thereon of six houses.

RESOLVED TO RECOMMEND—**That an Interim Development Order Permission be issued subject to the applicants complying with the provisions of the Hendon Planning Scheme relating to the distance from the boundary of the two end houses and to the approval of the Middlesex County Council under the Restriction of Ribbon Development Act.**

★ (B). **Land—Junction of Watford Way, Lawrence Street and Uphill Road, Mill Hill.**

Applicant—Mr. R. C. Cox.

For permission to develop the above land, by the erection thereon of a Cinema, seven shops with flats over and a block of flats fronting Uphill Road. The total number of flats proposed including those over the shops is 66, the block of flats to consist of a ground floor with four floors above, having a total height of approximately forty-five feet.

In view of the fact that the land in question is scheduled partly for business premises and partly for residential purposes, the Committee

RESOLVED TO RECOMMEND—**That public notice of the proposals be given (at the cost of the applicant) inviting representations or objections within 14 days of the date of the advertisement, in accordance with Clause 30 of the Hendon Planning Scheme No. 1.**

★ (C). **Applications Disapproved.**

The following applications were considered, and it was

RESOLVED TO RECOMMEND—**That the applications be disapproved under the Town Planning Scheme for the reasons stated and under the Restriction of Ribbon Development Act, 1935, where indicated:—**

Mr. C. H. Crane—40 flats on land, junction of Woodlands with Golders Green Road	Excessive density of development and height of buildings. Unsatisfactory building line. Restriction of Ribbon Development Act, 1935.
Mr. S. Stern—Block of 16 flats, between Nos. 289/303, Watford Way, Hendon, and the property of the London, Midland and Scottish Railway Company	Excessive density of development and insufficient particulars of adjacent property.

Mr. W. Thorpe—Block of 16 flats, junction of Aerodrome Road with Watford Way, Hendon	Insufficient particulars as to means of access, both primary and secondary. Dustbin accommodation. Consent of the Middlesex County Council required with regard to access to Watford Way.

★9.—**FACTORY PREMISES, THE BROADWAY, MILL HILL:**

SUBMITTED: Report of the Borough Surveyor to the effect that in connection with the agreement entered into between the Corporation and Mr. T. Throup, dated the 2nd April, 1936, the Minister of Health had indicated that an Interim Development Order Permission under the Hendon Planning Scheme No. 1 should be given embodying the agreement.

(B. & T.P.C., 13/1/36—8 (A) (viii)).

RESOLVED TO RECOMMEND—**That an Interim Development Order Permission be issued accordingly.**

★10.—**HOARDING, NORTH SIDE OF EDGWARE WAY, ADJACENT TO THE LONDON MIDLAND AND SCOTTISH RAILWAY:**

SUBMITTED: Report of the Borough Surveyor upon an application from Messrs. Matthews & Son for permission to erect an advertising hoarding 45 feet long and 12 feet in height on land on the north side of Edgware Way, and on the east side of the London Midland and Scottish Railway. The land in question belongs to the Railway Company and is excluded from the Hendon Planning Scheme, but is at this point approximately three or four feet above the highway and the hoarding, if erected, will obstruct the rural view protected by Clause 11 of the Bye-Laws made under the Regulations of Advertisements Act, 1907.

RESOLVED TO RECOMMEND—**That permission be not granted.**

The existing rate of payment (E.C., 9/6/31) is as follows:—

> The sum of £2 2s. 0d. per session in respect of dental inspection, with an average of 80 to 100 children inspected per session, plus the sum of 6/8d. per pupil treated.

Whilst the £2 2s. 0d. in respect of each inspection session will continue it is proposed that in view of the large number of fillings required by children in Secondary Schools a more reasonable payment to Part III. Local Education Authorities would be to multiply the amount of 6/8d. per pupil treated by a figure equal to the average number of fillings per pupil treated, provided that the figure does not exceed that for pupils treated by the Middlesex Education Authority's Dental Service.

The revised basis of payment will operate as from the 1st April, 1936, and will continue until such time as the scheme has been in operation sufficiently long to catch up the arrears of treatment, after which time the rate of payment should revert to the amount of 6/8d. per pupil treated as originally agreed.

★1.—HENDON DAY NURSERY, THE BROADWAY, WEST HENDON:

The Committee at their meeting on the 6th instant had before them a report from the Borough Surveyor relating to defects at the above premises and resolved that in view of the urgency of the matter the approval of His Worship the Mayor be obtained to the carrying out of the necessary works. Following the meeting, the wall flanking Cool Oak Lane was shored up and the building appears to be in a safe condition. Subsequently it was thought desirable to convene a special meeting of the Committee this evening to consider a further report from the Borough Surveyor.

Having regard to such report,

RESOLVED TO RECOMMEND—**That no action be taken at the present time in connection with the carrying out of improvement works at the Day Nursery, and that the Borough Surveyor be requested to report at the next meeting on the lines indicated by the Committee as to premises and alternatively the acquisition of land in the vicinity with a view to erecting a new building.**

(*The Finance & General Purposes Committee have noted the recommendation and await further reports as to the method to be adopted in the matter*).

★2.—**STREET TRADING:**

(A). *Application for Licence.*

Consideration of an application from Mr. J. H. Jessop of 12, Broomsleigh Street, West Hampstead, for a street trading licence to sell newspapers and periodicals from bags on the footpath of Bridge Lane at its junction with Finchley Road was deferred for further information to be obtained.

★ (B). **Watling Avenue.**

SUBMITTED: Letter from the Hendon Chamber of Commerce transmitting a copy of a letter from Mr. A. J. Scarles, Fishmonger, of 41, Watling Avenue, Burnt Oak, on the subject of street trading in Watling Avenue, and asking to be informed of the action proposed to be taken by the Council in the matter.

The Town Clerk submitted the draft of a letter which he suggested should be sent to the Chamber of Commerce explaining the provisions of the Council's Act relating to street trading and dealing with the particular case referred to in the letter from Mr. Scarles. The Committee have approved the draft letter and authorised its despatch, and they accordingly

RESOLVED TO RECOMMEND—**That their action be confirmed.**

★3.—**PUBLIC LIGHTING:**

Edgware Road.

The Borough Surveyor submitted estimates which had been obtained from the North Metropolitan Electric Power Supply Company and the Gas Light & Coke Company (through the Harrow Urban District Council) for lighting Edgware Road between Edgware Brook and Canons Park Corner (Hi.C., 4/5/36—4 (A)).

In each case the quotations are based on the Council's standard specification as to minimum mean intensity of illumination.

The quotation of the North Metropolitan Electric Power Supply Company which amounts to £677 per annum provides for lighting the road and also the service road between Garrett Road and Station Road by electric discharge lamps, the total annual cost to this Council, assuming the Harrow Urban District Council, which is responsible for lighting one half of the road, agree to bear half the cost being £338 10s. 0d.

The scheme put forward by the Gas Light & Coke Company through the Harrow Council provides for lighting the section of the road from the Brook to Station Road by central lamps on the central island with an extension arm each side and a lamp on each extension arm. From Station Road to Canons Park Corner, the usual steel tube fitted with a seven-foot extension arm would be used and the same type of gas lamps as are proposed to be used in other parts of the Borough and also in the adjacent district of Harrow. This scheme would involve the Council in an annual cost of £267 1s. 8d.

RESOLVED TO RECOMMEND—

(*a*) **That, subject to the Harrow Urban District Council agreeing to the proposal, the quotation of the Gas Light & Coke Company be accepted, and that an agreement in a form to be approved by the Town Clerk, be entered into with the Harrow Council undertaking to repay to that authority one-half of the cost of lighting the Edgware Road between Edgware Brook and Canons Park Corner;**

(*b*) **That the Corporate Seal be affixed to the agreement in due course.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

★4.—TRAFFIC CONTROL:

★ **(A). Speed Limits.**

It will be recalled that on the 25th February, 1935 (Hi.C., 4/2/35—21 (A)), the Council decided to ask the Minister of Transport to issue a direction that the following roads which are not provided with a system of street lighting as defined by Section 1 (a) of the Road Traffic Act, 1934, should be deemed to be roads in a built-up area and the 30 miles per hour speed limit imposed.

(i) Brockley Hill,
(ii) Hendon Wood Lane,
(iii) Frith Lane and Partingdale Lane,
(iv) Cool Oak Lane.

The Borough Surveyor submitted a letter from the Ministry of Transport asking whether the Council would consider the installation of sufficient lamps on the roads mentioned to bring them up to the standard laid down in the Act under which the speed limit would automatically be imposed.

The Borough Surveyor points out that the lighting of Brockley Hill is the joint responsibility of this Council and the Harrow Urban District Council, and the concurrence of that Authority to the lighting of the road should, therefore, be obtained.

The Committee are informed that Hendon Wood Lane could be lighted to the required standard by the erection of a comparatively small number of lamps. In the case of Frith Lane and Partingdale Lane, at the present time they are not of sufficient importance to justify the expense, but it is pointed out that when the new road between Frith Lane and Lullington Garth is constructed it will be desirable to provide a proper system of street lighting in Frith Lane.

The Committee are also of opinion that the character of Cool Oak Lane is such as would not justify the provision of street lighting at the present time.

They accordingly

RESOLVED TO RECOMMEND—

(*a*) **That the question of lighting Brockley Hill be adjourned for the Borough Surveyor to negotiate with the Harrow Urban District Council;**

(*b*) **That Hendon Wood Lane be lighted to the standard laid down in Section 1 (a) of the Road Traffic Act, 1934, to bring the road within the definition of a built-up area;**

(*c*) **That the lighting of Frith Lane, Partingdale Lane and Cool Oak Lane be postponed pending further development;**

(*d*) **That the Ministry of Transport be informed accordingly.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

★ (B). **North End Road—Refuge.**

SUBMITTED: Report of the Borough Surveyor on a letter from Miss B. Haines, suggesting the provision of a refuge in the centre of North End Road at its junction with The Park. A refuge at the point suggested would be dangerous, and it is unlikely that the Minister of Transport would approve its erection.

RESOLVED TO RECOMMEND—**That Miss Haines be so informed.**

★ (C). **Junction of Edgware Way and Edgwarebury Lane.**

SUBMITTED: Letter from the Edgware Chamber of Commerce asking the Council to make representations to the Middlesex County Council with a view to automatic traffic control signals being installed at the junction of Edgware Way and Edgwarebury Lane.

RESOLVED TO RECOMMEND—**That the Council approve of representations being made to the Middlesex County Council on the lines indicated, and that the Edgware Chamber of Commerce be so informed.**

★ (D). **Edgware Way, Edgware.**

SUBMITTED: Letter from the Edgware Ratepayers' Association calling attention to the traffic conditions at Edgware Way with particular reference to the junction of Edgware Way with Edgwarebury Lane and Broadfields Avenue and pointing out that at the first named junction accidents are of frequent occurrence.

The Association ask for the provision of traffic control lights with pedestrian crossings and a refuge in the centre of the road at these two junctions and also that immediate steps be taken for the imposition of a speed limit along Edgware Way.

It will be observed from item (C) above that representations are to be made to the County Council regarding the junction of Edgware Way with Edgwarebury Lane.

With regard to the question of a speed limit along Edgware Way, an application for the imposition of a 30 miles per hour speed limit along the whole length of the Watford Bye-Pass Road within the Borough is at present before the Ministry of Transport, and the Committee have given instructions for a communication to be addressed to the Ministry requesting an indication of the action proposed to be taken in the matter at the earliest possible date.

RESOLVED TO RECOMMEND—**That the Edgware Ratepayers' Association be informed accordingly.**

★ (E). **School Sign—Edgwarebury Lane.**

6.—CHURCH ROAD IMPROVEMENT:

Tenders.

SUBMITTED: Eleven tenders received for carrying out widening and reconstruction works in Church Road, Hendon.

RESOLVED—**That the tenders be opened and initialled by the Chairman and referred to the Borough Surveyor for consideration and report.**

★7.—SIGNS ON HIGHWAYS:

★ **(A). Royal Automobile Club.**

SUBMITTED: Report of the Borough Surveyor on a letter from the Royal Automobile Club applying for permission to erect signs for the guidance of traffic in connection with the Royal Air Force Display in the years 1937/8/9.

The Committee are of opinion that a general principle should be followed in the case of all requests for permission to erect temporary signs on highways, and they accordingly

RESOLVED TO RECOMMEND—**That with respect to the erection of temporary traffic signs on highways, the Borough Surveyor be instructed to consider only applications from the organisation or organisations holding an authority from the organiser or person in charge of the event or function to which the signs relate.**

★ **(B). Direction Sign on Lamp-post.**

SUBMITTED: Report of the Borough Surveyor on an application from the Officer Commanding "D" Company of the 9th Battalion Middlesex Regiment, for permission to affix a sign to the lamp-post at the junction of Algernon Road and Station Road, Hendon, directing to the Drill Hall.

RESOLVED TO RECOMMEND—**That consent be granted, subject to an agreement being entered into for payment of the usual acknowledgment of 1/- per annum, and to the Council being completely indemnified from all claims arising out of or in connection with the sign in question.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the granting of the consent, but Recommend - That in this case the annual rental of 1/- be waived.]

★ (C). **Advertisement Sign on Lamp-posts.**

SUBMITTED: Letter from Mr. W. E. Bevan enquiring whether the Council would consider a proposal, on terms to be arranged, whereby a sign, intimating that a certain Building Society would be prepared to make advances for the purchase of property in the neighbourhood, would be affixed to the first lamp-post on entering a street or thoroughfare.

RESOLVED TO RECOMMEND—**That Mr. Bevan be informed that the Council are not prepared to entertain the proposal.**

★8.—OAKMEAD GARDENS, EDGWARE AND HARTLEY AVENUE, MILL HILL:

Repairs.

The Borough Surveyor reported that during the construction of Northway Circus the heavy traffic proceeding up Selvage Lane to the Bye-Pass Road was diverted through Oakmead Gardens, with the result that considerable damage was done to the surface and foundations. He estimated the cost of carrying out the necessary repairs at £350.

It was also reported that Hartley Avenue was similarly used in the construction of Mill Hill Circus and that the road required resurfacing and some repairs to the foundations, the cost of which is estimated to amount to £500.

The Borough Surveyor asked for authority to put the necessary repair work in hand and also called attention to the desirability of steps being taken to recover a proportion of the cost from the Authorities responsible for the construction of the circuses.

RESOLVED TO RECOMMEND—**That the Borough Surveyor be instructed to put the necessary repair works in hand at the earliest possible moment and application made forthwith to the Middlesex County Council for the repayment of the cost of the work.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal and Recommend - That in future similar cases notification be given to the Authorities concerned that the Council will hold them responsible for the cost of reinstatement resulting from extraordinary traffic over district roads.]

★9.—JUNCTION OF STATION ROAD AND EDGWAREBURY LANE, EDGWARE:

SUBMITTED: Report of the Borough Surveyor on a letter from the Ministry of Transport suggesting a desirable alteration to the crossing at the junction of Station Road and Edgwarebury Lane, Edgware.

★12.—**DEDICATION OF LAND:**

★ **(A).** **Brent Street, Hendon.**

SUBMITTED: Report of the Borough Surveyor on a letter from Messrs. Vine & Vine on behalf of Tilley Bros. Ltd., regarding the development of a piece of land between the building line of their premises and the boundary of the highway, which they are desirous of enclosing with a brick wall, and laying out with flowers, etc.

RESOLVED TO RECOMMEND—**That the Council offer no objection to the strip of land in question being enclosed, subject to it being maintained in the manner shown on the sketch plan submitted, and also on the understanding that it is not at any time to be used for advertising or similar purposes.**

★ **(B).** **Golders Green Road.**

In connection with the dedication for highway purposes of a piece of land adjacent to Highfield Gardens, in respect of which the Middlesex County Council have already approved an estimate including costs, the Committee

RESOLVED TO RECOMMEND—**That authority be given for payment of the vendor's legal costs in connection with the conveyance, and that the Corporate Seal be affixed to any necessary documents.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

★13.—**GOLDERS GARDENS, GOLDERS GREEN:**

SUBMITTED: Report of the Borough Surveyor on a petition signed by 27 residents in Golders Gardens complaining of the condition of the footway in the older section of the road. The petitioners suggest that the tarpaving, which was recently repaired, should be taken up and replaced with artificial stone paving similar to the newer portion of the road.

The trees, which the petitioners state are overgrown and obstruct the light from the adjoining houses, will be pruned during the coming autumn.

RESOLVED TO RECOMMEND—**That the petitioners be informed that having regard to the fact that the portion of the footpath to which they refer has only recently been repaired and is in good condition, the Council regret they are unable to accede to their request.**

★14.—**FOOTPATH—HENDON WOOD LANE TO HIGHWOOD HILL:**

Diversion.

The Borough Surveyor reported that the owner of the property known as "Telfs," Hendon Wood Lane had made a slight diversion of the above-mentioned public footpath which passes through his garden, and had erected a gate in his garden fence at each end of the path.

RESOLVED TO RECOMMEND—**That the owner of the property referred to above be requested to restore the footpath to its original alignment.**

★15.—TRAVELLING FACILITIES:

★ (A). **'Bus Route No. 140.**

At the last meeting the Council decided to offer no objection to the London Passenger Transport Board's proposals for the variation of the above 'Bus Route on the understanding that it would not necessitate any drastic pruning of the trees in Lyndhurst Avenue, Woodcroft Avenue and Eversfield Gardens. (Hi.C., 8/6/36—23 (A)).

The Borough Surveyor has now submitted a schedule showing the pruning, etc., which will be required to be carried out before the revised service can be put into operation.

RESOLVED TO RECOMMEND—**That the Council approve of the work being carried out and that the Borough Surveyor be authorised to make all necessary arrangements.**

★ (B). **Passenger Transport Services in the County.**

At the last meeting of the Committee a letter was submitted from the Clerk of the Middlesex County Council stating that the County Highways Committee had appointed a Special Traffic Sub-Committee to consider and advise upon the desirability of the County Council taking action to urge upon the Government, the London Passenger Transport Board and the Railway Companies improvements in the Passenger Transport Service within the County Area, and enquiring whether the Passenger Services within the Borough are satisfactory or whether the Council is of opinion that certain improvements or extensions are required to meet the public demand, and, if the latter is the case the Clerk of the County Council asked to be furnished with details in order to enable him to prepare a comprehensive report for the information of his Sub-Committee.

Consideration of the matter was deferred to enable members to bring any instances of inadequate services to the notice of the Committee.

Further consideration has now been given to the matter and the Committee came to the conclusion that the position can best be dealt with if members of the Committee and of the Council will send detailed particulars of any cases of inadequacy of the passenger services in the Borough to the Town Clerk for collation and submission to a future meeting of the Committee, and they

RECOMMEND—**Accordingly.**

★16.—TROLLEY BUSES—TURNING POINTS:

(A). *High Street, Edgware.*

It will be recalled that the Committee's recommendation to the effect that the Council should re-affirm their objection to the trolley-bus turning point in High Street, Edgware, and that the buses should continue to Canons Park, was taken back at the last meeting of the Council as the result of the letter from the Ministry of Transport approving the Board's proposals, which was submitted to the Council.

The Committee have now reconsidered the position and in view of the decision of the Minister of Transport they have no recommendation to make.

A letter was submitted from the Edgware Chamber of Commerce urging the extension of the trolley bus service to Canons Park in the near future.

The Town Clerk has pointed out that Section 30 of the London Passenger Transport Act of 1933 empowers a local authority at any time to apply to the Rates Tribunal with respect to the withdrawal or reduction of any services or facilities provided by the Board, or with respect to the need for the provision of new or improved services or facilities affecting the area of the authority.

It would, however, be very undesirable to put forward any application to the Rates Tribunal unless specific information as to the need for improved or augmented services is

forthcoming. The Committee have therefore deferred consideration of the question of making representations to the Rates Tribunal pending the submission of the report by the Town Clerk after the detailed particulars referred to in Item 15 (B) above have been supplied.

★ (B). **Finchley Road, Golders Green.**

It will be remembered that the Council on the 27th April last (Hi.C., 30/3/36—6 (A)) approved the proposals of the London Passenger Transport Board for a turning point for trolley buses in Finchley Road near its junction with Golders Green Road subject to a footpath being also provided around the curve which will be formed by the turning point.

The Borough Surveyor reported that the Board had agreed to the Council's suggestion. It will not be necessary, therefore, for pedestrians to pass over the crossings during the busy periods when a number of trolley buses will be turning.

Work in connection with the formation of the turning point is at present in hand. The scheme has necessitated the removal of a number of seats which were placed on the footway of Finchley Road at this point and the Borough Surveyor asked for instructions as to the re-siting of the seats on the island to be formed by the turning point.

RESOLVED TO RECOMMEND—**That the Borough Surveyor be instructed to place the seats in suitable positions on the island site.**

★17.—SEATS ON HIGHWAYS:

★ (A). **Watford Way near Hartley Avenue.**

REPORTED: That the Middlesex County Council had indicated their approval to the placing of a seat on the west side of Watford Way near Hartley Avenue, Mill Hill.

RESOLVED TO RECOMMEND—**That the Town Clerk be authorised to sign on behalf of the Council the undertaking required by the Middlesex County Council for the placing of the seat at the point indicated in accordance with the terms of the existing agreement.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

★ (B). **Hendon Way, near Wessex Gardens.**

The Committee gave further consideration to the request of the Golders Green Estate Ratepayers' Association for the provision of seats in Hendon Way on both sides of the road at the Wessex Gardens 'bus stop and also at The Vale, for the benefit of elderly people on account of the irregularity of the 121 'bus service (Hi.C., 8/6/36—23 (D)).

RESOLVED TO RECOMMEND—**That, subject to the approval of the Middlesex County Council, a seat be placed on each side of Hendon Way near the 121 'bus stop at Wessex Gardens.**

★ (C). **Orange Hill Road, Burnt Oak.**

Attention was called to the desirability of seats being placed in Orange Hill Road, at its junction with Deansbrook Road, outside the Watling Centre and also on the opposite side of the road.

RESOLVED TO RECOMMEND—**That the Borough Surveyor be instructed to negotiate with the owners of the adjacent property with a view to consent being obtained to the seats being recessed behind the inner side of the footways.**

18.—STREET ACCIDENTS:

SUBMITTED: Schedule giving details of 96 non-fatal accidents notified since the last meeting of the Committee. Three fatal accidents were reported, details of which are as follows:—

★19.—STOPPING PLACES FOR OMNIBUSES:

Watford Way—junction with Daws Lane.

REPORTED: Letter from the Ministry of Transport stating that consequent upon the completion of the road works, the following revised stopping place for inward-bound buses in Watford Way at its junction with Daws Lane would be put into operation on the 8th July, for an experimental period of three months and that the London Passenger Transport Board had been notified accordingly:

Inward-bound omnibuses to stop outside the Observatory Garage opposite lamp standard No. 1545.

Other arrangements to remain unaltered.

The Council are asked to submit any observations they may wish to offer before the expiration of the experimental period.

RESOLVED TO RECOMMEND—**That the Ministry of Transport be informed that the Council have no observations to offer.**

★20.—TELEPHONE KIOSK:

Sheaveshill Avenue.

SUBMITTED: Report of the Borough Surveyor on an application from the London Telephone Service for permission to erect an additional telephone kiosk in Sheaveshill Avenue adjacent to an existing kiosk.

RESOLVED TO RECOMMEND—**That the application be approved subject to the terms of the existing agreement.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

21.—FERNHURST GARDENS:

Attention was called to the desirability of continuing Fernhurst Gardens through to the Edgware Road. The Borough Surveyor explained the present position and indicated the lines on which future action could proceed after the Town Planning Scheme has become operative.

22.—TRAM TRACK, EDGWARE ROAD:

The Committee's attention was called to the desirability of the tram tracks in Edgware Road being filled in with a bitumastic material immediately the tramcar service is discontinued consequent upon the operation of the trolley buses.

The Committee are of opinion that the tracks should be filled in as speedily as possible and they have instructed the Town Clerk to notify the London Passenger Transport Board to this effect and to enquire as to the date the Board propose to discontinue the tram car service along Edgware Road.

★23.—CYCLING ON FOOTPATHS:

Pursuant to the Committee's instructions (Hi.C., 8/6/36—10) the Town Clerk reported on the legal position in regard to cycling on footpaths from which it appears that the Council have no adequate control over cycling on footpaths other than those adjoining roads.

The report of the Town Clerk was called for arising out of a letter from Miss Jeffery asking that notices prohibiting cycling should be placed at the entrance to Wild Hatch footpath. In view of the Town Clerk's report, the Committee

RESOLVED TO RECOMMEND—**That Miss Jeffery be informed that the Council regret no action can be taken in the matter.**

24.—DIVERSION OF FOOTPATHS:

In accordance with the Committee's instructions (Hi.C., 8/6/36—10) the Town Clerk reported as to the effect of the Town Planning Scheme in relation to the diversion and/or stopping up of highways.

As from the date the Town Planning Scheme becomes operative it will have the force of an Act of Parliament and by virtue of Section 2 (1) of the Scheme each of the public highways specified in the first column of the second schedule to the Scheme are declared to be diverted or stopped up, and all public rights therein are declared to cease as from the date on which the proposed new street is made to the satisfaction of the Council and opened for public traffic. **Noted.**

★MAKING UP OF OLD RECTORY GARDENS, EDGWARE:

On the 9th December last the Council approved plans and estimates prepared by the Borough Surveyor for making up the whole length of Old Rectory Gardens, Edgware, from its junction with Manor Park Gardens, and authorised the service of notices under Section 150 of the Public Health Act, 1875, on the frontagers concerned, allowing them three months to carry out the works prescribed in the notices. Plans and estimates for making up The Grove and a portion of Grove Road, Edgware, were also approved, and authority given for an application to be made to the Minister of Health for consent to the raising of a loan of £3,583 for making up the three roads.

The notices were served on the frontagers, and in due course an application for sanction to the raising of the necessary loan was forwarded to the Minister of Health, who requested the submission of a revised estimate based on a provisionally accepted tender.

Tenders were duly obtained by public advertisement and these were opened at the meeting of the Committee on the 6th July and referred to the Borough Surveyor for report.

At the same meeting a letter was submitted from Roger Malcolm, Ltd., transmitting a letter signed by certain frontagers in Old Rectory Gardens referring to correspondence which had passed between the Council and Roger Malcolm, Ltd., and asking the Committee to receive a deputation from the frontagers to put forward their views regarding the proposal to make up the road, and the Committee decided to receive such deputation.

Accordingly the Committee received a deputation consisting of Mr. W. L. Raymond (representing frontagers in Old Rectory Gardens) and Mr. R. M. Raymond, a Director of Roger Malcolm, Ltd., the owners of No. 2, Rectory Gardens and who were also the Builders of the houses in the road.

Mr. W. L. Raymond addressed the Committee and submitted a plan of the road shewing one portion coloured brown and the other portion coloured grey. Briefly, the position, as stated by Mr. Raymond, is that the portion of the road coloured brown on the plan has been made up to the specification in operation at the time the work was carried out (1933), but that no works have been carried out to the portion coloured grey.

In selling off the houses the Builders limited, up to a certain sum, the liability of the frontagers in respect of road charges; any sum in excess of such amount being the responsibility of the Builders.

Mr. Raymond contended that it was inequitable for the frontagers on the portion of the road coloured brown to be called upon to pay for the making up of the road under Section 150 of the Public Health Act, 1875, as, in his opinion, this portion of the road is in a condition which would justify its being taken over by the Council at the present time, as a result of the work carried out at the expense of the frontagers. Alternatively, he suggested it was similarly inequitable for the frontagers in the portion of the road coloured grey, upon which no work has been carried out, to receive the benefit of the work which has been carried out to the portion coloured brown.

Mr. Charles Carter, the contractor who made up the section of the road coloured brown on the plan, was also interviewed by the Committee.

After the deputation had retired, the Committee gave the matter very full consideration, and

RESOLVED TO RECOMMEND—

(*a*) **That the notices under Section 150 of the Public Health Act, 1875, served on the frontagers of Old Rectory Gardens on the 1st February last, be withdrawn;**

(*b*) **That an agreement in the standard form approved by the Council be entered into with Roger Malcolm, Ltd., for the taking over of the section of the road coloured brown on the plan, after it has been made up to the Council's requirements and to the satisfaction of the Borough Surveyor and that the Corporate Seal be affixed to the agreement;**

(*c*) **That the Borough Surveyor be instructed to prepare and submit plans and estimates for making up the section of Old Rectory Gardens coloured grey on the plan;**

(*d*) **That Old Rectory Gardens be deleted from the revised application for loan sanction to be submitted to the Minister of Health in due course.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

★2.—HOUSING ACT, 1935:

(A). *Abatement of Overcrowding.*

The Chairman of the Committee submitted the following report:—

"It will be seen from the following statements that considerable progress has been made during the past month, resulting in the reduction of the 90 cases of overcrowding on the Council's Estates to 27, whilst the number of overcrowded applicants for Council Houses has also been reduced from 27 to 15.

Total number of overcrowded cases			90
Found not to be overcrowded			
Overcrowding abated by marriage, etc.	17		
Tenant left Council house	11		
Tenants already in 4-bedroom type houses	1		
	6		
		—	35
			55
Overcrowding abated by transfer			16
			39
Further transfers definitely arranged			12
Number still to be provided for			27
Overcrowded applicants for Council houses			27
Applicants left district	3		
Abatement by provision of required accommodation	6		
		—	9
			18
Further cases arranged			3
Number still to be provided for			15

It is hoped to reduce these figures to some extent, but difficulty is now being experienced in as much as most of the remaining overcrowded families already in Council houses require the larger type of Council house.

In addition to the above, arrangements have been made whereby the number of mixed families living in 2-bedroom type Council houses has been, or will be at an early date, reduced from 47 to 39. These cases will be kept specially in mind and dealt with as suitable opportunities arise." **Noted.**

(B). *Transfers—Payment of Removal Expenses.*

SUBMITTED : Letter from the Ministry of Health stating that the Minister of Health would raise no objection to the payment by the Council of the reasonable removal expenses of tenants on the Council's Estates who are required to leave their houses in order to provide accommodation for large families for the purpose of the abatement of overcrowding. **Noted.**

★ **(C). Overcrowding—Housing Proposals.**

The Committee considered the following memorandum submitted jointly by the Borough Treasurer and Borough Surveyor on the provision of houses in relation to overcrowding :—

1. The original survey shewed that 302 houses would be required to meet the estimated needs of the Borough. The Medical Officer's Department has re-calculated and classified these according to the basis laid down in Housing Circular 1539, with the following results :—

Accommodation for.	Houses required.
7 persons	77
8 persons	102
9 persons	53
10 persons or more	70
	302

A division of this classification into separate areas discloses that 320 houses were required on the date of the classification, viz., 30th March, 1936.

2. The present position, after taking into account transfers, removals, etc. for the whole Borough is as follows :—

Accommodation for.	Houses required.
7 persons	53
8 persons	77
9 persons	41
10 persons or more	64
	235

3. The areas to be dealt with comprise the following :—

(*a*) Hendon Council Houses.
(*b*) London County Houses.
(*c*) Hampstead Council Houses.
(*d*) Privately owned Houses

If these are to be considered as separate entities then the position will be as follows, though even these figures are subject to continuous changes :—

Accommodation for.	Houses required.
6 persons	14
7 persons	55
8 persons	79
9 persons	41
10 persons or more	64
	253

4. This re-classification has the effect of introducing the 3-bedroom type of house.

5. Circular 1539 states as follows in regard to the types required :—

6 Persons—3-bedrooms, non-parlour.—Area 850 feet or thereabouts, with bedrooms of about 150, 120 and 100 square feet and a living room of 200 square feet.

7 Persons—4-bedrooms.—Area 1050 feet or thereabouts, with bedrooms of 150, 120, 100 and 80 square feet and a living room of 220 square feet.

8 Persons—4-bedrooms.—Area 1130 feet or thereabouts, with bedrooms of 150, 120, 120 and 100 square feet and a living room and a parlour.

9 Persons—4-bedrooms.—Area over 1130 feet, the second bedroom to have a minimum of 130 square feet and proportionately larger living accommodation.

10 or more Persons.—Proportionately larger houses, maybe with 5 or 6-bedrooms.

6. To provide the suggested accommodation in the cases of the larger families would mean the erection of types of houses very different from any of the present Council houses and probably only to meet a temporary emergency. It should also be noted that the bulk of the houses now in course of erection by private enterprise are substantially smaller than the 4-bedroom houses proposed.

The Minister indicates that where special types are erected the Local Authority should, if possible, associate with each large house, a small house, so that structural alterations at a future date might render possible conversion into two separate houses of a more usual size.

7. We suggest that the Corporation should provide accommodation for 260 families in approximately the following classifications :—

3-bedrooms	16
4-bedrooms—Type 1	136
4-bedrooms—Type 2	44
Special Types	64
	260

It is suggested that the 4-bedroom types might be found suitable for conversion at a later date to 3-bedroom parlour types, whilst as to special types, the suggestions of the Minister would be followed as far as possible.

It is to be noted that the 136 4-bedroom, type 1, mentioned above are intended to be alike for families of 7 or 8 persons.

The following table affords an indication of the difficulties arising out of the suggested provision of houses with 5 bedrooms or more for unusually large families :-

Number in Family.	Number of Families.
10	30
11	22
12	8
13	2
16	2

8. The question of rents will require careful consideration at a later date when plans have been prepared and estimates obtained. In the larger houses, the rents, **if charged pro rata** to cost may be greater than families' incomes can bear.

9. Section 12 of the Housing Act, 1935, enacts that in providing suitable alternative accommodation, amongst other conditions, regard has to be had to proximity to place of work.

10. It is suggested that the houses to be provided should be erected on at least 2 sites. In this connection it is to be stated that the Dole Street site will probably be required to accommodate a School, a Clinic, and a Children's Playground, in addition to the part allocated to Housing.

11. We recommend that the Dole Street Scheme be proceeded with to the extent of (say) 100 houses of the 3 and 4-bedroom types and that the remaining houses required to deal with the overcrowding programme be erected on another site (say, in the neighbourhood of Sturgess Avenue).

12. The further development of Dole Street would proceed as and when the Minister of Health may permit the resumption of normal housing programmes.

The Commitee have given the matter very careful consideration, and

RESOLVED TO RECOMMEND—

(*a*) **That 140 houses be erected on the Dole Street Site as follows :—**

To accommodate 6 persons—20 houses.
To accommodate 7 persons—80 houses.
To accommodate 8 persons—40 houses.

(*b*) **That the Borough Surveyor be instructed to prepare plans and estimates and that application be made to the Minister of Health under Recess powers if found expedient for the necessary consent to borrow;**

(*c*) That application be made to the Council through the Special (Development) Committee for the immediate allocation for housing purposes of 25 acres of land in the vicinity of Sturgess Avenue originally acquired for sewage disposal but not actually used for that purpose;

(*d*) That the balance of the houses (120) required for the abatement of overcrowding, in accordance with the joint report of the Borough Treasurer and Borough Surveyor, be erected on this site and that the Borough Surveyor be instructed to prepare the necessary plans and estimates.

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

3.—DOLE STREET HOUSING SITE:

Compulsory Purchase Order.

REPORTED: That the Minister of Health had confirmed the Order made by the Council for the compulsory acquisition of the land at Dole Street required for housing purposes.

Noted.

★4.—BRENT HILL HOUSING SCHEME:

Fencing Contract.

The Town Clerk reported that pursuant to the Council's instructions (Hg.C., 15/6/36—6) the Contract with Wm. Gratrix & Sons, Ltd., for the provision and erection of new fences on the Brent Hill Housing Scheme was duly determined by notice, but that in the meantime the material had been delivered and the Foreman had arrived on the site.

The Contractors undertook to execute a fresh contract and to deposit with the Council the amount included in the Bond.

In view of the whole of the circumstances and with the approval of the Mayor and the Chairman of the Committee, permission had been given to the Contractors to execute the works on these terms.

RESOLVED TO RECOMMEND—**That the action taken be approved.**

Totals ...	31	52	13	6	12

It will be observed that out of the replies received from 102 constituent authorities, 52 are in favour of the appointment of an Independent Technical Adviser.

The Sub-Committee, however, have again submitted the proposal that the Minister of Health be asked to second one of his officers who should be assisted by the technical staffs of the Constituent Authorities. The report of the Sub-Committee was not received by the full Committee and it has now been referred to the General Purposes and Finance Committee Sub-Committee to consider and report to the Committee as to the action which should be taken in the circumstances. **Noted.**

★4.—HOARDINGS :

★ (A). **Station Road, Hendon.**

SUBMITTED : Report of the Borough Surveyor on a letter from Messrs. Streather and Hogan regarding the hoardings erected at the junction of Station Road and Edgeworth Avenue, advertising houses for sale on the adjoining estate. The temporary building licence issued in respect of the estate office expires on the 31st March next, and the Committee

RESOLVED TO RECOMMEND—**That Messrs. Streather & Hogan be allowed to retain the advertisement hoardings until the temporary building licence expires in March next.**

(B). *Colindeep Lane, Hendon.*

The Town Clerk reported as to the proposed proceedings for the removal of the three advertisement hoardings referred to in B. & T.P.C., 11/5/36—4 (E)). **Noted.**

5.—ELECTRIC POWER PLANT—REAR OF HAMILTON ROAD, GOLDERS GREEN :

SUBMITTED : Report of the Borough Surveyor on a letter from the North Metropolitan Electric Power Supply Company regarding the result of the recent tests with the above Power Plant. The Company state that the sound is now not ground borne, and that sound proof casing is being fitted to the Transformer Tanks to eliminate the noise. Certain other works in the area will shortly be completed, when the Company will be able to shut down the plant at night. **Noted.**

★6.—RIVERSIDE WALK, HENDON :

Lease of Land.

SUBMITTED : Report of the Borough Surveyor on a letter from Messrs. F. G. Soper and Son relating to the piece of land belonging to the Corporation, adjacent to their premises in Bell Lane and which Messrs. Soper & Son desire to utilise as an extension to their nursery ground.

The firm also desire to erect on their land a wooden building for use in connection with the Nursery.

As the land in question is not immediately required in connection with the Riverside Walk, the Committee

RESOLVED TO RECOMMEND—

(i) **That the Council lease to Messrs. Soper & Son the land for the purposes indicated, for a period of 7 years, at an annual rental of £5, on the understanding that they construct and maintain the fence on the eastern boundary and carry out any neccessary piping in of the ditch which intersects the land;**

(ii) **That the erection of a wooden building on Messrs. Soper & Son's land, for use in connection with the business of nurserymen be approved in principle, subject to the submission of the necessary plans.**

(Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposals.)

★7.—FLATS, HALL LANE, HENDON:

SUBMITTED: Report of the Borough Surveyor on a letter and plan from P. E. Briance, Ltd., relating to flats in course of erection in Hall Lane, suggesting the exchange with the Council, of certain land forming part of the highway for land at the junction of Hall Lane with Watford Way. The development which has proceeded is not in accordance with the plans on which the Interim Development Order was granted.

RESOLVED TO RECOMMEND—**That P. E. Briance, Ltd., be informed that the Council are unable to agree to the proposed exchange of lands, and that the buildings in course of erection contravene the provisions of the Planning Scheme.**

★8.—HOUSE—PARKSIDE, MILL HILL:

SUBMITTED: Report of the Borough Surveyor upon a letter from Mr. G. F. Clarkson regarding a house proposed to be erected on a site in Parkside as indicated on the plan submitted. Difficulty arises in keeping the house four feet from the owner's boundary on the northern frontage (Clause 43 (2) H.P.S. No. 1). As it is impossible to acquire more land and in view of the fact that the next house is about twenty feet away, there does not appear to be any objection to the proposal, and the Committee

RESOLVED TO RECOMMEND—**That in the special circumstances of this case compliance with Clause 43 (2) be relaxed.** (Clause 43 (3) (b)).

RESOLVED TO RECOMMEND—**That the Interim Development Order Permission be extended for a period of six months from the date of the Council Meeting, i.e., to 27th January, 1937.**

(ii) Mr. A. P. Lloyd—Re-development of Cory's Petrol Filling Station, Finchley Road, Golders Green, involving the erection of 5 lock-up shops, retaining the garages, etc., at rear. (vi) Mr. R. G. Cox—Cinema, shops with flats over and a block of flats—junction of Watford Way, Lawrence Street and Uphill Grove, Mill Hill. (This application was duly advertised in accordance with Clause 30 of the Hendon Planning Scheme No. 1). (B. & T.P.C., 15/6/36—8 (B))	Contrary to the provisions of the Hendon Planning Scheme No. 1 in respect of zoning and height of buildings.

The Petition was accordingly withdrawn. **Noted.**

(B). *London Passenger Transport Board Bill.*

The Committee will remember that the powers sought by this Bill involved the compulsory acquisition of the Edgware Station Road Open Space, the diversion of the public footpath therein and also the acquisition of part of the Deansbrook Park.

The Bill also proposed to extend to the Trolley Vehicle System the rating reliefs applicable to Light Railways but which do not extend to Tramways. This provision was, however, deleted by the Parliamentary Committee.

In view of the nature of the works contemplated by the Bill it was not considered expedient to oppose on merits but negotiations were entered into to obtain protective Clauses. Having regard to all the circumstances these have been satisfactorily concluded, and whilst the Station Road Open Space will be acquired by the Board, the public convenience therein will remain the property of the Council, unless and until it is acquired by the Board by agreement, and a right of way to such convenience is secured to the public from Station Road. Adjustments were made in the lines of deviation through the Deansbrook Park which will give means of access between two parts of the park which would otherwise have been severed and also secure to the Council a slightly larger area as open space than would otherwise have remained on the passing of the Act.

The Board also sought power to acquire parts of the gardens of certain private houses. All of these have been deleted except in two cases in respect of which the Board cannot acquire less than the whole of the sites. **Noted.**

CONSIDERED: Reference from the Council (29/6/36), together with a further letter giving the reasons which actuated the meeting convened by the Hendon Women Citizens' Council in passing the resolution making application to the Home Secretary for the appointment of Women Police to the Borough of Hendon.

The Committee offer no observations thereon, but have noted the correspondence.

★18.—LEAKAGES OF WATER MAINS:

SUBMITTED: Letter from the Metropolitan Water Board with regard to the Council's proposal that the co-operation of the Council with the Board in reporting leakages in Water Mains should be regulated by an agreement providing for payment by the Board of the sum of £10 per annum.

The Board state that they have been in communication with various other Authorities, and that no suggestion for payment or a formal agreement had been made.

In their original application the Board intimated that they would be prepared to supply the necessary notification cards, and to re-imburse the cost of telephone messages, etc., and the Committee are of opinion that a consolidated charge would be preferable to keeping separate accounts against the Board in respect of the proposed services.

RESOLVED TO RECOMMEND—**That the Board be informed that the Council will be prepared to carry out the required services on payment of a charge of £2 2s. 0d. per annum.**

19.—AIR RAID PRECAUTIONS:

TRANSFER OF SENIOR CHILDREN FROM CLITTERHOUSE SCHOOL TO BRENT MODERN SCHOOL:

In pursuance of their Resolution of 14th July, 1936, the Committee received a deputation representing the parents of children concerned in the proposed transfer of 11 plus senior children from the Clitterhouse School to the Brent Modern School. The deputation protested against the proposed transfer on the following grounds:—

(*a*) The distance the children would have to walk, especially having regard to the time allowed for the mid-day break.

(*b*) The danger involved in crossing the North Circular Road.

The deputation suggested that either the Committee should provide a conveyance for transporting such children to and from Brent Modern School, or, that they should be allowed to attend Wessex Gardens School.

After the deputation had withdrawn, it was moved by Alderman Egan, and seconded by Councillor (Mrs.) Ford:—

THAT this matter be dealt with in Committee.

Amendment moved by Councillor Richardson, seconded by Councillor Pinkney:—

THAT the Education Committee having heard the deputation, call for a report as to the provision of further accommodation for senior children in the Childs Hill district.

For the Amendment there voted 3, against 9. The Amendment was **not carried.**

The motion was thereupon submitted and declared **carried.**

APOLOGIES FOR ABSENCE:

Apologies for absence were submitted on behalf of Councillors B. S. Browne, F. J. Collins and A. W. Curton.

QUESTIONS pursuant to notice duly given in accordance with Standing Order No. 25:—

Flag Day—National Union of Railwaymen's Orphan Fund Flower Day.

Councillor J. H. Rodway asked the following question:—

If an opinion has been expressed to the Commissioner of Police, or other authority, as to the limitation of "Flag Days" within the Borough, and, if so, in what terms. Also as to whether there was any reference to the National Union of Railwaymen's Orphan Fund Flower Day, for which street collections within the Borough of Hendon are not now allowed by the Police.

His Worship the Mayor replied as follows:—

In February 1932 the Council passed a resolution

"that in future approvals to hold flag days be granted only in respect of the following

British Legion—"Poppy Day"
Queen Alexandra Hospital Fund—"Rose Day"
Royal Life Boat Institution
other Charitable Organisations whose administration is of local application."

and the Commissioner of Police was accordingly asked to bear this decision in mind when considering applications for flag days in this district. To this representation the Commissioner replied that he had no power to restrict collections on account of their numbers nor could he discriminate between charities so long as they were honestly conducted.

Since that time it has been the practice of the Commissioner to write the Mayor intimating that an application had been made by a certain charity or institution and enquiring whether he had any observations to offer as to the bona fides and standing of the promoters and the application of proceeds of any previous street collections. It must be understood that the Commissioner does not communicate in all cases.

With regard to the National Union of Railwaymen's Orphan Fund Flower Day this was notified by the Commissioner on the 24th December, 1934, as a proposal to hold a flag day on the 27th July, 1935, and stating that £19 was raised in the area on a previous occasion. On this communication the Mayor replied that he had no observations to make on the particular application. Attention was, however, drawn to the Council's resolution of February, 1932.

Hendon Grove—Boundary Fences.

Alderman Egan asked the Chairman of the Estates, Parks and Allotments Committee :—

Whether his Committee have ascertained and are satisfied that the boundary fences of Hendon Grove are sufficiently protective and sound enough for the property to be thrown open to the public.

The Chairman of the Committee (Councillor Johnson) :

I am satisfied that the land itself is sufficiently fenced for the Committee's requirements.

Old Rectory Gardens, Edgware.

Alderman Egan asked the Chairman of the Highways Committee :—

If on the submission of Report No. 2 of the Highways Committee this evening he will state whether the foundations of that part of Old Rectory Gardens, proposed to be excluded from works under Section 150 of the Public Health Act, 1875, are wholly or partially executed in concrete.

The Chairman of the Committee (Councillor Potter) :

As far as my information goes, at present they are neither wholly nor partially executed in concrete but of ordinary hard core as is customary.

EDUCATION COMMITTEE :

Moved by the Deputy Mayor, seconded by Alderman Maughan, and

308.—RESOLVED—**That the reports of the Education Committee (Meetings held on the 14th July—Agenda, pages 696 to 710, and 21st July—Agenda, pages 776-777) be received.**

Page 699—Woodside Park Estate—Acquisition of Site and Erection of Proposed School.

On consideration of the above matter the Mayor reported as follows :—

The position in this matter is that the Council can enter upon the land at any time after 14 days' notice. The District Valuer is at present negotiating with regard to the settlement of the price to be paid for the land.

It will be appreciated, however, that the first necessity is the construction of the road to Lullington Garth. The Town Clerk has been in touch with the Ministry of Health and the Ministry of Transport on numerous occasions and was given to understand that the report of the Divisional Road Engineer would be submitted to the Ministry of Transport

on Saturday last, and that on its receipt and subject to everything being in order, the Ministry's recommendation would immediately be forwarded to the Ministry of Health with a request that they should expedite the loan sanction as far as possible subject to the report of the District Valuer which is not yet to hand. He has heard to-day that the recommendation of the Ministry of Transport has not yet reached the Ministry of Health but that in all probability it will do so to-morrow.

Construction of Subway under Watford Way at Mill Hill Park.

The Mayor further stated :—

While dealing with the question of loan sanctions, though this matter does not arise on the report of the Education Committee, the Council will no doubt be interested to learn that on the 21st instant the sanction of the Minister of Health was received to the loan for the construction of the subway under Watford Way at Mill Hill Park, and I propose that the tenders for its construction should be considered by the Council in Committee this evening.

309.—RESOLVED—**That the tenders be considered by the Council in Committee this evening.**

Moved by the Deputy Mayor, seconded by Councillor Rice, and

310.—RESOLVED—**That the reports of the Committee, in so far as they relate to matters requiring the confirmation of the Council, be approved and adopted.**

Page 729—Item 22—Tram Track, Edgware Road.

On consideration of the above item, the Town Clerk reported that in accordance with the instructions of the Highways Committee he had communicated with the London Passenger Transport Board enquiring as to the date the Board propose to discontinue the Tramcar Service along Edgware Road and that a reply had been received from the Public Relations Officer in the following terms:—

" I refer to your letter of the 14th July, and in reply to your question as to when the tram track along Edgware Road will be discontinued I would say that a formal notice of abandonment will probably be despatched to your Council within the next few days. The official date of abandonment will be three months from the actual date upon which the notice is served.

It is expected, however, that the trams themselves will cease to run over the road as far as High Street, Edgware, about the beginning of September, after which date the track south of Hendon tram depot will still require to be retained until the official date of abandonment, which should be about the end of October.

There is, however, no reason why the tram rails north of Hendon tram depot as far as the tram terminus at Canons Park should not be filled in with bitumastic material as is suggested by your Council immediately after the tram services have ceased at about the beginning of September, and I am asked to inform you that Mr. Croom Johnson, the Permanent Way Engineer of the Board's tramways, will be pleased to call upon you some time in the near future to discuss further details."

The Town Clerk further reported that the formal notice of abandonment referred to in the Board's letter was received on the 25th July.

Page 730—*Item* 23—*Cycling on Footpaths.*

On consideration of the above item, Alderman Cartwright enquired as to whether the Council could make a byelaw prohibiting cycling on footpaths in the parks and open spaces.

The Mayor stated that an item dealing with the point would be placed on the agenda for the next meeting of the Highways Committee.

Moved by Councillor Potter, seconded by Alderman Cartwright, and

319.—RESOLVED—**That the report of the Committee,** *as amended*, **be approved and adopted.**

Moved by Councillor Potter, seconded by Councillor Ross,

320.—**That report No. 2 of the Highways Committee (Meeting held on the 13th July—Agenda, pages 731-732) be received, approved and adopted.**

THAT the report of the Committee be referred back for further consideration.

Debate ensued.

On being submitted the Mayor declared the amendment **lost.**

SURPLUS (SEWAGE WORKS) LAND:

Housing Act, 1935.
Abatement of Overcrowding.

SUBMITTED: Application of the Housing Committee for the immediate allocation of 25 acres of land in the vicinity of Sturgess Avenue for the erection of 120 houses required in connection with the housing proposals for the abatement of overcrowding as outlined in the report of that Committee (13/7/36—2 (C)).

The land in question was originally acquired for sewage disposal but has not been used for that purpose, and forms part of a much larger area in respect of which the Special (Development) Committee are charged with the duty of making a comprehensive report to the Council on the question of future use (F. & G.P.C., 22/6/36—19).

Various proposals have been made as to the allocation of this land but it appears undesirable that any definite appropriations should be made until the Committee have had the opportunity of considering the question as a whole.

To facilitate consideration the Special Committee propose that all Committees of the Council should be asked to state whether they wish to submit applications for the appropriation of any of the land for their respective services before the 20th September. This will give the Committee an opportunity of considering proposals on an intended visit to the site on the 25th September with a view to reporting to the Council on the 28th September.

THE SPECIAL COMMITTEE RECOMMEND—**Accordingly.**

Moved by Alderman Cartwright, seconded by Alderman Monro, and

334.—RESOLVED—**That the report of the Committee be approved and adopted.**

On consideration of the above item, the Chairman of the Committee reported that five further cases of overcrowding had been abated since the meeting of the Committee and that further arrangements were in hand.

336.—RESOLVED—**That the report of the Committee be approved and adopted.**

WATFORD WAY—MILL HILL PARK CROSSING:

Construction of Subway.

SUBMITTED: Report of the Borough Surveyor on the tenders received for the construction of the subway under Watford Way at the Mill Hill Park crossing, the lowest tender being that of Messrs. E. C. MacDermot & Company of Wembley, amounting to £4,643 12s. 2d.

The Borough Surveyor pointed out that this tender is approximately £800 in excess of the original estimate for the works, and that this would appear to be due to:—

(1) The general rise which has taken place in the cost of labour and materials since the estimate was prepared, and

(2) The cost of providing a flight of steps on each side of the road from the footpath of Watford Way down to the entrance to the tunnel, in accordance with the Council's instructions, being much higher than was anticipated.

He further stated that it may be possible to effect some economies or reductions during the carrying out of the work, but he could not determine them at the present stage. He, therefore, suggested that the works should be put in hand and the Ministry of Health informed of the possibility of a supplementary loan sanction being required.

Moved by Alderman Egan, seconded by Alderman Maughan, and

344.—RESOLVED—

(*a*) **That, subject to the usual financial enquiries, the lowest tender, viz., that of Messrs. E. C. MacDermot & Company, amounting to £4,643 12s. 2d. be accepted, and the Corporate Seal affixed to any necessary documents;**

(*b*) **That the Ministry of Health be informed of the possibility of a supplementary loan sanction being required.**

MAYOR'S RECESS REPORT:

Moved by Alderman Maughan, seconded by Alderman (Mrs.) Bannister, and

346.—RESOLVED—**That the following report be received:—**

To the Aldermen and Councillors,
HENDON BOROUGH COUNCIL.

Ladies and Gentlemen,

The following matters have been dealt with during the Vacation under recess powers, Resolution No. 343 of the 27th July:—

1.—OLD AGE PENSIONS:

12 Claims and 2 Questions (Register Nos. 4284; 4289-4297; 4300-4303 and 4315) have been considered and decisions given having the following effect:—

Claims:—

7 allowed at the full rate.
1 allowed at 4/- weekly.
1 allowed at 2/- weekly.
3 disallowed.

Questions :—

1 pensioner disentitled to pension from 16/6/36 to 20/7/36 (maintenance in hospital).
1 pension reduced from 10/- to 8/- weekly by reason of increased means.

Full particulars are recorded in the Pension Committee Minute Book.

2.—DOCUMENTS FOR SEALING:

I gave authority for the Corporate Seal to be affixed to the following documents :—

Licence—The Corporation to the Gas Light & Coke Company for the erection of a box in Rushgrove Avenue, Hendon.

Ten Combined Drainage Orders.

Compulsory Purchase Order (in duplicate)—relating to land adjoining Edgware Council School.

3.—STREET TRADING:

Application for Licence.

On the report of the Chairman of the Highways Committee, I approved the application of Mr. J. H. Jessop, of 12, Broomsleigh Street, West Hampstead, for a street trading licence to sell newspapers and periodicals from bags only on the footpath on the north side of Bridge Lane at its junction with Finchley Road, consideration of which was deferred at the last meeting of the Highways Committee for further information to be obtained. (Hi.C., 6/7/36—2 (A)).

4.—WEST MIDDLESEX SEWAGE DISPOSAL SCHEME:

A communication was submitted from the Middlesex County Council as to a slight variation in the approved terms for the reception into the main sewers of the County Council of the sewage from an area at Park Royal in the Borough of Willesden. (W. & F.B.C., 16/9/35—11). The Borough Treasurer reported upon the financial effect and I gave instructions for the Middlesex County Council to be informed that the Town Council offered no objection to the variation proposed.

5.—HENDON PLANNING SCHEME No. 1:

The above Scheme has now passed through its final stages and became operative on the 29th August.

6.—HENDON PLANNING SCHEME No. 2:

The Council (29/6/36) approved a recommendation from the Buildings and Town Planning Committee (15/6/36—1 (B)) for an application to the Minister of Health for an extension of time for the preparation of the draft Scheme to the 30th September.

The Minister agreed, but as the time available for preparation was found to be extremely limited consequent on the necessity for giving two months for consultation with interested Local Authorities before the adoption of the draft Scheme, it was considered expedient to apply for an extension to the 31st December, 1936, as the period within which the draft Scheme shall be adopted. The Minister has given his approval.

I gave authority for the purchase of the following :—6 cups, 1 shield and the cost of necessary engraving.

Certificates of merit were sent also to 37 tenants.

The judges state in their report :—

> " The Judges strongly advise that something be done to improve the standard of a large percentage of the gardens. Many of them had received no cultivation at all and it appears somewhat irregular to include them in competition with those where care and attention has been given. This might be overcome by those wishing to compete sending in entries and thus only those who are really cultivating their gardens would receive the attention of the judges.
>
> In many cases, what might have been a very good garden, had been spoiled by the use of too much stone. It cannot be too strongly emphasised that cement, although perhaps quite useful for paths, is nevertheless, hardly a garden ornament. In many cases, there had been such a liberal use of this material that little space remained for the cultivation of plants.
>
> Most of the prize winners had conceived very satisfactory schemes as to the general lay-out of the garden, and had also mixed their colours quite well. A simple design, together with cleanliness and vigorous growth are looked upon with favour by most judges."

REPORT OF CHAIRMAN:

The following report was received from the Chairman of the Education Committee as to his action taken during the Summer Recess, viz.:—

To the Members of the
HENDON EDUCATION COMMITTEE.

Ladies and Gentlemen,

The following matters have been dealt with, after consultation where necessary with the Chairmen of the appropriate Sub-Committees, during the time the Committee has been in Recess, viz.:—

1.—VISITS TO SCHOOLS:

During the fortnight preceding the Midsummer Holidays I made visits to various schools for the purpose of being present at Parents' Open Afternoons, Prize Distributions, Speech Days and Sports Meetings. The displays witnessed and the efficient organisation thereof reflect the greatest possible credit on the teachers and children. The interest of the parents was also a noteworthy feature of these gatherings.

4.—ANNUAL REPAIRS AND IMPROVEMENTS TO SCHOOLS:

The various works of redecoration and improvements were satisfactorily completed during the vacation with the exception of the reconstruction of the Infants' block of lavatories at Childs Hill School. Arrangements were, however, made for the Infant children to use the Senior lavatories as a temporary expedient until their own lavatories were completed.

5.—BROADFIELDS AVENUE (EDGWARE) PROPOSED SCHOOL SITE:

With reference to item 1 (a) in the Report of the Works Sub-Committee, dated 30/6/36, Statutory Notices, stating the Authority's intention to erect a new Public Elementary School in due course, were issued and published on 24th July, 1936, in accordance with the procedure prescribed under Section 18 of the Education Act, 1921. It should be pointed out that this procedure is the indispensable preliminary to the confirmation of a Compulsory Purchase Order by the Board of Education.

6.—EDGWARE COUNCIL SCHOOL—RE-ORGANISATION:

A letter has been received from the Board of Education stating that, as all the requirements of Section 18 of the Education Act, 1921, have now been fulfilled, the Board are prepared to consider detailed proposals for the rebuilding of the Junior Department of Edgware School and the extension of the Senior Department.

7.—ST. AGNES' R.C. SCHOOL:

In response to an application received from the Managers, application has been made to the Board of Education for approval to use the Hall adjacent to the school premises for temporary accommodation to deal with an increase in the school roll. The official accommodation of this school is 208 and the number of children on the roll on re-opening after the Midsummer Holidays was 243.

RESOLVED TO RECOMMEND—

(*a*) **THAT the Chairman of this Sub-Committee be appointed a member of the Special Visiting Committee under reference.**

(*b*) **THAT instructions "How to act in case of Fire" be exhibited on each floor in every school.**

3.—CLITTERHOUSE SCHOOL—TRANSFER OF SENIOR CHILDREN:

REPORTED: That out of the 46 children of the Clitterhouse School who were eligible for transfer to Senior Schools at the beginning of the Autumn Term, 15 had been admitted to the Brent Modern School and 31 to the Wessex Gardens School, in accordance with the wishes of their parents. **Noted.**

4.—SEWAGE WORKS—ACQUISITION OF LAND FOR EDUCATIONAL PURPOSES:

The Director of Education submitted the following Report:—

ALLOCATION OF LAND ON SEWAGE WORKS.

REPORT.

A.—CENTRAL PLAYING FIELD:

(i) For following schools in area:—

Childs Hill	800
Wessex Gardens	860
All Saints' C.E.	220
St. Agnes' R.C.	250
	2,130

With the raising of the School Leaving Age from 1st September, 1939, these numbers will reach a minimum of 2,500.

(ii) Also for use by

HENDON SCHOOLS TEAMS,

for English Cup Matches, County Matches, Finals of Local Shield Competitions in both Football and Cricket.

The Board of Education Pamphlet on School Playing Fields suggests a **Playing Field of 14 acres** to admit of use by 2,500 children.

The position of the field should be **centrally situated** in the Area to minimise the time of children getting there from their respective schools.

B.—WEST HENDON AREA—ADDITIONAL SCHOOL PLAYING FIELD:

Suitably situated to serve the needs of the following schools, viz.: Brent Modern, Algernon Road and St. John's C.E. After the raising of the School Leaving Age the Playing Field would be used by approximately 900-1,000 children weekly.

At present the only School Playing Field available for these children is at the Burroughs which is difficult of access from the point of view of distance. Moreover, the Burroughs is used by Bell Lane, St. Mary's C.E. Junior and Senior and St. Mary's R.C. Schools, approximately 850 children. The Hendon Schools Teams also play thereon. The Playing Pitch is overworked.

A Playing Field with a minimum of **6 acres,** suitably situated, is most desirable for the Schools in the West Hendon area.

C.—REORGANISATION OF SCHOOLS:

Prior to the raising of the School Leaving Age on 1st September, 1939, the Board of Education will require the Local Education Authority to prepare a Scheme of Reorganisation of Schools in the Childs Hill and Golders Green Areas.

The boundaries of the areas are:—

N —North Circular Road.
S —Hampstead.
E —Golders Green Road.
W—Midland Railway.

The Elementary Schools, for which provision for 11+ children must be made, are:—

1. Childs Hill.
2. Wessex Gardens.
3. Clitterhouse.
4. All Saints' C.E.
5. St. Agnes' R.C.

The Reorganisation problem can be solved in one of two ways:—

(*a*) By the provision of new Modern Schools to provide for all 11+ children in the area as defined—compare Brent Modern, or

(*b*) By the provision of additional accommodation in the existing buildings at Wessex Gardens and Childs Hill.

As the Committee are aware, the precise solution has not as yet been determined.

Under the circumstances it is suggested that **4 acres** should be reserved on a site, suitably situated, to cater for the needs of senior children, who would be required to travel from their homes as wide apart as the North Circular Road, Golders Green Road and Cricklewood Lane.

RESOLVED TO RECOMMEND—

THAT the Town Council be asked to allocate the following sites in suitable positions for educational purposes:—

(*a*) **For a Central Playing Field—14 acres.**

(*b*) **For West Hendon Schools' Playing Field—6 acres.**

(*c*) **For a Modern School—4 acres.**

5.—ROAD SAFETY AMONG SCHOOL CHILDREN—LOCAL CHILDREN'S SAFETY COMMITTEE:

SUBMITTED: Letter from the Middlesex Education Committee enquiring whether the Hendon Borough Council were prepared to co-operate with the County Council with regard to the formation of a local Committee on the lines suggested in the recent Report of the Inter-Departmental Committee on Road Safety among School Children.

RESOLVED TO RECOMMEND—

THAT the Middlesex Education Committee be informed that the Hendon Education Committee are prepared to co-operate in this matter.

6—PHYSICAL EDUCATION IN SCHOOLS:

SUBMITTED: Communication from the Middlesex Education Committee, asking whether, having regard to the recommendations concerning need for co-operation contained in Board of Education Circular No. 1445, the Education Committee is prepared to appoint a representative to attend a Conference of Representatives of Part III. Education Authorities in the County for the consideration of the steps to be taken to formulate a complete scheme of Physical Education for children and young persons in the County, including the appointment of additional Organisers of Physical Training.

RESOLVED TO RECOMMEND—

THAT Alderman J. J. Copestake and the Director of Education be appointed as the Committee's representatives to attend the Conference in question.

7.—ADMISSION TO SECONDARY SCHOOLS, 1937:

SUBMITTED: Letter from the Middlesex Education Committee asking this Education Committee to nominate two Officers of Part III. Authorities to serve on the Board of Examiners in connection with the 1937 examination.

RESOLVED TO RECOMMEND—

THAT Dr. C. H. Jarvis of Wood Green and Mr. H. J. Hands of Brentford and Chiswick be nominated accordingly.

8.—AWARD OF SPECIAL SCHOOL HOLIDAYS:

SUBMITTED: Letter from the Head-master of the Colindale Council School with reference to the granting of special holidays for school children on the occasion of School Displays, etc. **Noted.**

9.—OXFORD SCHOOL CERTIFICATE EXAMINATION, 1936:

REPORTED: That 12 candidates from each of the Boys' and Girls' Departments of the Orange Hill Central School sat for the Oxford School Certificate Examination in July, 1936, and that 7 candidates from each Department were successful. **Noted with satisfaction.**

10.—ALL ENGLAND SCHOOLS SPORTS:

SUBMITTED: Letter from the Hendon Schools' Sports Association stating that Hendon had produced its first All-England Champion in Margaret Godley of the Orange Hill Central Girls' School, who, in the High Jump (14-16 years of age) at the recent All-England Schools Sports held at Margate, created a new record by clearing 5 feet.

RESOLVED TO RECOMMEND—

THAT Margaret Godley be congratulated on her achievement.

Pursuant to Item 3 (b) in the Report of the Works Sub-Committee, dated 26/5/36, the Borough Surveyor submitted revised detailed plans and estimates for the erection of a Junior and Infant School at Edgware. It will be remembered that preliminary plans and estimates have already been approved by the Committee. ★2.—CHILDREN UNDER SCHOOL AGE:

The Medical Officer of Health re-submitted his report with regard to Ministry of Health Circular No. 1550. (P.H. & M.S.C., 6/7/36—3).

The Minister is satisfied with the arrangements which have been made for children in the first year of life as indicated by the fall in Infantile Mortality, but he is concerned to find that in many areas the health of children from 1½ to 5 years is not safeguarded to the same extent. The circular states that it is understood that more than 16 per cent. of entrants into

schools are found at their first routine examination to suffer from one or other defects many of which could have been prevented from developing, or could have been quickly cured, if adequate supervision of the health of the children had been exercised throughout the pre-school years (The comparable rate for this district is 11 per cent.).

Certain suggestions are made such as more intensive health visiting, the establishment of toddlers' clinics and the making of special school medical services available for the pre-school child.

The Medical Officer stated that the majority of the suggestions have already been carried out and as far as possible children are visited at least four times in the second year of life, three times in the third year and twice in the fourth. In addition on the first to fourth birth-day inclusive the mother is invited to bring the child to a health centre for examination and in a large proportion of the cases the invitation is accepted. Arrangements have also been made for facilities to be extended to permit of the pre-school child attending certain of the Special Clinics, viz. :—Orthopædic, Ophthalmic, Dental and Speech.

With regard to toddlers' clinics, the Medical Officer expressed the view that it is difficult to get a mother to attend separately with a toddler and the existing arrangement whereby the toddler is brought to the clinic with the younger child is therefore considered the better one as in many instances domestic circumstances render this necessary.

The Medical Officer stated that the whole scheme operated well except that there had been for some little time arrears in the home visiting by Health Visitors due to the fact that the number of clinics in connection with the School Medical Services has been increasing. The appointment, however, of the two Dental Attendants will release the Health Visitors for other duties and it is suggested that provision be made in the estimates for a third Attendant as a third full time Dental Officer will be employed in the near future.

Reference is made by the Ministry to the Board of Education Circular 1444 issued on the 6th January, 1936, dealing with the admission of children under 5 years of age to infants departments of elementary schools and also the provision of Nursery Schools.

With regard to Day Nurseries Circular 1550 states—" If there are in the area of the Council any considerable number of mothers who are regularly employed away from home, it would be well for the Council to consider the desirability of establishing a Day Nursery."

In this connection the Medical Officer submitted a memorandum on the provision of Day Nurseries in which he expressed regret that owing to financial circumstances it is rendered imperative that a woman should go out to work leaving young children to be looked after by others thus depriving them to a large extent of the natural maternal affection and care which nothing, however efficient, can adequately replace.

The primary question to be determined before deciding to provide a Day Nursery is the actual need therefor which the Medical Officer stated should be fully investigated and clearly established. He stressed the point that it is not enough that certain women may desire to place their children in a Day Nursery, the only justifiable reason for such provision is that there is a sufficiently large number of women who, from necessity, are compelled to make use of such a service. It must, however, be borne in mind that in certain cases there may be valid reasons for wishing to place a child at a Day Nursery, apart from financial, for example, illness in the house, or illness or confinement of the mother.

The Medical Officer referred to the purposes of a Day Nursery, viz. :—(1) to care for the child during the parents' absence, and (2) to educate the mother and to raise her general standard of care for her child.

With regard to the question of premises, the view was expressed that these should be adequate, properly equipped and staffed and contain sufficient garden space for the benefit of the children.

Reverting to the Ministry's Circular, the question of the remuneration of Health Visitors is mentioned and it is stated that local authorities cannot expect to secure or retain the services of women properly qualified to discharge the important duties attached to the post of Health Visitor unless they offer salaries commensurate with the long and specialised training these women have to undergo in order to fit them for this work.

The Medical Officer referred to the Council's existing scale of salary for Health Visitors which he stated was below the average paid by authorities in the London area and suggested the reconsideration of such scale.

The Minister of Health intimated that he would be glad if the Council would review their arrangements for supervising the health of young children and inform him of the result of their consideration of Circular No. 1550.

★7.—CO-OPERATION BETWEEN THE COUNTY COUNCIL'S MATERNITY DEPARTMENT AND LOCAL ANTE-NATAL CENTRES:

SUBMITTED: Letter from the County Medical Officer of Health in which he refers to the number of births in the County which take place in the County Council's General Hospitals, the figure for last year being given as 14 per cent. It is anticipated, having regard to the extensions in the County Council's Maternity departments, that the number of confinements in County Hospitals will tend greatly to increase. The County Medical Officer therefore referred to the desirability of inauguratng a uniform scheme of co-operation between the County Council's General Hospitals and the Ante-Natal Clinics established by Local Maternity and Child Welfare Authorities, particularly with regard to the routine supervision of normal cases which are being admitted to hospital for confinement.

A suggested scheme of co-operation was submitted, with a statement of advantages which it was considered would accrue therefrom.

Having considered the observations of the Medical Officer on the matter,

RESOLVED TO RECOMMEND—**That the proposals outlined in the communication from the County Medical Officer be approved.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal providing all County Districts participate in the scheme on the same terms.]

★8.—PROVISION OF MATERNITY HOSPITAL ACCOMMODATION:

SUBMITTED: Letter from the Clerk of the Middlesex County Council with regard to the agreement, dated 5th April, 1932, between the Town Council and the County Council, under which maternity patients are admitted for confinement to one of the County Hospitals. The rate of payment by the Town Council has been 8/7d. per day.

In December last the County Council approved in principle, as a Public Health measure, of the provision of such maternity hospital accommodation at the County General Hospitals as may be necessary adequately to meet the legitimate needs of the County, *i.e.*, not only for those women who are financially necessitous or who require hospital accommodation for medical reasons, but for women not included in those classes who themselves desire to enter hospital for their confinements. The County Council will therefore provide accommodation for certain classes of women who have, up to the present, been dealt with by local maternity and child welfare Authorities, and the provision of such accommodation, except in so far as patients are assessed to pay a portion of the cost, becomes a County charge.

The County Council state that it is obviously inequitable that the maternity and child welfare Authorities with which agreements are in force should continue to pay for cases admitted to the County Hospitals whilst cases are received from other Authorities without charge. It has therefore been decided that inasmuch as the cases are being accepted upon a County basis, the agreements shall be regarded as cancelled from April 1st, 1936, and no further charge will be made to the Town Council as the Local Maternity and Child Welfare Authority in respect of the admission of such patients. The County Council will assess patients, or their liable relatives in accordance with their ability to pay, as in other cases received into the County Hospitals, and the payments received will be credited to the County Fund.

With regard to payments made by the Town Council in respect of the reception of women during the current financial year and any payments which they receive in connection with such persons, an adjustment will be made and the County Council enquire whether the Town Council approves of the cancelling of the agreement as at the end of the last financial year.

RESOLVED TO RECOMMEND—**That the agreement be cancelled and the Middlesex County Council informed accordingly.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

★9.—CONFERENCE—MIDWIVES' ACT:

★17.—HOUSING ACT, 1935:

Ascertainment of Permitted Number for Rent Books.

SUBMITTED: Report of the Medical Officer of Health with regard to the obligation devolving on the Council, upon application of the landlord, or of the occupier of a dwelling-house, to inform the applicant in writing of the number of persons constituting the permitted number in relation to the dwelling-house.

In Circular No. 1539 the Ministry of Health recommend, that to perform this function, it will be necessary for the Local Authority to measure the rooms, and in order that they may be in a position to meet any request for information without delay the view was expressed that it would be more advantageous to undertake systematic measurement of either the bulk or all the working class houses in the area than to delay measuring until a request is received.

Section 6 (1) of the Act provides that, as from six months from the appointed day, every rent book or similar document used in relation to a dwelling-house, by or on behalf of the landlord thereof, shall contain a summary in the prescribed form of the provisions of section two, three and five of the Act (definition of overcrowding; offences in relation to overcrowding and power of local authority to authorise the temporary use of a house by persons in excess

of the permitted number) and a statement of the permitted number of persons in relation to the house, and if any such book or document not containing such summary and statement as aforesaid is used by or on behalf of the landlord he shall be liable on summary conviction to a fine not exceeding ten pounds.

The Medical Officer considers that, in undertaking the systematic measurement of the working-class houses in this district, it may not be necessary, in order to procure information, to measure all the houses concerned but to include, as far as advisable, with the measurements obtained for one house, others which would appear on inspection to be obviously identical. He had accordingly introduced, in arriving at an estimate of the number of houses for measuring, a factor of safety to ensure that information regarding permitted numbers given by the Council shall be of a reliable nature. Therefore, in the case of dwelling-houses belonging to the Town Council, the Hampstead Borough Council and the London County Council, it was suggested that information could be obtained from plans and verified by measuring approximately 10 per cent. of the properties.

With regard to those privately owned, the Medical Officer has allowed for the measuring of 60 per cent., as in many cases these are old properties in which the permitted number will vary, depending on the sub-division of the house and the proposed method of letting.

The number of dwellings to be dealt with is indicated in the following tables :—

TABLE I.

Distribution of Houses.

Dwelling-houses.	Number	Measurement already obtained.	Remaining.
Privately owned (including applications regarding 691 houses, received since the Survey)	8,280	375	7,905
London County Council (Watling Estate)	4,032	147	3,885
Hendon Borough Council	1,150	2	1,148
Hampstead Borough Council (Westcroft Estate)	266	—	266
Totals	13,728	524	13,204

TABLE II.

Estimated number of houses to be measured.

Dwelling-houses.	Actual number.	Estimated number—Hendon, Hampstead and London County Councils 10%. Privately owned 60%.
Privately owned	7,905	4,743
London County Council (Watling Estate)	3,885	388
Hendon Borough Council	1,148	115
Hampstead Borough Council	266	27
Totals	13,204	5,273

In order to deal with the additional work involved, the Medical Officer suggests the employment of four persons, three to be engaged in the obtaining of measurements under the supervision of sanitary inspectors, and the fourth in the preparation of permanent office records and part-time in house-measurement.

It was pointed out that many repeat visits may have to be made, but it is estimated that the work should be accomplished in approximately 26 weeks and on the basis of the wages paid in connection with the survey undertaken to ascertain the extent of overcrowding under the Act the work should be completed and all necessary records and office equipment obtained for the sum of approximately £400.

RESOLVED TO RECOMMEND—**That the report of the Medical Officer be approved and that the Finance and General Purposes Committee be asked to authorise the engagement of the temporary assistants who were employed in connection with the survey of the district to ascertain the extent of overcrowding under the Act.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposed temporary engagements and Recommend—That the matter be referred to the Chairman of the Public Health and Medical Services Committee to make the appointments.]

★18.—MAINTENANCE OF PATIENTS IN ISOLATION HOSPITALS:

SUBMITTED: Letter from the Middlesex County Council intimating that having regard to the fact that the Ministry of Health have now approved a scheme for the provision of adequate hospital accommodation for the treatment of infectious disease in the County, consideration is being given to the question of payments which are at present being made by the County Council to the authorities of certain County Districts in respect of the treatment of cases of infectious disease. The County Council appear to regard the existing practice of payment as neither uniform nor equitable. The question is apparently being considered as to whether arrangements might be made under which the several Local Authorities would be responsible for the cost of maintenance at Isolation Hospitals of any patients transferred from County Hospitals or Institutions who, previous to admission to a County Hospital, were normally resident in the area of that local authority, or as to whether arrangements should be entered into with certain Authorities whose hospitals are conveniently situated as regards County Hospitals and Institutions, under which they would treat any cases received from such Hospitals or Institutions at an agreed rate of maintenance in which case the charge might be upon the County Rate.

It is proposed to confer with the Authorities of the several County Districts on the matter and the Town Council are invited to send two members with the appropriate officers to a conference to be held at the Middlesex Guildhall, on Friday, October 9th, at 4.15 p.m.

RESOLVED TO RECOMMEND—**That the Chairman of the Committee (Councillor F. W. Gilpin), Councillor P. Lightfoot and the appropriate Officers be appointed to represent the Council at the conference.**

★3.—PUBLIC LIGHTING:

Edgware Road.

SUBMITTED: Letter from Harrow Urban District Council on the subject of the lighting of Edgware Road consequent upon the abandonment of the tramway system, inviting the Council to appoint representatives to confer with representatives of Wembley and Harrow Urban District Councils with the object of securing a uniform system of lighting along Edgware Road in the areas of the three Authorities.

RESOLVED TO RECOMMEND—**That the Chairman of the Committee and the Borough Surveyor be appointed to represent the Council at the proposed Conference.**

[The Finance and General Purposes Committee note the proposal and Recommend—That the scheme for the improved lighting of Edgware Road be held in abeyance pending the result of the proposed Conference.]

★4.—TRAFFIC CONTROL:

(A). *Junction of Pennine Drive and Purbeck Drive.*

SUBMITTED: Letter from the Ministry of Transport stating that after consulting the London & Home Counties Traffic Advisory Committee and the Commissioner of Police of the Metropolis, it has been decided that the existing roundabout traffic arrangements at the above junction should continue to operate as a permanent traffic feature. **Noted.**

(B). *Refuge—North End Road at Junction with West Heath Avenue.*

Consideration of the question of placing a refuge in North End Road at its junction with West Heath Avenue has been deferred until the next meeting for detailed particulars of the site to be submitted by the Borough Surveyor.

★ **(C). Watford Way—Junction with Greyhound Hill.**

SUBMITTED: Letter from Mrs. I. A. Thornhill calling attention to the traffic conditions in Watford Way at its junction with Greyhound Hill and to the danger to which persons are

exposed when crossing the Bye-Pass Road to board a north-bound bus. The writer of the letter suggests that traffic light signals should be erected at the junction, and also that a shelter should be erected for persons waiting for omnibuses.

RESOLVED TO RECOMMEND—**That the question of the provision of traffic light signals be referred to the Middlesex County Council which is the highway authority for the Bye-Pass Road, and that with regard to the provision of an omnibus passenger shelter, Mrs. Thornhill be informed that her request should be addressed to the London Passenger Transport Board.**

★ (D). **Junction of Colindeep Lane and Edgware Road.**

SUBMITTED: Draft regulations proposed to be made by the Minister of Transport for the introduction of a scheme of " one-way " traffic working in Colindeep Lane on either side of the large triangular island at its junction with Edgware Road, together with an intimation that any representations the Council may desire to make on the proposed Regulations should be forwarded to the Department not later than 5th October next.

The Committee are of opinion that before the proposed Regulations become operative certain alterations should be carried out to the corners of the island site in order to facilitate the right-hand turn from Colindeep Lane into the Edgware Road. The Committee therefore instructed the Borough Surveyor to submit proposals for dealing with the matter, and they

RESOLVED TO RECOMMEND—**That the Ministry of Transport be informed that in the opinion of the Council it is desirable that certain alterations should be carried out to the corners of the island site before the proposed Regulations become operative and that the Council propose to submit proposals in connection therewith.**

★5.—SPEED LIMITS:

Hendon Way, Watford Way and Edgware Way.

It will be recalled that on the 9th December last (Hi.C., 18/11/35—5 (C)) the Council decided to ask the Minister of Transport to make an Order with a view to the imposition of the 30 m.p.h. speed limit along the whole length of the Watford Bye-Pass Road within the Borough. A letter has now been received from the Ministry stating that the length of road in question has been kept under observation, but that the Minister is advised that no facts have been brought to light which would justify the application of the speed limit and in these circumstances he regrets he is unable to see his way at the present time to impose the 30 m.p.h. speed limit.

The letter recalls that with a view to making the length of road in question safer for all road users the following proposals have been formulated:—

1. The provision of a dual carriageway throughout the road.
2. The installation of light control signals capable of operation by pedestrians:—
   (*a*) At Wessex Gardens;
   (*b*) At Page Street.
3. The reconstruction of the lay-out at the junction with The Burroughs to enable the junction to be controlled by light signals.
4. The construction of a subway at Mill Hill Park for use by pedestrians.
†5. The construction of a " roundabout " lay-out at Apex Corner.
†6. The enlargement of the existing " roundabout " lay-out at Daws Lane.
7. The improvement of the standard of street lighting throughout the road.

(† These have been completed).

A letter was also submitted from the Golders Green Estate Ratepayers' Association transmitting a copy of a letter sent by the Association to the Ministry of Transport regretting the Minister's decision to instal pedestrian operated signals at Wessex Gardens and enquiring whether the provision of the signals will do away with the services of the police constable who is at present stationed at this point when children are proceeding to and returning from school. The Association ask the Minister of Transport to reconsider his decision on this point.

RESOLVED TO RECOMMEND—

(i) **That the Minister of Transport be informed that the Town Council note with gratification that it is proposed to provide a dual carriageway throughout the whole length of the Bye-Pass Road, and pedestrian operated traffic signals at Wessex Gardens;**

(ii) **That the letter from the Golders Green Estate Ratepayers' Association be noted.**

6.—THE BURROUGHS CROSSING—RECONSTRUCTION:

Arising out of the reference in the letter from the Ministry of Transport, referred to in the foregoing item, to the reconstruction of the lay-out of the junction of The Burroughs and Watford Way, the Committee have instructed the Borough Surveyor to submit a report on the proposals of the Middlesex County Council.

★7.—ROAD SAFETY AMONG SCHOOL CHILDREN:

Report of the Inter-Departmental Committee.

The Committee considered the resolution of the Education Committee of the 14th July last appointing an "*ad hoc*" Committee to confer with the Highways Committee regarding the proposals contained in the recent report of the Inter-Departmental Committee on Road Safety among School Children.

Consideration was also given to a letter from the Secretary of the Middlesex Education Committee stating that after considering a report of a Joint Committee consisting of representatives of the Highways and Education Committees of the County Council, the County Council had approved the constitution of a Children's Safety Committee as suggested in the Report of the Departmental Committee and that it had been referred to such Safety Committee:—

(a) to consider and if found desirable to implement the recommendations contained in the Report of the Inter-Departmental Committee on Road Safety among School children;

(b) to advise the appropriate Standing Committees of the County Council and other Authorities in the County upon measures it is suggested should be adopted to minimise road accidents amongst school children;

(c) to arrange for the establishment of Local Children's Safety Committees in the County with whom the County Children's Safety Committee can co-operate, the area of such local Committees being coterminous with that of the local elementary education areas;

(d) to co-opt to the County Committee two teachers, one representing elementary schools and one representing secondary schools, also representatives of the Police to be nominated by the Chief Commissioner.

The Secretary of the Middlesex Education Committee enquires whether the Town Council is prepared to co-operate with the County Council in the matter.

RESOLVED TO RECOMMEND—

(a) **That the Chairman of the Committee, Councillors Curton and Parvin be appointed to confer on the matter with the representatives appointed by the Hendon Education Committee;**

(b) **That the Secretary of the Middlesex Education Committee be informed that the Town Council will be prepared to co-operate with the County Council in the matter.**

★8.—PRIVATE STREET WORKS:

★ (A). Devonshire Road, Mill Hill.

The Borough Surveyor reported on a letter from Mill Hill Homesteads, Ltd., asking the Council to make up the above road in two sections. An application is at present before the Ministry of Health for sanction to the raising of a loan to enable Devonshire Road to be made up as a whole under the provisions of Section 150 of the Public Health Act, 1875, and the Minister of Health has intimated his intention to hold a public local inquiry into the application at an early date.

RESOLVED TO RECOMMEND—**That Mill Hill Homesteads, Limited, be informed that the Council regret they are unable to accede to their request.**

★ (B). The Fairway, Mill Hill.

SUBMITTED: Report of the Borough Surveyor on an application from Mr. W. F. Thorpe for consent to The Fairway, Mill Hill, being made up under the terms of the Council's standard agreement with a view to the road being taken over by the Council on completion.

RESOLVED TO RECOMMEND—**That authority be given to enter into an agreement in the standard form approved by the Council for the making up and taking over of the road, and that the Corporate Seal be affixed thereto.**

(Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.)

★ (C). Old Rectory Gardens, Edgware.

The Council on the 27th July last decided that the portion of Old Rectory Gardens, coloured brown on the plan prepared by Mr. Leslie Raymond, should be made up under the terms of the standard agreement, and that the portion coloured grey on the plan should be made up under Section 150 of the Public Health Act, 1875.

Owing to the very difficult boundary between the two sections shown on the plan referred to, the Borough Surveyor suggests that the portion to be made up by the Council under Section 150 of the Public Health Act, 1875, should be the length coinciding with the Post Office property on the one side and the Cinema on the other.

RESOLVED TO RECOMMEND—**That the suggestion of the Borough Surveyor be approved.**

★ (D). Morley Crescent and Kenilworth Road (Section of), Edgware.

SUBMITTED: Report of the Borough Surveyor on an application from Taylor, Woodrow Estates, Limited, for the standard agreement between the Council and the Company for the making up and taking over of certain roads on the Broadfields Estate, Edgware, to be extended to include Morley Crescent and a further section of Kenilworth Road.

RESOLVED TO RECOMMEND—**That approval be given to the roads in question being included in the agreement.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

★ (E). South Square, Hampstead Garden Suburb.

SUBMITTED: Report of the Borough Surveyor on a letter from Mr. J. C. S. Soutar asking the Council to make up and take over as a highway repairable, the recently constructed access road forming part of South Square.

RESOLVED TO RECOMMEND—**That the necessary action be taken to make up and take over as a highway repairable, the access road in question, subject to the Hampstead Garden Suburb Trust undertaking to reimburse the Council the cost of carrying out the necessary works.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal subject to the undertaking to be given by the Hampstead Garden Suburb Trust being in a form to be approved by the Town Clerk.]

★ (F). **Rushgrove Avenue, Hendon.**

SUBMITTED: Report of the Borough Surveyor on an application from T. W. Heath, Limited, for consent to Rushgrove Avenue being made up under the terms of the Council's standard agreement with a view to the road being taken over by the Council on completion.

RESOLVED TO RECOMMEND—**That authority be given to enter into an agreement with T. W. Heath, Limited, in the standard form approved by the Council for the making up and taking over of the road and that the Corporate Seal be affixed thereto.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

★ (C). **Making up of Green Lane, Edgware (North of Purcells Avenue)—Margins of Footways.**

The Borough Surveyor reported that the specification set out in the notices served upon the frontagers in respect of the making up of the portion of Green Lane, north of Purcells Avenue, provides for asphalt margins to the footpaths. The two sections of Green Lane which have already been made up have grass verges and as the footpaths along the section proposed to be made up are of sufficient width to take grass verges, the Borough Surveyor suggests that grass verges should be provided instead of asphalt when the work is carried out.

RESOLVED TO RECOMMEND—**That the suggestion of the Borough Surveyor be approved.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

★ (H). **Deans Drive, Edgware—Margins of Footways.**

SUBMITTED: Report of the Borough Surveyor on a letter from Mrs. Lardelli, on behalf of 11 residents in Deans Drive, requesting the provision of grass margins to the footways instead of asphalt when the private improvement works are carried out.

The footpaths are only 8 feet in width and do not come within the terms of the Council's resolution regulating the provision of grass verges. In these circumstances the Committee

RESOLVED TO RECOMMEND—**That the Council are unable to accede to the request.**

★ (I). **Dedication of Private Streets.**

CONSIDERED: Report of the Borough Surveyor as to the desirability of dedicating the following roads which have been made up by the builders under the standard agreement and the portion of Green Lane, Edgware, made up by the Council under Section 150 of the Public Health Act, 1875, as public highways repairable by the inhabitants at large:—

Made up by J. Laing & Son, Limited:—

The Vale (extension of)

Accommodation Road at the rear of shops in Pennine Drive.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

★ (K). **Plans and Estimates.**

SUBMITTED : Report of the Borough Surveyor with plans and estimates for making up the following roads under Section 150 of the Public Health Act, 1875 :—

	Estimated Cost. £
Uphill Drive, Mill Hill	345
Danescroft Avenue, Hendon	967

RESOLVED TO RECOMMEND—

(i) **That the report of the Borough Surveyor and the plans and estimates be approved;**

(ii) **That notices under Section 150 of the Public Health Act, 1875, be served on the frontagers in the roads in question and that a period of three months be allowed for the frontagers to carry out the works;**

(iii) **That application be made in due course to the Minister of Health for sanction to the raising of a loan of £1,312 for a period not exceeding seven years.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

(**L**). *Tenders for making up Uphill Grove, Tretawn Gardens and Lawrence Avenue.*

SUBMITTED: Tenders received for carrying out private improvement works in the above-mentioned roads.

RESOLVED—**That the tenders be opened and initialled by the Chairman and referred to the Borough Surveyor for consideration and report.**

★ (**M**). **Accommodation Roads, Golders Green.**

SUBMITTED: Letter from the Ministry of Health stating that the Minister has had under consideration the report of his Inspector after the Inquiry held into the Council's application for consent to a loan of £7,894 for carrying out private improvement works in the following accommodation roads:—

(1) Portsdown Avenue to St. George's Road.
(2) Rodborough Road to Hodford Road.
(3) Hodford Road to Armitage Road.
(4) Golders Green Crescent to Hoop Lane (Golders Way).
(5) Golders Green Road to Hoop Lane (Broadwalk Lane).
(6) West Heath Drive to Finchley Road.

The Ministry point out that it is proposed to make up the roads to a very heavy and expensive specification including surfacing of carriageways with granite setts, and in view of the fact that the streets are chiefly secondary means of access (though admittedly the primary means of access for some of the premises abutting on them) and having regard to the nature and volume of the traffic likely to use them, the Minister is advised that surfacing with concrete or asphalt would be appropriate, and he is not therefore prepared to issue a sanction to enable the works to be executed at the expense of the frontagers on the higher specification proposed.

The Borough Surveyor has informed the Committee of the peculiar circumstances which make the use of concrete impracticable and the reason for the inclusion of granite setts in the specification for the surfacing of the carriageways, and they

RESOLVED TO RECOMMEND—**That the circumstances indicated to the Committee by the Borough Surveyor be brought to the notice of the Minister of Health.**

(**N**). *Footpath—Park Road to Sturgess Avenue.*

The Committee considered as to the desirability of permanent works being carried out to the above footpath, and

RESOLVED—**That the Borough Surveyor be instructed to submit plans and estimates with a view to the footpath in question being made up under Section 150 of the Public Health Act, 1875.**

★9.—STONEYFIELDS LANE, EDGWARE:

★ (**A**). **Improvement.**

The Borough Surveyor submitted a report and re-capitulated the steps which have been taken with a view to the making up of Stoneyfields Lane, Edgware.

The section of the lane which runs between Hale Lane and the Watford Bye-Pass Road consists of a roughly metalled strip, approximately twelve feet in width, with greensward of

varying width on either side. The road has been developed by builders who have set back their fences to provide the width of road required by the Bye-Laws. For the purposes of adjusting the boundaries of the road with a view to effecting improvements Deeds of Exchange were entered into on the 24th June, 1931, and 9th November, 1931, with Mr. F. J. Lawes and Mr. A. S. Clark respectively. Along the remainder of the frontages the builders concerned merely set their fences back to give the required width.

On the 30th September, 1935 (Hi.C., 9/9/35—10) the Council decided to make up the road as a public highway and in due course the sanction of the Minister of Health was obtained to the raising of the necessary loan to enable the works to be carried out. When, however, it was proposed to put the works in hand compensation was claimed for the strip of land between the boundary of their houses and the old boundary of the road. The Council therefore on the 27th January last (Hi.C., 6/1/36—6) decided to postpone the carrying out of the works pending a settlement of the question.

The Borough Surveyor now reports that negotiations for settlement have been unsuccessful, and as the road is now in a very bad condition and numerous complaints have been received from the owners of the houses on either side of the road, he suggests that as a new street has been laid out, of which the old highway only forms a part, a scheme should be prepared for making up the road under Section 150 of the Public Health Act, 1875, and the necessary notices served upon the frontagers.

RESOLVED TO RECOMMEND—**That, subject to the Town Clerk being satisfied as to the legal position, the Borough Surveyor be instructed to submit a scheme for making up Stoneyfields Lane under the provisions of Section 150 of the Public Health Act, 1875.**

★ (B). **Stopping up of portion of Stoneyfields Lane.**

Further consideration was given to the application of Hilbery Chaplin Ltd., for the stopping up under the provisions of the Highway Act, 1835, on the grounds that it is unnecessary, of the portion of Stoneyfields Lane, coloured red on the plan submitted. It is proposed, after the rights of the public have been extinguished, to build houses on the site of the old lane and to incorporate the remaining portion in the gardens of the houses abutting thereon (Hi.C., 8/6/36—21).

RESOLVED TO RECOMMEND—**That the Council pass the necessary formal resolution for the stopping up of the portion of Stoneyfields Lane in question subject to all costs in connection therewith being borne by the applicants.**

★16.—DEANS LANE BRIDGE—RECONSTRUCTION:

SUBMITTED: The following resolution passed by the Middlesex County Council on the 30th July, 1936:—

> "*That an intimation be given to the Hendon Town Council that the County Council approves of the local authority carrying out in accordance with the co-ordination agreement a widening of the bridge carrying Deans Lane, Hendon, over the London and North Eastern Railway at a cost not exceeding* £7,100, *subject to the Ministry of Transport making an appropriate grant in aid, and to the necessary agreement with the Railway Company being approved by the Clerk of the County Council.*"

On the question of the Agreement with the London & North Eastern Railway Company the Borough Surveyor submitted a letter from the Railway Company stating that they will only agree to the widening of the bridge subject to the maintenance of the whole of the structure being taken over by the Highway Authority.

The Agreement with the Railway Company is subject to the approval of the County Council and in these circumstances the Committee

RESOLVED TO RECOMMEND—**That the draft agreement be forwarded to the Middlesex County Council for approval and negotiations entered into with that Authority regarding the question of the maintenance of the structure of the bridge.**

★11.—FINCHLEY ROAD—WIDENING:

SUBMITTED: Report of the Borough Surveyor regarding difficulties which have arisen in connection with negotiations with the Hampstead Garden Suburb Trust for the conveyance to the Council of a strip of land in front of the premises of Car Mart, Limited, which is required for the widening of Finchley Road.

Car Mart, Limited, are desirous that the widening works should be carried out and they have therefore, through their Solicitors, offered to pay the compensation required by Co-Partnership Tenants, Limited, on condition that the work is put in hand immediately.

RESOLVED TO RECOMMEND—**That the offer of Car Mart, Limited, be accepted and the necessary work put in hand subject to the claim of Co-Partnership Tenants, Limited, being withdrawn and to the consent of the Freeholders (The Hampstead Garden Suburb Trust, Limited) being obtained to the taking over of the land, and also to Car Mart, Limited, completely indemnifying the Council in connection with the matter.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal subject to any necessary approval of the Middlesex County Council being first obtained]

12.—SUBWAY—MILL HILL PARK CROSSING, WATFORD WAY:

Progress Report.

SUBMITTED: Report of the Borough Surveyor stating that Howard Farrow, Limited, commenced work in connection with the construction of the subway on the 24th August and that the necessary surface water drain to drain the tunnel is approaching completion and progress generally is satisfactory.

An inspection of the foundation of the arterial road has shown that the concrete is badly cracked. The Borough Surveyor has, therefore, arranged with the Contractor to construct temporary roads on the greensward so that there will be no traffic on the carriageway during the construction of that portion of the tunnel. **Noted.**

[*The Finance and General Purposes Committee have duly noted the report.*]

13.—BRENT STREET IMPROVEMENT:

The Borough Surveyor reported that the Ministry of Transport had intimated their approval to a grant towards the improvement works proposed to be carried out in Brent Street opposite the Police Station, and that he proposed advertising for tenders for carrying out the work on receipt of the formal consent of the Council Council. **Noted.**

★14.—DEVONSHIRE CRESCENT, MILL HILL:

Dedication of Land.

On the 27th April last (Hi.C., 30/3/36—10) the Council agreed to take a conveyance of a piece of land opposite Nos. 8-14, Devonshire Crescent, to relieve Mill Hill Homesteads, Limited, from liability for road charges in respect thereof, and to defray the costs of the conveyance subject to the Company laying out and fencing the land to the Council's satisfaction.

The Company, however, contended that in their view the cost of laying out and fencing the land should be borne by the Council, but on the 29th June last (Hi.C., 8/6/36—9) the Council confirmed its previous decision.

Subsequently, in response to a request from the Company, they were informed as to the Council's requirements regarding the laying out of the land. A letter has now been received from the Company stating that they see no reason why they should be called upon to meet the expenditure in laying out the land in the manner required by the Council. In these circumstances, the Committee

RESOLVED TO RECOMMEND—**That Mill Hill Homesteads, Limited, be informed that if they are not prepared to lay-out the land in the manner required by the Council the usual procedure under Section 150 of the Public Health Act, 1875, must be followed.**

★15.—LAWRENCE GARDENS, MILL HILL:

Erection of Barrier.

CONSIDERED: Letter from Mr. E. Oram, on behalf of residents of Lawrence Gardens, Mill Hill, protesting against the erection by John Laing & Son, Ltd., of a barrier across the end of Lawrence Gardens at a point about 200 feet from Highwood Hill, thereby preventing vehicular traffic from entering Lawrence Gardens from Highwood Hill.

Briefly, the position is as follows:—In October last, John Laing & Son, Ltd., submitted an application for permission to make up Lawrence Gardens under the Council's standard agreement, and they were informed that the Council would be prepared to accede to their request subject to suitable arrangements being first made by them with the owners of two properties in Highwood Hill with extensive flank frontages on to Lawrence Gardens, with a view to the whole length of the road being made up. (Hi.C., 7/10/35—6 (A)).

In June last (B. & T.P.C., 16/6/36—5) it was reported that as John Laing & Son, Ltd., were not the owners of the land upon which the flanks of the two premises in Highwood Hill abutted they were unable to make up that portion of the road. The Council, therefore, agreed to Lawrence Gardens being turned into a cul-de-sac with an entrance off Lawrence Street only subject to the provision of a footpath to allow pedestrians to enter Lawrence Gardens from Highwood Hill.

The letter from Mr. Oram was accompanied by a copy of a communication addressed to John Laing & Son, Ltd., by the residents of Lawrence Gardens pointing out that they acquired their properties on the understanding that Lawrence Gardens would form a through road from Lawrence Street to Highwood Hill and that the formation of the cul-de-sac would cause hardship to the owners in the Highwood Hill end of the road and would also be detrimental to the value of the property.

RESOLVED TO RECOMMEND—

(*a*) **That Mr. Oram be informed that the matter is one between the owners and John Laing & Son, Ltd., who had exercised their right to submit an amended plan which has been approved by the Council;**

(*b*) **That the Borough Surveyor be instructed to prepare plans and estimates for the making up of the road under Section 150 of the Public Health Act, 1875.**

★16.—GARDEN CITY AND MANNS ROAD, EDGWARE:

Access for Pedestrians.

Garden City and Manns Road, Edgware, which are divided by a wall, are at present being made up by the Council under Section 150 of the Public Health Act, 1875. A letter has been received from the Edgware Chamber of Commerce transmitting a petition from traders and ratepayers in Station Road, Edgware, calling attention to the necessity for providing a pathway from Garden City through to Manor Park Crescent by the provision of a gateway in the dividing wall. This, it is contended would be of great assistance to residents in the roads at the rear of Garden City.

The letter from the Chamber of Commerce states that the petition has the full support of the Chamber who emphasize that the facility is required for pedestrians only as in their opinion if the boundary wall is removed it would add considerably to the traffic problems outside the L.N.E. Railway Station.

RESOLVED TO RECOMMEND—**That the Edgware Chamber of Commerce be informed that the matter will be taken into consideration after Garden City and Manns Road have been dedicated as public highways.**

17.—HOLDERS HILL ROAD IMPROVEMENT:

REPORTED: That the Ministry of Transport had notified the Middlesex County Council of their approval to a grant of 33⅓ per cent. of the approved expenditure which will be incurred in carrying out the improvement of Holders Hill Road. **Noted.**

★18.—STOPPING PLACES FOR OMNIBUSES:

Golders Green Road at Highfield Avenue.

REPORTED: That the following revised stopping places for omnibuses in Golders Green Road at Highfield Avenue had been put into operation on the 22nd July last for an experimental period of three months and that any observations the Council may wish to offer should be forwarded to the Ministry of Transport before the expiration of the experimental period.

In Golders Green Road.—

South-bound omnibuses to stop at the party wall of Nos. 15/16, Russell Parade.
North-bound omnibuses to stop at the party wall of Nos. 235/237.

RESOLVED TO RECOMMEND—**That the Ministry of Transport be informed that the Council have no observations to offer.**

RESOLVED TO RECOMMEND—**That the offer be accepted and that after the work has been carried out the island be maintained by the Council.**

[Having considered the matter in its financial bearing the Finance and General Purposes Committee concur in the proposal subject to the island site being conveyed to the Council.]

★26.—TRAVELLING FACILITIES:

(A). *'Bus Service No. 121.*

SUBMITTED: Letter from the Public Relations Officer of the London Passenger Transport Board regarding the representations put forward by the Council urging that a more frequent 'bus service should be put into operation on Route No. 121.

The letter states that the Board have had under consideration the alteration of this service with a view to ensuring the more regular running in the Hendon district, and that a scheme involving a local service between Baker Street and Hendon has been investigated, but if it were adopted a considerable number of passengers who travel between points along Hendon Way to points beyond Baker Street would be inconvenienced. For the time being, therefore, the Board have decided that they cannot alter the present route, but meanwhile the road officials will do what they can to minimise the effects of irregular running caused by traffic conditions.

A letter was also submitted from the Golders Green Estate Ratepayers' Association transmitting a copy of a letter sent by the Association to the Board stating that the chief trouble in the mornings arises from the fact that the 'buses fill up at Hendon with children going to the Haberdashers School and another large school further on at Finchley Road. The Association suggest that an additional 'bus should be put on in the mornings for the school children and this would enable persons travelling to the City to board the ordinary 'bus at The Vale.

Noted.

★ (B). **Passenger Transport Services in the County.**

Arising out of the letter from the Clerk of the Middlesex County Council asking to be furnished with details of any improvements or extension the Council consider desirable in the passenger transport services within the Borough, the Council on the 27th July last (Hi.C., 6/7/36—15 (B)) came to the conclusion that the position could best be dealt with if Members of the Committee and of the Council were to send detailed particulars of any cases of inadequacy of the passenger services in the Borough to the Town Clerk for collation and submission to this Committee.

The Town Clerk reported that he had received no particulars whatsoever from Members of the Council or other sources. The Committee, therefore,

RESOLVED TO RECOMMEND—**That particulars of any instances of inadequacy of the passenger services in the Borough be forwarded to the Town Clerk before the next meeting of the Highways Committee.**

★27.—**TRAM TRACK, EDGWARE ROAD:**

It will be recalled that at the meeting of the Council on the 27th July last a letter was submitted from the London Passenger Transport Board stating that the trams would cease to run over the Edgware Road as far as High Street, Edgware, about the beginning of the present month and that there was no reason why the tramrails north of Hendon Tram Depôt as far as the terminus at Canons Park should not be filled in with bitumastic material immediately after the discontinuance of the service.

The Middlesex County Council is the Highway Authority for the greater portion of the Edgware Road carrying this length of tramway track, and the Committee, therefore,

RESOLVED TO RECOMMEND—**That the Middlesex County Council be asked to fill in the tracks with bitumastic material along the section of the road for which they are the Highway Authority as speedily as possible.**

★28.—**CYCLING ON FOOTPATHS THROUGH PARKS AND OPEN SPACES:**

Bye-Laws.

The Committee gave consideration to the question of Bye-Laws to prohibit cycling on footpaths in the parks and open spaces.

So far as footpaths, other than public footpaths, in parks and open spaces are concerned, cycling is prohibited under the Bye-Laws relating to Pleasure Grounds. These Bye-Laws, however, do not apply to footpaths in the nature of public highways through parks. It will, however, be remembered that in October last it was reported that the Secretary of State would be prepared to consider favourably the making of a Good Rule and Government Bye-Law in the following terms :—" No person shall at any time ride any bicycle, tricycle or other similar machine on any of the footpaths described in the schedule to this Bye-Law."

The draft of any such Bye-Law made by a Local Authority should be submitted to the Secretary of State accompanied by a map indicating clearly each of the footpaths mentioned in the Schedule to the Bye-Law and a statement of the grounds on which each of the paths concerned had been included in the Schedule. The Secretary of State would also require to be informed of each path, the purpose for which it is used, and what alternative means of communication would be available to cyclists if it were closed to them; to what extent the paths are used by persons going to and from their work and whether any complaints have been received regarding the use of any of the paths by cyclists.

The Council should also bring any proposals they may decide to make in the matter to the notice of local cycling interests, if any, and a copy of any observations which such interests may make should be forwarded to the Secretary of State.

When the question was previously before the Council it was decided, on the recommendation of this Committee, to take no action in the matter.

After further full consideration of the matter, the Committee

RESOLVED TO RECOMMEND—**That the Council re-affirm their previous decision to take no action in the matter.**

SUBMITTED: Statement of fires attended and ambulance calls received during July and August.

A report was submitted with regard to a call originally made by telephone in connection with a recent fire at No. 448, Finchley Road, Child's Hill.

It appears that delay occurs in the receipt of telephone calls at Hendon Fire Station from subscribers in the Child's Hill area due to the fact that they are connected to Hampstead and Gladstone Telephone Exchanges which are in the London County Council and Willesden fire areas respectively. The call in question was first received by the London County Council Fire Brigade, passed on to Willesden and subsequently transmitted to Hendon.

It is anticipated that automatic working will be adopted in connection with the Speedwell Exchange in the near future and the Fire Superintendent suggested that the Post Office should be approached with regard to the possibility of transferring subscribers in the Child's Hill and Cricklewood areas to the Speedwell Exchange.

RESOLVED TO RECOMMEND—**That the suggestion be approved.**

★5.—FIRE STATION—HENDON WAY:

The Borough Surveyor submitted a general lay-out plan for the proposed fire station and firemen's quarters on a site of approximately 5 acres in Hendon Way, adjacent to Woodville Road and Highfield Avenue. The erection of this station will provide adequate protection for the southern portion of the district and it will be recalled that when completed it is the intention of the Council to discontinue the use of the Central Station at The Burroughs. There will then be two stations (Golders Green and Mill Hill) and it is considered that adequately equipped with men and plant they should be sufficient to protect the whole of the district.

The proposed station has been designed on the assumption that it will be regarded as the main building equipped with the following appliances:— three fire engines, water tower ladder, two ambulances and one utility van.

Assuming that the present system is continued whereby the men get one day's full leave in every five, a staff of 35 men in addition to the superintendent, second officer and station officers will be required.

The main building will comprise an engine room with the necessary watchroom, offices for administrative purposes and firemen's recreation rooms. At the rear thereof provision will be made for a paved drill yard, with a garage for the ambulances and repair shops at the back of the yard. Grouped round the fire station building will be the cottages for the firemen and fronting Hendon Way, dwellings for the Superintendent, Second Officer and Station Officers.

The total number of dwellings indicated on the lay-out plan is 40, but the actual number to be erected in the first instance will depend upon the extent of the plant to be provided. The Borough Surveyor suggests that at the outset the engine room, garage, etc., should be built to house the whole of the appliances before-mentioned.

Before proceeding further in the matter the Borough Surveyor suggested that he should consult the Middlesex County Council with regard to the question of access to the Arterial Road, particularly in view of the prospect of dual carriageways being formed in connection with this road within the next few years.

RESOLVED TO RECOMMEND—

(1) **That the site be recommended for the approval of the Special (Development) Committee;**

(2) **That the Borough Surveyor be authorised to confer with the Middlesex County Council as suggested in his report.**

SUBMITTED: Letter from Hampstead Labour Party and Trades' Council intimating that Hampstead residents had to attend the Employment Exchange at The Broadway, West Hendon, and complaining of the lack of public lavatory accommodation in the immediate vicinity. The Secretary of the Council stated that he had been instructed to request the Town Council, in consultation with the Ministry of Labour, to provide facilities in close proximity to the Employment Exchange.

The Town Council's convenience in The Broadway is within reasonable distance of the Exchange and the question of accommodation solely for persons using the Bureau is a matter for the Ministry of Labour.

RESOLVED TO RECOMMEND—**That the Hampstead Labour Party and Trades' Council be informed accordingly.**

8.—SURPLUS (SEWAGE WORKS) LAND:

CONSIDERED: Reference from the Special (Development) Committee of the 27th July, 1936 (Minutes, page 784).

The Works and Fire Brigade Committee on the 15th June, 1936 (Item 12), recommended to the Council that an area of 12 acres be allocated as between a Swimming Bath, Fire Station and/or other purposes and on the subsequent recommendation of the Finance and General Purposes Committee the proposals were referred to the Special (Development) Committee for consideration.

The water contains* 0.4 *parts per million of free chlorine, is of satisfactory organic quality and a high degree of bacterial purity. We regard the water as suitable and safe for swimming bath purposes.*" **Noted.**

The question of rental will form the subject of further negotiations when forwarding the plans of the convenience for the approval of the Board.

The Borough Surveyor suggested the provision of six W.C.'s for the use of females and four for males with other usual accommodation.

RESOLVED TO RECOMMEND—

(1) **That the site be approved.**

(2) **That accommodation suggested by the Borough Surveyor be approved and that he be instructed to proceed with the preparation of plans and estimates for the proposed building.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

★7.—PARENTS' EVENING:

SUBMITTED: Report of the Chief Librarian suggesting that the Annual Parents' Evening which is usually arranged for January, should be held on Tuesday, the 8th December next, during the week of the exhibition of children's books, thus one function would advertise the other, and the Christmas rush and holiday season would be avoided.

RESOLVED TO RECOMMEND—**That the suggestion of the Chief Librarian be approved.**

8.—STAFF — EXAMINATION SUCCESSES:

The Chief Librarian reported the following successes of members of the Library Staff in the recent examinations of the Library Association :—

Elementary	Mr. H. D. Dinmore.
Intermediate Part 1, Classification...	Miss P. L. Wallis.
Intermediate Parts 1 and 2, Classification and Cataloguing ...	Mr. R. K. B. Aldridge.
Final Part 3, Literary History (completing Diploma)	Miss B. Ash.

The Committee have instructed the Chief Librarian to convey their congratulations to the members of the staff in question.

★9.—**PROPOSED BRANCH LIBRARY, MILL HILL:**

Nucleus Stock and Staffing.

SUBMITTED: Report of the Chief Librarian regarding the organisation, stock and staffing of the proposed Branch Library at Mill Hill.

The Chief Librarian suggested that the nucleus stock should consist of 10,000 volumes, as in the case of the Golders Green Branch, allocated as follows :—

	No. of volumes.	Estimated cost. £
Adult Department :—		
Non-fiction	4,000	1,200
Fiction	4,000	650
Children's Department :—		
Fiction and Non-fiction	2,000	300
	10,000	2,150

It is suggested that the policy adopted for the stock of the Golders Green Branch should be followed for Mill Hill; that is to say, the percentages of the various classes of literature should be approximately the same, and that the adult department stock should consist chiefly of modern books, plus such of the older standard books as have proved to be popular at the Central and Golders Green Branch Library.

In order to avoid congestion and to spread more evenly the work of preparation, as well as to enable books to be bought more cheaply, the Chief Librarian has pointed out that it will be necessary to begin assembling the stock during the coming autumn and winter, and he accordingly asked authority to purchase 4,000 standard and popular novels at an estimated cost of £650, and 2,000 children's books at an estimated cost of £300.

The Committee are informed that in order to enable the books for the nucleus stock to be dealt with as they are received it will be necessary to appoint two junior assistants to commence work in November.

RESOLVED TO RECOMMEND—

(*a*) **That the report of the Chief Librarian be approved and adopted.**

(*b*) **That the Chief Librarian be authorised to purchase 4,000 novels at an estimated cost of £650 and 2,000 children's books at an estimated cost of £300.**

(c) **That authority be given for the issue of advertisements inviting applications for two junior assistants from persons not exceeding 18 years of age holding the required examination certificates, the salary to be in accordance with the appropriate scale.**

[*Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.*]

★10.—STAFF:

★ (A). Re-allocation of Duties.

In accordance with the Committee's instructions, the Chief Librarian submitted a report with suggestions for the re-allocation of responsibilities and duties of the Central Library Staff consequent upon (a) the initial work of preparation for the new Branch at Mill Hill, and (b) the resignation of four experienced assistants since April last.

The Chief Librarian reports that whilst the successes of so many of these assistants in securing more highly paid positions in other Libraries is a compliment to Hendon, their replacement by untrained juniors is increasing the difficulty of administering the service efficiently. Details of the length of service of the 16 junior assistants at the Central Library and the Branch Library at Golders Green are set out hereunder:—

Service.	Number of Assistants.
6-7 years	2
3 years	3
2 years	1
1-2 years	3
under 1 year	2
under 3 months	5

The Chief Librarian states that should any further resignations occur the results would be distinctly embarrassing, especially in view of the need for staffing the new branch in 1937. He emphasizes that the present position is that the Council are too quickly losing trained assistants on the library staff because they have neither the status nor the salary they can get in other libraries, and in the view of the Chief Librarian the losses will continue.

With regard to the new Branch, as Miss Halliwell will be engaged from October onwards solely on the preparatory work and during the next few months she will be responsible for ordering, cataloguing, etc., the 10,000 volumes comprising the nucleus stock, the Chief Librarian suggests that she be appointed First Assistant for the Branch (corresponding to the position held by Miss Ash at Golders Green) and that she be given the same advance in salary as was given to Miss Ash on a similar promotion, viz.:—an increase of £30, raising her salary to £185 per annum.

Miss Halliwell who has been a member of the library staff since 1929 has passed the final examination and is a Fellow of the Library Association, having obtained her Diploma.

Proposals for filling the position of Librarian-in-Charge will call for consideration at a later date.

With regard to the Central Library it is suggested that one assistant should be recognised as in charge of the workroom and be responsible for ordering, checking-in and processing of all normal additions to stock of the Central Library and Branches. Prior to the development of Branches this was part-time work shared by two assistants, but it is now necessary that the work should be in the hands of one assistant who would be solely responsible.

The Chief Librarian suggests that Miss Fulford, who has been on the staff since February, 1930, and has passed the Intermediate and Part 3 of the Final Examination and is an Associate of the Library Association, should be appointed to the position and recommends that her salary be increased by one increment of £15 to £185 per annum.

It is suggested that the staff of the Central Reference and Lending Departments should be strengthened by the creation of two positions (one in each department) which would be equal in status to that of First Assistant at a Branch. The persons in these positions are required to understudy the Assistants-in-Charge and take charge in their absence. In addition they undertake routine duties which the seniors could not deal with personally owing to the increased amount of time necessary for personal service to readers. For these positions the Chief Librarian recommends a commencing salary of £155 per annum.

The Committee are advised that it is not necessary to advertise for these positions for the reasons, firstly, that if they were advertised a higher commencing salary would have to be offered to attract suitable applicants, and, secondly, that two male members of the staff, Mr. R. K. B. Aldridge and Mr. W. A. Taylor are capable of doing the work. Mr. Taylor has already been posted to the Reference Department as successor to Mr. Holliday. Both of these assistants entered the Council's service on the 1st September, 1933, and their educational and professional qualifications are as follows :—

Mr. Aldridge	London University—Inter. B. Com. Library Association—Intermediate; German.
Mr. Taylor	London University—Inter. B.A. Library Association—Intermediate.

The Chief Librarian stated that the adoption of the foregoing suggestions would go some way towards stabilising the staff and providing that continuity of service without which no department can be carried on efficiently.

After full consideration of the matter, the Committee

RESOLVED TO RECOMMEND—

(*a*) **That the report of the Chief Librarian be approved and adopted;**

(*b*) **That Miss Halliwell be appointed to the position of First Assistant of the Mill Hill Branch Library, and that her salary be increased to £185 per annum (Grade D);**

(*c*) **That Miss Fulford be appointed to the position of Assistant-in-Charge of the Central Workroom, and that her salary be increased to £185 per annum (Grade D);**

(*d*) **That Mr. R. K. B. Aldridge be appointed First Assistant in the Central Lending Department and that his salary be increased to £155 per annum (Grade D);**

(*e*) **That Mr. W. A. Taylor be appointed First Assistant in the Central Reference Department and that his salary be increased to £155 per annum (Grade D).**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee Recommend - That the matter be referred back pending the report of the Sub-Committee referred to in the following item.]

★ (B). **Organisation of Staff.**

The Committee considered as to the staffing of the Central and Branch Libraries, and

11.—SURPLUS (SEWAGE WORKS) LAND:

Pursuant to the reference from the Council the Committee considered as to whether any portion of the above land would be required for Library purposes and decided that no appropriation is necessary.

★12.—CENTRAL LIBRARY:

Provision of Water Heater.

CONSIDERED: Report of the Borough Surveyor stating that the only provision for hot water in the staff lavatories at the Central Library consists of two small gas heating coils which are inefficient. He asked for authority to fix in both lavatories a suitable gas water heater which he suggested should be hired from the North Middlesex Gas Company.

RESOLVED TO RECOMMEND—**That the Borough Surveyor be authorised to make the necessary arrangements with the North Middlesex Gas Company for the provision of suitable gas water heaters.**

★13.—BRANCH LIBRARY, EDGWARE:

Acquisition of Site.

The Committee's attention was called to the desirability of acquiring a site for a Branch Library to serve Edgware, and they

RESOLVED TO RECOMMEND—**That the Borough Surveyor and Chief Librarian be instructed to submit a joint report on the matter and to have regard to the suitability of the Montrose Avenue site to serve Edgware, Burnt Oak and Colindale.**

The Chairman of the Committee submitted the following report:—

I am glad to report that since the last meeting of the Committee 10 cases of overcrowding on the Council's Estates have been dealt with by transfer and 6 further transfers have been definitely arranged.

Another case of overcrowding amongst the applicants for Council houses has come to light, bringing the total to 28. Four of these applicants have been provided with accommodation required and 4 further cases definitely arranged during the same period.

The present position is as follows:—

★ (B). **Dole Street Housing Scheme.**

In accordance with the resolution of the Council (Hsg.C., 13/7/36—2 (C)) the Borough Surveyor submitted a report with preliminary plans and estimates for the erection of 140 houses on a portion of the land at Dole Street which is being acquired under the Compulsory Purchase Order.

It will be remembered that the Council's proposals provided for the erection of 20 houses to accommodate six persons, 80 houses to accommodate seven persons and 40 houses to accommodate eight persons.

The scheme prepared by the Borough Surveyor provides as follows:—

20 Type "A" houses consisting of living room and three bedrooms with an internal floor area of 836 sq. ft. to accommodate six persons.

80 houses of two different types (60 " B " End and 20 " B " Centre) to accommodate seven persons. These two types vary slightly in area according as to whether they are centre or end houses in blocks of four.

A slight departure has, however, been made from the Ministry's recommendation inasmuch as the houses are designed with a living room and another room on the ground floor and three bedrooms on the first floor. These houses can, therefore, be used either as a four-bedroom non-parlour house for the family of the size for which it is required (7 persons) or, in the event of the family decreasing, as a three-bedroom parlour type house.

40 Type " C " houses—four-bedroom parlour type (to accommodate 8 persons), with a total floor area of 1,100 feet super.

The Borough Surveyor points out that the houses included in the scheme are much bigger than the bulk of the houses erected in recent housing schemes.

The Borough Surveyor also pointed out that building prices at the present time appear to be rising, and he estimates the cost of the proposals outlined above at £82,000, made up as follows :—

	£
20 Type " A " houses	8,600
60 Type " B " End houses	31,200
20 Type " B " Centre houses	11,200
40 Type " C " houses	23,000
	74,000
Roads and Sewers	7,000
Establishment Charges, Cost of Raising Loan, etc.	1,000
	£82,000

RESOLVED TO RECOMMEND—

(*a*) **That the report of the Borough Surveyor and the plans and estimates be approved, and that he be authorised to submit the drawings to the Ministry of Health with a view to the Department's observations being obtained before the final drawings are prepared;**

(*b*) **That a report be submitted by the Borough Treasurer to the next meeting on the financial details of the proposals.**

★13.—HENDON PLANNING SCHEME No. 2:

(A). *Draft Scheme.*

SUBMITTED: The Borough Surveyor's report and map containing proposals suggested for incorporation in the draft of the Hendon Planning Scheme No. 2.

The main features of the proposals are summarized hereunder:—

(i) RESERVATION OF LANDS: There does not appear to be any opportunity of making any reservation of lands for Public Open Spaces, but it is proposed to reserve as Private Open Spaces four small parcels situate in the vicinity of Hendon Park Row; Lyttleton Road; West Heath Drive; and the London Midland & Scottish Railway Company's housing estate at Cricklewood.

(ii) STREETS AND BUILDING LINES: Reservation of lands, for the widening and improvement of the following streets as and when re-development takes place is proposed:—

Church Road, N.W. 4.	Edgware Road, N.W. 2.
Bell Lane, N.W. 4.	Finchley Road, N.W. 11.
Brent Street, N.W. 4.	Temple Fortune Lane, N.W. 11.
The Burroughs, N.W. 4.	Junction of West Heath Avenue and Finchley Road, N.W. 11.
Station Road, N.W. 4.	North End Road.

In connection with New Brent Street and Eaton Road, land is proposed to be reserved to enable a connection to be made between these two roads, and from the new road to North Street.

With regard to building lines the question of fixing presents difficulty owing to the state of development, but it has been found possible to fix building lines in Street No. 9, Temple Fortune Lane, and in Cricklewood Lane, section from the "Red Lion to Hendon Way" where building lines of 25 feet are proposed.

(iii) BUILDING RESTRICTIONS AND USE OF LAND: It is proposed to adopt the same building restrictions and zoning and density proposals as those contained in Scheme No. 1.

As regards density, the greater part of the land in Scheme No. 2 is zoned for twelve building units to the acre, but certain areas coloured yellow on the map have been reserved for eight to the acre. Frontages to the roads where shop development has already taken place have been included in the appropriate zone for that purpose.

It is not proposed to create a special Residential Zone where flats are not allowed without the consent of the Council.

(iv) GENERAL AMENITY AND CONVENIENCE: It is proposed to adopt similar Clauses in the proposed Scheme as those existing in Scheme No. 1 and to include the Residential Zone and the Business Zone in the areas to be protected under the provisions of Section 47 of the Act in respect of Advertisements.

(v) CLAUSES: As far as applicable the Clauses of Scheme No. 1 will be adapted for the purposes of Scheme No. 2. This will assist in general administration and obviate the disadvantage of having different codes in different parts of the district.

With the completion of Scheme No. 2 the whole of the Borough will be controlled by Town Planning powers, except certain exempted areas, and the area under the control of the Hampstead Garden Suburb Trust, which is sufficiently controlled by them under the powers of the Hampstead Garden Suburb Act of 1906.

The Committee RECOMMEND—

(i) **That the proposals submitted in the Borough Surveyor's report and shown on the Draft Scheme Map presented be approved;**

(ii) **That notice of the Council's intention to pass the following resolution at the meeting of the Council to be held on the 7th December, 1936, be given to interested local authorities and the necessary facilities given, under Article 30 of the Town and Country Planning Regulations, 1933:—**

Proposed Resolution.
Hendon Planning Scheme No. 2.

That the Council hereby adopt the Draft of the above Planning Scheme and the Draft Scheme Map and direct that the Draft Scheme and Map be signed and certified by the Town Clerk.

★ (B). **Proposed Flats—Cricklewood Lane, Cricklewood.**

SUBMITTED: Report of the Borough Surveyor on an application from Henry Butcher and Co. regarding their land in Cricklewood Lane, and asking the Council to indicate the number of flats which would be permitted on the site.

RESOLVED TO RECOMMEND—**That Henry Butcher & Co. be informed that subject to the general lay-out plans and elevations being to the Council's approval, the number of flats allowed be calculated at the rate of 18 to the acre.**

★14.—NATIONAL HOUSING AND TOWN PLANNING COUNCIL:

National Conference at Harrogate.

SUBMITTED: Letter from the National Housing and Town Planning Council inviting the Town Council to appoint delegates to attend the above Conference to be held at Harrogate during the week-end, November 27th—30th, for the purpose of considering matters of importance in Housing and Town Planning legislation and administration.

RESOLVED TO RECOMMEND—**That the Chairman (Alderman J. J. Copestake), together with the Borough Surveyor, be appointed to represent the Council at the Conference.**

(Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.)

15.—HOUSE AND ESTATE AGENTS BOARDS:

The Committee considered the question of House and Estate Agents Boards upon property, in relation to the Planning Scheme and instructed the Town Clerk and Borough Surveyor to submit a report thereon.

★16.—APPLICATION No. A.5929:

House, North-East Side, Lawrence Avenue, Mill Hill.

In connection with the above application disapproved by the Committee, letters from Mr. B. T. Whittaker and Mr. H. Hogarth, of Lawrence Avenue, were submitted complaining

of the proposal to erect a house on Plot 42, as they were given an assurance by the Builder at the time of the purchase of their respective properties, that such land would remain a private open space.

RESOLVED TO RECOMMEND—**That the complainants be informed of the action taken by the Council, disapproving the application.**

QUESTIONS:

Pursuant to notice duly given in accordance with Standing Order No. 25, Councillor Perkins asked the Chairman of the Special (Development) Committee:—

(1) To state the meaning attached by his Committee to the word "permanent" as applied to allotments.

(2) Should the Council approve the proposals contained in the report what time is it anticipated will elapse before the allotments, "permanent" and temporary, will be required for the several purposes indicated and what period of notice is it suggested should be given to the occupiers previous to their being evicted from their holdings.

The Chairman of the Committee (Alderman Cartwright) replied in the following terms:

The meaning of "permanent" as applied to allotments means land used for allotments in respect of which the Council hold an instrument of appropriation issued by the Minister of Agriculture and Fisheries, or land used for allotments and purchased for that purpose with the consent of the same Minister.

It is difficult to forecast when the necessary consent to the appropriations contemplated in the Committee's Report will be given by the respective Government Departments. Upon the grant of consents by the Minister of Agriculture and Fisheries in respect of allotments the Council will be in a position to issue notice in accordance with the terms of the tenancy agreement under which they may re-enter and take possession of the allotments at the expiration of three months.

PROVISION OF SECONDARY SCHOOL ACCOMMODATION:

The Town Clerk reported a letter from the Divisional Officer of the Local Higher Education Committee transmitting the following resolution passed at a meeting of the Committee on the 1st October :—

"That the Town Council of the Borough of Hendon be informed that the allocation suggested by the Special (Development) Committee of ten acres on the Hendon Way Site for the proposed Secondary School is, in the opinion of this Committee, inadequate, and that the Council be urged to accede to the request of the Middlesex Education Committee for the allocation of twenty acres."

1.—BRENT HILL ALLOTMENTS:

Deputation.

The Committee received a Deputation from the Brent Hill Allotments Association on the question of the allocation of some 17 acres, 1 rood, 18 poles (temporary allotments) as permanent allotments. An indication was given by the Chairman that the Committee in dealing with the question of the utilization of the Surplus (Sewage Works) Land, Item 2 below, of which the existing temporary allotments form part, would give due consideration to the question of the provision of adequate allotments.

The Deputation were thanked for their attendance and withdrew.

★2.—SURPLUS (SEWAGE WORKS) LAND:

The Special (Development) Committee have now received and considered the applications of the various Committees for the reservation of sites for their respective services, together with a letter from the Middlesex Education Committee as to the sale of an area of 20 acres for the purposes of a Secondary School.

The Borough Surveyor produced a plan showing a proposed lay-out to meet, as far as possible, the requirements of the various Committees. The area of surplus lands concerned is intersected by the North Circular Road.

The applications are set out hereunder, together with the Committee's observations and recommendations :—

Application.	Observations and Recommendations.
MIDDLESEX EDUCATION COMMITTEE.	
20 acres for Secondary School	The Committee RECOMMEND—**That, subject to the approval of the Minister of Health, the sale of 10 acres at a price to be agreed by the District Valuer be approved for the purposes of the provision of a Secondary School.** The Committee feel that the suggested area should prove adequate.
EDUCATION COMMITTEE.	
14 acres—Central Playing Field 4 acres—Playing Field for West Hendon School	See recommendation No. 2 on the Buildings and Town Planning Committee application hereunder.
4 acres—Site for the erection of a modern School	RECOMMENDED—**That a site of 5 acres with a frontage to Hendon Way be approved.**
WORKS AND FIRE BRIGADE COMMITTEE.	
12 acres—Swimming Bath, Fire Station and other purposes	The following appropriations are RECOMMENDED— **5 acres for Fire Station with a frontage to Hendon Way;** **10.5 acres on the south-west corner of Brent Cross for Swimming Pool;** **3 acres for Extension of the Refuse Destructor Works; and** **1 acre for Extension of Depôt (existing frontages).**
HOUSING COMMITTEE.	
25 acres in the vicinity of Sturgess Avenue	The Brent Hill and Renters Avenue (Temporary) Allotments forms an almost continuous area from Dallas Road (south of Sturgess Avenue and north of Brent Park Road) to Hendon Way. The Committee RECOMMEND—**That 2 areas of land, 15 acres and 7 acres in extent, should be appropriated for housing purposes.** An area of 10 acres, low lying and situate between the 2 areas referred to above is proposed for permanent allotments. (See Recommendation No. 1, Estates, Parks and Allotments Committee). The proposed housing land will meet the requirements of the Housing Committee (*i.e.*, for 250 houses) and it is anticipated that provision will be made in this locality for a sufficient number of shops.

Application.	Observations and Recommendations.
BUILDINGS AND TOWN PLANNING COMMITTEE.	
15 to 20 acres—Open Space	The Committee RECOMMEND— (1) **That 6 acres of land forming part of the Hospital Fields Permanent Allotments (approximately 2.9 acres), and The Vale Temporary Allotments (approximately 3 acres acquired as open space), with a frontage to Hendon Way and providing access to the Clitterhouse Playing Fields be added to that open space.** (See Recommendation 3, Estates, Parks and Allotments Committee). (2) **That 21 acres with a frontage on the south side of the North Circular Road and Claremont Road be appropriated as playing fields to be known as "King Edward VIII. Playing Fields," and to be available, inter alia, for use by the Schools.** (See Education Committee).
ESTATES, PARKS AND ALLOTMENTS COMMITTEE.	
40 acres as Open Space	The provision of Open Spaces is a matter within the terms of reference of the Buildings and Town Planning Committee, and this application has accordingly been disregarded. (Further as to reservation for Open Space see Buildings and Town Planning application).
40 acres for Allotments	The following areas of the Surplus (Sewage Works) Land are at present used as temporary allotments :—

Acres.	
2.25	Hospital Fields.
3.3	Renters Avenue.
17.7	Brent Hill.
6.25	Midland Brent.
29.5	

In connection with the Hendon Planning Scheme No. 1, the Ministry of Health intimated that in view of the high price of land in the Borough it was not proposed to suggest that definite reservation of land for further statutory allotments should be made in the Scheme. The Minister would rely on the Council to make some provision for this purpose, in consultation with the Minister of Agriculture and Fisheries, on the land which will be released from use for sewage purposes.

Application.	Observations and Recommendations.
Estates, Parks and Allotments Committee (Contd.).	
40 acres for Allotments (Contd.)	The Ministry of Agriculture and Fisheries asked the Council to consider the question of allocating 50 acres and an intimation was given in December, 1935, to the effect that it may be possible to utilize for allotments a portion of the land originally acquired for sewage disposal purposes.
	The Committee RECOMMEND—
	(1) **That the following areas be appropriated for the purpose of permanent allotments :**
	North.
	10 acres, including 2.7 acres of the existing Brent Hill Temporary Allotments.
	South.
	17 acres, including the present 6.25 acres, Midland Brent Temporary Allotments.
	16 acres, additional.
	43
	It must be clearly understood that the existing Temporary Allotments at Hospital Fields, Renters Avenue and 15 acres at Brent Hill do not form part of the proposed permanent allotments. (See Housing Committee).
	(2) **That the area of 1.2 acres east of Hendon Way forming part of the Hospital Fields Permanent Allotments be appropriated for highway improvement and suitably laid out for that purpose.**
	(3) **That an area of 2.9 acres west of Hendon Way forming part of the Hospital Fields Permanent Allotments be appropriated for open space.** (See Buildings and Town Planning Committee, Recommendation No. 1).

4.—CHOICE OF EMPLOYMENT CONFERENCES:

RESOLVED TO RECOMMEND—

5.—USE OF FILMS FOR VOCATIONAL GUIDANCE:

Pursuant to Minute 10 of Meeting of 5th May, 1936, the Director of Education reported that the following information had been received from the Ministry of Labour:—

(*a*) The question of securing the production of films suitable for use in connection with vocational guidance is now being considered by a Committee of the British Film Institute. The progress made by this Committee is not such as to permit of the formation of any estimate of the time which is likely to elapse before suitable films will be available for vocational guidance purposes.

(*b*) It is considered that the industrial films now available are not in general very suitable as guides to the choice of an occupation, but as adjuncts to talks by Vocational Guidance Officers and others, they may serve a useful purpose.

(*c*) The Minister of Labour is not at present prepared to recognise for grant any expenditure on the purchase of cinematograph apparatus or films. **Noted.**

6.—SCHEME FOR THE EXERCISE OF POWERS:

SUBMITTED: Letter from the Middlesex County Council stating that a literal interpretation of sub-paragraph 2 (c) of Parts 1 and 4 (a) of the Appendix to Part 1 of the Model Proposal for the Exercise of Powers in regard to Choice of Employment duties, etc., under Section 42 (2) of the Unemployment Act, 1934, might place upon an Education Authority the obligation of aiding the parents of a pupil attending a Secondary or similar School to break a contract with the Authority or the Governors of the School, by assisting the pupil to obtain employment while still at School (though over the statutory school leaving age), and under a contractual obligation to remain at School.

The County Council has adopted a Resolution that the Council's proposal for the exercise of powers be amended in the terms of the following proviso, and the Resolution also provides that the Councils of County Districts to whom powers under the above Section have been delegated be asked to make a similar amendment to their proposals for the exercise of these powers:—

"Provided that a Committee will not be required to find employment for a juvenile who is still in attendance at School and is under a contractual obligation to remain at School."

RESOLVED TO RECOMMEND—

(*a*) **THAT the Scheme for the exercise of powers under Section 42 (2) of the Unemployment Act, 1934, be amended as follows:—**

(i) SUB-PARAGRAPH 2 (c) OF PART 1 TO READ:—

To find employment, so far as possible, for juveniles in their area seeking employment, provided that the Committee will not be required to find employment for a juvenile who is still in attendance at School and is under a contractual obligation to remain at School.

(ii) SUB-PARAGRAPH 4 (a) OF APPENDIX TO PART 1 TO READ :—

Register all applications for employment by boys and girls who seek the assistance of the Committee and who are over the statutory minimum school leaving age but below the age of 18, provided that the Committee will not be required to find employment for a juvenile who is still in attendance at School and is under a contractual obligation to remain at School.

THAT Messrs. T. Jelly and C. H. Major be appointed to serve on this Sub-Committee as representatives of the Hendon and District Trades' Council.

8.—REPORT OF CHAIRMAN FOR 1935/36 :

SUBMITTED : Report of the Chairman for 1935/36 as follows :—

" Ladies and Gentlemen,

This year has been one of steady work and progress. No difficulty has been found in placing the numerous applicants for employment by the Bureau ; on the contrary in some types of work there has been a lack of applicants for such employment. Considerable attention is and has to be given by the Juvenile Employment Officer and your Chairman in guiding the children into employment which will be most suitable in each and every case. The number of children interviewed at the 19 Schools during the past year was 536 Boys and 548 Girls, a total of 1,084. The number of parents accompanying the children was 631, which to my mind tends to show the great interest the parents take in their children's future welfare. The number of visits made to Schools for the year was 67, estimated at 16 whole days' work.

(Signed) P. LIGHTFOOT,

Chairman."

RESOLVED—

THAT this Sub-Committee place on record an expression of their appreciation of the valuable services rendered by the Chairman during the past year.

Moved by Councillor Lightfoot, seconded by Councillor Curton, and RESOLVED—

THAT the Report of the Juvenile Employment Sub-Committee be approved and adopted.

★2.—MIDWIVES ACTS, 1902-26, NURSING HOMES REGISTRATION ACT, 1927 AND MIDWIVES ACT, 1936:

Transfer of Functions.

SUBMITTED: Report of Medical Officer of Health in connection with the following resolution of the Middlesex County Council on the above subject reported at the meeting of the Committee held on the 6/7/36:—

That the Minister of Health be informed that the County Council is of opinion that the council of every county district in Middlesex which has established a maternity and child welfare committee and which employs a medical officer of health, who, by the terms of his appointment, is restricted from engaging in private practice, should be made a local supervising authority under the Midwives Acts, 1902-1926, and that the County Council approves in principle the delegation of its powers and duties under the Nursing Homes Registration Act, 1927, as respects any district the Council of which is made the local supervising authority under the former Acts, to the council of that district.

The Medical Officer pointed out that the Midwives Act, 1936, makes the supervision of midwives of greater importance to local authorities as it requires a full time midwifery service for domiciliary midwifery. The supervising authority under previous Acts automatically becomes the Authority under the new Act and responsible for the provision of the service before mentioned.

The Medical Officer expressed the view that it is desirable that competent local authorities should be responsible for the formulation and supervision of their own Schemes under the Midwives Act, 1936, as a number of them including this Authority have already a partial scheme in force, inasmuch as they employ municipal midwives, and subsidise others for domiciliary attendance in necessitous cases. In this conection the Council supported the views of the Association of Municipal Corporations that competent local authorities should be the supervising authorities. (P.H. & M.S.C., 30/3/36—3).

The Medical Officer mentioned the increase both in responsibility and duties of his department in connection with the administration of the Acts and stated that how far the work could be undertaken with the existing staff could only be assessed in the light of experience.

With regard to the question of cost it appeared that the administration of the Midwives Acts, 1902-26, and the Nursing Homes Registration Act, 1927, would cost approximately £200 per annum made up in fees to medical practitioners called in by midwives and compensation to midwives, who, to prevent the spread of infection, are temporarily suspended from duty. The administration of the Midwives Act, 1936, will depend on the character of the scheme submitted to and approved by the Minister of Health but provision is made in the Act for the additional expenditure to rank for Exchequer grant.

RESOLVED TO RECOMMEND—

(1) **That the Town Council make application to the Minister of Health under Section 62 of the Local Government Act, 1929, to be made the local supervising authority under the Midwives Acts, 1902-1926.**

(2) **That application be made to the Middlesex County Council for the delegation of its functions under the Nursing Homes Registration Act, 1927, to the Hendon Borough Council in accordance with Section 9 (2) of the Act.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

3.—HENDON DAY NURSERY, WEST HENDON:

The Borough Treasurer reported on the financial implications of the scheme submitted at the last meeting by the Borough Surveyor for the erection of a Day Nursery on a site forming part of York Park, adjacent to Telford Road. (P.H. & M.S.C., 7/9/36—12).

The Medical Officer submitted his observations on the plan previously before the Committee which provides maximum accommodation for 32 children and suggested a number of additions and alterations in connection with the proposed building. The Chairman of the Hendon Day Nursery Committee has been consulted on the matter and he has expressed the view that accommodation should be provided for a minmum of 40 children.

RESOLVED—

(1) **That the Borough Surveyor submit a further plan and estimate for a building designed to accommodate up to 40 children and that the proposals submitted by the Medical Officer be embodied in the scheme;**

(2) **That the Borough Treasurer be instructed to report on the financial implications of the amended scheme.**

The amended figure for all brick construction, as suggested by the Ministry of Health, which was approved by the Council was £3,971 0s. 3d. (P.H. & M.S.C., 7/9/36—14 (B)). The contractors now ask for an additional payment of 5 per cent. stated to be due to increased cost, which would be involved in carrying out the work during the winter months and to cover a probable extra cost in materials since the date of the tender making a total amount of £4,169 10s. 3d.

RESOLVED TO RECOMMEND—

(1) **That the previous resolution of the Council be rescinded;**

(2) **That the Borough Surveyor be instructed to obtain an amended bill of quantities with a view to the work being re-advertised;**

3.—PUBLIC LIGHTING:

Edgware Road.

It will be recalled that on the 27th July last (Hi.C., 6/7/36—3) the Council approved, subject to the Harrow Urban District Council agreeing to the proposal, an improved lighting scheme along the section of Edgware Road between Edgware Brook and Canons Park corner, based on a quotation submitted by the Gas Light and Coke Company.

Subsequently it was decided that the scheme should be held in abeyance pending the Conference between representatives of Harrow and Wembley Urban District Councils and this Council, which was convened by the Harrow Council, with the object of securing a uniform system of lighting along Edgware Road in the areas of the three Authorities. (Hi.C., 7/9/36—3).

Wembley Council were not represented at the Conference which took place on the 30th September, as they have already decided on the method of lighting the short section of Edgware Road for which they are the lighting authority on one side only. The Chairman and the Borough Surveyor, therefore, discussed with the representative of the Harrow Council the lighting of the road between Edgware Brook and Canons Park Corner in respect of which length of road this Council is the lighting authority for one side and Harrow for the other.

The Chairman reported that it was agreed at the Conference that the two Councils concerned should be recommended to adopt the scheme previously put forward by the Gas Light and Coke Company, under which the road would be lighted under the existing contract between the Company and the Harrow Urban District Council, this Council to undertake to repay to the Harrow Council its proportion of the cost which will amount to approximately £270 per annum.

Before coming to a decision on the matter the Committee have decided to inspect the lighting along the sections of Edgware Way which are lighted by electricity and the sections of Hendon Way which are lighted by gas and to consider the question further after such inspection has been carried out.

★ (A). Refuge—North End Road at Junction with West Heath Avenue.

Pursuant to the Committee's instructions (Hi.C., 7/9/36—4 (B)) the Borough Surveyor submitted a sketch plan indicating a 4 ft. refuge in the centre of North End Road at its junction with West Heath Avenue and the widths of carriageway available for traffic. In view of the fact that the carriageways on each side of the refuge would be only 16 feet wide, the Committee consider the site unsuitable for the placing of a refuge, and

The only main thoroughfare in the Borough to which the proposed Regulations relate is that section of Edgware Road between Cricklewood Lane and the Hampstead boundary.

In order to secure observance of the Regulations it will be necessary to erect signs indicating the nature of the restrictions on waiting. The Minister of Transport has approved a special sign for the purpose, towards the cost of erection and maintenance of which he is prepared to make a grant at the rate of 60 per cent. from the Road Fund.

The Borough Surveyor reports that it will be necessary to erect three signs the total cost being approximately £6.

Bowling Facilities.

CONSIDERED: The provision of additional bowling facilities in Mill Hill Park (referred back by the Council, 28/9/36—Resolution No. 368—E.P. & A.C., 7/9/36—2 (A)). A letter was submitted from the Hon. Secretary of the Mill Hill Bowling Club intimating that there is an increased demand for public and private bowling facilities in Mill Hill, and urging the Council to proceed with the construction of an additional green with Cumberland or Lancashire turf. The Club state that their green is not of a sufficiently good standard for inter-club matches or for County fixtures, and with a view to obtaining improved conditions they offer to pay an additional rent of £15 for the full use of a six-rink green, leaving the present green and pavilion available for the general public, as an alternative to an increased rental, the Club are prepared to provide a new Pavilion with appropriate dressing, etc., accommodation. ★3.—DEANSBROOK PARK AND SMALL TRIANGULAR OPEN SPACE IN WEST WAY :

A scheme for the lay-out and development of Deansbrook Park has been approved, and sanction to the necessary loan obtained from the Minister of Health, but in view of the London Passenger Transport Act, 1936, which affects the boundaries of the Park, it has been deemed advisable to postpone the development.

(iii) **That authority be given for the small open space in West Way to be planted with suitable plants at the appropriate time.**

Gaine, on behalf of the Hendon Oddfellows Club, intimating that the Club are giving up the bowling green at present used by its Members at the rear of St. Dunstans, Sunningfields Crescent, and asking whether the Council are prepared to provide bowling facilities in Hendon Park.

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

9.—ELM PARK:

Water Main.

SUBMITTED: Report of the Borough Surveyor on a letter from the Metropolitan Water Board stating that certain lengths of their water mains have been enclosed owing to the extinguishment of the highway known as Elm Terrace under the provisions of the Borough of Hendon (Elm Terrace) Right of Way Extinguishment Order 1936, under the Housing Acts, 1930 and 1935, and suggesting that if the Council desire to have these mains made derelict the Board will agree to their severance and abandonment, on the Council undertaking to pay a sum of £4 13s. 0d. as compensation, plus the cost of severance estimated at £5.

With the existing mains included in the area concerned is a 2 inch water main which supplied "Castle Cottages" (now demolished), and it would appear doubtful whether the Council is in any way responsible for the enclosure of the mains as they do not appear to have been situate in the public highway.

RESOLVED—**That the Town Clerk be instructed to report on the legal position to the next meeting of the Committee.**

★10.—YORK PARK:

It is not possible to alter the position of the proposed tennis court, and in order to complete the court, it will be necessary to sever the roots, which would render the tree unsafe. Mr. Lenoir is willing to pay the cost of removal of the tree, which is estimated at £5.

★12.—EDGWARE MAIN DRAINAGE:

SUBMITTED: Report of the Borough Surveyor with plans and estimates for the construction of a relief to the main sewer in Hale Lane and Station Road, Edgware, between the junction of The Grove and High Street. Sections of the existing system were laid prior to the war and with the rapid development in Edgware of recent years appears now to be of insufficient capacity. It should be noted that since the year 1931 when Edgware was taken over by the Council the population has increased by over 100 per cent.

The Borough Surveyor explained that in preparing the calculations for the new system due regard has been paid to future requirements and the scheme submitted made the necessary provision in this respect. The course of the proposed relief sewer was explained, together with information as to the proposals involved.

Mention was made by the Borough Surveyor that development immediately north of Edgware Way is proceeding rapidly and he expressed the view that it is essential that additional main drainage facilities should be available within the next twelve months.

The estimated cost of the works is as follows:—

	£

REFERENCE:

To consider the question of the stabilisation of the staff of the Central and Branch Libraries. (Li.C., 14/9/36—10 (B)).

REPORT:

Staff—Central and Branch Libraries.

It will be recalled that the Council on the 28th ultimo referred back the Committee's report dealing with the re-allocation of the duties of the Library Staff pending the report of the Sub-Committee's deliberations.

The Sub-Committee have now considered the following report of the Chief Librarian, which, for the purpose of facilitating consideration of the question, has been classified under two heads, namely (1) Central Library; and (2) Branch Libraries.

1.—CENTRAL LIBRARY:

(i) The present organisation or "hierarchy" of the library staff was settled early in 1929, before the Central Library was opened. Excluding the typists it is as follows:—

Sub-Librarian.
Children's Librarian.
Senior Assistants.
Junior Assistants.

(ii) The growth in age and number of the junior staff, as well as the increase in the stock of books to be administered, has made this organisation, or nomenclature, progressively out of date. Difficulties arise from the fact that there are no intermediate positions between heads of departments, at present termed "Seniors," on the one hand and junior assistants on the other. Included in the latter class are assistants with several years experience with others who have only recently entered the service.

(iii) The proposals for creating intermediate positions, previously under the consideration of the Libraries Committee, were designed to bring the staff organisation into line with that of other comparable libraries, where similar intermediate positions, varied to suit local conditions, have long been established.

(iv) On further consideration, however, it is thought that another and perhaps better, because simpler, way would be to deal with the nomenclature of the whole of the positions from senior assistants downwards. Following are details of present and suggested organisation :—

(1). Present.		(2). Previously submitted.		(3). Alternative suggested.	
Reference Senior	1	Reference Senior	1	Librarian-in-Charge (Reference)	1
Lending Senior	1	Lending Senior	1	Librarian-in-Charge (Lending)	1
				Senior Assistants :—	
		Assistant-in-Charge of Workroom	1	Workroom	1
		First Assistant (Reference)	1	Reference	1
		First Assistant (Lending)	1	Lending	1
Junior Assistants	11	Junior Assistants	8	Assistants (to be designated as such on reaching minimum of Grade "D" £140-£230) and Junior Assistants (Grade "E" £80-£125)	8

(v) The adoption of the third scheme would be of enormous advantage as it would abolish the term "junior" when an assistant reached the age of about 22 and would give higher status to those in the proposed new group of Seniors. It would involve, if adopted, the re-designation of the First Assistants as Senior Assistants at the Branches to bring them into line with those at the Central.

(vi) It is now necessary that one assistant with some authority should be recognised as in charge of the workroom and be responsible for all the ordering, checking in, and processing of normal additions to stock of Central and Branches. Before the development of Branches this was part-time work shared by two assistants. These fundamental duties should be in the hands of one assistant who would be solely responsible.

(vii) The staff at the Central Reference and Lending Departments would be strengthened by the creation of the two positions equal in status to that of the Senior/First Assistant at a Branch. The persons in this position are required to understudy the assistants-in charge and take charge in their absence. In addition they undertake routine duties which the heads of departments cannot deal with personally owing to the increased amount of time necessary for personal service to readers.

(viii) The names already suggested for these three new positions at the Central Library are those of Miss J. M. Fulford and Messrs. R. K. B. Aldridge and W. A. Taylor. Their educational and professional qualifications are as follows :—

	Entered Service.	Qualifications.
Miss Fulford	February, 1930	**Library Association.**— Intermediate; Final Part (3); Associate of the Library Association.
Mr. Aldridge	September, 1933	**London University.**— Inter. B. Com. **Library Association.**— Intermediate; German.
Mr. Taylor	September, 1933	**London University.**— Inter. B.A. **Library Association.**— Intermediate.

(ix) Heads of departments at the Central Library are at present in Grade C.2 (£280-£340). The above assistants, as well as Miss Ash (Golders Green), and Miss Halliwell (proposed for Mill Hill), still remain in Grade D (£140- £230). The difference between this maximum and that of Grade C.2 is £110. No one on the staff is at present in Grade C.1 (£240- £280), and it is suggested that, subject to satisfactory service, those in the proposed new group of Seniors at the Central and Branches should ultimately be placed in this Grade. This would let the assistants concerned know precisely the maximum salary that could be expected in the positions held.

2.—BRANCH LIBRARIES:

(**A**). *Golders Green.*

(x) The Golders Green staff at present comprises one Librarian-in-Charge, one Senior/First Assistant, and five Junior Assistants.

(xi) The development there is so great that it is possible that the Libraries Committee may shortly have to consider the advisability of appointing an additional junior assistant. Members are still enrolling at the rate of over 130 per week, and this average is likely to increase. There is every indication that the quantity of work to be done next winter will be even greater than last. Following are average daily issues since opening :—

November—December	1,276
January—March	1,396
April—June	1,298
July—September	1,228

(**B**). *Mill Hill.*

(xii) The estimated population this Branch will serve is as follows :—

Burnt Oak	21,100
Edgware	11,786
Mill Hill	22,518
	55,404

(xiii) Of these 3,846 are already members of the Central Library. It is estimated that a minimum of 10,000 new members from the above wards will enrol at the new Branch. To this should be added those new members who will probably be enrolled from the northern part of Central Ward (Watford Way, Hall Lane, Page Street, etc.) as many of the residents there do their shopping at Mill Hill. It will be remembered that Golders Green has attracted several hundred new members from the Shirehall part of Park Ward.

(xiv) It is difficult to give any estimate of the circulation of books at Mill Hill, but it will probably exceed 350,000 per annum, or about 1,150 per day. In 10 months Golders Green has issued 361,674 volumes, an average of over 1,300 per day.

(xv) In these circumstances it is suggested that Mill Hill should open with the same number of staff as are at present at Golders Green, namely, one Librarian-in-Charge, one Senior/First Assistant, and five Junior Assistants. This is the minimum required to cope with the enormous volume of work that the opening of a new library entails, and also to enable the staff to have the same time sheet as at the other two libraries, where assistants are on duty three evenings per week, and are off on two evenings in addition to their weekly half-holiday. Proposals for filling the position of Librarian-in-Charge will call for consideration at a later date.

(xvi) Miss Halliwell, however, will be engaged solely upon Mill Hill work from October onwards and it is necessary that she be given the status and the authority to direct the work of the assistants under her. From now until the Branch is opened she will be responsible for ordering, cataloguing, etc., the 10,000 volumes comprising the nucleus stock. It is therefore suggested she be appointed Senior/First Assistant (corresponding to the position held by Miss Ash at Golders Green) for that Branch. Miss Halliwell has been on the Council's staff since November, 1929. She has passed the Final Examination and is a Fellow of the Library Association, having obtained her Diploma.

(xvii) The opening of Mill Hill Branch will naturally mean that a proportion of experienced assistants will have to be transferred there, and their places taken by new and untrained juniors. Pressure of work alone would make it inadvisable to have a large proportion of untrained boys or girls on the staff of the new library. Assuming, then, that the number of staff at Mill Hill is as suggested above, that scheme three for the re-organisation of the Central Library staff is approved, and that meanwhile no further resignations have taken place (probably rather a large assumption), the following will be the state of the Senior and Junior staff when the new Branch is opened. Librarians-in-Charge are excluded :—

	Service.		Number at each library.			
	Yrs.	Mths.	Central.	Golders Green.	Mill Hill	Total.
Senior Assistants ...	8	0	—	1	—	1
do. ...	7	8	—	—	1	1
do. ...	7	4	1	—	—	1
do. ...	3	9	2	—	—	2
Total ...			3	1	1	5
Junior Assistants ...	3	9	—	—	1	1
do. ...	3	0	1	—	—	1
do. ...	2	6	—	1	—	1
do. ...	2	0	—	1	1	2
do. ...	1	8	1	—	—	1
do. ...	1	0	2	1	—	3
do. ...		9	1	1	1	3
do. ...		7	1	—	1	2
do. ...		3 or under	2	1	1	4
Total ...			8	5	5	18

(xviii) In other words, in the three libraries 12 out of 18 junior assistants will have had one year's experience or under. Of the three seniors at the Central Library one will be on reference work, and one will be fully occupied in the workroom. One of the juniors is on School Libraries. There will remain one senior and seven juniors for the lending department, junior library relief, and general workroom duties. None of these seven juniors will have been in the service longer than a year and eight months, while four will have been in it fewer than nine months.

After full consideration of the whole question the Sub-Committee are of opinion that the suggestions contained in the report of the Chief Librarian fully provide for the stabilisation of the staff and will at the same time ensure a measure of continuity of service without which the department cannot be carried on efficiently.

The Sub-Committee accordingly

RECOMMEND—

(*a*) **That the report of the Chief Librarian be approved and adopted;**

(*b*) **That the two senior assistants in charge of the Central Reference and Lending Departments be re-designated Librarians-in-Charge;**

(*c*) **That three positions as Senior Assistant at the Central Library be approved;**

(*d*) **That the First Assistants at Branch Libraries be re-designated Senior Assistants;**

2.—HOUSING ACT, 1935:

Abatement of Overcrowding.

The Chairman of the Committee submitted the following report:—

Since the last Meeting of the Committee 9 cases of overcrowding on the Council's Estates have been dealt with by transfers, 3 further transfers have been definitely arranged, and in 1 instance the overcrowding has been abated by marriage.

Another case of overcrowding amongst the applicants for Council Houses has come to light, bringing the total to 29. Six of these applicants have been provided with the accommodation required and 1 further case definitely arranged during the same period.

The present position is as follows:—

Reported overcrowded cases on Council's Estates		90

★3.—DOLE STREET HOUSING SCHEME:

In accordance with the Council's Instructions (Hi.C., 14/9/36—2 (B)) the Borough Treasurer submitted the following report :—

(1) The estimates submitted by the Borough Engineer amounted to a total sum of £82,000, to which is to be added the sum of £10,360 being the apportioned cost of land in respect of the 140 houses comprised in the Scheme. The total estimated capital outlay will therefore amount to £92,360.

(2) The Borough Engineer informs me that it is proposed to erect the types of houses indicated below :—

Type.	Contents. sq. ft.	Accommodation.	Average capital cost per house. £
A.	836	3 bedrooms, living room, scullery, bath, etc.	561
A.1	829½	3 bedrooms, hall, living room, scullery, bath, etc. ...	561
B.2	1012½	3 bedrooms, hall, parlour, living room, scullery, bath, etc....	662
B.4	1012½	3 bedrooms, hall, parlour, living room, scullery, bath, etc....	662
B.1	1000	3 bedrooms, hall, parlour, living room, scullery, bath, etc....	662
C.1	1104	4 bedrooms, hall, parlour, living room, scullery, bath, etc....	705
C.C.	1100	4 bedrooms, hall, parlour, living room, scullery, bath, etc....	705

I have arrived at the cost per house by dividing the total estimated building cost by the number of units in each group and by adding a uniform sum in each case for land, roads, sewers, etc.

It is necessary to bear in mind that as the above figures are based on plans which have not yet been approved and upon estimates of building, road construction, etc., by Contractors, the following calculations may be subject to considerable revision.

(3) The following are the bases assumed for purposes of calculation :—

Purpose.	Amount. £	Periods of Loans. years.	Rate of Interest. per cent.
Land	10,360	60	3½
Buildings ...	74,000	60	3½
Sewers	3,000	30	3½
Roads	4,000	20	3½
Cost, etc. ...	1,000	20	3½
	£92,360		

The assumed rate of interest is one quarter per cent. higher than the rate at which money can be borrowed from the Public Works Loan Board at the present time, and the higher rate has been assumed as the Scheme will take at least 12 months to complete, by which time money rates will be higher. On these grounds it is desirable to obtain loan sanctions with the least possible delay.

(4) Subject to these considerations the following are the economic weekly rents required, based strictly on costs :—

Type A	...	...	12/1d. plus Rates, etc.
Type B	...	...	14/2d. plus Rates, etc.
Type C	...	...	15/1d. plus Rates, etc.

In arriving at these rents 25 per cent. has been charged for Repairs, Management, and other expenses.

(5) These figures are reasonable in comparison with the rents charged for your existing Corporation Houses (except Reets Farm 1930 Act Houses).

The proposed houses are larger than comparable types on your existing Estates, the planning with a larger area to work at appears to be better, and the elevations (as planned) are more pleasing than present types.

(6) The following is a comparison with the Reets Farm Houses erected under the 1930, etc., Acts :—

Reets Farm.			Dole Street.		
Accommodation.	Area.	Weekly Rents.	Accommodation.	Area.	Economic Rents.
Living room and 3 bedrooms	758	9/6d.	Living room and 3 bedrooms	836	12/1d.
Living room and 4 bedrooms	866	11/-	Living room, parlour and 3 bedrooms	1000	14/2d.
			Living room, parlour and 4 bedrooms	1100	15/1d.

(7) Your Committee will recall that the Reets Farm Houses under comparison were primarily erected for people removed from slum and unfit dwellings and that it was a condition of the Subsidy granted under the 1930 Act that the rents should be reduced.

Subsidies—1935 *Act.*

(8) The position as to Subsidies is indefinite. Under certain conditions the Minister **may allow a subsidy not exceeding £5 per house per annum for 20 years,** but he must be satisfied as to the following :—

1. As to whether an undue burden is being imposed upon the district as a consequence of re-housing plans.
2. The necessity of providing an unusually high proportion of accommodation for large families.
3. The general effect on the finances of the district in relation to cost of houses, rents chargeable, etc.

No final decision will be given as to whether financial assistance can be granted until the whole programme is decided, and any application for assistance would have to be accompanied by financial details of the present and future expenditure falling to be borne by Rate Funds.

It appears that there is little prospect of a Subsidy being obtained but if one were granted in any case no reliable figures can be put before you at this stage.

RESOLVED TO RECOMMEND—

(*a*) **That the report of the Borough Treasurer be approved;**

(*b*) **That the Council provisionally approve the pro rata value of the land required for the 140 houses comprised in the Scheme at £10,360;**

(*c*) **That application be made to the Minister of Health for consent to the borrowing of £82,000, made up as follows :—**

	£	
Erection of houses ...	74,000	for a period not exceeding 60 years.
Construction of sewers ...	3,000	for a period not exceeding 30 years.
Construction of roads ...	4,000	for a period not exceeding 20 years.
Establishment charges, cost of raising loan, etc. ...	1,000	for a period not exceeding 20 years.
	£82,000	

(*d*) **That the suggested rents of the houses comprised in the Scheme, as appearing in the report of the Borough Treasurer, be provisionally approved;**

(*e*) **That the question of making application to the Minister of Health for financial assistance towards the Scheme be considered at a later date.**

(Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposals.)

★4.—REETS FARM HOUSING SCHEME:

The Housing Act, 1935, requires each Local Authority to review the rents at present charged for their houses and the Act contemplates the fixing of standard rents in relation to the general level of working class rents in the locality. The Council has reviewed its rents and, with the exception of the houses at Reets Farm, the rents charged are fairly comparable with the general level of working class rents in the locality.

The Borough Treasurer reported that it is essential that new tenants put into houses at Reets Farm should pay normal rents for houses vacated by original tenants who were paying low rentals due to special conditions and he asked for instructions accordingly and pointed out that by this means further monies will become available for distribution in the general level of rents and particularly in relation to the four-bedroom types of houses throughout the Council's Estates.

RESOLVED TO RECOMMEND--**That the Borough Treasurer be instructed to charge correct normal rents for all houses on the Reets Farm Estate as and when they become occupied by future new tenants.**

[Having considered the matter in its financial bearing, the Finance and General Purposes Committee concur in the proposal.]

★5.—LAND AT DOLE STREET, MILL HILL:

On the 29th June last (Hsg.C., 15/6/36—4) the Council authorised the Borough Surveyor to continue negotiations and report further in connection with an area of 3 acres of land on the east side of Dole Street which it was proposed should be acquired for addition to the Dole Street Housing Scheme.

The Borough Surveyor reported on a letter from the Paddington Metropolitan Borough Council from which it appears that there are restrictions on the land which they do not desire to raise, and in these circumstances he suggested that no further steps be taken in the matter.

RESOLVED TO RECOMMEND—**That no further action be taken in connection with the proposed purchase of the land in question.**

★6.—TEMPORARY STRUCTURE:

13, *Daniel Place.*

The Town Clerk reported that the tenant of No. 13, Daniel Place had failed to comply with the notice requiring him to pull down a temporary structure erected without the consent of the Council, and asked for instructions in the matter.

RESOLVED TO RECOMMEND—**That the Town Clerk be authorised to take all necessary steps to recover possession of the premises.**

★7.—GARDENS COMPETITION:

Presentation of Awards.

The Committee considered as to the method to be adopted for the presentation of the prizes to the winners in the Gardens Competition, and

RESOLVED TO RECOMMEND—**That the prizes be presented by the Mayor at the meeting of the Council on the 26th October.**

8.—VOTE OF THANKS TO CHAIRMAN:

The Committee have cordially thanked Councillor Teare for the work he has carried out during the period of his chairmanship of the Committee and particularly in connection with the large volume of work performed during the past year arising out of the overcrowding provisions of the Housing Act, 1935.

REFERENCE—Council, 6/4/36:

"To take all preliminary steps necessary for the formulation and submission to the Council of a suitable programme of Celebrations."

REPORT.

At their first meeting the Committee had before them a Memorandum (No. 1) from the Town Clerk giving information relevant to various forms of celebrations and tentative estimates of costs, together with the suggestion:—

"That suitable letters be sent to the under-mentioned Organisations asking for suggestions as to the most appropriate method, in their view, of celebrating the Coronation and the lines on which they would be prepared to co-operate with the Council:—

Education Committee.
Juvenile Organisations Committee.
Head Teachers' Association.
Chambers of Commerce—3.
Rotary Clubs—3.
Ratepayers' Associations—10."

The above proposal was approved but, apart from this, the Committee considered it undesirable to proceed with the Memorandum generally until the replies of the above Organisations were received.

A communication was accordingly sent to the above (19) on the following lines:—

"The Committee are anxious to confer, as far as practicable, with local associations and other interested bodies, and I am accordingly directed to invite your ———— to take the matter into consideration and submit to the Special Committee any suggestions they may think desirable as to the most appropriate method of celebrating the Coronation. At the same time the Committee would be glad to receive an indication of the lines in connection with any proposals on which your ———— would be prepared to co-operate with the Council."

As regards the Education Committee they were asked to consider the matter particularly in relation to children, and to indicate the lines on which the Committee and the Teachers would be prepared to co-operate. The suggestion was also made that probably the Committee might obtain information from the Board of Education as to the period of the Coronation (Schools) Holiday.

Replies have been received from the following :—

(1) Education Committee, incorporating suggestions of Head Teachers' Association.
(2) Juvenile Organisations Committee.
(3) Chambers of Commerce—3.
(4) Mill Hill Rotary Club—1.
(5) Ratepayers' Associations—6.

At their meeting on the 21st September, the Committee had before them Memorandum (No. 2) under 3 headings :—

(**A**) Consultations with Local Associations, etc. ;
(**B**) Additional matters before the Committee on the 8th June ;
(**C**) Additional items submitted by His Worship the Mayor,

and on the 12th October reviewed their proceedings, and RESOLVED TO RECOMMEND—

★1.—EDUCATION COMMITTEE AND HEAD TEACHERS' ASSOCIATION :

★ **(A) That the following proposals be approved and adopted, subject to the observations indicated :—**

Proposals.	Observations.
(i) That the school celebrations be not held on Coronation Day.	(i) The proximity of Hendon to London will no doubt encourage many to view the Coronation Procession in town.
(ii) That, having regard to the wide age range varying from 4½ years to 16 plus, massed celebrations are not considered desirable.	
(iii) That a Souvenir, in the form of a suitable book be presented to each school child.	(iii) An estimate of the school child population was given on the 8/6/36 as 21,563, including Secondary and Private Schools. Say 20,000 at 1/- = £1,000. An offer has been received from George G. Harrop & Co., Ltd., Publishers, undertaking the publication of the proposed book at 1/- per copy, and it is suggested that authority be given to place the order with that Company and that the contents of the book be referred to a Sub-Committee consisting of the Mayor, the Chairman of the Education Committee, Alderman C. C. Cartwright, M.B.E., J.P., and Councillor F. J. Collins, with power to act.

★ **(B) That the following proposals be deferred for further consideration at the next meeting of the Committee :—**

Proposals.	Observations.
(i) That a monetary grant, inclusive of the cost of refreshments, be made to each Department (special consideration to be given to small schools) in order that such Department may make its own arrangements for celebrating the Coronation, and that each Head Teacher be required to submit his/her proposals for such celebrations for approval.	(i) Hendon Elementary school children number approximately 14,213. Say 14,250 at 2/- = £1,425. The Head Teachers' proposals are to be submitted for approval to the Special (Coronation Celebrations) Committee. The question of extending this concession to Private Schools is under consideration.

Proposals.	Observations.
	An enquiry has been made of the Middlesex Education Committee as to what they contemplate for Secondary Schools, and whether it is proposed to issue Coronation Medals to all children in the County. Upon receipt of the proposals of the County Council the Committee will further consider whether the Secondary Schools should participate in this proposal.
(ii) That, after Coronation Day, arrangements be made for free visits by school children to local Cinemas (including cost of transport where necessary) during the morning or mornings, to witness the film of the Coronation Procession and other suitable films.	(ii) Estimated cost of 2d. per child (Seniors and Juniors) in Elementary Schools. Say 12,000 at 2d. = £100. The organisation of these arrangements to be carried out by the Education Committee.

★2.—JUVENILE ORGANISATIONS COMMITTEE:

That the following proposals of the above Committee be approved and adopted:—

(i) That the programme in the form of massed displays under searchlight be arranged for Whit Saturday, 15th May, 1937.

(ii) That the displays be held between 8.30 p.m. and 10.30 p.m.

(iii) That the programme consist of items selected from the following:—

(*a*) March Past of British Empire.

(*b*) Massed Physical Drill Display.

(*c*) Massed Country Dancing Display.

(*d*) Massed Pyramid Display.

(*e*) March of Toy Soldiers.

(*f*) Roman Chariot Race.

(*g*) Torchlight March.

(*h*) Massed Swedish Drill or "Keep Fit" Display.

(*i*) Massed Bugle Band Display.

(*j*) Massed Figure and Formation Display.

(iv) That if possible arrangements be made for the use of the Hendon Aerodrome on the afternoon and evening of Whit Saturday, 15th May, 1937.

(v) That a grant of £350 be approved to defray expenditure incurred in the organisation of a programme.

It is understood that the Juvenile Organisations Committee are in communication with the Air Ministry regarding the use of the Aerodrome and also with the Officer Commanding the 37th Middlesex Battalion Anti-Aircraft Searchlight Company as to arrangements for searchlights.

★3.—CHAMBERS OF COMMERCE:

The three local Chambers individually replied and also their Joint Committee. Their replies have been carefully considered and, apart from proposals which have previously been contemplated by the Committee, the following suggestion was made:—

Proposal.	Observations.
Procession of decorated cars— entrance fee of 5/-, prizes to be given— collection taken *en route* in aid of local charities.	The Committee do not approve the proposed collection, and in any case it is questionable whether a collection *en route* would be permitted by the Commissioner of Police. The Committee assume that the entrance fee would make the procession financially self supporting. This proposal came from Golders Green and the Committee have invited that Chamber to organise, in co-operation with the Hendon and Edgware Chambers, a procession of decorated vehicles on the lines indicated. It is understood, however, that the Edgware Chamber of Commerce do not propose to be associated in the matter.

That the above proposal be approved and adopted, subject to the observations thereon.

A proposal was also submitted as to a Pageant, "The History of Hendon," upon which the Committee have consulted Major N. G. Brett James. Having thoroughly considered the matter in all its aspects and in view of apparent difficulties, the Committee do not propose to take any further action in the matter, but place on record their appreciation of the assistance given by Major Brett James.

4.—ROTARY CLUBS:

(1 Club only answered the Committee's invitation and in this case the suggestion was made that each Ward should arrange its own Celebration. The proposal is not consonant with the contemplated arrangements).

★5.—**RATEPAYERS' ASSOCIATIONS:**

6 out of 10 Associations replied. Many suggestions previously referred to or otherwise contemplated were made, but the following new proposals were submitted:—

Proposals.	Observations.
Golders Green Estate: To organise Fête at Clitterhouse Open Space and co-operate with schools in any displays.	The Association has been invited to elaborate and submit details. No information as to costs available.
Child's Hill: Ward to receive special attention as regards Street Decorations, and the Association suggest that lamp standards should be given a coating of aluminium paint.	The street lighting Companies should be approached by the Borough Surveyor as to repainting lamp standards throughout the Borough.

That the above proposals be approved and adopted in principle, subject to the observations thereon.

★6.—**PROPOSALS BY HIS WORSHIP THE MAYOR:**

★ **(A) That the following proposals be approved and adopted.**

Proposals.	Observations.
Telegram and Loyal Address.	Telegram to be sent on morning of Coronation Day and Resolution of Council passed at first meeting after the Coronation. Estimate £10.

Proposals.	Observations.
Decoration of Wards at Isolation Hospital and entertainment for patients.	Estimate £20.
Permanent Memorial.— Sports Centre—Copthall Playing Fields. 150 acres waiting development provides ample room for a Sports Centre with running and cycle tracks, horse ride, dressing accommodation, pavilions, etc. The area is reasonably central in the Borough and easily accessible.	The Committee are of opinion that the proposed Sports Centre is eminently suitable for a permanent memorial and request the Estates, Parks and Allotments Committee to expedite the development on the lines indicated in view of the desirability of opening the Centre in the Coronation year.

★ **(B). Other Schemes.**

(i) The Committee also considered other schemes submitted by His Worship in connection with the question of a permanent memorial, including proposals as to the development of a Civic Centre, and a Parkway, Edgware Road.

The Committee were of opinion that these schemes might be referred to the appropriate Committees for consideration at an early date, and

RECOMMEND **accordingly.**

(ii) His Worship also submitted the question of the provision of "King Edward VIII. Scholarships" to the Universities for both boys and girls, and the Committee have **referred the proposal to the Education Committee for consideration and report.**

★**7.—ADDITIONAL MATTERS:**

That the following proposals be approved and adopted, subject to the observations made:—

Proposals.	Observations.
2 Fireworks Displays.	The question of sites to be further considered. In the event of one site only being selected it is proposed that one display, £200, be approved, and that in the meantime tentative orders be placed with Joseph Wells and Sons, Ltd. £200.
Floodlighting.	To be carried out on public and other buildings on the same lines as the Jubilee, 1935. Estimate £250.
Street Decorations.	Centres in the Borough as at the Jubilee, and where adjacent to shops the Borough Surveyor to secure, where possible, the co-operation of shop keepers in the decoration of their premises. Estimate £700.
Drum Head Thanksgiving Service, Hendon Park, Sunday, 16th May.	The suggested estimate includes a special provision for bulbs to be planted on island sites and other open spaces adjoining the highways. Authority should be given to the Borough Surveyor to place the necessary orders. Similar arrangements as at the Jubilee to be observed, as far as practicable. Estimate £60.

Proposals.	Observations.
Vouchers, Poor, Aged and Infirm, and Unemployed.	Estimate £800. It is understood that the making of a gift on the occasion of the Coronation will make no difference to persons in receipt of Unemployment Insurance benefit as they are entitled to it irrespective of means. With regard to Public Assistance, the Area Officer of the Unemployment Assistance Board states that the Board disregarded gifts on the occasion of the Jubilee, but that it was not to be regarded as a precedent. If the Council propose to make any gifts to unemployed persons on the occasion of the Coronation it would probably be advisable to submit the proposals for a ruling from the Board.
Bells, Churches.	Estimate £10.

8.—COTTAGES FOR AGED HENDON PEOPLE:

The Committee intend at their next meeting to explore the possibility of the provision of a number of cottages suitable for housing the Aged Poor.

"That this National Conference composed of 'Losing' areas among the non-county boroughs, the urban districts, and the rural districts of England and Wales is of the opinion:—

(1) That all possible steps should be taken to urge upon His Majesty's Government with the utmost vigour the necessity of a complete re-examination and re-formulation of the system of Government Grants under the Local Government Act, 1929.

(2) That the Conference after careful examination of the result of the present system of making Exchequer Grants to County Districts is convinced that the formula as applied in practice is unscientific and unfair, and creates an intolerable measure of financial hardship to a great number of Local Authorities and does not operate in the manner visualised by Parliament on the passing of the Act.

(3) That pending such complete re-examination and re-formulation of the system of Government Grants to Local Authorities, His Majesty's Government should introduce legislation to suspend the operation of Section 94 (1) (b) of the Local Government Act, 1929, with a view to securing to 'Losing' areas immunity from loss." **Noted.**

An apology for absence was submitted on behalf of Alderman W. R. Clemens, F.C.A.

MAYORAL ANNOUNCEMENTS:

The Mayor reported that invitations had been received for members of the Town Council to attend the following Remembrance Services:—

Sunday—8th November.

Golders Green War Memorial—10.30 a.m.

Those attending to assemble at St. Alban's Church Hall at 10.15 a.m.

Wednesday—11th November.

The Mayor also reported that he proposed attending in his official capacity the usual morning service at the War Memorial, Golders Green, at 10.30 a.m., and asked members attending to assemble at St. Alban's Church Hall at 10.15 a.m.

(*ii*). *Consecration of John Keble Church.*

The Mayor reported that he proposed officially to attend the Consecration of the new John Keble Church by the Bishop of London on Saturday, the 12th December, at 3 p.m., which members were invited to attend, and he expressed the hope that the Aldermen and representatives of the northern wards in particular would be present. He asked that those proposing to attend should notify his Secretary as to whether they would be accompanied by their ladies in order that the proper seating arrangements might be made.

QUESTIONS:

Pursuant to notice duly given in accordance with Standing Order No. 25:—

Woodside Park; Construction of New Road—Frith Lane to Lullington Garth.

Councillor Collins asked the Chairman of the Highways Committee:—

1. What is the present position in regard to the proposed new road from the top of Lullington Garth to Frith Lane?
2. What is the cause of the delay?
3. When will active work be commenced?

The Chairman of the Committee (Councillor Potter):—

Prolonged negotiations took place before the matter came in a practical form before the Highways Committee. Tenders for carrying out the work have now been received and the Highways Committee are recommending the Council to-night to accept a tender subject to the usual financial enquiries and to the consent of the Minister of Health being obtained to the necessary loan.

It will be seen in Item 7 of the report of the Finance and General Purposes Committee that the loan sanctions for the purchase of the land and the construction of the road have been received and the Town Clerk informs me that the sanction for the soil water drainage has been received since the meeting of the Committee.

It will also be seen from Item 8 of the report of the Finance and General Purposes Committee that the Council are being asked to authorise the service of 14 days' notice to enter upon the land and for the Contractor to commence the work on the expiration of the notice.

There has been no delay on the part of the Highways Committee nor on the part of the Council.

Woodside Park—Proposed School.

Councillor Collins asked the Chairman of the Education Committee:—

1. What is the present position in regard to the Elementary School near Woodside Park Garden Suburb?

2. What is the cause of the delay?

3. When is active work likely to be commenced?

4. What is the approximate distance of the School from the top of Lullington Garth?

5. At approximately what date will the school be ready for the reception of scholars?

The Chairman of the Committee (Alderman Brook Flowers) :—

(1) *Preliminary plans incorporating suggestions made by the Board of Education have been submitted to the Board and are awaiting approval.*

(2) *I am not aware that there has been any delay in dealing with the matter. The erection of the school has been dependent upon the acquisition of land not only for the purpose of the school but for a new road, public open space and other services which will, in due course, be necessary on this estate. The owners of the land would not agree to sell the land to the Corporation and it was, therefore, necessary to promote three compulsory purchase orders in connection therewith. As you are aware, the procedure laid down by Parliament in connection with these orders takes a considerable time. All three orders have now been duly confirmed and the Corporation is in a position to take possession of the land.*

If you refer to Item 8 of the report of the Finance and General Purposes Committee, page 1013, you will see that application is now to be made to the Ministry of Health for sanction to the loan for the acquisition of the site.

(3) *This is entirely dependent upon the approval of the Board of Education of the plans and to the issue by the Ministry of Health of the necessary loan sanction. It is equally dependent upon the approval of the Ministry of Transport and the Ministry of Health to the plans of the proposed road and to the issue by the latter Body of the necessary loan sanction. As far as the Education Committee is concerned, there will be no delay.*

(4) *Approximately 375⅔ yards.*

(5) *It is not possible to give an answer to this question as it is dependent upon so many factors not within the control of the Corporation.*

Station Road, Edgware—Hackney Carriage Standing.

Councillor Gilpin stated that a notice had been placed on a standard outside Edgware Parish Church denoting a standing for six taxicabs and he enquired whether such notice was authoritative.

The Town Clerk reported that the Commissioner of Police of the Metropolis on the 9th October, 1934, prescribed regulations for a hackney carriage standing on the north side of the roadway commencing at a point 5 yards west of No. 3, Station Road extending westward, by the kerb, as far as necessary for six cabs—front of cabs towards the east. Enquiries had that day been made of Scotland Yard, who intimated that so far as the Commissioner of Police is concerned no alteration had been made in the standing prescribed by the regulations.

Item 1 (A)—Brent Hill Temporary Allotments.

On consideration of the above item Alderman Cartwright reported that the members of the Committee had, early that morning, met representatives of the Allotments Association on the site, and as a result of the interview and inspection the Committee did not recommend any alteration of the decision of the Council regarding the 10 acres of land to be allocated for permanent allotments on the north side of the River Brent.

Moved by Alderman Cartwright, seconded by Alderman Maughan, and

424.—RESOLVED—**That the report of the Committee be approved and adopted.**

REPORT OF THE SPECIAL (CORONATION CELEBRATIONS) COMMITTEE:

Moved by His Worship the Mayor, seconded by Councillor Naar, and

425.—RESOLVED—**That the report of the Special (Coronation Celebrations) Committee (Meetings held on the 3th June, 21st September and 12th October—Agenda, pages 1004-1010) be received.**

In moving the reception of the report the Mayor submitted the following statement :—

I would remind the Council that in the past while provision has been made for celebrating certain important events—apart from the gifts of books to school children on the occasion of the Jubilee Celebrations—there has been nothing in the nature of a lasting or permanent memorial.

In connection with the Coronation, while it is, of course, desirable that there should be some form of temporary celebration, it was felt that something of a more permanent character could well be introduced as a feature.

Certain suggestions which I made to the Committee were carefully explored and you will see under Item 6 (B) that proposals as to the development of a civic centre and a parkway adjoining the Edgware Road are with the sanction of the Council to be referred to the appropriate Committees for consideration. The question of King Edward VIII. Scholarships to the Universities has already been dealt with by the Education Committee, while the possibility of providing cottages for the aged poor which was raised by Alderman Cartwright is to be explored at a subsequent meeting.

There remains the proposed Sports Centre at Copthall Playing Fields which could include :—

Riding Track.

Rugby and Soccer Pitches.

Stadium with
Stand and Dressing Rooms under.
Cycle Track, concrete—3½ laps to 1 mile, about 30 feet wide.
Running Track, cinder—4 laps to 1 mile, about 20 feet wide.
Hurdle Racing Course.
Football Pitch.

Space for Field Events, *e.g.* :—
Javelin.
Discus.
Hammer.
Weight.
Tug of War.

High Jump—Cinder take off.
Long Jump—Cinder Track and Sand Jump.
Pole Vault—Cinder Track and Sand Jump.

Car Park.

Nowhere in the vicinity of Hendon has provision of a similarly comprehensive character been made and the proposed site is both central and easily accessible.

In view of the interest which His Majesty has displayed both before and since his accession, in the encouragement of health giving sports and recreation, it is felt that there could be no more fitting memorial to mark his coronation—a memorial which will cater for all classes of the community.

Page 1005—*Item* 1 (*A*)—*Proposal* (*iii*)—*Presentation of Souvenir Books.*

Arising out of a point raised by Councillor Curton it was agreed that the number of books to be ordered as appearing in the Committee's observations be amended to 21,600 and the Mayor gave an assurance that every school child in the Borough would receive a copy of the souvenir book.

AMENDMENT moved by Alderman Cartwright, seconded by Councillor Naar, and

426.—RESOLVED—**That the recommendation of the Finance and General Purposes Committee as appearing at the end of the report be approved and adopted.**

Moved by the Mayor, duly seconded, and

427.—RESOLVED—**That the report of the Committee,** *as amended,* **be approved and adopted.**

FINANCE AND GENERAL PURPOSES COMMITTEE:

Moved by Alderman Cartwright, seconded by Alderman Copestake, and

428.—RESOLVED—**That the report of the above Committee (Meeting held on the 19th October—Agenda, pages 1011-1021) be received.**

Moved by Alderman Cartwright, seconded by Councillor Naar, and

429.—RESOLVED—**That the report of the Committee be approved and adopted.**

430.—RESOLVED—**That Standing Order No. 35 be amended by the addition of the following proviso at the end of the first paragraph :—**

"Provided also that during the Municipal Year, 1936-7, the Chairman of the Housing Committee shall not, by reason of the operation of this Standing Order, be prohibited from continuing as Chairman of that Committee."

Moved by Alderman Maughan, seconded by Councillor Teare, and

RETIREMENT OF COUNCILLOR H. L. K. JOHNSON AND COUNCILLOR (MRS.) FORD :

The Mayor referred to the fact that Councillors H. L. K. Johnson and Mrs. Ford were not seeking re-election and that their term of office as members of the Town Council would expire at the end of the present month.

On behalf of the Council he paid tribute to the valuable services they had rendered during their period of membership of the Town Council and expressed the hope that they would enjoy every happiness and good health in their retirement from municipal work.
